## CLAIM VICTORY FOR KUHIO BY 4505!

##### Bases Forecast On Wireless Reports From Other Islands And On Local Figures

#### SHINGLE CLAIMS AN OVERWHELMING VICTORY FOR KUHIO.

At 1 o'clock this afternoon Chairman Robert W. Shingle of the Republican territorial central committee issued a forecast claiming the reelection of Delegate Kuhio by 4505 votes, 863 more than his overwhelming majority over L. L. McCandless, Democrat, in 1910. In his statement today Chairman Shingle says:

"Out of a total registered vote on all the islands aggregating 15,098, I have calculated that approximately 14,000 votes will be cast. Taking this basis of votes polled, I estimate the following vote tomorrow on the delegatship:

	Kuhio.	McCandless.	Notley.	Clark.
Hawaii	2400	641	200	.....
Molai	1765	454	150	.....
Oahu	4000	2964	200	200
Kauai	650	251	75	50
	8815	4210	625	250

"The above estimate is based on wireless received today from the other islands and from a careful canvass of the situation on Oahu."

#### McCandless DOESN'T CLAIM VICTORY FOR HIMSELF.

L. L. McCandless this morning declined to forecast the vote. He did not even claim his own victory. When asked by the Star-Bulletin fore a forecast, he said:

"I could not possibly make any forecast of the territorial vote for delegate. It is impossible to estimate what effect the false reports being sent out, such as the Shingle wireless that I have withdrawn, will have on districts where it may be too late to contradict them."

#### Republican Chairman Says the Straight Ticket Will Be Successful

Predictions of a Republican victory in the city and county are made all along the line today by Republican leaders. One of them said that the Democrats themselves claim only one senator, two supervisors, and two or three representatives, and that they are very much worried over the probable loss of the sheriffship.

From Republican headquarters today the following forecast on the majority election was given to the Star-Bulletin:

	4th Dist.	5th Dist.	Total
Parker	1882	1757	3639
Fern	1618	1916	3534
Hustace	485	241	726
Spotted Ballots	.....	.....	82
Total	.....	.....	7981

Chairman E. von Damm, Republican County Committee, said this afternoon:

"From reports we have received from every precinct on this island, I feel confident that we will elect the Republican ticket from the top to the bottom. Kuhio will be an easy winner over McCandless, and the other Republican candidates will be successful."

#### REPUBLICANS WILL CLOSE HOT CAMPAIGN IN BLAZE OF GLORY AT PALACE SQUARE RALLY

C. A. COTTRILL  
Eloquent orator who will speak for Republicanism tonight

A. D. CASTRO  
Young Republican who will urge straight-ticket voting

On this eve of election day the Republicans will do themselves proud in the way of a monster mass meeting, ringing speeches, moving pictures, processions, fireworks and music.

In the grounds of the executive building, better known as the Palace grounds, this evening there will be the biggest rally of the campaign, barring none. Everybody is invited and, thousands will doubtless attend. There will be the very best of entertainment for the women and children as well as for the men.

The beautiful grounds of the old Palace, now the territorial executive mansion, will be gaily illuminated with electric lights of every hue, arc lights and incandescents, strings of the smaller lights being thrown rainbow-like from tree to tree. Two brass bands will be in attendance. Some of the latest and most interesting moving picture films have been obtained for this occasion, never having been exhibited here before, and these will be shown on a huge screen so that all who so desire may enjoy the performance.

There will be fireworks of an excellent order, under the supervision of Colonel J. Walter Jones and his able lieutenants, who are thoroughly acquainted with the proper way of handling the pyrotechnical magnificence and will assure safety as well as much pleasure. The fireworks will be seen from afar, though the best view will, of course, be obtained from the Palace grounds.

Parade Starts Early.  
All the Republican workers of the sixth and seventh precincts of the fourth district will assemble at Alapai street at 6:55 o'clock this evening and will board four special Rapid Transit cars and proceed to the residence of Charles Achi in Kalihi. Achi's place being the rendezvous for the hundreds who are to make up an impressive procession, led by a band, to march to the Palace grounds and there join the big mass meeting.

Having disembarked the sixth and seventh precinct workers of the fourth district at Achi's, the four special cars will hasten to the end of the Kalihi line and, starting into town again, will stop at every station to pick up, free of charge, all persons of program.

#### DEMOCRATS WILL RALLY IN PEACEFUL AALA PARK MEETING

Long negotiations with the board of supervisors on the one hand and the Republican organization on the other having resulted in the peaceful granting of Aala Park, the time-honored arena for great political meetings, to the Democrats for their closing rally of the campaign, the Democratic county organization has taken the best advantage possible of the privilege so far as arrangements in advance are concerned.

For the first time in many campaigns the Democratic orators and platform guests of honor will occupy the bandstand for the occasion. The pavilion will be decorated with American and Hawaiian flags, portraits, etc., and there will be a large amphitheatre of seats directly in front for the public.

#### POLLS OPEN FROM EIGHT TO FIVE

Tomorrow, general election day, the polls will be open in all precincts from 8 o'clock in the morning until 5 o'clock in the evening.

The Pacific Mail liner Nile arrived on port at one-thirty this afternoon and docked about two-thirty. She will leave for the coast tomorrow morning.

#### MOTT-SMITH QUILTS & WILL PRACTICE LAW

##### Act of Secretary Surprise to All but Himself and the Governor

##### NO INTIMATION MADE AS TO HIS SUCCESSOR

##### Special Cable to Star-Bulletin Brings News Taft Accepts the Resignation

(Special Star-Bulletin Cable)

WASHINGTON, D. C., Nov. 4.—President Taft today accepted the resignation of Territorial Secretary E. A. Mott-Smith, to become effective with the appointment and qualification of his successor. No selection of a successor has yet been made. It is understood Mott-Smith's resignation is based on his desire to obtain a more lucrative position.

C. S. ALBERT.

This announcement, which comes as a big surprise to everyone save the Secretary himself and Governor Frear, is confirmed by Mott-Smith today. His resignation was forwarded by mail to the President October 19, and the information given above, conveyed to him by the Star-Bulletin, was the first intimation he had received of the receipt of his resignation by Taft.

He says he has no idea as to whom his successor in office will be, and will continue to serve until the man is appointed and qualified in accordance with the law.

"I am quitting because I feel that I have done my share in the public service," said Mott-Smith, and intend returning to private life as an attorney-at-law. I was compelled to drop my law practice about five years ago and in the interval my public service has been of little or no financial profit to me. I feel now that I have done my share of work for the public, and that I am now entitled to work for myself.

"I was appointed for a term of four years, taking office in August, 1907. I had expected to retire last December."

#### TEDDY SAYS BOSSES IN PLOT

##### Issues Hot Statement—Johnson Thinks Taft Won't Get Any Electoral Votes

(Associated Press Cable)

OYSTER BAY, N. Y., Nov. 4.—On the eve of election, Col. Theodore Roosevelt today issued a sensational statement charging an unfair combination of Republicans and Democrats to defeat himself and the other Progressive candidates.

Col. Roosevelt declares that the Republican bosses everywhere are combining with the Democrats to defeat the Progressives.

PROVIDENCE, R. I., Nov. 4.—Gov. Hiram Johnson, Bull Moose candidate for Vice-President, today issued a statement predicting that Taft will not get a single electoral vote.

#### POWERS DISCUSSING PLANS TO MEDIATE

(Associated Press Cable)

LONDON, Eng., Nov. 4.—Tewfik Pasha today notified Great Britain that he desires mediation by the Powers to stop the Balkan armies in their advance. He demanded that the Powers negotiate directly with the Balkan Allies. The Powers replied that they cannot request an armistice, but will be glad to submit peace proposals to which Turkey will agree.

ADRIANOPLE, Turkey, Nov. 4.—The Turkish garrison's resistance is swiftding, the artillery fire is slackening and reports are that famine is already creating havoc among the defenders.

SOFIA, Bulgaria, Nov. 4.—The captured Turks complain that a faulty commissariat is responsible for their defeats. They say they were starved for four days before they gave up Kirk Kiliseh.

#### LOST MASONIC EMBLEM IS FOUND ON KOREAN YEAR AFTER

#### Freak of Fortune and Quickness of Friend Restores Pin to Owner

Henry W. Diggs of this city is a happy man. A freak of fortune, coupled with quickness of thought on the part of a friend, has restored to him a handsome and valuable Masonic emblem after it had been lost for just a year.

On October 19 of last year Mr. Diggs lost a beautiful Knight Templar thirty-second emblem. His name was engraved on the inside, and he advertised extensively. But without results. After some months he gave up the emblem for lost.

Then, on October 4 of this year Fred T. Williams of Waiialua saw a Korean plantation laborer wearing a peculiar pin. He looked at it and saw it was a Masonic emblem, and immediately he recognized the emblem that Diggs, a personal friend, had lost. He grabbed the Korean and demanded explanation. The laborer said he had got the pin from Waimea, but his story was not very clear. At any rate, Williams got the pin away from him and sent it to Diggs.

#### WHY RATH WILL VOTE FOR PARKER

James A. Rath, head worker of Palama settlement, closely in touch with the actual police conditions of Honolulu, declines to support Sheriff Jarrett for re-election. Instead, he will cast his vote for Capt. Parker.

Declaring that under Sheriff Jarrett's administration evil conditions are on the increase, that the department lacks organization and efficiency, and that the police wink at breeches of the law, Mr. Rath this morning affirmed that Parker should be elected.

"I told Jarrett two months ago that I could not support him for re-election," said Mr. Rath today, when asked by the Star-Bulletin what his opinion, as a man identified with social betterment work, is as to the sheriffship.

excuse or another for failure to stop this evil, but they do not stop it. It does seem to me that evil conditions so open in character can be stopped. I have seen officers looking on at violations of the laws without making any attempt to stop the violation. Apparently they do not care.

"I have known Capt. Parker for some eight years. Of the two, he is, I believe, the more desirable man for sheriff, and I shall vote for him tomorrow. I cannot vote for Jarrett, knowing as I do the truth about present conditions."

#### STORES CLOSED ALL DAY, BANKS AFTER 12 O'CLOCK

Tomorrow will be practically a business holiday. All the banks will close at 12 o'clock and practically all of the stores, the Merchants' Association having decided that it would recommend all-day closing, which will be observed by the larger establishments and most of the smaller ones.

A hearing in voluntary bankruptcy before Referee W. W. Hardy has been granted Arthur Aiwohi, public automobile driver, who has filed a petition setting his debts at \$4828.45 and assets at \$332.50.

HEAVY FREIGHT NOW EN ROUTE FROM THE ORIENT TO HONOLULU

It has been a good many months since a large consignment of Oriental merchandise and supplies has been forwarded to Honolulu as that stowed beneath the hatches of the big Pacific Mail liner Mongolia that is now on the way from Yokohama to the islands and expected to arrive here on or about November 12.

Twenty-three hundred tons of merchandise and food stuffs from China as well as Japanese ports are destined for discharge at this port with the appearance of the Mongolia at Alakea wharf.

A cable received at the agency of H. Hackfeld and company also announces that the Mongolia sailed from Yokohama the last port of call in Japan with accommodations for one hundred and fifty additional cabin passengers from Honolulu to San Francisco.

It is expected that the freight brought by the Mongolia will be discharged within four hours. The vessel should sail for the coast on the morning of November 13 according to present calculations of the agents.

French Plan Floating Palaces for Pacific.

The Messageries Maritimes, better known as the French Mail, are to replace a number of the old steamers of the company for eastern service with steamers from the Bordeaux South American run. The new steamers are the Magellan, Amazone, Coridillere, Chili and Atlantique, sister ships to the steamer Tourane, at present on the Marseilles-Far Eastern service. These steamers have a displacement of 12,000 tons, accommodations for 183 first-class passengers, and are well fitted with all modern improvements, including wireless and have a speed of 18 knots an hour.

The first of the new steamers, which the company is constructing for the Far Eastern run, will be the Paul Locat, which was due to arrive at Hongkong from Marseilles October 14, and will sail on the return voyage to Europe November 19.

This steamer has seven decks, electric passengers' elevator, refrigerating rooms, twelve dining rooms and saloons, social hall, music room, smoking room, bar room, reading room and writing room, cafe veranda on the seventh deck, accommodations for 750 passengers, including 350 first-class passengers with 67 single berth cabins and cabins de luxe, the other cabins being double berthed and all of them containing a dressing table, wardrobe, writing table, mirror, sideboard, soft and arm chairs, hot and cold water, and every other convenience the occupant may require.

The vessel has the latest cargo-handling machinery with five hatches which will take in the bulkiest cargo for which she has accommodation for about 8000 tons.

Deep Sea Vessel at the Port.

Today and tomorrow will see large additions to the shipping at the port of Honolulu. This morning the merchant vessels here included the A. F. Coates with lumber from Eureka, the Andrew Welch loading scrap iron and general for San Francisco, the Fearless discharged a shipment of lumber from Grays harbor, Melrose leaves discharged a shipment of lumber brought from Columbia River ports, the Norwegian steamer Promise being discharged of phosphate from Nakatea and the Sophie Christensen ready for sea and destined for Tahiti.

Sparks From the Wireless.

Two steamers enroute from San Francisco to Honolulu were heard from through wireless messages received at this port last night as follows:

M. N. S. S. Honolulu, en route from San Francisco, 8 p. m., November 3, 1912—834 miles from Honolulu.

I. I. S. N. C. S. Kilauea, en route from San Francisco, 8 p. m., five miles ahead. All well.

Rough Weather off Kauai.

Inter-island officers in the steamer Nihaui report rough weather off the coast of Kauai. The steamer returned yesterday with but little cargo owing to the boisterous seas which prevented the working of freight from the vessel to shore, and the handling of the small boats. The Nihaui was obliged to lay off Kilauea for three days awaiting better weather.

China Has Very Small Cargo For Islands.

About ten tons of mainland cargo will be discharged at Honolulu upon the arrival of the Pacific Mail liner China from San Francisco on or about November 8. The vessel left the coast Saturday afternoon and in addition to stowage mail carried a few passengers.

Guernsey to Lead of Eureka.

Captain Sorenson cleared his command, the Norwegian steamer Guernsey, for Eureka, Calif., and that vessel sailed for the California port yesterday morning. During the stay in Honolulu the Guernsey was the scene of much trouble between

Whelmina at Richard Street Wharf.

For the first time, the Matson liner Whelmina went along side the new Richard street wharf this morning. The presence of a quantity of sugar, destined for the coast, and to be transported to the California refineries in the Whelmina was the occasion for the rather novel departure in the movements of the Matson vessel.

The Whelmina is taking on considerable freight for the mainland. Seventy passengers have been booked for the coast in the popular vessel that is to get away at ten o'clock Wednesday morning. The Territorial band having been disbanded while on vacation bent, will probably participate in a concert at the Hackfeld wharf at the departure of the Whelmina.

Fearless Now Ready for Sea.

The American schooner Fearless that arrived on October 2 with lumber for the City Mill company has been discharged and the vessel has been made ready for sea. The fear less it is expected will sail for a sound port today.

HONOLULU REPORT

HONOLULU, November 4, 1912.

The following wireless message has been received by the agents of the S. S. Honolulu bound for Honolulu.

S. S. Honolulu, 8 p. m., Nov. 3, 1912, 87 1/2 miles from port. Smooth sea; all well.

For Honolulu:—38 passengers, 326 bags mail, 420 W. F. X. matter, 20 automobiles, 4600 tons cargo.

For Kahului:—486 tons cargo, 68 bags mail for Australia.

Ship will arrive Wednesday morning and dock at the Hackfeld wharf.

Change of Color for All-Marking Buoy.

VICTORIA, Oct. 28.—The Canadian marine department has decided to paint all the beacons and buoys in British Columbia waters white instead of red. During her trip in the north the Quadra has repainted all the aids there, and when she and the Nevington go to the west coast of this island the beacons there will also have their color changed. Mariners say that they can pick up a white object not only in fine weather, but also in fog at a greater distance than one painted red. The Sandheads lighthouse is still in port and it will be several weeks before she will be towed to her old position at the mouth of the Fraser. In the past the lighthouse has only sounded a bell in foggy weather, and this could not be heard at any great distance. The new diaphone, however, will carry for several miles and prove an important aid to the masters of the ferry steamer. Following the plan of the department, the mast and upper works of the Sandheads craft are being painted white. Work is progressing favorably with the erection of the new diaphone on Cape Mudge. It will not be long before this fog alarm is in operation. The damage done to the British Columbia Express Company's steamer E. X. when she was impaled on a rock in the Fraser river on September 14 is more serious than was at first thought. Her frame is warped and she is badly strained generally—so much so that her paddlewheels almost show clear above the water line. It will be impossible to put her in commission again this season.

