Kerensky, Overthrown, In Flight; Maximalists Plan to Offer An Immediate Peace

CONGRESSMEN SEE "MELTING - POT" AT KAIULANI SCHOOL

SOLDIERS AND WORKMEN JOIN POLITICIANS IN BIG SCHEME FOR PEACE AND LAND DIVISION

Under the royal palms and kiawe trees at Kaiulani school this morning senators and representatives gathered in one of the unique events possible only in Hawaii. In this school there are pupils representing more than a score of nationalities, and their patriotic exercises are typical of Hawaii's "melting-pot" of Americanism.

"MILITARY REVOLUTIONARY COMMITTEE" NOW IN SADDLE, WITH PROVISIONAL GOVERNMENT, HEADED BY KERENSKY, DEPOSED—GARRISON GOES OVER TO THE PACIFISTS

(Associated Press by U. S. Naval Communication Service) LONDON, Eng., Nov. 8.—There are indications of a general retirement of the Turks in North Palestine. The Turk stronghold of Teskrit, 90 miles north of Bagdad, has been captured by the British. Teskrit is half-way between Bagdad and Mosul, which is on the road to Lake Van and fell into the hands of the Russians some months ago. BERLIN, Germany, Nov. 8.—The Teutons have crossed the Lwenz river and captured 17,000 Italians. ROME, Italy, Nov. 8.—The withdrawal of the Italian line continues. The larger units have been recently unmoored. The Italians along the Tagliamento have engaged in an air battle, bringing down five Teuton airplanes.

PETROGRAD, Russia, Nov. 8.—A new force is in the saddle in Russia—a force pledged to immediate peace with the Central Powers and to a division of lands among the peasants. Premier Kerensky is overthrown. He has been deposed at the order of the "military revolutionary committee" representing the latest victors in Russia's upheaval. Kerensky, deposed and in danger, fled today and a warrant for his arrest has been issued by the revolutionary committee.

HAWAII CHINESE WARNED

Consul Woo Huan Exposes Movement, Backed By German Gold, to Place Dr. Sun Yat Sen in Power and Conclude Separate Peace

NEW DISCLOSURES IN SITUATION IN CHINA Dr. Sun Yat Sen and followers propose to float loan of \$50,000,000 to foment revolution against central Chinese government. German influence and money, coupled with Dr. Sen's desire to become head of China, believed motives for the movement. Tsz-zang Wookuan, local Chinese consul, instructed by ambassador in Washington to discourage purchase of bonds and attempts to assist flotation of loan. Chinese consul officially informed that the central Chinese government will not be responsible for the redemption of the so-called loan. Hawaii is included in countries where Dr. Sen expects to get money. Chinese consul has information to the effect that money may already have been sent from Hawaii and that bonds have been received and sold here. As early as last August the Liberty News, a Sun Yat Sen newspaper, urged Chinese here to contribute to the loan. Copies of papers containing the articles are now in the possession of the U. S. attorney's office. U. S. district attorney's office expresses opinion that a purchaser of these bonds, or a contributor to the revolution movement, might be convicted of sedition or treason, and possibly violation of neutrality.

OFFICIALLY exposing a gigantic plot which Dr. Sun Yat Sen, a native of Hawaii, believed to be aided by pro-German gold and influence, aspires to become head of the Chinese government and possibly conclude a separate peace with the Central Powers, Tsz-zang Wookuan, local Chinese consul, today gave the Star-Bulletin copies of official cablegrams which have been forwarded to him through the Chinese legation in Washington, D. C. The cablegram of supreme importance emanated from Peking, present capital of the Chinese republic. Although the principal cablegram was received several days ago, Consul Wookuan has refrained from making it public, but has now declared that the time is ripe for the Chinese of Hawaii to be warned against taking any part in any movement which Doctor Sen may be engineering to disrupt the present government of China, largely for the reason that China has

LATE NEWS AT A GLANCE

QUEZON CALLS ON FILIPINOS TO FIGHT FOR U. S. MANILA, P. I., Nov. 8.—Manuel L. Quezon, former resident commissioner in Washington for the Philippines and now president of the Philippine senate, made a statement today in which he urged the Filipinos to show their gratitude to the United States by espousing the American cause in war. He asserted that the Philippines have a more vital interest in the outcome of the war than even the United States, and that the islands would lose all hope of liberty in the event of a German triumph. "Let us fight for America and the small countries," he said. "We do not need compulsory service. The veterans of the insurrection will volunteer." HAMBURG-AMERICAN OFFICES IN NEW YORK SEIZED BY THE U. S. NEW YORK, N. Y., Nov. 8.—The Hamburg-American Steamship Company offices here were seized today on orders to the United States marshal from A. Mitchell Palmer, who is in charge of enemy property in the United States. The employees of the offices were ordered out. The offices will be used by the port board and a war board. U. S. WAR MISSION CANNOT TALK PEACE OR POLITICS. WASHINGTON, D. C., Nov. 8.—Denying rumors that the war mission just reached London will discuss peace terms, Secretary Lansing declared today that the mission will talk neither peace nor politics. Its function is to plan more efficient handling of the war with the European Allies. BRECKONS SPECIAL GRAND JURY PROSECUTOR Attorney-General I. M. Stainback this afternoon announced the appointment of Attorney R. W. Breckons as a special deputy to assist the territorial grand jury in an investigation of the Florence Berg case. Miss Berg, who was a nurse at the Queen's hospital, died following a criminal operation. PRESIDENT CALLS BANKER INTO IMPORTANT CONFERENCE. WASHINGTON, D. C., Nov. 8.—Otto H. Kahn, noted New York banker, was called into conference with the president today to discuss economic conditions in the country. Governors of the federal reserve banks are also in conference with the reserve board here today. FUEL CONTROLLERS MAY RESTRICT ELECTRIC SIGNS WASHINGTON, D. C., Nov. 8.—The fuel control administrators are taking action to restrict the use of electricity for advertising signs to conserve power, and thus conserve fuel. HIGH PRICES OF COAL MAY BE REDUCED SOON WASHINGTON, D. C., Nov. 8.—A possible reduction in coal prices is indicated by the instructions of the fuel administrators to the state subordinates calling for a change in the method of fixing retail prices.

RUSSIA'S DOOM MAY BRING JAPAN ACTIVELY INTO WAR

"RUSSIA is out of it," said Senator Henry L. Myers of Montana, when informed of the Russian denouement. "We can't expect anything from Russia. I am not at all surprised to hear that Russia has asked for peace. I have expected this. It is up to the United States to take up the burden. We will have to take Russia's place and do more than ever before. Our nation must align with England, France and the other allies and fight to a finish. I have never believed that the conditions in Russia would be arranged so that we would have the full support for the safeguard of democracy. It will mean a hard fight for the United States and it may bring Japan into the conflict with a million men. It is too early to predict any definite campaign, but the United States will have to bear the burden. We are in it now, and we have got to stay in," he concluded. Members of the congressional party who were in attendance at the exercises this morning at Kaiulani school received the word that Kerensky had been deposed in a solemn manner. While a young Japanese youth was

CONGRESSMEN THRILLED AS KIDDIES OF MANY NATIONALITIES SALUTE FLAG

Children Arrayed in Costume Pass Before Visitors, Pledge Allegiance to Stars and Stripes and in Pretty Speeches Tell Why They Love Flag of Freedom

SENATOR MYERS' ADDRESS TO CHILDREN "You children of Hawaii gathered from all quarters of the world have shown a deep respect for your flag. The scene depicts the interest, the brightness and the adaptability of the children of your school. America's true patriotism and citizenship have been instilled in the young of the islands. I want to compliment one and all of you for your true display and your true thoughts to the flag. I also wish to compliment your principal and teachers for moulding the sentiment that has been expressed today. "If the children of Kaiulani school are as smart in their studies as they are in their patriotism, then I must say that you are the smartest children in the world. We are learning the great lesson of civilization and citizenship. We are learning the loyalty to the flag. This gives you the right to live. It gives you the blessings and the joys that surround you today. This is the ideal government of all time."

KAIULANI SCHOOL, the "melting pot" of Hawaii with 26 nationalities represented among its children, welcomed the congressional delegation this morning. And then was enacted a scene that made the hearts of the distinguished visitors thrill with emotion, that made their bosoms swell with pride for America as the cosmopolitan assemblage—Japanese, Chinese, Hawaiian, Russian, German, Portuguese, in fact the whole gamut of races was represented—pledged allegiance to the Stars and Stripes and childish voices told why they loved the flag.

RUSSIA'S FALL MAY CALL TEN MILLION SAMMIES

Utah Solon in Talk at Commercial Club Says Sacrifice is Spirit of Hour "Spirit of sacrifice must be the dominant feature of the American people at this hour," said Senator William King of Utah in an inspiring, red-blooded talk full of true Americanism today at the Commercial Club lunch. Sacrifice has given us our flag. Sacrifice has given the American people liberty. "Word came this morning that Russia had collapsed. Gentlemen, this means perhaps sending 10,000,000 of our boys to the bloody fields of Europe. This calls for our money, for our sails on the oceans, for our tears and our heart throbs. Now is the time when we need big men and big women. "Gentlemen, at this hour we need men who are willing to give their lives that America and democracy may be saved. We sacrificed much in the early days when we created this great republic. We sacrificed again in the days of our civil war that our nation might become a greater one. This is the day of sacrifice and everything else must step aside today. Peace Must Come "A reign of righteousness and peace must come to the distracted humanity of the world. The world has coveted the fleshpots of Egypt. The world has grown sordid. We must show the downtrodden of every land the haven of peace. We must show to them the glory of the republic which will steer their bark to righteousness and love for humanity. "I was very much impressed this morning by the feeling expressed by the Kaiulani school children. It shows the manner in which you have gathered the various peoples together for peace. I have no more adjectives left. This is a land of adjectives. Your nouns and your verbs are missing. Hawaii today is the center of the trade of the Pacific. Soon the Pacific will stand as a real thoroughfare of the world," he concluded. Mr. Smith is coming to Honolulu. Adv.

PETROGRAD, Russia, Nov. 8.—The Maximalist party has obtained control of the Russian government by a coup d'etat and the Kerensky government has collapsed.

The Maximalists are in control of Petrograd and have issued a proclamation declaring that the new government will propose an immediate peace, news to this effect being announced by the semi-official Russian news agency. The Petrograd garrison assisted in making possible the bloodless political stroke by which Kerensky was overthrown and the peace party placed on top.

LONDON, Eng., Nov. 8.—Leon Trotzky, a prominent Maximalist and president of the Petrograd Council's executive committee, representing the conference of Soldiers and Workmen's Delegates, signs the proclamation calling for peace. This proclamation declares that the provisional government no longer exists. Some of its members have been arrested. The preliminary parliament has been dissolved.

PETROGRAD, Russia, Nov. 8.—(Later)—The military revolutionary committee of the Central Council of Soldiers and Workmen's Delegates is proclaiming that officers not joining the Maximalist movement openly must be arrested. Those military detachments whose sentiment is uncertain will not be permitted to leave the front for Petrograd, and where persuasion fails, force if necessary will be used to whip the troops into line. The program of the revolutionary committee is "an offer of immediate peace," to quote the proclamation, "and of a division of proprietorial lands among the peasants, the transmission of all authority to the Council of Soldiers and Workmen's Delegates, and an honest constitutional assembly. The council is for peace, bread, land and the vesting of power in the people."

LONDON, England, Nov. 8.—A Petrograd wireless says that the split in the Central Council has been healed, and a call sent out for a convention of one delegate for each 25,000 of the population, to express the will of the Russian army.

MAN KILLED, WOMAN WOUNDED IN HOTEL STABBING AFFRAY

One Filipino man is dead and a Filipino woman, with whom he had been living, is seriously wounded as a result of a stabbing affray which occurred at the Occidental hotel, King and Ala streets, at 2:15 o'clock this afternoon. Francisco Mercado, who confessed to the killing, and who is now under arrest, claimed that the woman, Anna Villacume, is his wife and that Striaco Pason, aged 25, whom he slew, stole her from him. Before he died Pason identified Mercado as his assailant and later Mercado confessed before the police. The woman told the police she had been living with Mercado two years. He was not her husband, she said. Another Filipino, Cipriano, brought the woman from Wahiawa, and was with her at the Occidental hotel. He left her there several days ago, and told Pason to take care of her. Mercado followed the woman to the city and discovered her at the hotel with Pason.

# Scenes and Incidents of Congressional Party's Arrival at Honolulu

Greetings for the steamer Matsuo bringing the congressional party into port on Wednesday. Left above—Crowd at the wharf welcoming senators and representatives as they emerged from the dock sheds. Center—Matsonia drawing into the dock, her rails crowded with expectant passengers. Below—Matsonia lying in off port, with launches containing reception committee and Hawaiian band ready to put their passengers aboard. The greeting to the Washingtonians was characteristically cordial and colorful.

## INTERVIEWS AND SIDELIGHTS ON CONGRESSIONAL VISITORS

REPRESENTATIVE L. B. GOODALL of Maine arrived at the Moana hotel at 8 o'clock yesterday morning. At 8:04 he was busy engaged in discovering the scientific names of every shrub around Waikiki. "It is all so wonderful," said Representative Goodall. Together with Mr. George Hess, the noted botanist, he made friends with the flowers and trees. The representative from Maine is one of the many who were wonderfully impressed with the first view of Hawaii.

CONGRESSMAN GALLAGHER of Chicago, who is known as "Daddy" Gallagher, met an old friend in Major D. H. Gentry. The two friends became enthusiastic over Honolulu, and before long the representative from Illinois was leading the discussion. Representative Gallagher is a member of the rivers and harbors committee and during his stay here intends to spend much time in studying this work. He said this morning that he could not see how anyone could be anything else but a booster for Hawaii.

ALFRED ERLY lives up to his name. During the tour with the congressional party he has been on the job bright and early each morning and has thrown his 250 or more pounds of energy into the work of making everything pleasant for the party. He not only makes things pleasant for the members of the congressional party, but also took the helm as booster for everything of importance on the Matsonia. He hurled his weight into the deck sports and the Red Cross contest and the two affairs proved to be real successes. ERLY has a happy faculty of getting things started, and what he said on the steamer went, as far as the cooperative work for the Red Cross was concerned. Mr. ERLY does not play the ukulele, but does enjoy big game hunting.

"THIS is worth coming a long way to see," remarked Representative Thomas Gallagher, Illinois, yesterday morning as he stood at the rail of the Matsonia and gazed out across the harbor toward the green Koolau range, lighted and darkened alternately through rifts in the morning cloud cover over its summit. "We have had a splendid trip over and we are glad to be here. It has been a long and busy session of congress, but I believe one which has accomplished many worth while things."

Mr. Gallagher remarked that one guess seems to be as good as another on the time the war will end. Opinion is divided on the mainland, he says, some fearing that it will continue for some time and others confident that it will close abruptly as it started. Whatever the time, we will win, he added.

"HAWAII may well look for a big trade on the Pacific when the war is over," remarked Representative Benjamin F. Welty of Ohio, a member of the house committee on railways and canals. "It is destined to become one of the great waterways of commerce." Mr. Welty was shown the big piers now building at the foot of Port street as the liner floated by them, testimony that Hawaii believes as he does. "This is as great as it has been pictured," he added, commenting on

the picture of living green framed across the water. "Not only have you furnished us with sunshine and sparkling waters, green clad hills and white banked clouds, but there is a gorgeous rainbow dipping down into the harbor almost within reach. Did they order that, too?"

CONGRESSMAN GEORGE M. BOWERS of West Virginia is an authority on fish. He knows more about the finny tribe than any other member of congress. He said yesterday that he intended to visit the aquarium and hoped that in a short time Hawaii would have a national aquarium. Congressman Bowers is an old friend of L. Tenney Peck of this city.

REPRESENTATIVE ALLEN T. TREADWAY of Massachusetts is confident that the people of Hawaii know the value of publicity. "The people of Hawaii are alive to the many good things that have been showered upon them," said Representative Treadway; "and the wonderful part of it all is the fact that it has not been hidden."

Representative Treadway lives in the Berkshire hills, a section of the country which has been much advertised, and he appreciates the value of publicity. He is the official historian of the congressional party. His article in the Star-Bulletin yesterday was much appreciated by the members of the visiting delegation.

Many of the congressional party are eagerly seeking information regarding Hawaii's conditions in all lines of life, social, industrial, commercial and sociological. The large number of beautiful homes was a surprise to most of them while the remark was freely made that everyone in Honolulu seemed to be prosperous and enjoying life as it is enjoyed nowhere else on earth. Many inquired about bathing and surfing.

