WATER.

The California *Alta* has been hard at it for irrigation of desert lands in the State. The latest calculation is that if irrigation is made general, the results will be two to one in comparison with the total yield of the gold mines to date. Irrigation is an enterprise that ought to be vigorously agitated in this kingdom. The advantages of irrigating lands are sufficiently apparent on the plantations, where distributing water over the areas planted is part of the cultivation. Provision for the irrigation of all lands cultivated and wanted for cultivation ought to be made on a permanent basis. To make the soil of the country productive is as much a public necessity as the construction of railroads in larger countries, or the running of steamers. A railroad is needed to open up a wilderness country, or a steamer is needed to ply between ports, and in all such cases government aid is expected. On the same principles, a universal system of water supply for this island, wherever and whenever needed, might very well be taken up as one of the public works of the kingdom. If a road or a bridge is needed to get to a locality, it ought to be of not less consequence that the locality be worth getting to. The great solitudes of this island, once teeming with inhabitants, would soon be re-peopled if soil and climate could be depended on to yield fair returns for labor and capital. All that seems to be wanting under these heads is a regular and sufficient water supply. When the skies yield moisture in scant measure or at long intervals, enterprise, under the guidance of science, and with the sinews of capital, finds relief in nature's storehouse, the earth. It is said by persons who ought to know that the natives of Oahu, in ye ancient days, had an excellent system of supplying water to their respective holdings. Now, that the country is blessed with liberal taxation, large public revenues, an empty treasury, and swarms of officials, an efficient system of irrigation would produce taxable property tenfold more taxable, the revenues would be immensely increased, the treasury replenished, and the official pay roll would represent service as well as salary. As has been frequently asserted before in the columns of this paper, the country's future depends upon its being occupied by a large free labor population, and to secure this, provision must be made for rendering the resources of nature available for the prosecution of every branch of agricultural industry.

A NEW PLAN.

The Irish National League of America is going to run the English Parliament. Since dynamite won't blow up British institutions on the other side of the "herring pond," money is going to shape the course of Imperial legislation so that Ireland will have things all her own way. Home rule or any other kind of rule will then be reached by the plainest sailing imaginable. The sinews of constitutional warfare are to be provided in America. The great difficulty which has hitherto beset Mr. Parnell in the House of Commons was the want of votes. Provided an M. P. has votes enough

at his back, he is well-fixed. Then, of course, landlordism goes down and Home Rule goes up. And these votes are now to be provided. A fund is to be raised amounting to \$225,000 to enable Mr. Parnell to guarantee \$500 a year to every one of ninety members for five years. This handsome remuneration will be supplemented by the followers of Mr. Parnell in Ireland. The ninety patriots will as in duty bound vote solid for Mr. Parnell's measures. And as parties are pretty evenly divided in the Commons the ninety will hold the balance of power. But they have their seats to win in the elections. This, too, will be provided for. All money collected by the League previous to January is to go over to defray the expenses of the ninety's elections. This plan is delightfully free from the dynamite system of warfare with which the public had become very disagreeably familiar. That it will be a brilliant success, of course, none of the contributors of the \$225,000 will be permitted to doubt. The feasibility of the plan of maintaining ninety men in the pay of a section of the citizens of a foreign country in the House of Commons remains to be tested. Meantime the collections can go on, and the money, if not applicable in Ireland, will build a couple of very nice brown stone mansions in New York for the principal officers of the league. That the ninety M. P.'s retirement from the house at Westminster will be as rare a piece of sport as a boar hunt in the Duke of Argyll's game preserves, need be no bar to the diligence of the collectors or the liberality of the contributors. What is wanted is the \$225,000.

The war cloud has disappeared in the North only to re-appear in the East. Eastern Roumelia, one of the Turkish provinces given autonomy at the Berlin Conference, at the close of the Russo-Turkish war, has suddenly risen as one man, deposed the Governor-General and proclaimed its annexation to Bulgaria. The Governor-General is nominated by the Porte, subject to the approval of the signatories of the Treaty. Bulgaria cordially received the revolutionizing child, Bulgarian troops poured into the annexed Province, and Prince Alexander made an ostentatious entry into his new domains. The Bulgarian troops were said to be commanded by Russian officers, but later it was announced these were replaced with Bulgarians. Of course, Russia is believed to be at the bottom of the business, and the revolution, entirely a bloodless one, is regarded as the firstfruits of the recent conference of the Czar and the Austrian Emperor at Kremsier. Turkey has appealed to the signatory Powers, upon behalf of the integrity of the Treaty of Berlin. There the matter stood at last accounts.

DISCRIMINATIVE LEGISLATION.

