China Arrived Twelve Hours Ahead of Companion Ships—Entertainment of Corps on the First Steamer—Surf Bathing—Dinner—Review Given to President Dole.

SECOND INVASION.

On the China—General Greene, commander of the expedition and staff; First Regiment Colorado Volunteers, 1,022 men; half battalion Eighteenth United States Infantry, regulars; detachment of United States engineers, 20 men, and 10 sailors from the Rush and Grant, for the McCulloch. Total 1,202 men.

On the Colon—Four companies of the Twenty-third Infantry, two companies of the Eighteenth Infantry and Battery A of the Utah Artillery, 600 men in all. Lieutenant Colonel C. M. Bailey of the Eighteenth Infantry is in command.

On the Zealandia—Tenth Pennsylvania Regiment and a part of Battery B of the Utah Artillery. Total, 640 privates and 60 officers. With the artillery are two Maxim fighting machines, which, as a precautionary measure, are placed ready for action in the bow of the vessel. Colonel Hawkins is in command.

On the Senator—First Regiment of Nebraska Infantry, 1,032 men, Colonel Bratt in command.

This is the second Philippines expedition of the United States, now in Honolulu. The total is about 4,500 officers, men and ship's crews.

The China left the Pacific Mail dock at daylight this morning.

The Zealandia came into port and went to the Oceanic dock at 11 last night.

After midnight the Colon and Senator were brought into port and anchored in the stream.

It is believed that expedition will be here till tomorrow morning.

FLAGSHIPS ARRIVAL.

The P. M. S. S. China, flagship of the United States expedition for Manila now resting in Honolulu, reached port at quite an early hour yesterday morning. Only a very short time elapsed between the sounding of the five whistles for a transport till the real queen on the Pacific was inside. And a few minutes later she was docked at the wharf she has used so many times while in the regular merchant service on the run between San Francisco and Oriental ports. The China left the other three ships of the transport squadron on Monday last and arrived in Honolulu twelve hours ahead of the Zealandia, Colon and Senator.

With such suddenness did the China come into port yesterday morning that there was no chance to formally receive her. The band could not be had soon enough to welcome and it was impossible for the committees to get together and get out on an island steamer. Nevertheless there was a great crowd of citizens at the wharf and the cheering was loud and continuous. The band of the First Colorado played and there was a serenade by the Government band. The greet-

ings to the China Boys in Blue were cordial and apparently were gladly received.

Chairman Geo. W. Smith of the Committee of One Hundred, President Dole, Attorney-General Smith and others comprised the first party from shore to board the China. A brief consultation was held with Commander Greene, who is the military head of the second expedition.

An hour after the China was alongside the crowd at the Pacific Mail dock was enormous. Flowers and fruits were brought to the Boys in Blue and various arrangements for the comfort and entertainment were explained to them.

THREE MORE.

It was about 6:30 o'clock last evening when the fire whistle was sounded five times and all Honolulu knew that the three expected were off Waimanalo. There was a rush of people to the water front and in a little while the tug Eleu was made ready to convey the Committee of Welcome and the band to the transports when they should arrive off port. At 7:30, the pilot boat started out with two pilots and several other people and when the channel was sighted, the Eleu steamed out, the band playing a lively air.

Upon arrival off Waikiki, the transports could be seen off in the direction of Molokai, coming along in a line and at equal distances, one from the other.

The pilot boat burned the regular regulation signal but the transports were too far off to make out this. The tug boat returned and towed the pilot boat to within a short distance from the transports when the signal was then made by the pilot boat and answered promptly by the former.

At this time the troop ships were just this side of Waikiki, the Zealandia occupying the position farthest maui, the Senator next and the Colon last. The Senator was slightly to the rear.

A pilot was first put aboard the Zealandia and then another went to the Colon. In the meantime, the tug boat was steaming about slowly be-

tween the transports, playing various patriotic American airs which were responded to with vigorous cheer after cheer from the Boys in Blue as well as from the bands and drum and pipe corps aboard. The men on the tug answered with cheers interspersed with cries of "Vela ka hao" which the Boys in Blue tried in vain to catch. The "Tiger" of the Pennsylvania boys on the Zealandia was what pleased the kamaainas most.

