FOREIGN NEWS

Release 1,000 Prisoners

Manila, April 19.—The manifesto of Agninaldo, the Filiplno chief, calling on his followers to lay down their arms and submit to the Americans, will be formally issued tomorrow morning. General McArthur announces that he will signalize its assurance by releasing 1,000 prisoners of war.

Japan as Reformer.

Loxnon, April 20.-There are very strong indications," says the Shanghai correspondent of the Morning Post, "that the Japanese Government purposes to put itself at the head of the reform movement in China in order to overthrow the Manchu dynasty, which it considers bound hand and foot to Russia."

Peace Talk Again.

LONDON, April 19 .- The Sun today, confirming the report that the peace negotiations between Lord Kitchener and the Boer Generals have been renewed, suggests that something is likely to be effected during Sir Alfred Milner's absence. The paper also says the Government is divided as to who will fill Sir Alfred Milner's place. Mrs. Botha is again acting as a go-between.

Sugar Ruling Upheld.

NEW YORK, April 19.-The Board of Classification of United States General Appraisers today announced a decision in the Russian sugar case: The Board de ided, by a majority vote, that the American Government was justified in assessing a countervailing duty on Russian sugar, the precise amount being determined according to the bounty declared to have been paid by the Russian Government when the sugar was exported.

Troops Outside the Wall.

Peking, April 19.-In consequence of strong representations to the Chinese Government an imperial decree, dated April 16, has been issued ordering the Chinese troops at Howai-Lu to immediately remove outside the great wall. The Chinese troops whose withdrawal outside of the great wall has been ordered by imperial decree are understood to be the force which a German and French expedition was preparing to attack. Howai-Lu has been located in the cable dispatches as southwest of Pao Ting Fu. The Chinese occupied a position within the limits of territory which the military representatives of the powers had decreed as being under their protection. A dispatch from Paris says that in consequence of the imperial decree ordering the Chinese troops to leave the territory considered under the protection of the allied forces the Franco-German expedition has been abandoned. France will shortly withdraw 10,060 troops from China.

British Budget Deficit.

LONDON, April 18 .- The exceptional interest taken in this year's budget statement was evidenced by the crowded condition of the House of Commons when it reassembled today. The attendence of members was unusually large, while the appearance of the galleries testified to the deep interest of the public in the fresh taxation proposals required to meet the expenditure for 1901-02, which, according to a Parliamentary paper issued this afternoon, totals £187,602,000, inclusive of the war charges, this being officer, Captan Barthsch, has been an increase of £32,901,000 for the year.

"Mr." Carrie Nation

TOPEKA, KAN., April 17 .- Mrs. Carrie Nation has been left to fight her Spain not to try foreign subjects. battles against the rum traffic single handed by the desertion of David Nation, who has gone back to his farm in Barber County. Mr. Nation has been following his wife all winter, but has tired of playing the inconspicuous been made a Cardinal by the Pope. part of "Carrie Nation's husband." Speaking of his retirement, he said: "I can't keep pace with Carrie in this crusade of hers. I am tired out. It is too hard work, and there is too little in it. Her life might be termed 'strenuous' in the fullest sense of the word. I used to this is she would get into trouble if I didn't follow her around, but I find she is able to take care of herself, and I am going home. I will fix up the place and have it ready for her to come to and rest when she gets through her work."

Queen and Gladstone.

New York, April 17.-The Quarterly Review, according to the London correspondent of the Tribune, contains a remarkable article on Queen to President McKinley have been Victoria, evidently written from a precise and intimate knowledge during chosen. a period of fifty years. The explanation given of the Queen's prejudice against Mr. Gladstone is that it started in the suspicion that he gave her too much work to do, until she was, as she put it, "dead beat." He tried in his eagerness to press her to do what she considered to be his work, and when she resented it and he renewed the attempt she formed a pertinacious prejudice against him which never was removed. The author states that it was always an element in her reticence with regard to Mr. Gladstone that he was too high a rch and had the mind of a Jesuit.

