## Notice of Intention to Foreclose and of Sale by Mortgagee.

Notice is hereby given that by virtue of a power of sale contained in that certain indenture of mortgage dated the 13th day of November, A. D. 1903, made by and between Holi, mortgagee, of Papaikou, Island of Hawaii, Territory of Hawaii, and M. R. Cadilha, mortgagee, of Honoumuli, Island and Territory of Hawaii, which said mortgage was duly executed and delivered by the said Holi, on the date aforesaid, and which mortgage was recorded in the Register Office of Conveyances at Honolulu, Oahu, T. H., on the 14th day of December, A. D. 1903, in Liber 256 on pages 164 to 166, the description whereof is as follows: That certain five (5) acres of land situate at Kalaooa, Island and Territory of Hawaii, being and lying between the Government road and the sea. Being more particularly described in a deed executed on the 6th day of June, A. D. 1888, from Keoho and Nalua to the said Holi, and recorded at Honolulu, in book 68, pages 232 and 233. The above five (5) acres being the remainder of the twelve and one-half (12 1/2) acres described in the aforesaid deed, five acres being sold to Holi, Jr., and two acres to Bila Waialea, which sales and deeds are duly recorded at Honolulu.

The aforesaid M. R. Cadilha, mortgagee, intends to foreclose said mortgage, for breach of conditions therein contained, to-wit, non-payment of interest when due.

Notice is hereby also given that by virtue of a power of sale in the aforesaid mortgage as heretofore mentioned, the above-mentioned property, together with all the improvements and appurtenances thereon and thereto contained, will be sold at public auction at the maaka door of the Court House in Hilo, on the 23rd day of June, A. D. 1906, at 12 o'clock noon of the day, by A. S. LeBaron Gurney, auctioneer.

Terms Cash, United States Gold Coin. Deed at the expense of purchaser.  
M. R. CADILHA, Mortgagee.  
By J. S. FERRY.  
Dated, Hilo, H. T., May 24th, 1906.  
For further particulars apply to

# PRESIDENT ADVISES ON IMMIGRATION QUESTION

Honolulu, June 6.—A cablegram was received from E. R. Stackable, the special representative of the board, from Washington. This cablegram, dated at Washington was as follows: "Roosevelt Sargent support; goes the limit. Roosevelt recommends Italians."

This it understood to mean that both President Roosevelt and Commissioner General Sargent support the plans of the Board to bring white settlers here, and that each goes the limit in this support. Roosevelt apparently recommends that the Board seek first to secure Italians. The original plans of the Board were to seek first to secure Portuguese from the Azores and Madeira, as already there are many Portuguese from these islands here, and they have proved themselves excellent citizens and workers. Failing in securing as many as are desired of this class it was the intention of the Board to seek settlers from among the peasant class of northern Italy.

### California Editors.

Honolulu, June 8.—The Editorial Association of Southern California is to come to Honolulu on September 1. The Southern California Editorial Association has a membership of 175. The number in the party is limited to 60 people. Secretary Woods stated this morning that he will push the work of getting ready to entertain them ahead rapidly so that there will be no slip.

### Distillery in South Kona.

Honolulu, June 8.—Plans are on foot to establish a distillery in Vanila Valley, South Kona, Hawaii, for the purpose of distilling the native liquor known as okolehao from the roots of the ti plant. The head of the concern which is to handle the project is E. H. Edwards, who has been interested in a vanilla plantation on Hawaii. It is reported that the company will be incorporated for \$10,000, and will not only distill the liquor for local consumption, but will place it on the market on the mainland. The distillery will be located on a plantation on which the ti plant will be cultivated. The machinery for the new plant is being made by the Honolulu Iron Works and will be forwarded to Hawaii soon.

The promoters of the new concern intend to ship the liquor to Honolulu in barrels and when it arrives here it will be bottled, labeled and placed on the market by Peacock & Co. It is said that the Inter-Island Steam Navigation Company have given the promoters a special low rate on the liquor before it is bottled as they will also get the freight on the bottled goods when it is shipped back to Hawaii and to the other islands for consumption.

### Automobile Mail Transportation.

Honolulu, June 6.—Geo. W. Carr, Assistant Superintendent Railway Mail Service, visited Kauai last week. "The contracts for carrying the mails over the two Kauai mail routes," said Mr. Carr, "have now been awarded for the next four-year-period. John Nevin of Hanapepe has secured the contract for the route Lihue-Kekaha, and Joseph I the one to Hanalei. The former I understand to be considering a plan to work it with automobile, which ought to be a good idea, where there are good roads."

### Electric Power on Kauai.

Honolulu, June 6.—The great Wainiha power plant on the Island of Kauai will be ready to open on or about July 1. The new plant will furnish power for the MacBryde Plantation at Elele.  
The power with which the electricity is to be generated is to be brought through three and a half miles of tunnels and two miles of ditches. There is a fall of 565 feet before the water reaches the power house and this will furnish enough power to easily run the mill. The thirty miles of poles have been set and the wires strung.

### Supplies Sent by Enterprise.

Honolulu, June 5.—Honolulu is supplying San Francisco with some of its building materials. By the S. S. Enterprise the firm of T. H. Davies & Co., shipped 50 tons of corrugated iron to their branch house in San Francisco. The branch office cabled to the local firm for that amount of corrugated material, as it has been sold to buyers in San Francisco for the purpose evidently of erecting some temporary structures in the wholesale district of the city. The value of the shipment was \$5000.

### Lieut. Slattery Goes to Coast.

Honolulu, June 5.—Lieut. J. R. Slattery is to leave for the coast on June 10. He goes to take examination on fortification matters there which the United States government requires of experts on such matters at stated times.  
To take the examination is the principal reason for the visit of Lieut. Slattery to the coast but while he is there he will report to Colonel Heuer on the locations chosen by Major General Story a few days ago for the coast defences at Pearl Harbor.

### Afraid of Nuuanu Dam.

Honolulu, June 5.—A revival of misgivings about the safety of the big reservoir dam in Nuuanu Valley has been the cause of protests to the governor, and a commission will probably be appointed to examine and report upon the dam. There is to be a very big body of water held back by this dam and the nervous ones have visions of a terrible disaster if it should break.  
Superintendent Holloway says he thinks the dam is a safe one and also says that he has no objection to a commission making a thorough examination. Engineer Paterson has expressed the opinion that the dam is unsafe, and this is enough to add greatly to the worry. The water will be sixty-five feet deep at the dam, and it would make a regular Johnstown flood if it broke loose.

### First Concert on Mainland.

Berkeley, May 29.—With all the witchery of the South seas in the rhythm of the music the Royal Hawaiian band played before an audience of 2000 in the Greek Theater this afternoon. The hour for the concert had been announced as 3:30 o'clock, but the musicians failed to appear until over an hour later owing to unavoidable delay in landing from the Korea.  
The band music was of that peculiar, dreamy variety so characteristic of the Hawaiian race. Miss Lei Lehua sang to an audience that scarcely breathed as it listened to the liquid words of the native songs.

### Alcohol Bill Signed.

Washington, June 8.—The bill authorizing the manufacture of denatured alcohol for use in the arts without the payment of internal revenue tax, was today signed by the president.

### Fire Damages Louisiana Capitol.

Baton Rouge, La., June 8.—The state capitol building was damaged by fire today to the extent of \$100,000.

### Tornadoes in the East.

St. Paul, Minnesota, June 8.—Six persons have been killed and many injured and much property damage has been done by tornadoes which swept Minnesota and Wisconsin last night.

### Destroyed by Hurricane.

Goessel, Kansas, June 7.—This town was today destroyed by a hurricane. Eighty people were injured.

### Hurts Their Business.

Kansas City, Mo., June 7.—The meat packers estimate that their business will suffer a loss of at least one hundred and fifty millions of dollars as a result of the Roosevelt crusade.

### After Government Endorsement.

San Francisco, June 7.—A special committee from this city has gone to Washington for the purpose of trying to secure congressional endorsement of bonds to be issued by the city of San Francisco.

### Oceanic Abrogates Agreement.

San Francisco, June 7.—The Oceanic S. S. Company has given its employees a month's notice of its intention to abrogate the wage agreement that has prevailed for some time between the company and its employees.

### Bryan's Return.

New York, June 7.—Governor Hock of Kansas has been appointed to preside at the reception to be tendered to William Jennings Bryan on his return to America, from Europe.

Hot Springs, Arkansas, June 7.—The Democratic State Convention has endorsed William Jennings Bryan for the Presidency.

Yorktown, South Dakota, June 7.—The State convention has endorsed Bryan.

Indianapolis, Ind., June 7.—The Democratic State Convention today endorsed William Jennings Bryan.

