HILO AND HONOLULU HARBOR IMPROVEMENTS

There will be a delay in the making of the survey for a breakwater at Hilo. Lieutenant Slattery, the army engineering officer in charge of Federal government improvement work in these islands, will not go to Hilo to make the preliminary survey until April or May.

Lieutenant Slattery has received advices from the War Department notifying him of an increase in the allotment of money to defray the expenses of the survey. A thousand dollars was the amount originally allowed him but this sum has been increased to \$1600. The indications are that the survey will be favorable and that a recommendation for an appropriation for the construction of such improvement be made.

If the plans outlined by Lieutenant Slattery, United States Army Engineer Corps, go through, Uncle Sam will spend more than one and three-quarters millions of good American coin in and about Honolulu just as fast as the money can be had.

The plans for the fortification of Pearl Harbor and Honolulu, which have already been recommended by the Secretary of War to Congress and which call for \$715,000, are based on recommendations from the local office of the War Department. Lieut. Slattery was able to report that there was now land available for the construction of heavy batteries on the strength of that encouraging state of affairs the Secretary of War sent the item to Congress for the first time and Delegate Kuhio has introduced a bill to cover the appropriation.

The fortifications that will first be put in will probably be 12-inch batteries with a ten-mile range. They will be built in such a way that when the guns are in they can all be trained on a single ship or fired at different vessels. None of them will be visible from the sea, but will be of the disappearing kind. There are no larger batteries in use in the United States at present, the larger caliber having been found undesirable for actual use.

The fortifications will doubtless be built in pairs, one of each kind at Pearl Harbor and Honolulu. As Lieutenant Slattery stated yesterday, neither the Pearl Harbor nor the city of Honolulu is protected unless they are both protected. They are inseparable parts of the whole and as the fortification of both places is of prime importance at once, the lieutenant hopes to see the appropriation asked for made.

But in addition to the fortifications which are national in their bearing, the lieutenant wants a million for the completion of the dredging of Honolulu harbor in addition to \$100,000 more for three lighthouses, a new set of range lights for Honolulu harbor and a magnificent light-house with a "first order light" at Makapuu point for the benefit of vessels coming from San Francisco.

Naturalizations Sustained.

The Circuit Courts of the Territory have power to naturalize, is the holding of a decision given by the Supreme Court this morning, with Justice Hartwell dissenting. The case, raised in the murder case of Morita Kaizo, appealed from Kona, the appeal having been on the ground that the grand jury which found the indictment was composed in part of persons naturalized only by Circuit Courts and therefore were not citizens. The decision affects over a thousand residents of the Territory, naturalized by Circuit Courts since annexation. The opinion of the court says:

"Congress not having established within this Territory the ordinary territorial courts, and having provided a system similar to that in the several states, it follows that the jurisdiction to naturalize in this Territory should be and is the same as in a state, namely by a court of record having common law jurisdiction and a seal and clerk. Each of our circuit courts is a court of record having common law jurisdiction and a seal and clerk. That this was the intention of congress we have no doubt, when it is considered that congress established in this Territory a district court of the United States, the same as is established in every state of the Union, and which has, of course, power to naturalize.

"The privilege of becoming an American citizen is a great one, but the number of courts with jurisdiction to naturalize should not be limited unless congress expressly or by necessary intendment so provides. The tendency of congressional legislation on the subject has been to enlarge rather than diminish the number of courts which could naturalize."

In concluding his concurring opinion, Chief Justice Frear says: "Such jurisdiction has been exercised by the Circuit Courts ever since the establishment of territorial government and probably the majority, about a thousand of naturalizations, have taken place in those courts. I believe the exercise of such jurisdiction by the Circuit Courts was begun on the suggestion of United States District Judge Estee, and more recently an application to his successor, Judge Dole, for naturalization by one whose naturalization by a Circuit Court had been questioned, was denied."

Justice Hartwell dissents on the ground that the statutes clearly fail to authorize naturalizations by Circuit Courts, and that such authority can only be exercised when expressly given by Congress.

Politics at Bottom of Charges.

High Sheriff Wm. Henry, who came down from Honolulu last Wednesday to look into the charges preferred against Jailor Maby and other officials of the Hilo jail, was seen by a TRIBUNE representative, and summed up the accusation in a very few words. "Politics is behind the whole thing," said Mr. Henry. "The TRIBUNE's statement of the case was in the main correct. While I do not desire to criticize the action of the grand jury, which I believe was in perfect good faith, the political phase of the case was not presented to that body. I understand Mr. Maby nor none of the prison guards were examined by the grand jury and the indictments are based largely upon the evidence of prisoners now serving sentence in the Hilo jail."

"The testimony of such witnesses must necessarily be biased. It is only natural that a man restrained of his liberty should have a grievance against his legal keepers, and the guardians of the law. Those individuals who find lodgement in jail are usually the worst class of criminals and are ready to register a kick against their imagined ill treatment. I have found nothing during my investigation of the Hilo jail which has led me to criticize its proper administration. The quality of the food is first class, and the daily portion given to each man greater than is allotted prisoners in Oahu prison. Weevils may have been discovered in the hard bread, but in the tropics this is not an uncommon occurrence. Discipline in the local jail, if anything, is too lax, and long term prisoners are given more freedom of action than would be permitted in the Honolulu jail. This, however, is a matter entirely within the discretion of Jailor Maby, in whom I have perfect faith. So far as I am concerned, there will be no changes in the jail officers."

Former Governor of Idaho Assassinated.

BOISE, Idaho, Jan. 1.—Former Governor Steunenberg of Idaho, has been assassinated with a dynamite bomb. The deed is supposed to have been done on account of Steunenberg's actions towards the Coeur d'Alene strike while he was governor.

Shoehone County, the scene of the Coeur d'Alene riots in 1899, has offered \$10,000 reward for the capture of the assassins of former Governor Steunenberg. Five suspects have been arrested.

Insurgents Surrender.

Moscow, January 1.—The last remnant of the insurgents has surrendered. Troops occupy the troubled districts. The populace are clearing away the barricades. Fatalities have been exaggerated in number. The Workmen's Council has called off the strike.

Prominent Australian Dies.

