CLOSE OF SEASON

A Long Evening With a Couple of Sensational Finishes.

ALLAN JONES AND PLUGGER BILL

A Pair of Bad Spills—Trouble With the Amateurs Again—King's Ultimatum—Weather and Crowd.

There was a big and thorough sport loving crowd on hand for the bicycle races at Cyclomere park last Saturday evening. The grand stand was well filled and the bleacher space for a hundred or more feet on either side of the pavilion was well filled. The Government band was in attendance and gave plenty of lively music, while Miss Kanoho sang two songs in fine style. The evening was ideal as to weather. In fact it was a trifle too cool. Until about 9 there was a bit of a breeze, but after that the flags were limp and weighty. The track was slow. It was not in good condition and the men who made time worked hard. It looks on the loop now as though the banks had been subjected to the pounding of the heaviest rains of years.

A very fair program had been prepared, but it was not followed at all and on the whole, the racing was rather unsatisfactory. Only a couple of events were worth anything, and there was only a couple of incidents to give zest to the entertainment. There was a lot of wrangling and there was radical fault of incapacity in the conduct of the show. In one race, Bilmartin went down in a heap, with his machine like a "hog-tied" steer and Allen Jones rode over the prostrate plugger, without being unseated. This was coming into the home stretch. Bilmartin raised up to see how they finished, then laid back and waited for Marshall to come and rescue him. The visitor was badly bruised and showed fine courage in starting again and in scoring a win. Jones was congratulated on his feat.

Ludloff and Arthur (midget) Giles, were the participants in a shock of a spill within 20 feet of the tape in an amateur heat. Both swerved in springing, but Ludloff was perhaps a trifle more unsteady than the little chap. There was no protest, the upset being regarded as an unavoidable accident. Giles managed to get up in a couple of seconds and ran across the tape with his wheel. Then he had to be assisted to his room. Ludloff was considerably shaken up.

The best real riding of the evening was done by Jones and Bilmartin. Jones is now in the form that he should have shown when he first came to the country. As he is riding now, Sharick could not have beaten him. Bilmartin did a wonderful piece of work in the two-thirds professional handicap. He started from the tape with the first man 40 yards away. He won with an average of 45 and a half seconds for each lap. Sylvia also did some excellent riding in this number.

Last racing as managed Saturday night, is a freak, and a complete failure. There were only four starters out of a field of eight entries and one of the four dropped out on the first lap. The point system was not used, and the innovation made the affair a kind of merry-go-round play. George Martin did not start at all Saturday night. Neither did Harry Terrill. The Giles brothers drew out of finals in the two-thirds amateur and Allan Jones did not start in the professional handicap. Four exhibitions were promised, but not one was given and the Varney "quad" was not shown. It was announced that there would be a 25 mile race on Tuesday—five men against Bilmartin. This will not take place, unless Tom King changes his mind about the men in his control.

There were three trials for the time limit in the final of the two-thirds amateur. Henry Giles won first and then dropped out. In the next two efforts the men finished King, Damon, Treadway. On the third attempt they went under the limit, but King was declared disqualified on the charge that he had failed to do his right share of pacing. The race was given to Damon, second money to Treadway and third to King. Tom King protested and there is talk of an arbitration board. The crowd divided in taking sides with King and Damon. King had ridden in fine form and won by half a length. So soon as Tom King heard the decision he announced the withdrawal of himself and string from the track. The men under his direction are Ludloff, Bilmartin, Jones, Sylvester and Manoa.

The opal trophy for best time for a third of a mile goes to George Martin. Sylvia did not make the trial again. Fred Damon is the amateur champion for the distance. Nigel Jackson, on

leaving the track after a race, was insulted by some bystander and immediately "punched" the individual. The excitement over this quieted down very quickly.

Mile open professional. Sylvia and Sylvester qualified in the first heat. Sylvia almost distanced Sylvester and Jackson. In the second heat Jones beat Bilmartin out in a fine burst of speed, with Whitman third. The final was made in 2:44, nine seconds over the limit, with Sylvia first, Whitman second and Sylvester third. This was when Bilmartin spilled and had his necktie mused by Jones' tires. In the repeat it was Jones, Bilmartin and Sylvia, with the time 2:30, five seconds inside the limit. Jones was given plenty of applause.

Two-thirds of a mile open amateur. King, Ludloff, the Giles brothers, Fred Damon and Treadway qualified. It was in the first heat that Ludloff and Arthur Giles collided. Both trial heats were made in 1:47. A time limit of 1:35 was placed on the final. It was first done in 1:50 with Henry Giles leading, Damon second and King third. Then it was done in 1:45 4-5, with King, Damon and Treadway one, two three, Henry Giles having declined to start. This was within four-fifths of a second of the required time, but it was declared no race. The third time, the watches showed 1:44 3-5 with the procession King, Damon and Ludloff. It was here that Damon was given first, Treadway second and King third, and it was here that King made his protest and declaration.

Two-thirds of a mile handicap, professional. Bilmartin was chratch, Sylvia 40 yards, Whitman 60, Sylvester 70, Jackson 80. The pretty thing was to see Bilmartin go after Sylvia, who seemed to wait a little for the penalty man and then to see the two of them chase the bunch, overtaking all the others in one lap—half of the distance of the race. Bilmartin won in a regular killing finish. Sylvia had worked very hard in the middle of the race and was beaten for second place by Whitman. Time, 1:31.

Lap race, five laps, amateur. Henry Giles took the first, third and fourth laps and Fred Damon the second and fifth. The prizes were \$5 trophies for the first four laps and a \$15 trophy for the fifth. Treadway dropped out on the first, Norman Halstead rode all the way and the crowd thought he should have been given one finish for his pacing. The time for the mile and two-thirds was 4:41 3-5.

It will be seen that there was not much racing, but it was 10:35 when the announcer said pau.

MAUI PEOPLE FRIGHTENED.

Many See Hail for First Time.

Pump for Paia.

MAUI, February 26.—During Sunday afternoon, the 20th, the villagers of Kokomo, Makawao, were much excited over a hail storm which continued for 15 or 20 minutes, covering the ground with hail stones the size of a marble. A blinding flash of lightning followed by a heavy crash of thunder, was the startling preliminary to the shower and caused some of the more unsophisticated residents to be fearful of touching the hail stones, seen by them for the first time. Some of the older people, however, ran out of their houses and scooping up the hail, transferred it to their mouths by handfuls.

