PRICE FIVE CENTS

U. S. SAILOR IN OPEN BOAT TARGET FOR U-SHARK'S GUNS

ESCAPE CUT OFF BY SHELL

Boatload of Survivors From Torpedoed British Steamer Bombed by U-Boat Which Dives to Safety as Warship Comes to Rescue

(Associated Press by U. S. Naval Wireless.) LONDON, Eng., Oct. 17.—Hun frightfulness on the high seas is reported to have caused the death of an American sailor, says an admiralty announcement today.

CONVICTION OF LET AFFIRMED BY HIGH COURT

Local Chinese Plumber Was Given 9 Months for Statutory Offense; Had Appealed

(Associated Press by U. S. Naval Wireless.) SAN FRANCISCO, Cal., Oct. 17.—The local circuit court of appeals has upheld the conviction in the Honolulu federal court of W. G. Let on a charge of having committed a statutory offense. The appeal court holds that the statement by Judge H. W. Vaughan, "Now little girl, don't be frightened," to Kum Sing Kee, the complaining witness, was not made with the intention of influencing the jury.

HACKFELD LOSES PACIFIC MAIL'S SHIPPING AGENCY

(Associated Press by U. S. Naval Wireless.) SAN FRANCISCO, October 17.—In conformity with its policy to name employees of the company as its trans-Pacific agents, the Pacific Mail Steamship Co. has announced that the shipping agency is to be taken away from H. Hackfeld & Co. at Honolulu. E. W. Good has been named instead as the Honolulu agent.

No advice regarding the proposed change had been received today by F. W. Klebahn, the shipping executive of Hackfeld & Co. The orders regarding the change, however, may be received on the Pacific Mail steamer due tomorrow. Hackfeld & Co. have been the Pacific Mail agents in Honolulu ever since the line was inaugurated, or for nearly 50 years, according to an assertion of Mr. Klebahn.

SMOKE SEEN ISSUING FROM THE MAUNA KEA

After leaving the inter-island dock this morning the steamer Mauna Kea dove to in the stream and stopped for seven or eight minutes. This was after a large volume of smoke was seen from shore to come up through the grating to the upper deck of the steamer. Before O. C. Scott, treasurer of the company, could procure a boat and get out to the Mauna Kea, she proceeded on her Hilo voyage. It is presumed the smoke was caused by the flooding of the oil burner.

Governor Declares Half-Holiday On October 24 For Liberty Loan

Following the example of the president in setting aside Wednesday, October 24, as a day for swelling subscriptions to the Liberty Loan, Governor Pinkham today issued an official proclamation for the territory of Hawaii, naming a half-holiday for the same date. The proclamation, which contains the presidential proclamation, is as follows:

"In pursuance of the authority vested in me by Chapter Sixteen, Revised Laws, Territory of Hawaii, 1915, and the request of the President of the United States and the secretary of the treasury, who are responsible for the financing of the great war, I set aside the latter half of the Twenty-fourth day of October, Nineteen hundred and Seventeen as a half holiday, to be devoted to the purposes of securing subscriptions to the Second Liberty Loan as indicated by the words made a part thereof.

PROCLAMATION BY THE PRESIDENT October 24 is hereby designated and appointed Liberty Day. On that day let all the people of every community of the country assemble and pledge the fullest financial support within their ability to the cause. Let there be patriotic meetings held everywhere. Let us make the result of this campaign for the second Liberty Loan Bond issue so impressive and so emphatic that it will echo and in the enemy empire and be clear to all the world as an index of the intentions of America. On that day all federal offices will be closed at noon and all federal employes shall be free from all duties other than the patriotic observance of the day. IN WITNESS WHEREOF I have thereto set my hand and caused the Great Seal of the Territory of Hawaii to be affixed. DONE at the Capitol in Honolulu, this 17th day of October, A. D. 1917. LUCIUS E. PINKHAM, Governor of Hawaii.

U. S. Water Experts May Be Brought Here To Solve Question of New Supply

URGING that the Honolulu Chamber of Commerce enlist the aid of experts of the United States Geological Survey in an effort to arrive at some conclusion regarding the city's supply of water, Professor Herbert E. Gregory of Yale university, eminent geologist and explorer, addressed the local business men yesterday afternoon at the Chamber of Commerce. Immediate action on Professor Gregory's suggestions was taken and President J. F. C. Hagens appointed J. R. Galt, chairman, A. L. Castle and J. T. Taylor as a committee to get in immediate touch with the director of the federal geological bureau. A request will probably be made by the local committee to have the Washington officials send experts to determine what shall be done to conserve the water supply of Honolulu.

Professor Gregory described the geological formation of Oahu, and told many interesting facts concerning the water supply here. He advised using the artesian well source for the city supply, and urged that a commission be formed which would have full powers to regulate the use of the water.

Although a person had acres of land he should not be allowed to use all the water he can get out of his property, said the speaker. Water is public property, and every citizen has equal water rights. It was pointed out at the meeting that the water level of the artesian wells is dropping at the rate of five inches a year. There are 600 artesian wells in Honolulu, but nearly half of them are not in use.

Professor Gregory declared that at a cost of \$10,000 a year for field expenses, the federal geological office would probably send experts here to spend ten or twelve months in going over every inch of the island, and then advising the best way to secure an adequate supply and conserve it. The speaker pointed out that the people of this city must plan not only for next year, and the year afterward, but must plan an adequate water supply for the Greater Honolulu which will have a population of nearly 200,000 within twenty years.

Governor Pinkham urged that the Chamber of Commerce take immediate action on the matter and ask Washington for water experts. "The national guard company now guarding your reservoirs is costing you from \$5000 to \$6000 a month. Two months' expenses utilized for experts would secure a year's service of these men and expert advice. It is entirely a business proposition."

Professor Gregory was asked a great number of questions concerning the water here. He stated that Honolulu should take advantage of her numerous water sources. The artesian well water was the safest, he said, but until the people are taught caution in the ways of handling water, even the purest water is dangerous. "If you bottle the purest spring water in dirty bottles," said the scientist, "it is just as liable to contamination as though it came from a stagnant pool. Teach the people common sense."

A vote of thanks was tendered Professor Gregory for his talk.

BARON LE GAY CASE TO JURY TOMORROW

Both sides have rested in the suit brought against the Honolulu Rapid Transit & Land Co. by Baron Ettil Le Gay in which he seeks to receive \$11,000 alleged damages. Instructions are being drawn up this afternoon and the case will go to the jury tomorrow morning.

SHAFTER HOSPITAL MAY OPEN

Army Medical Authorities Ask Gen. Wisser to Allow Civilian Patients to Be Received as Result of Queen's Hospital Action

ACCORDING to a well-defined story reaching the Star-Bulletin today a request has been made to the commanding general of the Hawaiian department to open the department hospital in this city to civilian patients.

Reason for the request is said to be the refusal of Queen's hospital authorities to allow an army surgeon recently to perform an operation on a civilian patient at Queen's hospital. The request for the officer to be allowed to perform the operation was made by a civilian physician.

George W. Smith of the Queen's hospital trustees said today that the army surgeon had been refused permission to perform the operation because he was not a member of the so-called honorary board.

Rules of the hospital require that any physician must be a member of this board before being recognized by the officials. Practically all that is necessary to become a member, providing a physician is licensed to practice, is that he make application with the secretary of the hospital. "This doctor has never made application for admission to the honorary board," said Mr. Smith.

Mr. Smith added that he has been told by Dr. W. C. Hobdy that there is an order from the war department against doctors practicing in civilian hospitals. His reason, however, for the refusal to let the army surgeon perform the operation is that he was not a member of the honorary board of the hospital, nor had he applied for membership.

According to an order published here several months ago army doctors were not to practice among civilians except in cases of emergency or at their own station. The question arises, of course, as to the station of a doctor on duty at the department hospital. The postoffice address of the hospital is not Fort Shafter, but Honolulu. Does this allow an army officer to practice in any part of the city?

SUGAR SHORTAGE IMPENDS; LET'S SAVE, U. S. CRIES

WASHINGTON, D. C., Oct. 17.—An urgent appeal was issued from the office of the food control board for an extra effort on the part of sugar consumers to curtail the consumption of that commodity. The notice declares that unless a radical change is made there will be a serious shortage in the East, due principally to a lack of transportation facilities. No relief can be expected, say the food controllers, until after the crops are moved in November.

U. S. TO BE REPRESENTED AT ALLIED WAR MEETING

WASHINGTON, D. C., Oct. 17.—It is now practically assured that the United States will be represented at the conference of the entente allies scheduled to be held shortly in Paris according to government officials here, who are of the opinion that America will take her place in the war councils of the allies from now on.

HAWAII'S FOOD PROBLEMS ARE PRESENTED TO HOOVER

Food Commission Sends Full Outline of Conditions, Urging That Government Take Steps to Insure Adequate Fuel Oil Supply and Provide Tonnage Sufficient to Meet the Transportation Needs

Pertinent Facts in Letter to Herbert Hoover

Hawaii is dependent for a large part of its ration upon importation of foods from the mainland and from Japan.

This food commission is endeavoring to cut down the need for these food importations by stimulating the production of some of these commodities here by increasing the growth of home-grown foods.

We have taken the ground that Hawaii's main function in this crisis is the production of sugar.

We take it for granted that the movement of food products to the mainland is considered in Washington of such importance that tonnage of some kind will continue to be provided.

THE territorial food commission has spoken! In a lengthy letter to Herbert Hoover, national food administrator, the commission presents to him Hawaii's problems of food conservation, food production, oil and other fuel supply, shipping, labor and the sugar industry.

Military Dictator For Germany Gets Michaelis' Favor

(Associated Press by U. S. Naval Wireless.) COPENHAGEN, Denmark, Oct. 17.—The Berlin correspondent of the Hamburg Fremdenblatt says that Chancellor Michaelis has decided to encourage the plans now on foot to establish a military dictatorship in Germany in defiance of the sentiment of the reichstag.

Coat of Arms of Germany Covered Up At Hackfeld's

TWO men working under a canvas awning which shielded their operations from the view of pedestrians, this morning plastered up the coat-of-arms of the imperial German government which is just above the door at the Fort street entrance of the firm of H. Hackfeld & Co. The order to cover up the coat-of-arms for the time being, at least, was given by J. F. C. Hagens, a vice-president of the company.

Mr. Hagens explained today that last week a newspaper man called on him and informed him that unfavorable comment had been made on the presence of the coat-of-arms. He took the matter up with the commander of the Hawaiian department and U. S. Attorney S. C. Huber, he says, and both informed him that such comment was not well founded and that they could see no reason why the coat-of-arms should not remain.

He adds, however, that since such comment was reported to be prevalent about the city, he thought it would be best to cover up the coat-of-arms and accordingly gave the order that the work be done.

LIBERTY LOAN COMMITTEE BULLETIN

Don't Let Your Dollars be Deserters

In our sister Republic, France, every peasant is a patriot. There is scarcely a Frenchman who is not an owner of "rentes," the popular 3% Government Bond. The thrift of the French people is the underlying strength of the nation that has surprised the world in the present crisis. In England the war has made every Britisher a saver, and subscriptions to the national war loans of Great Britain have reached the enormous number of 5,289,000. Every dollar in this Territory that is not absolutely needed for some productive purpose should be invested in Liberty Bonds.

Dollars can be deserters just as well as men!

RUSSIAN WARSHIPS DEFEATED

Petrograd Admits Communication With Slav Commanders in Riga Gulf Has Been Lost; Reports German Battleship Struck a Mine

(Special Star-Bulletin Correspondence.) ERLIN, Germany, Oct. 17.—Germans are now in control of the whole of the island of Oesel. Battles have also been won from the Slav naval defenders north of Oesel bay, in the Gulf of Riga, with no losses to the Germans. The Slavs were compelled to retire.

PETROGRAD, Russia, Oct. 17.—Despatches from the Riga front today say that a fleet of Zeppelins was seen over Moon Sound, to the northeast of the island of Oesel in the Gulf of Riga. Naval skirmishing between Slav and Hun naval units continues, with no particular success on either side.

It is reported that a German dreadnought struck a mine Friday near Oesel island, but was able to remain afloat, and was seen to steam to the southward.

The war office bulletin issued today declares that officially the Slav defenders on Oesel have been completely lost track of.

Due to the efforts of U. S. Commissioner Stevens, the freight congestion at Vladivostok has been reduced 25 per cent, and Russian officials are loud in their praise of the executive ability of the American representative.

Allies Destroy 25 German Planes

(Associated Press by U. S. Naval Wireless.) PARIS, France, Oct. 17.—Nancy, the cathedral town in the Meurthe-et-Moselle department of France, was today subjected to a fierce bombardment by Hun airmen, and as a result 18 persons were killed and 40 wounded.

During the combined air attacks by the French and British aviators on Monday and Tuesday 25 Hun planes were shot down and their crews killed.

BEAT PRISONER CRUELLY, CHARGE AGAINST MACHADO

PARIS, France, Oct. 17.—Reports from the Verdun front today tell of violent fighting on the east bank of the river Meuse, but the results are still in doubt.

As Exhibit A in a case in which charges it is said are to be preferred against Albert Machado of the Honolulu detective staff, all the members of the civil service commission were called to the office of Attorney William Rawlins this afternoon to view a badly beaten up Filipino, whom the detective is alleged to have manhandled while placing him under arrest yesterday.

Machado is one of the new officers who received his appointment, after it is said the civil service requirements had been reduced from 70 to 60 per cent in the examination tests.

Donacia Fernandez, the Filipino whom Machado is alleged to have abused, has a black and blue eye, badly swollen, a cut over the back of his head and marks of a fist on his nose and upper lips. Besides he is today in a weakened condition as a result of his injuries.

With a number of other Filipinos he was discovered gambling in Iwlet yesterday. According to his story Machado knocked him down, picked him up and knocked him down again, repeating the operation three times.

MUNITION MAKERS EVADE WAR TAXES

(Associated Press by U. S. Naval Wireless.) WASHINGTON, D. C., Oct. 16.—Munition manufacturers are being accused of deliberately evading the special war tax placed on the excess profits in the industry, and according to officials these evasions now amount to about \$7,500,000. Ten million dollars has already been collected under this special taxation scheme, but much more remains to be collected.

HUN SOCIALISTS OPPOSED TO NEW WAR CREDIT LOAN

(Associated Press by U. S. Naval Wireless.) AMSTERDAM, Netherlands, Oct. 17.—Germany will have a hard task ahead in raising the new ten billion marks war credit loan if the attitude of the Socialists toward Chancellor Michaelis is any criterion. According to a prominent German Socialist newspaper, the Socialist members of the reichstag at a recent caucus decided unanimously to vote against the credits bill which will be introduced in the chamber in December unless Michaelis resigns from the chancellorship.

# HAWAII'S FOOD PROBLEMS ARE PRESENTED TO CONTROLLER HOOVER

(Continued from page one)

States) 2,368,395 cases, valued at \$7,970,523.

Coffee—1,987,005 pounds, valued at \$297,972.

Bananas—257,037 bunches, valued at \$178,675.

Honey—1,249,246 pounds, valued at \$62,462.

Rice—3,227,846 pounds, valued at \$165,779.

Hides and skins—1,481,717 pounds, valued at \$295,216.

All other exports, valued at \$510,725, or a total valuation of \$7,814,625.

"The year's sugar crop is estimated at 640,000 tons and the year's pineapple output at 2,750,000 cases. (The 1918 and 1919 output of sugar will probably be somewhat less on account of the recent severe drought.)

"We append a sheet showing the amounts and value of all food and feed products brought into the territory during the year 1916. The net value of food and feed stuffs brought from the mainland for the year ending June 30, 1917, was \$8,121,237.

**Cut Down Importations**

"This food commission is endeavoring to cut down the need of these food importations by stimulating the production of some of these commodities here, by increasing the use of home grown foods and by reducing the use of white flour, as well as the general discouragement of waste. We have however, from the beginning taken the ground that Hawaii's main function in this crisis is the production of sugar and that our duty was to increase the local food supply as much as we could in addition to maintaining our present food output rather than to divert labor or land now productively engaged to other and less productive and more hazardous forms of agriculture.

"We cannot in this space go into land matters farther than to say that the accessible lands, lands near railroads, harbors or good roads are almost all in productive use, and while there are considerable remote areas in the mountain sides which were labor available, could produce corn, potatoes, etc., yet on account of transportation difficulties and costs are from an economic standpoint far more distant from Honolulu and our other small centers of population than the Sacramento valley.

"In spite of the difficulties, however, a noteworthy increase in the production of corn, potatoes, sweet potatoes and onions is taking place, as well as a healthy increase in the amount of beans and other garden produce grown by plantation laborers and school children and by householders for their own use. Our county agents are doing good work on these lines.

"It is impossible to avoid reference to the labor situation as this is the controlling factor in our production, and as largely on account of the labor factor it would be remarkable if we were able to increase the production of other foodstuffs as much as the equivalent of 1 per cent of the value of our sugar output, or say \$627,411.64. The estimated population on June 30, 1917, was as follows:

Japanese	102,479
Korean	4,734
Hawaiian	23,450
Portuguese	23,990
Chinese	22,100
American, British, German, Russian	30,118
Filipino	19,100
Part Hawaiian	15,853
Porto Rican	5,240
Spanish	2,920
Other nationalities	646
Total	250,627

"In addition to this there were approximately 8,552 forces of the United States army and navy, or altogether 259,179. Of this total 32,282 were in the public and private schools of the territory.

**All Willing to Work**

"Investigation shows that most of the able-bodied males of the territory who are willing to work at all are now working at a rather high degree of efficiency (and for the most part stimulated by bonuses for full month's work) at work directly or closely connected with the production of our food products (Honolulu itself and our other smaller towns are little more than offices and storehouses for supplying these industries), or in work connected with serving the military forces and the construction work at the army and navy posts.

"While there are altogether too many petty storekeepers and a comparatively large proportion of 'yard boys,' chauffeurs, etc., we think that our shipments to the mainland of food products amounting to \$276.73 per capita for every man, woman and child in the territory, as against imports from the mainland of \$31.30 per capita, show a comparatively high efficiency.

"We take it for granted that the movement of these food products to the mainland is considered in Washington of such importance that tonnage of some kind will continue to be provided, particularly as the 2100 miles of water between here and San Francisco is perhaps from every angle one of the safest sea routes on the globe.

"It is interesting to observe that the total tonnage of freight, not including coal, fuel oil or lumber, landing in the islands from the mainland amounts to say \$88,894 per annum as against \$23,103 tons going out. If we take into consideration coal and lumber there would be an excess of imports to be accounted for largely by the demands for coal for bunkering vessels, and more so by the enormous quantities of lumber and other building materials brought in for the erection of buildings at the U. S. Army posts and the naval station at Pearl Harbor.

**Shipping Conditions.**

"This condition seems to account for what is perhaps the only major economic waste now observable in our island trade in the movement of sundry small sailing vessels from Honolulu to Washington lumber ports in ballast.

"The Matson fleet, which consists of the following:

Steamers	Net reg. tonnage
Maui	5,117
Matsonia	6,171
Nanea	4,152
Wilhelmina	4,152
Lurline	3,772
Enterprise	1,881
Hyades	2,932
Annie Johnson	2,106
Total	30,415

with a total of 30,415 net tons and which handle most of the island business and most of which vessels make the round trip every 28 days, run full both ways virtually all of the time.

"Provided the Matson vessels or an equal tonnage moving capacity is maintained on the San Francisco-Hawaii run for the moving of our food exports there will be sufficient space for bringing down all of the supplies necessary for producing these foods, with the exception of fuel oil and part of the gasoline and distillate, which commodities now come in tankers.

"There seems to be fear that we are going to have a shortage of fuel oil. We understand that this matter has already been drawn to your attention by our delegate to Congress, Honorable J. K. Kalaniana'ole, and will only say that a considerable part of the sugar produced here is dependent on water pumped by fuel oil, the railroad systems of the four sugar producing islands run on oil, as do the electric light and gas plants of Honolulu and practically all of the power plants in the islands except the sugar mills themselves, which burn bagasse. Even the bakeries use fuel oil and our commission has been obliged to request the oil companies to keep them going.

**Must Have Fuel Oil**

"A failure of our fuel oil supply (furnished by the Standard Oil Co., the Associated Oil Co. and the Union Oil Co., all of California) would short-ly paralyze our industries. Coal is not available as a substitute and our wood supply is too limited to begin to fill the gap and the destruction of our native forests and watersheds for any purpose would be an irredeemable crime.

"Our commission has no specific power under the act of the Legislature, except as implied in its effect on food control, over oil, gasoline, etc., but it looks as if this oil situation would need control, and there is room for a considerable economy here in the use and misuse of gasoline.