Brisbane, Jan. 2.—Right Honorable Sir Hugh Muir Nelson, Lieutenant Governor of Australia, is dead.

Sir Hugh Nelson was born in 1835; educated at Edinburgh and Oxford; sat in Legislative Assembly of Queensland as member for Northern Downs, 1883-88, when he was elected for newly constituted district of Murilla; re-elected, 1893, 1896, when he engaged in pastoral pursuits; Secretary for Railways and Public Works, Queensland, 1888-90; Colonial Treasurer, 1892-93; Vice-President Executive Council, Premier, Chief Secretary and Treasurer, 1893-98; President of the Legislative Assembly of Queensland, 1898.

St. Petersburg, Dec. 26.—The executive committee of the revolutionists consisting of forty-seven members were last night surrounded and captured while engaged in discussing plans for the uprising.

Weapons and bombs were seized and there were also captured the revolutionists' plans which implicated many officers of the army. It is believed that this seizure will effectually prevent the uprising which they were planning.

Reval, Dec. 28.—The troops have made seventy arrests, including officials, for plotting revolt.

Moscow, Dec. 28.—All the members of the social revolutionary committee have been arrested.

A Fiendish Murder.

What is probably the most awful deed in the criminal annals of Oahu, was committed Wednesday last at Waiialua. Seaman Wharton, the little son of Henry Wharton, an old and respected resident of the place, was fiendishly done to death in a cane field near his home. The child was missed at 9 a. m. and the body was found in a horribly mutilated condition at 5 p. m. A sheriff's posse was immediately organized and a white man named Sam Johnson was arrested on suspicion.

Evidence against the accused was very strong and Friday morning he confessed to Deputy Sheriff Cox and later in fuller detail to other officers.

Wharton was in town attending the trial of a case he had in court. His little boy, about four years of age, disappeared that morning about 9 o'clock. About 5 o'clock in the afternoon the child's body was found in a cane field.

Its hands were cut off. Its feet were cut off. Its head was cut off. The body was disemboweled.

The man Johnson, who was arrested, is a laborer and had been living at Wharton's house.

Hilo Tribune.

JAN. 9, 1906.

The Postoffice at Hilo, Hawaii, is a first-class matter. It is opened every Tuesday. LOCK MARSH - Editor. H. H. BISHOP - Business Manager.

Putting down of the number of lights by the Board of Supervisors appears to have been done on grounds of economy. The lights were not in superabundance, and it is probable that economy could have been more wisely applied along some other lines.

The Elks' lodge is deserving of much praise for the excellence of its performance of New Years evening. The preparation of the play, as well as the other features of the evening, must have required no little work and time in preparation, and the thanks of the people of Hilo are due them for their good entertainment.

We have the news that the government is about to take the first step towards the improvement of Hilo harbor, with prospects favorable for a continuance of the work and the construction of the breakwater. This is good. Hilo will be glad to receive the attention due her from the government.

Hilo unanimously backed Loebenstein as its representative with the Washington delegation. Note the fact and the day when Hilo became unanimous. It will be historical.—Honolulu Bulletin.

Very true. Loebenstein is a man whose ability all have faith in, and through him we expect to continue our history making.

ACCORDING to the Honolulu press, Governor Carter is holding back on contracts to be made under the loan bill, on account of the doubt now existing as to the possibility of selling the \$750,000 3 1/2 per cent bonds of the Territory within the limit of the law.

THE Territorial Board of Immigration is doing some rustling along the line of relieving the labor famine in the islands. A. L. C. Atkinson cables from Washington to the Territorial Board of Immigration that he accepts the mission to the Azores in search of 5,000 Portuguese agricultural families to come to Hawaii, and that he will go at once.

FEBRUARY first is the date set for the hearing of the Hawaiian measure before Congress according to a letter from Delegate J. Kalaniana'ole to the Honolulu Evening Bulletin. He says in his communication: "The action of the President in recommending that a portion of the Hawaiian revenues be set aside for local expenditures was a matter of much gratification to me, both because it is what Hawaii should have, and also because it is along the exact line of conversations of both my secretary and myself with Congressmen during the work of last winter. In April last, I addressed letters to both the Chamber of Commerce and the Merchants' Association, recommending this specific thing, and stating my intention of introducing a bill to that effect in the present Congress. I am very glad that Governor Carter's recommendation of this measure led the President to bring the matter before Congress; for that, while by no means decisive, is always of assistance in pressing a measure which is without a complete precedent."

Sunday evening at 7 o'clock at the Portuguese Protestant Church, Miss Mary Machado was married to Hannibal S. Canario, formerly a member of the mounted patrol of the police department. Rev. E. J. da Silva officiated. The newly wedded couple will make their home on Pittman street near Pounahawai.

CHARGED WITH MALFEASANCE.

More Specific Charges Introduced by Resolution.

The "more specific" charges asked for by Carl S. Smith, attorney for Deputy Sheriff W. J. Rickard, and contained in a resolution adopted at the last session of the Board are as follows:

1. That, to-wit: on or about the 13th day of October, A. D. 1905, said Wm. J. Rickard, deputy sheriff aforesaid, had a warrant of arrest to serve upon a party, whose true name is unknown to the complainants, but known to one M. J. de Coito, but said Wm. J. Rickard, being too much under the influence of liquor, found himself in the telephone office at Honokaa, District of Hamakua aforesaid, unable, as required of him by law, to serve the warrant aforesaid.

2. That, to-wit: on or about the 23rd day of September, A. D. 1905, a certain case entitled "Territory of Hawaii vs. F. Haeni," for assault with intent to commit robbery, was to be tried before the Magistrate of the District Court of Hamakua aforesaid, but said Wm. J. Rickard, being under the influence of liquor, did not appear at the opening of the court, and after a long delay, and after being summoned by a certain police officer named Kauakahi, by order of the said court, to appear before said court to conduct the prosecution of said case, said Wm. J. Rickard was unable to represent the prosecution as required of him by law to do, because he, the said Wm. J. Rickard was too drunk and too much under the influence of liquor.

