LIVELY MEETING OVER HIGH SCHOOL SITE

One of the largest gatherings that ever attended a mass meeting in Hilo was present at Fireman's Hall Thursday night to express to Superintendent of Public Instruction W. H. Babbitt their views regarding a high school site and other school matters. The atmosphere of the hall was fairly charged with incipient trouble, which later broke into a storm of words and bitterness. At times the debate grew almost personal, but through the clever tact of J. W. Mason, who was in the chair, all personal feelings were subdued, and at the close of the meeting the contestants shook hands, the losers in the controversy acquiescing in the will of the majority.

J. W. Mason was selected as chairman of the meeting, R. A. Lyman, Jr., Secretary, and J. L. Kaulakou, Interpreter. At the request of the Chairman, Superintendent Babbitt was called upon to state the purpose of the meeting, which he did briefly and concisely:

"I have come here to listen and not to talk," said Mr. Babbitt in opening his remarks. "The Governor has decided to reopen the discussion of the proposed location of the high school site. The Governor and the Department of Education, whom I represent, desire to secure the views of the Hilo public, who are interested in the location of a high school site and other school matters. There are two things which have come to my attention which I wish to mention. The first is the impression prevailing among some that the reopening of the question of the high school and other sites here is a move simply to delay the building of a high school. I want to say that that impression is entirely erroneous. The legislature passed an appropriation of \$20,000 for a Hilo High School, and Hilo is going to have its high school just as soon as it is possible to build it. (Applause.)

"In some quarters, there is another impression, much more limited, however, that an attempt is being made to railroad through a proposition for the acquirement of certain property by the government, which certain parties are endeavoring to dispose of. I know this is not so, so far as the Department of Education is concerned, and that there will be exchange of lands which is not advantageous to the Territory and in which every citizen is not interested. The Department has no funds for the purchase of school sites, but if desirable property can be secured for school purposes by an equal exchange for other lands in the hands of the department, we are willing to consider such propositions. A number of gentlemen have talked with me regarding available sites, but I have committed myself to none of the propositions made. I hope every individual here will feel free to express his views, which may be helpful to the Department. (Applause.)

"In a word, I am here not to subserve the interest of any single political party or parties, no single individual or association, but on behalf of the Department of Education and in the interest of public education." (Applause.)

Chairman Mason called for expressions of opinion upon the subject under discussion. There was a dead silence for an interval, when L. A. Andrews started the ball rolling, by stating there were two things upon which there was a unanimity of sentiment in Hilo. The first was the necessity for a high school in Hilo and the second the selection of the Riverside lot as the high school site. T. J. Ryan offered a resolution, which passed without opposition, stating that it was the sense of the meeting that the high school should be erected on the Riverside lot.

At this juncture J. A. Scott, upon whose face there was seen early in the meeting a look of determination, arose and demanded to know of Superintendent Babbitt if he believed the Riverside lot could accommodate the high school and the present Riverside school?

"For present needs," said Mr. Babbitt, "yes; for future education in Hilo, no."

Scott asked another question, which was where it was proposed to place the Riverside school if the present lot was used for high school purposes?

This, Mr. Babbitt replied, was the very subject upon which he was seeking information. He had pictured the high school's growth and the establishment of an observatory, a commercial, a manual training and agricultural departments, all of which would eventually need the entire space within the present Riverside lot and possibly more.

Mr. Scott sought to draw from Superintendent Babbitt whether offers had not been made for the exchange of land on the opposite side of the street for the use of the Riverside school. There arose a chorus of voices from the rear of the hall, crying "Question, question." The Chairman loudly rapped for order, and as "an American citizen and taxpayer," Mr. Scott insisted upon securing the information asked for. Mr. Babbitt said he had received numerous offers, which he then proceeded quietly and in an orderly manner to lay before the meeting, illustrating the various proposed exchanges by means of a map.

It appears that the Masonic lot, about which there has been so much discussion, will not alone accommodate the Riverside school building, and it becomes necessary to secure adjoining property if the offer of the Masonic Hall Association is to be considered. There are two lots, owned respectively by Chas. Hitchcock and Harry Wicks, on the mauka side of the Masonic lot, which are for sale, but the Department has no funds for the purchase of land. There is another lot known as the Loebenstein property, on School street, adjacent to the Union School, which it was desired to add to the grounds of the latter school. Mr. Babbitt read an option, received from D. A. Loebenstein, in which the latter expressed his willingness to accept government land, soon to be opened up, of commensurate value with his own property, which he valued at \$1,700. Mr. Babbitt said the Masons sought in exchange for their property and the Hitchcock property, which they would buy, a proportionate valuation in a corner lot at Waianuenuene and Bridge streets, being a portion of Block C. He had not committed himself to any of the propositions named, but desired an expression of public opinion regarding the various offers.

