## HAWAII'S "BLUE" LAWS

CONSTITUTION and LAWS  
Framed by the Missionaries.

LAWS of the HAWAIIAN  
ISLANDS.

### RESPECTING THE NEW MEETING OF THE NOBLES

On the first day of April, in the year one thousand eight hundred and forty-one, the Nobles met at Luachu, in Lahaina according to the requirement of the Constitution, and afterwards three persons came forward appointed by the people, and joined the council of the Nobles.

At this council several alterations were made in the existing laws, and several new laws enacted.

The changes in the old laws are as follows:

#### I. LAW OF TAXATION.

In relation to all laws on taxation it is enacted, that whenever the Governor shall perceive that any man suffers on account of the unjust bearing of a particular law it shall then be the duty of the Governor to free the man in accordance with strict justice, and not enforce that particular phrase of the law.

#### 2. OF MEN WHO VIOLATE THE LAW.

When a man is condemned to work for the government according to law, the land agents may claim the labor of the men belonging to their lands on their working days. But the best way is for the man who has the charge of the public labor to keep account of the labor days which the land agent has a right to claim, and then let the criminal first work the government portion of the time, and afterwards that of the land agent.

#### 3. THE TIME OF PAYING TAXES.

The following words shall be inserted in Chapter III. Sec. 1, page 25; "From the first of October to the end of December."

#### 4. OF TRANSIENT LABORERS.

Transient persons who have regular daily employment shall not go to the Tuesday labor of the King, but all transient persons who have not regular daily labor, must go.

#### 5. OF SHOAL FISH.

From the eighth section of the third chapter of this law, which is found on thirty-eighth page, certain words shall be erased, as follows; ("If in sufficient quantities to fill two or more canoes, but not so small a quantity as to fill one canoe only.)

The transient shoal fish spoken of in this law are,

- 1 The Akule,
- 2 The Anaeholo,
- 3 The Alalauwa,
- 4 The Uhnkai,
- 5 The Kawelea,
- 6 The Kawakawa,
- 7 The Kalaku.

These kinds of fish shall be divided equally, whenever they arrive at these islands, or whenever they drift along.

#### 6. OF DUTIES LAID BY LAND AGENTS ON THE FISH OF THE PEOPLE.

On the 27th page, Chapter third, Section eight, read thus; "The people of other lands shall give to the landlord one third of the fish thus taken on said land."

#### 7. OF PUBLIC LABOR ON RAINY DAYS.

If it rains much on the King's labor day, so as to darken the heavens, then it shall be improper to labor, let the labor cease as the amount of rain shall require, at the King's loss, or the land agent's as the case may be. But if the rain be trifling, such as not to interfere with labor, then it shall continue, and only those who are weak and benumbed shall return. But if the people prefer to leave the work entirely, and work on one of their own days, that too shall be proper.

#### 8. OF LARGE FAMILIES.

If any tenant of a land have a number of children, so that he is freed from taxation, then his landlord shall not be called on to pay on his account. The taxes shall be diminished according to the number of working men.

#### 9. OF THE PUNISHMENT OF FISHERMEN.

In the third Chapter, eight section, page 37th, the following words are erased; "For two years he shall not fish at all on any fishing ground." The following words shall also be inserted in their place; "If he take one fish criminally he shall pay five, and always at that rate. And if a canoe full be taken five canoes full shall be paid, according to the amount taken, even to the farthest extent."

# HAWAII: HOLOMUA

PROGRESS.

The Life of the Land is Established in Righteousness.

HONOLULU, JULY 27, 1894.

## A Conundrum.

How much was Bush paid for the publication of his "English" article yesterday? Perhaps the Star will answer.

## WHO IS WRONG?

The Advertiser appeared clothed in virtuous indignation, a few days ago against the HOLOMUA, alleging that we had falsified figures relating to the expenses of placing the loan authorized under the law of 1893.

Of course, the Advertiser is infallible, and it is with a great deal of pleasure that we note the alleged fact, that \$263,000 worth of bonds have been sold since the revolution, and that the expenses of "placing it" only amounted to \$4,076. "Figures always lie." So says the Tiser and it illustrates the theory very forcibly. If the Advertiser figures are correct, we are wrong, and Mr. Damon is the guilty party. In the financial statement presented to the Councils by Minister Samuel Damon, we find that the expenses of "placing the loan of 1893" amount to \$10,860. The bonds sold amount to less than \$100,000. Will the Advertiser kindly explain how and when the figures in question were reduced?

We have the greatest respect for our esteemed morning contemporary. The editor of that sheet has more money, more education and more brains than the writer of the HOLOMUA "leaflet" possesses. Nevertheless, we think that it is due to justice and to truth to give the readers of Mr. Dole's official organ plain and correct figures and not pretend to reduce expenses "of placing loan" from Mr. Damon's \$10,860 to Mr. Castle's \$4,076.