3. That, to-wit: on or about and sometime during the month of October, A. D. 1905, said Wm. J. Rickard, though told by the party assaulted, whose true name is unknown to the complainants, for the commission of a crime by a person whose true name is unknown to the complainants at said Hamakua District, but known to District Magistrate Henry Hall and to some others of said District of Hamakua, yet, and because of the unwarranted and willful delay by the said Wm. J. Rickard in serving the said warrant of arrest which had been already signed by the District Magistrate aforesaid, and in utter violation of the duties of his said office, the assault and the violator of the law escaped.

4. That, to-wit: in the month of August, A. D. 1905, a certain assault and battery case was committed on the person of one Nobriga (w) by one Joaquin Nobriga, yet, when said Nobriga (w) complained to said Wm. J. Rickard, asking him, said Wm. J. Rickard, for a warrant to arrest the said Joaquin Nobriga for committing the assault and battery upon her, said Wm. J. Rickard failed and utterly neglected and refused to make the arrest as required of him by law.

5. That, to-wit: sometime during the month of November, A. D. 1905, at Paaulo, District of Hamakua aforesaid, said Wm. J. Rickard, instead of trying to arrest the illicit liquor sellers and attending to his official duties, he, said Wm. J. Rickard, willfully spent the time in drinking and card playing.

6. That, to-wit: on or about the 2nd day of November, A. D. 1905, at Paaulo, District of Hamakua aforesaid, though present at a game of cards, where money was lost and won, wherein one Frank de Souza, Lahapa (w) and one Mrs. Ah Ling were playing, yet, the said Wm. J. Rickard, in violation of the duties of his office, made no arrest for gambling as required of him by law to do.

That though often told by one Kauakahi and many others to arrest illicit liquor sellers and though often asked to lend and give aid in arresting illicit liquor sellers, yet, said Wm. J. Rickard willfully neglected and refused to arrest and give aid as by law required of him to do.

7. That, since his election to said office, said Wm. J. Rickard has never as was the custom and as one of the duties of said office, accompanied or lead the police on any of the raids, but, instead, remained in the house or in some public houses.

8. That, the said Wm. J. Rickard, deputy sheriff aforesaid, failed and refused and willfully neglected and refused to arrest one Asano, of Kukuiahae, District of Hamakua aforesaid, for assault and battery with a dangerous weapon, sometime during the month of October, A. D. 1905, upon the complaint of one Kainulama, father of the boy assaulted, but instead, said deputy sheriff, against the law and in utter neglect and violation of his official duties, advised and told said Kainulama to accept \$10, and refused to issue a warrant for the arrest of said Asano.

Disturbance at Kona.

A small riot is reported from Holualoa, Kona district, originating over a dispute as to the title to the land on which the school house is located. Twenty or thirty people took possession of the school house Saturday and School Agent Scott attempted to oust them, without success. He swore out a warrant charging some of them with assault and the deputy sheriff and police officers attempted to make the arrest, but found themselves unable to do so as the belligerents appeared to be armed and menacing business. The County Attorney was notified and he in turn notified the Sheriff who left for the scene of war. Until his arrival the officers rested on their arms and the situation remained in statu quo.

A BOX OF MONKEYS.

A Dramatic Success Given by the Elks' Lodge.

Many of those who attended the entertainment given by the local Order of Elks at Spreckels' Hall Monday evening were misled by the title into believing they would see a howling farce. "A Box of Monkeys," a comedy in two acts, was a performance of a very high order. The characters were well sustained and those who took part received hearty applause at the hands of a large and appreciative audience. The hall was tastefully decorated for the occasion, and the stage setting also was attractive.

Miss Grace Rutherford as "Sierra Bengaline," a typical American girl, was breezy and charming, winning the audience by the naturalness of her acting. "Lady Guinevere Lan'poor," an English girl, portrayed by Mrs. H. L. Shaw, showed much thought and preparation in manner and action. Mrs. E. N. Holmes filled the role of "Mrs. Oedego Jhones," a lady who had social aspirations, with dignity and effect. Norman G. Campion as the young American, "Edward Ralston," hunting his fortune in the Sierra gold mine, was easy in manner and succeeded in establishing himself as an actor of no small merit. D. E. Metzger as "Chauncy Ogilthorpe," the bashful young man seeking his fiance, interpreted the part with a finish peculiarly his own. Much credit is due Mrs. A. G. Curtis for her masterly handling of the play and its proper presentation to a Hilo audience by local talent. Every one fortunate enough to see the performance was highly pleased. Following the play, the hall was cleared for dancing, which was enjoyed until a late hour. At 11 o'clock the lights were turned low and the toast "To our absent Brothers" sung with good effect by Mr. O. E. English, accompanied on the piano by Mrs. J. T. Lewis.

TERRY IN NEW BEDFORD.

Mr. and Mrs. Terry Visit Their Old Home.

Willard S. Terry, of Hilo, Hawaii, who is at the Parker House in this city for the rest of the week, is now revisiting his birthplace, from which he has been absent since June of 1865. He is the son of Isaac F. Terry, who once lived and kept a grocery store at the corner of Smith and County streets and who was at one time a partner of the late J. W. Braley. Willard S. Terry went west when he was a child, and 27 years ago moved to Hilo, where he owns a coffee mill. His fifty-third birthday occurs next Saturday, and he hopes to spend it here, after which he will return to his home. Though Mr. Terry has not been here since he was nine years old, he finds some buildings and streets which are familiar to him, and occasionally a person whom he remembers. His home in Hilo is not far from the great volcano, and he has a summer home not far from its edge. He has brought with him a series of very interesting photographs of scenes connected with the volcano and the last great eruption. Mrs. Terry is visiting her relatives in Ohio and did not come to New Bedford.—New Bedford (Mass.) Standard.

Food Inspector's Report.

The report of J. M. Hering, food inspector, filed for the month of December, is as follows: During the month there were 39,578 fish inspected in both markets, out of which 370 were destroyed as unfit for food. There were 153 fish allowed and taken out of cold storage, 67 pounds of ophis, in all 86 varieties. Six poi shops were inspected, five of which were found to be in sanitary condition, and one in deplorable condition. The proprietor of the latter shop was placed under arrest and the poi condemned. A Japanese, also, was arrested for selling fish unfit for food. Both men were charged with violating Health regulations and both forfeited bail.

