WAR RISKS JUMP AGAIN

LLOYDS ADVANCES RUSSO-JAPANESE WAR RISKS FIVE PER CENT TODAY—SITUATION IN FAR EAST NOW SAID TO BE VERY CRITICAL—RUSSIA SENDING MORE NAVAL REINFORCEMENTS TO EAST.

Associated Press Cable to the Star.

LONDON, Dec. 18.—Russo-Japanese war risks have been advanced five per cent by Lloyd's marine insurance department. The situation between those two nations is regarded as very critical. A declaration of war is thought likely to occur very soon.

To Set Latin Republics Against United States

COLOMBIA PLANING TO SET SOUTH AMERICAN COUNTRIES AGAINST UNITED STATES IF THIS COUNTRY REFUSES TO ALLOW DISPUTE OVER PANAMA REPUBLIC TO BE TAKEN BEFORE HAGUE TRIBUNAL.

Associated Press Cable to the Star.

PARIS, Dec. 18.—The United Colombian Committee says that the program to be followed by Colombia will be to first ask the United States to recognize the rights of that country as set forth in the Treaty of 1846. In the event of the United States refusing to accede to the request for recognition of the Colombian claims as against the recognition of the new Republic of Panama, an appeal will be made to The Hague Tribunal. If The Hague appeal be refused by the United States war will then be declared by Colombia to enforce her alleged rights, relying on the assistance of the other Latin Republics to aid her in the struggle.

The declaration of war will not, however, it is thought, be made directly against the United States, but against the seceding Province of Panama. Any attack upon the integrity of the new Panama Republic would naturally mean a conflict with the United States Government, as the United States has announced that she will preserve order on the Isthmus and any attempt on the part of the Colombians to conquer the former province, would result in a conflict between the United States forces and the Colombian army.

INSANITY AND DRINK

THE JONES MURDER TRIAL REACHES THE LAST STAGE—ARGUMENTS TO THE JURY IN PROGRESS—JONES WAS INSANE FROM BOYHOOD, SAYS ROBERTSON, AND EXCESSIVE DRINK CAPPED THE CLIMAX.

The result of "an injured brain plus excessive drink" was A. G. M. Robertson's characterization of the Jones-Parmenter tragedy of last August, in his argument to the jury this morning, defending E. M. Jones. The case has been on trial since November 23, with night sessions during the past few days. It has been a legal contest that has attracted the attention of the entire local bar, as well as of the general community and will always be remembered as one of the notable cases in Hawaiian legal history. This morning United States Judge Dole was among those in the courtroom. He was invited to the bench by Judge Gear and remained a listener to the argument all morning. After half an hour's discussion of instructions to the jury, Robertson opened his argument for the defense. He made a careful analysis of the evidence of insanity, placing before the jurors in consecutive and logical order the evidences bearing upon each of the numerous symptoms which the experts declared were general symptoms of insanity. During his discussion of delusions as one of the symptoms the attorney made references to the defendant's idea that his wife was unfaithful to him. The complete lack of proof that there was any foundation for Jones' suspicions of his wife, constitute one of the defense's strong points, making the defendant's opinion, in the opinion of some of the experts, an "insane delusion."

Naval Collier Bumped Sand Bank Off Midway

NANSHAN GOT INTO TROUBLE ON HER WAY TO THIS PORT FROM YOKOHAMA—CHRONOMETERS OUT OF ORDER SO CAPTAIN WENT TO MIDWAY AND HIT THE BOTTOM—SUSTAINED NO DAMAGE.

The Naval collier Nanshan, Captain Prideaux, arrived this morning early from Yokohama. The vessel had very rough, disagreeable weather and incidentally encountered a sand bank off Midway. The vessel sailed from Yokohama December 4 with 2,500 tons of coal. She was to come direct to Honolulu. Captain Prideaux found his chronometers out of order. In order to make certain of his position, he decided to make for Midway Island. He figured to sight Midway at 5 p. m. the afternoon of December 12, which was the second 12th, the vessel experienced owing to having gained a day by crossing the 180th meridian coming from the east. Midway was not sighted however until 11 o'clock at night. The swell was running very heavily and the vessel was driven into a sand bank in the dip of the swell. The nose of the vessel was shoved into the bank. The next swell took her out of danger however. The vessel did not sustain any damage by striking the bottom. She is not leaking. The Captain will report to Admiral Evans and will probably be ordered to return to the Asiatic station. The collier did not speak Midway.