"There are between 70,000 and 80,000 tons of fertilizer used by the sugar plantations each year, fully 35,000 tons of which are nitrates from Chile. Without the use of fertilizers the production of sugar would be increased fully 30 per cent.

"In conclusion we would say that our Women's Committee for the conservation of foods, which is now organized on all of the islands, is doing good work.

"In beef we have not yet concluded our investigations, but we are inclined to think that we shall either be self-supporting, or that by economy and meatless days we can make ourselves so. This will depend, however, largely upon the number of troops quartered here and on weather conditions on the ranches.

"We also enclose a copy of as complete and accurate a census as we have been able to secure of food supplies, not counting sugar and canned pineapple, in hands of wholesale and retail dealers as of June 30th, 1917, and showing the approximate day's supply of each, under normal consumption conditions, for our population."

## POLICE COURT NOTES

Chan Ka, arrested for having opium in possession, was taxed \$25.

E. Knaack and Takahashi, who violated the traffic ordinance, were each fined \$10.

H. J. Burns, who pleaded not guilty to the charge of violating speed ordinance, was tried and fined \$25.

Two hundred and thirty-six old civil cases were disposed of yesterday afternoon in Judge Irwin's court. Some of them were ordered discontinued indefinitely.

Circuit Judge Quinn of Hilo, in his letter to Clerk A. V. Gear of the police court, requested that all the cases in which he appeared as counsel be stricken. It was done yesterday.

## WANTED

**TOO LATE TO CLASSIFY**

**WANTED.**

An experienced concrete inspector. Apply 511, Stangenwald Building. 6919-1t

**FOR SALE.**

**FURNISHED ROOMS.**

Furnished front room, at Waikiki, No. 1, Dewey Court. 6919-6t

**LOST.**

Automobile crank, on King street. Owner can have by paying for this advertisement at Star-Bulletin. 6919-2t

**FOR RENT.**

**FURNISHED ROOMS.**

Exceptional furnished room, sleeping porch. Hot and cold spray system for bathing. 1029 Richard street. 6919-4t

# HONOLULU GIVES MOVIE STAR HEARTY ALOHA ON DEPARTURE

Charlie Chaplin snapped as the "victim" of a characteristic Honolulu farewell reception at the dock this morning. Charlie is at the left, Miss Edna Purviance, his co-screen star, in the center, and Bob Wagner, Saturday Evening Post correspondent, on the right.

"Royalty may come and royalty may go—but there is only one Charlie Chaplin. At least that was the attitude of the tremendous crowd which was at Pier 15 this morning to bid the movie comedian king aloha, when he departed by a Matson liner for San Francisco.

It was a characteristic farewell of the islands. Admirer after admirer had strung leis around Charlie's neck until his "camera face" was almost hidden from the flock of professional and amateur photographers who swarmed about the comedian.

But Charlie didn't perform with his customary zest. His smile was lacking its usual broadness and his ears refused to wave. His feet performed, but only like those of any other human. Even his merry, clear voice had a "frog" in it.

Charlie is a comedian, but he isn't lacking in theatrical temperament. When the music boys on the steamer sang in English: "We don't want you to go, Charlie," to the tune of "Tommy, Tommy," as he went up the gangway, it turned on the tap to the movie comedian's sentiment. Thereafter, the reception was up to his Honolulu

friends and they kept the air ringing with "So long Charlie," and "Come back again."

All Charlie did was look sad and feebly wave back to the crowd, varying this, as the steamer moved into the stream, by using his "trigger" finger to shoot kisses to his feminine acquaintances.

The Matson steamer had 117 passengers and nearly 10 tons of freight for San Francisco.

Luis Guillen Gil, the Spanish consul for the islands, left for Washington on official business, the nature of which he does not know. He has simply been ordered to go to Washington and he does not know how long he will be away. His assistant, T. V. Sedgwick, will be the acting consul during his absence.

Joe Farrington, who recently has been sporting editor of the Star-Bulletin, left for the mainland to re-enter the University of Wisconsin.

Geo. Lawson, assistant cashier of the First Bank of Hilo, and E. L. Patterson, of the First Trust Co., Hilo, left for a pleasure trip in the states, which they expect to extend to the Mexican border.

but that he had made sure that the credit would go to Hawaii. The committee desire to impress upon local firms that if they place their subscriptions on the mainland they should credit the act to Hawaii.

A meeting will be held Thursday at 12:30 o'clock at the Honolulu Iron Works, and a meeting will be held Friday at the same hour at the works of the Catton, Neill Co. Bond salesmen will be on hand to explain the purchasing of bonds to prospective subscribers.

List of Liberty Bond salesmen appointed by A. N. Campbell, Allen C. Robinson, Jack Cooper, John Lennox, Carl E. Basler, L. M. Vetlesen, Arthur E. Larimer, E. H. Paris, G. H. Cowan, Harry Macfarlane, John Guild, Charles T. Littlejohn, Jr., D. G. May, Lewis C. King, George Wyllie, St. C. Sayers, C. P. Judkins, F. D. Lowrey, Zeno K. Myers.

List of Liberty Bond salesmen appointed by R. E. Clark: J. W. Waldron, E. P. Murray, R. E. Clark, R. Booth, John Clark, J. J. Belsor, O. C. Scott, K. B. Barnes, Wm. F. Gaynor, F. G. Hummel, H. P. Benson, J. T. Phillips, H. D. M. Cobb, F. C. Smith, Geo. P. Denison.

List of Liberty Bond salesmen appointed by E. G. Duisenberg: Merle M. Johnson, Julius Unger, J. M. Levy, Daniel E. Mooney, Miss L. M. Girvin, John E. O'Connor, Ben Sammons, W. N. Patten, Edward Fogarty, Ambrose Wirtz, E. von Damm, Malcolm MacIntyre, Herbert Dowsett, Paul Spain, Lawrence Waterman, E. E. Bodge.

# 2 MILLION MARK PASSED IN SALE LIBERTY BONDS

**TOTAL TO DATE**

At noon today \$1,900,600 has been pledged to the second Liberty loan by 917 subscribers.

This is a gain of \$26,500 in 6 1/2 hours. The total, with the approximate army figures, and the estimated boy scout subscriptions, places the amount to date at \$2,151,550. The army estimates are \$232,950, with boy scouts reported to have collected nearly \$18,000.

With the Liberty loan campaign half over today, efforts are being made to enlist the man on the street. The big corporations, banking houses and business firms have already come forward and subscribed to the second Liberty loan. Sixty authorized bond salesmen were sent out on the streets at noon to collect subscriptions from the everyday businessman.

A meeting of the sales committee was held this morning and the salesmen authorized to go out and collect the money. If a man doesn't want to buy the bond outright, the salesmen will take his pledge. Each bond salesman will wear a white ribbon, bearing upon it the picture of the Statue of Liberty, and underneath, the words, "Official Sales Agent."

When a man buys a Liberty bond he will be presented with a small, blue button. This button shows that the wearer has responded to the call of his country. If persons have already subscribed to bonds and have not received buttons, they should go to their bank and secure them.

President J. F. C. Hagens of the Chamber of Commerce, in whose rooms the sales committee met this morning, urged that a great effort be made to secure subscriptions from the ordinary businessman.

Mr. Hagens said that H. Hackfeld and Co. would carry their employees so as to enable them to buy bonds on the installment plan. Managers of plantations controlled by Hackfeld and Co. have been instructed to do all in their power to assist the men in the fields to buy bonds.

A cablegram received today from the headquarters of the National Chamber of Commerce was read at this morning's meeting. The message was as follows:

"Undismayed at the prospect of great taxes facing the consumption of its accumulated savings, American business without hesitation pledges our government its full and unqualified support in the prosecution of the war until Prussianism is entirely destroyed."

E. Faxon Bishop of C. Brown and Co., who is on the mainland, wired-leased the executive committee that he had subscribed in the name of his firm for a large amount of Liberty Bonds.

STAR-BULLETIN 75 CENTS PER MONTH

## BIG MELONS MAY RESULT FROM WAR TAX APPLICATION

All Undistributed Profits Will Be Assessed 10 Per Cent Under New Law

Distribution of every possible cent of their net earnings as dividends to stockholders may be the result among sugar and other Hawaiian corporations of that section of the war revenue bill which requires all undistributed profits to pay a tax of 10 per cent to the government.

This is the belief of persons who have studied the undistributed profit portion of the bill. Other than paying these profits out as dividends, the corporation may invest them in the business itself or buy Liberty Bonds to avoid taxation. Any misstatement as to what has been done with them will result in a 15 per cent instead of a 10 per cent tax. This is the government's penalty.

The period for filing returns closes on June 30 for corporations having a calendar year system, but six months after the end of the fiscal year for firms working on this basis. The section follows:

"Section ten of such act of September 8th, 1916, is hereby further amended by adding a new subdivision as follows:

"In addition to the income tax imposed by subdivision (a) of this section there shall be levied, assessed, collected and paid annually an additional tax of 10 per cent upon the amount, remaining undistributed six months after the end of each calendar or fiscal year, of the total net income of every corporation, joint-stock company or association, or insurance company, received during the year, as determined for the purposes of the tax imposed by such subdivision (a), but not including the amount of any income taxes paid by it within the year imposed by the authority of the United States.

"The tax imposed by this subdivision shall not apply to that portion of such undistributed net income which is actually invested and employed in the business or is retained for employment in the reasonable requirements of the business or is invested in obligations of the United States issued after September 1, 1917. Provided, That if the secretary of the treasury ascertains and finds that any portion of such amount so retained at any time for employment in the business is not so employed or is not reasonably required in the business a tax of 15 per cent shall be levied, assessed, collected and paid thereon.

"The foregoing tax rate shall apply to the undistributed net income received by every taxable corporation, joint-stock company or association, or insurance company in the calendar year 1917 and in each year thereafter, except that if it has fixed its own fiscal year under the provisions of existing law, the foregoing rates shall apply to the proportion of the taxable undistributed net income returned for the fiscal year ending prior to December 31, 1917, which the period between January 1, 1917, and the end of such fiscal year bears to the whole of such fiscal year."

## NEWEST STYLES ARRIVE AT JEFF'S

The latest boat brought to this store the best examples of what the fall styles should be that have yet arrived in Hawaii. There are models of street afternoon and evening gowns, coats, dresses and millinery.—Adv.

## THE BABY SHOP

On Thursday, October 18, Honolulu will have a new Baby Shop, at 1190 Fort street, near Beretania. Infants' wear and accessories will be stocked; and everything in the way of dainty bonnets, dresses and coverings will be on display. Also, there will be on display a showing of fine lingerie, negligees and other pretty hand-made Xmas gifts.—Adv.

## SCOUTS, ALERT

Monthly meeting of all troops. Report on the grounds in front of the Palace at 7:30 sharp. Staves not needed.

R. N. BURNHAM, Executive.

### BOY TYPHOID VICTIM

Kekani Solomon Kuehu, a nine-year-old pupil of Kalia-kai school, died yesterday of typhoid fever. The child, who had been sick 17 days, was a son of Solomon Kuehu and was born at Kukuihaele, Hawaii.

### WHAT MOTHERS NEED

Too many women struggle under pains and aches. They are not sick—but weak, nervous, irritable.

Such women need that blood-strength that comes by taking SCOTT'S EMULSION. It also strengthens the nerves, aids the appetite and checks the decline.

If wife or mother tire early or look run down, SCOTT'S EMULSION will build her up.

SHUN SUBSTITUTES.

## MILITARY DEALS WITH SOLDIERS JAILED IN CITY

Enlisted Men Freed From Civil Prosecution Because of Need in Army

The services of the regular soldiers are more needed in the army now than ever before, and on the recommendation of their commanding officers, those who were arrested by the police, were today turned over to the military authorities for trial by a court martial.

When Police Judge Irwin opened his court this morning, four soldiers, charged with different offences, were up for trial. But Prosecuting Attorney Charles F. Chillingworth told the court that the commanding officers of these men have assured him that, if they are turned over to them, that the men would be tried by a court martial. On this showing Judge Irwin expressed from the bench his hearty "Kokua" in the matter.

"I believe myself," said Judge Irwin, "that these men would be more valuable to the federal government than they would be to the city authorities. And on this account, coupled by the recommendation of the prosecuting attorney, I will grant the motion to turn them over to their commanding officers for trial," concluded the judge.

Those who were on trial this morning were Zeno Lockett, charged with headless driving; J. F. Deyer, D. P. Prevatt and Carl McDonald, arrested for assault and battery.

Prevatt, according to police, struck and broke the teeth of a Japanese.

## ORDNANCE CAPTAIN IS CALLED TO WASHINGTON

Capt. Stephen H. MacGregor, ordnance department, who has been on duty with the local ordnance office of the army, was today ordered through advices from Washington to report to that city for duty in the office of the chief of ordnance.

IN THE CIRCUIT COURT, FIRST Circuit, Territory of Hawaii.—In Probate.—At Chambers.

In the Matter of the Estate of Avis L. Rose, deceased.

Order of Notice of Petition for Allowance of Accounts, Determining Trust and Distributing the Estate.

On Reading and Filing the Petition and Accounts of S. B. Rose of Honolulu, City and County of Honolulu, Territory of Hawaii, executor of the will of Avis L. Rose, deceased, wherein petitioner asks to be allowed \$195.18 and charged with \$485.15, and asks that the same be examined and approved, and that a final order be made of distribution of the remaining property to the persons thereto entitled and discharging petitioner and sureties from all further responsibility herein:

It is ordered, that Tuesday, the 27th day of November, A. D. 1917, at 2 o'clock p. m., before the Judge presiding at Chambers of said Court at his Court Room in the Judiciary Building, in Honolulu, County of Honolulu, be and the same hereby is appointed the time and place for hearing said Petition and Accounts, and that persons interested may then and there appear and show cause, if any they have, why the same should not be granted.

By the Court:  
B. N. KAHALEPUNA,  
Clerk.  
(Seal)  
Dated the 17th day of October, 1917.  
SMITH, WARREN & WHITNEY,  
Attorneys for Petitioner.  
6919—Oct. 17, 24, 31, Nov. 7.

IN THE CIRCUIT OF THE FIRST Circuit, Territory of Hawaii.—At Chambers.—In Probate.

In the matter of the Estate of Iwakichi Tamura, Deceased.

Order of Notice of Hearing Petition for Administration.

On Reading and Filing the Petition of K. Kawasaki, stepfather of Iwakichi Tamura, alleging that Iwakichi Tamura of Honolulu, Hawaii, died intestate at Hot Springs, Kazusa, Japan, on the 6th day of August, A. D. 1917, leaving property within the jurisdiction of this Court necessary to be administered upon, and praying that Letters of Administration issue to K. Kawasaki.

It is ordered, that Tuesday, the 20th day of November, A. D. 1917, at 2 o'clock p. m., be and is hereby appointed for hearing said Petition in the Court Room of this Court in the Judiciary Building in Honolulu, City and County of Honolulu, at which time and place all persons concerned may appear and show cause, if any they have, why said petition should not be granted, and that notice of this order shall be published once a week for three successive weeks in the Honolulu Star-Bulletin, a newspaper printed and published in said Honolulu.

Dated Honolulu, October 17, 1917.  
By order of the Court:  
J. C. CULLEN,  
Clerk.  
(Seal)  
WADE WARREN THAYER,  
605 Stangenwald Bldg.,  
Attorney for Petitioner.  
6919—Oct. 17, 24, 31, Nov. 7.

# WE want to work with HOOVER

HOOVER has asked the people of this country to use Wholewheat and Graham Flours as much as possible so that more white flour may be sent to Europe for the men at the front and the starving refugees of Europe.

We want to do as much as we can to make it possible for the people of Honolulu to do this.

If every one in Honolulu should eat a loaf of Love's Graham Bread, just one day of each week the saving of white flour would amount to 10,000 pounds

Another reason for using the Graham Bread is that by so doing we consume more of the foods of which there is plenty, for 30% of the Graham Bread is made up of other ingredients that are not used in any of the white breads

At the same time Graham Bread is just as nourishing and many people think healthier than the usual white flour loaf, so there is really no reason at all why the people of Honolulu should not use Graham Bread at least 2 times each week

## We ask you to co-operate in our plan to make this saving possible.

By stating definitely what day or days you will take Graham Bread, we will be able to gauge correctly how much to bake each day of the week. Without this definite demand being known, the whole Hoover program for Bread-saving is jeopardized, for without your definite order, some days we would not have enough on hand to supply the demand — on others we would have too much, which would mean wasting it.

Ally YOUR self with Hoover by following out this plan!

This way means the finest, freshest

FILL OUT THIS ORDER AND MAIL TO Love's Biscuit & Bread Co., Nuuanu St., Honolulu.

for every one and none wasted by growing stale

## KONA DISTRICTS GET MORE RAIN

The rainfall was slightly more than that of last week in the North and South Hilo and the South Kona districts on Hawaii, and the Koolaupeke district of Oahu; elsewhere the precipitation was much below the average and less than the previous week, states the weekly report of the weather bureau.

No relief from the dry conditions has come to the North Kohala and Hamakua districts of Hawaii. The light showers received were not sufficient to wet the soil, and soon evaporated. By islands, the average rainfall for the week was as follows: Hawaii, 0.65 inch; Maui, 0.03 inch; Oahu, 0.56 inch, and Kauai, 0.16 inch.

Local conditions from information furnished by correspondents were as follows:

Kohala Mill, Hawaii—Drought continues.

Niuli, Hawaii—Rain fell on but one date amounting to 0.12 inch. No signs of rain. Crop for next year almost ruined.

Honohina, Hawaii—The rainfall for the week came to 0.25 inch, being 0.25

less than that of last. There were six dry days.

Honoumu, Hawaii—Heavy rain fell in the mountain section during the night of the 5th, measuring 2.19 inches, while at the lower level the precipitation was 0.18 inch. Moderate temperatures and normal sunshine have been generally beneficial to all crops and favorable for all kinds of work. More rain is badly needed everywhere.

Ponohawai, Hawaii—The showers during the first four dates brought 1.35 inches of rain and put the ground in good shape for planting potatoes and beans. All crops are looking well at present but more rain is badly needed. There has been abundant sunshine for all crops.

Volcano Observatory, Hawaii—Calm or light N.E. wind prevailed during the past week with drizzles during the afternoons.

Haiku Experiment Station, Maui—Another light covering of snow on Haleakala on the morning of the 5th. While some rain fell in Makawao and Kula during the week, only 0.03 inch fell in and about Haiku. Unpaved roads are deep in dust. Well cultivated bean crops at the Haiku substation are thriving. We need more and better tillage.

Deputy Sheriff Julius Asch yesterday underwent an operation for appendicitis at Beretania sanitarium. Mr. Asch is under the care of Dr. R. G. Ayer, city emergency physician, and is reported doing nicely.

## SILT REMOVED FROM RESERVOIRS

Yesterday's rain had no effect whatever on the water supply for the Nuuanu reservoirs. F. G. Kirchhoff, superintendent of the Water and Sewers Department, said this morning that any rain that might fall for the next two weeks would have little effect on this supply, for the reason that the tanks are being cleaned and disinfected. No. 1 reservoir has already been cleaned. Not much mud and actual filth was found, but a large deposit of silt was removed, wheelbarrows being used to cart this silt away.

Cleaners are now at work on tank No. 3, and it will be at least a week before this tank is ready for new water. No. 2 will be cleaned as soon as No. 3 is finished. At present the only one of the Nuuanu tanks that is being used to any extent is No. 4, at the head of the valley. The water for this tank does not come from the Nuuanu stream, but from the two watersheds on either side of the tank. It is not believed that this water is infected with the typhoid germ, but all users of the Nuuanu water are urged as a purely precautionary

There is no red tape about buying your Liberty Bond

You merely step up to the window of our bond teller, and ask for an application. Or if you cannot come to the bank now, fill out one of the Liberty Bond pledge cards found in the daily papers. Then call upon any bank or trust company before Oct. 27 to make first payment.

The First National Bank OF HAWAII

measure, to boil all water, this for washing fruit and vegetables that are to be served uncooked as much as for their second meeting this week Thursday.

## :: Business And Financial News ::

### CIVIC CENTER LAND BOUGHT OR AGREED ON

Bertram G. Rivenburgh, commissioner of public lands, announced yesterday that every foot of land desired by the territory for the proposed civic center site has been purchased or agreed upon.

Four-fifths of the holders of the Long estate area, the last piece of land necessary, have their money for the government already, and agreement for the final fifth has been reached. The fifth owner has expressed desire to sell her portion but no title has been received yet owing to the fact that she cannot sign the deed until given authority by the court.

