 In re the Estate of T. J. HIGGINS, deceased. Order granting motion to allow sale.
 The motion of Margaret G. Higgins, one of the Executors of the above named estate, that the administrators of the estate of C. E. Richardson be allowed to sell certain shares of stock of the Hilo Mercantile Co., Ltd., held by the estate of said C. E. Richardson as security for a debt owing the said estate by the estate of the said T. J. Higgins, deceased, and for the payment of certain other debts and expenses of said estate, having been fully advised in the premises.
 It is hereby ordered that said motion be granted and that notice of the sale of said stock be given by publication in the Hilo Tribune for the period of three successive weeks prior to such sale. That the said stock be sold at public auction, in blocks of ten shares each; for cash in gold coin of the United States of America; that the proceeds of such sale be applied first to the payment of the debt aforesaid and costs of sale, and that the residue, if any, be paid into this court for the said estate of the said T. J. Higgins, deceased.
 That the administrators of the estate of C. E. Richardson, deceased, make an immediate return to this court of all their proceedings under this order.
 (Signed) GILBERT F. LITTLE, Judge.

Said stock will be sold at auction at the front door of the Court House, Hilo, at 12 o'clock, noon, Saturday the 20th day of September, 1902.

 Secretary.
 Hilo, Sept. 10, 1902. 45-2

TARIFF ON FISH.
Ruling of Treasury Department That May Upset Japanese Monopoly.
 Honolulu, September 6.—Aliens fishing in the waters of the United States in and about Hawaii must pay duty of one cent per pound upon all fish brought here, according to a ruling made by the Treasury Department upon the question recently submitted by Customs Collector Satekable.
 Under this interpretation of the statutes, Japanese and Chinese fishermen in Hawaii will be compelled to enter the fish caught in sea waters either within or outside the three-mile limit at the customhouse, while American citizens, including of course, Hawaiians, will not only be exempt from duty but will also be free from the annoyance, delay and expense of satisfying the customs authorities upon each catch of fish. The still more important question of the right of aliens to fish at all in Hawaiian waters is still before the department and it would not be surprising if the Japanese fishermen were entirely barred from fishing here, and the monopoly now enjoyed by the Orientals would be much more effectually broken up than it will be with the discrimination in favor of American citizens.
 The important questions involved in this matter were first brought up by J. H. Bray, a fish dealer, who submitted them to United States Attorney Breckons. He claimed that the Japanese and Chinese had combined to monopolize the fish market, but also sought to prevent fish being sold to him. He urged that the Orientals were so controlling the trade as to drive Hawaiians and other American citizens out of the business, and were also greatly diminishing the food supply of the Islands. Bray also contended that the Japs, as aliens should be compelled to pay duty. The letter was referred to Collector of Customs E. R. Stackable, and the query was by him sent to Washington for an opinion.
 In the last mail the following reply was received:
TREASURY DEPARTMENT, OFFICE OF THE SECRETARY.
 WASHINGTON, Aug. 12, 1902.
 The Collector of Customs, Honolulu, H. I.:
 Sir:—The Department duly received your letter of the 10th ultimo, relative to duties on fish caught in the sea waters of Hawaii. You say that "It is claimed by American citizens here that fish caught by aliens, either within the three-mile limit or beyond it, are subject to duty, while those caught by American citizens and brought in are not subject to duty, the distinction being claimed under Section 95 of the Act of April 30, 1902, * * * providing that "all fisheries in the sea waters of the Territory of Hawaii not included in any fish pond or artificial inclosure shall be free to all citizens of the United States."
 The above law in harmony with the provision in paragraph 626 of the tariff act of July 24, 1897, which exempts from duty "spermaceti, whale and other fish oils of American fisheries, and all fish and other products of such fisheries." The former relates to the right to fish and the later to duties. You will, therefore, be governed by the regulations and conditions under said paragraph of the tariff in the matter of duties. (See Article 479 et seq. of the Customs Regulations of 1899 and decisions cited in the margin thereof.)
 Respectfully,
H. A. TAYLOR,
 Assistant Secretary.

PRESIDENT ON TRUSTS.
Roosevelt Explains the Position of the Administration.
 Fitchburg (Mass.), Sept. 2.—The first important stop of President Roosevelt after he had resumed his travels through Massachusetts today was at this city, where he found the people keeping a general holiday. A stop of an hour was made and the President delivered an address.
 President Roosevelt devoted himself almost exclusively to the trusts which he intended as an answer to his critics.
 He said: "I am not going to try to define with technical accuracy what ought to be meant when we speak of a trust. But if by trust we mean merely a big corporation, then I ask you to ponder the utter folly of the man who either in a spirit of rancor or in a spirit of folly says, 'destroy the trusts,' without giving you an idea of what he really means to do. I will go with him if he says destroy the evil in the trusts gladly. (Applause.)
 "I will try and find out that evil. I will seek to apply remedies which I have already outlined in other speeches. But it this policy from whatever motive—whether hatred, fear, panic or just sheer ignorance—is to destroy the trusts in any way that will destroy all our prosperity, no. Those men who advocate wild and foolish remedies which would be worse than the disease are doing all in their power to perpetuate the evils against which they nominally war. I will not take the naked issue of either keeping or totally destroying a prosperity in which the majority share, but in which some share improperly, why, as sensible men, we must decide that it is a great deal better that some people should prosper too much than that no one should prosper enough. So that the man who advocates destroying the trusts by measures that would paralyze the industries of the country is, at best, but a quack and an enemy to the Republic."
 Speaking of the army the President said: "Our soldiers in the Philippines have been attacked because occasionally one of them did something wrong. Wherever it has been possible to find them out the offenders have been punished, and I ask you when they blame overmuch Uncle Sam's men in blue fighting for their lives against a treacherous foe in the heartbreaking work of jungle warfare, if our critics remember in speaking of the occasional shortcomings of the men who did wrong under the stress of such terrible temptation, that we are not altogether immaculate at home."

VANCOUVER AND TOURISTS.
Information Given Out Free of Charge.
 E. Huges who returned recently from an extended trip through Canada and British Columbia is very enthusiastic over the way the business and professional men of Vancouver treat tourists from all over the world and he is of the opinion that if something of the kind were tried in Hawaii, it would mean a great deal to the business interests. Mr. Huges had the following to say to the Honolulu Bulletin about the way tourists are treated in Vancouver:
 "While I was in Vancouver, I had occasion to attend a meeting of what was known as the Tourists' Association. Officers were elected and a secretary who has general supervision of the work of the organization was elected. The organization has a membership of over a thousand and each person contributes a dollar monthly to

carry on the work. The membership is made up principally of the merchants of the city but there lawyers, doctors and many other people having the interests of the city at heart who are likewise members.
 "The sole object of the association is to point out to tourists what there is to be seen and then to assist them in getting around at moderate rates.
 "A handsome office is kept by the association and a secretary who is very familiar with the city and its surroundings is installed there at a good salary. This office is within easy reach of tourists who are directed thither by large signs on the wharves and at the depots and by neat placards in the windows of the principal business houses of the city. One cannot miss the office and, indeed, the signs face one so often that he feels almost compelled to make a call. As a matter of fact, there are now but few tourists entering the city of Vancouver who do not call at the office, get what information they wish free of charge and then register their names.
 "While I was in Vancouver three steamers from these Islands arrived in port and I noticed on the register of the Tourists' Association quite a number of names of Honolulu people.
 "The association posts people on all the principal points and how to get there and arranges for special rates with the steamship, railroad tramways companies so that they may not about and see what there

JAPS HOLD ISLAND.
Honolulu Fortune Hunters Turned Down by Mikado Subjects.
 Honolulu, Sept. 12.—The schooner Julia E. Whalen, Captain Rosehill, arrived in port shortly before 2 p. m. yesterday, returning from her famous Marcus Island trip.
 Captain Rosehill stated that he had had a fine voyage. After 19 days passage, Marcus Island was reached. A number of Japanese coolies were found there and also sixteen Japanese marines commanded by two officers.
 Upon arrival at the island a boat in which were Captain Rosehill, the scientists—Messrs. Bryan and Sedgwick—and two sailors, put ashore. The landing party were received by Lieut. Akinota and the sixteen Japanese marines, who had been left in charge of the island by the cruiser Kasagi which had left the day before the Whalen's arrival.
 Captain Rosehill presented to Lieut. Akinota his license under the seal of the Department of State, giving him a right to remove guano deposits and to occupy the island for that purpose. He also gave him a letter written in Japanese stating that he visited the island for the purpose of examining the guano deposits and to collect specimens of fauna and flora for the Bishop museum. The rights of the Japanese on the island would not be interfered with.
 Lieut. Akinota in turn gave Captain Rosehill a letter from Minister Buck in Tokio, which warned Rosehill against precipitating any conflict with the Japanese and telling him to remit his claims of ownership of settlement to the American and Japanese State departments.
 He also presented Captain Rosehill with a letter from the secretary of the Japanese Minister of Foreign Affairs. This letter stated that the Japanese Government on being informed that the Rosehill expedition was to start for Marcus Island, had immediately taken steps to inform the United States Government of the previous acquisition of that island, and had also sent the cruiser Kasaga to the Island to protect the rights of the Japanese citizens there.