SUPERVISORS HAVE PROTRACTED SESSION.

The Usual Grist of Public Business Disposed of—Impeachment Proceedings Enliven Meeting—Question of Police Control Disposed of—Reports of Various Committees.

TUESDAY PROCEEDINGS.

The Supervisors met promptly at 10 o'clock a. m., with Mr. Moir in the chair and Messrs. Kalaiwaa, Makuakane, Shipman and Desha present. Both Supervisors Fernandez and Woods were absent.

The usual grist of petitions, memorials and communications were received and read. County Attorney Williams addressed a communication to the Board acknowledging receipt of the resolution of the Board passed at the December meeting ignoring his office in the future. He stated that he considered it proper to inform that body that his office would "ignore" the spirit and intent of the resolution referred to. The communication was ordered laid on the table, without comment.

Henry Smith, clerk of the judiciary department, wrote another letter to the Supervisors urging the propriety of the county paying the claim of Miss Madeline Stolder for \$10 for services rendered the county sheriff at the Kohala term of court. The matter was referred to the finance committee for further report.

Treasurer Lalakea made a report with reference to the monthly allowance of \$5 for lights for the county band which he regarded as unnecessary. The communication was ordered filed.

Clerk Pua, in a formal letter to the Board, stated that he had appointed as deputy clerk, John Kai, Jr., who had been acting as his assistant, and requesting the Board to approve the appointment and allow a commensurate salary for his services. He stated that he would ask the deputy clerk to give an official bond for \$2,000 for the faithful performance of his duties. The letter was referred to the committee on internal improvements.

County Attorney Williams presented for the third time his bill amounting to \$3.25 for cash advanced for a postoffice box for his office. Shipman moved that the communication be tabled and it was so ordered.

The county attorney reported favorably upon the claim of Sheriff Keolanui for \$250 expended in attorney's fees in the two police test cases recently decided by the supreme court. The communication and claim were referred to the finance committee for report.

Archie Hapai, official stenographer of the Board, made application for an increase of salary to \$75 per month. The request was referred to the committee on internal improvements.

A request from Sheriff Keolanui, requesting that his office be furnished with a mileage ticket over the Hilo Railroad, was referred to the committee on police, as to the expediency of such an allowance.

High Sheriff Henry, of Honolulu, replied to the inquiry regarding the rights of the Board to transport prisoners from one district to another to work on the public highways, stating that it was a matter entirely within the discretion of Jailor Maby. If the prisoners could be safely transported to the place desired and returned to the jail each day, there was nothing in the law to prevent it. Moir thought the high sheriff did not fully understand the purpose of the request, which had special reference to the transferring of the prisoners from Hilo Jail to Kau, where they could be employed on the county road in that district. The communication was filed after considerable discussion.

A petition was received from 65 qualified voters, taxpayers and property owners of North Hilo, protesting against the appointment of H. P. K. Malulani as captain of

police for that district. It is charged that he is a non-resident and his appointment is not desired by the district. The matter was referred to the police committee.

Road Supervisor G. P. Kamauoha, of South Kona, reported on the expenses of road repairs in his district for the month of December, amounting to \$118. He also made request for a regular allowance of \$100 per month for road repairs in South Kona, both of which communications were referred to the finance committee.

County Auditor Maguire filed his report for the month of December, showing receipts of \$24,890 and disbursements of \$16,716.98, leaving a balance in the treasury of \$8,083.02.

Sheriff Keolanui submitted two quarterly reports of all monies received and remitted for the two quarters ending September 30, 1905, and December 31, 1905, as follows:

Balance on hand Oct. 1...	\$ 349.43
Receipts.....	2,510.07
	\$2,859.60
Remitted.....	2,518.65
	\$ 340.95

He also reported on the number of criminal cases and bails forfeited and monies received from various sources, as follows:

Execution sales.....	\$1,050.00
" settled.....	780.06
To September 30:	
Receipts.....	\$2,575.04
Remitted.....	2,225.51

Balance.....	\$ 349.53
Execution sales.....	730.50

C found on body of man found dead.....	39.00

Road Supervisor Lyman, of S. Hilo, reported on the work done during the month of December, which had been largely in completing work already begun. He commented upon the work done by the stone crusher on the Wailuku river, which had been made more expeditious by the construction of a portable railway for carrying rock to the crusher.

The Papaikou bridge had fallen down on the night of December 20th, but through the prompt action on the part of Jas. D. Lewis, a temporary structure had been thrown across the stream and the bridge was being rebuilt. Work on the Pihouua and Volcano roads was progressing rapidly, and considerable filling had been done in front of the Hilo Armory. The pay roll for the month amounted to \$1161. Crushed rock had been sold to various parties, receipts for which amounted to \$185.

Attention was called to the fact that no sign board had been placed over the Riverside Park bridge, and vehicles were allowed to cross the bridge faster than a walk, which was causing damage to the structure.

Road Supervisor Supe, of Olaa, reported on the bad condition of the road at 11 1/2 miles, which had been almost completely ruined by H. E. Beasley in hauling cord wood over the highway. Repairs were estimated to cost \$1500. He had expended \$336 in improving the condition of the Volcano road, and reported a total expenditures for the month of \$699.50.

Road Supervisor Kahue of North Hilo expended \$360.50 for repairs during the month in that district.

Desha reported verbally on the Kaiwiki school road, which matter had been referred to him, and asked for further time.

Road Supervisor Kaelemakule, of Kailua, reported expenditures for North Kona for the month amounting to \$241.

Road Supervisor J. Lanakila, of South Kohala, reported his expenses for the month were \$84.75.

the matter of the impeachment of W. J. Rickard, deputy sheriff of Hamakua, and offered a resolution to the effect that Mr. Rickard and his counsel be directed to be ready for hearing on the following Thursday. Deputy County Attorney Aluli, who was present, said that he would be prepared to go on with the case at that time. He had prepared a more elaborate set of charges, which were filed and read at length. A copy had been served on the counsel for the accused. The charges in full appear elsewhere in this issue.

