ASKS REBUKE FOR CARTER

A. M. Brown Admits That He is Fighting the Administration.

"On the morrow I ask you to cast your ballots for me as a rebuke to Governor George R. Carter, and a glorious vindication."

In those words, in the presence of three thousand people of all politics, in Palace Square last night, Arthur M. Brown admitted more than all that has been claimed by his opponents in the assertion that his election meant a blow at the administration and the head of the Republican party in the Territory. It was the biggest meeting of the campaign, from a numerical standpoint. Of course, there were many women and children among these, but there were many more voters. But the enthusiasm was not nearly so big as the crowd.

The cheering, in fact, seemed to be confined to a rather limited circle in front of the speaker's stand, but the band was there, and the small boys shouted, and there was a rocket or a Roman candle let off now and again, and it all helped.

NOT THE FIRST SPEAKER.

Clarence Crabbe presided at the meeting, and A. M. Brown was not the first speaker. But his speech was far the most significant. He told, at first, about his nomination by the Republican convention, and then, turning his attention to Governor Carter, he said: "I was placed on that ticket by a regularly constituted convention of the Republican party. I leave it to you, gentlemen, has George R. Carter, the Governor of this Territory and the head of the Republican party in Hawaii, any right to oppose me, the nominee of a Republican convention. Is it right, is it square, is it just, for the Governor to single me out for attack in the way that he has done? You all know what a bitter fight has been made against me. I say that George R. Carter has no right to oppose any candidate on the Republican ticket. That it is not his business to do that. And I ask you, on the morrow, to cast your ballots for me as a rebuke to George R. Carter and a glorious vindication. I ask you on the morrow to cast your ballots for the straight ticket as a rebuke to the Civic Federation and a glorious vindication for the whole ticket."

W. O. SMITH SPEAKS.

The first speaker of the evening was D. Kalauokalani Jr., candidate for county clerk, who delivered a short address in Hawaiian. He was followed by W. O. Smith, who got a round of applause when he was introduced. "I believe that it is a duty we owe to the community to support the men who have been nominated by the Republican convention," said Mr. Smith. "This has been a very bitter campaign. Some things have been said that had better, perhaps, have been left unsaid. But in spite of all that has been said, I believe that we can trust the men who have been nominated by the Republican convention. We have done our duty by them in choosing them as our representatives, and I believe that they will do their duty by us in faithfully discharging the trust that we will repose in them.

"And they had better be faithful. I warn them that every move will be watched, and that no man who is unfaithful to his trust will be spared. But I do not believe that any will prove unfaithful. And I think this experiment of county government which we are about to make, and which we all hope to see successful and want to see successful, will have a better chance of success if its initiation is entrusted to the nominees on the straight Republican ticket."

DOUTHITT AND ADAMS.

E. A. Douthitt, candidate for County Attorney, was the next speaker, a talker who has been rather overlooked in the campaign so far. However, Mr.

ENTHUSIASM FOR HENRY

Call for Workers Brings Big Crowd to His Headquarters.

Forty men from the Fourth District were asked by the Civic Federation to meet last night at Sheriff Henry's headquarters on Merchant street to receive instructions regarding their duties as ballot-booth watchers today. This unexpectedly large crowd of men filled the room to the doors until it overflowed upon the sidewalk.

The meeting was enthusiastic in more ways than one, for it was originally intended only to impart the duties to the four men from each precinct, but hardly had these been given, than the crowd yelled for Sheriff Henry to make a speech. It was a rattling good talk that the Sheriff made and was punctuated throughout by applause. He said it was not his original intention to run for office, but he had been urged so much that he finally thought it his duty to do so. He believed the people would vote and fight for him. If elected, the Sheriff said he would endeavor to keep the town morally clean and protect the homes of all classes of citizens impartially. He was certain that in his conduct of the police department he would be in entire harmony with the Territorial executive.

Senator Achi dropped in and gave a straightforward talk. He was followed by Joe Fern, who had been sent for at the request of men in the audience, and he was received with cheers. Several Hawaiians gave enthusiastic talks for Sheriff Henry. One from Waikiki, who came up to the front of his own accord, said he was a man who worked every day but he took too great interest in gambling, and when Brown was sheriff he gambled all his money away. "Now, I have not gambled since Mr. Henry came into office," said he, "for he closed up the places I visited."

There was a good representation of white people in the crowd.

POEPOE TALKS TO THE FUSIONISTS

There was something of a sensation at the Democratic-Home Rule rally at Aala Park last night when J. M. Poepeo, candidate for sheriff, stated that he had been offered \$1500 for his votes by the Republicans. This statement was made in the course of his remarks in the native language. Later during his English address he stated that he had nothing to say against Brown, who was a friend of his, or against High Sheriff Henry. He wanted to go into no personalities. He did not favor Carter and would like to see the administration fall to be endorsed at the polls but not on account of the Carter-Brown fight, only because the administration was Republican and he was running on a Democratic-Home Rule ticket. Poepeo criticized the condition of affairs under Brown in his Hawaiian speech and praised Henry for his attitude toward the Iwilei question, saying that he believed that Henry was trying his best to better conditions. God did not like a wide open town, he said.

Poepeo made an especial appeal to his own race to support him and made the usual promises in regard to the liberal distribution of patronage. He said that the position that he had often taken that there were more than two parties in the United States, had been vindicated. Republicans had said that there was no use having a Home Rule party as there should be but two parties. The Civic Federation had proved that there might be more than two. The candidate stated that he stood for the uplifting of the Hawaiian people, something that would be the salvation of the country. Kalauokalani and Jesse P. Makainai made short speeches urging the voters to support the straight Fusion ticket.

THE GIST OF IT.

BY DOREMUS SOUDER, D. D.

An everyday voter wanting light puts the three following questions:

1.—Why did not the Civic Federation begin sooner? Was its duty not at the primaries?

No, it was not. Civic Federations are not political parties. They have no place at primaries. Parties are national affairs. Civic Federations as their name implies are associations of good citizens of all parties and no party for local good government. They act always after the parties have made their nominations. In fact the Civic Federation idea has proved the most effective club for knocking out bad nominees and for preventing the naming of unworthy candidates in local elections that freedom loving peoples have yet devised. If you vote for the Civic Federation endorsees and elect them, you will see all parties consumed hereafter with the ambition to put up men who can secure the endorsement of the Federation. That has been Chicago's experience and it will be Honolulu's. If today's vote should result in the defeat of the men endorsed by the Federation, it will matter little. In time Honolulu will catch on as Chicago has done and good citizens will learn how easy it is to get good local government through the Civic Federation plan. Do not be deceived by the cry "If only the Federation had acted earlier all would have been well." It was not a moment behind time.

