There is nothing like breaking bad new gently. Here is an ingenious method re corded in a French paper: A bookmake witnesses in the street the accidental death
of an acquaintance. He sets off to break
the news to the widow. He is charged not
to tell her too abruptly. At the house he
asks for "Mme. Widow X." "I am Mme.
X." says the lady, "but I am not a widow."
"Would you like to bet on it?" responds
the iscalance. witnesses in the street the accidental death

Henry Bowers was talking about hunt SHIPPING AND COMMISSION MERCHANYS they at around the grocery store store out at Onion Creek: "When I reckon up what it costs me for ammunition, the Dealers in Ceneral Merchandise, what it costs me for ammunition, the clothes and what I lose by neglecting my business, every quall I shoot costs me \$5."

Then you can thank your stars that you only hit one in every ten that you shoot at. It is lucky that you are such a poor shot, or you would bankrupt yourself.

Something else has been discovered that came over in the Mayflower. The time it is a pair of spectacles that were wern by one of the Pilgrims. The bows are of steel, an eighth of an inch wide, and the glass is as thick as plate glass, making the weight of the spectacles five bances. From such ponderous appliances as these then, have the modern eye glasses of the typical Boston girl been derived. This also accounts for the large nows of the Pilgrims. They had to have them.

WEGNESDAY, APRIL 8, 1885 Is to day's issue will be found the table of Domestic Exports for the first quarter of 1885, published by Col. Iaukea, Collector General. In the output of our great staple there is a considerable increase as compared with the same quarter last year. This increase has been caused not only because there has been a larger area under cultivation, but because the cane has given a better yield in almost every district. With regard to all other articles of export there is an apparent increase in three ar ticles, viz. bananas, wool and sheep skins, while dried bananas make their first appearance for the initial quarter of the year. All other articles of export show a

falling off in quantity.
The increase in bananas, 81 banches, is so small as to be merely nominal. There has been really no increase in wool, but the stock of last quarter has been kept on hand and has helped to swell the returns

The falling off in rice is due to a cold wind in the spring of 1884, which caused a loss of 33 per cent in the first crop of This leaves 94 men for whom employ a loss of 36 per cent in the first crop of This leaves 194 men for whom employ and the found of these say 9 are so the second crop had to be largely drawn on for home consumption. The revenue now is large, the need for expenses only slightly increased, but the Treasury can't pay and they ought to be able to pay. NOTES.

The Ascidand Weekly Ness in a late issue states: "The Waikato farmers seem to be chilling off a little with regard to the sugar best business. They have probably been reading the accounts that have recently appeared in some of the Australian papers of what is taking place, or likely soon to take place, in the sugar industry in Queensland. The painful truth is making itself apparent that there is no "sugar" in it. It is no wonder then that the Waikate people fight shy of the thing, and refuse to take up shares in the proposed company. If they cannot grow sugar in Queensland to compete with France, it is quite certain that they cannot do it in the Waikato."

J. S. Drury of Blaker-field, says the Californian, exhibits at his drug store some beautiful spacimens of manufactured rands, in the simps of sewing thread of various colors. It requires an expert to detect the samples from silk. It is stronger than silk and can be applied to all purposes for which silk is used.

The plant is perrennial, and is propagated the to the agriculturists of this State. There is wealth in any enterprise where the raw material can be raised and manufactured in the same locality—especially so, where there is also market for the manufactured materials. For shot and ore hags the ramie fiber is unexcelled, as it is strong and darable as herop, and will be past the material for the Oakland Cotton Mills. Here is a chance for the exhibition of a little enterprise out the part of both farmers and manufacturers—and above all by business men whose interests are directly connected with these enterprises which go to build up the State.—Oakloos Terloss.

M. S. GRINDAUM AND M. LOUISSON, COM-PRINCES THE FIRM OF M. S. GRINDAUN & COMPANY, VS. THE HEETA STOAM PLANT ATTON CO., C. M. COOKE, H. MACPARLANE & CO AND ALEXANDER KENNEDY. Before Chaucillor Juid. Opinion.