Agreement has been reached with Allen & Robinson, though the actual cash has not been paid over. The appraised price, which was agreed upon, was \$12,261. That of the Long estate land was \$20,340.

Other purchases in the transaction were Castle & Cooke, Ltd., \$46,285; J. B. Atherton estate, \$20,547, and Bishop estate, \$7,164.

### FIRST LIBERTY LOAN BONDS WANTED BY INVESTORS WITH LARGE INCOMES

#### Table Prepared By Investment House Shows How Taxes Will Contract Yield on Second Issue

The firmness displayed by the non-taxable 3 1/2 per cent Liberty Loan bond of the first issue which it became known that the present issue of 4 per cent bonds would be subject to the super tax is attributed by local bond dealers to the demand for the tax-exempt issue among investors with large incomes. In view of the fact that only exceedingly large incomes will be affected by the proposed super tax to such an extent as to make the 3 1/2 per cent, non-taxable bonds preferable to the 4 per cent taxable issue, this explanation appears to be a correct one. Buyers of small denominations of the 3 1/2 per cent are of course expected to exercise the privilege of exchanging them for new bonds of 4 per cent interest so the demand in the open market for the issue must therefore come from investors with large incomes.

R. C. Walker of Bishop & Co., has a compilation of figures with a view to aiding investors to determine whether they should put their funds

into the new or the old issue. This depends entirely on the income of the individual and whence it is derived.

The schedule of super taxes as last proposed provides for levies ranging from 1 per cent on incomes from \$5,000 to \$7,500 to 45 per cent on incomes between \$2,000,000 and \$3,000,000. Consequently an individual could own as much as \$125,000 of the 4 per cent taxable bonds from which the income would be \$5,000 without being subject to tax, provided he had no other income. If he owned \$187,500 of the bonds, income from which would be \$7,500, a tax of 1 per cent would be assessed on \$2,500. That is to say, that the first \$2,500 over the \$5,000 exemption would be taxed 25.

As the income and the rate of tax in the schedule progress the net yield on the bonds is steadily reduced by taxes from 4 per cent until in the case of an individual whose income from the bonds is \$150,000 the yield is brought down to less than the yield from the original tax-exempt Liberty Loan.

The following table is compiled by R. C. Walker of Bishop & Co., to show how the operation of the super taxes as they were recently proposed will contract the yield on the 4 per cent taxable Liberty Loan bonds:

Income (in thousands)	Tax Per Cent	Net Yield Per Cent on Bonds	
		Total	4 Per Cent
5	0 on	4.00	4.00
7 1/2	2 on	3.98	3.98
10	2 on	3.97	3.97
12 1/2	3 on	3.95	3.95
15	4 on	3.93	3.93
20	6 on	3.89	3.89
30	9 on	3.76	3.76
40	12 on	3.68	3.68
50	15 on	3.61	3.61
60	20 on	3.53	3.53
75	25 on	3.35	3.35
100	30 on	3.22	3.22
150	33 on	3.11	3.11
200	37 on	3.01	3.01
250	40 on	2.77	2.77

1,000	46 on	1.23	1.23

### NEW LAND TO BE DEVOTED TO CANE CULTURE

(Special Star-Bulletin Correspondence)

HILO, Oct. 13.—That a new area for cane raising, and one which is said to be composed of the very best soil, and which is situated in Waipio Valley, is about to be opened up, is the report of a Hilu business man who returned from that district yesterday. There is a strip of land about a mile in width by five miles in length in the tract. It is well watered, and at present much of it is planted to rice and taro.

The land is at present said to be under lease to the Honokaa Sugar Plantation and the talk of planting it to cane is causing a feeling among those residing there that they are likely to be dispossessed through such proceedings. There are a number of owners of kuleanas among the present residents, but these cannot be affected by the contemplated change. The speaker stated that the soil is of such a nature as to not require replanting, as is the case on most of the plantations, rattoons being supported for any number of years, as the result of the rich, deep loam which has been formed through the land having been washed from the mountain top.

The place referred to is one of the greatest taro producing districts on the island and in case the growers of this popular native food are forced from the land it will have much to do with the supply of taro for commercial purposes. Those who own their land will be the only ones who can grow the staple food and as a consequence the supply grown will necessarily be less than the demand. The Honokaa plantation in case the land is planted to cane will probably haul the product to its mill, which is a distance of about twelve miles from the valley.

However, there is some talk that a separate mill may be erected in the valley, as the hundreds of acres of excellent cane land are of such a productive nature as to insure an extraordinary crop.—Post.

### STOCK IMPORTED FOR RESALE HERE IS TO BE TAXED

#### Jewelry Manufacturers Must Pay Tax of 3 Per Cent on Every Article Sold

"All stock held on hand by dealers that has been imported into this section for resale is subject to one-half the tax enumerated under the law. An inventory shall be taken as of October the 4th, sworn to and filed with the Collector of Internal Revenue on or before thirty days have passed since this act became a law."

So runs the spirit of the new excise law as it applies to merchants and jobbers in Honolulu who are handling any of the commodities that come under sections (a) to (j) inclusive. This "one-half the tax enumerated under the law" is also called the "floor tax." Where the goods are manufactured or produced and sold the full tax enumerated applies.

To keep within the demand of the law Collector Johnstone of the internal revenue office says that these inventories, properly made out and executed, must be filed on or before the second day of next November, which leaves all dealers handling such goods only fifteen days from today in which to get their inventories into the internal revenue office. "And the amount of the tax called for by the inventory should accompany it," Mr. Johnstone added, "must accompany it if the inventory is not filed until the last day of grace."

Locally this law will hit hardest the manufacturers of jewelry and drug and cosmetic manufacturers. Manufacturers of jewelry come under section (e), which says: "(e). Upon any article commonly or commercially known as jewelry, whether real or imitation, a tax equivalent to three per cent of the price for which so sold."

#### After December Olaa To Suspend Dividends

At a meeting yesterday of the directors of the Olaa Plantation Co., it was decided to suspend all dividends for the time being, at least, after the payment of the December dividend. The reason given for this action was that the 1918 crop will be short, due to the drought and the prevalence of the leaf hopper on the Big Island. Manager C. F. Eckart left for the mainland on business today and expects to be away several months.

#### Kapaa Homesteads To Be Distributed Soon

November 10 is to be set by the land office as the date on which Kapaa homestead lots will be distributed. According to the recent decision of the circuit court applications filed by both husband and wife for the homesteads are disqualified, so that such persons as drew lots when the other side of the family had also applied will not be considered in the distribution.

#### "GERM WISPS" MUST GO, WOMAN "PROF" ORDERS

LAWRENCE, Kansas.—Mustaches must go at the University of Kansas if the sentiments of the students rally to the support of a startling expose of the hair fringe made here by Dr. Ida H. Hyde, professor of physiology at the university. After a survey Dr. Hyde reported that hirute adornment was the cause of the finding that the public drinking fountain is even less sanitary than a drinking cup.

#### RUBBER.

At the Singapore Rubber Auctions held this week commencing Wednesday, plantation pale crepe realized 53 cents per pound. The New York price for the corresponding date was 63 cents.

### INSURANCE MEN AWAKE

The Board of Insurance Underwriters of Chicago arranged a campaign of publicity which began September 10, and full-page advertisements appeared in seven English and nine foreign-language newspapers at regular intervals for ten weeks.

The purpose of this campaign is stated thus by one of the officials of the Board:

"We are entering this campaign of newspaper advertising with the one idea of impressing on the insuring public that they should insure up to the full value of their property. The war has made some business more profitable and others less. Value tendencies have been, and are, moving steadily upward. The high cost of living is compensated for in part by the increased value of our possessions. We believe that fire insurance should keep pace with values."

Paid Publicity Will Do It

The general circulation of the Star-Bulletin for Oct. 12 was **7257**

### Internal Revenue Laws

Do you know if the law requires you to file a return on your income, and if so,

Do you know when you will have to do so?

Do you know if you are allowed an exemption for children under 18, and how much?

Do you know how much additional you will have to pay on a railroad ticket or passage to the Coast?

Do you know what it will cost you to go to the movies, and if you will be required to make an additional charge for church festivals, Red Cross benefits and the like?

We will be glad to have you call on us for this information.

### Some Will Offer Their Lives-- Others Will Loan Their Money to Their Country

As compared with that of the men at the front the lot of most of our citizens is an easy one. The least that you can do is to subscribe to the LIBERTY LOAN OF 1917, which must be made an overwhelming success!

By subscribing to this loan you will be doing your duty as a citizen and your money will be invested in the safest security in the world. Your interest return will be satisfactory—4 per cent.

Subscriptions of at least \$50 should be received from everyone.

Protect your country, your family, yourself!

### Enlist Your Dollars in the War

In this time of our country's crisis an idle dollar is as much a "slacker" as an idle man. Are your dollars doing their duty?

"The Liberty Loan of 1917" invites the immediate response of the American people. Every dollar subscribed will help make it a success. The quicker the better.

Armies of dollars are an absolute necessity for national defense. Unless the dollars at home stand back of them, the soldiers in the field cannot do their utmost to protect our households and our freedom.

MAUI ARRANGES ENTERTAINMENT VISITING SOLONS

(Special Star-Bulletin Correspondence.) WAILUKU, Oct. 13.—On Thursday afternoon of this week a special meeting of the Maui Chamber of Commerce was held.

The principal business was appointment of a committee to make arrangements for the entertainment of the congressional party which is expected to visit Maui November 17 to 20.

The new postoffice for Wailuku, a topic much discussed of late, was also brought before the Chamber.

The Chamber went on record as favoring the securing as large a number of sales of the Liberty loan as possible and voted to appoint a special committee for each district for interesting the people of Maui in the purchase of the bonds.

The possibility of securing permanent headquarters for the Chamber of Commerce in connection with the Maui Fair and Racing Association was discussed, and the president was authorized to carefully look into the whole matter.

WAILUKU TO HAVE NEW POSTOFFICE

(Special Star-Bulletin Correspondence.) WAILUKU, Maui, Oct. 13.—Bids have been called for by the U. S. post office department for the furnishing of suitable quarters for a new postoffice for Wailuku.

These proposals call for the furnishing of rent, for five or 10 years from February 1, 1918, for heat, light, water, closets, safe or vault and all necessary furniture and equipment for the proper conduct of the office at a stated price per annum.

It is understood that D. C. Lindsay, trustee of the Robinson properties, is willing to put up a substantial post-office building where now stands the little house formerly used by D. H. Case and later by W. F. Crockett as an office.

John Kanlau, charged with selling liquor without a license, was acquitted by a jury in Circuit Judge Heen's court yesterday.

CONGRESSMEN TO SPEND 5 DAYS ON BIG ISLAND

(Special Star-Bulletin Correspondence.) HILO, Oct. 13.—The Crescent City is to have the distinction of being hosts to the visiting congressmen who are expected to arrive here Sunday morning, November 11, for a stay of five days.

As a precautionary method, and with a view to seeing that the visitors will be enabled to see all there is to be seen in and about the city of Hilo as well as the entire island, Speaker Holstein has appointed the following well known public men as a committee, empowering them to appoint in turn, as many subcommittees as is thought necessary to form a suitable reception committee.

It has been learned that the party of congressmen are to arrive November 11 in Honolulu, whence, after more than a week's stay, they are to proceed to Hilo.

It is intended to have a committee on sports named, as one day will probably be given up to baseball and other sports which may include swimming and diving—and perhaps a boat race between local teams.—Post.

REV. WILLIS B. COALE WILL BE MINISTER AT LOCAL KALIHI CHURCH

(Special Star-Bulletin Correspondence.) WAILUKU, Oct. 16.—At the request of the Hawaiian Board of Missions a special meeting of the Maui Aid Association was held last week to vote upon the release from Lahaina of Rev. and Mrs. Willis B. Coale.

Mr. Coale has received a flattering call to become pastor of the Kalihi Union church of Honolulu. The trustees voted unanimously to allow Mr. Coale to take up his duties in connection with the Kalihi church.

Both Mr. and Mrs. Coale are graduates of Oberlin College, and both received the Phi Beta Kappa keys, a mark of high scholarship.

At the meeting of the association Monday and subsequently at the meeting of the English-Portuguese committee of the Hawaiian board it was voted to proceed at once to secure a successor to Rev. Mr. Coale.

Correspondence in the matter will be handled through the Maui Aid Association, which organization will later recommend to the Hawaiian board the candidate for the Lahaina field.

INTRODUCE MONTHLY VESPER SERVICES ON MAUI; PROVE SUCCESS

(Special Star-Bulletin Correspondence.) WAILUKU, Oct. 16.—Last evening at the Makawao Baldwin Memorial church the first of a series of monthly vesper services was held.

The visit of Miss Alice E. Harrison, organist of the Central Union church, Honolulu, was the motive for this recital, which was held at 7 o'clock.

Miss Harrison's musical numbers were Faulkes' "Grand Choeur in A Flat," St. Clair's "Communion in G," an introductory, Lacey's beautiful number, "Hymn of the Setting Sun," was played in the service, while the postlude was "Finale Maestoso," by Faulkes.

Koschat's "The Lord Is My Shepherd" was rendered by a double trio. The choir sang Farmer's "Gloria in Excelsis"; Mrs. H. A. Baldwin and Mrs. J. P. Foster sang F. H. Smith's beautiful "Eventide."

The music was greatly enjoyed by every one present. Rev. A. Craig Bowdish, pastor of the church, preached a short helpful sermon. The prayers, responses and hymns were all made a helpful and inspirational part of the service.

SWAT THE MOSQUITO.

Any citizen having knowledge of mosquito breeding pools or empty cans in quantity will do the health officers a favor by ringing telephone 3595 and notifying the officer in charge.

LASKY STARS BID ADIEU TONIGHT

Blanche Sweet as a young business woman in "The Silent Partner" has one of the best roles of her film career, and that career, while not so long in years, is lengthy in the number of productions in which she has been starred.

The Liberty for the last time tonight will present "The Silent Partner," a film drama that combines love and business in a most remarkable manner.

The love element does not enter until the business man has been saved from almost self-destruction by the faithful little lady, and after his wife has proven herself unworthy of him and his love.

HAWAII SCREENS CHAPLIN SCREAM

Charlie Chaplin has visited Honolulu and has now started on the return trip to the mainland to resume his pleasant occupation of earning a million a year wherewith to buy Liberty Bonds.

The Hawaii theater makes a specialty of "Chaplins" and usually runs them as an added feature to the regular show, the proposition being almost a "two in one" idea of two shows for one admission.

MUCH INTEREST TAKEN IN SERIES OF LECTURES

Much interest is being taken in the series of eight Thursday morning talks, which Rev. J. H. Williams, D. D., acting pastor of Central Union church, is giving in the Bible school rooms at 10 o'clock.

Both men and women are welcome at these meetings and those privileged to attend are not limited to Central Union, but people from any church and those who have no preference are welcome to attend.

The Powerful Hand of ELECTRICITY

BRAIN and BRAUN are right now at the highest premium ever known in our country.

The great demand everywhere is for results. Time is precious. Efficiency methods are necessary. In the home, office, store, factory, farm—EVERYWHERE—the human effort is to save labor and produce results.

Electric Service represents the best possible service, in the quickest possible way, at the least possible cost.

Whoever and wherever you are; whatever your work; you can accomplish more, and labor less, with the help of Electrical Appliances.

You have but to tell us your business—housekeeping, manufacturing, merchandising or tilling the soil and we will bring to your attention, instantly, some wonderful device or appliance for effecting an economy in your labor, time and expense.

The service wires of this great system are just outside your door, working for your neighbors and your community—ready to serve you too.

All we ask is the opportunity to prove this to your complete satisfaction. The final decision rests entirely with you.

The best way is to Do It Electrically. The Hawaiian Electric Co., Ltd. Lighting Specialists

## Substitutes For Wood

One might infer that the wooden age was passing from the opening remarks of a recent report of the federal forest service on the substitution of other materials for wood. Disregarding the temporary effect of the war, with its sudden demand for lumber and its great enhancement of prices, the report points out the tendency in the long run as being that of depreciation of the lumber interests.

Each year more steel, concrete, brick or tile is being used in places where lumber was formerly employed. This is particularly true in cities where enactment of building codes and the development of new forms of construction have created a demand for more durable building material. Shingles have given way largely to composition and tile roofings, wooden sidewalks have been almost wholly replaced by cement, while the modern skyscraper with its steel framework, and stone, brick or tile walls occupies the site of some former frame structure. Railroad crossties and mine props are about the only forms of wood which are not affected.

According to the government estimate the total replacement of lumber in all forms of use is more than eight billion board feet, or 21 per cent of the lumber consumption of the United States in 1915. The rate of substitution is represented as increasing, now being in excess of half a billion board feet a year. Apparently 70 per cent of the lumber cut goes into forms of use whose demands appear to be decreasing. Twenty per cent more goes into strongly competitive fields. In the remaining 10 per cent of wood uses, it is held there seems to be a much better opportunity for a larger consumption.

It is pointed out by the government report, however, that increasing substitution has not yielded a reduction of lumber prices to the consumer. On the contrary they have steadily advanced, while the cost of many substitutes has decreased. The effect of the growing use of other materials has been to accentuate competition and decrease profits in the lumber business. As a result of this and other reasons, alternate periods of curtailment and over-production have made the lumber market unstable. This in turn has resulted to the disadvantage not only of the persons whose money is invested in timber and sawmills, but to the many hundred thousands who are dependent upon the lumber industry for their living.

Lumbermen are held accountable for their own troubles, to a large extent, by the government experts. They are charged with having failed to adopt aggressive selling methods and with having been unable to supply the consumer with trustworthy information regarding lumber. A complicated system of grades is in use which is not intelligible to the average consumer and is even the subject of dispute among lumbermen. Manufacturers of other building material, it is pointed out, have spent large sums of money to obtain reliable information about their products. They have had to advertise extensively to make a "place in the sun" for themselves. Substitutes for lumber are guaranteed to meet specifications which are easily understood by the consumer. These facts have combined to make the substitutes increasingly popular, the report states while advising the lumbermen to follow the example of their competitors, both in acquainting themselves with the qualities of their wares and in advertising such information.

Even with the increasing substitution for wood, the report concludes, there will be need for all the wood in the United States and more. The total consumption of the country for many years has been far in excess of the growth. Already in many regions, it is stated, timber shortage and high prices have followed the exhaustion of the local supply. From the public standpoint there is a real need for growing forests vastly larger than are now planned.

Hawaii has a vital interest in the proposition just stated, the local question, however, being one that invites special treatment and persistent discussion.

## MORE INTIMATE RELATIONS WITH CANADA

Canada has heretofore enjoyed complete freedom to negotiate commercial arrangements with the United States, imperial assent to the conclusions being invariably forthcoming as a matter of form, but the volume of trade between the two countries is so great that the representation of the dominion in the United States needs media of greater intimacy with Canadian domestic conditions than diplomatic and consular officials appointed from London should be expected to afford.

Last year our imports from Canada amounted to \$237,268,015 and our exports thereto \$606,376,136, or a total trade of \$843,644,151. In the year the war began, 1914, exports from the United States to Canada were nearly one-fourth of the total to all Europe, and imports therefrom more than one-fifth of those to all Europe.

The appointment of an agent-general of Canada to Washington will be an additional factor of peace between the two sides of the border along which no fortress has existed for more than a century.

If the bond-selling campaign of the mainland is lagging, the secretary of the treasury will appreciate the fact that he has not given the project the proper preliminary advertising, now recognized as the first essential of selling success. The lesson goes as far back as the civil war when Jay Cooke turned what promised to be dismal failure into a glorious bond selling success by live methods of advertising and selling.

## A Little History

From 1789 until 1871 the French government witnessed quite a number of changes. In 1789 France had a Bourbon king; the French people became displeased with some act of his and lopped off his head, following this act closely by establishing a committee of public safety. This committee conceived the idea that it was the whole government, an idea not shared by the people, who very promptly placed the committee on public safety on the shelf and established a directorate. The directorate blustered for a very short time and then became so weak kneed that Napoleon saw his opportunity. He created a consulate to start with, and then merged it into an empire. Closely following this there was a reaction on the part of the Bourbons, who very considerably consigned Napoleon to oblivion, and they held the situation in hand until 1830. Following that date, and for 18 years, Louis Philippe held down the throne as king, but in 1848 he was politely told to retire, which he did, and the people again exercised their right of suffrage and brought into being Republic No. 2, which had three quite stormy years of life, then very gently stood aside, while Louis Napoleon assumed the reins of government under the designation of emperor. For eighteen years he held off opposition, but the pressure became too great and he gave way to a very short regime of government by commune. This, of course, could not last, and the third French republic was established, which is of, for and by the people, and will stand forever.