APPROPRIATIONS SUSTAINED

SUPREME COURT SAYS THERE IS NO PROVISION YET FOR EXPENSES OF THE LAND COURT—THE LEGISLATURE HAD RIGHT TO DIVIDE APPROPRIATIONS INTO TWO SEPARATE PERIODS.

The Supreme Court this morning rendered a decision sustaining the appropriation bills as made by the last legislature, for two separate periods. The decision was in the case of R. N. Boyd, deputy registrar of the land court, against Auditor Fisher, a suit to compel Fisher to pay Boyd's salary. The court holds that there is no provision for the expenses of the land court until January 1 and the court therefore cannot use any of its appropriation now. The decision, by Chief Justice Frear, states the matter in part as follows: "The land registration act seems to assume (Laws of 1903, Act 56, Sec. 7) that there might be a deputy registrar, and provides (Sec. 13) that the salaries of the assistant registrars, examiners of titles and other assistants and messengers (without mentioning the deputy registrar specifically) may be fixed by the Governor, and the Governor has fixed the salary of the deputy registrar at \$1,500 a year. We will assume that this deputy is properly in office and that his salary may be paid out of an appropriation for expenses of the court, provided there is such an appropriation available."

THE COUNTY OF KALAWAO

BOARD OF HEALTH TO DISCUSS ORGANIZATION OF LEPEHS' COUNTY.

On the Fourth of January, when the County Act goes into effect, the leper settlement becomes the County of Kalawao, but as there was no election held there this time, the offices provided by the County Act will probably be filled by the Board of Health. The Board will take up the matter at its next meeting and discuss the effects of the change. The law contains the following provision as to the formation of the leper settlement county: "The said county shall be under the direct jurisdiction and control of the Board of Health, and be governed by the rules, regulations and laws now in force relating to said Board of Health and the care and segregation of lepers except as herein limited. There shall be no County officers in said County other than the District Magistrate and Sheriff who shall be residents of and be elected in said County at the first general election to be held under the provisions of this Act and thereafter as provided by law, and who shall each hold office for two years."

As this year's election was decided to be not a "general" election, the law was interpreted to be that no election should be held this time at the settlement. It is a question therefore whether there need be any change in the status of the settlement until the next election, when a sheriff and magistrate will be chosen. If it is decided that these offices must be filled before that, the Board will make appointments. Dr. Cooper stated this morning that Superintendent McVeigh might be chosen for sheriff. A cable was received yesterday from C. M. Cooke from Hong Kong announcing that he and his family would sail today for home by the America Maru, due to arrive here January 11.

TERRITORY HAS MONEY TO BURN

FINAL CONSUMMATION OF THE LOAN BILL SCHEME OF THE LAST LEGISLATURE TODAY—DRAFTS AGGREGATING A MILLION DOLLARS, IN FAVOR OF HAWAII, HONORED IN NEW YORK TODAY.

Treasurer A. N. Kepoikai is in possession of a million dollars. It is the loan money secured from New York, under the loan bill passed by the last legislature, the bonds of which were floated in New York as a result of Governor Carter's trip East.

Some weeks ago Treasurer Kepoikai sent four drafts through the local banks, drawn on the United States Mortgage and Trust Company, New York, for money, which had been paid to the trust company by Fisk and Robinson, the successful bidders for the bonds. News was received by cable today that the drafts had been received and met, and the four local banks were notified that the sum of \$250,000 each and the \$600 extra given by the bidders was placed to their credit. The cash will have to lie idle in Kepoikai's vault as fast as it is received by the treasurer, until it is used. Under the law it is necessary to place the cash in the treasury, says Kepoikai, and he will assume charge of it all.