REPUBLICAN CONVENTION.

Desha and Paris Named for Senate— Strong Representative Ticket.

The Republican District Convention was held last Monday afternoon and the following excellent senatorial and representative tickets placed in the field: For the Senate—S. L. Desha and J. D. Paris. For the House—J. D. Lewis of Hilo, James Kauwila of Puna, Geo. W. Paty of Olaa and J. Pritchard of Honokaa.

The proceedings in the caucus and the convention showed a disposition on the part of all to work together. The native element in the Republican party was represented by Judge Kaumau of Puna and James Lewis of this city. In the questions that came up in the caucus they gave good advice. The caucus lasted for two hours, which were spent in canvassing the situation thoroughly to find out the strongest position for the party to take.

Among the names informally presented to the caucus for representative was that of W. N. Purdy of Hamakua. Mr. Purdy had but recently been nominated for the same office by the Home Rulers. He was therefore not a satisfactory Republican in the judgement of the delegates. The convention was made up of delegates who were for straight out Republican principles and sound party politics. All the speeches in caucus had the same ring. There was a unanimous preference for defeat on straight party lines rather than for victory at the expense of endorsing the opposing principles of an antagonistic party.

When the convention was called to order by Chairman Peck at 1 o'clock p. m., it was at once decided to go into caucus. Judge Barnard was chosen chairman of the caucus and J. C. Ridgway secretary. The delegates present were William Kaumau, P. Peck, Geo. Williams, J. D. Lewis, J. Vierra, J. F. Clay, F. J. Williams, H. Wicks, W. C. Cook, E. W. Barnard, M. V. Holmes.

W. H. Beers. Other delegates who were present by proxy were, J. K. Dillon, W. S. Walker, J. G. Jones and A. Lidgate.

In the discussion of the eligibility of Mr. Purdy to run on a Republican ticket Delegate Holmes said that he had great respect for Mr. Purdy as a man and as a neighbor, but that he was afraid he was a little off color politically. He had heard it said that Purdy had no use for the Republican party.

Judge Malua of Puna, who is a brother-in-law to Mr. Purdy, spoke on the subject in a reasonable light. He said, it was the belief of the Hawaiian Republicans that with Kauwila from Puna and Purdy from Hamakua on the ticket the Republicans could sweep this side of the island. He believed, however, in straight out Republicanism. Some of his countrymen were disposed to be first on one side then on the other. With himself, he said, "I am a Republican till I die." I am sorry to see the natives chasing rainbows. If Purdy is a Republican, he will greatly strengthen our ticket. If he is not, it would be poor policy to put him on.

W. C. Cook of Papaikou spoke of the embarrassing position Mr. Purdy might be in. He may have been nominated by the Home Rulers without consultation and may after all be a genuine Republican. Mr. Cook suggested that the caucus take a recess and that an effort be made to communicate with Mr. Purdy by telephone. This was done but Purdy could not be found.

J. F. Clay, delegate from Olaa, spoke for pure and unadulterated Republicanism. He said that the Olaa Republicans would vote the straight ticket no matter what the action of the convention might be, but that he could not consent to a fusion with the Home Rulers in any degree.

P. Peck said, "The question is, what will Mr. Purdy be when he gets to the Legislature, a Home Ruler or a Republican. If he is not a Republican now, we cannot afford to endorse him. We cannot afford to follow the example of the

Democrats of Honolulu, who after abusing Wilcox, turned around and endorsed him. If Purdy is a Home Ruler, an endorsement of him would be the endorsement of Wilcox. That we of Hilo and this island want nothing to do with Wilcox is proved by a little experience of my own, which I will relate. Last winter the citizens of Hilo held a mass meeting, and prepared a memorial to Congress asking for certain appropriations by Congress. I was one of the committee to forward this memorial. I sent copies to Congressman Mercer, chairman of the Committee on Public Buildings, to Congressman Stark of Nebraska and to various other Congressmen and Senators, including Delegate Wilcox. I received letters regarding the matter from Mercer, Stark and many others, but not a line of inquiry or acknowledgement from the Hawaiian delegate. He seems to care nothing for Hilo or the interests of Hilo people. The Republican party is a party of progress here as well as on the Mainland and we cannot afford to endorse a Wilcox man."

On motion it was unanimously decided not to report favorably on the name of Mr. Purdy.

Ballot was then taken which showed the choice of the caucus to be Desha and Paris for Senators; Lewis, Kauwila, Pritchard and Paty for Representatives.

The caucus adjourned and the Convention was called to order by Chairman Peck. The nominations were then made and the work was over.

The chairman read a number of bills that had been presented and reported that there was no money in the Treasury. An assessment of \$2.50 upon all delegates present was agreed to and the bills were liquidated in short order.

HAS LOCAL BRANCH.

Department of Phoenix Savings,
Building and Loan Co.

The Hawaiian Department of the Phoenix Savings, Building and Loan Association, which was organized in 1903, has just opened offices in the Judd building in the commodious rooms formerly occupied by Gear, Lansing & Co., next to the Bank of Hawaii. Mr. Clarence Grange, the managing director, who lately arrived from San Francisco, has been greatly pleased with the success made by the association and it is now established here on a firm basis and has taken its place among the other large institutions of the Territory.

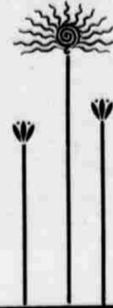

The great success that the company has met with in the Islands has led to the establishment of the Hawaiian department, which, under the supervision of General Agent Robert Slaughter, with R. Campbell as cashier and handling the loans, is now ready to do business independently of the reference to the home office.

In speaking of the success of the association here Mr. Grange said: "The corporation will place about five hundred thousand dollars here. Loans will be made on monthly installment contracts bearing interest only on unpaid balances. The necessity of the establishment of the Hawaiian branch was occasioned by the liberal subscription to the stock of the corporation by residents of the Territory who have signed for a million and a half dollars' worth in a little over five months."

"Formerly the corporation confined its loaning operations to the Coast States, but finding the field here such a good one have extended their limits by the establishment of the local branch to save delay in the transactions of the loans. The money for the business of the local branch is on deposit here and will be put out without the delay of reference to the home office by the management."

Colic causes a twisting and rolling of the intestines and is accompanied by severe pain. Chamberlain's Colic, Cholera and Diarrhoea Remedy is the favorite remedy for this disease. Every household should have a bottle at hand. Get it today. It may save a life. Hilo Drug Store sells it.

THURSTON AND PARTY.

Honolulu Financial Investigators Through Hawaii.

L. A. Thurston of Honolulu accompanied by representatives of E. H. Rollins & Sons of Boston, Mass., arrived in Hilo Monday night. Tuesday morning they left by carriage over the Hamakua road and will return to Honolulu by boat from the other end of the island. The trio of investigators accompanying Mr. Thurston were Messrs. Batchelder, Taylor and Corbett of San Francisco and Denver. Their object in visiting the Islands at this time is to look into the merits of Hawaiian industries from the investors standpoint. They have been visiting the fields and plantations and taking a careful survey of the material conditions of the numerous Hawaiian concerns which offer their stocks and securities in the markets of the United States.

E. H. Rollins & Sons first became interested in Hawaiian enterprises in the Rapid Transit street car lines in Honolulu. This firm took Rapid Transit securities and by its faith in Honolulu, made this splendid street railway system a possibility at the capital. These representatives came to the Islands this trip primarily for the purpose of looking into the merits of proposed extensions of the Rapid Transit. They have found the proposed extensions feasible from their point of view and are pleased with the results of their first dip into Hawaiian business.

The successes of their first experiment led them to look further for opportunities in Hawaii and they have therefore made this exhaustive tour of the big island with Mr. Thurston as a pilot.

Mr. Thurston said to a TRIBUNE reporter Monday evening. "We are making this tour of Hawaii in order that the gentlemen who accompany me may see for themselves what Hawaiian industries are. We have gone well around this island and will complete the circuit tomorrow and next day. I do not know what impressions have been made on the part of the gentlemen with me. They are forming their own conclusions and whatever they are you must find out from them."

"All I can say is that the cane in the fields where we have gone is in a first class condition and that I myself have been greatly pleased with the appearance of things all around your island."

