MEXICAN REBELS SEE VICTORY

OIL MEN TALKING OF NEW STOCK ISSUE

Honolulu Consolidated Stockholders Discuss Plan to Raise \$500,000.

CONFERENCE HELD TO GET LOCAL OPINION

Formal Action Will Be Taken After Return of Capt. Matson to San Francisco Head Office.

Local stockholders of the Honolulu Consolidated Oil Company held an important conference with Captain Wm. Matson this morning to discuss the future policy of the company.

The recent law passed by Congress enables this company to perfect its title to large tracts of oil lands the status of which had been in doubt owing to the executive order withdrawing certain lands. Under this law the Consolidated Company should proceed with development work in order to keep faith with the government and secure final patent to the land.

The problem for the stockholders is whether to raise the money for this new work by assessing the present stockholders or issuing new stock. The amount of money required is in the vicinity of \$500,000.

At the conference this morning the general opinion of those present was that a new issue of stock would be preferable, as an assessment might pinch some of the smaller stockholders in the enterprise. No formal action was taken. The officers of the company are located in San Francisco, but previous to his departure Captain Matson wished to get an expression of views from the Honolulu stockholders.

"WHITE HOPE" WINS FROM MIKE SCHRECK

(Special Bulletin Cable)
SAULPAPA, Okla., Mar. 28.—Carl Morris, one of the numerous "hopes of the white race" in the pugilistic line, today knocked out Mike Schreck, the veteran heavyweight, in the sixth round.

RUMOR THAT REBELS LOST HARD BATTLE

(Associated Press Cable)
CANANEA, Mex., Mar. 28.—It is reported here that the rebels lost seventy men killed and at least 100 wounded in the battle of Ures, which was fought yesterday. The federal forces lost sixteen dead and twenty wounded.

Thetis Ordered to Alaska; Cutter Bear Going North, Too

Capt. Cochran and Men Change From Coral Strands To Icy Mountains.

"Ho! for Alaska," is the word out on the revenue cutter Thetis in the harbor these days, and in just a few weeks the little vessel, which has been chasing bird poachers at Laysan and looking for smuggled dope around the Islands for many months, will turn her prow northward for Arctic waters.

Orders were received in the last mail that will send the vessel northward for the summer season, at least, and perhaps for a long stay in the cold climate of the northland.

The Thetis will go to the north in

Indorse Changes In School Bill

Senate Passes Measure With Unanimous Vote On Second Reading

THIRTY-FIFTH DAY.

The school bill passed second reading in the Senate this morning, with amendments recommended by the ways and means committee. The amending report of the committee was adopted without opposition, the Senate apparently being fully satisfied with the bill as it now stands.

The changes in the schedules of the general fund for the biennial period are as follows:

Salary of superintendent, \$7200.

Salary of inspector, \$4800.

Salaries of office force and general expenses, \$23,200—Salary of secretary, \$3600; salary of assistant clerk and bookkeeper, \$3600; salary of two stenographers, \$4800; salary of one messenger, \$1200; general expenses and summer schools, \$10,990.

Traveling expenses, inspector of schools, \$1500.

School supplies, \$40,600—Equipment and material for industrial training, (Continued on Page 6)

PORTUGAL SENDS A CENSUS ORDER

Consul Instructed to Count Subjects of Republic In Hawaii.

Orders have been received by A. de Souza Caravano, Portuguese Consul here, from the new Republic of Portugal to begin a special census of Portuguese subjects in the entire Territory, and the work of counting will shortly be started. It is to be finished within about ninety days, and forwarded to the home government.

It is believed that this is a part of a world-wide census undertaken by the authorities of the newly created Republic, to get some idea of the numbers of the scattered subjects as well as to find out the inroads made upon them since the revolution. Thousands of Portuguese are residents of the Territory of Hawaii but a great many of them have become American citizens and the same is true of Portuguese elsewhere.

An electric railroad tunnel under the sea to connect Sweden and Denmark has been proposed.

JOHNSON MUST SERVE 25 DAYS IN JAIL

(Associated Press Cable)

SAN FRANCISCO, Cal., Mar. 28.—The steamer Senator, formerly in the Alaskan trade, has been fitted out to carry 1000 passengers and today cleared for Honolulu. Her mission has been kept absolutely secret, the officers and crew professing ignorance of the reason for the trip.

Local shipping men are inclined to believe that the Senator is coming to carry immigrants, and that it probably has been chartered for the backers of Craig and Ogawa, the labor agents now recruiting here.

—

MEXICO CABINET TAKES OFFICIAL OATH

(Associated Press Cable)

EL PASO, Tex., Mar. 28.—Apparently sure that he can enforce the powers of a president of the Republic of Mexico, General Francisco Madero, the insurgent leader, today issued a manifesto forbidding guerrilla warfare, organizing seven war zones and declaring them under military law, and promising promotions and pensions for those who are faithful to the insurgent cause.

—

FATHER OF MADERO SEES PEACE AHEAD

(Associated Press Cable)

SAN ANTONIO, Tex., Mar. 28.—General Madero's father, who is in this city, declares that peace is possible in ten days. It is planned, according to reports, that Ramon Corral, minister of the interior, is to retire, and that President Diaz will soon resign.

—

GERMAN INSTRUCTOR TO TURKISH ARMY KILLED

(Associated Bulletin Cable)

CONSTANTINOPLE, Turkey, Mar. 28.—Col. Von Schlichting, German military instructor to the Turkish army, was today shot and instantly killed by an Albanian soldier out of revenge for a reprimand.

—

REPORT UNCONFIRMED

(Associated Press Cable)

SAN DIEGO, Cal., Mar. 28.—The reported executions of General Berthold and six other rebels is unconfirmed.

—

AMERICAN REPORTED EXECUTED WITH REBELS

(Associated Press Cable)

MEXICALI, Mex., Mar. 28.—A fugitive insurgent who has arrived here reports that General Berthold, the American insurgent who was in the battle of Alamo Pass and reported slightly wounded, has been captured, together with six other rebels, and all were executed at Ensenada.

Masonic Temple Weekly Calendar

MONDAY: Oceanic—Stated.
TUESDAY: Honolulu—Second Degree.
WEDNESDAY: Hawaiian—Third Degree.
THURSDAY:
FRIDAY:
SATURDAY:

All visiting members of the Order are cordially invited to attend meetings of local lodges

Meet on the 2nd and 4th Mondays of each month at K. P. Hall 7:30 P. M. Members of other Associations cordially invited.

HAWAIIAN TRIBE, No. 1, I. O. R. M.

Meets every first and third Thursdays of each month at Knights of Pythias Hall. Visiting brothers cordially invited to attend.

H. FOSTER, Sachem.
E. V. TODD, C. of R.

HONOLULU AERIE, 140, F. O. E.

Meets on the 2nd and 4th WEDNESDAY evenings of each month at 7:30 o'clock in K. of P. Hall, corner Beretania and Fort streets.

Visiting Eagles are invited to attend.

GEO. A. DAVIS, W. P.
WM. C. NOCOY, Sec.

HONOLULU LODGE, 616, B. P. O. E.

Honolulu Lodge No. 616, B. P. O. E., meets in their hall, on King Street, near Fort, every Friday evening. Visiting Brothers are cordially invited to attend.

JAS. D. DOUGHERTY, E. R.
GEO. T. KLUEGEL, Sec.

WM. MCKINLEY LODGE, NO. 8, K. of P.

Meets every 2nd and 4th Saturday evening at 7:30 o'clock in K. of P. Hall, cor. Fort and Beretania. Visiting brothers cordially invited to attend.

F. F. KILBEY, C. C.
E. A. JACOBSON, K. R. S.

JURY VIEWED SCENE OF CRIME

Jurymen empaneled to investigate the brutal murder of a Japanese woman named Okinaga, have visited the scene of the terrible crime, and an inquest will be conducted tonight by Coroner Charles Rose.

Kobayashi, the diminutive Japanese, who is charged with having committed the deed, and has admitted his guilt to Chief of Detectives McNamee, languishes at the police station until his preliminary examination in the lower court.

Despite the confession that has been made by the Japanese, the officers have succeeded in securing a quantity of blood stained clothing that has been positively identified by friends of the Japanese as being his property and personal effects.

Chief McNamee encountered all sorts of difficulty in finally rounding up the man who is now charged with the murder of the woman.

His wanderings were traced by the alert officers and the man-hunt extended from Waikiki to Ewa, thence to Peninsula. At the latter place the officers came to several Japanese fishing sampans within a quarter of a mile of the house where the murder had been done. Laying in the bottom of one of the boats, making a futile attempt to conceal himself under some spare sails, was found the small Japanese who is now an inmate in the City and County jail.

A BALTIMORE SUN HEATER for heating THE BATH is one of the greatest conveniences in the world. Write today for prices and circular and let me convince you. WARREN B. CRAW, Box 569, Honolulu.

LOCAL AND GENERAL

The Bulletin telephone numbers have not been changed with the location of the paper. They remain the same as printed in the telephone directory—Business office, 2256; editorial rooms, 2185.

Autos: \$1 per hour. Lewis Stable. Try a case of Pinocchio. It is pure Phone 1557.

A marathon race is being arranged between King, Kaan and Tsukamoto.

All personal taxes (poll, road and school) not paid before April 1 will be subject to a penalty of ten per cent.

Walt, Nichols Co., Ltd., have a fine line of Easter cards from 2 for 5 cents to 50 cents each. Don't miss seeing them.

Pay cash and ask for green stamps. They're free. Call at the show rooms and see what you get free for stamps.

For distilled water, Hires Root Beer and all other popular drinks, ring up Phone 2171. Consolidated Soda Works.

