SCHOOLS ARE FIRST

Strong Report For School Bill

Senate Committee On Education Recommends Passage Of Measure

Senator W. T. Robinson of Maui, were enthusiastic in support of the chairman of the Senate committee on education, presented a strong report to the Senate this morning, recommending the passage of the new school bill, the result of the labors of the School Fund Commission.

NEW PRIMARY BILL TO BE INTRODUCED; PLATFORM TO BE LEFT FOR PARTY CONTROL

A new direct primary bill has been drafted by the Republican legislative committee, and will be introduced in the House within a day or two. The new bill is to be introduced by the Judiciary committee and is the one that will be sent up for final enactment.

BILLS PASS THIRD READING

Following out the plan included in the bill introduced several days ago relating to the powers of banks and trust companies, Senator Cecil Brown introduced a bill this morning intended to repeal Section 111 of Act 68 of the Session Laws of 1905, defining fiduciary companies.

FIGHT STARTED ON DITCH BILL

Vigorous objections to the Kauaichurch bill introduced in the Senate a few days ago were voiced this afternoon at a public hearing held by the Senate Judiciary Committee.

EMIGRANT AGENTS ARE WORKING ILLEGALLY

Territory Is Without Power To Issue Licenses for Purpose.

CATHCART OBJECTS AND DISCOVERS HE IS RIGHT

License Power Was Given to Counties By the Legislature, Declare Authorities.

The two emigrant agents who are working in Hawaii in an effort to lure a shipload of plantation labor away for the summer work in the Alaska canneries are operating illegally, according to an investigation that has been made today.

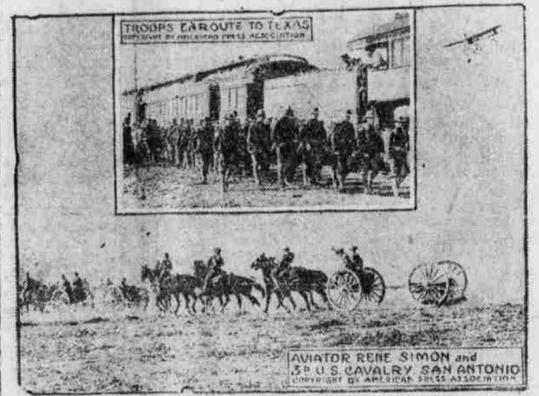

As a result of a protest made by City and County Attorney Cathcart to Treasurer Conkling, J. B. Craig and Henry Ogawa, although they each paid \$166.77 to the Territorial Treasurer for a four-month license, their licenses are null and void, and the two men can be proceeded against in accordance with the terms of the law.

When the county authorities heard of the issuance of the licenses they consulted their law books and found that the Territory had given the emigrant license problem over to the control of the counties. In accordance with this discovery, City and County Attorney Cathcart wrote the following letter to Treasurer Conkling:

"Mr. Cox, license inspector of the city and county of Honolulu, has informed me that under a claim of right you have issued licenses to two immigration agents under the provisions of Act 57 of the Session Laws of 1905.

"I do not desire to proceed against the men who have obtained the licenses from you, but my construction of the statutes would be that you no longer have power or authority to issue license to them; accordingly, they are subject to the penalties prescribed for those acting as immigration agents who have failed to secure licenses.

Moving U.S. Troops Toward Mexican Border

REGIMENTS TO RECRUIT FULL STRENGTH

(Associated Press Cable.) WASHINGTON, D. C., Mar. 23.—A call has been issued to all infantry regiments of the United States to recruit to their full strength in preparation for an expected order to be sent to Mexico, either to strengthen or to relieve troops now in the field.

AMERICANS REPORTED EXECUTED

(Special Bulletin Cable.) SAN ANTONIO, Tex., Mar. 23.—Word was received here today to the effect that the Mexican government will hereafter deal out extreme punishment to all outsiders caught assisting the rebels. In this connection it is reported that four Americans who, it is claimed, participated in the insurrection in the State of Chihuahua, have been court-martialed and shot by orders from the headquarters of the federal troops.

DEWEY WILL NOT REPRESENT U. S.

WASHINGTON, D. C., Mar. 23.—Rear-Admiral Vreeland will represent the United States navy at the coronation of King George of England. Rear-Admiral Dewey has declined to accept the honor, on account of the length of the journey and the time involved.

ROOSEVELT MAKES SPEECH AT BERKELEY

(Associated Press Cable.) BERKELEY, Cal., Mar. 23.—Colonel Roosevelt delivered the charter address here today.

AVIATOR CARRIES ELEVEN PASSENGERS

(Associated Press Cable.) DOUAI, France, Mar. 23.—Aviator Breguet today carried eleven passengers for two miles in a monoplane, setting a new record.

SUNDAY SHAVES IN THE BALANCE

House Committee Considers Bill to Close Shops On Sabbath.

Sunday shaves were on trial this afternoon at 1 o'clock, when the health and police committee of the House held a special meeting to listen to boss barbers and employees who are supporting the bill to close the tonorial shops on Sunday.

According to the latest advices received at the agency of C. Brewer & Co., the Oceanic steamship Sierra will be an early arrival tomorrow morning. The vessel with sixty-six passengers and mails from the mainland was 502 miles off the port at 8 o'clock last night steaming through moderate northeast winds and seas with skies partially overcast.

3.99 Sugar Is Prophesied In Cablegram Here

Sugar at 3.99 is the suggestion carried in the following cable received this morning from the New York headquarters of a local firm: "Referring to Cuban conditions would say that New York refiners' supplies of raw sugars are insufficient for present needs. Dry weather is reported in Cuba. The Federal Reporter's estimate of the Cuban crop is 1,500,000 long tons. New York raw market is strong with an advance of 1-32c expected for spot or nearby sugars. Refiners are bidding for May shipment from Cuba 1-16c in advance. Weather favorable in Europe. There was a sale of raws yesterday for May shipment from Cuba at 3.99. The sale was made to speculators. Europeans bidding New York market in order to increase Hamburg and London operators."

OPIUM CHARGE DROPPED, BUT SMUGGLING MAY LEAD TO MEN "HIGHER UP" IN THE TRAFFIC

The arrest of one or more San Francisco business men is imminent as a result of the disclosures that have followed the \$6,000 Scharlin opium seizure by the authorities here, the case now having been practically taken charge of by the United States authorities. U. S. Attorney Breckons says the perjury charges will be brought at once.

POI REGULATIONS SUBJECT OF DEBATE IN HOUSE; LAW TO BE CAREFULLY DRAFTED

Thirty-first day. Poi factories and their regulation was the subject that consumed a lot of time in the House this morning. The Coney's bill regarding the manufacture and sale of the Hawaiian staple was up for final reading, but the House refused to make speed on it, considering a number of amendments, talked over of turning it over to committee of the whole and of calling a public meeting, and finally adjourned at noon to meet again at 2 o'clock and continue the poi talk.

LOCAL AND GENERAL

The Bulletin telephone numbers have not been changed with the location of the paper. They remain the same as printed in the telephone directory—Business office, 2256; editorial rooms, 2185.

Autos, \$1 per hour, Lewis Stables. Try a case of Pinectar. It is pure. Phone 1557.

A. R. Rowat, D. V. S., has resumed practice. Phone 2429.

Wall, Nichols Co., Ltd., have a fine line of Easter cards from 2 for 5 cents to 50 cents each. Don't miss seeing them.

Pay cash and ask for green stamps. They're free. Call at the show rooms and see what you get free for stamps.

Furnish mail lists to the Bulletin, and People and Places of Hawaii will be mailed to your friends for twenty cents a copy.

COUNTY ATTORNEY WM. H. BEERS of Hawaii, who has been in town, watching the progress of a certain bill in legislature, will return to Hilo, next Tuesday. He will leave on the Mauna Kea, sailing at 10 o'clock.

DR. H. C. HORDY, who addressed the legislators yesterday afternoon on tuberculosis, made a good impression upon the Hawaiian members of the two branches of legislature. A large number of Hawaiian spectators were present under the belief that the doctor would speak on pol.

Mrs. C. L. Dickerson has engaged a first class trimmer direct from Chicago and will be pleased to trim and return hats for the Honolulu ladies. Come and give her a trial. She is up-to-date in every respect. Also have a line of stylishly trimmed hats for sale at reasonable prices.

SENATE PASSES HILO FRANCHISE

Unanimous Vote Accorded Measure in Upper House.

The Hilo railway franchise bill received rapid transit through the Senate this morning, thirteen votes being cast for it and none against.

The bill was read throughout and no further amendments were offered, and it will now go to the House of Representatives, where another Hilo franchise bill has been introduced.

The bill as passed by the Senate grants a franchise to L. S. Conness and W. H. Johnson of Hilo for the construction of a modern street railway, and provides the usual number of restrictions and regulations.

The bill is accompanied by a provision that the Territory or future city and county of Hilo can purchase the road in twenty years.

Shipping

QUARANTINE PROBABLY RAISED BY LAST OF THE MONTH

Cheering News From Federal Authorities Hailed By Shipping People With Pleasure—Sierra Destined as an Early Arrival Tomorrow—Hill Will Be Held for Sierra Mails and Passengers.