A kamaaina relates that about 30 years ago, hail stones as large as a hen's egg fell at Grove Ranch, Paia, which is much nearer the sea level than Kokomo, whose altitude is about 1,700 feet.

It is reported that a Chinese hunc himself at Makena last Saturday.

Willison's circus arrived in Kahului, per steamer Claudine on Wednesday, and gave an exhibition the same evening in the seaport village. On Thursday evening, a performance was given at Spreckelsville, and last night the combination exhibited at Paia.

A soap factory is soon to be established in upper Makawao, on dit.

During the 25th, the barkentine Sharpshooter, Wirfcheleit master, flying the flag of the Argentine Republic, arrived in Kahului, 19 days from San Francisco. She brought a large pump for Paia plantation and general merchandise for the two Makawao sugar estates.

The barkentine Behring cleared today for San Francisco, with a cargo of Haiku and Paia sugar aboard.

It has been rainy all the week.

Brings Racers.

M. S. Decker of Waikapu, well known in sporting circles here, came down from Maui on the Claudine yesterday with a string of four horses which he intends to enter in the races of the 17th. Along with the horses came a nice little sulky so it is evident that Decker means business. The animals are all his and will be raced in his name.

Farewell Party.

There will be a special dinner and dance this evening at the Hawaiian hotel, as a farewell to the guests who are to depart on the Zealandia. Manager Lucas promises a particularly good time. The quintette club will be in attendance.

50,000 ORPHANS

Fanny Andrews Shepard Writes About Armenians.

EFFECTS OF TURKISH MASSACRES

A Nation of Widows and Orphans. Reference to the "Powers"—Another Appeal to Christians.

Mrs. A. F. Judd has just received from Fanny Andrews Shepard a long personal letter with a couple of enclosures concerning Armenian relief work. Mrs. Shepard is the sister of Lorrin A. Andrews, Sheriff of Hawaii, and was born in this country. She and her husband are amongst the most prominent of missionaries to Armenia and were there all through the massacres of two years ago. The Christians of Honolulu have already sent between \$500 and \$600 for the nation oppressed by the Turks, but a special further appeal on behalf of the widows and orphans is made by Mrs. Shepard and will be initiated at a meeting of the Woman's Board during this week. Mrs. Shepard writes from Oberlin, O., where she has placed in the school there for missionary children her two daughters. Her letter in part is as follows:

"Dr. Shepard is doing the work of three men in Aintab this year. The hospital and city medical work was never so large. He sometimes has six to eight and even nine major surgical operations in one afternoon with the assistance of the Armenian doctor and Dr. Hamilton, the lady physician. Often 200 patients come on the clinic afternoon, which alternates with the surgical hours. There are many masses repairs to be made yet, some cases coming long distances. The unsanitary condition of the people, due to their impoverishment by plunder, makes a great increase in diseases of various kinds. One's heart is sick all the time over the situation. Dr. Shepard is president of the Central Turkey College in Aintab, and treasurer of the College Mission Orphan and Relief work as well. Fortunately, he is a man who has an immense capacity for work. I am hoping that the industrial relief work already started in many places may be greatly extended and be a real and permanent benefit to our stricken people, who seem almost a nation of widows and orphans. If Christians in America would only join hands with those in England in establishing such a practical means of helping them to help themselves, something really worth doing could be accomplished. Do you think it possible to raise any funds in the Hawaiian Islands for this purpose to have a special branch of industrial relief started in Armenia with Hawaiian Islands money? Our women are very clever with their hands and can be taught to do beautiful work that finds ready sale in England and America. I have proved this in the needle work industry of which I have had charge several years, begun in famine time and much enlarged after the massacres. I employ over 400 in this work in Central Turkey now. It is self-supporting after once started. I am sending you a number of circulars and the last tract issued by the Armenian Relief Association. May I ask you to have them distributed in Honolulu and other places and will those whose hearts are touched not do something for the orphans? Oh, that I could make people see what we have seen, and they would be only too glad to help these tens of thousands who are suffering for the sake of Christ. I wish some organized effort could be made in Hawaii. I expect to return to Turkey before long to take up again the work I was obliged to leave for a time in that dark and cruel land. Heart and flesh falter, but God is our strength. We have seen marvelous evidences of what human hearts and human frames can endure when God is their strength. It is a pleasure to renew my girlhood acquaintance with Fanny Gulick Jewett, of Oberlin. Her uncle Theodore and his wife are at present making her a short visit, as they are home from Japan this year. I will be here for several weeks yet and would be glad to have an answer from you before my return to Aintab, Turkey."

The National Armenian Relief committee has its headquarters in New York City. David J. Brewer, Justice of the Supreme Court of the United States is chairman. The treasury is with Brown Bros. & Co., bankers. Chauncey M. Depew is a member of the executive committee. In the letter of Secretary Rev. F. D. Greene, sent by

Mrs. Shapard to Mrs. Judd, that member of the committee says:

"It is just two years since Armenia was laid waste in blood and ashes. So great was the loss of life (85,000, of whom most were men, the bread-winners), so complete was the plunder and destruction of property, that the very foundations of business and agriculture were swept away. America, while least responsible, has done more to relieve suffering, and to rebuild the shattered social and industrial system than all the 'Powers' and peoples of Europe combined. This has been done, too, by the hands of our own heroic American fellow-citizens—the 150 missionaries who have out-ridden the storm of death at their posts.

"Though the need is still sore, we have practically discontinued all general forms of relief, both for lack of funds and to throw the people on their own resources. But there is one class absolutely helpless, and whose claims move all hearts—the 50,000 innocent little orphan boys and girls left by the massacres.

"Our funds have enabled the missionaries, to gather into Orphan Homes two thousand of the most destitute and promising of these children. Twenty-five dollars a year provides for each child, shelter, food, clothing, tender care, school and training in some useful trade. The half-naked, starved, despairing little ones have become neat, plump, bright and responsive. They need to be kept for from three to five years. But as the new year draws near, the missionaries, who have worked so hard and successfully (and without pay) write in alarm at the prospect of lack of funds to continue the work. To turn these tender children, who have now become like shorn lambs, out again, in winter, into the gutter from which American philanthropy has rescued them, would equal the cruelty of the Turks and Kurds who orphaned them.

"We confidently appeal to you for aid in averting this disaster.

"The money need not all be paid now, but pledges to support orphans, in whole or in part, should be sent in at once, that those in charge may be relieved from strain, and know how to plan their work.

