BUSINESS MEN BALK AT PAYING FOR THE MILITIA

Ominous Attitude of the Chamber of Commerce Trustees—Joint Meeting With the Merchants' Association on the Panpacific Congress.

The Trustees of the Chamber of Commerce met yesterday in regular session. President Giffard was in the chair and Secretary Wood officiated with the records. Members present were Messrs. Spalding, Bowen, Garvie, Swanzy and Peck. After the minutes of the last special meeting were approved, the treasurer reported a balance of \$1342.48 in the treasury.

Secretary Wood reported that he had sent out communications requested and the chairman of the membership committee reported no applications. Several communications were read and referred to committees or filed as occasion warranted. These have been published before. A communication from T. Clive Davies relative to a conversation he had had with Captain Carter on the subject of a breakwater at Hilo brought a motion to refer the letter to the Board of Trade of Hilo. The chair said this body had done everything possible to aid the matter and he felt that Hilo might get in and do something in her own behalf. The motion to refer carried.

A communication relative to a Yukon-Pacific Exhibition at Seattle was read and referred to a committee. In reply to a question by the chair, Secretary Wood remarked that the affair promised to be as great a success as the Portland Fair. This one will be held between June and November 1909. An official communication from Washington requested the appointment of a committee of five to consider plans for increasing the foreign commerce of the United States. This matter will be discussed at the conference of business men to be held in Washington on January 17 next. It will be addressed by Secretary Root and other prominent men.

It was first thought to pass over the request but it was suggested by L. Tenney Peck that as Mr. Hatch is in Washington he might be asked to attend on behalf of the Chamber. This was not deemed sufficient by another trustee and the motion was amended so that Mr. Hatch should be asked to invite four others to join with him. This carried and Mr. Wood forwards the letter by the Sonoma.

The only matter of importance before the Chamber at this meeting was brought up by L. Tenney Peck from the committee on Militia. He stated that the committee had made an effort to secure subscriptions from different parties but the success was indifferent. He submitted a letter from the Planters' Association in answer to a request from his committee and it would be seen from this that there would be no use looking for anything from that source. For the present the subject was allowed to rest and the Panpacific Commercial Congress was brought up by President Giffard.

Mr. Spalding moved that the Secretary be requested to arrange with the Merchants' Association for a joint meeting, as this seemed to be a matter of importance. This was carried and the Secretary was asked to make the arrangement.

A letter from F. W. Macfarlane to the effect that the chief of the Irrigation and Drainage Department of the Federal Government was contemplating a trip and if he was requested to do so he would come here. The sense of the trustees was that his visit would result in good to the Territory and Mr. Spalding moved that it be referred to the committee on Agriculture and Commerce. And there it rests.

Mr. Peck then brought up the matter of the militia. Said it would be necessary for the Chamber to appropriate support for the militia for the second year in the biennial period.

Mr. Spalding remarked that personally he opposed the expenditure of funds for this purpose. There might be a necessity for maintaining the organization but he failed to notice it. Funds have been used for different purposes and demands for support are being made from time to time upon the Chamber. He said he understood that the wharf tax funds had been drawn upon for this purpose, but he thought it should cease, as the money was coming to the Chamber spasmodically and it was needed now for promotion and he would strongly urge that the funds be used for that purpose, and would ask that the support of the Chamber of Commerce be given only to the extent of its influence upon the persons who are directly interested in the belief that they will see the advisability of asking the next Legislature to make a suitable appropriation for the militia.

Mr. Galt said he understood, when the wharf tax was proposed, that it was the wish of the heaviest contributors that a portion of it be used for the support of the militia. There was trouble brewing at that time and he believed the donations from the Chamber were in compliance with the expressed wish of the heaviest contributors to the tax. If the necessity still existed it would be unwise in his opinion for the Chamber to let the matter drop at this time.

Mr. Peck said the records of the Chamber of Commerce would show whether such an understanding was had at the time. Mr. Wood believed that was the case.

Continuing Mr. Peck said exigencies might arise when a military company would be needed. In such an emergency if the Federal troops were called upon the trouble would become international, while if it were handled by the militia it would be a mere local affair. This Government has been severely criticized for its failure to appropriate funds for the maintenance of a militia organization by both army and naval officers and if the Chamber of Commerce failed to support such there would be more criticism.

Mr. Giffard asked if the militia was not a Federal organization and Mr. Peck replied that it was quasi and Mr. Giffard remarked that the Government should pay for it.

Mr. Peck replied that the Chamber should at least lend its moral support to the organization.

Mr. Spalding said he did not believe the financial responsibilities should fall upon the Chamber; its efforts should be in the way of securing influence, not financing the organization. Thought a memorial should be presented to the next Legislature. This was put as a motion with the addition that the records of the Chamber be searched with a view to learning the exact status of the body in relation to any request which may have been made by the contributors to the wharf tax fund. The motion carried.

Mr. Spalding then spoke of the excessive demands upon the business houses for jury duty. He had heard of one mercantile house that had seven men on duty and in his own experience two of his clerks had been doing jury duty for several months. He believed there was something wrong in the judicial system. Certain recommendations had been made by attorneys and he asked that the matter be made the subject of a memorial to the next Legislature. This carried and the Chamber adjourned.

HONORABLE JOHN ENA DIES IN LOS ANGELES

A Former Inter-Island President and Capitalist.

(Associated Press Cablegram.)
LOS ANGELES, December 13.—John Ena died here yesterday.

The Honorable John Ena was for many years a prominent figure in the commercial and political circles of the Territory. Born here of Chinese and Hawaiian parentage, he worked his way up until he was a commanding figure in Honolulu. He was invested with the insignia of an Officer of the Crown by King Kalakaua in 1888 for services rendered the kingdom and later sat in the House of Representatives of the Republic. In 1899 he was chosen as president of the Inter-Island Steam Navigation Company, which position he held until 1902. With the company he had been identified for nearly twenty years, starting in as a clerk for the late T. R. Foster, the first president of the parent company of the Inter-Island. The deceased married into the Lane

family, a leading Hawaiian family, seven accomplished children being born to him. After retiring from the presidency of the Inter-Island Company, the deceased moved to Los Angeles. The deceased was sixty-three years old.

BIG EVENT CELEBRATED

Excelsior Lodge, I.O.O.F. Observes Sixtieth Anniversary.

Excelsior Lodge, No. 1, I. O. O. F., celebrated the sixtieth anniversary of its organization at Odd Fellows' hall last evening, the celebration commencing with a literary and musical program and concluding with festivities which included whist, dancing and refreshments. Despite the inclement weather the hall where the literary exercises were held was filled with Odd Fellows and their families and Rebekahs, while Canton Oahu, the uniform rank of the Odd Fellows, attended in full dress with swords, baldrics, plumed chapeaux and glittering gold lace.

The officers serving at the stations last evening were all past grands of the order, Brother Robert Lewers occupying the seat of honor as the presiding officer, as one of the oldest of the members of Excelsior Lodge. With him on the platform were Brothers Ed. Hingley and W. C. Parke. Occupying seats directly in front of the platform were Warden W. O. Smith and Conductor B. F. Dillingham. At the opposite end of the hall were Vice Grand Lecker, J. M. Oat, David Dayton, John Oudekirk and J. J. Carden. On the sides were Chaplain Dr. Rodgers, Messrs. Charles and Lawrence, and opposite them, Past Grand E. C. Rowe, F. McIntyre and J. Lando. The four secretaries, (Continued on Page Three.)

WASHINGTON DENIES JAP REGIMENTS

No Report Has Reached Secretary of War of the Presence of Any of the Mikado's Soldiers in Honolulu.

(Associated Press Cablegrams.)

WASHINGTON, December 13.—A denial has been given out here that the government has been notified regarding the presence of two Japanese regiments of infantry among the Honolulu Japanese.

A sensational report was published yesterday in one of the afternoon papers to the effect that the government had been notified of the presence of Japanese soldiers here, ready to mobilize at the word of command. The same report was sent out to the San Francisco Examiner some days ago.

HARTJE DIVORCE SUIT DENIED.

PITTSBURG, December 13.—The petition of Augustus Hartje for a divorce from his wife has been denied.

In the suit for a divorce Hartje alleged misconduct on the part of his wife with two coachmen, charges which were proven to be without foundation, one of the coachmen being now in the penitentiary for perjury in the evidence given by him. The high position of the parties to the suit in Pittsburg society and the grossness of the charges preferred has made this case one of the most sensational ever tried in the Eastern States.

AFTERNOON CABLE REPORT.

OMAHA, Nebraska, December 12.—President Schowell of the Coal Exchange has been convicted of a violation of the anti-trust law.
BERLIN, Germany, December 12.—The Emperor will dissolve the Reichstag and order new elections if appropriations which are demanded are not granted.
WASHINGTON, D. C., December 12.—In the Senate today Senator Raynor attacked the Japanese contentions of the President.
WASHINGTON, D. C., December 12.—The following men have been nominated for ambassadors: Horace White for France, Lloyd C. Griscom for Italy, John W. Riddle for Russia and Irving B. Dudley for Brazil.
Leslie Combs has been nominated for Minister to Peru.