Many Applicants for Commander of Junk.

At least a dozen well known China coast navigators of vessel masters entered the lists as applicants for the command of the Chinese junk Ning-po, which has been sent across the Pacific from Shanghai to Los Angeles, following two unsuccessful attempts to sail the venerable craft.

When the Ningpo sailed away on her first attempt nearly all the Far Eastern skippers declared: "She will never make it. If anybody could get her across Captain Scurr is the man, but she is too old to stand the continuous strain of a long voyage." Captain Scurr said: "She is as good as new. The voyage is going to be just a pleasure cruise." Captain Scurr came back and then he came back again. The last time he said: "The old junk will never stand the strain. She opens up in just an ordinary wind and would go to pieces."

Now the situation has become reversed. Captain Scurr has given it up and the Whangpoo skippers are all applying for the job to take her back for smashing of records.

All trans-Pacific records are expected to be broken when the Canadian Pacific railway puts its two new steamers, the Empress of Asia, and the Empress of Russia, into service. The Empress of Russia, the first of the vessels to be completed, was launched two weeks ago at the yards of the Fairfield Shipbuilding and Engineering Company at Glasgow. In all probability, the record held by the Empress of Japan will be lowered as soon as the new ship goes into commission.

The Japan made the run between Vancouver and Yokohama in 10 days, 10 hours and 4 minutes, and between Vancouver and Hongkong in 17 days, 10 hours and 16 minutes, inclusive of stops. The Japan has a contract speed of 18 knots on the measured mile and 16 knots on a sea trip, while the two new ships are designed for a speed of 20 knots. The owners think the Empress of Russia will clip a whole day from the record.

Means Increase in Size of Fleet.

Much rumor and speculation has been silenced by the announcement of Sir Thomas Shaughnessy, president of the Canadian Pacific Railway, that the putting into commission of the railway's two new steamships, the Empress of Asia and the Empress of Russia, on the Pacific Ocean will not be the signal for the withdrawal of the present steamships operated by the company between Canada and the Orient. This means that when the Empress of Russia and the Empress of Asia are delivered at Vancouver the Canadian will have five liners operating between Canada and Japan

and China—the four Empresses and the Montague. This will allow the Canadian Pacific to give fine service on the Pacific, both from the point of accommodation offered and from the duration of the voyage.

San Francisco Learns of Storms Ravages.

Alarming reports concerning the heavy weather experienced at sea by the Oceanic liner Sonoma and the Matson Navigation steamship Whelmina were received at San Francisco through wireless messages relayed from the Sonoma through the Sierra news to have been incomplete. The news of the death of Joseph Watson Ingalls, boatswain in the Sonoma was received with much regret in coast circles. Every person on board the Sierra had an opportunity to observe the plight of the Whelmina Thursday afternoon when the steamers passed about five miles apart.

Every marine glass on the Sierra was in demand and the Whelmina could be plainly seen as she plowed through the mountain waves which broke over the bow and kept the lower decks completely submerged. At that time the following message was flashed from the wireless of the Whelmina and recorded by the Sierra: "Sea breaking over the ship. Spray sweeping clear over the superstructure and nearly all of the deck cargo washed overboard. Some damage done including the smashing of our rails. Ship and passengers are safe. We are steaming ahead at half speed."

Veteran Master Gets Big Liner.

VICTORIA, Oct. 13.—Rumors have it that Captain Beetham, master of the Royal Mail steamer Empress of India, will be made commander of the new Canadian Pacific Mail liner Empress of Russia, which was launched a few days ago on the Clyde. When the India returns here early next December from the Orient, Captain Beetham will leave the vessel and proceed to England to take charge of the Empress of Russia, which will leave early in the new year for Hongkong to commence service in the trans-Pacific trade. Captain Beetham is the senior captain in the Canadian Pacific railroad's Pacific fleet. Captain Davidson, master of the Montague, will be selected to fill his berth in the India. When the Empress of Asia is ready for service Captain Robinson, master of the Empress of Japan, will become commander. It is not known who will be master of the Japan or Montague, but no doubt it will mean promotion for some of the chief officers in the trans-Pacific trade.

Taking a lesson from the Titanic disaster, the Canadian Pacific railroad has decided to equip its trans-Pacific liners with more lifeboats. The Empress of India is the first to arrive here with the increased life-saving equipment aboard. While the India was at Hongkong ten semi-collapsible lifeboats were placed aboard the vessel, and now the steamship is well able to provide for the safety of all the passengers her license permits her to carry.

Captain K. Noda of the Nippon Yusen Kaisha Line, Yokohama Maru, says that his company is obliged to turn away freight offered at both ends of the run, and has decided to place in the Puget Sound service two boats now on the European route, the Kamo Maru, 8524 tons, and the Tango Maru, 7463 tons. The Tamba Maru and Inaba Maru, smaller boats, now plying across the Pacific, probably will be withdrawn. An unconfirmed rumor is current in Kobe of the building of a 10,000-ton liner for the Puget Sound service. Two big boats for the European trade are on the stocks in Japanese yards.

TROUBLEMAKERS LEFT BEHIND TWENTY AUTOS IN HONOLULU

Five men who arrived from Australia as firemen or sailors in the Norwegian freighter Guernsey, did not continue the voyage to Eureka, Calif., when the vessel departed for the coast early yesterday morning.

Two of the Guernsey's men are alleged by the police as trouble-makers and at the instance of Captain Sorenson, were paid off before he sailed for the California lumber port. In the place of these men several old timers on the beach were signed on for the passage.

Ladona, who participated in the spectacular attempt to shoot the skipper of the Guernsey at the Interisland wharf some days ago, and who is now in the city and county jail awaiting a hearing before the circuit court, is believed to have had one or more sympathizers among the crew in that vessel. The elimination of five men is expected will insure Captain Sorenson a passage to the mainland fraught with less trouble than the voyage from the colonies to Honolulu some weeks ago.

A large mail from the mainland will be received in the Honolulu there being 326 sacks for discharge at this port. The cargo destined for discharge at Honolulu amount to 8000 tons while in transit there is 436 tons for Kahului.

Sixty eight sacks mail will be sent on to the Antipodes in the Marama. The Honolulu docks at Hackfeld wharf.

THE OUTLET PERPETRATED BY WALT McDUGALL

A LEGAL PROBLEM. FURTHERMORE Which is worse murder or piano-playing by night? A man who wants to sleep rises in his wrath and slays a man who wants to play a piano after eleven P. M. should the slayer be punished or get a pension? Also, is it a crime or a benevolent act to bring a parrot's neck? Isn't a whistling office-boy better when buried? Has a woman who uses musk or similar scents any right to beat large? And, while we are at it, if stealing is a felonious offense what should be done to McInnes who has stolen nineteen bases this season? A man who would steal bases would swipe a pedestal or even a base-burner! The Bughouse follows the Piano-factory, Goethe.

PUBLIC WORKS TO DEMOCRATS ARE BE RUSHED NOW SHORT OF MONEY

H. K. Bishop, the new superintendent of public works, arrived in Honolulu this morning with his wife on the Wilhelmina, from Hilo, and at once assumed the duties of his office. He held a lengthy consultation with the Governor, discussing the many important subjects which will require action at an early date, among these the loan fund commissions, of which the superintendent of public works is a member ex-officio.

Chairman Petrie and Mr. Johnson, engineer for the Oahu loan fund commission, participated in a part of the morning conference, giving Mr. Bishop information concerning the twelve large projects which that body is presenting to the Governor.

The Governor and Mr. Bishop, together with Architect Ripley and Col. Jones, will confer next Thursday afternoon on the plans for the new armory. It is understood the plans are finished and await only the superintendent's approving signature for actual building operations to begin. An effort is to be made to start the construction of the armory before the end of the present month.

MAHUKA CASE GOES TO JURY

The third Mahuka site case, to determine the award that shall be made by the federal government to the owners of the building site in which the Office Supply Company is situated, went to the jury at 9:30 o'clock this morning, following the reading of the court's instructions. The jury spent the remainder of the morning in deliberation, and a verdict is expected at an early hour this afternoon.

"We have arranged for transportation for voters in all the precincts," said Col. C. J. McCarthy at Democratic headquarters this morning. "We are not so well fixed for runners. Being short of money, we cannot carry out our original plans for hiring runners, but hope to be able to secure enough volunteer runners to make a pretty fair showing."

"We did expect to get more money from people around town, but many of those approached said that they were Republicans and, while they were not satisfied with their party ticket, they could not consistently contribute to the Democratic campaign fund."

"Another difficulty is with regard to sample ballots. It was our desire to have sample ballots printed, but from our experience in former campaigns we are reluctantly obliged to forego that assistance to voters. In prior campaigns we were given the wrong steer regarding the form of ballots, so that our samples did not correctly correspond to the official paper. Consequently, rather than getting out a misleading form we will not have any sample ballots."

"The other side," Col. McCarthy complained, "has the advantage of the right tip and will therefore be equipped with sample ballots."

The new act of Congress, requiring that all passenger steamers carry two wireless operators, went into effect on October 1, and hereafter at all times of the day and night there will be "sparks" hovering over the key, prepared to catch any "S. O. S." call that may be flashing through the ether. Nearly 100 additional operators are required to fill the new posts. The fair sex has already gone into the field, and it is predicted that ere long there will be more than one mistress of the key in the coastwise service.

Rapid Passing of the Sailing Vessel. An idea of the rapidly with which the sailing ship is disappearing is conveyed in figures given in the new volumes of Lloyd's Register. The world's sailing vessel fleet now totals little more than 4,000,000 tons, whereas the merchant steamers of the globe are in excess of 40,000,000. On the assumption that one ton of steam is equal to three of sail, steamers now do thirty times as much of the carrying trade as sailing craft.

To The Republican Voters: The following figures are presented to Republican voters, who may, at this time, be considering whether or not, on November 5th next, they will vote a STRAIGHT PARTY ticket or a SPLIT TICKET. Four years ago NORMAN WATKINS was DEFEATED in his run for Supervisor by the votes of the 3d, 4th and 5th Precincts, who SPLIT THEIR TICKETS. The normal Democratic vote of these precincts may be considered the vote cast for Fern for Mayor as follows: 3d Precinct 56 votes, 4th Precinct 67, 5th Precinct 79. Total Democratic Strength 202 votes. The Vote for McClellan and Watkins in the same precincts was as follows: 3d Precinct McCLELLAN 94, WATKINS 112; 4th Precinct 130, 246; 5th Precinct 164, 223. Totals 388, 581. Total Democratic Strength 202. Republicans voting for McClellan 186. The vote in the whole county for Watkins and McClellan was as follows: McClellan 2492, Watkins 2325. McClellan DEFEATED Watkins by 167 votes. Now since Watkins LED the supervisorial ticket in the 3d, 4th and 5th Precincts it is reasonable to assume that the Republicans in those precincts wanted HIM elected in preference to any other candidate, and yet the figures show that the Republican votes cast for McClellan were really the means of DEFEATING Watkins. Now, on the eve of another election day there is talk of Republicans splitting the SENATORIAL and SUPERVISORIAL tickets, but it is hoped that a study of the above figures may convince them that the SPLIT TICKET is often the means of DEFEATING the CANDIDATE or CANDIDATES best qualified and whom they MOST DESIRE TO ELECT. REPUBLICAN CAMPAIGN COMMITTEE.

MURRAY WORKS AGAINST PARIS

Supervisor Harry Murray spent a large part of yesterday campaigning around the island against a candidate of his own party, Edwin H. Paris. Murray and Kruger took the municipal auto and according to reports, somewhere in their wanderings they had a mishap with it.

Not only is Murray campaigning among the Hawaiians against Paris, but he is credited with being the author of a card issued last Saturday night on which is given the names of nine supervisorial candidates. The card says:

"Take this tip! The next board of supervisors will be composed of seven of the nine men here named: Notley, Bartlett, Cox, Arnold, McClellan, Petrie, Long, Enos and Markham. Vote for seven. There are other good men running but they have no chance of winning."

A report was circulated that Bartlett was responsible for the card but it was proved today that he had absolutely nothing to do with it. Murray handed one of the cards at least to another Republican candidate last Saturday night and yesterday he was lining up all the opposition possible to Paris.

Bartlett said today that he had nothing to do with the card and declared that he is supporting Paris with all of his strength. "I went so far as to tell the Manoa voters last Saturday night that if they couldn't vote for me, to leave one blank on the supervisorial ticket in order to help Paris and keep a Democrat from running ahead of him," said Bartlett frankly today. "I had nothing to do with the card and it is unfair to all of us to spread a rumor like that."

VICTORY IS CLAIMED

(Continued from Page 1) Jul. Our senatorial ticket will be given a strong vote.

"The talk stirred up by Democrats and a few disgruntled Republicans in the precincts will knife the Hawaiian candidates and vice versa has proved to be groundless and has been a boomerang upon the Democrats. The Fourth district is going to give hearty support to the Fifth district candidates and the Fifth will show its splendid straight ticket strength as it has always done. Sol Sam Parker has gained greatly in strength during the past two weeks and Fern's methods have lost him support in both districts. The Democrats are going to be sadly disappointed in the defeat of their supervisorial ticket and we will go right down the line with all our candidates."

The University Club will get full returns tomorrow night on both national and territorial elections. Arrangements have been made with the Star-Bulletin whereby this paper furnishes the club with complete returns, beginning at 7 o'clock and extending as late as desired.

MOTT-SMITH HAS RESIGNED

ber, with Governor Frear, but the Kulo charges against the Governor appeared, and feeling that the administration was under fire I decided to stay until that trouble had been settled.

I rented law offices down town which I have kept for nearly a year, paying the rental and permitting the dust to accumulate in them, expecting to be able at almost any moment to take possession and make active use of them.

"Now that the administration has acquitted itself, and has been thoroughly vindicated, I feel at liberty to go back to my own affairs as originally intended."

Mott-Smith's resignation is made with the full approval of the Governor, who in writing has expressed deep regret at the loss of a highly efficient assistant but admits that in justice he cannot longer be detained Secretary at the latter's personal financial loss.

Secretary Mott-Smith has been in the public service in various capacities since 1897, when he was first made a member of the board of immigration. He was Minister of Foreign Affairs and ex-officio minister of public instruction in 1899-1900, member of the board of education in 1901-2, member of the board of health in 1902-4, and president of the board of health for two years and three months, ending in August of last year.

POLITICAL VIEWS

W. R. Farrington—Citizens whose vote is prompted by a love for Honolulu and belief in its progressive future should never allow themselves to vote for Fern after the record of his house to house canvass on Sunday. When the mayor of a city issues a proclamation in the interest of health measures for the community, and on the day set apart goes from house to house grossly misrepresenting the whole movement, he is acting the part of an incompetent or a corruptionist. Isn't it about time the intelligent citizens of Honolulu waked up and asserted themselves.

T. M. Church—I shall most certainly vote for Robert W. Parker for City and County Sheriff. If anyone expects me to vote for Jarrett it arises from a misunderstanding of my remarks. I am for Parker.

W. T. Rawlins—The prospects for the election of Robert Waipa Parker as sheriff look mighty good to me.

Eight Officers of Western Division Take the Thomas to Coast

Eight officers of the Western Division, who came here from the various mainland stations to act as umpires and observers in the recent maneuvers of the army of Oahu, will leave on the transport Thomas for San Francisco tomorrow, after a stay of nearly a month in Honolulu.

This list includes Major George H. McManus, inspector general, who completed the field inspection of the mobile army during the maneuver period, and who also made an inspection of the Coast Artillery, and of the property and accounts of all posts and of department headquarters. While it is an ironclad regulation that inspectors do not give out the results of their observations until their formal report goes through the proper channels, commanding officers can usually tell what impression their commands have made, and about how they are being judged, by the questions which are asked by the inspector, and by the various points which are brought to light. It is understood that every one connected with the department was well pleased with the inspection just closed, and that is a fair indication that the inspector himself found everything to his satisfaction.

"This visit to Hawaii has been extremely pleasant to me personally," said Major McManus, "and I am more than glad that official business brought me here. The maneuvers were both interesting and instructive, and I watched the work of both armies in the field with much interest. This is my first extended visit to Hawaii, and the more I see of it the more I like it. I hope that I can get back again before long."

There will probably be no more inspections of the Department of Hawaii until next Spring. Regulations require a regular inspection during the fiscal year, and what is known as field inspection during the calendar year. The former inspection was made by Lieutenant Colonel George Bell last May, and the field inspection is the one just completed.