"Reports will be sent to all contributors, and those sending \$25 or more will, if they desire, be informed as to the name, sex, and history, as far as possible, of the child thus provided for.

"For further evidence of the magnitude and future significance of this work, and its thoroughness, economy and spirit of pure philanthropy, we refer you to the enclosed booklet, 'Brands from the Burning.'

"Gratefully yours,

"FRED. D. GREENE, Secretary."

DISTILLERY.

A Plant Is Found and Man Suspected Is Arrested.

Saturday afternoon was a very busy one for Detective Kaapa. Aside from attending to his duties at the Police Station, he found time to go into Pauoa and there arrest Joe Ferreira on the charge of distilling liquor. He found a complete still for the making of okolehao and together with this, quite a lot of cutting wood, when the detective and his men arrived.

Detective Kaapa says he has good reason to believe that the unlawful business has been carried on in that locality for some time past. Suspicious bundles of wood have often been brought down from the locality mentioned and disposed of in front of several Portuguese stores, one of which was just lately raided.

The distilling apparatus captured by Kaapa is made according to the very latest ideas, and the capacity of the same would go to show that the orders were not lacking at any time.

Died of Diphtheria.

Perivall Edgar, aged eight years, eldest son of Jos. Tinker, died at the family home yesterday morning and was buried in Nuuanu cemetery in the afternoon. The little fellow had been attacked with diphtheria and was recovering nicely when he suffered a relapse, which ended in his death. The funeral services were held at the grave the Rev. Alex. Mackintosh officiating.

HOW REED STANDS

Attitude Announced By Dingley's Paper.

Would Probably Vote No On Annexation But Is Not a Factor In Opposition.

The Lewiston, Me., Weekly Journal, of February 10th, which is edited by Congressman Dingley, Speaker Reed's right hand man, contains the following in its Washington correspondence:

The position of Speaker Reed on the Hawaiian annexation is said to be this: He will not use his position as Speaker to defeat the treaty now under consideration in the Senate, nor to prepare the way for the defeat of legislation to accomplish annexation should it be necessary to resort to that to carry out the policy of the Administration. His opposition has been passive, but his opinion is fixed.

The statement may be made with absolute certainty that Mr. Reed does not believe in annexation, and, if called upon to vote on the question, would, undoubtedly, vote against it, but he is not a factor of the opposition. The Administration favors annexation; a large majority of the Republicans favor annexation; Mr. Reed does not. This is all there is in the matter in respect to the Speaker's position.

The belief of the advocates of Hawaiian annexation is that they will have votes enough in the Senate to ratify the treaty. If they should fail in this they are sure of a large majority in both Houses for such legislation as may be necessary to accomplish what is contemplated by the treaty. It is not thought that Mr. Reed would try to use the power of his position to prevent this legislation. Another question that has been raised is as to the status of Japanese now in Hawaii, and that point is that they would become citizens of the United States.

The fact is that they would have the same opportunity after annexation to become citizens that they have now and that all Japanese now have to become citizens. The laws now probably admit of any citizen or subject of Japan coming to this country, and becoming citizens of this country under the naturalization laws. The annexation of Hawaii will not affect this question.

AT FANCY DANCING

Success of Exhibition at Independence Pavilion.

Made a Society Event—Large Attendance—Pretty Evolutions to Music—Entertainment Features.

In the way of entertainments, certainly nothing prettier and more refreshing than the exhibition of fancy dancing by Mrs. Gunn's class, Saturday night, has been seen here. Mrs. Gunn conceived the idea of adding to her already largely attended dancing classes, something more than the ordinary, and with this in mind, took lessons from the ablest teachers in the States, while she was there on a short vacation. She came back to Honolulu and last October, started a fancy dancing class. The beginners were not many at first, but the merits of the class were soon recognized and it was not long before quite a number attended. By actual count, at the exhibition Saturday night, there were 75 pupils.

The exhibition was more for the benefit of the parents than anything else, and from the remarks overheard, these were more than satisfied. The dancers were a great credit to their teacher. Although a large crowd was expected, there was present a larger one than anyone anticipated. It is safe to say that 700 were present, these comprising the best people in Honolulu. Independence park pavilion was neatly decorated and amply provided with light.

At about 8 o'clock, the program opened with a fancy drill by the whole class. Mrs. Gunn stood in front of the children and directed their movements.

The second number was a butterfly polka by the girls of the class, with Doris Haywood, a most attractive little tot of five years, forming the foremost rank all by herself. This, like all the rest of the dances, was well done. Little Doris was the chief attraction.

The pretty cacha was danced by the following girls, comprising the oldest in Mrs. Gunn's class. Irene Fisher, Clara Ena, Majorie Freeth, Clare Williams, Florence Lyons, Ada Rhodes, Linda Schaefer and Ella Wight. The young ladies were all in costume, and made a very attractive picture as they went through the various motions of the dance.

After a lancers and Danish dance by all the children, Oliver Lansing danced the fisher's hornpipe, which called forth more applause than any number on the program. Oliver did his part well and was encored, returning to do the whole thing over again. The boy was dressed in a white sailor suit with soft shoes, and when he went the whole length of the hall on his heels, there was applause from every one in the room.

The tambourine dance was done by Ada Rhodes, Mary Freeth, Irene Fisher, Clara Williams, Edith Williams, Florence Lyons and Beatrice Castle. After this came a dance called the Lover's Quarrel, by Ada Rhodes and Oliver Lansing. A more coy maiden than Miss Ada and a more persistent bean than Oliver could not be imagined.

The minuet by three sets of eight children, each dressed in the Colonial costume, was an exhibition that would have done credit to much older people. The training must have been of the best to produce such results. The children were exceedingly graceful in the dainty dance. As in all the other dances, the music played by Mrs. Alice Brown on the piano, could not have been better done by any local talent.

The last dance on the program was the Polish dance by Miss Rhodes, a most skillfully and gracefully performed number. After this, refreshments were served the children, and then the hall was cleared for the dance which was announced to take place. The quintette club boys took their places and the merry whirl began. Promptly at midnight all festivities ceased. Mrs. Gunn is to be congratulated on the undoubted success she made of the whole affair.

Pair of Thieves.

In the Police Court Saturday, Summers, a colored man who is known to have packed away a safe containing money, red hot stove and other things, was sentenced to a term of two years on the reef, on the charge of larceny in the second degree. His associate, Ah Loy, plead guilty to the charge of larceny in the first degree and was committed to the Circuit Court. The case of Summers and Ah Loy has already been dwelt upon at length in the columns of this paper.

