# WAR CLOUD IN CHINA

## Russia Close To Open Break Over Mongolia

(Associated Press Cable.)

LONDON, Mar. 24.—Russia and China are on the verge of one of the greatest wars in the history of the world, according to private advices that have reached London both from St. Petersburg and Peking. It is declared that Russia is determined to gain possession of the province of Mongolia and probably Ill also, and that recent events have but clinched this determination.

Russia's demand that China observe the treaty of 1881, allowing trade in these provinces, is taken as a thinly-veiled threat, and it is believed that Russia is waiting for some overt act on the part of China that will precipitate a declaration of war.

### CHINA TO REFUSE FREE TRADE IN MONGOLIA.

(Associated Press Cable.)

ST. PETERSBURG, Russia, Mar. 23.—An official dispatch received here states that China is obdurate on the question of freedom of trade for Russia in Mongolia. Whether China's refusal is considered as a declaration that she will not observe the treaty or as evidence that the treaty is no longer considered applicable so far as trade relations are concerned, is not stated. There is every reason to believe that Russia is preparing for eventualities with her Oriental neighbor.

## BROWN OPPOSES EDUCATION OF ALIENS—SCHOOL BILL AGAIN DEFERRED IN SENATE

THIRTY-SECOND DAY.

Objections by Senator Makekahu of Hawaii and Senator Cecil Brown, coupled with the desire of the ways and means committee of the Senate to compare some of the salary increases in the new school bill, caused a further postponement of the measure in the Senate this morning.

The bill was on second reading, and after the measure had been read in its entirety by Clerk John Wise, Senator Judd stated that he had drafted an amendment which he thought would meet the objections made by Senator Brown yesterday to the failure to state specifically that the schools shall be an first charge upon Territorial revenue of any other interest and sinking fund of the public debt.

Judd's amendment provided that nothing in the act contained shall be construed as impairing the obligation of the Territory on the bonded indebtedness. This met the only objection that Senator Brown had given expression to yesterday, and it was thought that the bill would have clear passage on second reading without further delay.

**Brown's Views.** Senator Brown seconded Judd's amendment, and after stating that he was a firm believer in educational improvement he proceeded to flay the practical intent of the bill—to provide all the children in the Territory with educational advantages for all time.

"I want to call the attention of the Senate to just what it is doing with this bill," said the Senator from Oahu. "In passing this bill you are appropriating away one-third of the revenue of the country. I want to ask what it is to become of the other public necessities. Are we to let our roads and bridges go to ruin? Let us be liberal with the schools, but let us be reasonable. A large part of this money is going directly to the education of alien children who, I venture to say, will not

## MULLET DEBATE IN THE HOUSE

Members Devote Most of Morning Session to Talks On Fishology.

Fishology furnished a popular theme that the House chewed over for an hour this morning, spending most of the morning session in passing Long's bill providing a closed season for mullet. The bill was considerably amended, and nearly every member of the House got an opportunity to deliver himself of expert opinions on the life and habits of the mullet.

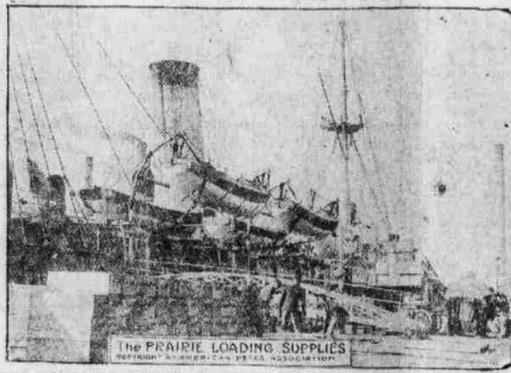

The original bill called for a closed season during the months of January, February and March of each year. When the experts began to give their testimony, it appeared that December is one of the principal spawning months for the mullet, and Fernandez led a successful movement to prevent fishing during that month and allow it during March.

The principal fight was over the section providing that one of the penalties for violating the law should be confiscation of boats and fishing nets. Tavares opposed this vigorously as too strong and was backed up by several other members. In the end his amendment carried by a vote of 17 to 12.

Thompson Castle put in an amendment stiffening the fine considerably, making a first offense penalty of \$100 and allowing a judge to fine as high as \$500 for repeated offenses. In its amended form the bill passes.

## Transport Rushed With Supplies To The Front

THE PRAIRIE LOADING SUPPLIES

PHILADELPHIA, March 22.—The United States transport *Prairie*, with a regiment of marines composed of detachments from this city, Washington, Annapolis, Brooklyn, Boston, Newport and New London and sufficient equipment and supplies to last for a campaign of two months, has sailed for Guantanamo, Cuba. Preparations are being made to equip a second regiment of marines who are expected to sail on the transport *Dixie*, which has been ordered here from New York. Both regiments will be under the command of Colonel Litchell Waller, who is aboard the *Prairie*. Other officers in the first regiment are Colonel G. F. Barnett and Majors Powell, Catlin and Davis. The commanders of the second regiment will be Lieutenant Colonel F. J. Moses and Majors McKelvey, Myers and Beeson. The marines are equipped with Springfield rifles, and among the stores on the *Prairie* are 365,000 rounds of ball cartridges. The photo of Aviator René Stutz and the Third United States cavalry, was taken at San Antonio during the recent test of aeroplanes for military purposes.

## JUDGE DOLE WILL RENDER DECISION IN LUMBER TRUST CASE NEXT WEEK

Strong arguments to disprove the allegation of the United States that a lumber trust has existed locally were made by W. L. Stanley before United States Judge Dole this morning. Yesterday morning Judge Dole overruled the motion to reopen the case, and argument was then begun on the merits. W. T. Rawlins, Assistant United States Attorney, appearing for the government.

Argument was concluded this morning, Rawlins declaring that the government rested its case upon the conclusion of Stanley's argument. Judge Dole then stated that he would render a decision some time next week.

In his argument this morning, Stanley contended that the discount system that prevailed among the local lumber dealers precluded the possibility of a

combination to establish prices in opposition to the provisions of the United States laws. He declared that the discount system as practiced among the dealers practically nullified any uniformity of price schedule and was sufficient evidence, on its face, to show that the combination alleged by the government did not, in reality, exist. It was expected that Rawlins would make a closing argument in behalf of the government, but he rested his case with his argument of yesterday, stating that the government had nothing further to present. Yesterday Rawlins summarized the whole case for the United States to show that an agreement existed between the local dealers to destroy the freedom of trade and that they had combined to maintain a uniform price schedule.

## TRAIN ROBBERS ESCAPE IN AUTOMOBILES

(Associated Press Cable.) LENAPAH, Okla., Mar. 24.—A sensational and up-to-date train robbery occurred near here today, when the Overland train was held up for over two hours by six masked highwaymen. Part of the gang were stationed along the train, armed with guns to prevent any interference by the crew or passengers, while others blew open the express safe with nitroglycerine, completely shattering and wrecking the express car. The robbers got \$20,000 from the safe and made their escape in two automobiles. A posse of officers has been sent on the track of the robbers.

## AMERICANS WERE NOT EXECUTED

(Special Bulletin Cable.) AGUA PRIETA, Mex., Mar. 24.—No Americans have been executed here by the federal forces. The reports were groundless.

## CAPTAIN DEAD; VESSEL IN DISTRESS

Persia Reports Barkentine James Johnson Sighted Off Kauai.

PACIFIC MAIL LINER SUPPLIES PROVISIONS

Disaster Meets Coal-Laden Vessel On Long Voyage From Newcastle—Will Put Into This Port Soon.

The four-masted American barkentine, James Johnson, sailing from Newcastle, N. S. W., on December 17, with several thousand tons of Australian coal, destined for San Francisco, is now in distress, heading off the shores of Kauai, her skipper Captain Jensen, having died January 6, and her officers and crew finding themselves running short of provisions.

Captain A. Lockett, master of the Pacific Mail steamship *Persia*, arriving at the port at 9 o'clock this morning after a fair trip from the Orient, reported having sighted the distressed vessel along about 5 o'clock last evening, while the *Persia* was steaming along the coast of Kauai.

A ship's boat was put out from the James Johnson and in it was Chief Officer Ericsson and several seamen. The request for some lines of provisions was made and the *Persia* officers proceeded to supply the needed food. The men reported the death of Captain Jensen during the voyage and stated that the vessel had then been ninety-seven days at sea. The barkentine's chronometer also required correction.

A quantity of flour, and some canned goods was given the Johnson's men. They declared that it was now the intention to proceed to Honolulu, instead of attempting to go through to the coast.

"The barkentine's bottom was evidently very foul," declared an officer in the *Persia* this morning. As the vessel rolled you could see streamers of seaweed of several feet in length along her sides.

The men claimed to have a sufficient supply of meat and water to carry them along for some time, though there was grave doubt whether the vessel could proceed to the Pacific coast without a renewal of practically all lines of provisions and her supply of drinking water.