### The Water Front Strike.

San Francisco, June 6.—The Water Front Federation is now locked out as the result of the sailors' strike, and the loading of vessels has been stopped.

### Movements of the Yachts.

San Diego, June 6.—The yacht Anemone, which is to enter the trans-Pacific race, has sailed to San Pedro preparatory to the start of the race. She is the yacht which made the trip around the Horn from New York.

San Francisco, June 7.—The yacht LaPaloma, which is to represent the Hawaiian Islands in the approaching trans-Pacific yacht race, departed today for San Pedro, from where the race is to start June 11.

### St. Joseph's School Exercises.

The exercises of the sixth annual commencement at St. Joseph's School for Girls will occur at 2 p. m. on Saturday, June 16, with the following program:  
Music—King Carnival.....Deshayes  
Misses Julia Campbell, Rose Helbush, T. McRae.  
Opening Chorus—Weigand.....School  
Where Did All My Playthings Go?.....Our Minims  
Music—Over Field and Forest.....Vogel  
Misses T. McRae, F. Campbell, L. Erickson, M. Ah Hip.  
Dialogue.....The Discontented Sisters  
Arabella Van Haughty (A pair of).....Miss J. DeCosta

Dinah Goldenrod (A pair of).....Miss V. Freitas  
Bridget Murphy (A pair of).....Miss M. Cabrinha  
Music—Minuet from Symphony in E flat.....Mozart  
Misses J. Campbell, T. McRae.

Dolly Drill.....Primary Class  
Dialogue—On a Strike.....Mercedes  
Blanche, Chairman.....Miss Jennie Gaspar  
Stella, her sister.....Miss Dolly Gertz  
Maggie, a fat little girl.....Miss Ida DeMello  
Maggie, the girl with one idea.....Miss Vir. Silva  
Selena, the tallest girl.....Miss Ivy Borden  
Isabel, the satisfied girl.....Miss Elvira Borden  
Baby Frankie.....Miss M. Pa  
Collection for the Benefit of the School.  
Music.....Yellow Jonquils  
Misses T. McRae, F. Edmonds, L. Aiona, M. Ah Hip.  
Six Wee Rain.....Our Minims  
National Airs  
Misses T. McRae, T. and J. Campbell, L. Aiona, M. Ah Hip.  
Cantata—The Little Gypsy.....Geibel  
Daisy Glenn, a gypsy girl.....R. Helbush  
Florence Earle } School Girls } J. Campbell  
Kate Bloomer } } T. McRae  
Myrah, a Gypsy.....M. Ah Hip  
Mollie.....M. Thomas  
Sallie.....V. Horner  
Duet—Fairy Flowers.....Misses A. and D. Gertz  
Song—I'm Ashamed to Look My Dolly in the Eyes.....Miss F. Campbell  
Recitation—Till Next September.....Primary Class  
Music—Hilarity March, Mero.....Misses C. and D. Gertz  
Columbia's Glory—Medley of American Airs.  
Music—June Bugs' Dance, Holt.....Misses Helbush, McRae and Campbell  
Farewell Song, K. Merz.....School  
Up-to-Date March, Geibel.....Misses J. Campbell, T. McRae

The Hilo Tribune.

TUESDAY - JUNE 12, 1906

Printed at the Postoffice at Hilo, Hawaii, as second-class matter. PUBLISHED EVERY TUESDAY. J. WHEELOCK MARSH - Editor D. W. MARSH - Business Manager.

THE logging of the koa forests is to be conducted, we are informed, along the most improved lines laid down by the new science of Forestry. But for this fact we of this island might view with alarm the entrance of the saw mill into our forests. The effects of timber growth upon rain fall, and more especially upon the flow of rivers, is now well understood. The growth of timber with its undergrowth conserves the moisture that feeds our streams, regulating and making more constant their flow. Our timber belt above removed, and our numerous streams would cease to be as they are. The whole timber belt could be made to yield a great amount of valuable timber, however, without material damage if logged according to approved forestry methods.

THE Social Science Club of Honolulu is enjoying the blessed privilege of every American citizen, viz: that of free discussion. It is their inalienable right to devote whatever time there may be to spare, after attending to troubles at home, in this manner. The right of free discussion is not to be denied, and its exercise will not be objected to so long as it is fair and ends in discussion. Any assumption of infallibility or undue exercise of authority or personal influence, Hilo people will be likely to take exceptions to, however.

THE closing of another year of work is signalized this week by appropriate exercises in each of the schools. The educational needs of the city are well met. The territorial schools, Hilo Boarding school and Catholic schools, each in its own field, is doing its work well. The High school has been somewhat hampered during this its first year by inadequate quarters, a defect being remedied by the construction of a fine new building. The work of the Hilo Boarding school can hardly be too highly commended. The very first and original industrial training school, the idea of its founder has been seized upon, and schools of the kind are now found everywhere and the usefulness of the school of this character is proved. Hilo's schools and institutions of mental and manual training are objects of local and territorial pride.

The Band Benefit.

The benefit given at the Armory on Thursday night by the band for Chas. Caceres was fairly well patronized. The proceeds were upwards of \$60, and as expenses were light, about \$50 was netted. The band furnished a number on the program, and between the dances Mr. Caceres played piano selections. His execution is brilliant, and playing surprising when the disadvantages under which he labors are considered, in being compelled, on account of imperfect vision, to learn the music by reading raised musical characters.

Volcano Tourists.

A small party of tourists arrived by the Kinaw Wednesday and went to the Volcano Tuesday. The members of the party remained at the Volcano several days, some planning to return via Hilo and others by the steamer Mauna Loa. The following compose the party: Mr. and Mrs. C. W. Chillman, Wellington, N. Z.; Miss A. Brooks, Honolulu; Dr. E. H. Schultz, Bremen; Mr. and Mrs. E. Williams, San Jose, Cal.; Mrs. L. Spencer, Honolulu; Eugene J. Swan, San Francisco; F. B. Whitin, Honolulu; Joseph Phelps and wife and Miss Phelps, London.

Official Inactivity.

The incorporation papers of the Hilo Pineapple Co. sent to the Registrar of Public Accounts two months ago still repose peacefully in the office of some territorial official. Secretary Vicars made inquiry two weeks ago as to why they had not been returned and received the reply that they were in the hands of the Attorney General. Whether or not they were held up for some reason is not known. This does seem a little slow even for Honolulu.

Born.

BEERS—On Friday, June 8, 1906, to the wife of W. H. Beers, a son.

KOHALA DITCH OPENING

Moving Pictures of Event For Promotion Use.

Eben P. Low has seen A. Cartley of the Hawaii Promotion Committee and impressed him favorably with a plea for allowing the Edison moving picture man to go to the Kohala ditch opening. Besides a view of the ceremony of turning on the water, the Kohala people would arrange for views of cow-ropping, pa-u riding and the shipping of cattle on board a steamer. There is to be a drive and shipment of cattle a day or so after the ditch opening.

No question would there be about sending the picture man to Kohala but for the fact that the Hawaii Promotion Committee had planned to have him take the pa-u parade in Honolulu on the 11th. Mr. Low has, however, seen the leader of the pa-u ladies and been assured by her that special parade for the picture would be given, without asking pay, on some other day.

The Kohala management has chartered the steamer Kinaw to leave Honolulu at 8 o'clock on Saturday evening for Mahukona. Excursionists from Honolulu who can not wait for the grand ball at Kohala on Monday night may return in the steamer Mauna Loa, leaving Mahukona at midnight.

Mr. Low is eager to have the picture man at Kohala. He argues that it is not every year that a great ditch is opened, while a pa-u cavalcade can be arranged for almost any day.

Waiakea Social Settlement.

In a recent report made by Miss Erbeck, regarding the work of the Waiakea Social Settlement the following interesting items were given:

Since May 1 there have been four hundred and twenty-nine cases treated at the dispensary, a large percentage being cases of sores, cuts, bruises and inflamed eyes.

Miss Erbeck's house to house visits have averaged sixteen per week.

The weaving class now numbers seventeen and the sewing class nineteen.

The average attendance at the mothers' meetings is twenty-six.

Thirteen attend the evening singing class and fourteen the afternoon class for children.

The Sunday School is very well attended, the average being seventy-two.

The Christian Endeavor Society has now thirty-seven active members, and seven associate members. The Junior society numbers twenty-six.

Miss Erbeck states also that there is a strong desire to obtain a better knowledge of English and to improve along various lines—all of which is certainly encouraging. The awakening of desire for better moral, intellectual and physical conditions in that community is a decided step toward better things for Waiakea.

Closing Exercises.

The closing exercises of the several departments of the Hilo Union School will be as follows:

Riverside primary, Thursday, June 14, at 10:30 a. m.