This resume of the troubles of the French may help in reaching a conclusion as to the time that will be required for Russia to settle down to the life of an organized as well as a liberty loving republic.

The bravery of some of these stay at homes may be measured by the comment on the question of the Forbes salary as superintendent of public works. Under the moral principle of the law passed by the last legislature, Mr. Forbes is entitled to the salary. If he had been a major in the national guard and that organization had been called out there could have been no question raised. The man is on his way and may now be in France in the service of his country. To make the comment that he is getting all he is entitled to is to indicate that the mental source from which this arises is just plain shrimp.

"The time has past when a citizen of the United States should debate the advisability of our entering the war. If he is not convinced by this time, he should at least keep his mouth shut. We are fighting for an ideal. We cannot have traitors denounce our ideals."—Carl Ackerman.

Among the delicacies served at the Ad Club bond luncheon was corn bread made from corn grown on Maui. This product did not receive first mention on the list of events, but it is entitled to thoughtful consideration from those planning to do something to help in the war.

Germany's promise to extend the ruthless campaign to the shores of the United States and Canada is hardly new. No one assumed that the submarines were staying away from the coasts of America on account of the kind-heartedness of the Kaiser.

Someone makes the query whether sugar could not be saved in Hawaii through the refining and more general use of molasses. Someone who knows should endeavor to give the answer. Can the food commission tell?

That Kansas City stockyards fire emphasizes the remark made in these columns about the burning of wheat elevators, which was to the effect that the first word in food conservation is precaution against the Hun firebug.

If the claim of Roenitz that he is loyal, on top of his pleading guilty to abstracting documents from the naval station, is sincere the insane asylum and not the prison should be his shelter.

Liberty Loan subscription is coming rather slow on the mainland. Hawaii should hurry up with an exhibit of bonds taken before the campaign closes which will electrify the continent.

How the Turks love the killer of "infidel" babies. But the Kaiser should remember what happened to Herod after accepting divine honors from the mob.

Once the national guard gets under canvas, it will be easier to make the government think it ought to stay there during the period of the war.

Soon our own boys will be replying to the Big Berthas with a cloud of General Grants, and every one of them labeled "Unconditional Surrender."

More business is the reward of the man who goes out and gets it. It never falls in the lap of the man who sits down and grumbles.

The Star-Bulletin is informed that "there ain't no such thing as a Geier silver plate." So another observation balloon sausage is exploded.

What has become of that Queen's hospital investigation that was being conducted by a special committee of the board of trustees?

When you know that you can afford it, and you believe in the Liberty Bond, the next question is, Why don't you buy it?

War is discovering remedies for ills the muck-rakers diagnosed but could not cure.

## SUPERVISORS YAWN THROUGH HOUR AND A HALF AS MINUTES ARE READ

### Parks Are to Be Bettered While Pleas for Street Improvements Pass by Unnoticed

One hour and twenty minutes were consumed in reading the minutes of seven previous meetings last night at the supervisors' meeting. After that resolutions, requests and demands and petitions were raised through.

Two petitions, one signed by 112 voters from the Sixth Precinct of the Fourth District, and the other by 24 members of the board, were read asking for the reinstatement of Peter Kalani as boardmaster. This matter, with the proposed deduction of advanced salary paid to two other members of the board, without the consent and approval of the board, went over to the next meeting.

Resolutions calling for the appropriation of several thousand dollars for street and park improvement were adopted.

Lester Petrie called attention to the disgraceful condition of some of the city parks, particularly one in Manoa, which he said was nothing but weeds and dirt. Queen Emma's Park, too, he insisted, was an eyesore in many spots. He thought at least \$5000 should be appropriated for park improvement.

Mr. Arnold asked for an appropriation of \$10,000 for the improvement of Manoa. This was referred to the ways and means committee.

Supervisor Hollinger put the need for a new and correct map of Kapiolani park before the board. Attention was called to the improper placing of a bulkhead in one of the water

main, this being the cause of the overflow in Kapiolani park during the winter, the water being turned from its natural course toward the sea back into the park.

The condition of Fifth avenue, Kaimuki, was set forth in a petition from property owners along that thoroughfare, which in dry weather is knee deep in red dust, and in wet weather still deeper in red mud. The petitioners also mentioned that all the streets from Third to Twelfth avenues were in need of re-topping, being nothing better than dirt roads.

A request from the judge of the District Court was read and granted for an appropriation of \$125 a month to continue the services of Miss Marjaretha Fincke as temporary third clerk of the court until November 1, to take the place of Mrs. E. B. Finkbeiner, who has not yet recovered from an attack of typhoid.

The use of Aala Park as a camping place for the National Guard troops coming in from the other islands and awaiting the departure of trans for Easter was granted.

E. J. Gay's resignation as pound-master for Kaimuki was accepted and Manuel Smith was appointed.

An opinion was read from the City Attorney to the effect that the board was within its rights in discharging R. W. Aylett, a holdover in the position of garbage superintendent, without thirty days' notice.

Supervisor Arnold, in a burst of eloquence just after the long reading of the minutes, said that there wasn't going to be any "Big Four" nor any "Outlawed Three" in the Board of Supervisors, but that everybody was going to pull together as one solid team for real efficiency.

### SOLDIERS WHO PURCHASE LIQUOR JUST AS GUILTY AS SELLERS, JUDGE SAYS

That soldiers who purchase liquor are just as guilty as the sellers was the emphatic statement made by Federal Judge Poindexter late yesterday afternoon when he sentenced Benjamin Makai, a Hawaiian, to serve six months in Oahu prison for selling booze to military men in uniform. Makai's home in Kakaako was raided by Marshal J. J. Smiddy yesterday and hundreds of quarts of liquor found.

In passing sentence Judge Poindexter said, in part: "Soldiers who induce and persuade others to purchase and obtain liquor for them should be punished. If the military authorities are not able to discipline these individuals, the civil authorities should certainly have power to do so. I am not at all sure that I shall take the matter up with the proper authorities immediately, with a view to having the soldier who disgraces his uniform punished, as well as the man whom he persuades to cater to his illegal tastes. It is surely unfair that the seller of booze should be punished and the person who persuaded him to sell it, so free. The latter disgraces his uniform and is nothing more or less than an accomplice. It seems to be a common thing for a soldier to induce a poor, ignorant, uneducated Hawaiian to procure for him a few bottles of beer or a bottle of whisky, and then, when the show-down comes, to testify against him and go on his way unpunished, while the poor native is sent to jail. I only regret that I am at present unable to commit the soldiers for whose pleasure the booze is obtained, to jail, as well as the misguided individual who obtains and sells it to the man in uniform."

### F. J. COOPER PASSES AERO CORPS EXAMINATION

Henry E. Cooper received a cablegram this morning from his son, Francis J. Cooper, announcing that the young man has successfully passed his examinations for the aviation corps and is now ready to be assigned to duty. Young Cooper is at Berkeley. Wallace Cooper, a brother, is attending the officers' training camp at Schofield.

### GARBAGE EMPLOYEES, FIRED, ARE REHIRED

All the heads that fell in the city garbage department yesterday are to be replaced. One of the men was reinstated this morning and the other nine will get their old jobs back the first of November.

Seven Filipinos were arrested at yesterday afternoon and charged with gambling. Chief of Detectives Arthur McDuffie and his squad of men rounded up the gamblers in the rear of a row of cottages in Iwilei. The men were Felix Gabriel, Domingo Hebray, Francisco Getierrez, Domcio Fernandez, Andy Moreno, Victoriano Garcia and Francisco Sapiro.

### MID-PACIFIC MAGAZINE FOR NOVEMBER FEATURES VARIETY OF THEMES

The "Mid-Pacific Magazine" for November, just out, sets a new standard for this publication. The articles and stories concerning Hawaii and all Pacific lands are of real interest and the illustrations really illustrate.

The art section tells month shows scenes that one would view on a trip from the Pacific coast to the Orient via Hawaii. The color cover (from the Star-Bulletin art department) shows the snow-clad summit of Mauna Kea, illustrating the idea that every kind of climate under the sun is to be had in Hawaii.

Alexander Hume Ford, the publisher, has sent from San Francisco an account of his labors in connection with the Pan-Pacific conference in that city, and this is used as a supplement in the November issue.

E. S. Goodhue's "Hilo and About" is a sparkling gem of humor and incident, and F. J. Halton, secretary of the promotion committee, contributes a comprehensive article entitled "Sugar and Sunshine."

Ray J. Baker has just returned from Japan with a wealth of pictures and material, and the "Mid-Pacific" has the exclusive use of these. "My Visit to Maru-ni" is this month's contribution from his pen.

Dolores V. Reid tells "How the Trees Came to Punchbowl," and there is an article of special interest by George Bronson Rea, editor of "The Far Eastern Review," entitled "The Way to Get Business in China."

Then there are articles, stories and pictures concerning Australia, New Zealand and other lands of the Pacific.

### LETTERS

#### THE MANOA MISTAKE.

Editor Honolulu Star-Bulletin:—Sir: Enclosed please find a cutting from your issue of the 15th inst., which interests some of your Manoa readers.

Please inform your readers what is meant by the phrase "an improvement district that struggles to get something for nothing," and oblige. Yours very truly, MANOA.

The lesson of the Manoa street improvement is that an improvement district that struggles to get something for nothing usually gets nothing. The original mistake of Manoa was in spending money for narrow macadam roads in the vain hope of saving money.

The phrase to which our correspondent refers is perhaps best defined by the phrase "The best is always the cheapest." Manoa by restricting the amount of its investment has new streets that are too narrow and sidewalks that are too wide. It apparently expected to secure boulevards by investing in narrow streets.

College Hills is a thing of beauty and joy forever compared with what it was, but its scheme of street improvement unfortunately did not live up to the possibilities of one of the most beautiful residence sections of

## Diamond Brooch

The superb beauty of this newest shaped platinum brooch makes it a fitting setting for the fine diamonds which it contains.

Platinumsmiths and Jewelers  
IN HAWAII SINCE 1887

### PERSONALITIES

Honolulu. If the correspondent thought that the comment had reference to the present contract controversy he may rest assured that this paper will leave that entirely to the committee in charge. Manoa is entitled to the credit of pioneering the street improvement, but at the same time it furnishes unfortunate examples of forethoughts that come afterwards. Certainly property owners of Kalakaua avenue will never regret that they refused to listen to those who wanted to save money by a road "just as good." Their roadway of reinforced concrete will outlive the bonds if any Honolulu road construction does.

LORRIN A. THURSTON, accompanied by Mrs. Thurston, left for the mainland today for an extended visit.

HON. C. W. ASHFORD, first judge of the local district court, has announced his willingness to resign from the bench and go to the front as an ambulance driver if the Masonic bodies in Honolulu decide to form an ambulance unit.

SIDNEY CORYN, noted war lecturer and contributor to the San Francisco Argonaut, is to be invited to come to Honolulu and deliver a series of at least three lectures. Cabigrams have been sent through Circuit Judge Ashford to Attorney Carl Carlsmith, now in San Francisco, extending the invitation.

# "I'm with You for all I'm worth"

The man who puts on a uniform and goes to take his place where the fighting is done is with the Government *for all he is worth.*

When man has staked his life he can go no farther in proving his loyalty.

There are many of us who cannot offer our lives in the service of our country. Nevertheless, we, too, can prove that we are with our Government and our Nation for all we are worth.

By purchasing Liberty Bonds to the full extent of our ability we prove our faith in the justice of our cause, we give our support to the men who are going to fight our fight, and we earn for ourselves the satisfaction that can come only through a conscientious performance of duty.

## You Take No Chance

The man who goes to fight necessarily takes a chance. In buying Liberty Bonds you take no chance. Your investment is secure.

Liberty Bonds are just as sound as is the money which the Government issues. A Liberty Bond is better, in fact, than money, because the Liberty Bond you buy today is going to be worth more than its face value when you get ready to cash it in. Money never can be worth more than 100 cents on the dollar.

Put into service every dollar that you can spare. Show that you are with our fighting men in spirit. Let them know that you are with them *for all you are worth!* They need your support. Are you willing that they shall have it?

## Then help put a LIBERTY BOND

## King Football Enters Greatest Season in History of Gridiron

### College Elevens Taking Second Place in Scheme of Things, While Service Training Camp Teams Come Forward. Big East vs. West Game at Pasadena May Be Played This Year After All

SAN FRANCISCO, Cal., Oct. 1.—Far from feeling the pinch of wartime retrenchment, King Football is at the present writing entering upon what promises to be the most active year of his long and successful reign.

Some days ago Walter Camp, who bears the well-earned title of "Father of American Football," voiced the belief that more football would be played this year than ever before in the history of the sport. This in spite of the fact that some of the leading Eastern colleges, in the throes of war hysteria, proceeded immediately after the declaration of hostilities against the Hun to cancel all their intercollegiate schedules as a "patriotic duty."

For the first time in the history of American football the college elevens are taking second place in the scheme of things. In this year of 1917 Harvard, Yale, California, Penn and similar institutions are not occupying the center of the stage. It is in the various great army training camps, scattered from Long Island to American Lake, from Mare Island to Allentown, Pa., that the greatest football activity is being displayed. Those young athletes that are remaining behind in the colleges of the country are playing second fiddle to those others that have graduated from the world of books, bumming

and beer-busts into the ranks of the national army.

With practically all the high school and college football stars of the country now in training for the great war game, and all of them still devotees and loyal subjects of football, Rex, it is no wonder that Walter Camp sees the biggest year in the history of the game in the offing.

**The Marine Elevens**

Football followers of this vicinity have a striking example of the latest 1917 model gridironists in the marine elevens from Mare Island. Beyond all shadow of doubt, that aggregation of educated huskies that is now undergoing the rigors of military discipline at the local naval station could give any football team in the length and breadth of these United States the toughest little battle ever.

Presumably an Eastern college eleven—the best available—will be brought out to Pasadena for the annual East versus West gridiron struggle. Why seek further for the team to represent the West? It is right at hand in this marine outfit. The line-up is recruited from Utah to Washington and Oregon. It is a Western team of Western men, and it can trounce any other team in the West with disgusting ease. Why not put the marines against the pick of the Eastern squads? Then there would be a real East versus West battle.

## FORMER LOCAL SOLDIER NOW BEST BALLPLAYER AND GENERAL IN ARMY

Two of the army's best baseball players are generals in the National Army, says the New York Times. Both command brigades in the Eighty-seventh Division at Little Rock, Ark. One is Brig. Gen. R. C. Van Vleet, formerly of Honolulu, and the other Brig. Gen. W. F. Martin. In the course of a recent baseball game in which the two brigades opposed each other the two generals captained their respective teams. Gen. Van Vleet played second base for the 17th Brigade team and Gen. Martin right field for the 14th Brigade team. Gen. Martin's team won by a score of 4 to 3. Indicative of the democratic nature of the United States Army was the fact that two enlisted men acted as umpires.

## LOCAL SCRIBE OFF FOR WISCONSIN UNIVERSITY TO ROUND OUT COURSE

Joe Farrington, sport and feature writer with the Star-Bulletin, for the past four months, left today for the mainland to complete his journalistic training at the University of Wisconsin. He has already spent two years in taking the preliminary work and is returning now to finish his course. This will probably occupy his time for the entire next two years.

During his stay on the mainland he will act as the Star-Bulletin sports correspondent, and local followers of football, swimming and baseball can look forward to some bright, breezy and brilliant articles from his typewriter from now on. His "dope" will appear exclusively in the Star-Bulletin.

A large crowd of friends was on hand at the dock this morning to wish the scribe "aloha," and he carried away two dozen leis by actual count.

## HILO CLUB GOES DOWN BEFORE MAUI BRIGADE

(Special Star-Bulletin Correspondence.)  
WAILUKU, Maui, Oct. 15.—The Hilo baseball aggregation has already lost two games in the four game series being staged here. On Saturday the Hilo Y. M. C. team took the count at the hands of the Maui All Stars by a score of seven runs to zero, and on the second lost again by a score of nine runs to five. Bal pitched the first game for the winners and Robinson the second.

## SUGAR FACTORS TACKLE AUTO FACTORS TONIGHT

Tonight's bowling match at the Y. M. C. A. is between the Sugar Factors and the Auto Factors. The Sugar Factors, led by C. H. Atherton, have strengthened their lineup by signing up a couple of new bowlers and by a lot of practice. They are expected to give the automobile people a tighter run than the Pineapple Factors put up in the opening games of the series. Tomorrow night's contest between the Printers and the Pineapple Factors may have to be postponed, as the new bowling signed up by the Pines all belong to the guard and must drill Thursday night. Announcement will be made after the team captains, W. A. Ham and J. T. Young, get together and talk over their troubles.

## ROYALS AFTER COWBOY.

"Cowboy" Johnson's Makiki Giants are due for a trimming if they want to stack up against the Royal Hawaiian Garage baseball nine, according to William Isaac, manager of the latter team. The Giants are scheduled to play Company M, 25th Infantry, Sunday, so that the Royals will not be able to get a wallop at them until the Sunday following.

Hotel and Fort Streets

## SENIOR LEAGUE IN BASKETBALL BEGINS FRIDAY

Senior basketball will open at the Y. M. C. A. Friday night. The Reds, last year's champions, will play the opening game of the series against the All-Intermediates. The intermediate team has been picked from the five teams playing in the intermediate league. As shown in their games at the "Y" last night, the intermediate league has more class than the Senior league had three years ago, and a combination from this department is going to give the Senior champs an awful run. Albrecht, from Nebraska university, will captain the Reds, and he is backed up by men from Ames, Kansas Aggies, and other Missouri valley conference schools. Fritschl was elected to lead the All-Intermediates. Fritschl and Keppeler, his team mate, played an occasional game for the All Stars last season in the Senior league and have had some varsity experience here.

The first game will start at 7:30 p. m. sharp. The games will all be played in four quarters, of ten minutes each, with one minute between quarters and ten minutes between halves. The second game will start ten minutes after the first is over and will be between the Goodyears and the Navy. The Alert team may have to drop out of the league, and if it does the strongest contender for the championship will be eliminated. Their place will be taken by another team from the naval station. The Goodyears have J. P. Morgan, Bill Bibbe, Herman von Holt, Dick Whitcomb, E. E. Black, Percy Nottage and a few others in their line-up and are weakest at goal throwing, and practise. Last season this outfit went under the name of All Stars.

## CHI TWO WINNERS

The two visitors from the Illinois Athletic Club of Chicago and who are en route to their homes in Chicago from Honolulu where they attended that recent carnival of swimming, won the races in which they entered. Leslie Jones, the phenomenal high school swimmer of the Illinois Athletic Club, a club world famous for the swimmers it has produced, showed his prowess in the 100 yard dash, winning by a scant margin from George Schroth. In this race were perhaps the two fastest high school boys in America and there was little to choose between them. J. J. "team" Siegel, won the 50 yard swim and 50 yard back stroke in fine fashion and showed his class in both events. Siegel and Jones are both of ordinary size and are much in contrast to the gigantic swimmers, Ross and Schroth.

## TOWN TEAM TRYING TO GET GAME WITH KHAKI ELEVEN FOR SATURDAY

In order to keep in trim for their opening battle in the big series on November 9 the Town Team is doing its best to get a game with either Company A or Company M of the Twenty-fifth Infantry on Saturday. All the boys of the town team feel that some stiff workouts now would put them in better shape for the first big game next month and efforts are being made to induce a soldier team to give the towners a chance to do some work. Arrangements will probably be completed tomorrow.

## YANK MAGNATE DOPE THIRSTY

CHICAGO, Oct. 4.—T. L. Huston, part owner of the New York American league ball club, who is a captain of engineers, located in France, in a letter to B. F. Johnson, president of the American league, told of the difficulty in getting current American news in the trenches. His letter, written September 5, complained that he had received no news of the baseball situation, and asked President Johnson to cable the standing of the clubs. Captain Huston also indicated that the ship in which his command was carried to Europe narrowly missed some exciting adventure, and said he was very grateful for a lucky change in direction of his ship.

## HEALANI MIDGETS PUT KIBOSH ON KAAMUANU

The Healanis Midgets yalopped the Kaamuanu team by a score of 30 to nothing yesterday afternoon at the Punahou field and had the losers stuck it out and finished the game the final score might have sounded like a cricket tally. As it was the defeated team walked off the field shortly before the end of the first half and refused to come back, admitting that the game was no contest and that they were satisfied they were beaten.

## CHISOX TRIM GIANTS IN EXHIBITION GAME

GARDEN CITY, L. I., Oct. 17.—The White Sox defeated the Giants here yesterday by the score of six to four in an exhibition game, the proceeds of which will be turned over to the American Red Cross society.