(1) The bill sets forth that the plaintiffs on e 16th August 1883, took a vortgage from e Heeis Sugar Plantation Company a corpor-ion estabil@ned under the laws of the State the Heeis Sugar Plantation Company a corporation established under the laws of the State of California, upon all the property constituting the Heeia Sugar Plantation, to secure the repayment of \$60,000, in the three years, with interest somi-annually; and, that \$60,000 and more have been advanced by plaintiffs to carry on the phantation; (2) that the semi-annual interest (2600,) due on the 16th February 1881 tax and the semi-annual interest (2600,) due on the 16th February 1881 tax and the semi-annual interest (2600,) due on the 16th February 1881 tax and the semi-annual interest (2600,) due on the 16th February 1881 tax and the semi-annual interest (2600,) due on the 16th February 1881 tax and the semi-annual interest (2600,) due on the 16th February 1881 tax and the semi-annual interest (2600,) due on the 16th February 1881 tax and the semi-annual interest (2600,) due on the 16th February 1881 tax and the semi-annual interest (2600,) due on the 16th February 1881 tax and the semi-annual interest (2600,) due on the 16th February 1881 tax and the semi-annual interest (2600,) due on the 16th February 1881 tax and the semi-annual interest (2600,) due on the 16th February 1881 tax and the semi-annual interest (2600,) due on the 16th February 1881 tax and the semi-annual interest (2600,) due on the 16th February 1881 tax and the semi-annual interest (2600,) due on the 16th February 1881 tax and the semi-annual interest (2600,) due on the 16th February 1882 tax and t

plaintiffs, principal and interest, on their That in default of payment the Heeia Plantation Company may be foreclose air equity of redamption in the mortgaged

tinat said mortgage of H. Macfarlane & Co, the availed security only to the extent of the money. They paid this first through the flow money advanced by H. Macfarlane & Co, to said Julio McKeague and Alexander Kennody.

7. And for process and general relief.

The bill is dated July 3 1884. On the 23 July 3 1884. On the 23 July, John McKeague by his guardian T. A. Lloyd was made a party defendant to this action, on the ground that by a decree of this court in a former case McKeague is entitled to a certain equity in the property involved in this controversy.

The paid this first through the money and this tour day paid this first through the mortgage of the money in the mortgage.

Jones Sec. 376 says that "the agreement under which advances to a certain amount are to be made need not be in writing to be binding and effectual against subsequent liens." Sustained by New Jersey and Penn, cases, not accessible. But the agreement must be made to the opinion.

The defendant C. M. Cooke submits to such as derived and the contemporaneous and no subsequent or all agreement of the Court as may be made.

The defendant Kennedy says that he disabled his copartnesship with McKeague at the disabled his copartnesship with McKeague at the time of his sale to him of his interest in he plantation for \$51,500, and that the mortgage in question was given him to secure part of the purchase money and was not intended as a fraud upon any one; that the flow is Sugar Plantation Company purchased he premises from McKeague with full knowledge of respondent's mortgage and assumed anyment of same and that plaintiffs had full

of which the original mortgagee is a member. Certainty neither the mortgage roar his astacoustic affairs a satisfactorily with the subsequent mortgage could have any greater equity. He took his mortgage with knowledge of the amount for which the prior mortgage made by McKeague and Kannedy and L. Mecfarlane was by him assigned to G. Macfarlane was by him assigned to G. Macfarlane & Co., on the 1st day of Antara A. D. 1881: that the moneys advanced by persons not parties to the original mortgage.

I know of no principle of law or equity them, to secure which the mortgage was ven, were made to carry on the plantation. McKeague and Kennedy was used to equity. In Joslyn vs. Wyman S. Albert McKeague and stead as his contained to mortgage was ven, were made to carry on the plantation. McKeague and Kennedy and that advances ere we made until Kennedy sold to McKeague and acted as his contained to make advanced to the carry on the plantation. McKeague and acted as his contained to make advanced to the carry of the plantation of the mortgage was ven, were made to carry on the plantation. These witnesses say that the only difference in McKeague and Kennedy and that advances ere we made until Kennedy sold to McKeague and therefore the mortgage was not the did that "although a mortgage in force as security for a new indebtedness not more than the mortgage was not continued to make advanced to the mortgage was the mortgage was at had been since the fall from his horse.