Work of laying a new sidewalk on the Waikiki side of Bethel street, between King and Hotel streets, was started this morning.

Furnish mail lists to the Bulletin, and People and Places of Hawaii will be mailed to your friends for twenty cents a copy.

The funeral of Stanley Colman Simpson, infant son of Mr. and Mrs. H. S. Simpson, will be held at 4 o'clock this afternoon from the family residence, 1838 Anapuni street.

The suit of John Winkelbach against the Honolulu Amusement Co. for alleged violation of contract will come on for a hearing in Judge Robinson's department of the Circuit Court Thursday.

Attorney General Lindsay has decided not to draw up a fly screening order, directed to the users of stables at the fish market. During the presence of cholera the Board of Health made a resolution compelling the placing of screens but Attorney General Lindsay has decided that it will be better to wait until the Supervisors pass an ordinance.

W. O. Smith and C. P. Inake trustees of the estate of Liliuokalani, appeared before the Senate Committee on Ways and Means yesterday to advocate the increase of the Queen's pension to \$1250 a month. Mr. Smith said that the estate was heavily involved and that the increase would mean much to the Queen, in addition to showing her the good will of the Legislature.

The order will therefore go into effect unless there is an outbreak of fresh cases of illness before the time set for the lifting of the quarantine.

Dr. Rasmus stated this morning that in view of the fact that the Pacific Mail Liner Korea was sailing for the coast on the 31st of the month and taking at least three hundred Asiatic steerage passengers, the quarantine in this particular instance would not be lifted until the departure of that vessel.

Trans-Pacific Shipping.

A remarkable situation in shipping exists on the Pacific Ocean. It is understood that at least two of the three lines which afford the bulk of the passenger accommodations across the Pacific from American and Canadian ports have not been profitable for several years, and yet all three lines announced their intention of immediately constructing larger, faster, and better ships for the trans-Pacific service.

The first announcement was made by the Toyo Kisen Kaisha (Japanese), which has a sailing from San Francisco to Hongkong once a month on the Pacific, each of 21,000 tons displacement, turbine engines, and luxurious accommodations. The company is building a third ship of the same class, slightly larger, with turbine engines and superior accommodations, and its announced policy is of further construction after the new ship is launched in July.

These Japanese ships have always had a freight traffic agreement and a joint passenger schedule agreement with the Pacific Mail Steamship Company, the American line operating the chief passenger and freight service between San Francisco and Hongkong by way of Honolulu and Japanese and Philippine and Chinese ports. In July last the Japanese company withdrew from the arrangement and established freight traffic agreement with the Western Pacific Railway, the new transcontinental line in the United States.

The Pacific Mail Company then commenced constructing two new steamers, larger, faster, and better than anything else on the Pacific, of the George Washington class of German ships on the Atlantic. They are to be of 40,000 tons displacement, will carry over 500 first-class passengers.

The value of having in Honolulu a thoroughly equipped and modern house of paper and printers' supplies has been in evidence through the misfortunes of the Garden Island Publishing Company that was burned out the other day.

Bridgewater & Hopper, the lessees of the Garden Island, immediately following the fire got in communication with the Hawaiian News Company of this city and found Manager John Soper in a position to supply them with most everything they needed from the local stock of his supply house. The type and all the furniture for the job printing and news plant were ready to ship immediately from Honolulu to Lihue. The paper stock was also replenished from the Hawaiian News stock. Practically the only thing not carried in stock by this company was the presses, but what was required in this line was ordered through the Hawaiian News Co. by cable from the Coast and will come in record breaking time.

The original plant of the Garden Island was furnished by the Hawaiian News Company.

WASHINGTON HAS ORDERED QUARANTINE TO BE RAISED

March Thirtieth the Last Day For Enforcement of Restrictions—Korea Will Carry Nearly Three Hundred Steerage Passengers—Crook Was Standing Still, So Say Manila Officers.

A cablegram received from Washington this morning by Chief United States quarantine officer for the port authorizing the removal of quarantine restrictions imposed some weeks ago pending the prevalence of infectious disease at Honolulu.

March 30th is designated as the time set for the restoration of former existing regulations for the governing of health and sanitation matters here. The removal of the quarantine did mean the elimination of inspection on all inter-island vessels, the abandonment of fruit and sampan inspection. No longer will swimming in the harbor be prohibited by the removal of the bar and last but not least it means the removal of many inconvenient regulations that must be gone through with by departing passengers for the Pacific Coast.

The order will therefore go into effect unless there is an outbreak of fresh cases of illness before the time set for the lifting of the quarantine.

Dr. Rasmus stated this morning that in view of the fact that the Pacific Mail Liner Korea was sailing for the coast on the 31st of the month and taking at least three hundred Asiatic steerage passengers, the quarantine in this particular instance would not be lifted until the departure of that vessel.

Trans-Pacific Shipping.

A remarkable situation in shipping exists on the Pacific Ocean. It is understood that at least two of the three lines which afford the bulk of the passenger accommodations across the Pacific from American and Canadian ports have not been profitable for several years, and yet all three lines announced their intention of immediately constructing larger, faster, and better ships for the trans-Pacific service.

The first announcement was made by the Toyo Kisen Kaisha (Japanese), which has a sailing from San Francisco to Hongkong once a month on the Pacific, each of 21,000 tons displacement, turbine engines, and luxurious accommodations. The company is building a third ship of the same class, slightly larger, with turbine engines and superior accommodations, and its announced policy is of further construction after the new ship is launched in July.

These Japanese ships have always had a freight traffic agreement and a joint passenger schedule agreement with the Pacific Mail Steamship Company, the American line operating the chief passenger and freight service between San Francisco and Hongkong by way of Honolulu and Japanese and Philippine and Chinese ports. In July last the Japanese company withdrew from the arrangement and established freight traffic agreement with the Western Pacific Railway, the new transcontinental line in the United States.

The Pacific Mail Company then commenced constructing two new steamers, larger, faster, and better than anything else on the Pacific, of the George Washington class of German ships on the Atlantic. They are to be of 40,000 tons displacement, will carry over 500 first-class passengers.

The value of having in Honolulu a thoroughly equipped and modern house of paper and printers' supplies has been in evidence through the misfortunes of the Garden Island Publishing Company of this city and found Manager John Soper in a position to supply them with most everything they needed from the local stock of his supply house. The type and all the furniture for the job printing and news plant were ready to ship immediately from Honolulu to Lihue. The paper stock was also replenished from the Hawaiian News stock. Practically the only thing not carried in stock by this company was the presses, but what was required in this line was ordered through the Hawaiian News Co. by cable from the Coast and will come in record breaking time.

The original plant of the Garden Island was furnished by the Hawaiian News Company.

229,000 feet of lumber, according to advices received at the local quartermaster department, to be used in the construction of permanent barracks at Leilehua, and the prediction was made at the time of departure of the Pacific Mail Liner *Wilhelmina* from San Francisco that nearly one thousand tons of effects belonging to the Second would have to be left behind for another transport, or may be sent forward by a liner.

Hyades An Early Arrival.

Bringing 665 tons general cargo from the mainland a shipment of 160,000 feet of Puget Sound lumber and ten head of prize cattle, the Matson Navigation Company freighter *Hyades* arrived at the port at an early hour this morning. The *Hyades* met with fair weather from Seattle and Tacoma where the last of her freight was taken on board. The vessel will be given a prompt dispatch through the agency of Castle & Cooke and is due to call at Kahului, Port Allen and Kamapali to discharge freight and lumber and to load sugar for San Francisco. The freighter is expected to sail from the last port of call in the islands on or about April 5th. Chief Officer Cahill formerly in the *Hilani* and *Wilhelmina* is now first mate in the *Hyades*, taking the place of James Russell who has been transferred to the *Wilhelmina*.

Districted Bark Rides at Anchor.

The American barkentine *James Johnson* from Newcastle, N. S. W., with two thousand tons coal consigned to San Francisco, which put in Honolulu in distress, still rides at anchor outside the harbor.

Chief Officer Guthrie, accompanied by Mrs. Jensen, the widow of the late Captain Jensen, master of the vessel came ashore this morning and began negotiations toward relief from the present distressed conditions prevailing on board the barkentine.

It is understood that the vessel is making water owing to the opening of a number of seams during a time that the *James Johnson* labored under a trying battle with adverse gales and rough seas.

The ship is in need of some repairs. As it is the crew is kept more or less constantly employed at the pumps. The bottom is very foul thus preventing anything like good time being made in a passage to the coast.

The vessel has been anchored outside the entrance to the channel with the idea of preventing the crew from attempting to leave the ship. As it is the crew is short handed.

Portland and Asiatic Have Slashed Rates.

The Portland and Asiatic Steamship Company vessels of which company have made frequent calls at Honolulu enroute from the Orient to the Pacific Coast has entered the rate cutting in the transportation of flour and wheat to meet the cut recently announced by the Puget Sound lines. The new rate is \$1.50 a ton on wheat and \$2 a ton on flour. The rate hitherto has been \$3 a ton on both classes. While no cut has yet been announced by the Waterhouse line, it is presumed that it will meet the new rates.

T. K. K. Manila Agency.

To Erlanger and Galinger, one of the prominent hardware and mercantile firms doing business at Manila, Philippines, has been transferred the agency for the Toyo Kisen Kaisha. Before the severance of traffic ties that bound the Japanese line to the Pacific Mail, the steamship agency at the Philippine port was ably conducted by Castle Brothers-Wolf & Sons. According to recent advice, it is predicted that the T. K. K. contemplates making Manila a port of call for at least one steamer each month.

Rithet May Make Short Stay.

