Kauai is coming to the front in the teacher's contest and is going to make some one hustle for that vacation trip to the Coast. A Lihue teacher takes the lead this week with a big majority over all the others. The friends of the Fort street night school will have to do some good work to bring their favorite to the front again.

The old standby, the Australia, which can always be depended on, on plague or no plague, territorial law or no territorial law, is the ship that will carry the fortunate teacher who secures the prize on her well deserved outing trip. Everyone knows the Australia and though she does roll just a little bit, the food you get is so good it simply has to stay down. The genial captain and purser will undoubtedly do all in their power to make the trip a delightful time long to be remembered by the teacher who is declared the most popular of the islands. The return ticket will be good for four months and the visit at the Coast will be limited in time only by the desires of the teacher.

If you want to give one of your teacher friends one of the most pleasant summers they have ever enjoyed just cut out the votes which appear in the upper right hand corner of this page in each issue and deposit them in the ballot box at the Bulletin office. If you are not satisfied with this slow way of bringing her to the front why then subscribe for the Bulletin and get your friends to subscribe. You will get all the news and the most correct news and get it all the time, and in addition you will be given votes to cast for your favorite teacher as follows, according to the term of your subscription:

1 MONTH	40 votes
3 MONTHS	150 "
6 MONTHS	350 "
1 YEAR	750 "

Subscriptions are 75 cents a month or \$8 a year in advance.

MR. DEE'S ADVICE.

The meeting of creditors of Kamalo Sugar Company yesterday afternoon adjourned again till Monday at 10 o'clock. This evening a meeting of assessable stockholders will be held at Foster's hall, and the call an urgent one for important business. L. H. Dee gave an indication of what was to be considered in the following remarks to a Bulletin reporter:

"I want to advise these people to come forward and pay up their 4th and 5th assessments. The company stands in need of the money. The directors have now been disposed of, which has heretofore been the obstacle. Now there is no reason why the people should not attend the meeting tonight, and if they haven't the money ready give a guarantee that it will be paid. The company needs the money to carry on its business. It should not be allowed to go into bankruptcy."

Passenger on Iolani.

A. W. Heydtmann, formerly book-keeper for the Hutchinson Sugar Co. on Hawaii, was one of the passengers on the bark Iolani. Mr. Heydtmann was saved with the remainder of the passengers.

Jockey Lougi.

Jockey Lougi, well known on the Pacific Coast, is expected in Honolulu in the near future. It is understood, on good authority, that Lougi will ride W. H. Cornwell's horses.

TENTH PRECINCT—All that portion of Honolulu or Kona bounded by King, Liliha and School streets, the Nuuanu stream, Beretania and Nuuanu streets and the harbor. VOTING PLACE, KAULUWELA SCHOOL HOUSE.

First Time Caught.

A white man appeared in the Police Court this forenoon, pleaded guilty to the charge of drunkenness and asked for the clemency of the court on the ground that it was his first offense. "Well, considering the fact that you have been in the place twenty-two years and this is your first offense," said Judge Wilcox, "I think I will just 'primand'—"

"Don't misunderstand me Judge," replied the man, "I have been drunk before but this is the first time I have been caught at it."

Bullet's Team Wins.

The Bulletin newboys defeated a nine composed of Advertiser newboys at baseball this morning on the Drill Shed grounds. The score was 34 to 22. This makes three straight games for the Bulletin team of youngsters.

ROYAL NEW ROYAL SCHOOL

Magnificent Structure to Be Erected in Near Future.

Exterior Probably of Spanish Style—Artistic in Architecture and Modern in Every Detail of Equipment.

At the meeting of the Board of Education on last Thursday afternoon Minister Mott-Smith reported that he had called for plans for the new Royal school house, owing to the shortness of the time, and asked that the commissioners endorse his action. This was done by a formal vote. Minister Mott-Smith was seen this morning and said regarding the building of the new school:

"The plans are rapidly being brought into shape by Messrs. Ripley & Diekey. The arrangement of the floor plans will be submitted to the chairman of the Lands and Buildings committee this afternoon and will probably be decided upon by next Monday. The exterior of the building will likely be in Spanish style, with wide overhanging eaves and colonnade porches; although several drawings of other styles of architecture have been made and are under consideration. The building will be three stories in height and will face makai; that is, its longest side being at right angles to Emma street. The grounds in front of the building will be terraced, the lowest terrace to be the general playground.

"The lower story will include six class rooms capable of accommodating with comfort forty pupils. Besides these rooms there will be the principal's room, a library room, and a large foyer and hall. On the second floor there will be six class rooms similar in size and location to those on the first floor, and a large assembly room for the entire school, as large, if not larger, than Progress Hall. These two floors are to accommodate the primary and grammar grades.

"The third floor is to be devoted to the high school, where there will be a general assembly room, a library room, a commercial department room, a draughting room, a biological laboratory and museum and a chemical laboratory. On the Waikiki side the building is to have a wing to be devoted to machine and carpenter shops and industrial purposes generally.

"The amount appropriated by the Council of State is liberal enough to insure a building modern both in respect to construction and sanitation and the needs of a first class school. The building will be constructed of steel and either brick, stone, or concrete. The work of perfecting the plans and erecting the new building will be pushed rapidly and an effort will be made to have it finished by the opening of the fall term, or as soon thereafter as possible."

Fairchild Rumor Denied.

The report current on the street yesterday that George Fairchild of the Makee Sugar Co. is to take the management of Pioneer plantation. This report is denied by one of the heaviest holders of Pioneer. He says that Mr. Fairchild has gone to look over the Pioneer plantation for private reasons but not with a view to taking the management.

Olan and Brewery Stocks.

Harry Armitage conducted sales for Jas. F. Morgan today. The James Dodd Estate's lease of Kapoliuni Park lot was withdrawn. Olan Plantation Co.'s delinquent stock was sold for the sixth assessment. It brought \$0.65 to \$1.15, most of it going to outsiders. Brewery stock, \$20 called in, sold at \$22.70.

Governor Will Not Talk.

Governor Dole was questioned regarding Washington news received by the Bulletin, to the effect that remaining appointments, including judiciary, had been referred to him by President McKinley for his recommendations. He answered, "I cannot talk on that subject."

Inspector Brown's Instructions.

Orders were received by the Coptic Thursday evening instructing Federal Chinese Inspector Joshua K. Brown to take charge of all immigration matters in these islands and after June 15 and to remain in charge until the reorganization of the service here.

MARSHALL IS SENTENCED

Editor of Sunday Volcano Found Guilty of Libel First Degree.

Second Damage Suit Against Canadian Australian Steamship Co.—Three Cornered Probate Contest.

The jury trying Wm. H. Marshall for libel on Chief Justice Judd retired at 3 o'clock yesterday afternoon, returning a quarter of an hour later with a verdict of guilty in the first degree, three jurors dissenting. The dissent is supposed to have been on the question of degree. Judge Stanley sentenced the defendant to imprisonment at hard labor for six months, half the maximum and the same sentence as had been imposed on defendant in the District Court. Bail was fixed at \$1000 on the appeal noted to the Supreme Court. J. T. De Bolt made an able address in Marshall's behalf to the jury, while former Attorney General W. O. Smith closed with a powerful yet considerate address on behalf of the people.

Hurley Thynns vs. Canadian-Australian Steamship Co. is on trial before Judge Davis by the following jury: B. R. Campbell, J. M. Webb, W. S. Bartlett, W. C. Wilder Jr., E. O. White, K. H. G. Wallace, D. W. McNichol, Louis Marks, H. E. Waitly, H. E. Murray, John Emmeluth and W. P. O'Brien. Kinney, Ballou & McClanahan for plaintiff; Robertson & Wilder for defendant. Recess for the day was taken at 1 o'clock.

Judge Stanley is hearing the D. B. Smith estate administration case. C. Brown and Humphreys & Andrews for Mamie L. Smith, petitioner for appointment of C. Brown as administrator; Kinney, Ballou & McClanahan and W. A. Henshall for Amy M. Anin, contestant; Robertson & Wilder for Geo. H. Brown, a creditor.

MACHINE IS FIGHTING WHITE.

Lorrin Andrews and George R. Carter were busy today circulating ballots for E. R. Adams as delegate from the Second Precinct. They are making a strenuous effort to defeat Clarence White who is apparently favored on the street as a running mate with Charles Wilcox.

THE PRIMARY ELECTIONS

Below are to be found nominations for delegates to the Republican district convention at the election to be held from 4 to 6 o'clock this afternoon:

Fourth District, First Precinct, J. H. Boyd, J. A. McCandless and Cecil Brown. One to be elected.

Fourth District, Second Precinct, J. B. Atherton, W. C. Parke, H. E. Waitly, C. M. White, Charles Wilcox and E. R. Adams. Two to be elected. At a large meeting in Independence Park hall last night a roll of 163 members of the club was reported. C. B. Wilson and Chris. Holt were added to the enrollment committee, and E. R. Hendry and Geo. H. Paris to the judges of election.

Fourth District Sixth Precinct—Dr. Cooper, Frank L. Hoogs and C. S. Desky. One to be elected.

Fifth District, Eighth Precinct—W. C. Achi—unanimously chosen as delegate.

Fifth District, Ninth Precinct—J. A. Hughes, L. A. Thurston, W. J. Coelho.

Fifth District, Seventh Precinct—R. McCants Stewart, W. R. Sims, K. R. G. Wallace and Jas. L. Holt. One to be elected.

Big Asiatic Exodus.

There was a big exodus of Asiatics by the Coptic yesterday afternoon. In all there were 360—230 Chinese and 130 Japanese. The men on the wharf had cause to tear their hair and cease talking politics when the drayloads of baggage arrived on the Pacific Mail wharf. The Coptic did not get away until 5 o'clock.

Looking for Landing.

A few days ago Captain Merry of the Naval Station was at Waimea, on the other side of this island, looking for a landing for the cable. He will have a landing at places along the Waikiki beach and other localities and will then hand in his report on the most favorable site.

CHURCH FAVORED MR. DOLE

Washington Comment on the Appointment of Hawaii's Governor.

Men Stated for Federal Positions—Judicial Recommendations of the Governor Asked by McKinley—Customs Candidate.

(Special Correspondence.)

Washington, D. C., May 5.—Considerable disappointment has been expressed here by those familiar with Hawaiian affairs at the action of the President in appointing Mr. Dole to the Governorship of the new Territory. The fear is expressed that the appointment will cause a division among the voters of the Territory, which was one of the things most desirable to be avoided, along the lines which have caused the greatest dissatisfaction in the recent administration of affairs in the islands. The appointment of Dole was urged, however, by the church element which has much influence with the President, and was made, in part, for sentimental reasons, Dole being regarded as the chief instrument in the various movements by which Hawaii has finally become a part of the United States. While there is some disappointment and dissatisfaction at the appointment of Dole there will be no opposition manifested to his confirmation, and both Dole and Cooper will be promptly confirmed by the Senate.

The other executive officers who will be appointed will probably be as follows: Daniel A. Ray of Illinois, United States Marshal. Mr. Ray is at present chief clerk of the Senate Committee on Commerce, of which Senator Cullom is chairman. Mr. Ray is well known in Hawaii, having visited the islands with the Hawaiian Commission. Ray became infatuated with Hawaii during the short period of his sojourn there and wants to make the new Territory his future home.

John C. Baird of Cheyenne, Wyoming, will probably be appointed United States Attorney. His appointment is being urged by Senator Clark of Wyoming, and he has a weighty list of endorsements from all parts of the country. Mr. Baird is a comparatively young man who has lived in Wyoming for the past twenty years. He was at one time editor of the Cheyenne Leader, and has been practicing law over fifteen years. He has been county and prosecuting attorney of Laramie county, Wyoming, several terms, and is at present a member of the State Legislature.

Judge M. M. Estee of California, who has been a prominent figure in the legal and political field on the Coast for many years, it is believed, will be appointed Federal Judge.