When asked about conditions on the Mainland, Mr. Thurston reiterated the statements made by others who have lately returned from the Coast. He said business in all lines on the Coast was in the full tide of an era of great prosperity.

BATCHELDER'S VIEWS.

San Francisco Financier Views Hawaii in Optimistic Frame of Mind.

George A. Batchelder, San Francisco manager for E. H. Rollins & Sons of Boston, and superintendent of the Oakland Electric Railway System, who is touring the Islands in search of good investments, is pleased with Hawaii as a field for this purpose. Mr. Batchelder was interviewed by a TRIBUNE man at the Peacock Monday evening. He spoke frankly and openly regarding his impressions of the Islands and gave clear cut ideas of what he considered necessary for their continued prosperity.

"You are trying to do a wholesale business on a retailer's capital," said he. "All you need to make a complete success is the aid of outside capital. You have undertaken to do too much with merely home capital. I have looked over some of your greatest plantations and investigated some of your biggest enterprises. They are in splendid physical condition and show that they were projected by master minds. The planning was well done. The managerial skill in developing these plans has been of the highest order."

"But you have not been able to bring into this expansion enough local capital to bring these later ventures to complete development without the inevitable stringency in local financial circles. There is going on here the same transforma-

tion that has revolutionized business enterprise elsewhere. You are passing from the era of small business and big margins to the modern era of 'large business and small margins.' General prosperity may be as good under the latter conditions as under the former. But it takes more capital to run things under the new order."

"In my travels through your island I have seen nothing that should make it difficult to secure outside capital. Hitherto business and political conditions have been unsettled in Hawaii. Those conditions are passing and consequent stability will follow. From what I see in Hawaii you are the best sugar raisers in the world. As long as there is sugar raised anywhere you will raise it here, and so long as there is money to be made in sugar, you have certain advantages which will keep your Territory at the head of the procession."

"San Francisco is the city which should rightly finance these Islands. She has money in abundance and her geographical situation makes Hawaii her field exclusively. San Francisco has not put the amount of money in these Islands that she should. This is owing to the unsettled political and business conditions which have been incident to the overthrow and annexation. The labor problem is one which I think will adjust itself."

"One thing I notice is the high prices that prevail. I do not know the cause of this unless commodities are being artificially held at a level fixed when sugar was worth \$100 a ton. I think you must diversify a little in agriculture."

"I have been interested and pleased with every step of my journey through the Islands. Our firm took hold of Rapid Transit in Honolulu and are well pleased with results. We came down to look into some proposed extensions of that system and will furnish the money to make them."

How soon will you be ready to give Hilo a Rapid Transit street railway?

"When Hilo has a population of 20,000," replied Mr. Batchelder. "There are electric systems in towns of less size than that, but few of them are making money."

REPUBLICAN TICKET FOR DELEGATE TO CONGRESS
Jonah Kalanianole.

For Senators—
STEPHEN L. DESHA,
J. D. PARIS.
For Representatives—
J. M. KAUIWILA,
J. D. LEWIS,
G. W. PATY,
J. PRITCHARD.
OUR CANDIDATES.

The Republican District Convention held in this city last Monday was a harmonious body. The delegates came together in caucus and adjusted their differences after amicable debate and careful consideration. There was no jobbery or tricks apparent. The resulting nominations should have the undivided support on election day of every Republican voter and of enough voters who have not hitherto voted the ticket, to insure their election.

The Hilo nominee for the Senate, S. L. Desha, is perhaps the most gifted Hawaiian in the Islands. He has a fine education, is a man of rare eloquence and enthusiasm. He has the best interests of Hawaii and Hawaiians at heart and will be one of the best forces in the upper house next winter. His colleague on the ticket, J. D. Paris, is known to Hawaii and the Territory. His record in the Senate two years ago fits him to be a most useful member in the next session.

The representative ticket is strong. The two Hawaiians, Jim Lewis and Kauwila are practical headed men and popular. They have the confidence of the white voters in the Island and among Mr. Paty is not so widely known. But he is a gentleman of unquestioned integrity and in his own community has the warm endorsement of men of all parties. Mr. Pritchard of Honokaa is a man who will do good work in the House. He has all the qualities which go to make a good legislator.

FRISCO'S DUTY.

In San Francisco money is easier at low rates on real estate than it has ever been before. Real estate is counted good security for amounts almost equal to its value. San Francisco poses as the entrepot of the Orient to the United States, and her merchants look with envious eyes toward any competitor that challenges their exclusive right to the new markets of the Pacific.

If San Francisco capital were as jealous of its legitimate territory as the merchants are of their customers they would have a closer knowledge of the needs of Hawaii. The more prosperous this Territory becomes the greater are its contributions to the prosperity of San Francisco. In flush times Hawaii is a prodigal buyer. At all times she is a liberal buyer. Her prosperity is worth cultivating even by those whose headquarters are 2500 miles away.

As stated by Mr. Batchelder, Hawaii is San Francisco's legitimate field. It is not only her field in which to sell goods but it is her field for financing. San Francisco capital should study the needs of Hawaii as much for Pawaii's sake as for her own. The sounder our industries become, so much the better is Hawaii as a tributary in the enrichment of San Francisco.

PRINCE CUPID has started the ball rolling for Republicanism on this Island in good style. His first greeting at Hilo as the leader of the Republican force of the Territory was a splendid ovation. The meeting at the fish market last night was a huge success. All the speakers made excellent impressions and the Republican cause has been strengthened.

American Coffee Industry's Claims for Protection.

[By Abraham L. Louison.]
Prior to the reciprocity treaty of 1877 with the United States, the independent state of Hawaii produced about 20,000 tons of sugar, and after its enactment the industry grew rapidly until it reached its present proportions, with an annual output of 350,000 tons and over.

It was claimed by business men of former days, that the output would never exceed 150,000 tons annually and sanguine individuals venturing such outspoken opinions, were called visionaries. Yet judging from results twenty-five years from the date of the reciprocity treaty, these expectations were dwarfed by results that are realized.

It has all transpired through the protective tariff of the United States, protecting and stimulating the industry to its most possible limits.

Hawaii at the present day, has a modest output of 25,000 bags of coffee annually, and the claim is made that with ample protection, this industry would also make most wonderful if not a greater showing, than the former has. Why should the output not reach from three to four million bags annually?

It is not claimed that Hawaii alone could ever supply the entire markets of the United States, but we are not asking it for Hawaii alone, but also for the other tropical American Territories. The requirements of the whole nation would

eventually come from her own possessions.

Hawaii is contributing her quota to the Federal coffers of the Government, and can it not be presumed that she should receive some benefits from her mighty and powerful guardian?

Is it not supposed, that in the time of a national conflict, we could muster hosts of loyal citizens, who would defend the flag of these tropical shores? If this be so, then we must populate our mountain lands with a vigorous manhood which can be made possible only, by the building up of an industry, permitting people of a Saxon or Latin race, to win a home and profitable existence in the healthy zone of the tropics.

Countrymen: Are we to lie forever supinely on our backs, and not urge an appeal for benefits which are due us as a part of the American commonwealth. The vision of a grand and glorious development awaits us, quickening the pulse of our future social and commercial welfare, if this object can be obtained.

Therefore let us send forth earnest and persistent pleadings for protection to the coffee industry, and have them strong enough that their reverberating echoes will resound in the halls of Congress.

The opportunity is ours. The creation of a new and great source of wealth lies at our doors.

Be up and doing, and have its attainment realized.

HILO'S OPPORTUNITY.

Again has Hilo and Hawaii the opportunity of presenting her claims to the attention of men high in the councils of the nation. There will be grievances aired before the commission which deserve to be heard. There will be criticisms of acts performed and duties neglected on the part of Territorial authorities. These are important but they are

happened that is wrong should not interfere with Hilo's build-up policy. We want harbor improvements, including a breakwater. The commission will be piloted about Hilo bay and their own eyes will testify to the apparent necessities. Two of the members, Messrs. Foster and Mitchell are Pacific States Senators. As promoters of the commerce of the Pacific and upbuilders of Pacific cities, and Pacific shipping, they will be inclined to readily recognize the justness of Hilo's demands. There is no politics in Hilo's need and demand for better public buildings and better harbor facilities and the commission cannot fail to make recommendations in accordance with the facts in the case.

GOVERNOR DOLE FORGETS.

It was just like Governor Dole to go before the Senate commission and in his enumeration of subjects which he thought they should consider, make no reference to Hilo or the Island of Hawaii. The Governor's range of view covers a radius of less than one mile. When he was giving the commission the cue, he did not think of Hilo. He rarely thinks anyhow. He was perhaps afraid the Senators would come to Hilo if he mentioned such a place. He did not know what kind of a mare's nest they might find over here, so he didn't even mention Hilo. He was probably afraid they would go back to Frisco by the Enterprise and that's what they should do instead of pottering back to Honolulu.