It is the present intention to give the bark R. P. Rithet a quick dispatch for the coast. The vessel will load a shipment of machine guns and is scheduled to sail for San Francisco within two weeks according to present calculations. The Rithet was an arrival at the port yesterday afternoon, bringing down consignments of general cargo as well as explosives, gasoline and oil. One passenger arrived by the vessel.

Helene for Hamakua Ports Tomorrow.

The Inter-island steamer *Helene*, which has a sailing from San Francisco to the Hamakua ports tomorrow morning, will carry between them about one hundred and fifty steerage passengers.

The several passenger agents are experiencing some difficulty in recording a conglomeration of Spanish and Tagalog names in order to complete the manifests.

Three hundred and fifty sturdy Dutch farmers and their families arrived in New York by the Holland-American liner *Noordam* from Rotterdam on their way to settle in the West. It is said their coming marks the beginning of an exodus of 8000 farmers from Holland.

Fuel Oil for Honolulu.

According to cables received, the American Oil Tanker *Santa Rita* has sailed from Port San Luis for Honolulu with a shipment of fuel oil for the Union Oil Company.

WAR WITH JAPAN SEEN IN PAPERS

(Continued from Page 1)
rect. I never made such a statement; furthermore, my views are and always have been just the opposite.

"It has been my aim ever since I assumed command of our Asiatic fleet in 1898 to cultivate a friendly feeling between this country and Japan."

"Most of the public officials in Washington are avoiding the subject of a war with Japan as they would a plague. The situation is so tense that a word or two from a high source might be as a torch to gunpowder."

"Although the officials, the Mexican and the Japanese embassies in Washington have made emphatic denial of the reports that Japan has been trying to obtain a naval base in Mexico, these denials are only what might be expected. It is a fact that Japan has been encouraging immigration to Mexico and that Mexico has been welcoming the Japanese immigrants."

"In addition to this, it was learned today that Japanese are being hired to fight in the Mexican army. Many of the Japanese made their records in the war between Japan and Russia."

Getting Ready for War.

"From confidential sources, I have obtained the information that although there has been nothing in diplomatic exchanges to indicate an unfriendliness on the part of Japan, it is realized by the Washington officials that Japan, jealous of the supremacy of the United States in the Pacific, foreshadowed by the approaching opening of the Panama canal, is making alarming preparations for war."

"Every person who is interested in the home treatment of nervous disorders should send for a new edition of our booklet entitled, "Diseases of the Nervous System, Their Nature, Symptoms and Treatment." Address the Dr. Williams Medicine Co., Schenectady, N. Y.

"Dr. Williams' Pink Pills are for sale at all druggists, or will be mailed to any address, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y."

between the President of the United States and the King of England.

"Nevertheless, when all other wars fall the journalists who thirst for blood at once revert to the Japanese war scare."

"It can be said authoritatively that the war college and general staff have outlined on paper every possible move that might be made by Japan in the event of a declaration of war."

"Japan is moving cautiously, but it is realized that it does not relish the approaching opening of the Panama canal, which will enable the United States to concentrate its navy on either coast at short notice."

"It can be said authoritatively that the war college and general staff have outlined on paper every possible move that might be made by Japan in the event of a declaration of war."

"It is admitted by the military and naval experts that it could, and would, seize the Philippines. It is also admitted that it might try to land an army in California."

Must Act Before 1915.

"Whatever is done by Japan must be done before 1915, when its offensive and defensive treaty with Great Britain expires and the canal will be opened. It is regarded as significant by the officials in Washington that Japan is straining every effort to have the treaty with Great Britain renewed four years in advance."

Will Send Many Troops.

The Call also prints the following:

Public announcement made yesterday by the war department that two battalions of the Second Infantry from Fort Thomas, Ky., now en route to this city by way of Texas and Arizona, are to be rushed at once to Honolulu, has given new color and significance to the rumors that the federal government is strengthening its forces in Hawaii and the Philippines to an extent that spells preparedness to meet any warlike threat that might emanate from the Orient. That the government is actually apprehensive of possible trouble with Japan and that the whole underlying motive of the present military activity is based on this is the guardedly expressed opinion of many officers at the Presidio.

Developments yesterday pointed to the fact that secret preparations have been made to rush no less than 12,000 troops to the Pacific island possessions within the next few weeks, while it is admitted that work is being rushed on the strengthening of the fortifications at Pearl Harbor and other fortifications in Hawaii and the Philippines. Although officers at the Presidio declare that the sending of the Second Infantry to the Philippines was scheduled in orders issued last November, no explanation has been offered of the fact that the recent orders called for the mobilization of the regiment in Texas and that the two battalions were well on their way to San Francisco by the roundabout southern route before it became known that they were to be sent to Honolulu.

This statement was made today by an official in Washington whose information can scarcely be questioned. His statement has been supported and confirmed by information obtained in half a dozen State capitals where executive officers of the national guard have been taken into the confidences of the War Department.

"President Taft is today the most misunderstood man in the country," said the official referred to, who himself is not an active partisan politician and is not personally friendly to or a member of the so-called Administration group.

"Those who have criticised the President in this matter on the Mexican frontier and questioned his motives are merely putting themselves in bad light," continued the speaker.

There is about as much chance of a war between the United States and Japan as there is of a prize fight be-

FOR SCIATIC RHEUMATISM

Try the Treatment That Cured This Pronounced Case in Minneapolis After Other Treatments Failed.

Sciatica is neuralgia of the sciatic nerve. Its origin is generally rheumatic and is the direct result of taking cold. For this reason, the disease is commonly known as "sciatic rheumatism." That Dr. Williams' Pink Pills cure this disease is known by numerous cases like that of Mrs. J. B. Hansen, of No. 221 Twentieth Ave., So., Minneapolis, Minn. She says:

"A few years ago following an attack of the grip I was taken with sciatica. For six years I suffered untold agony and thought it would be a blessing to me if I could only die. There were sharp, shooting pains in both of my limbs and my shoulders and arms were affected also but not so severely. If I moved about quickly, the pain would catch me so that I had to scream. My limbs would swell until I could hardly walk. I also had a terrible dull pain in my back which was often unbearable. I was confined to bed for a week or two at a time. While suffering from the sciatica I was further run-down by weakness common to women of my age."

"I received so little relief from the doctor's medicine that I became disengaged and quit it. My husband urged me to try Dr. Williams' Pink Pills as he had read how they had cured cases like mine. I felt better after I had taken the pills a short time but took several boxes until I was certain I was cured. I give this statement of my cure thinking that other sufferers may be helped as I was through using Dr. Williams' Pink Pills."

The tonic treatment with Dr. Williams' Pink Pills succeeds where other treatments fail because it is based on the sound medical principle that the health of the nerves depends on pure, red blood.

Every person who is interested in the home treatment of nervous disorders should send for a new edition of our booklet entitled, "Diseases of the Nervous System, Their Nature, Symptoms and Treatment." Address the Dr. Williams Medicine Co., Schenectady, N. Y.

"Dr. Williams' Pink Pills are for sale at all druggists, or will be mailed to any address, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y."

tween the President of the United States and the King of England.

Nevertheless, when all other wars fall the journalists who thirst for blood at once revert to the Japanese war scare.

The apparently approaching suppression of the Mexican disturbances is moving the journalistic warriors to tangle up Japan in the uproar. One says that Japan has ordered an awful lot of coal, to be delivered P. D. Q. Another says that it is negotiating for a lease of Magdalena bay for a naval base.

All agree that Japan is in cahoots with Mexico—whether with the Government or the bandits is not perfectly clear—and that the program is to wipe the United States off the map before the Panama canal is opened.

One correspondent states that he has actual "authority" for saying that our general staff has already got written down in black and white on department paper every last thing which Japan could do to us if war were declared.

All agree that Japan is in cahoots with Mexico—whether with the Government or the bandits is not perfectly clear—and that the program is to wipe the United States off the map before the Panama canal is opened.

It is pointed out that the present move is not a defensive one and was not prompted by any fear of immediate trouble with Japan. On the contrary, it is designed as an offensive "maneuver" having for its object the thwarting of certain influences now active in Mexico and which are now believed to be looking toward Japanese aggressions in Lower California.

The President did not make the "maneuver" inadvertently or hastily. He knew that he would be called upon for an explanation by the incoming Congress and he had what he considered ample justification for his act.

When the full details are known even his partisan foes will have to admit the wisdom of his move."

First Meant Whole Army.

"It was the original plan of the President to mobilize 60,000 regular troops on the Mexican border. This would have been practically the entire regular army, with the exception of the details necessary to guard Government property and garrison the Philippines. The President's decision to call out only 20,000 troops was reached on the afternoon of the day of the mobilization order, and immediately was followed by instructions to National Guard officers, which have resulted in the preparation of plans that will make possible the mobilization of the present National Guard on the shortest possible notice."

It is pointed out that the present move is not a defensive one and was not prompted by any fear of immediate trouble with Japan. On the contrary, it is designed as an offensive "maneuver" having for its object the thwarting of certain influences now active in Mexico and which are now believed to be looking toward Japanese aggressions in Lower California.

The first indication that an actual invasion of Mexico has become necessary probably will appear in the order for the mobilization of the State Militia to be mobilized.

TUESDAY MARCH 28, 1911

Shuffling may serve for a time, but truth will most certainly carry it at the long run.—L'Estrange.

UNANIMOUS FOR SCHOOLS.

They made it unanimous.

The first test vote on the Public School Fund bill in the Senate this morning disclosed a unanimous membership of the upper house of the Legislature standing by the public schools, a Republican majority solid for the honorable satisfaction of the Republican party promise. The Bulletin believes that if the lone Democrat, Senator Moore, were here, he too would join his vote with those for the bill, and thus do for this measure what it aims to do for the public schools—remove it from log rolling or horse trading politics. In sizing up the vote of the Senate cognizance should also be taken of the favorable attitude of Senator Makekau, the Home Rule Senator from Hawaii. All elements in the Senate are in line for the bill.