PARCELS POST WILL COMPEL CHANGES

Transportation equipment on some routes in these islands will have to be reinforced or changed entirely, when the parcels post schedule goes into effect on January. Where a saddle horse has sufficed for a carrier before, a pack-mule or two may be required when folks get into the way of sending parcels by mail, and buggies or buckboards may have to be replaced by trucks. Probably on some of the belt roads, where automobiles are now used, there will be little need of change other than adding to the number or size of machines. George W. Carr, assistant superintendent of mails, has the matter in hand.

URGES FOURTH NOT TO KNIFE HAWAIIAN

Norman Watkins made a talk at Manoa Tennis Club grounds last Saturday night that impressed the voters gathered at the Republican meeting deeply. "I would feel ashamed to give a big vote here and find one of our Hawaiian running-mates thrown down and given a small vote," he declared. "I ask your support for all of the running for supervisor, and we should give the Hawaiians the same strong aid that they will give us in the district."

## VOTE LAXITY OUT!

Among those whose duty takes them into the streets and the byways of this city, by day and night, there is no misapprehension as to the laxity of the police administration. Today is published a statement from James A. Rath, lead-worker of Palama settlement and a man who is both a skilled observer and an unbiased judge. Mr. Rath declines to support Sheriff Jarrett. He puts his finger on specific instances where Jarrett's administration is failing. He points out that the social evil is being winked at by the sworn officers of the law.

And Mr. Rath knows. With due respect to Dr. Scudder, who says that although there are indications of laxity in the police force, he intends to support Jarrett rather than Parker, the Star-Bulletin believes that Mr. Rath has better opportunities for knowing the true facts regarding the police administration than the minister of Central Union. Mr. Rath's life is spent where every hour of the day and night he is in a position to see the truth.

## DEMOCRATS EXPECT TO WIN BOTH HOUSE AND SENATE

Mainland election results will be watched tomorrow night with almost as much interest in the senators and representatives in the lower house elected as in the presidential contest. While there is a general belief that Democracy is quite likely to hold its own or strengthen itself in the house, the senate is in much doubt and will be until the votes are counted.

The interposition of the Bull Moose party has set all precedents awry, and few indeed are the political experts willing to risk their reputation on a definite forecast. It may be said, however, that with the Republican party divided against itself, there certainly should be an accession of Democratic strength all along the line, irrespective of Wilson's chances for the presidency. This has been widely hailed as a "Democratic year", and the hungry faithful, their appetite only whetted by what the last house was able to do for them, are gathering in anticipation of a more substantial feast should both houses be theirs.

## BULL MOOSE CANDIDATES IN THE STATES

The Bull Moose party has one great source of strength in tomorrow's election, and that is the heads of the state tickets. Many of the Progressive candidates for governor are men of the very highest type, and it is remarkable how little the professional politicians, even the veteran politicians, are represented on the Bull Moose state tickets.

Beginning with Oscar S. Straus in New York, many good men may be mentioned. Among them are Winston Churchill, the militant author of New Hampshire, foe of railroad corruption; Arthur Capper, editor of the Topeka Daily Capital, of Topeka, Kansas; Charles S. Bird, a manufacturer of East Walpole, Massachusetts; Judge Albert D. Norton, of the appeals court of St. Louis, Missouri. North Dakota has put forward Dr. C. C. Cregan, president of Fargo college and a noted educator. Gov. Aldrich of Nebraska is up for reelection on the Progressive ticket, as is McGovern of Wisconsin, a Roosevelt leader in the first Chicago convention. In Washington there is running a picturesque character by the name of "Bob" Hodge, ex-miner, ex-puglist, later a sheriff of conspicuous force if somewhat rough-and-ready methods; Albert J. Beveridge, the eloquent Hoosier, is Indiana's choice; Ohio has put forward a wealthy automobile manufacturer, Arthur L. Garford, from the north of the state, but he, like Clifford Parks, the Denver banker nominated in Colorado, is not greatly feared by the older parties.

Few of these men have had much previous experience in politics, but they have been warmed up by the Roosevelt flame and are as likely to be good governors as anyone else.

## EDISON AND SUFFRAGE

Thomas A. Edison, that man of eminently practical ideas, has declared himself for woman's suffrage, and the Edisonian theory of suffrage is expressed in an interview that Will Irwin, the noted journalist, scented and which is now being widely circulated as campaign literature for the Progressive party. Irwin asked

the great inventor his idea on suffrage and the interview is reported as follows:

"Edison fixed his eyes, set that wide, practical mouth of his, and thought for a minute. 'Well,' he said, 'women should certainly have the vote on all questions involving the education of their children and on all moral questions. Yes, and questions concerning their work, too.'"

"Just where would you draw the line?" I asked.

"Edison thought for a minute; it was plain that the dynamo was working within, turning out a thousand ideas a second.

"I guess we can't," he said finally, arguing aloud to himself. "I guess I can't stop there. No; I'm for it. It's only right, and it's expedient, too. Woman's the moral force of the world, and this movement's part reduction of waste and equalization of wealth, and part plain morals. You know, the average man's a pretty tough proposition when you strip off the husks. Just lately we've been stripping off a few husks in New York—the Rosenthal case. If I hesitated on that point it was because I was afraid of doubling the vote when we've got so much to do. But, after all, that will take care of itself, I suppose."

Joe Fern, as mayor, on Saturday issued a proclamation setting aside Sunday as "Tuberculosis Day", and public-spirited men and women gathered in massmeeting to discuss remedial measures for the terrible white plague. Joe Fern, as candidate for reelection on the Democratic ticket, on Sunday went among the Hawaiians of the Fifth district spreading the cruel campaign canard that the haole Republicans were talking of a plan to get the Hawaiians into hospitals and destroy them. That is the kind of a man and a mayor and a candidate that Fern is. That is the kind of absurd, of dangerous, of inflammatory story he is spreading. If ever there was a call for intelligent men to rise up and drive Fern from office, it is now.

If any further proof were needed to show that C. G. Bartlett, manager of Honolulu brewery, is carrying his business into politics, that proof is furnished in the signed communication published on this page. Bartlett throughout the campaign has asserted in his public speeches that his business has and will have nothing to do with his candidacy or his administration of office should he be elected. Yet Bartlett used his influence against Sam Johnson because Johnson was reported to have advocated prohibition in the Puna district. Let the voters make no mistake, Bartlett's business cannot be kept out of politics if he gets in.

## Says the Hilo Tribune:

The feature of this campaign which has been the most noticeable has been its comparative decency. Compared with the ordinary election orgy, when drunkenness and kindred nuisances are given more or less license, the present campaign has been an exceedingly quiet one. We see no drunken bums lurching in and out of saloons, the streets are not blocked by filthy political runners and similar touts "earning" easy money through loud-mouthed and generally profane argument. Thus it has been demonstrated that the lack of a campaign fund promotes decency in the campaign. Under the circumstances it should be nothing much short of an offense to contribute to such a fund either now or in the future.

A senatorial election of more than ordinary interest takes place in Oregon tomorrow. Senator Jonathan Bourne, one of the leaders of the little group of progressives in the upper house of Congress, stayed in Washington during the primary campaign and was not renominated by the Republican party, which put up Ben Selling. Bourne is now running on an Independent ticket, while the Bull Moose party has put up Clark.

Regardless of what attitude Kuhio takes as to opposing the confirmation of Gov. Frear, there is no question that the people of this territory are heartily sick of the personal controversy and will resent a reopening of it in Congress next month. We believe that Kuhio's sound sense will cause him to stand literally by his statement in a letter to this paper that he would abide by the action of Secretary Fisher.

Don't take somebody's word for it that the present police administration is a good one. Learn the truth for yourself. If you do, there'll be a new man put in office.

Won't be much like old times without Bryan's name somewhere on the ticket.

One more day to make election bets and four years to regret them.

Don't worry. You'll know tomorrow night.

## LETTERS ON TIMELY TOPICS

### THE BREWERY IS IN POLITICS.

Honolulu, Nov. 2, 1912.

Editor Honolulu Star-Bulletin.

Sir:—Referring to statements from time to time by politicians that Mr. C. G. Bartlett should not be opposed as a candidate for supervisor on account of his connection with the liquor interests, and that the liquor question should not be brought into politics in this election, we believe that it would be of interest to the general electorate to know the attitude that Mr. Bartlett, himself, took towards Mr. Sam Johnson when he was considering running as a delegate to the Republican county convention and as a candidate for supervisor.

The following statement was made by Mr. Sam Johnson in the presence of the undersigned and others on the steamer Mauna Kea on the night of September 25, while we were on the way to the Hilo Civic convention:

"Early in September I was asked by a number of men of this city to run as a delegate to the Republican county convention and also as a supervisor. At a meeting of the Kakaako precinct I was offered the unanimous support for supervisor. It was there I was informed of Mr. Bartlett's opposition to me, on account of my being against liquor. I saw Mr. Bartlett the next morning and asked him if it was true that he was opposed to me. To this he replied that he was, for the reason that it was reported to him that during the prohibition campaign I fought the liquor interests in my district in Puna."

Very truly yours,  
G. FRED BUSH,  
F. C. ATHERTON.

### TO THE YOUNG VOTER.

Editor Honolulu Star-Bulletin.

Sir:—With your permission I am going to have just one more say before the election tomorrow, and this "say" will be, as usual, to the young men who will cast their first vote. Young man, eternal vigilance is the price of keeping the dinner pail full as well as of liberty. The first thing to do is to start right in this new life that you will be introduced to at sunrise tomorrow morning, and it is not all in starting right, and right here is where that "eternal vigilance" comes in to keep it right.

Did you ever see a man building a picket fence? He starts right by having everything plumb and square, but it won't stay that way long if he doesn't get off and take a look at it every once in a while. It will get to running one way or the other without that "eternal vigilance". Same way with voting, young man. Start right and after you have started right keep a weather eye on the whole business or it will get to running down-hill.

Every man who arrives at the age of twenty-one years should be capable of thinking for himself, so I am not going to ask you to vote for this man or to down that man, or to "knife" this one and boost for the other one. But I will tell you some history of a party, the writing of which took a great deal more blood than ink, and you yourself, but a few years ago, read it while you were attending the public schools of this territory. That same party is today asking you for your vote to place it in power. That same party brought on a cruel civil war which lasted four long years. That party sold men, women and children as slaves. That party made thousands of widows and orphans. That party suppressed the issue of greenbacks when this government was starving for them. That party swept American commerce from the seas with armed privateers. That party fired on Fort Sumter and the American flag. Just let me repeat that. There is a party asking for your vote tomorrow, young man, that fired on an American fort and "Old Glory", the grandest flag that ever flew from a staff. There is a party asking for your vote, young man, that slandered James Abraham Garfield and assassinated Abraham Lincoln.

Now, young man, you ought to locate that party, and it won't be hard to find. What are you going to do after you find it? It's up to you.

A VOTER.

### LOW COMES STRAIGHT FROM SHOULDER.

Editor Honolulu Star-Bulletin.

Sir:—In yesterday's issue of the Sunday Advertiser appeared a statement intended for Carlos Long. Recently intended for Carlos Long. Republican candidate for supervisor, at Republican headquarters as follows: That Supervisor Low is knifing him particularly in the country districts etc., etc.

has also been reported that Low was supporting Joe Fern, etc., etc.

Allow me to make this open statement, that if Carlos Long was only man enough to come to me after hearing the report, instead of going to headquarters and shooting his head off about me, (that is if the statement made by the Advertiser is correct) he

would have got the correct answer, and in a manly fashion, too.

I have never uttered a word about Carlos Long except when asked if he is a good man. My answer has always been of the best toward him.

As to my working for Joe Fern, that is about the biggest joke of the day. My official capacity as a supervisor forces me to travel with him and talk together on all matters concerning the betterment of the county in all respects. It seems so small that the county committee and the several men of intelligence who are handling the campaign should consider such statements as true without referring same to me first.

No man will make me stop from associating with Joe Fern as a friend and as a supervisor.

I wish to say, so that all can understand my position, that I have not worked for Joe Fern, nor intend to.

I have also been accused of working against Chas. Arnold. Allow me also to say that Chas. Arnold should be returned to the board. He has made a record that no man should be ashamed of.

If the Republican party committee would only get down to business, and not allow irresponsible runners to make false reports and then allow such reports to be made public, there will always be harmony and good results attained.

Publish the good reports, but investigate the bad ones.

Thanking you for the space, I remain, yours truly,

EBEN P. LOW.

### THE KNOCKER

Hammer and clang!  
Hammer and clang!  
List to the Knocker with clamor and bang.  
Lamming and slamming.  
And jamming and ramming.  
Sniffing and sniffing, with clatter and clang—  
Hitting to right of him—  
Oh, the great might of him!  
Striking to left of him!  
Just watch the cleft of him!  
Whacking and cracking each head on the way,  
Rapping and slapping by night and by day—  
None can escape from his clamor and clang!  
Refuge is none from his hammer and bang,  
Whanging away  
Day after day!  
Still, let him hammer and hammer along!  
Think not to shrink from the sound of his gong!  
Maybe on you  
He beats his tattoo.  
Filling your life  
With anger and strife—  
Yet let him hammer and clamor away  
Day after day;  
Heed you his clamor, and list to his say.  
You are the steel to be fashioned, and he—  
He is the Hammerer, destined to be  
Just what you need in the difficult quest.  
Seeking the bay, who, with hammer and bang,  
And clamor and clang,  
Scolds you and molds you, providing the test  
To prove that your metal is wrought of the best!  
—John Kendrick, Bangs in Harper's.

### LITTLE INTERVIEWS

J. WALTER DOWLE—The promotion bureau at Republican headquarters has one more strenuous day, and then the fireworks. I sure has been a strenuous campaign.

SHERIFF JARRETT—The Democrats will not have to go away from headquarters to learn the news of a great victory. An accommodating morning paper will fire the good tidings right into the windows of the Waiy block citadel.

Sophie Christenson Not Repaired. Repairs to the schooner Sophie Christenson are not completed, and the vessel may not get away for Tahiti before the last of the week as matters now stand. The vessel has been at the port since October 3, having arrived on that date from Tahiti in distress. The schooner has been on the local marine railway for recaulking, cleaning and repairing. Some work above the waterline yet remains uncompleted.

### ELECTION RETURNS AT LIBERTY THEATRE.

Most complete returns, both local and presidential, will be shown by stereopticon election night starting at 8:30 and continuing until result is certain. In conjunction with vaudeville and mammoth picture program.

# IN THE WOMAN'S WORLD

## PROMINENT WOMEN OF MAINLAND ACTIVE WORKERS IN CAMPAIGN

Residents of Honolulu who take an interest in the work of the women in the presidential election have perhaps noticed the class of women who represent their constituents in the three parties, the Republican, the Progressive and the Democratic. Among the well known women who are working for Taft are Miss Helen Harick Boswell and Miss Mary Francis. Miss Boswell has been active in the different campaigns since 1908 and has spoken at the noon day and evening meetings. Since 1892 she has been associated with the Republican National Committee and has been an organizer of woman's clubs in many parts of the states. Much of her interesting work was done in the Panama Canal zone where she organized women's clubs. At present she is at the head of The Woman's Department of the Republican Committee. She, with her co-workers are earnestly campaigning in behalf of President Taft. Miss Boswell is one of the foremost women in the General Federation of Women's Clubs being chairman of the Industrial and Child Labor Committee. The press agent for the Woman's Department of the Republican Committee is Miss Mary C. Francis. Miss Francis is well known as a writer. During the time of the Spanish-American War she was in Cuba and wrote many stories and articles dealing with the life there. Miss Francis is a trained newspaper woman, says Arthur Guiterman in the Woman's Home Companion. She was for some time on the staff of the Cincinnati Times-Star. The Democratic Party is represented among the women by the National Wilson and Marshall Club with Mrs. J. Borden Harriman as its President. Mrs. Harriman is a well known society leader and has for a number of years been working for the protection of women and children. One of the foremost and most persuasive arguments used by Mrs. Harriman and her fellow workers is that the election of Wilson as President will aid in the reducing of the high cost of living. Wilson is also receiving the support of the Woman's Democratic League under the presidency of Mrs. John Sherwin Crosby. Another woman, a writer of world renown, Mrs. Gertrude Atherton is an ardent supporter of Wilson. Mrs. Atherton is a Californian and is doing all that she can by means of speeches and

articles to further the Wilson Cause. These women are all respected by the people all over the country. They are known as having labored unselfishly for the Country's good. The new party, the Progressives stands pledged to woman's suffrage, and therefore is one of the foremost. This party is working for the election of Roosevelt because he has promised to work in behalf of the suffragists. One of the most zealous workers in this party is Miss Jane Addams. When as a delegate to the progressive party from Illinois Miss Addams seconded the nomination of Roosevelt there was much adverse criticism expressed. The criticisms were based on the fact that her activity in politics might impair her work in the social field. Another woman who is a leader among the Progressives is Miss Francis A. Kellor of Brooklyn. For some time Miss Kellor has lent her efforts to the protecting of the newly arrived immigrants in New York. Another ardent Progressive is Miss Alice Carpenter of Brookline, Massachusetts, who is a granddaughter of Judge Carpenter of Vermont and a daughter of Mrs. George N. Carpenter who dared to hold the first suffrage meeting in Massachusetts, at her own home. Miss Carpenter studied social economics and for some time has been one of the able trained workers in the settlements of Boston. Another Progressive is Miss Mary Drierfounder of the Woman's Trade Union League. She is well known in the east as a champion of the working women. On a recent occasion when the women of Ohio were defeated in their campaign for Woman's Suffrage it was stated they blamed the women for taking such an active part in the political campaigns. Many feel that the suffragists will further their cause more speedily if they leave politics alone. The women however are doing as they think is right. A writer for the Woman's Home Companion says, "For the first time in the history of the United States women have become a real factor in a political campaign. Their assistance and co-operation have been earnestly sought by each one of the three great parties, and they have been working as earnestly for their chosen candidates."