Congressman Welty of Lima, Ohio, is the "trust buster" of the delegation. Mr. Welty was special assistant in the department of justice about two or three years ago and was entrusted with the prosecution of the so-called plumbers' trust and secured convictions at Pittsburg, Des Moines and Salt Lake City. He declares that the department of justice has at all times done its level best to secure convictions, but he concludes that the judiciary system of the United States needs reforming along new lines to insure material results. He also holds that it is a disgrace for a country of intelligent citizens to come to the point where a food dictator had to be appointed to control prices and regulate distribution of food products. One after hearing his views gains the impression that Mr. Welty and the trusts will never have anything in common.

Senator King took dinner with L. L. McCandless at his Liliha home last night and likewise was impressed with the beautiful site. Senator Myers, chairman of the senate committee on lands, says little but is a deep thinker and student. What's more he is deeply interested in Hawaii's land problems and has made inquiries as to how the corporations first acquired Hawaii lands. He holds the view that no land should be permitted to be held uncultivated but should be made productive for the common welfare.

## Week's Program For Congressional Party

**FRIDAY, NOVEMBER 9.**  
9 a. m. Leave hotel for trip to Makapuu.  
1 p. m. Visit College of Hawaii—lunch.  
2 p. m. Around Diamond Head by way of Kaimuki. Visit aquarium.  
Evening. Reception at 8:45 by Governor Pinkham in the Throne room at capitol, followed by grand ball at the national guard armory.

**SATURDAY, NOVEMBER 10.**  
Morning. Governor Luetius E. Pinkham will be in his chambers, capitol building, to receive members of visiting party from 9 o'clock to noon.  
12:30 p. m. Lunch on roof of Young hotel. (The public generally are invited to meet the congressmen, following the lunch, at which time anyone will be given opportunity to present to the congressmen any matters which they may feel need attention or consideration.)  
5 p. m. Depart for Napoopo'o or Kailua, Hawaii, by S. S. Kilauea.

## SCHOOL KIDDIES STIR SOLONS

(Continued from page 1)

were only four Americans. This fact impressed the members of the congressional party, showing the real patriotism that had been instilled into the minds of the peoples of other races.

When Miss Columbia called upon the two little girls of German parentage to tell why they loved the Stars and Stripes, there was a hush, and the members of the party listened attentively as a little flaxen-haired pupil said:

"We love our new fatherland. We love the Stars and Stripes floating so proudly over a nation which protects and loves us all. It is our Flag."

"There was another incident of interest to the congressmen. Word had just reached the members of the party that Kerensky had been deposed and that the temporary government of Russia would ask for peace. One little Russian youngster told why he loved the Flag which gave the children life. And then a little youth from the same country pointed to the Flag and said: "It is our Flag. It belongs to us all. We love it."

It was an impressive scene and one man in the party said: "There is hope for Russia yet."

A little Mexican was the last to pass before the Flag. He looked jonesome, dressed in his native costume, and he forgot his lines. But he pointed up at the Flag and the visitors knew that his patriotism was not lacking, despite the lack of oratory.

Dressed in 15 different costumes the group of children who greeted the visitors seemed to be lifted from Fairyland. "It is the deep patriotism and the love of the Flag that impresses me so much," said Congressman James V. McClintic of Oklahoma. "It is wonderful. It doesn't look real. I am expecting that these children will step out of the picture, and I'll wake up. If it wasn't for the real love of the Flag and the earnest faces of the children, I believe that I would imagine that I had been in Dreamland."

Members of the delegation were so impressed with the exercises that they showered Mrs. Fraser with compliments of every description.

"It is most impressive," said Congressman John A. Elston; "I wish that we could copy the sentiments of that bright group of children and spread them broadcast throughout the nation. The sincerity and love of the Flag is inspiring."

Following the exercises the members of the congressional party had their pictures taken with the school children and then left for a ride to the Palis, which was followed by a lunch at the Commercial Club.

## Solons Welcome U. S.-Japan Pact

### MEANS MUCH TO HAWAII IN NEAR FUTURE

### 'Americans Unjust to Japan,-King

"TRUE Americans should look with pride on the understanding arrived at on the American-Japanese question," said Senator William King of Utah in a discussion on the Ishii mission. "The Pacific in the near future will be a wonderful field of operation. Japan and the United States are two nations which will have much to say in the world's commerce. The sooner San Francisco and Yokohama increase in size, the sooner will Hawaii become the great center of activity."

"All of our wars of the past have come about through a lack of understanding. Now that the United States and Japan have come to a clearer understanding we must look forward to a great growth in trade throughout the Pacific countries."

"Many Americans in the past have been unjust to the Japanese people. We have offended their pride and have failed to recognize their genius and ability. The jingo press has held the Japanese in disdain, and it has been this antagonism which has kept the two nations apart. Japan has proved to America that she is willing to extend a hand in friendship."

"Japan has her mission in the Orient. I have never believed that the Japanese people have wanted the Philippines, Hawaii or Guam. Her people must find their field of operation in the Orient."

"Many months ago I worked for a closer cooperation in Japan. I believed that Japan could help in Russia at a time when the Huns were tearing at the borders of Russia. I also believed that Japan might extend a helping hand to Italy in her distress. And at that time Viscount Ishii did not say that the problem would not be practical. Sending 500,000 trained Japanese soldiers to the fields in Italy and at Saloniki would win for the Allies."

"Japan has no sinister designs in China. She has asked for no special

## SENATOR KING, WHO INDORSES AGREEMENT

privileges and her pacific policy has made many friends in the United States. I have always been a thorough believer in the friendship of Japan, and the recent agreement will mean more to us than we can appreciate at the present time."

Hawaii National Guard  
That the National Guard of Hawaii should be immediately called in to service, so as to relieve the large number of regulars who have been seasoned by long service in Hawaii and who could be sent to Europe, is the belief of Senator King. There is no need to maintain a huge garrison here in the islands, according to the senator, as the only enemy we have to fear is Germany.

## RUSSIAN UPHEAVAL DISCUSSED BY CONGRESSMEN WITH VARIOUS VIEWS

In the light of today's upheaval in Russia the views of some of the Congressional party as expressed last night in the course of a general discussion take on added significance.

When the conversation turned to Russia U. S. Assistant District Attorney Banks voiced the thought that the revolution in Petrograd was the direct result of German influence. The opinion was concurred in by Representative Edmund B. Platt of New York, and Representative Henry W. Temple of Pennsylvania took an opposite view, inclining to the belief that it was the outcome of treachery among royalty, and had for its object the overthrow of the royal family and the firm prosecution of the war.

As expressed by Congressman Platt and Judge Banks, the revolutionary seeds were sown by German agents under instructions from Berlin, the Kaiser and his advisers realizing that though densely ignorant the Russian

peasant might be ignorant of the merits of the war and its objects—with Nicholas sitting on the throne, the peasant in his unquenchable loyalty to the Czar as the head of the Russian church would fight to the bitter end to preserve the "Little Father." Therefore it was Germany's interest to unseat the Czar, Berlin believing that with the Czar out of the way the Russian peasantry having lost their idol would soon tire of slaughter and bloodshed and be more amenable to the German peace propaganda.

The view of Congressman Temple that the revolution was indorsed by the allies was not concurred in by Congressman Platt. It was argued that events have proved since the revolution that every denouement has been to the advantage of Germany and to the disadvantage of the Entente.

Mr. Smith is coming to Honolulu.

## U. S. MUST PROVIDE ADEQUATE NAVAL POWER IN PACIFIC, SAYS POINDEXTER

### Thinks Lansing-Ishii Treaty Will Prove Great Benefit to America and Japan

CHARACTERIZING as vitally important to both Japan and America the international agreement reached by Secretary of State Lansing and Baron Ishii, Senator Miles Poindexter of Washington, one of the visiting congressmen, says that the transaction raises the question as to what extent the United States will concern itself in Asiatic affairs.

Senator Poindexter was told that there are more than 90,000 Japanese residents in Hawaii, and that a large number of them are citizens of the United States by reason of their birth here. He displayed lively interest in this information and said that, as a result of the agreement in Washington, both nations would undoubtedly be greatly benefited.

He believes that the United States must now provide for adequate naval power in the Pacific Ocean to enforce its policies and that it must build up its merchant marine.

"Anything that tends toward permanent peace and amity between the

United States and Japan," he says, "while preserving the legitimate interests of each nation, is much to be desired. The agreement of understanding between Baron Ishii and Secretary of State Lansing is, of course, nothing more than what is sometimes designated a 'gentleman's agreement.' I see that the newspapers have referred to it as a treaty. This, of course, is not so. There can be no treaty binding on the United States until it is submitted to and ratified by a two-thirds vote of the senate."

"However, such understandings between the representatives of two countries have great weight in establishing the international status. In this case, the conversation and exchange of notes is very brief, and does not deal at all with details. It is a sort of thumb-nail sketch, so to speak, of the attitude of these two countries on the Asiatic question."

"Fundamentally, the question is: to what extent will the United States concern itself in Asiatic affairs? "There is a very great difference of opinion on this subject. For my own part, in view of our strict insistence on the Monroe Doctrine for the Western Hemisphere, which says, in effect, that no Asiatic or European power may acquire territorial rights in any of the Americas, it would be quite illogical for us to inject ourselves into the affairs of Asia in any matter affecting its internal affairs."

"I believe the Lansing-Ishii agreement recognizes this principle, saying, of course, our right to trade or, as it is called, the 'Open Door.' It ought to tend toward good feeling and the removal of controversies to have a declaration on the subject. Japan agrees to respect the territorial integrity of China, and we recognize her peculiar interests in China in view of the proximity of the two countries."

"Ultimately, of course, unless the day should come, and we all hope it will come, when there will be a general disarmament, our rights in the Pacific must depend upon our power to protect them, regardless of agreements made by passing statements or governments."

"We can take no backward step in the matter of Oriental trade or of the surrendering of our possessions in the Philippines, or elsewhere. "This calls for adequate naval power in the Pacific to enforce our policies. Of course we must also build up a merchant marine. Without both of these, mere paper agreements amount to very little."

In substance, the main points in the Lansing-Ishii agreement are these: Complete agreement of Japan and the United States on China. German intrigues to embroil the two countries stopped. China's sovereignty and independence assured. United States recognizes Japan's "special interest" in China. "Open Door" is again guaranteed to the world.

Broad intimations that Japan is to take a more active part in the military and naval campaign against Germany.

"Man, man! Come here."

## GOOD FOR YOU? SURE IT IS! SO SENATORS TAKE DIP IN SURF

Two senators stood on the makai lani of the Moana hotel smoking after luncheon cigars.

"Do you see that water out there?" asked the first, pointing to the breakers just off the big hotel.

"You bet I do," declared the other. "Beautiful, isn't it?"

"Beautiful's the word," said the first. "But let me tell you, man, that water out there is worth all the doctors in the world. They say it will work wonders with you."

"You don't say," said the second, surprised.

The first looked at his watch. "Let's see," he mused. "We've got a little time to spare before the governor comes. How about a dip?"

"I'm for it," said the other. And, arm in arm, they walked toward the bath house.

Owing to the uncertainty of the departure of the Maui for the mainland, Delegate J. K. Kalamannole has decided to hold his reception on November 26. The date was originally set for Tuesday, November 27. Hawaii's delegate to congress will be host to his fellow members at his residence, "Pualeiani," Waikele.

## NOTICE OF MEETING

ACTIVE MEMBERS OF Y. M. C. A. OF HONOLULU.

To the Active Members of the Young Men's Christian Association of Honolulu: You are hereby notified that a special meeting of the Active Members of the Young Men's Christian Association of Honolulu has been called by the Vice President and Acting President to be held in Cooke Hall in the Association Building, Hotel and Alakea Streets, Honolulu, on Monday, November 12th, 1917, at 12:30 o'clock noon, for the purpose of acting on the matter of the offer of the Mutual Telephone Company to purchase for \$15,000 the piece of land immediately in the rear of the property line of the Telephone Company's premises, and fronting on Alakea Street.

Honolulu, November 8, 1917.  
CHARLES F. CLEMONS,  
Recording Secretary,  
Y. M. C. A. of Honolulu.

The Right Silks are here for Coming Frocks

Women and misses who want smart frocks and blouses will want them made from these beautiful silks. Here are SILKS for every purpose. Hand-some color combinations bring richness and luxuriousness to all of the many patterns that are sure to add much distinction to garments when made up.

SACHS' SACHS'

## AMERICAN COMPANY ON WEST FRONT CUT OFF AND RADED BY GERMANS

(Associated Press by U. S. Naval Wireless.) WASHINGTON, D. C., Nov. 8.—American soldiers have clashed with the Germans on the western front. Details of the first actual engagement of an American force in France with the enemy were received in Associated Press despatches here and confirmed by the war department. Advancing under the protection of a heavy barrage, a German raiding party shortly before daylight, on the morning of November 3, stormed and took a trench held by the American infantry, killing three, wounding five and capturing twelve.

The war department last night announced that the Americans were occupying a small salient for instruction purposes when they were cut off from the main body of the Allies by a heavy bombardment by the Germans. The losses of the enemy are not known, but one German, wounded, was captured.

General Pershing's cable gave the first details of the American fighting. His message said:

"Before daylight on November 3, a salient occupied by a company of American infantry which was there for instruction purposes, was raided. The Germans put down a heavy barrage fire cutting off this salient from the rest of the line. "Our losses were three killed, five wounded and twelve captured or missing, while the losses of the enemy are unknown beyond one German, who was wounded and made a prisoner."

The war department gave out the list of killed, wounded and missing following its first announcement last night.

## U. S. BLOCKS SEN REVOLUTIONARY MOVE IN HAWAII

(Continued from page 1)

broken diplomatic relations with Germany and aligned herself with the Entente Allies.

The cablegram, which is self-explanatory, reads, in effect, as follows:

"These Chinese foreign office cables that the bogus Canton military government propose to float a loan of \$50,000,000 in the Straits Settlements and America. Further instructions are to arrange with American authorities to circulate instructions to subordinates to prohibit the purchase of bonds, and to prohibit assistance in floating the loan. You are to enjoin the Nationals (Chinese) to beware of impositions. The Chinese government is not responsible for the redemption of the loan. Telegraph any steps taken."

From various sources, and largely from Chinese newspapers in Peking, Consul Woolhuan has received information to the effect that Doctor Sen is receiving the aid of pro-Germans in this movement. It is also understood here that Cuba, Canada and Hawaii are included in the several localities where it is expected to float the loan.

Consul Woolhuan points out that Doctor Sen was vigorously opposed to China severing diplomatic relations with Germany. It was after this opposition had been voiced, and China had broken relations, that Doctor Sen was ousted as commander of the southern army and forced to flee the country with a price on his head. Because he opposed breaking with Germany is one of the reasons advanced for the interest of German capital in his project to overthrow the present Chinese government and set himself up as its head.

## NEXT TRAINING CAMP TO ADMIT MEN FROM N. G. H.

Enlisted men of the National Guard of Hawaii who belong to organizations which existed before July 13 of this year are eligible for appointment to the training camp at Schofield Barracks to open on January 5, 1918.

This is the announcement made today at army headquarters and officers there estimate roughly that from 28 to 30 men will be the number apportioned to the camp from the National Guard of this territory.

Full instructions regarding the admission of guardsmen have not been received at army headquarters, but as soon as they arrive will be published immediately for the benefit of guardsmen who may wish to apply for this course of training. Applications will be made at the proper time through the usual channels of the National Guard commander.

The Schofield camp will be one of the third series of training camps throughout the country. It begins, with others, on January 5 and closes on April 5, 1918.

The general purpose of the camps is to train men as officers to fill vacancies that may occur in the regular army, National Guard and national army. Upon completing the course candidates will be eligible for commission as second lieutenants and will be commissioned as vacancies occur.

### DAILY REMINDERS

For Distilled Water, Hire's Root Beer and all other Popular Drinks try the Con. Soda Water Works Co. Dr. Schurzmann, Osteopathic Physician, 10 years established here. Erec-

Advices say that Ambassador Willard was a visitor at the American front yesterday.

Following is the casualty list:

### KILLED

Private Thomas F. Enright, Pittsburgh, Pennsylvania.  
Private James B. Gresham, Evansville, Indiana.

Private Merle D. Hay, Glidden, Iowa.

### WOUNDED

Private John J. Smith, Ludington, Michigan.

Private James W. Hopkins, Stanton, Texas.

Private George L. Box, Altus, Oklahoma.

Private Homer Givens, Cloverdale, Alabama.

Private Charles L. Orr, Lyon, Kansas.

### CAPTURED OR MISSING

Sergeant Edgar M. Hallyburton, Stone Point, North Carolina.