EDITOR BULLETIN:—A merchant is reported to have made the following remarks: "I think it is perfectly ridiculous. You cannot make one law for one nationality and another for another"—the above referring to and condemning the policy put forth in Mr. Marques' letter found in your issue of the 1st. I do not agree with that merchant; neither can I sustain his opinion; undoubtedly the gentleman who made the remarks found in your issue of the 2nd, if he may be an old kamaaina, had not taken into consideration the fact that the Hawaiian, the former and original owner of the soil, was "kapu" and deprived of the right to use ardent spirits for many years under the very same constitution which now governs the islands, and acknowledged by all to be paramount and the supreme law of the land. During the time the Hawaiian was deprived of those rights, these eastern pagans have been allowed the full and equal rights of a Christian nation, and been allowed the use of and right to purchase drink and to deal in ardent spirits throughout the kingdom. While they, the Chinese, and all other nationalities were enjoying their rights and freedom, the native of the soil was compelled unmanfully to sneak to the back door and take an unlawful dram, at the same time a Hawaiian Legislature was taxing his, the native's property, to bring here these Mongolian people whom Mr. Marques is honorably endeavoring to restrict, in order to check the

exodus and retain here the white race, which fairly claims to be the founders and main supporters of our present constitution.

I further quote from the gentleman's remarks: "I would have the retail license fee raised to \$500, which would close up most of these Chinese stores at once." I certainly must admit that this \$500 license would close up probably one-half of the Chinese stores throughout the kingdom, and leave the other half in full and absolute control, to receive nearly all money paid by the planters to their laborers, which now passes direct into these wealthy Chinese business firms, now firmly and well-established at the door of nearly every sugar and rice plantation throughout the islands. I am credibly informed by a citizen of Hilo District that one Chinese firm now controls and owns large interests in 27 stores from Laupahoehoe to Hilo. Each and every store is publicly dealing in "Jersey lightning" and running a prosperous opium trade in presence of the Hawaiian officials of that district.

Sir, it is my firm conviction that the only alternative left to the people to rectify the now existing evil, save ourselves from total annihilation, and prevent the abrogation of our treaty, is to strike from our statutes a labor act which is encouraging the Hawaiian official to bring to these limited shores thousands of foreign pauper laborers, desired only by a Government syndicate in order to fill each one's private coffers; secondly, by placing a law upon our statutes, stopping the issuing of wholesale or retail licenses to these "long tail" Chinese coolies, formerly brought here expressly to supply the planter with labor. My views, if carried out, will save the Hawaiian from total extinction, once more place business enterprises in a state of prosperity, enable us to regain the goodwill and support of foreign nations, and save ourselves a disgraceful future.

I do not quite agree with Mr. Marques in his slow process of super-seding these people. Upon mature deliberation I think he must come to the conclusion that we must agree to act energetically and firmly in order to protect ourselves, our rights, and property, and the Hawaiian from being driven into the ocean. The question has been frequently asked by many of our property holders: "Would not the Government be a large loser in revenue by refusing to grant licenses to the Chinese storekeepers?" My answer is: The capital now hoarded and lying dormant in the kingdom would be used to purchase the most of their property; therefore, the Hawaiian Treasury would receive nearly the same amount of revenue for licenses through the hands of a race of Christian people, instead of receiving it from Eastern barbarians, who have shewn but scant or no respect, during their stay here, for the Hawaiian, his institutions or government. SHIPPING NOTES.

Steamer Kilauea Hon sails to-morrow
at noon.

The Domitilla sails this afternoon for
Koolau. She will make regular weekly
trips to that district taking freight either
way. Mr Paiko, commander, will act as
her agent. She has been painted a
bright green that makes her obvious
to any eye. She will keep the name
Domitilla which will, in time, become
very familiar to all Koolau packers.

The steamers Like-like, Mokoli and
Jas I Dowsett left for Kamakahi with-
in a few minutes of each other last
night. The Like-like in the lead and
the Dowsett in the rear. The Mokoli
had a good start of the Dowsett, but
was overhauled and passed by the lat-
ter vessel before she could get outside
the harbor. The Dowsett then crowded
on steam to lessen the distance between
herself and the Like-like.

The bkme Eureka, Captain Lee, will
probably sail for Hongkong with Chi-
nese passengers. If so, she will load
there for this port, and on her return
will receive sugar for San Francisco.

The Calbarien has 2,900 bags of sugar
and 200 bags of rice in the hold. She
will probably sail about Saturday next.

card accordingly.

H. B. M. S. S. SATELLITE will

to give the officers an opportunity
of visiting the Volcano.

Mrs. SOUTHWICK, city missionary,
has opened a Sunday School in

by thirty-seven children last Sunday.

Dr. Henry L. Curtis, who arrived
by the City of Sydney, goes to

cian, in place of Dr. Rawson, emi-
grated.

By last mail the Hawaiian Ramie
Company got an order from New
Orleans for 200,000 roots at a larger
price than they are asking here for
plants in small lots.