The facts are that Dole just forgot it. He has forgotten Hilo and her needs and the needs of this Island so many many times that he can't remember Hilo except when his health needs recuperating. Then he comes over. While here he forgets where he is at and when gone, he forgets he was here.

THE JUDGMENT of a financier like Mr. Batchelder of San Francisco is sound and what he says of Hawaii's financial troubles is oracular. There is a clear way out as Mr. Batchelder indicates in an interview in this paper.

GOVERNOR DOLE disremembers Hilo and Hawaii.

THIS CITY will wake up some morning and find itself possessed of a perfect and adequate water system.

THE response to the announcement in the TRIBUNE made by Peter Lee regarding the banana business, has been very gratifying. Mr. Lee's arrangement with a San Francisco house has caused him to sound a call in the Hilo district that means much. The possibilities in the banana business are beginning to be realized. A big shipment goes by the Enterprise this trip and a bigger one will be ready when she sails in October.

CHURCH RECEPTION.

Welcome is Extended to Rev. Mr. Nash and Mrs. Nash.

The congregation of the First Foreign Church gave an enthusiastic reception to Rev. Mr. Nash and Mrs. Nash in the church parlors last Tuesday evening. The church was beautifully decorated and over a hundred people gave the right hand of welcome to the new minister.

During the evening there was a short program of music and recitations. C. N. Prouty sang and W. C. Cook gave a recitation. Mrs. Lewis presiding at the organ. Later in the evening refreshments were served to all.

THE WORLD NEWS CO.

P. O. BOX 97

The Chinese of this city will publish a weekly paper called the WORLD NEWS. The object of the journal is to spread wisdom, practical knowledge and the news of the day among the Chinese people. In China there are few newspapers, which is largely the reason why the Chinese people are so far behind the times—compared with Europeans and Americans.

For this reason the leading Chinese merchants of the Hawaiian Islands have formed a company for the publication of a Chinese paper at Hilo.

Mr. H. Jackson, a gentleman of superior talents and education has been employed as editor. He has had seven year's editorial experience at Honolulu.

The offices of the newspaper are on Front Street, Bow Wong hall. Advertisers will communicate with either W. K. Akana or Hop Warn Co.

The officers of the new publishing company are W. K. Akana, president; H. Jackson, editor; Lau On, reporter; L. Ah Hip, Sam Fook, Young Got, Hop Warn, and Wo Hop Kee, directors.

School Dress Materials

For the coming season we have provided a specially good assortment of . . .

- PERCALES, 6 and 8 yards for \$1.00.
- GINGHAMS, 8 yards for \$1.00.
- ZEPHYRS, from 25c upward
- DIMITIES, in white and in white with colored dots and figures.
- PIQUES, white and figured.
- EMBROIDERIES and Trimmings in all the newest designs.
- BOYS' WASH SUITS
- BOYS' CLOTH SUITS
- "MOTHER'S FRIEND" WAISTS.
- BLOUSES, white and colored.
- BOYS' KNEE PANTS
- SOME LADIES' SHIRT WAISTS, slightly soiled, reduced to \$1.00 each.

LOCAL ITEMS.

Good printing—TRIBUNE. A. M. Horner of Kukuihaele is in the city. A. Lidgate was in from Hamakua yesterday. W. S. Walker of Ooakala was in the city this week. A. E. Sutton was a Coast passenger by the Enterprise. Mrs. F. Decker came to Hilo yesterday by the Claudine. Company D will drill tonight. The Hilo band will play. Young Chinese banana plants for sale, 10 and 15 cents—W. S. Terry. The steamer Enterprise sailed yesterday afternoon for San Francisco. H. B. Gehr and A. C. Gehr arrived in the city yesterday by the Claudine. Parser George Beckley is suffering from a severe boil under his left arm. FOR RENT—New modern cottage in Puna; address A. S. Wall, Hilo Market. B. F. Dillingham has been at Puna several days. He is expected in Hilo today. The Cineh Club meets this afternoon at the usual hour at the home of Mrs. H. L. Ross. L. Turner Co. received a large shipment of the latest style Stetson hats by the Enterprise. The Enterprise was in full dress yesterday when the Senatorial party arrived on the Claudine. I will not be responsible for any debts contracted without my written order.—Robert Andrews. Do not forget the auction sale of Mercantile stock at 12 o'clock Saturday by A. E. Sutton & Co. Volcano street has been open for a week, the bridge at Kukuau stream having been completed. J. A. M. Johnson of Honolulu has been in the city the past week in the interests of his paper business. Mr. and Mrs. J. W. Mason entertained friends at their home on Waiuanu street Monday evening. Charles Noly is the only Home Ruler arriving in the Claudine. He feels certain of Wilcox's victory. The election of officers of Company D last Friday night resulted in the reelection of all the old officers. J. L. Robertson left by the Enterprise for the Mainland. He had been contemplating the trip for some time. J. R. Bergstrom the well known dealer in musical instruments in Honolulu has been in the city the past week. C. C. Kennedy made a brief visit to the Volcano House last Friday, returning Saturday with L. A. Thurston and party. The TRIBUNE went to press too early last night to give any account of the big Republican meeting at the Fish market. If you really want a good Whiskey, try our BELLE OF NELSON. It is the finest in town.—W. C. PEACOCK & CO. Jim Morris as usual displayed his public spirit in giving his time and labor to the making of decorations without charge. H. L. Herbert is the local agent of the Phoenix Savings Building and Loan Association. He may be found at the Peacock. L. Severance has been selected by the committee to serve as special guide to the Senatorial party on their trip to the Volcano. The Senatorial Commission are seeing Hilo harbor today under the pilotage of R. T. Guard, A. B. Loebenstein and J. Fitzgerald. The ditch across Waiuanu street at the hospital has been enclosed by a substantial stone culvert that will withstand the test of time. The night before leaving Honolulu the Senatorial Commission was entertained at a luncheon given in their honor by Delegate Wilcox and wife. Mr. and Mrs. L. M. Whitehouse were passengers by the Enterprise for the Coast where they will remain several weeks. They will visit as far east as New York before they return. A number of public spirited young men raised a subscription this week for the purchase of a sewing machine which they donated to the Catholic Sisters school, to be used in the sewing school.

PUNA LANDS ALLOTTED.