ARE THEY LOST?

Belief That a Native and Family Perished at Sea.

It is almost certain that Kahalepuna, his wife and children have been eaten by sharks or their bodies washed ashore on some part of one of the islands close to this. Some two months ago they started in a whaleboat for their home in Waialua, Molokai. While going out of the channel, the sail was hoisted and all appeared to go well. The next day, they put in near Koko Head for safety on account of the storm. This was the last seen of them. They left when the storm abated to continue the trip to Waialua, but have never reached that place. The people all over Molokai have been on the lookout for them, but nothing has been heard.

Frank Sherwood was down town today, the first time since he had his tussle with cholera morbus. He says he drove thirty miles after he was taken, and never came so near dying in his life. After this when he goes out in the country he will take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him.—Missouri Valley (Iowa) Times. For sale by all druggists and dealers. Benson, Smith & Co., Ltd., wholesale agents for Hawaiian Islands.

They Are Reliable.

Saturday evening, January 29th, a party of eight left the city for a trip around the Island on bicycles. The list was made up of some of the leading wheels represented here, among them a '97 Overland Special which is handled by the HONOLULU BICYCLE CO. The Overland was the only wheel in the lot which made the trip without trouble of any kind. OVERLANDS are the kind of wheels that take you away from home, and bring you back again.

By the last Australia, we received a few samples of the '98 OVERLANDS. They are as much superior to the '97 product as daylight is superior to darkness, and are without any exceptions, the most beautiful models, and the highest grade wheels ever shown here for anything near the price which we shall sell them—\$65. We defy all competition, even at a much higher figure.

MONDAY, FEBRUARY 28.

THE POWER OF THE PRESS.

Among the reasons for the small influence of the Press in these days, is its general tendency to exaggerate, and mis-state. Here is an example, taken from one of the most widely circulated religious papers in America, the Ram's Horn. It says: "That church (the Roman Catholic) is doing more than all others combined to subvert American institutions, but was worldly wise when it placed its highest institution of learning and the headquarters of its ecclesiastical authority on this continent at Washington."

While such talk takes with an ignorant person, an intelligent person sees that it is exaggerated drivel, and loses his confidence in the Press, even the religious Press, that publishes such stuff. The last two judges, appointed to the bench of the Supreme Court of the United States by Protestant Presidents, were Roman Catholics. A marble statue to a Jesuit priest has been erected in the capitol building, near that of Lincoln.

Washington in 1802, left \$25,000 for the foundation of a National University. Had the amount been properly invested, the fund would now rise above \$5,000,000. But Protestants, controlling Senate and House, neglected the matter for over 90 years, and will hardly touch the ground for the National University before the year 1900. Those clever Roman Catholics—excellent business men—secured a valuable tract of land near Washington city, and their university rises in magnificent proportions. Protestantism, having shown the meanest business capacity, and spent nearly a century squatting on its haunches in Washington, now is scared, and shouts to the people: "The Roman Catholics are subverting American institutions." In the meantime, Pius XIII. has broken the windows which for some centuries have been tightly closed, and have barred out light and air from the theological plants of his church, and has let in the fresh, strong breeze, and the sunlight of intelligent democracy.

The conservative forces in the church tell him that he is simply sending that great Institution to pot, and things are in a dreadful way. But he holds to his course. Then come associations, and papers like the Ram's Horn, that have lost confidence in the Almighty's power to rule the world, and tell us, substantially, that He is quite too frivolous in His doings, and that the Roman Catholics are really betting the best of Him, and something must be done about it at once.

Now the average American no longer believes such stuff. If he did, he would not permit children of the "Scarlet woman" to be put in high office, as Justice McKenna, a Roman Catholic has been put. Everyone knows that the opinion of a man given to exaggeration has no value. The opinions of the Press, for the same reason have a decreasing value.

It is the practice of a great majority of newspapers to announce most solemnly, in a political campaign, that if the party they favor is not elected, the country will inevitably go to the dogs. And invariably, after the election, the country doesn't go to the dogs. As soon as a new campaign opens, the same old story is started. A new set of dogs are discovered, and the partisan Press describes to its readers the fearful fate of these who do not "whoop it up," and pictures the terrible force of the dog's teeth. In the case of the religious Press, as men slowly rise out of the traditional habit of religious thought, they come to regard with contempt the "going to the dogs" theory of an excited Press. The growth of the religious Mugwump journals like the Outlook is remarkably rapid.

Mrs. Gunn's dancing class did some exquisite work on Saturday evening. The execution of the Spanish dance, the dainty and faultless skip of the sailor lad, the stately movement of the Colonial minuet, was a credit to the children, as well as to their careful teacher. Only such an exhibition could crowd, as it did, Independence hall. It was the children's hour. Banked behind the little dancers were the eager parents and those who love the children, all watching the pure little brows yet unwritten with real care, yet finding life as full now of poetry as the gentle measures to which they gracefully moved. The old grey heads looked on, with the illusions of life behind them. Did not the grace of the Lilliputian minuet, for an instant, give

them "a breath from the immortal morn of youth?" They, looking back on the dust and heat and glare of the highway that begins at birth and ends at the final Wayside Inn, say with Longfellow:

"I nearer to the Wayside Inn,
When toil shall cease and rest begin,
Am weary thinking of your way."

The extract regarding Speaker Reed's attitude on the annexation question, which we publish in another column, contains what we have always believed to be a correct statement. Aside from a personal statement over his own signature, no one can speak with better authority than the paper edited by the Speaker's powerful lieutenant.

After publishing some weeks ago the story about the horse that saved the child in Cleveland, O., we at once wrote to the Chief of the Fire Department of the place, asking him if it was authentic. We have not received any reply. The story itself was so remarkable, it demanded verification.

FOR UNION STREET.

A Correspondent Has Faith In It as a Thoroughfare.