Main school (including English primary) June 14, at 1:00 p. m.

Waiakea, Kal primary, Friday, June 15, at 10:30 a. m.

Thursday, June 14, being Flag Day, the exercises held on that day will be largely patriotic in character.

Friends and patrons of the school are invited to attend. The schools will not close until Friday, June 15, although the exercises will occupy parts of the two days.

Kinaw Departures, June 9th.

J. Phelps and wife, Miss Phelps, S. K. Pua, Rev. Fenton-Smith, C. Koy, Mrs. Geo. Lockington H. L. Wandachneider, Mrs. G. P. Tullock, Mrs. J. L. Richardson, Geo. S. Curry, G. H. Williams, G. Richardson, Mrs. G. L. Desha, S. L. Desha, J. H. Pullar, Theo. Wolf, Mrs. Madden and two children.

High School Class Exercises.

The last regular instruction for this year at the High school will be Thursday forenoon, June 14, between the hours of nine and twelve. An effort will be made by the teachers to illustrate briefly the work of the year. All who are interested in seeing this work and judging of its nature are invited to be present.

APPLICATIONS NOT ACCEPTED.

Land Associations May Not Tie Up Lands For Future.

"The Hilo settlement associations will all be turned down," said Land Commissioner Pratt yesterday. "We do not propose to bind the government in advance to give lands that are still under lease to any particular persons. In other words, we do not propose to tie the hands of the government."

This is one of the matters that Commissioner Pratt went over with Governor Carter yesterday and the settlement associations are the later ones. The conclusion reached was what might have been anticipated. It seems indeed, that there has been a kind of settlement association mill started in Hilo and around there since the success that was achieved by the Osorio and other associations in having lands assigned to them. How much of this settlement business is bona fide, and how much of it is for somebody's profit, is a matter that is yet to be determined. The government, at the events, will not consent to tie up at this time lands that are still under leases, some of which will not expire during the life of the present government.

The lands, at all events, are paying good revenues now. Whether it would be wise to deprive their present holders of the chance at them in the future, and promise to turn them over to a new set of masters is a debatable point. There may be other citizens besides the members of the present settlement association moreover, who will want a chance at the holdings when the leases expire, and those citizens have just good right, or would have, as the association members.

There are a number of applications for lands in the hands of the Land Commissioner, among them being that of Waiaina Association, which asks to have set aside for it the lands of Kawainui, now under lease to the Onomea Sugar Company. This association has nine members, all Portuguese, and they ask for 13 1/2 acres each. The present lease expires in 1908.

The members of the Antone de Souza Settlement Association ask for thirty acres each of the 210 acres of land in North Hilo known as Kaupakuea. There are seven members in this company, and the land they want is leased to the Pepekeo Sugar Company. The present lease expires in June, 1906.

The J. M. Kaui Settlement Association wants the Kaui lands, between Papaikou and Onomea, now leased to the Onomea Sugar Company, the lease expiring in 1910. There are sixteen members of this association, seven of them Portuguese, one American and the balance Hawaiians.—Advertiser.

Found Coffee Profitable.

A Portuguese at Kaiwika, who has a half acre of coffee trees, recently sold his season's crop to the Hilo Coffee Mill, receiving \$80 therefor. He was entirely satisfied with the proceeds from this half acre and considered it easy money. He had more land in coffee but took some advice that his experience has shown was poor, and trimmed the remainder down, resulting in their dying. He greatly regrets his mistake in thus trimming down his trees, as those from which he gathered this coffee are the ones he allowed to grow. They have reached the height of fifteen feet or more, are doing well and bear abundantly.

A Handsome Cabinet.

A beautiful piece of cabinet work is being completed at the Hackfeld mill, under the supervision of Mr. James, for Dr. Grace. It is made of solid curly koa throughout even to back and bottoms of drawers, and is in the mission style, with wooden hinges and floor latches, and heavy frame keyed together. The fine work upon it was done by a Japanese cabinet maker, the Orientals being superior to others in patient, painstaking work. The joints are something wonderful for fineness and the whole effect of the piece is striking, for the selected grain of the wood, style, finish and ingenious mechanism.

Base Insultation.

"I see that my friend Editor Burns of the Hawaii Herald has recovered from an attack of malaria. Let's see, where was it that I heard that whiskey and quinine with the accent on the Scotch, were the quickest cure for that malady?"—"Man About Town," in Honolulu Star.

Rubber Trees Flourish.

Jules C. Carvalho has growing near his residence two or three rubber trees of the "sterra" variety that yield rubber of a white color and good quality. They have been trimmed by W. S. Terry and the cuttings, about two hundred in number, sent to the Louissou plantation, where some experimentation in the growth of the tree is being made. The trees have yielded from a recent tapping made at the wrong time and not in the correct manner, about four ounces of the rubber. The trees are several years old and 15 to 20 feet in height. Dr. Clarke, of Honolulu, took about 1500 of the seeds from these trees to Honolulu, and some 500 have been sent to the Louissou ranch.

Died.

Cockett—Mrs Esther Josephine Cockett, born March 5, 1854, at Kaonoulu, Kula, Maui, H. I., daughter of Benjamin H. Sniffin and Kamakanoenoe Nahialau, educated under the care of Mr. and Mrs. Needham at Makawao, Maui; transferred to Honolulu, in care of Miss Ogden. Attended Mannaolu Seminary when Porter Green was principal of that institution. Leaves a husband, a son, a daughter four sisters and six brothers. The daughter, was recently married to the Hon. J. T. De Bolt.—Bulletin.

An Old Maxim Applied to a Modern Remedy.

"Everyone speaks of the feast as he finds it," is a maxim of the Portuguese. Judging by the letters received from people all over the country, praising Chamberlain's Colic, Cholera and Diarrhoea Remedy, it is evident this remedy has been found satisfactory. It is the best known remedy for diarrhoea, and no case has yet been reported where it has failed to give relief, and it has been in general use for more than a quarter of a century. For sale by Hilo Drug Co.

LEGAL NOTICES.

United States of America, Territory of Hawaii, ss. In the Circuit Court of the Fourth Circuit. AT CHAMBERS—IN PROBATE.

In the matter of the Estate of JOSE DIAS DE SOUZA, deceased.

ORDER OF NOTICE OF HEARING PETITION FOR ADMINISTRATION.

On reading and filing the petition of Alexandrina Jesus de Souza of Ahaialoa, Hamakua, County of Hawaii, Territory of Hawaii, alleging that Jose Dias de Souza, of Ahaialoa, Hamakua, County of Hawaii, Territory of Hawaii, on or about the second day of March, A. D. 1906, leaving property within the jurisdiction of this Court necessary to be administered upon, and praying that letters of administration issue to her.

IT IS ORDERED, that Tuesday, the 17th day of July, A. D. 1906, at 9:00 o'clock a. m., be and hereby is appointed the time for hearing said petition, in the court room of this Court, at Hilo, Hawaii, at which time and place all persons interested may appear and show cause, if any they have, why said petition should not be granted.

IT IS FURTHER ORDERED, that notice of this order be published three successive weeks in the Hilo Tribune, in Hilo, Hawaii, T. H.

Dated Hilo, Hawaii, June 5, 1906.

CHARLES F. PARSONS, Circuit Judge. Attest: A. S. LE BARON GURNEY, Clerk of the Circuit Court of the Fourth Circuit. M. F. FURTADO, Attorney for Petitioner.

BY AUTHORITY.

COUNTY OF HAWAII

TERRITORY OF HAWAII.

ORDINANCE NO. 18.

REGULATING HUNTING WITH GUNS OR FIREARMS AND REQUIRING A PERMIT THEREFOR.

SECTION 1. No person shall hunt with guns or firearms of any kind in the County of Hawaii without first obtaining from the Sheriff of the County of Hawaii a permit so to do.

SECTION 2. The Sheriff of the County of Hawaii shall cause books to be printed containing such permit, duly numbered, a record of which shall be kept by him, and which said permit shall contain: (a) The name, age, nationality and residence of the person to whom such permit may be issued.

(b) If the applicant is a minor, the name and residence of the father or guardian of such minor; provided, however, that no permit shall be issued to any minor unless the consent, in writing, of the father or guardian of such minor shall first be presented to the Sheriff.

SECTION 3. Any person who shall violate any of the terms of this Ordinance shall be fined not less than Five Dollars (\$5) nor more than One Hundred Dollars (\$100).

JOHN T. MOIR, Chairman of the Board of Supervisors, Territory of Hawaii, ss. County of Hawaii, ss. I hereby certify that the foregoing

Ordinance was regularly considered at a meeting of the Board of Supervisors of the County of Hawaii, held at the County Seat upon the 7th day of June, A. D. 1906, and upon being put to vote said Ordinance was adopted.