The committee amendments do not endanger the vital principle of the school bill, which is primarily to place the schools on a proper plane—the children of Hawaii first.

Members of the Senate having had ample time in which to study this question there should be no doubt of a final unanimous vote at the third reading tomorrow, and the bill sent to the House of Representatives where it should, in keeping with the record of that body thus far, receive prompt attention and be forwarded to the Governor for his signature in a comparatively few days.

The lower house members have followed the discussions carefully and are no doubt by this time quite as well informed as the Senators.

It is not to be assumed that so worthy objects of legislation as the children of the public schools lack enemies. The overwhelming number of their friends however should bring their influence to bear so that this Legislature will have the credit and the honor of responding to the call of the children by

MAKING IT UNANIMOUS.

There may yet be a chance of those Mexicans to tell it to the marines.

The moral issue for the Legislators is, keeping faith with the people who elected them.

Mexican revolutionists simply want to fight. Reforms instituted by Diaz are nothing to them.

"La Paloma" does not seem to be the popular bird at present in the States south of Texas.

Carnegie has given \$10,000,000 for "scientific research." Let it be along the line of cost of living.

It is strange how the big men of the world, when about to be invited out of office, contract "poor health."

Calling off the war dogs might have been necessary some years ago. The public is now watching the antics of the war tools.

Honolulu is quite willing that orders should be issued to make the defending forces of Oahu an increasing numerical reality. It adds to our permanent population and does no one any harm.

Citizens who believe in parks and breathing places for the people should make their views known at the public hearing called for Friday evening by Chairman Affonso of the House Committee.

Bills for a Harbor Commission and a Honolulu Water and Sewer Commission show that the people want public business done for their benefit and not to suit the fancy of one man who may be educating himself at the expense of the tax payers.

What an immigrant learns after he leaves the ship is of far more importance to this Territory than what he has not learned before he comes. So the best thing to do is to get him into good company as soon as possible. His first impressions will be lasting.

SECOND INFANTRY ON THE CROOK

Headquarters, band and two battalions of the 2nd Infantry are due on the transport Crook late today or early tomorrow from San Francisco, the Crook today or early tomorrow from San Francisco making a special trip to bring the soldiers and a quantity of supplies to Honolulu.

The outfit coming on this trip is direct from Fort Thomas, Kentucky, and will proceed to Leilehua for station. The other battalion of the regiment will come in June from Fort D. A. Russell, Wyoming, and will be stationed at Fort Shafter.

The Crook was expected early today, but as no wireless system is installed on the ship no definite news of her will be had until she is sighted from the islands.

It will only be a few days that the Crook stays in port, returning to San Francisco soon after April 1.

Miss Edith Mansfield, daughter of Colonel Mansfield of the regiment, arrived in town on the Mongolia yesterday and is quartered at the Young Hotel.

She will be the first to greet the commander and the younger officers of the regiment when the troopship arrives at the dock in Honolulu.

The officers with the organization are Col. Mansfield, Captains Edward A. Shuttleworth and Peter F. Marquard commanding the First and Second Battalions; Captain Archie B. Harris, regimental adjutant; Captains William R. Gibson and William K. Kent, commanding companies; First Lieutenants De Witt W. Chamberlain, Jesse M. Cuttiss, Phillip J. Lauber, Joseph C. Kay, Franklin P. Jackson, William G. Ball and Lawrence O. Matthews, and Second Lieutenants H. Wright, Charles S. Cafrey, Joseph A. McAndrew, Ira Longnecker, Fred Cook, Rush B. Lincoln, and Cary I. Crockett.

After referring to a discussion in the local papers as to "clerical sin-city," Mr. Webster says:

"My experience in Aberdeen during the twenty-one years of my ministry leads me to believe that if there is not a general clerical insincerity, there is a general failure to act up to profession. With the honorable exception of the Rev. Alexander Brown, not one minister in Aberdeen has ever entered my church to speak or in anyway cooperate with me in moral or religious work. I have asked ministers of all denominations to come for various sorts of work in the public interest, but none came. I have sat in conference with ministers on matters of public interest (notably the Children's Fresh Air Fortnight); they have talked and even deferred to me, but on the street afterwards they knew me not."

I have met ministers on platforms, being asked to speak along with them thereon, but they would not give me their hand or recognize my presence. My house has been attacked, and I have been stoned for opposing War, and not one minister raised a protest. I have been dragged off the platform at a public meeting in the presence of ministers while endeavoring to practice liberty of speech and action, and not one of them moved to my side. I have many times heard of references to myself and my teaching by men in the pulpit which were uncharitable, if not utterly false."

COMPANY STORES MAY BE PUT UNDER BAN

Representative G. F. Affonso of Hawaii introduced in the House yesterday afternoon a bill prohibiting large agricultural or ranching companies from operating retail stores. On the face of it, the bill is directed generally against plantations operating company stores, but Affonso said this morning that it is only applicable to plantations operating retail stores which have not been given this power specifically under their charters, of which he declares there are a number. The act is to take effect on September 30 next.

Husband—What are you looking for, dear? Wife—I was looking for the invisible hairpin I just dropped.—Boston Transcript.

The hands of the Supervisors will be found considerably altered in several of its provisions. In one instance there is a decided modification of the original draft in that it has to do with defining the height of cement walls for local poi factories. In the measure first submitted to the board, it called for six-foot cement walls. This has been reduced to three feet, this being thought sufficient to serve the ends of sanitation, besides greatly reducing the expense entailed in the construction of the shops. It is contended that lower walls insure better ventilation.

A number of claims against the county will come up for passage at the meeting.

The purchase of a rumabot style of machine, to cost between fifteen hundred and two thousand dollars appears to meet the approval of more than one member of the Board. A material saving in expense is predicted will follow the relegation of the horse power to innocuous desuetude. Supervisor Low has been collecting some figures regarding automobile values which will be presented before the Board at an early meeting.

Dotoroh, Ia., merits mention because of the fact that the Rev. U. K. Koren has preached to the Norwegian Lutherans there for 37 years, and still occupies his pulpit. He is well preserved at 94 years, and president of the synod of his church in America.

THINKS HAWAII WOULD BE EASY

Gen. Miles Declares Islands Are Source of Weakness In Case of War.

TUCSON (Ariz.), March 17.—Having taken a roundabout course through San Antonio, Tex., as if headed for the army maneuvers, the Second United States Infantry, under command of Colonel Mansfield, passed through Tucson to-day en route to San Francisco, where the men are immediately to be embarked for Honolulu. It is understood this will be an additional force for the Hawaiian Islands and not to relieve others. The men have a rumor to the effect that within the next six months a force of 12,000, including infantry, cavalry, field and mountain artillery, will occupy the Hawaiian and Philippine Islands.

WASHINGTON, March 17.—Japan could easily take possession of America's Pacific Islands under existing conditions. Major-General Nelson A. Miles, retired, formerly ranking General of the United States army, declared to-night.

General Miles was discussing the article by Count Ernest von Reventlow in the New York "American" this morning and its prediction of war in the not remote future between Japan and the United States.

Replying to the direct question if the Japanese could take possession of the Philippine Islands, General Miles said:

"Yes, they could. The Philippines, Hawaii and Guam in their present condition are a source of weakness to us. But the instant they were seized we would begin."

"Its character can be judged best by the mettle shown by the yellow men seven or eight years ago and what we know of the American soldier is."

"The instant war was declared," he continued, "every machinist, iron worker, steel worker, skilled and unskilled laborer from one end of the country to the other would start to work on war munitions, additions to the fleet and whatnot, the scope of which would stagger experts of the profession of war."

General Miles is not among those who believe that Japan will go to war with the United States.

"There is no earthly or sane reason," he said, "for Japan's going to war with America."

Referring to the "jingoos" with a smile he said, however, that one could never say what the future would bring forth.

A warrior whose gallant achievements in the field of battle have filled many pages of history, Miles is yet a man of peace.

Japan Would Find More Than One Port Arthur!

"Wars are not wanted nor needed," he said, "but they are a weakness of the human race," he added, "and must come. I trust that I may never see a contest between this country and the island kingdom of the Far East."

"But if it does come, in the event that Japan landed an army on the Pacific Coast," he was asked, "would they be able to remain?"

Patriotic fire glowed in the eyes of the man of peace as he replied:

"The Japanese army and navy would find more than one Port Arthur—there would be five, six, seven, or more, each defended by an army of capable men splendidly officered, with six trunk lines carrying supplies and ammunition across the Rocky Mountains as fast as the best developed locomotives in the world could travel."

The taking of the Pacific strongholds, such as San Francisco, Portland and other ports, would not be the task that Port Arthur was. Japan would be up against a different proposition entirely."

"How quickly could an army be mobilized for real war?"

In three or four weeks the United States could place an army of 1,000,000 men in the field, properly equipped and effectively officered with generals commanding them that are by no means defective in the art of war," he answered.

The nucleus would be from the regular establishment—and this regular establishment is not the organization some would have the American people believe.

"It is amply provided for the horrible, desolating purposes that it was created for."

"What effect would the British-Japanese treaty have on war with Japan?"

"None whatever in my opinion," he answered, "although I am frank to confess I may be mistaken."

"As I interpret the treaty, neither party can or will become the ally of the other in the event of hostilities, unless the third power ally itself with the enemy."

"In other words, if Japan should declare war on Mexico and we were to go to the assistance of the latter, Great Britain would be compelled by the terms of the treaty to fight with Japan."

"So long as the conflict exists one party to the treaty and her enemy, the second power is not compelled to take up arms."