MR. EDITOR:—I noticed an item in your paper this morning headed "To close Union street" which has evidently been written on the information of people ignorant of the facts. For the information of those people and particularly the "street experts," I will give them some facts that they appear not to know or else have studiously ignored. The Legislature at its session, 1896, passed an act entitled "An Act to increase the width of certain streets in the District of Honolulu." In the first section of this Act, Union street is the second street named as one of the streets to be widened. The survey of this street as set forth in Section 5 of this Act shows that it will be widened 35 feet and the dangerous corner on the Monsarrat property entirely removed, and the street straightened. This will make of it a "useful and handsome street" to quote the language of the item above referred to. On the 10th of January, last, a petition signed by over 100 of the most prominent business firms and citizens of this city, was presented to the Executive Council, who, under this Act have authority to widen the streets named therein, praying them to cause said street to be widened in accordance with said Act. This shows that the general public do not agree with the "street experts." "The scheme" to widen Adams lane would not be "the best and cheapest and safest." 1. Not the best because it would bring it too close to Alakea street and would make of it a blind street leading nowhere, while on the other hand, the widening of Union street would be far more desirable for the public convenience, said street being the natural continuance of Emma street. Most of the traffic town wards from Emma street and from the Plains, coming along Beretania street, goes down this street. Not the best because it is against public policy to close

streets, but rather to open, widen and extend them, and it would bring the question before the Courts of the right of the Legislature to close up a street. 2. Not the cheapest as it would cost from four to five times as much as the widening of Union street. After settling with the property holders on Adams lane, the Government would have to settle with the property holders on Union street and give them proper, just and full compensation for the damage done to their property by entirely closing up their frontages on said street. I do not think that the Queen's Hospital and the Roman Catholic Mission, and I am sure the Monsarrat's family, who all have large frontages on this street, will be at all satisfied with this "scheme." 3. As to the question of safety. When Union street is widened and straightened in accordance with the said Act, it will be as safe as any street in Honolulu.

Yours faithfully,
J. M. MONSARRAT,
Honolulu, February 24, 1898.

A Tumor Formed Finally It Broke Inwardly and Discharged

Trouble Began With Dyspepsia and Impure Blood

Thorough Course of Hood's Sarsaparilla Completely Cures.

There is danger in impure blood. Disease and suffering are surely coming to those who neglect this threatening symptom. Read this:

"Gilliam, Missouri.

"C. I. Hood & Co., Lowell, Mass.
"Gentlemen:—My troubles began with nervous headaches, which would last me for two or three days. The doctors pronounced my trouble dyspepsia, but they could do nothing for me, and advised a change of location. At the age of 55 a tumor formed on my spine, which

but did not rise or discharge. The doctor thought best to cut it out, but I objected. It finally broke and discharged a great deal. The doctors said they could do nothing for it. Then the tumor began to rise inwardly and discharge. I read much about cures by Hood's Sarsaparilla and thought I would try it. Before I had finished taking one bottle I was much relieved. I continued the use of Hood's Sarsaparilla, and after taking 12 bottles I was entirely cured. I am now well, have a good appetite and feel that I owe my life to Hood's Sarsaparilla." W. D. FORD.

TIMELY TOPICS

February 18, 1898.

THE SIGHT

of so much water lying around is, in a sense, a pleasing one, since we are assured of full reservoirs and a consequent, though perhaps brief, opportunity of once more enjoying life in this "Pacific Paradise." Another thought is, however, apt to strike us, and that is the danger to be apprehended by reason of the faulty system of drainage—or should we say, the absence of a system, however faulty? The "Authorities that be" are devoting some attention to this matter just now, but the attention of Householders is directed to the part they are expected to play in the game of "Health Sanitation." Columns of space might easily be devoted to germs, microbes and other similar craft, which, unmolested, take up their abode in the water we drink and communicate to us the means by which our health is broken and our lives eventually lost.

Poets may dream of "good in everything," but just where the "good" of filling our "innards" with microbes comes in, the every day common sense man cannot see. Science has discovered the insects, and science has placed the power of utterly destroying them in the hands of one and all. Physicians are all agreed upon the one point, that the best system of filtration is through stone, and this system is carried out in its highest form in the

IMPROVED NATURAL STONE FILTERS

as shown in our window. The water—muddy and discolored—is shown in the top reservoir, and after passing through stone, drops clear and pure into the bottom receptacle. This filter is absolutely the best known and is made in four sizes—6, 7, 8 and 9 quarts. We would strongly urge upon Householders, the incalculable benefits derived from the use of them, and are pleased always to explain their merits.

For Restaurants, Hotels, Ships or Offices, we have a very handy article on exhibition—a WATER COOLER—in three sizes. Water contained in them is always cold and pleasant.

While on Sanitary subjects—What's the matter with Roberts' OZONATOR? It costs complete with fluid only \$5, and if hung up in stables or outhouses, etc., will keep them always sweet-smelling and clean. Try one.

Punahou Boys Win First Baseball Game.

Rather Outclassed the Kamehameha Team—Was Good Playing at Stages—Future Games.

The first of a series of baseball games between Oahu College and Kamehameha School, was played at the Makiki grounds of the league on Saturday afternoon and drew a large crowd. There was no admission fee. The students play for the love of the game simply, and their friends are very enthusiastic but quite friendly partisans. The carriage contingent was very heavy and took a keen interest in the plays and the progress of the contest. It was a beautiful day for field work, clear and cool. Altogether it was a favorable opening of the 1898 season of baseball. Prince Cupid and Kaanoi were the umpires and at no time was a ruling questioned.

While a number of the players evidenced need of practice, the large majority of the 18 men made a remarkably good showing for the first game in several months. At this time Punahou has the better nine and plays a snappier game. Kamehameha brings to the diamond a fine looking lot of giants, but they evidently have not had the advance work of former seasons. If Punahou keeps up its training, it will have a team equal to the league nines. There were a good many errors recorded in Saturday's game, but this was to be expected in the initial contest. Erratic throwing was the principal fault. Chris Holt is with Punahou. Babbitt was in the box for the college and Dayton caught him. Clarence Cooke is captain and shortstop and plays the game about like he does football—for all he is worth and in dashing style. Soper, Waterhouse, Kleugel and Lane are good men. Nearly all of the Kamehameha men are new to the football public. Some of them put up the genuine baseball article, but several will likely be replaced.

It was a Punahou day, the college clearly out classing the Kamehameha athletes. The score was 20 to 10. They were close in the sixth, seventh and eighth innings, when, in the ninth, Punahou hit hard and Kamehameha became rattled. This was the score by innings:

	1	2	3	4	5	6	7	8	9
Kamehameha	1	1	0	0	7	0	1	0	0
Oahu	3	1	0	0	0	0	1	9	20

The next game will be on the coming Saturday. In the meantime the Kamehameha team will be considerably strengthened. The first game was well worth seeing and the second will be better. Dayton has begun this year with heavy hitting and Chris Holt manages to find the ball without much trouble.

Drew a Crowd.