The coal-laden vessel met with a succession of gales and contrary winds which served to greatly retard her progress. From the position of the James Johnson, it is expected that she will be off the port either today or early tomorrow. It is possible that she may be discharged here and then receive a cleaning before continuing her voyage to the mainland.

The coal in the distressed vessel is consigned to Hind, Rolph & Co., San Francisco.

## Driver Guilty; Is Fined \$750

Judge Cooper Declares Extenuating Circumstances Existed In Shooting

The Driver case, arising out of the sensational shooting affray at Hotel and Fort streets last November, when William McQuaid shot Volney C. Driver and was then wounded by Driver, came to an unexpected end this morning, when Driver entered a plea of guilty to a charge of assault with a deadly weapon and was sentenced by Circuit Judge Cooper to pay a fine of \$750.

The technical plea entered by Driver's attorneys, A. L. C. Atkinson and A. S. Humphreys, was that of "nolo contendere"—being practically equivalent to a plea of guilty but believed to be a preventive to the loss of civil rights.

Driver appeared before Judge Cooper shortly after 9 o'clock this morning, accompanied by his father. City and County Attorney Cathcart stated that he had consented that Driver should enter a plea of "nolo contendere" to a charge of assault with a deadly weapon, instead of the charge for which he was indicted—assault with intent to commit murder.

## PLANS TO STOP OPERATIONS OF EMIGRANT AGENTS HERE BY ASKING \$2,500 LICENSE

Strong opposition to the two emigrant agents, Frank Craig and H. Ozawa, who are now operating in Honolulu to get laborers for Alaskan canneries, is evident in the appearance of a bill in the House raising the license of emigrant agents from \$500 yearly to \$2,500. The bill was introduced by A. F. Tavares, representative from Maui.

Tavares said this morning that the bill is designed to prevent Craig and Ozawa, as well as other emigrant agents, from operating in Hawaii. He believes that the Territory can not afford to spare its laborers, and that it should be protected against agents coming here to lure the people away with promise of employment elsewhere.

"When I saw the news in the Bulletin that these men were at work in Honolulu, I felt that the legislature should act at once," said Tavares, "and that was my reason for introducing the bill. The gossip around the House this morning was that another bill directed against emigrant agents, backed by the Hawaiian Sugar Planters' Association, will shortly make its appearance, although Tavares' bill may be amended to meet the wishes of the local people.

According to the Attorney General, the Territory has no authority to issue licenses to emigrant agents under the existing laws, that being left to the counties and Craig and Ozawa are operating illegally. Tavares believes the legislature should take action to raise the amount of license fee, even if the county issues the license.

## BARBER BILL RECOMMENDED

Marcallino's House Bill, closing the barber-shops of the Territory on Sunday, was reported out of the health and police committee to the House this morning, with a majority recommendation that it pass. Kawewehi and Hale, members of the committee, refused to concur and are lining up their forces to make a fight on the bill when it comes up for final passage tomorrow morning.

The majority report of the committee was adopted this morning without any debate or objections, the fight being put off until tomorrow. The committee also reported favorably on the petition from the barbers asking for closed shops on Sunday.

## HOUSE CONSIDERING NEW WATER SYSTEM

House Bills 20 and 25, introduced by Representative Archer, were tabled yesterday afternoon on report from the finance committee. These bills relate to the management and control of the Honolulu water works, and the House is now considering the substitute bill providing for the formation of a water and sewerage board or commission. The bill providing for this was reported out of the printing committee this morning and referred to the finance committee.

PERSIA MAKES MAIDEN BOW

Many familiar faces were met with the arrival of the Pacific Mail liner Persia, the latest addition to the trans-Pacific intermediate service.

While the Persia, as an Occidental and Oriental steamer was no stranger to Honolulu shipping men, the vessel has been in a trade between Hongkong and Central and South American ports for several years past.

The Persia came along side Alaka wharf before ten o'clock this morning and work of hustling one hundred and forty tons general Oriental cargo was begun almost as soon as the lines were made fast.

The vessel met with rough weather for five days after leaving Yokohama. As the Persia neared the islands the conditions were much improved.

For Honolulu but one cabin passenger leaves the ship. In the steerage were 8 Chinese and six Filipinos.

Through passengers number 62 cabin, 1 second class and 25 Chinese in the steerage.

Captain A. Lockett is master of the Persia, and he is a familiar figure in Pacific Mail service having been associated with the big freighter Algod that at times used to call at Honolulu.

Captain A. Lockett has a number of friends at this port who congratulate him on his promotion. Chief Officer J. S. Tonkin, is an old China coast hand and has been associated with the shipping interests along China and Japan for years.

Freight Clerk in the sister ship, As Purser he is looked upon as the right man in the right place.

W. H. Schwerin, a nephew of Vice-President and General Manager R. P. Schwerin of the Pacific Mail is Freight Clerk in the Persia having been transferred from the position of storekeeper in the Mongolia.

Dr. W. J. Galbraith, the Persia Surgeon once practiced medicine at Honolulu and later joined the medical staff of the Southern Pacific Railway.

The Persia was given a quick dispatch through the agency of H. Hackfeld, sailing for San Francisco at one o'clock this afternoon.

Captain Baldwin, the world renowned aviator, who stopped over at Honolulu some months ago when a series of aeroplane flights were given at Moanala by Bud Mars, is a returning passenger in the Persia.

He is enthusiastic over the success of the series of exhibitions that were largely patronized in the East. Baldwin is particularly pleased at his reception at Honolulu and Manila, and these will stand out as bright spots in the big swing around the circle.

Baldwin is proceeding to San Francisco. Captain Gordon Mutter, is an old China hand who has been engaged in shipping in the Far East for many years. He is going to the mainland for a visit to cover several months.

Mrs. Wellhaven is the wife of a prominent mining operator with extensive holdings throughout Korea. Several passengers now traveling by the Persia were originally enrolled with the Great Northern Line Minnesota. They were transferred from that steamer to the Persia at Yokohama. The Great Northern boat was disabled through the breaking of her shaft.

L. D. Weeks, was for many years connected with the Philippine Insular government service in the capacity of Inspector of Mills and Boilers. He states that he is returning to the mainland for good. His health has not been the best while stationed at Manila.

Several missionaries are proceeding to the mainland on leave of absence. R. Okada, was the only passenger who left the vessel at Honolulu.

MANY THOUSANDS OF DOLLARS LOST THROUGH QUARANTINE RESTRICTION

One Hundred Persons Reported Having Cancelled Steamer Passage at San Francisco—Persia Made Short Call at the Port—Mauna Loa Off for Kona and Kau—Kiyo Maru Proceeds to Central and South America.

One hundred people, representing a round sum of six thousand dollars, have been lost to this company alone on one trip through the present imposition of quarantine restrictions at the port of Honolulu, insisted one officer connected with the staff of the Oceanic Steamship Sierra.

Some days before we sailed from San Francisco, nearly one hundred and seventy passengers were enrolled at the downtown office of the Oceanic company, for transportation to the Hawaiian Islands. There have been all sorts of wild and weird stories sent to the coast concerning health conditions over here, and I guess that their general circulation is having its effect, all right. You can take it from me, that your promotion interests will have to spend a good many thousands of dollars to counteract the great damage that has been wrought by the former reputation of these islands, as a place for health and recreation.

The Sierra was an early arrival this morning, and came along side the wharf before eight o'clock with 65 cabin and 13 steerage passengers.

The trip down from the coast was pleasant. The weather left but little to be desired. The crowd, while small in numbers was lively and amusements reigned supreme.

Captain Houllette, Purser, Smith, Dr. Clark and Chief Steward Carleton were a self-constituted committee who saw to it that no one suffered from lonesomeness. Mrs. Coombs, the stewardess, was out of a job as no one could be found who would fetch seasickness. Several vandellite people added their mite to the general entertainment provided for the passengers.

The Sierra brings a large and varied cargo of merchandise amounting to 2581 tons. In this is included five automobiles for the von Hamm-Young agency. There is a sort of menagerie among the animals brought to the port for Mrs. Samuel Allen among the specimens being two fine Angora cats, a dog, several rattlings, some mynah birds, a fine breed, and trained to talk.

One of the features of the trip was the "Rough Riders" table over which presided the ever genial Dr. Clark. The company seated around this particular table, never let a dish escape without being divested of its contents. "Had I carried that bunch across the Pacific, instead of but a six days' trip, I would have been eaten out of house and home," insisted Chief Steward Carleton this morning.

One hundred and sixty-two sacks later mainland mail and 60 packages Wells Fargo express matter were brought here.

Mongolia Officers File Protest. The San Francisco Chronicle states that officers of the Pacific Mail liner Mongolia, now in port from the Orient, are up in arms against the recent edict of the freight department that employees of the line pay a parcel rate on the little odds and ends they bring home with them from China and Japan.