IN WITNESS WHEREOF I have hereunto set my hand and affixed the seal of the County of Hawaii upon this 7th day of June, A. D. 1906.

[Seal] SAMUEL K. PUA, Clerk of the County of Hawaii.

BIDS WANTED.

Under authority conferred upon the undersigned by the Board of Supervisors of the County of Hawaii, Territory of Hawaii, on the 7th day of June, 1906, at a regular meeting of said Board, bids are called for on one ten-ton steam road roller. Bids on the same with alternative estimates on delivery at Hilo, Honolulu or Mahukona will be received by the undersigned up to the hour of 12 o'clock, noon, of the 26th day of June, 1906, at the office of the said Board of Supervisors, Peacock Block, Hilo, Hawaii. Right is reserved to reject any or all bids.

J. T. MOIR, Chairman Board of Supervisors, Hilo, Hawaii, June 7, 1906.

Boundary Notice.

An application for settlement of the boundaries of the land called Hienaloli 1st, in the District of North Kona, County of Hawaii, Territory of Hawaii, having been filed with the Commissioner of Boundaries for the Third and Fourth Circuits, Territory of Hawaii, by J. W. Pratt, Commissioner of Public Lands.

Notice is hereby given to said Commissioner of Public Lands for the Territory of Hawaii, the owner of said land, and also to the owners of the lands adjoining, namely, Hawaii Land Company, Ltd., for Grant 3148, Honouaia; Mrs. H. N. Greenwell, for Grant 3100, Honouaia, Thomas Aiu, for Land Com. Award 7716, Hienaloli 2d, Jno. de Costa Amarin, Land Com. Award 7716, Hienaloli 2d., American Board of Missions for L. C. A. 387, Hienaloli 1st, that said application and the testimony offered will be heard at the office of the Commissioner of Boundaries, at Hilo, Hawaii, on Thursday the 12th day of July, A. D. 1906, at 9 a. m. Hilo, Hawaii, June 7, 1906.

F. S. LYMAN, Commissioner of Boundaries 3d and 4th Circuits, T. H. 33-3

San Francisco, June 5.—There are 42,000 refugees still in camp in San Francisco, and 10,244 in Alameda.

Topeka, Kansas, June 5.—Governor Hock has appointed Foster Coburn, Secretary of the State Department of Agriculture, to succeed Burton in the United States Senate.

Washington, D. C., June 4.—Senator Burton of Kansas has resigned. He was under conviction and sentence for fraud and a resolution had been introduced calling for his removal as a senator if he did not resign.

Honolulu, June 4.—Loaded with 270 tons of guano the steamer Iwalani arrived this morning from Midway and Laysan islands. The Iwalani went to Midway islands under charter for the cable Company, taking supplies for the office there, and also a few passengers.

The trip of the Iwalani was without unusual event. The weather was good during the entire round trip. She left Midway island May 12 and departed from Laysan island the 31st.

Washington, D. C., June 4.—Senator Joseph R. Burton of Kansas has resigned his seat. Senator Burton was convicted in the United States Court of accepting bribes. He appealed to the Supreme Court and lost his appeal. Recently the Senate passed a resolution calling for an investigation of the proper action to be taken in his case, as Burton persisted in retaining his seat notwithstanding his conviction.

Stuebenville, O., June 4.—A conflict took place here today between striking coal miners and guards. Many shots were exchanged and four men were wounded.

Madrid, June 3.—Manuel Morales, the leading bomb throwing suspect with relation to the assault upon the royal wedding procession, killed a guard who was attempting his arrest in a country town. The suspected assassin then committed suicide by shooting. His body was identified as that of the occupant of the house from which the bomb was thrown.

London, June 3.—It is expected that Parliament will enact rigorous laws against anarchists.

Washington, June 2.—The House and Senate conferees have reached an agreement upon the railway rate bill, and also upon the statehood bill.

Madrid, June 2.—King Alfonso XIII, and his bride attended a bullfight yesterday, their public appearance being for the purpose of allaying excitement. The festival appearance of the city has been resumed.

New York, June 2.—The story of the marriage of Emma Spreckels Watson is denied. It was reported in the Saturday afternoon cables that Mrs. Watson had been married to Mr. Ferris, an Englishman to whom it was announced she was engaged.

Providence, R. I., June 3.—Eleven have been killed and twenty hurt by the overturning of an electric car in this city.

**Submarine Volcanic Activity.**  
The shore lines of French Frigate Shoal and Laysan Island and evidently all the others in the chain of reefs and islands lying to the westward of Nihoa are covered with vast quantities of pumice stone. News of this strange condition was brought by the little schooner Lavinia which arrived from her trip to Laysan Island and French Frigate Shoal.

The pumice is indication of some every big volcanic activity, possibly of a submarine character. But the pumice was evidently not thrown up by the same volcanic action or "fault" that caused the destruction in California on April 18. It is believed to have been thrown up during the Formosan earthquake which occurred earlier than the California tremor.

The pumice has evidently floated eastward and northward from the region of the island of Formosa and was swept on the Laysan and French Frigate Shoal by the Aleutian current on March 25.

**PROMOTION CATECHISM**

A Few Important Facts Quite Plainly Stated.

Where is Honolulu? On the island of Oahu, Territory of Hawaii.

Did that island come up in a night? No. It took about 100,000 years for it to rise from the bottom of the sea and then 4000 feet above the surface. That's what geologists say.

What is it made of? Lava rock and coral.

You have volcanoes then? We have some extinct ones—some that died out longer ago than those among which Edinburgh is built. A matter of a million years or so.

Where is the active cone of Kilauea we here about? Oh, that is on another island, as far from Oahu as Washington is from New York and with two other islands between. Is Kilauea dangerous? No, it is the safety valve for the whole group, freeing all gases as fast as they accumulate.

How about the climate of Oahu? Well, it's the California climate perfected, So David Starr Jordan, president of Stanford University, says.

But aren't the tropics too hot for comfort? Some tropics are; not trade wind tropics.

Where are trade-wind tropics? Places between Cancer and Capricorn where a cool sea wind blows the year around and tempers the heat of the sun.

Can you get all civilized comforts in Honolulu? Naturally.

Why Naturally? Because the richest population per capita in the world is bound to have the best of everything.

What do people do in Hawaii? Amuse themselves and make money.

Is Honolulu healthy? Well—rather.

Why is it especially so? Because one lives the year around without ever shutting out the air, and substituting stove heat; because one can bathe in the sea every day in the year; because of an open air, sunshiny life, good food, plenty of diversion and no struggle at all for existence.

What does it cost to live in Hawaii? Not half so much as it is worth.—Advertiser.

**ADDENDA.**

Where in the Islands is the best climate? At a slight elevation above the sea level on Maui and Hawaii. Hilo on Hawaii, has a delightful climate. It is 10 degrees cooler on an average the year around than Honolulu. It receives the ocean breezes by day and, situated at the base of Mauna Kea, the highest in the Pacific ocean, it receives the cool airs from the mountain heights by night.

Is Hilo a pretty city? Yes; by natural site the prettiest in the world. Naples itself has not a prettier bay, more delightful climate and surroundings; nor has it a greater natural wonder in Vesuvius, than Hilo has in Kilauea.

**Russians Discharged and Deported**

Honolulu, June 4.—U. S. Commissioner W. B. Maling late on Saturday afternoon opened a hearing of the cases of the four Russian stowaways from Nagasaki who escaped from the transport Sherman at this port while being returned from the mainland to the port where they stowed away. District Attorney Breckons cut the proceedings short by moving that the men be discharged, which was of course granted, as the United States Attorney was the one who had the say.

All the same the four Russians were, it is believed, deported in the transport Logan. It is said that the officers of this transport had authority to carry out the instructions that the officers of the other transport inadvertently failed to execute. Therefore the deserted stowaways became their quarry wherever they could lay their hands on them between the Pacific Coast and Nagasaki.

Berlin, June 2.—The Kaiser has formally opened the Tenlow canal, connecting Berlin with the sea via the Havel and elbe canals.

### HONOLULU NEWS LETTER.

#### The Bar Association vs. Smith—Saw Mill and Lumber Railroad—Land Applications.

(From the Tribune's Special Correspondent.)

Honolulu, June 5.—The case of the Bar Association vs. Smith has attracted considerable attention here among the members of the bar and not a little among the laity, for the man charged with violating the confidence reposed in him by some of his unfortunate clients is pretty well known here. I was talking to Deputy Attorney General Milverton the other day relative to the charges and he seemed to think the association was making a mountain out of a mole hill.