SYMPOSIUM OF VIEWS OF THE JAPANESE PRESS

Under the head, "Gems from the Japanese Press," yesterday's issue of the Hawaiian-Japanese Chronicle furnishes the following tidbits. Copy is followed here:

Chili politely invites Japanese to come there. Her productions are abundant and manufactures prosperous. Why not abandon such a country as California and go South, in order to develop those places for the benefit of both Japan and Chili.

Most of the European laborers in San Francisco are said to be sea-lawyers, and naturally fond of liquors, while the Chinese are doing nothing but saving money. The Japanese, on the contrary, are studious and are taking on American customs, and wearing American clothes.

A certain member of the British Parliament asked the question, "what if America and Japan open hostilities?" "Would there be a carrying out of the articles in the treaty making the Anglo-Japanese-Alliance?" He was certainly a passionate man.

The "London Times," stated that if Americans believe that it was improper to sit with Japanese, then the Japanese, also, will believe the same. But we are not so narrow-minded yet.

"Times" also stated that if the Japanese decline to handle, or buy, American goods, the damage to the United States will be much greater than that of the Chinese boycott. But the Japanese will never answer them in such a rude manner. Still, trade is affected by rumors of war.

If Californians do not obey the constitution of the United States they are nothing but rebels, and the government should treat them to not lead.

If it is beyond the power of the American Government to quiet the rebellion down, why not carry out that extradition treaty, and hand those outrageous parties to Japan—for punishment.

Professor Takagi said that "the life of the middle class Americans is similar to those of the Samurai's of the feudal age of Japan. But those people of San Francisco are not that class."

The whole of the Japanese press published in San Francisco have spoken of Governor Carter as a most wonderful man (in this age), and next to the President. His recent endorsement of the President's recommendations are greatly admired both on the coast and here, with the local Japanese. Our Honolulu papers also full of his good actions, and his reputation is now as high as Maun-Loa among the Japanese residents of Hawaii.

Those newly arrived Portuguese will no doubt follow the example of the Molokans, and will soon add more population to California.

They are good laborers, but not good enough to stay with the plantations.

The Hawaiian Board of Immigration ought to have furnished nice rooms for those eight Portuguese families in the Young Hotel, and fed them with a square meal. Then they might have been satisfied, and no kick coming.

They want free wine with every meal, and lime juice brought to the field, thick bean soup, well cooked rice, macaroni on the side.

Oh manima! What nice immigrants they are!

Cut up these Government lands, and give it to the Japanese farmers to live on his whole life time under some special regulation.

They can develop these islands, and raise future American citizens (as most of the Portuguese will not do). How does this suit you Mr. Sargent?

Sensible Gifts for Gentlemen

Never give a cigar clip to a man who doesn't use tobacco, nor a stop-watch to one who never saw a horse-race.

But give clothes, hats, ties, without the slightest hesitation.

Measure his old coat around the chest and pick out a "house-coat."

If you haven't the confidence to select a tie that will suit, buy an order for it instead; then he can pick one out to please himself.

We can help you to a remarkable degree in selecting suitable gifts for men and boys if you will come to our store. We have a better and larger assortment for Christmas than ever before.

Among the new goods that any man would like is:

Christmas Neckwear

A beautiful display in Four-in-hands, Club Ties, Bows, Stocks, etc. Colors are better than ever this Christmas. The blue polka-dot ties are popular always, and the solid colors are the favorites. Then we have black and white dress ties of all the proper shapes.

Our Neckwear is the famous "Kaiser" brand.

Bath Robes a Necessity

Perhaps he is getting along with an old kimono now? Then a handsome Bath Robe would be a joyful surprise. We have a large and entirely new variety of Bath Robes imported direct from London. This is one of the best Christmas suggestions we can give.

Holiday Umbrellas

FOR MEN AND WOMEN

There is promise of plenty rain this winter. What more appropriate than a good Umbrella. Buy one for HIM and maybe you can borrow it occasionally.

Our stock of holiday Umbrellas was specially chosen for this Christmas and embraces a remarkable selection. No purse too small to buy a good Umbrella, and there are expensive ones to meet the more extravagant ideas. These Umbrellas are of good silk, steel rods and handsome handles.

Cravenette Rain Coats

They will keep him dry in rainy weather. Besides they will make any man look handsome. The cut is the latest and they are just the thing to wear with evening dress.

New Style Panamas

If you get a panama don't neglect to see the new shapes. They are wonderfully becoming to most men.

New Leather Goods

Dressing Cases, Collar and Cuff Boxes, Perfumery Cases, all made from choice leather.

Blouses for Boys

The "Star" brand. Mothers will find them a great convenience. Then we have also the boys' Samson Suspender Waists.

Among the Other Suggestions

We will mention the following goods but you can not really get a good idea of how well we are prepared for Christmas unless you come to the store:

Smoking Jackets, Half-hose, Silk and Linen Handkerchiefs, Hats, Suit Cases, Leather Belts, Fancy Suspenders, Pajamas, Sweaters, Wash Vests, Choice Walking Sticks.

Steamer Rugs

Just think what a nice gift one of our Steamer Rugs will make. In handsome plaids and other colors.

MENTALS OF HIGH TALENT

Jap Suddenly Acquires English--Soldiers From Japan.

Japanese army officers who served during the Japan-Russo war are reported to be in and about Honolulu accepting service as servants, yardmen, etc., and it is understood that reports are made by them at a headquarters said to be located in one of the numerous Japanese hotels here.

A family recently employed a man to do general work about their premises. He spoke no English apparently, and performed his work satisfactorily. A couple of weeks after he was employed he and the head of the family had an altercation concerning some work, when to the astonishment of the latter the Japanese talked volubly in English. The householder had previously had some intimation that the meek yardman was apparently a man of superior talents. The man would absent himself during the day time for a couple of hours at a time and was seen at one time in the vicinity of the new army post at Kahauiiki and later taking notes near Kalia bay. Whether or not the notes were of any importance from a strategical standpoint is not known, of course.

There has been a rumor about town, also, that two regiments of Japanese, with their officers, are in the community, which could be mobilized at a few hours' notice. Such information is said to have been reported to the War Department at Washington by an army officer. A year ago, while a prominent army general was passing through Honolulu, this officer told the general officer that he surmised that the Japanese were fairly well organized here and could muster in their regiments with little trouble.

FUNERAL OF LATE

JAMES W. GIRVIN

Funeral services over the remains of the late Jas. W. Girvin were held yesterday afternoon at the undertaking parlors of H. H. Williams, Fort street, the casket being temporarily deposited in the Paty vault in the Nuuanu Cemetery. The services were attended by a large number of friends and many representative men of the community, including a delegation of Chinese friends.

Dr. Walter Sylvester, D.D., pastor of Central Union Church, officiated, reading several passages of scripture and offering a prayer, scholarly and impressive. The casket was laden with beautiful floral tributes of the deceased's many friends, asters, roses and carnations being banked about the bier in abundance. The casket was borne to the hearse by the six pallbearers, Messrs. W. O. Smith, Frank Damon, Chu Gem, L. M. Vetlesen, W. O. Atwater, E. M. Campbell, Ed. Dekum and A. P. Taylor.

At the cemetery the casket was placed within the vault, following which Dr. Sylvester offered a fervent prayer consigning the soul of the deceased to its Maker, and quietly the tomb was closed.

The grand jury adjourned at 12 noon out of respect for memory of Mr. Girvin, who was one of the jury commissioners for the First Judicial Circuit.

GAMBLERS LET GO ON TRIVIAL BAIL

A raid was made yesterday on a Japanese gambling joint in Waipahu, the first thing of the kind which has happened at that place for two years, although the raided premises have been an open gambling place for months. The raid was made by four Pearl City policemen, who surprised fifteen Japs at the game. Four of these were arrested, the others making good their escape.

After the arrest the police made a

most irregular move, accepting \$4 from each of the prisoners as bail and turning them loose on the spot. The prisoners were told to appear for trial this morning at Pearl City, but it is known very well that none will appear, preferring to let the authorities keep the very small bail money.

There has been much gambling going on of late at Waipahu and the two recent stabbing affrays among the Japanese there were caused through fights arising over the games.

CAUGHT COLD WHILE HUNTING A BURGLAR.

Mr. Wm. Thos. Lanorgan, provincial Constable at Chapleau, Ontario, Canada, says: "I caught a severe cold while hunting a burglar in the forest swamp last fall. Hearing of Chamberlain's Cough Remedy, I tried it, and after using two small bottles, I was completely cured." For sale by Benson, Smith & Co., Ltd., agents for Hawaii.

ENTRIES FOR POULTRY SHOW

The poultry show entry book closes at 5 o'clock Saturday afternoon, December 15. The birds will be received all day Tuesday and up to 12 o'clock Wednesday noon, judging commencing one hour later. Entries and premiums are open to everybody, and the exhibition committee want every good specimen of every variety possible to be exhibited. Premium lists and entry blanks are to be had of the secretary, St. C. Sayres, 34 Queen street, with McChesney & Sons.

THE WORRIED WOMEN.

