SECRETARY ATKINSON IN GOVERNOR'S CHAIR

Honolulu, Feb. 6.—Governor Carter has consented to step aside and let Secretary Atkinson take control of affairs as actual Acting Governor. The Secretary will reach Honolulu on the steamer Alameda next Friday, and it is probable that the correspondence will be exchanged and the formalities putting the Secretary in charge as de facto governor be complied with on that day, although it is possible that the formalities may go over until next Monday. The reasons for immediate action, however, are apparent.

Dr. Judd, the attending physician said, in reference to the Governor's condition, as interviewed by the Advertiser: "He is getting along very comfortably. His temperature is normal, and his condition satisfactory. He sat up for awhile today. He is still very weak, however, and I propose to keep him in hand until he recovers his strength. I have not broached to him the matter of a long rest and a sea trip after he regains some measure of his strength."

There can be no question that the Governor will be urged to make such a trip. Present signs do not point to the immediate resignation of the Governor, nor very strongly to his taking control again.

Hawaiian Band Will Tour.

Honolulu, Feb. 7.—The band will go to the mainland on a tour advertising Hawaii in June, and will be away four months. Joe Cohen will manage the trip.

The way was cleared by the Oahu Board of Supervisors last night deciding to appropriate \$750 per month extra for the band for four months, the money to be devoted to bringing the band up to 40 pieces, properly uniforming the musicians and purchasing new instruments.

Appropriations For Hawaii.

Washington, D. C., Feb. 6.—The fortifications appropriation includes \$1,087,000, divided as follows: For sea coast batteries \$600,000, for the purchase of sites for fortifications in Hawaii \$150,000, and for guns and ammunition \$300,000.

The Hawaiian Bill Considered.

Washington, D. C., Feb. 6.—The bill introduced by Delegate Kuhio Kalaniana'ole of Hawaii providing for the establishment of a public works fund for Hawaii is being considered today by the House Committee on Territories.

First Instalment on Bonds.

Honolulu, Feb. 6.—The first instalment for the new bonds reached Honolulu yesterday, and was paid into the Territorial Treasurer on behalf of the purchasers of the bonds, Kountze Bros., of New York, by the firm of Bishop & Co.

The money came by telegraphic transfer, and the sum was in payment for the first one hundred thousand dollars' worth of bonds, taken up by the purchasers on the approval of the sale by the Territorial officials.

At once upon the receipt of the money, the Assistant Treasurer notified Auditor Fisher, and that official immediately approved the contract for \$28,000 with the Honolulu Iron Works for the structural iron needed for the Nuuanu reservoir. This contract was held up by Auditor Fisher because there was no bond money available in the Treasury with which to meet the obligation that it was proposed to incur under it. A soon as the money was on hand, the contract was approved.

No Gambling in Territories.

Washington, Jan. 27.—The House Committee on Judiciary has decided to report favorably on the Littlefield bill to prohibit gambling in territories of the United States. The bill is so worded that its provisions, in the opinion of the committee, will apply to the organized territories, namely, New Mexico, Arizona, Oklahoma and Indian Territory.

Corbin Coming Home.

Manila, Jan. 20.—Major General Leonard Wood will succeed Major General Corbin in command of the military division of the Philippines on February 1st. Major General Corbin will sail on February 2nd for Hongkong, thence for San Francisco, on February 9, on the Pacific Mail steamer Korea.

Hawaii's Delegates Arrive.

Washington, Feb. 5.—The Hawaiian delegates to promote the President's policy of appropriating 75 per cent. of Federal revenue collected in the Territory for twenty years for public purposes within the Territory, have arrived here.

Another Steamer Promised.

According to the Salt Lake Tribune the Utah-Pacific Coal and Navigation Company is trying to secure two large steamers to run between San Pedro and the Hawaiian Islands. The company may give a special excursion to Honolulu in May.—Star.

First of the Molokans.

Honolulu, Feb. 7.—The first detachment of Molokans will arrive here by the S. S. China on February 19. J. B. Castle received a cablegram this morning from Geo. P. Thielen to the following effect: "Molokans leave China details later."

This news means that Thielen, as the representative of Mr. Castle, has arranged for a portion of the new Russian settlers to leave San Francisco by one of the first vessels. The majority of the settlers are able, however, to leave and they will come later.

The settlers will arrive here on Monday and arrangements are to be made to have them taken the same afternoon to Kapaa, Kauai, where they will settle on the lands secured from Col. Spalding.

Mr. Castle stated that he expected that from 800 to 1000 would arrive by the China. The bulk of the Molokans will therefore, come at a subsequent date.

Gen. Smith Confirmed.

Washington, Feb. 7.—Gen. James F. Smith has been confirmed as a member of the Philippine commission.

Wrecked on Alaskan Coast.

Seattle, Feb. 7.—The German steamer Marie Chen has been wrecked at False Bay, Alaska. The crew were saved.

To Investigate Valencia.

Washington, Feb. 7.—President Roosevelt has ordered a commission to investigate the loss of the steamer Valencia.

Difficulty with France.

Washington, Feb. 7.—In response to a request the United States has taken charge of the Venezuelan consulate in France.

Countess Wants Divorce.

Paris, Feb. 7.—Unsuccessful efforts have been made to bring about a reconciliation between the Castellanes. The Countess instituted proceedings for a divorce from Count Boni several days ago.

Situation in Russia.

St. Petersburg, Feb. 7.—The elections for the new National Assembly will take place on April 7, and the Assembly will meet on the 28th of the same month.

St. Petersburg, Feb. 7.—General Linevitch reports that conditions at Vladivostok and Harbin are now quiet and that the pacification of Transbaiklia is assured.

Fatal Collision in Oregon.

Portland, Oregon, Feb. 6.—Four people were killed and ten injured today in a collision on the Oregon Railway & Navigation Line.

Russia and China Negotiate.

Peking, Feb. 6.—Representatives of Russia and China are discussing a treaty similar to that concluded between Japan and China. Mining, railway and commercial concessions are involved in the proposed new convention.

Congressman Hepburn Ill.

Washington, Feb. 6.—Representative Hepburn of the Eighth Iowa District, is seriously ill.

[Representative and Mrs. Hepburn visited the islands last summer, remaining for a long time here, Honolulu being the home of their daughter, Mrs. R. H. Chamberlain, wife of the collector of internal revenue there.]