TO LAUGH AT YOUR LEISURE

The newspaper colored supplement has come to Honolulu, and, like most other modern improvements which have been made in local journalism during the past few years, it is to be brought out by The Star. Tomorrow's Star will have a supplement of the colored "funny pictures" which have made a hit all over the United States. The colored supplement of the Sunday and Saturday afternoon papers has become a feature of the leading papers in most American cities. The Star will bring Honolulu up to date by issuing such a supplement every Saturday. The supplement will consist of stories told in colored pictures, over which the young and old both may laugh at their leisure. Tomorrow the supplement will consist of four pages of colored pictures giving a series that will be enjoyed by all who appreciate humor.

TAYLOR GOES BACK TO ENGLAND

LATE COMMISSIONER OF AGRICULTURE IS UNABLE TO FIND EMPLOYMENT IN NEW YORK.

Wray Taylor has left New York for England. He was unable to find employment in New York and so returned to England where he has friends and relatives and where he expressed himself as feeling that he would be able to do better in the way of making a livelihood than there was promise of his being able to do in New York. Taylor seems not to have made any secret whatever of his presence in New York, as in addition to calling on Bishop Restarick, he was frequently seen by the Bickertons and other members of the Honolulu colony in New York. He claimed to Bishop Restarick that he had been robbed of \$700 in San Francisco and that he worried a good deal about it, and thinks this was one of the predisposing causes of his mental lapse.

ENTERTAINING THE VISITORS

GARDEN PARTY MONDAY AFTERNOON AT THE RESIDENCE OF GOVERNOR CARTER.

The garden party to be given at Governor Carter's residence on Monday afternoon, in honor of the visiting naval officers, will be the first affair of the kind here in their honor and it is expected that there will be a large attendance. It will afford opportunity for the visitors and local people to become acquainted, this being one of the principal objects. The party will last from three to six in the afternoon, and all are invited to attend and meet the distinguished guests. The government band will be present. Except for the special guests no invitations will be sent out, as the invitation to the public is general. Tomorrow at 12:30 Governor Carter will entertain Admiral Evans and other at the Alexander Young hotel at luncheon.

Supplies for the fleet will arrive next week on the Solace and Alameda. Both vessels are to sail tomorrow from San Francisco and expected to arrive at Honolulu Christmas day. The supplies will be transferred as rapidly as possible to the various vessels of the fleet. The Solace will not, contrary to expectations, bring any men for the fleet but will relief crews for the Wilmington and the station ship at Guam.

The S. S. Siberia is due on Sunday from the Orient. She will have a number of the wives and families of the officers of the fleet aboard. She will sail for San Francisco the same afternoon.

MUST FLY THE AMERICAN FLAG

MEASURE TO RESTRICT TRADE WITH THE PHILIPPINES TO THE VESSELS OF UNITED STATES.

WASHINGTON, December 9.—Senator Frye has introduced a bill to regulate commerce between the United States and the Philippine archipelago providing that on and after July 1, 1904, under the penalty of forfeiture, no merchandise shall be transported by sea or any passengers carried between ports of the United States and ports and places in the Philippine archipelago in any other than vessels sailing under the flag of the United States.

The bill does not apply the coasting laws in their entirety to trade between the Philippines and the United States as was done in the cases of Alaska, Hawaii and Porto Rico, but simply restricts the transportation of freight and passengers to American vessels.

Frye also introduced a bill to remove discrimination against American sailing vessels in the coasting trade, by providing for the licensing of pilots for terms of five years when the applicant has been found competent and trustworthy.

AN INNOCENT IMPOSTER.

An English publisher, Fisher Unwin, announces a novel by Mrs. E. B. Strain with the title "An Innocent Imposter." He has probably overlooked the fact that the title has already been used by Maxwell Gray, the author of "The Silence of Dean Maitland." For that matter it was used by an American writer so long ago as 1891. There is need in England for some efficient system for the registry of copyright titles. At present authors and publishers are left to investigate for themselves, and the volume of fiction is increasing so rapidly that the task is not easy.

