A FINDING LIST OF BOOKS

IN THE

HAWAIIAN HISTORICAL SOCIETY'S LIBRARY.

Note:—In compiling this list, giving both authors and titles, the intention has been to enable the reader to ascertain what books are in the Library, and also to give opportunity to friends of the Society to supplement the deficiencies of the Library by the gift of such books as will be of value in its specific department of investigation and preservation. Another list will be published of the periodicals and pamphlets as soon as the special catalogue is ready. Those wishing information on any particular subject will find additional references in the Card Catalogue in the Library Room, corner of Hotel and Alakea streets.