Just before adjournment, Chairman Moir said he was worried about the matter of payment of police, the county auditor having refused to pay only the salaries of those officers appointed by the sheriff. He desired to have the opinion of the members regarding the best means of paying them and how to have the matter decided. The deputy county attorney was directed to render an opinion on the question by next Thursday. Thereupon the meeting adjourned until Thursday at 9 a. m.

THURSDAY PROCEEDINGS.

After disposing of the preliminary orders of business, communications were taken up and disposed of, as follows:

Carl S. Smith, bills from clerk of supreme court for costs in two county cases charged against him, amounting to \$50.50; referred to committee on finance.

Wm. M. Keolanui, sheriff County of Hawaii, recommendations for telephone boxes for Kapoho, Puna; Mountain View, Olaa; and Papai-kou, S. Hilo; referred to committee on police.

B. N. Kahue, road supervisor, asking for increase in salary; to committee on finance.

Wm. M. Keolanui, sheriff, submitting a letter from the president of the board of health, also a letter from the attorney general in reference to liability in the matter of expenses incurred in transportation and maintenance of insane persons; to county attorney.

A communication from Jose G. Serrao was read and referred to committee on internal improvements, offering for sale to the county his lease hold interest in property, consisting of 38 ft. on Bridge street and 50 ft. on Shipman street, and building, known as the Serrao Block, for its ownership and use; consideration \$12,500.

Petition No. 72 of citizens of Ooakala asking for a right-of-way from the Ooakala cane field to the homestead road at Niupea, Hamakua. Fernandez favored opening the road and was appointed a committee of one to investigate the proposition.

Report of Jno. G. Lewis, road supervisor, was read and placed on file, showing monthly pay roll amounting to \$50.25, and stating that all work done in December, amounting to \$160, is paid out of the old Kohala road board fund.

A communication of Noa W. Aluli, deputy county attorney, was read and placed on file. It presented at length an opinion on the question as to "whether the claims by the persons appointed by the Board of Supervisors, to act as police officers from July 1st to the day they went out of office, against the county, are legal, etc." And reached the conclusion that a suit could not be successfully maintained against the county by the set of police officers appointed by the Board because they are not legal claims, and offering his assistance that the matter might be brought to the attention of the courts in a friendly manner.

The report of finance committee was read and, with some minor corrections, adopted. Items for South Hilo for supplies furnished, services rendered, etc., to the amount of \$1631.49, to be paid out of road funds, was approved; for the same, in North Hilo, \$403.75; District of Hamakua, \$1177.20; South Kohala, \$7.15; North Kona, \$290.84; South Kona, \$97.55; Kau, \$264.35; Puna,

\$762.70; North Kohala, \$51.50. Demand 987, not having been duly sworn to, was recommended returned. Demands Nos. 612, 1050 and 1064, were also recommended returned for correction.

The committee on internal improvements reported on various petitions and communications that had been referred to them and their report was adopted. Through its adoption the salary of John Kai, Jr., deputy clerk, was raised to \$75 a month; of A. A. Hapai, clerk to county attorney, to \$75, conditional on his rendering further services. The report also recommended that a committee of three be appointed to interview the deputy county attorney, obtain advice and draw up ordinances to regulate traffic on public roads.

Ordinances No. 12 and 13 were introduced by Shipman conferring power upon the Board to subpoena witnesses, and fixing fees; and establishing mode of procedure in cases of impeachment.

A resolution was introduced by S. L. Desha, supervisor of North and South Hilo, as follows: "That all salaries of police officers, guards and lunas of prisoners in the County of Hawaii, heretofore passed upon by this Board are hereby repealed and rescinded and shall not be the rate to govern salaries of said officers and employees after December 31, 1905." Motion was tabled.

The matter of the impeachment proceedings asked for by 27 citizens of Hamakua came up for consideration and caused a great deal of earnest discussion. A current report was brought in by W. H. Beers, clerk of the district court, that witnesses from Olaa would refuse to appear unless transportation was furnished.

Fernandez moved that the Board resolve itself into a board of impeachment to try the case of Deputy Sheriff Rickard, and that the president of the Board, Mr. Moir, be president of the board of impeachment. The motion was carried and Mr. Moir made president, over his protest and attempt to get Mr. Shipman to serve.

A resolution of A. Fernandez was adopted, substantially as follows:

That the witnesses supporting the complaint or charge against Rickard, be first examined—then to be cross-questioned by said Wm. J. Rickard, or his attorney. That witnesses, if any, for and on behalf of Wm. J. Rickard, be first questioned by said Rickard, or his attorney, and then cross-questioned. That in closing the matter, said Rickard, or his attorney, be allowed to address and argue before the board of impeachment, to be followed by the signers of the complaint.

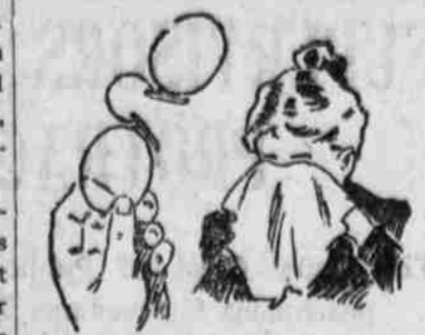

It was further decided, on motion, that deputy county attorney be in waiting and on duty on the board, also that a stenographer be employed to take down all the proceedings. A motion of Fernandez that every member of the board of impeachment be specially sworn in caused some discussion, but was passed and board adjourned till 1:30 p. m. for such purpose.

IMPEACHMENT PROCEEDINGS.

The Board met, after recess, as a board of impeachment, duly sworn in. After a motion by Desha, which was carried, that the charges contained in the resolution and delivered to the clerk of the Board be delivered to the clerk of the board of impeachment. Mr. Smith, attorney for Deputy Sheriff Rickard, addressed the board and asked if the defendant was expected to answer the charges contained in the resolution. President Moir informed him that he was there to make answer to that charge. Mr. Smith stated that defendant objected to answering the charges and to the body trying the case, for the reason that he had advices that four of the 27 persons signing the complaint had withdrawn their names and did not wish to press the case, leaving less than 25 signers, the number required by law.

Deputy County Attorney Aluli defended the proposition that the board had authority to hear the

MEMORY OF JUDGE LITTLE.

Court Adjourns Out of Respect to Departed Jurist.

