Mr. Morio Omori

Dear Morio:

Enclosed is the itinerary of the Senate Public Works Committee that is going to Hawaii on March 22nd.

Could you please check the airline schedules to see if I could catch a flight from Hilo on the morning of March 27th which could get me to Molokai by 9:00 a.m. on the same date.

I would like to remain overnight at Hilo on the 26th instead of returning with the Committee at 4:30 to Honolulu. I want to be certain, however, that I can be on Molokai on the 27th in time to meet the Committee when it arrives there.

This will give me an opportunity to meet with the boys. If it can be worked out, please make the necessary flight arrangements.

Aloha,

Dear Morio:

I have the arrival times for you three people and arrangements will be made to meet you as you come in. We're trying to get a room for Edna at Hukilau; rooms are tight because of the Fair but we figure she can stay with us if no room becomes available so don't worry about her.

I've talked with Punday and Francis; Zuke is in Honolulu for a short trip so I haven't been able to talk with him. The two will meet with you and Dan on Friday p.m.--we can set the time after you arrive. I'll try to make it too.

Francis has been expecting a call from you or Dan, I guess, on his impending trip. I gave him the general plan and he was very interested in participating and lending a hand wherever he can. He said he had certain things he wanted to talk to me which he didn't want to say over the phone so we'll get together within the next few days. He's been very busy with the Sugino case.

Chairman Eddie and some Lions will be on hand to greet Dan when he comes in on Tuesday at 10:08 a.m.

The plans for him to date:

**Tuesday, 10th - Arrival 10:08 a.m., HAL**
- Luau, Maui Police Clubhouse - 6:30 p.m. (cocktails at 5:30)

**Wednesday, 11th - In Chairman Tam's office for interviews to 11:15 a.m.**
- a. Najo Yoshinaga and Eugene Ching
- b. Mr. Chun - poi raisers problem
- c. Others may come in

Dear Edna:

Attached hereto is the return schedule for Maggie and me. I shall notify you of any changes that may have to be made.

I have decided to sail home instead of fly, because I am certain that once I step foot in Hawaii, I will have no rest. I think I can rightfully say that I am deserving of 4½ days of rest and relaxation.

See you soon,

Aloha,

Dear Morio:

Attached you will find a memo setting forth Vice President Johnson's Hawaii itinerary.

As you know, the Vice President's visit to Hawaii will be an extremely short one and his schedule is very packed.

Unfortunately, because of the seriousness and importance of his visit to the Far East it was felt that it would be unwise to schedule any Party function. The Vice President is going to the Far East and other parts of the world representing the President at this, our most crucial time in history.

We hope that you will understand the situation. However, at dinner I am certain you will have the opportunity of meeting the Vice President more intimately.

Aloha,

DANIEL K. INOUYE

COLLEEN KELLEY WELCOME ADDRESS
TO
THEIR IMPERIAL HIGHNESSES THE CROWN PRINCE AND PRINCESS OF JAPAN

We the People of Hawaii of many national origins present you with our warm greetings.

Please make yourselves at home. We hope your few days here will be very happy ones.

This year we Americans celebrate with the people of Japan the 100th Anniversary of the first Treaty of Amity and Commerce between Japan and the United States.

Such friendly relations are necessary between our nations and all nations so that our future will be happy and filled with the ideas of peace and friendship.

The Japanese people who came to live in Hawaii have made many important contributions to our Islands. We enjoy learning the Japanese language and many beautiful Japanese customs. We know that many students in Japan are studying English and enjoy learning about the background and history of our country.

We students of this generation all over the world hope to share a happy future together. We hope that you and other world leaders will make this come true.

Speaking for the youth of Hawaii, America's newest State, I wish to ask you to please take our greetings to the youth of Japan. We hold hands with them across the sea.

Dear [Mr. and Mrs. Smith,]

We have reached the half-way mark in our Crusade. As we write this letter we have before us a check for $700.00 from one of the families in our church, the final payment on their building pledge. More than 80% of the people are up to date in their payments. This is very good!

You will be interested in knowing that we are about ready to complete our negotiations with the Redevelopment Agency with regard to two matters, (1) the sale of the property we still own on Fort Street and (2) the purchase of the new site on the corner of Nuuanu and Vineyard. We've had some difficulty coming to an agreement on the purchase price.

The agency has promised us that the site will be cleared and leveled ready for construction in another 6 to 9 months. This is very good news. We hope nothing will delay us any further.

We are certain of one thing at this point, and that is that our project will cost more than we had anticipated two years ago. Building and land costs are steadily rising. But with everyone doing his utmost we are sure to get our new church. We deeply appreciate your loyal and generous support.