Quarantine regulations now prevailing at Honolulu as it applies to certain restrictions placed on shipping at the port will in all probability be raised by the last of the present month.

"I hope to receive advices from Washington to lift the present quarantine by March 31st," said Dr. Carl Ramms, Federal Quarantine officer this morning.

"Dr. Clegh, has already made one or more tests of water taken from infected pools in this city. The results have proved negative. We are much pleased over the examination," continued Dr. Ramms, "and we will have one more examination or tests of the water of certain infected pools which may be made today or tomorrow. The result from this examination, I believe will also be a negative one. Immediately following the test, the results will be cabled to Washington with the hope for a speedy release from the Federal authorities there."

The result of the tests is believed will cause an order to be sent here according to a termination of all outgoing quarantine restriction.

As it is at present, a partial modification is now in effect as it pertains to the shipment of island fruits and vegetables. When such products come from a district on the island known to the Federal authorities as entirely healthful, no restriction has been placed on the exportation to the mainland.

"It is pleasing to learn that no vessel sailing from Honolulu for the mainland has been detained at Pacific coast ports because of trouble over a clean bill of health," remarked Dr. Ramms.

The news that the end of the present period of quarantine is in sight will be more than welcomed by shipping interests of Honolulu.

"Scare Ships" at Hongkong. Our British cousins who rule the destinies of the little island of Hongkong did not take at all kindly to the invasion of Messrs. Mars, Baldwin and Schriver who pulled off a series of flights at Honolulu. The Hongkong authorities very reluctantly issued a permit for one flight provided that it was held some seventeen miles from any fortification. They were in constant fear of the aviators spying on the secrets of the fortification. At the last moment those desiring to witness the flight were forbidden the use of the little cable railway to the Peak so the ascent were not made. In commenting on the timidity of the Crown Authorities at Hongkong one paper states: "You may fly, but not over Hongkong." So the pompous governor said. "You might steal our little fortress. From the Peak up overhead. At Talpo it's fine for flying. But the people, don't-cher-know Cannot use our little railroad. Out to see your beastly show." So Hongkong now breathes more freely.

Big Crowd Off for Hilo. With the departure of the Matson Navigation steamer Wilhelmina for Hilo at five o'clock last night, a large number of tourists took advantage of the opportunity of visiting the Volcano. The steamer carried about a thousand tons transit cargo brought down from the coast. The Wilhelmina will load a large shipment of sugar at the Hawaii port before returning to Honolulu. Allowing for possible duplications, the Wilhelmina will carry a fair list of cabin passengers when dispatched for the coast at ten o'clock next Wednesday.

Missouri Has Sailed from Sound.

The American-Hawaiian freighter Missouri has sailed from Puget Sound ports according to advices received by General Freight Agent C. P. Morse, representing the steamship company at this point. The Missouri is bringing down a large general cargo of mainland merchandise and supplies for island importers. The Missouri should arrive here on or about next Thursday.

Japanese Co. Would Go It Alone.

It is rumored at Tacoma that the Nippon Yusen Kaisha is endeavoring to sever its contract with the Great Northern Railway and establish its own agencies in the East and obtain business from all railroads. The Milwaukee Railway is furnishing, the steamships of a rival Japanese line very much more freight than the Nippon Yusen Kaisha gets from the Great Northern.

Another Ship Becomes a Barge.

The well-known American ship S. D. Carleton, which arrived at New York on January 26 from San Francisco, has been sold by the California Shipping Company to the Luckenbach interests on the Atlantic. The old ship, which saw many years of service on the Coast, will be converted into a barge.

Albatross Will Seek Marine Specimens.

With a stock of supplies sufficient for a cruise of two months or more, the Government steamer Albatross sailed from San Diego on February 28. The Albatross will steam as far south as Central America, engaging in sea dredging for specimens. The expedition also will gather specimens of bird and animal life on the Coast.

Mexican to Call at Island Ports.

The American-Hawaiian freighter Mexican has completed the discharge of a quantity of general cargo at the port and will be dispatched for island ports at five o'clock this evening. The steamer will gather up the regulation twelve thousand tons sugar before sailing from Hilo for the Isthmus of Tehuantepec.

Tenyo Maru Mail at Coast.

The large shipment of mail that was forwarded from the islands by the Tenyo Kisen Kaisha liner Tenyo Maru arrived at the coast yesterday according to cable received at the local branch of the Merchants' Exchange. The vessel left here on March 16.

Nineteen Days from Hilo.

The American schooner Gamble made the passage from Hilo to San Francisco in nineteen days according to cable advices received here. The windjammer reached the California coast port yesterday after having left a shipment of lumber at Hilo.

No Lives Were Lost.

Additional advices received at San Francisco convey the information that no lives were lost when the schooner Willie R. Hume was lost off Tonolowapo, Mexico, several days previously. The first dispatches stated that two of the crew were lost.

Completes Twenty-Two Day Passage.

After a passage of twenty-two days the American bark S. C. Allen has arrived at Grays Harbor. The vessel sailed from Honolulu on February 28 after having discharged a large shipment of lumber at the port.

W. P. Kenney has been appointed acting traffic manager of the Great Northern railway to succeed W. W. Broughton, who has become vice-president of the Pittsburgh Coal Company.

PROMOTION IS MOVING WELL

Outside Workers Getting In Good Licks For Hawaii.

The discussion at the meeting of the Promotion Committee this afternoon will be along the lines of promotion pure and effective. Secretary Wood will tell of matters along that line up to date.

In his report to the committee Secretary Wood says: I am pleased to be able to report that the lectures on Hawaii being given throughout New England by the Rev. Rowland E. Dodge, Pastor of the Wailuku Union Church, are attracting the attention of many travelers. At the bottom of each program, Mr. Dodge has had printed a brief notice referring parties interested to the Hawaii Promotion Committee for further information about the islands with the results that every mail brings in a number of such inquiries.

Mr. Lynd Childs continues to do good work for Hawaii. His company of singers known as the Hawaiian Sextet are booked well ahead on a leading vaudeville circuit and are gradually moving eastward from Omaha. They appeared before large houses nightly for upwards of a week at Grand Rapids, Mich.

The moving pictures of scenes in Hawaii taken by Mr. Bonine are a feature of each performance and Mr. Childs reports that they continue to attract great attention leading to many interviews.

Mrs. Headlee writes under date of March 11th, in part as follows: "Los Angeles is having the most successful season of travel in its history and our lecture hall is crowded every day. I regret to say, however, that many who were expecting to go to the islands have cancelled their bookings on account of the cholera scare and I was glad indeed to be able to give publicly to your cable stating that the slight epidemic was a thing of the past. We are having a meeting this afternoon to carry out your suggestions of a year ago that we organize a society of Hawaii to affiliate with the other local State Societies which I trust will result in some good team work for the islands."

J. Walter Scott, our distributing agent on the Pacific Coast reports an increased demand for our folders and asks for five million copies for the ensuing year to supply the demand west of the Rockies.

There is also great need for Albums of selected photographic views. We should, as soon as possible, arrange to secure at least one hundred to place in Railway and Steamship booking offices, hotels, etc.

The Pacific Coast Manager of the Hamburg American Line as well as the Agent for this Company in Chicago, state that they will do their utmost to get the S. S. Cleveland ipio Honolulu in time for the 1912 Floral Parade. They are making every effort to advance the time of the steamer's arrival by a couple of days.

We are in receipt of word that the General Passenger Agent of the Kansas City, Mexico and Orient Railway is planning to visit Hawaii within the next few months.

The abandonment of the Oriental Excursion of the Chicago Association of Commerce was a great disappointment. Nearly, if not quite two hundred people had booked for the trip including some of Chicago's foremost business men.

A report to the effect that the Mongolia and the Tenyo Maru had been substituted for the Minnesota was found, upon cable inquiry, to be erroneous. The Official Excursion has been definitely abandoned. We learn, however, that as a result of the publicity given to the matter and the splendid work of the Committee in charge that a wide interest has been created in the trip and that both the Mongolia and Tenyo Maru due at Honolulu March 27th and April 18th, respectively, will each have from thirty to fifty Chicago people on board, as through-round trip passengers.

THE SILVER LINING. "Oh, John!" exclaimed Mrs. Short-cash, who was reading a letter, "our son has been expelled from college. Isn't it awful?" "Oh, I don't know," answered Short-cash. "Perhaps I can pull through without making an assignment now."

DIDN'T CARE FOR IT. "Mr. Buxby," said the hostess, "won't you please ask Miss Scroocher to sing for us? You know, she'll never do anything that I ask her." "Oh, in that case," rejoined Buxby, "I would rather have you ask her."

THE INNOCENT MAID. "Do you believe in high license?" asked the young man in the parlor scene. "Well," replied the innocent maid, "I don't believe the license should be high enough to discourage matrimony."

Weekly Bulletin \$1 per year.

FRANCHISE TO BE DISCUSSED

Improvement Club Delegates Will Express Individual Sentiment.

The Central Improvement Club will have another round with the Rapid Transit franchise bill tomorrow afternoon at 4 o'clock, a special meeting having been called at that time, to be held in the Merchants' Association rooms, Young Hotel building.

