Your $15.

Against a Reputation which it has cost a Million to Acquire.

Do you think that you run any risk, then, if you buy one out of a lot of Fine Chevrons, Cassimere, Worsets and Serges bearing that label, which we are selling at... $15.

THE STEIN-BLOCH Co. have been Wholesale Tailors for almost a third of a century. Their name stands for everything that is scientific and progressive in tailoring, and we are their solvents here.

The same authoritative checkup of your coat, as a good deal of your final judgment depends on, is included in the $15. Of course, it is well to remember that a $15. coat is not a $15. coat. The fact is that the value of a tailored coat is not measured by money but by the result in wear and service.

Do you want Consumption?

We are sure you do not. Nobody wants it. Nobody wants to be the source of such misery and suffering. It's a curse, and we don't want to have anything to do with it. We had rather have the county pay for consumption, than to have it.

THURSDAY—JUNE 2.

WELCOME.

Hawaii welcomes the advances made by the American legionnaires moving across the northern hemisphere to the South Pacific Islands. It is the first movement of American soldiers to reach the island of Hawaii, and as such it is a milestone in the history of the United States. The soldiers are seen as representing the United States, and as such they are warmly welcomed. The soldiers are seen as bringing with them the values of the United States, and as such they are seen as bringing with them the values of the United States.

LICENSED THE SALE OF OFFICE.

It is most unfortunate that in drafting the proposed bill to license the sale of office, the committee who are in favor of the measure are not the same as those who oppose it. The Attorney-General and the Majority, who favor this carefully scrutinized bill, have been left a daily experience during the 31 days of the year to the licensing of this office, with the excelling women of the Wilderness Club, Mrs. Richmond, Mrs. Allen and other leading women, with whom the sale of office will be unavoidable. The Devil with his pockets crammed with paper, stands on the edge of the Attorney-General, and the Majority, who favor this carefully scrutinized bill, have been left a daily experience during the 31 days of the year to the licensing of this office, with the excelling women of the Wilderness Club, Mrs. Richmond, Mrs. Allen and other leading women, with whom the sale of office will be unavoidable.

Artists Make Williams' Photos.

Every part of the work—from the selection of the models to the finishing touches—is a masterpiece of the young woman's art. Williams' photos are the result of an effort to create beautiful pictures, and they are not only beautiful, but they have a certain charm that shows that skill and good taste have produced them.

There Are Different Kinds of Bread.

There are different kinds of bread, and each has its own unique characteristics. For example, there is the white bread, which is made from flour and water, and is often used for sandwiches. There is also the wheat bread, which is made from wheat flour and water, and is often used for toast. There is also the rye bread, which is made from rye flour and water, and is often used for sandwiches.

Buttermilk Soap.

Buttermilk soap has gained a larger measure of popularity to the years it has been on the market than any other soap ever made.

It is the highest standard of quality in every detail and particular. You cannot be too cautious about the quality of soap used on your face or hands. Many of the so-called "puddy" face soaps are nothing more than a mixture of harmful ingredients put up in an attractive wrapper to sell at all.
MR. DILLINGHAM'S REPLY

IN RELATION TO THE

O. R. & L. CO.'S WHARF.

L. A. Thorston, Attorney-General.

Mr. Dillingham's reply to L. A. Thorston's letter:

I regret the positions taken by Mr. Dillingham and his colleagues, which are the same positions taken by Mr. Dillingham in the past. It is our desire to avoid unnecessary litigation and to settle the issue in a way that is fair to all parties involved. We are willing to negotiate in good faith and to work towards a mutually acceptable solution.

In response to Mr. Dillingham's letter, we wish to reiterate our position that the O. R. & L. Co.'s wharf constitutes a navigable waterway and is subject to the jurisdiction of the federal government. We have provided evidence and documentation to support our position, and we are willing to continue the discussion in a respectful manner.

We are committed to ensuring that the rights of all parties are protected and that the law is followed. We believe that the construction and operation of the wharf must comply with all relevant laws and regulations. We are willing to work with Mr. Dillingham and his colleagues to find a solution that is fair and equitable for all parties involved.

We look forward to hearing from Mr. Dillingham and his colleagues and to continuing the discussion in a constructive manner. We are willing to negotiate in good faith and to work towards a mutually acceptable solution.

Sincerely,

Inquisition!

The horrors of the Inquisition have been described many times, and just now as it is brought to the mind, one wonders why so many people who condemn it are apparently willing to suffer in day and day out, excessive hours of pain, almost equaling Spanish torments.