While it is possible the judicial appointments for the local bench may be made at an early day, it is believed that those close to the President, that they will not be made until the recommendations of Governor Dole as to these appointments shall have been received. The President is said to have sent for the recommendation of Governor Dole and may not act until they are received. If these recommendations are followed in making the selections Dole will be the preponderating feature of the entire executive and judicial government of the Territory.

Several defects have been found in the Hawaiian law since its passage. No provision was made for the appointment of a collector of customs at Honolulu. To remedy this omission Senator Morgan has introduced a bill to establish this office, and it will undoubtedly pass both Houses without delay. Congressman Sibley of Pennsylvania, called upon the President yesterday in behalf of E. C. Jones of Bradford, Pa., who wants the place.

In order to carry out the provisions of the Hawaiian law which establishes a plan of collecting labor statistics, the Secretary of the Treasury has requested the appropriation of \$2,500 to pay the necessary expenses.

Doubt is expressed as to the right of the Postmaster General to extend the postal laws of the United States provided that the United States should assume the debt of the islands, the officers of the Treasury Department have some doubt of the right of the Secretary to pay off the debt without specific legislation.

On May 15 the House will take up Senate Bill No. 2 for consideration. This bill as passed provides for building a government cable from San Francisco to Honolulu. The disposition is to press it for passage at this session of Congress.

EVERY REPUBLICAN SHOULD BE AT THE POLLS TODAY.

Mr. Wilcox's Position.

Having consented to be a candidate in the precinct election for delegates to the District Convention I wish it clearly understood that I am not running in the interest of any clique or faction with an "axe to grind." I am running solely as a Republican to work for the best interests of the country and party.

Tonnage Taxes and Seamen's Wages in Hawaii

Hon. W. O. Smith, returned delegate of the Chamber of Commerce to Washington, kindly furnished the Bulletin with the following circulars from the Treasury Department, Bureau of Navigation, dated Washington, May 3. They are signed by Eugene T. Chamberlain, Commissioner, and approved in the order given by L. J. Gage, Secretary, and O. L. Spaulding, Assistant Secretary, respectively.

TONNAGE TAXES.

To Collectors of Customs and Others: Pursuant to the provisions of sections 5 and 98 of the act approved April 30, 1900, entitled, "An Act to provide a Government for the Territory of Hawaii," on and after June 14, 1900, vessels entering the United States from Hawaii and entering Hawaii from the United States will be exempt from tonnage taxes.

Pursuant to section 5 of the Act aforesaid, on and after June 11, 1900, vessels entering Hawaii elsewhere than from the United States will be subject to tonnage taxes as provided by the laws of the United States.

ALLOTMENTS SEAMEN'S WAGES.

To Collectors of Customs and Others: Pursuant to the act to provide a Government for the Territory of Hawaii, approved April 30, 1900, allotments of wages to seamen on voyages between Pacific ports of the United States and Hawaii, or vice versa, will not be allowed.

Allotments not exceeding one month's wages on voyages from a port of the United States on the Atlantic Ocean to Hawaii, or vice versa, will be allowed.

Department Circular No. 17 of 1899 is modified accordingly.

This circular will take effect on and after June 14, 1900.

Neill Co Not Coming.

Mr. Cohen sends positive word from the Coast that the Neill Company will not play in Honolulu. "I have," says Mr. Cohen, "practically concluded arrangements with the Southwell Opera Company to play at the Orpheum and on my representations Mr. Neill decided that an engagement in Honolulu under these circumstances would hardly be profitable. He had already made certain arrangements but between us we made away with these obstacles. I shall in all probability arrive in Honolulu the 23d inst. with the best, and incidentally the most expensive opera company that could be secured, 'The Southwells,' who will play at the Orpheum for a limited season."

They were so careless about their blasting that rocks weighing two and three pounds were sent flying in all directions. The case has been continued until tomorrow.

Hay-Pauncetote Treaty.
 Washington, May 5.—Secretary Hay and Lord Pauncetote, the British Ambassador, today signed a treaty extending for seven months from August 5th next, the period of time allowed for the exchange of ratifications of the Hay-Pauncetote treaty. This was arranged in view of the conviction that no legislation on the treaty can be secured during the present session of Congress. The extension will prolong the period allowed for the exchange of ratification until the expiration of President McKinley's term of office.

Hawaiian Commercial Report.
 The Hawaiian Commercial & Sugar Company reports its product for 1899 at 16,341 tons, and estimates the yield for 1900 at 18,000 tons, exclusive of a loss of 500 tons by fire. Last year's crop sold at \$52.60 per ton, while the cost of handling the same from the mill to market was \$9.88. The net proceeds for the year were \$607,486. Dividends of \$50,000 per month were renewed last December. The date of holding the annual meeting has been changed from the second Wednesday in May to the second Wednesday in April. The reports are for the calendar year. The current indebtedness was reported at \$68,315, exclusive of notes for \$100,000 due in two years.

Hay-Pauncetote Treaty.
 Washington, May 5.—Secretary Hay and Lord Pauncetote, the British Ambassador, today signed a treaty extending for seven months from August 5th next, the period of time allowed for the exchange of ratifications of the Hay-Pauncetote treaty. This was arranged in view of the conviction that no legislation on the treaty can be secured during the present session of Congress. The extension will prolong the period allowed for the exchange of ratification until the expiration of President McKinley's term of office.

Decision on Ex'ension of American Constitution

St. Paul, Minn., May 3.—United States District Judge Lockran today in this city decided that the ratification of the treaty of peace between the United States and Spain made Porto Rico American territory and subject to the constitution of the United States without any further act of Congress.

The decision was given in the case of Rafael Ortiz, a Porto Rican, who is seeking release from the State prison at Stillwater on the ground that his trial for murder by a military court was unlawful because as an American citizen he was entitled to a trial by jury. His application for a writ of habeas corpus is denied, however, on the ground that the island was in a state of war before the ratification of the treaty, when the murder was committed and therefore the military court had jurisdiction.

After reviewing the facts of the case the court said that according to the decisions of the Supreme Court of the United States a military commission was without jurisdiction to try a civilian in United States territory in time of peace. He considered Porto Rico territory of the United States and subject to the constitution the minute it came under the control of this Government. Unless the constitution extended to Porto Rico in advance of action by Congress Congress would have no power to legislate for the islands at all, because it has no authority to legislate for any except territory to which the constitution has extended.

Olympic's Good Trip.
 San Francisco, May 7.—The bark Olympic arrived from New York last night in a good trip of 112 days, out-sailing the ship Iroquois, which left New York 133 days ago. The Olympic has an assorted cargo and will go into the Honolulu sugar trade, having been purchased some months ago for that purpose by Williams, Dimond & Co. of this city. She was built at Bath, Me. in 1892, and her net register is 1253 tons. Hereafter San Francisco will be her home port. The next vessel from New York will be the Iroquois, now fully due. The only other vessels on the way here from New York are the St. David, 4 days out, and the Aryan and Kaulani, 9 and 6 days respectively. The last named is a new steel bark, built for Williams, Dimond & Co., and intended for the Hawaiian sugar trade. The bark St. James is now loading at New York for this port, to sail some time this month.

Hawaiian Commercial Report.
 The Hawaiian Commercial & Sugar Company reports its product for 1899 at 16,341 tons, and estimates the yield for 1900 at 18,000 tons, exclusive of a loss of 500 tons by fire. Last year's crop sold at \$52.60 per ton, while the cost of handling the same from the mill to market was \$9.88. The net proceeds for the year were \$607,486. Dividends of \$50,000 per month were renewed last December. The date of holding the annual meeting has been changed from the second Wednesday in May to the second Wednesday in April. The reports are for the calendar year. The current indebtedness was reported at \$68,315, exclusive of notes for \$100,000 due in two years.

LADIES HOSE
 We have placed on sale THIS WEEK a line of Ladies Fast Black Hermsdorf dyed hose, received direct from the factory in Germany (thus avoiding the American duty) which we are offering at the very low price of 6 pairs for \$1.00. Now this is an opportunity not often offered for ladies to supply themselves with a good staple article of everyday use at such a very low price. We do not claim them to be the finest, but a good strong article of absolutely fast dye.

In addition to the above we have our usual complete line of Ladies', Gents', Misses' and Children's HOSIERY, which have their own established reputation. We have just received a small choice line of Genuine Scotch Zephyrs. Now we do not advertise these as cheap goods, at all, but just the kind a lady would select to make a gown of that she wanted to look stylish in, but that would stand the kind of laundrying it would receive here.

A small and carefully selected lot of printed, pure IRISH LINEN LAWNS in neat and modest designs and colorings 12 yds. lengths which we are offering at just about half the price that they will have to be sold for when imported under the American tariff laws.

Of course all ladies know of the great durability of Irish linen and its delightful coolness, and here, where we use wash goods the year around, it pays to buy a good article that one can feel justified in expending the time and money necessary in making up in a manner that one would not on a cheap article that one would have to cast aside after the first laundering. For trimming these same goods we have a very complete assortment to choose from of embroideries of all kinds, ambric, namsook and Swiss, edgings, insertions and allover, and laces of every description, these all imported by us direct from Europe in bond.

JUST RECEIVED direct from the factories at Troy, N. Y., a splendid line of GENT'S SHIRTS, in dress, colored and negligee.

In buying these shirts we have exercised the greatest care, first as to their fit and correctness of style and in case of the colored ones, in the very exacting manner of our examination in regards to their fastness of color, we doing our best to satisfy ourselves that we were getting nothing but absolutely fast colors in these shirts, and hope we have succeeded.

Call and see them and the line of GENT'S FURNISHINGS AND UNDERWEAR we carry. To housekeepers who might require them in a hurry, we wish to state that we have in stock a complete line of SHEETS AND PILLOW CASES, ready made, in all sizes and qualities and at prices we believe will be found satisfactory.

SALISBURY GIVES WARNING

Address Before Annual Gathering of the
Primrose League in London.

Remarks Not Received With Enthusiasm by the
Press - Supporters Against England Said to
Be Greatly Exaggerated.

London, May 8.—The annual grand
habitation of the Primrose League was
held in Albert Hall this afternoon.

Lord Salisbury, in the course of his
address referred to the difficult and
intricate Irish problem and said: "Mr.
Gladstone, in an evil moment for the
fame of the country and for his party,
attached himself to the idea of the separa-
tion of England and Ireland. No
one can say the Home Rule cause pre-
sents any element of sanguine antici-
pation for the future. I am assured
that there is no hope of the predomi-
nant party ever giving Ireland practi-
cal independence. We have learned
something from the South African war
—how that disloyal government, in
spite of warnings, could accumulate
armaments against the most powerful
combatant and thus secure a terrible
advantage. We now know better than
we did ten years ago what a risk it
would be if we gave a disloyal govern-
ment in Ireland the power of accumu-
lating forces against this country."

"Heretofore external affairs will oc-
cupy a considerably larger place
among the problems we have to solve.
Not necessarily because in themselves
they are more important; but if we
look around we can see the elements
and causes of menace and peril slowly
accumulating, and they may accumu-
late to such a point as to require our
earnest and most active efforts to repel
them."

"I am nervous of using language of
such a kind lest it should be thought
I am indicating that something is
known to the Foreign Office by point-
ing out this possible danger. But I
wish most emphatically to say I have
no idea of that kind. The state of af-
airs, as I know it and so far as the
Government is concerned, is peaceful.
It is impossible to speak too highly of
the careful, calm neutrality which has
been observed by all the governments
of the world."

The Premier's remarks were greeted
with loud cheers.

Continuing, Lord Salisbury said: "A
certain section of their subjects, not, I
hope, a very large, though noisy one,
has at the present moment a great
prejudice against this country. It does
not, however, follow that we have no
precautions to take. Governments may
come and go and feelings may change
from year to year. That root of bit-
terness against England, which I am
unable to explain, may be mere
caprice to satisfy the exigencies of
journalists today, or it may indicate a
deep seated feeling with later we may
have to reckon with. There can be no
security nor confidence in the feeling
or sympathy of other nations except
through the efficiency of our own de-
fense and the strength of our own
right arm. Everywhere the power of
defense is increasing; and who knows
but all these things may be united in
one great wave to dash upon our
shores?"