Scott said he would advance the cash for the purchase of the Hitchcock lot, and when asked by Mr. Babbitt if he would buy both lots, he demurred. Mr. Babbitt added that neither lot singly was sufficient for the purposes of the Riverside school. Mr. Scott declared the government had pledged itself not to dispose of any portion of Block C, which had been reserved as a site for a federal building. He thereupon proceeded to read a letter from Assistant Secretary of the Treasury H. A. Taylor, in which it was stated that the Acting Governor on August 30, 1905, had promised to reserve the lot in question for federal purposes. Scott said that there had been a remarkable change in the attitude of one of the local press, and he desired to have read extracts from the files of the Herald three years ago and of today. This proposal was met with a chorus of "No, no, no," "Out of order." Amid the shouts of "Sit down," Scott replied that he did not wish to stoop to personalities, but that the editorial in the morning paper was "dictated by a whipper-snapper." Editor Stackler jumped to his feet to deny the accusation, and for a minute or two it appeared the meeting might break up in disorder. Chairman Mason called for order, and when quiet was restored the motion to read the Herald articles was voted down.

L. A. Andrews then presented a resolution in effect endorsing the suggestion of Superintendent Babbitt that the government secure upon the best terms possible the Masonic, the Hitchcock, the Wicks and the Loebenstein lots. Scott desired to amend providing that under no circumstances should an exchange be made of any portion of Block C, which had been reserved for a federal building. The amendment was promptly voted down and the motion carried with little opposition.

Scott then moved that in affecting an exchange with the Masonic Hall Association, the latter should be required to give a guaranty that they would erect a \$30,000 building within twelve or twenty-four months. In explaining the purposes of his motion, he stated that he had been informed by a high Mason that the Association had no present intention of building, and he did not care to see a repetition of the farce, of the "gold shovel" enacted three years ago. Campbell demanded to know what particular Mason had made such a statement and when Scott refused to divulge the party's name, said, "He didn't know what he was talking about." A hearty laugh at Campbell's expense was caused by Scott's quick retort "He knows better what you are talking about than you do."

T. J. Ryan delivered a speech on the question, advocating that the Riverside school be destroyed if necessary, to make room for the high school building. By a rising vote Scott's motion to require a guaranty was snowed under, and the meeting adjourned in fairly amicable spirits—among the majority.

Constantinople, Dec. 5.—A majority of the Ministers have agreed to yield to the demands of the powers, but the Sultan is waiting for the unanimous consent of his advisers.

London, Dec. 5.—It is stated that the modified proposal of the Sublime Porte will be accepted by the Powers.

Roosevelt Favors Hawaii.

Washington, Dec. 5.—President Roosevelt's message today urges immediate steps for the fortification of Hawaii, and says it is hard to overestimate the importance of the Islands. Hawaii is too heavily taxed and the tax laws should be enacted setting aside for a period of say, twenty years, seventy-five per cent of the internal revenue and the customs receipts from Hawaii, to be used as a fund for education, public buildings, military and naval defenses.

The President holds that the nation must develop the Territory on American lines and no laws permitted admitting Chinese or a servile class. The country cannot concede the admission to Hawaii of a class denied admission to other States and Territories. Hawaii shall never become a Territory in which a governing class of rich planters exists by means of coolie labor. The Territory must have the same basis for stable citizenship as the continent.

Death of Judge Little.

BABBITT'S VISIT.

Superintendent of Public Instruction Babbitt displayed his courage in facing a Hilo mass meeting last Thursday upon the question of a high school site, a subject which has ever been a bone of contention, since the passage of the act creating the Hilo high school. He showed himself equal to situation and although subjected to a rigid catechism regarding the motives of the administration in reopening a question, which had previously been settled to the apparent satisfaction of all, he answered every question honestly and well. An official with less tact or consideration of the proprieties of the occasion, might have precipitated a factional fight which would have resulted in a disagreement over a matter upon which all should agree.

This is the first time Hilo has been honored with a visit from the head of the Department of Education, and after a few days spent in visiting the various schools of the county, Superintendent Babbitt has acquired an intimate knowledge of the needs of the service on Hawaii and is able to determine upon the best methods for its improvement.

He is convinced that public school teachers are the poorest paid of all government employees. In a department where brains should be at a premium, he finds conditions such that instructors of the youth of this Territory are required to suffer privations and hardships of travel, which no other state or territory would permit to continue uncorrected.

The visit of Superintendent Babbitt can only be attended with beneficent results to the department and to the public as well, and although no other matter than the final settlement of the high school site is accomplished, the people will feel grateful for this display of administrative interest.