The Zealandia started for the channel while the Senator kept throwing her blinding search light about. When the tug boat came near to the Colon the captain sung out to have the light stopped. It was impossible to see where the ship was going. This message was delivered.

The Zealandia came into port and took up her old stand at the Oceanic wharf where stacks of coal await her. None of the men were allowed ashore, it being then about 10:45. They will land this morning. The men aboard the Zealandia comprise the Tenth Regiment of Pennsylvania Volunteers and a half of Battery B of Utah, the remaining half of which is on the China. In all there are 800 men aboard. Colonel Hawkins is in command.

The Colon comes in early this morning and the Senator will do the same. The Senator is commanded by Captain Patterson. On her is the First Regiment of Nebraska while on the Colon is a battalion of the 18th and another of the 23d United States regulars as well as Battery A of Utah.

All the troops will come ashore today.

Four days before arrival the transports met the Peru and transferred their home mail to her.

The transports saw nothing of the Monterey and Brutus. Surprise was expected by the men on finding they had not yet arrived.

THEY GO SURF BATHING.

It was decided by Commander Greene, after advising with his medical officers, that the best thing possible for the corps would be a march to Waikiki and a swim in the surf. The column went out about 9 and did not get back till nearly 1 in the afternoon. There were about 1,200 men in the brigade. They were given several rests along the route, but did not complain of either fatigue or the heat.

At the beach the men occupied Long

The Steamer Service between Honolulu and San Francisco is sadly mixed just at present, and as a result it is hard to know just when goods that are due will arrive. WHAT IS IT?
 A simple, compact, and durable machine, which successfully performs the work of the pen, with a tremendous saving of time and exertion.

WHAT WILL IT DO?
 It produces, with speed and certainty, in clearly legible printed characters, one or many copies of any kind of writing, excepting such as must be done in books.

TO WHOM IS IT USEFUL?
 To every one who has writing to do. In business circles its desirability is assured. Lawyers and journalists cannot do without it. Professional and scientific men realize its worth to them. The author and thinker find it invaluable. It conserves the most potent kind of energy—that of the brain—by reducing to a minimum the mechanical labor of writing, and distributing it among all the fingers of both hands. Writer's cramp disappears where it is used. It presents the printed appearance of the work to the mind at once.

WHO CAN OPERATE IT?
 Any one of ordinary intelligence. A very few trials enable any one to write upon it readily. Thereafter it is only a matter of practice.

CYCLOMERE.

All Preparing for the Blue Ribbon Meet.

There is no question of the success of the bicycle races at Cyclomere tomorrow evening.

Almost all of the boys, both professional and amateur, have entered for all events.

Box tickets as well as grand stand tickets are selling rapidly and it is a pleasure to see the people take hold of a popular move as they have.

It is now settled that the prizes be awarded as won by either Mrs. Sewall or Mrs. Dole.

The list of officers as chosen are as follows: Referee, Ed Towse; J. C. Spalding, C. L. Crabbe and W. W. Harris, Judges; Chris Willis, D. L. Conklings and Frank Atherton, Timekeepers; Clerk of Course, David Koff; Starter, W. Savidge; Scorer, Percy Lishman; Announcer, W. Nott.

The boys without exception are putting in a good hour and a half work each day training, and mean to make this one of the most interesting meets held at Cyclomere.

Second Expedition Papers.

The Gazette company will issue so soon as this expedition sails for Manila a special edition of the Advertiser containing all that is printed in the meantime concerning the visit of Gen. Greene's command, including, of course, the matter in this morning's paper. This souvenir paper will be the proper thing to send abroad, as it will have all the news of the invasion in attractive shape.

Boys in Blue wishing to send to friends at home, can do so without any expense whatever, by leaving their addresses at this office.

Hamilton is Held.

W. D. Hamilton, whose pistol shot killed Andrew Davis, is now in Oahu prison. He is held to answer in circuit court to the charge of murder.