The Premier then urged the neces-
sity of precaution in time, remarking
that the material for military aggres-
sion was yearly increasing in power
and efficiency among every one of the
great nations.

"As to land defense, so far as I can

see, anything in the nature of conscrip-
tion is not a remedy the country is
prepared to accept. Therefore, we must
induce the people to voluntarily put
themselves in a position to defend their
homes and country."

London, May 10.—Salisbury's refer-
ence to Ireland in his speech at the an-
nual meeting of the Primrose League
strikes all but the unprejudiced here as
painfully infelicitous, to say the least,
and the papers generally make no
comment. Those that do emphatically
condemn him.

The Chronicle says that for some oc-
cult reason Salisbury seldom opens his
mouth in public without letting fall
some inapt and tactless words. He em-
phasized his ability in this direction
by his comparison of the Transvaal
with the Irish Nationalists. He said
that Great Britain had learned some-
thing from the war, but there is one
lesson, apparently, which the Ministers
have failed to take to heart, namely,
the need of a little discretion.

The Daily Mail regrets that the
Prime Minister should have chosen
such a time as this for harsh remarks.
It says it finds in his speech no recog-
nition of the new situation which has
been created, and no sense of the im-
portance of seizing the golden moment
which was reached by the heroism of
the Irish soldier and the statesman-
like initiative of the Queen. In speak-
ing as he did, Salisbury failed to
rightly voice British sentiment, for
from John Bull's point of view the
British are one people in their admi-
ration of and gratitude for their
cousins across the Western channel.

The Daily Express declares that
Salisbury is guilty of one of those in-
discretions which, as Lord Beacons-
field said, may be apologized for but
can never be explained. The paper
says that the maladroitness of his sen-
tences is regrettable in every way. Af-
ter recalling the services of the Irish
in South Africa and the Queen's re-
ception in Ireland, the paper asks if
it is the right moment to fling, even
by the awkwardness of a phrase, the
insult of comparison with the rebel
Dutch in the face of Irishmen, and says
emphatically that it is not. It adds that
Salisbury has rarely made a worse mis-
take than in raising the buried ques-
tion of Irish disaffection at this mo-
ment, when the feud of centuries seems
buried for good and the kindly trust-
fulness of the Queen had disarmed the
last garrison of rebel feeling in the
sister land.

Canal Outlook Dubious.

Washington, May 9.—At a secret
session of the Committee on Inter-
oceanic Canals today it was made man-
ifest that the prospects for the passage
of the Hepburn Nicaragua canal bill
before adjournment are far from prom-
ising. Senator Morgan, chairman of the
committee, stood out strenuously for a
favorable report on the House bill
without further loss of time, but he
found only two members, Senators
Harris and Turner, of the same mind.
Senators Hanna, Hawley, newell, Platt
of New York and McBride resorted to
dilatory tactics, saying that it would be
best to wait until Admiral Walker and
other members of the isthmian Canal
Commission could be given a hearing.

EVERY REPUBLICAN SHOULD BE
AT THE POLLS TODAY.

Men in whom the people have confidence will be selected at the primaries today, provided every Republican goes to the polls and casts his ballot early.

If delegates are not elected today who will draw new voters to the Republican Party, it will be the fault of the stay-at-home. Every Republican a vote is needed.

Why should any man presume to question the integrity of a man like Charles Wilcox? Is the official organ prepared to continue its campaign against the native Hawaiians at the very outset of Party organization?

Hawaii's troubles seem never ending in becoming settled down to its American governmental career. The special legislative session is a possible gift from the Governor's hand that will assist in wiping out the inconsistencies of the situation.

It seems hardly possible to expect that Congress will complete Hawaii's happiness by passing the Nicaragua canal bill. This measure, however, is on the list of inevitables. Hawaii may rest content with its new territorial law and the cable.

Official papers from Washington treat June 14 as the admission day of the Territory of Hawaii. Thus the committee on the end of the century is relieved of an important task. What Washington authorities say, goes in the Territory of Hawaii.

Wille Bryan is still a Popocrat. His first Presidential nomination for the coming campaign has come from his old friends the Populists, and will doubtless be followed by the endorsement of the silver-plated anti-expansion Democracy. It would not be surprising to see Dewey sailing under the same banner as running mate with the calamity howlers.

What of the Court of Claims? The necessity for the settlement of claims arising from the plague fires has not been lessened by the delay imposed by the Executive Council of Hawaii. The policy of fighting off the claimants has no support from the business community or the people at large. The right of the sufferers to be heard must be recognized. Justice, business and politics demand that the administration shall act promptly.

Citizens throughout the islands, as well as the newspaper fraternity, are to be congratulated on the addition of Edwin S. Gill to the roll of active citizenship. Well grounded in his profession, Mr. Gill has proved himself a staunch and capable American who knows the people and seeks to work with and for their best interests. The people extend a cordial welcome notwithstanding the official organ has established a garrison behind the cowardly bulwarks reared on the defamations of honest, patriotic men.

A FULL VOTE NEEDED.

Republicans of this city have today the first opportunity to prove to waiting political observers the claims of the Party to an organization that will meet the approval of the people. The position of the Republican Party in national politics requires little repetition. The granting of free suffrage to the people of these islands and the protective policy that favors our industries and assures universal prosperity speaks for itself.

Enlistment in the ranks of the local Republican organization depends upon the representative men put to the front by this first primary. The election of district delegates in Honolulu will have more influence on our local political welfare than any future declaration of any convention or any committee.

The foundation principle of the Republican movement is the honest effort of honest men to lead the political action of these islands into the broader American field in which our welfare locally and in national affairs directs.

The Republican Party asks the people to forget the past, to put fair minded men to the front, whether they have taken part in recent elections or not. The ballot this afternoon will demonstrate how closely the Republicans of this city stick to their text.

As Republicans show their willingness to push forward representative men of the people, men new to the more recent antagonisms, the Party will gain strength and prove the strict integrity with which its promises will be fulfilled. If every member of the Party and those desiring to endorse the principle of impersonal, liberal rule express their opinion by ballot today there can be no danger of factional rule or the cry of machine manipulation.

THE HAWAIIAN GOVERNMENT.

[Tacoma News.] No intelligent person that ever spent an hour in the Hawaiian islands can fail to realize that President McKinley has made a grave mistake in deciding to appoint President Dole as first Governor of the islands. He is not at all in touch with the native element, nor with the progressive Americans. He represents purely and simply the sugar ring and the coterie of officials that have exploited the islands for their own benefit. Monopolies exist there that, except in magnitude of capitalization, would put the Standard Oil to shame.

There are some features of the Hawaiian bill, however, which will not be altogether pleasing to the "ruling element" in the islands, one of them is the liberal suffrage.

Any adult male citizen of the United States, who has been a year in the Territory and who can speak, read and write the English or Hawaiian language, is to be allowed to vote. It is estimated that about 10,000 natives, 2,500 Portuguese and 2,000 other Europeans and Americans will be given the ballot. Thus it will be in the power of the Kanakas to elect a decided majority of the Legislature. The original Senate bill, which reflected the sentiments of the American element, had a property qualification and a provision for the payment of all taxes, a poll tax included, before registration. With these restrictions in force the voting population would be only about 3,000. Neither the House nor the Senate would consent to any other restriction on suffrage than that of an educational qualification.

The House inserted in the bill a provision that all Asiatics brought into Hawaii under labor contract since August 12, 1898, should depart within one year. The Senate refused to concur in this amendment, as the sugar planters will be pleased to learn, but they will not look with favor on the extension to the new Territory of the alien contract labor of the United States. They wish to be at liberty to import Japanese laborers whenever they think they need them. Those Hawaiian laws under which suits could be maintained for the specific performance of contracts for personal labor are all swept away by the Hawaiian government bill. No man can be imprisoned hereafter if he refuses to work in the fields or elsewhere as he had bound himself to do by contract.

The bill has been improved by leaving out a provision that saloons for the sale of intoxicating drinks shall not be allowed. The question is left to the judgment of the Territorial Legislature. It would be absurd for Congress to attempt to regulate too closely the local affairs of the Hawaiians.

AGRICULTURAL SOCIETY.

A meeting was held and well attended, at the High school yesterday evening, of gentlemen to revise the Hawaiian Agricultural Society, that when it had "Royal" prefixed to its title in the old days did good service in holding exhibitions, etc. Governor Dole, Allan Herbert, Byron O. Clark and several educationalists were present. The old society's constitution was adopted with changes to adapt it to the present day. An admission fee of \$1 and its membership of \$50 was adopted. Will E. Fisher took life membership at the meeting. Discussions were initiated by addresses and papers from Mr. Bryan of the Bishop Museum, Miss Lucy Adams of the Kamehameha Girls School, W. E. Fisher, Byron O. Clark of the California colony, Christian Andrews, Mr. Hanna of the Wahaiwa colony, Governor Dole and Prof. Edgar Wood of the Normal School. Officers will be elected next Friday evening.

OFF FOR MIDWAY.

The U. S. S. Iroquois, Pond commander, sails for Midway Island at 2 o'clock today. Besides her regular complement of officers and men, she will take Chris Willis and Fred Harvey of the Survey Office, who are to act as draughtsmen.

The Iroquois will use sail as much as possible, in order to save coal for emergencies. Commander Pond expects to reach the trip to Midway in 5 to 8 days and does not calculate being away from here longer than the end of July.

Made by Request.

Editor Evening Bulletin—Your reporter at the meeting of the Board of Education on Thursday last seems to leave a wrong impression of the origin of plans to extend my work in agricultural schools. Allow me to say that the whole plan was proposed in response to a request from the Minister of Public Instruction.

Yours sincerely, J. E. HIGGINS.

FINALS IN TENNIS

The final match of the ladies' tournament took place on the P. T. C. courts yesterday afternoon before a large and intensely interested crowd. The contestants were Mrs. A. M. Brown and Mrs. John Waterhouse.

Play began shortly after 4:30 o'clock. Mrs. Waterhouse taking the Walkie side of the court and the serve. E. R. Adams perched on an uncovered elevated stand, handled the counting pegs.

The first set was void of interesting play. Mrs. Waterhouse defeating her opponent easily, 6-1. Mrs. Brown was unable to return the swift volleys frequently sent toward the back line. Mrs. Waterhouse's service was also a point greatly in her favor.

The play in the second set was more interesting but Mrs. Waterhouse continued her aggressive play, winning out, 6-2.

The referee called "Seven minutes and a half for refreshments" and the fair contestants retired for this length of time.

The third set was intensely interesting. Mrs. Brown appearing more active on the court and sending back swift volleys in great style. At one time it looked as if Mrs. Brown would pull out the set, the score standing 3-1 in her favor, but Mrs. Waterhouse never relaxed her vigilance for a moment, playing a fine defensive game and sending swift balls down the sidelines whenever there happened to be an opening.

Thus, by careful playing, Mrs. Waterhouse crawled up on her opponent until the score stood 4-all. From this on, Mrs. Waterhouse took to rushing her opponent and won two games in succession, giving her the set and the year's championship.

The two tournaments will come to a close on the P. T. C. courts this afternoon.

At 2:30 o'clock F. C. Atherton, this year's champion and a member of the P. T. C., will play Chas. Eleton, B. F. C., last year's champion. Those who wish to see the tennis should visit the courts this afternoon. Both players are cracks and both are in fine trim.

Immediately after this match Miss Hart, last year's champion, will defend her title against Mrs. John Waterhouse, this year's champion.

All those interested are cordially invited to the courts of the P. T. C. to see the matches.