When the Fourth Circuit Court reconvened yesterday morning, all the prisoners under indictment were arraigned and pleas taken. Two of the defendants, Hiraki Masachi, charged with burglarizing the Palm restaurant, and Pepe Hosario, charged with assault and battery, entered pleas of guilty and threw themselves upon the mercy of the court. They will be sentenced next Thursday morning, to which time court adjourned.

Owing to insufficient funds available for the trial of cases, Judge Parsons finds it necessary to continue all jury cases until the February term. There is only about \$1800 of the appropriation remaining, which will scarcely carry the court through to July 1st, when the next appropriation will become available. There are two terms intervening, one in February and one in May, and as it is estimated that a term of court costs on an average of \$1000, the strictest economy must be practiced to carry the court through the fiscal year. All cases requiring jury trial have therefore gone over.

Just before adjournment yesterday morning, Mr. J. C. Ridgway, on behalf of the bar, made formal announcement of the death of the late Judge Gilbert F. Little at Panama. After making a few remarks, he presented resolutions, which were ordered spread upon the record of the court. Other remarks were made and as a further mark of respect the court adjourned until next Thursday at 10 o'clock.

The resolutions are as follows:

RESOLUTIONS.
WHEREAS, It has pleased Almighty God, in His infinite wisdom to take from his earthly abode at Panama, on December 4, 1905, the Honorable Gilbert Francis Little, a former judge of this Fourth Circuit Court,

RESOLVED, That the members of the Hilo bar have heard with deep regret the announcement of Judge Little's death, and hereby record our appreciation of his services on the bench and his ability as a lawyer and patriotic citizen; we hereby express to the family of the deceased our sincere sympathy, and

RESOLVED, further, That these resolutions be spread upon the records of this court and that a copy of the same under seal of the court be forwarded to the family of the deceased.

Sugar Mills Starting.

Hakalau mill started three weeks ago and has made a fine record, not having had to stop for anything. Onomea Sugar Co.'s mill started up January 4 and is running very satisfactorily. They expect the banner crop this year. Juice is still low in density. The new wire rope chute is nearing completion for the shipping of sugar and will handle 75 tons an hour.

Olas Sugar Co. started their mill January 4 and is grinding, doing good work. Hilo Sugar Co. started grinding Monday morning. They look for a large crop this year. Juice is still low in density.

Honolulu Sugar Co. began grinding on January 8 and expects a fine crop of sugar for 1906. The mills are in fine working order this year having been put in fine shape by Eng. O. Keech.

Waiakea Mill Co. will cut cane and fill cars on Wednesday the 10th, ready to start the mills on Thursday morning. They expect a large crop for 1906. A number of improvements have been installed in the boiling house during the off season which are looked upon as favorable to good results.

Hawaii Mill Co. is to start up on the 15th and expect a good run. Juice is still low with them but they hope by the 15th it will be much better for grinding and making sugar.

Pepee Sugar Co. will be starting about the middle of the month.

SUPERVISORS HAVE PROTRACTED SESSION

(Continued from Page Four)

case; that prosecution was legal regardless of the signers of the original charges, and that the board had no formal notice of any withdrawal of names, citing a New York case in support of his position.

Mr. Smith insisted upon his objection to the authority of the board raised the further objection that the charges contained in resolution were drafted by the deputy county attorney and were not the charges of the voters of Hamakua, where Deputy Sheriff Rickard held office.

Mr. Alalu stated that they were about to try the case upon the original complaint; that general charges of malfeasance in, or maladministration of office, were sufficient.

President of the board Moir stated that the original complaint was still on file with original signatures; that more specific charges and all that had been asked by the defendant, had been furnished; that the board wanted defendant to plead and make answer to the charges.

Mr. Smith denied the necessity of making answer under the act and said pleading was not contemplated by law. His client denied all charges. There was a doubt in reference to the character of the charges. Was he to answer the original charges of those contained in the resolution introduced? It now appeared he was to be tried on the original charges which had been held insufficient before. To the original charges, he plead not guilty.

Mr. Alulu held that the trial was to proceed on both the original charges and the charges contained in the resolution.

Mr. Smith said his client must know definitely the charges and who was the prosecutor and asked that the position be defined first; he had appeared for trial supposedly on the complaint of 25 voters and now it appeared he was to meet a new complaint drawn up by the deputy clerk, in a resolution containing additional charges. He took the position that the board could sit only as judges of the case and could not originate charges nor assume the position of prosecutors. He said there had been one such court in Charles I. and he was headed.

Mr. Desha took vigorous exceptions to the latter remark as equally obnoxious with the reference to withdrawal of the previous session. He stated his attitude was one of fairness to the defendant.

President Moir said the Board was there to act, that those signing the complaint must prosecute, and Rickard had the opportunity to defend, that the board did not consist of lawyers, but that the intention was to be just and fair. After the evidence was all in, the board would decide the case.

Mr. Smith objected to proceeding on various grounds and Mr. Fernandez, for the benefit of all parties, to secure the presence of witnesses, etc., proposed adjournment till Saturday. Mr. Woods, and others, who wished postponement until next session, yielding.

Board of Impeachment adjourned till Saturday and Board of Supervisors till Friday morning.

FRIDAY PROCEEDINGS.

Called to order at 10 o'clock. Roll called, 6 present, 1 absent; after prayer by Chaplain Kalaiwan, minutes were read and approved.

A communication from County Auditor Maguire was read asking that a committee be appointed to consider reform in the method of keeping accounts. As it appeared that the system was cumbersome and unsatisfactory a committee consisting of Shipman, Moir and Desha, was appointed to consult with the county and territorial auditors in reference to the matter.

A request for screen doors, by the sheriff, was referred to police committee.

Mr. Shipman raised the question as to finances, and, as he wished to

ask for certain expenditures, Kainahau requested information and treasurer was instructed to wire the auditor of the territory for information as to time of arrival of the appropriation for this county.

The treasurer's report was read and filed. It showed in detail all receipts and disbursements for the month of December. Balances on hand were: General fund, \$803.02; road fund, \$10,463.18; total balance, \$11,266.20.