The inquest was held by Coroner Chillingworth yesterday. The verdict was that Davis came to his death from a pistol bullet wound inflicted at the hands of Hamilton. Hamilton was then arraigned before Judge Wilcox and committed. Attorneys Davidson and Davis appeared for the prisoner. There was no application for bail.

Trained Kindergartners.

The entertainment of troops tended to make the gathering for the closing of the Kindergarten Training School smaller than it would otherwise have been. Still the hall on Miller street was quite well filled. It included an address by Rev. M. L. Berger, the eloquent visitor, singing by Miss Hyde and an address by Mrs. C. M. Hyde, president of the Kindergarten association. The young ladies who have graduated from the Training School will all find positions here for the next term.

High School Concert Again.

The concert given at the opera house by the High School on Friday evening of next week will be repeated at the High School tonight. Admission will be by card. The same people will sing, recite, play, etc., but each number, with the single exception of one chorus, will be new. The entertainment is bound to be a fine one and there has been a keen quest for invitations.

Tennis.

Today will decide who are to play the finals in the tennis tournament in doubles. It is likely that all the matches will be played on the P. T. C. Courts. At that pace yesterday, Waterhouse and Adams won over Jones and Cooke with a score of 6-3, 6-2; Wilder and Coney over the Mackintosh, 6-4, 6-0; Roth and Wight over Norton and Wilder, 6-4, 4-6, 6-3.

At St. Louis.

There was a very large attendance at the entertainment last evening in the hall at St. Louis college. A play was given in the usual excellent manner of the Dramatic company of the institution. The company of actors had been given a good piece and had been carefully drilled. The audience was liberal with applause and everyone was pleased.

REWARD OF MERIT.

At the CHICAGO CYCLE SHOW in 1897, each visitor on entering the Show was handed a coupon reading as below:

"After viewing the exhibits, kindly fill in the name of the Bicycle which pleases you best as regards beauty and mechanical merit, and deposit the coupon in ballot box near exits. Name of Bicycle....."

The "Shirk" received 17,489 ballots against 12,377 the next highest. When it is known that all the leading makes of wheels in the United States were on exhibition at this Show, the above speaks for itself. The HONOLULU BICYCLE CO. have secured the Agency for this strictly high grade wheel.

IT WILL INTEREST YOU TO CALL AND SEE IT. The SHIRK is the best thing that ever happened.

W. N. ARMSTRONG - EDITOR. FRIDAY : : : : : JUNE 24.

The entertainment of the American troops yesterday, was done, with more order, celerity, and with less friction than the generous entertainment of the troops in the previous transports. There was effective organization manifested everywhere. Every lesson that was taught by the previous entertainment was well mastered. It is a complete and thorough piece of work, creditable to every person who was engaged in it.

AN IMPRESSIVE INCIDENT.

Capt. Rob. Evans, fighting Rob. of the battleship Iowa has given the entire American navy a serious lesson in naval etiquette. The circumstance is stated in the Washington Evening Star as follows:

"A launch from the cruiser Almirante Oquendo came out of the harbor flying a flag of truce this morning. A boat from the Iowa, which was lying nearest, went to meet her. Two officers of the Almirante Oquendo came on board, and a very dignified, stately officer on the deck of the Iowa received them and inquired their business. They said they came out under the impression that a white flag was flying from the Iowa and supposed the battleship wanted to surrender. An investigation showed several things on the Iowa which might have caught their eyes, one of which was Captain Evans' night shirt hanging on a line. The matter was explained and the Oquendo's launch returned with many apologies."

The incident must revolutionize the laundry arrangements of the American navy. The Secretary of the Navy is pressed with many official duties, but it now becomes a matter of international importance that false signals should not be exhibited towards each other by belligerents. In this case, while the whole civilized world is waiting the issue of a great naval battle between the giants, the personal necessities of a great captain, due to his desire for personal cleanliness, cause the arrest of all hostile movements by the great Spanish fleet, and a telegram from Admiral Cervera to the Queen Regent of Spain: "American fleet will surrender. Flag of truce flying from the battleship." No doubt the Admiral impressively served out an extra ration of garlic and whiskey to the crews of the Spanish ships, and then despatched an officer to receive the sword of the American Admiral, and dungeons were prepared for the American "hog drivers."