Corporal Nicholas L. Mullhall, Jersey City, New Jersey.

Private Edward H. Haines, Woodward, Oklahoma.

Private William P. Grigby, Louisville, Kentucky.

Private Frank E. McDougall, Maryville, Missouri.

Private David B. Gallagher, Blockton, Alabama.

Private John P. Lester, Tutwiler, Mississippi.

Private Harry Langham, Chicago, Illinois.

Private Dewey D. Kern, Collins, Iowa.

Private Keckon and two other unidentified private soldiers.

## DECAPITATION ACCIDENT IS TO BE INVESTIGATED

The inquest into the death of Manuel Cordeiro of Kahili, who was killed yesterday morning when a counter weight on an elevator in the B. F. Ehlers' store struck him, will be held tomorrow morning at 10 o'clock. Immediately after the accident yesterday the coroner's jury, which was in session at police headquarters, visited Ehlers' store and viewed the scene of the accident.

The emergency hospital ambulance was called to Ehlers' store yesterday and Chief of Detectives Arthur McDuffie went to the scene of the accident. After questioning the employees it developed that Cordeiro had taken precautions before entering the shaft-pit to prevent just such an accident. He apparently realized the danger of working in the shaft, for he had placed a four-inch wooden beam across the surrounding from beams to prevent the weights from falling on him while he was working. The elevator, rising to the third floor, caused the weights to drop, striking the protecting wooden beam. Cordeiro probably believed that the elevator could not reach the third floor if the weights were prevented from falling further.

A few minutes later Cordeiro struck his head between the I-beams to speak to the workman in the next shaft-pit, when the two-ton weight dropped, beheading him.

Sheriff Charles Rose was notified of the accident, and the coroner's jury, which was holding an inquest at the time on the body of the Chinese electrocuted Tuesday night, proceeded to the store and went over the scene of the accident.

## A Sensitive Society Subject

Toilet and hygienic cleanliness is a subject of much interest to the scientific, social and laity world. It deserves all the attention it receives, and a great deal more, because upon a better understanding of its value rests the comfort and longevity of the human race. The way to obtain and retain it is, of course, to keep clean, and to do this from a toilet and hygienic standpoint there is nothing more suitable than Tyree's Antiseptic Powder. The nature of the composition of this article makes it an almost indispensable adjunct to the toilet of every careful woman who appreciates the value and comfort of hygienic cleanliness. Tyree's Antiseptic Powder has a large and growing number of friends in the scientific, social and laity world. In solution when used for diseases of the mucous membrane and for prickly heat, poison oak, tender feet, offensive perspiration, etc., and in many other ways peculiar to woman's requirements, it is unequalled.

Tyree's Powder does not stain, possesses no odor, and its use is accompanied by a most delightful sensation. Being inexpensive, its employment is not opposed by patients of moderate means. It is sold in original packages only at twenty-five cents and one dollar each, by the manufacturer, J. S. Tyree, Chemist, Inc., Washington, D. C.

## Raider Captain Taken Prisoner By Unarmed Boat

### Seadler's Commander Diverts Pursuit of Balance of Crew By Plausible Yarn

Count von Luckner, commander of the German raider Seadler, that expert in camouflage who disguised his vessel so well that she was passed by a British blockade naval officer in the North Atlantic as a Norwegian ship, was successful for a while with another subterfuge after he was captured in Tahiti.

After the Seadler was wrecked at Mopeha island he and five others of the raider crew left the little island in a motor launch armed with a machine gun in the hope of capturing another vessel. On Mopeha island the balance of the Seadler crew, 61 men, were left to await his return.

Several days later the count and his five companions were captured by Fijian constabulary aboard the unarmed steamer Amra. After his capture Count von Luckner boasted that Seadler had destroyed 25 vessels of the Allies in the Atlantic and several others in the Pacific.

But he successfully evaded giving any details of where the Seadler and the balance of the crew were by concocting the story that the German raider had been burned at sea. He said the fire occurred 2000 miles from land and that he and the five others were the only ones who had escaped. His story was so plausible it was accepted as the truth, and the Fijian authorities were diverted from making a search for the balance of the German crew who with 30 American sailors were then marooned on Mopeha. Sometime afterward Capt. Harbor Smith reached Pago-Pago and the world learned that the German crew

## FISHING RIGHTS ARE PROBED BY COMMISSIONERS

That steps should be taken toward the condemnation of all private fishing rights in Hawaii so that the public might be free to use them, thus breaking up the monopoly on these grounds which is reported to now be in existence, is the contention of the territorial food commission, and circular letters are now being sent to the owners of these rights asking them to furnish the commission with all information concerning them.

The fishing rights in question are those created under the Organic Act. The food commission believes that, after condemnation, they should be taken over either by the territorial or by the federal government and thrown open to the public, thus making the fishing and bait grounds free to all.

had captured the French vessel Lutec and put to sea. If it had not been for the subterfuge used by Count von Luckner it is probable a cruiser would have gone immediately to Mopeha and have captured or killed the balance of the German raiders.

Count Luckner was incensed when he learned that he had been captured by an unarmed vessel, the Amra, Luckner asserted he surrendered willingly because he thought the Amra was armed. All the Germans were also disgusted when they were told that the Tahitian police craft carried no large guns.

Since the 61 Germans in the Lutec left Mopeha island nothing has been heard of them, although the American sailors marooned there have since been rescued. Allied cruisers are still believed to be searching for the Lutec in the southern Pacific.

The circular letter asks for information on the value of the sea fisheries, the price paid for each right if purchased and the revenue derived from each. This matter may be taken up at the public hearing on the fish question tomorrow afternoon.

## JUDGE ASHFORD TO DECIDE I.-I. CASE SATURDAY

Circuit Judge C. W. Ashford today took under advisement the motion of the Inter-Island Steam Navigation Co. to dissolve the temporary injunction and restraining order issued against it at the instance of the public utilities commission. Judge Ashford announced that he would render a decision at 9 o'clock next Saturday morning.

The temporary injunction enjoined the company from refusing to obey an order of the commission that it return to the schedule of freight and passenger rates in effect in 1918. This order was the result of an exhaustive investigation of the company's business conducted by the board.

Shortly after the issuance of the order the company gave notice that it would increase its rates and that the new schedule would go into effect on October 15. The company held that these rates had been approved by the federal shipping board and that it could not alter them without the board's approval. The utilities commission then brought the injunction suit, and the provisions of the temporary injunction are now being obeyed by the company, it having reduced its rates to the 1918 schedule.

Attorneys C. F. Clemons and E. M. Watson argued today for the utilities commission. The steamship company was represented by Attorneys W. L. Whitney and David L. Withington.

## DEATH CLAIMS QUAIN MEMBER OF OLD REGIME

One of the few remaining figures prominent in the royal and monarchial days of Hawaii passed away this morning when death called E. K. Liliukalani, until recently connected with the territorial tax office, and known to nearly every Hawaiian in the island group because of his political activity before and after annexation.

Death came to him at his home at 415 South Queen street at 9:30 o'clock this morning after a very short illness. Not more than four days ago he was about town and dropped in at the tax office at the judiciary building.

General to the highest degree, and as fond of a joke as an Irishman, this combined with a penchant for following the extreme dictates of fashionable dressing, he was a character almost as well known to the haole population as to the Hawaiians, and equally as well liked by his acquaintances, whatever their race.

Under the reign of King Kalakaua he held a major's commission, and also during the reign of Queen Liliukalani. He was the vice-chambellan

under Col. C. F. Barnes, and always received the guests at all state functions given by the two early day Hawaiian rulers.

Mr. Liliukalani was decorated by both King Kalakaua and Queen Liliukalani, and held the Royal Order of Oceansia and the Order of Kapilani and Kalakaua. He was a professed Christian throughout his life and one of the staunch members of the Kawaiahao church.

Besides his court positions Mr. Liliukalani was also a member of the legislature under both the kingdom and the territory. His last try for election to public office was in 1914 when he was a candidate for supervisor.

One of Major Liliukalani's last public appearances was at the birthday reception given by Queen Liliukalani last September.

The age of the deceased has not been definitely established, but he is believed by his acquaintances and friends to have been at least 48. The funeral services will be held Sunday afternoon at 3 o'clock at the Kawaiahao church. The body will be on view at William's undertaking parlors after 4 o'clock Saturday afternoon. Burial will be in the Kawaiahao church cemetery.

### RUBBER.

At the Singapore Rubber Auctions commencing Wednesday, plantation pale crepe realized 53 cents per pound. The New York price for the corresponding date was 63½ cents.

## RED CROSS DRIVE CHRISTMAS WEEK IS CONTEMPLATED

A. L. Castle, president of the local Red Cross Chapter, has received notice from headquarters of the Pacific Division that another great drive for membership is contemplated for Christmas week, that busy time being chosen because it is at the Christmas season more than any other that all hearts are open toward human suffering.

Red Cross membership in the United States is already considerably over 4,000,000, but this, for all that, is only about 4 per cent of the actual population of the country.

Hawaii has not so far to go as some other parts of the country to reach this goal," said Mr. Castle this morning. Our last big drive, added to the membership we had before, gave us a membership that takes in 18 per cent of the entire population of Hawaii. That leaves us only 4 per cent more to get to make up our quota.

More of the dollar members should be magazine members, Mr. Castle thinks, since only through the Red Cross magazine can members keep themselves informed as to the work that is being done by the Red Cross among the sick and suffering at the front. It is proposed at headquarters in Washington that future drives emphasize being laid on securing the two dollar memberships, which will include a year's subscription to the magazine.

## PHILIPPINE SUGAR SOLD IN GOTHAM

BY NEVERS & CALLAGHAN (99 Wall Street.) NEW YORK, Oct. 26.—The market has remained quite dull and practically unchanged throughout the past week, with few transactions reported. Some 3,000 tons of Philippine Centrifugals and 7,000 tons of Philippine Muscovados, all now en route from San Francisco, which were sold at 6.90c basis 96 deg. and 5.75c basis 88 deg., comprised the only business reported in the New York markets.

An interesting development of the week was the announcement that the American S. R. Co. is negotiating for about 100,000 tons of new crop Louisiana sugars for November-December delivery at New Orleans, at 6.35c basis 96 deg., it being understood that about half of this quantity will be shipped to North Hatteras ports, with the sellers allowing .25c to cover the freight.

The shortage of refined sugar in the Eastern territory has finally reached an acute stage, and has probably been accelerated by the prominence given to the subject in the public press, as the rather alarming reports published have induced householders to attempt to purchase a reserve supply. Many retailers have sold out their entire stocks of sugar, while others have been demanding exorbitant prices.

**ADDITIONAL TELEGRAPH NEWS**

**BRITISH SHIPPING LOSS VERY LOW LAST WEEK**  
(Associated Press by U. S. Naval Wireless.)  
LONDON, Eng., Nov. 8.—Shipping losses to Great Britain from German submarine activities last week amounted to eight vessels of 1600 tons and over and four under.  
Paris reports French losses as one over 1600 tons and none under and Rome no larger craft and only two smaller.  
Bonar Law last night in a speech which he delivered before a large gathering said that the German submarine campaign was futile, that the danger from this form of warfare and its threatening aspect was almost at an end.  
He said that Great Britain now has more than three million troops engaged in the great conflict and that her airplane production had been tripled in the past year.

**RIO JANEIRO, Brazil, Nov. 8.**—Full reprisals for the losses of Brazil in shipping and in commerce will be taken against Germany. At its session yesterday the chamber of deputies by a large majority voted for the reprisal measure.  
The system of reprisals voted yesterday provides for the annulment of all pending contracts with German subjects. It prohibits all law concessions to citizens of Germany or to German corporations or companies composed in whole or majority of German citizens. Control of all German banks is taken over and the same course is to be followed with other commercial, business and manufacturing concerns conducted by Germans. All suspects are to be interned.

**MANY BLESSINGS TO BE THANKFUL FOR**  
(Associated Press by U. S. Naval Wireless.)  
WASHINGTON, D. C., Nov. 8.—In issuing his Thanksgiving Day proclamation yesterday President Wilson said in part:  
"Amidst the darkness that has gathered and shrouds this country and a great part of the world we may still see the great blessings which God has bestowed upon us. We have been given the great opportunity to serve mankind as it has never been vouchsafed to us heretofore. The great duties of this day that have fallen upon us are at the same time awakening in us a new and a greater national spirit.  
"Let us on that day pray that we may look in all humbleness of spirit to Him for guidance and that we may be kept in constant spirit of purpose and of service so that, all in His good time, liberty, security, peace and the comradeship of common justice may be vouchsafed to all of the nations of the world."

**FEDERAL OFFICIALS RULE SAKE A WINE**  
SAN FRANCISCO, Cal., Nov. 8.—Japanese sake has again been officially determined to be still wine and not a distilled liquor. Its importation is not prohibited, Collector Davis yesterday received this ruling from Washington and it specifically said that the food control law would not exclude the Japanese beverage.  
All avenues for the importation to the United States of distilled liquors for beverages were closed yesterday, with the exception of liquors coming from the Virgin Islands, formerly the Danish West Indies, said a Washington despatch. Instructions to this effect were sent out to the customs department, based upon the interpretation placed by Attorney General Gregory on the food control and war tax bills.

**PURE ARTESIAN WATER FOR GUARD ENCAMPMENT**  
Pure artesian water for the national guardsmen to go into encampment this week at Lihoukalai Camp, Kawaloa, will be one of the features furnished by the army authorities. An outlay of several thousand dollars has been necessary to supply the water, piping over approximately three miles being made.  
Maj. J. M. Camara, supply officer of the national guard of Hawaii, left for the camp this morning to superintend the establishment of headquarters for the officers who will take charge there Friday morning for the two weeks intensive field training.

**HERE'S RELIEF FROM THAT PAIN**  
Why Waste Time and Prolong Suffering When Sloan's Liniment Acts So Promptly

Stop the pain! Give me relief! That's what you want when you're hurt. That's what you get with Sloan's Liniment. It not only "kills pain," but does it quickly, without delay.  
If you're tormented by Rheumatism, Neuralgia, Sprains, Bruises, Backache, any body or nerve pain—just see how instantly a little Sloan's Liniment gives relief. The very first application rests and comforts. Seems to reach right down to the seat of the trouble, warming and easing the nerves and tissues. You can almost feel the inflammation, swelling or stiffness subside, as the pain grows less and less.  
You don't even have to wait to rub in Sloan's Liniment. It penetrates, and its clear, clean liquid can be poured right on the skin without staining. Get a generous size bottle from your druggist today. 25c, 50c, \$1.00.

**Sloan's Liniment**  
KILLS PAIN

**SLAVS GIVE LUKEWARM SUPPORT TO KERENSKY**  
(Associated Press by U. S. Naval Wireless.)  
PETROGRAD, Nov. 8.—Premier Kerensky won at least a partial victory yesterday in the vote that was extended to him and to his government by the "Preliminary Parliament" which is now in session here. The situation continues critical and the ultra-radicals continue their aggressions even going so far as to take over the national telegraph offices and place them under armed guard.  
In answer to the appeal of Premier Kerensky for a vote of confidence for the government from the new parliament that body yesterday voted to "Work in contact with the government." There were scenes of disorder while the debate was underway and during the taking of the vote and the majority in favor of the compromise resolution was not large.  
**Radicals Arrogant**  
Under orders of the Maximist revolutionary committee armed forces marched to the various government telegraph offices in Petrograd last evening, took possession of them and left armed guards in charge.  
The Bolsheviks and Maximists are becoming more and more arrogant and declare that the overthrow of Kerensky is at hand.  
Trotsky, the head of the Soldiers' and Workmen's Council of Delegates in Petrograd said that body will vote for the death penalty and for outlawry at once if those measures shall be necessary to restore peace and order in the capital. He uttered these words as a threat to those who are creating the most serious disturbances and threatening a reign of anarchy in the country.

**MAJOR LUDY IS SENT TO FRISCO**  
Maj. John B. Ludy, medical corps, is ordered relieved from the Hawaiian department through advices yesterday from Washington and will report to San Francisco for duty. Maj. Ludy is attached to the department hospital and was recently promoted from captain.  
Capt. Eugene A. Lohman, signal corps, is also relieved through today's orders and will report to the Presidio at Monterey for assignment to the 8th Field Signal Battalion.  
Announcement has come from the war department of the promotion to rank of captain of 1st Lieut. Simes T. Hoyt, to date from June 5. Capt. Hoyt's advancement in the army has been remarkably rapid. He was accepted from civilian life this summer with rank of second lieutenant. A month ago his promotion to first lieutenant was made.  
Previous to entering the army Capt. Hoyt was in territorial school work and later was overseer for the Hawaiian Pineapple Co. at Wahiawa. He is in the engineer corps of the army.