"Do you believe that Great Britain would tolerate an effort on the part of Japan to control the Pacific?"

"No; she would be cutting off her nose to spite her face. If Japan con-

trolled the Pacific, what would become of the 32 per cent of the trans-oceanic shipping of the world's commerce that England holds? What would be the position of Australia, New Zealand and her other southern Pacific possessions?"

"Helps—Great Britain would allow Japanese control of the Pacific there would be bold and deliberate thinking by British statesmen."

"A war between this country and Japan would resolve itself into a contest between a big nation with an inexhaustible supply of wealth and a small nation on the verge of bankruptcy. There could be but one end to it. Japan would be utterly annihilated if it continued long enough."

"If Japan should gain several successes on the seas, there would be a rapid rebuilding or addition to the naval fleet. American energy and American blood are not shed for nothing. Japan would soon find herself locked up in her own little islands with some of them possibly occupied. It is the height of absurdity to imagine for an instant that Japan or any other power, for that matter, could capture part of our continental or insular possessions and retain them permanently."

Speaking of the Russo-Japanese War, General Miles, while admitting the superiority of the Japanese arms and giving Japan credit for being a wonderful military nation added that some of the popular glory awarded to her generals for victories over the Russian commanders, was due primarily to superior strategic positions at all stages of the conflict.

Japan, he said, fought the war at her own doorsteps and against the armies of a nation that had to transport themselves thousands of miles across Siberia.

One army fought so far away—from its primal base that it was handicapped from the very beginning of hostilities, while the other had every advantage of short and quick transportation for supplies that were evidently the accumulation of years of preparation, he said.

WAR WITH JAPAN SEEN IN PAPERS

(Continued from Page 3.)

Hawaii government, to attribute such acts as are intimated in these dispatches. If you investigate the history of Japanese immigration to the Hawaiian Islands you will find that it began about twenty-five years ago. The old royal government needed Japanese labor to work the sugar plantations and asked Japan to furnish it. There was some hesitancy at first, but finally the request was complied with and immigration continued to the islands from my country for a number of years.

"It has practically stopped now, as it has to all American possessions, and, in fact, to every foreign power. Our government wants our people at home—we have our own international problems to solve; we have Korea and Manchuria to attend to."

"The deep-thinking Americans certainly attribute no ulterior motive to the presence of Japanese in the Hawaiian Islands, the Philippines or any other land under the American flag. The recent treaty has brought the two countries even closer together than before. I and other Japanese in this country are deeply chagrined and grieved to see this war agitation."

"With respect to Mexico, I can only add what I have said before. There is no league between that country and Japan in existence or in contemplation that could possibly be interpreted as antagonistic to America. In fact, there is no compact between the two countries that the world does not know of. I have denied such intimations and insinuations so often recently, and so, I understand, has the Mexican ambassador, that it is time our words should have the effect of killing such rumors. I repeat again that the present troubles in Mexico have absolutely no connection, directly or indirectly, with Japan."

"No Serious Misunderstanding."

"I have no comment to make on recent expert opinions of European army and naval experts with reference to Japan and America, except to say they have been made at a great distance from the powers which they vitally concern. I regret that these gentlemen have expressed such opinions, particularly for publication."

"There can be no serious misunderstanding between my country and the United States. Aside from trade relations, the traditional friendship between the two countries is too great and too strong for the severing of present relations. Nearly 25 per cent of Japan's export trade is with the United States. It would be manifestly absurd to destroy this or even hamper it. Japan and America are friends of many years' standing and it is necessary that this friendship continue. The two governments, I think, completely understand each other."

"The whole agitation is preposterous. It is nonsensical. The thinking people of America, I am sure, characterize it as such."

WEATHER REPORT

HONOLULU, T. H., March 27, 1911.

GENERAL SUMMARY.

A severe thunderstorm, attended with excessively heavy rains, occurred in the North Hilo, Puna, Kau and South Kona districts of Hawaii on the 18th, and in the Makawao district of Maui on the 19th.

The following are the amounts of rainfall, in inches, reported in 24 consecutive hours: HAWAII—18th—Hakalau 3.40, Papaikou 4.45, Hilo 6.46, Kapoho 5.45 (Lightning striking trees), Kaelae 15.50, Paahala 7.60, Naalehu 4.62, and Kealakekua (Wallace) 3.20; and 19th—Kauai, Hawaii, 2.75.

The rainfall was above the average for the week at all stations having a record of ten or more years on Molokai, and in the North Kohala, South Hilo, Puna, Kau and South Kona districts of Hawaii; the Wailuku and Lahaina districts of Maui, and in the northern portion of the Koolauapoko district of Oahu. In the remaining parts of the Islands the amount of rainfall was below the average.

The following are the departures from the average of ten or more years, in inches, in the different districts of the several Islands: HAWAII—North Kohala +1.3 to +1.74, Hamakua +0.35 to +0.69, North Hilo +0.89, South Hilo +1.70 to +2.62, Puna +0.43, Kau +7.36 to +9.14, and South Kona +2.50; MAUI—Makawao +1.17, Hana +1.72, Wailuku +0.58 and Lahaina +0.59; OAHU—Koalaupoko +0.64, Koalaupoko +0.72 to +0.01, Honolulu +0.41 to +0.98, Ewa +0.34, and Waianae +0.51; KAUAII—Hanalei +1.38, Kawaihao +0.04, Kolea +0.08 to +0.74, and Waimea +0.77, and MOLOKAI—Molokai +0.49.

The following are the departures from the average of ten or more years, in inches, in the different districts of the several Islands: HAWAII—North Kohala +1.3 to +1.74, Hamakua +0.35 to +0.69, North Hilo +0.89, South Hilo +1.70 to +2.62, Puna +0.43, Kau +7.36 to +9.14, and South Kona +2.50; MAUI—Makawao +1.17, Hana +1.72, Wailuku +0.58 and Lahaina +0.59; OAHU—Koalaupoko +0.64, Koalaupoko +0.72 to +0.01, Honolulu +0.41 to +0.98, Ewa +0.34, and Waianae +0.51; KAUAII—Hanalei +1.38, Kawaihao +0.04, Kolea +0.08 to +0.74, and Waimea +0.77, and MOLOKAI—Molokai +0.49.

The following are the departures from the average of ten or more years, in inches, in the different districts of the several Islands: HAWAII—North Kohala +1.3 to +1.74, Hamakua +0.35 to +0.69, North Hilo +0.89, South Hilo +1.70 to +2.62, Puna +0.43, Kau +7.36 to +9.14, and South Kona +2.50; MAUI—Makawao +1.17, Hana +1.72, Wailuku +0.58 and Lahaina +0.59; OAHU—Koalaupoko +0.64, Koalaupoko +0.72 to +0.01, Honolulu +0.41 to +0.98, Ewa +0.34, and Waianae +0.51; KAUAII—Hanalei +1.38, Kawaihao +0.04, Kolea +0.08 to +0.74, and Waimea +0.77, and MOLOKAI—Molokai +0.49.

The following are the departures from the average of ten or more years, in inches, in the different districts of the several Islands: HAWAII—North Kohala +1.3 to +1.74, Hamakua +0.35 to +0.69, North Hilo +0.89, South Hilo +1.70 to +2.62, Puna +0.43, Kau +7.36 to +9.14, and South Kona +2.50; MAUI—Makawao +1.17, Hana +1.72, Wailuku +0.58 and Lahaina +0.59; OAHU—Koalaupoko +0.64, Koalaupoko +0.72 to +0.01, Honolulu +0.41 to +0.98, Ewa +0.34, and Waianae +0.51; KAUAII—Hanalei +1.38, Kawaihao +0.04, Kolea +0.08 to +0.74, and Waimea +0.77, and MOLOKAI—Molokai +0.49.

The following are the departures from the average of ten or more years, in inches, in the different districts of the several Islands: HAWAII—North Kohala +1.3 to +1.74, Hamakua +0.35 to +0.69, North Hilo +0.89, South Hilo +1.70 to +2.62, Puna +0.43, Kau +7.36 to +9.14, and South Kona +2.50; MAUI—Makawao +1.17, Hana +1.72, Wailuku +0.58 and Lahaina +0.59; OAHU—Koalaupoko +0.64, Koalaupoko +0.72 to +0.01, Honolulu +0.41 to +0.98, Ewa +0.34, and Waianae +0.51; KAUAII—Hanalei +1.38, Kawaihao +0.04, Kolea +0.08 to +0.74, and Waimea +0.77, and MOLOKAI—Molokai +0.49.

The following are the departures from the average of ten or more years, in inches, in the different districts of the several Islands: HAWAII—North Kohala +1.3 to +1.74, Hamakua +0.35 to +0.69, North Hilo +0.89, South Hilo +1.70 to +2.62, Puna +0.43, Kau +7.36 to +9.14, and South Kona +2.50; MAUI—Makawao +1.17, Hana +1.72, Wailuku +0.58 and Lahaina +0.59; OAHU—Koalaupoko +0.64, Koalaupoko +0.72 to +0.01, Honolulu +0.41 to +0.98, Ewa +0.34, and Waianae +0.51; KAUAII—Hanalei +1.38, Kawaihao +0.04, Kolea +0.08 to +0.74, and Waimea +0.77, and MOLOKAI—Molokai +0.49.

Here He Is—

A Story of Political Trickery and Love, of Action,
High Purpose and Real Thrills

BY FRANCIS LYNDE

Author of "Red Butte Western," and Other Successful Books

**Take Time to Read This Story No Matter How Busy You Are
It Is Being Talked About All Over the Country**

This story will soon appear in the Bulletin.