2.—Will not my vote tend to disrupt the Republican party if I vote for those endorsed by the Federation?

Nothing so disrupts a party as to elect unworthy men. The choice of a good man always strengthens a party. That this must prove true in today's

election is clear to the blindest politician. If Brown be elected the Republican party will have received a wound that years cannot heal. If Henry be chosen, a staunch Republican will be continued in office, a clean administration will have been vindicated and the Republican party will be relieved of an incubus, the retention of which menaces it with disaster. It will be close ranks, bury the hatchet and a strong united Republicanism if Henry be chosen.

3.—I am a small property owner, just a quiet ordinary citizen. Why should I vote for the Federation men?

You own your home as a fruit of years of economy. You want the protection of the law. Do you recall how the police acted in the Jones murder? Prompt action might have saved two lives. A business man in Honolulu is authority for the statement that his place being menaced by a burglar, he telephoned the then sheriff for an officer. The man appeared in one hour and a half. Mark the gamblers, who are they for in this election? Have you noted how the saloons are placarded with a single name for sheriff regardless of party? Business men whose premises were disturbed by gambling dens asked relief from Brown and did not get it. That you know is impossible with Henry. A man who wants protection for his home will not hesitate which of the two to choose. Work it out with all the candidates. You want supervisors and a treasurer with whom your hard earned taxes are safe. What does a party name count for in comparison with the security of your home and its freedom from fear of extravagant taxation?

ESTIMATES OF BOTH SIDES

The Indications Grow Stronger That Henry Will Be a Winner.

The tide of Henry's strength still rises. It will sweep over Oahu today, and when the polls close he will have been chosen Sheriff. One man working for Brown admitted last night that his man was beaten to a standstill. The Brown workers yesterday tried to work the old Home Rule scare by asserting that Poepeo would win. It will not work. The people are not to be so easily fooled. Brown is beaten, and William Henry will be elected.

Figures given out at the headquarters of the Civic Federation estimate that a total of about 5500 votes will be cast at the polls today. This estimate agrees with the figures given out by the Republican managers. It is upon

the division of the vote that the figures of the managers differ widely. At Civic Federation headquarters it was said that Henry would get 2900 votes, and that the balance would be divided between Poepeo and Brown, with the Fusionist leading. The Republican estimate, printed last night, gave Brown 2850 of the total of 5500 votes. Poepeo 2100 and Henry 550. And that is simply absurd. The Fusionists, of course, claimed the election of their ticket.

At Civic Federation headquarters the claim was likewise made that Trent would beat Booth for Treasurer, and that Fern would beat Quinn for Supervisor. Not the slightest fear was expressed of the defeat of George W. Smith because of the fact that a fight had been made against Quinn. Smith is sure of the support of the better element of the community, and Quinn has lost the same element through the Civic Federation fight upon him. In other words, Smith will get the straight Republican vote, native and other, and Quinn will not. And that will beat Quinn.

A STILL ALARM.

A still alarm at 2:50 p. m. yesterday called the fire department to Liliha street just below the Boys' Field, where the roof of a shed adjoining a house occupied by natives was afire. The blaze had almost been extinguished with buckets when the engines arrived. A few buckets of water applied by the firemen finished it. The loss was about \$2.50.

A HORSE AND HACK FELL DOWN PUNCHBOWL

A horse and hack hurtling down the steep declivity that forms the front wall of Punchbowl was the sight that startled people living on Prospect street late yesterday afternoon. The hack, which was numbered 103, was driven by a Japanese wearing badge No. 19, and contained one passenger, also a Japanese. It was standing on the road that runs around the front portion of the summit rim of the crater, when for some inexplicable reason the horse began to kick. In a few seconds it had gone over the edge, dragging the hack after it. The occupants of the vehicle, luckily, had time to scramble out before the rig went over. The horse, once on the steep incline, held back with all its strength, but the heavy hack pressed him on. Vainly he tried to stop by running into a small algaroba tree that clings to the side of the hill.

For a moment it seemed as if the hack was stopped, but the slender tree gave way and with a crash the outfit went down the cliff. End over end the horse and hack went, bouncing from rock to rock, first the horse on top and then the carriage. The spectators looked on in horror, not knowing whether there was anyone in the vehicle or not. A little over half way down the hack became wedged in a narrow gully.

Gabriel Thornton, a Hawaiian boy, was the first to reach the wreck, and he was closely followed by a squad of laborers who were working on the gas main on Prospect street. The hack was found to be almost a total wreck and the horse, almost by a miracle, was still alive and able to walk, although he was terribly cut and bruised. The Japanese hackdriver did not seem to worry so much about his horse as he did about his hack, leaving the spectators to care for the animal.

FATHER JAMES ASKS: WHAT DID STEVENSON REPENT OF?

Editor Advertiser: An article of the New York Catholic News of Jan. 4, 1899, throws light on the question whether R. L. Stevenson in later years repented, and for what reason he repented, of having written his pamphlet against Dr. Hyde slandering the moral character of Father Damien. Here is the said article:

Sir Berry Smith, a former British consul at Samoa, has published a book of reminiscences of R. L. Stevenson, in which he revives the old slander of a Protestant missionary named Hyde against Father Damien, the martyr of Molokai, a slander that called from Mr. Stevenson one of the strongest pieces of writing in the English language. The Rev. W. E. Clarke, a Protestant missionary in Samoa, in the following letter published in the British Weekly of November 16, proves that Sir Berry Smith has done an injustice to Stevenson as well as to Father Damien. Here is the said letter:

"Will you kindly permit me space to point out another strange inaccuracy in Sir Berry Smith's reminiscences of the

WOMEN WHO CHARM

HEALTH IS THE FIRST ESSENTIAL

It Helps Women to Win and Hold Men's Admiration, Respect and Love

Woman's greatest gift is the power to inspire admiration, respect, and love. There is a beauty in health which is more attractive to men than mere regularity of feature.

Mrs. Chas. F. Brown

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. At the first indication of ill-health, painful or irregular menstruation, headache or backache, secure Lydia E. Pinkham's Vegetable Compound and begin its use.