We may at the same time state that the accusation of our esteemed contemporary against us, that we ever argued against the building of roads and the developing of industries is highly incorrect and preposterous.

We have opposed as we ever shall do the attempt of the Advertiser and its clique to use false pretenses as an inducement to foreigners to settle here. When the Advertiser gets ready to answer the pertinent question which we have asked time and time again, we shall join its theories and sentiments. How are the settlers to live, and where is the market for their produce?

The government may build roads, and it may do all in its power to induce "white men" to come here. But it should be done over and above board, and without any sinister or egotistical motive. The Advertiser with all its clever writers from Thurston, on Guava jelly, to Girvin on Poha jam, have never yet made one single practical suggestion to a small farmer in this country.

A labor commission has been or will be called according to the programme laid out by the Tiser, it will be a junketing and banquetting affair. A number of men are to be appointed by the government, that means are to travel at the expense of the government and to "visit" the different plantations where they will be entertained at the expense of the stockholders by the managers and agents. A report will then be made. It will then be printed in the Advertiser, at the expense of the government, and it will be placed on file—and remain in a pigeon hole for good and forever. How settlers to get on, and what the prospects are to make this country a "white man's country" will not be decided by the commission. The Advertiser will continue publishing its figures, and as our genial brother of the pen says "figures will lie."

## HIS POLICY.

Ex-Ambassador Bush Talks.

Our policy has been trumpeted in one steady note since January 14, 1893, from press, pulpit and stump, viz: To oppose all thieves and drunkards, and to endeavor to guide the Hawaiian people to await President Cleveland's final action in regard to the overthrow of the constitutional government of Hawaii, and the deposition of Queen Liliuokalani, which the President of United States acknowledges was done by the forces of that government, and let us add, and through the treachery and cowardice of the Queen's Cabinet and Marshal, and the general imbecility of the drunks that were at the back of them.

Anybody who can understand the above language of poor Bush will realize, how far down the political ladder the poor devil has gone. He simply affirms our late assertions and he advises the Hawaiians to wait and wait—until Cleveland's final action is known.

The man knows as well as we do that the waiting game is up. He is bribed and bought to bamboozle the Hawaiians, and thereby make them hold aloof from the true friends of this small country. He is welcome to do so.

If sensible Hawaiians in this community will listen to him, and forfeit their political chances for the next six years let them do so—and when the day comes when they call Bush to task for his fraudulent statements, they will find him building churches on money supplied by Baldwin, Dillingham and other missionaries. The man is a gigantic fraud. We do not propose to sacrifice our space or our time to show what he is, but we do believe that Hawaiians have sense enough to take their choice, between the men who without selfish motives stay with them and the men who, represented by Bush, run the shebang even if it is "per guardian."

## FALSE AGAIN.

The Advertiser seems to be possessed with an idea that it can throw dust into the eyes of the community by making some vague, and incomprehensible statements about occurrences and by indulging in some facetious remarks about the HOLOMUA and its opponents.

We showed our readers yesterday, how useless it is to accept the present conditions and, to register under the Dole combination, now maskading under the name of the "Hawaiian Republic." The reason that forced us to take such a stand was the refusal of the government to allow James Quinn to register as a voter. Mr. Quinn is neither a "protégé" of our establishment or a political affiliation. But we believe that he is entitled to receive the necessary acknowledgements which will entitle him to vote in this country.

The Advertiser states that Mr. Quinn was refused a certificate, because he did not satisfy the requirements of Section 2, Article 17, of the constitution.

Mr. Quinn voted for a delegate to the convention. He qualified at that time and he moreover became a member of the American League. It was generally supposed that such qualifications would have been enough to make a man competent to have a vote under the special privileges of the "Republic." Mr. King, the ex-captain of one of Wilder's steamers and at present the judge of a tax-payers right to vote holds differently, and he barred Mr. Quinn. The government organ justifies the refusal to register Quinn by referring to Article 17, Section 2. We publish that section to show the falsehood and imbecility of our esteemed contemporary.

"Section 2. Any person not a Hawaiian citizen, who took active part or otherwise rendered substantial service in the formation of, and has since supported the Provisional Government of Hawaii, who shall within six months from the promulgation of this constitution procure from the

Minister of the Interior a certificate of such service, as herein set forth; and also shall take an oath to support the constitution and the laws of the Republic so long as he shall remain domiciled in the Republic, shall be entitled to all the privileges of citizenship without thereby prejudicing his native citizenship or allegiance."

As Mr. Quinn took the necessary oath to support the p. g and voted for the delegates to the convention and is a member in good standing of the American League, the authority of which keeps Mr. Dole in office, according to his own statement, we would like to know how Mr. King, formerly of the Kinan and latterly of the Interior Department can hold that the provisions of Article 17 Section 2, have not been accomplished in the case of Quinn. Will the Tiser explain?