I must consider Kennedy and send, and that if McKeague with keepen and even mentioned the plantation: that Kennedy was dissortished with McKeague and even mentioned the plantation: that Kennedy was dissortished with McKeague and even mentioned the plantation: that Kennedy was dissortished with McKeague and the plantation: that Kennedy was dissortished with McKeague and the plantation: that Kennedy was dissortished with McKeague and the plantation: that the money and the plantation: that the money and the plantation: that the money and the plantation: that the

They admit heir said mortgage includes the assign-of a lease by C. B. Bishop and wife to esgue and that afterwards they made a

The first question raised is whether the ortgage dated July 1 1881 to H. Macfarlane Co, covers and is secured upon the lease the Ahupua of Heeia. On the 1st October 509 the owners of this land Mrs. C. R. Bishop in her lusband had by an instrument in and recorded in Book 29 folios 295 extended to John McKrague the lease legia for a term of thirteen years from the October 1881. This lease would not by erron expire until October I 1891. Macariane's mortgage recities this lease in the chedule of property mortgaged. But after the Heera Sugar Plantation Company of Cali-tornia had purchased the plantation from McKengoe, a new lease was obtained by it for

increased rental. This lease is dated It was admitted by commed for respondents at this new lease is not within the Macfar-on mortgage. But is contended that as be furlance paid the increase rent under the new issue, and as the cancellation or the reason overed by his mortgage is on record, he was bound by the notice thus acquired and it consents to a consent and ratification of the whole transaction. The evidence shows that Martariane did not know of the cancellation and defendant were partners and that w lesse, and as the cancellation of the least charlane did not know of the cancellation the old lease or the making of the new se at the time they were executed, but and of them afterwards. I think that Machan are payment of rent on the new lease is a to be taken as a consent that he should so his signify on the old lease. He paid ordinary disbursements, not as moriga-in possession. The title of the lessee was in by way of mortgage and he did not and the recessary to divest him of title. In our becree of foreclosure the Macfarlane mort-age is to be held to cover the old lease of \$66 and lis renewal of the 1st October 1839, at not the new lease of January 29, 1883.

as advances made by G. W. Mactariane & co-subsequent to the transfer of the agency to that firm, are covered by the mortgage to H. Macfarlane & Co. If Macfarlane testifies that the account and H. discrarance testines that the account shit agreety of the plantation was on August 1, 1881, transferred to 6, W. The case of Taylor vs. Post, 37 Hun 449 is dition to the \$34,590. This would apparently opposed to this view. It decides plantation at a valuation of \$271,348,1 that a mortgage to secure future advances is valid for that purpose only to the original firm which was Mortgages and it could not \$250,000. Mr. Henry Macrarane says that to parol be made to cover or stand security for new indebtedness to a successor to the firm. But this was a bill of foreclosure by the parol was "ridiculous." The plantation was a bill of foreclosure by lease to the Hecia Sugar Company, but deny that the first lease to McKengue the mortgagee's administrator and does not effect the question whether a junior mortgagee can take this position.

I think that plaintills having full knowledge bought without his knowledge. He says that a large proportion of the sums advanced in June, 1882, when Boss took charge, under the H. Macfarlane & Co. mortgage, was advanced by G. W. Macfarlane & Co., equity will not permit them to dispute the same.

As regards the Kennedy mortgage, it will be governed by the findings of fact and of law as made by me in the case of John McKesgue whise reading. CLEVELAND'S CABINET.

THE SECRETARY OF STATE.

Thomas Francis Bayard was born at Wilmington Del. Oct 29, 1828. As a boy he always excelled in his studies, although he always excelled in his studies, although one of America's merchant princes, and was inclined to throw overboard all the possibilities of political greatness which were incident to his position as member of the ruling house of Delaware. His carly education was obtained principally at the "Flushing" school at Wilmington. He was persuaded to give up his mercan.

The secretary of state dail. Manning possesses considerable wealth, dresses handsomely, and lives in good style. He lately married the second time does not style this office until December, 1882, having twice been reappointed, when he resigned to thin the position, in which he was runtilled to continue for two years more. During his term of seven years he not only saved large sums of money but instituted and saystem for the protection of the city's legal rights which are of permanent benefit. Within two years he doubled the city while he figures state seven lessened. It is estimated that his saving to the city while he capment was obtained principally at the "Flushing" school at Wilmington.

He was persuaded to give up his mercan.