Mrs. Chas. F. Brown, Vice-President Mothers' Club, 21 Cedar Terrace, Hot Springs, Ark., writes:

Dear Mrs. Pinkham:—For nine years I dragged through a miserable existence, suffering with inflammation and falling of the womb, and worn out with pain and weariness. I once day noticed a statement by a woman suffering as I was, but who had been cured by Lydia E. Pinkham's Vegetable Compound, and I determined to try it. At the end of three months I was a different woman. Every one remarked about it, and my husband fell in love with me all over again. Lydia E. Pinkham's Vegetable Compound built up my entire system, cured the womb trouble, and I felt like a new woman. I am sure it will make every suffering woman strong, well and happy, as it has me.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

late Robt. Louis Stevenson? Referring to the pamphlet written in defense of Father Damien, Sir Berry Smith says: "Stevenson heard that some Protestant clergyman of Honolulu had made the accusation. . . . In after years, Stevenson learned that he had wronged this clergyman, and Mr. Clarke, a friend of Stevenson's, himself a missionary in Samoa, told me that Stevenson regretted having written that pamphlet in defense of Father Damien more than anything else he had ever written. . . . Had Stevenson lived, I believe he would have publicly recalled the pamphlet."

"The statement that Stevenson regretted having written the pamphlet because of the injustice it inflicted upon the clergyman concerned, is simply a grotesque reversal of the facts. Stevenson's regret was caused by the knowledge that in publishing the pamphlet he had given a world-wide publicity to the scandal which had excited his righteous indignation, and which otherwise would not have traveled outside a very narrow circle. For this reason—for the sake of the dead man in whose defense he had written—Stevenson regretted afterward that he had written the pamphlet. As to publicly recalling it, as Sir Berry Smith suggests, that, it is needless to say, is nonsense."

This Sir Berry Smith evidently sought to convey the impression that the infamous charge made by Mr. Hyde against Father Damien was true. But the testimony of Rev. Mr. Clarke shows that there was no foundation whatever for such a statement. Further evidence that Sir Berry Smith says what is not true is given by Stevenson's widow, who writes as follows to Charles Warren Stoddard, her friend and the friend of her husband:

"A man named Smith, former British consul at Samoa, has published a most malicious attack on Louis's memory. Every statement made by Sir Berry Smith is false, and has been so proved by responsible persons. The clipping I enclose to you I wish to have copied in all the best Catholic journals. Will you do this for me? Please, spread abroad the denial of the Protestant missionary, the Rev. W. E. Clarke, but particularly among the Catholics. I know you will do what I ask, for Louis's sake, if not for mine."

These two letters are sufficient to show that Sir Berry Smith's book has no right to exist. It is a monstrous calumny on a priest whose heroism the whole world applauded, and it is sure to be quoted with approval in the future by some mean bigot who would deny honor and justice to any Catholic. And now, Mr. Editor, the friends of Father Damien, as well as the friends

of Dr. Hyde, and, above all, the friends of truth, are offered all the evidence they need to settle definitely the charges against the moral character of Rev. Father Damien.

MISTAKEN IDENTITY.

Editor Advertiser: It is disgusting to see revived at this late day, an old story that might profitably have been laid to rest forever with the bones of the two reverend gentlemen with whom it was concerned. And why "James C. Beissel" or anyone else should wish to resurrect and start it on another dust raising thro' the press the world over, may well be asked. As I understood the incident thus revived, it was merely a case of mistaken identity very easily accounted for. Father Damien's predecessor in this district did create a scandal by alleged immorality which, presumably, was the cause of his removal shortly afterward. How long Father Damien remained here, the records of the Catholic Mission in Honolulu will doubtless be able to state with greater accuracy than I. My impression is, that it was but a few months before he undertook his mission to the leper settlement.

From having presumably no personal acquaintance with the two priests, these changes that took place so near together may easily, and evidently did become the source of mistaken identity in the mind of Dr. Hyde, who himself wrote to me for information which might explain the unwittingly erroneous statements which he certainly regretted. It is my impression that he afterward published something in the nature of an explanation, altho' I have no recollection of ever having seen the foregoing in print. There is no reason whatever for attributing that unfortunate misstatement that arose from mistaken identity, to malicious sectarian animosity, and it is to be sincerely hoped that whoever reads these lines will register this explanation with the severe criticisms which the original story has called forth, and let it suffice to suppress any restive impulse to discuss the question further. If Mr. Beissel and his friends are willing to believe that a Protestant may be admitted to the same heaven as a Roman Catholic hereafter, they may rest assured that the two personalities herein discussed, have long since made their peace with one another.

PRINCESS CHINQUILLA
HIGH CASTE CHEYENNE

PRINCESS IS TO APPEAR

The New York Herald says of Princess Chinquilla, who is to open at the Orpheum Theatre Friday night, June 23rd, with the M. B. Curtis Company.

"The audience that crammed Keith's Union Square Theatre last night were delighted with the Princess Chinquilla. Yes, delighted is the word, and it is no detraction from the remainder of the entertainment to say that the greatest interest was excited by the Princess Chinquilla, daughter of the chief of the Cheyenne Indian tribe. Not often do the people of New York have the opportunity to see a real princess, and it is safe to say that she is far more interesting than most of her titled European sisters. Culture and musical talent are qualities foreign to the old time conception of the Indian, but Chinquilla possesses both. But she retains the characteristics of her race and loves the teepee. Her voice is a clear musical contralto, but there is a plaintive, hard to define, inflection that is unmistakably wild. Her songs are characteristic and appropriate. One is Anona, and another is a Cheyenne love song, a quaint composition that reaches the hearts of the hearers. Chinquilla's act has an aboriginal setting with a teepee and a camp fire.

The War Dance of the Princess is a feature true to life. Manager Keith made no mistake in featuring this act as was shown by the repeated encores last night.

There is every promise that, in spite of the heat that has characterized the campaign, the election will be a quiet one. But it will be most earnestly fought until the hour for the closing of the polls. The Republican managers, it is said, have engaged about sixty hacks and automobiles to haul voters to the polls, and the other side will have runners and their vehicles out likewise. And so the streets should begin to buzz at an early hour. It is not anticipated that there will be much delay in counting the vote, and from the fact that the polls are to close at 5 p. m. the result should be known by midnight—although the returns from all the outside precincts will probably not be in by that time.