They say men must work and women must weep; but alas, in this too busy world women often have to work and weep at the same time. Their holidays are too few and their work heavy and monotonous. It makes them nervous and irritable. The depressed and worried woman loses her appetite and grows thin and feeble. Once in a while she has spells of palpitation and has to lie up for a day or two. If some disease like influenza or malarial fever happens to prevail she is almost certain to have an attack of it, and that often paves the way for chronic troubles of the throat, lungs and other organs; and there is no saying what the end may be. Let the tired and overlaid woman rest as much as possible; and, above all, place at her command a bottle of WAMPOLE'S PREPARATION a true and sure remedy for the ills and maladies of women. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. Search the world over and you will find nothing to equal it. Taken before meals it improves the nutritive value of ordinary foods by making them easier to assimilate, and has carried hope and good cheer into thousands of homes. It is absolutely reliable and effective in Nervous Dyspepsia, Impaired Nutrition, Low Vitality, Wasting Conditions, Melancholy, Chlorosis, Scrofula, and all troubles of the Throat and Lungs. Dr. E. J. Boyes says: "I have found it a preparation of great merit. In a recent case a patient gained nearly twenty pounds in two months' treatment, in which it was the principal remedial agent." It carries the guarantee of reliability and cannot fail or disappoint you. At chemists

SHOES

Make Sensible

Christmas Gifts

Christmas giving is rapidly becoming more practical. The bestowal of useless gimcracks upon friends and relatives is usually unappreciated and people are beginning to recognize that such things are money and good intentions thrown away. Give; but give something useful and sensible.

Under the head of useful, sensible, practical, sure-to-be-appreciated gifts is a pair of shoes. The popular way of giving them is to present one of our "Shoe Orders" so that the recipient can select the style and fit to suit.

There is nothing ordinary about giving shoes. The one who gets an order will usually select a pair of Shoes for dress occasions.

SHOES FOR WOMEN

Anticipating a big Holiday business we have a splendid assortment of women's shoes. Dainty shapes and leathers for dress and house wear, and stronger and sturdier kinds.

SHOES FOR MEN

Men, even more than women, are pleased with a practical gift. A pair of dancing pumps, a pair of dress shoes; or even shoes for ordinary wear, are sure to suit.

If he loves horseback riding give him a pair of

RIDING LEGGINS

We have the largest assortment in the city. It consists of English and American putties, oil grain and cow-hide cowboy leggings, dark tan cap spring leggings, etc.

Also; we have fine tramping and outing shoes for men, women and children.

INFANTS' AND CHILDREN'S SHOES

Children often get so many toys as to be bewildering to their little minds. Give them shoes. We have pretty little pumps and shoes of every description.

VICE-CONSUL MATSUBARA GOES TO SAN FRANCISCO

Retirement From Japanese Consulate in Hawaii Means Promotion for Capable Member of Consular Corps.

Vice Consul Matsubara of the Imperial Japanese Consulate General in Hawaii leaves on the Oceanic steamship Senoma for San Francisco, where he will be attached to the Japanese Consulate General as vice consul.

Mr. Matsubara has been in Honolulu for the past year and a half and has proved a capable administrator of the affairs of the subjects of the Emperor.

During his residence here Mr. Matsubara was acting consul for a long period during the absence of Consul Saito in Japan. His retirement from the Honolulu consulate and appointment to San Francisco is in the nature of a promotion, and it is not unlikely that his familiarity with the Japanese-American situation here as part of the American commonwealth has much to do with his transfer.

BIG EVENT CELEBRATED

(Continued from Page One.)
Messrs. L. L. La Pierre, E. R. Hendry, Mrs. E. A. Jacobsen and Miss Thora Oss, were seated near the presiding officers.

The program comprised musical selections by Mr. Casceres, Ernest Kaal and others.

Following some introductory remarks of Mr. Lewers, W. O. Smith made an address on Excelsior Lodge and some of the principles upon which Odd Fellowship is founded. He said he did not wish to confine himself altogether to Excelsior Lodge, although his associations had been with that lodge for about thirty years. Thoughts naturally went back to those who were prominent in the lodge at the beginning of that period. There were present of those whom he remembered then Brothers Robert Lewers, E. C. Rowe, J. O. Carter and David Dayton. Comparatively few are living. Those who, among others, had passed away were Marshal Parke, Hughes, Savidge, Bartold. They had gone and younger men had taken their places. Mr. Smith spoke of the value of celebrating anniversaries. What pleasure there was in celebrating birthdays. Anniversaries in our own lives were of value. We are so occupied with the present and the future that we are apt to forget the past and its pleasant memories. The past has its great value in our lives and in the life of an organization. There is a suggestion of immortality in anniversaries. It is a pleasure to know of the good work which an organization is doing. Goodfellowship is a great influence. It is a profitable thing to meet on an anniversary like this. I wish that the order in Honolulu will grow even stronger than it is and be more useful than it has been in the past.

DR. RODGERS' ADDRESS.
Dr. Rodgers, D. D. G. S., chaplain, made an address on the Rebekahs, as follows:

Brothers, Sisters and Friends: I have been asked by those who have charge of arranging tonight's program to speak to you on behalf of the Rebekah Degree of our Order, an invitation that, however imperfectly I may meet its obligations, I certainly regard as a privilege and an honor. If at the outset I seem to go very far back towards the beginnings of things I pray you will not assume that my discourse is to be correspondingly long; such is not my intention.

"And God saw that it was not good for man to be alone," so he created woman to be his companion and helpmate. In other words, taking the narrative as it appears on its face, the Creator is represented as seeing the imperfection of his own work, and straightway the Divine Wisdom and through the Divine Power, found and applied the remedy. Burns, as many of you know, gives the story a whimsical and half humorous turn, intimating that in creating man the Creator was experimenting or trying his hand as it were, and that woman was the final and perfected work of creative power. Speaking of nature in a personified form the poet says:

"Her pretence hand she tried on man, And then she made the lassies O."

We may not attain to the Divine measure of either power or wisdom, but we may follow that power and wisdom so far as they are revealed to us, and make our daily practice conform thereto, and the more our minds are enlightened and our souls lifted up, the more fully shall we appreciate and the more closely shall we follow the Divine leading, recognizing and honoring the female element in our common humanity, not in its material and physiological aspects alone, but in all things moral and spiritual as well. You may take whatever views concerning the Bible narrative may commend themselves to your judgment. You may regard the story contained in Genesis as legend, as myth, as allegory or as a plain transcript of literal fact, but whatever speculative view you may take there is back of the story a great truth; the permanent fact of the duality of our humanity and the abiding necessity for the presence and recognition of the female element to secure the highest and finest development of human nature.

Our fathers in Odd Fellowship wisely recognized this great principle, somewhat dimly perhaps at first, but more clearly as the years rolled on. The eyes of most of them were not as widely opened as are our own at the present day, but the seed was sown, the path of progress indicated if not clearly marked out, and the good work went on. As the years passed on it became increasingly evident that there was a great and beneficent work for woman to do in Odd Fellowship, a work that without her recognition and active co-operation could not be done in its most efficient and satisfactory shape.

It is not my purpose to give at this time even a brief history of the Rebekah Degree and the Rebekah Lodges. The story has been often told and should be measurably familiar. It may, however, not be amiss to say that in its earlier stages this movement for the recognition of woman met with some share of opposition, such opposition as is likely to be the lot of any movement of a markedly original and progressive character. But the Degree became firmly established, it grew and flourished, and the women who were admitted to its ranks under the comparatively stringent rules of those early days fully justified by their works the faith of those who had been their champions. By their zeal, by their energy, and by their wisdom and moderation as well, the Rebekah lodges have become firmly established in the affection, the respect and the confidence of the Order.

It is worthy of note that it is not in Odd Fellowship alone among the great fraternal orders that woman is finding her just and fitting recognition. The Masons, the Knights of Pythias, and double and other fraternal bodies with which I am not acquainted have established degrees or lodges open to women. These movements are in accordance with the spirit of our times and the great onward march of human-

ity. We can not doubt that instead of failing and going backward they will broaden and deepen and move forward with ever increasing power.

And why not? For what do Odd Fellowship and other fraternal bodies exist? On the seal of the Sovereign Grand Lodge we read these words, "We command you to visit the sick, to bury the dead, to relieve the distressed and educate the orphan." Within the walls of a lodge room we meet for mutual counsel, for the relief of distress and the elevation of human character. In this great work, in the promulgation and practice of Friendship, Love and Truth, in the warfare against vice in all its forms, and the exercise of kindly offices to one another in time of trouble is it not every way fitting and proper that woman should have full and honorable recognition?

Therefore on this auspicious occasion, on this commemoration of the sixtieth anniversary of the pioneer Odd Fellow body in all this part of the world, I am sure that I am authorized in the name of Excelsior Lodge and of all Odd Fellowship as well to bring this word of appreciation and praise for those worthy women who in the years that have passed, as well as in the present, have so steadfastly, so devotedly and so successfully co-operated in the good work of our order.

Let no one fancy that the professed principles of our Order are empty words. Those who have seen the most of its workings are the most fully satisfied to the contrary. Many times in the range of my observation and more than once in my own experience has the reality of the principles we profess been brought forcibly to my notice. Many times within my personal knowledge has the kindly attention, the brotherly or sisterly sympathy and encouragement and the material assistance in time of need been to the grateful recipient like the shadow of a great rock in a weedy land.

The subject is in many ways a fascinating one. Were I to give utterance to all that is in my heart I should be liable to extend these remarks not only beyond reasonable bounds but beyond the patience of my hearers as well. I have been asked to speak briefly and it is my intention to do so, but I can not close without bearing my admiring testimony to the admirable way in which our Rebekah lodges do their formal and ritual work; a work the beauty and impressiveness of which must be seen to be appreciated. Let me assure the brothers of the subordinate lodges who are not so fortunate as to attend the lodges of the Rebekah Degree that they might therein learn something to the advantage of themselves and of the lodges to which they belong. A word to the wise should be sufficient.