May Check Boycott.

Washington, Feb. 6.—Secretary of Commerce and Labor Metcalf has approved the report of the commission appointed to revise the regulations for the admission of Chinese into the United States. The Bertillon system for the identification of applicants for admission will be abandoned, and more moderation and consideration will be shown in handling Chinese who arrive in the country. It is believed that this amelioration of the enforcement of the act will check the boycott in China.

Washington, February 7.—The Senate has passed a resolution providing for an investigation of the Chinese boycott.

London, February 7.—Advices received here are to the effect that the anti-foreign feeling is spreading rapidly in China.

Hongkong, Feb. 4.—Armed Chinese have looted the residence of a Presbyterian missionary near Canton.

Hongkong, Feb. 5.—Owing to the insufficiency of the police, foreigners here are apprehensive.

Lord Grey's Bereavement.

London, Feb. 5.—Lady Grey is dead.
[Lord Grey is secretary for Foreign Affairs in the new British cabinet. Lady Grey's death was due to concussion of the brain caused by being thrown from her trap.]

Bark Dunbritton Foundered.

Aberdeen, Scotland, Feb. 5.—The British bark Dunbritton, from Hamburg via Leith for Honolulu, is reported to have foundered off May Island. Fishermen assert the vessel is probably dismasted and may be saved.

[Several months ago the Dunbritton left Hamburg for Honolulu, but in a storm at sea suffered the loss of sails and was otherwise injured. She put back to port for repairs, and when these were completed she began for the second time to try to reach this port. The next mail from Germany is expected to bring details of the loss of the vessel. The Dunbritton was a vessel of 1471 tons.]

Balfour and Chamberlain.

London, Feb. 3.—Balfour and Chamberlain have disagreed, and it is feared that the opposition in Parliament will split into two or three parties.

General Grant Promoted.

Washington, D. C., Feb. 3.—Brigadier General Fred Grant will be promoted to the grade of major general upon the retirement of General Sumner.

Democrats Oppose Treaty.

Washington, D. C., Feb. 3.—The Democratic senators have agreed to oppose the ratification of the proposed treaty between the United States and Santo Domingo.

Feb. 5.—Patterson of Colorado has caused a sensation in the Senate by the introduction of a resolution declaring that it was a violation of their oaths as Senators, and of the Constitution of the United States for the caucus to attempt to coerce Democrats to vote against the ratification of a treaty with San Domingo. Patterson says that he intends to join the Republican party.

The Hilo Tribune.

TUESDAY, - FEB. 13, 1906.

Entered at the Postoffice at Hilo, Hawaii, as second-class matter.

PUBLISHED EVERY TUESDAY.
J. WHEELER MARSH - Editor
D. W. MARSH - Business Manager.

SOME of the democrats of the County are, apparently, trying the experiment of conducting a republican newspaper. It will be interesting to note what kind of a brand of republicanism democrats will manufacture.

If Dame Rumor is an honest woman of her word, and no one has reason to doubt her in this, the Hawaii Herald has been purchased by some of the leading democrats of the County. The line, "A Republican Newspaper," etc., at the head of the Herald's editorial column still remains. Do we understand that the prominent democrats of Hawaii have become converted and have come over to republicanism?

An incident so unusual as that of a number of consistent and persistent democrats buying and permitting to be published as such a republican newspaper, naturally causes much speculation on the part of the public as to why and wherefore. So far as can be heard, no one believes in a change of heart within the breasts of the democratic purchasers; and there are those inconsiderate enough to insinuate that the paper is to be published as republican temporarily "for revenue only" while county and territorial patronage lasts for it.

Hawaiian Music.

Ancient Hawaiian music has a historical interest that makes it worthy of preservation. During an afternoon's recess of the Board of Supervisors, while a committee was preparing a report, Mr. Kalaiwa, member from Kona, began one of the old time chants, and though he was good-naturedly accused of singing while the others worked, was prevailed upon to give some of the old music. He responded with a chant that told a story of Hawaiian mythology which was interpreted by Mr. Desha. This ancient music is said to be well-nigh forgotten by the Hawaiians. Mr. Kalawa should have phonograph records made of the old songs to preserve them from oblivion.

New Lights.

The new lights ordered placed by the Board of Supervisors are as follows: One arc at old Kinau dock; one arc at corner of Pitman and Ponahawai streets; one arc at corner of Front street and Mud Lane. Also 32 candle power incandescents, as follows: At bend of the road above Dr. Stow's residence; on Pleasant street near residence of J. H. Maby; two on School street; three in Puna; one on Volcano street near Brughelli's; four on Front street; one near Geo. H. Williams' residence; one on Pitman street near Brown's residence; one at Waiakoa; two on Church street near LeBlond's; one on Waiannu street near the hospital.

Council Meeting.

The Board of Trade council met at the rooms of the board on Friday afternoon. Chairman Scott presided and A. Lindsay acted as secretary in the absence of Mr. Vicars. The names of Captain Pierce, Geo. Lycurgus and J. W. Marsh were proposed for membership and it was voted that they be recommended to the board. On account of the absence of Mr. Vicars in Honolulu, his report on banana shipping, that was expected, was not made.

Death of Col Allen.

Col. W. F. Allen died at 6:15 o'clock Sunday evening Feb. 4, at his residence, Beretania and Victoria streets, following a stroke of paralysis suffered the Tuesday previous from which he never fully recovered consciousness. The funeral was held at 3 o'clock Tuesday afternoon from the residence, Rev. Dr. Williams Morris Kincaid officiating.

Honoum Meat Market.

Joe Gomes had opened a meat market at Honoum and is prepared to supply the public with fresh beef, mutton and sausage. Daily delivery.

NEW HIGH SCHOOL.

Plans Suggested by Principal Richmond Approved.

Principal Richmond received by the last Kinau, for approval and immediate return, the plans for the new high school building. Mr. Richmond was called upon first for suggestive plans by Architect Kerr, of Honolulu, who had the matter in hand, and such plans were forwarded to him. Architect Kerr embodied these plans in his design for the building and forwarded them to Principal Richmond for his approval. A few modifications were suggested and the plans returned to the architect. The present plans received and returned, were approved, except in one or two minor points, by Principal Richmond, and will undoubtedly be practically the plans on which bids will be called for.