## FASHIONS FOR THE TABLES

Linen, crystal and silver are sought for and cherished by the woman who appreciates beautiful things within her home. It is still correct to spread luncheon on a polished table with lace mats. These are often real, and brought home from a sojourn in Italy, or in some other country where handmade lace may be acquired by those who recognize its value. With these mats of lace every other appointment must be perfect, and the woman who knows how to weave a composite whole out of her home treasures has probably secured fine silver of antique pattern, if not actually of the production of old days, and she knows something about glass—goblets, vases and decanters, or jugs of Waterford which are considered correct just now. Many matrons search the curio shops to get genuine antiques, and it is a pleasant interest, but it is not at all necessary in these days of beautiful reproductions. It is a more simple matter to purchase every item required in reproduced Waterford or some other rich make of cut crystal or fine glass. When lace mats are not used for the spreading of luncheon and when the dinner table is laid, no linen is of quality too fine, and no embroidery is too elaborate for monograms and crests. Indeed, some of the linen chests of today are furnished with marvels of fine weaving, and the prevailing taste for small, round tables has brought forth the best efforts of the designer in floral patterns as decorations for damask that is like silk. Flowers are placed in Georgian vases of silver, electro, or in glass, and the lighting of a dinner table is frequently accomplished by candleabra, either antique or of modern reproduction. There are few women who feel satisfied with the everyday, commonplace lighting scheme. Each one has her own individual taste, or has noted some exquisite novelty which she has carried out for her dinner table. Some hostesses even go the length of covering the table itself with damask in a certain flower pattern, and then introducing only the blossoms depicted thereon in rich but severe evergreens and vases. A note of severity is shown in all decoration. Any table massed with flowers or overburdened with ornamentation would fail utterly at the present moment to be pronounced good style. Table services now used are mostly in a reproduction of some old pattern in the ware of days gone by, and the woman who is in a position to introduce such wonders as rich designs of standard value must be congratulated upon her powers to evolve schemes of beauty. Coffee cups are sometimes chosen to match the color of the drawing room in which they are used, or a bold contrast may be preferred. So many rooms have a good deal of black in their decoration that cups of jade, blue, rose or purple are used with pleasing results. LADIES' DAY TOMORROW AT CENTRAL UNION The women of Central Union Church have planned a most enjoyable morning in connection with the quarterly meeting of the Women's Society which will be held in the church parlors, Tuesday, November fifth, at eleven o'clock. There will be an interesting though brief business session, reviewing the doings of the Society for the past quarter and presenting the new business to the members assembled. A musical program with both vocal and instrumental numbers will follow, and

after this the ladies will adjourn to an "Exchange Basket Luncheon." Let any readers should be unfamiliar with the delights of this picnic feature, it might be well to explain that each lady brings a luncheon for one which she leaves with the committee in charge who distributes the lunches at the proper time, taking care that no one eats the luncheon she has herself provided. In consequence the element of surprise is pleasantly present and any one who knows the dainty repasts which the ladies have the reputation of preparing will realize that the noon hour will be most delightful. Tea and coffee will be furnished for a most cordial invitation is extended to all ladies of Honolulu who are interested in such a meeting to join in and promote the sociability of the occasion.

## WOMAN'S BOARD MEETS TOMORROW

The Woman's Board of Missions will meet in the chapel of Central Union Church tomorrow, Nov. 3, at 2 instead of 2.30 o'clock. The change of hour is made to connect more closely with the morning session of the Woman's Society, which opens at 11, the intervening time being given to the joint basket luncheon of the two organizations. The literary topic of the afternoon, in charge of Mrs. J. P. Erdman, will be "The Leaders of the World's Great Religions." A report of Chinese work will be presented. Rev. Okumura, recently returned from the Holy Land, will speak briefly of his travels. The president will tell of the outcome of efforts made to secure a Mission Study Organizer and of the tentative plans for progress in study while that organizer is awaited. A most cordial invitation to the pleasure and profit of the day is extended to all ladies interested, friends and strangers.

## PERSONALITIES

DOCTOR DERBY was a returning passenger from Kaula yesterday. MISS MARY SULLIVAN'S engagement to Mr. Frank Beckett of Honolulu has been announced, says the Kohala Midget, and the young couple expect to spend their honeymoon in the "wilds of Hawaii," camping on the "icy" slopes of Mauna Kea. W. R. CHILTON, motorcycle officer connected with the police department, is able to be about after a three weeks' illness. Officer Chilton suffered from congestion of the lungs and for a time was a very sick man. He expects to return to duty with the last of the week. GOV. AND MRS. FREAR will be at home this afternoon from 4 to 6 to callers, both residents and strangers. Mrs. Walter Cowles will receive with Mrs. Frear. Others assisting in the reception will be Mr. and Mrs. Arthur G. Smith, Dr. and Mrs. Arthur Alexander, Mr. and Mrs. J. P. Erdman, Mrs. H. M. von Holt, Mrs. John Waterhouse, Miss Mary Klugel, Miss Eloise Wichman, Miss Violet Silva and Miss Margaret Jones. Messrs. Cartwright and Boggs made short speeches at the Sunday service at Oahu Prison yesterday afternoon. The meeting was in charge of C. J. Day and Mrs. Ewing presided at the organ.

Now for the reason he was anxious to have his recovery established—in July the year before he was in such a condition due to Bright's Disease that his family physician had told him it was useless to take more medicine. This caused him to resort to Fulton's Renal Compound with the above results. It can be had at Honolulu Drug Co., Fort street. Ask for pamphlet.

## SALVATION ARMY WOMAN SPEAKS AT HOMESTEAD

"This One Thing I Do," was the subject of an interesting talk given by Lieut.-Col. Blanche Cox, of the Salvation Army, at the Y. W. C. A. Homestead yesterday afternoon before a large number of girls and young women. She placed special emphasis on the fact that the only way men and women may realize their ambition and be successful is by sacrificing everything to the one thing in which they wish to succeed. "The temptations which distract one's attention from their chosen work must be put aside and the mind concentrated upon the goal. Under these circumstances, success is bound to come some time," said Colonel Cox. The meeting was opened and closed with a song service. The attendance to these vesper services is increasing each week as they are becoming quite interesting to the girls of the association. CLEGHORN-SCOBY NUPTIALS. Miss Joelle G. Scoby became the bride of Mr. Frank C. Cleghorn last Wednesday evening, at the home of Mr. and Mrs. C. G. Bockus at Waikiki. Mrs. Bockus is a sister of the bride.

## SALE OF CAMPBELL MANSION AND CONTENTS

Samuel Parker bought the Campbell mansion for \$1500 at the sale of buildings and furniture of the old Campbell homestead at Diamond Head on Saturday afternoon. Members of the family bought the other buildings as well as the most of the furniture, the sale realizing a little over \$3000. A set of Chippendale furniture, thirty-two pieces, went to Mrs. George Beckley for \$1300 and a set of teakwood tables and chairs, containing eight pieces, was sold for \$350. Calabashes ran from \$70 to \$105. The houses were sold for removal. Many people attended the sale.

When a Deacon, Broke Loose

By M. OLAD
Copyright, 1912, by Associated Literary Press

There were only 600 inhabitants in the village of Glendale when the first meeting house, as they still call it in the country, was erected. Methodists, Baptists, Presbyterians and Adventists went in together in the building and used it alternately.

As a matter of fact, the old meeting house was little better than a barracks. It took any one who could praise the Lord from the midst of a brush heap in the woods, but I also reckon that he can't do it with a better more steam in a comfortable meeting house," said Deacon Pogram.

The deacon was the financial man of the church, but it was years and years before he saw his way clear for the erection of a new edifice. Several bright eyes looked with cement got slushed up in the suburbs of the town, and the deacon was told to help him out.

He got wicker loads of the stuff. For that new meeting house was to be a concrete one. The concrete industry was then in its infancy, and Deacon Pogram had found a man to put the matter through and guarantee a satisfactory job.

Urain struck town, and things were changed. He knew all about the cement business and was ready to take off his coat and carry the job through if any family would board him gratis in return. Deacon was told to get all he could and go to the head of the class and manage things. He took hold as if he had dabbled in cement all his life. Urain hustled, he made everybody else hustle. If any one lagged he was right on the spot to say:

"Now, then, don't do no loafing on the Lord. This is his job, and he expects things to move lively."

"We all know now, though few knew at that time, that there are several grades of cement and that cement workers do not shovel sand and cement together in a haphazard way. There must be due proportions, according to the work to be done. Urain simply went about and shoveled. Providence stood back of him with dry weather until the walls were ready for the roof, and then she got tired of a good thing. There were those who said the bricks were too soft and others who thought they could see bulges in the walls and still others who predicted that two hours' rain would spoil everything, but to all such Deacon Pogram said:

"Didn't the floods rage and the lumber come down?"
"Yes."
"Didn't we discover the sand pit in the nick of time?"
"Yes."
"Didn't Brother Higgins see the error of his ways just when we were wondering what we should do for the bricks?"
"Ye did."

This morning's mail brought the scores of the Kauai team for the last inter-island match bowled against the Kamaainas of this city, and comparison of the totals with those shown on the "Y" sheets developed the fact that the Garden Islanders had annexed two out of three games. This puts both the Oahu teams in the ruck, with Maui and Kauai first and second.

For the winners Rietow had high score, 212, and Crawford and Wolters tied for high average, 177.

For the losers Rietow had both high score, 240, and average, 184.

Following is the individual bowling of the two teams:

MAUI NOTES

WAILUKU, Maui, Nov. 2.—The Church of the Good Shepherd in Wailuku has received a handsome donation of \$500 toward the organ fund for the church. Quite an amount is already collected and on deposit for the pipe organ, so that when this substantial gift just received is added, it may be possible for the church to place the organ in a few months.

The library committee of the Maui Library Association met this week and ordered twenty-four of the latest books. Another large order will be placed in a few days, as soon as the members from the various Maui circles are made up. The Maui Library has been in existence less than a year now, but the number of books drawn each week is large. Often as many as fifteen people use the library reading rooms at one time. The magazines are free to all readers. Transients and people stopping on the island for a short time have special consideration from the library.

The lands of the extensive Everett estate in Wailuku are being cleared by the Wailuku Sugar Company for planting in the near future. It is understood that some land in Wailuku that belonged to the estate will go with the Wailuku property.

READY TO LET CONTRACT FOR DRYDOCK EXTENSION

Within a short time the contract for extending the Pearl Harbor drydock an additional 200 feet on the outshore end will be ready for the signatures of the San Francisco Bridge Co. and the Hawaiian Dredging Co., the contractors now engaged in completing the original drydock for the Navy Department.

Some time ago a board of naval officers fixed the compensation for the increased work, this clause being in the original contract, which contemplated a possible extension before the dock was finished.

Other work at Pearl Harbor is progressing rapidly, the seven industrial buildings being all in place, while several other buildings are well under way.

ADVANCES IN EWA, OAHU AND PINEAPPLE

Stocks opened the week strong. There was more variety and volume than for one day for some time past. Ewa advanced three-eighths and Oahu one-quarter point, and there was no decline in any sugar stock. Pineapple jumped up another half point.

There is a prevalent feeling that something will be doing in Pineapple about the end of the year. Sales between boards were 10 and 5 of Oahu at 24; 40 Pioneer at 30.50; 20 and 10 Wai'alea at 110.

On the board 5 an 5 H. C. & S. Co. sold at 40; 20 McHyde at 5.50; 30 Pioneer at 30.50; 15 Wai'alea at 110; 5 and 5 Ewa at 28.50; 10 Hawaiian Pineapple at 45.50, and 60 Oahu in five unequal lots at 26.25.

## U. S. SENATE MAY CHANGE COMPLEXION

Summary of Most Important Candidates for Upper House

Although Hawaii elects only a delegate to the lower branch of Congress, much interest is taken here in the various senatorial battles that will be in active progress on the mainland to-morrow. The senate practically has the fate of the sugar tariff in its hands and this year the Democrats have paid particular attention to the senatorial contests, going so far as to organize a bureau for that particular purpose in their national headquarters.

A singular phase of the senatorial situation is the fact that with one exception every Democrat in the present Senate whose term expires March 4 next will be succeeded by himself or some other Democrat for the reason that all of them come from certain democratic states.

**Change Of Seven Needed.**  
The battle of the Senate, therefore, is chiefly in the west and middle west in those states now represented in the Senate by republicans. Making allowance for the fact that Senator Gardner, the junior member from Maine, who is a Democrat, may not be re-elected, a change of seven is all that is necessary to give the Democrats control of the Senate.

Senator Sanders of Tennessee, who holds his place in the Senate by appointment of the republican governor of that state, will, of course, be succeeded by a Democrat to be chosen by the legislature elected this fall.

Two senators will be chosen from Colorado, one to fill the vacancy caused by the death of Senator Hughes and one to succeed Senator Guggenheim.

The democratic primary nominees are Gov. John F. Shafroth, the present executive, for the long term and former Gov. Charles S. Thomas for the short term. There is very little doubt about their election.

**Hope For Nevada Gain.**

A senator will be elected in Nevada in place of Senator Massey, who was appointed by the governor following the death of Senator Nixon. Senator Massey is a candidate on the republican ticket and his democratic opponent is Key Pittman of Tennessee. Nevada has the Oregon system and the legislature is morally bound to elect the man who receives the popular vote in the state. The third term party has a candidate and that greatly increases Mr. Pittman's chances. The Democrats are hopeful of gaining a senator from Nevada.

In Oregon their chances are regarded as excellent. Senator Bourne was defeated for the republican nomination by Ben Selling and has now announced himself as an independent candidate. There is also a third term aspirant, Dr. Harry Lane, former major of Portland, is the democratic nominee and will probably be chosen as the next senator.

Three candidates are contesting for the seat now held by Senator Joseph M. Dixon, campaign manager for Roosevelt. Mr. Dixon has not been able to give any attention to the state and his defeat by T. J. Walsh, the democratic nominee, is counted on absolutely by the Democrats.

In Wyoming Senator Francis E. Warren, who has been the state boss for twenty years, is having the fight of his life. The Democrats have a strong candidate in the person of John B. Kendrick of Sheridan, a member of the present state senate.

**Contest in Nebraska.**  
In Nebraska the fight is between former Gov. A. T. Shallenberger, Democrat, and Representative George W. Norris, who won the republican nomination over Senator Brown. Mr. Norris is accused of trying to straddle, classing himself as a progressive republican, yet claiming the regular nomination while espousing the cause of Roosevelt. Senator Hitchcock, Democrat, won by 20,000 majority two years ago under the Oregon system, and there is good reason to believe that his colleague after March 4 will be a Democrat.

Senator William S. Kenyon, recognized as a real progressive, is in an unfortunate position in Ohio. He won the republican nomination by a large majority and then declared for Taft. This so angered the third termers that they have nominated candidates in all of the close districts which means that, for the first time in history, Iowa may possibly elect a democratic legislature, which will in turn choose former Representative Daniel Hamilton, Democrat, for United States senator in place of Kenyon.

**Stubbs Facing Defeat.**  
In Kansas Judge William H. Thompson, Democrat, is scheduled to defeat Gov. Stubbs, the third termee and one of the seven vice or otherwise governors who are of the Roosevelt type to become a candidate. Gov. Stubbs won the republican nomination over Senator Curtis on a tie. Mr. Curtis had the popular majority, but failed to carry as many legislative districts as did his opponent, hence Stubbs was declared the nominee.