Considering all the disadvantages with which they have had to contend, especially the limited field from which their membership must be drawn and the large number of other organizations more or less similar in character, all competing actively for recruits, I think it can be fairly claimed that the Rebekah lodges in Honolulu have been a great success. Both lodges of the Degree are on a sound financial basis, both have a membership comprising much excellent material, both have efficient officers and a satisfactory average attendance, and both do their ritual work in a way to command the admiration of all who witness it.

But I must close. In conclusion I would say to our sisters "go on and persevere in the good work; rise above all petty and personal feelings; cultivate in all ways cordial relations with the sister lodges; keep up the quality of your ritual work and even improve it so far as practicable; and see that no root of bitterness springs up to deface and defile the fair garden of the Odd Fellow virtues."

To the brothers I would say "help the sisters, give them not only your sympathy and good will, but your personal support and assistance, for they are doing a work for Odd Fellowship and through Odd Fellowship a work for humanity that I am afraid some of you do not appreciate."

One specific thing some at least of you can do, and that is to send in your applications for membership in the Rebekah Degree. The cost is small, the time required is not great and the profit and enjoyment to be received far more than an equivalent.

Before taking my seat pardon me I pray you a word of a personal nature. For nearly two years past as you know I have held the office of District Deputy Grand Sir, becoming thereby the official head of the Order in this Territory. My official position has brought me into close and in some ways into confidential relations with the officers and members of the Rebekah lodges, and I wish to testify here in this public way to the very pleasant and friendly relations I have been able to maintain with the sisters throughout my term. For the uniform courtesy and consideration shown me both personally and officially, for the readiness to seek my official advice and to follow the same when given, for the pleasantness that has marked all our relations, and finally for many visits and other welcome attentions during the weary weeks when I was an inmate of the Hospital; for these and for every manifestation of the spirit of Odd Fellowship, whenever, wherever, and to whomsoever manifested, I can say with all sincerity and earnestness "Thanks and God bless you."

Brother Lewers concluded the exercises by thanking the lodge for the honor conferred upon him in having him occupy the chair for the evening. He announced the lighter element of the entertainment and adjourned the meeting.

Tables were placed for card playing and young and old seated themselves for progressive whist. Upstairs in the roof garden Kaal's orchestra played for dancing, which proved a popular drawing card especially for the younger people. When the Virginia Reel was announced, however, some of the older ones fairly galloped out upon the floor and soon the hall was merry with laughter as they tripped the measures of the oldtime favorite. The committees in charge of the celebration consisted of M. T. Simonton, chairman; E. A. Jacobsen and B. F. Lee. Mrs. Lando won first prize for ladies at progressive whist—a cutglass bowl. James Bicknell won first prize for gentlemen—a silver-mounted stein. Mrs. F. J. Turner won the ladies' booby prize, and F. D. Wicke the gentlemen's.

The Hawaiian band will play at the Royal Hawaiian Hotel this evening.

Metrostyle Pianola or a Pianola Piano

(An Upright Piano of the highest grade with a Metrostyle Pianola inside its case.)
There are many families who, if they could have their choice of all the many desirable articles now displayed in the shops, would decide without a moment's hesitation upon either a Pianola or the new Pianola Piano.

The person who makes a Christmas present of one of these instruments gives an unending source of pleasure,—not merely an article to be admired today and later forgotten. It is conferring upon the recipient the opportunity to enjoy all of the world's masterpieces of music, for practically everything that has ever been written for the piano, from the greatest compositions of Beethoven to the latest bit of operatic melody, just having its vogue, has been arranged for these instruments. In giving the Pianola or the Pianola Piano, one is secure in the knowledge that he is giving the standard article of its class, the one that has endorsement of all the great authorities, is to be found in the palaces of royalty abroad and, in this country, in the homes of the most discriminating music-lovers and musicians.

The desirability of a Pianola as a Christmas gift is proven by the great demand which occurs each year at this season. The \$250 model of the Pianola now contains the Metrostyle—originally placed only upon the highest priced style. This is a feature which not only simplifies the playing of the Pianola but adds immensely to its interest. No other form of piano-player has anything even approaching this most important improvement.

PIANOLAS, \$250; PIANOLA PIANOS, \$550 TO \$1,000.

PROMISING RAILWAY PROJECT.

As lately intimated in this paper, there is a likelihood that B. F. Dillingham will put through the Hilo-Kohala railway. This projected line has been talked about for more than twenty years past and, for the greater part of that time, with regret that Samuel G. Wilder, who had set his mind on building it, did not live to fight the battle out to victory.

Now there is no doubt that the island of Hawaii has lost in development proportionate to that which the island of Oahu has gained, during the past seventeen years or so, from the single fact of the postponement of railway building upon the big island. It would be idle to answer this proposition by saying that Hawaii, for lack of safe harbors to encourage commerce at the termini of any transinsular railway, would have been in a less favorable position than Oahu to benefit from a railway.

Hopes are now brightening, however, that the United States Government will very soon build a breakwater at Hilo. It is being urged strongly at Washington now and Governor Carter has uttered a powerful plea for the work in his annual report to the Secretary of the Interior.

One of the great results of the railway will be to stimulate passenger and freight traffic between Hawaii and the other islands. It will be a route that no tourist will desire to omit from his itinerary. With express steamers between Honolulu and Kawaihae, a distance of 144 miles, the sea trip at a 15-knot speed would be a matter of but ten hours.

Surely there is nothing more promising for Hawaii's development looming up over the horizon today than the Hilo-Kohala railway. It, too, will undoubtedly find an early conjunction with the Kona railway system now also being promoted. And that means still more development.

It was in 1886, and not 1878, that the wreck of the British ship Dunnottar Castle on Ocean Island occurred. This was sixteen instead of eight years after the wreck of the U. S. S. Saginaw. In other respects the reminiscences of the Dunnottar Castle disaster, published in Tuesday's Advertiser, were substantially correct.

GEN. OTIS OFFENDS THE FILIPINOS

General Harrison Gray Otis, who passed through here on Tuesday as a passenger on the S. S. Nippon Maru, aroused the ire of some of the Filipinos by a speech he made in Manila a short time before sailing. In this speech he deprecated the idea advanced by President Roosevelt that the Filipinos were ready for the franchise and a legislature. Commenting upon this speech, a native paper, the Vida Filipina, says:

"Every time just after a more or less distinguished visitor or a high public official departs from these shores, we must be prepared to receive his statements with reference to the country, which have the effect of a shot from a gun of a kind similar to the celebrated carbine of Ambrosio. This general rule has but few exceptions, and on two recent occasions it has been confirmed. We refer to the opinions of General Harrison Gray Otis, expressed when about to leave Manila, and those of ex-Governor General Henry C. Ide at Honolulu.

NO OPIUM IN CHAMBERLAIN'S COUGH REMEDY.

There is not the least danger in giving Chamberlain's Cough Remedy to small children as it contains no opium or other harmful drug. JAPANESE EMIGRANTS

(Continued from Page One.) collect the tax from those who should pay it and we have no way of knowing how long any of them have been in the country, and so far they have not wanted to show their passports to us. "They secured these passports from their government on the understanding that they were to come only as far as Hawaii and did not want to produce them if they could help it, as this would show how very little time they had been here and how they were deceiving their own government. So they would rather pay the five dollars tax. But now they think that there will be no question of their landing at San Francisco, with their government ready to take up their quarrels and so they are talking of making a fight here about the tax.

Weak Digestion

Close and incessant application to professional duties and the cares of business results often in nervous breakdown. A weak or impaired digestion follows. A nerve vitalizer and tonic is needed to bring back buoyant health and fine spirits. Paine's Celery Compound, harmless and good, for 19 years the standard nerve tonic. Read the formula and the statements of the medical authorities and you will understand just how and just why it is. Paine's Celery Compound contains no alcohol, no cocaine, no opium, no harmful drugs of any nature. It has stood the test of generations.

POET AND PAINTER.

An editor was sitting in his office one day when a man entered whose brow was clothed with thunder. Fiercely seizing a chair, he slammed his hat on the table, hurled his umbrella on the floor and sat down. "Are you the editor?" he asked. "Yes." "Can you read writing?" "Of course." "Read that then," he said, thrusting at the editor an envelope with an inscription on it. "B" said the editor, trying to spell it. "That's not a 'B,' it's an 'S,'" said the poet. "'S? Oh, yes, I see. Well, it looks like 'Soles for dinner' or 'Souls for Sinners,'" said the editor. "No sir," replied the man, "nothing of the sort. That's my name—Samuel Brunner. I knew you couldn't read. I called to see about that poem of mine you printed the other day entitled 'The Surcease of Sorrow.'" "I don't remember it," said the editor. "Of course you don't, because it went into the paper under the villainous title of 'Smearcase Tomorrow.'" "A blunder of the compositor, I suppose." "Yes sir; and that is what I am here to see you about. The way in which that poem was mutilated was simply scandalous. I haven't slept a night since. It exposed me to derision. People think me a fool. (The editor coughed.) Let me show you. This first line when I wrote it read in this way: 'Lying by a weeping willow underneath a gentle slope.' This is beautiful and poetic. Now, how did your vile sheet represent it to the public? 'Lying to a weeping widow I induced her to elope.' 'Weeping widow,' mind you. A widow! Oh, thunder and lightning! This is too much!" "It's hard, sir, very hard," said the editor. "Then take the fifth verse. In the original manuscript it said, plain as daylight, 'Take away the jingling money, it is only glittering dross.' In printed form you made me say: 'Take away the tinkling honey; put some flies in for the boss.' By George! I feel like attacking somebody with your fire shovel! But oh, look at the sixth verse. I wrote: 'I'm weary of the tossing of the ocean as it heaves.' When I opened your paper and saw the lines transformed into 'I'm wearing out my trousers till they are open at the knees,' I thought that was taking it an inch too far. I fancy I have a right to murder that compositor. Where is he?" "He is out just now," said the editor. "Come in to-morrow." "I will," said the poet, "and I will come armed."—Portland Argus.