**COUNTRY HAS ENOUGH SULPHUR FOR PRESENT**  
Practically every industry requires the use of sulphur in some form, and the United States, to be industrially independent, must therefore have an adequate supply. The record of the last three years, according to a recent statement issued by the United States Geological Survey, Department of the Interior, shows that this country has enough sulphur to support its present industries, even under the requirements imposed by the drain of a vast foreign demand.  
The two main sources of sulphur are the native mineral and the sulphides. Each year at least 300,000 long tons of native sulphur and 1,250,000 long tons of sulphides are used, mostly for making sulphuric acid.

**DEEP SALT BED IS STRUCK IN KANSAS**  
In Kansas a deep well struck rock salt at 690 feet below the surface and penetrated 600 feet of rock salt in beds from 5 to 60 feet thick, according to the United States Geological Survey, Department of the Interior. A large area in this State is underlain by salt, which is mined by many shafts and obtained by pumping brine. Drilling for oil in Texas and Louisiana has revealed the presence of tremendously thick deposits of rock salt at a depth of a few hundred feet. Thicknesses of 2,000 feet are common and one drill hole passed through more than 3,000 feet of rock salt. Most of the salt made in Utah is produced by evaporating the water of Great Salt Lake, and in California by evaporating sea water. These sources are inexhaustible, and the limit of production by solar evaporation will therefore never be reached.

**ARMY ORDERS**  
The following transfers of enlisted men are ordered:  
Private Walter T. Hively, C. A. C. 7th Company, Oahu, to Battery E, 9th Field Artillery, Schofield Barracks, H. T.  
Private La Prescott McKissack, Battery E, 9th Field Artillery, to Coast Artillery Corps, 7th Company, Oahu, Fort Kamehameha, H. T.  
Private Raymond T. Purvis, Troop C, 4th Cavalry, to Company E, 3rd Telegraph Battalion, Signal Corps, Fort Shafter, H. T.  
Private Fred J. Santos, Company F, 32d Infantry, to Troop F, 4th Cavalry, Schofield Barracks.  
Private First Class Ernest L. Pepin, Troop F, 4th Cavalry, as private to Company F, 32d Infantry, Schofield Barracks.  
Mr. Smith is coming to Honolulu.—Adv.

**6% Bonds, Exempt from Taxes**

State of Oregon—Ochoco Irrigation District  
Denominations: \$500, \$1000—Dated July 1, 1917. Due Serially, 1928-1939. Interest payable semi-annually—January 1st and July 1st

**The income from these bonds is exempt from all the following Federal and Territorial Income Taxes:**

- (1) Old 2 per cent normal income tax.
- (2) New 2 per cent additional War Income Tax.
- (3) Territorial 2 per cent income tax and 1 per cent conservation tax.
- (4) Old graduated surtax.
- (5) New graduated surtax (incomes over \$5000), 1 per cent to 22 per cent.
- (6) Graduated war excess profit tax (20 to 60 per cent)

These bonds are a first lien on 22,000 acres of land situated in the heart of one of the richest agricultural districts of Oregon, 125 miles southeast of Portland. The average market value of the land is approximately \$100 per acre, while the annual average per-acre charge, to pay interest on these bonds, for the first 11 years, is \$2.45  
These bonds are legal investment for Savings Banks, Commercial Banks, Trust Companies and Trust Funds in Oregon, and legally accepted there to secure deposits of State, City and County funds.

RILEY H. ALLEN . . . . . EDITOR  
THURSDAY . . . . . NOVEMBER 8, 1917.

## Keep Pace With Americanism

The trend of liberalism in mainland politics is again indicated by the election returns of New York state and Ohio.

In New York the cause of woman's suffrage has triumphed in the balloting upon a constitutional amendment. A large majority in favor of suffrage has been counted already and as belated returns come in, the majority grows.

In Ohio, long a stronghold of the liquor interests, King Booze has apparently been forced to abdicate as unceremoniously as Nicholas Romanoff and Constantine were forced to abdicate.

Ohio presented the situation familiar in other states where an election has been had upon prohibition. The cities cast a majority of ballots for a continuation of the "wet" regime, but the country districts came through strongly against intoxicants.

The loss of Ohio will be staggering to the anti-prohibitionists. Cincinnati is one of the liquor strongholds of the country, and here the argument that the manufacture of liquor is an industry vital to the prosperity of the community was used to the limit. But the great country vote of Ohio, that state which has mothered presidents on its farms and ranches, went squarely for prohibition. Though the decision is close, as the Star-Bulletin goes to press, the signs are that Ohio is moving into the "all-white" column.

Hawaii's opportunity to free itself from the economic and social ravages of booze is nearing. Dr. E. C. Dinwiddie, one of the energetic, hard-hitting Anti-Saloon League officials, who is now here in line with the campaign to make Hawaii "dry," points out truly that this community should be free of liquor. Ever since the order forbidding the sale of liquor to soldiers has gone into effect, we of Honolulu have admitted, sometimes in a shameful way, that the community which prevents a soldier from getting a drink and allows drink to be sold freely to civilians, is discriminating, is setting up class distinctions. It is wrong, it is un-American.

For some years the newspapers of this city have been summarizing in news stories and editorials the effects of booze upon crime. The cause of many crimes of violence, lust and cowardly vice has been traced many times back to the old story of indulgence in booze. The sentiment of Hawaii has changed materially since the day, seven years ago, when a well-organized and well-financed liquor brigade defeated at the polls a half-organized and mishandled temperance phalanx.

So unmistakably is the trend of American sentiment toward prohibition that Hawaii, of whose Americanism we have reason to be proud, must inevitably become in this respect reactionary unless we place this territory in the "dry" column. Honolulu should lead the way.

## ROLLING UP THE GREAT RECORD.

America's second Liberty Loan has been oversubscribed by more than one billion, six hundred million dollars. The totals announced in Washington last night amount to \$4,617,532,300. Half of this oversubscription will be accepted.

In Hawaii the record of oversubscription ran proportionately far ahead of the rest of the country. Our quota was more than twice subscribed. The quota was \$3,000,000, and the amount subscribed was \$5,060,800. More than five million was oversubscribed.

The response of all America to the call of the nation has been magnificent. A few days ago there were rumors in Hawaii that the loan was going badly on the mainland, was not more than half-subscribed, would be a failure. The figures announced last night in Washington set at rest such rumors. Americans have risen to the opportunity for patriotic service as they have risen before, and will rise again, and continue to rise until war shall have been fought to an allied victory.

## "FISH"—AND OTHERS.

"Fish," the anonymous humorist who (with due apologies) launched a K. C. B. column in the Star-Bulletin a few weeks ago, has "started something." All the amateur K. C. B.'s in Hawaii, and there are scores of them, have taken pen in hand and begun a drum-fire upon the unhappy editor of this innocent afternoon paper. We have K. C. B.'s writing in American, Hawaiian, Japanese, Spanish, Tagalog, Chinese and Kahuna Niuese, otherwise known as Kakaako English. However, ladies and gentlemen, do your worst—and your best. So long as the original K. C. B., now living in Greenwich Village, New York, and writing for the Hearst syndicate, does not enjoin us or sue us for criminal libel, we will continue to print those whose typographical idiosyncrasies we can decipher.

The response of the local-born Japanese when the call for registration came was very gratifying to the government officials. In the drawing held in Honolulu Thursday the Japanese were well represented. A few thoughtless persons have at times seemed disposed to speak lightly of our cosmopolitan population. But the young Americans of this melting pot of nations are assuming the burden of business and fighting for our economic welfare.—Hilo Tribune.

Old King Booze got another blow in the alcoholic solar plexus yesterday when the country-district vote of Ohio began to roll in.

Take a good look at the congressmen, folks. They are some of the people who lit into us with those new war-taxes!

## A New Date In History

November 3, 1917, is a new date of importance in American history. On that day American infantry for the first time engaged in battle with the Germans.

Previously there have been some artillery skirmishes and our destroyers and other naval vessels conveying transports and merchant ships, have accounted for a good many U-boats; also, the keen-eyed gunners upon armed merchant ships have shown the Hun submarine commanders that it is good business to keep out of range of Yankee gunfire. But this is the first of the infantry engagements.

It would seem from the meager reports that what happened on a small sector of the west front was typical of most of the trench warfare: a squad of men guarding a section of trench was isolated by the barrage-fire of the enemy and raided. That raid probably meant the destruction of the American company occupying the trench, though Gen. Pershing's statement of casualties may be taken to indicate that half of them at least made their escape.

There will be many such reports, and it is entirely too much to expect that our army will not have serious reverses. The serious news from Russia today makes certain what we have heretofore suspected—that our task might be doubled at any time by Slav defection. We know it now, and the knowledge should make the nation set its teeth and drive forward harder than ever.

## IN PASADENA.

It has long been recognized that the female of the species is more deadly than the male, but the males of Pasadena, Cal., appear to have embarked on an attempt to wrest this reputation from the ladies. Read the following from a Pasadena paper:

Dr. J. H. Warner, captain in charge of the knitting being done by Pasadena firemen for the sailors and soldiers under the direction of the local branch of the navy league, and Mrs. Robert L. Gifford, who is furnishing all the yarn and other materials being used, are very much pleased with the interest the firemen are displaying in the work, and the energy and enthusiasm with which they are entering into it.

The men look upon their knitting as a serious, patriotic matter, but that does not prevent their getting a considerable amount of fun out of it. According to a report received at the navy league, they are arranging for an afternoon tea, to be held at one of the engine houses in the near future, to which all the men with time off will be invited. No one who fails to bring his knitting will be admitted, however.

Keen rivalry has developed among the firemen as to who can turn out the most work. One man was found sitting up in bed knitting this morning. He confessed that he had been at it since daylight. Others have acquired the habit already of taking their knitting home on their half days off. They stoutly deny the accusation that their mothers, wives or daughters, as the case may be, do the knitting for them on these occasions.

Fire Chief Thurston is respectfully requested to introduce knitting among the indoor sports of the local firemen.

## THAT GARDEN CONTEST.

That the garden contest which is to begin on the first of January is a popular move is indicated in the activity already being displayed by those who are to be numbered among the determined ones to win first place at the conclusion of the contest.

However, if it is to be a contest in the proper way, there should be some definite plan made as to conditions under which the commencement should be made. For instance, there are those who are at present in a position to begin planting if it were necessary, while there are others who are still undecided just where to lay out the garden plot. To make the contest more interesting, and to even matters up as nearly as possible, an arrangement whereby all contestants could start under similar conditions would, in the opinion of the Post, more aptly bring the best results.—Hawaii Post.

We will be a long way from settling the fish controversy until the food commission takes a couple of months off and determines what is the relation of the hypoxanthin theory to the total protein metabolism of the common or Kakaako variety of squid.

Eight million Americans have enrolled in the new Good Pledge campaign. That's just a starter. Eighty million will be enrolled as soon as they realize the national and international importance of their efforts.

Between the pleas of the plantation managers for more rain, and the appeals of the Congress party entertainers for more sun, the weatherman is certainly up against it.

Voting under fire for the New York soldiers must have seemed like the good old times on the east side and the Bowery, when Fourteenth street was in its political prime.

Our guess is that any American citizen who dies without owning a Liberty Bond will have a good deal to explain when he faces Saint Peter.—Dallas, Texas, News.

Jeff: McLemore (yes, spelled just like that) didn't come with the congressional party. Apparently he passed a resolution warning himself off the Matmania.

Thanksgiving's approach doesn't mean much to Adorna and Kerensky. The dealer in foods whose prices are right need fear no probe.

Italy looks like a procession.

## FROM BAD TO WORSE

(With apologies to K. C. B., Fish and the Postmaster.)

DEAR FISH  
WILL YOU please  
COME OUT to  
FORT KAMEHAMEHA  
AND FIX the lights  
IN THE MOVIE HOUSE?  
THE BOY who runs  
THE PICTURE machine  
HAS TOGGLED the lights  
TO THE MACHINE  
IN SOME WAY and  
WHEN HE finishes  
A REEL they jiggle  
WORSE'N FAT SMITH  
WHEN HE RIDES a horse,  
AND IT HURTS our eyes  
SO WE CAN'T see how foolish  
THE NEW jawbones look  
WHEN they first wear  
A WHITE uniform.  
DON'T BRING your wife along  
OR YOUR spectacles  
BUT BRING the

## ROAD COMMISSIONER

AND TELL him  
TO WEAR his hula costume  
'CAUSE HE won't have  
ANYTHING ELSE when he gets here.  
AND BESIDES we're in  
A HELLUVA fix.  
THEY WON'T let us  
GO OVER and lick  
THE KAISER  
AND THEY won't let us  
STAY HERE and lick  
THE BOOZE,  
SO IF you will bring  
YOUR STAMPS along  
WE WILL lick them,  
'CAUSE YOU can't lick  
THE POSTMASTER  
'CAUSE HE didn't  
LICK YOUR stamps  
AND 'CAUSE nobody  
CAN LICK us.  
WE THANK YOU.  
SOME  
SOLDIERS.

## SHINGLE KEEPS HIS WORD.

I SAW R. W. Shingle of Honolulu, one of the many men who have made a fortune in sugar during the past three years, on Market street the other day. As he is not stopping with his wife and children at Stanford Court this time, his word is evidently as good as his check.

The last time while on a visit he put up at the fashionable apartments on Nob Hill after a mild protest about his young children. A few days later there was a verbal explosion when the management, due to the protest of other rich but childless families objected to bottles of milk being delivered at his door every morning for the kiddies, and which remained exposed in the hall before the door a little time to the great offense of the protestants.

"Well, what about it?" inquired Shingle angrily.

"I must tell you not to do it," insisted the manager.

"Then there's just two ways to settle such an inoffensive act," responded the sugar magnate. "I'll either buy the house, or move away and never come again. Let me give you a check to bind the option if you wish."

## THE REGULAR VS. THE SLACKER

FORT SHAFTER,  
Nov. 6, 1917.

Star-Bulletin.

Dear Sirs: Would be pleased to see this little piece put in print.

A REGULAR'S APPEAL

We give you our service, you shut off our beer.

But the slacker can drink till he's full to the ear:

We leave our good homes to keep you from harm.

But the slacker goes by with a girl on his arm

And laughs at the soldier, poor, unlucky cuss,

You go with the slacker, why ostracize us?

The slacker hides round in a Ford of his own

And charges two bits to pull us to town:

We're doing our duty, his liver is white,

Yet we are in camp at nine bells each night,

While he sticks around as long as he cares,

And laughs at the soldier, that is, if he dares.

Discipline, we know, is a thing that must be,

But, honest to goodness, we fail to see,

When the soldier drinks nothing but water and pop,

Why the drinks of the slacker should also not stop.

The slacker can dance, and it seems rather hard

Greatly astonished, the manager could hardly mumble he did not want to sell.

Shingle moved out that day and came near prosecuting a suit for damages. He was finally persuaded by mutual friends not to do so.—Oakland Enquirer.

## COULDN'T FIND HULA.

DGAR S. KITCHIN, patent attorney of Washington, D. C., and a cousin of Congressman Claude Kitchin, was disappointed in his recent visit to Honolulu, according to San Francisco papers. Mr. Kitchin failed to find a hula dance.

"I had heard all about Honolulu and the hula-hula," said Kitchin, "and I have received joshing letters from my friends saying that they supposed I was 'seeing the sights.' I want to tell you that you can't find the hula in Honolulu with a microscope. I tried. And I was disappointed, I must say."

"But don't say anything about it, for my wife might say something. You know, Washington is nearer to San Francisco these days. But it's a sure truth; the hula has disappeared from Honolulu."

## That at all decent dances the uniform's barred.

We shoulder our rifles and have taken our place.

And we'll go to our death with a smile on our face:

But this is a soldier's appeal to you—

Until we go over the pond, please give us our due.

BY A REGULAR.

## "THE ROOKIE CRY"

(By D. M.)

Just continual round of drilling

From first call until retreat;

Fall in, march, attention,

Count off, then repeat:

One, two, three and four,

That's the count we hear them sing

From early morn till late, at eve—

Oh, hell! The words do ring.

Squads right and then squads left

We hear the sergeant shout;

Sometimes we're sick and tired,

And we wish our time was out,

Or else we'd go to France

To help drive out the Hun,

And try our hand at fighting—

Methinks we'd have some fun.

But we're marooned upon this island,

But we wish they'd take a hand;

And transport us across the ocean,

To a place called no man's land,

Where we could hear the whizzing

Of the bullets overhead,

And right the wrongs imposed

And vindicate the dead.