The Board of Registration will be in session all day at the Capitol Building, and will arrange for transfers and see that all electors who are entitled to vote under the law get what is due them. But there will be no new registrations, and a man whose name is not on the lists will not get a vote.

Sheriff Henry has issued an order closing the saloons during the hours that the polls are open.

STRAIGHT TICKET FALLACIES.

The stock arguments in support of straight ticket voting have been worn so threadbare that repetition of them to the Honolulu electorate is about as necessary as to put a class of college graduates through an examination in the multiplication table.

Party and organization are all well enough as long as they are a means to an end, and that end honest, economical and efficient government. Just so far and no farther are "party" and "organization" of value to a community.

Loyalty to one's associates and friends, whether politically or socially, from a religious or a domestic standpoint, is one of the virtues most to be admired.

No greater cruelties or barbarities have ever been perpetrated, however, than in the name of the religion founded on love and cherished in the doctrines of the golden rule.

Likewise no greater deformities of civil corruption and personal depravity have ever been known than those which have been, and now are being, exhibited under the cloak of "party loyalty" and from behind the plea of the "necessity for organization."

The corruption, thievery and debauchery in the city governments of Philadelphia, St. Louis, Minneapolis and a dozen other cities, the governments of which are being held up to the scorn of the world, are due almost absolutely to the supposed necessity of placating this, that and the other vote, and of nominating men for policy who otherwise never would be dreamed of for any responsible office.

Temporary success will frequently be secured in this way; but this kind of chicken comes home to roost. In the beginning the intention is to keep the control in the hands of the honest men and to use the bad ones who are nominated for policy's sake.

In the end, the bad men get into the saddle and proceed to ride the good men who have provided the machinery, and a right merry ride it is for the taxpayer.

One of the strangest features of the "party" mania is that it becomes a fetish which men, otherwise sane and level-headed, fall down and worship, while it crushes out virtue, honesty, progress and hope of better things.

There never yet was so rotten a period in Tammany's worst days, that there were not hundreds and thousands of honest, honorable citizens ready and willing to do her bidding for the honor of the "party."

The same spirit is apologizing for the weak end of the Republican ticket today.

It is argued that this is no time to discriminate between good and bad candidates in Honolulu; that we must shut our eyes and hold our noses until the organization is completed, and then, when we have built up our powerful machine on rotten foundations and shady politicians, why, then, we will purify the party at our leisure.

The reply is that this method of political machine building has been going on in the United States for upwards of a century and a half and it has never yet resulted that way.

The way to build right is to begin right. The way to make an honest party is to be honest from the beginning. The time to begin is now!

Why should we wait until the forces of evil are united in the county, and so solidified and firmly entrenched that it will take a long uphill fight to dislodge them?

Today is the accepted time. We will never have to do any purifying of the government if we keep it clean in the first instance.

A vote for Henry and Fern and Trent today is a vote for future decent, honest government in Oahu, and whether immediately successful in electing those men or not, every such vote will make it easier to secure good nominees at future conventions and to elect them when nominated.

A. M. BROWN'S OPEN LETTER.

A. M. Brown, in a letter to the two evening papers, complains that he wrote a letter last Saturday evening to the Advertiser, which the editor had promised to publish, but which was not published, being, as Mr. Brown thinks, "deliberately repressed" by Lorrin A. Thurston.

The facts are that Mr. Brown telephoned to the editor of the Advertiser asking how late a communication to the paper could be received. The hour was named. The editor, as a matter of course, not knowing the nature of the communication, reserved to himself the right to say whether it would be published or not, and did not tell Mr. Brown that it would be published.

The letter from Mr. Brown was not delivered to Mr. Thurston or at his office, as stated by Mr. Brown, but was sent to the editor of the Advertiser. Upon receiving it, the latter perceived that it was not addressed to the Advertiser or its editor, but was an individual communication to Mr. Thurston.

Further examination showed that it was a studied attempt from beginning to end to draw Mr. Thurston into a personal controversy, the latter not having theretofore taken a personal part in the matter. Such examination also showed that the article was to a large extent a rehash of Mr. Brown's letter to Governor Carter, which to the extent of six columns, the Advertiser had already published in full, and which had also been fully covered by the afternoon press.

Mr. Brown's cause has commanded to an unlimited extent both the editorial and news columns of the Star and the Bulletin, both of which had appeared in double editions since the last publication of the Advertiser. The Advertiser alone of the daily press, is presenting the opposition to Mr. Brown.

As a matter of fact the Advertiser has had much more material on hand in support of its position in this fight than its space and force could handle, and had such on last Saturday and Sunday nights.

Under the circumstances the editor did not consider that any ethical or other reasons existed why Mr. Brown's statement of his political arguments should be allowed to displace arguments tending to show why he should not be elected, which result this paper considers to be of high public interest.

Mr. Brown's complaint is childish.

BOOTH ON STEALING.

Booth is telling his audiences nightly that if Trent is elected County Treasurer, there is danger that he may steal all the money in the treasury and skip.

He at least will have the manliness to acknowledge that he stole it, and will have to stand the consequences of his act if he gets caught, instead of fleeing it out of the treasury under the form of an appropriation for an over-valued water right.

When it comes down to analysis of stealing, a highwayman who takes the chance of being shot is preferable to a sneak thief who crawls in the back door when the family is out.

The less Mr. Booth has to say about "stealing" the better for him. He is no spring chicken, but his familiarity with and adeptness at manipulating springs, is such that the voters will be doing themselves a good turn and Mr. Booth a favor if they will elect him to stay at home and nurse his hopes, which are said to spring eternal in the human breast.

Of the clumsy assortment of falsehoods coined by the Star the story of open gambling houses is entitled to the booby prize. We doubt if it even fooled Forecaster Waterhouse.

Vida expects a part of the Brown vindication. The tail goes with the hide.

Attorney General Andrews is for Brown—Comic corner of the Star.

P. G. ENDORSEMENTS.

Three leading members of the regime under which Mr. Brown served as Marshal and High Sheriff are in favor of his election as Sheriff of Oahu County. This is not surprising for two reasons. One is that it might be supposed to reflect upon the heads of the previous administration to have it thought that they kept a faithless official in high place so long; the other reason is that the government of that day, absorbed in high policies of State, annexation, the suppression of revolts and the like, had no eyes for the graft that was growing about its doorway. It never found out anything except what was done in the enemy's camp.