BILLY VICE IS IN HONDURAS

THE WELL KNOWN PACIFIC COAST PASSENGER AGENT WHO DEFAULTED A YEAR AGO.

SAN FRANCISCO, December 10.—White E. H. Harriman was in San Francisco he was informed by a Union Pacific detective that W. R. Vice, who as Pacific Coast passenger agent of the Union Pacific road in this city defaulted for about \$3000 last April and then mysteriously disappeared, has been located in Honduras. There is no extradition treaty with that country, and like a good many other American defaulters in that Central American land, Vice is for the present free from arrest.

The Union Pacific detective made a report to person to Harriman and informed the latter that he had seen and talked with Vice. The latter realized he was safe from arrest and made little or no effort to conceal his identity. According to the report given Harriman, Vice is quite popular in the American defaulters' colony down there and is associating with such men as Seth Tracy of Houston, Tex.; former Mayor Hadley Jones of Little Falls, N. Y.; G. H. Trippe of Hartford, Conn.; F. E. Webb of Mobile and F. H. Brown of Newport, N. Y. William A. Pinkerton, who is at L. O. Palace, knows all about these defaulters. Webb is charged with being a bank forger and F. H. Brown is said to have run away with \$200,000 of bank funds. It is alleged that Trippe stole \$25,000 and that Tracy stole \$50,000. Former Mayor Jones is charged with having got away with a considerable sum of money.

Electricity in the Home And Why You Should Use

Incandescent electric lighting is indispensable to the comfort of the modern home.

The quality of the light is far superior to any other.

The cost is very slightly above kerosene.

The annoyances of broken lamp chimneys, smoke, trimmings of wicks, excessive heat, disagreeable odor, refilling of lamps, etc., are entirely removed by use of electricity.

A simple turn of the switch in the wall or chandelier gives instant light and saves groping about for matches.

The light can be left burning without danger of fire while occupants are out of the house.

The quality of light is soft, steady and white—the quantity to suit your needs.

We have numerous devices for saving light and valuable suggestions for old, as well as new subscribers.

The conveniences and desirable features of electricity over all other illuminators are innumerable and we will take pleasure in telling you the cost of house wiring and fixtures.

WHO PULLS THE STRINGS?

The position of Mr. Kepoikai is unique. He is a government unto himself. He has decided to upset the county law and is going to restrain and otherwise prevent the Territory from turning over any of its property to the counties.

In order to carry on his campaign, the Treasurer has to have legal advice, but he ignores any advice from the legal adviser of the government. What? Ask the Attorney-General? Not much.

Unfortunately the Auditor did not prove as complaisant as was expected of him, and the retainer was not forthcoming. Of course there never could have been anything more absurd contemplated than a government paying fees to attack itself and its policy.

If such a policy were to become general, every department might keep its own set of lawyers and ask for fees for them upon any frivolous pretext that might be brought up.

Of course Mr. Kepoikai is not the originator of this idea. He is but the puppet and some one else is pulling the strings. The true attack is upon the county bill, not because it is a faulty bill, but to get even with some of those who drew it.

COMING EVENTS.

In the coming election contest for the presidency, New York is going to play, as it always has played, a most important part. There are those who contend that President Roosevelt will win even if New York went against him.

The political leaders are beginning to make calculations and are wondering how the state will go. The fact that they are so doing shows that the state is doubtful. The victory of McClellan has made the opponents of Roosevelt feel somewhat elated, but it must be remembered that Roosevelt is in himself a name to conjure with in New York.

The great Republican forces in the State are Senator Platt and Governor Odell. What disturbs the calculations of the politicians is that these two men are not in harmony, or are said not to be in harmony.

There may be some differences between Platt and Odell, but on the eve of a presidential election those differences are not going to become so irreconcilable as the Democrats would like to think.

FORESTS.

We are only following in the footsteps of Europe in our effort at forest protection. France and Germany were the leaders in the movement, and now every European state is alive to the fact.

Among the states of Europe which have adopted new special laws for the conservation of their forests is Sweden. The value of the wood exported from Sweden in 1901 amounted to 36 per cent of the total exports of that country and the government, realizing the necessity of protecting the forests, has passed a law for that purpose.