Mr. Smith is coming to Honolulu.—Adv.

## THIS OPPORTUNE TIME

¶ When this country plunged into the world struggle the small and timid advertiser was extremely cautious and in some instances reduced his advertising appropriation.

¶ But his fear has been overcome and he has come to see that this of all times is opportune for putting his selling arguments before the people.

Paid Publicity Will Do It.

The general circulation of the **7469** Star-Bulletin for Oct. 29 was

## DOLLAR LIMIT FOR MEAL IN FAMOUS LONDON HOTEL

They're serving it "off the palm" instead of "off the arm" in London these days. The waiter who in the good old days was wont to deposit under a load of food big enough to choke a threshing machine, now trips lightly along juggling a full course dinner for six. He carries this provender on one small tray, and it doesn't take an extra serving table whereon to deposit part of the meal while the other part is devoured. For London is serving its food by the ounce now. In antebellum days it was by the pound, plate or quart.

dinner, none at breakfast. This portion is weighed raw and includes fat and bone.

Only two ounces of bread may be served to one person at any meal. One diner may have two-sevenths of an ounce of sugar, including the sweetening used in preparing the meal and the one lump limit in tea or coffee.

Officers who feed at the Savoy must reserve enough out of the \$1 limit for tips or the waiter goes unpaid.

The Savoy's menu is printed under the direction of the government food administrator. . . .

Even the officers of the army of King George are not permitted to spend more than \$1 on a meal. The man whose pockets are lined with gold and whose clothing is cluttered with class is no better today than the fellow with only one iron man and a wholesome appetite.

A bill of fare from the famous Savoy hotel restaurant in London reached The Denver Post recently. It bears information that potatoes are served only one day each week—Friday. All portions of the Savoy are limited to five ounces of meat at luncheon and

Dr. J. H. Raymond of Maui is a visitor in the city.

## MEMBER OF THE ASSOCIATED PRESS.

The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited in this paper and also the local news published herein.

## Distribute your investments

It is an old saying: Do not put all your eggs in one basket.

To follow it was never wiser than in the present time.

Uncertainty due to war conditions surrounds in some degree all securities, though it is hardly likely that all would suffer in any event.

Therefore we suggest that you take advantage of our detailed knowledge of the market to diversify your investments for safety's sake.

## FAREWELL CARTER SHOW AT BIJOU

For nearly two months Honolulu has laughed and made merry with Monte Carter and company at the Bijou theatre. Next week Monte and his troupe sail away from Hawaii Ne'i. The next three nights therefore will constitute their last appearance in Honolulu.

Carter is more than pleased with his reception here, and as an appreciation promises to give his best efforts in his farewell performances, which aptly enough go by the name of "Izzy's Farewell." The new bill opens tonight, and Bijou patrons are therefore assured of a show of exceptional merit, as the whole Carter company wants to leave knowing that pleasant memories of their Honolulu stay abide with the residents.

The new show promises to be a riot of fun, with heaps of good music, sprightly dancing and lifting song numbers added for good measure.

"Izzy's Farewell" is a decidedly novel and entertaining production and should prove the best bill of the repertoire. It has a strong plot and is brimful of humorous situations. One feature will be a novel duet by Lou Davis and Ethel Davis, followed by a burlesque duet by "Izzy" and George Weiss, while the Carter male trio will be heard to splendid advantage.

### \$2400 COLLECTED FOR PORTUGUESE RED CROSS

With nearly \$2411 in the hands of the treasurer, the Red Cross drive being conducted by the Portuguese society is progressing rapidly. Over \$1000 has already been subscribed by one Portuguese society, and a letter from Kona, says the Portuguese newspaper, O Luso, tells of great enthusiasm among the residents of the Garden Isle.

The drive is limited to Nov. 14 for Oahu, but on the various other islands, and especially the plantations, the drive will not close until Nov. 25. The Portuguese moving picture houses in Kakaako and Kalihi held Saturday and Sunday night concerts, and turned the proceeds over to the Red Cross society. The committee looks forward to collecting over \$7000 before the campaign is over.

## QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts if Your Back Hurts or Bladder Troubles You

No man or woman who eats meat regularly can make a mistake by flushing the kidneys. As Dr. Keen, a well-known authority, says, a diet which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headache, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Adv.

### DANCING

Take a private lesson from Madame Lester, Honolulu's leading teacher, and have your faults corrected.

Removed from I. O. O. F. hall to The M. Lester Dancing Academy, Lunalilo and Alapai streets. Phone 6251. Punahou car passes academy.

## GERMAN AIRMAN DROPS WREATH TO BE PLACED ON BROTHER'S GRAVE

(By Associated Press)  
**BEHIND BRITISH LINES IN FRANCE**—A German airplane was brought down in the British lines this week after a battle lasting nearly an hour. The next morning a German machine came hovering over the same spot and manoeuvred for a position. It was promptly attacked, but returned to the German lines after dropping overboard something which was seen to fall near an evacuated village.

Two British soldiers, who were sent to find out what had been dropped, returned with a beautiful wreath nearly three feet in diameter. To the wreath was attached a note asking the British airmen to place it on the grave of the dead pilot.

"The officer you have buried was my brother," said the note. "I spent six happy years working in a London bank. I know you honor the dead. Please do this little service for me." The wreath was deposited as requested on the grave of the German airman.

## PORTO RICO IS ASSURED SHIPS NOT TO BE TAKEN

SAN JUAN, Porto Rico, Oct. 10.—Welcome assurances have been received here that no ships plying between New York and Porto Rico will be taken out of that service, so that shipments of sugar from the coming crop will be moved in all probability with much promptness and regularity as in seasons past.

Major General Frank McIntyre, Chief of the Bureau of Insular Affairs, this week cabled Governor Yager that it was the intention of the United States Shipping Board to interfere with shipping to Porto Rico and that in all likelihood the only effect of the government's control would be a probable reduction of freight rates.

## MAGNESIA TREATMENT FOR DYSPEPSIA

Why Physicians Prefer It To Drugs, Pepsin Or Soda In Treatment of Acid Indigestion.

"Only those in constant touch with sufferers from indigestion and dyspepsia can fully realize the harm done by the improper use of drugs and artificial digestents," remarked a well known New York physician recently.

"Personally I rarely advocate the use of drugs in the treatment of digestive or stomach troubles, for in practically every instance I have proved the underlying cause to be excessive acidity of the stomach and consequently fermentation or souring of the food contents."

"Therefore in place of the once widely used drugs I invariably recommend the use of bisaturated magnesia to neutralize the stomach acidity and stop the food fermenting, and the wonderful results I have obtained during the past three years convince me there is no finer treatment for indigestion, dyspepsia, etc. It must, of course, be clearly understood that I do not employ or advise the use of such forms of magnesia as citrates, acetates, carbonates, sulphates, etc. These might often do more harm than good; nothing but pure bisaturated magnesia should be used to neutralize an acid stomach. This is not at all difficult to obtain—in fact, I find that most druggists now keep the genuine bisaturated magnesia in tablet form in addition to the ordinary bisaturated powder. A teaspoonful of the powder or two compressed tablets taken with a little water after meals will usually be found quite sufficient to instantly neutralize the acidity and prevent food fermentation, thereby insuring painless natural digestion for even chronic sufferers."—Adv.

**It is Quite Possible--**

—that the average American family is too optimistic. It is always going to have a larger income next year, or in 5 years. It desires to keep up in social matters with the people next door or farther up the street. It buys pianos or automobiles or encyclopedias on monthly payments, but in many cases puts no monthly instalments into the savings bank. It has no margin of security.

How much better it is to have a margin of resources than to be living continually on the ragged edge of nothing, as many of us do just because we are such devotees of the God of Appearances.

Whatever you buy, of necessity or luxury, it is your duty to family and self to save at least a little money regularly and keep a reserve account in a safe depository.

## TEN EVENTS SCHEDULED SATURDAY IN OUTRIGGER CANOE CLUB MEET

### Two Surf-Board Numbers Billed—Duke Kahanamoku Will Again Be Seen in Action in 220-Yard Race for Men

DUKE KAHANAMOKU will again be seen in action on Saturday in the second round in the Outrigger Canoe club swimming regatta. This time the Duke will show in the 220-yard race and will compete against Ernest "Kid" Cooke, D. Hitchcock, C. Walker and G. Harris. Out of the ten events scheduled for Saturday afternoon two are surf-board numbers, four are swimming races, two for men, two for ladies and two for boys. Sixty entries have been received. The present outlook is that the second round of the regatta will be even a greater success than the first, which was held last Saturday. The races will be staged at Waikiki off the Outrigger Canoe club house.

### MATTY WANTS CHARLIE HERZOG FOR CINCY

NEW YORK, Oct. 27.—Christy Mathewson, manager of the Cincinnati Reds, is after Charlie Herzog of the Giants. Matty believes Herzog will round out his infield and make it the strongest in the country. Matty wants a heavier hitter than Shean. It is not likely, however, that McGraw will let go Herzog. He believes his captain is one of the best players in the game and figures that Matty has nothing in the Reds' line-up which would fill the gap.

### NAVY HOSPITAL BEATS FORT KAM; GOODYEARS TRIM INTERMEDIATES

Two teams maintained their position in the percentage column of the Y. M. C. A. Basketball League through last night's games. The Naval Hospital, by superior basketball, took Fort Kamehameha into camp with a score of 43 to 28, thereby keeping their percentage of 1000, while the All-Intermediates, in the most open game this season, lost to the Goodyears by a tally of 35 to 22. The intermediates are still in the cellar, with a row of zeros to their credit, while the Goodyears boosted themselves up to the 500 class. Clay and Thorum, forwards for the Navy, showed lots of real class in finding the basket, leading Fort Kamehameha in this department as well as in passing. Camp and Levenson, forwards for the Pearl Harbor fort, seemed below their usual form. Navy took the lead from the start and held it decisively all the way through.

The second game was almost entirely free from any of the football tactics that have been noticed earlier in the season. The game was marked by fast passing, and there was but one foul called in the whole forty minutes of play. There were 23 fouls called the first game, 11 on the Hospital and 12 on Fort Kamehameha.

### FINANCIERS FIND THE SUGAR FACTORS EASY PICKINGS AT Y.

By a total pinfall of 2527 the Financiers defeated the Sugar Factors at the Y. M. C. A. bowling alleys last night. The Sugarmen rolled 2301. Camara, who returned from the coast yesterday, aided the winners in walloping the Sugarites. The scores were: Financiers, 854, 881 and 792; Sugar Factors, 699, 837 and 765. Camara's 548 was the high total of the evening, while Wikander with 528 was next. Tonight the Sugar Factors will take on the Federals in the last match of the round.

## NEW BREAST STROKE RECORD IS HUNG UP BY FRANCES COWELLS

SAN FRANCISCO, Oct. 28.—The results of several weeks of training for the development of her arms were shown by Miss Frances L. Cowells, the San Francisco champion, when she set a new American record of 1:45 1-5 for the 50-yard breast stroke for women at the aquatic carnival held in Sutro Baths Saturday night. Miss Cowells' time looks good in comparison with that of 2:33 for the 150 yards made by Miss Dorothy Burns of Los Angeles last year, and that of Miss Mina Wylie of 1:28 for the 100 yards, which is a world mark for this distance.

## PLANS COMPLETE FOR Y. MEETING

Plans have been completed for the big aquatic carnival which is scheduled for November 28 and 30 at the Y. M. C. A. swimming tank. It is expected that with Duke Kahanamoku, Judy Langer, John Kelli and others competing a number of Hawaiian and American records will be broken. The list includes a total of 34 events.

The officials for the meet are now being chosen and fifteen timers and six judges will be used. The entertainment committee is now seeking to have members of the congressional party present to witness the meet. Entries for the races will close on November 21. The preliminaries will be held on Monday, November 26. The program is arranged as follows: WEDNESDAY, NOVEMBER 28, Sixty-yard, open. One hundred-yard, boys. Seventy-five-yard backstroke, open. Two hundred-twenty-yard, novice. One hundred meters, open. Forty-yard, boys under 12. Two hundred-yard breaststroke, open. Three hundred meters. One hundred-yard, girls under 15. One hundred-yard, open. Exhibition high diving. Fifty-yard, boys. Eight hundred-eighty-yard, open. Fifty-yard, women. Women's relay. FRIDAY, NOVEMBER 30. One hundred-fifty-yard, open. Fifty-yard backstroke, open. Plunge for distance, open. Fifty-yard, novice. Two hundred twenty-yard, boys. Forty-yard, open. Fifty-yard, girls under 15. Five hundred-yard, open. One hundred-yard, breaststroke, open. Fifty-yard, open. One hundred-yard, novice. Eighty-yard, open. High diving, open. One hundred-yard, women, open. Two hundred-yard, open. Forty-yard, backstroke, boys. Club relay.

FRIDAY, NOVEMBER 30. One hundred-fifty-yard, open. Fifty-yard backstroke, open. Plunge for distance, open. Fifty-yard, novice. Two hundred twenty-yard, boys. Forty-yard, open. Fifty-yard, girls under 15. Five hundred-yard, open. One hundred-yard, breaststroke, open. Fifty-yard, open. One hundred-yard, novice. Eighty-yard, open. High diving, open. One hundred-yard, women, open. Two hundred-yard, open. Forty-yard, backstroke, boys. Club relay.

### FIELDER JONES SURE OF HIS 1918 BERTH

ST. LOUIS, Oct. 25.—Fielder Jones, manager of the Browns, was en route to his home in Oregon today, confident of returning next year to his old berth. Jones conferred with President Johnson of the American League and Owner Ball of the Browns before departing. While the club owners deny it, a report has been circulated that Pratt and Lavan of the Browns are to be traded. Both are suing Ball for slander.

### MAUI TENNIS PLAY

(Special Star-Bulletin Correspondence) WAILUKU, Maui, Nov. 5.—In the ladies' singles tennis here last week Myhand defeated Weight, 6-3, 6-1 and Hoffman defeated Mitchell, 6-4, 6-5, 6-3. In the mixed doubles McLaren-Robinson defeated Taylor-Weight. Men's singles, Wailuku, Chillingworth defeated Kinney; Engle defeated Townsley, Burns defeated Schoenberg and Burns defeated Rietow.

## Mike Jay's Jabs

WHAT'S THE USE?

Ann Nonimous Says:— If you rouge Your cheeks Just a little And powder Your nose He Gets sore And if you don't Do these things He wonders why You don't look As pretty and Chic as other Girls do, so What's the Use?

And now the stamp is being used in place of the penny here. Can you beat it? No, but you can lick it (Ouch! Murder! Police!).

That reminds us. Perhaps the shortage of coppers is also the cause of the local crime wave.

The congressional party's visit to Hawaii will be "Three Weeks" long. Oh! Joy, Oh! Boy! Where do we go from here!

The Tammany cat can scratch its lesson John Purroy Mitchell of New York has learned and this time it looks like Mitchell was scratched before the majority race had even begun.

One day you're a great big hero And grabbing off loud cheers And the next day you are zero And all you get is jeers.

Benny Leonard had his picture taken in an officer's uniform and then denied it. Ain't these champions temperamental? (The chair will now sing "There Are No Heebzov Sailors Where the River Shannon Flows.")

Now, once there was a pugilist, (But that was long ago) Who often used his mighty fist His bulging arm and brawny wrist To lay his rivals low. (But that was long ago.) He never thought, this pugilist, (For that was long ago) The sale of pills he could assist And so add to his golden grist And pile up heaps of dough. (For that was long ago.)

### CHEEVER COWDIN, POLO STAR AND MILLIONAIRE, TO FLY FOR LIBERTY

SAN FRANCISCO, Oct. 28.—J. Cheever Cowdin, polo expert, who made a fortune in copper last year, has decided to seek service as an aviator for the United States. He announced to his friends today that he would leave for Camp Kelly, Texas, shortly to enlist in the aviation corps. Cowdin has not had experience as an aviator, but his training as a polo player is expected to help him in his war duties. Cowdin has a brother, Elliott, who was for three years a member of the French aviation corps and took part in many engagements on the western front. This brother is now in the United States.

### WOMEN'S GOLF CLUBS TO SEND AMBULANCES

CHICAGO, Oct. 24.—The Women's Western Golf association yesterday completed a fund to send four ambulances to France. The various clubs in the association contributed \$2870 and the association made up the remainder from its treasury. The White Bear Yacht club of Minnesota topped the list with \$170, while the Milwaukee Country club was second with \$114 and the Edgewater Golf club of Chicago third, with \$140.