The impressive lesson taught by this incident ought to be used effectively by the pastors in all of our Churches. It illustrates the vanity of all things. It teaches all men to be on their guard against false signals of distress hung out by the wicked. What good men may believe to be a signal of surrender by the evil disposed, may only be a white night shirt of hypocrisy hung in the rigging of the battleship of "Unrighteousness." Capt. Evans has taught us all a lesson.

A RUINED SPECULATOR.

Mr. Joseph Leiter of Chicago has failed in his wheat speculations, and it is said that his liabilities are over \$5,000,000.

He attempted to "corner" the wheat market and failed. He was so successful in his early moves that he had a large sum to his credit. But he followed the example of nearly all speculators, in refusing to "let well enough alone." Men of his kind believe that their successes, in speculation, are due to their own excellent judgment, and refuse to believe in the influence of chances. In the end, they find out how little they know about the forces that control prices. But the speculator reasons in this way: "I have made some money, on my own judgment, why can't I make a fortune on my own judgment?" So he can, if he knows enough. But he never knows enough.

Leiter knew that thousands of men have been ruined in trying to corner wheat. He knew that the dice in the wheat pit were loaded against him. But he had the vanity to believe that he had been excused from suffering the usual fate. The inordinate and vain pride of a man of this kind leads him to believe that he is in a campaign for wealth, which is "personally conducted" for his benefit by Providence.

Leiter's failure is an excellent lesson to the young men of America. The trouble with them is, that instead of taking it to heart, they secretly believe that if Leiter had taken their advice, he would have succeeded. The saddest feature of the disastrous speculation is, that it raised the price of bread in many countries. Poor women and children, in vast numbers, went hungry, while this

boy speculator demanded their scanty earnings for his own fortune. If he did not make himself rich, he made some of the farmers rich with this blood money of the hungry.

Worse even than this, the high prices stimulate the cultivation of wheat everywhere. Then over production drives down the prices. The farmer becomes discontented, and insists on the government making money more plentiful. He will not accept half-dollar wheat in the place of dollar wheat, without trying holding some one responsible for it.

The speculations of men like Leiter are a calamity, but they are a part of severe lessons which have to be learned in settling down to a wholesome basis of living.

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for 20 years. Respectfully, MRS. MARY A. BEARD, Claremore, Ark. A prominent lawyer in this city admitted he had no idea that all his nervousness, loss of memory, sleeplessness and other consequent disorders of mind and body were due to eye strain.

FLAGSHIP LED

(Continued from First Page.)

Branch, Haniwai, Wright's Villa and other places and sported in the ocean till all were satisfied. They found much enjoyment in their outing. Of course there were not enough bathing suits to go around, but towels in quantity had been supplied. The sight of so many men in the water at one time was a fine one. On the road out and back the marchers were handed fruits and were provided with water to drink.

DOZEN HUNDRED AT DINNER.

They were a hungry crew of 1,200 when they came back from Waikiki, this crew from the China. Capt. Ashley had the tables all ready and in a very few minutes every man of General Greene's command excepting those on guard, sick or in prison aboard the China was seated. Before the men was an ample meal for each. They had meat and vegetables, sandwiches, plenty of coffee and bread, unlimited quantities of soda and fruit and for dessert that pie made under the direction of the house wives of Honolulu. Those happy soldiers ate for an hour and more and were encouraged in it by the ladies who had their duties to assist and to see that the paid waiters performed an excellent meal and was certainly done full justice. All the tables were under the shade and as the boys ate and chatted they had music from the Government band. At the conclusion of the eating the boys gave three times three cheers several times. When it was all over they were formed again and marched back to the ships.

GAVE A REVIEW.

General Greene and his staff and field and line officers were so well pleased with the manner in which they had been treated by the Hawaiian Government and the citizens of Honolulu that through proper channels a review of the troops aboard the China was tendered President Dole and was at once accepted. Five o'clock was set as the time for the function.