"The letter was in no sense a private one so that any reference to my having violated the confidence of the writer of it is sheer nonsense," he remarked with considerable feeling. "I was asked by the Governor to inquire of Mr. Smith, who had defended the murderers, if he knew of any extenuating circumstances in the case. His answer contained the information the Governor was after and it seems to me that I would have been placed in a ridiculous position to have told the executive that I had received a letter from counsel but could not divulge the contents. All that was in the letter was known to others. I refer to the statement made by Smith relating to the confession, I did not show it to anyone but the Governor and it was not made public until it was given to the press through the Bar Association. There was a reference to the letter in the newspapers shortly after it was received, but it did not come from me."

"If you will read the resolution presented to the Bar Association you will probably feel that Mr. Smith has been charged, tried, convicted and dismissed from membership in that body," remarked another attorney in speaking of the affair. "It looks to me as though the matter is settled through Mr. Smith will probably have an opportunity to answer if he wants. What will be done when the association is through with the case I do not know; possibly the Supreme Court will take it up on the question of disbarment, somebody must make the move, you know, separately from the higher court. The question of the disbarment now is being seriously considered."

When I suggested that it was rather a harsh measure to adopt with a man who has always been good citizen, a credit to his profession and one who stood high in the community where he had built up a large practice he replied the statement made in the letter to the Government official who had prosecuted was to say the least peculiar. The men are said to have confessed to him that they were guilty. The Government representative states that confessions had been made independently of Smith before he was taken in the case and they were the ones to be used, and which were used at the trial. That being the case, Mr. Smith should have kept the fact of their confessions to him in his own breast; the answer to the query as to extenuating circumstances could have been made without going into the details such as Mr. Smith went into them and, having defended the men, even on an assignment from the court. It was not his place to make public any of the private conversations that had taken place between them."

It seems like a roar just now but if you will allow me a show in the prophecy line I will say that it will not amount to anything and Mr. Smith will acquit himself.

The koa lumber business is settled and operations will begin in a short time, to look over the ground and complete arrangements for getting out the timber. Mr. Shingle has had advice from the coast that are most encouraging and he has practically decided to make San Francisco the point to which the wood in its various forms shall be shipped. The fire has created a demand for sawed lumber and the old adage about the ill wind is borne out

While on Hawaii he will decide as to the method of getting the timber to tidewater, and it seems probable that a temporary railway will be built from twenty-two miles. The parties at the coast want it band-sawed so it will be necessary to install a mill and a band saw at the forest. This all sounds good for Hilo. More good things will follow in time.

J. C. Mocine arrived here on the Manchuria looking well and contented. He saw the ghost of San Francisco and is glad to get back where the sun shines on both sides of the street and where every day is Sunday.

Demosthenes Lycurgus was expected to arrive from Greece on the Manchuria yesterday but failed to reach here owing to detention in San Francisco. He cabled that he would arrive on the next steamer from the coast.

Miss Emily Wery who has been visiting here for a month or more will leave for home on the Kinau Tuesday.

Charlie Hoswell, once of Pepee-keo, who went to the coast before the quake is again in the islands having returned a steamer or two ago.

K. F. Mackie, well known in Hilo, has charge of the books of James F. Morgan the auctioneer. O. A. Steven, another ex-Hiloite, has a responsible position in the same place. Stacker, once of the Herald in Hilo, is looking after the big Jubilee edition of Advertiser that is to be published by that paper on its fiftieth anniversary in July. He told me the other day that of the people advertising in the paper fifty years ago but four survive and still advertise in the paper. I do not think he meant that the advertisement on that date contributed to the demise of the people who have gone but to show that as long as they lived they stuck by the paper. The issue will be out of the ordinary and I suppose Hilo will be in it.

There is a rumor today of a big real estate deal in which the Pacific Heights and all of the property in Paawa valley figures. I do not think the thing is taken seriously though the man behind it is a big gun from New York and is said to have slathers of money behind him. Honolulu is as greedy for such people to come as Hilo but the slip between the cup and the lip is of too frequent occurrence in these days of tight money for us to take such deals seriously. The object of the party is to establish a paper mill and manufacture the paper necessary for the sheets of the island newspapers, the orient, and an occasional ream of brown wrapping. This is in the air; it may be a go and then it may not. We hope it will be and that everyone will get rich in consequence.

Quite a lot of people will go to Kohala on June 11 to be present at the opening of Kohala Ditch. Eben Low goes up on Tuesday to superintend arrangements for the big luau. There will be plenty of meat and drink at the turning on of the stream and it is rumored that all of the drink will not come out of the ditch.

Sporty people are beginning to talk of the races in Hilo on the Fourth and it sounds as though there would be a big crowd go up from here and not a few horses. There is no reason why Hilo should not get the crowd if it makes a try.

The Honolulu merchants are beginning to feel the effects of the San Francisco fire in the non-arrival of the goods ordered by them months ago. One firm here is entirely out of certain staples and its cables in quest of information remain unanswered. The Sonoma brought letters to a dozen of them today and the information was practically the same in each. It seems that between San Francisco and Sacramento there are 10,000 cars loaded with freight for the coast, Hawaii and the Orient and it is impossible to tell where the freight in any particular car is or where the car is to be found on the tracks or sidings. This will give you an idea of conditions and will make

clear to your good people in Hilo just why the storekeepers are not as well supplied today as before the fire.

The death of Louis Marks last Monday night was a shock to the people of this community where he was so well and favorably known. As manager of the McCabe Hamilton Rennie Co. he was known to all of the shipping man coming to this port. He loss is also keenly felt in his company and doubt is expressed of the possibility of securing a competent man to take his place. A successor had not been appointed and will not be until a meeting of the directors is held next week.

Demosthenes Lycurgus arrived yesterday on the Sonoma looking as though the trip to Greece had done him a lot of good. He seems glad to get back and will return to Hawaii next Tuesday on the Kinau.

C. D. Thaanum, secretary of the Herald Publishing Co., was also a passenger on the Sonoma coming from a trip to Denmark, his native land, after spending fourteen years in alien lands. He looks well and may be glad to get back. He says the possibility of adding to his collection of shells was the principal reason for his return. He leaves here on Tuesday for Maui and Molokai where he will spend the next six weeks hunting shells. He looks the picture of health.

The proposed action of the Land Commissioner in turning down the applicants for the land on Hawaii is viewed here variously. To some it appears that the small farmer is not to have the support the people expected and that the large estates will not be divided. What the applicants should under the circumstance would be hard to say, but it does not seem good policy to allow the management of the land system of Hawaii to remain in the hands of a man whose only idea of a point in an argument is to pound his desk with his fist to show the force. Anyone who has ever attempted to converse with him on land business and who has views contrary to his will tell you after the interview that he was expecting every minute to hear him call "Haul in". Pratt would be a good man somewhere else. But the Almighty could not tell where.

Hilo should get busy with its park improvements; a visit to Honolulu by a committee of citizens would give them an idea of how to do the things and incidentally a call on the governor might result in his showing them how they might get money to fix up the much needed places for public utility.

San Francisco, Cal., June 4.—Annie F. Stanford, a niece of the late Senator Stanford, has sued the executors of the estate of the late Jane Stanford for \$108,000. This amount is alleged to be the sum accruing to Asa P. Stanford. She also sues for the restitution of half a million dollars worth of stock alleged to have been fraudulently withheld by Mrs. Stanford.

I. E. Ray has moved his law office to the office adjoining that of Attorney LeBlond, a few doors on Waiuanne Street, maula of his former office.

Cable advice has been received that the bark Amy Turner arrived at San Francisco on May 30, twenty days from Hilo. She will load there for Hilo.

Mr. J. H. Pullar, traveling representative of the Honolulu Iron Works, was in the city during the past week, returning to Honolulu by the Kinau Friday.

Kamehameha Day was universally observed in Hilo. The bank was closed all day and the other business houses during the afternoon, while the postoffice kept legal holiday hours.

Loke, the daughter of Ah Quai, an engineer at Papekou, was married to Ah Kee at the home of the bride's father at Peepeekeo. A number of the prominent persons of the locality was present.

The engagement is announced of Miss Jenevive Venable, formerly of this city, now at her home in Virginia, to Dr. Morton Holladay, of Hampton-Sidney, Va. The wedding will take place on July 5.

Rev. S. L. Desha went to Honolulu by the Kinau Friday. He returns to Lahaina by the Kinau Tuesday, takes part in the closing school exercises of the Lahaina Luna, and returns by the Kinau next week.

Rev. C. E. Shields and wife leave by the Hiloian for the coast and East on their vacation. They expect to visit at Mrs. Shields' former home, Loveland, near Cincinnati, Ohio, and to return about the middle of September.

The Cananea copper mine, in Mexico, where a bloody battle occurred between Mexicans and Americans, is the one where Dr. Galbraith and fugitive Treasurer Wright, formerly of Hawaii, are located.—Advertiser.