### HOCKEY ELIMINATED FROM HARVARD SPORTS

Varsity and freshman hockey teams will probably be eliminated from the Harvard athletic schedule this year. Not even an informal team will be organized, as had been done in football. "The undergraduate body is too much occupied with war," is the reason given for abolishing the sport. Not a single hockey letter man remains at Harvard.

### YACHT CLUB LEADS

(Special Star-Bulletin Correspondence) HILO, Nov. 4.—The result of the basketball games last night put the Hilo Yacht club in the lead in the series with five wins and no losses. Results of the games: First game: Hilo Boarding School Jr., 17, vs. Hilo School Jr., 23. Second game: Hilo Yacht Club 27, vs. Hilo Boarding School 26. Third game: Y. M. I., 35, vs. Plantation 30.

## SURE IT'S SIMPLE; MITCHELL WILL BUY FLAG FOR \$200,000

CHICAGO, Oct. 23.—Fred Mitchell, manager of the Cubs, started out today to buy a National League pennant. He had \$200,000 to do it with. "And if that isn't enough, there is plenty more where that came from," Charles Weeghman, the Cub owner, told him. Mitchell is en route east, where it is said he has three big deals for players hanging fire. Meanwhile Weeghman will work on two big deals in this part of the country. Both of them mean business this time.

## TENNIS FINALS WON BY CASTLE

Taking three of the four sets A. L. Castle defeated W. H. Hoogs, Jr., in the singles finals of the Hawaiian Patriotic Tennis tournament at the Kapiolani Park courts of the Hawaii Polo and Racing Club yesterday afternoon. The scores were 6-3, 6-1, 3-8 and 6-2. Hoogs played a smashing game. The first session was close but in the second the winner outplayed Hoogs. In the third, by a big spurt Hoogs won but the effort put into the spurt appeared too much and he went down easy in the final set.

The doubles of the present tournament will begin this afternoon. The schedule is as follows: Thursday, Match No. 1, Beretania Courts, 4:15—Ohye and Uno against Larky and Waterhouse.

Friday, Match No. 2, Beretania Courts, at 4:30—Tanaka and Wong against Castle and Eklund.

Friday, Match No. 3, Polo courts, at 4:15—Steele and Barnes against winners of Match No. 1.

Friday, Match No. 4, Polo courts, at 4:15—Hoogs and Hoogs against Wilder and Girler.

Saturday, Polo courts, at 2:30—Challenge round singles, Eklund vs. Castle.

Saturday, Polo courts, at 4:00—Doubles, winners of Match No. 2 against winners of Match No. 3.

Saturday, Polo courts, at 4:00—Doubles, Page and Allen against Richards and Warren.

Mixed doubles in the regular championship will begin on Tuesday, Nov. 20. Entries for these will open today at E. O. Hall & Son and close at the same place on Saturday, Nov. 17.

### PORTLAND FANS WERE IMPRESSED WITH VERN AYAU'S DIAMOND PLAY

All of the baseball fans of Portland have a good word for Vernon Ayau, the Honolulu boy who played in the City League there. The Portlanders who have watched him perform in the Rose City and Northwest League were particularly impressed with his fielding ability, and believe that with more experience he will make good in the Northwest circuit. Judge McCredie is anxious to learn how "lefty" Crumpler is going, and the Rose City manager said that he would give the Coast Defense star a chance to perform at any time. He was very pleased to learn that the southpaw had downed the Wreckers, after a long run of victories for the 25th Infantry. A number of the fans in Portland were asking about Moriama. The newspaper boys were sweet on the Japanese player, and said a number of nice things about him in the press. Rogan is another player who has evidently made an impression, and many of these fans are anxious to see him perform.

### STANFORD VARSITY NOT TO RETURN TO YANKEE GRID GAME, SAYS HEAD

STANFORD UNIVERSITY, Oct. 27.—Stanford University will not return to the American game of football, as an unfounded rumor which has been circulating in sporting circles for the past few days puts it. This announcement was made this afternoon by Graduate Manager "Red" Hauser of the farm, who said: "Stanford University has no intention of going back to the American game at the present time, as is well known by the greater majority of sport followers. The Cardinals will put their team against Santa Clara for the big game on Stanford's turf on the afternoon of November 24.

## PORTLAND BEAVER BOSS MAY BRING DOWN FAST BALL TEAM TO HONOLULU

### More Than Anxious to Make Trip if Right Kind of Inducements Are Offered—Beavers' Last Trip Boosted Hawaii in Portland, Oregon

(By OWEN MERRICK) WALTER McCREDIE, manager of the Portland Beavers, is a real booster for Hawaii. The leading minor league baseball boss of the United States was discussing various training camps with a number of the baseball fraternity at the St. Francis hotel in San Francisco. "Hawaii leads the field," said the big manager. "If ever we are given an opportunity to go to Hawaii, you can depend upon it that we will be more than willing."

McCredie wants to come to Hawaii, and he wants to come in a hurry. The Portland leader said that if the baseball magnates of Honolulu would give him an offer, he would bring a team to Honolulu this winter. McCredie is confident that he can bring down 12 players and make expenses.

"You can tell the people of Honolulu that I am not at all anxious to make a fortune out of the trip. We would like to be assured of our expenses, and I am confident that working on that basis, I can gather together a nice bunch of ball tossers. They are all anxious to make the trip since the visit of the Portland team last spring."

Plans Laid Walter Mac said that he could bring over 12 players including three pitchers and two catchers. He has two hurlers lined up who would play in the outfield, and a backstop would also be used in the garden. And McCredie wants it known that he has not altogether forsaken the National Pastime. "We would have a fast team of youngsters, and believe that we could hold our own in case the good people of Honolulu would extend an invitation."

The trip of the Beavers was a big event in athletics for Honolulu. One can hardly imagine the amount of publicity given the islands through the tour of the Portland squad. Judge McCredie is a real booster for the islands and his friends are beginning to call him Aloha.

During his visit to Honolulu, the congressman asked Bob Cronin what the word Aloha meant. He had seen it on every occasion. And the word has stuck. Now Judge McCredie sends his Aloha, but to his friends in Portland he is called Judge Aloha McCredie. And such is fame.

Everywhere the fans of Portland are talking Honolulu, and even during the last days of the season, you occasionally heard remarks about Waikiki and Honolulu from the bleachers. From a promotion standpoint the trip of the Beavers was more than worth while. The baseball players want to come back, and the mention of Honolulu is an occasion for a regular talk fest. Hawaii has gained much since the Beavers left these shores.

Up to the last two weeks of the season, the Beavers played fast ball. The pitchers were going in great shape, and Byron Houck was using his splitter effectively. The former Athletic pitcher was one of the leading slayers in the Pacific League. Penner was the only other twirler who visited Honolulu to come up to expectations. He hurled a number of good games the latter part of the season.

Little Hullocher was a sensation throughout the league. In several of the games at Portland he pulled off plays which would have been spectacular in any league. The youngster has been the bright star of the circuit from beginning to end, and he looks safe for a permanent berth with the Cubs next season.

Pinelli is another player who has greatly improved, and McCredie will without doubt use him at shortstop next season, unless he retains Bill Rodgers.

Bill Rodgers slowed up toward the end of the season, and the fans roared.

Two matches are scheduled today in the Y. M. C. A. handicap tennis tournament, which opened yesterday afternoon on the Atherton courts. Hill, a scratch man, will meet Cuthbertson with a handicap of 15, while Henderson and Merrill will play at scratch. Larimer took one set from Wilder in yesterday's play, but the game was called on account of darkness.

Yesterday's results follow: Johnson defeated Allen 6-4, 3-6, 7-5. Taylor defeated Page, 6-6, 6-2. Today's matches will be: 4:15. Hill vs. Cuthbertson; Henderson vs. Merrill. 4:45. Wilder vs. Larimer (one set finished).

Hill throughout, but Bill has been a game player. He has done a lot for the Portland team, and has been the brains of the infield. Siglin, who was secured from Pittsburg, is a great fielding third baseman. He will without doubt be retained for next season. Williams and Wile played good ball throughout, but Williams does not appear to have the temperament to make good in the big brush. McCredie has picked up a star outfielder in Farmer. The left fielder showed a lot of good baseball at the tag end of the season, and his work on the paths won a number of games for the Beavers.

Cronin, Kennedy and Fawcett are very much interested in boosting the islands, and the trio of newspaper scribbles are anxious to return to Hawaii in the very near future. Fawcett of the Oregonian is now at the Presidio in San Francisco. Three years ago very few Portlanders talked about Honolulu. Today you hear this expression often: "I have always been anxious to make the trip since I heard what a wonderful time the Beavers had in the Paradise of the Pacific."

RUSS COLLAPSE MOST OMINOUS EVENT OF WAR

—Rep. Reavis "If You Don't Buy Liberty Bonds We Will Take Your Money By Taxes," He Tells Commercial Club

"News received from Russia this morning that Kerensky has been deposed is the most ominous thing in the history of the war," said Representative Reavis of Nebraska.

"We are asking for no annexations. We want no indemnities. We are seeking for enduring peace. We are fighting for enduring peace. I am a Republican, but I know that President Wilson did not try to tell the kaiser what kind of a government he should have.

"More than four-fifths of the world have banded together to make their sacrifices in order that civilization may not be driven from the haunt of man. We are raising money through Liberty Bonds to give our soldiers the finest treatment ever received in the history of the world.

ROSE UPHELD IN FIRING COP

When the civil service commissioners came together at noon today to continue hearing the charges brought by Sheriff Rose against Officer J. K. Walchia, the meeting speedily resolved itself into an executive session.

Further business transacted by the commission was the setting of Saturday, November 10, as the date when Peter Luka, the newly appointed policeman at Waiolua, will be examined for a commission in order that he may be permanently appointed to serve on the police force.

One of the last luncheon speakers called was Angus Ery, Delegate Kuhl's secretary. "This is entirely unexpected and I am going to evade it by gracefully resigning my seat," he declared, and proceeded to do so, amid the laughter of those present.

LOCAL AND GENERAL

Announcement is made that there will be no meeting tomorrow of the Women's War Council.

Charles J. Brennan, son of Mrs. A. K. Kirkaldy of this city, has enlisted with the naval reserve at San Diego.

Nine candidates will be given the initiatory degree at the regular meeting of Pacific Rebekah Lodge No. 1, I. O. O. F., this evening.

J. W. Brining has been appointed official shorthand reporter of the congressional party and will accompany the party around the island.

A meeting of the Honolulu Street Railway Employees' Benefit Association will be held at 7:30 tonight in its clubhouse, Beretania, near Alapai street.

Mary Davis Turley was granted a divorce from Edward Turley on the grounds of non-support by Judge Heen yesterday. The decree takes effect Nov. 20.

Representative James K. Lota of Kauai will be ordained at 11 o'clock next Sunday morning in the Kaneohe Hawaiian church as a member of the Protestant clergy.

The following additions have been made to the supreme court library: Negligence and compensation cases, annotated, 13 volumes and digests; Taylor on due process of law.

On the grounds of desertion Adeline Freitas Andrade was granted a divorce from John Duarte Andrade by Judge Heen yesterday afternoon. The decree takes effect November 20.

Arthur, the infant son of Mr. and Mrs. Arthur F. Thayer of 1028 Fourteenth avenue, Kaimuki, died yesterday morning and was buried yesterday afternoon in Nuuanu cemetery.

The land department is advertising the opening of the Kalopa homestead lots in the Hamakua district of the island of Hawaii. Applications may be made by mail up to January 5.

John J. Igoe, Jr., assistant secretary of the Boston Red Sox, arrived yesterday from the mainland and expects to remain a week in the city. He may return to the mainland next Wednesday.

Candidates at the reserve officers' training camp at Schofield Barracks were given a war problem yesterday, working along the road that leads from the post toward the Waiolua hills.

Seven young attorneys who recently took examinations for admission to the Hawaiian bar have successfully passed their tests and have been sworn in. They are Roy A. Vitousek, William C. Achi, Jr., Leo L. Cole, Jr., Robert Coleman Brown, Harry Steiner, Urban Earl Wild and Wendell Francis Crockett.

A REAL TREAT Beautiful red Jonathan Apples grown in the celebrated Wenatchee Valley, state of Washington, are now offered by Henry May & Co., Ltd., at \$2.40 the case delivered anywhere in Honolulu.—Adv.

Mr. Smith is coming to Honolulu.—Adv.

NOTICE. Intending deck passengers on the steamer "Mauna Kea" sailing Saturday, November 10th, 1917, are hereby notified that all main deck space has been sold.

INTER-ISLAND STEAM NAV. CO., LTD. Honolulu, T. H., Nov. 8, 1917. 6923—Nov. 8, 9.

Chesterfield CIGARETTES of IMPORTED and DOMESTIC tobaccos—Blended. "Satisfy?" Yes! Yet they're Mild. Sure as you're a foot high. Sounds strange, because you never before smoked a mild cigarette that did that. Yes, Chesterfields "reach home," they let you know you are smoking—they "Satisfy"! Still, they're Mild! A new blend of pure, natural imported and Domestic tobaccos—that's the answer. And the blend can't be copied. Make Chesterfields your next buy. They "Satisfy"—and yet they're Mild!

# Encampment N. G. H. to Open Tomorrow Kona and Kau Troops to Arrive First

Major Charles H. Bonesteel, who has been a tower of strength in the organization and development of guard work on the big island during the last two years and recently as senior inspector instructor of the National Guard as a whole. Recently ordered to the mainland for duty in the aviation section of the signal corps. Maj. Will Wayne, N. G. H., who has been acting adjutant at guard headquarters during the last two months and who will be camp adjutant at Kawaihoa. Capt. Edward F. Witsell, U. S. A., who was named recently as inspector instructor of the guard, attached to the 1st Hawaiian Infantry.

**R**IGHT and early tomorrow morning, 100 enlisted men and two officers from Kona and Kau districts of Hawaii will arrive on the Mauna Loa, the first group of troops for the big encampment at Kawaihoa, this island.

Majors J. M. Camara and James D. Dougherty, with the three squads of men that left yesterday to get the camp in order, will have the stage set for this first group. Entrainment for the camp will be at 9 o'clock.

Brigadier General Samuel I. Johnson, camp commander, will take charge of the camp tomorrow afternoon. Major Will Wayne will go out tomorrow to assume his duties as camp adjutant. Other troops will arrive on Saturday and on Sunday, the big day for Honolulu, the 1st Infantry troops will entrain.

The two weeks' schedule provides for a busy week. This has been arranged by the army inspector instructors, and as one of them remarked today, it is to be no mere outing. The schedule arranged is as follows:

- FIRST DAY.**  
Arrive at camp, and making camp.  
After reveille, physical drill, 15 minutes.  
A. M.—Entire morning, school of the soldier, without arms. Par. 48-73, incl. I. D. R. 4 hours.  
P. M.—Par. 74-100 I. D. R. with arms, 2 hours. Nomenclature, care and preservation of rifle, 1 hour.  
Retreat—Inspection of arms and clothing. Lecture for officers at 7:30 p. m., "Trench Warfare," 1 hour.
- SECOND DAY.**  
After reveille, physical drill, 15 minutes.  
A. M.—School of company, extended order, Par. 159-198, I. D. R., 4 hours.  
P. M.—Interior guard duty by company, 2 hours. Lecture and practical demonstration of first aid work by company officers, 1 1/2 hours.  
Retreat—Inspection of arms and clothing. Lecture for officers at 7:30 p. m., "Trench Warfare," 1 hour.
- FIFTH DAY.**  
After reveille, physical drill, 15 minutes.  
A. M.—School of company, extended order, Par. 199-297, I. D. R. Occupying of trenches, 4 hours.  
P. M.—Company drill, arm and whistle signals, close and extended order, Par. 31-47, I. D. R., 2 hours. Designation, covering of targets, sight setting, Par. 232-247, I. D. R., 1 hr.  
Retreat—Inspection of arms and clothing. Lecture for officers at 7:30 p. m., "Grenade Warfare," 1 hour.
- SIXTH DAY.**  
After reveille, physical drill, 15 minutes.  
A. M.—Manual of tent pitching, Par. 792-803, I. D. R., 4 hours.  
P. M.—School of battalion, Par. 258-289, I. D. R., 2 hours. Lecture

and practical demonstration by company commanders on military court-est, salutes, discipline, etc., 1 hour.  
Retreat—Inspection of arms and clothing. Lecture for officers at 7:30 p. m., "Bayonet Training," 1 hour.

## RECENT RAINS HELP CITY WATER SITUATION

Recent rains have improved the water situation, according to F. G. Kirchoff, superintendent of the water and sewers department. No. 1 reservoir this morning has 11 1/2 feet of water in it. No. 2 is full to the brim and No. 4 has 20 feet of water. No. 3 is still being cleaned, or would be if the men could be kept at the work, but they declined Tuesday to work in the rain, and yesterday only half of the gang showed up.  
Mr. Kirchoff says the quality of the water, which so far shows little if any improvement, will get better when No. 1 is filled.  
The schooner Blakley is unloading lumber at Kahului.