"The Famous 1907 Model Buick"

The greatest hill-climber; has defeated everything in its class; absolutely reliable and silent. A carload has just arrived. Here are a few of its 1906 records:

- "Eagle Rock" International Hill-climb. World's record. Defeated everything in its class.
 - "Mount Washington" Hill-climb. World's record. Defeated its nearest competitor by over 15 minutes.
 - Paterson, N. J. Track record.
 - St. John, Mich. Track record.
 - Atlantic City, N. J. Won all records for gasoline cars.
 - Boston, Mass. World's record.
 - Detroit, Mich. Won in touring car class.
 - Cleveland, Ohio. Winner in 5-mile \$2000 class.
 - Long Branch, N. J. Track record. Won from cars costing from \$2000 to \$6000.
 - Newark, N. J. Won the "free-for-all" over cars costing from \$1500 to \$4000.
 - Philadelphia, Pa. Won 2-mile race for stripped cars.
 - Rockford, Ill. Won in every event entered.
 - Kansas City, Mo. World's record. 5-mile 2-cylinder cars.
 - Los Angeles, Cal. Hill-climbing contest. Made best time of any car in 2-cylinder class. Made better time than many of the leading 4-cylinder cars.
- All these events were won with regular stock cars; in several instances by cars owned by private individuals.

With this knowledge of what the Buick is and what it has done, we ask intending customers to compare it not only with other cars of its class, but with many of the \$2000 and \$2500 cars, which it has repeatedly defeated in various road and hill-climbing contests.

AGENTS

ROOSEVELT'S ACTION WILL MAKE WAR IMPOSSIBLE

Editor Advertiser: The world appreciates and admires the man who having at critical times difficult tasks to perform and important decisions quickly to arrive at, does both the one and the other keeping a grip on affairs and exhibiting at the same time what is commonly called a level head. To most of the eighty millions of people of this great country, a little time given them for reflection, the attitude of President Roosevelt in the matter of the Japanese children and the public schools of San Francisco will be recognized as far-seeing and wise. Courageous it will be declared to be, for another construction might be put upon it by the unthinking, notwithstanding the President's not to be questioned pluck and nerve. Above all, it will, by the people of this country and by the world at large be acclaimed as right. The appeal of the Japanese is now to Caesar, not to the State of California. Whatever the action of Congress, or the sputter of the uninformed, or the aimless screams of the unthinking, President Roosevelt has put on record his sense of the proper course for the country to pursue and I venture to say the inexorable logic of facts will promptly attest to his clear vision and right-mindedness.

A new era is dawning in the East. The East which gave the world Christ, Buddha, Confucius, Moses, Lao-tse and others from all of whom we have much to learn. A new era is dawning in the East, and in a certain definite and important part thereof it has dawned and the men thereof, any more than ourselves, will not brook treatment that any high minded, sensitive and courageous people should resent. Coupled with this fact the rigorism of the strenuous President as an ethical teacher will make its mark and there will be no war between Dai Nippon and this great republic!

Comment has been made upon the naval and military expenditure of Japan since the close of their late wonderful and victorious war, and the question has been asked if it is not probable that the evident desire to be prepared for further conflict does not point to possible trouble with the United States? Preposterous! A whirlpool of words may threaten to wreck the peace of the world, but the peace will be kept between the two powers named. Being a thoughtful, far seeing people the Japanese know and understand they have sought to fear from aggressive action on the part of the United States. If the San Francisco school question has irritated them as it most surely ought to do, it has not been a cause of increased activity in the naval and military departments of Japan; that activity is but a wise and natural sequence of the war recently waged. Because the Japanese are prepared and have intended to be prepared for all contingencies it appears unreasonable to suggest that they have been looking for trouble with the United States. They have confidence in the good sense and proper feeling of the best American thought, and it is such thought, speaking through the President that makes war impossible.

The experience of the past must dominate the Japanese mind and so it comes about they feel their safety, their very national life depends on their preparedness. The following, written during the late war, is pertinent to this matter: "For at least half a century European nations, with England as the pioneer, have been telling Oriental nations that their only hope of salvation lies in adopting Western civilization. In order to enforce the lesson Europe has invaded their territories, slain their people, annexed their revenues, and taken possession of their soil. One of these Oriental nations has taken the advice of Europe. It has mastered the ways of western civilization with extraordinary completeness... yet as soon as it accepts our advice, and complies with our cherished notions of progressiveness and intelligence, Europe turns round and denounces it as a menace to peace and civilization. For a thousand years that nation has enjoyed a civilization of its own which has produced a physical and moral education now triumphantly enduring the severest tests that can be applied. It meddled with nobody, and it asked of the world nothing but to be left alone. Europe would not leave it alone, and

it was wise enough to learn from what went on in its vicinity that European interference would go on increasing in proportion to its possession of things covetable. Now that it can protect itself by European methods against the aggression of a European nation, it is declared to be the natural enemy of all the other European nations which have been living in fear of its opponent. How wise, how reasonable and how entirely notable must Europe appear in that nation's eyes!"

That Japan will not be found napping or unprepared for any and all contingencies may be taken for granted, and if one may possibly suggest with any semblance of correctness where trouble is likely to come about between the Japanese and any power, Kiauchau on the shores of the Yellow sea may be named as a possible point of danger, lying as it does about 675 miles from Sasebo, the important naval station of Japan. The world remembers, and Japan will never forget, how, after the first taking of Port Arthur by the Japanese, they were compelled to return it to China by a combination of European powers, one of whom is now at Kiauchau. Neither will Japan have forgotten the picture, being the work of his Imperial Majesty of Germany, with its motto, "Nations of Europe guard your most precious possessions," the cartoon itself designed to represent the "Yellow Peril" with the Archangel Michael warning the Western powers against the threatened Oriental invasion typified by the image of Buddha. That the presence of the Germans at Kiauchau is a danger spot is recognized. Colonel Pevoz, writing in the Depeche Colonial, Paris, says: "The war and its revelation of Japanese strength have now forced Germany to adopt a conservative and waiting policy. She found herself in an extremely risky position, being, so to speak, caught in the act of territorial expansion and in the dispersion of her economic forces in presence of a possible and probable adversary strong enough at the first shock to tear into shreds the very slender and far too extensive network which she had spread over the vast coastline of the Yellow sea. Kiauchau, the future center of this gigantic spider's web, is certainly in greater danger than were Dainy and Port Arthur." "This insecurity," he further adds, "which hampers and humiliates Germany, will continue as long as Japan remains the formidable military power and enterprising commercial nation which she has proved herself to be—not San Francisco, Mr. Editor: Kiauchau is the point of danger."

Just before the close of the late gigantic war it was written, "Japanese morality is at least as high as anything we can show on this side of the world." * * * It rests upon the manner in which they have borne and are bearing the strain of a tremendous struggle. Men, whether in East or West, say they believe many things, and think they believe many things; but for what they do verily believe we have to look to their deeds, and especially to their deeds in times of strain and pressure. The essential morality that offers the splendid spectacle now before us of invincible fortitude and lofty patriotism qualifies the nation possessing it for a

very high place in the confidence of mankind."

Surely President Roosevelt's recognition of the good traits of the Japanese, as well as his determination that the honor of this great country shall not be sullied by making the treaty with Japan a thing of naught, will be approved by a majority of the nation. Let it be remembered: the personal character of President Roosevelt is so well known of all, that no voice can be raised suggesting for a moment that any fear of results of a war with Japan is clouding his vigorous right-minded intellect. He wishes the country to be in the right and certainly does not desire the humiliation that only wrong doing can bring. He points to the dangers of racial intolerance and the stern necessity of honorably fulfilling all treaty obligations. Like Luther at Worms, he says, "Ich kann nich anders"—I can do no other. Long live the President!

CHARLES F. HART, Honolulu, T. H., Dec. 7, 1906.

AN ATTACK OF CROUP WARDEE OFF.

"Our little girl, two and one-half years old, woke up coughing with the croup one evening recently. We happened to have some of Chamberlain's Cough Remedy on hand and gave her two doses of it. She went back to sleep and woke up next morning without a trace of cold. It is certainly a great medicine," says A. J. Luginbill, editor of Star, Villa Rica, Georgia, U. S. A. An attack of croup can always be warded off by giving this remedy as soon as the croupy cough appears. It has been in use for many years and has never been known to fail. It contains no harmful drug and may be given to the smallest child with perfect confidence. For sale by Benson, Smith & Co., Ltd., agents for Hawaii.