The Pacific Cable,

VICTORIA, B. C., April 16.—The Government officials who have in hand the selection of a landing place for the Pacific cable on the coast of Van- The English are reported as meeting MERCHANT TAILOR couver Island, have been advised from London that the manufacture of the cable is to commence next month, and the first expecition in connection with the laying of it is said to leave the Thames in January, 1902. This expedition will carry out the laying of the sections from Queensland to Norfork island and from Norfork island to the Fiji islands. The second expedition will leave about August, 1902, and will lay the cable from Vancouver island to Fanning island and Flji. This length of cable, 5,834.5 miles, will be transported and laid by one ship, now being built for the purpose, and which is to be capable of carrying 10,000 tons. The contractors victs may care money, their services Beds 50 Cents per Night undertake that the whole of the cable shall be laid and working by being leased to men who pay them MAU .IDecember, 1902.

No better object lesson could have been afforded to the Hawallans, as to the supreme meaning of the phrase "majority rule," t an this same matter of the location of the county seats of the different counties of the Islands. At present, two men, Senator Kulmokalani and Smator White, have, by accident of position, been able to successfully oppose their individual wills against those of the majority of the people of Maui, of Kauai and a portion of Hawaii, relative to the location of the county seats. Of course there will be a rebound from this abnormal state of affairs, and when the dust clears away, the county seats will have been found to have been located where the majority of the voters desire them.

It is a laudable ambition in Hawaiians to desire to see their mother tongue perpetuated on the Islands, but this cannot be done by attempting to have it taught in our public schools. Those who most ardently desire the welfare of the Hawaiian children should unite in setting their faces again at any proposition to have the Hawaiian language taught in our public schools. No one will deny but at the end of the next decade, the English language will has also caused a considerable inbe in universal use on the Islands, and for that reason it should crease in the price of labor, the latreceive the undivided attention of both teachers and pupils in our ter being the largest factor which public schools.

The politicians of the different parties will doubtless feel sore, and much recrimination will be indulged in, with reference to the failure of the legislature to accomplish anything at this session. The people should now step in, relegate over ambitious politicians to the obscurity of private life, and elect practical business men as legislators at the next session of the legislature, who have no axes to grind and no revenges to wreak. The reason why the NEWS advocated the wiping out of party lines at the last election to obtain the large profits now incihas now become painfully apparent.

Although Governor Dole has properly refused to extend the present session, yet it is his duty, and he no doubt will, call an extra session to pass appropriation bills, a loan bill, and other necessary and specific legislation. If he refuses to do this, he will become personally responsible for the choos which will ensue; and if, having called an extra session, the legislature should not stop its childish wrangling and at once pass the necessary bills, then the responsibility will shift to the shoulders of the legislators themselves.

Governor Dole made a serious blunder, and one not characteristic of himself, when he hinted at bribery as a reason for not extending this session of the legislature. There were stronger and more substantial reasons for ending the farce than that of mere supposed, (and quite likely,) cases of corruption, and Governor Dole missed one of the chances of his life when he did not frankly assign the true and just cause which prompted and justified him in refusing to extend the session.

Had England been plunged into a war with a formidable foreign power within the last lew months, there is no doubt but that the sugar produced last years is as fol-Boers would have gained their independence, just as the thirteen lows: Hawaii, 115,224 tons; Maui, colonies of the United States did, in a similar manner. But peace 57,347 tons; Oahu, 53,625 tons; Kauai, reigns supreme between the great powers, and England will leisarely but surely finish up the Boers before she calls off her dogs of war.

Lahaina is bubbling with lusty growth, and its live citizens deserve credit for their manly and vigorous actions and resolutions relative to the matter of the county seat. Such action on their part promises much for the future of Lahaina, even if the majority of the voters of the county should decide against them on the matter of the county seat.

It might easily have been seen that a deadlock would naturally result from the discordant elements composing the different Honokaa landing, Island of Hawaii. branches of our territorial government, and the question is now, will the better element of the people at large, independently of past political affiliations, stand together at the next election and unravel the the tangled skein.

What has the Dole administration done to promote legislation it this session?" -- Honolulu Republican.

What kind of a reception did Governor Dole's initial efforts and nessages receive at the hands of the present legislature? The ime is not so long ago but that everyone will remember that they vere received in disdainful silence.

Trusts are becoming popular, and that is perhaps why Delgate Wilcox is forming a political trust on the Islands. If one esult of the formation of this trust will be to suppress the manuacture of a surplus of brainless and over ambitious politicians, hich may be forgiven to our delegate to congress.