Government Gets Rid of Nearly 2000 Acres. Seventeen hundred and forty-one acres of land passed from the ownership of the Territory last Saturday into the hands of private parties. The lands were allotted by Agent E. D. Baldwin after being advertised. There were but thirteen allotments made. The largest was a tract of 999 acres, which was taken by an Hawaiian at 50 cents an acre. The other tracts ranged from 20 to 160 acres in extent and were appraised at from 75 cents to \$5 per acre. The lands allotted are situated in Puna. The Elks in Honolulu will give the Senators a blowout in Honolulu Monday night. All visiting Elks, especially Hilo Elks are cordially invited. Mr. Gere has sunk six holes at the water reservoir site to a depth of fourteen feet. He finds a solid bottom of Pahoehoe which is what is wanted. D. L. Conkling, representing the Evening Bulletin of Honolulu arrived in the city yesterday to report the work of the Commission for his paper. A. L. Louison of Hamakua is in the city to attend the meetings of the Senatorial Commission. He is here to present the wants of the coffee growers. S. B. Rose of the Wilder Steamship Company has been in the city the past week enjoying a vacation from his labors. He is accompanied by Mrs. Rose. Prince Cupid on his initial campaign visit to Hilo is accompanied by the Hon. Samuel Parker and wife, Judge Geo. D. Gear, E. S. Boyd and R. C. A. Peterson. Goo Hoo, the prominent front street tailor arrived by the Claudine with his wife. The wedding occurred in Honolulu. The TRIBUNE extends congratulations. Henry E. Cooper, Secretary of the Territory arrived with the Senatorial party yesterday and is stopping at the home of Mr. and Mrs. J. T. Stacker in Puna. The Hilo Drug Co. has ordered one of the finest cash registers made by the American Cash Register Company, through J. A. M. Johnson, agent for these islands. The Wilder Steamship Helene left Wednesday evening for Honolulu at 7 o'clock. She will return to Hilo Saturday and be at the disposal of the Senatorial party. A large congregation greeted Rev. Mr. Nash the First Foreign Church last Sunday to hear his initial sermon. Next Sunday, services will be held both morning and evening. A. E. Sutton & Co. will sell at auction in the Spreckels' block, next Tuesday, a quantity of general merchandise and tailoring goods. They will also offer two acres of land in Olaa. By the last Enterprise we received a carload of the celebrate A. B. C. Beer, for which any purchaser purchasing to the amount of 2 doz., will receive an ART PICTURE free.—W. C. PEACOCK & CO. During the trip from Honolulu the ladies of the Senatorial party did some fishing. They had good luck as three large "Ono" and one Mahimahi were caught. The smallest fish weighed forty pounds. The St. Katherine sailed for San Francisco Friday, September 12, with the following cargo: 5044 bags of Honoumou sugar; 6753 bags of Onomea and 111 bundles of hides. She carried no passengers. Postmaster Madeira says that the Department at Washington is showing the proper spirit toward the Hilo office. By the last boat he received one of the finest typewriters made in America for use in the office. CHAMBERLAIN'S COUGH REMEDY is a cure for severe colds, persistent coughs and a preventative of pneumonia. It is the mothers' favorite for whooping cough. It always cures and cures quickly. Hilo Drug Store sells it. The Hilo band gave a very successful concert at the Hilo Hotel grounds Sunday afternoon. An unusually large crowd was present. The day was perfect and Director Carvalho gave the people lighter music than his custom. The wooden anniversary of the wedding of Mr. and Mrs. R. H. Reid was quietly celebrated by a few of their friends last Sunday evening. Wooden articles of homely mien but acknowledged practical value were left at the home. Senator Burton and Mrs. Burton are guests at the home of C. C. Kennedy. Senator Thurston and Mrs. Thurston, Senator Foster and Mrs. Foster are at the home of Mr. and Mrs. P. Peck. Senator Mitchell is a guest at the home of A. M. Richley. Surveyor Baldwin with assistants has been at work this week making a survey and map of Kiug street for the information of the Department at Honolulu. It is proposed to regrade and macadamize this street in the near future. Baldwin's map shows the buildings on the street. Paul T. Mohr, a prominent railroad man of Portland, Oregon, with Mrs. Mohr, accompany Senator Mitchell on his visit to the Islands. Mr. Mohr has been a factor in the development of the Northwest and has become deeply interested in transportation problems in Hawaii. Captain Miller of the Enterprise has entertained at dinner on board, every evening since the boat has been in port. These dinners have been most enjoyable as the Captain is a splendid entertainer. The weather has been superb and many have had the pleasure of seeing that most beautiful of Hawaiian pictures—Hilo by moonlight in September. George Henshall, reporter for the Hawaiian Star arrived in the city last Sunday for a three week's vacation. While here he will report the work of the Senate Commission for his paper. Mr. Henshall is also the Associated Press representative for the Hawaiian Islands and is besides the accredited correspondent for Leslies Weekly and the Washington Star. Mr. and Mrs. Haley moved to Puna the latter part of last week where they will reside. Mr. Haley's position as superintendent of the Volcano Mineral Water bottling works makes it necessary for him to be absent from the city. Hence the move. The Haley residence will be occupied by Mr. and Mrs. Braymer. Mr. and Mrs. Stomaker will occupy the home vacated by the Braymers.

WORK IN OPEN SEA.

Senators Carry on Investigations Aboard Claudine. Taking time by the forelock the Commission got to work as soon as Lahaina was left yesterday. Judge A. M. Kepoika and James L. Coke of Maui, who boarded the steamer at Lahaina, gave their testimony regarding labor conditions on their island. Both are of opinion that a limited Oriental immigration, confining the laborers to plantation work would be of great benefit to the Territory and the only salvation in the present crisis. It was suggested to the Commission that an effort be made before Congress to have the Kahn-Mitchell bill so amended that restricted Oriental immigration might be allowed for plantation purposes only. Both Judge Kepoika and Attorney Coke were severe in their denunciation of Judge J. W. Kalua of the Maui Circuit Court. They accused him of being incompetent, biased and dishonest. They offered to file written charges signed by all the reputable attorneys of Maui and will be allowed to do so. After this testimony the Commission heard the opinions of the witnesses on the sentiments of the Hawaiians for a payment to the Queen Lilioukalanani of an indemnity for the loss of the crown lands. Both gentlemen answered that in their opinions it would have a very good effect on the Hawaiians and make them generally feel better satisfied with the changed condition of things. In the evening the committee sat again examining Prince Cupid and Cecil Brown as to the effect the Boston's marines had upon the overthrow. Cupid was of the opinion that the overthrow was the direct result of the interference of the American Minister, while Cecil Brown thought that while the landing intimidated the Queen and saved bloodshed that the overthrow would have taken place sooner or later. Both thought that the Queen should be reimbursed for the loss of the crown lands revenues. K. OF P. LEVEE. Saturday Evening Open House Will be a Popular Movement. The Knights of Pythias successfully inaugurated their Saturday night open house at their hall last Saturday evening. The plan is one which will extend the scope of usefulness of the order in Hilo and arouse deeper interest among the members. The K. of P. hall will be open to visitors and strangers from 8 p. m. to 12 on Saturday evenings and in the afternoon on Sundays. Games, refreshments and reading materials will be supplied. The initial opening last Saturday night was most enjoyable. Scores of friends of the members of the order visited the pleasant hall and parlors. By way of amusing to make a ping pong, billiards and cards. Light lunch was served to all comers and no one came who did not pass an enjoyable evening. The Knights will further add to the attractions of their Saturday evening receptions which promise to be one of the most enjoyable features of Hilo social life this winter. NEW INDUSTRY. Bagasse to be Used in the Manufacture of Paper. Among the passengers arriving in the Claudine yesterday was S. M. Mayer of Washington who is in the Islands investigating the use of bagasse in the manufacture of paper. He has made a tour of Oahu and Kauai trying to make arrangements with the plantations for their surplus bagasse and is here for the same purpose. Understanding that there is much more surplus bagasse on this island he will spend several weeks making investigations on Oahu where so much of the refuse is used as fuel it cannot be handled at a cheap enough rate in most instances to pay in working it. As the bagasse is so full of moisture that only about forty per cent of it can be used it is the idea to establish a reduction works on this island to make the stuff ready for shipment to Honolulu where the paper mill will be established should things go right. The mill means an investment of about a quarter of a million dollars and would employ from three to fifteen hundred hands as the business succeeded. Interested with Mayer is George Cornuck the discoverer of the great Klondyke gold region and president of the Tale-Asbestos Co., of Oregon. REPUBLICAN TICKET ENDORSED. Lincoln Club Comes Into Line for Straight Nominces. The Lincoln Club held an enthusiastic meeting Wednesday night at the Fireman's hall and discussed local political conditions with a vim. There were thirty-five members present. The Club is composed of Portuguese American citizens. The following resolutions were unanimously passed: 1. That the Lincoln Club of Hawaii heartily endorse the platform of the Republican party, adopted in Territorial Convention at Honolulu, September 1st, 1902 and 2. That the Lincoln Club of Hawaii fully ratify and support the Republican ticket nominated at the District Convention in Hilo, September 15th, 1902. Olaa Mill Dance. The dance to be given by the Olaa Sugar Company on Saturday evening promises to be a success in every way. A special train has been arranged to carry the guests from Hilo, leaving Waiakana station at half past seven, returning after the dance. This train will run into the sidetrack at the mill, allowing the passengers to step from the train into the sugar room where the dance will be held. Regular rates only will be charged by the railroad. The grand march will begin promptly at 8 o'clock. The committee has worked very hard and their efforts have been successful in transforming a part of the big sugar mill into an up-to-date ball room. Church Notice. Rev. F. L. Nash will preach in the First Foreign Church next Sunday morning and evening. Morning subject—"The Book for the Times." Evening subject—"Understandest Thou What Thou Readekest?" All are cordially invited. F. L. NASH, Pastor.

SENATORS ARRIVE.