MASS MEETINGS are not without their purpose, and while there is always more or less of an element of peace disturbers who hang around the edge of a crowd ready to break up such a meeting, the level heads usually predominate. It is such acts of rowdism on the part of those individuals who do not usually attend public meetings, except when trouble is brewing that give color to the suggestion of packed assemblies ready to break up a meeting at all hazards than meet failure in their plans. The old "town meeting" can be made the instrument of much good, wherever every individual is permitted to speak his opinion freely without interruption, but the very purpose of such a gathering can be nullified by the presence of disturbing factors who seek only the furtherance of their selfish purposes.

IT NOW remains to be seen whether Governor Carter will be bound by any ill-advised acts of Acting Governor Atkinson in pledging the Territory to reserve government land for a federal site. The Secretary's position as the "good fellow" of the administration, of course, was not intended to extend to the gubernatorial chair, even though it has been the fond hope of the Governor that Jack might become available timber when it came to the appointment of his own successor.

DIGGING up the past is an unfortunate pastime of some people and when such records can be fruitful of no common good, a judicious silence is subservive of the best interests of all concerned.

Sabbath, Dec. 17, 1905, 11 a. m.—"Believe me for the very work's sake," John 14:11. 7:30 p. m.—"Temptation common to man," 1 Cor. 10:13.

Police Suffer in a Raid.

Capt. W. A. Fetter, accompanied by Mounted Patrolman H. A. Knell, Kailua and Yotaro raided a gang of Chinese laborers in a camp near Wainaku Saturday night about 11 o'clock. There were about thirty-five participants in the game of fan tau which was in progress when the officers arrived. The Chinese offered resistance and rushed the police, pitch-Capt. Fetter with much force outside of the building. Yotaro was thrown down and the other officers suffered to more or less extent, until they drew their clubs, which they used with telling effect. One Chinese combatant was put out of commission, and others suffered broken heads. The rest dispersed and four prisoners were brought to the Police Station where the charge of gambling was entered against them. Each man forfeited \$15 bail Monday morning when the cases were called.

Portuguese Church Fair.

The fair and luncheon to be given next Saturday afternoon and evening at the Hilo Armory will be all that those in charge of the arrangements promise. The Ladies Society of the Church have the matter in charge and have been busy with preparations for the past six weeks. There will be served all afternoon beginning from 11:30 a. m. a sumptuous lunch at fifty cents. Among other interesting features, there will be a fortune teller, fish pond, post office, besides fancy work and art booths.

"The Meals for Poets."

The breakfast party became fashionable in the early decades of the last century, Samuel Rogers being one of the principal hosts. Round his table gathered all the wits and celebrities of the day. At his house on St. James' place Byron and Moore first came together "over a mess of potatoes and vinegar." It was in his dining room that Erskine told the story of his first brief and Grattan that of his last duel, while the iron duke described Waterloo as a "battle of giants." Rogers asked his people, it was currently reported, by way of probation for dinner; but his breakfast parties were more social than his dinners, which, comparatively speaking, were affairs of necessity or form. His invitation notes were models of penmanship and conciseness. "Will you breakfast with me tomorrow?—S. R." was the pithy invitation to a celebrated wit. "Won't I?" was the congenial response. He was fond of quoting Roussau's profession of un gout fin pour les dejeuners—the time of the day when we are quietest and talk most at our ease. Greville in his "Memoirs" notes one of these breakfasts in 1831. "Sydney Smith, Luttrell, John Russell and Moore excessively agreeable. I never heard anything more entertaining than Sydney Smith—such bursts of merriment and so dramatic. Breakfasts are the meals of poets. I met Wordsworth and Southey at breakfast. Rogers' are always agreeable."

COUNTY SUPERVISORS PASS POLICE PAY-ROLLS.

County Attorney Williams Disobeys Supervisors Instructions—Road Boards Still Exist, Says Governor Carter—Needs of Kaiwika School—Impeachment Proceedings—Both Sets of Police to be Paid.

TUESDAY, DECEMBER 5TH.

The meeting came to order promptly at 10 o'clock a. m. Chairman J. T. Moir, presiding, and the following members present: Supervisors A. Fernandez, D. K. Makua-kane, W. H. Kalaiwaa and S. L. Desha. Shipman arrived after the prayer by Chaplain Kalaiwaa.

The first order of business was communications from heads of departments, and the County Attorney in a series of official letters to the Board gave his ultimatum, that he did not propose to be dictated to by the Board. His first letter was a refusal to comply with the direction of the Board made at the last meeting, requiring him to prepare a budget or estimate of expenditures for salaries, payrolls, etc. for the ensuing fiscal year. He denied the right of the Board to require him to do this work. In a second epistle Williams declined to make monthly reports of the business of his office, on the ground that he is not a subordinate officer, subject to the dictation of the Board. Both communications were laid upon the table, after more or less criticism of the County Attorney's attitude in the matter.