The difficulty we shall have when we come to forestry laws in this Territory, will be in limiting the rights of the owners. We shall come right up against vested rights and shall meet with opposition.

Forests are a distinct asset of a state. They can be made actually profitable, and will return a regular revenue indefinitely, if they are only properly cared for.

The battle of the medical experts is on. When it is all over the jury will hardly know whether its individual members are sane or not.

A combination band of one hundred pieces will be worth hearing. When we have that we shall be able to consider ourselves thoroughly metropolitan.

Is some one going to try his hand at a new seaside hotel? Two hundred thousand dollars, the announced offer for the Kapiolani estate property at Waikiki seems to indicate such a move is under contemplation.

It will be interesting when the Jones trial for alleged murder is over, to calculate what the actual cost has been to the Territory.

What the lace industry may do for a place is shown by the great success of Plauen in Saxony. In less than fifteen years the population has risen from 30,000 to 100,000, and the whole is due to the continued prosperity of the lace industry.

W. Dealks was taken into custody yesterday on a warrant charging him with assault with a deadly weapon. While the weapon may have had the appearance of being "deadly" an examination showed it to be far from possessing such quality.

Dealks lives in a cottage at Iwilei. On Wednesday night a couple of Porto Rican women accompanied by a couple of stalwart Porto Rican men attempted to force their way into the house of Dealks. The latter knew that one of the women was angry with him for some reason and that the intention of the unwelcome visitors was to do him up.

ATTORNEYS MUST BE READY

CIRCUIT JUDGES MAKE AN ORDER REGARDING THE NEXT TERM'S BUSINESS.

The three circuit judges have made an order assigning the business of the next term, beginning January 4, and incidentally giving notice to attorneys that they must be ready with cases as they are called. The order is as follows:

Upon the calling of the civil calendar all cases in which neither party answers ready will be continued for the term or dismissed, in the discretion of the court.

Cases answered ready will be set for trial in their order unless a continuance for the term be granted for good cause shown. Applications for continuances must be in writing and served by the moving party on the other party at least twenty-four hours before the hearing.

When a case comes up in its order and neither party is ready, it will go to the foot of the calendar or be dismissed. If but one party appears the trial shall nevertheless proceed, or such order be made as may be proper, if the party appearing and ready demand it.

Civil jury cases odd-numbered are assigned to Judge De Bolt, and even-numbered to Judge Gear. All criminal cases will be heard by Judge Robinson, presiding at the term.

The calendar will be called from time to time as occasion requires, of which calling counsel will be notified through the press and otherwise. Notwithstanding the large clearance made this term in the long-congested calendar, a great many new cases are docketed and the calendar will be nearly as long as that of the term now almost ended.

The case of Claus Spreckels & Co. vs. Mele Kaniok was tried yesterday before Judge Robinson and a jury. It was a suit to recover \$322.75 alleged to have been paid erroneously to the defendant, from Spreckels bank, the defendant having, it was alleged, represented herself as the widow of one Maunali. The jury gave a verdict for the plaintiff.

Judge De Bolt has signed judgment for plaintiff for a total amount of \$301.86 in the suit of Henry Leo Kong vs. Lai Sal. Also, judgment for plaintiff for \$190.11 in another suit between the same parties.

An order has been made by Judge De Bolt dismissing the appeal of defendant in the suit of C. C. Birting vs. Vincent Fernandez.

Judge De Bolt has released the Federal Jurymen for the holiday season. They were excused yesterday until January 4, 1904, and drew their \$3 a day for the time they had been in attendance.

PLAN TO DAM THE THAMES

PARLIAMENT TO CONSIDER A METHOD OF ENABLING BOATS TO DOCK EASILY AT LONDON.

LONDON, December 6.—A \$25,000,000 scheme to dam the Thames at Gravesend, thus providing locks capable of accommodating the largest ships afloat, will be considered by Parliament at its next session.