"Describe as nearly as you can," said the judge, "the assault the prisoner made on you." "It wor just a common ordinary brick, sor," replied the defendant.—Milwaukee Sentinel.

KAUAI FOLK ENJOY LIFE

An Art Exhibition and Bazaar--Social Items.

LIHUE, December 11.—The Lihue Art Exhibition has grown into a regular institution characteristic of the island. The seventh recurrence of this pleasant and interesting event took place at the Lihue hall on Saturday evening December 1. The hall was tastefully decorated for the occasion, mostly with palms and other potted plants, and beautifully lighted by ornamental lamps in addition to the electric light. The exhibition features of the affair were less strongly marked than heretofore, the display being small but choice, mainly in drawn work and embroidery with a few choice bits of hand painted china.

The strength of the exhibition lay in the bazaar, where many beautiful and valuable articles were on sale, the gift of ladies of the community for the benefit of the library. These in themselves formed an interesting art exhibit.

The flower table was in charge of Mrs. A. H. Rice, the candy table in charge of Mrs. Weber, assisted by Mrs. Purvis, and the main table in charge of Mrs. C. H. Rice.

The few articles remaining unsold were auctioned off by Mr. A. H. Rice very successfully.

During the evening refreshments were served, in charge of Mrs. Smythe, on the stage from which the partakers reviewed the interesting scene below.

The total receipts were \$176.40, the expenses \$48.20, leaving a net balance for the benefit of the library of \$128.20.

THE SEASON OPENS.

The Mokihana Club gave its first dance on Kauai and the invitation met with a general acceptance wherever it was sent. Kauai people from Hanalei to Makaweli thought nothing of the distances or the muddy roads but came eager to enjoy the hospitality of the Lihue ladies.

TO HELP THE BAND.

The year is nearing its end, but the funds of the Lihue band came to an end long ago, so now is your chance to show your public spirit as well as your liberality and take up your share of the maintenance of it. Father Adalbert, who has put in some hard licks to get the organization started and later in keeping it together, last year took a list round to some of the people of the district, who responded generously. A subscription list has been placed in the hands of Mr. J. J. Hiorth at Lihue store, where all those who last year showed their appreciation of the worthiness of the cause by a subscription will have a chance to prove the courage of their last year's opinion by doing likewise this year.

GOOD ROAD NOW.

John H. Wilson, who has a contract for macadamizing some of the county's roads, has finished the stretch between Mahinani gully and the railroad crossing beyond the Hanapepe hill. The disgraceful road and the rickety bridges were not only the joke of every traveler in the Territory but a danger to those who had to use them. The danger is now eliminated by the new concrete bridges and a smooth road with good grades will soon have replaced the old dust streak.

HOME AGAIN.

On the return of C. W. Smith from a short vacation in Honolulu the genial blacksmith of Makaweli entertained a few of his friends at a very pleasant chowder down at the landing Saturday evening, the first. The chowder was most delicious and all appreciated the efforts of Mr. Smith's inimitable cook, Kawamoto. After a delightful trip in the landing launch the guests returned to sit down in the beautiful moonlight to a delicious spread. Soft Hawaiian airs made the time fly and all too soon it was announced that the train was ready to return to the camp. Those present were the Misses Aldrich, Whiting and Starbird, Messdames B. D. Baldwin, E. Flohr, Jas. Dyson and J. A. Combs; Messrs. B. D. Baldwin, C. W. Smith, Jas. Dyson, A. E. Harris, H. W. Ehlers, A. Hvostef, Olsen, R. Smith, Capt. Mosher, K. Rohndahl, Buchholtz and J. A. Combs.—The Garden Island.

PACIFIC COAST JAUNT.

John D. Wilard is arranging a personally conducted trip through the Pacific coast cities for the beginning of the new year. The party will leave by the Moana from Honolulu, January 9, and will take in such places as Vie-

toria, Vancouver, Seattle, Portland, Oakland and San Francisco, and will wind all up in Palo Alto toward the end of the month, having taken in all the gaieties along the road.

ITEMS.

J. D. White of Kansas City is a visitor to the island. Mr. White, who has been a practicing lawyer in the Missouri city for a number of years, has been advised by his physician to seek a locality where climate and work are not quite so strenuous as they are in the Middle West.

A former resident of the district, Hermann Wolters, returned to his oldtime haunts by last week's mail.

Mrs. H. D. Wishard contemplates taking a trip to the mainland soon after Christmas, to remain away six months, for the benefit of her health.

Miss Florence Deverill, Miss Molly Cummings and Mr. E. Deverill came over to Lihue Saturday to attend the Mokihana dance. They report Hanalei to be delightful but the roads execrable.

Territorial Auditor J. H. Fisher visited Kauai last week and examined the accounts of the several officials ranging under Territorial supervision. He says the Makaweli road is evidence enough of advantage of county government.

J. A. Palmer left by last week's Mikahala for Honolulu, where he will take up his abode in the future. Mrs. Palmer will follow when she has had time to say ta-ta to her friends.

Mr. Lydgate has added Kilauea to his various Sunday appointments. Having inaugurated services there a month or two ago and finding that a service would be appreciated, he has added this to his itinerary.

Elele hall is being fitted up with electric lights for the convenience of the Sunday evening service there in charge of Rev. J. M. Lydgate.

The Kamooloa ditch is now completed through to the Piwai reservoir, and a large stream has been going that way this week. The final completion to the Lawai reservoir will be accomplished in about two months.

A most artistic school cottage in white and green has just been completed at Koolau, where it stands in conjunction with a new 2-room school building.

An excellent job of road construction has just been completed at Waipeke, Koolau, where a large fill has been put in across the stream, and the grades vastly improved. The work has been done by G. W. Makikou.

F. E. Harvey of the Government Survey has just completed a very of Waioli, Hanalei, a large section of which it is proposed to dispose of for rubber culture.

In a recently burned over area in Wainiha a great many young koa and sandalwood trees are coming up.

Wilbur Jarvis, who for several years has been bookkeeper for the Makee Sugar Co., left by the Ke Au Hou last Saturday en route to Washington, D. C., where he has secured a lucrative position under the civil service.

THOUSANDS SEEK IT

Many Honolulu People Join in the Search.

Nights of tossing—days of misery; Nearly crazy from the constant itching;

Such is the lot of every sufferer With Eczema, Piles or any itchinness of the skin.

Thousands seek and fail to find relief.

Many a Honolulu citizen can tell you Doan's Ointment will cure all itching skin diseases.

William Gilliver, of the well-known firm of Gilliver & Curtis, railway and general contractors, and whose private address is "Avoca," Bankstown, a suburb of Sydney, N. S. W., has written the following unsolicited letter, which we herewith publish in full:

Messrs. Foster, McClellan Co., 76 Pitt St. Sydney, N. S. W., February 14, 1899.

Dear Sirs:—In justice to you and suffering humanity I write to say that I suffered from itching piles for 22 years. I tried many doctors and pretty well all kinds of patent medicines, but got relief for a short time only. Seeing Doan's Ointment advertised, I bought a pot and did not use more than one-half of it, not six months ago, and I am perfectly cured. You may use this as you wish.

Yours gratefully,
WILLIAM GILLIVER.

Doan's ointment is sold by all dealers at 50 cents per box or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, agents for the Hawaiian Islands.

HOLIDAY BOXES OF HAVANA CIGARS

Any Man Who Smokes Will Be Happy as a King to Get a Box for Christmas.

We have had all the favorite cigars packed in special holiday boxes bearing "HOLIDAY GREETINGS." They contain 12, 25, 50 and 100 cigars. Such brands as General Arthurs, Van Dycks, Robt. Burns, La Fama Universal, etc. Those imported from Cuba are: Bock & Co., Henry Clay, Cabanas, Villar Y Villar, La Africana, Manuel Garcia, etc.

Other Presents for Smokers

Take notice that a man smokes because he enjoys it. Anything you give him in the smoking line adds so much to his pleasure. As he lapses into reveries over pipe or cigar, think how frequently the donor's pleasing addition to his smoking room is gratefully remembered. Anything you give in the following line will touch him in the right spot.

We especially solicit trade from the ladies who are looking for suitable gifts for men. Here are a few suggestions:

- Imported Egyptian Cigarettes packed in boxes of 50 and Turkish Cigarettes in boxes of 100.
- Handsome Tobacco Jars bearing University Crests—Yale, Harvard and Stanford, Plain and fancy Tobacco Jars in splendid variety. Smokers' Sets of French Stag and Metal. Also Ash Trays and Cigar Jars in same materials.
- Beautifully carved and plain Meerschaum Pipes. Handsome Briar Pipes, single and companions. Table Hookahs or Turkish Water Pipes. Cigar Humidors; a handsome box for keeping Cigars from drying out, in mahogany, teak, ebony, birds eye maple, etc.

Hundreds of other suitable gifts for the Holidays. Come visit our store.

**GRAY'S NEW
HOTEL PLAN**

Former Honolulu Man
Is to Build at
Miramar.