The protest has taken the form of a letter, signed by all the officers of the big steamship, with the exception of Captain Henry E. Morton, addressed to A. M. Garland, the freight transfer manager.

The officers declare that it is unjust that they should have to pay freight on such trifles as silk socks, pajamas, shirtwaists, handkerchiefs and cigars that they bring here for their friends in their own staterooms. One officer is particularly aggrieved because he found himself charged with \$1.50 on a box of cigars, which contained seven smokes only upon his arrival here.

When the officers of the deck and engineers' department lined up for their pay upon the Mongolia's arrival, Purser Ludwig explained that he had been ordered to deduct from their salary certain amounts which had been itemized by the freight department on the declarations made by them to the customs officials. The officers refused to permit any of their pay being deducted and a crisp and indignant protest was drafted.

The freight department has not yet made its reply.

Makura Will Be Well Crowded. While some ninety-five passengers have booked at the agency of T. H. Davies & Co. for transportation to the coast by the Cargolan-Australian liner Makura, it is believed that but twenty-five or thirty at the outside can be accommodated on that vessel.

A wireless received here this morning predicts the arrival of the vessel from Australian ports on Sunday afternoon. It is the present intention to give the steamer a prompt dispatch for Victoria and Vancouver. The Makura is bringing a small general cargo including fertilizer and some lines of vegetables.

Stocks were on the rise again today and heavy selling was reported both between boards and at the session of the Honolulu Exchange. Oahu Sugar, McBryde, and Hawaiian Commercial all experienced active trading and a good many other stocks were also in demand.

The demand sent Oahu Sugar up to 28 1/2, 219 shares being sold at 28 1/2 before the rise was noted. McBryde went up to 6 1/2 and Hawaiian Commercial was very active at 39 1/2.

The Hawaiian Exchange notes the following prices for oil stocks.

REGULATES POI MANUFACTURING

After nearly a day of hot discussion the House yesterday afternoon finally passed Coney's bill regulating poi shops. The bill makes sanitary observances necessary, provides that all shops shall have cement floors and six feet of cement wall, and in other ways lays down rules to enforce clean manufacturing of the staple.

The House discussed this bill most of the morning and a large part of the afternoon, passing it at last with nine votes against. The votes were: Ayes: Alfonso, Castle, Coney, Cooke, Correa, Fernandez, Huddy, Kamehaha, Kawewehi, Long, Makela, Marcellino, Rice, Rickard, Sheldon, Tavares, Towse, Watkins, Williamson, Yates, Speaker Holstein. Total 21.

Noes: Archer, Cockett, Hale, Kamehaha, Kawakawa, Kelihoi, Mahoe, Meikanihi, Waialoha. Total 9.

WHO'S WHO ON SIERRA

F. P. Zell, an expert in the canning trade comes here to take up his duties with a local concern who will branch out with a pineapple cannery on the windward side of the island. Captain Chittenden, is well known along the Pacific coast, being identified with the Tabbs Cordage Company. He comes here accompanied by Mrs. Chittenden for a brief visit.

While on a first visit by any means C. H. Crocker, the San Francisco capitalist and publisher is an arrival by the Sierra. Mr. Crocker is an enthusiastic collector of rare postage stamps. He spent several months in Hawaii some years ago. Mrs. Crocker is with him.

J. T. Carroll, known in Pacific coast financial and mining circles is here accompanied by his valet and Dr. P. J. Scallon. They will do the various points of interests before leaving for the mainland. Mr. Carroll has made his headquarters at the Palace hotel since its restoration.

Miss V. McGregor, who has been connected with a local drygoods store for some time past has returned from a visit to the mainland.

Colonel Charles Alexander, a manufacturer identified with the business interests at Providence, Rhode Island, and who possesses large holdings at Camden, New Jersey, and other Atlantic coast ports arrived on the Sierra. He is down here on pleasure bent.

Mrs. Ellen Ivers, the mother of Richard Ivers of this city is a passenger in the Sierra.

A diminutive little vaudeville actress, weighing 34 pounds, her age being 26 years, and her height four inches less than the length of a yard stick was an arrival by the liner. Giving her name as Princess Suzanne, the little mite was taken under the protecting wing of representatives from the local vaudeville trust.

Princess Suzanne lays claim to being the smallest performer on the stage today.

Miss E. Leith and Mrs. Ellen Leith are members of the Alexander party who propose to tour the islands and also visit the volcano.

Mrs. M. M. Scott and Miss Marion Scott are the wife and daughter of Principal M. M. Scott of the city schools.

RAPID TRANSIT LAND AND CONCESSIONS

Editor Evening Bulletin: In the granting of a new franchise to the Rapid Transit company, I would suggest that the public school system be made the beneficiary to a small degree in the consideration that will be asked for the privilege of using our streets by the above-named corporation.

With such an arrangement it does not seem that there could be any how about the schools taking too much of the public money.

Inasmuch as the assessed valuation of real estate in Palolo Valley has been doubled this year, it would be of interest to know if the same applies to the land owner in that valley by the Rapid Transit, and for which they refuse \$500 per acre.

While on Rapid Transit matters, it may not be out of place to state that there are a few people in this city, who contribute from four to six dollars a month to the Rapid Transit coffers, who would like to know why it is when it is learned from the passenger statistics for last year that the Waialae division carried over 200,000 more passengers than did the Punahou division—that the Waialae division is refused a ten-minute service while the Punahou division can have most anything it wants in the rolling-stock line and as often as it wants it.

We have before us the street railway franchise farce in San Francisco, which is still warm, and there seems to be no reason why we should make any mistake on the wrong side of the ledger when handing over not only our rights, but the rights of those who are to come after us. FAIR PLAY, Honolulu, March 22.

## BUSINESS MEN TAKE MONGOLIA

Part of Original Minnesota Excursionists to Be Here Monday.

Secretary H. P. Wood of the Hawaii Promotion Committee reported to the committee yesterday afternoon that a party of about fifty Chicago business men and their wives will arrive in Honolulu next Monday on their way to the Orient. This is a portion of the big party that would have come here on the Hill liner Minnesota from Seattle had it not been for the accident that steamer suffered. After the Minnesota trip was called off, a number of the Chicago men switched their route and took the Monoglia, leaving San Francisco instead of Seattle.

The Tenso Maru, which is due here on April 18, will also have a number of the original party aboard.

H. Hackfeld & Co., Ltd., agents for the Pacific Mail line, have received the following list of names of the Chicago people on the Monoglia, due to arrive Monday:

E. L. Hanley of the Northern Trust Co., La Salle and Monroe streets, and wife; G. A. Spicer and wife of 1027 East Forty-seventh street; Mr. and Mrs. F. B. Fisher of the Fisher building, Chicago; Miss Theresa Rothschild, 2122 Aldrich avenue, Minneapolis; Miss Amy Rothschild, 4027 Ellis avenue, Chicago; A. D. Curtis of the Curtis-Ledger Fixture Company, 220 Jackson Boulevard, wife and two sons, their residence being 4719 Kenwood avenue, Chicago; C. D. Osborne of the C. D. Osborne Company, 120 Market street, Chicago, and wife; C. W. Anderson of Charles W. Anderson & Son, 220 Broadway, New York; Mr. and Mrs. Falk J. Younger, Des Moines, Ia.; Mr. and Mrs. Gould Dietz, Omaha, Neb.; Miss Mary Spaulding and Miss Jane Spaulding of Black River Falls, Wisconsin; Mr. and Mrs. C. T. Root, 148 Park Place, New York City; Mr. and Mrs. H. J. Hoister, 1319 Lake avenue, Chicago; Stanley B. Arnold, 4713 Kimbark avenue, Chicago; Mrs. Olive Watson, Omaha, Neb.; C. W. ## WHY WOMEN SUFFER FROM NERVOUSNESS

One Result of a Form of Debility That May Be Remedied by a Course of the Tonic Treatment.

Many women suffer from nervousness, accompanied by loss of weight and pallor, showing that there is a loss of nutrition and that the blood is becoming deficient in quantity or quality. This is a condition that may be followed by serious consequences unless corrected. To cure it the falling nutrition must be arrested, the patient's weight and strength built up and the blood restored to its normal condition.

The one remedy that has cured this condition, strengthened the digestion, toned up the nerves and made the blood pure and rich is that described by Mrs. R. P. Taylor, of Oakland, Kans. She says:

"I am glad to recommend Dr. Williams' Pink Pills to weak and nervous women, because they build and tone up the whole system and give lasting benefit. Some years ago I had nervous debility and seemed to be on the verge of a collapse. I was all broken down. My heart beat so fast at times that it would frighten me. I had smothering sensations and felt as though I was going to faint. These spells came on me frequently. My stomach was affected. I did not enjoy my meals but had to force the food down. I often had severe nervous headaches which made me dizzy. I was greatly reduced in weight.