The materials which the specifications will call for will be alternative—stone, brick or cement-block; the choice of materials to be decided by the Board of Public Works. The stone used would of course be of a local kind; the cement blocks are to have a rough surface in imitation of unadressed stone.

The architecture is to be plain and in usual high school style; shingled hip-roof, large four-pane windows. The wood-work finish is to be of Northwest lumber, which is, supposedly, the fir.

The floor plan Mr. Richmond has concerned himself about principally. The building is to have two stories and basement. It will stand on the former site of the Riverside school building, and earth removed in excavating will be used in grading up. It will front on Waiannu street with deep portico over the main entrance.

The main hall-way is 22 feet in width and extends through the center, and in it are the stairways leading to the upper floor and to the basement. The principal's office, also, is at the rear of the hall on the left. From the hall are entrances to four recitation rooms of equal size, on either side, 27x29 feet in dimensions. The main stairway fronts on the main entrance and leads to a landing, from which a stairway on each side leads to the upper hall-way.

The main assembly hall is on this floor in the middle of the building, in front, and extending over the portico. Its dimensions are 30x36 feet. Two recitation rooms 21x22 feet open, one on each side, into the assembly room by sliding doors. At the right end of the upper hall is the library, and at the corner next to the library, with an entrance in front of the right upper stair landing, is a large recitation room. The mauka quarter of the building on this floor contains a science recitation room 18x19 feet, which opens into a physical laboratory 30x16 feet, which, in turn, opens into a chemical laboratory, 22x16 feet. One of the adjuncts of the laboratories is a dark-room, 5x8 feet.

The basement is to have cement floor, to be fitted with closets, etc., and specifications call for the construction of a cess-pool, a sewer having not yet been put in to that distance on the street.

It is understood that as rapid progress as possible is being made on the plans, and that they will soon be ready so that bids for construction may be called for. A commencement of the work of construction may therefore be expected in the near future.

Grand and Trial Juries.

The following persons were drawn to serve as grand jurors for the February term of the Fourth Circuit Court, to be and appear on Monday the 26th day of February, 1906, at ten o'clock a. m.: L. Brown vs. Spreckles Bros.

The case of C. H. Brown vs. J. D. Spreckles' Bros. & Co., involving the title to Hilo water front property, is on for trial for the fifth time, in Honolulu. The case has been tried in the courts at Hilo, Kona and Honolulu without a verdict being reached, and is now being tried anew. Eleven witnesses from Hilo were subpoenaed by Spreckles Bros., who claim title to the property. Mr. Severance, their agent here, received a wireless Thursday instructing the witnesses to come by Friday's Kinau. Among the witnesses for Brown going at the same time were W. C. Borden, F. S. Lyman, Capt. Eldert of Puna, and J. H. Maby.

Party to Volcano.

A number of excursionists arrived by the Kinau Wednesday and went to the volcano, returning Friday, as follows: W. A. Wann, Honolulu, Mr. and Mrs. M. S. Miller, J. A. Sackley and wife, Chicago; Mr. and Mrs. Paul MacCormack, New York; L. B. Nevin, Waheia; M. E. Leland, Worcester, Mass.; Mrs. J. B. Atkinson, Portland, Or.; M. W. Kneist, J. W. O'Donoghue, San Francisco; Margaret D. Nevin, Los Angeles; Rev. F. M. Schneider, Winfield Junction, N. Y.; The Rev. Mgr. P. Dauffenbach, Brooklyn, N. Y.; Oscar Zapp, Dusseldorf; C. Levy, San Francisco; L. Weinberg and A. E. Douglas, Honolulu. The party were highly enthusiastic over the trip as reported by W. A. Wann, one of the party. "Our trip," he said, "was a very satisfactory experience; one well worth the time and expense. The hospitality and good cheer of the Volcano House, the wonders of nature we beheld, the scenery we enjoyed, the sensations of awe we experienced as we approached the 'lake of fire' and gazed upon its leaping flames, cannot be found in any other place in the world. A visit to the Hawaiian Islands, is in no wise complete unless one take the volcano trip."

To Exterminate Mosquitoes.

C. L. Van Dine entomologist of the U. S. Experiment Station at Honolulu, came over on the Kinau Tuesday with a hundred and fifty "mosquito fish" for planting in the ponds and streams about Hilo. They are to be propagated under the charge of the Health Board and distributed. The fish is otherwise known as top minnow or Killifish and is a small fish two inches long that feeds on mosquito larvae or "wrigglers." It exterminates the mosquito by devouring the eggs and is a much preferable to kerosene for this purpose. These fish are bought out of a territorial appropriation of \$1500 made for the purpose, and come from Texas.

LEGAL NOTICES.

In the Circuit Court of the Fourth Circuit, Territory of Hawaii.

AT CHAMBERS—IN PROBATE.
In the matter of the Estate of JULIUS REINHARDT, deceased.

ORDER OF NOTICE OF PETITION FOR ALLOWANCE OF FINAL ACCOUNTS AND DISCHARGE IN DECEASED ESTATES.

On reading and filing the petition and accounts of R. T. Guard, Administrator of the estate of Julius Reinhardt, deceased, wherein he asks to be allowed \$209.90, and asks that the same may be examined and approved, and that a final order may be made of distribution of the property remaining in his hands to the persons thereto entitled, and discharging him and his sureties from all further responsibility as such.

It is ordered, that Tuesday, the 20th day of March, A. D. 1906, at 10 o'clock a. m., before the Judge of said Court at the Court room of the said Court at South Hilo, Island of Hawaii, be and the same hereby is appointed as the time and place for hearing said petition and accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property. And that notice of this order, in the English language, be published in the Hilo Tribune, a newspaper, printed and published in Hilo, for four successive weeks, the last publication to be not less than ten days previous to the time herein appointed, for said hearing. Dated at Hilo this 8th day of February, 1906.

SUPERVISORS MEET FEBRUARY SESSION.

Ordinary Grist of Business—Police Force Increased. New Lights For Streets and Roads—Territorial Team and Carriage Ordered Returned—Impeachment of Officer—Bills Paid—Moneys Appropriated.

The County Board of Supervisors met in regular session for February at the county board rooms at 10 a. m., Tuesday, the 6th. President Moir was in the chair and all members present except Mr. Woods.

After prayer by the chaplain, Rev. W. M. Kalaiwaa, minutes of the session of January 8 were read and approved. W. H. Beers was sworn in as interpreter and the business of the session was taken up.