A number of detectives and regular police, headed by Detective Kaapa, raided a fantan den on Kekaulike street, early yesterday afternoon and succeeded in arresting forty Chinamen. A great stampede resulted when the officers arrived. There were two informers inside and as soon as the noise of the hatchet breaking in the stoutly barred door was heard they very soon admitted the police. In the meantime they had secured the money bag and the paraphernalia used in the game. When the Chinamen were marched to the police station there was a crowd of some eight hundred people in the streets.

First Heat.

Captain Hingley's sweeping challenge to other Citizen Guard companies was taken up by Clarence Crabbe. Following was the score for the first three shoots:

Captain Hingley 41, Desha 39, W. Campbell 34, W. Gahan 40, G. Lucas 34, E. Remeen 34, C. Everett 42, V. Fagarroos 44, W. Evens 32, Captain Benet 26—366.

Captain Crabbe 41, Maybe 38, O. Oss 35, Chas. Wells 42, S. A. Greene 37, Storey 41, E. H. Greene 38, Jas. Torbert 42, "Pop" Atkinson 39, T. Carpenter 38—391.

Crabbe's team wins by 25 points.

The Favorite

IS THE FAVORITE place for the finest liquors only, and the best distillers of the United States, Canada and Great Britain are represented. Best brews of Beer, either on draft or in bottles, may be had at all times.

W. M. Cunningham, Proprietor of this well-known resort, has been in the business for many years, and is a connoisseur in liquors. His establishment is always orderly, and with the services of his assistant, Mr. Thompson, customers are promptly supplied. Bethel and Hotel streets is a favorite corner for the lovers of cold Beer or fine Wines and Liquors.

It Has Traveled.

The "quad" brought down from the Coast by Thos. H. B. Varney, the San Francisco factor, has made a faster mile than any machine ever seen here and as well challenges the world record. It was used to pace a straight-away mile made in one minute and thirty-four and one-fifth seconds. Allan Jones, now of this city, was in the third seat. The quad finished ahead of the single, making the mile in 1:34 flat. Jones says he will always have the most vivid recollection of that journey. A flying start was made and all the record breaking work done in the first three quarters.

The Hawaiian Electric company's lights were out about ten minutes last evening on account of a slight accident.

WE KNOW
That no better copper-plate engraving is done anywhere than we are doing, and we also know that we charge no more for it than is charged FOR GOOD WORK anywhere in the United States.

How do we know this? We have been told so by one of the proprietors of one of the largest houses in America doing this class of work, a gentleman who was surprised, to know that such work could be done away out here in the Pacific. We did all of his work, can't we do yours also? Nothing is too difficult for us, you know.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pump Centrifugals, Elevators, Pumps, Railways and Hoists; also, furnish light and power for a radius of from 15 to 30 miles.

Electric Power being used, saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also, attention is given to House and Marine Wiring.

IS NOT PRESIDENT Minister Cooper Is Simply "Acting."

Therefore Residence Provision Does Not Apply In His Case.

SENATE.

Tenth Day, February 26. Senator Waterhouse reported from the Finance Committee the three appropriation bills recommending that they take the usual course. The report was adopted.

Under suspension of the Rules, Senator McCandless asked the Minister of Finance if there was any work going on to be paid for out of the Loan Fund, and, if so, in what places, state when each particular piece of work was commenced and when it is expected to be completed.

The order of the day, House bill No. 2, was read and passed the second reading and referred to the Judiciary Committee.

On motion of Senator Waterhouse, the rules were suspended and the appropriation bills were read by title only and passed the first reading.

The rules were suspended to allow Senator McCandless to introduce the following joint resolution:

The Legislature of the Republic of Hawaii in regular session assembled does hereby extend to the United States of America, its deep and earnest sympathy in the great loss of life sustained by the destruction of the battleship Maine in the harbor of Havana, Cuba.

Resolved, That a copy of these resolutions be presented to the American Minister for transmission to the President of the United States.

The resolution was unanimously adopted after remarks by several Senators. The introducer of the resolution said that it was fitting that the Island Legislature should offer some form of condolence to the United States. Hawaii hoped and expected to some day become a part of the sister Republic. In her prosperity Hawaii rejoiced, in her misfortunes Hawaii's sympathy was extended.

Senator Baldwin's remarks were along the same strain. It was his belief that such a resolution voiced the sentiment of their whole constituency.

Senator McCandless' motion that the Legislature order the flags on the Government building and at the bungalow placed at half-mast was adopted.

Under suspension of the rules a communication from the House was received announcing the passage of the Senate special appropriation bill of \$20,000 for defraying expenses of the present session.

On a question of privilege, Senator Waterhouse said he believed the Committee on Passed Bills ought to wait until the question of whether or not Minister Cooper could legally act as President be decided before submitting bills to him to be signed. No action was taken.

At 10:25 the Senate adjourned.

HOUSE.

Ninth Day, February 26. A communication from Acting President Cooper announced the transmission by the Justices of the Supreme Court of their opinion in regard to the publication of the proposed amendment to Article 60 of the Constitution. The opinion is that the publication made is insufficient.

The Minister of Foreign Affairs replied in relation to political prisoners that correspondence was still being carried on. The Government does not propose to compromise claims urged through foreign Government.

House members who had questions on Japanese immigration and a Hilo wharf were referred to reports of the Minister of the Interior.

The following is a list of the names of such prisoners as paid fines and the amounts paid: J. A. Cummins, \$5,000; Kaimimoku, \$100; J. C. Lane, \$100; W. K. Hutchinson, \$234; Jas. Aylett, \$50 and John K. Baker, \$6.50.

Representative Gear was informed that there was no sharing of fines in the police department excepting as allowed in the law against opium.

To Representative Paris from the Attorney-General: The Cabinet did not formally ask the opinion of the Justices of the Supreme Court as to the eligibility of Minister H. E. Cooper to act as President of the Republic.

The Article of the Constitution referred to applies solely to the office of President and provides that "in order to be eligible to the office of President a person shall be not less than 35 years of age, have been born in the Hawaiian Islands or resided therein for not less than 15 years and be a citizen of the Republic." Minister Cooper has not resided in the Hawaiian Islands for 15 years and he would not be eligible to the office of President, but it seems clear that the provisions of this Article do not apply to the performance by the Minister of Foreign Affairs of the duties of the President.

President Dole, notwithstanding his absence from the country, is the President of the Republic of Hawaii. There can be but one President. The Minister of Foreign Affairs during the absence of the President performs the duties of the President ex-officio by virtue of his office as Minister of Foreign Affairs.