By this means the difficulties of navigation at low tide, one of the chief causes of the retrogression of London as a port, might be overcome, and ships drawing thirty-five feet of water could proceed to London bridge at any hour of the day or night, anchor anywhere, lie alongside any wharf, remaining always at the same level.

The dam would provide London with a lake fifty-five miles long and a quarter of a mile broad, available for pleasure traffic, boating, sailing and fishing, which are rendered impossible by the strong tides now sweeping the river.

WASHINGTON, December 18.—The Senate Committee on Territories has made a favorable report approving the Hawaiian act which provides for the manufacture of electricity on the island of Oahu.

On April 29 Governor Dole approved the Act of the Legislature extending the franchise of the Hawaiian Electric Company for "the manufacture, maintenance, distribution and supply of electric power on the island of Oahu" for a further term of thirty-five years.

In the Organic Act, Section 55, it is provided: ".....but the Legislature shall not grant to any corporation, association, or individual any special or exclusive privilege, immunity or franchise, without the approval of Congress;" making it necessary for the present Congress to approve the Hawaiian Electric Company's franchise.

ONE ADVANTAGE. Mrs. Van Tassel is going to dabble in stocks. "Well, she should make an ideal broker." "Why so?" "Because she is married and none of the other brokers would dare squeeze her."

REVERSED. "What is the difference between me and a prisoner on a pirate ship?" asked the man who was placing boards along the slippery stone walk. "Give it up," responded the other suburbanite. "Well, I have to plank the walk and he'd have to walk the plank."

AN ARCHBISHOP ON THE CHINA

ARCHBISHOP HARTY, MANILA'S AMERICAN CATHOLIC ARCHBISHOP, IS PASSING THROUGH.

Among the passengers on the CHINA are Archbishop J. J. Harty, the Archbishop of Manila and head of the Catholic church in the Philippine Islands, and his secretary Monsignor E. W. Fowler. Archbishop Harty was born in St. Louis and is fifty years of age, a man of splendid physique and charming manners. He was ordained a priest in 1878.

Early in June last he received a cablegram from the Holy See announcing his appointment to the See of Manila. He went to Rome and was consecrated on August 14th. He was the last Bishop named by the late Pope, Leo XIII, and the first to be confirmed by the new Pope, Pius XI, by whom he was presented with a beautifully chased pectoral cross, which he prizes highly.

Archbishop Harty, in speaking of his new field of labor, said he had formed no plans for the future conduct and management of church affairs in the islands. Although he has familiarized himself in a measure with conditions in the islands he said he had determined upon no plans except to do the work which he will find when he reaches the islands. He went on to explain, however, that he would take a very decided interest in educational matters and by the building up of schools and colleges in the islands hoped to accomplish a great deal in the way of the up-building of the people.

"I was glad to learn upon investigation," he said, "that the people of the Philippines, on the whole, are not uneducated. There, as in every other section of the world, you will find many people who have denied the opportunity to obtain an education. We have illiterate people in this country, and in some sections—Tennessee, for instance—there is a considerable population of illiterate people. The percentage of illiteracy in the Philippines, however, is quite small, and I hope to see this condition greatly improved as the years roll by."

Archbishop Harty had quite a little to say about the friars and the friar land question.

"The friars began work in the Philippines 250 years ago," he said. "They civilized the natives and taught in agriculture. During these 250 years they received various grants of land from the Government, which lands are separate and distinct from church property. The ownership resulting from their personal efforts in lines of industry apart from their church work. Whereas the church property in the islands, as in the United States, belongs to the people of the respective parishes, the title resting in the name of the several Bishops, and held by them for the benefit of the parishioners, the lands of the friars are the property of the orders to which they belong, and held for the advancement of the community interest, which is an educational one.

"Now, if the friars choose to sell this property and they are offered a satisfactory price, they are at liberty to do so. They may dispose of their lands precisely as a man sells realty in this country. The acreage of the friar lands in the Philippines is not as great as some people suppose. There are individuals in California whose holdings of lands are as great as the entire holdings of all the friars in the Philippines. Their holdings approximate 400,000 acres.