A communication from C. S. Holloway, superintendent of public works, was read, acknowledging the receipt of a copy of resolutions passed by the Board relative to the re-appointment of Hamakua Road Board to expend the remaining tax road funds. The superintendent stated that under the county government the road board had no authority to expend any road taxes excepting funds remaining on deposit in the treasury prior to April 26; that this money had been all spent excepting \$1, and that it did not seem to be worth while to re-appoint the board. As there appeared to be a discrepancy between the amount reported in this road fund by the treasurer and by the superintendent of public works, the matter was referred to the finance committee for investigation.

In a communication from County Treasurer Lalakea in reference to a motion passed by the Board at its last session, to the effect that the auditor and treasurer be directed to advise the Board immediately after their refusal to pay any claim duly passed by the Board, of such refusal, giving reasons, he replied that the treasurer had no discretion in the matter of paying a warrant issued in due form; and held that the instructions were applicable to the auditor only. Shipman thought the question of refusal to pay warrants should be decided; Desha thought the communication sufficient; Shipman asked that the matter be referred to the county attorney for opinion, and it was so ordered.

A communication from C. K. Maguire, auditor, filing a new bond for \$5000 and asking that the treasurer be authorized to deliver his former bond, was referred to a special committee consisting of Shipman, Desha and Fernandez.

A communication from W. M. Keolanui, sheriff, was read, asking for the reconsideration of bills for \$3.25 and \$46.25 for expenses of police officers attending coroner's inquest at Honouliuli. Referred to finance committee.

A bill from Holmes & Stanley, attorneys of Honolulu for \$250 for professional services in re test case, Moir vs. Knell, was presented. The attorneys maintained that, inasmuch as the county allowed \$250 for Mr. Moir's attorney in the case, they should be paid by the county, also. Shipman stated that bill had already been considered and payment refused. Communication tabled.

The communication from the Superintendent of Public Works, Honolulu, given in the TRIBUNE last week, asking the return of horses and buggy formerly used by Mr. Gere, engineer in charge of territorial work, afforded a topic for some discussion. Mr. Desha asked that the communication be referred to the county attorney for opinion. On Mr. Desha's motion a letter from N. K. Lyman, road supervisor, on file with the clerk, was read at this time. Mr. Lyman stated his position as follows: That he had received orders from Mr. Gere to forward the team and buggy to Honolulu, which he had refused to do; that he had received a similar order from Mr. Pua,

county clerk, which he had also ignored, considering it unofficial; that he informed Mr. Gere that he could receive orders from the Board alone, and that Mr. Gere then took the rig from the county stables without his knowledge; that he thereupon replevined the rig, acting under the advice of the county attorney's office, to await the decision of the case and the action of the Board; that one of the animals had received a wound, for which he had told the stableman responsible, and had therefore dismissed him. Mr. Desha wished to have the case fully considered. He had heard it said that he "was at the bottom of the whole thing" which was entirely unjust as he knew nothing about it and was in another part of the county at the time. Mr. Desha reviewed the case as he understood it, Mr. Fernandez objecting to his view of the case at some points. Mr. Desha fully approved of Mr. Lyman's course in requiring the action of the Board. Mr. Shipman favored waiting for a settlement of the replevin case by the court. Mr. Moir stated that at Mr. Gere's request he had ordered the rig delivered to him and had so instructed Mr. Pua, clerk, and informed Mr. Lyman. Mr. Fernandez, on the ground that the rig belonged to the Territory and was subject to recall at any time, moved that the request of the Superintendent of Public Works be granted, which motion was carried. The effect of the motion was the withdrawal of the replevin suit and release of the rig from the clutches of the law.

Mr. Desha, during his remarks, was moved to ask the chair to instruct the editor of the Herald to mind his own business and to refrain from making any gestures or other demonstrations. The chair stated that he supposed that was understood (with a question mark), the Herald editor assenting, by way of confirmation.

A letter from Director of Public Roads, Washington, D. C., was read. It asked that the county clerk act as public roads correspondent, and stated that he would have free use of the mails for official correspondence, stationery, etc. Fernandez stated that a resolution covering the case would be introduced, and the communication was filed.

Communication of Joe Teves, stableman dismissed from the county stables, asking a hearing, was read and ordered filed.

An ordinance relative to the use of streets, prepared at the request of the Board by Deputy County Attorney Aluli, was introduced and placed on file. The ordinance prohibits the dragging of any substance upon county roads.

A reply was read from the county attorney, to an inquiry made by the Board relative to the liability of the county for the expenses incurred in the transportation of the insane. The letter stated that the insane must be sent to Honolulu, that there was no law making the expense incurred either a territorial or a county liability, and that as the Territory had expressed an unwillingness to bear such expenses, he would recommend that they be borne by the county.

A communication in regard to construction of sidewalks, written by Deputy County Attorney Aluli was read and ordered placed on file.

A communication from Attorney Aluli containing an ordinance, drafted at the request of the Board, regulating the qualifications of police was read. Desha moved that the matter be left in the hands of the police committee. Fernandez moved that the communication be

TRIBUTE TO MRS. LYMAN.

An Old-Time Visit to the Lyman Household.

The death of Mrs. Rufus Lyman calls to mind a beautiful tribute paid to her by Henry N. Castle in a letter from him while touring on Hawaii in 1885.

He writes: "We continued our journey at about three in the afternoon and reached Paauhau about dusk. This, as you may possibly know, is the home of Rufus Lyman. I shall not soon forget the evening and the night that we spent in this charming home, and I would that mine were the pen adequately to celebrate the various excellencies of our hostess, Mrs. Lyman.

"It would be a small return indeed to make for the kindness and the genial hospitality with which she received us. She shines pre-eminently as a hostess and adorns the office. The kindness, the courtesy, the grace, the aroma of geniality and good feeling which she diffuses and which surround her like an atmosphere, are something quite above my powers of description.

"The mother of nine living children, six of whom were that evening clustering around her knee, she seemed the ornament of the household and an honor to motherhood. Time has dealt with her gently, material cares have left few traces on her brow, and she was still young in face as well as in heart. Her children were full of life without being noisy, orderly without the appearance of constraint, polite and considerate, yet natural and free. There was obedience without suppression and harmony without friction. The wheels of domestic government revolved silently without a jar. They regulated themselves.

