INSURANCE SCANDAL IN NEW YORK.

Amazement and distrust are the immediate results of the disclosures made of official maladministration at the investigation by the Legislature's committee into the workings of the great life insurance companies. It seems incredible that such waste and perversion of trust funds could have been tolerated for so long without the public exposures that will now be set to work to bring about the necessary reform. Reputations and characters, once rated high, have been scored and blasted in the investigation which once more goes to prove to the world the evil of the mad race for fortunes secured in a hurry by any or all means, and the truth of the adage that in the end, corruption wins not more than honesty. In addition to the drastic legislation that probably will follow to regulate the life insurance corporations, we may have also, as a result the long sought for restriction by law of the use of money in elections. Alton B. Parker, who was the Democratic candidate for President in the last election, writing of the gathering of campaign funds says:—

"There can be no hope of checking the unlawful aggression of officers of great corporations so long as they may thus form a quasi partnership with the organization of the dominant political party. For in the hour when the administrative official seeks to punish the offender he is reminded by the head of the organization of the magnitude of the contributions of the corporation.

"There is, however, something worse, if possible, than the escape of such offenders from justice. It is the gradual demoralization of voters and the dulling of the public conscience caused by the effort to make these vast sums of money procure the ballots they were intended to procure, corruptly and otherwise. How great that demoralization has already become is fairly presented by Mr. Steffens in his articles in McClure's, contributed during the last few months. Those articles ought to be read and pondered by every good citizen.

"It is not my purpose to claim that the Democratic Party, subjected to the temptation which has overcome the other party during the last few years, would have acted differently. Mere party advantage should not be sought from the disclosures made in this investigation. But the facts should be diligently sought that the people may become so aroused that they will insist upon legislation making it a criminal offense for officers to contribute corporate funds for political purposes and depriving the apparently successful candidates of their offices.

"Efforts in that direction have been making in different States since November last, and particularly in this State. But the Republican organization would not consent to it, so the Legislature defeated the bills. And the organization never will consent until an aroused public sentiment shall threaten legislators

with political oblivion who fail to enact effective laws upon the subject."

It looks now as if the public conscience were at last aroused to the enormity and danger of this crime against popular self government. Great reforms move slowly but they never go backwards. So now we may be sure that in the near future we will have a political evolution which will bring national and state laws dealing with corrupt practice at elections which will restrict expenditures and bring about as clean electoral results as is possible under ordinary human conditions.—Irish American.

Chalmers A. Graham and wife, formerly of Honolulu but now of Shanghai, arrived in the Kores for a short stay. They will leave by the next steamer for the Orient.

THEODORE AND GEORGE.

A local newspaper with a correspondent in Washington prints a letter from its representative in which it is pointed out that Congress formerly directed the business of the nation but that changes have come which make the President the Great I Am of the Government. The correspondent says:

"Backed by a wonderful popularity, he is stronger than he ever was before in forcing his ideas of legislation upon Congress. It has been heralded that Congress will do what it wishes in its own way and in its own time. That was the oldtime idea Congress held of itself and of its prerogatives under the constitution.

"But things seem to be rapidly changing and it remains to be seen whether the President, supported by the people, some possibly more or less hysterical in this hysterical age, but nevertheless very much in earnest, will have his way and whether both branches of Congress will not grant about what the President wishes."

President Roosevelt is on the last leg of his career as head of the nation. He may be ever so strenuous

in his ideas, ever so honest and all that, but if he pursues any such policy as indicated he will find himself up against the snag of a policy that has existed since the days of George Washington. The people intend to rule and they will rule. President Roosevelt may take a pointer from the experiences of George R Carter, who imagined he was "It" in Hawaii but who ran up against a Legislature which had the Constitution behind it and knew it.

CARTER AND DAVIS.

"So long as I am Governor," etc—vide Advertiser. Just change the expression into this form and put it: So long as I take in washing I am going to see that every button received shall be returned to the original owner and I am going to do this myself despite the fact that there is in the Ironing department a person whose duty it is to attend to all this detail."

TOPICS OF THE DAY.

We would greatly like to know what the reason is of the police department delaying prosecutions in the fa cases. There are cases which have remained on the calendar since last July, being postponed from time to time by the prosecuting officer. Why?

China is at last awakening and an army of 40,000 is preparing to maneuver at Tientsin. This is a large army but a small one for China. In a press China could put 40,000,000 men in the field which is more than all the standing armies of the world put together. If thoroughly trained and equipped there is probably no nation or combination of powers that could stand off this immense host.