The breakwater at Kahului that is being built there is plainly visible from the streets of Waialuku and is now pretty well out into what was before a shoal where the surf broke whenever the water was rough.—Maui News.

Mrs. H. E. Richards and children leave for the coast by the Hiloian, returning from a six month's visit in Hilo with Mr. E. E. Richards. Mrs. Richards is delighted with Hilo and would like to take this country along with her.

The grounds about the Riverside school building have been recently planted with palms of different varieties, bamboos and other shrubbery. The grounds were graded and leveled some time since by the district road supervisor.

At the meeting of the trustees of the Hilo Public Library held last week, the resignation of Miss Hill as Librarian was offered. The position is vacant and applications for the place will be received by Mrs. Severance, president of the association.

Mrs. Geo. Kaihenui was called to Hilo the latter part of the week, from her Kanooulu home at Oloa, on account of the death of her sister, Mrs. Cockett, in Hilo, who was also a sister of Mrs. G. W. A. Hapai, of this city. Mrs. Kaihenui returns Wednesday.

All the Hilo schools close this week for the summer vacation. L. C. Lyman, principal of the Hilo Boarding School, and Miss Lyman and Miss Potter of the same school, and Miss Deyo of the Union school, will leave by the first trip of the Hiloian for San Francisco to spend their twelve weeks' vacation in California.

Miss Amy Hill, who has served the Hilo Library most faithfully during the past year as librarian, leaves soon for San Francisco, going either direct by the Hiloian or by way of Honolulu. She expects to enter Pomona college at Pomona, near Los Angeles, at the beginning of the fall term and to complete the college course.

Floors Renewed.

The flooring and joints of the portion of the first floor of the Peacock block occupied by the First Bank of Hilo having been seriously affected by dry rot, they were torn away by carpenters and replaced with new materials. The rear office was completed first, Saturday afternoon, and Sunday and Monday, the bank being closed, the counters and furniture were removed from the main office and the work of tearing out the old floor and putting in the new completed so that the business of the bank was not seriously interrupted. Ventilation, the preventive of dry rot in wood, is being provided.

Suit lengths at cut prices at Economic. Call and see them.

Mrs. G. W. Lockington returned to Kona by the Kinau Friday.

Mrs. H. G. Junkin, of Mountain View, was a Hilo visitor during the past week.

Dr. J. J. Grace and wife are expected to leave Auckland, N. Z., for Hilo June 14.

Mrs. Harry Richards gave a farewell afternoon tea to a few of her lady friends on Saturday.

The American-Hawaiian steamer American sailed for Philadelphia Friday evening with 8000 tons of sugar.

All persons wishing to secure the services of boys during the summer should leave word at the Hilo Boarding School.

The Geo. W. Perkins, with 100,000 feet of lumber for the Hilo Mercantile Co. is due to arrive soon from Gray's Harbor.

The friends of Co. D. are putting forth their best efforts to secure for it one of prizes in the Auto contest. This is the last week.

J. C. Ridgway left by the last Kinau for Maui and Honolulu. Ralph Balding will act as deputy collector of customs in his absence.

Dr. E. W. Schultz, of Bremen, Germany, a teacher on the German training ship Hergozin, now in Honolulu, is visiting at the Volcano.

Mrs. Jarrett T. Lewis returned Wednesday from Kukanui where she had been on a visit with the family of Albert Horner, the Hamakua farmer.

On July first the First Bank Hilo will open a savings department. Sums of one dollar and upwards will be received and interest paid on savings balances.

A party of school teachers will leave for the Volcano House by the Mauna Loa immediately following the close of the school term.—Advertiser.

If you wish your coffee to bring the highest market prices let the Hilo Coffee Mill clean, classify and place the same on the market for you. Liberal cash advances made on shipments.

The exercises of the sixth annual commencement of St. Joseph's School for Girls will occur at the school building on Saturday, June 16. The public is invited to attend the exercises.

The Hilo Mercantile Co. is building a large two story lumber shed on the Mooheau Park side of their ware-house between Front Street and the railroad switch. It is 40x90 feet in dimensions and is strongly framed.

Joe de Frietas formerly employed by Davies & Co. for nine years, left by the steamer American for Philadelphia, shipping as assistant steward. He goes to attend school and expects to enter a college at Danville, Ind.

The wife of Koohimama Apolo, of Papekou, made complaint to the Sheriff's office Sunday against her husband. The pilikia was a family row in which her husband threw a pair of shears causing an ugly wound in the woman's hand.

The only place in town to purchase a reliable phonograph with all the latest improvements is at E. H. Moses'. He has on hand the largest and best selected stock of records on the island. Any of the six different styles may be purchased on small monthly payments.

T. Clive Davies is expected at Waiakea by this week's Kinau. While in the city he will look over the Davies' & Co's interests, remaining a few days. He will return to Honolulu by way of Mahukona, visiting points en route on the island where his company has interests.

The Railroad employees gave a luau at Waiakea at the home of Elmer Wilson, the conductor on the Hilo-Mountain View run, on Saturday night. The employees and a few invited guests were present. It was one of the most elaborate ever given in Hilo and was much enjoyed.

"Hilo whooped as one man when the Enterprise came in with lemons and limes. It isn't Hilo Enterprise I am speaking of. If there was any of that, the big island would grow all the limes and lemons needed in the Territory." To say nothing of the falsity or otherwise of the former part of the above fanciful flight quoted from the Advertiser, the latter part contains an important suggestion and some food for thought.

A MATTER OF HEALTH

ROYAL BAKING POWDER Absolutely Pure HAS NO SUBSTITUTE

CELEBRATE KAMEHAMEHA DAY.

Road Board's Luau at Coconut Island—Games, Etc.

The men of the road department, 70 in number, gave a luau at Coconut Island at two o'clock Monday afternoon in celebration of the holiday. The supply of provisions and refreshments was abundant; the band was present and there was very much of a good time. During the morning there was a base ball game between the Road Board team and the Peepeekeos. There was also a tug of war, weight throwing and stone breaking contests between the same teams, also a duck catching contest in the water. There were about 150 present of road employees and their guests.

Exercises For The Fourth.

No steps have as yet been taken toward providing patriotic exercises for the Fourth of July. Capt. Fetter proposes at least to have the national salute of twenty-one guns fired in front of the Armory at noon of that day, and to have some music by the band. The hall is partially seated and a stage has been erected for the Santiago play. Given an orator, and arrangements would be about complete for this feature of the day. It is not too late for some citizens to take this matter in hand. Little difficulty should be experienced in completing arrangements and providing some exercises of this kind that would increase the interest of our guests and help fill in the day.

Bridge Whist Club.

The Hilo Bridge Whist and P.P.C. was entertained last Friday night by Mr. J. U. Smith and progressive duplicate Bridge was arranged for three tables. At the finish it was found that Mr. W. T. Balding had won the first prize and Mr. E. D. Baldwin was fined six tricks for making an unofficial "grand coup." In this instance he trumped spades twice and then led the ace of spades. The club members are making a study of the game of Bridge Whist and some good players are developing.

Boarding School Commencement.

The commencement exercises of the Hilo Boarding School will be held in the audience room of the school building at 7:30 p. m., Wednesday, June 13. The following compose the graduating class: Kiyoharu Ansa, Jas. K. Mahakane, Jas. K. Mattoon, Nicolau de Souza, Danie Thomas, Soichi Yamamoto, and special students Oliver Laau and Daniel J. Punihale. The public is invited to attend the exercises.

Hiloian Friday.

The steamer Hiloian will arrive in Hilo Friday, June 15. The date of her sailing from this port for San Francisco has not yet been set, but it will not be before the fore part of the week following. The following are booked for the trip: Mrs. Richards and family, Miss Deyo, Miss Dillon, Rev. Shields and family, Miss Potter, Miss Guard, Miss Ellen Lyman, L. C. Lyman, two Miss Howards, Miss Bessie Beach and Mrs. A. E. Grendall.

Kinau Arrivals, June 6th.

Miss M. Dunn, Miss L. Mackey, Miss Clifate, Master G. Wagner, H. Reinhart, A. Richley, Geo. S. Curry, Miss Dagna Anderson, Rev. E. E. Thwing, J. A. Peters, Wife and Child, F. B. Whitin, Mrs. E. Williams, Mr. E. Williams, C. W. Tilliam and Wife, Miss C. J. Swan, Mrs. L. Spencer, Miss Helen Brook, Josephine Phelps, and Wife, Miss Phelps, Dr. Schultz.

Preparing To Build.

Rev. W. H. Fenton-Smith was in Hilo over the last Kinau trip obtaining figures and estimates on construction of the new St. James church and parsonage. It is understood that the Victor lot at the corner of Waiuanne and Pleasant streets, a very desirable one for the purpose, has been secured.