When a request for payment of post office box for the use of the County Attorney came up the Board very promptly proceeded to sit down upon that official, and hereafter he will have to use the general post office box for the County offices or pay for own.

Sheriff Keolanui presented a communication relative to the appointment of truant officers in different districts, which was referred to the police committee.

Sheriff Keolanui in an official letter denied the Board's right to call upon him for a monthly report of the work of his department and referred to Section 67 of the county act and Section 1572 and 1573 of the revised Statutes in support of his position. The communication was tabled.

Deputy Sheriff W. A. Fetter made request for the purchase of a one-thousand-mile ticket over the Hilo Railroad for the use of his office, which was referred to the Police Committee.

In response to a request from Governor Carter for information concerning roads on Hawaii for use of the Department of Agriculture at Washington, D. C., the Clerk was instructed to reply that the Supervisors would be pleased to furnish, from time to time, beginning from July 1st, such information as may be desired.

A letter from G. P. Kamaoaha, road supervisor of South Kona, asking for a survey of the South Kona roads was ordered to be placed on file.

C. P. Mahi, a road cantonier in Hamakua, protested against his removal by Supervisor Fernandez. Mr. Fernandez explained the reasons for the employee's removal, which were because the man instead of doing his work, had been substituting his son, who was sick and unable to properly attend to the duties. After due notice, upon a repetition of the offense, Mr. Fernandez directed his discharge, and upon a vote of the Board of Supervisors, his action was sustained and Mahi so notified.

Sheriff Keolanui asked for an increase of salary for two clerks in his office, C. B. Lyman from \$55 to \$75 and D. K. Ewaliko from \$35 to \$50. The request was laid on the table. An increase in pay for Policeman Coleman, Olaa was also made, and the Sheriff stated he needed additional police for that section. A request for office furniture for the deputy sheriff's office was likewise temporarily laid aside.

Police payrolls for the past five

months since the salaries of police had been held up, were submitted, aggregating \$8,065.30, and referred to the Police Committee. On behalf of those police officers, who had been appointed by the Supervisors and who had worked faithfully pending the settlement of the police muddle, Deputy Sheriff Mattoon of Laupahoehoe addressed a communication asking that the Board take some action for their relief. This question was likewise referred to the Police Committee. On motion of Fernandez, the Police Committee were authorized to call before them for examination all deputy sheriffs, who might throw any light on the subject.

Dr. Frances Wetmore made a formal request for the donation of three loads of crushed rock for use of the Hilo Free Kindergarten, but Deputy County Attorney Aluli, who was present, gave a verbal opinion to the effect that the Board could not comply with the request, as the County Act expressly provides that no assistance can be granted to private institutions of learning. The writer was so notified.

A communication from the Hilo Electric Light Co. explained that as the notice from Rev. Desha as to the reduction in the number of street lights did not reach the company until November 15, it was too late to make the necessary changes, so the reduction in the amount would date from Dec. 1.

Rev. Desha claimed that the company was at fault for the delay, and he was opposed to the County paying for the entire month. The matter was referred to the Finance Committee.

A petition from 53 voters of South Kona requested the appointment of two additional policemen in that district. Deputy Sheriff David K. Baker of Napoopoo made a similar request. The hour of noon having arrived, a recess was taken until 1:30 p. m.

The formal charges against Deputy Sheriff Wm. J. Rickard were read at length, upon reconvening and action deferred until the receipt of an opinion of the County Attorney as to whether a majority of the Board could sit elsewhere than at the county seat to hear impeachment proceedings.

A petition from citizens of Kurtistown urged immediate repairs to the new road at 11 1/4 miles, Olaa. Rev. S. L. Desha who has a home at this place, was also heartily in favor of the improvement, but the matter was referred to Road Supervisor Supe for investigation.

Reports were received from various road supervisors throughout the county, showing the work done. Owing to the excessive rains during November, it had been impossible to do much more than to keep the weeds out of the ditches.

Fish and Food Inspector Hering reported inspecting 30,499 fish during the month and destroying 469. There were 508 put in cold storage besides 24 pounds of opihii. Of the total number of fish inspected there were 84 varieties. The report was ordered filed.

A communication received from A. B. Lindsay, of Honokaa, stating that a public meeting held at that place on Dec. 2nd, had passed a resolution expressing the fullest confidence in Deputy Sheriff Rickard, against whom charges had been preferred.

Henry Smith, Clerk of the Supreme Court, Honolulu, wrote regarding the claim for \$10.25 of Miss Madoline Stolder, official stenographer at the Kohala term of Court, which letter was referred to the Finance Committee for action. J. A. Nobriga of Honokaa, desired the contract for the construction

tion of part of new road from Ahualoa homesteads to the Parker Ranch be let out on contract and the matter was turned over to the Improvement Committee.