This was the only exhibition game the players of the two teams were permitted by the club managers to take part in. The players will be granted furloughs shortly and will visit their homes in the various parts of the U. S.

## ROSS WINS OVER SACRAMENTO MAN

SACRAMENTO, Cal., Oct. 8.—The swimming meet held here at the Riverside baths yesterday afternoon was well attended, and those present saw some of the world's foremost swimmers in action. The visiting swimmers, although they did not give their best, yet managed to show that they were superior to anything ever before seen in Sacramento. Sacramento's hope and one of California's best swimmers, George Schroth, did not succeed in winning either race in which he entered, but in both instances he was beaten by a narrow margin by the peer of all present swimmers over the 220 and 500 yard courses. Norman Ross of the Olympic Club of San Francisco. Ross and Schroth both felt the effects of a strenuous season and neither entered the tank with an idea of setting up a record.

## JAPANESE WILL USE MAUI RACE TRACK SUNDAYS

A part of the proceedings of the meeting of the Maui County Fair & Racing Association held last Friday afternoon, appeared in the paper of the same day.

In addition, there was read a letter from Mr. Crockett to the Maui County Fair & Racing Association and a statement of account of the old Maui Racing Association due to the Kahului store in the sum of \$282.51. The president appointed Mr. Wadsworth a committee of one to interview the manager of the store with a view to having the account "forgotten." Mr. Case was appointed a committee, and given like instructions, in regard to an account of \$17.07 due by the old association to the Maui Bank, Ltd.

The advisability of substituting the race track to others came up and it was decided to permit the use of the race track on Saturdays to Japanese or others at not less than \$25 a permit.

## SENSAPERSA Is Recommended For Your Nerves

To the man who has "gone to pieces," who suffers from a breakdown of his physical or mental vigor, who has wasted his vitality in youth we offer Sensapersa on the following

**ABSOLUTE GUARANTEE**

If a full course treatment of six boxes of Sensapersa is taken and the simple directions given are followed and it does not give absolute satisfaction, we will refund the full purchase price.

Try one box of these wonderful tablets and see the marked relief you will receive, then take the full course treatment and be permanently benefited. They contain no mercury or other injurious drugs. They relieve all nervous diseases, sleeplessness, failing memory, brain fog, incapacity for study or business, premature decay, exhausted vitality and all troubles caused by overwork and dissipation.

Sensapersa has brought happiness into thousands of homes.

The risk is not yours, the proprietors will refund the money if you are not satisfied. Give Sensapersa a good fair trial, don't delay any longer, commence now—today—and be a well man. Sold by Chambers Drug Co., Hollister Drug Co., Honolulu Drug Co., Benson, Smith & Co., or sent postpaid for \$1 per box or 6 boxes for \$5.

**THE CROWN EXPORT CO.**  
Dept. 15, 74 Cortlandt St., New York, N. Y.

## Mike Jay's Labs

WHAT'S THE USE?  
Hem N. May says:  
If you Pick a Winner. Fans say You're a Lucky Stuff. And if You don't Pick one They yell For the Gridley Shooting Squad. So, what's the Use?

Who's kidding? The Giants finished a good second, didn't they?

No doubt about it. The weather man is sure against prohibition. Ain't he trying his best to give us a wet winter?

Well, there's one thing gravy. The fans that backed the Giants aren't buying any ringside seats for the Gotham and Golden Gate pigeon race.

Good dope to be a good loser. but is there anybody in the shack that wouldn't rather be a bad winner? What? What?

List to this, bo! The new spring style calls for tight trousers. As if most of us weren't in tight enough circumstances now.

Leather's going up something fierce! Fletcher and Heine Zimmerman are the guys who can tell you what it cost them for a couple of boots in the recently deceased series.

We got a letter from a goof on the mainland tother day who wanted to know if Duke Kahanamoku was a swimmer. Yep, goof, and Columbus discovered America!

## CLAIRE GALLIGAN IS BEATEN BY YOUNGSTER

(Associated Press by U. S. Inland Wireless.)

INDIANAPOLIS, Oct. 17.—Thelma Darby, a fourteen year old girl, lowered Claire Galligan's colors here last night, defeating her in a five hundred yard swimming event and establishing a new American indoor record for the distance. The young champion made the distance in seven minutes, thirty-one and two-fifths seconds. The race was an open event, free style.

## SCRIBES SLAM BLUE AND GOLD

THE varsity team of the University of California has come in for some rough treatment at the hands of the critics since the season began. The showing made thus far by the Blue and Gold has been far from impressive and the general criticism has been that they have not been grounded in the rudiments of the game, particular stress being laid on the poor quality of their tackling.

While the various opponents which they will meet this season, also are having their trials in the matter of constructing a team out of new material, there are no indications that they are lacking in the fundamentals and the opinion has been ventured that Coach Smith's men are likely to be humiliated unless there is a rapid improvement in this respect.

As compared with the southern California and Northwestern teams, Coach Smith is more or less handicapped for the reason that he is obligated to make his charges unlearn much of the rugby game which is intercollegiate opposed to the American intercollegiate game. Many of the schools herabouts still continue to play the British imported game and these candidates are handicapped in the race against the men who prepared where the American game is played.

The playing talent of the American gridiron has been transferred from the college campus to the training camp fields and while the various institutions of learning are trying to turn out something from relatively nothing, the soldier and sailor units throughout the country have organized elevens that would worthily represent the best universities in normal times.

To see football as it should be played, go to the training camp game as he comes to be fairly well recognized as being an accurate summing up of the conditions. It is the nearest approach that ever has existed of selections for an "all sectional" team actually getting together on a regularly organized team. The football team of a naval unit located near San Francisco has the pick of the Pacific coast teams playing together and they have won all their games thus far by overwhelming margins.

## SPEDDY BATTLES START MIDDLES SEASON AT 'Y'

Last night two fast games opened the intermediate basketball season at the Y. M. C. A. The G. R. and M6 teams were victorious over the Rooky team and the Knights of Kamehameha. The scores were 38 to 14 and 34 to 10.

The G. R. vs Rooky game was fast from the start, and showed that both teams were veterans at the game. The passing of the G. R. team was too fast for the Rookies and Clinton McCluskey caged 12 baskets between them. The Rookies were short in marksmen and couldn't score fast enough for the G. R. lead. Canario was covered all of the time, and all his shots were taken under difficulties.

The Knights of Kamehameha were nearly all new to the game, but pulled a surprise by holding the star M6 team to a score of only 24 to 10. The first part of the game was full of slow passing and fumbles. Scott and Auerback could not come within range of the baskets. Hedwig, of the Army-Collegian Club, says that he is going to make a strong team of the Kams before the next game. He thinks that his material is good.

## MINNEAPOLIS, Minn.—To escape what they characterized as "the small town gossip," Charles F. Mayo, 70 years old, cousin of Drs. W. M. and Charles Mayo of Rochester, Minn., and Mrs. Louise Young, 58 years old, eloped from Nevada, Iowa, and were married by a court commissioner here a few days ago.

## BOY OF SEVENTY ELOPES SO AS TO AVOID GOSSIP

With a chuckle Mayo explained that he did not want the boys back home to think that he married to avoid military service.

"I fought all through the civil war and willingly would go to France now if they'd let me," he said.

Miss Emma Qunt is confined to Queen's hospital, a victim of typhoid fever.

Go to the Quality Inn for cooling sodas and soft drinks.

## BOARDS OF COLLEGE TAKE TO BASKETBALL

St. Louis College boarders have organized and are now operating a basketball league. The day scholars series was to have started yesterday but the schedule was delayed by rain. Games are to be played every Tuesday and Friday. The schedule is as follows:

Seniors vs. Sophomores.  
Juniors vs. Grammars.  
Freshman vs. Seniors.  
Sophomores vs. Juniors.  
Grammars vs. Freshman.  
Seniors vs. Juniors.  
Sophomores vs. Grammars.  
Juniors vs. Freshman.  
Seniors vs. Grammars.  
Sophomores vs. Freshman.

**HUNS IN MEXICO AIDING RAIDERS IS U. S. REPORT**

Official color is given to the report that two German raiders have been operating in the Pacific, which are believed to have been outfitted, in part, by German sympathizers on the west coast of Mexico. The raiders are thought to be auxiliary schooners. The report that the Germans have two such vessels in the Pacific comes in a Washington dispatch under date of October 5, which is based on statements of navy officials. The dispatch reads as follows:

"Reports that the German raiders in the Pacific are being supplied from Mexico have reached the ears of the government. One report deals specifically with the clearance of an auxiliary schooner from a port on the west coast of Mexico by Germans known to be active in the anti-American propaganda being spread in the neighboring republics.

"The schooner in question is declared to have carried a cargo of oil and canned goods. It has been pretty definitely ascertained by the navy department, according to the statement by Secretary Daniels today, that the two raiding vessels are sailing ships with auxiliary engines.

"The navy has been scouring the Pacific for two weeks for the raiders. "A search for the raiders was begun then. It has been in progress ever since and no trace of them has been found. Information which has reached the navy has made it plain, however, that the vessels, while light and slow, are well armed and stand a good chance to capture one of the unarmed steamers which are in the transpacific service."

**SYDNEY-EUROPE PASSENGER RUNS ARE PROHIBITED**

SAN FRANCISCO, Oct. 9.—The British government has sent out an order stopping all passenger service between Australia, New Zealand and European ports direct, in order to make room for shipments of wheat and meat.

This will throw the entire burden of handling the passenger traffic between Australasia and Europe on San Francisco and Vancouver.

The order of the British government was received here yesterday by the local office of the Union Steamship Company, Hind, Rolph & Co. agents.

These seven steamers are:

Union line steamer Polona.

Union line steamer Moana.

Union line steamer Niagara.

Union line steamer Makara.

Oceanic liners Ventura, Sonoma and Sierra.

These seven steamers have passenger accommodations for less than 2000 cabin, second cabin and steerage passengers between them.

**PASSENGERS DEPARTED**

For San Francisco today by a Matson liner:

Miss E. Arlett, W. Arlett, Mrs. A. W. Adams, Miss Irene Ahrens, H. P. Agee, Mrs. E. L. Austin, Charles Bellina, A. H. Cohen, Mrs. A. H. Cohen, Master O. A. Cohen, Master A. B. Cohen, Charles Chaplin, Mrs. Charles Curtis, F. A. Courtney, Mrs. F. A. Courtney, Mrs. Geo. Cruickshank, Master Cruickshank, Mrs. B. H. Corneilus, C. Corcoran, Master E. Drier, Mrs. Ethel Doyle, J. P. Davis, Mrs. J. P. Davis, Mrs. E. F. Delbert, Miss E. Dunn, J. K. Evans, C. F. Eckart, Mrs. M. Fleer, Miss A. Fleer, Wm. Flack, J. R. Girvin, Mrs. C. W. Girvin, H. E. Gregory, Mrs. H. E. Gregory, H. R. Gough, Mr. W. L. Gifford, W. M. Gifford, Mrs. W. M. Gifford, L. G. Gill, Master I. Gillis, H. E. Hunter, Sam Hooper, T. Harrington, Mrs. F. E. Harvey, Miss Ethel Harvey, Mrs. C. S. Holloway, C. J. Hedemann, Mrs. C. J. Hedemann, L. Harrington, Mrs. S. L. Hill, Mrs. R. G. Johnson, S. Jenkins, E. M. Kitchin, Miss Chu Kyau, G. Lawson, Mrs. P. B. Lorimer, Master L. Lorimer, Miss Harriet Lucas, C. N. Marquez, Mrs. C. N. Marquez, C. N. Metzker, Miss Violet Mabee, Miss M. McMullen, Mrs. W. C. Noteware, H. D. Noteware, Mrs. Harry Newman, T. P. O'Dowda, Mrs. T. P. O'Dowda, Miss K. O'Dowda, Mrs. Geo. O'Neil, Mrs. C. R. Plough, Mrs. M. P. Perence, Y. O. M. Park, Miss E. Purviance, E. L. Patterson, Dr. D. R. Powell, Mrs. D. R. Powell, R. Purvis, F. E. Peake, Mrs. E. W. Quinn, Mrs. E. P. Rosewarne, Mrs. W. J. Roy, Master Roy, Miss A. Rouse, Miss O. Rouse, Mrs. A. Sproull, J. Scott, Mrs. J. Scott, Miss K. Smith, Miss A. Sorenson, Mrs. L. Sweeney, Ned Steel, K. Takeguchi, Mrs. K. Takeguchi, S. Tamaguguku, P. J. Turner, V. L. Tenney, Capt. E. P. Taylor, Mrs. J. Taylor, L. A. Thurston, Mrs. L. A. Thurston, Miss L. Thiele, R. Wagner, F. A. Wood, Mrs. G. Wright, Louis Warren, Mrs. M. C. Widdlerfield, H. O. Wood, R. C. Russell, R. S. Danforth.

**HARBOR NOTES**

The big Dutch steamer which was in port yesterday has sailed for the coast.

The towboat Hercules is at Port Allen discharging coal from the barge Alice Monarch. The coal was brought to the islands from Comax, B. C.

The Mauna Loa had the following freight for Honolulu this morning: Three automobiles, 10 barrels of honey and 78 packages of sundries.

**PASSENGERS EXPECTED**

The following passengers are booked to sail by the next Matson liner leaving San Francisco:

Miss Maru Matsumoto, C. Larson, George M. McClellan, John Desha, James F. Berry, R. V. Barnett, Riley Allen, E. H. Lewis, Miss L. Warren, Mrs. Rebecca M. Cowan, Mrs. T. A. Stanley, Miss M. E. Poppleton, Miss Florence Butler, L. J. Warren, E. A. Valentine, Mrs. Chas. Vale, F. C. Fetter, John Buckley, Miss Mary Schoen, J. G. Rothwell, Mrs. C. Beyffuss, Miss Mildred Manuel, Miss Alida Moody, Miss Mary E. Stetson, Mrs. Van Antwerp, Mrs. Warren English, L. B. Delaitte, Wm. T. Montgomery, James Fenwick, Dr. Geo. Herbert, H. D. B. Soule, Simon Miller, James H. Schwabacher, Mrs. Thompson, W. H. Barnes, Miss Alice Macfarlane, J. C. Cohn, Carl S. Carlsmith, Mrs. J. P. Lucey, Miss Emma R. Blunk, Mrs. Robt. Horner, Mrs. John Watt, Robert Lewers, Mrs. A. Thomas, A. H. Swezey, S. Lowenfeld, H. P. Wheeler, Mrs. James F. Berry, Mrs. F. V. Barnett, Mrs. Riley H. Allen, Mrs. E. H. Lewis, Miss J. Balderston, Miss Stanley, Mrs. Mary Regan, Mrs. M. A. Pedersen, Mrs. Monk, Mrs. L. J. Warren, Mrs. E. A. Valentine, P. Bailey, Mr. Withington, J. F. Cowan, Mrs. B. F. Schoen, Mrs. J. G. Rothwell, Mrs. H. F. Bertelmann, Mrs. W. G. Manuel, Miss Metella Short, Mrs. A. H. Smith, Mrs. E. B. Soule, Mrs. M. H. Hart, Mrs. L. B. Delaitte, Mrs. S. Clark, Ray N. Allen, Mrs. George Herbert, J. T. McCrosson, Mrs. Sibon Miller, Mrs. James Schwabacher, Miss L. Hopper, Mrs. W. H. Barnes, Mrs. G. Pearne, Mrs. J. C. Cohen, J. P. Lucey, Miss Emelia E. Blunk, Robt. Horner, John Watt, Will Lewers, L. Weinzheimer, Mrs. L. Weinzheimer, Mrs. J. F. Bowler, D. Davis, C. G. Bockus, Mrs. J. Blacow, Miss Hazel M. Offer, H. L. Terwilliger, Mr. Wakefield, H. O. Withers, Mrs. Nellie B. Lunken, Miss M. Peeples, Mrs. C. C. Kennedy, W. J. Garibaldi, Miss Berndt, Mrs. W. Roehl, Mrs. J. P. Cooke, Mrs. J. T. Hobl, Mrs. Dwight C. Lefferts, Mrs. John Waterhouse, A. F. Knudsen, Wm. Adelme Smith, C. A. Smith, Miss Lillian McChesney, H. Lipman, Mrs. H. von Holt, Mrs. C. G. Bockus, Miss Florence G. Offer, Mrs. Mary E. Offer, Mrs. H. L. Terwilliger, D. Kohalewei, H. R. Wolcott, T. Imai, C. C. Kennedy, Mrs. A. F. Wall, Mrs. W. J. Garibaldi, W. Roehl, J. P. Cooke, J. T. Hobl, Dwight C. Lefferts, John Waterhouse, Mrs. A. K. Knudsen, Andrew Adams, Mrs. Wm. Rothchild, T. M. Church, Mrs. Henry Holmes, Mrs. C. A. Smith.

**PASSENGERS ARRIVED**

By Inter-Island steamer Mauna Loa from Kauai ports: Mr. and Mrs. A. S. Wilcox, maid and chauffeur; W. M. Stewart, S. R. Thurston, M. F. Calistro, Mr. and Mrs. Cosma and son, Mrs. Lynton, Y. Kodama, W. Miller, M. Rocha, K. K. Wilson, Y. Magota, and Chan San.

**Iron Is Greatest of All Strength Builders, Says the Doctor**

A Secret of the Great Endurance and Power of Athletes

Ordinary Nuxated Iron Will Make Delicate, Nervous, Run-down People 200 Per Cent Stronger in Two Weeks' Time in Many Cases

NEW YORK, N. Y.—Most people foolishly seem to think they are going to get renewed vitality and strength from a bottle of medicine, secret nostrum or patent drug, said Dr. Sauer, a well known specialist who has studied widely both of this country and Europe when, as a matter of fact, real and true strength can only come from the food you eat. But people often fail to get the strength out of their food because they haven't enough iron in their blood to enable it to change food into living matter. From their weakened, nervous condition they know something is wrong, but they can't tell what, so they generally commence doctoring for stomach, liver or kidney trouble or symptoms of some other ailment caused by the lack of iron in the blood. This thing may go on for years, while the patient suffers untold agony. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old form of reduced iron, iron acetate or chloride of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated. The nuxated iron you want it to do you any good, otherwise you may prove worse than useless. Many an athlete or prize-fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the arena; while many another has gone down in an ignominious defeat simply for the lack of iron.

NOTE—Nuxated Iron recommended above by Dr. Sauer is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents is widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not irritate the teeth, make them black, nor upset the stomach; on the contrary it is a most potent remedy, in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturer's name is prominently displayed on the wrapper, and the name of the manufacturer is printed in large characters on the wrapper. It is sold in this city by Hollister Drug Co., Benson Smith & Co., Chambers Drug Co. and all other druggists.

# SOCIETY

**OHIOANS MEET AT THE YOUNG**  
The meeting of Ohioans for this month was held in the parlors of the Young hotel on Tuesday evening, at which a good representation of Buckeyes were present, and all glad to see President W. A. Bowen back in Honolulu again.

The secretary and treasurer's reports were read and approved. Comments and suggestions were made upon the constitution and bylaws as bearing upon present conditions in our midst, and with reference to lines of work to be considered for the coming year.

The officers elected for the ensuing year were: Geo. A. Andrus, president; Mrs. Carl Andrews, vice-president; Miss Marguerite Herenden, secretary, and W. G. Rogers, treasurer.

The program of the evening consisted of two addresses, and both vocal and instrumental selections were rendered. One of the former by Prof. MacCaughy, in humorous vein, linking Hawaii with Ohio by a story bearing upon the flora of the two widely separated districts, a study in which we all know Prof. MacCaughy to be a specialist. In this story, however, he outranked any "fish story" by the oldest of "salts."

The second address was by Mr. Cannon, one of the veterans of the Civil war, giving personal reminiscences of Ohio soldiers of that time, and the impress made by the manner and character of Lincoln during those stirring times.

Two vocal solos were given by Mr. Andrus; one instrumental by Miss Parish of Punahou and a third solo by Mr. Andrus, accompanied by Miss Parish at the piano.

The remainder of the period was spent in introductions and greetings, there having been several new names handed in and voted upon.

Mr. Stinson generously gave the use of the drawing room for this pleasant occasion.

**PRESIDIO MATRON PRESIDES AT DINNER**

A delightful and handsomely appointed family dinner was presided over by Mrs. William H. Bertsch at her quarters at the Presidio recently. The affair was in compliment to the family of Mrs. Edson Lewis, whose son, Lieutenant Warfield Monroe Lewis, married Miss Emilie Bertsch a few weeks ago.