A Medicine that Will Cure Chronic Diarrhoea.

Chamberlain's Colic Cholera and Diarrhoea Remedy is the most successful medicine in the world for bowel complaints, and is the only remedy that will cure chronic diarrhoea. Every bottle is warranted. For sale by Hilo Drug Co.

Communication.

The writer would like to correct a misprint in the story of the "Elepaio and the Canoe-log" in the June number of Hawaii's Young People. One page 292 near the bottom read "koa woods" instead of kou. Canoes were usually made of koa in early days. H. F. COAN.

Union School Exercises.

The closing exercises for the year of the Hilo Union School will occur in the main building on Thursday, June 14, at 1 p. m. An interesting program of exercises, to be participated in by pupils from the different grades, has been prepared. The public is invited to attend.

Died.

Maria Brown, Daughter of Mr. Ben H. Brown living on Volcano street, died at 5:30 o'clock Sunday afternoon. The funeral services were conducted by Rev. C. E. Shields at 3 p. m. Monday, Mr. Shields being called upon in the absence of Mr. Desha.

ENTERTAINMENT AND DANCE

To Conclude Fourth of July Festivities.

The final attraction of the number Hilo will have to offer in celebrating the Fourth of July will be an entertainment followed by a dance, given by the Hilo Branch of the Hawaiian Women's Club, at the Armory, on the evening of Thursday, July 5. The following program is being prepared for a part of the evening's entertainment: "Summer Fancies," chorus; "The Owl and the Pussy Cat," double quartet by eight little girls prettily attired; "Lei o Hawaii," by eight girls each carrying some flower and representing an island; "Blue Beard's Wives," tableau; "Rest Thee on this Mossy Pillow," chorus; "Ten Virgins," vocal solo; "Pidgie," club song, composed by Sonny Cuhna. Special costumes are being made for the occasion.

Dr. Wayson Hurt In Auto Accident.

Dr. James T. Wayson of Honolulu, sustained numerous painful injuries through the overturning of an automobile he was driving on the polo grounds at Moanalua. He was in a new Franklin runabout recently purchased and, in attempting to mount a slight knoll, inadvertently swerved off the balance and the machine turned a half somersault, landing on top of the Doctor. Dr. Wayson was accompanied by a chauffeur, who jumped when he felt the machine turning. The Doctor was badly cut and bruised on almost all parts of the body except his face. Both wrists were sprained; both knee caps twisted; both ankles and legs bruised and wrenched and both arms painfully hurt. Fortunately none of the injuries are of a nature likely to prove serious. The Doctor is at present suffering considerably.—Bulletin.

Development of Coffee Industry.

The coffee picking season is just beginning in Hamakua, following the Kona season by four or five months. Each district has its own coffee picking season, so that with the growth of the industry coffee pickers could follow the picking season around and find employment most of the time. It is said that over in Kona the picking season is taken into account by the school authorities in considering the question of vacations. The coffee industry is developing in the islands, and with the arrival of the era of good prices that is appearing on the horizon, good money is likely to be made that will give a new impetus to the business; in which case the experience derived from the past few years of coffee culture will be valuable.

First Foreign Church.

Sabbath, June 17, 11 a. m.—"Let us draw near with a true heart in full assurance of faith," Heb. 10:22. The communion of the Lord's Supper will be served in connection with this service. 7:30 p. m., "Who shall abide in thy tabernacle?" Pal. 15:1.

STOP FLIES

This Valuable Solution is a Most Necessary Article where there are

Horses and Cattle

Especially so in this Hawaiian climate where the stock are so annoyed at various seasons by so many pests, such as the dreaded HORN FLY, the HORSE FLY and the HOUSE FLY.

"Stop Flies" is an antiseptic and disinfectant solution and eliminates these pests from the stables, house and from the stock. Horn Flies, Horse Flies, etc., are kept away from the animals by spraying each morning. This insures comfort and ease for the tortured animals.

MEETING OF COUNTY BOARD.

Better Road Making Machinery—Ten Thousand Dollar Damage Suit.

The County Board of Supervisors met for the June session at the Board rooms, Peacock block, on Tuesday morning, June 5. About the usual number of communications, petitions, reports, etc. were received, taken up and referred to proper committees for investigation and report.

FINANCIAL REPORTS.

Tax Assessor Willifong reported the following road taxes received during May:

Table with 2 columns: District Name, Amount. Includes North Hilo District (\$415), South Hilo District (1,974), Puna District (751), Kau District (867), South Kona District (182), North Kona District (271), South Kohala District (1,532), North Kohala District (1,532), Hamakua District (1,022).

Joint reports of the County Auditor and County Treasurer showing receipts and disbursements on account of General Fund and Road Fund, were submitted for the period of November 1, 1905, to January 31, 1906, and from February 1, 1906, to April 30, 1906:

Table with 2 columns: Category, Amount. Includes General Fund (Nov 1, 1905 to Jan 31, 1906: \$36,163.08), Total charged to Treasurer (\$36,163.08), Warrants drawn (31,295.61), Balance (\$4,867.47), etc.

Auditor's balance \$43,178.37
Outstanding warrants 1,623.63
Treasurer's balance 44,802.00

The communication from Dept. of Public Works Holloway, objecting to giving his approval to the proposed change in the mauka line of Front street was, on motion of supervisor Fernandez, referred to the supervisors of the district of Hilo with power to act. James Gibb, of Hamakua, offered for re-location of the road a right of way 40 feet in width through his land in Kai-wiki, Hilo, in exchange for present road 25 feet in width. As opening new roads is in the province of the department of public lands, the matter was left in the hands of the Hilo supervisors.

Supervisor Fernandez, as a special committee to obtain facts and figures on road machinery, reported and considerable discussion followed on the question of the road requirements of the county, character of machinery needed and where it should be placed.

The Board completed the work on Thursday, gotten in shape by the committees on Wednesday. A petition with fifty-seven names attached was presented calling attention to the unsightly and almost impassable condition of streets in Villa Franca addition, particularly street known as "Shipman's Old Road," and Lisbon Street, the chief avenues for the residents of that locality. Petitioners believed it about time streets in that part of town were receiving some attention. The matter was referred to Supervisor Desha.

The report of County Treasurer Lalakea for May was received and ordered placed on file. Report showed in the general fund: balance on hand May 1, \$4,264.46; April appropriation, \$11,000.; amount refunded, \$5.00. Disbursements: transfer to road fund, \$5,000; warrants redeemed, \$7,482.55; balance on hand, \$2,786.91.

In the road fund: balance May 1, \$44,802.; deposits to the credit of the different road districts, \$10,343.85. Disbursements: warrants redeemed, \$11,322.75; balance on hand May 31, \$43,823.10.

Jas. D. Lewis, building inspector, asked for the assistance of a deputy and recommended the appointment of D. S. Bowman for the place. Request was allowed.

The finance committee's re-

por was read and ordered filed. It carried the payment of bills, as follows: Road Districts; S. Hilo, \$6,503.19; N. Hilo, \$788.55; Hamakua, \$1614.33; S. Kohala, \$573.20; N. Kohala, \$817.87; N. Kona, \$447.55; S. Kona, \$188.05; Puna, \$1,244.72; Kau, \$1,350.21. Out of the general fund, bills amounting to \$2,658.62 were audited and recommended paid. A demand of the Henry Waterhouse Trust Co. for \$7.25 was turned down as being a territorial charge; likewise a claim of David D. Baker for \$12, services as deputy sheriff N. Kona, as bring unauthorized. In this amount is the Mooheau Hall indebtedness, \$1,376.24. Ordinance No. 18, regulating hunting, that had been introduced by Supervisor Desha and referred to the finance committee, was reported back with some minor amendments, and passed.

A resolution introduced by Supervisor Desha, and referred to the finance committee, that on or before July 1, 1906 each road supervisor should execute a good and sufficient bond and file the same with the county clerk for approval of the Board of Supervisors, was reported on favorably and adopted.

The police committee reported favorably on claims of the police department amounting to \$203.35. It recommended that the demand contained in the communication from H. Irwin, which had been referred to it be referred to the committee of the whole. This was a claim for salaries as deputy sheriff of four individuals in Hamakua. Appropriation for a police officer for Pahoeheo, S. Kona was approved, and the salaries of two police officers in S. Kona were recommended cut to \$30 each. Report was adopted.

On motion of Supervisor Fernandez, the form of county warrants was changed to read "or order" instead of "or bearer".

At the request of the clerk of the county of Oahu, county clerk Pua was authorized to confer with the aforesaid as to manner of conducting elections, etc.