HOSTETTER'S BITTERS. AN IMPURE STOMACH makes impure blood. Constipation, belching, nervousness, insomnia, palpitation and biliousness are danger signals that your stomach is incompetent—that it is doing poor work. Don't experiment—give it Hostetter's Stomach Bitters, and be well. Try it for malaria or fever and ague. The result will astound you. Get it at any drug store and see that a Private Revenue Stamp covers the neck of the bottle.

At the Orpheum. "The Country Coon" goes on for the first time tonight and the Hawaiian give their farewell performances next week. The engagement closes on the 26th inst. It is not yet positively announced by the management what the following attraction will be, but it will be fully up to the high standard the house has resolved to adopt as their future policy. There is every likelihood of the big Southwell Opera Co. so long identified with Mororo's Grand Opera House in San Francisco coming here, but should arrangements not be concluded in time, a strong vaudeville contingent is being held in reserve and will arrive on the Alameda. All indications, however, point to the Opera Company coming. Wednesday and the arrival of the Alameda will tell the tale. Restored to its Mother. On Thursday afternoon Officer Cox of the police force found a wee bit of an Italian child wandering about on King street. Understanding Italian, he found that the child had lost its mother. Not being able to locate that parent, he took her to his home and kept her until yesterday morning, when he started out to find the mother. While standing on King street, he heard a joyful cry near by and in a flash the child was in the mother's arms. The latter explained that the child wandered away from her while she was buying some things in a store down town, preparatory to returning to her home in Manua. Late Circuit Court Cases. Summary of the Week's News

Monday, May 14.

Resolved. That the Minister of the Interior be requested to publish the Constitution of the United States, the Joint Resolution of Annexation, the Territorial Act, and the Laws of Hawaii as affected by the Joint Resolution of Annexation and the Territorial Act in one volume with proper indexes.

Resolved. That the rules and regulations for administering oaths and holding elections as revised by Congress be published in the publication referred to in the above resolution and also that they be published in a separate pamphlet.

Voted. that 1,000 copies of the publications referred to in the above resolutions be printed.

The foregoing is the action taken by the Executive Council for enlightening the public with regard to the government of the Territory of Hawaii.

A communication from the Superintendent of Public Works, regarding the erection of a building at Beretania and Punchbowl streets without a permit, was referred to the Attorney General.

Applications from the Rapid Transit Co. for permission to lay its rails on King street, from Victoria street to Walkiki road, and between Liliha street and the road running to the Kahemahema premises at Waipiohlo, with petitions from property owners, were referred to the Attorney General.

Voted. that the Minister of the Interior be authorized to make the expenditures under Act 2 of the Council of State, according to the items contained in a letter from Mr. Rowell, with the exception of \$1,000 for addition to Post Office, Honolulu.

The Auditor General was instructed to approve all items marked "unpaid bills" under Acts 2, 3 and 4 of the Council of State.

The Minister of the Interior was authorized to make the following expenditures, amounting to \$117,700, under Act 4 of the Council of State: Harbor Improvement, \$25,000; Sewerage for Hilo, \$3,000; Roads, Puna, to complete contracts, \$3,000; Roads, Kau, \$5,000; Roads, South Kohala, \$5,000; Roads, North Kohala, \$3,500; Roads, Makawao, \$5,000; Additions to Honolulu Water Works, Palama pumping plant \$25,000; Diamond Head Reservoir and Water Works, \$16,000; Hilo Water Works, \$5,000; Waiohinu Water Works, \$1,000; Wailuku and Kahului Water Works, \$20,000; Fireproof vaults, \$1200.

The Minister of the Interior was granted leave of absence for three weeks.

The matter of taking sand from the beach at Walkiki was referred to the Attorney General.

At their meeting on Saturday evening, the discontented stockholders of Kamalo Sugar Company decided to reject the offered compromise of the directors. Some of the latter are now talking of calling a meeting of all stockholders, to ascertain how many of those delinquent are willing to pay up their assessments. One director told a reporter that he believed many of them were willing to pay up, but they had been deceived by the leaders of litigation in matters of fact.

The fact had been kept from them that Frank Huestace had, at the outset, offered to put up bonds in \$35,000 to secure the rights of dissidents and all concerned pending the outcome of litigation. If any considerable proportion of the assessments were paid up, the outstanding obligations of the company would be met and the work of development proceed with vigor. There was no doubt, in any quarter, that the plantation was a good proposition.

It is also stated that Mr. Huestace and associates would have before now put up the required money for making things go, but were deterred by the pugnaciously uncompromising attitude assumed by the discontented stockholders.

Monday, May 14.

Hon. W. O. Smith was seen this morning in regard to the feeling in official circles in Washington as to the changes necessary in the local government under the Territorial bill. Mr. Smith said:

"My impression is that it is the understanding of Congress and the Washington administration that the local Territorial Government will attend to all of its own affairs; that any apparent conflicts arising under the Hawaiian statutes, by reason of new conditions, will be adjusted here; that any matters of this nature, requiring legislative action, will have to be provided for by the Legislature of the Territory. I consider that, in addition to this, other matters which are capable of adjustment by the executive will be arranged by the Governor."

"It was very pleasant to find the great confidence which the Washington administration had in the existing Hawaiian community. Many of the members of Congress, especially those who were conversant with conditions in Hawaii shared in this feeling. They all seemed to have a high estimate of the public spirit of the Hawaiian community."

"What are your views and those in Washington as to the need of calling an extra session of the Hawaiian Legislature?" asked the Bulletin man.

"As I said," replied Mr. Smith, "the people in Washington will leave the matter to the people of the Territory. My own view is that it will be desirable to call a special session of the Legislature as early as practicable. Anticipating the necessity for such action we presented amendments to those in charge of the bill, which would permit the calling of such a session before the regular session. The first regular election is to be held in November next

Monday, May 14.

Vacant Circuit Judgeship.

President Doie announced to the Executive Council this morning that he had received Gardner K. Wilder's resignation as Circuit Judge of the Third and Fourth Judicial Circuits. These are the two circuits of the island of Hawaii.

The filling of the vacancies is to have a separate judge in the prerogative of the President of the United States.

and the first regular session of the Territorial legislature will be held in February, 1901.

"Before work could be accomplished at the regular session, it seems to me it would be very desirable that legislative action on certain matters of importance should be had. In fact, in view of the possibility of a special session of the Legislature not being held until 1901, we presented another amendment, which is embodied in Section 52 of the bill as follows:

"Section 52. That appropriations, except as otherwise herein provided, shall be made biennially by the Legislature. Provided, however, That pending the time when this Act shall take effect and until a session of the Legislature of the Territory of Hawaii shall be held, the President may, in his discretion, authorize and direct the use of such money in the Treasury of the Republic of Hawaii as well as of the Territory of Hawaii, as he shall think requisite and proper for carrying on the government of the Territory of Hawaii, the preservation of the public health, the completion of the sewerage system of the city of Honolulu, and such other expenditures as in the President's judgment shall seem to be appropriate."

Monday, May 14.

The Boys' Brigade contests on the Makiki parade grounds Saturday afternoon resulted as follows:

Tug of war—Palama beat Kakaako.

The following acted as officers: Referee, Lorrin Andrews; judges of field events, W. McLaughlin and J. P. Erdman; judges of track events, A. J. Coats and H. M. Ayres; starter, P. Travenis; scorer, E. B. Turner.

An exhibition drill was given after the athletic events.

Palama won the banner with a score of fifty points.

Monday, May 14.

Colonel Rooks having won the big suit just decided against the Queen's Hospital, the following cases commenced by Trustees H. P. Bishop Estate have been discontinued against the following persons now holding property whose title is in question, they having purchased either from the late Queen Emma or her successors: David Dayton, Mrs. Kathrin Singer, E. M. Carter, Mary M. Seabury and J. O. Young.

The following annuitants under the will of the late Queen Emma are also affected by the recent decision of the Supreme Court: Miss Lucy Peabody, \$500 per annum; Mary Liwai, \$300 per annum; Grace Kahooli (now Mrs. Pihanala) \$300 per annum, and St. Andrew's Priory, \$600 per annum for scholarships to Hawaiian girls.

Prince Albert K. Kuniakeha will also be affected by the decision. He was a residuary legatee under the will of Queen Emma and was in receipt annually of something between \$1500 and \$2000.

Monday, May 14.

Lung Khai Chew (not Leung Chi-Tao) the Chinese reformer who went to Hilo, is expected back at the end of the week. His object in going to Hawaii is to organize a branch of the Bow Wong society. Advice received from reliable sources by the Kinan, state that Mr. Leung is succeeding very well.

The Bow Wongs are watching very closely the various matters that pertain to members of their society.

One of these Chinamen was arrested the other day for using profane language in the presence of Mrs. Li Cheong and, when the case came up in the Police Court, at least twenty Bow Wongs were seen seated together in the back part of the room.

Monday, May 14.

The Ishi brothers, Japanese, have just been arrested on the charge of assaulting with weapons on a countryman near the new Japanese settlement, Iwilei. The weapons used were knives. The victim was cut about the arm, hand and head and is now in charge of Japanese physicians. The poor fellow was pretty badly used up.

Monday, May 14.

Japanese Consul Minamoto will send forward at the very first opportunity, the following message of congratulation from the Japanese of Hawaii to the Crown Prince of Japan and his bride:

"To the Crown Prince and Princess—The Japanese residents of Hawaii, in mass meeting assembled, send their congratulations with earnest wishes for happiness, prosperity and long life."

"K. J. IMANISHI, Chairman."

Monday, May 14.

Ad indications point to great success for the spring exhibition of the Kilauea Art League. Every effort is being made to have things pleasant for the visiting public as well as members.

First view for members will be on Monday evening next. As there is not much current for both lights and elevator at once, the elevator will be run for an hour before opening. To keep those coming early in cheerful countenance the reception committee will provide a musical prelude for the waiting time.

Monday, May 14.

Frank Huestace, it was understood at once, has purchased from Bruce, Wang & Co. the Bruns property in Beretania street, adjoining the site of N. I. Such's proposed business block at the corner of Fort street. It has a frontage of 64 feet and a depth of 140 feet. The price is between \$25,000 and \$40,000.

Monday, May 14.

By the will of the late Henry Wilcox, probated the other day in Kalaheo, the sum of \$16,000 is left to each one of the brothers. Judge Wilcox reposed of the news by the W. G. Hall Saturday.

Tuesday, May 15.

Two hundred thousand dollars worth of Hilo Railroad Company's 4 per cent bonds were sold at par today. H. Waterhouse & Co. effected the transaction, selling \$170,000 to the Robinson Estate and retaining \$30,000 for themselves.

In order to negotiate the deal it was necessary to sell \$170,000 of Hawaiian Government 6 per cent bonds, which were purchased by the Bank of Hawaii. The meaning of the entire transaction is that cash from outside is obtained for Hawaiian bonds in anticipation of their being paid by the United States Government, which cash immediately goes into large local development enterprises. In this case \$170,000 goes to the island of Hawaii for distribution in liquidating contracts, labor and supply bills, etc.

H. Waterhouse & Co. are negotiating for the sale of \$200,000 more of Government bonds, the proceeds of which will go into Hawaiian enterprises.

Tuesday, May 15.

Someone went to the Post Office this afternoon and bought all the 12 cent Hawaiian stamps left in the safe, the sum paid in being in the neighborhood of \$6000. Postmaster General Oat, was asked as to the identity of the buyer, stated that he could not divulge it just now.

It is stated on good authority that the value of the 12 cent stamps has advanced to 20 cents. There has been quite a run on this particular denomination for some time past.

Tuesday, May 15.

Light wine and beer licenses have been granted to H. C. Norton at Waianae and Chas. David at Waiaina, by vote of the Executive Council.

Tuesday, May 15.