The regulars are intensely bitter against him and many are openly fighting for Judge Thompson.

Two senators will be elected in Illinois, one to succeed Senator Cullum and the other to fill the vacancy caused by the ousting of Senator Lorimer. James Hamilton Lewis is the democratic candidate and L. V. Sherman the republican nominee. Lorimer was not re-elected from the Senate until after the primaries had been held and accordingly there have been no nominations made for the short term. Under the minority representation plan which is in effect in Illinois the Democrats have not made a bid for the legislature in nearly twenty

## GEN. MURRAY MAKES REPORT ON ARMY HERE

Says Present Plan of Territorial Division Works Successfully

By C. S. ALBERT

(Special Star-Bulletin Correspondent)  
WASHINGTON, D. C., Oct. 2. — Preparations for the permanent maintenance in Hawaii of a larger force of infantry and cavalry are being made, according to the annual report of Maj. Gen. Arthur Murray, in command of the Western division. Aside from minor buildings erected at the various posts in the island, work has begun on the erection of permanent quarters for a regiment of infantry and a regiment of cavalry at the Schofield barracks. In connection with this work a careful survey of the watershed of Kaukonahua river has been made to determine the sufficiency of the water supply for the permanent barracks.

The department of Hawaii was created in October, 1911. Its establishment has greatly accelerated the administration of military justice. The strength of the command July 1, 1911, was 750 commissioned officers and 14,826 enlisted men, and on the same date this year 882 officers and 17,282 enlisted men, a total force of 18,165. There were 778 general courts-martial and 7,270 trials by summary courts-martial during the year.

The present plan of territorial divisions has worked out successfully, and has resulted in increased efficiency and economy of administration, says Brigadier General Murray, in concluding the report. "Some department commanders favor a partial return, at least, to the old order, in that they believe officers of the judge advocate's and inspector general's departments should be assigned to duty at department headquarters. This view is not concurred in. It is believed it would tend to a return to the old system of departmental administration, thus tending to nullify the scheme of the war department as regards departments and divisions."

**Dr. James Commended.**  
Plunging into waters infested with sharks, Acting Assistant Surgeon W. F. James, of the public health service, stationed at Honolulu, rescued a Japanese woman from drowning on September 23. He was lauded for bravery by Secretary of the Treasury MacVeagh, who yesterday called attention to his "humanitarian and unselfish action." Dr. James was formerly a Roosevelt Rough Rider.

who wish to attend the great doings in the Palace grounds. The parade from Achi's will be bright with lights and alive with music and sputtering with Roman candles.

In this procession will join the Republican workers of the fifth district. The first special car to leave the Kalia terminus with free passengers for the mass meeting will start at 7:15 o'clock.

The Portuguese band forms at the Pawa church early in the evening and will march to the Palace grounds by way of Luio, Punchbowl, Vineyard, Emma, Alakea and Hotel streets, arriving at the scene of celebration at 7:30 o'clock, gathering crowds behind it as it proceeds on its musical way. It will, on arrival, station itself near the bandstand and add to the jollity of the evening.

**Speakers Tonight.**  
Those who are to address the multitude tonight from a platform in the midst of the brightly illuminated park that surrounds the executive building are Robert W. Shingle, who will preside; United States Internal Revenue Collector Cottrill, the silver-tongued orator whose name as a speaker is known on the mainland as well as it is here; the Reverend Stephen L. Desha of the Big Island; Delegate to Congress Kubio Kalamanaole, who will tomorrow be re-elected to Congress by a grand majority; L. Tenney Peck, the prominent banker; William T. Rawlins, the energetic Republican booster and straight ticket champion; Colonel Samuel Parker, the popular candidate for the office of mayor of Honolulu; George F. Renton, candidate for the senate; Charles F. Chillingworth, experienced in legislative work; A. D. Castro, and others of note and eloquence.

This year they have named a sufficient number of candidates to enable them to control the lower house with a large enough majority to overcome the probable republican majority in the Senate.

The third term party candidates have been named in about 70 per cent of the districts, and democratic experts figure that because of this the Democrats may control the legislature by a narrow margin.

**Hughes Has Good Chance.**  
New Jersey with Representative William Hughes as the democratic nominee, is regarded as practically assured of a democratic legislature. Mr. Hughes, bearing the stamp of approval of Gov. Wilson, defeated "Boss" Jim Smith by a handsome majority in the recent primaries, and his election in the race of divided opposition, is confidently expected.

In addition to those states the Democrats have an excellent opportunity of carrying Delaware and perhaps Massachusetts on their senatorial ticket. They also have fighting chances in South Dakota, Idaho and Minnesota.

### WILL RECORD ALARM

A few days ago there appeared in the columns of this paper an article telling of the arrangement between the Mutual Telephone Co. and the Denio Telephone Co. of Hawaii, the Chief of the Fire Department, where the telephone company would be notified at once on the receipt of an alarm, so that the telephone company would be placed in a position to give information direct to their subscribers

without bothering the Fire Department.

Under the contract between the Mutual Telephone Co. and the Denio Telephone Co. of Hawaii, the Mutual Telephone Co. becomes the operating company for the Denio system in the city of Honolulu, and being the operating company, the recorders of the system which will be located in fire headquarters will be duplicated in the telephone company's office.

Thus the telephone company will receive notice of a fire over the Denio system, simultaneously with the Fire Department. This will relieve the Fire Department of the necessity of notifying the telephone company of the location of a fire and will give the telephone company's operators the information much quicker and more accurately, as the recorders of the Denio company give the exact location from which an alarm is turned in.—advertisement.

INDEPENDENT CANDIDATE FOR SENATOR

REPRESENTING THE COMMON PEOPLE

NOT CONTROLLED BY THE BIG INTERESTS

As an Independent Candidate for Senator I have come before the people with a well-defined policy on the following questions:

Immigration, Taxation, Direct Primary Law, Homesteading, General Utility Commission, Banana Claims and Labor.

These are the questions that are pertinent to the present campaign and a candidate's stand on these questions should determine whether he should be elected or not.

No speaker of either party has assailed a single argument I have brought forward.

No candidate on either the Republican or Democratic ticket has been able to attack a single statement that I have made either on the stump or through the press.

You have read my views on all the above questions and if you think it over you must conclude that THEY ARE ALSO YOUR VIEWS.

Now I ask you, Mr. Republican or Mr. Democratic voter, which of your candidates have come forward with any policy upon any question of vital interest during this campaign?

Don't you think there is some qualification required besides the wearing of a party label to merit an election at your hands to the high office of Senator?

Are you going to vote for a man for Senator whose only qualification seems to be that he is backed by the planters' association and can be controlled by it?

If I stand for and pledge myself to work for the legislation you want while the other candidate stands for nothing, pledges nothing and says nothing, don't you think I am entitled to your vote as one of your senators?

Give this a little thought, Mr. Voter, and I feel sure you will vote for me even if I am an Independent Candidate.

J. C. COHEN

FOURTEENTH IS FOR THE TICKET

Republican candidates and workers wound up a very strenuous and successful Sunday with a smoker held in the grounds of David Notley's residence on Buckle Lane. The program of the precinct club of the Fourteenth of the precinct club of the Fourteenth of the precinct club of the Fourteenth...

The ladies were on hand as hard workers, as usual much of the success of the affair being due to Mesdames Notley, McGregor and their friends who assisted. Tables were laid under a temporary canopy, sandwiches, sodas, water, apples, cigars and cigarettes being supplied in bounteous quantities.

Mr. Anderson was general manager under the direction of Mr. Koola, the County Committeeman from the precinct. Delegate Kuhio spoke first in Hawaiian, dealing with the general principles of the campaign and counseling the Hawaiians to stand by the Republican party. He was followed by Col. Parker, also well received. John Wise talked on the duty of the voters on election day, urging every Republican voter to be a watcher and assist at the polls in rolling up the majority for the straight ticket. Henry Vierra made a speech in three languages. W. C. Achi was not only interpreter, but made a good talk on his own account. Candidates Dowsett, Renton, Paris and others were heard from and all given a good reception. The affair wound up with a good wholesome talk from David Notley who asked the men of the Fourteenth precinct to give a good account of themselves on election day and assist in rolling up the majority for the straight Republican ticket.

REPUBLICANS HOLD TWO SATURDAY NIGHT RALLIES

Two well-attended Republican meetings were held last Saturday night, one at Mana'o Tennis Club, the third precinct of the fourth district, and one at Emma Square, the eighth precinct of the 4th district. Delegate Kuhio spoke at each meeting, his speech being along the lines of his utterances throughout the campaign. He declared that he has nothing personal against Frear, but that he was sincere in his fight and if conditions should arise where he thought the laws were not being administered on behalf of all the people of the Ter-

ritory he would make a fight against those conditions. David Notley, C. G. Bartlett, Charles N. Arnold, A. Q. Marcellino, Col. Sam Parker and Norman Watkins were among the candidates who spoke at the Mana'o meeting, while other speakers were C. Montague Cooke, W. O. Smith and Charles R. Hemenway, who as president of the club, presided at the meeting.

At the Emma Square meeting a number of the candidates for legislative office were called upon to speak. A. S. Kalelopa, candidate for the Senate, made one of the most straightforward and appealing speeches of the entire campaign. He said that he had heard he was to be knifed in the Fourth district, but that his conscience was clear as to his record, and would stand by his convictions. He said that he was at a loss to understand why he has been attacked in this campaign for what he was praised for doing before, but that he would go forward regardless of the attacks within the party and work for the straight Republican ticket.

ASCH GETS SUPPORT FOR REPRESENTATIVE

Julius W. Asch, Jr., Democratic candidate for representative from the Fourth district, is getting a good deal of support for the position from all parties and his friends believe he has an excellent chance of election. Asch was born in Honolulu on November 18, 1880. He received his education at St. Louis College, Honolulu, and spent 2 years in San Francisco at the Union Iron Works. He returned to Honolulu in 1899 and went to work for the Inter-Island Steam Navigation Company as purser for two years. Later he moved to Kauai and worked as store bookkeeper for Makaweli Plantation store. Then he returned to Honolulu and was employed by the Honolulu Rapid Transit Company for four and one-half years. He has been chief clerk of the police department for the last four years.

Asch is president of the St. Louis College Alumni Assn., President of the Rapid Transit Employees' Benefit Assn., secretary of the Fraternal Order of Eagles and trustee of the Improved Order of Red Men.

M'cANDLESS IS IN RACE TO END, DESPITE RUMOR

The rumor that L. L. McCandless is after the governorship in the event of a Democratic president being elected grew fast following the intimation of it given by the Star-Bulletin last Saturday, so fast in fact, that it got to the other islands. According to reports, wireless messages went out to the other islands saying that McCandless had withdrawn from the race for delegate and is putting all his energies upon getting the governorship.

Both McCandless and B. G. Rivenburgh, Democratic county campaign manager, issued denials of the story. McCandless said in a statement: "Word has been brought to me that stories have been spread in the other islands by wireless that I have withdrawn from the race as a candidate for Delegate to Congress, with the expectation of becoming a candidate for Governor, should Governor Wilson be elected President next Tuesday."

"Such stories of my withdrawal are made out of whole cloth and are absolutely without foundation. In fact, I desire to assert at this time and in the most emphatic manner possible, that I am in the fight to stay and will be in it up to the moment that the last ballot is counted. Any such petty political tricks to hurt my candidacy by the retelling of palpable campaign lies is liable to prove a boomerang to those who have countenanced such work." (Signed) L. L. McCandless.

Rivenburgh's Statement Says: "Made desperate by the apparent defeat which Kuhio is facing in his race for Congress, his campaign managers have resorted to the grossest trickery in a last vain effort to save the day. Wireless messages have been sent from Republican headquarters to the other islands stating the palpable falsehood that L. L. McCandless has withdrawn from the race for Delegate on the Democratic ticket and will be a candidate for the governorship should the Democratic party win in the national election."

This bareface untruth can only be met with the statement that L. L. McCandless is a candidate for Delegate on the Democratic ticket, and is not a candidate for Governor. He is confident that he will be the next Delegate from Hawaii and that the underground dealing and knavish acts which have marked the fight of Kuhio against him, will but result in drawing to him the votes of those who believe in honesty and fair play.

(Signed) BERTRAM G. RIVENBURGH, Chairman of the Democratic County Committee. A rumor was about the city last night that the messages to the other islands had been sent by R. W. Shingle, chairman of the territorial central committee, but this was denied absolutely by Mr. Shingle. "I sent no message," and if any such was sent from headquarters, it was without my knowledge.

PARIS IS CANDIDATE PEOPLE CAN WELL SUPPORT

Edwin H. Paris, who received the Republican nomination as supervisor, is a representative of the soil of the Territory of Hawaii, as he was born on Maui.

His business experience of twenty-two years with the firm of E. O. Hall & Son, of which he is Manager, has shown him to be a careful and progressive man. He has been a leading spirit in the building up of that business and has wrestled with the ups and downs and the financial questions of that firm attendant on its big fire and the rebuilding of the up-to-date store on the corner of Fort and King streets.

He has a keen and hearty interest in the welfare of the Territory of Hawaii, and particularly in the upbuilding of the city and county of Honolulu. With the rapid growth of this city just such men as Mr. Paris are needed in public office, and he shows his willingness to help out the situation by allowing his name to come before the public and to burden himself with the problems of public life at considerable personal sacrifice.

He is not politically ambitious but has answered the call of the citizens to serve in the interests of good government and the economic administration of public affairs. It is to be hoped that he will have the undivided support of not only the business men but of all who stand for capable and honest men in office.

RIVAL PARTIES ON MAUI WORK BUSILY

WAILUKU, November 2. These last two or three days before election are tremendously busy ones for the candidates. The Republican office-seekers are spending a part of the time today at Kahakuloa, and tonight they have a big rally at the Orpheum which is engaged for the occasion. The trip to Kahakuloa had to be made on horseback Monday will be the rounding up day. And Tuesday stragglers will be brought to the polls, so that the largest possible vote shall be cast.

Link McCandless had only kind words to say about Wailuku while he was on Maui for a day or two. He praised up the town for its progressiveness and the decided improvements he noticed since the last time he was here. Kanoho has been helping Link to do some boosting for the Democratic cause. Thomas Clark, Billy Coelho, E. Duvauchelle, John Bright, Kalei Kahalelelo and some others have been stumping through the Hana district this week. It is reported that they have had fair audiences.

POLITICAL MUSINGS

Link has the Linkus delegatis fever of the intermittent variety.

Something that Honolulu can very well do without is another session of the Jarrettized police force.

All this city has heretofore lacked is the attentions of a live-wire mayor. Sam Parker will fill that long felt want.

An optimist may be described as a man who wants to see his city go ahead. Col. Sam Parker will get the optimistic vote tomorrow.

Captain Parker's administration of the police department will be a pleasant relief from the present methods, which seem to be all run down at the heel.

Hustace thinks that what he wants is within the gift of the people of this city, and that they have given it to him already. He needs more light on the subject.

It may be that Link's aversion to spending money in the present campaign is brought about by the recollection of what he usually gets for cash along that line.

Listening to the different opinions expressed by candidates of those who are on the other side and want the same office leaves no doubt that this is a free country all right.

Hawaii needs somebody of the Dr. Wiley status to compel the placing of pure-truth labels on the political balloon essence that belches forth daily at the prosperity barrel corner.

THE ABSENT-MINDED VOTER.

(A long way after Kipling) When you've finished Hail Columbia, When you've sung Aloha Oe, Party with your mouth, Will you kindly give attention to a little solid think That is coming to you ere this year is out? You've gulped a lot of hot air From the soapbox and that ilk That is nothing more than buncombe meant faze. If you let spellbinders josh you and lead you by the nose You will live to rue it in the coming days.

Now then, sane men, what are you going to do? To be led by the nose till the ballots close Is a thing you'll live to rue. You've got to think of the wife and kids And the taxes you must tote. So don't put your mark for a Democrat When you vote, vote, vote.

When you've listened to their buncombe, When you've swallowed all the rot, When you've got your fill of shouting and of noise, Just consider where they're leading And then you'll plainly see They are treating you just like a lot of toys.

When they shout down men with money, With brains and common sense, And try to put rib-thumpers in their place, Can't you see, Hawaiian voters, If you give them your support, It's sad and solemn music you must face?

Now then, workmen, what are you going to do? You're led by the nose till the ballots close, You'll be downed and you'll know it, too. So think for yourselves and your interests Before your name is wrote For a Democrat on Tuesday next When you vote, vote, vote! —E. W. B.