Hilo Greets Them as They Hail Not Been Greeted Before on Islands. Yesterday at 1:30 the Claudine, with Senator Mitchell of Oregon standing on the forward deck like a second Columbus on a second voyage of discovery, steamed up to the Kinau wharf. She had on board the Senatorial Commission. They were greeted by the blowing of whistles in the harbor and over the city. The boats in the harbor were all dressed with flags and bunting. The Hilo band played as the vessel approached the wharf and the passengers disembarked amid the cheers of a big enthusiastic Hilo crowd. They were met at the gang plank by the Committee of Welcome consisting of Judge Little, Col. Stobie, J. T. Brown, L. A. Andrews, C. C. Kennedy, C. N. Prouty Jr., Dr. M. Rice, Mrs. Hawkshurst, Mrs. R. T. Guard, Mrs. R. H. Reid, Miss E. Peck and Miss Severance. The Senators with the exception of Burton proceeded at once to the Court House and the work for which they came. Senator Burton felt the need of a half hour's rest after his trip, but joined his colleagues later. Judge Little welcomed the Commission in a few well chosen words. Senator Mitchell responded. The Commission was presented with a memorial prepared by the following committee: F. Peck, chairman; J. C. Ridgway, Chas. Furneaux, C. M. LeBlond and E. N. Holmes. The memorial calls the attention of the Senators first to the needs of a breakwater in Hilo harbor to protect ships and shipping. The memorial gives details of the amount of shipping passing in and out of Hilo harbor annually. The urgent need of a Federal building was also elaborated upon by the memorialists and the commission is asked to recommend an appropriation of \$100,000 for this purpose. The memorial shows the necessity of the establishment here of a suitable quarantine station. It also asks for a revision of the land laws in the interest of the small farmer and the homesteader. It asks for the protection of the Coffee industry. It recommends a modification of the labor laws of the United States in order that labor for the fields of Hawaii may be drawn from other countries. He was followed by A. L. Louison of Hamakua, who presented an able argument in behalf of the protection of Hawaiian Coffee. The land question was discussed in a thorough style by A. B. Loebenstein, Senator Russell and J. D. Ryan will be heard here or at Mountain View. The proceedings of the Senatorial inquiry are highly interesting. The presence of E. S. Boyd and Territorial Secretary H. E. Cooper gives the Court an air of an impeachment proceeding against Governor Dole. They sit as advocates watching every crook and turn in the testimony of parties and "butt in" at every opportunity. When A. B. Loebenstein was whipping the Hawaiian land system with his cat-nine tails, these two defenders of the Dole system of favoritism were the deepest interested of all hearers. By their whole attitude they betrayed the fact that it required only an impartial inquiry to put Governor Dole and his system of administration upon the defensive. The presentation of the needs of the coffee industry by Mr. Louison was able and exhaustive. It was heard by E. Peck. A. B. Loebenstein by his thorough knowledge of land matters in Hawaii held the Commissioners' attention for two hours. Senator Mitchell said that the subject was one that they did not yet understand, but was one they proposed to understand before it was disposed of. The Senators leave at 12 o'clock today for the Volcano. They will return Saturday and take the Helene for Honolulu where they will resume their sittings next Monday. SENATORS GREETED. Hilo Citizens Plan to Make Their Visit Pleasant. The announcement of the proposed visit of the Senatorial Commission was received in Hilo with satisfaction. There are many stories to be poured into the willing ears of the Commissioners. Preparations for the proper reception and attention to the distinguished visitors were soon under way. Sheriff Andrews called a mass meeting Monday night at Fireman's Hall which was attended by the representative citizens of Hilo. The general impression was that the visitors would be here for work and that any extensive entertainment would be out of place. The suggestions of a banquet or a luncheon were therefore abandoned. The Commission will see the Volcano and Saturday afternoon be tendered a reception in the Elks Hall. They will listen to the people who have grievances to present in the Court room. The following committees had the matters in charge: RECEPTION. Dr. M. Rice, Mrs. Hawkshurst, Mrs. R. T. Guard, Mrs. R. H. Reid, Miss E. Peck, Mrs. L. Severance. ENTERTAINMENT. Mrs. P. Peck, Miss I. S. Richardson, Mrs. W. T. Balding, Mrs. F. T. Stacker, Mrs. E. D. Baldwin. MEMORIAL. Chas. Furneaux, C. M. LeBlond, E. N. Holmes. BUSINESS. Capt. Fitzgerald, A. B. Loebenstein. FINANCE. Carl S. Smith, G. F. Alfonso, L. W. Haworth. E. B. McClanahan, Judge Stanley, H. G. Danford, Cecil Brown and Chas. Notley arrived by the Claudine yesterday to attend the hearing of the Notley will contest in Judge Little's Court. Teddy Scoville, lately manager of the plantation store at Papekoni was bound over to the Grand Jury by Judge Hapai Wednesday on the charge of embezzlement. His bail was fixed at \$2000. The beautifully finished hall in the Serazo block was dedicated last Saturday night with a social dance conducted by Mrs. Carson. There was a large number present and all had a delightful evening.

"I Roughed It"

Many of us have to work hard all day long. We cannot care for ourselves as we would. No wonder our blood gets out of order, becomes thin and impure. This produces boils, eruptions, nervousness, indigestion, and great weakness.

We have this photograph and letter from Mr. John Hafner, of Wagga Wagga, New South Wales. Read carefully what he says: "I have roughed it a great deal, mistaking working in stoves, exposed to the heat, and have often had poor food. My blood frequently becomes impure and I have eruptions, boils, and become generally run down. In Ayer's Sarsaparilla takes hold of me ever time, makes my blood pure and builds me right up."

**AYER'S
 Sarsaparilla**

There are many imitation "Sarsaparillas." Be sure you get Ayer's.

Take Ayer's Pills with the Sarsaparilla. They aid in purifying the blood; and they cure constipation and biliousness.

HILO LODGE B. P. O. E.

How the Elks Manage Their Club Rooms With Success.

The Hilo Lodge of Elks has been comfortably located in new quarters in the upper story of the TRIBUNE building for nearly three months. The popularity of the Elk club rooms with members and visitors is due largely to the admirable system of rules adopted by the House Committee, which are consistently enforced.

The rules are as follows: The club rooms will be open for the reception of members and visitors at 8 a. m. The house will be closed at 12 o'clock midnight and all lights extinguished.

The club shall be closed during all regular or special sessions of this lodge.

All orders and matters connected with the service and management of this club shall pass through the chairman of the House Committee, or, during his absence, the senior member of the committee.

All supplies furnished by the club shall be consumed on the premises.

No member shall be allowed to introduce into the club rooms mineral waters, ales, beers, wines, or liquors from private stock without the consent of the House Committee obtained in advance.

No servant shall leave the club rooms for the service of any member or guest.

Members are prohibited from paying money to the servants of the club for anything whatever. Buffet tickets may be obtained from any member of the House Committee.

No game that the House Committee shall at any time declare objectionable will be permitted in any of the rooms of the club.

Parties that have played two consecutive games of billiards shall resign the table to others who desire to play.

There shall be no games played for a money consideration within the club rooms.

Upon the request of any member and with the consent of the Exalted Ruler, the chairman of the House Committee shall have the right to invite to the courtesies of the club.

The name and residence of every visitor, on entering the club house, must be inscribed in the visitors book in the handwriting of the member introducing him.

A list of all visitors to whom cards have been issued, granting the courtesies of the club, shall be posted upon the club bulletin.

No visitor, not an Elk, is allowed to spend any money in the club rooms.

Members are responsible for the conduct of visitors introduced by them.

The Exalted Ruler or House Committee may at any time cancel or revoke the privilege granted to any stranger or visitor.

Every member shall be held responsible for any damage to the property of the club, caused by himself or visitor introduced by him and such damage must be paid for at the time.

Alternate treating among members in the club rooms is strictly prohibited.

No dogs will be allowed within the club house.

No subscription list of any kind except such as may be related to club, shall be introduced into the club or circulated in the club house.

No member shall deface or take from the club house any newspaper, pamphlet, work of art or any article belonging to the club.

No notice shall be published in the club house except by officers of the club, and no notice be removed from the bulletin board without the consent of the House Committee.

No member shall give an entertainment in the club house without the consent of the House Committee.

No unbecoming conduct of any visitor, guest or member shall be permitted in the club house; nor shall any playing upon musical instruments or any singing at an unreasonable hour be allowed.

It is the duty of members to report violation of the above rule.

The House Committee is composed of Messrs. A. W. Richard-

son, chairman; A. Richley, C. A. Stobie, L. M. Whitehouse and Geo. P. Duncker.

The club rooms are to be provided with an abundance of the best literature. An order for newspapers and periodicals has been forwarded, which when filled will give members access to the best news and current thought.

The list of publications ordered is as follows: San Francisco Chronicle, San Francisco Examiner, Public Opinion, Literary Digest, World's Work, Everybody's Magazine, Leslie's Weekly, North American Review, Review of Reviews, Frank Leslie's Monthly, Cosmopolitan, Success, Harper's Weekly, Scientific American and Supplement, San Francisco Argonaut, Puck, Judge, Life, San Francisco Wasp, Saturday Evening Post, Harper's Magazine, Scribner's Magazine, Pearson's Magazine, National Magazine, Century, McClure's Magazine, Munsey's Magazine, Smart Set, Outing.

ANOTHER ERUPTION.

Martinique Visited By Still More Violent Eruptions.

Castries, (Island of St. Lucia, British West Indies), September 3.—The zone of destruction of Saturday night's eruption of Mont Pelee, Island of Martinique, paralleled that which destroyed the town of St. Pierre in May last, but spread some five miles more eastward.

The projection of destructive matter southward from Mont Pelee was almost identical with that of last May. The area embraced Morne Rouge, the southern spur of Mont Pelee, on which beautiful hill was the sanitarium of St. Pierre, dividing the Capote and Champs Dore valleys on the east and Ajoupa Bouillon and Marie Reine on the west, the market and cattle farms which supplied St. Pierre. The inhabitants were removed from this area, and also from the villages of Lorrain and Basse Pointe, at the base of Mont Pelee, after the May catastrophe but they were sent back by the government last week.