Every member of the Maui Racing Association should make Eleele, Honolulu to Nawiliwili, and tached to the inside of the waistf birrself a committee of one for the double purpose of first help- Honolulu to Honuapo. Hawail's Sugar Industry.

Sugar culture began on the Hawaiian Islands over sixty years ago. In 1850 the product of sugar, with obtained premission to accompany the crude wooden and stone horse mills and inferior kettles, was not to ascertain to what extent the lance Walluku over one ton per acre. In 1880 the is effective as a weapon in war. total crop of the Islands was report-Lalatina ed at only 20,000 tons. The sugar entire attention to this subject, and industry was given a trememdous new he has returned home and forimpetus by the reciprocity treaty with the United States in 1875, by which all raw sugars were admitted free of duty. The industry moved by a lance are not dangerous and forward by almost "leaps and are easily cored, and that the reason bounds" after the ratification of this Is because the iron point of the weaptreaty. It was seriously depressed on is round, and therefore passes by the passage of the McKialey bill, through the organs of the body withwhich premitted raw sugars to be out injuring them to any great eximported free of duty, and gave a tent. "Being such a humane weapbounty upon domestic sugars. It on," he points out, the lance is by no was claimed by some that urder the means as valuable in war as is reciprocity treaty the United States generally supposed. Nevertheless. ought to have paid the bounty to the Hawaiian planters. It rallied again by merely changing the form of its upon the removal of the bounty and point, and if the military authorities the re-establishment of a duty. Since the adoption of the Dingley bill it has enjoyed a period of unprecedented prosperity. Immense improvements have been made, consisting of up-to-date capacious machinery in the sugar house, steam plows and harrows in the field, enor- ing a humane weapon into a cruel mous pumping plants for irrigation, etc. Annexation, which increased the confidence of the public in the made of such a shape that it will Has located at Wailuku Building future of the industry, and gave higher values to plantation stock, enters into the expense of sugarmaking. Sugar is cultivated on the with some deadly poison."-New islands of Hawaii, Maui, Kauai and York Herald. Oahu. The table lands surrounding the islands at an elevation of from 20 to 500 feet constitute the chief sugar areas. Nearly every acre adaptable to cane culture on these four islands is under cultivation, and the probability of a much larger extension of the industry is small. In the effort dent to sugar culture, extensive sugar estates have been recently opened, cultivated and irrigated. An experience of two years has proven that on some of them the water of irrigation is too salty for sugar cane, and hence these estates had to be closed and all prospects of growing sugar thereon abandoned. There are about sixty plantations on the islands, which yielded last year 289,544 tons of sugar. These plantations have about 100,000 acres in every year. The yield per acre varies greatly, according to character of the soil, position of the plantation on the island, whether in the rainy or rainless belts, etc.

There are sixty-eight sugar companies on the islands, of which sixty own their sugar houses and manufacture their cane. These are distributed as follows: Twenty-nine on Hawaii, twelve on Maui, nine on Oahu, and eighteen on Kauai. The 63,348 tons; or a total of 789,544 tons. -American Grocer.

MAIL CONTRACTS LET

WASHINGTON, April 9.-The Postoffice Department is rapidly extending the United States mail service in intellectual woman and did my best Hawaii. The department announced to entertain ber. Said I: 'What today the establishment of two more can I talk about that will interest important routes, the mails to be you? I have had some little excarried on steamboats among the is- perience as a cavalryman. Possibly lands. The first of these is from you may care to hear something Honolulu, via Kukuihaele landing, to about horses in the field. The contractor is the Inter-Island my fair companion. 'I know a little Ice Steam Navigation Company of Ho- concerning army life, and I once nolulu, and mail is required to be wrote a book called "Boots and Sadcarried twice a month, or as much dies." And then it dawned upon oftener as their vessels may run, for my poor, dull brain that I was talkone year from May 1st. The other ing to the widow of the great caroute is from Honolulu; by Hanamaula landing, Kapoa landing, Anahola landing, Kilauea landing and Kalikiwai landing, to Hanalei, Island of Kauai. The Inter-Island Steam Navigation Company of Honolulu is the contractor, and mail is to be sent once a week, or as much oftener as their vessels may run, for one year from May 1st.

vessels designated by the contract vorite style is expected to be a shirt ville. Wednesdays and Thursors is to be allowed on the following walst made on the pattern of the days, routes: Honolulu to Hana; Honolulu small boy's, with buttons at the Post Office Adress: to Kaunakahakat, Honolulu to Hile, waist to which the trousers may be assured:

The Lance in Warfare.