Wife—Broke again! It seems to me you are always short of money. Hub (a poker player)—It is due to the way I was raised. Wife.—That's right; blame it on your poor parents. "Are you expecting a landslide this year?" asked one campaigner. "No," replied the other. "There has been so much mud-throwing that there won't be any loose land left."

FERN SPREADS TUBERCULOSIS CAMPAIGN YARN

Spreading among the Hawaiians the absurd story that the Republican party is planning to establish tuberculosis hospitals and camps in order to get the Hawaiians into them for sinister purposes, Mayor Joe Fern, candidate for re-election on the Democratic ticket, and a Democratic "runner" by the name of Joel Kiakahi, went among the voters of the Fifth district yesterday. A representative of this paper heard Kiakahi telling the hoax to voters and urging them to vote the Democratic ticket and put the Republicans out of business. Joe Fern, according to the story told by the voters themselves, had been also busy spreading the yarn.

On Saturday Fern issued a "proclamation" setting aside Sunday as "Tuberculosis Day." Having thus officially endorsed the movement which had nothing to do with politics and which was marked by a mass meeting of people of all faiths yesterday, Joe got busy among the Hawaiians telling them that it was a Republican plan to get rid of the native voters.

ALL BUSINESS WILL BE SUSPENDED TOMORROW

Tomorrow's business is voting. There will be little or no business doing outside of the continuous procession of voters to the polls in the various precincts.

The stores and shops, wholesale and retail, all those of any importance at all, will close their doors, permitting employers and employes alike to foregather at the booths to record their say-so regarding the sixty and more candidates for the various territorial and county offices.

This has been agreed on at a meeting of the Merchants' Association, which body believes that the electorate should be unhampered by routine duties on so important a day as that of election.

On the waterfront there will be all the indications of a holiday. No freight will be handled, nor will there be any sweating and hustling of stevedores. The men who handle the imports and exports will march to the polls in their various precincts and cast their ballots with a holiday air. None of the steamers of the inter-island will receive or discharge freight.

POLITICS HAS NOT DISTURBED BUSINESS

A circular of the Fourth National Bank of the city of New York, dated October 1, says:

"Politics has not been an important factor in business affairs this year but there is likely to be a material expansion in general trade as soon as the elections are held. This is because a great number of enterprises are usually held up pending the outcome of a presidential contest, or until it is known how the next congress will stand. It seems fair to assume that the campaign will end without any unfavorable developments to unsettle business affairs, and that the present struggle will pass into history as being one of the most interesting that the country has seen and at the same time one which has really offered the least possible disturbance to general trade. A notable feature of the present situation is the continued prosperity of retail trade and the very satisfactory volume of business which is being done by department stores in most of the important cities in the United States."

SOAPBOX ORATORY

The secret of soap-box oratory is saying a little in a whole lot of words, exercising great care not to commit one's self to anything either more radical or more conservative than the statement of such a plain fact as "it rains occasionally in Manoa" or there is red dirt in Kaimuki."

The highly interesting fact, however, that two and two makes four, was put up by a political word-smith, who was anxious to impress his friends and fellow citizens in the crowd that surrounded him, his powers as an orator, on the soap-box Saturday afternoon in a statement something like this:—"E no makamaka ame no hoaloha o Hawaii nei, when in the course of human events it becometh necessary to compel two integers, commonly known as two and two, to coalesce; when, I reiterate, such a combination of magnitudes becometh necessary, I declare and defy contradiction; the sum of two quantities is four."

FOLLOW RULES ELECTION DAY

At the opening of the polls tomorrow morning the election inspectors at each polling place shall establish a boundary, inside of which no party runners or workers, distributing party ballots or engaged in other partisan activities, shall venture.

Official sample ballots will be opened by the inspectors immediately on the opening of the polling places, and posted on the inside of each booth and outside the polling place, together with instructions to voters. A full list of the registered qualified voters in each precinct shall be posted outside each polling place. Any marks placed on these is declared a misdemeanor.

No voter may be challenged except as to his identity with that of his signature on the register.

CANDIDATES MAKE EARLY VOTE-GETTING CALLS

The early bird may catch the worm, and the early candidate might catch the voter if he didn't get around before breakfast, and especially on Sunday morning.

Yesterday morning, almost before the peep of day, there was a party of candidates in machines scouring the Kaimuki district for a promise of votes. They were no respecters of the Sunday morning beauty nap, and a number of sour faces met them "at the door." One man told a certain candidate, after he had been pulled out of his bed by the ring at the door that "up to that time he had nothing against the candidate" and bid him a good morning.

PORTUGUESE ANNEX TITLE FOR THE SECOND HALF WHEN STARS LOSE

Table with columns: Oahu Senior League, Final Standing, Second Series, P. W. L. Pct.

The unexpected happened at Athletic Park yesterday afternoon, and as the result, the Portuguese Athletic Club wins the second half of the Oahu Senior League series, and will meet the J. A. C.'s in the pennant series.

Only half the general dope on yesterday's games went right. It was generally conceded that the Portuguese, who have been coming with a rush all the latter part of the season, would take the measure of the Asahis, but very few figured the tail-ending Hawaiians to beat the Stars, with big Barney Joy serving 'em up from the hill.

The second game was a scrappy one that held the interest throughout. Poor work on the bases at a critical moment turned the tide, and took victory away from the Stars at a time when a tie score was certain and a winning margin probable.

In the ninth the score stood 5 to 1 in favor of the Hawaiians, who had secured this lead by one in the second inning in the sixth and one in the seventh. The Stars had started like winners by driving two men over in the initial frame, but had been blanked up to the eighth, when they got their batting clothes on and made three hits good for a brace of tallies.

"Scotty" Schuman, the hard-worked backstop of the Stars walked up to the plate and laced a clean bingle. This seemed to rattle Bill Williams, who gave Fernandez a free ride, forcing Schuman. Then came the hit that should have ended the game. It came off Hughes bat, and looked certain to clear the fence and bring all three men across. When it was almost at the Primo sign it was apparent that there was no chance of its being caught and that it was a case of either over or smash bang into the boards.

Barney Joy was sent to the bench by Umpire Bushnell in the seventh, for disputing decisions. Vernon Ayau of the Hawaiians was also called hard for rough work at second, and altogether the game was keen from the start to finish. Kibbey went in to finish the game when Barney retired, and held his opponents hitless.

The P. A. C.-Asahi game was so one sided that by the third inning it was all over but the shouting. The only thing that saved the Japanese players from the whitewash brush was a bombardment of five hits in the eighth inning, which netted four runs. Bushnell was the victim of the slaughter, but the game was so safely put away by that time that he didn't let the slugfest worry him.

The teams are ending up the soccer series. B company is also in the lead in the series, winning four games straight. Last Saturday C company won to A company in a soccer game, 1-0. The goal was made in the last minute of play by J. McKinney, the star of his team.

St. Louis Will Call On Day Scholar For Soccer Talent

The St. Louis boys yearning for a very speedy soccer team is yearning for a very speedy soccer team is yearning for a very speedy soccer team. Brother Elmer, who is coach of the school's soccer team, thinks they will show a better school a thing or two out of the game during the coming season, and if they keep up the work they have been doing in practice, he is no doubt but that they will.

Brother Elmer still has hopes of getting what he wants and his hopes on the day scholars, a harder to get fellows from among the day scholars they are only required to be on the grounds for school work and after that they may leave for home or town. The regular students are on the grounds at times and so are in a position to appeal to by the coach and there the teams are composed mostly of the regulars, or rather have been heretofore. This year, however, Elmer intends to try and get little material from the day scholars to fill up the vacancies in the teams.

MAGNATES ALSO HAVE TROUBLES

While the players, through the medium of Dave Fultz, are getting the griddle for the club owner, as the drawers of contracts are just as well to call attention to one big handicap under which the club owner labors.

At all times the players in his power not only nullifies contract with a club owner, but can also deprive him of a large tangible asset just as surely as if he begged the dough out of a strong U.

CARPENTIER EXPECTED IN NOVEMBER

If the plans of M. Francis Deschamps, manager of Georges Carpentier, fistic idol of France, do not go astray, Georges will exhibit his paces before a New York club early in November.

There is a good deal of curiosity extant on this side of the water regarding Carpentier's prowess. He is beyond doubt the most sensational figure in sport produced by his country since Frenchmen took up the rugged sport of fisticuffs, having fought his way to the top of the heap with but one defeat registered against him.

ALL-CHINESE ARE AFTER PENNANT WINNERS

In a game that was replete with brilliant fielding, and also some very unbrilliant errors, the All-Chinese took the J. A. C. down the line at Athletic Park Saturday to the tune of 5 to 3. It was a good game to watch, and the ease with which the Chinese players handled themselves and the ball was one of the real features of the contest.

Although they didn't know it at the time, the Japanese lost the game in the second inning, when they filled the sacks with no one gone, and then proceeded to go out in one-two-three order, head first, with the pitcher in the game when the players were thoroughly warmed to their work, and when the importance of sending a run over was fore fully realized, the chances are that the team would have made better use of its opportunity, and forced at least one man across the rubber.

The game was a close affair all the way, with the Chinese always just a jump ahead of their opponents, however. Some brilliant catches in the outfield were the star plays, while there was just enough muffing in the infield to give the fans a chance to pan the players. Luck Lee and Foster Robinson pitched good games for the winners and losers respectively. The former was hit for six safeties, while the St. Louis collegian had seven against his record.

BRILLIANT LINE PLUNGING AND PUNTING GIVES PUNAHOU VICTORY

'Townies' Go Down to 13-to-0 Defeat at Hands of Oahu Collegians — Game Fast and Clean-Played Throughout with No Serious Accidents to Mar the Sport — Old-Time Players Still Show Class

It was a great game and a record crowd! With both teams playing a consistent and brilliant game throughout the husky Townies went down to defeat before the fast Punahou eleven to the tune of thirteen to nothing on Alexander Field Saturday afternoon. In their endeavor to follow the example of their second team, the Puns fought every inch of the ground, and twice succeeded in placing the leather back of the goal post.

The direct cause of the Puns taking the game was the brilliant work of the backfield, as time and again "Sleepy" Baldwin and Coney went sent through the tackle or around the end for big gains, and when it came to booting the leather, fullback Hitchcock was there with the goods. Credit is also due to the Puns' line for the manner in which they opened holes in the Town line, Renton and Liu did a lot of good tackling.

For the Town Team, Marcallino, Rosa, C. Hoogs, Aldrich and Paty were easily the stars, in fact all the players showed that they had not lost all of their old-time form. Hoogs' ability of booting the pigskin probably kept the Puns from scoring more than they did.

The forward pass was used several times during the game by both teams, in some cases proving to be a good ground-gainer. Punting was also resorted to a large extent. Both teams had a crowd of supporters on the field. The Pun endgame were there in flocks and yell master Timberlake and his assistants kept the noise going every minute.

MOVE TO CHANGE WATER POLO RULES

NEW YORK—The effort being made by advocates of English or soccer water polo to have the sport of their choice adopted by the Amateur Athletic union in place of the American game has given rise to the rumor that several eastern colleges were ready to second the motion and would attempt to introduce the change in the tournaments of the Intercollegiate Swimming association.

Such is hardly the case. In fact, a canvass of the various universities holding membership in the league has shown that with one or two exceptions college swimmers are opposed to interference with the style of play now obtaining, which has proved satisfactory, and that any plan to alter the present rules will be voted down by a sweeping majority. Nor can this be wondered at, for the game has become popular with both players and public and managers contend that they cannot draw a crowd for the meets unless a water polo match is on the program.

The trouble experienced in former years, owing to frequent disputes and rough work, has been largely eliminated, thanks to the appointment of competent referees, and for a couple of seasons there has been nothing to mar the fine exhibitions of skill and good watermanship in college games. The league authorities consequently most unwilling to see any change take place.

It is probable, however, that soccer will find many followers among those college swimmers who are either unphysically for the hand-to-hand encounters unavoidable in American water polo or merely unwilling to enter so strenuous a contest, and as the rapid increase of interest in natation is furnishing plenty of material there is a chance that Pennsylvania and Princeton and possibly Columbia and City college will have both Rugby and soccer teams in the water.

Kistler, the Pennsylvania coach, is an expert at the English game and has already in the past turned out players who have held their own against the best club sevens, while Frank Sullivan of Princeton says he will welcome the opportunity of initiating his pupils in a pastime that will serve to develop speed and endurance, particularly among those who do not fancy the American game.

It is likely, therefore, that soccer will be much in evidence during the coming winter. The New York Athletic club and the City Athletic club have for some time played the game spasmodically, but lack of opposing active competition. With three or four of the leading colleges added to the field and a championship title at stake, there should be opportunity and inducement to develop soccer teams.

ween and fifteen minutes between the halves. Following is the game by quarters:

First Quarter. The Puns kicked to the Town Team and Marcallino received the ball on the twenty-yard line, advancing it seventeen yards before he was tackled. On the first down Aldrich was sent through for a three-yard gain and the Puns were penalized three yards. On the next two downs Rosa went through making two gains of four and three yards. The Townies failed to make their yardage and the ball went over. On the first down the Puns Paty got through and carried Coney back for a loss of two yards. Schuman then took his turn and the ball went through for a gain of seven yards and Hitchcock advanced it a yard more on the next down. The Puns then tried a pass, but it was uncompleted and the ball went down to the same place. On the next down no gain was made, and the ball went over. On the first down Rosa rushed the oval through for five yards, and Grace for seven on the second. A pass was then made by the Townies and was recovered by the Puns. Hitchcock went through left tackle but was pushed back for no gain. Hitchcock then punted and the ball was received by Rosa on the Town's thirty-five-yard line. He was tackled as he caught the ball and no gain was made. On the first down Rosa hugged the leather for seven yards. The Puns were penalized five yards for playing offside, and on the next down, Grace went through center for a gain of three yards. Aldrich then took a hand and rushed the ball a yard further. Again Grace went through center, this time making three yards. Hoogs then dropped back for a place-kick but missed. The Puns kicked out to the Townies from their fifteen yard line and the ball was received by Marthan on a fumble by Moore. The Puns then rushed the ball through for small gains of two and four yards and then Coney took it and made two yards more. Hitchcock then attempted a punt but was tackled by Moore and no gain was made. The Puns then punted and the ball was received by Marcallino on the Townie's eleven-yard line, who made a gain of five yards before he was tackled by Inman. On the first down Rosa went through left guard for a gain of six yards. A fumble on the part of the Townies was recovered by Grace, and no gain was made. Cyril Hoogs then tried a boot at the leather and the ball was received by Schuman who failed to advance it. H. Baldwin then started out with a gain of seven yards and on the second down Coney followed suit with a gain of four yards through right tackle, and on the third went through the other side of the line for three yards more. Seeing that Coney was doing well, Schuman called on him again and he went through right tackle for a gain of nine yards and on the second down made ten yards more. Then "Sleepy" Baldwin got into action again and carried the ball for three yards and followed it up with a gain of seventeen yards on the next down. The whistle blew and the quarter ended with no score.

Second Quarter. The quarter started with the Puns on the Townie's ten-yard line and with four downs in which to make a touchdown. Schuman called Coney to carry the ball, but the best he could

# What About That Dandruff?

There is just this much about it: Dandruff is a germ disease, is most untidy, annoying, and leads to baldness. When chronic, it is very stubborn, but surely yields to thorough and energetic treatment. All germs must be destroyed, the scalp must be restored to health. Here is the remedy: Ayer's Hair Vigor. Ask your doctor about using it.

## Ayer's Hair Vigor DOES NOT COLOR THE HAIR

The Territory of Hawaii: To the High Sheriff of the Territory of Hawaii, or his Deputy; the Sheriff of the City and County of Honolulu, or his Deputy:

You are commanded to summon Emmett May, Emmett May, Trustee, Defendant, in case he shall file written answer within twenty days after service hereof, to be and appear before the said Circuit Court at the term thereof pending immediately after the expiration of twenty days after service hereof; provided, however, if no term be pending at such time, then to be and appear before the said Circuit Court at the next succeeding term thereof, to-wit, the January, 1913. Term thereof, to be held at Honolulu, City and County of Honolulu, on Monday, the 13th day of January, at ten o'clock a. m., to show cause why the claim of Cecil Brown, Plaintiff, should not be awarded to him pursuant to the tenor of his annexed Complaint. And you are also commanded to leave a true and attested copy of this Writ with William Henry, William Henry receiver of the Fidelity Insurance Company, Limited, the attorney, agent, factor, trustee, or debtor, of the above named Defendant, or at the place of his usual abode, and him summon to appear personally in said Court on the day of trial, at ten o'clock a. m., then and there, on oath, to disclose whether he has or at the time said copy was served, had any of the goods or effects of the Defendant in his hands, and if so, the nature, amount and value of the same, or is indebted to the Defendant, and, if so, the amount and nature of such debt.