Most of the time of the meeting last Tuesday was taken up by President Peck, of the Rapid Transit Company, either in the course of his opening statement or in answer to questions asked him, and the meeting tomorrow is for the purpose of getting an expression of sentiment from the members of the club themselves, delegates from the various improvement clubs. Suggestions as to amendment that the delegates wish will be made, some of them in written form that will probably be sent to the legislature.

OPIMUM CHARGE IS DROPPED

(Continued from Page 1) against Scharlin," asked the Deputy Prosecuting Attorney.

Such a move upon the part of Brown was strenuously resisted by Douthitt in the interests of his client.

While arguments pro and con were being launched at Judge Lymer, United States District Attorney Brecken was an interested observer of the legal battle being waged.

When Scharlin was arraigned for a violation of Section 1399, Attorney Douthitt entered a plea of not guilty, first however alleging that the complaint as drawn was ambiguous in that it did not specify an exact date.

An amendment to the complaint was allowed and March 17th was inserted by Brown.

Then came the bombshell from the stronghold of the prosecution in offering a motion for the noting of a nolle prosequi. Douthitt was on his feet in an instant with a series of objections.

Judge Lymer in the end, granted the petition of the prosecution and after some bandage of words, the prosecuting officer then followed up with the declaration that the end is not yet. Brown further insinuated that he did not propose to show his hand in the matter.

From all appearance it is understood that it would have been impossible to secure a conviction upon the evidence at hand. The rumor is current that before the matter comes to a final issue it will involve parties other than Scharlin and the limitations will not be confined to Honolulu alone. It is predicted that there is a San Francisco end to the case as well.

# HOBDY SPEAKS ON TUBERCULOSIS

## Tells Legislators Method to Stop the Spread of Disease.

How to stop the march of death that accompanies a failure to wage a relentless campaign against tuberculosis, was the theme of Dr. Hobdy yesterday afternoon before a gathering of members of the Territorial Senate and House of Representatives in the Throne Room of the Capitol.

A number of prominent citizens were also present and listened to Dr. Hobdy's plain-spoken remarks with great interest. When the meeting was over it was a generally expressed opinion that Dr. Hobdy's statement had gone a long way in assuring proper legislative support for the anti-tuberculosis campaign in the Territory.

Dr. Hobdy stated that between one-seventh and one-tenth of all the deaths in the United States were due to tuberculosis, and declared that if the proper measures were undertaken the disease could be practically wiped out by 1915.

"Stop spitting," declared Dr. Hobdy; "that is the most common cause of the spread of the disease."

Dr. Hobdy was introduced by former Governor George R. Carter, who made some preliminary remarks showing the necessity of activity in combating the spread of tuberculosis and incidentally complimenting the Legislature on the record that it was making.

**Hobdy's Warning.**  
In the course of his address, Dr. Hobdy said:

"You gentlemen have, aside from your legislative functions, certain weighty responsibilities resting upon you. You are men of honor and of influence in your respective districts. That you are willing to accept these responsibilities, that you are willing to learn about sanitation, is a fact that is complimentary to you and about which the Territory should be grateful.

"What I say to you about tuberculosis is of such vital importance that if I can convert you to the doctrine of which I am going to speak, you are going to work untold good for the Territory of Hawaii—you are going to work untold good for the Territory of Hawaii by going back and preaching for better sanitation, better health conditions. But in talking about tuberculosis I am going to give you the simple facts, most of which have been known for a great number of years.

"Now, tuberculosis is a disease that occurs in all latitudes, in all altitudes, in all meridians and in all climes. No nation is free from the ravages of this disease. Almost every family has been visited by this disease. There is no one here who can not look back and find some trace of this dread disease—the great white plague. What pangs and anguish and long suffering, and all caused by this same little tubercular bacillus.

"Not only is it widespread, but it is also deadly. From one-seventh to one-tenth of all the deaths in the United States (not only the deaths, but the worry) are due to this disease. In our own census report for 1909 (and I regret that I have not the report for 1910), a little more than one-ninth of the deaths occurred from this disease. Gentlemen, that report only contains that form of tuberculosis which attacks the lungs. Had that included the other forms, the proportion would have been much higher.

"More than two million die annually from this disease. Now, such a disease as this, being widespread and deadly, exists among us at enormous economical loss. It strikes the young as well as the old. More than four-fifths of all the deaths are between the ages of fifteen and sixty. If you assume the annual earning capacity of each is \$500, you can readily understand that it cost the city of New York \$23,000,000 a year. It is within the mark to say that it cost the United States from a hundred and fifty to two hundred millions of dollars a year. Enough to pay for and equip a battle fleet more powerful than that which sailed at this place two years ago.

**How Disease Spreads.**  
"It is turned into dust; it is carried away by the wind in every direction and by their numbers are going to hurt every one of us. It will go to your children and to my children. Disgusting as it may seem, there is no other way of contracting the disease except by breathing in or swallowing it. Is it not a wonder that every man, woman and child does not get it, before he comes to his end? Now, we have learned first that it is widespread, that it is deadly, that it strikes early; that it is thrown off by some consumptive, and that we get it only through breathing it in and swallowing it. For all practical purposes, that completes the story.

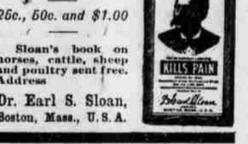

"I have related to you no pitiful experiences. I have not attempted to awaken your sympathy, because I would rather it appeal to your feeling. All the deaths that occur in this country from tuberculosis or all sickness due to it, are absolutely unnecessary, because they are absolutely preventable. If there was someone in this country with authority to enforce a certain edict, new cases would stop occurring tomorrow and within two years this disease would disappear. After what I have said to you, don't you know what that authority should be?"

"I fell and sprained my arm and was in terrible pain. I could not use my hand or arm without intense suffering until a neighbor told me to use Sloan's Liniment. The first application gave me instant relief and I can now use my arm as well as ever."—Mrs. H. B. SPRINGER, 921 Flora St., Elizabeth, N. J.

# INFECTED COWS BEING FOUND

## New Tubercular Test Proves Great Success In Important Work.

An interesting report, showing the success that has followed the campaign against tubercular cattle in Hawaii, is contained in a report to the Board of Agriculture and Forestry by Territorial Veterinarian Norgaard. Referring to the new intradermal test and its local success, Dr. Norgaard says:

"Since the preliminary test of the dairy herds of the city and county of Honolulu was terminated, in November of last year, the principal efforts of the division have been directed toward the substitution of the intradermal test for the subcutaneous test, and it is exceedingly gratifying to be able to report that this new method has in no way failed to accomplish what was expected or hoped for from it. It has simply proved itself a blessing, not alone to the inspectors administering it, but also to the owners and to the animals, in simplifying the procedure by reducing the required number of visits from eight to two and by obviating the necessity of keeping the animals confined at all.

"This feature has at the same time caused considerable annoyance and dissatisfaction in creating greater confidence in the results obtained by the new test, and a consequent desire on the part of some of the owners of animals which had reacted to the old test, to have these animals retested by the intradermal method, and, in case no reaction is obtained, to disregard the previous test entirely and to admit such 'past reactors' to the clean herd. When, however, we consider that the old test is accepted by the entire civilized world as practically infallible (over ninety-eight per cent of more than one hundred thousand official tests have been proven on post-mortem examination to be correct), and when every reacting animal which has been butchered here and on which a careful post-mortem has been made has been proven to be affected with tuberculosis, then it would be folly to condemn, ignore or discard the results obtained by this test.

# RICH IN REALTY; LANDS IN LIMBO

Over seventy years old, and reputed to be the holder of much real estate in and about Honolulu, W. K. Kalaeokoi, must spend thirty days at the Waialeale resort, over which Mine Host Julius Arch presides.

Little thing case that graces the bench of His Honor. The Hawaiian, a hero of a long and hard fought legal battle in a recent land case, was sentenced to a month's imprisonment for drunkenness. Kalaeokoi had become involved in a rather acrimonious discussion over property rights with his neighbors. He was alleged by the police to be heavily under the influence of a cup that while cheers makes bitter enemies of otherwise life-long friends. He was landed in the tanks, and even his possession of city estates failed to bring relief.

THURSDAY MARCH 23, 1911

When a man is no longer anxious to do better than well he is done for.—B. R. Haydon.

YOUR PLEDGE, GENTLEMEN!

Education of the youth of Hawaii should have FIRST CLAIM upon the REVENUES of the Territory.—Republican party platform pledge, September 1910.

This is the pledge which every candidate of the Republican party, elected in the campaign of 1910 and now sitting in the Legislature of the Territory, accepted and promised to support as a matter of honor.

The bill favorably reported by Senator Robinson to the Senate making the expenses of the public schools a first charge on the revenues of the Territory fulfills that pledge. To strike out that provision is a direct violation of the deliberate and direct promise made to the people.

Not only is the good faith of each successful candidate at stake on this point, but the integrity of the Republican party as a reputable political organization.

Children first, is a slogan that has been endorsed from one end of this Territory to the other, and in every hamlet.

Republican members of the Legislature, your pledge is before you. It is also before the people of this Territory who voted you into office.