The gendarmes of Martinique officially report that 1060 were killed and 500 injured by the latest showers of fiery hail.

Warships and steamers are taking the inhabitants from the coast villages where the people from the inland places have also gathered for safety.

Survivors who have reached Fort de France describe the eruption as being the most violent yet experienced. The detonations were heard at the Island of St. Kitts.

The Vincent volcano, the Soufriere, was in eruption simultaneously. Awful detonations were heard along the southern islands to Trinidad.

Dangerous Ambiguity.

The following notice appears in a contemporary: "The editor desires co-respondents in all the principal cities."

Of course the compositor was mischievous and the proof reader was absent minded, but that little hyphen may get the editor into a lot of trouble.

What Is Pain Balm?

Chamberlain's Pain Balm is a liniment and, while adapted to all ordinary uses of a liniment, has qualities which distinguish it from other remedies of this class. Pain Balm is especially beneficial for rheumatism. Thousands of cases can be cited in which it has effected a cure when the sufferer had previously the best medical service without receiving relief. Pain Balm is positively guaranteed to give relief in the most severe cases of chronic or acute rheumatism.

Pain Balm heals bruises, burns and scalds in less time than any other treatment. It is "antiseptic" that is, it prevents putrefaction and by so doing generally prevents an unsightly scar remaining after the injury is healed. For lame back, lumbago and neuralgia, Pain Balm has no equal. It has the quality of "getting to the right spot." No sufferer from these distressing affections should defer a trial of this remedy. One application give relief. Try it. Hilo Drug Store sells it.

It's an easy job for the barber to part the hair on a head like this. It's just as easy to prevent baldness if you only do the right thing. Baldness is almost always a sure sign of neglect; it is the story of neglected dandruff. Dandruff is untidy, unnecessary, and unhealthy.

Ayer's Hair Vigor

cures dandruff and prevents baldness. You save your hair and you are spared the annoyance of untidy clothing. It also stops falling of the hair, and makes the hair grow thick and long. Do not be deceived by cheap imitations which will only disappoint you. Make sure that you get the genuine Ayer's Hair Vigor.

The only desirable means of reaching the Volcano. Connections at Mountain View with stages daily—morning trains going; afternoon trains returning. Fare from Hilo for the round trip \$8. This route is through Olaa plantation, the largest in Hawaii, virgin forests of koa and wild ferns, and through many coffee farms.

The natural wonders of Puna make that district the most interesting spot in Hawaii. One can spend a most delightful day exploring the underground caves, swimming in the famous Hot Springs and resting on the cool shores of Green Lake.

Excursion tickets between all points are sold on Saturdays and Sundays, good returning, until the following Monday noon.

Commutation tickets, good for twenty-five rides between any two points, and thousand mile tickets are sold at very low rates.

W. H. LAMBERT, R. R. ELGIN,
Superintendent. G. P. & T. A.

COOPER AND THE COMMISSION.

Matters Important to This Island Are Discussed.

Secretary H. E. Cooper was before the Senatorial Commission Tuesday, September 9, at Honolulu. He made several references to needed improvements for this island which will be interesting to TRIBUNE readers.

The secretary stated that another lighthouse was required on the coast of Puna, Hawaii, at Lelewi, the estimated cost being \$10,000. It would be necessary to have a fixed, bright light with a lens of the third or fourth order in order to obviate the danger of mistaking it for the light at Alia.

Still another light was wanted at Kailua, this solely for the accommodation of local steamships. A lighthouse of the sixth order and costing \$5,000, would be sufficient.

Secretary Cooper stated that the Hilo harbor improvement was one of the most important items he had to present. The estimate for harbor and breakwater was \$500,000. At present, Hilo harbor was an open roadstead and was in great need of protection by the construction of a breakwater from the shore, Blond reef and Cocoonut Island.

Mitchell—By what authority was this estimate made?

Cooper—The estimates were made previously by the Republic of Hawaii. No survey has been made by the Federal government.

Burton—Is it not so that all kinds of vessels go into Hilo harbor at any time without a breakwater?

Cooper—This is so except in the case of a north wind in which case vessels have to go to sea or be thrown on shore.

Burton—Are you sure of that? Have not navy vessels reported very favorably on Hilo harbor?

Cooper—That may be but I know that the harbor is dangerous without a breakwater. I was on board the Kinau in Hilo harbor in the month of February, 1900. Several merchant ships were in the harbor. There were also two or three small steamers and the United States survey ship Pathfinder. Almost without warning a northerly gale sprung up and it was only with the greatest difficulty that the different sailing vessels were gotten into positions where they were safe from the gale. All steamers kept up steam and in several instances, the machinery was kept moving to prevent carrying away the cables. One vessel was taken in tow by two steamers to a place less exposed than at the wharf. The danger was not considered over until the gale had abated. That is one experience I had myself.

Cooper—The estimate of cost of a postoffice at Hilo is \$16,000, this is according to detailed plans. The old building is not fit for occupancy.

Burton—That is largely the work of your delegate to Congress anyway.

Foster—Why not put up one building and have all the government offices in Hilo included therein.

Cooper—That probably will not be done, according to the plans. The harbor lines and location of the principal town of Hilo make such an arrangement undesirable. The Custom House should be constructed on the Waiakea side of the bay, while the postoffice should be located on the other side of the town, some two miles away.

Mitchell—Does not the government own lands in Hilo on which to erect public buildings?

Cooper—Yes; there is a site for the Custom House and another for the Postoffice.

On the labor situation Mr. Cooper spoke as follows:

"Since the Federal immigration laws came into force we have been deprived of one of our principal sources of labor supply and the result has been a stoppage of the onward march of development on account of the limited amount of unskilled labor.

"There has also been an increase in the wages of unskilled labor remaining here. The profits of the plantations have been greatly reduced. Many have not paid divi-

dends and many more have been so reduced as to result in great hardship to the shareholders. Our volume of trade with the Mainland has been reduced 50 or 60 per cent during the last year. When we were prosperous we had funds to trade with the Mainland. Now that we are cut off from our source of unskilled labor we are deprived of luxuries and even necessities.

"About 8000 Chinese have gone out of the country since the changed conditions and none are coming in. So far as the Japanese are concerned, they remain about the same in number."

Burton—How about the price of labor when your times were prosperous and the present time?

Cooper—The increase has been about 40 per cent. No native force can be drawn from. The Hawaiians are skilled laborers and will not work in the fields. As to Porto Ricans, about 2250 have been imported into the country. At first they were a disappointment but they are better now.

"By increased price of labor we may say that a large percentage of money paid to laborers instead of going to the Mainland in trade, goes to Japan and China. The Japanese and Chinese were satisfied with the wages in former years but they have taken advantage of our necessity to raise the price of skilled labor. The Chinese gather together a sufficient amount of money to support them in their own country and then they leave. With the increased price of labor they are enabled to do this much more quickly."

Mitchell—What would you recommend?

Cooper—I would recommend the introduction of a limited amount of Chinese labor for agricultural purposes only, on the same basis as that adopted by the Republic of Hawaii, the men to be here a definite period of time, returning to China at the end of that time.

Burton—The labor question you consider a most serious one. If you could have the same conditions as under the Republic would you be satisfied?

Cooper—We could then come in on an equal basis with the other States.

Burton—You would not be afraid of Cuban sugar then even with a reduction of the tariff?

Cooper—We would certainly be in a better position.

Burton—If the door were shut to cheap labor here and opened to cheap labor in Cuba with the additional advantage of reciprocity, a serious state of affairs would exist, would it not? The result would be a prohibitive one to your product, would it not?

Senator Burton to Governor Dole—Is your judgment the same as that of Secretary Cooper in this matter?

Dole—It is.

Volcano Active Again.

The volcano is acting in a most accommodating way this week. Sunday morning fire broke through the cracks of the lava which formed the surface of the lake that appeared September 1. The old crust has evidently solidified to such an extent that considerable force must be exerted from below to break it up.

Therefore the frequent upward movements of the lava produce a fine display of geysers through the cracks. Jets and fountains of lava shoot upward with enchanting effect as the tide of fire surges up from below.

Tuesday night a small cone formed in the center of the old lava lake where the molten flood broke through. For a considerable time there was a fine flow of lava from this aperture and it spread outward in waving lines of fire. As the volcano is now acting it is said to be more interesting than when the molten lake covered the bottom of the pit.

Pain-Killer, so justly celebrated was introduced to the public about sixty years ago, and now enjoys a popularity unequalled by any other medicine. For the cure of dysentery, cholera morbus, rheumatism, coughs and colds, scalds, burns, etc., it is without an equal. Sold by all druggists. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. Price 25c. and 50c.

