CABLE ON STEAMER.

Line to the Islands to Be Completed Before January First.

London, Sept. 18.—The submarine telegraph cable which is to join the United States and Hawaii, as the first link in the system to the Philippines, has been completed and is now on board the cable steamer Silverton, lying in the Thames preparatory to sailing September 20th for San Francisco, whence the vessel will immediately begin laying the cable to Honolulu. The Silverton is expected to reach San Francisco early in December. The cable is wound around three enormous spools, each thirty feet in diameter. Its total length is 2413 miles. The strands are one to three inches thick. The total weight of the cable is 10,000 tons.

Vice-President Ward of the Commercial Pacific Cable Company, who sails for New York on the steamer Celtic tomorrow, said today: "The shipment of the cable gives assurance that the United States may look forward to being in telegraphic touch with Honolulu by the end of this year. The manufacture of the three remaining sections to the Philippines is progressing at the rate of fifty miles a day, and I am confident they will be finished by March and laid during next summer. Two cable steamers, the Colonial and the Anglia, will lay the line beyond Hawaii. I would like to see the entire project consummated by next Fourth of July."

"Pending the arrival of the Silverton work will be pushed on the underground cable approaches at San Francisco and Honolulu, each seven miles long. It will take the Silverton two weeks to unwind her spools between San Francisco and Honolulu. The service will begin immediately thereafter."

RUSSIA AFTER POACHERS.

Orders to Sink Piratical American and Japanese Boats.

London, Sept. 18.—In a dispatch from Odessa, the correspondent of the Standard says the Russian Minister of Agriculture and State Domain, M. Yermiloff, has announced that he has now taken effective measures for the suppression of the systematic poaching operations of Americans and Japanese among the seal and other sea animals on the northeastern coast of Siberia.

Although anxious to comply with the reiterated representations of Russia, the Washington and Tokio governments have failed to put an end to this illicit fishing in Russian waters. M. Yermiloff, continues the correspondent, now gives formal notice that American and Japanese poachers captured within the limits of Russia's maritime jurisdiction on the Siberian coast will be liable to three months' imprisonment and their ships and cargoes to confiscation. This order will be enforced by three fast gunboats. No discrimination will be made. The commanders and crews of poaching vessels will be subjected to the same punishment. In case of refusal to surrender or attempt to escape the commanders of the Russian gunboats are empowered to fire upon and sink the sea pirates.

Morgan Buys Steamers.

London, September 17.—A news agency says that the Norfolk and North American Steam Shipping Company, owing nine large steamers trading between England and the United States in connection with the Lehigh Valley and Reading railroads, has been taken over by the Morgan shipping combine. The agency's announcement adds that this report has created a sensation in local shipping circles.

McKINLEY'S ASSASSINATION.

Bishop Fallows Preaches in Chicago Against the Anarchy of Wealth.

Chicago, Sept. 14.—Chicago paid an impressive tribute to the memory of William McKinley. Throughout the city platforms and pulpits men of all nationalities and all creeds lauded the life and deeds of the martyred President. Musical services arranged especially for the occasion added in a great degree to the impression made by prayer and oratory.

The main meeting was held in the afternoon at the First Methodist Church, where the principal speaker was Bishop Fallows, who said in part: "The anarchy which knows no government and destroys rather than uplifts was responsible for the death of McKinley a year ago. We also have anarchism of wealth, which is used not for the welfare of mankind, but for its injury and oppression. The way to suppress anarchy is to keep in mind the sentiments of President McKinley and practice reciprocity at home first, and then abroad. Let there be reciprocity between capital and labor and a recognition of mutual rights. Let rights be given to employes as American citizens. What a spectacle is made when, in a conflict between capital and labor, men say: 'There is nothing to arbitrate.' Such action is akin to lawlessness. If we carry out President McKinley's idea of Christian reciprocity, however, all will be well."

Among the other speakers were Dr. Joseph A. Milburn, a brother of John C. Milburn of Buffalo, at whose house President McKinley died.