"The doctor pronounced my trouble weakness and nervous debility. He would help me a while and I would think I was getting better but as soon as I quit taking his medicine I would become as bad as ever. I had been sick for over two years before I decided to try Dr. Williams' Pink Pills. A few boxes proved to me that the pills were helping me and I used them until entirely cured. I occasionally take the pills now as a tonic and always find immediate relief."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

## ENTICING HAWAII'S LABOR

While Hawaii is pouring out its money to secure people to perform the bone and sinew labor of its industries, it is apparently allowing an open and easy pathway for smooth-tongued agents from the mainland to come here and entice these workers to other fields.

The present Legislature should do all that is possible, legally and within reason to bar the gates to these agents. At present the license for immigration soliciting is five hundred dollars. If Hawaii does not protect itself, no one else will. It certainly cannot afford to spend money for immigration only to eventually fatten the coffers of the Alaska packers or any other combination.

Make the law more stringent. Raise the license fee. The Territory is in duty bound to do its utmost in preventing outsiders from making Hawaii's immigration enterprises merely the first stage of the immigrant's journey to a section of the country where he is not needed and where his presence serves only to arouse labor troubles among American workmen.

## STRIKING AT THE CHILDREN

Education of the youth of Hawaii should have FIRST CLAIM upon the REVENUES of the Territory.—Republican party platform pledge, September 1910.

In the face of this clear and deliberate pledge and in spite of the recognized American principle that the public school is the cornerstone of the American republic there is evidenced in our Legislature the same old disposition to juggle with the public schools, and with specious argument accompanied by legislative log rolling to perpetuate the present unenviable record of ELEVEN HUNDRED CHILDREN kept out of public schools because this wealthy Territory has not supplied the funds to provide those children with teachers.

Don't talk of the Americanism of this Territory, when the facts of underground and unspoken influence to crowd the children out are so patent.

Don't lay claim to deserving special favors from the United States Congress for immigration, and for tariff and for appropriations, if the record of this Legislature shows that the "wealth and intelligence" of this Territory have come to the practical conclusion that Hawaii with all its wealth and all its intelligence cannot afford to place the children of the public schools first, and thereby give them the first claim upon the revenues of our wealth of property created and built up under an exceptionally favorable American law.

Don't think, gentlemen, that the good will of the United States and the Federal government is a weapon to be used only against the poor and "ignorant kanaka."

Don't assume for a moment that specially favorable laws allowing immigration to this Territory in the hope of Americanizing it can be passed in this Territory and acceptably interpreted in Washington, and at the same time have Washington authorities view with indifference a refusal on the part of Hawaii to place the children of the public schools first. Don't do it, because you would be proving yourself either ignorant or self-deceived.

Whether you like it or not, you are now right slap up against the proposition of whether you intend that the income of this wealthy Territory shall be so divided that the children shall be crowded out—that some shall be allowed school privileges and others cast aside because some of them are aliens, or because you want the money that is of right the children's, for some other purpose.

It is impossible for any representative in the Legislature or any man out of it to dodge the issue.

In the first place, the direct and clear-cut pledge of every Republican elected in the last campaign is on the open record.

In the second place, the bill presented by the Senate Committee meets the situation of placing first in the care and esteem of our people, the little children and the AMERICAN PUBLIC SCHOOL.

Now gentlemen of the Legislature, if you want to STRIKE AT THE CHILDREN, if you want to bring aliens to these islands and then not educate their children, if you want to juggle with public school bills so that eleven hundred, or, as the years go on, twice eleven hundred children are refused the privileges of the public schools on account of a "lack of funds appropriated"; if you want to do any one or all these

things, go ahead. That is your privilege as American citizens.

But this cannot be done any longer in secret. It must be done in the open, where not only the people of Hawaii but the people of the United States of America who are interested in the education of the youth and who are watching Hawaii's course, shall know just exactly where the land lays in the Territory of Hawaii.

And bear in mind that the authorities of the United States will not fail to notice what is done in this Territory on the school question.

## BROWN OPPOSES ALIEN EDUCATION

(Continued from Page 1.)

remains in the country when they grow up and who will not return one dollar's worth of benefit to the country for the money that will be expended for them.

"We are not here as Senators representing an alien people, but we are here as Senators representing the citizen voters of Hawaii. They are the ones we must work for. It is reasonable for us to ask where the rest of the public needs come in when the schools are taken care of according to this bill.

"I want to make my position clear. I do not oppose the improvement of the schools—not for a minute—but why should we pour out public money for the education of many alien children who, as I said, will never give the country the benefit of citizenship? It is time to think carefully. I do not want to sit here and vote for the passage of this bill without regard for the other needs of the country."

Senator Chillingworth, introducer of the bill, replied to Brown, declaring his astonishment at his colleague bringing the alien question into consideration of the school bill.

"I am surprised at the expressions we have just heard," said Senator Chillingworth. "To my mind it is not a question of cost that is before us—it is the question of what are the actual necessities for the public schools of Hawaii. Can there be any more important problem brought right home to the people than this? I say there can not. It is not a question as to whether or not one-third of the children are born of alien parents. It is for us to educate the children within our gates, irrespective of race or nationality. It is one of the commonest duties of humanity. It is nothing new—something

that civilized people the world over recognize. What better way can there be of showing the world that this is a free country, where the American principles of freedom and equality exist, than by educating the alien to American standards? Why single out the alien? We are in duty bound to educate them if they wish it."

Senator Chillingworth then declared that if it cost \$10,000 to educate a Hawaiian child, the money was well spent, and that no one knew better than himself the handicaps of trying to secure an education under adverse conditions.

Senator Judd stated that he could reply to the question of Senator Brown by stating that other needs could take what was left when the school needs are met.

"As for the education of aliens," said Senator Judd, "the only way they can become of any value to the country is by education. I am strongly for this bill."

Makekaku then moved to defer the bill until tomorrow, stating that he wanted more time to read it over and was doubtful as to some of the salary schedules.

Senator Fairchild, chairman of the ways and means committee, then stated that there was a discrepancy in some of the amounts named in the general fund of the bill and the Governor's recommendations.

Makekaku then moved to refer the bill to the ways and means committee. Senator Chillingworth suggested that the proviso of "for immediate action," and Fairchild stated that he would report on it tomorrow morning.

In the meantime Makekaku will have time to read the bill again and it is now expected that it will pass on second reading tomorrow.

## REMARKABLE CURE OF RHEUMATISM

Bro. Benjamin Makes Some Telling Blows at Modern-Day Methods of Living.

The theories of Bro. Benjamin and his belief that the stomach is the keynote of health have aroused widespread comment in the island cities. When interviewed yesterday another Benjamin idea was launched which no doubt will result in still further discussion. Said Bro. Benjamin:

"I have proved in Honolulu my theory that 95 per cent of all chronic ill health is caused by stomach trouble and nothing else. People in all walks of life—the lawyer, business man, clerk and the man who works with his hands—they all have come to see me since I have been meeting the people at the Honolulu Drug Co., 1024 Fort street, Odd Fellows building, and in practically every instance nothing has been the matter with them but stomach trouble.

"What is the cause? Modern day methods of living. The prehistoric man never had stomach trouble, nor nervous prostration, nor kidney or liver complaint, constipation or rheumatism. Why not? Because he lived simply. He was like an animal. The relic of the prehistoric man exists today in the wild man, the savage, the cannibal. Physically they are exactly like animals and they doctor themselves in the same way as beasts. If they feel anything is wrong with their bodies they do not dress themselves with drugs—Nature, great, all-wise Nature, drives them into the fields to find healing roots and herbs. Instinct watches over the animals and they couldn't live the life the man of today lives if they wanted to.

"The medicine which I have been introducing here and which seems to have become so popular, is prepared on exactly that principle. It contains nothing but roots, barks and herbs, and it forces Nature to do the real work. Although my remedy is primarily a stomach treatment it is a tonic and general health builder for the whole system, a blood maker, a liver and bladder remedy and the greatest kidney cure in the world."

Among the Bro. Benjamin callers Wednesday was Mr. Willie Meyers, resident of Honolulu for over 12 years, night watchman for the Hawaiian Fertilizer Co. for over 5 years. He said he was proud to call himself a Benjamin convert. He stated:

"For more than 10 years I was a victim of chronic stomach trouble and constipation; this developed into rheumatism and lame back, from which I have suffered for the last five years so badly at times I had to hobble around on crutches. I had tried many treatments with very poor success until taking the Bro. Benjamin Compound Herbs and Wonder Linctum. Now I am a well man again, and walking around as good as ever and no pains."

and reading tomorrow.

Senate Routine. When the Senate convened this morning notification was received of the signing by the Governor of House Bill No. 89, Act 35, relating to embezzlement.

On the order of the day, Senate Bill No. 54, giving the counties control of all parks—making an exception of Kapiolani Park—passed third reading with a full vote.