Colonel Lewis is at present in Texas, but except for his absence, Mrs. Lewis' family was complete on this occasion. Captain and Mrs. Max Elser, the latter of whom is a daughter of Mrs. Lewis, arrived last week.

The decorations for the dinner were practically a duplicate of those at the wedding breakfast, when Lieutenant Lewis and Miss Bertsch were married.

Snappers and marigolds, arranged in baskets tied with yellow tulle, were disposed about the table. Varying shades of yellow were used with the same charming effect which marked the wedding breakfast. Thus Mrs. Elser was enabled to enjoy almost in detail the pretty decorative scheme which prevailed at her brother's marriage.

Among the guests at the dinner were three of the season's brides, Mrs. Warfield Monroe Lewis, Mrs. Wesley Kottmeier (Miss Dorothy Lewis) and Mrs. William Landrum, who was married a few weeks ago at Mrs. Lewis' home. Mrs. Edson F. Lewis, Captain and Mrs. Elser and Miss Elizabeth Lewis completed the party.—S. F. Chronicle, Oct. 7.

**HAWAIIAN PRINCESSES ENROLL AT NOTRE DAME**

Two little newcomers registered at Notre Dame convent in San Jose come from the royal house of Hawaii, being the Princesses Liliuokalani and Kapilani, aged respectively 12 and 14, daughters of Princess Kawananakoa. The mother was here yesterday making her headquarters at the Montgomery hotel visiting her children and the Sisters of the convent where she was herself a student for some six years. The children will remain to graduate with the Sisters.

The princess does not conceal her fondness for her old Alma Mater, which she has several times come over to visit and she will be a frequent visitor in the city now that her children have taken up their studies there.

The aged Queen Liliuokalani of the islands, whose nephew, David, the princess married and after whom her eldest daughter has been named, is enjoying good health, according to Princess Kawananakoa, despite the report some time ago that she was near death. The princess remains in constant cable communication with the queen with whom she is a special favorite and one of the most welcomed visitors at her majesty's residence, Washington Place in Honolulu. A few days ago she cabled over to the queen congratulations on reaching her 79th birthday.

Princess Kawananakoa, who is a daughter of James Campbell, owner of the St. James hotel some 17 years ago, will, in the next few days proceed to Boston, Mass., in order to visit her son, who is completing his education there.—San Jose, California Mercury Herald.

**ORGANIZE AGAINST WASTE, IS ADVICE OF DR. AURELIA H. REINHARDT**

Dr. Aurelia Henry Reinhardt, president of Mills college, has been addressing San Francisco club women this past week at a number of their meetings and, in consequence, has set them a-thinking.

Dr. Reinhardt's address at the Mills club was based on the subject, "The American Woman and the Need of the Hour."

"When it comes to the need of the hour, I hope that we shall have the mind for it," said Dr. Reinhardt.

**New Yorkers Attention**  
Former residents of New York State are invited to meet at the home of Mr. and Mrs. F. J. Lowrey, corner Lunallilo and Victoria streets, on Monday, Oct. 22, 4:30 p. m. Object: Formation of a club to take part in entertaining New York enlisted men as planned by Women's War Council.

She then went on to admonish women to think more to read American history and to devote their thinking toward the elimination of waste. In her usual forceful way, matchless in her eloquence and in purity of diction, Dr. Reinhardt pointed out how wastefulness was an American trait which the women of the hour must amend. She told in her usual powerful simplicity the many ways in which women could render service to the nation by applying thoughtful consideration to everyday observances.

"But," added Dr. Reinhardt, "many women do not want to do the essential things if the machinery which propels the work does not happen to be tenuous."

"The dynamic and potential power of woman cannot be better expressed," concluded the scholarly woman, "than in her own home. To govern and to direct that home with intelligence is the greatest need of the American woman."

At the Papyrus club meeting Wednesday, Dr. Reinhardt spoke to the San Francisco women on "Woman's Service to the Nation," placing emphasis on that book entitled: "The Moral Obligation to Be Intelligent."

Urging the women to rededicate themselves to the work before them, Dr. Reinhardt declared for intelligent citizenship. She told of the woman citizen and the responsibilities and privileges before her. She dwelt with particular stress on the necessity of well oiled machinery in governmental affairs and made plain to the women that "all the public machinery must multiply and run smoothly even if we have to go without butter on our bread to oil the wheels."

Dr. Reinhardt spoke of the "plus responsibility" of woman in the matter of citizenship and said: "There is a doubt in the minds of some whether the coming of citizenship to woman is an unalloyed blessing."

These two lectures by the college president marked the most thoughtful sessions held by our club women in the pursuance of club programs.

The president of Mills college has set the club women a standard of ideals which others hope to emulate. Not only have her lectures brought about a new plan of club lecture work, but they have opened the minds of program builders to a full realization—let us hope—that none less elevating will now suffice.—San Francisco Examiner, Sept. 23.

**THREE BRIDES, GUESTS**

Yellow in several shades adorned the dinner table over which Mrs. William H. Bertsch presided Sunday evening in her pretty quarters at the Presidio. The occasion assembled a number of the family of Mrs. Edson F. Lewis, whose son, Lieutenant Warfield Monroe Lewis, married Miss Emilie Bertsch a few weeks ago.

The arrival last week of Captain and Mrs. Max Elser from Honolulu completed the household of Mrs. Lewis (with the exception of Colonel Lewis, who is at present in Texas). Mrs. Elser brings their daughter. It was also the first time in several years that Mrs. Lewis has had all of her children together.

Three brides were among the guests, Mrs. Warfield Monroe Lewis, Mrs. Wesley Kottmeier, who was Miss Dorothy Lewis until her marriage a fortnight ago, and Mrs. William Landrum, who was married about six weeks ago at the home of Mrs. Lewis. Others who shared in the evening's enjoyment were Mrs. Edson F. Lewis, Captain and Mrs. Elser and Miss Elizabeth Lewis.—S. F. Examiner, Oct. 2.

**FOR MISS MANUEL**

Tomorrow afternoon Miss Majorie Porter will preside at a luncheon in honor of Miss Mildred Manuel, a bride-elect, and will entertain at her home in Oakland. The affair also will serve as a farewell to Miss Manuel, who will sail for Honolulu about the middle of the month to become the bride of Frank Sutherland. About twenty of the young friends of the hostess have been invited for the afternoon.—S. F. Examiner, Oct. 5.

**CIRCLES MEET TOGETHER**

For the first time this fall the sixteen neighborhood circles of the Women's Society of Central Union church will meet tomorrow (Thursday) afternoon at 2:30 in the parish house to enjoy a social hour and to plan the year's work and the policy to be pursued.

At this meeting will be decided the question of union or individual circle meetings, and it is hoped that there will be a large attendance, that the ideas of all may be expressed. There will be Red Cross work for those who wish it but any circle may bring their own needlework if they so prefer. These meetings are very informal and their chief motive is to bring the members of the circles into closer social relationship with their neighbors.

**A CALL TO ALL NEW YORK STATE FOLK**

Mr. and Mrs. F. J. Lowrey, through the society columns of the Star-Bulletin, invite all former New York state folk to their home on Monday afternoon at 4:30 o'clock, with a view to forming a New York State club for the entertainment of the enlisted men from New York state, as outlined by the Women's War Council.

It is the sincere desire of the Women's War Council that every state in the Union will have its club and in that way the men and the people of Honolulu will come in closer touch with each other, the entertainment of men in small groups being more friendly and hospitable.

The following charming musical program will be presented by the faculty of Punahou:

- Piano, Faure... Impromptu in F minor
- Debussy... La Cathedrale Engloutie
- Saint Saens... Valse Gaie, Opus 139
- Violin, Vieuxtemps.....
- .....Concerto, in D minor
- Introduction and Cadenza.
- Andante Religioso.
- Allegro Emerico.
- Piano..... Chopin
- Fantasia Impromptu in C sharp minor Opus 66.
- Etude in F sharp minor Opus 25, Number 2.
- Etude in A flat major Opus 25, Number 1.
- Violin, Kreisler... Caprice Viennois
- Jenkinson... Dance of the Sylphs
- Wienlawski..... Obertass
- Miss Margaret Way
- Mr. Edwin Herbert Ideler.
- Accompanied by Mrs. Ideler.
- Charles R. Bishop Hall, October 19, 1917.

Mr. and Mrs. Charles D. Wright (Georgia Purcell) are expected shortly from Honolulu for a visit with Mrs. Wright's mother, Mrs. John Purcell, of this city. It will be her first visit home since her marriage. Mr. Wright may decide to locate in San Francisco.—Santa Rosa, (Cal.) Democrat.

The stork visitor to the home of Mr. and Mrs. Frank Burns (nee Pearl McCarthy) of Paia, Maui, and now a blue-eyed baby girl is beginning to blink at the world through the curtains of her crib. The wee one has been named Margaret after her grandmother, Mrs. Charles McCarthy.

Mrs. Mary C. Widdfield is in town, having arrived on Tuesday morning from Hilo, where for some time she has been the house-guest of her daughter, Mrs. Byron Baird.

Miss Katharine Warren is giving a birthday party on Saturday afternoon. About 40 little friends will be bidden to celebrate the little hostess' seventh birthday.

Dr. and Mrs. Alford Wall are being given a very hospitable and cordial greeting by their many friends here since their arrival.

Mr. and Mrs. Lorrin A. Thurston left on today's steamer for a six months' trip visiting different points of interest.

Mrs. Ambrose Patterson and small daughter, Nancy, arrived home this week after a short mainland vacation.

Dr. and Mrs. D. R. Powell, who have been enjoying the many charms of Hawaii, left for the coast today.

Lady Sen Mei was a very reluctant departing passenger for the mainland on today's steamer.

Miss E. Purviance, who is Mr. Charlie Chaplin's leading lady, left for the mainland today.

Mr. and Mrs. E. P. Chapin, after a pleasant trip to the mainland, returned home this week.

Miss Ruth Anderson is being warmly

ly welcomed home by her large circle of friends.

Mrs. Phillip Rice was a departing passenger for her Kaula home last evening.

Mr. and Mrs. Walter M. Giffard left today for the mainland to spend the winter.

Mr. and Mrs. Charles Norton left for Kaula last evening.

**PRINCESS' ANNIVERSARY OBSERVED BY CHILDREN**

Under the shade of a big monkey-pod tree, with the birds singing on its branches, the pupils of the Kaula school under the supervision of M's. Nina D. L. Fraser, principal, and Mrs. M. K. King, musical director, yesterday celebrated the birthday anniversary of the late Princess Kaula, who was born October 18, 1875.

Before a large portrait of the late Princess Kaula, which was profusely decorated with beautiful flowers, which were furnished by Representative Gerritt Wilder, the pupils of the school sang and played musical instruments in honor of the late Princess.

Mrs. Reis, who, during the life time of the Princess, was closely associated with Gerritt Wilder, the pupils which is applicable to the Princess. This feature of the program was very interesting. The singing by the girls and the rendition of instrumental selections by James Hakuole, Jr., Henry Machado, Jr., Lani Hilo, Jr., and Charles Paaluh, Jr., were especially pleasing.

After the close of the program, the large girls of the school, bedecked with beautiful leis, rode up to the royal mausoleum in charge of Mrs. King, where they decorated the coffin of the late Princess.

**ON THE ROOF**

Next Wednesday, Oct. 17, a beautiful silver loving cup will be presented by the Bergstrom Music Co. to the lucky couple who are announced as winners in a prize one-step contest. Dancing until 1 a. m. Tables may be reserved in advance.—Adv.

**Constipation Makes Baby Uncomfortable**

When its tender little organs are bound up with a congestion of stomach waste in the bowels, baby is a mighty uncomfortable morsel of humanity, and reflects its discomfort in its disposition. If Mother will just give it a tiny dose of a mild laxative, such as Dr. Caldwell's Syrup Pepsin, the congestion will quickly loosen and be expelled, and her child be normal and happy once more.

Dr. Caldwell's Syrup Pepsin is especially desirable for children, because it contains no opiate or narcotic drug, being a combination of simple laxative herbs with pepsin, mild and gentle in action, positive in effect, and very palatable. Children like it and take it readily. Druggists sell Dr. Caldwell's Syrup Pepsin for fifty cents a bottle; a trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 456 Washington St., Monticello, Illinois.

# OLD MURDER AT HOOKENA MAY BE CLEARED UP NOW

### Porto Rican Suspected of Crime in 1915 Again Arrested, Result of Evidence on Oahu

(Special Star-Bulletin Correspondence.)  
HILO, Hawaii, Oct. 15.—Vellied for more than two years in mystery, the disappearance of Simon Kanui, a Hawaiian, from a little ranch hut away above Hookena on the mountain slope is about cleared up. Sheriff Samuel Pua has never let up on this one unsolved mystery of his administration and he has finally about gathered in evidence that may send one to the gallows for a cold-blooded murder.

It was while scouring the island for a clue that the sheriff dropped on to some unexpected evidence. It concerned the doings of a Porto Rican, Iteiro Barques, after the latter had left Kona and had proceeded to Oahu. Iteiro had been a companion of Kanui at the ranch hut on Honokau mauka. Under the name of Tello, the Porto Rican had worked on the ranch and when Kanui disappeared he had been arrested upon suspicion of having done away with the Hawaiian. There was not sufficient evidence to convict him, however, and he, after serving a sentence for theft, was released.

Sheriff Pua while on Oahu took Iteiro into custody and brought him back to Hilo. He also brought other men who are connected with the case.

#### Search For Remains

On Sunday last the sheriff left for Kona and he took along with him the suspected man. The object of the journey was to go over every inch of the surrounding country in the vicinity of the ranch hut and to search the many holes and caves that abound.

That Sheriff Pua has more than maintained his reputation as a detective seems sure. The evidence that he has in his possession he says is convincing and all that is now needed is the discovery of the remains of Simon Kanui.

It was on March 4, 1915, that Simon Kanui was placed on the missing list. Kept Track of Iteiro

Sheriff Pua always kept track of the movements of Iteiro and, when in Honolulu recently, he heard a story that fitted in well with his theory of the disappearance of Kanui. This story told the sheriff to Waiwala where he saw Antonio Sanchez, and this individual told him that in July, 1916, at Waiwala, Iteiro Barques told him that he had shot a kanaka in Kona and had thrown the body in a hole and then covered the remains with grass.

He added that he had taken the dead man's shoes, tobacco and watch back to the hut where he and the murdered man used to live on a ranch in Kona. Manuel Barques, a brother of Iteiro, also told the sheriff that he had heard Iteiro telling Sanchez about the killing of Simon Kanui and the disposal of the body.

Later Manuel Barques declared that he heard Iteiro telling his friend how he had shot Simon while aiming at some goats and that he had hidden the body in a hole.

## KAUAI NEWS

(Special Star-Bulletin Correspondence.)  
WAILUKU, Oct. 16.—L. R. Mathews, head worker of the Alexander House Settlement of Wailuku, went to Honolulu last week Wednesday. He is expected back this week.

Rev. and Mrs. A. Craig Bowdish and Mrs. Bowdish's mother, Mrs. Kimball, have returned from a few days spent at Luana on the mountain side of Haleakala. Mr. Bowdish came down for both Sundays so as to be in charge of the regular services of the Makawao Church.

Mrs. Ella Nye Austin and Miss Edith K. Dunn of the Waihee School sail on the Matsonia on Wednesday this week from Honolulu. They will be absent some little time from their school, having obtained a leave of absence because Mrs. Austin has not been in good health. Miss Dunn accompanies Mrs. Austin to the coast. They will visit in Los Angeles.

Tennis is still the rage on Maui. Mrs. Caleb Burns of Wailuku has just offered a cup for ladies in singles, and it is understood that this tournament will begin as soon as the entries are all in. Men's singles will also be started in a short time.

Six acres of cane were burned at Hamakua recently. Fortunately it was possible to get the cane to the Paia Mill at once and no loss was incurred. As the fire started near the road, it is supposed that some smoker was careless with his match or cigar.

Charles S. Judd, superintendent of forestry, returned to Honolulu last Thursday. He expressed himself as very well pleased with the results of his visit to Maui.

Arthur C. Alexander of the firm of Alexander & Baldwin, Honolulu, is now on Maui, having arrived Tuesday morning last. He has taken his headquarters at the Wailuku Hotel, where he will be located for several months, completing the surveys of the Wailuku Sugar Company's lands.

### PENNY MAY COME, BUT SOME BELIEVE IT WILL NEVER CROSS THE PACIFIC

#### Few Local Department Stores Have Adopted Coin; Others Hold They Have No Need for It

That the now despised penny, so common over the counters of department stores and markets east of the Mississippi, may be a coin of frequent use and much to be desired in Honolulu due to the new excise law is the consensus of opinion among businessmen of the city, although there are some among them who do not believe that the penny will ever be able to cross 2000 miles of the Pacific, even if it can climb the Rocky mountains.

One big dry goods store in town has already adopted the use of the penny. Seen this morning one of the managers of this store said:

"We find that our customers take very readily to the penny. Of course we've been making penny change for only a few days, and it is perhaps too early to say just what the result will be. It is a saving to our customers. Without the penny, if a piece of goods came to, say 18 cents, the customer had to take more than she wanted in order to make even change, or she had to pay two cents more than the charge on the goods.

"Another reason why we believe the penny will grow in popularity is because of the war tax on letter postage. Where a woman has been used to sending out a score or more letters a week at two cents a letter, and is confronted with the fact that every one of those letters is going to cost her a cent more, she will be very glad indeed to have this extra penny or two saved on small purchases to stick on her three-cent letters."

One of the stores in Fort street said nothing would make them consider the use of the penny; that they considered it a nuisance and a bother, and would have none of it. Another held out the comforting promise to all shoppers that the war tax would not increase their selling price on wearing apparel one penny, because they proposed to pay the war tax themselves. Still another held that, while they wanted to do their duty as patriots, they were of the opinion that the consumer would, ultimately, pay the war tax, because they had already shaved their net profits down

DEPENDABLE QUALITY

Convenient Quarters

HENRY MAY & CO. LTD. DISTRIBUTORS

"We have always kept pennies in the bank, and paid them out when requested by our patrons. With the conditions as they are today, with the constant demand for saving from every quarter, it seems to me that the circulation of the penny would be a very good thing, particularly for the poor man. It would encourage economy. However, we are not going to insist upon its circulation, for, when it is really required, the community will demand it, and we, with anybody else, will have to answer the demand. I believe in the right of the community spirit, and in giving the people what they want when they want it. When the people of Honolulu, as a community want the penny they will demand it—and they will get it. We back the community spirit—we don't try to go ahead of it."

According to Acting Internal Revenue Collector Ralph S. Johnstone, the penny will have to be used in making change. "It is one of the unwritten laws," said Mr. Johnstone, "that a

Steamship men hold that it is too early to make any sort of decision at all about this penny-business. Personally, they hope the penny will not become a public demand, but if it does they are, of course, ready to meet the demand.

Bankers are of the same opinion. L. Tenney Peck said:

## HILOTTES TAKE \$100,000 WORTH OF LOCAL BONDS

### Some Members Board of Trade Want Wharf, Others Concrete Road to Volcano.

(Special Star-Bulletin Correspondence.)  
HILO, Oct. 12.—It was reported at a meeting of the board of trade of Hilo on Tuesday last that the sale of territorial bonds to local people was going on all right and that over one hundred thousand dollars had been subscribed by local banks. It was also announced by J. W. Russell, one of the members of the board of trade committee which has charge of the matter, that several firms had been considering the matter of purchasing local bonds and that they probably would do so.

Mr. Russell said that the First Bank of Hilo had promised to take up \$50,000; the People's Bank a similar amount and Bishop & Company \$10,000. Hackfeld & Company and the Hilo Mercantile Company would, it is expected, also take up blocks of the bonds.

It was also stated that there was a chance of the Inter-Island Steamship Company taking up bonds, the proceeds of which would be applied to wharf building in Hilo.

When this announcement was made by Mr. Russell, C. Castendyke inquired as to what was the most favored project upon which to expend the money raised by the bonds.

It turned out that the concerns that were taking up bonds seemed to favor the expenditure of the money upon a concrete road to the volcano before anything else. In fact most of the money was pledged on that understanding.

R. W. Fuller stated it as his emphatic opinion that the first money should be expended upon a wharf for Hilo. Such a wharf is an absolute necessity, whereas a concrete road to the volcano is a luxury that could be constructed later on, said the superintendent of the local railroad.