Tax Assessor Willfong was asked to furnish a statement of the road taxes collected for the year 1905., which he promised to do at the next meeting. Thereupon the meeting adjourned until Thursday morning at 9 o'clock.

THURSDAY DECEMBER 7TH.

At 9 o'clock all the members were in their places, including Supervisor Woods of Kohala, who had arrived the night before.

Treasurer Lalakea submitted copies of the correspondence had with the Territorial Treasurer, showing the unexpended balances due the respective road boards prior to April 26, 1905. They are as follows: South Hilo, \$4.74; North Hilo, \$2,089.14; Hamakua, \$1,205.32; North Kohala, \$1,183.40; South Kohala, \$9.02; North Kona, \$33.26; South Kona, \$172.15; Kau, \$20.50; Puna, \$1.31. Total, \$4,718.84.

Chairman Moir stated: "I saw the Governor and Superintendent Holloway in Honolulu a short time ago and they said that under the law, they cannot pay the money over unless authorized by existing road boards, which have never been dismissed. They would impress upon the various road boards to work in conjunction with the supervisors. Immediately when that money is expended, they say the road boards go out of commission." The correspondence was ordered placed on file.

The opinion of County Attorney Williams on the legality of holding sessions of the Board elsewhere was received and placed on file. In the opinion of the County Attorney sessions could be held only at Hilo.

E. Namohala made application for position of deputy county clerk, which was referred to the Finance Committee.

The County Attorney, County Treasurer, and County Auditor requested the removal of the awning in front of the county offices and replaced by shades at the windows.

Jno. G. Lewis, road supervisor of South Kohala made report for the month of November, that no work had been done on account of wet weather. A pay roll of \$151.25 was submitted for the month.

Building Inspector Jas. D. Lewis reported on his work for November. Twelve building permits had been granted. He had made thirty-two inspections and condemned one building for being too near the ground. He stated that a majority of the owners and builders appeared to be ignorant of the building ordinance.

Tax Assessor Willfong made a statement of road taxes collected from July 1 to November 30, 1905: North Hilo, \$282; South Hilo, \$2,044; Puna, \$501; Kau, \$423; S. Kona, \$306; N. Kona, \$409; S. Kohala, \$102; N. Kohala, \$864; Hamakua, \$665. Total, \$5,596.

Supervisor Shipman said the Territorial Auditor had made a mistake in the amount of funds remitted, whereby nearly every district had received a double remittance. He had no doubt the error would be corrected.

Sheriff Keolanui appeared before the Board requesting permission to withdraw his refusal to report to the Supervisors monthly. The request was granted. Desha wanted a vote of thanks tendered the Sheriff, to which nobody objected. The report of the Internal Improvement Committee was adopted without objection. The report in substance is as follows:

The following claims were ordered paid:

J. D. Lewis, labor, \$46.75 and material \$97.30, and Hilo Electric Light Co., Ltd., lighting county offices, \$18.25. Clerical assistance at \$40 per month was granted Auditor Maguire. Road Supervisor Supe was directed to repair the 11 3/4 mile road.

WHAT EVERY MAN IS WORTH.

Chemical Compounds of an Average Voter Are Valued at \$18,300.

An interesting exhibit at the National Museum shows the physical ingredients which go to make up the average man, weighing 154 pounds, says the American Analyst. A large glass jar holds the 96 pounds of water which his body contains. In other receptacles are 3 pounds of white of egg, a little less than 10 pounds of pure glue—without which it would be impossible to keep body and soul together—43 1/2 pounds of fat, 8 1/4 lbs. of phosphate of lime, 1 pound of carbonate of lime, 3 ounces of sugar and starch, 7 ounces of flouride of calcium, 6 ounces of phosphate of magnesia and a little ordinary table salt. Divided up into this primary chemical elements the same man is found to contain 97 pounds of oxygen—enough to take up, under ordinary atmospheric pressure, the space of a room 10 feet long, 10 feet wide and 10 feet high. His body also holds 15 lbs. of hydrogen, which, under the same conditions, would occupy somewhat more than two such rooms as that described. To this must be added 3 pounds and 13 ounces of nitrogen. The carbon in the corpus of the individual referred to is represented by a foot cube of coal. It ought to be a diamond of the same size, because the stone is pure carbon, but the National Museum has not such a stone in its possession. A row of bottles contains the other elements going to make up the man. These are 4 ounces of chlorine, 3 1/2 ounces of fluorine, 8 ounces of phosphorus, 3 1/2 ounces of brimstone, 2 1/2 ounces of sodium, 2 1/2 ounces of potassium, 1-10 of an ounce of iron, 2 ounces of magnesium and 3 pounds and 13 ounces of calcium. Calcium, at present market rates, is worth \$300 an ounce, so that the amount of it contained in one human body has a money value of \$18,300. Few of our fellow citizens realize that they are worth so much intrinsically.