Pass the bill as reported by Senator Robinson. MAKE IT UNANIMOUS FOR THE CHILDREN AND FOR THE HONOR OF STRAIGHTFORWARD PARTIZANSHIP.

Senator Robinson is no hold-up man. He wanted only enough time to give the public school bill a good start.

Six tickets for a quarter is a concession to the public that the Rapid Transit has not suggested as a return for an extension of its franchise.

Mexico finding the situation much worse than it expected may have been assisted in the discovery by the American troops massed on the border.

Big guns boom for the early realization of the Hundred Thousand Honolulu. Forts bring permanent population, and guarantee that it will stay put.

In popular government there can not be too much publicity. It is significant that the usual opponents of popular government are promoting reduced publicity.

Now that the Board of Health has all the law that is required, it should bring publicity to bear and let the people know where money is being made improperly at the risk of the city healthful as well as the city beautiful.

Electing the Road Superintendent of Honolulu might well result in community sentiment demanding that the candidates for the office should be competent road engineers, just as it now insists that candidates for the office of Treasurer shall be men who understand finances.

Thanks be, that the sugar market pessimist has lost his trade. Four-cent sugar is entirely possible now that New York refiners are hunting around for supplies at a time of year when they have usually forced the raw sugar producer to take what is given him.

Ordinary people feel that Hawaii has a pretty good banking law, and find it hard to understand what all this legislative fuss is about. Whether it is the law or the unassailable integrity of the people, Honolulu has the remarkable record of having never experienced a bank failure in all the financial storms through which it has passed.

Commissions proposed for the Honolulu water works and for the control of the wharves of the Territory prove that the people have been aroused to a belief that administration in the hands of one official can be as well abused by the incompetent as the crooked.

SECRETARY FISHER AID STREET RAILWAY FRANCHISES.

Reference has been previously made in these columns to the importance to this Territory of the change in the office of Secretary of the Interior. Secretary Fisher appears to be a man very much of the Garfield type, and perhaps more so, on account of his having been in the thick of fiercer battles than even Garfield has fought.

The Chicago Daily News, of Mr. Fisher's home city, says of the lately appointed Secretary: "Mr. Fisher's practical interest in the conservation movement, together with his record as a vigorous fighter for public rights, makes his selection for this post at this time peculiarly significant. It means that the battle for the conservation of the nation's resources will have the aid of one of the country's ablest and most public-spirited citizens."

"Mr. Fisher's activities heretofore have been largely in the municipal field. As president of the Municipal Voters' League he has done much to improve governmental conditions in Chicago. As special traction counsel he was chiefly responsible for the solution of Chicago's traction tangle which was approved by the people on a referendum vote four years ago next April. His services to the public, however, have been more numerous and varied than reference even to these two important subjects indicates. He acted as president of the Conservation League during an important period in the history of that organization. More recently he has been serving as a member of the commission appointed by President Taft to outline a plan for the public control of the security issues of the great national public service corporations."

"In making Mr. Fisher Secretary of the Interior President Taft has reflected credit upon his administration and has rendered the general public an important service."

Since Secretary Fisher has made a specialty of street railway franchises why would it not be a good plan for the Territory to obtain, if possible, his ideas on the proposed extension of the Honolulu Rapid Transit franchises.

Secretary Fisher has made a business of working out franchise plans for the benefit of the people.

Make it unanimous for the schools. The children have always the first claim in every well ordered American community.

BRISK SELLING ON THE MARKET

Sugar Stocks Go Up With Good News of Higher Prices Coming.

Brisk selling was reported today by the Honolulu Stock Exchange, with a rising market and plenty of investors in sight. News from the Eastern centers of a higher price for sugar, together with the steady reaction from the slump of the winter, is given as the cause for the activity in stocks.

Ewa figured in several deals as well as in a pronounced upward movement. Between boards a good deal was sold at 29 7-8, but before the morning was over the price had risen to 30 1-4 and will probably beat this by tomorrow. McHyde was in demand, carrying from 6 5-8 to 6 3-4. Pioneer sold at 205, and Brewery was strong at 29.

A thousand shares of Makaweli, the holding company for Hawaiian sugar, changed hands the other day in several blocks, going from 39 7-8 to a fraction over 40. Hawaiian Commer-

cial is strong both here and on the Coast, and a rise of more than a point is indicated in the returns on the stock sheets today, closing at 39 3-4.

Oil stocks have shown a good deal of activity lately, and the demand for Honolulu Consolidated has been strong during the past two weeks, due largely to the clear title recently secured to the lands. A report that two wells on the Creme Petroleum Oil Company's property had begun flowing freely sent this stock from 35 to 65 cents recently and 65 is still asked for it.

Table with oil stock prices: Creme Petroleum Oil Co., Hon. Consolidated Oil, Humama Oil Co., Tempora Ranch Oil Co., Ventura Oil Develop. Co.

STRONG REPORT FOR SCHOOL BILL

(Continued From Page 1.) shall only have control over schoolhouses "as to size, arrangements and lighting of rooms and sanitary conveniences." All else, under the Fairchild amendment, will be left to the county boards of supervisors.

Schafer Chillingworth, the introducer of the bill, moved that it pass on second reading, and Senator Cecil Brown then proceeded to voice the objection

that he expressed before—against the schools being a first charge upon the revenue of the Territory.

"I am for liberal treatment of the schools," said Senator Brown, "but however important a department of the government may be, it should take its proportion of the Territorial revenue. It can not expect more. The Legislature is in danger of putting the Board of Education in its own place, and we might as well move the whole treasury over and plank it down in the Board of Education headquarters."

Schafer then stated that he would move tomorrow to strike out that portion of the bill making the schools a first charge upon Territorial revenue, Senator Chillingworth observing that in the interval the Senators could look up the subject for themselves.

Schafer Fairchild stated that the first charge referred to in the bill would come only after interest and sinking fund for the public debt of the country had been paid.

POI SUBJECT OF DEBATE

(Continued From Page 1.) Tavarez's second amendment was lost. Williamson of Oahu thereupon offered an amendment knocking out the provision against allowing poi shops in close proximity to stables, laundries or abattoirs.

He offered in place a provision leaving this regulation to the discretion of the Board of Health, but prohibiting stables, laundries or abattoirs from being built close to poi shops. The amendment does not change the sense of the bill except to prevent poi shops, after being built, from having to move because stables or laundries happen to be established close by. It would prevent the stables or laundries from being built there.

After considerable discussion, the House decided to defer consideration of the bill and pending amendments until this afternoon.

Norman Watkins introduced a resolution this morning for the Hawaiian Trust Company, by J. R. Galt, the manager and treasurer. The petition asks that the Territory acquire certain water rights in Punaia Valley, now owned by the Charles W. Booth Estate. The petition contains a letter from the trust company to Superintendent of Public Works Campbell, in which it is set forth that the water supply owned by the Booth estate is very pure and easily available for use in Honolulu. The trust company declares that it wishes to realize only the cash market value of the water rights, also that some debts of the estate must be met soon and unless the Territory acquires the water rights, they must be sold elsewhere. The petition asks that the Legislature appropriate money to secure the water. The petition was referred to the finance committee.

The education committee submitted a report on Long's bill amending the law relating to the College of Agriculture and Mechanical Arts, or the College of Hawaii, as it is more generally known. Long's bill defines more clearly the duties and powers of the regents and makes a number of other minor changes. Provision is made for filling unexpired terms of the regents by appointment. Provision is also made for a more business-like method of handling finances in connection with the Territorial treasury, and for getting all possible benefits from Congressional acts relating to such institutions. The report was adopted.

Bills Introduced. H. B. 187 (by Alfonso)—Amending law relating to condemnation of property by counties.

HOW JUVENILES ARE TREATED

"What I am most interested in now is the finding of homes for the boys and girls in the different asylums of Chicago," said Mrs. Albert Stein at the Moana this morning.

Mrs. Stein has been interested in the juvenile court of Chicago since its inception and has done much for the perfecting of the present system by which all minor offenders before the law are handled.

She is chairman of the Committee of Friendly Visitors at present, a committee of women, each of whom takes one or more children under her care and makes a call once or twice a week to see how the child is getting along in the new home which has been found for it.

"The movement to separate the juvenile offenders from the hardened criminals was begun several years ago," said Mrs. Stein, "and Chicago was the first city to adopt such a system."

"Two years ago we reorganized our work under the name of the Juvenile Protective League, for a large part of our aims had been accomplished."

"By that I mean that the city and county had been brought to have its separate juvenile court, a detention home was established, our own officers, twenty in number, were paid by the government, as were our regular physician and dentist, and now we also have a visiting nurse."

"In the detention home we can care for more than two hundred boys and girls. They have a home life here, their characters are studied and their

previous environment is investigated.

"Formerly the minors were held in the same court as the old offenders, and they were forced to sit while other cases were being disposed of and hear things which no child should hear."

"If a boy in playing ball broke a window, he could be arrested, held in the station with hardened criminals and brought to court to await his trial while all sorts of cases were heard before him, and the same was true with the young girls."

"Now all that is changed. The boys and girls are taken to the detention home and the court convenes in the same building twice a week. The children are kept there until their cases are disposed of, and in some cases, where their parents are not able to make a home for them, a home is found."