Under the circumstances it is to be expected that Mr. Dole, Mr. W. O. Smith and Mr. Hatch would be inclined to give Mr. Brown the benefit of every doubt. They appointed him and did not find him out. If he is turned down for offenses running back into their time it reflects upon their judgment of men. Unsuspecting and absolutely without such knowledge of the police department as would have come from close investigation, what do they know about Brown's actual relations with gamblers and the like? They saw and they remember only his good deeds; his close watch of the Royalists; his part in the events following the revolution of 1893 and 1895.

As for Brown, it is not necessary to go among the good men whom he fooled to find out about him. People who have visited gambling houses in the center of the city where policemen "bucked the tiger" and who knew how lightly complaints about them were treated by Brown, were in a position to make up their minds about the then Marshal and High Sheriff without asking the opinion of men who knew nothing about such things. Men with their eyes open did not reconcile the steady growth of fortunes and of extravagant living with small salaries. People who knew a skin game when they saw it, did not fail to see the point of the Chinese gambler's offer of \$6000 per month for protection by the Attorney General—a sum conceded to be less than what he had been paying the police. Business men who saw police officers run up bills in a dozen places, any one of which was larger than their respective salaries, did not need to ask Mr. Dole or Mr. Hatch or Mr. Smith what it all meant. Nor do they need to ask them now. The venerable chiefs of the P. G. may support the Brown of 1893 if they please; but there are a good many others who propose to vote, for conscience's sake, against the Brown of 1905.

JUDGE HATCH'S POSITION.

Former Justice Hatch thinks the time has not come to purify the Republican party. "It must first be firmly established."

Established by whom? Assuredly not by the Browns, the foul-mouthed Vidas and Quinns and Leslies, the Kuhios, who apologize every chance they get for being American citizens. Surely not by the Chillingworths, McDuffies and Ah Ons, and the other men in and out of jail who have had so much to do with backing the straight ticket.

If former Justice Hatch could ally the small respectable element which is supporting Brown and the large respectable element which is supporting Henry both together to manage the Republican organization, there would be no trouble about "firmly establishing" the party and no need of "purifying" it. But the trouble with the Republican establishment now is that if it gets into the hands of grafters it never can be purified. It is better to keep the party clean than to let it get dirty for the sake of purifying it afterward.

Let us suppose that a large business enterprise had started seven years ago in this city and that a number of its managers and directors had been indicted and sent to jail or summarily discharged for cause. Suppose the business had been robbed and blackmailed, had been made to earn illegitimate profits which went into the hands of a ring and had begun to lose its credit everywhere. Suppose a good man got hold of the establishment and had almost restored its lost prestige when a new corporation law opened the way for others to come in and take charge of a large part of the business and that some of the evicted old gang made a dead set for getting back. Under such circumstances would Mr. Hatch warn off the reformers and say: "We haven't established the business yet. Don't talk purification now; it isn't time. When the house gets thoroughly settled, maybe we can look into the matter then?"

The idea of letting a good party get into bad hands for the sake of establishing it, is not original with Mr. Hatch. It was born with a much worse man—the first grafter that ever went into politics.

AS TO VOTERS.

Talk is all right in its time and place; but the only time when a voter can act is on election day, and the only act that he can do which accomplishes anything is to vote.

First Moral: First make up your mind what you want to vote for and then vote in such manner as to make your vote count.

Second Moral: The way to strengthen a party is to vote straight for all its good candidates and scratch all its bad ones.

Third Moral: A sheep jumps the fence because his leaders do—that's voting the straight ticket.

It takes a man to think, and to do what he thinks.

Saloonkeeper Devauchelle came down from Molokai the other day and is registered at Brown headquarters. He is among the distinguished adherents of the cause and expects, if Brown is elected, to get back on the force. Even the most profitable saloon is scarcely in it with a mounted policeman's job in a Brown-Vida-Ah On-Chillingworth-McDuffie and Birbe regime.

The "straight ticket" convention which nominated Brown and failed to endorse Carter also withheld its endorsement of Roosevelt. How is that for a straight party organization? How far did the refusal to stand by the Republican President and Governor go toward "establishing" the party in a way acceptable to ex-Justice Hatch?

Brown now admits that a vote for him would be a rebuke to the Republican administration of the Territory. Whether his speech to that effect was written for him by the Chairman of the Democratic Territorial Committee we do not know, but the said chairman is the only literary bureau Brown has hitherto employed.

Roosevelt and Carter make a pretty fair Republican team for Honolulu Republicans to tie to. The attempt of the straight ticket outfit to read Governor Carter out of the party is about on a par with the attempt made to prove that Governor Dole was un-American and pro-Spanish.

Quinn is a dead one. There is no use in wasting any good Republican votes on him. Fern is the man who should be elected. Vote for Fern and teach Quinn and his foul-mouthed kind that obscenity does not appeal to the voters of Honolulu.

It seems to have cost the Chinese gamblers almost as much as they couldn't make under the Henry regime to supply the pressing needs of the Brown campaign fund.

The gist of W. O. Smith's speech for Brown last night was: "I believe in him, but I warn him that if he tries it again he is liable to be caught."

"Civics Say Poepoe is a Winner" is a headline in the Star that would make Ananias blush.

The Brown campaign fund is said to amount to nearly four thousand taels.

The Star is not an organ. It's a lyre.

FORECASTS.

In his pre-election forecast, Mr. F. T. P. Waterhouse, the respectable figurehead of the Brown-Quinn-Vida canvass, credits the administration with but 550 votes out of 5500—one in ten. And yet last night 250 active precinct and district workers for Henry came to the Civic Federation headquarters for their final directions and every mother's son of them had a pull with the voters. What Mr. Waterhouse does not know of the political situation on Oahu would fill a warehouse; and what he is saying is put into his mouth by the small aggregation of job-chasers he is screening with a reputable name.

Governor Carter's administration is on trial. It will be supported or repudiated by the vote for Sheriff. The credit to Carter of only 550 votes through Henry is so gross an absurdity that it ought to have appeared first in the Bulletin's comic supplement. If, in this canvass, the Governor does not receive an emphatic endorsement from the majority of the party the keenest political observers in these Islands will be at fault.