G. W. R. King has received a copy of the Santa Barbara Independent, giving a statement of the plans of Noah Gray, formerly manager of the Young Hotel for a new California Hotel, as follows:

Miramar, the beautiful, is to have a \$2,000,000 hotel. It will have 225 guest rooms, beset in the midst of Italian gardens, and command an unexcelled view of the mountains, the valley and the ocean. The plans have already been drawn by D. W. Willard of Redlands, an architect who has designed many beautiful and striking buildings. The work is to be commenced next April and the house will be opened to guests next November. The proprietors will be Noah W. Gray, who is well known here as the former assistant manager of the Potter, and C. E. Linzee, his brother-in-law, who for some years was private secretary of M. M. Potter, and for the last year the manager at Miramar.

Mr. Gray, who left the Potter about a year and a half ago to become the manager of the famous Alexander Young hotel at Honolulu, returned to this country about two months ago. Being greatly impressed with the natural beauty of Miramar and its popularity with the wealthy class, he and Mr. Linzee arranged to secure a lease of the property from Mrs. Doulton, the owner, to take effect with the beginning of the present month. With this assurance, Mr. Gray went east, and within fifteen minutes after he had laid his proposition before a capitalist friend of his a deal was closed for the necessary money to build the hotel.

Architecturally the new building has been designed to embrace all the distinguishing features of an English inn of the type built several centuries ago. The effect of brick and plaster walls with massive wooden beams passing through, wide eaves and gables, mullioned windows and all the other peculiar and artistic features to be found in the exterior of those old hosteries will be copied in faithful detail. So will the interior of the house, with its many quaint furnishings and devices. This building in form will be long and narrow, with a slight curve toward one wing. The length will be 400 feet and the width 90 feet. It will be three full stories in height with a dormer roof, or practically three and a half stories. One side of the house will face the mountains and valley and the other will overlook the ocean.

The foundations of the building will be of cement and the basement, which will also be of cement, will be occupied by the barber shop, the bar, children's playroom, billiard rooms, bowling alleys, manicure parlors, porter's office, trunk room, etc. The main floor will be divided by the kitchen, dining room, lobby, ladies' reception rooms, and card rooms, in the order named. The lobby and office will be seventy-five feet in length and the width of the building. It will be arranged and furnished in strict accordance with the inn style. The dining room will be 100 feet by ninety and will be able to seat 300 guests.

There will also be four private dining rooms. The upper floors will contain 225 bedrooms, single and en suite. There will be 150 private baths in connection with the rooms. Every room will be an outside room, facing either the mountains or the ocean, the corridor extending through the center of the building. The entire house from the basement to the roof will be fitted with every modern convenience and comfort known to modern hotel construction, including telephones in each room. The house will have its own electric plant, ice plant, cold storage, laundry, etc.

What will undoubtedly prove to be one of the most attractive features of the proposed improvements will be sunken gardens which are to be located between the north side of the building and the county road. Around these gardens a driveway will wind its way coming in from the county road, passing up to the hotel and around on the other side of the gardens to the entrance again. The plan for laying out these gardens was drawn by H. P. Butler of Boston, one of the greatest landscape artists in the world. He spent a month or more at Miramar and became greatly impressed with the natural beauties of the location. At the request of Mrs. Doulton he prepared the plans for the gardens. The artistic cottages which at present constitute so much of the charm of Miramar will still be a part of the resort though they will be removed from their present location.

The lease which gives Messrs. Gray and Linzee possession of Miramar was signed today, and they will conduct the business during the coming winter months. Miramar has been wonderfully successful, particularly so during Mr. Linzee's management, the charm of its quiet seclusion, the glory of its flowers and the delight of its scenic surroundings having attracted people of wealth from every part of the country. The cottages have been filled practically the year around.

THOUGHTS OF THADDEUS.

The clerk who calls the roll of the 66th Congress will deserve sympathy. The Hawaiian delegate is Mr. Kalanianohe.—New York Mail.

The clerk seemed to get along very well in the last Congress when Hawaii had the same delegate as now; but his name was Kalanianohe.—Syracuse Herald.

**A Kodak Makes
A Merry Christmas**

Pictures telling of past good times are treasures now. Present pleasures will soon belong to the past. Are you collecting pictures of the good times you are now having?

You enjoy pictures. So does your friend. Then get him a Kodak. It means the beginning of enjoyment that grows greater with time and is shared equally by old and young.

**Kodaks, \$5 up; Premo Cameras, \$3 up;
Brownie Cameras, only \$1 up.**

Has your friend a Kodak already? Then get him a protecting sole-leather carrying case for it, having both hand and shoulder straps.

Has he both these things? Then give him a tank developing machine, by which he can develop his own films in an ordinary room.

Among the other suggestions we can give are: Fine genuine seal-grain leather-covered album in which to preserve and display his pictures; or an album to preserve and register his film negatives; or a portrait attachment enabling him to take large portraits with his Kodak

Also an album made specially for displaying souvenir postcards is the proper thing these days, and who among your friends has not a number of cards to start the album with?

JOHN NOTT,
The Plumber. 85 King Street.

With only eight passengers in the cabin, the Canadian-Australian S. S. Aorangi arrived yesterday morning from the Colonies. Captain Phillips reports having had a good trip, no nasty weather to speak of having been encountered throughout the passage. Between here and Vancouver, however, he expects to have to make up for this.

The only freight delivered here from the Royal Mailer was a consignment of liquors for W. C. Peacock & Co. The Aorangi departed for the north in the afternoon, sailing at four o'clock. A few cabin passengers boarded her here and some thirty-five Japanese. The band was present at the sailing and played the vessel off.

FRENCH FREIGHTER IN PORT.
The long-expected French steamship Amiral Hamelin, of the Chargeur Reunis line, arrived yesterday morning from Yokohama, nineteen days out. Her long delay is ascribed by her officers to the very poor quality of the coal taken on at Nagasaki, the firemen finding the greatest difficulty in keeping up steam. Under ordinary conditions the Amiral Hamelin is expected to make the run in thirteen days, but took nineteen in this case.

The vessel brings a large amount of cargo for Honolulu, amounting to over 1700 tons, included in which are several thousand tubs of soy. This commodity was piled all over the decks, forward and aft, but arrived in excellent shape. In spite of the fact that it had to be walked over by the crew in passing from one part of the vessel to the other. The discharging of this freight has been delayed, however, principally because the Bishop wharf, where the steamer is docked, is crowded with other freight.

The number of Japanese immigrants brought in by the Amiral Hamelin was small, only 135 coming. The intrusion of the French line into the immigration business is said to be resented by the T. K. K. line, which announces a cut passenger rate just before the sailings of the French freighters.

The Hamelin will be here for three or four days, when she will proceed for San Francisco and the Sound on her round-the-world trip.

STEAMER COMING FOR COAL.
The British steamer Blackheath, bound for Australia from the Sound, will probably arrive here today. This steamer will secure coal here for her passage to the Colonies, having been unable to secure a sufficient amount on the Sound for the run. For some time a scarcity of fuel throughout the Northwest has been reported, all the freight trains being stalled in some of the Western States for some days because of it. Fears of a scarcity on the Sound were expressed in the last newspaper files from Seattle and Tacoma, the great demand for vessels for the lumber trade having been the means of withdrawing many sailing vessels from the coal trade between the Sound ports and the colliery ports on Van-

cover island, and the strikes in the coal mines of the interior preventing any supply being brought in on the railroads. That a strike in the interior of Western Canada should be the means of bringing a vessel into Honolulu for coal is a curious fact.

THOMAS OFF PORT.

The transport Thomas was reported off Diamond Head at 2 o'clock this morning.

ST. FRANCES IN FROM NEWCASTLE.

The ship St. Frances, seventy-three days out from Newcastle, reached this port yesterday, coming into the harbor in the afternoon. The passage was marked by light winds but was otherwise a pleasant one.

The St. Frances brings a full cargo of coal, consisting of 2490 tons, consigned to W. G. Irwin & Co., which will be discharged at the railroad wharf.

Captain Murray, who is in command of the ship, is well known in Honolulu, having visited this port as chief officer of the ship Tillie E. Starbuck.

S. S. NEVADAN POSTPONED.

The sailing of the steamer Nevadan from San Francisco for Honolulu is postponed from this date to the 18th inst.

SHIPPING NOTES.

The barkentine Echo is at Eleele discharging coal.

The tug Kaena is on the marine railway for an overhauling.

The Amerli Hamelin will take on 2000 tons of coal at this port.

The S. S. Enterprise is due to arrive at Hilo today from the Coast.

The S. S. Siberia is due to arrive this afternoon. She sailed from San Francisco last Friday, departing some hours behind her usual time.

The steamer Mikahala arrived yesterday morning from Kauai, experiencing choppy weather during the passage. Purser Grube reports that the Koloa plantation mill began grinding on Tuesday.

Freight brought in on the steamer Mikahala yesterday was as follows: 2500 bags A sugar, 115 bags taro, 150 bags rice, 100 bags hams, 20 bags pig, 23 sacks of empty bottles, 14 barrels of oranges and 30 bundles of hides.

SOLD BOOZE AND NO SANDWICHES

Joe Clark, proprietor of the Sweet Home saloon, was arrested yesterday afternoon on a bench warrant issued at the request of the grand jury. The charge against Clark is that of dispensing booze in his so-called cafe during prohibited hours. The matter of the many drinking joints about town masquerading as cafes was taken up by the grand jury yesterday morning. Clark's arrest promptly following.