Senate Bill No. 55, the new immigration bill, was deferred until March 28 on motion of Senator Judd.

Senate Bill No. 81, relating to gambling, passed final reading with a full vote.

Senate Bill No. 85 was deferred to March 27 on motion of Senator Judd.

Senate Bill No. 93, giving the county responsibility for the safe storage of explosives and inflammable oils, and Senate Bill No. 94, giving the counties additional control over buildings, and Senate Bill No. 95, relating to fire limits, were all passed on third reading with a full vote.

House Bill No. 80, creating a public park at Waimea, Kauai, passed third reading with a full vote.

## PUBLIC HEARING IS CALLED ON FRANCHISE

Chairman Alfonso, of the House committee on public lands and internal improvements, announced last night that he will call a public meeting to discuss the new Rapid Transit franchise in the hall of representatives next Tuesday night at 7:30 o'clock. He asks all persons interested to be present. It is expected that the Rapid Transit will have representatives there.

The Central Improvement Club will hold a meeting at 4 o'clock this afternoon in the Merchants' Association rooms to consider the franchise also. Suggestions as to amendments to be incorporated in the franchise bill will be up for discussion.

Some people do humbly to such an extent that it's overdone to arrogance.

## WORK-A-DAY RELIGION

Moslems are said to be growing more and more dissatisfied with Islam. They are dissatisfied with Mohammed as an ideal character, especially in relation to woman.

They are impressed with the fact that Christianity and civilization go together. This dissatisfaction does not mean, however, a readiness to embrace Christianity. Three of the doctrines of the Christian faith cause difficulty to the Moslem faith. The Trinity appears to them to teach tritheism, to be a relapse into the polytheism from which the Prophet rescued his followers. Accordingly some of the missionaries desire very cordially a careful restatement of the doctrine of the Trinity, so as to throw into prominence the unity of the God-head. The divine sonship is a difficulty to the Mohammedan mind. The Koran repeatedly condemns the 'blasphemy' that God can have any issue. Then the history of the Crucifixion is a great stumbling-block. In the opinion of most Moslems, death and corruption are synonymous terms, or mean the same thing, and they are horrified at the idea of the corruption of Christ if Christ were God; and again the doctrine of the Cross is rejected because it seems to imply impotence to intervene on the part of God. It is suggested that the metaphysical relation of the son to the father should more frequently be presented to the Moslem mind in the terms of John's Gospel, as the 'Word of God,' and the term 'son' should receive its content from the historical life.—E. M. W.

The Unitarians of San Diego, California are rejoicing over the completion of a fine new church building costing some \$40,000. It is located in the best part of the city, has a court with "tropical garden," a tower and roof garden with plants, seats, etc., and will seat 1000. There are memorial windows to Channing, Starr-King and Edward E. Hale.

The "kitchenette," Club room and Alliance room are valuable adjuncts. The membership is over 200 and Rev. C. J. Harris is the minister.

## MULLET DEBATE IN THE HOUSE

(Continued from Page 1.) ed by a vote of 27 to 2, only Mahoe and Moanani voting against it. Committee reports took up the first part of the morning and the mullet debate all the rest, so that the House did not make very rapid progress. The Health and Police Committee of the House this morning reported adversely on Correa's bill regarding public shows. Correa's bill prohibited any public show from raising its schedule of admission fees without giving public notice at least twenty-four hours beforehand. The committee reported that the bill took unwarranted liberties in regulating prices. The report was adopted unanimously. Correa acquiescing in the action of the committee.

The same committee reported favorably on Kawewehi's bill providing that the county officers, sheriff, clerk auditor, treasurer, county attorney observe working hours between 9 a. m. and 4 p. m. George P. Cooke of the committee made a notation that he did not concur in the report.

The finance committee reported adversely upon Cooke's bill for the removal of the government stables at the corner of Miller and Hotel streets, Honolulu, to a site to be determined upon. A majority of the committee signed the report, Cooke and Rep. Williamson not concurring.

Bills Introduced. H. B. 189—By Alfonso, amending laws relating to sidewalks.

H. B. 190—By Tavares, amending law relating to withholding portion of salary of Territorial employees indebted to Territory.

Passed Third Reading. H. B. 135 (by Long)—Providing closed season for mullet. Ayes, 27; noes, 2 (Mahoe, Moanani).

H. B. 96 (by Kamanoulu)—Relating to payment of expenses of district courts. Ayes, 20; noes, 0.

Kiyo Maru Sailed for South America. Remaining off the harbor for twenty-four hours awaiting orders, the Toyo Kisen Kaisha freighter Kiyo Maru with passengers and general cargo for Central and South American ports sailed at one thirty this afternoon. The vessel was dispatched through the agency of Castle and Cooke. The vessel had no freight for Honolulu. In transit are a number of European as well as Asiatic passengers.

Mauna Loa Sailed for Windward Hawaii. Taking a shipment of general cargo, some lumber and fertilizer, the Inter-Island steamer Mauna Loa was dispatched for Kona and Kau ports at noon today. A fair sized list of passengers departed for windward Hawaii ports by the vessel.

News was received in this city by the last steamer of the death of Henry E. Brodek in Los Angeles, on March 7. Mrs. Brodek, who is visiting friends in Waialua, is reported to be seriously ill and the news has not been made known to her. Brodek was at one time employed in the business office of this paper, and was a brother-in-law of William Langton of this city.

P. C. Achong, a Chinese who came to these islands nearly sixty years ago, died at his home on Vineyard street last Wednesday and was nearly seventy-eight years of age. He had been a resident of the various islands of the group. The funeral will take place on Saturday afternoon at 3 o'clock from the residence of Wong Leong, on Kamehameha IV. road. The body will be taken to the Roman Catholic Cathedral, and thence to the Catholic cemetery on King street.

Among the passengers arriving on the Wilhelmina, was Mrs. Metta S. Mack, superintendent of the Susanna Wesley Home. After an absence of seven months, most of which time she was confined in a hospital at Cleveland, Ohio, her many friends in the city gladly welcome her back while her family of Oriental orphan children in the Home feel that their "little mother" is once again at the head, although Mrs. Snedeker has very ably filled her daughter's place during her enforced absence. Mrs. Mack has almost fully recovered her health.

In what is known as the Federal District of Mexico, within which lies the capital, the government-owned telegraph system has a card-telegram service. For two and a half cents cards on which may be written ten words are sold and can be dropped in boxes. Collections are frequent and the messages are sent with the same celerity as regular messages. The service is used extensively for social purposes.

## WATER SUPPLY HOYT'S THEME

Federal Expert Declares Much  
Water Is Lost By  
Seepage.

An interesting address was delivered last night before the Hawaiian Engineering Association by J. C. Hoyt, assistant chief hydrographer of the United States Geological Survey. Mr. Hoyt stated that in some plantation ditches the loss of water through seepage amounted to as much

as thirty per cent and gave as his opinion that it pays to cement line the ditches in many places.

Mr. Hoyt outlined the work of the department in Hawaii, stating that most of their attention so far has been devoted to Kanae, where a number of gauging stations have been established. Mr. Hoyt stated that the Federal Government has appropriated \$150,000 for the work of his department in the States and Territories, the \$5,000 for Hawaii being augmented by a similar amount from the Territory.

Mr. Birdseye of the topographical branch of the survey stated that the work in Hawaii had been practically completed and that the lithographed maps would be ready in about a year.

The skirts of chance are quite as narrow as those now so fashionable.

### PERSONALITIES

DR. AND MRS. F. L. ATKINSON returned home in the Sierra today after a visit of some duration on the mainland.

REV. WADMAN will sail in the Claudine tonight for the purpose of making a tour of inspection of the mission stations on the other islands.

MRS. ELLEN IVERS, mother of Mrs. W. G. Irwin and grandmother of Mrs. Templeton Crocker, was an arrival by the steamship Sierra today. Mrs. Ivers comes here to visit her son Richard Ivers with C. Brewer & Company.

C. H. CROCKER, with the H. S. Crocker Company, publishers at San Francisco, is an arrival by the Oceanic steamship Sierra today. Accompanied by Mrs. Crocker, they will pay an extended visit to the islands and then proceed to the South Seas, and thence to Auckland and possibly continue the journey around the world.

### HEADQUARTERS ON HOTEL ST.

Assurance of perfect arrangements for counts and vote issues were given to contestants at the Honolulu Amusement Company's new headquarters this morning. Headquarters have been established upstairs in the building just back of the Empire Theater on the makai side of Hotel street, due to the change in management of the contest from J. W. Winkelbach to J. T. Scully, the general manager of the amusement company.

Contestants and friends are cordially invited to visit the new headquarters and learn of all the arrangements made. It is understood that they are satisfactory to everyone who has so far called.

The automobile contest will be continued in every respect as announced in another part of the paper. The \$1,600 automobile will be on display at the Empire Theater this afternoon and evening.