The command was right on the minute for the review. The column came up King street from the water front in that beautiful and restful swing of the correct marcher. For each big flag passed there was the salute of "port arms" in honor of Old Glory. The line of march was King to Beretania, to Miller and through the mauka gate of the Executive Building grounds, with Capt. Coyne of E Company, N. G. H., as guide. The reviewing stand was the front steps of the Executive Building. Here staff and Executive President Dole and staff and party. All of the troops came from the Waikiki side of the building in platoons and passed with the usual salute, to which there was the customary response. A great crowd had gathered. The marching was rhythmic and beautiful and the saluting was with a snap. The men seemed all about of one size and made the finest kind of an appearance. There was a large outpouring of spectators. But still the second battalion of the First Colorado came around the corner with the national colors of the United States, there was no cheering. Then there was noise. The stars and stripes were given an ovation. The artillery of course had the left of the line. The column was led by the Government band. Then came the engineers of the United States and then the two companies of regulars from the 18th U. S. Infantry had the right of line proper. When the whole of the parade had passed there was plenty of applause, but by that time the head of the column was out the Richards street gate and well on King street. Honors were given the American flag at the grand army hall and the invaders' army played patriotic Americans airs all the way to the wharf.

A Warm Weather Policy.

During the last fortnight we have refrained from talking shop for three reasons:

First—Every one felt so wrapped up in the "Boys in Blue" that they did not care much about furniture or listening to any lengthy talk on our part.

Second—The weather having been such that people would much rather stay at home and keep as cool as possible in preference to moving around in the sun.

Third—This reason of course is of more interest to us than to our customers, unless they are directly interested by having goods in our repair shop. Regardless of the hot weather we have had as much, and some days more, than we could handle in the repair and upholstery department. So that while you folks have been entertaining or keeping quiet we have been operating a bee hive.

We do not object at all, in fact we will be more than pleased to see the orders roll in to such an extent that we would be forced to employ additional upholsterers.

SENATE.

One hundred-ninth Day, June 23.
The current account appropriation bill occupied the major part of the session. The Senate continued to strike out the items in the bill placed in it by the House from the deficiency appropriation bill.

The Special Committee having the tax bills under consideration favor of the passage of the bill repealing the so-called Schedule E of the tax law. The committee is unanimously in favor of this action. The reason assigned by the minority, Senators Baldwin and McCandless, is that under its provisions different assessors have been able to tax properties valued at practically the same amount at varying rates. The Committee state that different plantations have paid taxes as reckoned per ton of sugar produced all the way from 37 cents to \$1.56 per ton. The majority, Senators Brown, Lyman and Wilcox, stated that Schedule E could have been made to work well and satisfactorily if properly understood and administered. The fault, the Committee stated, is not in the law, but in the manner of its being administered. The whole committee favored an income tax. The majority believed that the income tax bill sent up from the House should be laid on the table. They maintained that the bill was not properly passed by the House, that on the third reading it did not receive the necessary majority of the elected members of the House, and that it therefore might be declared unconstitutional. The minority differed on this point and discussed the question of parliamentary law. They recommended the passage of the bill, but striking out the word equational in the list to be taxed.

The Committee discussed fully the question of double taxation as they interpreted it. The minority methods that even if by the different methods there were an overlapping, as for instance when there is a tax on income earned and expended under the head of cash on hand and on income direct, the system is not double taxation in an objectionable sense, nor is double taxation objectionable from a constitutional standpoint so long as it is proportional and does not amount to class legislation.

The last House amendment to the Appropriation Bill directing the employment on public works of 50 per cent. natives, Americans or Europeans, or any one of these was stricken out by the Senate.

Notice was given of the signing of several acts by the President.

At 12 o'clock the Senate adjourned.

HOUSE.

When the House came to order yesterday, the Loan Bill was brought up for consideration.
Rep. Loebenstein presented the following resolution which was laid on the table until there should be a better attendance of the House:

"Resolved: That it is the sense of the Legislature of the Republic of Hawaii that all disabilities imposed upon those persons found guilty of participating in the insurrection of 1895 should be removed."