"They have a school in the same building, and while they are being held they are taught, with the idea of finding out just what their bent is, so that they could be placed where they will have a chance to follow it."

"We are finding many homes for children who come into our hands now. In fact, we are at work trying to place permanently the children now held in the asylums of the city, with the result that one of these institutions has been nearly stripped of children during the past few months."

"This result is being accomplished by finding permanent homes for the children by adoption in families who are well able to care for them, and then by boarding them out in families outside the city."

"We can board a boy or girl in a private family for three dollars a week, and that is more cheaply than it is being done in the public institutions."

Mrs. Stein is a charming young woman, with a kindly manner which must win for her many friends in the work in which she is engaged, and in which by her conversation she shows she is deeply interested.

Another phase of the work of which she spoke this morning was the large number of prosecutions which the league had been able to bring against wife deserters. This work is taken up when a man deserts his wife, leaving a minor child or children behind with no means of support, and it is one of the important branches of the work being followed by the league.

Mr. and Mrs. Stein are making a pleasure trip to Hawaii, and she is not investigating any juvenile matters while she is away from home.

"We are here just for a vacation," said Mrs. Stein, "and I think we have come to the most lovely place in the whole world."

Mr. and Mrs. Stein leave on the Wilhelmina next week, returning to San Francisco and their Chicago home.

WOMAN STILL UNCONSCIOUS

Annie Hall, an Hawaiian woman, still lies at Queen's Hospital in an unconscious state and there are grave fears that her injuries sustained through a beating from George Myhre may result far more seriously than at first expected.

Meanwhile Myhre is being held at the police station awaiting developments. He was placed under arrest upon a charge of assault and battery, but this may be substituted for a more serious one before the matter comes to an end.

The affray took place in a house located on Auld Lane last Tuesday night. The woman was badly bruised about the head and face. She bears one or more scalp wounds. From the time of assault she has been unconscious and nothing can be gained from her regarding her side of the story.

BILLS SIGNED BY GOVERNOR

Governor Frear signed the following bills today:

House Bill 130—Amending the law relating to punishment for assault and battery.

House Bill 131—Amending the law relating to bonds to keep the peace.

House Bill 132—Amending the law relating to receiving stolen goods.

House Bill No. 9—Increasing pay of deputy sheriffs.

House Bill No. 8—Relating to ex-officio deputy sheriffs.

GRAVE CLOSES OVER OLSON

Under the auspices of Union No. 745, of Carpenters and Joiners, the remains of Andrew J. Olson were consigned to the grave this afternoon. The local members of the order accompanied the body of the deceased brother from the Williams Undertaking parlors to the cemetery.

Coroner Charles Rose held an inquest over the body of Olson last night. There was little or nothing developed that would shed the least light upon a motive for his committing a rash deed.

Olson had been living at Queen's

PENHURST Arrow COLLARS advertisement with logo and text: Penhurst meets in front and stays that way. It is non-shrinkable, has the strongest of buttonholes and ample tie space.

WORK-A-DAY RELIGION advertisement with decorative border and text: English journals and illustrated papers have been giving much space this month to the centenary of Mrs. Gaskell, the novelist, author of the famous "Cranford," which America from Maine to California knows and loves quite as well as England.

Through her mother Mrs. Gaskell came of sturdy Puritan stock, with strong non-Conformist principles, and from her father, Rev. Wm. Stevenson, who was a Unitarian minister, settled near Manchester, she inherited not only her literary ability but her pronounced liberal ideas in religion. She lived with her aunt in Knutsford, now one of England's literary shrines, which provided the material for "Cranford." Here in her honor the Gaskell Memorial Tower has been erected. Manchester, the home of her married life, has unveiled a beautiful tablet in the Cross Street church, Unitarian, where her husband was minister. She gave generously of that real kindness and charity which marks the Unitarian belief in the brotherhood of man, and her influence was widely felt in the better understanding of what the Unitarian faith stood for in England.—Word and Work.

The recent death of Wm. H. Johnson calls to mind his books which were quite largely read a few years ago—"The World's Discoveries," "Pioneer Spaniards in North America," and "The Pathfinders in North America."

He was educated in America and at Dresden, Germany, was ordained rector of an Episcopal church in 1872 and was stationed at Philadelphia, but in 1886 he became a Unitarian minister and ministered at the church in Cambridge, where he died.

In his "Relation of Chas. Dickens to non-Conformity," Mr. Pike tells of the friendship of Mr. Dickens for Rev. Edw. Tagart, minister of the Little Portland Place Unitarian church, of which Dickens with his family were members.

The brother Augustus also attended this church. In "Letters of Chas. Dickens," published in 1880, we learn from letters written by Dickens from Genoa, of the interest he had in the "little chapel."

The "lumber trust" case, after years of quiet, was brought up this morning before Federal Judge Dole, W. T. Rawlins representing the government and Judge W. L. Stanley and W. R. Castle the defendants, Allen & Robinson, Lewers & Cooke and Wilder & Co. The case is still on this afternoon.

Hotel for some time past. He was believed to be about fifty-one years old. As to whether the deceased leaves a family will not be determined until the coast union has been communicated with, and inquiry made there. Olson has resided in the islands for some years and has always been rated as an industrious man.

Under the auspices of Union No. 745, of Carpenters and Joiners, the remains of Andrew J. Olson were consigned to the grave this afternoon. The local members of the order accompanied the body of the deceased brother from the Williams Undertaking parlors to the cemetery.

## LOCAL AND GENERAL

The Bulletin telephone numbers have not been changed with the location of the paper. They remain the same as printed in the telephone directory—Business office, 2256; editorial rooms, 2185.

It goes without saying that everything is Best at The Encore. Tourist remember, the Anchor Cario Saloon has the best of liquid refreshments.

There will be a band concert this evening on the roof garden of the Young Hotel.

Subscribe for the Call, Chronicle or Examiner \$1.00 per month. Wall, Nichols Co., Agents.

The Sierra is due here early tomorrow morning. Good weather characterized the trip down.

If you want a good job done on an auto or carriage take it to Hawaiian Carriage Mfg. Co., 427 Queen St.

The Judiciary Committee of the Senate holds a meeting at 2 o'clock this afternoon on the Kau ditch bill.

John R. Bergstrom, Piano and Organ Tuning and Repairing, Masonic Temple. Telephone 2067. P. O. Box 40.

For distilled water, fire's Root Beer and all other popular drinks, Ring up Phone 2171. Consolidated Soda Works.

Appreciate refinement in dress. Have Geo. A. Martin, Kapiholani building, make your clothes for you at ready-made prices.

The regular meeting of the Hawaii Promotion Committee will be held at the rooms of the committee this afternoon at 3:30 o'clock.

For rheumatism, neuralgia, sciatica, sprains, stiff joints and lame back, use Sloan's Liniment. At all druggists, 25c, 50c, and \$1 a bottle.

The Bulletin illustrated special edition will be of much interest to friends, as it describes and pictures the land you live in or are visiting.

News has reached Honolulu that Mrs. T. M. Rowland, formerly Carey Nakapuni of this place, died in San Francisco the early part of this month. She leaves a mother in Hilo and a husband and five children on the Coast.

Ray Stannard Baker, the author and magazine writer, and Dr. Victor Clark were guests of Dr. Goodhue last week. Mr. Baker was very much pleased with Kona, and said he hoped to return some day when he could stay longer.—Kohala Midget.

Mr. and Mrs. John Hind expect to leave for Honolulu this week. On March 28, they plan to sail for the Coast, with Miss Muriel, and go to Europe for an absence of five or six months, leaving the boys to run affairs. Mr. and Mrs. Hind will be much missed from Kohala circles, and all wish them bon voyage.—Kohala Midget.

On Friday evening Dr. and Mrs. Bond entertained at dinner for Mr. and Mrs. John Hind, who leave for Europe next Friday. The other guests were Mr. and Mrs. Levi Lyman, of Hilo, Mr. and Mrs. R. R. Hind, Mr. and Mrs. H. H. Renton and Mr. Henry Hind. Green was the color used in the table decorations, in honor of St. Patrick's Day.—Kohala Midget.

## GRAFTING PAK TO PASTURES NEW

Chong Pak skipped to greener fields and pastures new, and the prediction was made this morning that Honolulu town would see him no more.

Chong Pak is of Korean extraction. For some time past he was connected with the information bureau conducted in the interests of rounding up violators of the liquor laws. Under the direction of Special Officer Fenwick, Pak was employed in gaining evidence against those who would supply a parched humanity with beverages other than the brand prescribed in the statutes.

He was arraigned some weeks ago upon a charge of being a vagrant and without means of support.

Pak is alleged of late to have pounced upon unsophisticated players of games of chance. Sailing under the guise of an officer of the law, he would offer to square the matter of an outraged justice by the payment of a small fee. He is said to have collected several sums of money in this manner. His departure is not mourned, and it was with a smile that District Magistrate Lymer noted a discharge.