Sincerely yours,

Mr. Norio Omori

Representative Daniel K. Inouye  
Honolulu, Hawaii

Dear Mr. Omori:

I acknowledge with appreciation your two letters. I immediately contacted Mr. Hank Gosho of the Embassy and he was pleased to have confirmation of the schedule of Dan's activities. I believe that the Embassy had a hand in preparing it. Since your communication arrived late Friday afternoon, I have not been able to contact Mr. Kazuo Tanikawa of the Diet. However, I will tell him to try to make the Wednesday, 3 Dec meeting at the Diet. I will then invite him to the Aloha Club reception in honor of the Inouyes. I hope he can make it.

I did receive the biography and itinerary from Kido, sent by Kuni. I wrote to Kuni to thank you for them. I hesitated writing to you directly because I thought that the proper channel in this case was Kuni, who took time off from what must be his busy schedule to see you. I immediately forwarded the biography and itinerary to Mr. Gosho. He was highly appreciative of them both, since he did not have a biography at that time, and the only schedule he had was in the form of an abbreviated cable.

I have been seeing some of your friends in Tokyo, Alton Sakamoto and Hung Leong Ching. Alton leaves on 3 Dec for Hawaii, so he will not be able to go to Dan's reception. I had invited Hung Leong to go, but he had to change his schedule to be able to go to Hong Kong, so he too, will not make it. I am trying to contact Takuo Takabuki, Mr. Takabuki's younger brother, so that he will not miss this opportunity to meet Dan.

I enclose the clippings on Representative Porter's clash with the Embassy—a prime example of what happens when there is a failure in communication.

Mary thanks again for your replies. If I can do anything for you in Tokyo, please do not hesitate to write and ask.

Sincerely yours,  

George Akuta

Dear Sir:

Enclosed is a proposed itinerary in the Philippines for Congressman Daniel K. Inouye and Mrs. Inouye.

I am assuming that the enclosed itinerary has been planned with the advice and consent of the proper authorities in the Philippines.

We would appreciate your help in enabling Congressman Inouye to meet with Minister of Agriculture, Dr. Juan De Rodrigues, who is his personal friend.

Mrs. Inouye and I also appreciated the very courteous and efficient service of your staff, particularly Mrs. Arrogante, in processing Mrs. Inouye's visa.

Thank you for your interest in this matter and your kind offer of help.

With best personal regards and aloha.

Dear Mr. Akita:

I discussed your letter of November 9, 1959 with Dan but postponed writing until a firmer schedule for Dan could be worked out with the groups involved.

For your personal information and not for general distribution, the following is Dan's Japan schedule as of this date. Note that certain changes may be made from time to time:

**Tuesday, 1 December**
- 1800 Arrive Tachikawa Air Base (ONA Flt. 715)
- Sanno Hotel

**Wednesday, 2 December**
- 0900 Visit Ambassador MacArthur
- 1055 Visit Director General Akaji and other officials of Japan Defense Agency
- 1230 Luncheon at Foreign Correspondents Club
- 1500 Call on HIH Crown Prince Akihito

**Thursday, 3 December**
- 0900 Call on Prime Minister Kishi
- 1000 Call on Foreign Minister Fujiyama
- 1045 Call on Speaker of House of Representative and group from Diet
- 1230 Luncheon with Ambassador
- 1500 Visit General Sugeta and General Takayama (Camp Nerima)
- 2000 Television filming at NTV Studios (Life Is A Drama)
Friday, 4 December
0830 Visit General T. C. Rogers (USAF) MAAG (Hardy Barracks)
0915 Visit General Robert W. Burns, US Forces
1005 Visit U.S. Army and Sixth Logistical Command
1200 Informal Lunch USARJ--General Tulley
1900 Reception and Testimonial Dinner--Aloha Club

Saturday, 5 December
0745 Leave for Tachikawa Air Base
1000 Depart for Korea USAF Flt. 211

The foregoing has been coordinated with Army headquarters here and in Japan and with U.S. Ambassador MacArthur. The offices of Ambassador MacArthur and General Tulley have been in contact with this office through CINC Pac and USAR Pac here. The only requests made by this office were (1) to honor Aloha Club's request for Friday evening, (2) to keep formal engagements with military brass at a minimum and to emphasize meetings with local boys serving in Japan.

Please note that the visits with the Japanese officials have been worked out with the responsible Japanese authorities. No publicity, repeat, no publicity is being given to Dan's visits to the Crown Prince and Prime Minister until after his visit and a joint communique will be issued subsequently.

For your information, Dan contemplated a trip to his father's birthplace in Fukuoka but due to the time involved, could not make it.