## STRIKES IN AMERICA.

But Matters Will Be Soon Smoothed Over in These Islands.

The strikes in the United States have raised havoc with everything. The revolution in Hawaii did the same thing, but the personally conducted excursion to the Volcano which Frank L. Hoogs is operating will tend to greatly smooth matters over. The plan has caused considerable favorable comment, and will undoubtedly be a success in every way, as the volcano is more active than it will be for some months to come. Added to this great feature, Mr. Hoogs offers special inducements for this trip only, that will add greatly to the passenger list. The excursion starts a week from today.

## Stop It.

The Advertiser is becoming more and more objectionable to the members of the bar and to the judges. This morning two attorneys got on their feet in the District Court and raised objections against the tone of the Advertiser.

Mr. Chas. Creighton claimed that the report in the official organ in re Tong Lee was "injurious to his client and Mr. Paul Neumann complained of the report of the White—assault and battery case. Judge Robertson took both objections under advisement and it is to be hoped that the injudicious comments of the government organs will finally be shut up.

In "Puddenhead Wilson's Philosophy" Mark Twain says: "Put all of your eggs in one basket—and watch that basket." Eggs are not the only things to which this applies, we can make it fit stoves and change eggs into dollars and make it read—Invest your coin in a Pansy Stove—and the stove will watch itself. We have been watching these stoves for the past five years, and find them the best iron stove sold in this market for the money. Where else than at our store can you get a stove that will do everything that a \$50 stove will do and get it for \$15? Echo answers, "the place isn't built." We have sold hundreds of these stoves in Honolulu, and never had a complaint. Two weeks ago, we sold one to a gentleman on Hawaii, and yesterday he ordered another for a friend. The stove sells itself through its fuel saving qualities, and because, it is a good baker. You can get other styles of stoves if you are not particular as to the quantity of fuel you burn or how your food is cooked. There's no dyspepsia in meals prepared on a PANSY.

We received last week a lot of wire clothes-lines that hold washed clothes, without using pins. It is a sort of double wire arrangement and the pieces are held in between; the harder the wind blows the tighter the pieces are held to the line. There is absolutely no danger of the clothing being torn as there is nothing sharp about the line. While the cost is a trifle greater than rope, this new style will last so much longer that it is economical to buy the pinless line.

The CLAUSS is one of the new fangled saw-edge knives that cuts warm bread without leaving it heavy and iced cake without making crumbs. There are two or three different makes of these knives, all on the same principle and each one pronounced the best on earth by the manufacturers. We selected the Clauss, which we believe as a disinterested spectator to be better than its neighbors. You never had anything in your life that give as much satisfaction for a dollar. If you were buying the other sort you would get only one.

The favorite sewing machine in any community is the one that does the most for the least money and which runs the easiest. In the "Wertheim" you have a machine that sews three distinct stitches—The Lock, Chain and Embroidery and runs easier than any other machine, and you pay twenty dollars less for it. Economy stands boldly every side when you buy a Wertheim. In tucking the chain stitch is preferable, but in other kinds of work, the lock stitch is the best. If you buy a machine that sews the lock, unless it is a Wertheim, it won't sew a chain stitch. There's no particular saving in buying a machine with but one stitch, the Wertheim does three and saves you lots of trouble and work.

We've just unpacked six cases of stand lamps that were built for hard times. They have metal bases and are decorated so as to make a very neat appearance in a room. We don't think you can get as good a lamp anywhere else for the money, try as hard as you please.

Our stock of table cutlery, spoons and forks is as large as you will find in any store in San Francisco, and our prices compare favorably with those in New York.

LOCAL NOTES.

The Lee Tong case will be heard tomorrow.

The Republican party meets this evening.

The Ka Leo is indulging in an alleged English column.

The HOLONUA is always happy to see Dr. McGrew around.

The Hoogs excursion to the volcano will be largely patronized.

There is no truth in the report of the resignation of clerk Rosehill from the station house.

Arthur White was committed to the Circuit Court on a charge of assault with a deadly weapon.

The funeral of Mr. Chas. Turner took place yesterday afternoon from the residence of Mr. J. B. Atherton.

Budolph Spreckels "Fritize" and Bluxome left for San Francisco on the Alameda yesterday. They will all return.

Don't forget the "Oceanica" on Saturday night. D. M. Crowley, the energetic manager will give the town a surprise party.

J. A. Magoon has resigned as an inspector of the Republican registration board. Evidently the learned attorney couldn't swallow Hatch's outrages.

Arthur White pleaded guilty in the District Court this morning, to the charge of assault and battery on George Wood. Judge Robertson fined him \$50 and \$1 costs.