## GRAND JURY TO GET VICE DATA AT FIRST HAND

Information on vice conditions in Honolulu, and especially regarding the spread of commercialized vice since the closing of Iwilei, is to be secured first-hand by the territorial grand jury.

The jury, acting upon a charge from Circuit Judge W. H. Heen, already has appointed a committee to investigate vice conditions and it has now been at work for more than a month. Yesterday afternoon, according to the city attorney, a number of women, alleged to be practicing commercialized vice here, were called as witnesses before the jury.

About 10 women, mostly French, testified yesterday, according to the city attorney's office. Many of these women are said to have been among the original 114 denizens of Iwilei who were given suspended sentences when the restricted district was closed, and who have since "reformed." If any indictments were returned yesterday they were not placed on the secret file.

City Attorney A. M. Brown expected to present for investigation the cases of three chauffeurs whose names were mentioned during the recent Kemp trial. Kemp was convicted of a charge of procuring. He forced his wife into the life of the demi monde and secured automobiles to transport her to places where "customers" were waiting.

According to Attorney Brown, this investigation will not be only to ascertain the part the three chauffeurs played in the Kemp matter, but to find out to what extent other chauffeurs are transporting women from one place to another for immoral purposes. Mr. Brown points out that there can be no denying of the fact that commercialized vice is rampant in Honolulu. Just when the vice committee of the grand jury will be ready to report is not known, but it is expected that its findings will be made public in advance of the annual report, which will be handed down in December.

## GOVERNOR PAYS FORMAL VISIT TO CONGRESSMEN

Gov. Lucius Pinkham, accompanied by his military aide, Maj. Francis J. Green, made a formal call upon the congressional party at the Moana Hotel yesterday afternoon.  
The long lanai facing the sea had been carefully arranged with chairs and tables for the occasion. Members of the congressional party were introduced to Gov. Pinkham by Maj. Green and Angus Ery, secretary to Delegate Kuhie.  
The conversation during the after-

## LIGHTS NOT RIGHT MOTORISTS FINED

Increased activity on the part of the motorcycle squad resulted in a heavy calendar in police court this morning. Judge Irwin handed down the fines to the offenders, each one of whom drew no less than \$5. All arrests were for violating of the ordinance requiring the proper display of lights.

W. W. Chamberlain was arrested for not having a tail light burning. He was represented by Attorney William Rawlins. The defendant was in court some time ago for violating traffic laws, and this was his second offense, for which, if found guilty, he is subject without discretion of the court to a fine of \$50. He admitted the tail light was out, but pleaded that it was unintentional. He was given a suspended sentence.

M. Ettinghoff, a 32nd Infantryman, however, was fined \$5 because his tail light was not burning, despite his testimony that he visited four garages in an effort to obtain tail light bulbs. The night attendant at the von Hamm Young garage testified that the defendant had asked for bulbs, but that the garage had none in stock.

Four drivers for Love's bakery appeared for not displaying the tail lights in proper positions. Mr. McKenzie, appearing for them, stated that he had been told to place the lights on the trucks where they now were, and that now the court ordered him to put the lights back where the police told him was unlawful. He asked the court who could tell him where the light should be placed, and was advised to consult Bob Lillis. McKenzie said that Lillis told him to put the lights where they were when the drivers were arrested. He paid \$20 in fines.

Others arrested and fined \$5 each were: M. J. Baptiste, L. M. Fishel, J. H. Martin, E. D. Leno, M. Lowenfield, Maw Hop, J. E. Santos, C. W. Damion (who gave a false name to the police officers and failed to appear in court), C. D. Luce, C. D. Hawkins, A. Nelson, Peter Ho, Charley Yim and S. Katakaoaka.

noon was mostly confined to the first impressions of Hawaii, the experiences en tour and the bathing debuts at Waikiki. Matters of state were discussed only in a casual manner, and Gov. Pinkham departed at 3 o'clock after wishing each and every one of the distinguished visitors a pleasant life in Hawaii.

In the evening many of the members of the party visited the Alexander Young Hotel roof garden. A few remained at the beach in order to catch up on the lack of sleep.  
This afternoon the party will return to the governor's call.

Mr. Smith is coming to Honolulu. Adv.

## FOOD BOARD TO PROBE ADVANCE OF FISH PRICES

Through an investigation similar to the one which resulted in a reduction of the price of milk from 15 to 14 cents a quart, the territorial food commission at 2 o'clock tomorrow afternoon will begin a probe of the high price and scarcity of fish in the Honolulu markets.

After weeks of worry the commission now has in its possession sufficient information on which to base its investigation. Tomorrow's meeting will be in the form of a public hearing and representatives of fish companies, fishermen, dealers in fish and the public generally are invited to attend. The commission has the power to subpoena witnesses, but, as Chairman A. L. Cate declared at the milk investigation, has no intention of resorting to drastic measures unless they are necessitated.

The commission is especially anxious to hear the sides of both fishermen and dealers. Representatives of the fishing companies will also be asked to tell what they know about high prices and the present scarcity of fish. Walter Macfarlane, head of the Hawaii Tuna Packing Co., will be present and will present the side of the cannery. The cannery was recently closed down because the alu fishermen refused to go to sea. This "strike" was promptly squashed by the food commission, which warned the sampan men and fishing companies that legal action would be taken if a settlement was not reached. The settlement was reached the next day.

## RUSSIAN DANCER HERE

Ivan Bankoff, a young Russian dancer, who held the jaded New York public for fifteen weeks at the Winter Garden, expects to open a short engagement in a local theater next week.  
Mr. Bankoff, accompanied by Miss Aimee Maynard, arrived in Honolulu yesterday. Miss Maynard is an Australian dancer who has been appearing recently in the States. The Bankoff engagement is being managed by Charles Margolis, who brought the picture "Civilization" to Honolulu.

United States Attorney S. C. Huber returned from a trip to Maui yesterday.

Mr. and Mrs. Joseph Fernandes have returned from a four months' trip to the mainland.

Five trucks for the water and sewers department, asked for by Superintendent Kirchoff two weeks ago, have been ordered purchased. Purchase of the roadsters required by the water department will be deferred.

## NOWELL CLAIMS REFUSE DUMPED FROM SEA WALL

In a letter to the territorial board of health, referred today to the harbor board, A. M. Nowell, secretary and manager of the Sugar Factors company, complains against the practice of certain Waikiki residents of dumping refuse into the sea from the sea wall.

Mr. Nowell states that his residence is at 3075 Diamond Head road, and that the currents are such in the vicinity that refuse thrown from the shore for a distance of half a mile to the eastward drifts in and is deposited on his beach.  
"This is not only extremely irritating," he says, "but practically unbearable. The perpetrators carry out their plans at high tide, showing the refuse off the sea wall at high tide and the ocean does the rest."

Because of the shallowness of the beach waters at low tide, high tide is the only time that people can enjoy a swim at the Nowell place, the latter adds, and it is at high tide that the refuse nuisance is at its worst.

## SECOND LIBERTY LOAN IS HUGELY OVERSUBSCRIBED

(Associated Press by U. S. Naval Wireless.)  
WASHINGTON, D. C., Nov. 8.—Sales of Liberty Loan Bonds amounted to \$4,617,532,200. The total of subscriptions was officially announced by the treasury department last night. Half of the amount of the over subscription will be accepted. The over subscription amounts to \$1,617,532,200, and the bond issue will be for \$3,000,000,000.  
Nine million patriotic citizens helped to make the success of the second Liberty Loan, and the treasury department and the rest of the administration was as much pleased with the great number of individual subscribers as by the vast total of cash that is represented by the subscriptions.

Mayor Fern has received an invitation from Martin Behrman, mayor of New Orleans, to attend the prison convention to be held in the Louisiana city from Nov. 18 to 23, inclusive. The invitation, which included delegates to be named by the mayor, and a substitute for the mayor himself, if his honor could not attend, was read before the Board of Supervisors, who referred it to Palmer Woods for a reply.

# Romantic Chinatown

**Genuine Jade Jewelry**

Artistic designs executed in gold or silver for rings, brooches, combs, scarf pins, necklaces, bracelets, etc.

Attractive Christmas gifts.

**GONG ON CO.**  
24 Hotel Street, bet. Smith and Nuuanu

**Local Far East Section is Brimming With Wealth of Art Treasures Gathered from China and Japan for Honolulu Stores**

FOR visitors or residents of the city, a trip to Honolulu's Oriental quarter day or night, offers not only picturesque interest but genuine commercial value because of the opportunities for shipping such as exist in no other American city.

Here, in the Chinese, Japanese and Korean shops, you may find the clear green jade, the pure soft gold, the silks and satins, the perfumes and spices of the Far East. You will find fans of waving feathers and of fragrant sandal wood; embroideries such as grace the robes of shoguns in Dai Nippon (Japan) or the grave mandarins of Peking, Nanking and Kwanglung. Here are inlaid cabinets of teakwood garnished with shining mother-of-pearl and holding in their dusky recesses the graceful kimonos from the great shops of Kioto and Osaka, or the glistening silk garments woven by the cunning of patient artisans in the Flowery Kingdom.

A visit to Honolulu's Chinatown is incomplete without a glance at the jewelry stores. Here, day and night, are the skillful workers in gold, jade, silver and precious stones.

With apparent slowness, yet with real speed they labor, and under their deft fingers are fashioned bracelets, earrings, pendants and jeweled combs fit to delight lady in her boudoir and to adorn her for stately formal occasions.

At night, with the streets crowded with Honolulu's ultra-cosmopolitan population, the Oriental shops may be discerned because of the gay and fantastic lanterns floating above their lighted doorways. And there are many visitors who like hugely to visit the Chinese chop suey houses, or the Japanese tea houses during an evening of wandering on the search for pretty treasures.

Here is a particularly fine opportunity new for Christmas shopping, with many bargains in rare and artistic things. There are surprises on every hand.

It is educational, also, a trip such as this. It is like an excursion into the fabled lands heretofore visited only in books of travel and description.

There is a little Orient in Honolulu's midst. And outside the district generally known as "Chinatown" there are scattered small shops well worth inspection.

Just now all these shops are getting ready for the holiday season. They have special stocks of goods of wide variety and attractiveness, and even a casual glance at these stocks will convince the visitor that he has an unusual chance to secure here something for "the folks back home."

**Wing Wo Tai & Co.**

**Oriental Fancy Goods**

Embroidered Mandarin Coats, Dress Silks, Crepe, Silk Scarfs, Capes; Grass Linen Doilies, Table Covers, Dress and Shirts waists in all colors; Chinese Crockeryware, Camphor-wood Trunks, Sandalwood, Ivory, Silverware and Teakwood Furniture.

# Boy Scouts of Hawaii in Action

#### SCOUTS AID IN DRAFT DRAWING.

The Boy Scouts did yeoman work during the selective draft drawings last Thursday at the capitol. About 25 Scouts aided during the day and evening, and William Knott, scoutmaster, was on the job all day. Scout Commissioner R. N. Burnham worked up a good organization and Leo de Roo, assistant scoutmaster, was also capably present. Among the Scouts who helped were Alatau Wilder and Ernest Gray, who began the drawing of capsules. Leo de Roo, Edward Silva, Carl Mortensen, Yueda Mahoe, Walker Matheson, William Kalamia, Shin, Ezra Crane, Bishop Kinney, Low, Guy Gitt, Arta Kikugawa, Akai and Okumura.

#### TROOP I

There were present at the meeting in Friday night, Nov. 2, eight scouts, visitor and one official.

Scout Pratt was appointed senior leader of the troop and Scout Wilder Junior. Scout Samson was elected scribe. Knots were practised and there was an inter-patrol contest. The announcement of the next monthly meeting was made.

The next meeting of the troop will be on Friday night, Nov. 9.  
**WALTER SAMSON,** Scribe.

#### SPECIAL NOTICE

All members of Troop V are requested to bring 25 cents for their registration fee on Friday, Nov. 9. If you desire to get a year's subscription to the Boy's Life bring 60 cents in addition. This is very important. After Nov. 10 the Boy's Life will cost \$1.50 a year.  
**CARL MORTENSEN,**  
Troop Scribe.

#### NOTICE, TROOP V

An important meeting will be held on the coming Friday, Nov. 9, at 7:30 o'clock. The members are requested to bring 25 cents as fees for registration.  
**TYAU,** Scribe.

#### TROOP V

The members of Troop V held a regular business meeting last Friday evening. Eighteen scouts and two officials were present. Mr. Edgar S. Barry, who for two years was a faithful scoutmaster of this troop will resign his position and will be succeeded by Mr. Morgan. Mr. Barry is well known to the scouts of this area, and we are very sorry to lose him. The meeting was conducted by Commissioner Burnham, who gave an interesting talk on scouting and the organization of the troop. The boys that were elected as patrol leaders are Holt, Tyau, Jardin and Ho.  
**TYAU,** Troop Scribe.

#### COURT OF HONOR HOLDS MEETING.

At the Court of Honor meeting yesterday only one scout, Montgomery Clark, attended, to pass his first aid for second class. The next Court of Honor meeting will be held in the Kilohana Art League building, for the purpose of passing scouts who wish to become First Class in the rank of scouting. Any scout can be passed in tests between the hours of four and six o'clock.

#### TROOP MEETING CALENDAR.

Troop I will hold a regular meeting at its headquarters at 7:30 Friday evening.

Troop VIII will hold a regular meeting in the Kilohana Art League building at 7:30 Friday evening.

Troop XVIII will hold a regular meeting Wednesday evening at 7:30.

Troop III will hold a regular meeting Wednesday evening at 7:30.

The next monthly meeting has been postponed until Friday the 23rd, as there are five Fridays in this month, and Troop XX is having an entertainment on the 23rd.

Scouts will meet on Miller street next to the Armory 7:20 p. m., first call; senior patrol leaders form troops, call roll and count off.

7:30—Assembly; troops march into positions in line in squad formation. Time will then be given to practicing drill and rehearsing in preparation for the ceremony of receiving the American Flag which is to be presented to the scouts of Honolulu at the big reception to the congressmen on the following evening. On account of this it is important that all scouts and scout officials should be present at this monthly meeting.

After the drill there will be a message relay race by patrols of eight, boys each representing different troops.

The next event will be a four-hand carry race, open to one patrol from each troop. Patrol will line up in single file. Patrols 1 and 2 will pick up number 3 and carry him 100 feet to the goal line. Number 1 will stay there, numbers 2 and 3 will return and pick up number 4. Number 2 will stay at goal line, 3 and 4 returning to pick up number 5, and so forth till the entire eight are across the line.

This event should be practised and competitions held in all troops at meetings before the 23rd, so that their teams may be selected and prepared, as everything must be run off without any waits, and the meeting dismissed at 9 p. m. sharp.

**WILLIAM KNOTT,**  
Chairman of Meeting Committee.

#### SHORTAGE OF FALSE TEETH IN FRANCE

PARIS, France—There is a shortage of false teeth in France. The army is taking all the visible supply. A single dental school, working for the hospitals, has supplied 14,000 sets. All the other schools and dental establishments are utilizing such quantities that the importations from the United States and England are no longer sufficient and the only French porcelain teeth factory has been closed since the mobilization.

The military authorities have been asked to release the manager and enough workmen to utilize this factory.

#### A RINGING MESSAGE TO YOUTH OF THE LAND.

The greatest service that can be done for their country by the boys and girls of the United States is told by Hermann Hagedorn of the Vigilantes, the patriotic society that makes one think of the work of the Sons of Liberty in the American revolution. Mr. Hagedorn speaks as follows:

"Boys and girls of America, you are the hope of the world! Why? Because the world is sick to death of war, and the world knows that kings, favor war and democracies abhor war; and because the United States is the most perfect democracy in the world, and because when Europe's present leaders are dead you, boys and girls of ten and seventeen, will be governing the United States, and therefore, you will lead the world!"

"But you can't go on living as rashly and unconcernedly as you have until today if you intend to fulfill that hope. The boys and girls of England could not win the fight for democracy by continuing to dance the fox-trot in the tearooms of Piccadilly. They tried to for a while, but they discovered that they had to choose between dancing and democracy. You know what they chose."

"Young America, ten to seventeen, for the present your work lies neither in the trenches nor in the munition plants. Yet what does the world ask of you? First of all, it asks this: It asks you to stop dancing for a minute, give up the movies for an afternoon, run Pa's car into the garage, and sit down and think about your country. And then, when you have taken thought, it asks you to jump to your feet and do something!"