### EASY WORK TO SUE KING BUT HARDER TO COLLECT

GENEVA.—You can sue a king, but you can't collect, usually. The ex-khedive of Egypt, who is stopping here, has been sued for a private debt of \$15,000 by the Egyptian judge, Zak Bey. The ex-khedive pleaded extrajudicial rights as "an independent sovereign," and the legal authorities, upholding this plea, advised the judge to sue Abbas in Egypt.

man must be given his exact change when he wants it. If a purchaser buys a railroad ticket for 54 cents the ticket seller will either have to pass him out a penny in change, or pocket the loss of four cents himself. And I can't see a ticket-seller doing that more than once or twice."

IN THE CIRCUIT COURT OF THE First Circuit, Territory of Hawaii—At Chambers—in Probate.

In the Matter of the Estate of Charles Wallace Booth, Deceased.

Notice of Sale.

NOTICE is hereby given that under and by virtue of an order of the Honorable C. W. Ashford, First Judge of the Circuit Court of the First Judicial Circuit, Territory of Hawaii, entered in the above entitled matter on the 22nd day of August, 1916, the undersigned, HAWAIIAN TRUST COMPANY, LIMITED, administrator with will annexed of the Estate of Charles Wallace Booth, deceased, will sell at public auction to the highest bidder on Saturday, the 10th day of November, 1917 the following described real property belonging to said estate at the following places and hours, to wit:

At the auction rooms of Jas. F. Morgan Co., Ltd., 131 Merchant Street, Honolulu, T. H., at 12 o'clock noon of said day, twenty-seven lots in the Pacific Heights Tract, situated in Kewalo, Pauoa, in the City and County of Honolulu, Territory of Hawaii, being a portion of R. P. 302, L. C. A. 273, Part I to Joseph Booth, as shown on plans numbered 171, 172, 184, 187, 190, 194, 196 and 198, all of which said plans are on file in the office of the Registrar of Conveyances for the Territory of Hawaii; also a parcel of land containing an area of 2,503 square feet, situate on said Pacific Heights, adjoining the southerly boundary of Land Court Petition No. 224 to Mary E. Cross.

At the intersection of Fort Street and Pauoa Road, Honolulu aforesaid, at 2 o'clock p. m. of said day, forty-two (42) lots of the subdivision known as Pauoa Valley Lots, situated at the East corner of Kaiulani Drive and Pauoa Road, Kewalo, Pauoa, Honolulu aforesaid, being portions of Grant 524 to Booth; Grant 2180 to R. Moffitt; Grant 862 to Joseph Booth; R. P. 5715, L. C. A. 16905 to Pihiko; R. P. 1645, L. C. A. 1252 to Amama; no Kaapuna; R. P. 2259, L. C. A. 498, Apana 1 to Keihohoho; R. P. 1790, L. C. ADVISES CONCERNS ASK RELIEF FROM SHORTAGE OF OIL

Food Board Tells Hawaii Corporations to Appeal to Administrator in Washington

For the time being, at least, the territorial food commission will be unable to give any material assistance to the public utility and other corporations in Hilo and other parts of the big island which are suffering from a shortage of fuel oil, which, if it continues, may force a tie-up of Hawaii's chief industries.

The territorial food commission is not the local representative of the national commission, and has not been so delegated, said J. F. Child, assistant executive officer, today.

As announced elsewhere in today's Star-Bulletin, the commission, in a letter to Herbert Hoover, national food administrator, has suggested that some sort of control be placed over Hawaii's fuel oil supply.

NAME FRED OHRT IN TAY'S PLACE

Fred Ohrt, formerly assistant engineer for the city and county of Honolulu, has been named as sanitary engineer to the board of health, his appointment dating from yesterday.

COMMITTEES FOR SMITH CAMPAIGN ARE CHOSEN

Preliminary organization of the Fred B. Smith campaign was perfected at the Y. M. C. A. this afternoon. The following committees were appointed to handle the various lines of work:

Program—Ed. Towse, chairman; James Wakefield, W. G. Hall, Arthur G. Smith and Harold G. Dillingham.

Conservation—G. H. Tuttle, chairman; Norman C. Schenck, George S. Waterhouse, Robbins B. Anderson and W. A. Bowen.

Publicity—C. B. Gage, chairman. Mr. Smith arrives November 13 and will be in the islands until November 28.

The acute oil shortage of the Hawaii plantations and the Hilo railroad has been relieved by a big shipment of oil which was taken to Hilo a few days ago on the tanker Lansing, says H. B. Weller, the Honolulu representative of the Union Oil Co.

MRS. PROSSER IS NAMED PRESIDENT HUMANE SOCIETY

Mrs. Mason F. Prosser was unanimously elected president of the Humane Society at its annual meeting this morning. Mrs. S. B. Dole was made honorary president, and to Mrs. R. Walbridge, the first vice-president, was delegated the duties of president pro tem during the absence of Mrs. Prosser on Kanai.

Mrs. Irmgard Elgin, the retiring secretary and humane agent, was voted a life membership as a token of appreciation of her work. A donation of \$100 made to her, in lieu of the month's vacation which she would not take during the year, was immediately turned over to the Society by Mrs. L. L. McCandless, at the request of Mrs. Elgin.

Cases cared for by the Humane Society during the last year included 12 children and 1861 animals. Mrs. E. Tenney Pack, Mrs. A. Young and Mrs. Fuller, were Mrs. S. M. Damon, Mrs. R. Walbridge, Mrs. Eben Low, Mrs. W. R. Castle, Mrs. A. Horner, Mrs. Harry Macfarlane, vice-presidents, and Miss Lucy Ward, Mrs. W. Williamson, Mrs. Edward Dekum, Mrs. W. W. Thayer, Mrs. Fannie Smith and Mrs. H. Dowsett, directors.

NEW COMPANY IN GUARD FORMING

Seventy-five men for a new company of the national guard to become a part of the 1st Hawaiian Infantry, this city, have been recruited in the last four days by Captain Edward Hopkins, formerly commander of Company F, assisted by Lieutenant William E. Mites.

The first meeting will be held on Friday evening at the armory, Captain Hopkins stated today, and it is hoped that not less than 75 men will be present. Most of those recruited are Hawaiians, part-Hawaiians and Portuguese.

DELEGATE, KUHIO TO MAKE PUBLIC ADDRESS

Taking as his subject "The Moral Obligation of the Hawaiians Toward the United States," Prince Kuhio, delegate to congress, will make his first public speech since his return from Washington, next Sunday night at Maluhia park, on Hotel street.

NEW YORK STOCK MARKET TODAY

Table of New York Stock Market Today. Columns: Stock Name, Today, Yesterday. Includes Alaska Gold, American Smelter, American Sugar, etc.

BY AUTHORITY BILL NO. 170. ORDINANCE NO.—

AN ORDINANCE PROVIDING FOR COST OF IMPROVEMENTS IN FRONTAGE IMPROVEMENT NUMBER NINE, BERETANIA STREET, (ALAPAI TO PUNAHOU).

Be it Ordained by the People of the City and County of Honolulu:

SECTION 1. DEFINITIONS. The word "BOARD" whenever used herein shall mean the Board of Supervisors of the City and County of Honolulu.

SECTION 2. PRELIMINARY PROCEEDINGS CONFIRMED. The said Board does hereby adopt, approve and confirm all and singular the proceedings heretofore had and taken under said statutes with respect to the creation and establishment of said Frontage Improvement and the making of the proposed improvement as modified and corrected and as set forth and referred to in Resolutions of said Board Nos. 633, 634 (1916), and 2, 5, 23, 26 and 62 (1917), and the minutes of meetings of said Board heretofore adopted, the preliminary report of the City and County Engineer, dated November 8, 1916, his final report, dated July 9, 1917, and the assessment report of the City and County Engineer, dated September 11, 1917, accompanying which were the corrected map of said Frontage Improvement, the list of owners, lessees and occupants so far as known, a Preliminary Assessment Roll and a summary of detailed descriptions, in respect to which notice has heretofore been given by advertisement and a public hearing has been had as required by said improvement Statutes, and which have been corrected as of October 9, 1917, to all of which particular detailed description said Frontage Improvement heretofore created and established, and the character, extent and particular location of the improvement aforesaid, the subdivisions and zones thereof, the location of the respective parcels of land subject to assessment, the special benefits accruing thereto, the properties exempt from assessment, and the proportion to be paid by said City and County; all of the same being by this reference also made a part hereof.

SECTION 3. CONFIRMATION OF ASSESSMENTS. No protests having been made, or filed at the assessment hearing held for this Frontage Improvement, but a correction of the said Engineer's report of October 9, 1917, it is hereby specially found and established that each and every parcel of land subject to assessment abutting upon said Frontage Improvement is or will be specially benefited by said improvements to the amount of the respective assessments proposed therefor, corrected as aforesaid, and said several assessments are hereby declared just and equitable as so listed and advertised, and as so corrected; and that the said several proposed assessments heretofore listed and advertised in accordance with said improvement Statutes, and as so corrected, are hereby confirmed and adopted as and for the assessments and special benefits accruing to said Frontage Improvement and against the owners thereof respectively, and that each and every parcel of land required for said improvement has been acquired as provided in said improvement Statutes.

SECTION 4. COST OF AUTHORIZED IMPROVEMENTS. That it is hereby found and declared that the total cost of the authorized improvements in said Frontage Improvement, based upon the bid of Lord-Young Engineering Company, Limited, the lowest responsible bidder, including the cost of curbing, grading, paving with concrete and bitulithic, moving and resetting of curbs, storm sewer system, and other improvements in place complete, together with engineering and incidentals upon that portion of the highway, in said Frontage Improvement, which is designated in these proceedings, according to the final report of said Engineer, incorporated as aforesaid, is the sum of One Hundred Seventeen Thousand and Five Hundred Dollars (\$117,500.00); that the total proportion of this cost, which is to be borne by the City and County, including assessments proportioned against street frontages, and the contribution to main thoroughfare is the sum of Sixty-one Thousand Six Hundred Three and 11-100 Dollars (\$61,603.11); that the balance of Fifty-five Thousand Eight Hundred Ninety-six and 89-100 Dollars (\$55,896.89) is hereby charged, assessed and levied against, and shall be collected from the properties abutting upon said Frontage Improvement privately owned and not specifically exempted by this Ordinance, and the owners thereof respectively, according to the total amounts heretofore listed and advertised and corrected as aforesaid and computed according to the rates of assessment hereinafter set forth.

SECTION 5. PUBLIC LANDS NOT SPECIALLY ASSESSED. The Frontage of Lots Nos. 1, 2, 18, 19, 22, 23, 24, 25, 26, 27, 41, 46, 50, 76, 77, 82, 85, 93 and 94, being frontages of abutting highways and of lands exempt by law, as shown on said corrected map and Assessment Roll of September 11, 1917, heretofore incorporated, shall not be specifically assessed herein, but the proportion of cost assessable against such public or exempt land set forth in the proceedings heretofore confirmed and which would be assessable against such lands if privately owned and not exempt shall be borne by the City and County as hereinafter provided.

SECTION 6. APPROPRIATION BY CITY AND COUNTY. The sum of Fifty-two Thousand Dollars (\$52,000) is hereby appropriated out of all moneys in the Cash Basis Operating Fund, as authorized and created by virtue of Act 236 of the Session Laws, 1917, into the "Special Improvement Fund, Frontage Improvement Number Nine, Beretania Street, (Alapai to Punahou);" provided, however, that against said sum shall be credited all advances for said improvements made from said Cash Basis Operating Fund prior to the date of the approval of this Ordinance to be ascertained from the books of the City and County Auditor, and the amount of such advances is hereby authorized to be transferred as soon as ascertained to said Cash Basis Operating Fund; and the sum of Nine Thousand Six Hundred Three and 11-100 Dollars (\$9,603.11) is hereby appropriated out of all moneys in the Permanent Improvement Fund in the Treasury of the City and County, and shall be transferred as soon as the same shall become available into said Special Improvement Fund, created herein, as the balance of the cost of said improvement so to be borne by the City and County; provided, that against said last mentioned sum shall be credited all advances heretofore made from said Permanent Improvement Fund on account of the cost of said improvement by Resolutions Nos. 495 and 721 (1916) and No. 15 (1917), amounting in all to the total sum of Five Hundred and Eighty-nine and 60-100 Dollars (\$589.60), and any balances unexpended or uncontracted for out of said advances on the date of approval hereof shall be transferred to said Permanent Improvement Fund when ascertained on the books of said City and County Auditor; and out of all moneys in said Special Improvement Fund, created herein, the sum of One Hundred Seventeen Thousand and Five Hundred Dollars (\$117,500.00) is hereby appropriated into an account to be known as "Cost of Improvements, Frontage Improvement Number Nine, Beretania Street, (Alapai to Punahou)."

SECTION 7. ASSESSMENT RATE FOR GENERAL IMPROVEMENTS. All properties, abutting on said Frontage Improvement (created as aforesaid), privately owned and not herein specifically exempted, and the owners thereof respectively, are hereby assessed at a uniform rate of \$5.466 per front foot toward the cost of general improvements within said Frontage Improvement all as set forth in detail in said Assessment Roll and Corrected heretofore incorporated and including all improvements set forth in the proceedings heretofore adopted and confirmed, saving and excepting the cost of new curbing.

SECTION 8. ADDITIONAL ASSESSMENT, NEW CURBING. All properties abutting upon said Frontage Improvement, privately owned and not specifically exempted herein, in front of which new curbing is required, and the owners thereof respectively, are hereby further and separately assessed (on a frontage basis according to the length of new curbing required, shown in detail in said Engineer's Report of September 11, 1917), at the uniform rate of \$0.44 per front foot for the curb so required in front of said property.

SECTION 9. COLLECTION OF ASSESSMENTS. That in accordance with said Improvement Statutes, it shall be the duty of the Treasurer of the City and County of Honolulu to proceed forthwith to notify, by letter and by posting upon the lands assessed, the several owners, lessees and occupants respectively as far as known, of the several amounts assessed on the respective properties, and of the date when such assessments are payable as hereinafter provided. It shall also be his duty to collect said assessments and to set aside all moneys so collected in a special fund or funds for said Frontage Improvement.

SECTION 10. LIEN. All assessments herein made shall be a lien against each lot or parcel of land assessed, according to the respective assessments, from the date of the first publication of this Ordinance until paid, and shall have priority over all other liens except the lien of property taxes and liens for other public purposes; and in case assessments become delinquent, and other charges authorized by the Improvement Statutes in enforcing the payment of the same shall be satisfied out of said lien.

SECTION 11. PAYMENT OF THE WHOLE OF ASSESSMENTS. That all assessments herein made shall be due and payable and must be paid to said Treasurer within thirty (30) days after the date of the last publication of this Ordinance; provided, that any such assessments may, at the election of the owner of the land assessed, be paid in installments, with interest, as hereinafter provided.

SECTION 12. PAYMENT OF ASSESSMENTS IN INSTALLMENTS. In case of an election, either by act of the owner or other interested party or by operation of law, to pay an assessment in installments, the assessments herein made shall be due and must be paid to said Treasurer in Ten (10) equal annual installments of principal to be due and payable and must be paid within thirty (30) days after the date of the last publication of this Ordinance; and all subsequent installments of principal, together with interest on the whole of the unpaid balance of principal, at the rate of six per cent (6%) per annum, shall be due and payable annually thereafter, dating from the date of last publication of this Ordinance.

SECTION 13. ENFORCEMENT OF PAYMENT. Failure to pay any installment, whether of principal or interest, within thirty days after the date when it shall first have become due shall cause the whole of the unpaid principal and accrued interest to become due and payable immediately, and the whole amount of unpaid principal and accrued interest shall thereafter draw interest at the rate of one per cent per month or fraction thereof until the day of sale made as provided in the Improvement Statutes. Provided, that at any time prior to the day of sale the owner may pay the amount of all delinquent installments with interest on the whole amount of unpaid assessment at one per cent per month or fraction of a month, as aforesaid, and all penalties accrued, and shall thereupon be restored to the right thereafter to pay in installments in the same manner as if default had not been made. The owner of any land assessed, not in

default as to any instalment or payment, may at any time, after the expiration of the first thirty day period, pay the entire unpaid principal with interest thereon to the next annual date for the payment of instalments. The owner of any undivided interest in any land, may pay the whole assessment and may have a joint or severable right of action at law in assessing against any other owner or owners of any interest in such land for their proportionate share in said assessment.

SECTION 14. CERTIFIED COPIES. That upon the final publication of this Ordinance a certified copy hereof and of its due publication, and of the Corrected Map, Assessment Roll, the list of owners, lessees and occupants so far as known, and the summary of descriptions of property abutting upon said Frontage Improvement, all on file as aforesaid, shall be forthwith made and delivered by the Clerk of the City and County to the Treasurer of the City and County of Honolulu, Territory of Hawaii.

SECTION 15. DISPOSITION OF ASSESSMENTS COLLECTED. All moneys collected from said assessments by the Treasurer of the City and County as cash payments of the whole assessment, or of one or more installments, due or paid prior to the authorization of any bond issue for said improvement, shall be entered in said Special Improvement Fund and applied toward the cost of the improvement authorized.

All moneys due and collected thereafter as part of any subsequent installments and interest, and covered by any bond issue respecting the authorized improvements in said Frontage Improvement made under the Improvement Statutes, shall be set aside by the Treasurer of the City and County in a Special Improvement Bond Fund for said Frontage Improvement and applied solely as provided in said Improvement Statutes.

SECTION 16. CONSTITUTIONALITY. If any section, or any part or clause of any section of this Ordinance or of the Improvement Statutes, be decided by the Courts to be unconstitutional or invalid, the same shall not affect the validity of this Ordinance as a whole, or of any section or part thereof which can be given effect without that so decided to be unconstitutional or invalid.

SECTION 17. This Ordinance shall take effect on its approval. Date of Introduction, October 9th, 1917. Introduced by CHAS. N. ARNOLD, Supervisor.

I hereby certify that the foregoing Bill passed Second Reading as amended and ordered to print at a meeting held by the Board of Supervisors on Friday, October 12, 1917, on the following vote of said board: Ayes: Ahia, Arnold, Bellina, Hellingner, McClellan, Mott-Smith, Petrie, Total, 7. Noes: None. E. BUFFANDEAU, Deputy City and County Clerk. 6917—Oct 15—16—17.

### WOMEN AS REGULAR HUMAN BEINGS

By DOROTHY DIX  
The World's Highest Paid Woman Writer

The secret ambition of every woman who has an inch of backbone and a tabespondent of brains is to be regarded as a regular human being instead of merely as a woman.

She is tired of being thought of in terms of military as a doll who must be continually dressed up, or as a toy to be played with, or as a clinging vine that has to be propped up. What she yearns for above all other earthly things is to drop the question of her sex, and to be considered and dealt with as a fellow creature who has intelligence and reason and capability, and who is thoroughly able to stand alone on her two sturdy little feet.

This desire that all women cherish is being realized now for the first time by a class of women who are being officially recognized by their country not as women, but as regular human beings. For in the draft of men to defend their country those who have dependent, helpless wives are excused from service, but not the men who have married women who have been self supporting. Thus does the government recognize the woman who can take care of herself as a citizen instead of a female.

In spite of the sorrow and anxiety that tore at her heart as she saw her man go, it must have been a proud moment for such a woman to realize that she was no drag upon her husband, keeping him tied down to his daily job when his soul longed to be marching away with those who are fighting the battle for the freedom of the world; that she was no obstacle in the path of his duty and that she could give to her country a double gift, for she could give to it all that any woman can give and the work of a man besides.

When the government announced that the husbands of all women who

had been self supporting would not be exempted from service in the army, it was as if the accolade of knight-hood had been laid on the shoulder of every woman who has ever stood behind the counter, or manipulated a typewriter, or bent over a ledger, or followed any trade or profession by which she earned her daily bread. Such women were ennobled by their work, recognized for all time as regular human beings who could do their share of the world's work, who could take their place as comrades and fighters with men instead of being helpless on men's hands.

Certainly the need of teaching every girl some way by which she can earn her own living has been emphasized by this war so that it does not seem that even the dullest and most shortsighted parents could fail to see the importance of it. Every day we are seeing the impossible happen, and the things that we thought could never take place occur.

Fortunes are being swept away and people who thought themselves rich are being impoverished. Men are being killed and maimed. Women are being widowed and children orphaned and those who had fondly believed that they had strong men to protect them from the hardships of life, suddenly find that they themselves must protect and care for the wrecks of men that war sends home to them.

All of the old feminine landmarks of safety are being swept away on the tide of blood that inundates the world. Nothing will be the same for women after the war as it was before. They will not even be able to count on getting married, as the predestined and ordinary way of a woman's making her livelihood, because so many men will be killed that there will not be enough men to go around as husbands by any millions.

Therefore, it behooves all parents to see to it that their girls are taught some means of earning their own bread, and butter, for it is just as certain that the young woman of tomorrow is going to have to support herself as it is that her brother is.

