Japan forces in FIC
Raiding Kunning again

In Chusan, Aug. 13—Main
force of the Kunning raiding
organization, consisting of
units of the Japanese air
ward, made another raid on
Kunning last night. The raid
was successful in that the
Japanese were able to get
within the city and destroy
several installations.

THE PREMIER REFUSES FROM AMERICA

PREPARATION SHEET SHIPS FROM

THREE SHIPS OUT TO MIGRATE

RANAGOK, Aug. 13—It was
reported last night that the
seven United States ships
were again refused admittance
by the Japanese government.

The ships arrived early this
morning at the Japanese
borders, but were refused admittance.

It is understood that this
motion was again refused
because of the Japanese
protest against the United
States

Japan, as stated before,
continued service of the
men now

in Japan.

This new incentive to stop speeding may, in addition to aid-

ing the gasoline problem, also result in the saving of many

villages which many of us haven’t known before.

Now that Mr. Ickes has found that gasoline must be com-

bined with efficiency and economies, the problem is

solved.

CHAPTER 1

RED CHARIOT Rode with a Horse that had a Brumby

In the days of the past, the days of glory, the days of the brumby, the man who rode with the brumby was a legend. He was a hero, a warrior, a man of the people. He was the one who could take on the world and win.

He was the one who rode with the brumby, a horse that was wild, fierce and free. He was the one who could ride with the brumby and have the respect of the people.

But now, the days of the brumby are gone. The horse that once roamed the land is now a thing of the past. The man who rode with the brumby is gone too.

And so, the legend of the brumby and the man who rode with it is only a memory now. But it is a memory that will never be forgotten.

Sails Early to Avoid ‘Freezing’

The higher prices rise—the less a man can buy. The result will be a depression. And a depression is just as real as is love for one’s child, or for one’s parents.

But the best way to avoid ‘freezing’ is to build and build upon your stamp album (which you can get at the post office). The more money you have, the less money you will need to spend on stamps.

The Chance of a Lifetime

Every man, woman and child in the United States has the chance to start a savings account. And every man, woman and child has the chance to start a savings account. And every man, woman and child has the chance to start a savings account. And every man, woman and child has the chance to start a savings account.

But not everyone can do it. And not everyone can do it. And not everyone can do it. And not everyone can do it. And not everyone can do it.

Join the Navy today and join the Navy today and join the Navy today and join the Navy today and join the Navy today.

SOMETHING FOR ADULTS—One of the most destructive implementations of war is this British 2,000-pound bomb. It is designed to be dropped from a high altitude, to explode upon impact. It is a weapon of mass destruction. It is a weapon of mass destruction. It is a weapon of mass destruction.