The old homestead of Dr. J. S. McGrew on Hotel street has been sold to Hon. Alexander Young and the Bishop Estate for a sum aggregating \$175,000, of this amount Dr. McGrew will receive \$150,000. This means the passing of the old social landmarks of old Honolulu made famous in the local and political history of the past three decades. The march of improvements following annexation will soon be seen in the block bounded by Hotel, Alakea, King and Fort streets, as will be seen by the following brief interviews given the Bulletin by Hon. Mr. Young and Mr. McGrew:

Hon. Alexander Young was seen today about the intended improvements of the McGrew property just purchased. He said: "The Bishop Estate and myself will put a street through from Hotel to King streets. The new street will be sixty feet wide. I will build on the East side of the new street, to be named hereafter, a row of buildings of the very best class, both fire and earthquake proof, with all the latest modern improvements. The buildings to be erected will have steel frames, and all the floor will be either of concrete or of tiling; they will be four stories in height and fitted with improved elevators and the block will have an electric plant of its own. The length of the street to be occupied by these buildings will be 48 feet frontage on the new street, with a frontage of 61 feet on King street and 151 feet on Hotel street."

"As yet I have made no definite arrangements as to plans or style of architecture; but while at the Coast I will look into these matters very closely and prepare for the immediate erection of the buildings. Wm. Much will have the control and superintendence of construction and will probably visit the Coast with me in two months from now for the purpose of investigating the latest methods of construction adopted on the Mainland."

Mr. Dodge of the Bishop Estate said: "The Bishop estate retains control of the entire frontage on the Ewa side

of the new street, amounting to 420 feet, the frontage on King street of 150 feet, and that on Hotel street of 32 feet. This land the estate proposes to subdivide in the near future. The Arlington House property will be vacated on the 1st of next August with the view to the erection of new buildings. A new hotel project is being considered, and if proper means can be secured, a new hotel building will be erected upon the north corner of King and the new street.

Tuesday, May 15.

Inquiries at the office of the Minister of Interior disclose that all the proposals under the appropriation passed by the Council of State and approved by President McKinley, are in approximately available and some will be made in various directions at once.

The plan for building a new hotel upon the north corner of King and the new street.

Tuesday, May 15.

At a meeting of the Kamehameha Alumni Association last evening the following business was transacted:

Lease of property on Fort street read and a committee of three appointed to investigate clauses of the lease and to accept or reject the same, reporting the matter at the next meeting.

June 11 was fixed for the club house yearning. Voted, that each member be assessed a minimum of \$2.50 to go toward defraying expenses of the building festivities. A committee of five was appointed to deal with refreshments and program.

Another meeting will be held Monday.

Tuesday, May 15.

Judge Gardner K. Wilder has ordered the removal of G. H. Collins as administrator of the estate of A. P. Collins, deceased, and has ordered that all money, property and effects of the estate be delivered to Daniel Fort, clerk of the Third and Fourth Circuit Courts. The motion was made by the Hilo Mercantile Company, Ltd., and the order, received in the Kinohiwa, was filed May 1.

Tuesday, May 15.

At the meeting of the Honolulu Stock Exchange held this morning the resignation of Hon. H. Carter was accepted, and with it the resignation accompanying that of J. R. Hall, employed in the Hawaiian State Department and Investment Co., should be elected a member in his place, which was done.

Tuesday, May 15.

The Executive Council has been informed by the Commissioner of Public Instruction that the name of the new Beretania street school house be changed to be Kamehameha school.

Tuesday, May 15.

J. C. Camacho and Antonio Fernandez, the two men suspected of attempting to blow up Portuguese Charge d'Affaires a few nights ago, appeared today in the Police Court this morning. Mr. Fernandez stated on the witness stand that, in account of the arrests made against him by the two men, he feared that they would carry out their expressed intention, to blow up the Portuguese Charge d'Affaires. Wilcox threatened to prosecute and has under bonds of \$200 each to keep the peace for one year.

Tuesday, May 15.

J. M. Vixen, the well known Honolulu attorney, left for Hilo in the steamer today. He will spend a couple of weeks at the volcano and will then return to the mountains of the Coast.

***** Make General Fix: *****

By vote of the Executive Council today, the Minister of the Interior is authorized, with certain notice, to draw from the public treasury for Honolulu roads and bridges of the rate of \$1000 a month. This money is to be used to make good roads with view to the city.

Monday, May 14.

W. O. Ayres of the Honolulu Police Department, was seen today in regard to the feeling in official circles in Washington as to the changes necessary in the local government under the Territorial bill. Mr. Ayres said:

"My impression is that it is the understanding of Congress and the Washington administration that the local Territorial Government will attend to all of its own affairs; that any apparent conflicts arising under the Hawaiian statutes, by reason of new conditions, will be adjusted here; that any matters of this nature, requiring legislative action, will have to be provided for by the Legislature of the Territory. Thursday, May 17. It was decided last evening at the second session of the board of Health to raise the quarantine in the burned district. This decision was reached upon the following report by the soil committee:

Your committee to which was referred the matter of the soil in the districts of Honolulu, recently infected by bubonic plague, beg to refer you to the report of the examination of samples of the soil, made by Dr. Walter Hoffmann, bacteriologist of the Board of Health, which report is made a part hereof.

The result of Dr. Hoffmann's endeavor to find a micro-organism that could be identified as the bacillus pestis, or one which could be cultivated as such and, eventually, produce in animals the symptoms and effects to be expected from the bacillus pestis, has been negative.

Respectfully submitted, D. W. SMITH, DR. W. HOFFMANN, Committee.

The Board then passed the following resolution, which was ordered printed in the public press:

Resolved, That quarantine upon property condemned by the Board of Health on account of the existence of bubonic plague shall be raised after the expiration of four months from the date of destruction by fire of the buildings upon such property; provided, however, that no building erected upon such premises shall be occupied until the sewerage system is in working order in such districts and the buildings are properly connected with the same; and, further, that no cesspool shall be excavated or used upon any such premises.

Southerly winds prevailed for a few days near the end of the month. Heavy swell on windward coasts from the 17th to the 21st, and on the 26th and 27th.

CURTIS J. LYONS, Government Meteorologist.

Thursday, May 17.

The Board of Health met yesterday afternoon after a week's vacation. There were present: President Wood, Dr. Emerson, and Messrs. Lowrey, Smith and Cooper, members. Executive Officer Dr. Garvin, Superintendent C. B. Reynolds, Sanitary Inspector Dr. Pratt and Chief of Inspectors Ed. Towse were also present.

In opening the meeting Dr. Wood said there was a long list of things to be attended to before him and he suggested that those having statements to make before the Board, especially Dr. Noblett, whose case was to come up, would do so formally and a time could then be set for hearing. He asked that in all matters the Board would take speedy action to avoid, if possible, a night session.

Dr. Noblett formally presented his request for a reopening of his case and Lorenz Andrews said he wished the Board to hear him briefly on the claim of Dr. Hodgins.

On motion of G. W. Smith, President Wood was authorized to set a day for re-hearing Dr. Noblett's case. Dr. Wood asked that the Board act on 52 lepers, so pronounced by the board of examiners. He asked that several favorable cases, mostly children, be retained here for experimental treatment. The lepers were ordered sent to Molokai, with the exceptions mentioned.

The yearly trip of the Board of Health to Molokai was deferred.

The matter of reserving quarantine wharf was discussed and the necessity therefor again re-stated by Dr. Wood. He had seen the Cabinet, who with probably one exception, agreed with the Board's view. Dr. Carmichael and Captain Merry, the Federal authorities, also shared this view and since the last meeting of the Board Collector Stackable had come over to their side; in fact all were in favor of keeping the wharf for the present for the exclusive use and handling of freight from infected ports. He would like the Board to authorize the immediate erection of the fumigating plant on the wharf.

On motion of Geo. W. Smith it was ordered that the new quarantine wharf be set aside for quarantine purposes, for all vessels arriving from infected ports, and that the fumigating plant from Pacific Mail wharf be placed thereon. It was further ordered that all steamers and sailing vessels as far as practicable, from infected ports be

discharged at the wharf, as soon as the fumigating plant could be erected. Dr. Wood stated that the Minister of Interior was anxious that the Board should act in the appointment of a plumbing inspector so that the work now in progress to connect with the sewer system could be inspected. After discussion it was decided on motion of G. W. Smith that the appointment of a plumbing inspector be left in the hands of the President of the Board of Health, and that he receive a salary of \$1800 per year.

Dr. Garvin reported in the case of Manly Phillips' poultry yard on Green street, complained of as a nuisance by neighbors, that the yard was found to be very dirty, with the feeding quarters placed directly under a neighbor's window. Mr. Phillip had promised that this would be moved and the yard hereafter kept clean. The report was approved.

The property at the corner of Alakea and Merchant streets, belonging to Claus Spreckels, comprising several rooms, including a Chinese restaurant, were pronounced to be unsanitary by Dr. Garvin and were visited and condemned by the Board after the meeting.

A Japanese lodging house for prostitutes built over the stream at Iwilei was peremptorily condemned as unsanitary and a menace to the public health; and its further occupation as a human habitation forbidden.

The Government laundry was reported as unsanitary throughout and in need of very extensive repairs. Dr. Wood did not think repairs would mend matters; the Board knew it was just as bad as reported. On motion of Mr. Smith the report was referred to the Minister of the Interior with the recommendation that he find new quarters and provide new buildings for the Government wash houses.

The report on slaughter houses stated that the three proposed locations of the Metropolitan Meat Co. had been visited. The first location was too near and the second, higher up, had been found most suitable and was recommended for approval. It was decided that the President should hereafter appoint a time for the Board to visit the locality and select the site.

The report on livery stables was read and discussed and the sanitary rules presented were ordered to apply to livery stables in the district of Honolulu.

Minister Cooper nominated Dr. C. B. Cooper to be medical member of the Board of Health in place of Dr. Day, and his election unanimously resulted. E. C. Winston was nominated as a member of the Board to fill the remaining vacancy and was unanimously elected.

Dr. Wood called up the Hilo fish peddling question and read a letter formerly written by the Minister of the Interior to Mr. Sarrau accepting the Hilo market and stating that the peddling of fish on the streets was to be referred to the agent of the Board of Health. He also read a clipping from a Hilo newspaper upon the question asking the Board to take action.

Minister Cooper said the rules should be most carefully drawn, and the matter was referred to President Wood assisted by the Attorney General, to authorize and publish such regulations as necessary and forward the same to Hilo agents of the Board.

The Executive Officer was ordered to prepare a report on Kallhi camp, and an application to rent the Battery camp by a local firm was laid on the table. Adjourned to 7:30 p. m.

Mr. Clark reported on forest property at the Leper Settlement, which had been discontinued by Superintendent Reynolds.

Sheriff Andrews reported that the vessels refused to bring lepers to Honolulu from Kona, and it was ordered that Superintendent Reynolds take steps to remove them.

Several bills were approved and routine letters read. The resignation of Dr. French, Government physician at Hanalei, Kauai, was accepted and Dr. Schwallie was appointed to the place.

Dr. Blake was appointed physician to the Puna district and his resignation from the Ewa district accepted. Dr. Davis was appointed Government physician for the Ewa district.

A claim of Wing Wo Chan & Co. for goods destroyed on the wharf was referred to the Court of Claims.

The report of the committee on soil analysis was read and a resolution passed, printed elsewhere, raising quarantine in the burned district.

The Board adjourned at 9 o'clock.

Thursday, May 17. Progress hall was filled to its seating capacity before 5 o'clock last night, and when the business of the Democratic party got well under way the standing room was occupied.

Col. C. J. McCarthy nominated Dr. John S. McGrew for chairman, who was elected by acclamation. Frank Brown nominated Col. McCarthy for vice chairman, who was elected by acclamation.

Col. McCarthy delivered the opening remarks, Dr. McGrew desiring him to perform the actual duties of the chair. He said he had come to this country a minor and although he allied himself now with the Democratic party he had never voted a Democratic ticket. He was born a Democrat, however, and in conclusion he expressed the belief that the Democratic party would take a large place in the affairs of this Territory.

John Wise, a well-known young Hawaiian, was elected secretary over the nomination of Mr. Peachy. Mr. Wise thanked the meeting for the honor.