Notify the said Garnishee that upon default to attend at the place on the day and hour above mentioned, execution will be issued against his proper estate for the amount of such judgment as the Plaintiff may recover against the Defendant.

And have you then there this Writ with full return of your proceedings thereon.

Witness the Honorable HENRY E. COOPER, First Judge of the Circuit Court of the First Circuit at Honolulu aforesaid this 29th day of July, 1912. (Seal) J. A. DOMINIS, Clerk.

Section 2122 Rev. Laws. Whosoever any person summoned as an attorney, agent, factor or debtor of any defendant, may be desirous of so doing, he may apply to the magistrate or any judge of the court from whom or which the said summons may have issued, and the magistrate or judge having caused reasonable notice to be given to the plaintiff in the action shall proceed to take the deposition of the person thus summoned, and make such order as may be proper in the premises, at any time previous to the day appointed for hearing the cause, and the person so summoned as agent, factor or debtor of the party defendant, shall be taken to have obeyed the summons.

Edorsement: L. No. 7579, Reg. 4, Page 43. Circuit Court, First Circuit Cecil Brown, Plaintiff, v. Emmett May, Emmett May, Trustee, Defendant. William Henry, William Henry Receiver of the Fidelity Insurance Company, Limited, Garnishee. Garnishee Summons.

## GETS MOVING PICTURES OF SOUTH SEA LIFE

After having spent considerable time in studying the customs and economies of the natives of the South Sea Islands and securing scientific data, F. B. Hyde, of Washington, D. C., who is a specially commissioned agent of the Smithsonian Institution and the Federal Department of Agriculture, passed through Honolulu on the Ventura on his way to the coast, accompanied by Mrs. Hyde.

Mr. Hyde took back with him 1,000 feet of moving picture films of the weird native customs and ceremonies, and found experience in plenty in the different fields where his scientific work and explorations carried him. The data that he gathered concerning the people of the islands, from life in a native hut to the native ceremonies by which he was made a high chief of the Samoans, is invaluable both to himself and to the scientific institution which he represented. The phases of native life and ceremonies which he secured through the medium of the motion picture machine, so far as is known, have never been recorded before, many of which never left the South Seas in any manner whatever. He traveled principally for his own amusement, his commission from the government being in recognition of his scholarly attainments and as assistance in his chosen work.

While in Samoa he arranged a trip to the island of Savaii, on which is located the famous volcano of Samoa. As his guests he had Faamu-Shui, daughter of King Maletoa of Samoa, and her husband, Mullinu. Faamu's twin yesterday, coming here to be educated, the trip proved to be a trying one, and it was twenty-four days before they were able to get passage to Apia. Faamu, however, saw that the party had the best of times while among her native people.

## ROMANCE IN HONOLULU MARRIAGE ON MAINLAND

Friends of Miss Louise M. Irwin and Mr. J. F. McCorkle of this city have received announcements of her marriage to Mr. McCorkle, which took place in Tacoma, Wash., on October 17 last. Miss Irwin was for two years in business here. She had a hair-dressing establishment in the Young Hotel building, and after leaving here to attend the Queen for some months, returning to Hilo and spending a month there with Mr. and Mrs. C. O. Hottel.

Mr. McCorkle was connected with the von Hamm-Young Company auto department for two and a half years, and it was in this city that the romance developed. The young couple will make their home in Victoria, B. C. Mr. and Mrs. Hottel accompanied them to Tacoma and after the marriage went to Victoria, where Mr. McCorkle and Mr. Hottel have opened a large garage and general repair business.

## ARMY AND NAVY

Capt. Henry Gustav Beyer, medical director, U. S. N., in charge of the Naval Medical School and attached to the bureau of medicine and surgery of the Navy Department, retired October 28. He has been detached from duty and ordered home to await retirement. Capt. Beyer is a native of Germany. He was appointed to the Medical Corps of the navy from New York state in 1876. He was assigned to the Medical School two years ago.

New specifications have been drawn by the War Department for the scout military aeroplanes to be purchased with the first expenditures of the \$100,000 appropriation made by the last Congress.

To effect any shipment by rail or boat the maximum spread of the supporting surfaces is fixed at forty feet. The engines of the two passenger machine must be of American make. A maximum speed of sixty-five miles an hour is fixed for the larger machine. These are new features of the specifications.

It is required that the one-passenger machine climb 1500 feet in three minutes, carrying fuel for a one-hour flight. The two-passenger machine must rise 200 feet in ten minutes, carrying 600 pounds of weight, including the aviator, passenger, and 150 pounds of oil. Both machines must be capable of making figure 8 within a rectangle 500 yard by 250 yards, although it is not required that extra weight be carried during these tests.

The one-passenger machine must attain a speed of sixty-five miles an hour. The two-passenger aeroplane must make forty miles an hour, but not more than six-fifty miles an hour. Engines must be capable of being throttled at reduced speeds, both machines must land and rise on a plowed ground, carrying full weight, and the supporting surfaces must be large enough to satisfy the army officers that a safe landing angle will be insured. A two-man's continuous endurance test engines is provided.

Manufacturers must provide a name plate for each aeroplane, giving the maker's ty and serial number, but the painting names or similar matter on any part of the machine is prohibited.

Brig. Gen. James Allen, chief signal officer of the United States army in uncertain by many machines will be purchased under these specifications. The speed required for attaining certain altitude the spread of the planes, and other tails represent the latest information of the army aviation officers on military requirements, combined with the maximum degree of safety to aviator.

The Connecticut, flagship of the Atlantic squadron, is at the Brooklyn navy yard with a broken propeller. She crept to the yard after the review of warcraft at New York. Her presence at that of a dozen other vessels warped at the yard, but it was at it stated that they went there only because it was the regular docktime and they were to be brushed up and repaired in a minor way.

The savings depositary as an incentive the laying aside of money for the proverbial rainy day is pointed to a report from the Panama Canal. Whereas June 30, 1911, canal railway employees had placed \$3300 in money orders payable to themselves at the office of issue, June 1912, five months after the post-savings system had been established in the zone, the employees had a total of \$550,000 on deposit. Of this amount \$357,000 was in the postal savings banks.

Thirty toys were represented by the 2402 visitors.

James Ce, British ambassador to the United States, returned to Washington an absence of six months, is expected that the protest of British government against provision allowing free passage the Panama canal to Americanastwise trade will be one of the things to engage the attention of the ambassador.

Since Jassador Bryce was last in Washington he has visited in company Mrs. Bryce, Australia, New Zealand, New South Wales, and other British possessions. Since his return to America his latest book on South America has been printed.

## FARMING FORTY FEET OF WATER

Farming forty feet of water would seem rather difficult. It is both dull and expensive work, and is done on a vast scale. There are farmers forty, fifty and even sixty feet salt water—sometimes more than thirty thousand acres under a single management.

These do not produce grain, but oyster. They are sometimes more expensive than the vast grain fields of West. Oyster grounds have been for \$700 per acre—all under water.

The crop propagated, seeded, planted, reared, removed, replanted, matured, harvested all by steam-powdered large steamers being employed of catching 1200 bushels oysters per hour from these grounds.

These grounds, as may be readily seen no longer in the little creeks, estuaries and rivers, there are oysters formerly grew, but are in great open bays and sounds, along island Sound, Peacock, Gales, Narragansett, Great South and Casapeake Bays, where he groundswater by the deep, pure current of salt sea water, and these products of oysters is always pure and delicious. This is modern oyster, which has practically replaced small, natural oyster fishery.

TAFT WILL MAKE ELECTION RACE ALONE

[Associated Press Cable]
NEW YORK, Nov. 3.—At a confer-
ence of the members of the Republi-
can national committee yesterday it
was decided not to attempt to fill the
place on the national ticket made vac-
ant by the death of Vice-President
Sherman, but to wait until after the
election.

TURKEY SEEKS WORLD'S AID.
SAYS FRANKS.
The Turkish government has applied to
the Powers to mediate in the Balkan
war, according to special dispatches
received here. The Turkish army is
retreating upon Constantinople and it
is feared that a fanatical Moslem out-
break will follow within the city in
case of further defeat by the Chris-
tians.

Over-Night FEDERAL Wireless To the Advertiser

After applying in vain to Sofia, the
capital of Bulgaria, the Porte now
turns to the Powers to end the war
with the Balkan States.

Turkey at last admits, in an offi-
cial bulletin just issued, that the Ot-
toman army is retreating to its forti-
fications just outside the capital. The
city of Constantinople is filled with
wounded soldiers and dangerous out-
laws. Only the timely arrival of the
foreign warships can avert absolute
chaos and save the foreign popula-
tion.

The alliance of the Balkan Kings
far exceeds the status of a military
combination for the immediate ob-
ject in view, according to the Out-
look, which claims to have special
information, that it is a permanent
federation intended to exclude all ex-
ternal authority from the Balkan pen-
insula.

An operation for the transfusion of
blood was performed, it was learned
today, upon Mrs. Charles Pinkerton,
daughter of the late President Ches-
ter A. Arthur, a week ago at her home
in Mount Kisco, N. Y.

Mitchell V. Haron and Richard M.
Wagner, members of the fire-room
crew of the battleship Vermont, are
dead, and H. W. Cramer, J. W. New-
berry, M. W. Green and O. K. Holting
were badly scalded, as the result of
the blowing out of the head of the
battleship's boiler No. 6, while cruising
in Hampton Roads during the night.

During a storm last night the
steamer Cecelle, which piled between
Montreal and Valleyfield, was hurled
on the rocks at Isle Parrot in Lake
St. Louis and sank. At least sixteen
persons were drowned, the lost com-
prising mostly women and children.

"My guess is as good as anyone's.
'I have an abiding faith in the good
judgment of the United States' peo-
ple," said the President, "particularly
in the silent vote."

Pipe Plus has sent \$2000 to help
the fund for the relief of those per-
sons rendered homeless by the re-
cent typhoon in the Philippine Is-
lands.

Imprisoned in a drygoods store in
Kensington, a suburb, which was
burned to the ground today, thirteen
girls lost their lives. Many other
sales-girls were badly burned.

Certain newspapers having publish-
ed statements that the Pope will
shortly abandon the claim for tem-
poral power, made by the church
since the Papal States were absorbed
by the reigning dynasty of the Quir-
inal, the Asservatore Romano, in a
semi-official article, declares the
question "remains today where it has
been and always will be."

The attitude of Pope Plus, says the
organ of the Vatican, is that of Leo
XIII and Cardinal Rampolla: "Provi-
dence will find a way to the libera-
tion of the Holy Father."

John Watts and Arthur T. Ther-
bolt, who started from Stuttgart,
Germany, in a borrowed balloon in
the international cup race, have land-
ed safely in Pskof, south of this city
and about 1000 miles from Stuttgart.

In tests for aeroplanes for war ser-
vice being considered by the war de-
partment, Lieutenant Arnold, aviator,
with Lieutenant Bradley, wireless op-
erator, both of the United States
army, today sent many messages from
an aeroplane to a field station five
miles away.

It is said this is the first time such
messages have been sent with com-
plete success.

On the eve of the election Woodrow
Wilson, Governor of New Jersey, nar-
rowly escaped death in Hightstown,
New Jersey, yesterday, in an automo-
bile accident. The Democratic candi-
date for the presidency is in his
home here tonight nursing a four-
inch scalp wound extending from
above the right ear to the top of his
head.

Early this morning, Governor Wil-

son was riding in his automobile from
Red Bank to his home in Princeton.
It was still dark as the big limousine
car sped through the square of High-
town and bumped a ridge where the
road was recently repaired. The can-
didate's head hit on one of the iron
supports at the rear of his seat with
fatal force.

The Hawaiian Islands, including
Honolulu and Hilo, are possessed of
a cabinet officer-press agent. Secre-
tary of the interior Fisher was en-
thusiastic over the treatment accord-
ed him while he was on the islands.
"The islands have graduated from
the old idea that they were merely a
stopping-off place in the Pacific
Ocean for tourists," said Secretary
Fisher. "Today the islands are high-
ly developed industrially and propo-
sitions there offer a safe and high grade
investment for United States capital."
"Persons out there hustle and seem
to enjoy it. I had the most pleasant
time of my life when on the islands,
and no matter where I may travel in
the future my visit to the Hawaiian
islands will always mark the apex of
my ambitions as a traveler."

Mrs. Fisher was quite as enthusias-
tic. "The trans-Pacific steamship lines
should put me on their payroll," she
laughingly remarked to a reporter.
"I have been singing the praises of
Honolulu and the islands ever since
I arrived in Seattle, and shall con-
tinue to advise my friends to go there
for their vacations and business."

"The women of Honolulu styled
me royally, entertaining in a style
which became a queen, more than the
wife of a cabinet officer. I will never
forget them and will always want to
return there at some other time."

Major-General O'Reilly, surgeon
general of the United States army for
many years and personal physician
to President Grover Cleveland, and
organizer of the army hospital in the
Philippine Islands, where he served
with distinction during the Philippine
insurrection, died in Washington to-
day from Bright's disease.

Postmaster Arthur G. Fisk an-
nounced Saturday the following dates
for departure for trans-Pacific mails
from the port of San Francisco:

For Australia, the steamship Ven-
tura, on November 19; New Zealand,
the steamship Aorangi, on November
13; China and Japan, the steamship
Manchuria, and for Manila, transport
Sherman, November 5; steamer Man-
churia, November 9, and steamer Chi-
yo Maru, November 15; for Hawaii,
steamship Sierra, November 5,
steamer Manchuria, November 9, and
steamer Lurline, November 13; for
Tahiti, steamer Aorangi, November
13.

Captain Moynihan, senior company
commander, Twelfth Battery, Philip-
pine Scouts, is bringing a bride back
with him to his home in the Isles of
the Orient.

Colonel Charles Page Bryan, United
States Ambassador to Japan, arrived
at New York today on the steamship
La Provence on sixty days' leave of
absence, after being abroad for four
years.

A steamer which has arrived from
Norway reports that the steamer
Phoka, with Captain Sjodoff's polar
expedition, has been wrecked. No
details were obtainable.

Fire, which started in the fashion-
able Berlin Hotel, at St. Louis, today,
burned to death W. C. Douglas, a
wealthy merchant, and seriously in-
jured twenty-three other persons, and
totally destroyed the hotel, causing
damage to the extent of a quar-
ter of a million dollars.

Colonel Theodore Roosevelt issued
a statement today devoted largely to
answering Gov. Woodrow Wilson's
remarks on the trust question in his
speech Thursday night in Madison
Square Garden.

Czar Ferdinand has wired the com-
mander-in-chief of the Bulgarian
army on the Banarlishar-Luleburgas
line as follows:
"I congratulate you and your men
of all ranks on the glorious victory
gained over the enemy, and express
to you all the gratitude from the bot-
tom of my heart."

Active negotiations are progressing
in London with a view of bringing the
Balkan Mountain States war to an
end.

Radiograms from the Japanese
steamship Chiyo Maru, nearing port
from the Orient via Honolulu, received
today in San Francisco indicated
"All well." The Chiyo is due in the
harbor Monday morning.

Great uneasiness exists here over
the political situation. The result of
the voting yesterday was to elect
General Mario Menocal to the presi-
dency, in succession to President Go-
mez. The Liberal candidate, Gen. Er-
nesto Asbert, was decisively beaten.

The army general staff has ordered
four transports in reserve in Fortress
Monroe to be prepared within four
days for instant readiness to carry
2800 troops to Cuba, should any dis-
order arise there over the insular
election demanding intervention.

Gov. Woodrow Wilson of New Jer-
sey, in his speech in Rochester Fri-
day night, directed an attack on the
United States senate as "a citadel for
private interests," declaring the peo-
ple had not had possession of that
body for a generation.

With President William Howard
Taft, members of his cabinet, sena-
tors, representatives, diplomat and
other prominent citizens present, the
body of James Schoolcraft Sherman,
Vice-President of the United States,
was buried in Utica today.

of regular soldiers to escort the body
to the grave was refused by the mem-
bers of the dead statesman's family.

Entertaining the impression that
Col. Theodore Roosevelt does not
bear any malice toward him and
adopts the same attitude for forgive-
ness as was held by Presidents who
have been assassinated, John
Schrank, would-be slayer of Colonel
Roosevelt, expects to escape with a
light sentence.

The fall of Constantinople is immi-
nent. The rout of the Turks is re-
ported general and complete.
Late dispatches last night told that
the Bulgarians had crossed the first
line of intrenchments across the
Tchataldj; that the Sultan and his
bodyguard, with the deposed Abdull
Hamid, have fled over the Bosphorus
into Asia Minor.

