HEADQUARTERS 100TH INFANTRY BATTALION (SEP)
APO 34 - U. S. ARMY

29 October 1943

SUBJECT: Commendation

TO: 1st Lt (Chaplain) Israel A.S. Yost

1. On the occasion of my relief from command of the 100th Infantry Battalion (Sep) I wish to make a matter of record my profound satisfaction with the services you have rendered to the battalion in so many ways.

2. You have done things which no chaplain could be required to do. You have repeatedly assisted in the actual care of the wounded and have assisted in their evacuation under heavy shell-fire. Your skill and the comfort you have given painfully wounded men have aided materially in their recovery.

3. I can truthfully say that no man in the unit is more respected or loved than you are. It has been my pleasure to make a brief note on your qualification card which expresses my feelings toward you.