When the war in the Transvaal broke out, Dr. Frederick Schafter, a distinguished German army surgeon. the British troops, his object being During the campaign he devoted his warded to his Government an official report thereon.

In it he says that wounds caused it can be made a dangerous weapon decide to retain it as a portion of the equipment of cavalry this should T. BURLEM certainly be done.'

This suggestion is exciting a good deal of comment in Europe. The Frankfort Gazette, apparently appalled at the thought of transformone, says sarcastically: "We propose that the point of the lance be lacerate every organ of the body and render the cure of every wound utterly impossible. Furthermore, it seriously consider the advisability of impregnating the point of the lance P. O. Box 63

How Water Causes a Fire

One would hardly believe that a bottle of water standing harmlessly on a table could be the cause of a fire. Nevertheless such is the case. In my laboratory the other day I IMPORTERS detected the odor of burning wood and, seeking the cause, noticed a tiny wreath of smoke rising from the counter. Setting aside a flask of water that stood close by I sponged over the burning spot with a damp cloth. Shortly after I again detected the odor of burning wood, when, to my surprise, I discovered another burning spot on the table close to standing in the sunlight, thereby concentrating the rays to a focus on the top of the table, acting in this cane, one-half of which is harvested case as a burning glass. A handful of highly combustible material was thrown over the burning spot, catching fire almost immediately.

> I cite this instance merely as a warning to chemists and apothecaries, who may not realize how easily a fire may be started in their storerooms by the sun shining through bottles, flasks and carbovs of liquid. converting them for the time being into burning glasses of great power. I have in mind now the instance of a fire originating in a storeroom from this cause.-New York Times.

She Knew All About it.

"I was dining out one evening among a notable company of people, most of whom I knew only by reputation," says George Inness, Jr., in The Home Journal. 'I was assigned a seat next to a very charming and

dapanese Bank Failure.

YOKOHAMA, April 25. - Over twenty banks have suspended payment at Osaka and in the Southern and Central province. The Bank of Japan enjoyable, encores being the rule. It has assisted them but further trouble was a revelation to the people of is apprehended. A financial panic

NEW YORK, April 25 .- A. H. Townsend, local manager of the Company, was asked for information today with reference to the failure of banks in Osaka. He replied:

"We have no advice regarding the frilures. They do not directly affect foreign trade as they are only small private banks. The financial position in Japan is strained and such failures are expected."

Foreign Troops Advancing.

Berlin, April 25 .- The Lokai Anreiger's special correspondent, cabling from Cheng Ting, near Pao-ting-

"The German and French expedition is approaching the front of the Chinese army, which is apparently 25,000 strong, and well intrenched in their positions. The Germans marched over difficult mountain passes to the gate of the great wall at Nieng Twi Kan. The enemy appears indisposed to offer resistance and its retreat behind the great wall is ex-

AMOONLIGHT DANCE.

On Board the Henry Failing.

Superintendent Filler of the Kahuui R. R. Co. entertained his many friends of Wailuku, Kahului, Spreekelsville and Paia, by giving a dance on board the Henry Failing at Kahului on Thursday evening.

Notice was given that special trains would run from all points on the line to Kahului, with the result that at about eight o'clock on Thursday evening, about one hundred of the beauty and chivalry of central Maui were aboard a handsomely de- TO WHOM IT MAY CONCERN. corated sugar scow at Kahului, to which was hitched the little tug "Leslie Baldwin," resplendant with lights and quivering with energy On Wednesday afternoon, word and impatience. Skipper Filler was telephoned to the police station gave the word to cont off the lines, at Wailuku that two children had and never was there a gayer party been drowned at the dam of Waihee than that which rapidly glided river. Deputy Sheriff Hayselden at through the moonlit waters of Ka-

A two minutes run brought the passengers alongside the Failing, where they were most courteously It was learned that the teachers of received by Captain Matthews, the the Waihee school had taken the venerable but gallant and handsome were soon at work, and in a twinkheavy cloudburst far up toward the lanterns, flutterings flags and gav headwaters of the stream, for there dancers, inspired by the enlivening suddenly came rolling down a wall of strains of the string band hastily water about four feet high. All of improvised by Joaquim Garcia and

During the earlier part of the evening, the moon was slightly obscured, but soon "the clouds rolled vied in making the guests comfortable and happy, and nothing occurred from start to finish to mar the pleasure of the party.