## PILES CURED IN 6 TO 14 DAYS.

## WATER BOARD BILL APPEARS

### Correa Introduces Measure to Create Commission Management.

Representative S. P. Correa of Oahu introduced in the House yesterday afternoon the expected bill providing for a commission to take over the water and sewer systems of Honolulu from Territorial management. This is the measure decided upon as a compromise between the views of those who insisted on Territorial handling of the systems and those who refused to tolerate the Territorial management any longer and demanded that the city and county handle its own water and sewer systems.

The bill introduced by Correa goes a long way toward meeting the ideas of the latter. It is in line with the plan suggested by R. W. Shingle last Saturday. Under its terms there is established a board of water and sewerage commissioners of five persons, and the entire management, control and maintenance of the systems is transferred from the Territory to this board. The act continues:

"Section 4. The Governor shall nominate and by and with the consent of the Senate shall appoint five persons who shall be called and known as the board of water and sewerage commissioners for Honolulu.

"The said board of water and sewerage commissioners shall consist of one person actively engaged in commercial business, one person who is a duly licensed physician, two persons who shall be members of the Board of Supervisors of the city and county of Honolulu, and one person who is a civil engineer. The said commissioners shall hold office for two years and until their successors are appointed and qualified, unless sooner removed as provided by law.

**Duties of Board.**  
"Section 5. It shall be the duty of such commissioners within five days of their appointment to meet together and elect one of their number to act as

chairman of the board, and to elect another of said board to act as secretary of the said board. The said board of commissioners when so organized shall immediately have and assume the control, use and management of the entire water and sewer works of Honolulu and of the distribution and sale of water and the control and management of all pumping stations, machinery, tools and implements used in connection therewith, and the said board of commissioners shall have full power and control of and over the collection of the revenues derived from the sale and distribution of water and otherwise; and the revenue derived from the sewer works from every source, and shall disburse all moneys for the cost and maintenance of the Honolulu water supply and sewerage works, subject to the provisions of the several acts and parts of acts now in force in relation thereto."

**Powers Are Given.**  
Further sections give the board power to appoint and fix the salaries and duties of engineers, clerks, assistants, etc., and of a secretary of the board with a salary not to exceed \$3,000 per year.

Concerning revenues, the bill says: "Section 7. All revenues derived from time to time from the Honolulu water and sewer works shall be subject to the provision contained in Act No. 195 of the Session Laws of 1909, entitled 'An act to provide for the maintenance, extension and improvement and payment of the cost of the Honolulu water and sewer works,' provided, however, that the moneys derived from all revenues from time to time from the Honolulu water and sewer works as provided for in said act shall be apportioned and applied from time to time by a majority vote of the said board of water and sewerage commissioners, instead of the Superintendent of Public Works, with the approval of the Governor; to the general purposes and as provided in said act."

The bill was sent to the printing committee and when printed will probably be referred to the finance committee. As it is the result of several meetings, public and private, few changes are expected before its passage in the House.

Young Lady—Please show me your extreme type of noble skirt. Sales-lady—For yourself? Young Lady—No, for my chaperon.—Judge.

## RECREATIONS

### THE SAVOY

Elks, thousands of them, will be conspicuous on the stage of the Savoy theater tonight, appearing in a feature film which is very long and interesting throughout. The film will be run each night until Saturday. It shows the meeting of the Grand Lodge of Elks at Detroit in 1910, showing many city organizations and drill teams. The Grand Lodge officials appear and then the drill teams. Boston, which was awarded first prize, is shown, and then follow the teams of New York, St. Louis, Los Angeles, Denver, Chicago, Battle Creek, Brooklyn, Buffalo, Rochester, Covington, Cleveland, the Cherry Pickers of Toledo, Akron, Fort Wayne, Colorado Springs, Cincinnati. The photography is very clear.

Hessie, the eccentric juggler, will appear tonight as "Willie Sims, the Silly Kid Juggler," in a new line of juggling with comedy running throughout. Hessie has caught the gallery. In contrast to his funnyisms, are Jourdain and Gervaise with their artistic rendition of operatic selections. Tonight they will put on Indian characterizations in costume, singing American Indian melodies.

### BIJOU

One of the catchiest acts put on at the Bijou will be that tonight by the Five Columbians, the entire company appearing in operatic features, followed by dances and songs, with Lew Pistel in blackface comedy, while Tom Heath will sing a Spanish song with dance accompaniment by two of the pretty Miller girls. Little Marilyn will introduce her most famous imitation and will appear as Eva Tanquay, the famous actress. Her imitation of Bessie McCoy was letter perfect. The act will conclude with a farce in which the entire company appears. The Millers have a large and varied stage wardrobe and this will be drawn upon for the new act. They conclude their engagement on Saturday night. Amateurs tomorrow night.

### THE EMPIRE

Tuneful and melodious are the selections of Whittier and Crosson at the Empire theater. They have been recognized by Empire patrons as artists and have become favorites. They draw upon scenery to accentuate their songs. Tonight they will have new songs while Whittier will give a new monologue.

The two little picanninies will be heard in new songs, dances and dialogue, and will be aided in their efforts by Miss Regina Reed, the tall young artist, whose voice blends well with those of her dark proteges.

Matinees are given every afternoon and these are almost as popular in point of patronage as the evening performances. The moving picture films will be unusually good this week.

#### At the Moana Hotel.

Mrs. B. M. Allison, Cincinnati; Mrs. F. G. Eaton, St. Louis, Mo.

## PUNISHMENT TO FIT THE CRIME

"I understand, your Honor, that the defendant in this case has skipped to Hilo on a recent steamer, and therefore move that a nolle prosequi be entered against the name of Fukushima, charged with being a common vagrant," said Deputy Prosecuting Attorney Brown this morning.

"The punishment fits the crime, I guess, and it is so ordered," said District Magistrate Lyner in response.

A modest titter arose from a large crowd of spectators at the morning "matinee," at this rally at the expense of Hilo. The Japanese had until recently been associated with the license commission in the capacity of an informer. Under the direction of Special Officer Fennell, Fukushima was employed to collect evidence against violators of the license laws. The Japanese had ceased to be other than a matter of embarrassment in the service and he was dropped from the squad. Since that time he had existed by his wits until it was put up to him that growing Hilo offered a far greener field of endeavor.

Copies of People and Places of Hilo will be on sale at the Bulletin office and newsstands at fifteen cents a copy. Postage per copy is ten cents. The Bulletin will take your list and mail for twenty cents a copy.

Weekly Bulletin \$1 per year.

## PERSONALITIES

J. L. STACK sailed for Hilo on the Wilhelmina.

A. M. BROOKS and Mrs. Brooks sailed for Hawaii yesterday.

MRS. M. E. MAUER and her daughter have gone for a visit to the Volcano.

E. E. BEERS was a home-going passenger yesterday on the Wilhelmina.

ATTORNEY M. F. PROSSER has returned from a business trip to Kauai.

MR. AND MRS. SOUTHWICK have gone to Hilo and will visit the volcano while away.

J. S. McCANDLESS started for Hilo yesterday. He figures on returning Saturday.

W. AYLETT, an ex-supervisor of this city, departed for Hilo yesterday on the Matson liner.

BARBOUR LATHROP, of San Francisco, expects to leave the islands on the next Sierra.

MR. AND MRS. J. P. FERNANDEZ left yesterday for a visit to the big island in the Wilhelmina.

H. M. HEPBURN, manager of the Hawaiian Electric Company, has gone to Hilo for a business trip.

CAPTAIN MATSON will return to the coast in the Wilhelmina, which sails for the mainland next week.

CAPT. WILLIAM MATSON, head of the Matson Navigation Company, went to Hilo yesterday on the Wilhelmina.

MR. AND MRS. E. B. PIKE, who have been visiting in Honolulu, left on the Wilhelmina for a visit to the Volcano.

MRS. J. W. HOUGH and her daughter, who have been visiting in Honolulu for some time, have gone to visit the big island.

MAJOR WINSLOW departed yesterday in the Wilhelmina for Hawaii on official business. Colonel Biddle accompanied him.

JAMES R. RATH, superintendent of Palama settlement, will leave for San Francisco on a vacation trip the last of this month.

BARON AND BARONESS VON TUEBKE sailed on the Wilhelmina yesterday for Hilo. They go to take in the sights of the Volcano.

MR. AND MRS. J. S. McCANDLESS will probably depart for the Coast by an early boat and will attend the Shriner convention in Rochester.

JAMES P. HEWITT, a young eastern college man, is expected to arrive in Honolulu soon on his way to Hilo, where he will make his home.

MR. AND MRS. B. F. DILLINGHAM departed yesterday on the Wilhelmina. Railway construction business is responsible for the visit to the Crescent city.

RICHARD KIPLING, the theatrical man, who was stage manager in the recent amateur production of "The Mikado," will leave for the Coast soon to continue his profession.

PRINCESS KAWANAKOHA will depart for the coast early in April, on her way to the coronation that takes place in June. She expects to be absent from the islands about eight months.

Sir Hugh Lane, a noted Irish art collector, recently sold a Titian masterpiece to an English collector for \$150,000.