Invitations are out to a ball and concert which will be given on Friday evening the 3rd of August by the Scottish Thistle Club. It will be a grand success and patronized by all who have been fortunate enough to obtain a card.

With Pleasure.

Dr. J. S. McGrew has called our attention to the fact that an injustice had been done his family through the publication of an article in our paper in which certain reflections were made on him. The article in question referred to his daughter - in - law and it was stated that she left the country through the influence of the McGrew family. We beg to state that we had no intention to convey to our readers such an impression and that the community is awfully pleased to learn that the young lady is always a welcome guest of our esteemed fellow-citizen. Dr. McGrew who is an old newspaper man will understand that the conductors of this paper are always ready to assist him in any shape, manner or form, and prepared to make him appear in the most immaculate position. Far be it from us to doubt the integrity or honor of his transactions. So far as our reflections are concerned against the other participants of the row, we are ready to take our chances. With pleasure.

A Birthday.

Today is the anniversary of the birth of H. I. M. Kong Sui, the ruler of China. The festive occasion was celebrated by the displaying of flags from Consular offices and by official calls by the diplomatic and Consular representatives. The government band played at the quarters of the Chinese Club, and a number of Hawaiian officials paid their respects to the representatives of the great Asiatic Empire.

H. E. Walker the well-known agent for the most popular bicycle ever introduced here has made arrangements for a bicycle meet, which will take place on the 11th of August 1894, at Kapiolani Park. The programme comprises a number of highly interesting events, and the entries close on Monday the 6th of August at Walker's office on Merchant street.

Mr. J. E. Bush accompanied by J. Nawahi were numerous around town yesterday evening. They were neither looking for a fight or a vote. They were simply "poking."

F. M. Swanzy is the administrator of the estate of Fredrick Buchardt Ashton. The deceased gentleman was a resident of Kohala and was well and favorably known here.

The S. G. Wilder estate will be finally disbursed and settled on the 31st of next month. The executors deserve great credit for having brought the estate into a most flourishing condition, a fact unparalleled here.

It is rumored that Mr. Henry Castle, the present editor of the P. C. Advertiser, will shortly leave these shores for Germany where he will make his permanent residence and become a "professor." - "Yarmany" has the sympathies of this paper.

Eben Low and others are petitioning the government for a reduction of rent on certain lands belonging to the crown domain. The lease was sold to Low at public auction for \$1,210 a year, shortly after the revolution. Mr. Dole's interest in the matter will probably secure the reduction of rent.

Mr. George Norton died this morning. The deceased was formerly an employee of Lewers & Cook and was at one time a prominent officer in the fire department. For the last eighteen months he had been a very sick man and death was a relief. The funeral took place this afternoon.

CHALLENGE!

HAVING HEARD THAT THE OWNERS of Johnny Hayward are anxious to match the horse Nevada, I hereby challenge Johnny Hayward to a Match Race over the Regulator Race Track ON SATURDAY, September 1st, 1894. Mile heats, best 3 in 5, or two mile heats, best 3 in 4, to harness, and rules of S. T. A. for \$500 or \$1000. Heat to be placed in forfeit, an signing agreement. This Challenge will remain OPEN UNTIL MONDAY, July 30, 1894, at 12 m. Horse and Money to be paid at. CLUE STABLES.

A Suggestion.

We humbly suggest to the great and good journalist J. E. Bush that he in the future drops the use of the HOLONUA and stops translating our English articles into his little sheet. He has always been welcome in the past to use our material but since he is so very ugly toward us we think it right for him to attend to his own matter and become original. The Ex - Ambassador was always original - more so on Saturdays.

The FRANK L. HOOGS' Personally Conducted Excursion to the Volcano.

LEAVING ON THE KINAU FRIDAY, AUG. 3, 1894, AND RETURNING TO TOWN ON SATURDAY, EIGHT DAYS LATER.

Some people who claim to know all about it are of the opinion that the Crater's present great state of activity may not last over two months, and then it may drop out of sight altogether. If this story should turn out to be correct, there would be hundreds of people in this city who would regret that they allowed an opportunity to visit it to go by. Why not go now? The Steamer Kinau will leave on Friday, August 3d, with an Excursion Party on board - another chance of the same kind may not present itself for a long time, and you are sure to enjoy the trip. A ticket will cost you \$50, which includes hotels and transportation. You will never forget your first sight of the Great Burning Lake, and without seeing it you will remain in the dark as to its appearance, as no pen can do it justice. The trip is a most enjoyable one; you spend a day or so in the Beautiful town of Hilo; you traverse the Volcano Road with its wealth of tropical foliage, and when you reach the Volcano House you will say that the trip, so far, is of the memorable order. But this is nothing compared to the awful splendor of the Crater; there is nothing like it in this earth. Read the Advertiser of Monday, July 23rd, and get an idea of what awaits you high up in the mountains of Hawaii. jy26