The report of the police committee was read. A recommendation to pay a claim of \$50 for the construction of a telephone line to the house of Deputy Sheriff Baker, of South Kona, called out the battery of Desha in opposition, on the grounds that the claim had been presented before through other committees and thrown out and because it would be bad precedent. It was admitted by others that the procedure of the deputy was irregular but the phone was a public convenience and the item was allowed. Report was adopted, Desha voting "No."

The resolution introduced by Desha and tabled on the day previous relative to the salaries of police officers, etc., was called up. Mr. Desha explained that the purpose of the resolution was to give the police commission the power to regulate the appointment and pay of police officers; that he had received a petition from taxpayers asking for a reduction of the number of officers in South Hilo on grounds of economy. Mr. Shipman thought the resolution unnecessary and thought the Board had the power already to control by refusing to allow improper claims. Mr. Kalaiwan, also, favored allowing the present system to stand. Mr. Desha called attention to some abuses in this department as now conducted. Resolution adopted, four, for, two, against.

The committee on internal improvements recommended that the salary of C. B. Lyman remain \$55 a month, and salary of D. Ewaliko raised to \$40. It disapproved of the allowance of an extra police officer for Olaa, but allowed the raise of M. Coleman's salary to \$50 a month, and of E. Kaapuni's to \$35 a month. It tabled a request of B. H. Brown asking a raise in salary, and recommended asking that the salary of the deputy treasurer be increased to \$50. The report was adopted with the amendment that C. B. Lyman's salary be \$60 a month.

A communication introduced by Mr. Fernandez fixing the salaries of all police officers, guards and lunas of prisoners of the County of Hawaii was adopted. Adjourned till afternoon.

On coming to order, the resolutions of the morning relative to the salaries of police officers, etc., was called up for reconsideration and amended, changing the date from January 1 to January 15, 1906. On motion of Fernandez the Board resolved itself into a committee of the whole to take up several matters. Mr. Fernandez was appointed chairman. The petition of 63 voters of North Hilo against the appointment of H. P. K. Malulani as captain of police for said district was read and placed on file on motion of Mr. Shipman, the case being covered by the resolution adopted affecting the salaries, etc., of police officers. A communication from the sheriff containing a bill of demands for payment of back services of police officers was read. The point was raised that these police officers had not performed the services for which pay was asked. On motion of Mr. Desha, Deputy Sheriff Richard was called to inform the Board why he had certified the demands. He gave as his explanation of the reason the recent decision of the supreme court in reference to the power of the Board to appoint police officers. He said he had a communication from the sheriff, also, that the claimants threatened suit. Mr. Moir moved, seconded by Mr. Desha, that pay be allowed for services actually performed, which was carried. Ayes: Messrs. Desha, Makuakane, Moir and Fernandez. Noes: Mr. Kalaiwan and Mr. Shipman; absent, Mr.

Woods. A communication from the sheriff was then read asking for mileage ticket. Mr. Desha moved that such mileage ticket be purchased. At the suggestion of Mr. Shipman the Deputy County Attorney was called to give his opinion as to liability of county for expenses of witnesses. Attorney Alulu appeared and gave it as his opinion that the county could not be held liable for expenses of officers in transporting witnesses. Mr. Moir moved that the transportation asked for be not granted which was carried, Messrs. Desha and Fernandez voting against. The committee then rose and reported, which report was adopted, Messrs. Kalaiwan and Shipman voting against.

The Board then passed a motion directing the auditor and treasurer to notify the Board immediately after their refusal to pay any claim duly passed and certified to, giving their reasons therefor.

Adjourned until Saturday at 9:00 a. m.

IMPEACHMENT PROCEEDINGS, SATURDAY.

The Board convened Saturday morning pursuant to adjournment, as a board of impeachment of Wm. J. Rickard, deputy sheriff of the district of Hamakua. R. A. Lyman, Sr., acted as interpreter and the official stenographer was on hand. Witnesses were excluded and examination of witness for the prosecution began.

Judge Hall was called, was questioned by Attorney Alulu and stated that he remembered the case of the Territory vs. Haeni before him. He testified that Rickard was 15 or 20 minutes late in arriving at court, and then appeared and asked for a continuance of the case, which was granted; that Rickard had been drinking, but was not drunk nor incapacitated from performing his duties; that there was a case in December when he could not be found to make an arrest; did not know the reason. Cross questioned by Attorney Smith he said that two attorneys had been appointed as counsel to assist in the Haeni case, and that they were both present; that there was nothing unusual in the case; that defendant was often a few minutes late.

Captain of police, M. J. de Coito was called. Stated that he had held his position under Deputy Sheriff Rickard since August. He was asked to tell all he knew about the case, which he proceeded to do under all of its heads, inside and outside, and in his anxiety to tell, Interpreter Lyman was kept busy and the Captain's impetuosity had to be restrained by numerous interruptions by Attorney Smith and callings-down by President Moir. He told all sorts of bad things about defendant; that he had held warrants sometimes in important cases, unserved, while he spent his time in saloons; that he appeared in court in the Haeni case so drunk that he could hardly walk and had to lean on judge's desk to read and afterwards went to a saloon, that he knew this because he himself went to the saloon with him, as far as the door. In the Nobriga case he had positive knowledge of Rickard's refusal to issue warrant for arrest on proper request.

In regard to the charges of refusal to arrest parties engaged in the illegal sale of liquor, he stated that he went to Paaulo, where he had heard illegal selling of liquor was going on, and there found the deputy sheriff with two women playing cards; he had reason to suppose, gambling; that he was supplied there with beer himself, which he did to demonstrate to the deputy sheriff that liquor was sold there. President Moir asked him what was his duty, if he could not make arrests? His answer was that he did not care to do so without instructions from the deputy sheriff. Attorney Smith in cross-questioning asked him if he did not know it was his duty as a citizen to try to bring to punishment offenders against the law; as an officer, to arrest such offenders, and even his superior officer, if such officer were breaking law; to all of which he assented. He had reported these cases of illicit selling of liquor to the deputy sheriff; the deputy had

told him to wait and see who won out on the case before the supreme court. In answer to questions by Mr. Smith, witness said that defendant was usually under the influence of liquor; did not do much else but drink; whereupon Mr. Smith asked him how he explained the fact that 64 of the best citizens of Hamakua, in a petition asked for the retention of defendant in office, mentioning a number by name. Various reasons were suggested by the witness as explaining why these individuals signed the petition; some of the signers, he said, were plantation managers, or in their employ, or were influenced by race prejudice. He admitted that he had himself circulated the charges against witness.