Archbishop Harty said that many of the Spanish friars had left the islands since they passed under American control. He said that 400 friars have gone back to Spain and 200 more have gone to South America, leaving about 400 in the entire Philippine archipelago.

The other Americans who have been appointed bishops in the Philippines are Bishop D. J. Dougherty, with a residence at Vigan, 200 miles from Manila; Bishop Hooper, with a diocesan seat at Jaro, and Bishop Hendrick, with his diocesan seat at Cebu.

HOSMER COMING.

The Board of Agriculture and Forestry yesterday received a cable from Gifford Pinchot, stating that Forester Hosmer, who is to take charge of forestry work in Hawaii, will leave Washington on December 26 and arrive in Honolulu on the Siberia January 14.

A FAREWELL DINNER.

A farewell reception and dinner was tendered Rev. and Mrs. E. S. Muckley by members of the Young Men's, and the Young Women's Christian Associations at the rooms of the latter in the Boston Building. Thirty-four sat down at table. John Martin gave an address expressing the appreciation of the church and the community for Mr. Muckley's work and worth, and Mrs. Muckley's grace and helpfulness. Mr. Muckley, in replying, expressed the pangs of regret he felt at leaving a community which had been so hospitable to efforts for good, and in support of workers for betterment.

The Problem Club held a meeting in the same room later at which Rev. Dr. Doremus Scudder spoke on "The Social Uplift of Hawaii." He gave great praise to the work of the early missionaries to Hawaii. There will be a sale of Mr. and Mrs. Muckley's household effects tomorrow, at 10 o'clock at the residence, 1244 Wilder Avenue, and on Sunday the Muckleys sail by the Siberia for San Francisco en route to Portland, Oregon, where Mr. Muckley goes to become the pastor of the First Christian church of that city.

A HAWAII BOOKLET.

A neat booklet in colors has been received by the Hawaii Promotion Committee from the Raymond & Whitcomb Co., Boston, announcing on its title page: "A Tour to Hawaii, Inclusive of a Visit to the Volcano of Kilauea. Leaving San Francisco Saturday, March 12, 1934." The itinerary of the tour from leaving San Francisco to returning thither is given, also a great deal of attractive information. There are several good pictures, including one of Kilauea.

MARRIED.

HIGH-ROTH—At Central Union church, Honolulu, Hawaii, December 17, 1933, at 8:30 o'clock, Rev. William Morris Kincaid, pastor of the church officiating, Miss Lucy Ruth Roth to

Dr. Clifford Bell High. The bride is the daughter of Mrs. S. Roth. The bridesmaid was Miss Ethel Angus. The best man was Emil C. Peters. The ushers were Fred B. Angus, Robert W. Shingis, Walter P. Dillingham, Walter Macfarlane, Arthur Macintosh, Clarence F. Waterman and Nelson Lanang. The bride was given away by her brother-in-law, Emmet May. As the bridal procession entered the church, Prof. A. B. Ingalls the organist played the wedding march from Lohengrin. During the ceremony he played the "Angels' Serenade" and following the ceremony the Mendelssohn wedding march. The bride wore white silk net, with veil and orange blossoms upon her head, and carried a shower bouquet of white roses. The bridesmaid, in white also, carried a bouquet of maidenhair ferns tied with pink tulle and ribbons.

The decorations in the church were very striking. Following the ceremony at the church there was a wedding reception at the residence of the bride's mother. Later Dr. and Mrs. High drove to the Nuanani residence of George H. Robertson where they will reside for the first weeks of their married life.

AT THE THEATER.

The Neil Company repeat their last night's success of Pudd'nhead Wilson this evening.

Tomorrow the company is cast for Augustin Daly's "Lottery of Love" a comedy that never offers a single moment of seriousness. The fun surrounds the ever vernal mother-in-law situation wherein Lillian Andrews, in bloomers, rules her unfortunate son-in-law with a rod of iron. Neil is one of the unfortunate, muchly married men and John Burton plays a widower who objects to mothers-in-law.

All the characters are drawn purely to raise laughs and the performance is one in which actors as well as audiences cast themselves loose for enjoyment.