TEACHERS READING CLUB.
Will Resume Work at Usual Place Tuesday Evening.
The Hilo teachers and former members of the Reading Club will meet at the Union school next Tuesday evening at 7:30 o'clock. The committees for outlining work this year are as follows:
Current Events—Misses F. Potter, Ellen Lyman and Mrs. Terry.
History (Roman)—Misses Deyo and Coan.
Literature—Mrs. L. C. Lyman and Miss McCord.
Art (Roman for the present)—Dr. F. Wetmore, Mrs. Severance and Miss Severance.
Nature Work—C. O. Smith and Prof. Henshaw.
As history naturally leads the course, other work will, as far as practicable, correlate with it. The new, and the passing event are provided for in "Nature-work," in one branch of art led by Miss Severance, in some readings from modern literature, and in "Current Events."
The program promises well, and it is hoped that any Hilo residents who are interested will join the circle, or attend as visitors, where they will be cordially welcome. The usual number of attendants last year was about thirty. Several valuable papers or addresses were presented by professional friends in our community—physicians, editors, clergymen, lawyers. Friends have also largely aided the aims of the society by loans of books and pictures bearing on and illustrating the subjects considered. The obliging librarian of the town library must not be left out of this count. For all these favors the above indicated ladies and gentlemen are heartily thanked.
The meetings are held Tuesday evenings every alternate week. The only expense incurred by the society is about \$25 a year for electric lights.
The subject in history at the meeting of next Tuesday is the account of early Rome through the "Period of Kings" to 510 B. C. Preparation for historical topics can be made from any ordinary historical work.

HILO WATER SUPPLY.
Improvements Which Give Us an Admirable System.
For many years Hilo has been without an adequate water supply and as for fire protection, that is something she has never known. Recent extensive improvements have been made which with those still in progress will give the city a water works system adequate for the present and for many years to come.
The water for Hilo is obtained from springs on lands at Pihouua at an elevation of 477 feet above mean tide water. From these springs it is conveyed through 4090 feet of 8 inch pipes to a tank at an elevation of 230 feet. From here it is distributed to the city through 6, 4 and 3 inch pipes. Careful examination and measurement of the flow of water from the 8 inch pipe at the tank shows that there is more than enough water delivered to supply the city of Hilo for many years to come. At night when the use of water practically ceases, more than two thirds of the water runs to waste through the overflow of the tank.
In designing the new system the Department of Public Works has decided that a reservoir of 1,000,000 gallons capacity should be constructed at this point. This would enable use to be made of the flow during the entire 24 hours and give a supply for emergencies of fire or difficulties in the supply.
It has been decided also upon completion of the reservoir to abandon the so-called lower spring as there will be no necessity for its use. The sooner this is done the better for the health of Hilo.

ROOSEVELT'S NARROW ESCAPE.
President's Carriage Collides With Trolley Car.
Pittsfield (Mass.), September 3.—President Roosevelt escaped a tragic death by only a few feet in a collision between his carriage and an electric street car in this city today, while one of his most trusted guards, Secret Service Agent William Craig, was instantly killed and David J. Pratt of Dalton, who was guiding the horses attached to the vehicle, was seriously injured. President Roosevelt himself was badly shaken up, but received only a slight facial bruise.
Secretary Cortelyou, who occupied a seat directly opposite the President in the carriage, sustained a minor wound on the back of the head, and Governor Crane, who sat beside the President, escaped without a scratch. The carriage was demolished by the impact of the rapidly moving car, and the wheel horse on the side nearest the car was killed. The crew and passengers of the car escaped injury.
The President and party were driving from this city to Lennox, through South street, one of the principal thoroughfares of Pittsfield which was lined with cheering people, and the catastrophe happened in plain view of hundreds whose happiness at the advent of the Nation's chief was suddenly turned to grief.
PRESIDENT CANNOT INTERVENE.
Investigation Shows That Roosevelt Can Do Nothing.
Washington, September 3.—Carroll D. Wright, Commissioner of Labor, was designated by the President in June to investigate and report to him the cause and conditions accompanying the present controversy between the Pennsylvania anthracite coal operators and their miners. Twelve days later Wright submitted his findings to the President.
After carefully going over the report, the President submitted it to the Attorney General, who, after giving it full and careful consideration, reports that the Executive has no power whatever to take action in the matter. The report, accordingly, is made public.

Directory of the Prominent and Progressive business men in the richest country in the Islands. If you have anything to dispose of it doesn't cost much to advertise it in this department. Write for rates.

HONOKAA.
HONOKAA is the most thriving community outside of Hilo on the windward coast of the Island of Hawaii. It is situated 50 miles from Hilo at an elevation of 1500 feet which renders the climate salubrious. Above the cane lands are numerous homesteads on which coffee, cane and vegetables are extensively cultivated. Regular stage lines connect with all outlying districts. The 4th Circuit Court meets at Honokaa annually in July. Regular steamers call to discharge and receive freight.
A. B. LINDSAY—General Merchandise, Post Office, School Agent.
CHAS. WILLIAMS—Attorney at Law, Notary Public.
DRS. GREENFIELD & R. G. CURTIS. Physicians and Surgeons.
J. M. MOANAU—Attorney at Law.
R. H. MAKEKAU—Attorney at Law.
A. J. WILLIAMSON—C. E. and Architect
AH FOO RESTAURANT—Meals at all hours. Tobacco and Cigars.
KWONG WAH CHAN—Merchant Tailor. Coffee Saloon and Restaurant.
M. V. HOLMES—Dealer in General Merchandise and Plantation Supplies. Fresh goods direct from San Francisco every month.
GEO. KAIZER—Prop. Honokaa Stables Staging and Teaming at reasonable rates in Kohala, Hamakua and Hilo districts; boarding a specialty, inquire for terms, contracts, etc.
MRS. E. HALL—Furnished Rooms to let.
WM. J. RICKARD—Notary Public.

KAWAIIAE.
This place derives its importance from being the chief port of South Kohala through which Waimea and Puako Plantations receive and ship their freight. Here mail is landed and carried as far as Honokaa by Vol. Stables stage line which runs through to Hilo.
WAH CHONG STORE—Chock Hoo—Dry Goods, Groceries, Chinese and Japanese Goods, Patent Medicines, Kawahae View Hotel and Restaurant.
JUDGE WM. HOOKUANUI—Notary Public, Postmaster, Agent for Wilder S. S. Co., and Light House Keeper.

NORTH KOHALA.
Comprises five sugar plantations, viz: Hilo, Union Mill, Kohala, Halawa and Niuli and the extensive areas of the Woods' stock ranch. Mahukona is the port from which runs the Kohala Railroad connecting the plantations.
W. AKUI—Dry Goods, Groceries, Boots and Shoes, Ready Made Clothes and Fancy Goods.
I. MATSU—Tailor—Makes suits in latest style.
S. NAKA—Watchmaker.
J. C. BURGESS—Painting, Graining, Paper Hanging and decorating.
UCHIYAMA—Barber—Haircut and Shave in best style.
HALAVA—Joquin Zablan—Dealer in Dry Goods, Groceries, Boots and Shoes, Hats and Patent Medicines.
NIULI—Kimu Pake—Dry Goods, Groceries, Hats, Shoes, Hardware.
KOHALA CLUB CO.—First Class Hotel Accommodations, Livery, Hack and Freighting. Meets steamers regularly at Mahukona.
KUKUIHAELE.
KUKUIHAELE is the most northern of the Hamakua plantations. It is situated on the brow of the great Waipio Valley a distance of sixty miles from Hilo.
TRY HAMAKUA SODA WORKS for gingerale.
J. G. JONES—Dry Goods, Groceries, Tobacco and Cigars, Patent Medicines, Boots and Shoes, Feed.
W. A. MCKAY—Saloon—Handles Primo Beer.
QUONG CHONG CO.—Dealers in General Merchandise, Drugs, Fancy Goods, Chinese and Japanese Goods.
WAIMEA.—Kamuela P. O.
At an elevation of 2700 feet between Mauna Kea and the Kohala mountains, twelve miles from Kawaihae and twenty miles from Honokaa, is the fertile plain of Waimea, admirably adapted for the cultivation of agricultural and vegetable products. This is the centre of the Parker Ranch, over which roam thousands of animals. The climate is ideal for a vacation outing.
WAIMEA VEGETABLE GARDENS will deliver by wagon or Kinuafresh, tender, crisp vegetables at reasonable rates.
AH YAU—Merchant Tailor, first class suits at city prices.
INOUE—First Class Hair Dresser and Barber.
SAMUEL K. PUA—Attorney-at-Law and Notary Public.

GENERAL

SOUTH KONA.