Comparative standing of the contestants is given below:

Heine Heydenreich	27,523
Mrs. A. W. Seabury	14,050
Miss Alice Brune	6,770
Miss Sarah Kallio	6,124
W. Cluney	3,964
Billy Bergin Jr.	3,730
William Cottrell	3,605
Bernice Watson	3,630

### PROBING DEATH OF WOMAN

Annie Hall, a part-Hawaiian woman, died at the hospital yesterday afternoon in an unconscious condition, following a drinking bout and perhaps an assault which occurred Tuesday afternoon at a house on Auld lane.

The police have in custody a part-Hawaiian, George Myhre, who is believed to know something of the crime, for he was at the woman's home Tuesday afternoon.

Deputy Sheriff Rose held an inquest last evening and tonight another will be held to examine more witnesses, not enough evidence being found last night to warrant a charge being preferred against Myhre.

The average man can make up his mind in half the time a woman can make up her complexion, but no wonder.

## THAT AWFUL BACKACHE

Cured by Lydia E. Pinkham's Vegetable Compound

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness in each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and am enjoying good health. It is now more than two years and I have not had an ache or pain since I do all my own work, washing and everything, and never have the backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. OLLIE WOODALL, Morton's Gap, Kentucky.

Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so surely as Lydia E. Pinkham's Compound.

Write to Mrs. Pinkham, at Lynn, Mass., for special advice. Your letter will be absolutely confidential, and the advice free.

### DRIVER GUILTY; IS FINED \$750

(Continued From Page 1.)

heat of the affray followed his assailant and shot him."

In passing sentence Judge Cooper said:

"I believe that there are extenuating circumstances in this case. The defendant has been manly enough to stand before the court and admit his guilt. I believe from the facts that every effort was made by his assailant to kill him and that he was only prevented from doing so by accident. When the defendant shot at his antagonist he thought he was injured. The law in its mercy looks upon heat of blood as an extenuating circumstance. The defendant can not be charged with the recklessness of other lives that characterized his assailant. These conclusions justify the court in not fixing a penalty of imprisonment. The maximum monetary penalty is \$1000, and I will sentence the defendant to pay a fine of \$750."

Driver's attorneys asked until Tuesday to get the money, and the request was granted by the court. Driver then shaking hands with his attorneys and leaving the Judiciary building.

William McQuaid, who attempted to kill Driver for breaking up his home, was acquitted by a jury on a charge of assault to murder, the defense being emotional monomania.

### MR. DE MELLO IS FOR GUARANTEEING BONDS

Editor Evening Bulletin:—There will be a public meeting called to discuss matters, and to hear from the people as to their opinion in re the bill introduced by Representative Makekau, asking the Territory to guarantee four per cent on the bonds of the Kona-Kau railroad company. I believe this is a good encouragement to railroad corporations, but a few whom I have spoken to even further, saying that the Territory should pay the railroad company two hundred and fifty dollars (\$250.00) for every mile. This was done to the Kohala railroad, which runs from Mahukona, to Niuli, and my opinion is if the Territory can't see its way to help railroad companies, then the counties should do so. This would build the County of Hawaii, and in a few years Oahu would have to stand and look at Hawaii county.

The Kona people have waited long enough for this railroad and it is nothing but fair that the members of the House and Senate work together and get this bill passed.

Thanking you in advance for the use of your columns,

Faithfully yours,  
M. C. DE MELLO.  
Keel, Kona, March 16, '11.

## FORMER BULLETIN TRIP TRAVELER EXPRESSES HER APPRECIATION

### FINAL NOMINATING DAYS BRING MANY NOMINATIONS

#### Belief In Friends Is Manifest By Everyone Who Sends In a Name.

\*\*\*\*  
\* "She was nominated by ac-  
\* clamation as a candidate from  
\* the Central Grammar School."  
\* is the message attached to one  
\* nomination coupon received yes-  
\* terday. Short—but mightily sug-  
\* gestive of an array of faithful  
\* friends to rally to her support  
\* during the Ten Trip Travel Con-  
\* test are the words.

\*\*\*\*  
Sincerity symbolizes the scores of  
nominations that are pouring into the  
contest department during these last  
nominating days. The message quoted  
above is not indicative only of the  
spirit back of this particular nomi-  
nation, but that of all the popular  
persons that are entering.

Belief in friends is manifest every-  
where. Belief that the friend will be  
able to cope with the minor difficul-  
ties, that will be met by the contest  
way, in order to attain the pleasure  
and educational value of one of the  
travel trips.

Such a spirit back of the nomina-  
tions can mean but one thing. The  
Bulletin expansion year contest is  
going to become a memorable one.  
Reward for All.

The number of trips is large enough  
to hold forth promise of reward for  
every active entrant. Travel dis-  
tances have no limit, and the offer  
of other valuable prizes for excep-  
tional work is warrant enough for  
all to make a decisive start. The re-  
sults of the voting for the first few  
weeks will of course give a line on the

leaders and it is in this initial lead  
that the far-seeing candidate sees the  
final possession of one of the trips.

Are you today among the hesitating  
ones? Can you not do what others  
have done? Enter now and have your  
name appear in the first list of candi-  
dates to be printed next Monday.

**Looks Easier Afterwards than Before**  
Search your memory to a time  
when you did something worth while  
and you will remember that the task  
in the retrospective was not so diffi-  
cult as it appeared in the perspective.

Such is often the case with those who  
enter the yearly travel contests of the  
Bulletin. The way may seem diffi-  
cult until a start is really made and  
then the difficulties are lost to sight  
in the amazing surprise almost all feel  
in the loyal support of friends. Often  
the support that counts at the contest  
end comes from those very people  
who scoffed or were sceptic in the  
beginning of the vote canvass.

**Not Charity But Salesmanship.**  
You are not seeking charity but are  
selling something of value when you  
are after votes to be secured from  
subscription payments made to the  
Evening and Weekly Bulletin.

These two papers are known  
throughout the Islands. Go into the  
most isolated district on the Islands  
and you will find a Bulletin reader.  
Where you find a Bulletin  
reader you will find another who  
wishes to become a subscriber to the  
paper that always prints the news.

The paper's progressiveness will be  
well known to everyone with whom  
you talk.

You will find it almost as easy to  
secure subscriptions from strangers  
as from friends, when you tell them  
you are selling the Bulletin in  
order to earn a coast trip. There is  
no need to stop and show samples—

One of the 1910 Bulletin Travel  
Party.

when the Bulletin is your stock  
offering—it is too well known. Every-  
one knows the paper although  
not all are subscribers. When not,  
the only reason is that someone has  
not asked them to take it. They will  
respond readily when you make your  
request for a subscription.

**Start At Once.**  
Do not postpone coming in after  
your receipt books. Some of the  
candidates have already started to  
work and it is in the beginning that  
you will get the encouragement that  
will make your wavering hopes turn  
to enthusiasm.

## TO HONOR GREAT HYMN WRITER

### Oahu Christians Will Sing Favorite Songs of Author.

The ninety-first anniversary of the  
birth of Fanny Crosby will be cele-  
brated this evening in the Methodist  
church by the Oahu Young People's  
Christian Union.

Fanny Crosby was the author of  
many of the hymns that are sung in  
the Christian churches throughout the  
world.

A number of the hymns will be sung  
in Korean and Portuguese.

The program for tonight will be as  
follows:

Song service, consisting of Fanny  
Crosby's selections, led by Frank Lee.

Prayer, led by Rev. R. E. Smith of  
the First Methodist Episcopal church.  
Selection by the Kawaiahao choir  
(Hawaiian).

Action on proposed amendment to  
the constitution of the O. Y. P. C. U.

Song in Korean, "Face to Face"  
(Fanny J. Crosby), by the Susannah  
Wesley Home.

Reminiscences of Fanny J. Crosby,  
by C. J. Day; a ten-minute address.  
Mr. Day will also read a personal let-  
ter written by her to the convention.

Song in Portuguese, "Glory to God"  
(Fanny J. Crosby), by the Portuguese  
Christian Endeavor Society.

Offering, Song by the Kawaiahao C.  
E. Juniors, "Memories of Galilee."  
Rollcall of societies.

A twenty-minute address by the Rev.  
David Carey Peters of the Christian  
church, "The Genius of the C. E. Move-  
ment."

Solo by Frank Lee.  
Presentation of the banner.  
Mepah.

## 2000 Bonus Votes

## TRAVEL TRIPS GIVE PERMANENT PLEASURE

Honolulu, T. H., March 22, 1911.  
Manager of Evening Bulletin, Honolulu, T. H.  
Dear Sir:—In requesting you to not put my name in the  
Evening Bulletin's contest this year, I do so because I  
do not wish to take votes from others who have not before en-  
joyed the pleasure of Bulletin travel hospitality. I have  
never been quite able to fully express my appreciation to my  
friends and the Bulletin, who made possible my trip to  
San Francisco and Yosemite Valley last year. This seems  
an opportune time while so many are considering entering  
the travel contest.