"Here is the true marriage of races—the blending of civilizations, North and South, Anglo Saxon and Hawaiian, warm and cold skies.

"The rigid lines and angles of Puritanism have here all been miraculously softened into curves. Virtue loses its air of stern repression, born of struggle and anguish and defeat, and wears another countenance, the ease, the grace, the careless elegance and beauty of a natural attribute. Here we have a true union of some of the best elements of Hawaiian and Anglo-Saxon character, and the result is a new compound, well worthy of study.

"Our evening at Paauhau was on a Sunday and family prayers was quite an elaborate and interesting ceremony. All read around, the youngest even lisping the verse from the Old Testament after the mother, and then the children recited the Ten Commandments—boldly and stridently uttered by the older boys; softly, bashfully, demurely syllabled by the younger children. Then came several Moody and Sankey hymns, zealously chanted by young and old, and then bed for the children, while we who were grown up luxuriously idled away the long tropic evening by the brightly-lighted table. I, reclining on the lounge, chatted at my ease with Mrs. Brickwood, now in English and now in Hawaiian, while she regaled me with the approaching glories of Waimanu, and especially with tales of the wondrous poi on which I should banquet when once within the remote depths of that happy valley.

"And so we spent the evening bidding goodnight at last to our genial host and hostess, then away to a cool bed and pleasant dreams, awaking in the keen morning air to a glorious view of Mauna Kea, lifting blue slopes and snow-crowned summit over the green plain, and far above the distant uplands."—Advertiser.

Pertinent Observations.

"Vesuvius again throbs in unison with Mauna Loa. A volcano in Samoa is pouring lava into the sea. These volcanic eruptions on both sides of the world, accompanied by a tidal wave that has visited at least two of the Hawaiian Islands, indicate that things are doing in the earth's crust."

"The Scottish folk of Hilo are to be congratulated upon the appropriate celebration of the Burns anniversary which they carried out. It was both artistic and rational, doing real honor to the memory of Scotia's immortal bard."

"What is being done in the suddenly awakened koa wood industry in old forests on Hawaii, gives some token of the importance of systematic forestry to this Territory."

"Planters on the Big Island may as well lay their plans for a temporary shut down of the mills in the event of a visit of the Japanese training squadron to Hilo."

"It is most satisfying to know that Mr. Bulger approves of Kilauea. As an inspector of boilers, Mr. Bulger should be an expert on volcanoes, and things like that. And, anyway, without Mr. Bulger's approval for her steam machine, Madame Pele might have been in some danger of having her license revoked by the Federal government."—Advertiser.

Examinations For Light-House Keepers.

King of all Cough Medicines.

Mr. E. G. Case, a mail carrier of Canton Center, Connecticut, U. S. A., who has been in the United States service for sixteen years, says: "We have tried many cough medicines for croup, but Chamberlain's Cough Remedy is king of all and one to be relied upon every time. We also find it the best remedy for coughs and colds, giving certain results and leaving no bad after effects. We are never without it in the house." For sale by Hilo Drug Co.

An Interesting Day Promised at the Races.

Hoolulu Park was built by the Volcano Stables in 1899. The first few meetings were largely attended and the enterprise was very successful. Meetings, however, were only held twice a year, on January 1 and July 4. The racing stock was almost wholly imported from the coast, and had to be kept in training almost all the year. This, in addition to the cost of the horses, was a heavy expense which few people could afford to stand. Interest therefor began to lag as fewer horses were kept in training. It became evident then that it was useless to think of making a success of race meetings with California horses, and besides, there was nothing of benefit to come out of it except the enjoyment of seeing the events.

A prominent rancher, about a year ago, realizing these facts and wishing to see something done towards the cultivation of our Hawaiian-bred horses, went to the Volcano Stables and asked their lowest figure for the racing course. A satisfactory figure having been obtained, he immediately circulated a stock subscription paper, secured a sufficient amount of capital and the Hawaiian Jockey Club, Ltd., came into existence. Their first step was to purchase Hoolulu Park. Under their auspices three meetings have been held, good racing has prevailed and the noble sport was started in the right line for a permanent up-building on the Island of Hawaii.

The next meeting will be held on February 22nd at 1:00 p. m. A number of the best bred Hawaiian horses from the different ranches will enter in the races. You will miss a good time if you are not present.

Death of Alexander Dauphny.

George Alexander Dauphny died at the home of his daughter, Mrs. Captain Fitzgerald, in Hilo, Saturday night, in the seventy-third year of his age. The funeral services were conducted by Rev. C. E. Shields, and were held at the home of Captain and Mrs. Fitzgerald at 3:30 Sunday afternoon, February 11. Death resulted from heart failure after an illness of about three months and occurred at 12 o'clock.

George Alexander Dauphny was born near Chester, Lunenburg county, Nova Scotia, June 30, 1833. When a young man he went to Stillwater, Minnesota, where he married Eleanor Carlow. He crossed the plains in the 60's and finally settled with his family in Eureka, California.

Ten years ago he came to the islands where he engaged in coffee planting in Oahu.

There were four children, three of whom are now living, William Gay, and Arthur Chester, now residing in Eureka, California, and Mrs. John Fitzgerald of Hilo.

He was the youngest of a family of ten, two of which, now living in Nova Scotia, survive him.

The remains will be sent to Eureka and laid by the side of his wife in Myrtle Grove Cemetery.

Mr. Dauphny was a man much beloved by his friends, who now mourn his loss.

New Form of Passport.

A new form of Japanese passport came to the notice of Mr. Affonso during the week in the performance of his duties in the tax office. This passport contains, in addition to the usual statement that the rightful holder is entitled to admission, protection, etc., the important qualification "in Hawaii only." It was issued in Japan some time in December, and the new condition is in line with the information received recently by the TRIBUNE, that the Japanese government had adopted a new regulation permitting a greater number to emigrate, but restricting the emigrant to the Hawaiian Islands.

County Clerk Pua has received word, unofficially, that as a result of the county attorney's visit at Kailua, several names have been withdrawn from the petition asking for the removal of Deputy Sheriff Keliho, but that another petition had been drawn up.

The Lehua, that has been engaged the past two weeks in demolishing the hull of the Martha Davis, that was burned in the harbor, left for Honolulu Sunday. Two blasts were set off Saturday, blowing out the two ends of the wreck, and, incidentally, covering the surface of the bay near by with fishes killed by the concussion. The divers remain, and R. T. Guard will supervise the completion of the work. It is rumored that the Lehua has been sold to one of the fishing companies in the northwest and that Capt. Anderson, who arrived by the Enterprise, was purchasing agent.