Supervisor F. Woods, returned to the board a warrant he had received from the auditor's office for last session's mileage, not being entitled to the same on account of absence from the meeting.

The Board went into the committee of the whole to consider various matters, with chairman Moir in the chair. The communication of the commissioner of public lands in reference to the Furneaux application for land in the Volcano road reserve, was taken up. Shipman disapproved of allowing filings in the reserve, as it has been sent apart for road repair and construction purposes and a motion was passed instructing the county clerk to advise the land office and express this as the opinion of the board.

Geo. H. Williams, sub-land-agent, was invited to explain what the land department proposed doing in the way of offering Mokaoku park for filing. Mr. Williams explained that permitting filings to be made would necessitate the opening of new streets through the tract and, also, the widening of the present ones, work that it would devolve upon the county to perform.

The communication of Attorney Irwin was considered and the claims of the parties for pay as deputy sheriff disallowed, Supervisors Desha, Fernandez, Makua-kae and Moir voting "aye;" and Supervisors Kalawaa, Shipman and Woods, "no."

The question of road machinery was discussed at length and it was unanimously recognized as most important. Fernandez thought the county needed two more road rollers and suggested that Hilo district be provided with a large one, and the smaller ones in use at present be transferred. Hamakua needs a roller badly. Mr. Shipman stated that Puna needed a roller very much. Chairman Moir favored buying machinery from time to time along some plan to be decided upon and favored providing the Hilo quarry with a large crusher and transferring the Hilo crusher to some other point. Woods stated

that the Kohala ditch people had a good crusher of large capacity now out of use that would be obtainable. On motion, chairman Moir was authorized to advertise for bids for furnishing a ten-ton steam roller to cost about \$3,550. The committee rose and reported to the above effect by items and the report was adopted.

On motion of Shipman, \$5,000, was ordered transferred from the general fund to the road funds of the various districts, on the table of percentages in effect.

Fernandes rose for information, stating that he had heard the county had been sued.

The chairman stated that such was the case, papers having been served on him asking \$10,000 damages from county on account of damages sustained by the land slide occurring at Onomea gulch about the date of Feb. 4, 1906. County Attorney Williams was called in for an opinion in the matter. The county attorney read the summons served. Kumazo Matsumura, was named as plaintiff and the complaint was signed by Carl S. Smith as attorney. The complaint charges that under the County Act the county may be sued as a natural person, that the county has been legally authorized to have by its agents, general power to open maintain and construct high ways, that the land slide was caused by the act of its agent in turning the water from a flume into the earth, undermining a section and causing the slide that resulted in the destruction of complainant's store, dwelling house, stables and out-houses, together with their contents of the value of \$10,000.

WONDERFUL SWIMMING FEATS. Suggested By Devauchelle's Marvelous Escape From Sharks and Drowning.

"The most remarkable experience of Edward Devauchelle, who reached land after swimming nearly thirty miles and being in the water seventeen hours, recalls many old tales," says the Advertiser. "E. G. Hitchcock, marshal under the republic, was capsized in a boat in that same channel once, and reached shore after he had been in the water 24 hours. It was because of that experience that Hitchcock got the name among the natives of being a great kahuna. They thought he had conquered the sea, perhaps."

"Judge Kalua, Circuit Judge on Maui, was in a boat with his wife in that same vicinity, when the boat was swamped by a heavy sea. The Judge and Mrs. Kalua were in the water for the better part of twenty-four hours, and finally reached the shore of Lanai safely."

"A native, going from Kauai to Niihau in a small boat, was capsized, and reached the small island after having been in the water for more than twenty-four hours. This man, too, landed on the islet from which he swam to Niihau."

"On Sunday, 10th of May, 1840, schooner Keola foundered in Hawaii channel, a considerable distance west of Kohala Point. A Mr. Thompson of Lahaina was drowned but his wife and two young men reached Kahoolawe next day. Mauae of Lahaina, and his wife, Kaluahunenui, swam together, each with an empty bucket for support, until Monday afternoon, when the man's strength failed. His wife then took his arms around her neck, holding them with one hand and swimming with the other, until she found he was dead, when she was obliged to let him go in order to save her own life. After sunset she reached Kahoolawe, having been in the water thirty-six hours."

Do Not Neglect the Children.

At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. This remedy can always be depended upon, and when reduced with water and sweetened is pleasant to take. Sold by Hilo Drug Co.

OUR LUMBER INDUSTRY.

Hawaiian Mahogany Lumber Co. Incorporated.

Articles of incorporation have been filed under the name of the "Hawaiian Mahogany Lumber Co." by Cecil Brown, Bruce Cartwright, R. W. Shingle, A. N. Campbell, E. M. Watson and A. Richley.

The purposes of the corporation are to conduct a general milling, lumber and manufacturing business, run railroads to move its lumber and supplies, operate steamers, acquire property, etc., etc. The capital stock is \$50,000, divided into 2500 \$20 shares, with the privilege to increase to \$500,000. The life of the corporation shall be fifty years.

The directors are, Cecil Brown, Bruce Cartwright, A. N. Campbell, R. W. Shingle, E. M. Watson, Geo. Lycurgus and E. H. Cant. All the shares have been subscribed for and 10 per cent of the capital stock paid in. The shareholders are as follows: Jas. A. Newlands, Jr. of San Francisco, 250 shares; Cecil Brown, 250; Bruce Cartwright 250; E. M. Watson, 125; J. R. Slattery, 25; P. M. Pond, 50; A. N. Campbell, 250; R. W. Shingle, trustee, 250; Geo. Lycurgus, 250; O. T. Shipman, 250; E. H. Cant of Papaikou, 50; A. Richley, of Hilo, 100; H. Vicars, of Hilo, 25; and F. A. Knudsen, of Kekaha, Kauai, 125.

Killed in Auto Accident.

Honolulu, June 5.—A deplorable automobile accident occurred about 9:30 last night, in which Louis Marks was almost instantly killed and Charles A. Bon received serious injury to his arm. The other occupants of the machine, Mrs. Marks and Mrs. Bon, escaped injury in an almost miraculous manner.

Mr. Marks was acting as chauffeur and in attempting to back the auto down a short section of side road to the main road the rear wheels went over a bank, down which the auto plunged twenty-five feet to the bottom, the mashing making a complete somersault.

The two ladies, who were sitting together in the rear seat, were thrown out when the rear wheels dropped, and tossed clear of further danger, but Marks and Bon went down with the machine, being beneath it as it rolled over.

Bon was pinned beneath the seat when the auto came to rest, his left arm severely torn, but he managed to free himself and go to the aid of Marks, who was lying at the foot of the bank.

A Saving To Plantations.

"In my opinion this alcohol bill now before Congress, if passed, will prove a great thing for the sugar plantations in this Territory," said Senator L. L. McCandless.

"The bill provides for the removal of the tariff on alcohol manufactured for fuel and machinery purposes. At present the plantations of Ewa, Aiea, Waipahu and Waialua on this island are only spending about \$1,200,000 every year for coal and oil for fuel, while molasses waste is being put out on the fields for fertilizer. With the internal revenue tariff on alcohol, for fuel purposes, removed, this molasses waste could be converted into alcohol for fuel and a great saving realized."—Bulletin.

Cargo Of Firecrackers.

With 1000 tons of Chinese firecrackers, torpedoes and joss sticks beneath her hatches, the steamer Yeddo arrived at Boston recently after completing in safety a 13,000-mile voyage from Japan and China. Great caution was used during the voyage to prevent any fire from lamps, and matches, and the officers and crew were greatly relieved when port was reached without accident. The value of the Yeddo's cargo is nearly \$2,000,000, and is one of the richest ever brought to Boston.

Does It!

The delays in the sailing of steamers, and the disarrangements of the schedules, due for the most part to the San Francisco disaster, has created something of a change in the routes of travel between the islands and the mainland. All this is only temporary, of course, but it is notable. C. M. Cook, president of the Bank of Hawaii, leaves on the Kinau today to take the Enterprise at Hilo for the mainland—and that puts Hilo on the map.

If you have been very ill, and are not recovering as fast as you expected, Ayer's Sarsaparilla will make your blood pure and will give you strength and energy.

Mrs. M. McShane, Hobart, sends this letter, with her photograph: "After recovering from a long attack of typhoid fever I suffered from a poor appetite and great depression, and was so weak I could hardly walk. Having seen

Ayer's Sarsaparilla

advertised as such a good blood purifier and general tonic, I thought I would try it. I did so, and soon my old strength came back, my appetite returned, and before I had finished the second bottle I could do all my work just as well as before."

There are many imitations Sarsaparillas. Be sure you get "AYER'S."

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A. AYER'S PILLS, the best family laxative.

For Sale by HILO DRUG COMPANY!