The Evening Bulletin gave the travel party of 1910  
everything promised and the pleasure derived will long be re-  
tained in memory. The knowledge that the trip was a reward  
for the efforts of my friends and myself increases that pleas-  
ure.

I intend to help several people to secure one of the ten  
trips this year. I only wish it were possible to aid everyone,  
who desires one of the trips, as much as each of my friends  
assisted me.

Yours very truly,  
MISS ANGIE PANGELINAN.

## OBJECTIONS TO KAU BILL

### Faxon Bishop and Attorney Ballou Voice Criticism at Hearing.

At a meeting of the Senate Ju-  
diciary Committee yesterday afternoon  
several strong protests were made as  
to the form of the Kau ditch bill,  
principally by S. M. Ballou and Faxon  
Bishop. The meeting was largely at-  
tended, the terms of the bill being  
defended on behalf of the ditch com-  
pany by Frank Thompson and J. T.  
McCrosson.

The general objection made to the  
bill, which the Legislature has been  
asked to approve and submit to Con-  
gress in the form of a resolution ad-  
vocating its passage, was grounded  
on the belief that it did not possess  
enough safeguards and would allow  
the company unrestricted power.

The objections were met by J. T.  
McCrosson and Frank Thompson who  
both expressed a willingness to ac-  
cept reasonable amendments, reiterat-  
ing that they had no intention of  
interfering with the rights, land or  
water, in the Hilo district.

After an explanation of the general  
purpose of the bill by Mr. McCros-  
son, Judge Ballou asked whether it  
was not a fact that the company  
would be empowered to acquire pri-  
vate water rights according to the  
terms of the bill. Judge Ballou in-  
sisted that there should be some pro-  
vision in the bill that would specifi-  
cally state that water should not be  
acquired by condemnation.

McCrosson then stated that it was  
not the intention of the company to  
depend on anything but government  
water but that in the event of private  
water being needed it might open ne-  
gotiations with private owners.

Ballou objected specifically to the  
provisions of section two of the bill  
which he stated might prevent any-  
one else from operating an irriga-  
tion ditch in the district controlled  
by the company. He then read a let-  
ter from Manager John Ross of Ha-  
kaloa, protesting against the bill be-  
cause it might cut off the water sup-  
ply of the plantation by taking water  
from the mauka sections.

Ballou also insisted that the water  
supply of Hilo was not sufficiently  
safeguarded, stating that the com-  
pany might run tunnels with a result-  
ant harm to the water sources of the  
district.

"It is not the intention of the com-  
pany to interfere at all with the water  
supplies of the Hilo district," stated  
McCrosson with emphasis. "We want  
to take the water that is now running  
into the sea to Kau the surplus water  
and the surplus water only."

Faxon Bishop stated that he did  
not wish to see the water resources  
of Hilo endangered in any way and  
objected strongly to the provision al-  
lowing the irrigation company to op-  
erate also as a land company. Thomp-  
son stated that they would agree that  
this should be stricken out.

Mr. Bishop stated that the interests  
of Hilo should have the first con-  
sideration and that no possibility of  
needed water for that district going  
to Kau in the ditch should be toler-  
ated.

Chairman Judd of the Judiciary  
Committee stated that another hear-  
ing will be held before action is tak-  
en by the committee in reporting the  
bill to the Senate.

## YOUTH'S PRIVILEGE.

Friend—You took my son into your  
office three months ago to learn the  
business. How is he getting along?  
Broker—Oh, swimmingly. He's teach-  
ing me now.

## PERTINENT QUERY.

I have a lot of self-esteem.  
It is no more than meet;  
But why should my neighbors seem  
To show so much conceit?

## NEW PROMOTION CLUB FORMED

### Hands-Around-the-Pacific Hui For General Bet- terment.

The Hands-Around-the-Pacific Club  
was formerly organized yesterday af-  
ternoon at its future headquarters in  
the office on King street, formerly oc-  
cupied by the Evening Bulletin.

The first resolution passed by the  
club was to support and promote the  
plan of a round America Pan-Pacific  
exhibition train. Delegates were pre-  
sent from the various Pacific Ocean  
countries and will take the matter up  
with their home governments.

In organizing the club the follow-  
ing resolution was unanimously pas-  
sed.

"Recognizing the initiatory and  
earnest work of Hon. Walter F. Frear,  
Governor of Hawaii, in bringing about  
a Pan-Pacific hands across the sea  
feeling of fellowship, we the mem-  
bers of the Hands-Around-the-Pacific  
Club hereby enroll his name as hon-  
orary president of our organization  
and that of his earnest co-worker in  
Australia, Percy Hunter, as honorary  
vice-president.

The following active officers were  
also unanimously elected: T. E. Sedg-  
wick, of Peru, President; V. L. Stev-  
enson, of Australia, vice-president; C.  
F. Maxwell, of New Zealand, treasur-  
er; G. H. Tuttle, of California, sec-  
retary; S. Sheba, of Japan, auditor.

**Objects of the Club.**  
The name of the organization will  
be "The Hands-Around-the-Pacific  
Club." The advisory board of the  
Pan-Pacific Tourist Bureau, repre-  
senting residents in Honolulu of ev-  
ery Pacific land as incorporators act  
as the club's executive committee.

Membership is open to any person  
who or has been a resident in any  
Pacific land or island, who pays one  
dollar a year dues and subscribes to  
the following objects of the Hands-  
Around-the-Pacific Club.

To promote in Hawaii a feeling of  
fellowship among those resident there  
who are from the various Pacific  
lands and islands, or who have visited  
them.

To spread abroad around the Pacific  
a knowledge of Hawaii, and to  
secure from each other and from  
around the Pacific a better knowledge  
of the lands in and about the great  
ocean, and the objects aims and am-  
bitions of their respective peoples.

To aid in securing co-operation on  
the part of the many Pacific govern-  
ments in worthy projects looking to-  
ward the attraction from Europe and  
America of tourists, immigrants, busi-  
ness men and all whose presence in  
Pacific lands will be a distinct gain  
to the common interests of all who  
live about the Pacific.

To take active part in any move-  
ment directed toward the betterment  
of Hawaii as a place of residence or  
a land to visit.

To keep alive a pride in the land  
we live in as well as in the land from  
whence we came, and to do all that  
we can to make both more worthy of  
that pride.

## SALARY SCHEDULE RADICALLY AMENDED

H. B. 96, amending the laws relat-  
ing to salaries of district magistrates  
and clerks was further amended in  
the House yesterday afternoon and as  
it now stands, the following changes  
in salaries are noted:

Honolulu magistrate to receive  
\$3000 a year instead of \$3300; first  
clerk, Honolulu court, \$125 instead of  
\$150 a month; second clerk, \$110 in-  
stead of \$125 a month; Waikuku magis-  
trate \$125 instead of \$100; Maku-  
wao magistrate, \$100 instead of \$85;

Puna magistrate, \$90 instead of \$75;  
Lihue magistrate, \$100 instead of \$80;  
and Waimea magistrate, \$90 instead  
of \$80 a month.

**ANYBODY KNOW HIM?**  
The International Typographical Journal for this month contains the following:  
No. 572 had the sad privilege of looking after the funeral and burial of J. E. F. Smith, better known as "Texas" Smith, who fell dead on the street here on the morning of January 28. All efforts to locate relatives so far have proved fruitless, save a vague rumor that he has a daughter in Honolulu and also a daughter in Detroit. On his person were found two or three letters and his traveling card bearing the January stamp, so with the aid of the International burial fund we were able to put him away nicely. Anyone knowing his relatives might confer upon them a favor by placing them in communication with the undersigned.

**GEN. MADERO**  
**ISSUES DECREE**  
(Associated Press Cable.)  
WASHINGTON, D. C., Mar. 23.—Provisional President Madero of the revolutionary forces has notified Washington that he has issued a decree to meet that of President Diaz, who intends to suspend the constitutional guarantees and treat the revolutionists as brigands.  
Madero announces that he will hold personally responsible any person interested in the promulgation of any notice of the suspension of the constitution, and any person assisting in the enforcement of any such promulgation on the part of the Mexican government.  
Should, by reason of the suspension, any captured insurgent be executed without a legal trial, he will hold the ones carrying out the trial and execution as murderers and treat them as such on the first opportunity.

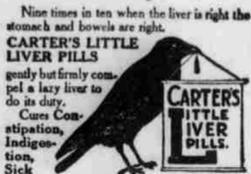

**REBELS AND FEDERALISTS**  
**HAVE A SHARP SCRAP**  
AGUA PRIETA, Sonora, Mex., Mar. 23.—The federalists were victorious in a sharp engagement between small forces here today. The revolutionists held their ground until thirty-six had been killed, when they broke and fled into the mountains. The federal loss in killed is eight.