E. B. McClanahan was called up for a speech. Those present who had not had experience of politics in the United States now found two doors wide open before them. It gave him pleasure to see so many Hawaiians present.

Charles L. Rhoads, city editor of the Star, however, before Mr. Marshall had quite subsided, was claiming the chair's recognition to offer a resolution. It was this:

Friday, May 18.

Mr. Edwin S. Gill, accompanied by Mrs. Gill, arrived by the Coptic yesterday. Mr. Gill was seen at the Hawaiian hotel this afternoon by a Bulletin reporter and said regarding his coming to Hawaii:

"Well, yes, I may probably take up journalism here; in fact some of my friends in Hawaii wrote to me that a new Republican paper was to be started, requesting me at the same time to come out and take the editorship, if I liked the islands. I determined to come and if the arrangements suit, I shall probably stay here. I have always wanted to visit the islands and was all ready to start for Hawaii several years ago, when an accident prevented.

"My newspaper career has been somewhat varied, but I was never on the Denver Republican, as has been stated. That was an error of the Ex-

aminer. However, I have grown up in the newspaper business from a boy, when I first worked in a country printing office at Richwood, Ohio, at a salary of \$2 a week. I have considered Arizona as my home ever since I established the Republican there ten years ago tomorrow; although I have not resided there all that time.

"As to my work, I consider that which I did for the Cincinnati Commercial, during McKinley's Presidential campaign, as the best of my life. I was at the city editor's desk at the time and resigned to take up political work for the paper. I attended both the Republican and Democrat national conventions and afterwards, with some difficulty, obtained the paper's consent to make a trip into Mexico to write up the industrial and financial conditions of that country in the interest of the Republican Party. I spent three months there and visited nineteen out of the twenty-six States of the Mexican Republic. I went through the mines and met and talked with the miners at meal time to get acquainted with labor conditions. I afterwards visited and examined thoroughly all the great plantations of the country and collected a valuable store of information. This I returned to the United States in a series of letters which attracted national attention; some of these being used by the Republican national convention in the campaign. I might add that I carried a camera and took my own pictures to illustrate my letters.

"When I returned, Governor Brady of Kentucky paid me the compliment to say he thought my letters from Mexico were one of the strongest influences in carrying Kentucky for McKinley. Chairman Gouly of Indiana said substantially the same thing and when I was afterwards in Ohio President McKinley and other prominent Republicans paid me a similar compliment.

"When I returned from Mexico I was sent to Washington by the Commercial where I took charge of their news bureau. In 1897 I resigned and returned to Arizona, where I remained until coming to Hawaii. I like the islands and have no doubt that they are one of the pleasantest places in the Pacific to reside in."

Thursday, May 17. The deferred meeting of the Republican Club of the 4th precinct in the 4th district was held last night. The majority report of the committee on by-laws was received and accepted, owing to the absence of the majority committee report. The officers are: W. C. King, president; C. B. Gray, vice president; W. H. Wright, treasurer. These together with A. V. Gear, C. Wiman, Fern Conn, Peter Souza and T. P. Mellin were elected an executive committee. C. L. Crabbe, M. T. Bluxom, Peter Souza, and A. H. B. Vierra were nominated as delegates to be elected next Saturday.

After the meeting the executive committee held a meeting and elected A. V. Gear, chairman, and T. P. Mellin, secretary.

Parties to the big McCully tract deal are in a quandary. Unless the deeds, received by Geo. H. Paris on February 14, are recorded before June 15 they will be subject to double stamp duty under the Hawaiian law. And, at the same time, they will come under United States war tax stampage. The former would add \$100 to the cost, and the latter a large amount. Attorneys for both the contracting parties are agreed now upon details. The delay in concluding the deal is caused by waiting for J. W. McChesney and N. W. Griswold to deliver to the Paris syndicate a large number of leases.

Thursday, May 17. Eugene Duffy will be appointed Plumbing Inspector for the district of Honolulu, either this afternoon or tomorrow. It is learned that Dr. Wood reached a decision in the matter this morning. At the meeting of the Board of Health yesterday, it was decided that the inspector must be a practical plumber, and the general opinion of both the Cabinet and members of the Board seemed to be that Mr. Duffy was the most suitable man among the applicants for the position. It was, however, announced by the Board that the appointment must be understood to be temporary and that the man receiving it must not be connected in any way with the plumbing business here.

Mr. Duffy is a practical plumber of many years' experience and was the head of the large plumbing firm of Duff Bros., prominent in San Francisco business circles a few years ago. It is understood that Mr. Duffy will assume his duties at once and will soon have the new rules and regulation in working order.

Thursday, May 17. Dr. Weddick has asked that the Board of Health divide the District of Wailuku and that another physician be added. Secretary Wilcox has been instructed to enquire into the matter and report. The proposed division would give Dr. Weddick Wailuku proper and the new physician would have Maunaea, Kihel, Kula and Ulupalakua.

Thursday, May 17. A very fair gathering of buyers were present at the Drill Shed this morning when Chas. F. Schmerhorn, the facile auctioneer for Jas. F. Morgan, began the sale of royal furniture and relics. Those present were about equally divided between native Hawaiians and anglers, the latter probably predominating. The bidding was active from the start and the prices paid, considering the condition and real value of a majority of the articles offered, were very good indeed. The furniture, which was being sold at noon was bringing all it was worth.

Early during the sale it was announced that the silverware had been withdrawn from sale for the present; and the rumor was soon current that the cause was the question of legality of title. Minister Mott-Smith was seen regarding the matter and said: "The silverware has been withdrawn from the sale. The Cabinet held a special meeting this morning and decided. No, it is not a question of title; about that there is no doubt; it rests in the Government and all adverse claims have been relinquished, some quite lately. With the Cabinet it was simply a question of propriety and it was decided to hold the sale of the silverware at some more opportune time in the future."

The sale will continue throughout the afternoon until finished.

Thursday, May 17. The Kamehameha school boys have just received three hundred uniforms of khaki from one of the Chinese tailors in town. They intend to come out in these very soon.

Friday, May 18. Mr. Edwin S. Gill, accompanied by Mrs. Gill, arrived by the Coptic yesterday. Mr. Gill was seen at the Hawaiian hotel this afternoon by a Bulletin reporter and said regarding his coming to Hawaii:

"Well, yes, I may probably take up journalism here; in fact some of my friends in Hawaii wrote to me that a new Republican paper was to be started, requesting me at the same time to come out and take the editorship, if I liked the islands. Monday, May 14.
 F. C. Atherton of the Pacific Club is the champion in singles for the present season, he having defeated P. M. Lansdale in easy fashion on the P. T. C. courts Saturday afternoon. The scores of the three sets were 6-1 4-2, 7-5. At the conclusion of the ladies' tournament, Atherton will try conclusions with Elston, last year's champion. Undoubtedly, Atherton stands a good chance of defeating Elston for he is playing in better form than ever before.

In the semi-finals Saturday F. C. Atherton won from E. R. Adams, 6-2, 4-6, 8-6, Adams fighting for every point and giving his opponent all the work he wanted. P. M. Lansdale won from S. G. Wilder 6-3, 6-6, 6-3. The winners of these two matches were preceded in the Bulletin Saturday.

Wednesday, May 16.
 The lady tennis players began their tournament on the grounds of the Pacific Club yesterday afternoon, the following being the result:

Mrs. F. H. C. Gibbons vs Miss Gertrude Scott. Miss Scott wins by default. Mrs. Gibbons was ill.

Mrs. S. G. Wilder vs Mrs. F. C. Field. Mrs. Wilder wins, 6-3, 6-2, 6-1. Mrs. Wilder is again playing in her old time excellent form.

Mrs. A. M. Brown vs Mrs. H. Gunn. Mrs. Brown wins, 6-2, 6-1.

These were the preliminary matches in the tournament. The matches of the first round will be played this afternoon, beginning at 4 o'clock, as follows:

Mrs. John Waterhouse vs Mrs. von Hamm.
 Miss May Young vs Miss Gertrude Scott.
 Mrs. A. M. Brown vs Mrs. S. G. Wilder.
 Mrs. E. R. Adams vs Miss Bertha Young.

The match between Mrs. A. M. Brown and Mrs. S. G. Wilder will be watched with a great deal of interest, the two being sisters and both crack players among the ladies. Undoubtedly one of the two will win the tournament.

Thursday, May 17.
 There was a very large and fashionable audience on the grounds of the Pacific Tennis Club yesterday afternoon, present to witness the first round of matches in the ladies' tennis tournament. The results were as follows:

Miss Bertha Young vs Mrs. E. R. Adams. Miss Young wins easily, 6-0, 6-2.
 Miss Gertrude Scott vs Miss Mary Young. Miss Scott wins after a hotly contested match, 6-3, 3-6, 6-1.

Mrs. J. Waterhouse vs Mrs. B. von Hamm. Mrs. Waterhouse wins, 6-4, 6-1. Brilliant play characterized this match.

Mrs. A. M. Brown vs Mrs. S. G. Wilder. Mrs. Brown wins, 6-3, 4-6, 7-5. This was undoubtedly the most stubbornly contested match of the day, the excitement being intense throughout. In the last sets the score ran 4-4 and 5-4, each point being fought for with set determination on the part of each of the contestants.

The matches of the second round will be played this afternoon, commencing at 4 o'clock, as follows:

Mrs. J. Waterhouse vs Miss Gertrude Scott.
 Mrs. A. M. Brown vs Miss Bertha Young.

The winners of these two matches will meet for the final Friday afternoon. Mrs. Waterhouse and Miss Scott are both excellent players and it is hard to tell which will come off winner.

On Saturday afternoon the winner of the final will play Miss May Hart, last year's champion. On the same afternoon F. C. Atherton will meet Charles Elston, this and last year's champions.

People interested in tennis are cordially invited to the grounds of the P. T. C.

Friday, May 18.
 There was another large attendance at the courts of the P. T. C. yesterday afternoon, the attraction being the semi-finals in the ladies' tournament. The result was as follows:

Mrs. John Waterhouse vs Miss Gertrude Scott. Mrs. Waterhouse wins easily, 6-0, 6-1.

Mrs. A. M. Brown vs Miss Bertha Young. Mrs. Brown wins, 6-4, 7-5. This was one of the most stubbornly contested matches of the series. Both players furnished all kinds of excitement for the spectators. To illustrate the close play, the last set stood 5-5 and then 6-5 before Mrs. Brown succeeded in pulling out the deciding game.

At 4:30 o'clock this afternoon Mrs. Brown and Mrs. Waterhouse will play the final, the winner to play Miss Mary Hart tomorrow.

Another exciting match tomorrow will be between Chas. Elston and F. C. Atherton.

Friday, May 18.
 The Board of Education met in regular session yesterday afternoon. There were present Minister Mott-Smith, Dr. Maxwell, H. M. von Holt, C. L. Hopkins, Mrs. Hall, Mrs. Jordan, Prof. Alexander, T. H. Gibson and Secretary Rodgers.

The question of raising teachers salaries was brought up and took most of the afternoon; the question of specialists salaries and those of individuals being gone into. Mr. von Holt took a prominent part in the discussion and asked some very pointed questions.

Mrs. Hall favored the establishment of an agricultural branch for educational work in the Territory, such as exist on the Mainland; and she raised the question as to whether a portion of the \$15,000 appropriated for an experimental agricultural station could not be used for establishing the proposed branch.

Dr. Maxwell made a full statement as to inquiries already made of Secretary Wilson touching the question raised by Mrs. Hall. His opinion was that Secretary Wilson's object was merely to expand and make more useful the present experimental station, but not

to add thereto; therefore, the \$15,000, as Mr. Wilson understood the matter, could not be used to establish a department for teaching agriculture. Others had already applied for portions of the fund mentioned, and he had already advised them that it would not be available for establishing teaching departments in the various schools, or even in the Government schools.