Clark was brought to the police station about three o'clock in the afternoon and locked up, pending the securing of bail, which was fixed at \$1000. After remaining there for a couple of hours he was released, his attorney, E. M. Watson, having secured the necessary bond.

Clark will appear in the Circuit Court this morning to answer the charge against him. It is probable that charges of a similar nature will be made against other saloonkeepers in the city, the practise complained of against Clark being by no means uncommon.

RUMOR AFFECTING MANAGER LOW

A rumor was about town yesterday that James Low was to be superseded as manager of Honolulu plantation, as well as superintendent Lee of the Mill. Mr. Giffard of W. G. Irwin & Co. was asked concerning the rumor. He replied that he too had heard the rumor but could give no information whatever on the subject, as he had no authentic knowledge of the matter.

Mr. Low is at present in San Francisco, where the head offices of the company are located, and the information is said to have come from there by cable.

The same rumor also connected the names of George Ross, formerly manager of Hakaia plantation, and Mr. Fisher, head luna at Ewa, with the future management of Honolulu plantation.

It will be remembered a similar rumor, that proved incorrect, was circulated about Manager Low last year.

THE GAME.

When a movement you start for reforming a town And your motives are lofty and noble and pure, They'll depict you in stripes; they will call you a clown, There's no end of insult you'll have to endure. They'll make you account for each dollar you spend, And lightly dismiss the excuses you frame, You'll be weary, discouraged and sick in the end, But there's no use of kicking. It's all in the game.

Sometimes there's a smile in this life when you win; Sometimes there's a tear or a sigh when you lose; A friend turns away, and your fortunes begin To lose all their hopeful and roscate hues. For the fates, as they turn, make such plays as they will. We are often but pawns, in oblivion or frame, Who are moved by some mystic superior skill. So there's no use of kicking. It's all in the game.

\$80,000 FOR NEW WHARF

Materials for the Alakea Dock Not Yet Arrived.

The \$80,000 wharf, not including the shed, for the new Alakea street dock, is delayed owing to the nonarrival of lumber and materials. Contractor Whitehouse has the contract for the wharf proper. This entails a large amount of work especially in the driving of piles. These have to be driven in rows to a distance of 100 feet to seaward of the new seawall, and the same plan is to be following in the building of the wharf over the new Kilaukea dock. The floor space is 120x710 feet on the Alakea wharf, which is to be overlaid with wood block pavement. The shed over the wharf entails an additional cost of \$45,000. When completed the Alakea wharf and slip will be one of the finest in any American port.

Lord & Beiser, who dredged out the two slips, are now engaged in dredging out a section at the mouth of the Kilaukea slip. The remainder of the work is completed.

MEN, IT'S FOR YOU

If you are broken down with nervous debility, dyspepsia, rheumatism, lame back, loss of vigor, falling of vital power or any other weakness indicating you are not the man you should be, Electro-Vigor will cure you.

Electro-Vigor

It is the new dry-cell body battery. It makes its own power and requires no care or attention, except to turn on the current as strong as you want it. You take Electro-Vigor, buckle it about your waist when you go to bed—no charging or trouble of any kind, mind you—turn on the current with the regulator and all night long while you sleep this engine is pumping electric life into your nerves, muscles and vital organs.

I give Electro-Vigor credit for saving my life. It cured me of dropsy, catarrh, rheumatism and a weakness which made life miserable for me. I work fourteen hours a day now and feel as strong as a small horse. Just think of it! Life, heat, energy pouring into your body for hours, just as long as you want it. Think what it must do. If you are nervous and weak it pumps such a volume of human energy into you that before you have had it on ten nights you will feel like a giant.

BIRBE LETS TONGUE WAG

Says Ballots in 1903 Were Fixed--Late \$5 Graft.

"I am going to stay in Honolulu until the grand jury hands in its final report," said H. C. Birbe yesterday. "Some people seem to think that I am afraid to stay around while it is in session, but I have done nothing that I am ashamed of and nothing that I would be afraid to tell the jury. The Advertiser would like to make out that I had something to do with fixing up the ballots for the last recount, but I didn't. If I had I wouldn't have made such a bungling job of it. There are plenty of ways to fix ballots without having to know the combination of a safe or breaking seals. If I had had the job to do I would have let the Supreme Court judge break all the seals himself. For the proper place to have fixed those ballots would have been at the recount itself. These fellows here don't know the first thing about fixing ballots. "After the election of 1903 there were fellows who came to me after the thing was over and told me what a good job I had done, letting on that they had been next. They thought that I had spoiled the ballots afterwards while I was counting them, when, as a matter of fact, the ballots were fixed before they went into the box at all. I will give McCants Stewart the credit of saying that he was the only one in the booth who got on to the trick, but we bluffed him out of it. That's the way I do my work, not any bungling thing like they accuse me of. "Did I take the five dollars from the Portuguese? Why, sure I did. I had to make a touch somewhere and that was

the easiest thing I saw. I needed the five, so why shouldn't I have taken it. "You see, the boys at the station thought that it would be a good joke to send the Portuguese to me and so he came over to where I was standing. I bit him for fifteen at first, my scheme being to bail his friend out for six and out the rest down, but he squealed so hard about it that I had to take five and do the best I could for it. So I went in and called Henry up on the phone and arranged the thing. I told Vida it was a friend of mine. That was no lie, for anybody with five dollars is a friend of mine when I am broke. Vida gave the order to have the Portuguese turned loose and I got my five. "I have been offered a position in San Francisco, which I have accepted. I will go up some time shortly after Christmas, but I want it understood that I won't be run out of the islands."

Visited Sick Witness.

The judge, attorneys, stenographer, bailiff and parties at interest in the Farla divorce case visited the home of Mrs. Dan Kealoha on Lihua street yesterday, to obtain the testimony of that lady, she being too ill to leave her house. A visit was also to be made to the home of another sick witness, but on the representations of Dr Herbert, the court decided not to disturb the patient, as she is quite ill.

The Territorial Teachers' Association meeting tomorrow evening will be held at the High School at 7:30 o'clock. Messrs. Gartley and Wood of the Promotion Committee will talk to the teachers in regard to promotion work in its relation to the schools of the Territory. Mrs. Frasher will talk on lesson plans.
The laying of water mains along the new extension of Metcalf street through the Highland Park section in Manoa Valley being nearly finished, macadamizing of that new thoroughfare will commence tomorrow. When completed, Metcalf street will provide the long-looked-for other outlet from Manoa Valley.

There will be a very special meeting at the Salvation Army Hall, corner of King street and Nuuanu avenue, tonight, commencing at 8 o'clock. Rev. W. D. Westervelt will give a stereopticon lecture, with some choice pictures of Christmas scenes and illustrations of the Bible story. The Salvation Army brass band will play, and there will be plenty of good singing. The admission to the meeting is free, and everybody is cordially invited to attend.
The matter of a site for the proposed range light for the harbor, the plans for which have been approved of at Washington, is still unsettled. The Governor, Superintendent of Public Works Holloway and Captain Slattery visited the waterfront yesterday and looked over the alternate sites, but were unable to agree as to the best location. Slattery wishes to locate the light on the street at the foot of Fort street, while the Territorial officials favor the plan of placing the light in the vacant lot Ewa of the street.

DO IT NOW

Don't wait until tomorrow but GET BUSY. Have first choice in your selection of gifts and

RELIEVE YOUR MIND

Cease worrying about "What you will buy." Leave it to us, we'll solve the problem for you, because we are in the worrying business.

Come in and see us now. Why, every department in our greater establishment, is just teeming with Christmas suggestions, and even if you don't see "just what you want," simply give one of our salespeople a gentle hint; an inkling of the article desired, and your wishes will be immediately gratified. If you are not yet ready to purchase, and "just want to look around," you are more than welcome, and the attention shown you will be just the same as if you had made your purchase. This season is a banner one with us.

We are in the lead and are showing new and complete lines of rich cut glass, elegant Bohemian ware, beautiful hand-painted China, French and German China for decorating, magnificent vases, and art goods, steins, smoking sets, desk materials, clocks, and all kinds of nice things; useful and ornamental to fix up your den.

Of course our buyers have not forgotten the children, the little ones, and have purchased from the large factories many new and novel things to gladden their young hearts, such as tea sets, dinner sets, mugs, cups and saucers, mush and milk sets, plates and innumerable other "Children things."

Come early for choice selection; we receive your purchase and deliver same at your pleasure.

DO NOT FORGET KONA ORPHANAGE

The Kona Orphanage will doubtless appeal to the charitably inclined again this year, as it has done for many years past, as one of the most deserving institutions to be remembered during the glad holiday season. The sixty homeless inmates, without parents of their own to fill their Christmas stockings, will not be left to a cheerless yuletide, once the Honolulu public knows what is needed. Miss Beard, who is so unselfishly devoting her whole time and her private means to the institution, writes that no clothing or dry goods are needed this season, there being enough of these things on hand to supply requirements for probably a year to come. But the children would be glad to receive toys and books and anything that is food to eat. Money is needed more than anything else, however, for the Orphanage has run \$1800 in debt during the year, and it is Miss Beard's earnest wish to meet the New Year with all debts paid. Donations of all sorts, as well as contributions of money, can be left at the office of Trent & Co., who will see that they are properly forwarded to the Orphanage.