An Attack of Croup Warded Off.

"Our little girl, two and one-half years old, woke up coughing with the croup one evening recently. We happened to have some of Chamberlain's Cough Remedy on hand and gave her two doses of it. She went back to sleep and woke up next morning without a trace of cold. It is certainly a great medicine," says A. J. Luginbill, editor of Star, Villa Rica, Georgia, U. S. A. An attack of croup can always be warded off by giving this remedy as soon as the croupy cough appears. It has been in use for many years and has never been known to fail. It contains no harmful drugs and may be given to the smallest child with perfect confidence. For sale by Hilo Drug Co. *

RICKARD IMPEACHMENT TRIAL. Supervisors Will Investigate Official Conduct of Deputy Sheriff.

At the meeting of the Board of Supervisors on last Friday morning, it was unanimously agreed that the investigation of the charges of misconduct on the part of Deputy Sheriff Wm. J. Rickard of Honokaa shall be left with the Police Committee, which consists of Supervisors Fernandez, Makuakane and Kalaiwa.
 The question of holding the impeachment proceedings in Hilo before the full Board was discussed, but owing to the great expense which would ensue from bringing a large number of witnesses from Honokaa, this plan was abandoned. Owing to the gravity of the case, it was at first thought advisable to hold a full meeting of the Board at Honokaa, but County Attorney Williams, to whom the matter had been referred, gave a written opinion that such meetings would be illegal. His opinion in part is as follows:
 "Section 16 of the County Act provides 'The Board of Supervisors shall maintain their office at the County Seat. While the County Act does not expressly prohibit meeting at places outside of the County seat, still I believe it was the intention of the legislature to have all meetings of the Board of Supervisors at the County seat implies that the business transactions be done at the office of the Board of Supervisors at the County seat. Impeachment proceedings being public business of a most grave and important nature, the Board of Supervisors sitting in a judicial capacity, the validity of the time and place of meeting should not be questioned. I am therefore of the opinion that the Board of Supervisors should not hold impeachment proceedings elsewhere than at their office at the County seat."
 "Yours respectfully,
 (Signed) CHARLES WILLIAMS,
 County Attorney."

So the above was devised. It is expected that the members composing the Police Committee will meet at Honokaa this morning at 10 o'clock and begin their deliberations. They are authorized to subpoena witnesses, take testimony under oath and will report their findings at the next meeting of the Board, possibly on December 15th. It is understood there will be a large number of witnesses for and against Deputy Sheriff Rickard, who at present is in Hilo attending the term of court.

As Acting Governor Atkinson Agrees to Reserve Land for Federal Site.

It now develops that the desire of the Masonic Hall Association to secure a portion of Block C, at the corner of Waiannuene and Bridge streets for building purposes by exchange with the government for their lot above School street, may be impossible or, if done by Governor Carter, only by stultifying the action of the Acting Governor during the former's absence.

When Carter was at Oyster Bay on that memorable visit to the President to resign the responsibilities of his office, Acting Governor Atkinson on behalf of the Territory, in response to an official request from the Secretary of the Treasury, pledged the Territory to reserve the whole of Block C in Hilo for the purpose of the proposed federal building.

The following is the letter read by J. A. Scott at the mass meeting last Thursday night when the matter was under discussion:

Treasury Dept., Office of Secretary, Washington, October 17, 1905.
 Mr. John A. Scott,
 Ulaenuku, Hilo, Hawaii.

Sir: This Department is in receipt of your communication of the 23rd ultimo, in which you invite attention to block "C" in the city of Hilo, belonging to the Territory of Hawaii, and which you suggest should be reserved for the purpose of the Federal building site.

In reply you are advised that under date of July 6, 1905, this Department addressed a communication to the Governor of Hawaii suggesting, if the matter met with his approval, that in renewing the leases which were shortly to expire or in again leasing the property covered thereby, that provision be made in such leases for their termination upon such reasonable notice as might be deemed expedient should the property be required in the meantime for the purpose of the Federal government.

Under date of August 30, 1905, the Acting Governor indicated in a communication addressed to this Department that the suggestion above referred to met with his approval.

Respectfully,
 H. A. TAYLOR,
 Assistant Secretary.

It is argued that Atkinson's acts, while acting as Governor, do not bind the Territory or the Governor, and the latter can repudiate anything done by the former in his name. On the other hand, if Carter cannot with propriety go back on the official promise of his proxy in office, the Masonic Hall Association will be deprived of a very desirable building site.

