MEMORANDUM FOR MR. LOVETT:

Herewith is a list of subjects which I understand the American delegate is to be prepared to discuss at the forthcoming conference. Whether all the matters are to come up is another question, but it does seem as if the following will be taken up:

2. The Problem of Poland
3. The Problem of Greece
4. The Problem of Palestine
5. The Problem of Indo-China
6. Understandings regarding Latin America
7. The general policy on the treatment of Germany.