**FATAL FIRE SWEEPS**  
**THE CANAL ZONE**  
COLON, Panama, Mar. 23.—A serious fire broke out here today, doing damage before it could be checked to the amount of three hundred thousand dollars. Several lives were lost in the flames. Fifty houses and three churches were destroyed.

**MAKE THIS TEST**  
**How to Tell If Your Hair Is Diseased.**  
Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. 98 per cent of the people need a hair tonic.  
Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.  
We want everyone whose hair requires treatment to try Rexall "93" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and cure baldness.  
It is because of what Rexall "93" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c and \$1.00. Sold only at our store—The Rexall Store, Benson, Smith & Co., Ltd.

**MAY NAME NEW PARK**  
**AFTER ANCIENT HERO**  
The proposed park in upper Nuuanu Valley, to be made of the former Queen Emma property, may be called "Kealiimāikai Park" instead of being named after either Judge S. B. Dole or Delegate Kuhio. Members of the public lands committee of the House, to which was referred Towse's resolution naming the park for Dole, yesterday afternoon visited the spot and heard a legend of the part that Kealiimāikai, who was a brother of Kamehameha I, played in the famous battle of the Pal. The battle took place, it is said, partly on the site of the park, and it is now proposed to name the park after the brother of Kamehameha.

FACING the beautiful park in the heart of the city, which is the theatre of the principal events of the famous festivals of San Francisco, this hotel, in environment and atmosphere, expresses most pleasantly the comfortable spirit of old California.

The royalty and nobility of the Old World and the Far East and the men of high achievement in America who assemble here contribute to the cosmopolitan atmosphere of an institution which represents the hospitality and individuality of San Francisco to the traveler.

The building, which marks the farthest advance of science in service, has now the largest capacity of any hotel structure in the West, and upon completion of the Post street annex will be the largest carvansary in the world.

COOKE WON FROM BARTLETT TWO OUT OF THREE SETS

Steady Play of Cooke Stronger Than Brilliant But Erratic Work of Bartlett—Latter Really Beat Himself in Last Set When Poor Judgment Used.

P. R. Bartlett beat himself in the last set played with Cooke yesterday afternoon, and now Cooke and Castle battle for the championship today in the most important tennis tournament on the cards in Honolulu.

Never was more brilliant playing seen in Honolulu than that Bartlett put up at times yesterday when he was in a tight place, but as soon as the immediate danger was passed he let up and allowed his opponent to walk away.

The first set went to Bartlett 6-3, the second to Cooke 6-3, and then Cooke took the third event to the same score.

In the first set both men were in fine shape, and the brand of tennis put up was the best that could be asked by the most enthusiastic fan. The serves of both men and their returns were of first-class order, and the way that the ball was kept going over the net was good to see.

In this set Bartlett outclassed Cooke from the start and took the event by allowing his opponent only three games.

The next set went just the other way, and Cooke kept Bartlett jumping from one side of the court to the other during the entire set, which he won by the same score that his opponent had won the first set of the day.

It was in the third set that Bartlett lost his chance, for he had four separate chances to win out, but he really beat himself when it comes down to the final analysis.

Both men were well tired out in the third set, but Cooke played a steady, consistent game, while Bartlett was erratic in the extreme.

Pressed too hard, Bartlett would make returns of balls sent over by

Cooke which brought forth prolonged applause from the spectators, and then when things were going easy he would smash into the net or behind the back line in his return.

With a handicap of fifteen and Cooke minus fifteen, there were four times in the last set when Bartlett had forty and his opponent minus fifteen. One point would have won the game and probably the set in each of these instances, but Bartlett laid back and let Cooke crawl up to deuce and then pass him to win out in the game and set.

From two-all, Bartlett let Cooke win three straight games, bringing the score to 5-2, and then on his serve in the next game beat Cooke out, not allowing him a point in the game.

That was the last rally, however, and Cooke took the next game and the set, the score being the same as in the previous ones.

It was great tennis all the way through, and the steady work of Cooke won out in the end over the more brilliant but erratic work of his opponent.

The tennis played in all the sets of this tournament has been such that the spectators have been entirely satisfied with the entertainment furnished them, and that there will be a good-sized crowd out today and tomorrow goes without saying.

Castle and Cooke battle in the finals this afternoon, and both men start from scratch in the sets which are to decide the championship of the year in the Wall Cup tournament.

The winner of the go this afternoon will meet Atherton Richards, the present champion, tomorrow afternoon, who is to defend his title against the winner of this year's tournament.

WHY THE OMISSION?

Some time ago the Advertiser sport man was much interested and of an inquiring mind when he thought the Bulletin writer had made a mistake of twenty-four hours in the announcement of the time the Wall Cup tournament was to be started.

The semi-finals in the tournament, the most important in the tennis world here, have been on for the past two days and the Advertiser has given nothing of the results to the public. Read the Bulletin for the news.

DOTS AND DASHES.

It has been decided that A. E. Larimer will succeed to the work which has been done by R. S. Gault in the boys' league, and that there will be ten teams in the baseball work this season. The teams are divided into two sections, the eastern ones comprising Mills Institute, Punahou, Iolani, Kahanu and Normal; and those of the western section being Kamehameha, Kailani, Central Grammar, Royal and St. Louis.

Kauliwa club is to give a farewell entertainment in honor of Mr. and Mrs. R. S. Gault at the clubhouse, Vineyard street, next Tuesday evening. Mr. Gault has done much for the club, and on the eve of his departure the boys will show their appreciation by the entertainment next week.

Sergeant Camp is making a well-trained lot of youngsters out of the Boy Scouts under his charge, and within a few weeks the organization will be a great credit to the youngster. The hike this week will be up the Paia, starting from the end of Nuuanu carline.

Without any handicap, Bockus now believes that he can beat Bartlett, even if the tables were turned the other way two days ago. He was a strong supporter of the newspaper man yesterday in the match with Cooke.

Baseball practice started at Onu yesterday and an entirely new team will have to be formed, most of those on the nine last year now being out of college.

Dr. Hand, physical instructor at Y. M. C. A., has been confined to his home for several days with dengue fever.

ABE WILL RETURN TO RING THIS MONTH

CHICAGO, March 11.—Abe Attell, the feather-weight champion, who has been out of the ring for several weeks with a badly wrenched shoulder, was matched yesterday to meet Frankie Burns, the Jersey City bantam-weight, in a ten-round bout. Attell and Burns will battle at the National Sporting Club, New York, on March 31st. They will meet at 118 pounds ringside.

NOT MUCH ENTHUSED OVER A. A. U. IDEA

There seems to be a strong objection by the schools in Honolulu to joining the local branch of the A. A. U., but just what this objection can be is hard to see.

The A. A. U. is the only official organization which has to do with amateur sports and the records made in them, and unless athletes in the schools here are registered with the organization, their records go for nothing.

In the recent track meet there were some runs made which were worthy of a place among the records made by the fellows in school on the mainland, but they will never be accepted as official records for the reason that the boys making them were not members of the A. A. U.

At a meeting held last evening in the office of Lorrin Andrews, both Andrews and Paul Super of the Y. M. C. A. spoke of the work of the union and what it had done to keep amateur athletics clean and out of the muck.

President Griffiths of Onu said that he did not see how the college athletes would benefit by joining the organization, but that it should devote its attention to cleaning up athletics "down-town."

HALF MILLION SEE FLIGHTS

"At least half a million people witnessed the series of aeroplane flights made by "Bud" Mars and Schriver at Kobe and Osaka, Japan," declared Captain Baldwin, the veteran aviator and aeroplane operator, who is now returning from a season spent in the Far East, and is a passenger in the Pacific Mail liner Persia, en route to San Francisco.

"Let me also add," continued Captain Baldwin, "that the Manila bunch are certainly a warm crowd. We were the center of all sorts of entertainment during our stay at the Philippine capital. We gave a series of eight flights. Mars made a record ascension at the Philippine Carnival grounds, soaring to a height of over 6000 feet. The conditions were as well near perfect as could be desired."

"We were immensely pleased with our treatment and reception at the hands of the live wires among Americans at Manila."

Baldwin states that the British authorities did not take at all kindly to the proposition to hold an exhibition at Hongkong. While a reluctant consent was finally forthcoming, there were so many strings attached to the permit that the financial success of a flight was almost out of the question.

While some forty thousand persons paid admission to witness the aeroplane flights at the Japanese ports, at least several hundred thousand saw the flying machines soar from the outside and throughout the populous cities of Kobe and Osaka. The exhibition was given under the auspices of the Osaka Mainichi, one of the great dailies of Japan.

"Osaka has a population of nearly a million people, and it is to all intents and purposes the Chicago of Japan. Kobe, the shipping port, has nearly a half million," stated Baldwin.

He says that Mars and Schriver are to remain in Japan for a few weeks more before taking the back trail for the United States. The exhibitions have been a great success from every standpoint, according to the doughty aviator.