The afternoon was taken up with the examination of two witnesses, W. Heeb and F. M. Furtado, of Hamakua. The former, engaged in the saloon business, knew of the illegal selling of liquor; had bought it himself and had informed the defendant of such illegal selling. He was not able to tell when or where or the names of the guilty parties. His apparent failure to remember much of anything, due, perhaps, to a failure to fully understand the questions asked, aroused the vigorous protest of Attorney Smith that the court was being held in contempt by his wilful refusal to answer.

Mr. Furtado, an attorney, was then called. He testified as to the charge of drunkenness, that he had found the defendant intoxicated and had tied him to a bed to make an exhibition of him. In the instance of the Haeni case, testified that the defendant was greatly under the influence of liquor. Witness knew nothing of the Nobriga incident. He had knowledge of the illicit selling of liquor, but refused to give detailed information, standing on his professional privilege as an attorney. In reply to an interrogation by Fernandez, witness said defendant's conduct of the office was worse beyond comparison than that of his predecessor. Cross-questioned by Attorney Smith on this point, witness refused flatly to be questioned by Smith, at which point the scene reached a climax and it looked as if witness was going to be ruled guilty of contempt of court. The Board finally decided after some discussion that witness must answer certain of the questions. Little new information was extracted from the witness.

Deputy County Attorney Alulu stated that two witnesses summoned had not yet arrived and the board of impeachment adjourned till Monday at 9 a. m.

The Board of Supervisors was called to order. A communication from G. W. A. Hapai, District Magistrate, S. Hilo, was read, asking, on account of the reduction in the police force, that the Board appropriate money to pay for a district court officer to work with police force when court is not in session. It also made suggestions in reference to paying the railroad fares of witnesses.

A petition signed by thirty citizen tax payers of Hilo asking for an appropriation of sufficient funds to build and repair the road between Kukuaii and Puna-Nawai, in bad condition was referred to the supervisors of South Hilo. The special committee, appointed to consider the matter of changing the system of keeping the auditor's books, reported that the proposed changes appeared advisable and recommended that they be made after conferring with the territorial auditor.

The police committee reported favorably to application of sheriff for screen doors. Adjourned till Monday morning.

MONDAY PROCEEDINGS.

The Board of Impeachment convened pursuant to adjournment at 9 a. m. Monday and proceeded with the business in hand. Kainulama, of Hamakua, whose child had been injured by an air gun in the hands of a Japanese, testified for the prosecution, that the defendant had refused to issue a warrant for arrest in the case. At the conclusion of his testimony, Attorney Smith interposed a motion to

dismiss the case on the grounds of insufficiency of evidence to convict, which was carried, Messrs. Shipman and Moir dissenting. Adjourned.

Board of Supervisors convened and finished up the business of the session. A resolution introduced by Mr. Shipman was adopted ordering \$5,000 transferred from the general fund to the credit of the road funds of the various districts, in accordance with the table of percentages now in force.

An Honest Company.

It is a great deal of satisfaction to be able to point out the fact that no suggestion of mismanagement of funds made by the press has the slightest foundation in the case of one at least of the big insurance companies. The following article is taken from the Newark (N. J.) Advertiser:

"The testimony voluntarily given to the insurance investigating committee in New York by Senator Dryden lately, as president of the Prudential Life Insurance Company, made a favorable contrast to that which was extorted from the presidents of the New York insurance companies on the same stand. The only point brought out in connection with the company's affairs not a matter of common knowledge was that of the company's campaign contributions, which were limited to three Presidential contests, and were comparatively small in amount.

"The financial issue before the country and the involvement of the interests of hundreds of thousands of policy holders offer a reason, not political partisan, for these contributions. There have been none made to State campaign funds, and the testimony is that none of the funds of the company has ever been devoted to lobby uses in the forty States in which the company does business. The company has never been interested in any syndicate, and no officers of the company had received commissions on insurance. The salaries of the highest officers average about one-half the amounts received by the officials of the New York insurance companies, while the aggregate of official salaries paid hardly bear comparison.

"The testimony given recently by the company's actuary was practically a transcript from the company's books. It showed aggregate figures that enlightened and perhaps astonished many people as to the extent of the business and the range of operations of this colossal Newark institution, which grew from the smallest beginnings to its present mammoth proportions in a few years chiefly through the genius of its creator and present president."

Improving Facilities.

The following item from a Louisiana paper will be of interest from the fact that the Trouard loaders are about to be given a trial here. The Waiakea Mill Co. has secured one for this purpose and if satisfactory will employ others:

"The sugar campaign at Mrs. D. A. Milliken's Waterford plantation, in St. Charles parish, is progressing most favorably. The mill will now receive 350 tons daily from the plantation, all being loaded on carts with two Trouard loaders, which are reported to be doing this fine work with a consistency proving true all claims made for the loader."

Miss Wilhelmine Joehnke, of Oregon, has been engaged by the board of directors of the public schools of New York City to deliver a series of illustrated lectures on the Hawaiian Islands in various schools of the great city. Miss Joehnke lived two years in the islands, and on her return went to Chicago, where she graduated with honors from the University of Chicago last June. Since her graduation she has been traveling as correspondent for New York papers in the South and Southwest, and while on her travels delivered lectures.

Good appetite, good digestion, refreshing sleep—these are essential to good health; and the following testimonial shows how they were obtained by using

Ayer's Sarsaparilla

"Six years ago I had an attack of indigestion and liver complaint that lasted for weeks. I was unable to do any hard

work, had no appetite, food distressed me, and I suffered much from headache. My skin was sallow, and sleep did not refresh me. I tried several remedies without obtaining any relief. Finally, one of my customers recommended Ayer's Sarsaparilla. It helped me from the first—in fact, after taking six bottles I was completely cured, and could eat anything and sleep like a child."

There are many imitation Sarsaparillas. Be sure you get "AYER'S."