It is alleged that the Association is agreed to build without delay and agree to put up a Masonic building costing \$30,000. If they cannot obtain any portion of Block C, they will secure another site in exchange for their lot, which is desired for school purposes.

The present site of the Hilo Free Library has been suggested. This lot has been dedicated to library purpose by act of legislature in 1896, but it is stated that this will not preclude the erection by the Masonic Hall Association, of a temple on these premises, giving to the Library ample quarters on the ground floor under a perpetual lease. Mr. Scott offers another alternative, offering the Masonic Hall Association \$4,000 in cash for their lot to be used for school purposes, which he will turn over to the Department of Public Instruction in part exchange for a leasehold held by him at Reed's Bay. With this amount of available cash, it is believed the Masonic Hall Association can acquire suitable land for the erection of a Masonic Hall in the business district.

Superintendent Babbitt took with him options on the private property opposite Riverside School, desired for school purposes which he will lay before the Governor. When his attention was called to the alleged agreement by Acting Governor Atkinson to reserve the whole of Block C for federal purposes, he expressed his entire ignorance of the fact.

Babbitt Meets the Teachers.

Owing to the lack of space, we are unable to give a full account of the quarterly meeting of the Hilo Teachers' Union, held at the Union School last Friday morning. Superintendent of Public Instruction Babbitt met the teachers and gave them a short address.

COUNTY SUPERVISORS PASS POLICE PAY-ROLLS

(Continued from Page Four)

Supervisor Makuakane offered a resolution appropriating from the General Fund \$200 for the Volcano road repairs as provided at the last meeting. The resolution already passed provides that there should be \$600 appropriated or \$200 a month for three months. Kalauiwa saw no reason for this second resolution as the original resolution was still in force. The motion was carried. At the request of Supervisor Woods, Superintendent of Public Instruction was permitted to appear before the Board of Supervisors. Mr. Babbitt urged upon the Board the necessity of appointing two truant officers, one in South Kona and the other in Hamakua. The schools were scattered and the distance apart so great that the regular police officers could not attend to rounding up truant children of school age. He also made an appeal for the construction of a trail connecting the Kaiwika school with the main road. School Inspector C. E. King explained the difficulty which arose out of a relocation of the Kaiwika road after the building of the school. At present teachers and scholars are required to pass over private property to reach the school. The owner desired to close up the roadway, which had been macadamized at his own expense. Inspector King suggested that either a new trail should be constructed connecting the school and Kaiwika road, or some arrangement made with Peter Silva, the owner of the present roadway for right of way over his land. A new trail would require the construction of a bridge. The clerk was directed to call the attention of the Superintendent of Public Works to a discrepancy in the valuation of certain road property as shown by his receipt which did not agree with the inventory on file with the Board. Fernandez moved an adjournment at 11 o'clock till 8:30 Friday morning. FRIDAY, DECEMBER 8TH. The Board convened promptly at 8:30 with all members in their seats. After reading the minutes of Thursday morning, the Board proceeded to hear the reading of reports and communications. Treasurer Lalakea asked for \$2.50 for postage every month, which request was referred to the Finance Committee. County Auditor Maguire stated he had appointed John Kakaie as clerk in his office. Earnest Kaapuni, messenger, asked for increase in salary to \$35 per month. Wm. Kino resigns as interpreter for the Board and applies for appointment as second assistant county clerk. County Attorney Williams made written report on Section 63 of the County Act, relating to the preparation of a budget by the Board of Supervisors. He holds that the law was mandatory and the Board are required to meet on December 15th to prepare such a budget. Sheriff Keolanui made a detailed report of arrests, convictions, commitments and out on bail for the four months of July, August, September and October. South Hilo led in the matter of arrests and police business. The totals for the period are as follows: arrests 411; convicted, 294; acquittals, 117; committed, 12; fines \$1,180; costs, \$265; bail forfeited \$1,249; total \$2,694. Supervisor Fernandez reported on the work done in the Hamakua district since July 1st. He stated that the pali road to Waipio valley had been completed. An 18 ft. bridge had been constructed within the Waipio valley. The Paaulo, Pohakea and Papalele homestead roads have been finished. The Kukuhaele-Honokaa road and Waimea road had been repaired and were in good condition for travel. Substantial repairs had been made on the government road