A telegram from Vienna, Austria,
announced the fall of Adrianople,
with the entire Turkish garrison of
40,000.

Fighting is taking place in the sub-
urbs of the capital of Turkey, accord-
ing to a dispatch from Belgrade, Ser-
via.

Constantinople is terrorized at its
peril, and order is preserved today
only by martial law.
More than 25,000 wounded Turks
are in the capital of Turkey. Latest
advices indicate that the Bulgars and
Serbs from Uskup are closing in on
Monastir.

## GROWS BEAUTIFUL, HEAVY HAIR WE PROVE IT—25 CENT "DANDERINE"

Destroys Dandruff—Stops Falling Hair—Cleans and Invigorates Your Scalp—Delightful Dressing

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine. It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

## EXPERTS DISCUSS PLANS TO FIGHT TUBERCULOSIS

The big mass meeting, with the view to the study and prevention of tuberculosis was held at the Bijou Theatre last night, and the play-house was filled to its capacity. The meeting was presided over by Governor Frear, while on the platform were the different ministers and clergymen of the city and also the speakers of the evening, James A. Rath and Dr. A. N. Sinclair.

The meeting was indorsed by Mayor Fern, who on Saturday issued a proclamation over his signature setting aside the day for the purpose of discussion measures to fight the "white plague."

Before the speaking began, a short song service was held, led by the Kamehameha Glee Club and the speakers were introduced by Governor Frear who spoke briefly on the need of fresh air, cleanliness and nourishing food, as being the three items most effectual in the eradication of tuberculosis.

A short history of what the board of health has done to wipe out the dread disease and also of what help the people could be to the board of health in its present campaign, was given by Dr. Sinclair. He spoke in part as follows:

"Tuberculosis," said Doctor Sinclair, "is the most common of all infectious diseases. It claims more victims than all other infectious diseases combined two or three times over. In the last year, 186 people have died from tuberculosis alone, while from all other infectious diseases the number has been only 84."

"During the last year there were reported 270 cases and as shown with the screen fifty-nine were detected by Palama nurses. Fourteen through the government dispensary, eighty-eight from private physicians and 109 unreported before death, that last leaves much to be improved upon. Of the fifty-nine sent in by the nurses, twenty-seven were allowed to remain in their homes under supervision, twenty-three were sent to the day camp and nine to Leahi Home. Of the fourteen discovered at the dispensary, two were sent to the day camp and ten were sent to the Leahi Home.

"All cases are entered in a register in numerical order and filed alphabetically and by counties and years. By using different colored cards in the county index the dangerous and non-dangerous cases can be seen at a glance. The fumigation of premises occupied by the patients suffering from tuberculosis is also checked up by the bureau and no room is allowed to be occupied after occupancy by a tubercular patient, until fumigated."

"This is what the public authorities are doing to prevent the transmission or spread of tuberculosis in Honolulu."

James A. Rath was the next speaker, and taking as his text "Am I My

Brother's Keeper?" he made pertinent comparisons and spared no one's feelings. He spoke in part as follows: "Individual instruction and treatment are not sufficient, and I have five points of attack from which this disease may invade Honolulu. One is the fact that we have no adequate provision for tuberculosis patients. No provision for the family of a tuberculosis bread winner. The fact that Leahi Home is crowded and lacks funds to care for more, as well as Pa Ola day camp, which can take more cases, but is unable to do so because of lack of funds, is not a credit to our city.

"It is also a sad fact that there is absolutely no provision for a tuberculosis breadwinner. There is no need to argue the need of segregation of the patient in a sanitarium, in order that he may not be a menace to his family and may receive proper care and treatment, but it is an indifferent matter to ask him to leave his family unprovided for, to undergo treatment. To say the least, it will worry him and retard his cure.

"Do we know the working condition of our people in our stores, our offices, our schools and, yes, our churches? We are troubled with the question of more school room. Would it not be well to see whether it is possible to put up buildings more suited to our climate at a less cost than to erect buildings which are more suited to Vermont or Maine?"

"Passing from this to the fourth question, I take up the subject of luncheon for school children. Inquiries made by me four years ago reveal the fact that a number of children went to school without breakfast, a larger number went with an inadequate breakfast, made up of coffee bought from a Chinese restaurant, sometimes supplemented with bread. Such children become easy prey to tuberculosis and other diseases. Experiments conducted in Europe and in mainland cities show that where lunches are provided children at cost, they gained in weight and health and did better school work, as well as being more amenable to discipline."

## HILO LABOR UNION AND CITIZEN LABOR

Trouble is reported as being made for the Long-Young Engineering Co. on the Hawaii belt road contract by the Hilu labor union, on account of the hiring of teams with Japanese drivers from the Volcano Stables Co., also on account of a contract with a Japanese to supply broken rock for the crusher on the road work.

It is stated by Manager Wright of the Volcano Stables Co. that two Japanese drivers had been employed because citizens could not be obtained. H. K. Bishop, the retiring engineer of the belt road commission, had no heard any protests, but he knew that it was sometimes difficult to find citizen teamsters. Regarding the rock furnishing, probably only the courts could decide if there was an infraction of the law. David Ewa'ko, the union boss, at last accounts was investigating the matter. He also was doubtful if the facts alleged about the rock-breaking contract constituted a violation of the citizen labor law.

No bosses in the new party, "Bosses," you will note, is in the plural. Burlington Hawkeye.

## WALL & DOUGHERTY

### Cut Glass

Every color of the Crystal shines out to give its richest brilliance and sparkle.

### PLA TRIO WILL OPEN AT LIBERTY

SIGNOR PLA, OF THE PLA TRIO AT YE LIBERTY THEATER

Another new act, and, as usual, claimed by the Liberty theater's press agent as "being the best in their respective line to ever appear here," etc., is billed for first local appearance tonight at the Liberty. This new act is the Pla Trio, an aggregation composed of one man and two ladies, and that much can be expected from this trio is evident from the fact that Signor Pla is referred to as "the Caruso of vaudeville," while the ladies are both solo singers, and the act is said by those who have heard them, to equal any singing act known to the variety stage.

### BIJOU THEATER DELIGHTS ALL

About the biggest vaudeville surprise sprung on an all unsuspecting public was turned loose when the Bijou theater re-opened Saturday night and introduced a musical trio billed "The Three Musketeers of Musical Comedy." Their act is simply great and a revelation in comedy, music and singing.

### SURELY SETTLES UPSET STOMACHS

#### "Pape's Diapepsin" Ends Indigestion, Gas, Sourness in Five Minutes

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas; and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diapepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost miraculous, and the joy is its harmlessness.

Unless the supervisors can give the engineer's department more help, it will be impossible this term to carry out the policy of enforcing the sidewalk ordinance in the area within a radius of one mile from the postoffice, according to a report of the board committee.

FRANSON'S BIRTHDAY. Members of Hawaiian Lodge, Oceanic Lodge and all visiting brethren are respectfully invited to attend.

By Order of the W. M., Secretary.

It was at the dinner table and the hostess addressed her husband's brother:

"Do have another piece of pie Wilham."

"Why, really, I've already had two; but it's so good, I believe I will have another."

"Ha, ha! mother's a winner!" said little Frank, excitedly. "She said she'd bet you'd make a pig of yourself."

## BRILLIANT LINE PLUNGING

(Continued from page 9.)

du was a yard and a half. On the second down Coney tried it again and this time made no gain. On the next down he succeeded in making a yard, and on the fourth Schuman was pushed back by the Townies for a loss of four yards and the ball went over. Time out was called at this stage of the game and Grace and Rosa of the Town Team went out, their places being taken by Ballentyne and Evans. The Townies then punted and the ball was received by Baldwin who advanced it six yards. On the Pun's first down Baldwin carried the ball through for a gain of one yard and the Schuman added on another yard and a half on the second down. On the third Hitchcock carried the pigskin for two yards. Hitchcock then made a pass and the ball was recovered by Aldrich. On the first down Aldrich made a gain of five yards, and Marcellino carried it through on the second for six yards. Hoogs then punted out and the ball was recovered by Aldrich, who made a great run of thirty yards. The Townies then made a fumble but the watchful Aldrich was on it before the Pun men could get through the line. Ballentyne then took the ball and made a gain of four yards through right tackle and on the second-down there was no gain made. Hoogs punted again and the ball was received by Coney who did not gain. Hitchcock was then sent through for a gain of five yards and Coney on the second down, carried the ball through left tackle for twelve yards. On the next two downs Baldwin made gains of four and one yards. Hitchcock then passed the ball to "Sleepy" Baldwin who made a great run of twenty-five yards. Then Coney went through for another gain of eight yards and Baldwin came back for more, this time advancing the oval seven yards further, and the Townies were penalized ten yards for playing offside. Coney then went through center for a gain of six yards and on the next put it up two yards further. The ball was now two yards from the Town's goal and "Sleepy" Baldwin was sent over for a touchdown through right tackle. Stafford Austin then kicked goal, leaving the score seven to nothing in favor of the Puns. Hoogs, of the Town Team, kicked off to the Puns, and H. Baldwin received the ball on the twenty-five-yard line and advanced it for twenty yards before being tackled. The Puns then tried a pass but it was uncompleted and on the second down Schuman took the ball through center for a gain of three yards. Hitchcock then punted and the ball was recovered by the Puns on the Town's thirty-yard line. Coney then tried a place kick but the ball went a little to one side of the uprights. The Townies kicked out from their fifteen-yard line and the ball was received by Inman on the forty-five-yard line. Inman did not succeed in advancing the ball. A pass was then made to H. Baldwin who made a small gain. A second pass was made but this time was incomplete. Inman then tried for another goal from the field but failed again and the Townies kicked out to the Puns from their fifteen-yard line. The ball was received by Hitchcock who advanced it twelve yards and on the first down he punted, the ball going outside but being recovered by the Townies. A delayed pass was tried by the Townies and the left halfback took the ball for no gain. On the second down Aldrich tried for a gain but failed, and time was called and the quarter ended with the score seven to nothing in favor of the Puns.

**Third Quarter.**

After a rest of fifteen minutes the teams got into action again, the Puns kicking to the Towns. The ball was received by Marcellino who advanced it twenty yards. Marcellino then took it through again for no gain and on the next down the ball was given to Rosa who made a gain of five yards through left guard. Hoogs then punted and the ball was received by Coney on the Pun's twenty-five-yard line. He punted no gain. On the first down "Sleepy" Baldwin took the ball around right end for a gain of two yards and on the next down Coney went around the other end for a fifteen-yard gain. Coney then tried the same thing and made another gain of twelve yards. On the next down Baldwin fumbled the ball and it was recovered by Austin and no gain was made. The Puns then made an incomplete pass, and then on a fake punt, Hitchcock took the ball through for a gain of ten yards. Hitchcock then punted and the ball was received by Marcellino, who made a gain of fifteen yards before he was tackled by Liu. Hoogs punted out and the ball was received by Coney on a fair catch. On the first down Schuman attempted to make a gain but failed. Then the Puns tried a pass which failed to make connections and the ball went back to the same place. On the third down Hitchcock punted and the ball was missed by Marcellino, however, the townies then tried a pass, but it proved incomplete and the Puns were penalized ten yards. On the next down Marcellino was shoved back by Renton for a small loss and then Aldrich took the ball for a gain of twenty yards. Rosa then made a sensational run of twenty-five yards. Then Aldrich made a good run for twenty yards more. Another incomplete made by the Townies and on the next down they fumbled the ball through for a gain of eight yards and on the next made a yard and a half more. Then "Sleepy" Baldwin, who had been watching a short snooze, grabbed the oval and advanced in ten yards. In the

scrimmage during Baldwin's run, Aldrich, of the town team, lost a good lot of wind and was out for a few moments. The Pun rooters realized what a good game he had been playing and as he went back into the game cheer was given for him. It was now the Pun's first down, and "Sleepy" Coney more hugged the leather through center for a gain of three yards. Hitchcock then advanced the ball seven yards and on the third Baldwin took it again for a gain of two yards. On the fourth the Puns punted and the ball was received by Marcellino on the twenty-five-yard line. On the first down, Liu, the Punahou end, got through and pushed Aldrich back for a loss of six yards. On the second down Aldrich lost three more yards. A pass was then made and was received by Hoogs, who had just started to run when the whistle blew marking the end of the Quarter. Score still 7-0.

**Last Quarter.**

At the beginning of the last quarter the ball went into possession of the Townies on their thirty-five-yard line. Hoogs punted and the ball was recovered by Austin, who made little gain. On the first down H. Baldwin was sent through with the ball and made a gain of ten yards. Coney took the ball on the second and carried it through for six yards more. On the third Hitchcock was given a chance with the leather and he added seven yards to the other gains. Schuman then went through for six yards more. On the first down Coney broke loose for a gain of ten yards through right tackle and on the second Hitchcock made four to add to Coney's gain. It was then the first down again, and Coney fumbled the ball recovered it and made no gain. On the second Coney went through left tackle for a fifteen yard gain and on the next made five yards more. Then Baldwin tried his luck and made five yards and the Puns were penalized fifteen yards for holding. Coney got through for five yards and Baldwin failed to gain and the ball went over. On the Town's first down Rosa was pushed back for a loss of three yards and on the second Rosa again failed to make a gain. The Towns then punted and the ball was received by Inman. On the first down Baldwin failed to gain and then an incomplete pass was made by the Puns. Or the third down Hitchcock got through for six yards and Hitchcock punted on the fourth, the ball being received by Marcellino on the Townies twenty-yard line. Hoogs punted and the ball was received by Inman who advanced it fifteen yards. Baldwin was sent through on the first down but failed to make a gain and in the second Coney chopped off two yards. On the third Coney gained about a foot. The Puns tried a pass but it was incomplete. On the next down the Pun's fumbled the ball but it was recovered by then. Baldwin was then sent through for a gain of three yards and on the next Coney made eleven more. Then Baldwin and Coney advanced the ball for five and seven yards respectively, and on the next down Schuman carried the ball over the goal line, but the ball was brought back again on account of the fact that there were not seven men on the Pun's line of scrimmage when the ball was carried over. However, Coney was sent through for a touchdown. Austin failed to kick goal and the score was thirteen to nothing in favor of Punahou. The Town Team kicked off to the Puns and the ball was received by "Sleepy" Baldwin on their twenty-yard line. He hugged the leather and made the greatest run of the game, traveling over sixty yards before he was downed. Another touchdown seemed in sight for the Puns when the whistle blew announcing the end of the game. The two teams gave a rousing cheer for each other and the spectators surged onto the field to congratulate the players on playing one of the best games of football that has been seen in Honolulu in many a long day.

Following is the lineup of the two teams:

Town Team	Punahou
Right End	Liu
Right Tackle	Paty (Capt.)
Right Guard	Renton
Center	Aut
Left Guard	Bertelmann
Left Tackle	Hart
Left End	Moore
Quarter Back	Consens
Right Half	Marcellino
Left Half	Aldrich
Full Back	Rosa
Touchdowns	V. Grace

Officials:—Hall, referee; Davis, umpire; Sumner, head linesman.

Score:—Punahou, 13; Town Team, 0.

**Punahou Second Wins.**

By a score of 14 to 0 the Punahou seconds defeated a second Town team Saturday afternoon. The game was played on Alexander Field just before the big game between the first teams, and the advance guard of the crowd that came out for the main event watched the curtain raiser, which was well worth watching.

## Fire and Water

Legitimate insurance against loss by conflagration is financial protection to owners of property who employ practical means to save themselves.

Water coming out of a hose nozzle at the moment and on the spot, is the ideal help against destruction.

Honolulu business properties should have 100 Paris Gasoline Turbines connected with Water Hoses as due support to the Fire Department and to make reasonable insurance rates possible.

**COL. JONES PRAISES COSTA FOR DEPUTY**

Col. J. W. Jones, adjutant-general of the National Guard of the Territory, has the very highest praise for Charles Costa, Republican candidate for deputy sheriff. Jones says that Costa has the qualities that fit him for the position he is after.

"Costa is thoroughly reliable in business affairs," said Col. Jones yesterday, "and he will make a good public officer if elected to the position as an officer of the National Guard will be of great assistance in placing the police department on a basis of thorough organization and discipline, from which alone you can get efficiency. I believe every one who votes for Costa as deputy sheriff, in case of his election, will be satisfied when the results become apparent as they will under an administration of organization and discipline. Costa has been an officer of the national guard for many years and has been captain of Company E, one of the crack companies, for about five years. I can commend him highly to the voters of Honolulu. He should be elected tomorrow."