I gave Kuni a biography of Dan, together with flight schedules, for transmittal to you and Mits Kido. I am assuming that you have received same. As to the information on Dan's and Maggie's parents and grandparents, it might be more prudent not to emphasize this information to prevent any criticism that the U.S. Government is, as you state, "showing off" the Inouyes. If Dan and Maggie deem
it advisable after arrival, such information can be informally divulged by them.

Dan, I know, would like to meet informally with groups of people, with the emphasis on local Hawaii people in Japan. In addition, I am sure, time permitting, Dan would be happy to accommodate the Embassy people. They could work out a meeting with Dan after his arrival, or if they desire a firm time prior to his arrival, they could wire a formal invitation and we could request the U.S. officials involved to provide time. However, we would prefer working out the meeting on an informal basis after Dan's arrival.

Thank you for your concern and interest in this matter. I know Dan and Maggie are looking forward to their tour and will appreciate a call from you.

Best personal regards and aloha.

Sincerely yours,

Dear Mr. Akita:

Thank you for your inquiry relative to Congressman and Mrs. Inouye's itinerary in Japan.

We are in the process of scheduling the Congressman's activities in Japan through the Secretary of Army and the state department office and army commands in Japan.

With reference to your query about a possible informal meeting with certain members of the Diet, Congressman Inouye is tentatively scheduled to call on the Speaker of the House of Representatives and a group of Diet members on the morning of December 3. We do not know how this meeting was arranged, but I am sure Congressman Inouye would enjoy meeting as many members of the Diet as he can. If there is any question as to how members of the Diet are to be selected or whether the group is to be limited, I would respectfully suggest that proper inquiries be made to include all interested members. I am sure that if time permits Congressman Inouye would appreciate meeting informally with all interested members of the Diet. Arrangements for such meeting could possibly be made upon arrival in Japan, if the scheduled meeting on December 3 is not totally satisfactory.

Congressman and Mrs. Inouye are scheduled to arrive at Tachikawa Air Base on December 1, 1959 at 6 p.m. and will depart from Japan at 10 a.m. December 5. I would suggest that you inquire at USARJ for a possible time for any meeting which local groups in Japan are desirous of scheduling during the Congressman's stay in Japan.
Please convey our appreciation of the interest of the leaders and people of Japan in Congressman Inouye. Congressman Inouye considers this tour as an educational tour to familiarise himself with the mutual problems of both Japan and the United States. He would appreciate any help and information that he can receive from the leaders and people of Japan.

Thank you for your personal interest in Congressman Inouye's welfare. Congressman Inouye asked me specifically to convey his personal aloha and to inform you that he is eagerly anticipating seeing you again and recounting old times with an intimate friend like you.

Best personal regards and aloha.

Sincerely yours,

MORIO OMORI

Dear [Name],

I have discussed the international significance of your proposed trip to Japan with my former student, George Shida. The people here are looking forward to your visit and are extremely curious to see how a Rising Congressman acts.

I know it may be a little burdensome, but you will be called upon to make many public appearances on various media. I am sure you realize the tremendous psychological advantage we will have if your appearance here is handled properly. I need not elaborate further, but I hope you will cooperate with the Japanese when you come to Japan. Redo
Mr. Norio Omori,
Executive Assistant to
Representative Daniel K. Inouye
Capital Investment Building
Honolulu, Hawaii

Dear Mr. Omori:

I am a Department of Army civilian in Japan. The nature of my work is such that I am able to meet a broad segment of Americans working for the U.S. Government on both official and unofficial bases. A few days ago, Representative Inouye's projected trip to Japan was being discussed on a very informal basis by some Embassy people. I happened to be present when the subject was brought up. I received several impressions from the conversation.

1. Representative Inouye, as the first Nisei member of Congress, is what the Japanese would designate as a "living cultural asset" (The term derives from the practice of the Japanese Government which honors men of letters and skilled artisans on a highly selective basis as living cultural assets of Japan).

2. His presence in Japan indubitably would serve to enhance the U.S. position in Japan.

3. However, the people in the Embassy most directly interested in and concerned over Representative Inouye's trip are faced with somewhat of a dilemma.

   a. They fully appreciate a Congressman's position and prerogatives. Hence, they realize that they could not and would not under any circumstances, unilaterally suggest a program to show Representative Inouye in the best possible light.

   b. They also realize that Representative Inouye is coming as a guest of the Secretary of the Army and on Congressional business.

   c. The Japanese public will also not appreciate it if they felt, wrongly, that there was a carefully planned program involving Representative Inouye. There will be spontaneous and comprehensive coverage by the Japanese of his visit and stay in Japan. There will also be, I am positive, the feeling among the Japanese that the U.S. Government is "showing-off" the Representative. Therefore, the people in this discussion do not want to do anything to further fester this notion. Hence the need for a great deal of discretion.
d. Still, because the Embassy almost automatically is responsible for extending all assistance and courtesies to VIPs visiting Japan, the people directly concerned would like to know in advance what Representative Inouye's plans are for his visit and stay in Japan. At the time of the discussion, they did not even have an inkling as to the date of arrival!