CONTRITE WIFE PERJURES SELF

The interesting spectacle of a contrite and repentant wife smitten by the promises of reform, coming from an erring and abusive husband was a matter that brought forth a severe reprimand from District Magistrate Lymer at police court this morning. Hannah Clark, is a young and rather comely part-Hawaiian woman who affixed her name to a regularly drawn complaint, in which she alleged that her husband, cruelly beat, bruised and wounded her in an assault said to have been committed on last Sunday.

Attorney Clem Quinn had been appointed to look after the legal interests of the defendant husband.

To the surprise of the court, prosecutor and attorney for the defendant, the Clark woman took the stand and under oath absolutely denied

having had any trouble whatsoever with her spouse. She further claimed that she had no knowledge of when her name had been affixed or when the police complaint blank had been presented to her for signature.

WATERFRONT NOTES

One Hundred Japanese Depart.

While not breaking any records as far as returning Japanese passengers were concerned, the Pacific Mail liner Mongolia that sailed for Japan ports, Manila and Hongkong, carried nearly one hundred Japanese, who travel in the Asiatic steerage to their native land. A number of much larger delegations have left Honolulu by the T. K. steamers for the Orient. The Mongolia sailed at 6 o'clock last evening after having left 450 tons general cargo here.

Plenty Room On Sierra.

The Oceanic steamship Sierra is sailing for San Francisco at 10 o'clock tomorrow morning with a large shipment of sugar for the coast. A few over a hundred passengers have booked and taken up transportation at the local agency. The vessel has room regards soil and climate.

Say Crook Was Standing Still.

"Yes, we passed the United States coast tomorrow in the Sierra. Both are delighted with the Islands. Mr. Erion says that he will try to bring the next meeting of the outdoor advertising men's association to Honolulu. They'll come if they only know what's here," said he.

Ninety Booked By the Korea.

Ninety passengers have booked for passage to San Francisco by the Pacific Mail liner Korea that is due to arrive here from the Orient on Thursday and will therefore be dispatched for the coast on the following day. The steamer will take in the neighborhood of three hundred in the steerage.

The census of sheep in Canada shows that it does not compare at all favorably with other countries of the Empire in the matter of sheep raising, notwithstanding its great adaptability as

for about two hundred and twenty five when filled to capacity with saloon passengers.

PLANS TO STUDY ORIENT DISEASE HARBOR SURVEYS PROVIDED FOR

House Resolution Would Provide Research Work In Shanghai School.

Ten thousand dollars to be appropriated by the Territory of Hawaii for the purpose of furthering scientific study of Asiatic disease and thereby preventing their introduction into the island by immigrants is the proposition advanced in the House of Representatives this morning by Representative Sam Keltin, of Maui.

The plan was advanced in the form of a resolution calling for the appropriation of \$10,000, and it is to be suspended, not in Hawaii, but in Shanghai, China, in the Harvard medical school to be established there shortly. The money is to be spent under the direction of the Territorial Board of Health, but otherwise than this restriction, no details are advanced. The resolution was referred to the Finance Committee.

LIVE MEDIUMS FOR LIVE "ADS"

(Continued from Page 1)

"Advertising is becoming more and more nearly an exact science," said Mr. Erion in discussing this subject. "The big advertisers of America are spending larger amounts each year for advertising, and they want exact information of the character of the service they may expect in the different cities of the country. For this purpose an inspection of painted bulletin and billposting plants is being made everywhere, and the various plants are classified according to the nature of the service they render."

In this connection, let me say here that I have inspected hundreds of advertising plants all over the country, and I have never seen a cleaner and prettier system of signboards than you have in Honolulu. The Pioneer Advertising Company has shown a most progressive spirit in constructing its boards all of iron; its painting is all of a high character and its billposting is neatly done. From the outdoor advertising man's standpoint, the Honolulu billboard plant is ideal. The character of the advertising it handles is also worthy of commendation.

Another thing for which Honolulu deserves praise is the up-to-dateness of its newspapers. It is seldom that one sees such live newspapers in a city of this size. I notice that the Evening Bulletin carries a lion's share of the advertising. This is in line with what the big advertisers in the East are doing. The evening paper can not be equaled as an advertising medium."

Mr. and Mrs. Erion leave for the Coast tomorrow in the Sierra. Both are delighted with the Islands. Mr. Erion says that he will try to bring the next meeting of the outdoor advertising men's association to Honolulu. They'll come if they only know what's here," said he.

OIL STOCKS ACTIVE ON LOCAL MARKET

A good deal of oil stock is changing hands now, and the Hawaiian Exchange, which lists the stocks, has some interesting figures on the sales made. Today 1900 shares of Purissima at 27 cents were reported, 100 Huamaua at 47 cents, and the quotations were as follows:

Bid. Asked.
Creme Petroleum Oil Co. .35 .60
Honolulu Consolidated Oil. 1.60 1.90
Huamaua Oil Co.48
Templer Ranch Oil Co.32
Ventura Oil Developm't Co.25
Purissima Oil26 .28

Total, \$149,300.

Under the heading of "Special Fund," the following amendments are made: Repair and maintenance of buildings and grounds, labor on repair work, material, maintenance and janitor services of schools of Hawaii, \$40,000; schools of Maui, \$18,000; schools of Oahu, \$35,000; schools of Kauai, \$10,000; total \$103,000; furniture and fixtures, \$13,127; total, \$116,127.

The bill as it now stands meets the several criticisms that were voiced in the Senate and is expected to receive a full vote on final passage tomorrow.

The ways and means committee reported favorably on House Bill No. 161, providing an amount of \$15,000 for

the Queen, the report being adopted.

Glad Mothers

once childless, now happy and physically well, with healthy children, will tell how Lydia E. Pinkham's Vegetable Compound made all this possible. Here are their names and correct addresses. Write them and learn for yourself. They are only a few out of thousands.

For further information, address Mrs. Pinkham, Lynn, Mass. Her advice is free, always helpful and strictly confidential.

INDORSE CHANGES IN SCHOOL BILL

(Continued from Page 1)

and passing the bill on second reading. The report pointed out that the Legislature is without power to appropriate for more than two years, the bill as passed by the House specifying that the Queen was to receive \$15,000 annually for the "remainder of her life." Senate Bill No. 55, the immigration act, was deferred until Thursday.

House Bill No. 96, increasing the salary of district court magistrates, passed third reading with a full vote.

The favorable ways and means committee report on Senate Bill No. 84 was adopted, passing the bill on second reading.

Referring to the bill the committee says:

"The object of this act is to repeal that portion of the Conservation Act which limited its existence, or, in other words, the authority to collect the tax in question until December 31 of this year of 1911, which will make the tax a continuous one, or until such time as a future Legislature may repeal it in toto."

"As the Senate has now under consideration an Act relating to and reorganizing the Board of Immigration, and funds will be needed for the purposes covered by that Act, as well as the Act amended, we recommend that it pass."

A shakeup in the New York fire department as a result of an investigation showing lax methods and neglect of duty in several bureaus was begun by Fire Commissioner Waldo, who dismissed Joseph L. Burke, head of the bureau of combustibles.

Weekly Bulletin \$1 per year.

FAIRCHILD BILL HEARING MONDAY

One of the most important hearings of the session is that for which a call is issued today by Senator George Hewitt, chairman of the committee having the so-called Fairchild bill in charge. The hearing will be held in the Senate Chamber Monday night April 3.

RECREATIONS

BIJOU

Princess Susana, the thirty-two inch tall midget, made her first appearance at the Bijou last evening, giving a quick-stage-change of costumes as one feature of her act, but in her tight-wire act she showed the trained equilibrist. This tiny mite of humanity gracefully walked the slender wire and did many little feats upon it which brought her applause. She has a charming stage personality for such a little being. Jones and O'Brien are two colored comedians who are sure to have a large following, for they were instantly accepted by the vast audience as good—extra good. Their buck and wing dancing is of the first order and their songs well selected. Jones made a big hit with his "Massa Peter" song and pulpit oration.

EMPIRE

No better program has been presented by the Empire theater management than that which had its first introduction last evening, when Whittier and Crosson, the singers, made an unusually good impression and responded to encores with selections which caught the fancy of last night's audiences. The program will be run again tonight and tomorrow. Reginia Reed and her two picannines, as usual, had a pleasing part of the program with songs and dances. Not the least interest in the program is the unusually good selection of films, one in particular being worthy of extra mention. This is a topic dealing with the life of General Washington and a frustrated attempt upon his life.

SAVOY

With grand opera selections this week Jourdain and Gervaise more than pleased the Savoy audiences last night. The Armorer's song from Robin Hood, one of the famous compositions, was rendered by Jourdain in an artistic manner, with violin accompaniment and appropriate stage settings. In the Bacarole from "Tales from Hoffman" both the singers scored heavily. Hessee, the juggler, as "The Tramp Millionaire," was exquisitely funny. The moving pictures were well selected.

MAY GIVE HOMESTEADS TO DISCHARGED LEPROSERS

Aid for discharged lepers is provided by Representative Cooke's bill that was introduced in the House yesterday. This bill provides that any discharged leper over 18 years of age, either from the Kaliki receiving station or from Molokai, may apply to the Superintendent of Public Works for any homestead not applied for and shall be entitled to choose from any open lots. A further provision is made for the Territory, through the Superintendent of Public Works, to erect buildings on the homestead not to exceed \$500 in cost. It is a provision that the person must have been segregated as a leper for at least five years.

REGAL SHOES For Women

are built on advance models of exclusive styles designed for this season by celebrated New York and Paris custom bootmakers.

Receive these Regal styles direct from the Regal Factories, and can therefore assure you of up-to-the-minute shoe fashions. Also better fit, comfort and service than you get in other shoes.

Weekly Bulletin \$1 per year.

