A GREAT ELECTION ISSUE

The latest municipal election ever held in the United States takes place today in Greater New York. It is not only a matter of interest to the residents of the city, but is an important vote in the battle of the two parties for control of the government of the country.

The primary issue is the future of the Republican party and the Democratic party. The candidates for both parties have been chosen, and the voters will decide which one of them shall be the next Mayor.

The candidates for the Republican party are Mr. Black and Mr. White. Mr. Black has been a long-time resident of the city, and is well known for his ability to get things done. Mr. White is a newcomer, but has made a strong showing in the primary elections.

The candidates for the Democratic party are Mr. Brown and Mr. Green. Mr. Brown is a veteran of many political campaigns, and has a wealth of experience in the field. Mr. Green is a young man, but has shown great promise in his first election.

It is expected that the election will be close, and that the results will be decided by a narrow margin. It is hoped that the voters will cast their ballots with care, and that the election will be free and fair.

The candidates for the third party, the American party, are Mr. Red and Mr. Blue. Mr. Red is a strong supporter of the Republican party, and has promised to do all in his power to help elect Mr. Black. Mr. Blue is a strong supporter of the Democratic party, and has promised to do all in his power to help elect Mr. Green.

It is hoped that the third party will not play a great role in the election, and that the votes of the third party will be divided between the Republicans and the Democrats.

The candidates for the fourth party, the Independent party, are Mr. Orange and Mr. Yellow. Mr. Orange is a strong supporter of the Republican party, and has promised to do all in his power to help elect Mr. Black. Mr. Yellow is a strong supporter of the Democratic party, and has promised to do all in his power to help elect Mr. Green.

It is hoped that the votes of the Independent party will be divided between the Republicans and the Democrats, and that the Independent party will not play a great role in the election.

It is hoped that the voters will cast their ballots with care, and that the election will be free and fair. It is hoped that the candidates will conduct their campaigns with dignity and respect, and that the election will be a true reflection of the will of the people.

HAD MANY FRIENDS
Sorrow Over Demise of John Grace.

One of the saddest and one of the sorrowful moments in human history was that of the last John Grace. The death of that good man is a great void of friends of the family and many and many more. Those who knew him and those who did not, those who knew him and those who did not, all send their sincere sympathy to the family of John Grace.

Various Sugar Cane-Book for the Second City—Real Estate.

While there has been some confusion, there has been much interest in the real estate market over the past year. A large number of investors have been attracted to this field, partly because of the favorable economic conditions prevailing in the local market. The real estate market has been characterized by a steady increase in prices, especially in the residential and commercial sectors.

As we look ahead, there are several factors that could influence the real estate market in the coming year. The economic outlook remains positive, with low unemployment rates and strong job growth. However, there could be some uncertainty due to the ongoing trade disputes and the potential impact of a possible recession in the future.

The demand for real estate, particularly in areas with growing populations and strong job markets, continues to be high. Investors are looking for opportunities to invest in properties with strong rental potential and appreciation opportunities.

In conclusion, the real estate market shows signs of strength and stability, with a positive outlook for the near future. Investors should consider the potential risks and rewards before making any commitments and consult with a professional before making any investment decisions.

The Cleveland Tandem Is A Dandy!

Also Jones, paid by George Sharrick and Jim Whittenberg of the "Cleveland" Farmer, insured the Cleveland Tandem for the last week. Jones asked that we not say at all.

W. L. Young, paid by the same machine and owned by F. C. Bensing and E. W. Walter, owner of the Cleveland, and also of the Cleveland Farmer. Jones won the One-Twelfth Mile match that he was entered in.

Taking Chances.

JOSHD BIDDLE once said, "If I was called upon to wrap the body of a dot novel, I would add some lumps over his head." Even though every appearance indicated that the joke was dead, Joshd wasn't taking any chances, by getting near a real body having had a real lumps over his head.

Should anyone wear poor shoes? They injure the health, and that's expensive; they hurt the foot, and that's uncomfortable. They make one uncomfortable, and there's no use being so. They look unsightly, which is intolerable.

The shoe—be it any price—is an ornament of the foot, and our shoes represent the Upper Four Hundred of footwear in Honolulu or anywhere else. For quality, service, ease and style our shoes have no equals. We sell only Good Shoes that are manufactured expressly for us at prices, in say Ladies Oxf, from $1 to up to the very finest and most artistic shoe-making.