4. On the basis of the foregoing "bull-session" they asked me, as the only Hawaiian present and a former classmate of Representative Inouye, if he would be able to indicate generally and informally, his plans for his stay in Japan and whether he would be available for T.V. and radio appearances. I am almost positive that arrangements can be made for Representative Inouye to meet any person or group of persons he desires.

5. Is it possible, also informally, to receive a biography of Representative Inouye? This information will be translated and released, with your permission of course, to coincide with his arrival. May I suggest that the following points be included or stressed. Specific information on his father's and mother's (grandparents in her case) birthplaces. The same for Mrs. Inouye. When they left Japan, where they went and what they did in Hawaii. Representative Inouye's military experiences and his rise up the political ladder in Hawaii.

I have also been asked by a member of Japan's House of Representatives whether Representative Inouye would be able to spare an evening for a round-table discussion with a group of Diet members. The reason for this circuitous manner may be clear if I cite Professor Reischauer's The United States and Japan:

The Japanese have developed many strategems whereby the normal business of life can be accomplished without causing anyone to lose face. The whole formalism of their social and official relationships is part of this system...The best loved strategem is the go-between—that is the use of a third party or, often enough, two third parties to bargain and make arrangements in behalf of the principals, so that the latter will not be forced to lose "face" or be impolite to each other. This is how marriages are arranged, how most embarrassing or important requests are made, and how many business deals are transacted. (p. 146, italics, mine).

If Representative Inouye's reply is in the affirmative, Kazuo Tanikawa, the member of the Diet who is trying to arrange the meeting, will send a formal, official invitation. He is aware that Representative Inouye's schedule may not be arranged as yet, so that any formal invitation may have to be a general one until a schedule is fixed by Representative Inouye.

I believe that Mr. Tanikawa's efforts have considerable merit.
1. This plan is strictly one conceived by the Japanese on their own initiative. Hence, there is no need to "generate” enthusiasm.

2. The Diet members who participate will take their impressions of Representative Inouye to the grass roots. Mr. Tanikawa, for example, visits his constituency in Hiroshima at least twice a month when the Diet is not in session.

It is fully appreciated by all parties concerned that the matters brought up in this informal letter would mean impositions on Representative Inouye. I hope, however, that the contents of this letter will be brought to his attention.

It was an unexpected pleasure to have bumped into Mr. Kido and Mr. Kunimoto in Japan. By the time you receive this letter, perhaps Mr. Kunimoto will have already discussed some of the problems with you. Mr. Kido has also kindly written a note to Representative Inouye that you have found attached to the first page of this letter.

I would appreciate it if you would write separate answers to the problems raised—one in reply to the informal inquiries by the Embassy people and the other in reply to Mr. Tanikawa's desires. I believe that discretion dictates that Mr. Tanikawa does not see any correspondence involving the first group.

Sincerely yours,

George Akita

Dear Morio:

Received yours of 8 October 1959.

We have cancelled the Kiwanis luncheon on Thursday, October 15.

The schedule for Friday (16th) is as you have set down with Herbert Jackson added after the C. H. Burnett meeting.

I have just talked with Sam Chang, ROTC advisor at St. Anthony School. They have cancelled the ROTC review on Friday as they are having a pep rally at the time which is usually reserved for ROTC.

** They would have liked Dan to be there on Thursday (15th) but I told them that he would be in Hawaii on that day. They asked for a few minutes talk at the rally but the invitation was very informal so I suggested that they try us again when Dan came back to Maui some time in the future. The schedule for Friday now looks as follows:

- 10 a.m. Maui Board of Supervisors
- Lunch With Board members
- 2 p.m. C. H. Burnett
- 3 p.m. Herbert Jackson
- Evening 442 get-together

Jimmy Izumi will be in Honolulu on Wednesday and he will no doubt contact you.

We'll be able to meet Dan when he comes in on Friday, 16th, at 8:49 a.m.

Sincerely,

cc Jimmy Izumi

** I have talked with Jimmy about this so he knows. Also talked with Bro. Robert of St. Anthony (Principal); he says the review was last week Thursday. We'll try to schedule something the next time Dan is here.