Lactic Acid is the arch enemy of the teeth. Under the microscope have been discovered twenty-two kinds of bacteria in the mouth; these feeding upon the particles of food carelessly allowed to remain in the teeth produce lactic acid. This acid seeks out the weak spots in the enamel and there decay immediately begins.

You can successfully contend against the depredations of lactic acid by the constant use of

SOZODONT

This world-renowned dentifrice being alkaline, produces a normal condition by neutralizing the mouth acids.

SOZODONT is a marvelous antiseptic and unexcelled deodorizer, yet it is so fragrant and delicious to the taste that every child who has used it loves it—an advantage to the mother who is teaching her children to clean their teeth.

SOZODONT TOOTH POWDER has a lasting fragrance. It is free from grit and acids, and gives the teeth a pearly lustre.

SOZODONT TOOTH PASTE is similar to Sozodont Tooth Powder, but in the form of a paste to accommodate those who prefer it that way.

Sold all over the World

PERSONALITIES

C. K. NOTLEY and wife departed for Hawaii this morning.

CARL SMITH returned to the big Island this morning in the Mauna Kea.

ATTORNEY BEERS returned to Hawaii on the Mauna Kea this forenoon.

SUPERINTENDENT McVEIGH is booked for return to Molokai by the Mikahala.

A. V. PETERS is booked for a trip to Maui by the S. S. Kinau, sailing at 5 p.m.

MRS. WM. H. GOETZ leaves on the Sierra for the Coast. She will visit in several States.

MRS. E. O. CHILDS, who has been spending the last three months here will sail for the Coast in the Sierra tomorrow.

MANAGER CURTIS of E. W. Jordan & Co. leaves tomorrow on his annual trip to the leading dry goods centers of the mainland.

MR. AND MRS. HEILBRON, who sail for the Coast in the Sierra tomorrow morning, will make a tour through California in an auto.

CAPT. CHITTENDEN, representing the Tubbs Cordage Company of California, was a departing passenger on the Mauna Kea. He is sizing up the island situation in Hawaii.

JUDGE DOLE is figuring on getting away on his six months' vacation trip on the thirty-first of this month. The cropping up of the Atcherley matter will make his last few days quite busy.

WM. H. BEERS, County Attorney of Hawaii, who has been attending to certain business in Honolulu, left this morning in the Mauna Kea. He said today before sailing that he will probably come to Honolulu again soon.

REV. W. H. B. URCH, of Oklahoma City, Okla., who is stopping in the city, yesterday morning visited the House of Representatives and at the invitation of Speaker Holstein and Chaplain Desha, offered the opening prayer.

COL. JOHN T. BAKER of Hilo, Hawaii, is visiting in town. Yesterday he appeared before the special committee of the Senate in company with Attorney Kinney, who will speak in his behalf on matters regarding lands in which he is interested.

BARON Y. TAKASAKI, who has been traveling much on the mainland, arrived yesterday in the Mongolian, and is now staying at the Mo-chizuki Club. While here, he will study the condition of the cotton raised on this island. He will proceed to Japan in the Tenyo Maru, due to arrive from San Francisco in two weeks.

Since its opening in 1869 the Suez canal has been completely changed so far as its dimensions are concerned.

WHOOPING COUGH

GROUP COUGHS ASTHMA CATARRH BRONCHITIS

Vapo-Resolene

ESTABLISHED 1879

A simple, safe and effective treatment for bronchial troubles, avoiding drugs. Vaporized Cressoleine stops the fits of Whooping Cough and relieves Croup at once. It is a boon to sufferers from Asthma, the Al. rendered strongly antiseptic and expectorant. It makes breathing easy, soothes the sore throat and stops the cough, assuring restful nights. It is invaluable to mothers with young children.

Send postal for descriptive booklet.

J. A. Goncalves Honolulu 5,000
 Mrs. Mollie Espina Honolulu 5,000
 Mrs. Nancy Higas Honolulu 5,000
 Miss Leilani Holt Mossman Honolulu 5,000
 Miss Eva Goncalves Honolulu 5,000

TRAVEL CONTEST OPENS FIRST DAY VOTE ISSUE

Several New Names Are Added to the List and All the Candidates Began to Get Busy.

Publication of the big list of travel contestants yesterday for the first time was the final act preceding the opening of the Evening Bulletin's expansion year contest which started today. During former contests the Bulletin has had a large list of entrants, but never before so many as are entered this year. Other lists have contained the names of people of more renown in financial circles but the one this year instantly gained popular favor for it consists of names of people of all ages and both sexes from many different walks in life. Every one in Hawaii knows some of the contestants personally; many know more than half of them well enough to call them acquaintances. With such a list to select from there is no reader of the Bulletin who will not desire to indicate his choice before the contest ends.

In a Hurry for Votes.

Although the contest did not begin until today, several people called yesterday at the contest department and asked to make payments for some favorite entrant. Personal receipts were given for this money and it was turned over to the contestants to be paid in for subscriptions when they desire.

Three Get Pen Orders.

A number of contestants were in this morning making subscription payments and three qualified for the fountain pen presents. At the opening hour at eight o'clock there were a number present who were anxious to make the first payments and thus receive the first subscription ballots issued. One of the candidates was a woman and the other two, men. The gentle contestant was gallantly given the honor by the men contestants and they matched to see which should be second.

About Omens.

While there is always a rather happy feeling about getting on the right side of an omen the contest man believes this is a good time to call to

CONTEST RULES.

RULE No. 1: No votes will be sold for money or other consideration, but can be obtained only by being clipped from the Evening or Weekly Bulletin, or secured through the regular subscription channels.

No votes will be issued on subscriptions unless accompanied by cash.

RULE No. 2: All votes which have been balloted will be filed in the Bulletin office, subject to the inspection and verification of contestants and their friends at any time during the contest.

RULE No. 3: A board of responsible business men will have exclusive control of the ballot box the last day, and after a canvass of the vote declare the winners. The decision of the Board of Judges to be final, and will admit of no appeal.

RULE 4: No employee of the Bulletin is eligible.

RULE 5: Votes cannot be transferred from one contestant to another when once balloted, nor can one candidate's name be substituted for another. Should a candidate withdraw from the contest the votes will also be withdrawn. Votes once withdrawn cannot be recovered.

RULE 6: Nominations of candidates may be made by anyone at any time during the contest without cost. The management of the Bulletin reserves the right to reject any nomination or application at its discretion.

RULE 7: A candidate who makes any disposition of subscriptions secured other than reporting them to the Bulletin will be declared disqualified, and the name permanently removed from the list.

RULE 8: No statement or promise made by any solicitor, canvasser or agent varying from the above rules as set forth, will be recognized by the Bulletin.

RULE 9: Only the first ten candidates, who receive more than three hundred thousand votes, will be entitled to the additional mileage trips.

Bulletin office for contest information.

Tell All Your Friends.

Go ahead and let your friends know that you are in the contest and get us many subscriptions as you can.

Once you have made up your mind to get into the contest, go to work at once. Don't overlook a single chance to get a subscriber and a bunch of votes.

Bear in mind the fact that you may get your subscribers anywhere. You may have friends and relatives in distant cities who would be glad to help you. Let them know you are in the contest and ask them to help you win one of the trips.

You May Work Anywhere.

You may get votes and subscribers anywhere. Also anybody anywhere can send votes to you for the Bulletin Contest Department, if they will be sure to write plainly who they are to be credited to in the list.

Do not postpone coming in after your receipt books. Some of the candidates have already started to work and it is in the beginning that you will get the encouragement that will make your wavering hopes turn to enthusiasm.

2000 Bonus Votes

are issued for every club of three old or three new daily yearly subscriptions. As many bonus vote coupons will be issued as subscription clubs are secured. The three old or three new daily yearly subscriptions must be turned in during some single contest week.

First Contest Week

FROM 8 A. M. TUESDAY,
MARCH 28th TO 5 P. M.
MONDAY, APRIL 3rd.

This is a standing continuous club offer that will be renewed from week to week, during the contest.

A TALK TO YOU.

You are certain to get the San Francisco round trip if you are one of the first ten. You get a longer trip if you earn it.

There will be no favors for anyone. It will be just as fair for you as any other candidate.

If you live on one of the outside Islands, you are just as apt to be a trip winner as a resident of Oahu. While there are more Bulletin readers on Oahu than on the other Islands there are also more candidates. This will tend to divide the vote equally.

Any entrant can easily compute the number of trips that are apt to go to candidates on the different Islands.

VOTE SCHEDULE.

2000 extra votes will be issued for every three new, or three old yearly daily subscriptions turned in during any single contest week. The vote schedule as here announced, is an unalterable one. No other vote club offer will be made.

From time to time, during the contest valuable prizes—not extra votes—will be given for a certain number of those clubs turned in during a specified time. These prizes will be given to contest candidates and contest workers.

CONTEST NOTES.

The contest will be of short duration. No votes will be sold for cash.

The vote schedule as announced, will be strictly adhered to.

The trips are transferrable.

Trips can be taken whenever the holder desires.

GRAFTERS AND ROOSEVELT

(Associated Press Cable.)

GRAFTERS AND ROOSEVELT.

BERKELEY, Mar. 27.—Theodore Roosevelt, in a characteristic speech here today, excoriated those servants of the people who have been shown to be corrupt, although, he said, the direct responsibility for corrupt officials lies in a corrupt public, which elects grafters and tolerates corruption among its servants.

The speaker paid particular attention in his remarks of scorn to those who give graft and to those who accept it, classing the former as probably worse than the latter, as they are the tempters of those who fall.

Mr. Roosevelt did not make any special references in his address, but the examples he used and the parallels he drew were taken by all those who listened as referring to the graft revelations in San Francisco. The speaker was wildly cheered during and at the conclusion of his speech.