Don't be deceived either by low figures for Henry or big ones for Brown and Poepoe. There is not enough force in the Poepoe sentiment, so far as it now makes itself felt, to elect a poundmaster, and as for Brown, although his paid spiers made the streets resound for him two years ago, his friend Birbe claims to have counted him in by the small majority he got. At any rate, John Wise, who came to the fight at the eleventh hour, after Candidate Wilcox died, worked up so much sentiment for himself in a week that he polled 2132 votes to Brown's 2327. Yet all the street yelling, or most of it, had been for Brown and he had been in the canvass over a month. But for Birbe's manipulation in the Fifth, Brown might have been routed. When one gets at the inside of Brown's support it reveals lungs instead of ballots.

BROWN NOT STRONG.

Fifty men hired to shout on the corners and buy drinks for the crowd can make a great deal of noise and sometimes deceive the unthinking.

Brown had them two years ago and to make things easier for him the opposing nominee died just before election. Yet John Wise jumped into the breach at the last moment and, on the face of the returns, came within 195 votes of beating Brown.

Brown is not a strong man. His run in the convention, as well as at the polls, shows that.

The men who are going to vote for Henry are not howling on the street corners. Their time is otherwise occupied.

When the worst elements in the city unite to elect a man it is time for the best elements to get together to defeat him.

Brown had an administration full of scandal. Henry has had one without a scandal. Which will you sustain?

A "special morning edition issued in the morning" is a one-day novelty, announced by an evening paper.

A straight ticket man votes what some one else thinks. A scratcher votes what he thinks himself.

Why is every corrupt man in the city for Brown? What is there in Brown's election for him?

WEEKLY CROP BULLETIN.

For the Week Ending June 17, 1905.

Honolulu, T. H., June 19, 1905.

GENERAL SUMMARY.

The weather during the past week has been generally favorable for agricultural interests, being warm and showery, although with rather strong trades.

In Windward Hawaii, the rainfall was considerably in excess of that of the preceding week, a condition which, while especially favorable for recently planted cane, has interfered somewhat with field operations in the plantations, the ground being rather too wet for satisfactory hoeing and cultivating; in leeward Hawaii, a falling off in the amount of rainfall was noted, more particularly in the lower levels. The precipitation in windward Maui has been abundant, and leeward sections are still well supplied with mountain water. The week has been rather dry in Oahu, while Kauai has received moderate showers, quite well distributed.

Growing cane is doing nicely, and plowing and planting for the 1907 crop is proceeding rapidly. Grinding was completed at Papai-kou, Hawaii, during the week, and will soon be finished at Puu-nene, Maui. The summer crop of pineapples from ratoons is being harvested and first crop pines are rapidly approaching maturity. The bulk of the rice crop is now ripening, and harvesting will soon be in full swing. Coffee needs rain in windward Oahu, but is reported as in good condition elsewhere. Pasture lands in leeward Oahu are very much in need of rain, but in most other sections are doing well, although strong trade winds have had a drying effect in Northern Hawaii. High winds have caused much damage to fruit in portions of North Kona, Hawaii.

DR. McLAUGHLIN'S ELECTRIC BELT FOR WEAK MEN

I KNOW THAT NO MAN REMAINS A WEAKLING BECAUSE HE WANTS TO; I am sure that you want to overcome every indication of early decay that has shown itself on you. I don't think the man lives who would not like to feel as big and strong as a Sandow, and I know that if you have a reasonable foundation to build upon I can make you a bigger man than you ever hoped to be. I want you to know that, you who can't believe it, and I want you to have my book, in which I describe how I learned to restore it; also I want to tell you the names of some men who will tell you that when they came to me they were physical wrecks and are now among the finest specimens of physical manhood.

I want you to read this book and learn the truth about my arguments. If you are not as vigorous as you would like to be, if you have rheumatic pains, weak kidneys, loss of vitality, prostatic troubles, nervous spells or any ailment of that kind that unmans you, it would assure you future happiness if you would look into this method of mine. Don't delay it, your best days are slipping by. If you want this book I send it closely sealed, free, if you send this ad.

CELEBRATED ASTRONOMER

Coming to the Islands to Study the Volcanoes.

Prof. W. H. Pickering, the well-known astronomer and head of the Harvard College Observatory, Cambridge, Mass., writes the Promotion Committee that he will visit Hawaii this summer for the purpose of investigating the volcanoes. He has been in correspondence with the committee for about a year, and now writes that he has time at his command to devote to such a trip.

Prof. Pickering has been in recent years co-operating with Prof. Percival Lowell of the Flagstaff (Ariz.) Observatory in a study of the planet Mars. He was born in Boston in 1858 and was graduated from the Boston Institute of Technology in 1879, becoming an instructor there and assistant professor at the Harvard Observatory. He led an expedition in 1878 to observe solar eclipses in Colorado; in 1880 to the West Indies; in 1889 to California; in 1893 to Chile. He established a temporary observatory in Southern California in 1889. He also erected the observatory and telescope for Prof. Lowell at Flagstaff in 1894.

The distinguished scientist is an enthusiastic mountain climber, and has ascended Half Dome in Yosemite Valley and El Misti in Peru in altitude 19,400 feet, besides 100 other peaks. He is a Fellow of the American Academy of Sciences, Boston; member of the Astronomical and Astrophysical Society of America; honorary member of the Astronomical Society of Mexico and the Boston Camera Club. He is the author of many works on astronomy and mountain climbing.

CONTRACTED NEURALGIA DURING THE WAR.

"I had a bad case of neuralgia which I contracted during the war. I tried several kinds of medicine but they did me no good until a friend of mine recommended Chamberlain's Pain

Balm which gave me immediate relief. I have had no trouble since and must say that I find Chamberlain's Pain Balm a fine find. I have since used it for other troubles and always with good results."—J. Viljoen, Jacobsdal, Transvaal. For sale by Benson Smith & Co., Ltd., agents for Hawaii.

ASKS REBUKE FOR CARTER

(Continued from page 1.)

Douthitt has had the misfortune to appear on the platform with Comedian Quinn, and that is a heavy handicap. Mr. Douthitt is a campaigner of the old style, lightening his talk with funny stories that raise a laugh and so keep the audience amused. He called the Civic Federation, for example, the "Physics Fumigation," disclaiming originality for the designation, which really was made by Candidate Quinn at Aala Park. But Mr. Douthitt will be elected. He has the endorsement of the Civic Federation. He is a clever young man and a lawyer of talent, and he has no real opposition, as Mr. Watson is not making a fight.

Mr. Adams, the candidate for Supervisor-at-large who also has the endorsement of the Federation, followed Douthitt, and made an appeal for the straight ticket and especially for the Hawaiians on it.

LUCAS AND PARKER.