Boy Scouts, you are doing something. You are jumping to attention all over this deal land of ours wherever and whenever the call comes for such service as boys can do.

"You have set up before yourselves a great standard. For the Scout law is the law by which all Americans, young and old, must live, if America is ever to be the splendid land of liberty we want her to be, and it is the law on which the future peace of the world must rest."

#### TROOP VIII HAS ROLLICKING MEETING

On the opening of the meeting of Troop VIII found two full patrols present. A new scout was taken in, Otto Hornung, formerly of Troop V. Troop VIII now has two former Troop V scouts who are of great advantage to it. It became an argument among the scouts of the two patrols as to which Otto Hornung should belong. It was finally decided that he should belong to the Eagle patrol.

The meeting was attended by both Mr. Hopwood and Professor Vaughan McCaughey. Professor McCaughey suggested that a hike be taken to Tantalus, and he told us that he would show us the extinct volcano. It was voted to take the hike next Saturday and all scouts who are going must be on the corner of Makiki street and Wilder avenue by 2 o'clock sharp.

After a short business meeting we had several games which gave us some of that "get together" spirit which is much needed.

**Leg Throw.**  
The object of this game, in which

## HOLIDAY BOXES TO FRONT MUST ALL BE MARKED

War department bulletins announcing rules for the shipment of "Christmas Boxes" to soldiers in the American Expeditionary Force have been received at army headquarters. The bulletins state that the Commanding General, Fort of Embarkation, Hoboken, New Jersey, has been named as forwarding agent to handle these shipments.

Parcel post packages should be made to conform in every way with the postal regulations except that wooden boxes should be used. For express packages wooden boxes should also be used and these packages should not weigh more than 20 pounds or exceed two cubic feet in volume. They should be well strapped and lashed and no perishable foodstuffs save that in cans or jars should be in them.

Mail and express packages should be addressed, as prescribed by the postal regulations and each marked "Christmas Box". They should be sent in care of the Commanding General, Fort of Embarkation, Hoboken, New Jersey, Pier 1.

Every parcel will be opened at the wharf and searched for explosives. Every parcel should bear the name of its contents plainly marked on the outside, also the name of the sender. It should be in the hands of the forwarding agent by December 5.

#### COLLECTOR'S BROTHER JOINS AVIATION CORPS

Acting Collector of Internal Revenue Ralph S. Johnstone has received a letter from his brother, Harold W. Johnstone of Berkeley, formerly of Honolulu, stating that the latter has passed the aviation tests and has been chosen as an aerial observer for the army.

In this work the air man will direct artillery fire, take pictures and draw maps and direct charges against the enemy's lines.

Harold W. Johnstone is well known here, having attended Punahou and McKinley high school. Mrs. L. J. Hurd of this city is a sister and his father is W. F. Johnstone, an old Honolulu resident.

The letter received from the young aeronaut says that the examinations were very hard and that he and two others were all that passed out of a total of 21 men. He will go first for training at the University of Texas at Austin and later to Fort Omaha, finishing the course as a first lieutenant. He writes that many of the men of the Olympic club of San Francisco, of which he is a member, have joined the California field artillery regiment known as the "Grizzlies."

#### SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Luster at Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

## Testifies For Benefit Of Suffering Humanity

**W. C. DILLEHAY**

Having witnessed the effectiveness of Fruitola and Traxo in relieving his wife of a severe attack of gall stones, after the doctors had failed and declared nothing but an operation would help, Mr. W. C. Dillehay, 517 Marine St., Nashville, Tenn., felt impelled to publish his testimony in order that others who suffered from stomach trouble might be induced to at least try this treatment. In an unsolicited statement to the Pinus laboratories Mr. Dillehay says: "After the doctors told us an operation was the only thing that could relieve my wife's condition, I heard of Fruitola and tried it as a last resort. I am thankful to say that Fruitola is conclusive evidence an operation is by no means necessary, and hope this wonderful remedy can be made known to all suffering humanity."

Fruitola and Traxo are compounded from the original Edsall formulas at the Pinus laboratories in Monticello, Ill., and can be purchased of Benson, Smith & Co., wholesale distributors; a doctor's prescription is not necessary. Fruitola is a pure fruit oil that acts as an intestinal lubricant, and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste to the sufferer's intense relief. One dose is usually sufficient to indicate its efficacy. Traxo is a tonic-alterative that is most effective to rebuild and restore the weakened, run-down system.

A booklet of special interest to those who suffer with stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois.

Personal Experience Proves Real Value of Remedy for Stomach Trouble

#### WAX MODEL MUSHROOMS

In the state museum at Albany, N. Y., an exhibit of mushrooms, accurately modeled in wax, has been installed as a memorial to Charles Horton Peck, who was state botanist from 1867 to 1915.

Describing this exhibit in "Science," H. D. House says: There are fifty-seven models of fifty-five varieties of edible and poisonous mushrooms, all made by Henri Marchand from casts in the field, and these reproduce perfectly the form, color and habitat of each species.

#### AIRMEN FEEL COLOR OF FIELD

A curious phenomenon noted by aviators is that the color of a landing field may have an effect on an airplane, an area which is dark from being plowed or burned over will make the air above it several degrees warmer than that over land of lighter color, such as a stubble field, thus causing a disturbed condition of the atmosphere, which may make landing difficult if not dangerous.

#### BY AUTHORITY.

The Board of Supervisors of the City and County of Honolulu, invites the architects, to submit plans, concrete or brick for a modern up-to-date comfort station to be constructed on Aala Park. Said plans to be filed with the City and County Clerk, McIntyre Building, not later than Saturday, December 29, 1917, at 10 a. m.

Do you know that if all birds were destroyed, in three years this continent would be without life? The insects would first eat all vegetable life and then eat us.—Charles P. Shoffner.

No distance of place or laps of time can lessen the friendship of those who are persuaded of each other's worth.—Robert Southey.

FOURTEEN HONOLULU STAR-BULLETIN, THURSDAY, NOVEMBER 8, 1917.

## TOG TALKS by Janet Walker

### SUGGESTIONS FOR CHRISTMAS

It is not easy for some of us to realize that the holiday season is only seven weeks away, this year has passed by on rapid wings, for it surely has been a momentous one for all. We have been assiduously applying ourselves to Red Cross work, turned out on sewing machines and knitting needles, and have little time for ourselves. As the days fly past many women feel that Christmas gifts should be confined mostly to sending things "over there," but we simply cannot overlook our relatives and friends at home.

To present a gift made by oneself is still the most precious offering of friendship, but every year finds us at the last moment, worrying over the knotty problem of what to make.

For mother, or sister, or friend, the delightful garment on the left would be acceptable, especially for wear in Hawaii. It can be made of jersey cloth or silk jersey for shopping wear, or in the soft silks, Roshanara, Moon-Glo Meteor, or Liberty satin for afternoon and evening wear. A straight piece of cloth two yards in length is used. Measure off three-quarters of a yard from the left side (this is the center of the back); eight inches down from this point run a line of gathers. These gathers bring the garment up around the neck and form the neck line, the surplus material turning over and forming the four inch high turn over collar. On the right side, seven-eighths of a yard from the center of the back, the material is turned under to form a muff. The two ends overlap, bringing the muff arrangement to the center, and snaps or frogs provide a satisfactory closing (This garment may be lined).

A charming gift for a little girl is the stuffed sewing bird of gay colored cloth (center above). Painted cambric is a good material to use in making this article, and cotton yarns and fancy buttons make him appear both useful and frivolous. Two spools of thread revolve on wire (insulated electric wiring is the best for this purpose), which is fastened to a painted embroidery hoop. A gilded walnut shell is hung around the neck with a colored ribbon, and contains a diminutive thimble. Packages of short needles in a colored case will be found in his breast pocket.

We are always looking for novelties in bags, and one of these uncommon bags boasts a Chinese straw wristlet for its principal shell. Conventional flowers are sewn flat over its entire surface. The edges are bound with silk of the same material used in the bag, which is sewn in the cuff. The bag itself is cut in a sort of V with rounded edges, the bottom finished with tassels or baits of the silk. It projects about four inches from the bottom of the small end of the cuff. The bag should be long enough to come out from the top of the straw about seven inches. An embroidery hoop slightly larger in circumference than the cuff should be tacked inside at any desired depth, as it enhances the contour and beauty of this unique bag.

Something that will freshen the appearance of a somber or worn gown is always sought for, and present day fashions call more than ever for soft collars and neckpieces; Georgette, net, and organdie collars would make useful and delightful gifts. Small pieces of Val lace, with a few embroidered sprays makes a very dainty trimming; a few colored beads used as a motif is also effective.

Paris fashions advocate the extensive use of colored wool and silk embroideries. A few yards of patterned or bordered or stenciled pattern would be quite out of the ordinary for a Christmas gift.

Stenciled motifs of Indian design are very good if outlined with Roman

On right—Wrap of Wisteria meteor, embroidered in chinle and beads. This smart little garmen has a muff that is the novelty of the season.

Below—Little girls will love this sewing bird of gay-colored cloth. He perches in an embroidery hoop, and carries all sorts of delightful sewing accessories.

On left—Boudoir cap of Carrickmacross Irish lace. The fall of lace over the face reminds up of old fashioned pictures.

floss or carded wool. Pongee is such a universal favorite for separate skirts and suits, that pockets, collars and cuffs embroidered on this material, would make a useful and very exceptional present.

Fancy buttons are much in vogue, and for those who have the time and patience for handling very small things, a new idea would be the presentation of one or two dozen buttons. They can be embroidered on any desired material and stamped about an inch apart. When the work is all finished the little disks may be cut out, and the buttons made at home or at the notion counters of any of the department stores.

For brides and such—we enjoy making something for the lingerie outfit. Dainty caps are still very popular. The little cap on the right is just a little different. It has a fall of Carrickmacross Irish lace over the face, with a guipure insertion of the same famous pattern. It is altogether a lovely thing, and would make any bride glow with pleasure.

### WESTERN BEET MEN TO INCREASE FIELDS

SALT LAKE CITY, Utah—The Utah Farm bureau, representing all beet growers of Utah and Idaho, after a three-days' conference unanimously approved beet contracts offered by the Utah-Idaho Sugar company and pledged themselves to increase

their beet acreage for next year. This is in line with the request of the national food commission.

The farmers have the privilege of electing to grow beets under one of two contracts.

### 'SAMMIES' GET UKULELES WHEN THEY LEAVE U. S.

R. E. Scott Says Demand for Instruments is Big; Manufacturers Many on Mainland

Although the manufacture of ukuleles in Honolulu appears to be on the wane, the demand on the mainland is greater than ever and practically every "Sammy" who leaves for France takes one of the little instruments with him, the gift of parent, sweetheart or friend.

R. E. Scott, treasurer of the Bergstrom Music Co., made the foregoing statement today shortly after his return from a combined business and pleasure trip to the mainland. He points out that the so-called "popular" Hawaiian music, which created such a furor when it was first introduced, is dying out and its place is being taken by war and patriotic music. But the genuine Hawaiian music, he declares, has lost none of its popularity and, if anything, is more popular than ever. There is an ukulele in practically every American home today, says Mr. Scott.

Hawaiian music has penetrated the trenches in Europe, he was told, and even among the British "Tommys" and the French "Polly" ukuleles are being strummed and Hawaiian music sung. As regards the ukulele business, he points out that several local contracts for manufacturing ukuleles have been broken or otherwise impaired, with the result that dealers away are now buying their instruments from manufacturing concerns on the mainland, which make a cheaper grade than that obtainable in the islands.

Ernest K. Kaal, who manufactures ukuleles on a large scale, says that the demand is good, although it does not exceed the demand.

### CHILD TO DEAL WITH OPPONENTS OF WHEAT, BEEF CONSERVATION

Hotel, restaurant and cafe proprietors in Honolulu, as well as the public generally, who learn of attempts by the pro-German element to actively fight food conservation, should report the matter to J. Francis Child, federal food administrator for the territory.

That a pro-German element is carrying on a similar campaign in California is indicated by a report received by the hotel and restaurant division of the national food administration, according to advices received by Administrator Child. The report, which is from the vice-chairman of the hotel division's committee of California hotel men, is as follows:

### REVENUE OFFICE HAS NO SAY ON MOVIE PRICES

That the internal revenue office has no say as to the prices charged at moving picture shows, even though those prices may include an increase effective since the federal war tax became operative, was the statement made today by Acting Collector Ralph S. Johnstone.

### THE LAST EXAMINATION OF WAR'S DRAFT

Many a man has fallen down because a test of his water showed unmistakably that he had kidney disease. The kidneys are the scavengers and they work day and night in separating the poisons from the blood. Their signals of distress are easily recognized and include such symptoms as backache, depressions, drowsiness, irritability, headaches, dizziness, rheumatic twinges, dropsy, gout.

"The very best way to restore the kidneys to their normal state of health and cure such symptoms," says Dr. Pierce of Invalids' Hotel, Buffalo, N. Y., "is to drink plenty of water and obtain from your favorite pharmacy a small amount of An-U-Ric, double strength, which is dispensed by almost every druggist." You will find Anuric more potent than lithia, dissolves uric acid as water does sugar.

Send Dr. Pierce 10c for trial pkg. and ask for advice if there is need.

Adv. Marion S. Goodhue of Kealakekua, Hawaii is visiting in the city.

### "Hock Der Kaiser"

### WOMAN'S BOARD PLANS JUBILEE

Fifty years ago this week the Woman's Board of Missions was organized in Boston. The Woman's Board of Missions for the Pacific Islands, organized only three years later, is celebrating this anniversary with a special service, to be held at Central Union church, on Sunday, November 11, at 7:30 p. m. A commemorative program of unusual interest has been prepared. All friends are welcome.

### LOCAL QUINTET TO TOUR SOUTH WITH "BIRD OF PARADISE"

Henry Bishaw, J. P. Nichols, Sandy Moore, Robert Baker and Edward Kinolan, prominently identified with local Hawaiian glee club work, have been engaged by the "Bird of Paradise" company, now touring Australia and New Zealand, and expect to leave Honolulu for the south on the next Canadian-Australasian liner. They expect to be gone at least six months.

Nicholas and Kinolan were connected with Ernest Kaal's Hawaiian Village at the San Diego exposition. Bishaw was formerly associated with Kaal in local glee club work and concert work, and recently opened a studio of his own in the Pantheon building. The five are now awaiting word from Washington, D. C., regarding their passports.

William A. Todd, fire chief of the Hilo fire department, sailed yesterday for Kauai. He was accompanied by Mrs. Todd.

### To Save Eyes Is The Object of This Free Prescription. Try It If Your Eyes Give You Trouble

Doctor Tells How to Strengthen Eyesight 50% in One Week's Time in Many Instances.

LONDON.—Thousands of people suffer from weak, work-strained eyes and other eye troubles because they do not know what to do, says Doctor Lewis. They know some good home remedy for all their other ills, but none for their eye troubles. They neglect their eyes, because the inconvenience is not sufficient to drive them to an eye specialist, who would, anyway, charge them a heavy fee. As a last resort they go to an optician or to the five and ten-cent store, and oftentimes get glasses they do not need, or which, after a few months, do their eyes more injury than good.

Here is a simple prescription that every one should use; 5 grains Optona dissolved in ¼ glass of water. Use three or four times a day to bathe the eyes. This prescription keeps the eyes clean, sharpens the vision and quickly overcomes inflammation and irritation; weak, watery, overworked, tired eyes and other similar troubles are greatly benefited and oftentimes cured by its use. Many reports show

that wearers of glasses have discarded them after a few weeks' use. One man says: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not hurt any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses but after using this prescription for 15 days everything seems clear. I can even read fine print without glasses."

It is good for the eyes, and contains no ingredients which would injure the most sensitive eyes of an infant or the aged. Any druggist can fill this prescription. Try it, and know for once what real eye comfort is. Note: Another prominent City Physician to whom the above article was submitted, said: "Optona is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely rescribed by them. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family."—Adv.

**How Women are Restored to Health**

Spartanburg, S. C.—"For nine years I suffered from backache, weakness, and irregularities so I could hardly do my work. I tried many remedies but found no permanent relief. After taking Lydia E. Pinkham's Vegetable Compound I felt a great change for the better and am now well and strong so I have no trouble in doing my work. I hope every user of Lydia E. Pinkham's Vegetable Compound will get as great relief as I did from its use."—Mrs. S. D. McADAMS, 122 Dewey Ave., Spartanburg, S. C.

Chicago, Ill.—"For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh 165 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound."—Mrs. Jos. O'BRYAN, 1755 Newport Ave., Chicago, Ill.