THE INSURANCE SITUATION.

Interview With W. A. Wann, Mutual Life's New District Superintendent.

Mr. W. A. Wann of Oregon, who has recently taken charge of the affairs of The Mutual Life Insurance Co., of New York, as district superintendent for the Territory of Hawaii, is in Hilo looking after the interests of the company.

When asked about the insurance situation since the investigation by the New York Legislature, he stated that great changes in the management had been made recently; some of the best men in the financial world taking the positions left vacant by the resignation of former officials. The old General Agency system, with its heavy renewal contracts, has been abandoned and the new managers are placed on a flat salary; this change will save large sums annually for the policyholders.

Mr. Wann remarks with regret that many half-informed policyholders in good companies have allowed "twisters" to persuade them to lapse their policies and take up new ones in other companies at loss to themselves; for more money has been lost by policyholders from this cause than by all the irregularities brought out by the investigation.

The following statement is issued to policyholders and to the insurance public of Hawaii:

THE COMPANY FINANCIALLY UNASSAILABLE.

"Remember that, with all the reckless talk in the newspapers about syndicates and salaries and subsidiary companies, the securities of the Mutual Life have not been criticised nor their perfect safety questioned. The investments of the Company were an open book in the hands of the Investigating Committee; every loan, every bond, every security of any description was before them—four hundred and fifty millions and more; and not a single item was discredited, and not a single investment of any sort was classed as doubtful.

"As ever, the Mutual Life is still the strongest financial institution in the world, with a reserve \$35,000,000 larger than that of any other existing company, and with a contingent guarantee fund, or accumulated profits, of \$75,000,000 in excess of its legal liabilities.

"It is still true, as it has always been, that the Mutual Life has paid more to policyholders, and holds more today for policyholders than any other company in the world. Nearly seven hundred millions to date has the Company disbursed to its members and their beneficiaries, making, with what it still holds for them, nearly one hundred millions more than it has received from them."

The Mutual issues a wider range of policies than do other companies. You are cordially invited to examine our Protection policies and Investment policies and see for yourself that we can give you any form you may want, with guarantees and rates bearing out the statements made above.

Prompt attention given to requests for information. Call on or write to W. A. WANN, Dist. Supt. Honolulu, T. H.

The band concert Thursday evening attracted an unusually large crowd to Hotel square. The band was reduced in number and consisted of selected players. The music was well received, some of the numbers being applauded. The fine night added its charm to the performance till the eclipse began; a feature added to the program that most had forgotten to anticipate and that took a large part of everybody's attention.

**SUPERVISORS MEET
FEBRUARY SESSION.**

(Continued from Page Three)

placed on file. Shipman seconded Desha's motion and the communication was referred to the police committee.

A communication from James Mattoon, deputy sheriff of North Hilo, was read, charging H. P. K. Malilani, an appointee of the county sheriff, with various acts unbecoming an officer, viz., that he instigated others to crime; that he disobeyed orders in reference to the conveying prisoners from Laupahoehoe to South Hilo on January 24; that at Laupahoehoe on the 30th of January, in the case of Iaukea, et al, he tried to mislead the court and shield law-breakers; that he wilfully refused to obey orders in the transportation of prisoners from Laupahoehoe to Hilo on February 1st; and recommending his dismissal. The chair opined that it was a matter for the sheriff to act upon, if the deputy should be suspended. Desha suggested that the sheriff would refuse to act and advised referring it to the police committee, and that the case might be reached by striking the deputy's name from the pay roll. Shipman inquired if a suit might not be successfully maintained against the county in case his pay was ordered stopped, and the case was finally referred to the county attorney for an opinion.

W. Rickard, of Hamakua, asked for the installation of a telephone at Kukuihaele. Referred to the police committee.

Salary demands to the amount of about \$850 were filed by the sheriff. These demands had been presented at a previous meeting and payment had been refused, on the grounds that the services had not been performed. Desha thought the demands should be tabled; that the case should be tried out on its merits in court, that the services had not been performed and that the Board had no right to order the payment. He said that in Waimea and North Hilo the deputy sheriffs had stated that these men had not done the work for which the claims were put in. Shipman favored approval of the claims; there was no evidence that the officers had refused to perform their duties, and that if they had, they should have been suspended. Fernandez opposed the payment of the claims with vigor. He said that many of these men had never appeared before the deputy sheriffs or offered their services, that the police committee had looked into the cases and that proper claims had been paid; that he favored Desha's view, and if courts should order the claims paid the responsibility would not rest with the Board; moved that the claims be refused, seconded by Desha and carried; ayes, Desha, Fernandez, Makuakane and Mr. Chairman; noes, Kalaiwaa and Shipman; Deputy Sheriff sent letter urging the necessity of railroad mileage for the use of the sheriff's office. Referred to the police committee.

A communication from the Kau road board asking instructions as to the expenditure of a balance of \$20.50 was referred to Shipman.

A communication from the Sheriff asking an increase of the number of police, etc., was referred to the police committee.

Meeting adjourned till 1 p. m.

AFTERNOON SESSION.

The Board reconvened at 1 p. m. and proceeded to the consideration of communications. The first, from W. M. Keolanui, sheriff, in regard to payment of bill of the Volcano Stables for transporting coroner's jurors, of which payment was recommended, was read and referred finance committee.

A request from G. D. Supe, road supervisor for Puna district, that his salary be raised to \$75 per month, was referred to finance committee.

A petition signed by 112 citizens and taxpayers of Puna district asking for the appointment of a new police officer for Olaa, was referred to the police committee.

A petition from 41 voters and property owners residing at Waiakea for an appropriation for two police officers for that place, was also referred to the police committee.

A petition from 23 voters of the district of Kau, asking that Road Supervisor Geo. Kauwe be discharged, was presented and referred to Supervisor Shipman.

A report of the Sheriff for the quarter ending December 31, 1905, was presented and ordered placed on file.

Report of Sheriff Keolanui for the month of January, was presented and ordered placed on file.

Report of Chas. Williams, county attorney, for the six months ending December 31, 1905, showing in detail the arrests, convictions, etc., in full, was presented and ordered placed on file. Desha proposed that a vote of thanks be given the county attorney for the report. The care in its preparation made amends for the delay in its presentation, and in the report the county attorney was once more recognized by the Board.