During the evening, the "Leslie pouring. Principal Coke and the Baldwin', laden with adventurous teachers shouted and waved to him passengers, made two long runs out to go back, but probably being toward Kahakuloa Point. At elevwarning and waded into the stream. twelve the party broke up, giving A moment later the angry water three times three cheers for Capseized him and carried him swiftly tains Matthews as the Baldwin turned her prow landward, and repeating Both bodies were recovered during them with renewed vim in honor of neared the wharf. Certainly Supt. Filler deserves unstinted praise for his kindness and courtesy in affording his guests such a treat.

A list of the guests present was Thursday night, but unfortunately, beyond all recognition.

Legislative Notes.

The County Government Bill failed to receive the Governor's approval, and is thus killed.

The Homestead Exemption Act, exemption property to the value of \$3,500, passed its third reading.

The Governor signed the Acts relating to the sale of liquors, the providing for vacancies among the Circuit Court Judges and that relating commander. to the promulgation of the laws.

went into executive session, to conwhich resulted after a considerable Superintendent of Public Works: J. for orders. F. Brown, Commissioner of Public Lands, and T. F. Lansing, Treasurer: also the memebers of the Board

The Governor's answer to the Beckley resolution, asking for a thirty-day extension, was read and ordered spread upon the journal of the House.

The message read as follows:

Hon, J. A. Akina, Speaker of the House of Representatives:

Sir-The resolution of the House requesting an extension of the present legislative session for an additional period of thirty days, on the grounds of unfinished legislation, has been received from your special committee.

The conduct of the present session by the Legislature offers no appearance, so far, that an extension would tend to promote the interests of the Territory, but raises in my mind strong doubts to the contrary.

I have recently refused a request of the Senate for an extension of the session, such request being based upon similar grounds to those expressed in the House resolution, I find no reason now for coming to a different conclusioa. Very respectively yours. SANFORD B. DOLE.

How It Was Done.

The County Bill of the Home Rule party passed its final reading in the Senate this morning without amendment and now goes to the Governor for his signature.

Among the important features left in are those making Waimea the county seat of Kauai and Lahaina the county seat of Maui. Lihue and Wailuku were the competitors on the respective islands for the court ballast.

was excedingly stormy. It was all over the county bill. For the first time in the session some of the senators became really excited. Mr. Carter and Mr. Achi had one of the tilts. was a liar, and at another time de- molasses. manded that Dr. Russel keep his May 4, S. S. Mokolii, Napala, for

The proceedings were in no sense in English from the time the county bill first came up from one to half dozen Senators were on the floor at once, jabbering away at the height of their voices in musical Mawaiian. Nobody addressed the President. That dignitary might have been in the seventh heaven for any attention he received. Motion upon motion was F., general mdse. made in native. The interpreter was simply crushed out of service by the excited house.

The principal fight (though there were a number of het ones) was over whether the county bill should be read through or merely by title. It was finally voted to read M through. When the first section was read Ceeil Brown moved that Lihue be inserted in place of Waimea as the county seat of Kausi. Dr. Russel made the point that the motion was to read the bill through, and that under that motion it could not be considered by sections. This was the signal for another "rough house." In the confusion Mr. Car ter moved that the bill pass. Whether by accident or what not the motion carried.

The Organic Act prescribes that the ayes and noes br : called on final reading. A motion to call the roll passed, with the re sult that the bill received nine votes. There were five against and one did not vote. Crabbe made the statement that he was in favor of some for m of municipal government and the prefore cast his vote Reserved with the eight, solid Iddependents. Achi deeline to voite.

The session was decidedly the stormiest of t'ae many in the sixty dasy -Semi- Weekly Star