Mr. A. Jaeger has raised a cus-
tard apple from seed, and has other
exotic plants for distribution, at the
Government nursery, to persons en-
gaging to cultivate them.

The collection at Kaunakapili
Church on Sunday morning, for the
benefit of the building fund, amount-
ed to \$209.65. His Majesty the
King, attended by Col. Judd, was
present, and contributed \$25 to the
fund.

A PROJECTED reception by the Y.
M. C. A. to the captain and officers
of the H. B. M. S. Satellite, this
evening, has had to be postponed,
on account of the serious illness of
Mrs. Davies, wife of the British
Vice-Consul.

The coast of Puna, Hawaii, is
gradually sinking. It sank from five
to fifteen feet during the earthquake
of April, 1868. Unless there be a
corresponding rise in another
quarter, the biggest island of the
group will be seriously reduced be-
fore very long.

Mr. Henry Poor has opened his
snug cottage on Emma street with a
luan. It will be occupied, half by
Viscount Toric and Mr. Fojila,
Secretaries of the Japanese Con-
sulate, and the other half by Mr.
and Mrs. W. Unger, who were
married on Saturday night.

At the meeting of the Fire Board
last evening, it was decided to leave
the shifting of the tower bell until
the return of Mr. Nott, Chief En-
gineer. Mr. P. Braun, in person,
thanked his colleagues for a donation
of \$30 relief, granted him for in-
juries sustained at the late Nuuanu
Avenue fire.

One of Hebbard's drays loaded
with a piece of machinery weighing
several tons, on its way from the
Ironworks this morning, stuck op-
posite Grinbaum's, the horses being
too light for the load. Although the
animals made a noble effort, the
driver plied the whip without stint.
At length a large horse of the same
owner came along, and being hitched
to the load walked off with it.

INFORMATION has been received
from headquarters, by last mail, that
the \$300,000 new stock of the Amer-
ican Refinery, San Francisco, has
all been subscribed, and the addi-
tions to the building are well under
way. From other sources than that
from which the above is obtained, it
is learned that the same refinery has
sufficient sugar on hand, and a cargo
was out from Manila over twenty
days at latest advices.

A SOMEWHAT immense deal of real
estate at auction will take place at
Mr. Levey's salesroom to-morrow at
noon. First in order are seven lots
on Kauni, under mortgages to C. J.
Fisbel. Then six homestead lots
near Punahou, on Bingham, Alex-
ander and Beretania streets, de-
scribed in special advertisement.
Thirdly, the valuable lease of house
and large barn, with two acres of
pasturage, on Punchbowl street, six-
teen years to run.

PEOPLE using water from Makiki
reservoir for irrigating purposes are
warned to be more careful in the
future, or some fine day they are
likely to be without water. The
Makiki reservoir holds about 500,-
000 gallons, and has been lowered
during the present dry spell to three
or four feet in depth. It supplies
but 51 taps, while the Nuuanu reser-
voir, holding only 300,000 gallons,
supplies the whole city and shipping.
This indicates considerable prodigality
on the part of Makikians.

EXCHANGE OF COURTESIES.

Yesterday morning His Majesty
the King entertained Captain Aling-
ton and officers of the British man-
-of-war Satellite at breakfast. Gov-
ernor Dominis, Hon. A. S. Cleghorn
and Cols. Judd and Purvis were
present. Attended by the party
just named, the King at noon visited
the ship. The yards were manned
in his honor at arrival and depart-
ure. A hundred-pound shell was
fired from one of the 6-inch breech-
loading guns, to show the working
of the piece to His Majesty.

In the evening a complimentary
concert was given the captain and
officers of the ship at the Hawaiian
Hotel. Building and grounds were
finely illuminated with colored lan-
terns and torches. There was a
large attendance, including Govern-
or Dominis, the American Minister
and the British Commissioner, with
Mrs. Merrill and Mrs. Wodehouse;
the French Commissioner and ladies,
and the Portuguese Commissioner.

THE SUGAR MACHINERY BOOM.

Work had to be carried on all
last night at the Ironworks, to have
a large quantity of machinery com-
pleted and packed in time for ship-
ment by the steamer Planter. A
maceration mill goes to Hanamaulu,
Kauai. The balance of an order
for a similar mill is being despatched
to the Union Mill, Hawaii. There
is a new roller for Koloa, and there
are rollers for Judge Hart, Kohala,
Hawaii. Orders for repair works
are greater at the works than ever
before. In consequence of such a
rush, that has continued since the
first maceration mill was made
several months ago, the men are
working overtime every night. Re-
ports from some mills that have
lately adopted maceration, indicate
that the process is exceeding the
most sanguine expectations of its
value. A gain of over twenty-five

percent of juice is not too large an
estimate of the results obtained
where the new method has received
a fair trial. A much higher figure
is mentioned in some cases, but,
until the exact returns are ready
for publication, it is premature to
calculate the saving effected.