Reports were read and placed on file, as follows:

Report of A. Fernandez, road supervisor in Hamakua district; County Auditor Maguire, on monies received and disbursed for the half year ending December 31, 1905; Road Supervisor J. G. Lewis; B. N. Kahue, road supervisor for N. Hilo; J. Kaelemakule, road supervisor for N. Kona; Road Supervisor G. D. Supe; Road Supervisor J. Lanakila and of Poundmaster J. G. Jones. On motion of Shipman the clerk was directed to cancel the commissions of the poundmasters heretofore appointed by the Board. The report of the County Treasurer for the month of January was referred to the finance committee.

A petition from residents of the district of Kau asking for one more police officer, was referred to the police committee.

Under the head of reports of special committees, Mr. Fernandez asked for further time in the matter of getting right of way for a road in Ooakala; granted.

Mr. Desha reported on the proposed opening of a road in Kaiwika homestead, that Mr. da Sylva had expended about \$400 building the road and that he would give the road to county for \$100; and that if the arrangement could be made with the territorial government, he would complete the road, estimated to cost \$400, for title to a lot near, of an estimated value of about \$200. Report was approved and Mr. Desha was appointed a special committee to confer with the territorial authorities in reference to the matter.

Mr. Kalaiwaa introduced a resolution calling for the purchase of a clock for the Board room, which was carried. A resolution relative to the county clerk reporting to the Department at Washington on county roads was adopted, introduced by Mr. Fernandez.

Ordinance No. 14, presented by Mr. Fernandez in reference to time of filing claims, was passed unanimously after some discussion.

Ordinance No. 15, in reference to abuse of roads, was unanimously passed.

Under suspension of the rules a communication was read from the Board of Trade of Hilo calling attention to the infringement on Volcano Street by fences and the desirability of now straightening certain streets, etc. Mr. Desha and Mr. Kalaiwaa showed that the fence had been placed where it was as a railing and protection and that it would be necessary to improve the street if the fence were removed.

Mr. Fernandez favored moving the fence if the public demanded it. On motion the matter was left in the hands of the supervisors of S. Hilo.

Board adjourned to meet Thursday at 9 a. m. Mr. Moir asked to be excused for that day on account of important business, which was granted.

THURSDAY MORNING.

Meeting was called to order by Mr. Woods, in the absence of

Chairman Moir. After prayer by Rev. S. L. Desha, minutes were read and approved.

A communication from the Hilo Board of Trade was read, asking for more lights, on grounds of necessity and appearances. Three arc and nineteen incandescents were asked for; also more lights in Puno, and on King Street between Front and the Hilo Hotel; also on Volcano Street, and near the jail. Another policeman for Waiakea was also suggested. Communication was referred to Desha.

A request of the Board of Trade asking aid in abating a sand pile nuisance at the foot of Front Street, was referred to the health committee.

A communication from D. S. Bowman, the agent of the Hilo health board, in reference to dumping grounds, sent at the suggestion of the secretary of the Board of Health, recommended that outside the outer reef at sea and beyond Waiakea be used as such dumping grounds. Clerk was instructed to notify the Board of Health that the arrangement was accepted.

County Attorney Williams in a communication gave the opinion that the grounds taken by the county treasurer in the matter of refusing to pay warrants, was correct. Letter ordered filed.

A communication from the HILO TRIBUNE, regarding county printing, was read and laid on the table on motion.

A communication from the Auditor recommending new blank forms for the use of the county clerk, was read and request granted.

Opinion of the County Attorney in reference to the Mattoon matter was read and the case referred to the sheriff.

A request from the sheriff that \$12 costs be allowed for transporting an insane person from N. Kohala to Honolulu, was read and ordered filed.

Report of N. K. Lyman, road supervisor for S. Hilo was read and ordered placed on file. The report was to the following effect: Work on the Volcano Road has been discontinued for the present, the most important repairs having been completed. Road to Homelani has been graded, rolled and will be finished with crushed rock during the month. Road from Waiannue Street to River, graded ready for macadam. Waikihi Road commenced and plantation rock crusher put into service and rock is being put on road. Paula lane completed from beach to Bridge Street, distance of 1200 feet, 6 feet wide. Five hundred feet of road on Waiakea end of Front Street dressed with gravel from Waiakea. Number of laborers on road to Hakalau, to complete work of cleaning up ditches and sides of road increased. Supervisor hopes to have the rock crusher at Pepee-keo started by March for repairs to roads at Kawainui and Honoumuli. Permanent bridge at Papaikou has not yet been put up; work delayed to await action of the Board on question of concrete culvert. Bridge on Hamakua side of Hilo Sugar Co.'s office should be replaced by concrete culvert; should be 24-foot span. The Territory has given the land mauka of Mooheau Park for use of county stables and have fenced in with wire. Purchased some oil for use on streets, and the merchants furnished 1500 gallons, which was used on Front street. The fence around Mooheau Park completed and painted at an expense of \$25. Pay roll for month totaled, \$1096.25. Purchased feed cutter for stables also blasting outfit for quarry. Supervisor stated that if complaints about lights would be made specifically in writing the matter would be at once attended to.

A communication signed by a number of voters of the District of N. Kona stating their belief that Deputy Sheriff J. W. Keliikoa should be removed, was next on file; but reading was postponed for more pressing business.

Report of O. T. Shipman, S. L. Desha and D. K. Makuakane, finance committee, was read and adopted. This report recommended

that warrants be drawn on road funds for bills totaling in the different districts, as follows: S. Hilo, \$1984.49; N. Hilo, \$263; Hamakua, \$932.78; N. Kohala, \$358.98; S. Kohala, \$265; N. Kona, \$280.02; S. Kona, \$163.25; Kau, \$87.75; Puna, \$719.09.

Report of Police committee was read and approved. Claims approved and recommended for payment were as follows: Pay of police in S. Hilo, \$747.40; N. Hilo, \$112.50; Hamakua, \$156.50; N. Kohala, \$150; S. Kohala, \$62.50; N. Kona, \$112.50; S. Kona, \$107.50; Kau, \$130; Puna, \$81.75; telephone demands for January, \$214.25; telephone demands for December, \$75.75; care of police station call box for seven months, \$210. The committee recommended increase in the police force.