QUAKER CITY HAS

ELECTRIC STORM

PHILADELPHIA, Mar. 27.—An electrical storm, accompanied by a terrific wind, struck this city tonight, demolishing many buildings and unroofing many others. Outside communication with the city was impossible, telephone and telegraph lines being made unserviceable through the static electricity in the air. Traffic in the surrounding sections has been demoralized.

WORTHLESS STOCK

OPERATORS ARRESTED

NEW YORK, Mar. 27.—The stock brokerage offices of the Standard Security Company were raided tonight by the postoffice officials. It is charged that this concern has been using the mails to sell stock in worthless concerns, knowingly defrauding its customers. Business to the extent of two million dollars has been done.

TWO WEEKS MORE BEFORE HALL CUP

Players Must Get In Form and Be Classified First, Says Nowell.

"It will be at least two weeks before the Hall Cup tournament commences I believe," said A. M. Nowell in speaking of the coming tennis event, which is looked forward to by all the tennis fans in the city after the Wall Cup has been decided.

Nowell is chairman of the committee which had charge of the tournament for the Hall Cup last year, and again this year he is to have the same position, it is understood.

"I have not had time to go into the tournament question much as yet, and none of us are in good shape to do our best playing just at present," he continued.

"We all need more practise, and two weeks at the least should be the shortest time that all the players can get into shape for the contest."

Chairman Nowell said that all the men should be tried out again this year and a new set of handicaps arranged so that everything would be absolutely fair in the handicap when the tournament opened.

"Last year we did not know much about the outside players, and as a result we gave them too much in several cases, especially those players from Ewa," said Nowell.

Eklund, who won the cup last year, was given too much at the start, as he was a much better player than the committee thought.

"We want to keep this cup in Honolulu if possible this year, and we are going to see all the players try out so as to fix their handicaps just as fairly as possible."

Interest in the tennis world centers in the coming Hall Cup now, and on all the courts of the city the men are getting into shape for the event.

The tournament is open to all players of the Territory, and is not a restricted one like the Wall Cup affair, so that there will undoubtedly be several times the number of entries there were in the Wall Cup.

Beretania courts are filled every afternoon with men working out for the coming tournament, and outside of Honolulu the crack players are getting in form.

At Ewa the men have been hard at work for several weeks, for they intend to keep the cup another year, and the Honolulu players will have to go some to take it away from them.

The men who took part in the Wall Cup play last week are all still in the game and working to get in even better shape for the other tournament than they were for the first.

It is hard to say how the play will go until after the men have finished their preliminary work and are given their handicaps for the tournament, but within a week something definite should be known of the form the players are in and how they will turn out in the end.

DOTS AND DASHES.

CHICAGO, Mar. 9.—Advises were received here last night that Frank L. Chance, manager of the Chicago Nationals, had been suspended for one year by the American Automobile Association from participation in any of its race meetings. Chance, who is a friend of Barney Oldfield, brought down the ire of the automobile body by acting as starter at one of the former's race meetings on the Pacific Coast.

ATHLETIC FIELD IS DOUBTFUL

Cooper Says Owners of King Street Property Not Willing to Sell.

There seems little chance for getting the athletic field for the public schools of the city, a movement for which was started a few months ago, according to the information given out by Alfred Cooper, who was chosen to head the movement and look into the matter of getting a price from the owners of the property.

For several weeks there was delay on account of the fact that some of those who had an interest in the King street property which it was desired to acquire were now living in Europe and had to be communicated with.

This part of the proposition has now been settled, and the others have given Senator Fairchild sole power to act in the matter of the sale, it is understood.

It appears now that those interested have not set a price on the land wanted and they seem to be inclined not to do so, a fact which will perhaps put off everything until so late that nothing can be done in getting money from the Legislature for the purchase of the property, and there will be no athletic field or playground for the schools for another two years, at least.

"I can make no offer for the property, for I have nothing to offer," said Mr. Cooper in talking over the matter, "and so my hands are tied, it is a way."

"I have talked with Senator Fairchild, but he does not seem to care to set a price on the property, and with nothing to go on I can not go before the Legislature for money to buy something when I can not say how much it will cost.

"The Senator says that property will increase largely within the next few years here, and he is unable to set a price on the property now.

"It looks as if there would be no athletic field after all, and what we have done to arouse public interest in the matter will go for nothing."

"I do not see that anything can be done. I have nothing to offer to the owners, and the owners will not set a price on the land. So there you are," he concluded.

It was only a few months ago that the matter of an athletic field for McKinley High School came up, and at the meetings held at that time, when a great deal of public interest was aroused, it was decided that the field should be large enough to make a playground for the school children of the city and should be located as near as possible to the common center to which all the public school pupils could come.

The property spoken of on King street, near the flower gardens, was decided upon as the most desirable for the purpose, and negotiations were entered into for it, with the result that the next prize which will be given by Instructor Duncan is for general improvement. The measurements of all the youngsters were taken soon after the class was started, and at the end of April their measurements will be taken again.

This period will cover about two months, and the one in the class of eight who has made the greatest development along physical lines will be awarded the prize.

In this way the more poorly-formed boy has the better chance really than the well-developed youngster for winning the next prize to be given.

DOTS AND DASHES.

King says he will give Kaoō a mile handicap in fifteen miles and beat him at that; at least, he is willing to take a chance on it. That is a fair proposition and should be taken up by the backers of the Waialua Horse. A full mile start in fifteen miles is a big handicap for any runner.

HONOKAA'S NEW BALL TEAM

From all appearances the town of Honokaa is again going to have a top-notch baseball nine this season, and a number of new players have been signed by Manager Joe Hauser. Mr. Hauser has this list of names in his coat pocket to select from:

W. H. Barringer, p.; E. Birdseye, c.; D. Gray, ss.; G. Spencer, ss.; C. Rickard, c.; S. Half, rt.; H. Rickard, 3d.; P. Hart, ss.; S. Kamee, 2b.; J. Murphy, lf.; T. Rickard, cf.; W. Hall, lf.; W. Payne, 1b.

Most of the players were on last year's team, but in Barringer, Birdseye and D. Gray, who are league ball-tossers of the mainland, Mr. Hauser feels confident of winning the "rag" again in the Hamakua district.

Barringer is a right-hand pitcher, with seven styles of benders, and his speed is enough to show he is in good form. Birdseye is six feet four inches tall, and anything within one mile in any direction is easily captured. He is from the Tri-State League. D. Gray was considered the fastest shortstop in the Pacific Coast League in 1909, and with this reputation he will be a valuable addition to the Honokaa team. His batting average last year was .359.

Manager Hauser has one other man in view, but states he will not make known his name. The player is a good stick-handler, and can pitch the split-ball, which he calls "gin fizz."

A meeting will be called next week to appoint officers—Kohala Midlet.

James J. Ryan has secured an appropriation from the California Legislature for the erection of a \$20,000 monument of Abraham Lincoln, to be placed in Lincoln Park, San Francisco.

DELIGHTED STILL, PROCLAIMS STACK

Chicagoan Leaves Soon But Plans to Return Here in December.

"I am going to leave for home soon, but I am coming back in December for a stay of several months," said J. L. Stack head of the Stack-Parker Advertising Company of Chicago, today.

"My beach home which I bought from Judge Wilder will be occupied for a time by Walter Dillingham and then by Judge Wilder when he returns from the Orient, but I am coming down to occupy it for several months during the cold weather in Chicago, and I shall bring machines and horses with me for an enjoyable stay," said M. Stack.

The advertising man has just returned from a visit to the volcano making the round trip to Hilo on the Wilhelmina and he declares the volcano the most wonderful sight ever.

"I thoroughly enjoyed myself on Hawaii," said Mr. Stack and I think that the volcano is the greatest wonder that I have ever seen. There was a large party on the Wilhelmina for the volcano trip and all who went over were wonder-struck with what they saw."

Mr. Stack came to Hawaii just on a pleasure trip to see something new and he was so pleased with the islands that he purchased a home here before he had been in the city two weeks, obtaining the Judge Wilder place on the beach for which he is reported to have paid \$20,000.

This is one of the finest properties along Waikiki and Mr. Stack considers himself fortunate in acquiring it for a winter home.

The Chicagoan is an enthusiastic out of door man and he plans to ship his polo ponies down here for his use during the time he expects to stay in the islands when he comes in December.

He has looked over the polo field at Moanalua and the horses owned by the local players, during the past few weeks, and this week he is going out to Schofield Barracks to see the Lieutenant Sheridan and other officers of the polo team of the 5th Cavalry in action on their field at the big post.

DARTMOUTH STUDENTS SKI HIGH ON MOUNTAINS

New York, March 9.—The Dartmouth college outing club claims a new high record for ski climbing in the White mountains, as the result of a trip by members of the club this week. The party left Hanover with the intention of climbing Mount Washington, part of them being on skis and the remainder on snow shoes.

The snow was in excellent condition and the party continued up the mountain side until failure of their food supply compelled them to turn back. The mark which they reached is about a mile beyond the previous record.

While descending the slope Fred Harris, a Dartmouth senior, had a thrilling experience. He started on a long glide. After a continuous descent of nearly a mile he found himself going at express train speed directly toward a rocky precipice with a sheer drop of 1,000 feet. Unable to turn aside or reduce his speed, he made wild grabs at small trees and other objects, and by chance caught a small bush only a few yards from the edge of the precipice. He was thrown to the ground and badly shaken up, but reached the foot of the mountain in safety.

DOTS AND DASHES.

Pay your personal tax (poll, road and school) before April 1 and save the penalty of ten per cent.

"Has your daughter reached twenty?" "Yes. And she is hanging on to it."