Jacky Lucas followed, and made a jerky speech which was funny where it was least intended to be, perhaps, and not very funny in those parts which were clearly intended to be humorous. Jack spoke a good word for every man on the ticket with himself, spoke it honestly and sincerely, too, as though he meant it. And, after he had done that, he lapsed into Hawaiian and caught the crowd at once. He always does catch the crowd with his Hawaiian. There is a rumor that he only knows about three hundred words, and uses them over and over again to mean any old thing he wants them to mean. But of course that is a mere Civic Federation slander. Jack presently began speaking in English again and closed in that tongue. He also has the endorsement of the Civic Federation.

Colonel Sam Parker, the next speaker introduced, began his speech by reading a telegram announcing the success of the straight Republican ticket, which he said he was going to send to President Roosevelt on Tuesday night. Incidentally, he said he would repeat the dispatch to Senator Clark of Wyoming and Senator Cullom of Illinois. "The Governor," said Col. Sam, "has made a big mistake in this fight. His job is not in any danger. And I want a job, too. When we get another Governor, maybe I will get a job."

The Colonel then told how and why he had joined the Republican party, and closed with this: "But I tell you that Governor Carter has made a big mistake in this fight. He is not going to lose his job for the next three years."

BOOTH ON WATER.

It was at this point that A. M. Brown was introduced, and was received with all the enthusiasm that the meeting seemed capable of. And he made the speech, in effect, that is given above.

C. W. Booth followed him, dwelling at length upon the fact that he had been born here, and that he paid more into the public treasury every year than his poll tax. He also made a somewhat extended defense of his water deal, saying that he had not been asked by the water commission to fix a value upon it.

The candidate for Auditor, Jas. Bicknell, was the last speaker, and spoke very briefly. After he had concluded, the meeting was adjourned to Aala Park. The band took up the line of march, a couple or three score voters fell in behind it, some candidates followed in carriages, and a mule drawing a cart from which roman candles were being let off closed the procession. The main portion of the crowd streamed down along the sidewalks on either side of the street, and the ubiquitous small boy shouted along in the thick of all the excitement.

That necessity is the mother of invention is nowhere proved more conclusively than in the furniture which is designed for the modern flat. Progress has been as rapid in the line of baby coaches as in any other. A few years ago the only kind of baby coach known was the big old-fashioned willow one, that took up too much room and was far too clumsy and heavy for a woman to handle easily. Then came the little go-cart, which was hailed by mothers with delight. The latest in this line is a folding one that shuts up almost like a camp chair and can be stored in a corner of a closet.

Miss Muriel Shepherd, who has been here for some time, departs for the coast in the Manchuria. A farewell dance was given in her honor at Odd Fellows' Hall last week.

Walmea Sugar Mill Co. is to be again listed on the Honolulu stock exchange.

A LOT OF NEW THINGS

OLD HICKORY—Something new, odd, and dainty—decidedly artistic—in the way of porch and lawn furniture. Can be left out in all kinds of weather. It is a line of fashionable rustic furniture. It is made only of hickory, the strongest of American native woods, the bottoms and backs being plaited by hand and being of very strong inner hickory bark. For a den or lanai or even for your lawn there is nothing more odd than this.

NEW WEATHERED OAK SET—By the "Sonoma" we received a fine weathered oak dining-room set, consisting of a table, an odd buffet, a leaded glass china cabinet, two arm chairs, and eight regular dining chairs, these latter having green leather seats, which go well with the dark color of the oak.

We also received a very handsome golden quartered oak sideboard and a china cabinet—about as good as can be made in any furniture factory.

RUGS—New lot of all sizes of rugs, including fine Wilton's of all sizes.

WICKER CHAIRS And ROCKERS—A lot of cheap wicker work in the way of chairs and rockers is disposed of every year in Honolulu. Some of it lasts for a couple of months and some as long as a year, but the best on the market—that advertised in all the magazines—and the best of American make, made in American factories from the best Ceylon rattan, will last for years. We have a new lot of the American goods in chairs and rockers, of all patterns, shapes and sizes and at reasonable prices.

Aside from errors of refraction, W. H. Rivers finds the eyes of all races and classes of men to be "practically the same. The apparent superior sight of savages is attributed entirely to practice and education, with familiarity with the surroundings.

The melting of glaciers in winter has called for explanation. Dr. R. von Lendenfeld of Prague believes that the earth's interior heat cannot account for more than three to six per cent. of the effect, but that the principal cause of the melting is the heat from the work of the ice in descending. The pressure of winter snows would probably somewhat increase the internal melting.

Whether matter undergoes any change of properties on being charged with electric current has been a subject of experiment. The results have been practically negative. Mr. Paul R. Heyl states that when carrying a heavy current the change in the tensile strength of iron cannot exceed half of one per cent., and the melting point of tin can hardly be changed two degrees.

Some new and simple radium experiments have been described by Prof. Orazio Rebuffat, an Italian physicist. On rubbing a glass tube with wool in a medium containing a radium salt, a luminous glow followed the wool, and a glow also appeared when the finger was brought near the excited glass. Using a vacuum tube brought into connection with a tube of radium salt, a brilliant glow appeared inside when the outside of the glass tube was rubbed with wool. This experiment, it is believed, makes it possible to demonstrate the production of emanations from radium mixtures of low grade or feeble activity.

The action of water as an anaesthetic is illustrated in some recent cases brought to notice by Joseph Clements. In one case five hemorrhoids were injected with distilled water when they were removed in 15 minutes without pain, and the patient at once returned home. In another case two fistulas were opened and scraped, one after the injection of water, and the other without it. The last operation was exceedingly painful. The action of the water is declared to be the same as that of solutions of cocaine or other drug—a filling of the interspaces of the tissues, thus temporarily suspending intercellular respiration and paralyzing the local nerve centers.

In German varnish factories an easy way to extinguish a burning pan of oil has been found in the use of a fine-meshed wire net. As soon as this covers the burning surface the iron wires conduct off the heat so rapidly that the gases can no longer flame.

REARRESTED FOR MURDER

After Indictment Let Him Out. Japanese From Honolulu Plantation Are Set Free.

Criminal Trials Over for Term. Leasehold Damage Suit, Court Items.

Takada, an alleged murderer, was discharged on a technicality yesterday, but immediately rearrested under a fresh warrant.