A resolution was adopted appointing E. D. Namohala county officer and assistant to the clerk of the Board of Supervisors, at a salary of \$40 a month, conditional on his being commissioned by the sheriff as a police officer.

A resolution fixing mileage distances was introduced and referred to the finance committee for correction. Ordinance No. 16, ordering the construction of sidewalks in different parts of the county was introduced by Fernandez, and passed, all voting "aye" but Makuakane. Motion was made by Shipman that ordinance be published in the official paper; carried.

A bill for \$2.50 for the services of E. A. Namohala, as clerk to the police committee, was ordered paid.

The charges against Deputy Sheriff Keliikoa were read, and in accordance with the ordinance covering the case was placed in the hands of the county attorney.

On motion of Fernandez the Board went into a committee of the whole to consider request of Sheriff Keolanui for more police officers. Mr. Fernandez was called to the chair and stated the business to be considered. Mr. Desha expressed doubt as to the necessity for the additional number of police asked for, said that the Board of Trade asked for only one new officer and that the number had been recently reduced on the petition of citizens. Deputy Sheriff Fetter was called before the committee and stated that the department needed more men; that on occasions it was not possible to carry on the business of the office properly for want of officers. He stated that the office was handicapped also by having no funds for doing secret work. The sheriff addressed the committee to the same effect. Makuakane approved of the request as far as an officer for Papaikou was concerned, but opposed other new appointments. Shipman favored the motion, under protest.

On motion, the committee rose and reported in favor of granting the request, and the Board ratified its action, Makuakane voting "no." The additional officers asked for are as follows: S. Hilo district, one mounted police, one hack officer; two officers for Waiakea; one officer for Papaikou; one officer for Mountain View; one officer for Kapoho and Pohoiki, one officer for Honouapo; one officer for Napoo-poo, one officer for Keokea and Kilaue, S. Kona; one officer for Kainaliu, N. Kona; one officer for Halawa, N. Kohala; one officer for Honokaa.

On motion of Fernandez the salary of mounted police was made \$70 per month; salary of the officer at Papaikou, \$40; and the salary of the hack officer was not allowed.

Board adjourned till 8 a. m. Friday.

FRIDAY'S PROCEEDINGS.

Meeting called to order by Vice-Chairman Woods at 8 o'clock. Roll was called, all present but Moir. Minutes were read and approved.

Shipman moved that an order be drawn for expenses, as follows: \$9 to pay for transportation of insane person from Kohala to Honolulu; \$30 to pay for mileage ticket on Hilo Railroad, for use of officers and in transportation of witnesses and prisoners. Passed unanimously.

Desha moved reconsideration of

financial committee report, which was carried, and on motion of Fernandez, it was amended by adding the item, that supplies for South Hilo district be purchased under bids to furnish such goods as are used in quantity; to be furnished as required from month to month.

A communication from J. W. Pendergrees, of Kailua, was read, notifying the Board of his withdrawal from the bond of J. W. Kiliikoa, deputy sheriff. On motion, the deputy sheriff was ordered notified of the fact, and that a new bond must be filed by the time of next Board meeting.

County Attorney Williams in a communication called attention to the fact that Deputy County Attorney Aluli had advanced money from his personal funds to pay for transportation of an insane person to Honolulu, and recommended that a fund be appropriated on which to draw for the transportation of parties to asylum, reform school or prison, so as to facilitate the working of the courts. Shipman moved to place on file till next session. Fernandez favored approving the recommendation. Desha was opposed to the proposition as being liable to abuse in the use of funds. He said he had taken oath to guard the expenditure of the public moneys and that he was anxious to make a good record during his term in office. Shipman maintained that it was contrary to a rule of the board and was a wrong business principle. Mr. Fernandez thought it wrong that county officials should put up their money for county bills; and, if such prisoners were kept in jail to wait for a Board meeting, that it was an unnecessary expense, and moved that \$50 be appropriated for the month for use in taking the insane and incorrigible to Honolulu.

Kalawaa seconded, on grounds that the appropriation was for a specific purpose and could not be abused. Motion was carried, Shipman and Desha voting "no." A motion was carried that the auditor should issue warrants for these purposes on demand of the county attorney.

The report of the finance committee was adopted.

The report of the committee on internal improvements approved bills of Lewers & Cooke for \$19.70 and of E. Fuhr for \$10.25, and recommended that a communication from J. G. Serrao be referred to the committee of the whole. Report adopted.

Shipman, as special committee to inquire into the matter of expenditure of balance in Hamakua road fund, was granted further time.

The special committee to examine the new bond of the county treasurer approved of the same, and report was adopted.

Shipman introduced a resolution that the sum of \$25,000 be appropriated from the General Fund to the credit of the Road Fund of the various districts, in accordance with the table of percentages now in force. Carried unanimously.

Under this resolution N. Hilo road district receives \$1250; S. Hilo, \$9500; Puna, \$3750; Kau, \$2500; S. Kona, \$500; N. Kona, \$750; S. Kohala, \$750; N. Kohala, \$1500; Hamakua, \$4500.

In reference to the matter of the purchase of the Serrao block by the county, Mr. Fernandez expressed his wish that the county might possess a building; that it was very desirable that it have a building for its use and under its exclusive control. He moved that action on the matter be deferred till next meeting, which was carried.

Board adjourned for the session.

A Jamaican Lady Speaks Highly of Chamberlain's Cough Remedy.

Mrs. Michael Hart, wife of the superintendent of Cart Service at Kingston, Jamaica, West Indies, says that she has for some years used Chamberlain's Cough Remedy for coughs, croup and whooping cough and has found it very beneficial. She has implicit confidence in it and would not be without a bottle in her home. For sale by Hilo Drug Co.

When your vitality is low, you are miserable all the time. You are languid and depressed, your nerves are weak, and your appetite is poor. Read what

Ayer's Sarsaparilla

did for the invalid daughter of a grateful mother:

"My daughter had for a long time been troubled with violent headaches and sleeplessness. She was pale, had no appetite, and was losing flesh rapidly. She tried various remedies, but received no benefit until she commenced using Ayer's Sarsaparilla. After taking half a bottle she began to feel better. By a continued use of this medicine her appetite returned, her cheeks began to fill out and show color, she gained in strength, her headaches disappeared, she slept better, and now says she feels like a new person."

There are many imitations Sarsaparillas.