SUPREME COURT—OCTOBER TERM.

MONDAY, Oct. 5th.

Before Chief Justice Judd.—The
King vs. P. Raymond, possession of
opium. Appeal from the Police
Court. Defendant is called three
times and fails to appear. The Court
orders that he be defaulted and his
bond forfeited. The bondsmen are
Chas. B. Wilson and J. I. Dow-
sett, Jr.

The King vs. George Summers,
burglary. The defendant is ar-
ranged on the indictment and pleads
not guilty.

The following cases are specially
set: Hawaiian Commercial Co. vs.
J. M. Horner, for Monday, 26th in-
stant; Plate vs. Thurston et al.,
Monday, the 19th; Ami vs. Wagne-
r and Alau vs. Wagner, Monday,
the 19th.

It is ordered that the Court will
sit in banco on Wednesday, October
14th.

The King vs. Albert Kunuika,
malicious injury. Appeal from
Police Court. The case was tried
before a Hawaiian jury, who ren-
dered a verdict of guilty, three dis-
senting. Major Rosa for Attorney-
General, J. M. Poepeo for defendant.

The King vs. Keikihookama, em-
bezzlement. Defendant is arraigned
on the indictment and pleads not
guilty.

The King vs. Elia, forgery. Tried
before a Hawaiian jury, who brought
in a verdict of not guilty. Major
Rosa for the Attorney-General, Kin-
ney and Peterson for defendant.

TUESDAY, Oct. 6th.

Albert Kunuika, for malicious
injury, was sentenced to pay a fine
of \$4 and costs taxed at \$21.55.

Keikihookama, for embezzlement,
found guilty by a Hawaiian jury and
sentenced to six months' imprison-
ment.

IN CHAMBERS.

TUESDAY, Oct. 6th.

The following banco decisions
were filed in the clerk's office yester-
day:

1st—In the case of J. C. Merrill
& Co. vs. A. Jaeger, executor of the
will of F. T. Lenahan, deceased, the
Court overruled the plaintiff's
exceptions. This was a case tried
at the January term, when a verdict
was rendered for the plaintiffs for
\$791.83 with interest. The verdict
was afterwards set aside and a new
trial had in the April term, when
verdict was given for the defendant,
the plaintiffs thereupon taking ex-
ceptions which were disposed of as
above stated. The basis of the suit
was for merchandise and freight
bills which were disputed by the
parties. S. B. Dole for plaintiffs;
Ashford & Ashford for defendant.

2nd—In the case of the King vs.
Hiram A. Bridges, the defendant's
exceptions were overruled. This
was a case tried at the last January
term, when said defendant was in-
dicted for manslaughter in the first
degree by feloniously killing one
Leonard R. Patten, on the 12th day
of November, 1884, and was con-
victed of manslaughter in the second
degree, defendant's counsel there-
upon excepting to the verdict, which
exceptions were disposed of as
above stated. Attorney-General
Neumann for the Crown; W. R.
Castle for defendant.

There was a hearing this morning
before Justice Bickerton in the case
of S. L. Austin and others vs. C.
Brewer & Co. and others upon a
motion filed by the defendants to
dissolve the writ of injunction issued
in the above entitled cause for the
following reasons: 1st—That Joseph
O. Carter and Peter C. Jones, as
President and Secretary of Onomea
Sugar Company, are now and have
been, for twelve months past, in
possession and control of the Onomea
Plantation, and no sufficient reason
is set forth in the bill of complaint
why they should be deprived of the
same. 2nd—That if complainants
are now put in possession
and control of said plantation,
said respondent, C. Brewer & Co.,
will be in danger of suffering great
and irreparable loss from the mis-
management and waste of said plan-
tation by said complainants. F. M.
Hatch for the motion, Ashford &
Ashford for plaintiffs. The Court
sits next Thursday morning, at 10
o'clock, for argument of counsel on
the motion.

IN PROBATE.

This afternoon the Court was sit-
ting in probate, Chief-Justice Judd
and Associate-Justice McCully on
the bench, to try the appeal of Al-
bert K. Kunuika against the will
of Queen Emma, by a mixed jury.
J. M. Monsarrat, Cecil Brown and
F. M. Hatch for A. J. Cartwright,
executor, and J. M. Poepeo and J.
Kaneakua for contestant.

POLICE COURT.

TUESDAY, Oct. 6th.
Kauaina, Lolee, Bob, T. McClay,
were each muled \$6 for drunkenness.
Chung Hung, arraigned on the

2nd for having opium in possession,
was discharged.

Yim King was remanded until the
7th on the same charge. Mr. Jona.
Austin appeared for him.

Aiu was fined \$75 and two months'
imprisonment at hard labor, for hav-
ing opium in possession.

Waiu was reprimanded for assault
and battery, and discharged.