Half a dozen applications were received from teachers for positions, transfers and leave of absence, which were referred to the proper committee, with the exception of Miss Helen Severance of Hilo, who was granted permission to leave for the Coast two weeks before the present term ends.

A letter was read expressing the views of the teachers of North Kona on vacations.

A letter from the principal of Kalih-waena school stated that the school was overcrowded and pupils were daily turned away. He, therefore, submitted plans for a new building. The matter was referred to the committee on lands and buildings and action on his application to open a night school was deferred.

A petition from South Kona was received through the Interior office asking that new roads be opened to the school house; Mr. Rowell thought it would be best to move the school house. Referred to the school agent.

Mr. Mott-Smith announced that the appropriation bills had been signed and that unpaid contracts and bills could now be paid and other important expenditures made.

Considerable discussion on school topics took place and before the meeting closed President Mott-Smith spoke of his pleasant relations with the Commissioners of Education and of his retirement on the 15th of June under the Territorial Act. He hoped the commissioners would carry on the good work without faltering and asked that they would keep in sight the policy of the past to secure a general raise in teachers salaries as soon as possible.

Friday, May 18.
 Since the approval of the appropriation bills by the President, the secretary of the education department has been busy making up the local appropriations on a new basis, with the result that he has forwarded to the school agents of the Territory the following containing the specific amount they will be allowed to spend:

"Sir:—You are hereby authorized to expend the sum of — for repairs on school buildings in your district for the two years ending December 31, 1901. This will include any repairs that may have been made or ordered from January 1st to the present time.
 "C. T. RODGERS,
 Secretary."

Friday, May 18.
 Her Britannic Majesty's Consul will be pleased to welcome all callers on Thursday next, the 24th inst., the anniversary of Queen Victoria's birthday, between the hours of 11 a. m. and 1 p. m. at the British Consulate, Kapalama.

Friday, May 18.
 Judge Davis consulted the jury at 12 o'clock yesterday about length of recess. Juror L. C. Ables arose and said the jurymen did not like to appear and be kept waiting an hour and a half for the Court and lawyers to have business ready. They were busy men and he protested against their being kept hanging about the lobbies with nothing to do. The Judge said warmly:

"You needn't think you are going to control the business of the Court. The Court is doing the best it can. No, there is no need of any discussion. Recess till 1 o'clock."

Friday, May 18.
 Minister Mott-Smith this morning reported to the Executive Council that he had notified the Hawaiian consuls that their duties will terminate at 12 o'clock midnight on the 14th of June, and that thereafter they are to forward the archives of their consulates to the Secretary of the Territory of Hawaii.

Friday, May 18.
 Samuel M. Damon, Minister of Finance, was today commissioned by Mr. Dole as Minister of the Interior ad interim during the absence of Alexander Young.

Friday, May 18.
 The Cabinet has approved of the appointment by the President of Dr. C. B. Cooper and E. C. Winston as members of the Board of Health.

Friday, May 18.
 The German bark J. C. Pfeuger sailed for San Francisco this morning with colors flying. She is the very last foreign vessel that will carry a cargo of sugar to San Francisco and she must be at that place by the 14th of June in order to get her sugar in. She carries the following cargo: 24,384 bags, weighing 2,979,170 pounds, valued at \$117,704.86 and shipped by the following: 7672 by C. Brewer & Co., to Welch & Co.; 11,481 by Castle & Cooke to Welch & Co., and 5231 by H. Hackfeld & Co. to Williams, Dimond & Co.

The schooner Helene sailed for San Francisco from the Oceanic wharf this forenoon with a cargo of 27,060 bags of sugar weighing 5,685,425 pounds, valued at \$147,525 and shipped as follows: 1600 bags by W. G. Irwin & Co. to J. D. Spreckels & Co.; 5000 bags by J. M. Dowsett to J. D. Spreckels & Co.; 2709 by T. H. Davies & Co. to Williams, Dimond & Co.; 8187 by Alexander & Baldwin to Williams, Dimond & Co., and 10,423 by M. S. Grinbaum & Co. to M. S. Grinbaum & Co.

The Robert Lewers, sailing for San Francisco early this afternoon, will carry a cargo of 21,217 bags of sugar, weighing 574,387 pounds, valued at \$106,366.40 and shipped as follows: 891 by M. S. Grinbaum & Co. to M. S. Grinbaum & Co., and 20,326 by H. Hackfeld & Co. to Williams, Dimond & Co.

The W. H. Dimond has finished taking on sugar and will sail for San Francisco this afternoon.

The Pfeuger, Helene, Robert Lew-

Washington, May 9.—The Senate has confirmed the following nominations:

Mr. S. B. Dole to be Governor of Hawaii.
 Mr. and Henry E. Cooper to be Secretary of Hawaii.
 Mr. J. M. Galt to be Postmaster at Honolulu.

and W. H. Dimond, all putting in less within a few hours of each other will undoubtedly make an interesting race to San Francisco.

Thaba Ncnu, May 10.—Ten thousand Boers under command of General Steyn are reported to be east of Thaba Ncnu. A battle is imminent.

London, May 11, 10:50 a. m.—Lord Roberts telegraphs to the War Office from Kietspruit, under date of May 10, evening, as follows:

"We have had a successful day and have driven the enemy from point to point. French with Porter's and Dickson's brigades of cavalry and Hutton's mounted infantry, crossed the Zand at Vermetens Kraal and then worked round in a northeasterly direction to Maatschappij, being opposed continuously by the enemy.

Pole-Carew's division and Gordon's cavalry brigade, augmented by "J" battery of the Royal Horse Artillery, and by Henry's and Ross's mounted infantry, crossed the river by a drift near the railway bridge. My quarters accompanied this force. With the infantry portion we are eight miles north of the river. The cavalry and mounted infantry are at Ventersburg road station and Tucker's division is at Deelfontein.

Jan Hamilton's forces and Broadwood's cavalry brigade was making for the cross roads near Ventersburg when I last heard from them. Hamilton's column met with stubborn resistance, and Smith-Borrien's brigade was engaged for some hours in protecting the rear and flank of his force.

"The only casualties reported at present are:

"Killed: Rank and file, four; wounded, five. No returns yet received from the cavalry nor Hamilton's force."

Washington, May 8.—In reply to an inquiry regarding surveys of the waters of the new insular possessions of the United States, Secretary Long has sent to the Senate a statement showing the progress of the work. Surveys of the Hawaiian Islands and of the American possessions in the Samoan group are practically completed.

Walluku, May 11.—While this town was bright with the holiday celebration of the Japanese on Wednesday, the plantation managers of the island were holding an important meeting at the residence of Manager Wells of Walluku plantation to discuss the labor situation. Those present were W. F. Pogue of Kihel, Barkhausen of Kipahulu, Baldwin of Hamakua, Lindsay of Paia, Lowrie of Spreckelsville, Ahlborn of Lahaina and Wells of Walluku.

The whole situation was thoroughly canvassed and recent strikes of Japanese discussed. The action of the Lahaina and Olowalu managers in acceding to the demands of strikers was severely criticized. The following resolution was passed:

Resolved, to organize a labor bureau with an office at Walluku under the control of trustees from the plantations. All labor for the plantations is to be employed through this Bureau. Passbooks with various data to be given each man and in case of discharge the cause of the discharge to be clearly stated.

Further details and the time of the inauguration of this system is to be governed by the final action of the United States Congress on Hawaiian labor matters.

Washington, May 9.—A meeting of the Foreign Relations Committee of the Senate was held today, at which was discussed the proposition to take up the indebtedness of Hawaii as assumed by the United States when the resolution annexing Hawaii to this country was adopted. Secretary Gage explained the necessity for additional authority before he could take action to wipe out the indebtedness.

The resolution of annexation provided for the taking up of bonds and other indebtedness to the amount of \$4,000,000, but it has been developed that the full amount of the indebtedness is approximately \$4,600,000, including the liabilities of the Hawaiian postal savings bank. A bill was drawn authorizing the Secretary to take up this indebtedness and the committee today authorized a favorable report to be made out.

[Hilo Tribune.]

We know nothing about the alleged Republican machine in Honolulu, if there be such a thing. The fact that the Advertiser says it is smashed causes us to believe that it isn't. The fact that the Advertiser is pouring out upon it all its assorted viols of wrath, contempt, ridicule and abuse, leads us to suppose that it must have at least several redeeming features.

San Francisco, May 10.—All arrangements have been completed for the launch of the big steamer California, which is to take place at the Union Iron Works on Saturday night by the light of the moon. The mass of steel occupies the first berth from Kentucky street, and to the left of her are the various warships in progress of construction. The name of the vessel is on both sides of the prow, against which a bottle of champagne is to be smashed when Miss Edith Chesebrough christens the craft.

On next Monday two boilers and the bed of the engine will be put into their places on the steamer and she will then be hurried to completion.

the fifty-fifty days after passage. "There is nothing more that can be done," said Mr. Ballentyne, and he expressed his thanks for the interest that the chamber had taken in the matter. "I appreciate the interest you have shown," he said, and continuing in the trade outlook:

"Our people want to trade with you, and if you will give them the opportunity there is a good field in the islands for Washington exporters and importers. There is much room for the development of trade for the products sports now are fodder and timber. There is the opportunity of sending supplies of fresh meat, which is now supplied from San Francisco and New Zealand. In case of the latter, as soon as the new law goes into effect it will course out of the supply from there, the grazing lands near Honolulu have been turned into sugar plantations which leaves that city dependent upon the outside for her fresh meat supply. There will be also a heavy trade in dairy products, which now come largely from Australia. I see no reason why you should not get your share of this trade, and when you are competing with San Francisco it will make the goods cheaper for us."

Mr. Ballentyne advised the establishment of a sugar refinery in Seattle, which he said would be sure to bring much of the sugar crop of the islands to this port. He said the growers were anxious to get away from the sugar trust, but were forced to keep to their contracts, though when these agreements expired, which would be soon, they would be glad of an opportunity to transfer their business dealings to others. He said that if a refinery was built here it would in a large measure settle the proposition of vessels being run at a profit, as it would give them return cargoes.

The chamber gave a vote of thanks to Mr. Ballentyne for his suggestions.

Walluku, May 11.—Manager Ahlborn is reported to have decided to withdraw from the management of Pioneer mill. Mr. Barkhausen of Kipahulu is said to be scheduled for the position at Lahaina.

Charles Lennox, formerly at Ewa and with Mr. Lowrie at Spreckelsville, is to be the manager of the new Labor Bureau to be established by the Maui planters.

Walluku, May 11.—The new road crusher for Walluku and Kahului has been moved up to Walluku now and will be used to crush the stones required for building the new reservoir for the Walluku water works.

San Francisco, May 7.—Public Administrator Boland today filed an application in the probate court for special letters of administration upon the estate of James Campbell, the millionaire, who died at Honolulu on April 21st.

Mr. Campbell left some property in this city, including cash on deposit in various banks. He also owned large realty belongings in San Jose, where his two daughters are attending school.

Washington, May 4.—Representative Corliss of Michigan has introduced a resolution setting May 15th for the consideration by the House of the Pacific cable bill, the vote to be taken May 16th.

Washington, May 7.—Commissioner Wilson of the Internal Revenue bureau has issued instructions to collectors to the effect that from and after June 14, 1900, the following articles manufactured and produced in the United States cannot be exported to the Territory of Hawaii in bond without the payment of tax, nor with the benefit of drawback, as heretofore: Distilled spirits, stills and worms; Tobacco, snuff and cigarettes; fermented liquors, playing cards, oleomargarine, mixed flour, proprietary articles, medicines, bottled wines and all other products named in schedule B of the war revenue act of June 12, 1898.

Astoria, Oregon, May 9.—The British ship Argus, Captain Hunter, in ballast from Port Los Angeles to Portland, arrived at the quarantine station this afternoon, having on board fifteen of the crew and four passengers of the Hawaiian ship Iolani, bound from Hilo to San Francisco, which sunk off the coast near San Francisco on the night of May 3d in a collision with the Argus. The Iolani was a total loss, but the crew and passengers were saved.