# Nominate Your Friend Now

## CANDIDATE ROLL IS GROWING Be A Candidate

### ENTRANTS FOR TRIPS TAKE FIRST HURDLE

#### The Decision to Enter Travel Contest Cannot Be Delayed Much Longer.

Contest indecision is daily turning to decision. With the beginning of the Ten-Trip Travel Contest only a few days off, many who at first hesitated as to entering the contest to secure one of the fine trips offered by the Bulletin, are casting aside their hesitation and are sending in their names. There were a number of nominations received yesterday. There were more today. There will be still more tomorrow. Will yours be among them?

It is the person who tries that succeeds. Send in your nomination and have your name appear in the first list of candidates to be published on next Monday.

#### Friends Mean Well, but—

Perhaps the friend who is advising you to stay out of the contest is the one who will do the most to aid you when once you make evident your intention to try for one of the trips. Your enthusiasm will be contagious. Don't be discouraged by well-meaning persons. They are your friends, but they do not know the extent of your energy. Show them it has no bounds and they will flock to your support in a gratifying manner.

#### Sincerely Secret of Success.

The secret of contest success is sincerity. From the start strive to impress everyone with whom you come in contact with your sincere desire to secure one of the trips, and you will not fall far short of your goal.

#### How Two Girls Secured Trips.

One young girl managed her own contest for the first month of the Yosemite Contest last year. At the end of the month she had dozens of friends working for her and her employer took active charge of her contest. Some of these friends who so heartily aided her at the contest end were the ones who advised her not to enter the contest. They told her, "You have no chance." At the end of the contest she had the biggest vote ever given a contestant in Hawaii.

Another young lady under twenty

years of age in one of Maui's small plantation towns secured a Bulletin trip in a former contest. She was advised not to enter, as she "had no chance," so she was told, because she lived in a small place. She secured the trip because when nominated she went after it as seriously as if she lived in the largest town in the Islands.

#### No Blank Ballots.

Coupon votes will be issued for every subscription payment for new or renewal subscriptions to the Bulletin made after March 28, when the name of the candidate for whom the subscriber wishes to vote is specified. Absolutely no ballots are allowed to leave the contest department without being filled out. There are no blank ballots excepting those printed in every issue of the Bulletin.

Always remember to name the candidate for whom you wish the votes issued when sending in money to the Bulletin.

#### Subscription Blanks.

Candidates should call on the Contest Manager at once and secure subscription books, and there are a number of things he would like to tell you in regard to the best way of securing votes. Call at once at the Bulletin office for contest information.

#### Tell All Your Friends.

Go ahead and let your friends know that you are in the contest and get as many subscriptions as you can.

Once you have made up your mind to get into the contest, go to work at once. Don't overlook a single chance to get a subscriber and a bunch of votes.

Bear in mind the fact that you may get your subscribers anywhere. You may have friends and relatives in distant cities who would be glad to help you. Let them know you are in the contest and ask them to help you win one of the trips.

#### You May Work Anywhere.

You may get votes and subscribers anywhere. Also, anybody anywhere can send votes for you to the Bulletin Contest Department, if they will be sure to write plainly who they are to be credited to in the list.

You don't have to send the votes yourself. They can be sent for you,

and the first you know of your good luck will be in the increased figures in your standing in the list.

It will be a big help to the contestants as soon as their standing is published. Friends that you have not heard from for years will send votes for you.

You'll get a lot of help in the columns of the paper, and if you read over everything that is published every day you will get a lot of information which will be of value to you in your vote-getting battle.

#### Work Among Strangers.

You ought to be able to get subscribers anywhere. Go right out and canvass every house and every person, whether you know the person or not.

Everybody reads a newspaper these days. Some read several. A newspaper is not regarded as a luxury these days—it is a necessity.

If you were attempting to get subscriptions to some unknown publication you would undoubtedly find it very hard. But with the Bulletin you will find it different.

This newspaper is famous for its enterprise. Its news service is the best in the Islands.

So nominate yourself today and get to work at once. Send your name to the Bulletin Contest Manager, Honolulu.

Don't overlook the special prizes. Nominate yourself now.

#### TAFT SENDS THANKS TO MAN IN HONOLULU

Barbour Lathrop a prominent San Franciscan now visiting Honolulu, who is active in the Red Cross work of the Golden Gate city, has received the following letter:

American Red Cross, Washington, D. C., February 28, 1911.

Mr. Barbour Lathrop, ex. Bishop & Company, Honolulu, H. T.

Dear Sir:—I am advised of another proof of the generosity and public spirit of Californians—the completion of the San Francisco allotment to the Red Cross Endowment and payment of the whole amount.

My thanks for your assistance are due and are hereby rendered.

WM. H. TAFT.

President American Red Cross.

#### BAND CONCERT.

The Hawaiian band will give a public concert this evening on the Alexander Young hotel roof garden, at 7:30 o'clock, as follows:

Overture—The Monk's Dream, Safroni  
Finale—The Huguonots, Meyerbeer  
Fantasia—Hearts and Flowers, Tobani  
Selection—The Bohemian Girl, Balfe  
Vocal—Hawaiian songs, ar. by Berger  
Selection—Neapolitan Songs, Godfrey  
Fantasia—In Switzerland, Humel  
March—Flower Parade, Berger  
The Star Spangled Banner.

#### LOOKS GOOD FOR BIG ADVANCE IN PRICE

I have only a few thousand shares of Lakeview No. 2, and when that is sold, the price will doubtless advance to one dollar per share. My price is still fifty cents. Don't get left. Do it now.  
J. OSWALD LUTTED.  
1139 Fort St.

### 2000 Bonus Votes

will be issued for every club of three old or three new daily yearly subscriptions. As many bonus vote coupons will be issued as subscription clubs are secured. Three old or three new daily yearly subscriptions must be turned in during some single contest week.

#### First Contest Week

FROM 8 A. M. TUESDAY, MARCH 28th TO 5 P. M. MONDAY, APRIL 3rd.

This is a standing continuous club offer that will be renewed from week to week, during the contest.

### In the EVENING BULLETIN'S EXPANSION YEAR

## Ten Trip Travel Contest

TEN POPULAR PERSONS will be given Round Trips to San Francisco, with Ten Days Stop at Best Hotels. Valuable Prizes awarded Workers all during Contest.

Trips to any Eastern, Western or Middle State City can be earned.

### ALL ENTRANTS ARE ELIGIBLE

The scheme inaugurated in Hawaii by the Evening Bulletin, of sending a limited number of people on vacation and pleasure trips to various parts of the mainland, is in strict keeping with the other front ranks of progress that are materializing in this Territory. The Evening Bulletin does

not pick out those who enjoy these travel trips—it has nothing more to do with it than to conduct the contest, count the votes and pay the bill. The people of Hawaii do the choosing of who shall go on these educational travels.

In the trip travel contests heretofore conducted by this paper, the Bulletin has reserved the right to name the class, distinction or sex that was to be voted for, but this year all restrictions are cast to the winds and the contest is open to all, irrespective of creed, color, sex or religion; and with such an understanding it is left to the people of Hawaii to say who shall be the lucky ten.

## How Named

Evening Bulletin Subscribers will name the ten travelers. Voting coupons will be issued with every subscription payment to the Evening and Weekly Bulletin, and coupons will also be published in every issue of the paper. Almost all your friends and neighbors take the Bulletin. The rest will want to when they learn that they get the best newspaper printed in Honolulu with no extra charge, and at the same time help you to get one of the trips.

The eight women who went to the Yosemite last year as the guests of the Bulletin did not hesitate when the announcement of the Yosemite contest was first made. Why do you?

You are just as popular; just as deserving; perhaps what is more important—just as energetic; it is possible, you are more so. Prove it by entering and working.

## Names of Candidates will be Printed Monday, March 27th

The price of the Evening Bulletin and the number of votes allowed on subscriptions

## Free Fountain Pens For Contest Candidates and Workers

Every contestant or contest worker who turns in one club of three new, or three old daily yearly subscriptions the first contest week will be presented with a

### Onoto Safety Self-Filling Fountain Pen

These pens will be on display at ARLEIGH'S. Remember—The pens will go to whoever brings in the subscription club, whether a contestant or a contest worker.

The fountain pen is something that will be useful during the contest.

You will need it to write subscription receipts with every day of the contest.

One club of new subscriptions will also bring you

### 11,000 Votes

If you get more than one club, let your friend bring in the subscriptions and get one of the pens and the votes for you.

Start now to get the 11,000 votes and the pen. It means a good contest start and a useful present.

The first contest week is from 8 a. m. Tuesday, March 28th until 5 p. m. Monday April 3rd.

## Teachers

Plan to be one of the First. Travel Contest will end so you can prepare to leave in time to

## Cable News

### MEXICO WILL STAND FIRM

(Associated Press Cable.)  
CITY OF MEXICO, Mar. 22.—Minister Limantour, in an interview today, admitted that his investigations of affairs since his arrival from abroad had convinced him that Mexico is facing a greater crisis than he had believed existed. Not only was the revolution in the north much more extended than the reports sent him had led him to believe, but he had found that discontent, rebellion and sedition prevailed to a very alarming degree throughout the southern States of the republic.

He declared that the government would commence at once the inauguration of numerous reforms to allay the dissatisfaction prevalent throughout the land, among the first reforms to be announced to be a revision of the election laws.