H P Wood, the new head of the Promotion Committee, has the advantage of having been engaged in just such work as he comes here to do. It is up to him to "make good." If he manages the work of the committee on modern lines, he will make a success of it and help the country a great deal. If he blunders along as did the promotion committee of old, nothing can or will be done.

A highly interesting report comes from Nuuanu valley where Contractor Whitehouse is working on the Fall road. It appears that Whitehouse established a store, restaurant, etc, at the camp for the accommodation of the men. When a man does not patronize the store his services are dispensed with: As usual in such cases, extravagant prices are charged for goods and the laborer gets it in the neck in the end.

There is something quite remarkable about this Hilo High School proposition. For a year or more Hilo people have been clamoring for the building. In the meanwhile

Superintendent Holloway continues to reply blandly that he will build the school house as soon as the people decide on a site. Who is to blame? Are the people of Hilo so disinterested as to neglect the site proposition, or is Superintendent Holloway bluffing them out of their school building?

The resignation of Superintendent Davis from the office of head of the Department of Education must be taken as a case of the result of Governor Carter's boorishness. In the flush of his strenuosity, Governor Carter sought to run even the details of the education office. Mr Davis, naturally and properly, would not stand for it and resigned. Thus the public is again called upon to lose the services of a good man simply because Governor Carter had a spite against him. What next?

If H P Wood the new secretary of the Hawaii Promotion Committee, can effect a union with the California Promotion Committee which will result in the one assisting the other, Hawaii will be greatly benefited. But experience at once gives the suggestion a black eye. In Southern California even the bell-boys and boot-blacks in the hotels are taught to warn tourists from coming to Honolulu, the object being to corral them there. If this opposition can be modified it is plain that good results will follow.

If the business people are thinking seriously of obtaining an independent steamship line between the Coast and Honolulu they certainly should not trust the matter to Tom, Dick or Harry who happens to be going to San Francisco. It appears that J A McCandless has been selected to do—what? Why, simply to go over to the Coast and come back again. Mr McCandless may be all right in many respects at home, but on the Coast he would amount to about as much as a fly in a bowl of liquified cobalt. The first thing to do in the direction of an independent steamship line is to get a large committee of business together and let them figure out what can be done.

The Girl of To-day

will be the woman of to-morrow. She does not know it, perhaps her mother does not fully understand it, but between the "to-day" when she is a girl and the "to-morrow" when she will be a woman, her life's happiness and health are in the balance. If she is to be a full-breasted strong, healthy woman she must develop rightly now. She is at a crisis. She needs more strength, more blood to tide it over. Dr. Williams' Pink Pills for Pale People are the one medicine that will give her the strength and make the new blood.

Our new book, **PLAIN TALKS TO WOMEN**, explains why these pills are of special benefit to growing girls. A copy will be sent to any address, FREE on request.

Miss Frankie Hathaway, of Sixteenth Street, Holland, Mich., said: "I am 21 years old, and I was pale, weak and did not gain under the doctor's care. Other treatments brought no better result and by the time I was sixteen years old I was so weak I could not walk across the door. I was terribly emaciated and my skin in fact all color. The doctor pronounced the disease anæmia. One of my friends advised me to try Dr. Williams' Pink Pills for Pale People. I bought a box and before I had taken all of the pills I found that they were doing me good. Appetite increased and the healthy color began to show in my cheeks and lips. I continued to use the pills until I had taken fifteen boxes and found myself permanently cured. Since then I have had no return of my old troubles and cannot remember when I was so strong and healthy as now. I know that Dr. Williams' Pink Pills for Pale People saved my life, and I believe that no other medicine could have done it."—FRANKIE HATHAWAY, 16th Street, Holland, Mich.

Look for the full name on the package. At druggists or direct from the Dr. Williams Medicine Co., Schenectady, N. Y. 50c. per box. 6 boxes \$2.50.

LOCAL AND GENERAL NEWS.

THE INDEPENDENT 50 cents per month.

A concert will be given by the band at the Alexander Young hotel this evening.

The Advertiser states that Mrs Wilcox's new paper will make its appearance on Saturday.

The Vida-Townsend investigation will be continued by the Board of Supervisors this evening.

J C Cohen engaged three theatrical companies on the Coast to come here during the Winter months.