A. B. LOEBENSTEIN,
PAUL ISENBERG,
W. C. ACHI,
D. H. KAHAULELIO,
S. K. KAELO,
S. W. KAAI.

The Loan Bill was taken up for consideration. Rep. Loebenstein urged that the item for \$20,000 for breakwater and wharf, Hilo bay, be raised to \$50,000. This was finally passed after much discussion.

Under suspension of rules the following concurrent resolution from the Senate was received:

"Be it Resolved, That the Minister of Foreign Affairs be authorized and requested to stamp and forward letters written by United States soldiers and sailors while in Honolulu on their way to the Philippine Islands, without charge."

The vote was unanimously in favor of this.

Other items in the Loan bill were discussed and passed and, at 12 noon, the House took a recess until 7 p. m.

At that hour the greater part of the members were aboard a committee boat welcoming the transports, and there was no session.

Baseball Game.

The ball game for the benefit of the Red Cross Society will probably be played on the base ball grounds at 3:30 to-day. Admission free to all in U. S. uniforms.

An effort will be made to have one of the nines from the transports measure bats with one of the town teams.

Mr. P. Ketcham of Pike City, Cal., says: "During my brother's late sickness from sciatic rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which this liniment affords. For sale by all druggists and dealers. Benson, Smith & Co., Ltd., wholesale agents for Hawaiian Islands.

The Passing Regiment

On to the field of glory, there to do deeds of valor, and hoping for the best, all pursuits in this life, are rife with grave responsibilities, the future is uncertain, the end is unknown. The only sane way is to improve the present. Note the inducements and facts, then judge accordingly. Shoes need thought; shoes need attention; if you have to get a pair, consider many things; leather does not improve in keeping, the results are quickly found out when you wear shoes that are not new. There is no value in uncertainties. Remember our shoes are new, are up-to-date in shape, and are marked in price to satisfy everyone. Test this at

Bargain in Shoes.

We hear the expression used constantly. So much so that in nine cases out of ten it really has no significance in connection with facts.

A bargain in shoes represents standard value, at the right price and at the right time.

The cheapest is not always the best neither is the best always the cheapest. Buy a good article and you will get satisfactory wear out of it in the long run. Buy a cheap article and it will keep you on the jump continually to duplicate, then you might buy shoes on this basis every week in the year and never get your money's worth. Turn over a new leaf and buy an honest shoe at an honest price. This is the kind of values we offer you.

WHARF AND WAVE.

DIAMOND HEAD SIGNAL STATION, June 23, 10 p. m.—The weather is clear; wind, light N.

The J. A. Cummins will not sail again until Monday.

The Mauna Loa will be in from Maui and Hawaii ports this afternoon.

The Noeau discharged her sugar into the J. C. Glade at Wilder's wharf yesterday.

The Maui will sail this afternoon for Maui and Hawaii ports. She will take passengers and mail only for Maiala, Mahukona and Hilo.

The Alice Cooke and the Kikikat, lying at the Fort street wharf, were the only American ships decorated yesterday in honor of the arrival of the Boys in Blue.

At last Pat Curtis has been heard from. He is now chief mate of one of the Yukon River boats. Louis Segner, popularly known here as Hamburg Louis, is chief mate on another Yukon River packet.

The American barkentine Eureka, Poulson master, was sighted Wednesday afternoon but did not come in until yesterday morning. She was 29 days from Eureka with a cargo of 266,000 feet of lumber for Wilder & Co.

The Belgic is expected in from San Francisco late tonight. She left on the 18th. Another steamer will not leave the above port until the 29th. It is expected that the O. S. S. Co. will have a steamer to take the Zealandia place in July.

The James Makee got herself into a pilikia Wednesday evening. She started out for Kapa at 5:30 o'clock and had not yet made Barber's Point when something went wrong with her machinery and she was forced to put back into port. The injury was repaired and the Makee started out again yesterday afternoon.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. For sale by all druggists and dealers. Benson, Smith & Co., Ltd., wholesale agents for Hawaiian Islands.