Representative Gear has inquired about "Schedule E" of the tax law, enforcement of which was waived last year as to mercantile concerns. The Attorney-General said the Executive

Council had concluded that the provision was not intended to apply to purely mercantile concerns. The law requires that combinations of property made the basis of an enterprise for profit shall be taxed as a whole.

On motion of Representative Pogue it was voted that this answer be referred to the Cabinet to ask the opinion of the Supreme Court and report.

Representative Pogue made report for the Finance Committee on the Auditor-General's report. Sections 25 to 27 of the Session Laws of 1892, are quoted showing the duties of the Auditor-General. In accordance with these the report of the Auditor-General must be accepted as a special report. The committee finds on considering the special report that the Auditor-General does not have the proper conception of the duties of his office. We would express emphatically our disapproval of the present system of auditing public accounts. Report referred to the Printing Committee.

The joint resolution of sympathy to the United States was unanimously adopted.

Representative Loebenstein moved that, as a further mark of respect to the people of the United States in their sorrow over the Maine disaster, the House adjourn. Carried. Adjourned at 11:30 a. m.

The moonlight concerts for the week will be: Monday, Emma Square; Tuesday, Thomas Square; Wednesday, Makee Island; Thursday, Hawaiian hotel.

Results in Comparisons.

BEWARE of Jealousy: It is a green-eyed monster. Envy is the direct cause of jealousy. What others have or do should play a small part in the makeup of our daily life. Criticism is an egotist's expression of individual ability, due to weakness in the human character, often causing results more beneficial than damaging.

Seeking advantages is got altogether discreditable; competition gives chances not otherwise obtainable. Results in bargains are soon noticeable; and the wear, style, make and price of an article is compared with former purchases. We are open to comparisons, and invite inspection of our shoes, of which a large line arrived on the S. S. Zealandia. Everything absolutely new.

DEAR SIR:—The Secretary Disc Plow I purchased from you is giving us satisfaction. We are using it to plow under a crop of lupins. They are three feet high and very thick. Your plow turns them completely under, at the same time plowing the land fourteen inches deep. I feel satisfied that with this plow the draft for the same quantity and depth of work is as 6 to 8. That is, with the old plow, to do the same work, it takes 8 good mules; with your plow it takes only 6, and they are less tired at night. Please send me another plow by first schooner leaving for this. You are at liberty to use this in any way you may see fit. Yours truly, A. LIDGATE.

GOOD SHOES!

GOOD SHOES are health producers. Poor fitting ones not only torture the feet but look badly. Think of this when you start out to buy them. We show you nothing but what a first-class store ought to have, and our assortment of styles comprises everything desirable. Our prices are the lowest. We pick the good things out of the world's library of remunerative facts. And can view with complacency the feeble attempts of eager rivals to counteract our successes.

Kodaks

Having been appointed agents by the Eastman Kodak Co., for their Kodaks and supplies we take pleasure in calling your attention to our new line. It will be our aim to keep a complete stock and sell only material that is fresh. Our Kodaks are all new—the very latest improvements. We haven't a solitary out-of-date camera. There are many different kinds. Let us show them to you.

Developing and Printing

Mr. Carl Andrews, one of the most successful amateurs in this city, will have charge of developing and printing. The utmost care will be taken to make the work of amateurs successful. We have adopted a system whereby we can tell why you failed and how to avoid making mistakes again. A slip will be attached to each "failure" stating cause. We can make your snapshots successful pictures.

PASSENGERS.

Arrivals. From Kauai ports, per stmr. W. G. Hall, February 27—G. R. James and wife, Geo. Lopendge, J. M. Farbanio, Miss J. Smith, Miss A. Bechert Otto Schmidt, L. M. Vettesen, A. Gandall, R. Okube, R. Nagao and 34 on deck.

IMPORTS.

From Maui ports, per stmr. Claudine, February 27—8,831 bags sugar, 150 bags corn, 150 bags potatoes, 22 bags rice, 56 bags bones, 4 horses, 30 head cattle, 151 hogs, 113 pkgs. sundries.

A Derelict.

Captain Calhoun, of the Archer, reports passing in the direct path of inward bound vessels and about 175 miles away from Koko Head, what appeared to be the upturned wreck of a large vessel. Nothing has yet been decided on in regard to what is to be done, but it seems to be a general impression that the Bennington will be ordered to the scene to destroy the menace.

Sugar Shipped.

Following are the latest shipments of sugar from this port: Andrew Welch for San Francisco, 1,629 1/2 tons of sugar, valued at \$112,470 and shipped by F. A. Schaefer & Co., Castle & Cooke, H. Waterhouse & Co. and C. Brewer & Co.

The recent "hard times" have made people cut off expenses.

This has encouraged the invasion of "cheap" baking powder—baking powder which sells for a small price, but which either does not do the work, or is bad for the insides, or both.

Honest baking powder cannot be made to sell for 25 or 30c. a pound. There are a few honest baking powders at higher prices. Of these Schilling's Best is the right one, partly because it goes farthest.

WHARF AND WAVE.

DIAMOND HEAD SIGNAL STATION, February 27, 10 p. m. The weather is clear; wind, light, southwest.

The Baltimore crew is having rifle and revolver target practice.

The ship W. F. Babcock sailed for New York with a full load of sugar Saturday.

The American barkentine Archer Calhoun master, arrived in port Saturday about 20 days from San Francisco with a cargo of 100 tons of general merchandise for Castle & Cooke.

Following is the report of sugar left on Kauai: Kilanea, 6,300; Kapaa, 2,000; Hanamaulu, 4,000; Lihue, 2,000; Koloa, 6,000; Makaweli, 3,000; Kekaha, 5,000. Total of 28,300 bags. No communication with Eleale.

The paraphernalia for the new light-house at Diamond Head arrived on the H. Hackfeld. W. E. Rowell states that the framework is all but completed and that the lighthouse will be in working order by the latter part of next month.

Seats Are Gone.

There will be weeping and wailing, when some of the men and boys, who used to frequent the boat landing, call there again. The bench they were so in the habit of using as a place to rest their weary bones, has been removed and all the boxes and barrels which used to ornament the place, are no longer to be seen. In consequence of this, the place is much more respectable in appearance.

Purse Stolen.

While shopping on King street, Saturday afternoon, Mrs. Walter F. Frear had stolen from her carriage a purse containing a gold watch and \$20. She had just gone into a store with two ladies and upon returning, found her property had vanished. There are suspicions as to the thief.