Of course, under any conditions, girls should always have been taught some gainful occupation so that they could support themselves if necessary. The reason for it has always existed. It is only emphasized now, and the most curious thing in the world is that fathers and mothers have never seemed to appreciate what a cruel thing it is to turn their daughters adrift in life without even a financial spear to cling to.

None are so ignorant as not to know that money lies at the basis of all health, happiness and respectability. A woman must have food and shelter and clothes. If she has no husband or father to supply them she must make money to buy them herself, and if she is not taught some way of making the money honestly, she is forced to get it dishonestly.

Parents know that, and yet they are so careless they trust their daughters' fates to chance. That is why the sin of 90 per cent of the girls who go wrong is on their parents' heads. The girls would have been glad to work if they had been taught anything by which they could have earned a living wage, but no one saw to it that they were taught how to do anything well enough to command a decent salary, and so, utterly untrained and unskilled, they drifted from miserable job to miserable job until finally they drifted on the street.

The way to keep girls from going wrong is to teach them how to work. Teach them skill at some occupation for which they have an aptitude, for there is no keener pleasure than in doing the work we know we do well, and you will supply them with such interests and ambitions that you will fill their minds with other thoughts than that of dance-halls and cheap amusements.

Teach them how to do the kind of

work that is worth good money and they will not have to buy the finery that all girls love with their souls. They can pay for it out of their own pocket books. Teach a girl to be self supporting and you put into her self-respect and independence that makes her go straight of her own accord.

Teach a girl a good way of making her own bread and butter and you do all that anybody can do to protect her in the vicissitudes of matrimony. Such a woman is never wholly and entirely at the mercy of a brutal husband as the dependent woman is. If the worst comes to the worst, she can get up and leave him and go back to her old job and support herself.

But the woman who has never been taught any way of making a dollar can only bow her head and submit to any indignity that is put upon her, or she would starve if thrown on her own resources, and so she must endure a life that degrades her as the price of her mere ticket.

Teach a girl some way of making a living and you give her a crutch to lean on in the day of adversity. Even in times of peace husbands die, or they become invalids, and women are suddenly thrown upon their own resources to make a living. If they have ever worked before they can take up their old occupations and what would otherwise have been a calamity is merely a misfortune. But for an untrained, untaught woman at middle age to start out to try to make a living is a hopeless tragedy.

Therefore, because it teaches a girl self-respect, because it saves her from temptation, because it safeguards her from want, and because it makes her a regular human being, instead of a helpless, useless, parasitic female, teach your daughter some good trade or profession by which she can support herself, if need be.

## YALE BANKRUPT AS WAR RESULT SAYS PROFESSOR

The assembly of the College of Hawaii was addressed this week by Dr. H. E. Gregory, head of the Yale University geological department, on the subject of the universities and the war. Dr. Gregory's address concerned the war activities of Yale students in particular. He said in part: "When war actually came on I saw the arrangements from two positions: One at Washington, the speed with which work was started, particularly the attitude of the men that this was the time to get rid of all incompetent helpers. I think when the history of this administration is written the strongest phase that will stand out is the vision and foresight in hunting for a specific job. Perhaps the most gratifying feature is the way the universities and the large engineering societies have offered their services unreservedly to the government. The government has at its disposal the most successful business men and the most competent chemists. All men in Washington are working in unison. There are no politics in the affairs of the government at the present time.

"The other position I referred to is that of the students of the universities. I shall speak for Yale for I am acquainted with what took place when war came on. In ten days the university changed from 200 years of quiet work to a military school. All was done with a thoroughness that was amazing. Yet there was no enthusiasm whatever. There were no hurrahs and flag waving speeches, but the sentiment was 'There is something to do that is worth while and it is up to us to do it.' At first we had some trouble with a few of the parents who came to us, saying that their boys were determined to leave college and wouldn't we do something to hinder them; but I am glad to say the answer in very many cases was, 'If you want my advice, there is a train leaving for New York at 2 o'clock. You can help your boy best by taking that train.'

"Colonel Squier of the signal corps told me that the war department, in his branch of the service alone, was employing on an average of sixty new women clerks a day. The girls of Vassar, Bryn Mawr, Wellesley, were foremost in offering their services as clerks.

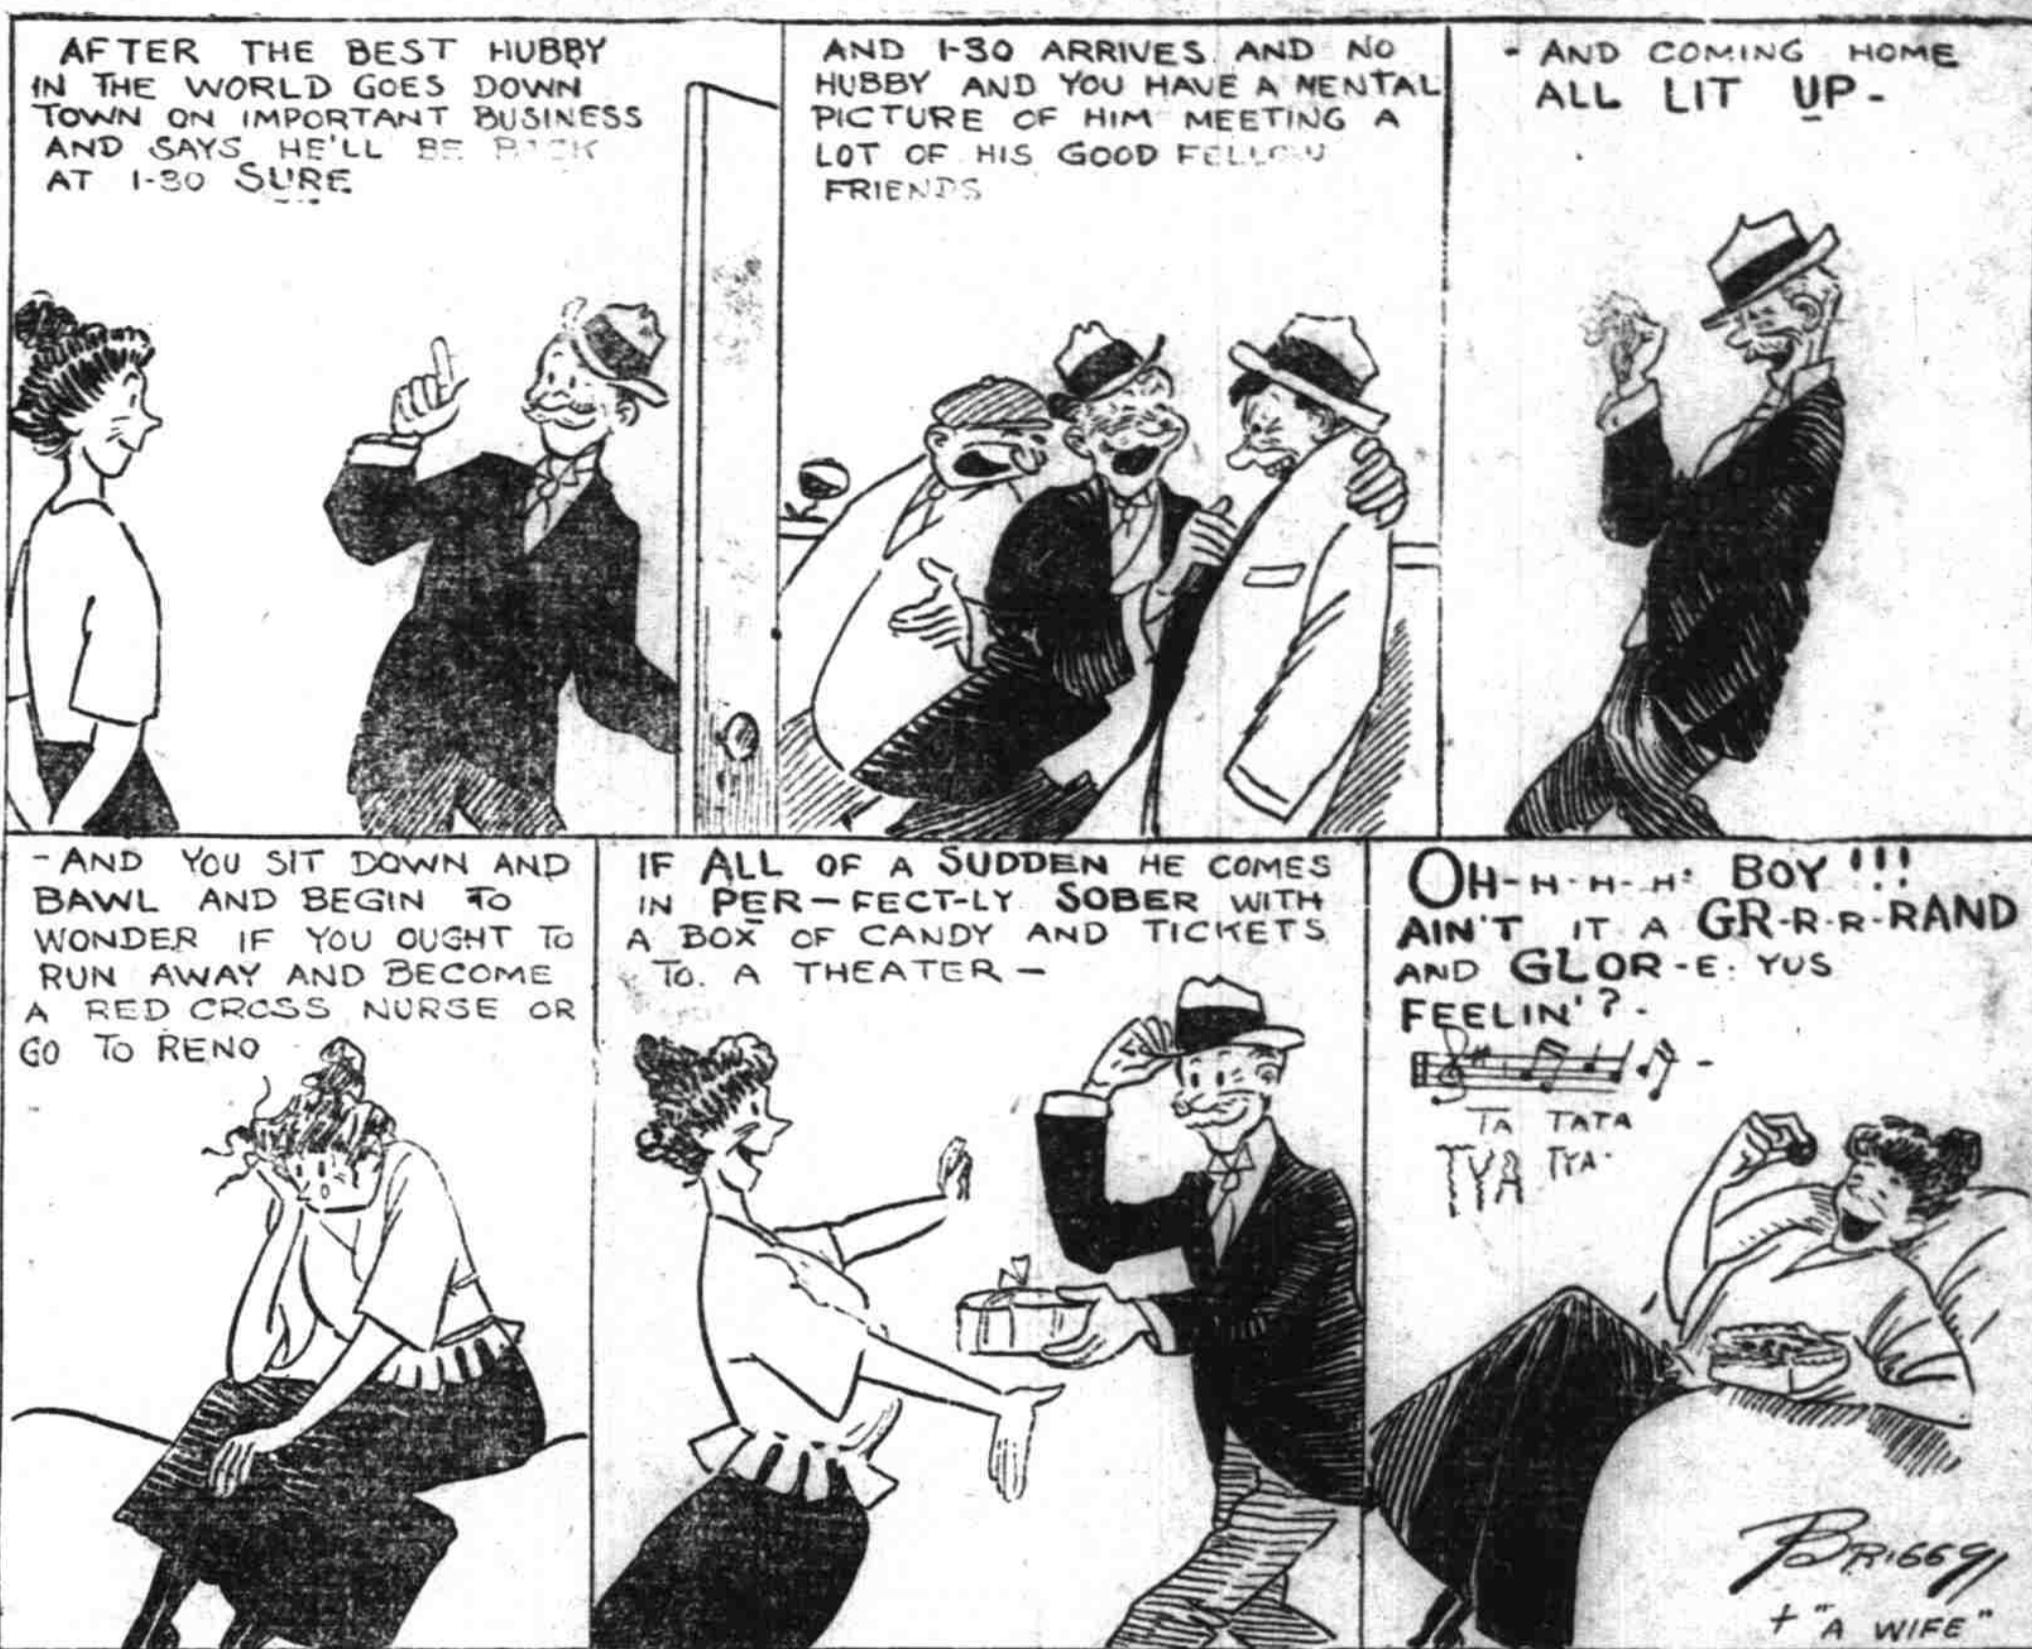

"Yale University is financially busted as a result of the loss of about 1500 students and many of the faculty, for the faculty members are receiving their salaries just the same; but here is where the business man comes in. We have received many communications asking if there is not some help they can render, and many parents have sent the full year's tuition of their boys, even though the boy has received an honorable discharge from the college faculty for war service."

Plans for the year's work will be outlined at a union meeting this afternoon of the 16 neighborhood circles connected with the Woman's Society of Central Union church. The meeting will be held in the parish house.

## HOOVER'S DATA REACHES LOCAL COMMISSIONERS

Herbert Hoover, national food administrator, cabled the territorial commission a few weeks ago that he would forward "considerable information" regarding the policies adopted by his department. The information came today; great stacks of it that were piled high on the desk of J. F. Child, assistant executive officer.

Much of the information is publicity matter which has been scattered broadcast over the mainland by the national food administration, but a large majority of it, Mr. Child points out, has, for some reason, failed to reach Hawaii. Copies of the new famous war and food conservation posters are contained in a handsome leather covered book which, among other things, includes data on general administration and organization, food conservation, production of food, marketing, labor and regulation. There are several hundred pages of this information, and Mr. Child declares that he will read it through.

"It is certainly apparent," says Mr. Child, "that Hawaii has been getting but a very little of the vital publicity matter sent out by the national food administration. In fact, I haven't seen any of the publicity matter reaching me today, except that which has been clipped from other papers and used by the Honolulu newspapers."

## DIDN'T KNOW ADDRESS OF PRESIDENT WILSON

DULUTH, Minn.—There may be those who do not know that Henry Clay was even sick, according to Miss Maude Winsted, clerk of the First county division board of Duluth.

A large English speaking man from up north appeared at her office the other day asking information. "I put in a claim for exemption to this board and it was turned down," he said, loudly. "I appealed to the federal board and I was turned down again. What can I do now?" "Appeal to President Wilson," Miss Winsted told him.

## USES LANTERN TO LOOK FOR LEAK IN GAS TANK

Looking for a leak in a gasoline tank with a lighted lantern proved dangerous to S. Sera last night. He found the leak, but an automobile was destroyed and Sera was taken to the emergency hospital to have his arms treated for some bad burns. The car, belonging to the Schuman Carriage Co., and rented by A. N. Ayer, was standing at Punahou and King streets. Sera smelled gasoline and started on a hunt for the leak. The top of the machine was destroyed and the woodwork badly damaged. The car was insured.

## ARGUE SANCHEZ CASE IN SUPREME COURT

Argument in the mandamus suit brought by Manuel Oliveira Sanchez against City Clerk David Kalauokalani was had in the supreme court yesterday and the case was submitted. Circuit Judge Ashford sat in the place of Justice James L. Coke, who is on the mainland. Sanchez, who is a Porto Rican, is seeking to force the city clerk to allow him to register as a voter, the case raising the question of the status of Porto Ricans as citizens of the United States.

## SEWING AND COOKING TO BE TAUGHT GIRLS AT JAPANESE HOME

(Special Star-Bulletin Correspondence.) WAILUKU, Oct. 16.—At a recently held meeting of the Committee for the Wailuku Japanese Girls' Home it was unanimously voted to secure the services of a matron, whose special duties will be that of taking entire charge of the American sewing of the girls in the home and also to instruct the young women in the art of cooking. The plainest kind of American style of sewing will be undertaken by the person appointed to the position, and the cooking will be such as would be done in any American home. The committee felt that the need for Japanese girls who understood domestic work along the lines of cooking and plain sewing was steadily growing, and that the home would meet this need.

## HILO GAS ENGINEER MAY GO TO FRANCE

HILO, Oct. 13.—Stating that a number of the leading gas engineers in the United States are required for immediate service abroad, Maj.-Gen. Earle J. Atkinson, commanding officer of the American university camp at Washington, D. C., has written to Joseph M. Berkeley, chief engineer of the Hilo Gas Co., asking if he is prepared to volunteer his services. In the letter which arrived yesterday, Mr. Berkeley is also asked to recommend two other engineers, whom he considers qualified for such service. The department to which these engineers will be assigned is the "gas and flame service" of the United States army.—Tribune.

## WIFE DRANK 55 BOTTLES OF BEER IN 5 DAYS, MAN TELLS COURT; IS LET GO

Held by the police to have threatened to murder his wife, Henry Jakel, this morning appeared in police court and explained his side of the case to Judge Irwin. He was later discharged by the court.

Jakel told the court that he and his wife, shortly after marriage, on August 27, this year, went to Kauai to spend their honeymoon. He said that during their stay on the Garden Island his wife consumed 55 bottles of beer in five days, and insisted on having at least three bottles of beer for breakfast each morning. This proved embarrassing, he said, and advised her to stop drinking, he said. But when he remonstrated with her she called him "names," and that started the trouble, he declared.

Although the complaining witness told the court that she was innocent of any wrong, Judge Irwin expressed the opinion that she was to blame, and discharged the defendant.

Five more reserve officers were called to active duty through orders received yesterday from Washington, and have been assigned to duty as follows: Second Lieutenants Edwin L. Slesinger, 32nd Infantry; Arthur H. Milton, 2nd Infantry; Warren L. Stevens, 2nd Infantry; Robert B. Grantham, 25th Infantry; Paul R. Border, 1st Infantry.

## LIQUOR LICENSE STAFF TO START WORK ON MONDAY

The new offices of the inspector of liquor licenses will be formally opened October 22, on which day the new regulations limiting the sale of liquor for consumption off the premises go into effect. Inspector W. H. Hutton has notified the successful applicants for the positions of interpreters of their acceptance, and this new staff will commence work Monday.

The new members of the liquor license commissioner's staff are James Hakuole, who will act as Hawaiian and Japanese interpreter; G. M. Quintal, Spanish and Portuguese interpreter, and Carl Pedersen, English deputy. These new deputies will receive the applications for permission to purchase liquor to be taken off the wholesaler's premises, and will make out the proper instructions to the dealers.

The inspector's office will be at 22, makai-Waikiki corner of Nuuanu and Merchant streets, adjoining the police station.