OPPOSED WOOD'S ACTION AT HAVANA

ADVISERS WARNED HIM THAT GRANTING OF GAMBLING CONCESSION WAS AGAINST LAW.

WASHINGTON, December 9.—When the Wood investigation case was resumed today Colonel Edgar S. Dudley, professor of law and history at West Point Military Academy, who was judge advocate-general at Havana during General Wood's administration as Governor-General, submitted a copy of his opinion, rendered in Havana at the request of General Wood, concerning the application of the Jai Alai Company for a concession to operate an amusement amphitheater. This opinion declared that the concession should not be granted on the ground that it would be a violation of the Foraker amendment.

General Tasker H. Bliss was recalled. He said, in reply to questions, that he strongly opposed the admission without payment of duty of the silver service purchased in New York by the Jai Alai. He received mandatory instructions from General Wood to admit the silver service, however, and obeyed them.

CAN VISIT SHIP SUNDAY

KENTUCKY AND WISCONSIN WILL
BE OPEN TO INSPECTION BY
PUBLIC ON SUNDAY.

The battleships Kentucky and Wis-
consin and cruiser New Orleans, hav-
ing finished yesterday while the boats
got through this morning. The Ken-
tucky hauled over to the Waikiki side
of Naval Ship No. 1 so as to enable Cap-
tain Niblack, the captain of the Naval
yard, to bring the coal lighters along-
side Naval Wharf No. 4 and load them
for the other vessels of the fleet. The
battleship Oregon shifts from Naval
Row over to the Pacific Mail wharf
this afternoon. She will begin coaling
tomorrow morning at 8 o'clock. The
New Orleans shifts into the stream.

Captain Niblack had the coal hauled
up to midnight last night. The vessels
can take coal faster than it can be
supplied by the shore people, so in order
not to have any time wasted, he worked
at night loading scows. Two scows
were taken out alongside the cruiser
Albatross today and coaling was begun
on that vessel at once. It is expected
that all of the fleet will be through
coaling by Sunday and be ready for sea
Sunday night or Monday morning.

It is likely that public receptions will
be held on the Kentucky and Wisconsin
on Sunday afternoon. The vessels will
be cleaned by that time. The public
will be permitted aboard the boats.
The reception hours will be from 1:30
until sundown, inasmuch as both boats
are at Naval Wharf No. 2, a fine oppor-
tunity of visiting two of the greatest
naval ships in the world is offered.

Considerable amusement was caused
at Naval Wharf No. 2 this morning.
The Kentucky goat, a white haired
animal, and the Wisconsin goat, as black
as a coal, marched off their respective
boats and went on the wharf. They
soon came together. The Kentucky
goat routed the Wisconsin fellow and
caused him to break ground repeatedly.
The crews of both vessels stopped work
and watched the fun.

Admiral Terry, the commandant of
the Naval Station, paid his official calls
this morning on the captains of the
fleet.

CHINESE ARE GOING ASHORE

ADMIRAL EVANS AND INSPECTOR
BROWN HAVE COME TO AN UN-
DERSTANDING ON SUBJECT.

The Chinese regularly enlisted on the
warships will be permitted ashore by
the immigration authorities, under cer-
tain restrictions. The orders that Chi-
nese Commissioner Brown received
from the Department of Commerce and
Labor were explicit and were in answer
to the cable which he sent day before
yesterday regarding the matter of per-
mitting Chinese stewards to land at
this port.

Commissioner Brown was directed
that any Chinese enlisted on any of the
vessels of the fleet could be permitted
ashore during the day time on business.
They cannot be allowed ashore over-
night.

Admiral Evans the commander of
the fleet had an interview with Com-
missioner Brown on the subject and a
satisfactory understanding was
reached. Descriptions and lists of the
enlisted Chinese who are to go ashore
are supplied by the officers of the fleet
to the immigration officials in the
morning. In case of any of the Chinese
fail to return to the ships by night fall,
notification of their absence is to be
sent to the immigration officials. The
order went into effect today, and will
have the effect of enabling the officers
of the fleet to enjoy the fresh goods
from local markets.