William Hay, of Honouliuli, and Miss Morrison, who arrived in the Korea, were married last evening.

W K Ballinger and Mrs Nellie Ford were married in the Methodist church at 5 o'clock yesterday afternoon.

W F Damon, son of Mr and Mrs Frank W Damon, left yesterday for Washington to accept a responsible position.

W O Smith, who returned yesterday from the Coast, was successfully operated upon for a cataract on the eye.

Bishop Libert and Father Valentin will leave Anwerp November 4 and expect to arrive here late in December.

The steamer Nevada sailed last night for Kahului. After discharging freight there she will leave for the Coast.

Miss Melika Peterson, clerk in the agriculture office, returned by the Sonoma yesterday from a visit to California.

The transport Sherman, to arrive here early in November, will carry a full ship load of soldiers for the Philippines.

The steamer Korea got away at 6 o'clock last evening for the Orient. It was 10:30 p m before the Moana left for Vancouver.

James P Howe formerly of the S F Chronicle has been added to the excellent staff of the reportorial department of the Evening Bulletin.

Sergeant Patrick Egan, of Camp McKinley, jumped overboard while entering San Francisco bay on the transport Sherman and was drowned.

Captain Carey, who was master of the Monowai and the Moana passed through yesterday on his way to England. He has settled in Australia.

Central Union church will give a reception this evening in honor of Dr and Mrs Shepherdson. The former has been filling the pulpit of the church during the Summer.

The office of THE INDEPENDENT is in the brick building next to the Hawaiian hotel grounds on Beretania street, Waikiki of Alakea. First floor.

The Charlie Moore gambling case was proceeded with in District court this afternoon. Witnesses thus far examined have been Walter G Smith, A P Taylor, H M Aytes and a Mr Wilson. Nearly all of the evidence seemed to be hearsay.

Purser Kibling, of the steamer Maui which arrived this morning, reports having experienced good weather during the trip, landing all freights successfully. The schooner Allen A arrived at Kahului last Saturday, lumber laden for the K R Co.

The steamer Maui, from Maui, brought in the following freight this morning: 83 sacks potatoes, 243 sacks corn, 107 steel ties, 60 tubs sake, 55 cases pineapples, 1 horse, 12 hogs, 2 bulls, 37 bundles hides, 155 bags empty bottles and 104 packages sundries.

H P Wood, who arrived yesterday to take charge of tourist promotion work, believes a combination can be made between San Francisco and Honolulu hotels which will greatly facilitate travel. He will take that up first thing. Mr Wood will begin work on November 1.

The Britt-Nelson Fight.

The new famous Britt-Nelson boxing contest so successfully pulled off to a finish at San Francisco is now in town and by the aid of moving pictures the local resident may see a faithful reproduction of the scenes attendant to this noted fight from the time of the opening of the doors for the admission of the mass of the spectators until the time of the knock-out of Britt by Battling Nelson in the eighteenth round. The show is now on at the Orpheum theatre and ample accommodations have been provided to comfortably seat all comers. Last night, the first performance, was well attended many members of the gentler sex being present in a peculiarly representative Honolulu gathering. Managers Herbert and Harris are the projectors of the entertainment and the noticeable disturbances in the working of the pictures are promised, by them, to be avoided in the future.

Mr Davis Resigns.

After a tiff with Governor Carter yesterday afternoon Superintendent Davis, of the Department of Education, verbally tendered his resignation and the same was accepted. It appears that Governor Carter insisted upon having reports of complaints in the school department and of passing upon them. Mr Davis could not see it that way and resigned. The superintendent has been in office only about six months. During that time, however, he has done hard work and given general satisfaction.

To Improve Kakaako.

About thirty-five property owners of Kakaako met in the Honolulu Iron Works last evening and perfected organization of an improvement club. Mr Dower was elected chairman and Mr Knight secretary. Considerable routine business was transacted, after which it was decided to protest in the strongest manner to the dredger dam across the waterfront of Kakaako. Permanent organization was effected and a number of detail matters were disposed of.

The Cowboy Tournament.

Great interest is already apparent amongst the general public in the forthcoming Cowboy Tournament at Kapiolani Park on Saturday afternoon next. The "Tournament" will embrace many events aside from the actual steer-tying and horsemanship by the Cowboys and an afternoon of interesting exciting sport is promised. The program will be fully arranged by tomorrow when greater detail will be given of the events.

Passengers Arrived.