Igawa and several other Japanese laborers from Honolulu plantation, indicted for conspiracy, were discharged for good and all, Henry Hogan as their attorney having presented a demurrer to the indictment which went to the merits of the case and which the court sustained.

Owing to the illness of a material witness, the trial of Fushimura alias Nishimura Chiokeichi for bribing an executive officer was continued for the time. Defendant was indicted for offering Deputy Sheriff Rawlins \$15 to let him go when he was arrested for the card game of "hana."

Judge De Bolt denied the plea in abatement of Henry Kapea, extradited from London for embezzlement, and Robertson and Dunne presented a demurrer to the indictment which was set for hearing tomorrow.

The trial jury was dismissed for the term, Judge De Bolt thanking the jurors for their honest and conscientious services.

As was previously reported in the Advertiser, Judge De Bolt has sustained the demurrer to Takada's indictment on the ground presented, "that it is not alleged in said pretended indictment

AGAIN ON 'CHANGE

Waimea (Kauai) Estate to Be Put on Boards.

On Wednesday the stock of the Waimea plantation on Kauai will again be listed on the Honolulu Stock Exchange. The stock has not been quoted on the boards for some time, having fallen from something like 170 to 10 per share.

According to one interested in the plantation a debt of about \$150,000 accumulated. Although the plantation has depreciated and stock was bought up at auction, some optimistic men took hold of the place and have developed it. It is said that about \$90,000 of the debt will be wiped off with the present crop, and that next year the entire debt will be liquidated.

A great saving in expense is to be made by the use of mountain water for irrigation, instead of pumped water, the latter being naturally the most expensive method to water any sugar estate.

and cannot be ascertained therefrom who is charged with having committed the offense attempted to be charged therein." The grand jurors had presented "that Takada, whose true name is to the grand jurors unknown," at Kahuku, Oahu, on November 3, 1904, mortally wounded one Fugita Tsunahiko with a knife so that he died at Honolulu on November 15.

When the demurrer was sustained Deputy Attorney General Peters moved that Takada be held for the further action of the grand jury. H. G. Middleitch and A. Perry for the defendant moved that he be discharged forthwith. After having the motions under advisement since the middle of Friday afternoon, the court yesterday morning granted the motion for Takada's immediate discharge.

HEAVY DAMAGES ASKED. Kaneohe Ranch Co., Ltd., has brought an action for \$10,750 damages against Nannie R. Rice of Boston, on account of the loss of 72.38 acres, by failure of establishing title, out of a leasehold granted by defendant to Joseph P. Mendonca in April, 1893, of lands at Kaneohe, Oahu. Mendonca assigned the lease to the plaintiff.

CADET KING'S EXPENSES. All persons interested are ordered to appear before Judge Lindsay on Monday, July 17, and show cause, if any they have, why an order should not be granted to J. Lightfoot, guardian of the minor children of James A. King, deceased, to sell as much of the real estate of Samuel Wilder King as may be necessary to enable the guardian to advance to the said Samuel Wilder King the sum of \$550.56, besides paying him \$215.04 in hand, for the purpose of enabling him to proceed to Annapolis in furtherance of an appointment as cadet in the United States Naval Academy.

COURT NOTES. George Robert Carter, executor of the will of Sybil Augusta Carter, has filed his final account, receipts and payments balancing at \$42,368.93. A total of \$38,829.48 was paid to the heirs.

Judge Lindsay ordered Albert Ah Leong to pay his wife, pending her divorce suit, \$8 a week alimony and a counsel fee of \$50.

The Ballou-Parker \$50,000 libel suit trial has reached the stage of arranging instructions to the jury.

Motion to amend complaint has been filed by plaintiff in Bank of Hawaii vs. Samuel K. Pua et al., foreclosure of mortgage.

U. S. Judge Dole heard argument and took under advisement the libel in admiralty of Delegate Kalaniana'ole against Pacific Mail Steamship Co.

O. L. Sorenson, G. H. Cooke, F. C. Atherton and P. B. Damon, four of the defendants in the suit of Hemenway vs. Honolulu Clay Co., have filed a joint and several demurrer. H. L. Kerr and Frank Hustace have each filed a demurrer in the same case.

"The Sunset Magazine" tells a story of the rehabilitation of the character of Johnson Sides, a noted Indian temperance orator of bygone days: One day he was caught in the act of drinking a glass of whiskey and was fined. Neither Indians nor whites would listen then to his temperance speeches. Poor Johnson was in despair. One day, however, he had an inspiration. He asked Senator Doolin, of the Nevada Legislature, to absolve his sin by act of Legislature. Senator Doolin was agreeable, and introduced and carried through "Senate Joint Concurrent Resolution No. 11," which is as follows: "Resolved, by the Senate, the people of the State of Nevada concurring that the drink of whiskey taken by Johnson Sides on the 17th day of September, in the city of Virginia, County of Storey, be and is hereby declared null and void." Thus was Johnson Sides made a good man again. He became at once a power among his own people, resumed his advocacy of the cause of water and was listened to with great respect.—Cleveland Leader.

HE PROVED CITIZENSHIP

Odd Ending of the Trial of a Deserting Sailor.

For he might have been a Chink, Or he might have been a Jap, Or he might have been a Roosh-i-an; But—a lucky dog you'll think— When he reached the final lap He came out a real Amer-i-can.

Such was P. Chandler, a sailor who arrived here as one of the crew of the British bark Drumraig. At Sydney he was entered on the vessel's articles as a subject of Edward VII. At Honolulu he deserted the Drumraig and H. B. M.'s Consul R. de B. Lazard reported him to the Federal authorities.

Then there was a double reason for arresting Chandler. For one thing, the United States owed it to Great Britain under treaty arrangements to return the deserting sailor to his vessel. In the next place, the deserter was on American soil in violation of the United States immigration laws. So it all seemed.

Chandler was pursued to Kaanapali, Maui, whither he had fled in the American bark Kaulani, and being apprehended at that port was brought back to Honolulu at the expense of the United States. His examination and Commissioner Mailing opened his court to take evidence for the committal or otherwise of the alleged culprit.

The proceedings had not gone far when Chandler coolly pulled from his pocket a duly authenticated naturalization certificate showing that he was a full-fledged, E Pluribus Unum citizen of the United States of America.

Commissioner Mailing was not quite so appalled as Saint Paul's judge when the great apostle sprung his Roman citizenship on the court. Nevertheless he had no discretion but to tell Chandler to go and play Briton no more.

NO COMPETITION.