from the Honokaa to the North Hilo boundary. All bridges have been in the district have been examined and the bolts tightened. A tool house at Honokaa had been built, fences were being kept up, 17,000 feet of lumber having been used. The Ahualoa Homestead road for a distance of four miles is being put in condition. The roadway through Honokaa is being top dressed and will soon be completed. The Committee on Internal Improvements made a special report on the question of dispensing with the awning in front of the County Offices, which obscured the lighting of these rooms. They recommended the substitution of a roller shade in front of the office. Supervisor Fernandez introduced a resolution providing for a change in the form of County warrant, since the one now in use fails to specify the purpose for which it is drawn, when accrued, and by whom approved. A new form has been designed covering the requirements and it was ordered that two styles of warrants in different colors be printed and put in force after Jan. 1st, 1906. Shipman took exception to the County Attorney's opinion relative to the sitting of the Supervisors on December 15th in order to prepare a budget for the next current year's expenditures. He believes this matter could be left to a Committee of the Board, without necessitating a meeting of the entire body. For his part he desired to be excused from attendance on December 15th. Desha thought the Board could not go contrary to the law, and the opinion of the County Attorney that the Board was compelled to meet on Dec. 15 for this purpose. The Board would sit during the month to hear the impeachment cases, and he believed this budget of proposed expenditures could be passed at the same time on December 15th. Chairman Moir said he believed that a majority of the Board could consider the proposed budget without calling a special meeting on the fifteenth. The Clerk had prepared already a budget, and he thought the Board could consider the matter at the present time, pass the budget and subsequently file the report on the 15th. He believed that would comply with the law and save the expense of holding another meeting in the middle of the month. Shipman said some of the members appeared to have an erroneous opinion regarding the budget required to be made by the Board on the 15th of December. It was not an appropriation bill but an estimate of expenses for the coming year, which the Board might or might not follow thereafter. A general discussion of the subject developed in which Supervisors Fernandez, Makuakane and Desha took a prominent part. Fernandez wanted the budget prepared by the Clerk, brought in and acted upon at once as suggested by Supervisor Shipman. The committee report against the employment of special truant officers and recommend that the police department co-operate with the public schools of the various districts. Bills for police telephones and various police salaries were approved and ordered paid. Road Supervisor Lyman was called upon for information regarding the necessities of a road to the Kaiwika School. On motion the matter was referred to Supervisor Desha for report at the next meeting on Dec. 15th as to cost, etc. Supervisor Fernandez moved the appointment of a committee of three to investigate the impeachment charges against Deputy Sheriff W. J. Rickard at Honokaa. After some discussion the investigation was turned over to the Police Committee who were directed to proceed to Hamakua, to summon witnesses and to report their findings to the full Board. Supervisor Shipman asked to be allowed to withdraw from the Health Committee, as his time was much taken up by his duties on the Finance Committee. The chair thereupon appointed Reverend Desha as chairman and Supervisor

Makuakane as the third member. Rev. Desha on behalf of the Health Committee asked for further time in which to report on the garbage question now under investigation. Shipman said Kan wanted to make request for the use of county prisoners on the building of a number of stone culverts. The district would pay the salaries of prison guards out of their road tax fund and take care of the prisoners in a brand new jail, which had been built in Kan and never used. He desired to build the culverts as economically as possible. Fernandez doubted the right of the county to transfer the prisoners to various districts as they were in the custody of the Territory and the county had no control over their movements. He did not believe it proper to expend road money for prison guards, who were being paid salaries out of the General Fund. The question was referred to the County Attorney for a legal opinion. SATURDAY, DEC. 9TH. Saturday's session occupied the entire day, but little was accomplished outside of the adoption of the police pay rolls by which both sets of police officers who have been doing "in the County of Hawaii for the past five months" will be paid. Two dollars was appropriated to Fernandez for notarial fees expended in the execution of a lease of premises to be used by the Hamakua road department. Kalauiwa called attention to the fact that each of the county officers had been allowed amounts ranging from \$40 to \$65 per month for clerical hire, and offered a resolution providing for an increase in the deputy treasurer's pay. The resolution went over for consideration with the consideration of the budget on Dec. 15th. After recess, Supervisor Fernandez presented the report of the Police Committee, recommending payment of salaries of police appointed by Sheriff Keolanui and by the Board of Supervisors. Fernandez explained that after canvassing a number of business men of Hilo, the Committee had decided to recommend payment of both sets of police. Shipman said he would like to see both sets of police paid but the question was whether the Board could legally do it. Chairman Moir felt similarly disposed, but he believed the matter should be taken to the supreme court, to determine the right of the Board in the premises. Upon being put to a vote the report of the Police Committee was adopted by a vote of 4 to 1, as follows: Fernandez, Desha, Makuakane and Moir. Noes: Kalauiwa. Shipman and Woods were not present. The remainder of the afternoon was spent in general discussion, County Attorney Williams coming in for a measure of criticism for his failure to secure convictions in two criminal murder cases in Kau. The meeting adjourned until December 15th at 10 o'clock a. m. Caught Cold While Hunting Burglar Mr. Wm. Thos.