Kirk Porter and Chas. Murray had a tandem tire explode under them at Cyclomere, Saturday afternoon, but luckily there was no fall. The pacemakers were leading a long string, but remained at the pole and everyone else turned out.

In a recent letter from Washington, D. C., to an old friend, Major G. A. Studer, for twenty years, United States Consul at Singapore, says: "While at Des Moines I became acquainted with a Hmlet known as Chamberlain's Pain Balm, which I found excellent against rheumatism as well as against soreness of the throat and chest (giving me much easier breathing). I had a touch of pneumonia early this week, and two applications freely applied to the throat and chest relieved me of it at once. I would not be without it for anything." For sale by all druggists and dealers. Benson, Smith & Co., Ltd., wholesale agents for Hawaiian Islands.

AUCTION SALE OF Lots at Waikiki!

UNLESS SOONER DISPOSED OF, ON MONDAY, MARCH 7, at 12 noon, Mr. James F. Morgan, will sell the Leaseholds of Eleven of the Finest Lots on Waikiki Beach: The remaining term is about 22 years, and each Lot will pay \$30 per annum rent.

It is time now to begin to prepare your Summer retreat at Waikiki. It is nearly impossible to get anything in that favorite locality and it is doubtful whether such a chance will ever again be offered. These lots are all in one block and are so arranged that each has an ownership on the beach, sufficient for bath houses and a lanai if desired.

The 40-foot road opened from the beach to the fine macadamized street in the rear is a new and desirable feature; a water pipe runs down this road and each Lot is connected. Arrangements have been made with the

Water Works Bureau for a single rate for the lot and beach front.

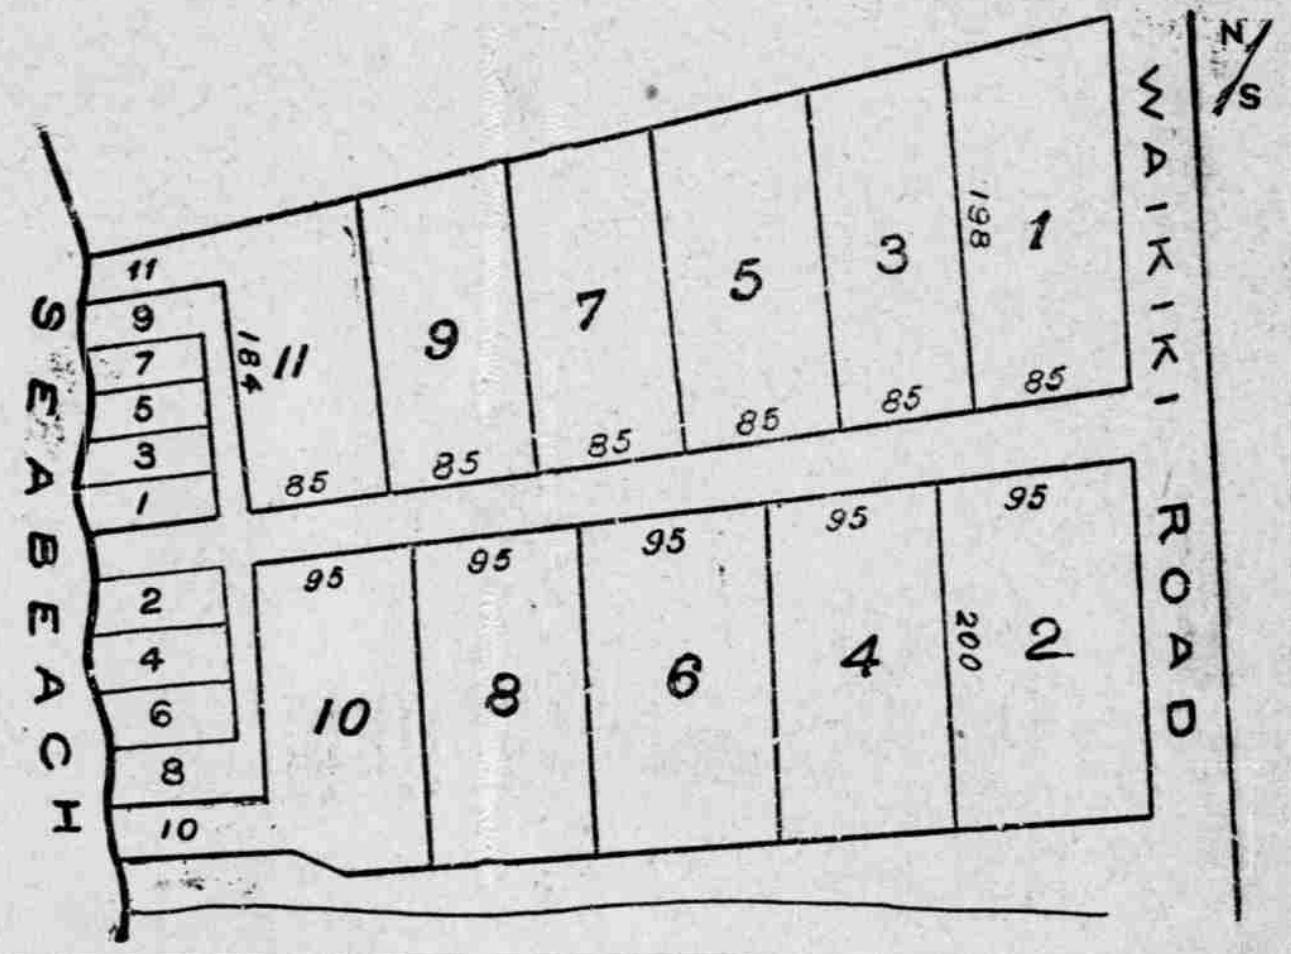

These Lots are all fenced, sidewalk built, and road in fine order. The location is healthy, and the sea bathing good. The block lies in Kalia, adjoining the Waterhouse premises.

Do you object to a leasehold? Have you figured out the expense and actual cost? Do you know that you can have a beautiful home for the next 22 years at a cost, covering building, repairs, insurance, taxes, everything of from \$12.50 to \$25 per month? The lots are each ample for a family, ranging from 85 feet on the street and 190 feet deep to 95 feet on the street and same depth.

Buildings already stand on two of the lots, which will be sold with the ground.

Applications have been made for a few lots already. Now is your time! Further particulars of