On the other hand, the government was determined to offer no concessions to the revolutionists in the field and to make no suggestion of any acceptance of their terms for ending the revolution.

### MEXICAN BULLETS FOR AMERICAN TROOPS

PRESIDIO, Tex., Mar. 22.—Bullets from the rifles of the Federal garrison of the Mexican town of Ojinaga, just across the Rio Grande, flew among the American troops in station here today, the guns of the garrison being, apparently, fired intentionally in this way. Many bullets fell in the camp and town, but no soldier was struck. A Mexican boy, who was visiting the American camp, was wounded.

The revolutionists are pressing the garrison here, and further demands upon the Federal commander to surrender were sent in today.

### SERVED SENTENCE AND RELEASED

ATLANTA, Ga., Mar. 22.—Captain Benjamin Greene, who was sentenced in April, 1906, in company with Captain Gaylor, for defrauding the government in connection with the Savannah harbor contract, completed his sentence today and was released.

### EXPRESS DRIVERS GO BACK TO WORK

NEW YORK, Mar. 22.—The express drivers' strike, which began against the Adams Express Company and extended to the other large express companies, was called off today, the men returning to work on the terms of the company.

### NEWSPAPER MAN DEAD.

NEW YORK, Mar. 22.—Thomas T. Williams, business manager of the Hearst New York newspapers, died tonight from erysipelas.

### NEW BOAT FOR TACOMA ROUTE.

TACOMA, Wash.—The Puget Sound Navigation Company will build a new 20-knot passenger steamer, to be called Tacoma, to ply between Tacoma and Seattle, beginning with the summer of 1912.

### SIMPLY LIGHT AND INSERT TUBE

Warmer does the rest  
Size 3 1/2 x 5 1/2 inches, weight 4 1/2 ounces.  
The only modern, safe, effective and sensible substitute for the antiquated Hot Water Bag.  
No water to heat—no rubber to rot. Will last for years.  
The Warmer is made of metal heated within one minute by the lighting and insertion of a paper tube containing a blueless, smokeless and odorless fuel generating a uniform heat which lasts over two hours at a cost of less than one cent. It is curved to fit any portion of the body and held in place by means of a bag and belt allowing the wearer to move about at will.

### AS A PAIN KILLER

The Welkom Warmer has no equal. It can be put into constant action and is indispensable in cases of rheumatism, lumbago, neuralgia, sciatica, cramps, etc.

By placing the Warmer on the affected part the heat being dry, not moist, bakes out the cold. Physicians say that the moist heat of the hot water bag will not cure but aggravate the ailments above mentioned.

Many have been sold—not a single complaint.  
Complete outfit including Warmer, bag, belt, coil and 10 tubes of fuel sent prepaid to any part of the U. S. upon receipt of \$1.00.

If you wish to know more about this wonderful device write today for free descriptive booklet.

**WELKOM WARMER MFG. CO.**  
108 Fulton St., New York.

CUBA SUGAR RULES MARKET

Willett & Gray's latest sugar journal of March 9 deals with the sugar situation as follows:

The reaction which set in just at the close of our last review continued until centrifugals dropped from 3.80c. per lb. to 3.60c. per lb. today.

It has been customary in former years when the crop figures were known to this date to revise crop figures from this basis, adjusted to the crop receipts of other years after March 1, the other year selected for this adjustment being the one showing nearest conditions to the present.

Figures along this line would look more plausible if the average production for 1909 and 1910 were added together and divided by two, giving a crop of 1,551,000 tons, and if the deficiency to March 1, compared with 1909, should also be recovered, a crop of 1,584,400 tons.

From the fact that in 1909 the working centrals fell off each week from 170 to 162 April 4, thus reducing production, while in 1910 there were 170 centrals still working April 4, we prefer to base the after production on the probably monthly output as given elsewhere, and indicating a crop of fully 1,600,000 tons as final total production.

Europe is net-worked with sugar exchanges dealing daily in paper contracts subject to bull and bear manipulations, so that the actual markets for actual sugar on actual values from statistical positions have little chance of asserting themselves.

The bull speculation at the moment chooses to ignore the European statistical situation of large stocks and future supplies beyond possible requirements and pay attention only to a possible deficiency of 200,000 tons in Cuba, while not so very long ago, while the bear element of speculation was in action, it was freely said "that the crops and visible supplies of sugar in the world were so excessive that 200,000 tons more or less in Cuba would have no influence."

Those big European crops at supplies still exist and must be dealt with in due time, indicating that European prices may be top heavy before long. In the meantime speculation extends to Cuba sugar and 24c. per lb. c. & f., 96-degree rest, is being paid for April deliveries, say 34c. 1-16c. over the price refiners are paying. Even at 24c. c. & f., equal 33c. landed, our price is 3c. below the parity of European beet, which is really too large a difference in view of the expected deficiency in American supplies.

Cuba reports received are generally favorable for harvesting, Hawaiian reports to sugar companies being elsewhere. Philippine production is beginning to arrive at shipping ports and finding local speculative buyers, no direct sales to refiners here being reported. Low grades have been going to China pending arrival of new Java crop.

Java has a full-up crop with which to meet any deficiency in the United States. Javans are now offered for July-August shipment at 19c. 7-12d. c. & f., equal to 4.95c. per lb. landed. O. Light cables weather unsettled for field work.

A GODSEND TO THE SLEEPLESS

MR. JAMES BYRNE.

"A Physical Wreck in Bed, Back on the Job in Three Days, after Taking Duffy's Pure Malt Whiskey, Which Restored My Health and Enabled Me to Sleep."

Mr. James Byrne writes as follows: "I want to tell you of the benefit I have derived from the use of Duffy's Pure Malt Whiskey. I am a hotel clerk, 32 years of age, and for four years have been at night work. Eating irregularly and trying to sleep in the daytime had made me a very weak man physically, and as thin as the proverbial whip. I was finally compelled to take to bed. I started to use Duffy's Pure Malt Whiskey and in 3 days I was back on my job. "Be sure to say to every night worker that it is a Godsend. Tell them I am sleeping fine, eating with a real appetite and am regaining my lost flesh, which is the hardest thing for a night worker to do. I thank you again and again for Duffy's Pure Malt Whiskey."—James Byrne, 129 S. Illinois St., Indianapolis, Ind., U. S. A.

Duffy's Pure Malt Whiskey

will bring you refreshing sleep, and you will become full of energy and vitality. It cures nervousness and indigestion, gives power to the brain, strength and elasticity to muscles and richness to the blood. It is recognized by physicians and as a family medicine everywhere.

CAUTION.—When you ask for Duffy's Pure Malt Whiskey be sure you get the genuine. It is an absolutely pure medicinal malt whiskey and is sold in SEALED BOTTLES ONLY—never in bulk. Look for the trademark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., U. S. A., for a free illustrated medical booklet containing testimonials and rare common sense tests for health and doctor's advice.

RAPID TRANSIT FRANCHISE EXTENSION

Editor Evening Bulletin:—The consequences to this city involved in the proposed extension until 1950 of the Rapid Transit Co.'s franchise, are so momentous that it should not be passed upon either pro or con without the fullest consideration and the fullest opportunity for the people at large to determine what are their wishes in the premises. It is absurd to suppose that there is need of any such tremendous hurry as to warrant the present Legislature in rushing the matter through, either by granting or refusing the extension at the present session. In 1908 the promoters of that enterprise considered a thirty year period sufficient for their purposes, at least I so infer from the fact that they obtained no longer grant. The reading of their franchise would indicate that they obtained everything they could think of as being prospectively valuable to them, and the fact that they did not obtain the right to last for a hundred years instead of thirty, would indicate that thirty years was then considered the limit of reason in the premises.

Now, that conditions are radically changed, with still greater changes in prospect, both as regards our local population and the development of inventions concerning street transportation, that company comes back and calmly asks the Legislature to tie up all of the city streets in its grasp until 1950—a date when, if I am not mistaken, our grandchildren will be conducting affairs in this city as we are today. To be plain and brief in the matter, no necessity for this extension has been made to appear. Despite the bogies of opposition, ill-feeling and "grouches" that the Rapid Transit Co. has conjured up, as existing to its detriment in this community, I believe that I voice the common sentiment in stating that no factions opposition to that company exists in our midst. We appreciate all that they have done, but many of us appreciate also, all that has been given to them as well as a part of what they now ask to be given.

The statement of President Peck before the Improvement Club delegates yesterday, brought prominently into view one most important fact—which is, that this company, operating under a franchise which has cost it nothing, is paying its stockholders some \$25,000.00 per year, upon an investment by them, stated to be \$500,000.00—which amounts to a fraction over 8 per cent per annum upon their investment. In addition to these payments of dividends the company has earned, and re-invested in extensions and betterments, profits in the sum of \$650,000.00. It thus appears that their actual profits, in addition to dividends distributed, already equal the investment of its stockholders. With such a showing how can it be disputed that the franchise now held is an immensely valuable asset? And let it be remembered that the company has not paid one cent to the City or the Territory for the grant of the franchise by which it has thus been able to enrich its stockholders. All of which suggests that if the extension is to be granted at all, it should be coupled with terms providing for the payment of a very substantial percentage upon its earnings for the benefit of the Territory, or