Manila, May 5.—The United States transport Meade sailed at 5 o'clock this afternoon for the United States with General Otis and two aides de camp on board. The general's valises in port fired a major general's salute as the steamer raised her anchor.

Since the beginning of the insurrection General Otis has kept at his desk from early morning until midnight. He has never been seen on the Luneta, like the other officers, and only two or three times has he been seen in society, and these occasions were semi-official receptions. The general leaves the army admirably organized, provisioned and clothed.

The Seattle P.-I. of April 26 says: Seattle's opportunities for getting trade with Hawaii were spoken of before by the Chamber of Commerce yesterday by C. G. Ballentyne, manager of the Honolulu Rapid Transit Company. Mr. Ballentyne appeared at a special meeting of that body Tuesday for the purpose of getting its indorsement of the reinstatement of the provision in the Hawaiian measures extending the time of the effectiveness of the coasting laws a year after the adoption of the act, and yesterday stated that the conference committee of the Senate and House had refused to so reinstate it, which would make the coasting laws go into effect at the same time as

Circuit Court Has Usual Busy Routine

Monday, May 14. Kalona, who pleaded guilty last Monday to burglary committed in the store of W. W. Dimond & Co's store, was sentenced by Judge Stanley today to be imprisoned at hard labor for the term of fifteen years. His plea to burglary in L. B. Kerr's store was not taken. Deputy Attorney General Dole asking for a nolle prosequi in this case, which was granted. Leon M. Strauss for defendant.

Hill Santos alias Peter Fernandez pleaded guilty to carrying concealed weapons, and Judge Stanley fined him \$5 with \$5.50 costs. E. P. Dole for prosecution; J. M. Vivava for defendant. Amelia Richardson, mother of Ruth and George Richardson, minors, petitions for an increase of allowance for their support, education and maintenance from \$2,000 to \$3,200 a year beginning from May 1, 1899.

The trial of the test case of the 29 damage suits of Hogan's Minstrels against the Canadian - Australian Steamship Company has no prospect of concluding this afternoon. Plaintiffs have eight more witnesses to put on the stand. Judge Davis talks of a night session. On Saturday the evidence of Captain Hemming and Purser Carpenter of the steamer Mowera was taken while that ship was in port. The captain's testimony was that he had refused plaintiff's passage to Victoria because he had no room for them; denying absolutely that he drew the color line against them. "They were all my friends," is one thing Captain Hemming said. The purser's testimony was interesting from the fact that witness was a clerk in the defendant company's agency at Sydney, and as such made the bargain with plaintiffs for their through passage to Victoria. They took storage tickets with a reduction and certain privileges besides. Witness had warned them that if they stayed over at Honolulu it would be at their own risk.

Tuesday, May 15. Judge Stanley, at the request of Deputy Attorney General Dole, granted a nolle prosequi to Leo Daval and Berntha Martin, charged as disorderly persons. F. Chillingworth for defendants. E. J. Mahoney, defended by Cathcart & Parke for assault and battery, was discharged on nolle prosequi.

George Piggott and Fred Hausler were put on trial for burglary by the following jury before Judge Stanley yesterday afternoon: C. H. Clapp, T. Krouse, C. R. Collins, G. H. Gallagher, Geo. S. Harris Jr., Geo. Angus, John Effinger, J. T. Copeland, Jas. L. Torbert, Fred, Philip, W. S. Bartlett and R. R. Campbell. As another jury was sitting and many jurors were chal-

lenged a number of takersmen were required. E. P. Dole for prosecution; W. A. Henshall for defendants. The offense was alleged to have been committed in a Chinese store the night of the Chinatown fire.

Judge Davis has confirmed the master's report in Keahemakani Nahohouan, vs. E. H. E. Walter, bill in equity for account and cancellation of mortgage. J. A. Thompson, master, is allowed a fee of \$150. The mortgage was for Honolulu and Maui properties, the consideration being \$2321. Summons in the suit was issued two years ago last February. In his report the master approved the account of defendant found a balance due the defendant of \$1310.55. S. K. Kane for plaintiff; J. M. Kaneakua for defendant.

John S. Walker, administrator of the estate of J. C. Strow, deceased, has rendered an account showing receipts \$1103.10, payments \$781.46, balance \$321.64. The value of the estate is about \$2600. An order of distribution and discharge is requested.

J. S. Walker, guardian of John D. Holt, spendthrift, renders an account showing receipts \$1474.92, payments \$1416.10, balance \$58.82. As guardian of James R. Holt, Mr. Walker received \$989.57 and paid \$1072.47 leaving a balance due the guardian of \$82.90.

William Eston, charged with the murder of Toyo Jackson, pleaded not guilty before Judge Stanley. Charles Downing, charged with the murder of Geo. Pool, was given till tomorrow to plead, on the application of his counsel, Mr. Creighton.

Piggott and Hausler's trial for larceny went over this morning until the afternoon on account of the illness of Mr. Henshall, attorney for defendants. F. M. Brooks is assisting the Deputy Attorney General in prosecuting this case.

Judge Stanley this morning disposed of the following cases as stated: Lat Fu, assault and battery, nolle prosequi. Deputy Attorney General Dole and P. Neumann for prosecution; Humphreys & Andrews for defendant. Lau Wai Suck and Kim Soon, assault with dangerous weapons, nolle prosequi. Deputy Attorney General and Humphreys & Andrews for prosecution; Neumann for defendant. E. J. McGettigan, larceny second degree, nolle prosequi. Deputy Attorney General and J. W. Cathcart for prosecution; S. F. Chillingworth for defendant. Philip J. Kerch and N. Hill, larceny second degree, nolle prosequi. Same counsel as in previous case. Mike Castello, heedless driving, changes plea to guilty and is fined \$10. Defendant in person. R. A. Faulkenberg, larceny second degree, continued until August term, defendant allowed to go on his own recognizance, at request of Deputy Attorney General. H. R. Hitchcock for defendant. George Miller, larceny second degree, nolle prosequi. Cathcart assisting prosecution; Hitchcock for defendant. Tai Cheong, violating building regulations,

transferred to jury, waived calendar. Neumann for defendant.

W. O. Smith has presented trust accounts as follows: Guardianship of Bill Bray, minor—receipts \$325.69, payments \$589, balance due ward \$236.69; trusteeship of estate of Achi K. Akau, deceased—receipts \$1506.25, payments \$1526.12, balance due trustee \$19.87; guardianship of Annie Hall, minor—receipts \$2952.58, payments \$2422.03, balance due ward \$530.55; guardianship of Wm. A. Hall, minor—receipts \$1622.84, payments \$1306.84, payments \$316.00, balance due ward \$315.97.

Magoon & Long for defendant give notice to A. G. Correa for plaintiff that they will ask the Court tomorrow to set a day for the hearing of Keaumoka, w., vs. Fred Wundenberg, bill for reformation of deeds.

Wednesday, May 16. After argument in the damage suit of Ernest Hogan vs. Canadian-Australian Steamship Co. yesterday afternoon, Judge Davis gave a recess of an hour and a half until 4:30, when he charged the jury. Exceptions were noted by both sides. The jury retired to consider its verdict a few minutes before 5 o'clock.

When the jury was absent an hour, singing was heard in the jury room. Judge Davis consulted with counsel and consented to having refreshments sent in to the jury. He ordered Officer W. Vida to procure supper for the twelve men from some first-class caterer.

At 9 o'clock the jury returned a verdict for the plaintiff with \$2250 damages. Mr. Robertson gave notice of motion for a new trial.

M. M. Pavao was tried before Judge Stanley for carrying concealed weapon by the following jury yesterday afternoon: C. R. Collins, J. S. Martin, J. T. Copeland, George Angus, John Effinger, George Harris Jr., Jas. L. Torbert, G. R. Carter, C. H. Clapp, W. L. Hopper, Fred, Philip and T. Krouse. J. W. Cathcart assisted Deputy Attorney General Dole for the prosecution; A. G. Correa and C. Creighton for defendant. The prosecution's case was largely circumstantial, alleging that a knife found in the street had been dropped by defendant while under arrest. He had been acting suspiciously about town and followed for an hour or two by special policemen in plain clothes. The jury after deliberating about half an hour reported hopeless disagreement and was discharged.

In the case of Ah Nee, larceny second degree, continued from February term, Deputy Attorney General Dole moved for continuance till next term. Mr. Brooks moved to dismiss, which Judge Stanley granted. Next day Mr. Brooks moved for an order to compel the prosecution to deliver up \$30 belonging to defendant. The Court refused to make an order, saying defendant's counsel would have to consult with Mr. Dole about the property.

The trial of Piggott and Hausler for larceny was resumed before Judge

Stanley this morning. Goo Kim Fui, Chinese vice consul, is watching the proceedings, the alleged stealing having been from a Chinese store the night of the Chinatown fire.

Lee Long, Fung Chong and Lee Look were put on trial for assault with a dangerous weapon before Judge Davis, the jury being: W. M. Cunningham, L. C. Ables, F. S. Lyman, A. D. Larnach, I. Rubenstein, G. R. Carter, C. J. Ludwigen, Theo. Wolff, J. J. Egan, W. H. Smith, W. L. Hopper and C. B. Gray. Robertson & Wilder and R. D. Mead for prosecution; Magoon and Long for defendants.

The 28 remaining cases of Hogan's Minstrels Company's members against the C.-A. S. S. Company stand aside today, "to give the criminal calendar a show" as one of the attorneys explains.

Thursday, May 17.

H. E. Beasley was put on trial for assault and battery before Judge Stanley this morning, the following jury being empaneled: C. H. Clapp, John Effinger, J. D. Tregloan, Jas. L. Torbert, George Angus, Fred, Philip, J. F. Copeland, T. Krouse, W. S. Bartlett, H. J. Gallagher, H. Zerbe and Geo. S. Harris Jr. J. W. Cathcart assisting prosecution; S. F. Chillingworth for defendant. Beasley, a member of Bowler's merchants' patrol, was alleged to have laid violent hands without justification on a native boatboy at night. At noon the jury returned a verdict of not guilty, two jurors dissenting.

Judge Davis was still hearing at noon the trial of a Chinese assault case begun yesterday morning by a foreign jury.

As committing magistrate Judge Davis heard the charge of assault and battery against Chin Lum Kyan, a Chinese woman, committed in slapping Goo Yuen's face. The Court found it was no case for a jury, but in discharging defendant administered a reprimand, warning her to strictly avoid violence toward the complainant. Lorrin Andrews for prosecution; Paul Neumann for defendant.

C. K. C. Rooke vs. Queen's Hospital, C. R. Bishop et al., action to quiet title, is remitted to the Circuit Court for such further proceedings as may be necessary under the decision of the Supreme Court.

Bruce Cartwright's annual account as trustee of Estate of Queen Emma balances at \$564.81.

Friday, May 18.

A unanimous opinion of the Supreme Court, written by Justice Whiting and concurred in by Justice Frear and Circuit Judge Perry, has been rendered in William Brown vs. Koloa Sugar Co. It is an appeal from the district magistrate of Koloa, Kauai, on points of law. The magistrate had allowed the plea of defendant to jurisdiction, based on Sec. 1118, Civil Laws: "That the district courts of the Republic of Hawaii have no jurisdiction of real actions or actions in which the title to

real estate shall come in question." It is held by the Supreme Court that a title to an easement—a water right—is a title to real estate within the meaning of the statute. The appeal of plaintiff from the magistrate's ruling is dismissed, but no costs of appeal to be taxed to plaintiff. It is declared that all similar trespass actions which involve or may involve the question of title to real estate ought to be brought in the Circuit Court in the first instance. J. D. Willard for plaintiff; M. F. Prosser for defendant.

Judge Stanley has signed a decree appointing Jas. A. Thompson a commissioner to sell the School street property of the Cunha estate at public auction at an upset price of \$8000.