INDUSTRIAL REVOLUTION.

Radical Changes in Steel Manufacture in England to be Made.

London, Sept. 17.—In order to equip itself for a stern grapple with the United States for the markets of the world, the British steel and iron industry is undergoing reorganization on American lines, which practically constitutes a revolution in the country's entire manufacturing system.

Dozens of the greatest mills, foundries, turnaces and collieries of England, Scotland and Wales already are engaged in preparing for the wholesale remodeling process. Many tons of machinery that has stood the test of time is being ripped to pieces and thrown on the scrap heap to make room for new appliances manufactured in the United States. It is conservatively estimated that within the next two years the British steel mills will spend from \$25,000,000 to \$100,000,000 in bringing their plants up to the American standard.

Czar Disturbs Pope.

Rome, Sept. 15.—The announcement that the Czar, when he returns the visit of King Victor Emmanuel, will not call on the Pope, has seriously disturbed the Vatican. It is said that the Russian Minister to the Holy See will purposely be absent from Rome during the sojourn of the Czar here, so as to render it easier to ignore the Vatican. Papal diplomacy is doing its utmost to prevent such an awkward incident, which is attributed to the desire of the Czar to show his displeasure at the Pope's action in withdrawing the Papal Nuncio from The Hague because he was not invited to take part in the peace congress.

Burning Gusher Stops Flowing.

Beaumont (Tex.), Sept. 14.—The burning gusher ceased flowing of its own account this morning and the fire was easily extinguished. Smoldering fire at the big tank is all that remains of the flames.

PEARY BACK.

Returned After Passing the Eighty-Fourth Parallel.

Sydney (Cape Breton), Sept. 18. Robert E. Peary, the Arctic explorer, is home from the north after an absence of four years, his ship, the Windward, arriving here this morning from Cape Sabine, with all well on board. Peary did not succeed in reaching the North Pole, which has been for years the goal of his ambitions, but he did make the farthest north that has been reached through the Greenland route, his feat only being surpassed by Dr. Nansen and the Italian Duke of Abruzzi. The latter still holds the record.

Peary's most northerly point was 84 deg. 17 min. of latitude, which is in the Polar sea, northwest of Cape Hecla, a point on Grinnell Land. Peary reached this latitude after an arduous and perilous sledge journey, during the latter portion of which he was accompanied only by Matt Hensen, a negro companion, and two Esquimaux.

On a previous journey Peary reached latitude 83 deg. 27 min. This time he got, within less than six degrees of the pole. Dr. Dedrich, who quarreled with Peary and left the party, rejoined it at Etah and returned on the Windward. He has not abandoned the quarrel, and he and Peary did not speak on the voyage down.

KRUEGER TO SOUTH AFRICA.

British Government Will be Sounded on the Subject.

New York, Sept. 18.—A cable to the Sun from Amsterdam says: There is a movement among Krueger's friends to send him to South Africa. Krueger's family approves the plan. Krueger has given notice that he will vacate his residence in November, but he has not determined whether he will accompany the Boer Generals home, if he is allowed to go back. The Generals will sound the British authorities on this point during their coming visit to England.

Discovered Independence Mine.

Colorado Springs (Colo.), Sept. 14.—W. S. Stratton, the multimillionaire of this city, owner of the famous Independence mine in the Cripple Creek district, died at his home in this city at 9.35 o'clock tonight after an illness of several months. He had been in a critical condition for several weeks, and his death was expected at any time today. He had been unconscious throughout the day, and the relatives, including a sister, Mrs. Jennie Cobb of San Jose, Cal., who is the only near relative who survives him, did not leave his bedside at any time.

Troops Landed at Panama.

Panama (Colombia), Sept. 17.—Commander Potter of the United States cruiser Ranger will tomorrow morning place guards on the trains running across the isthmus. This step will be taken in addition to the marines landed this morning at Colon from the cruiser Cincinnati. It is not thought probable that the revolutionists will attempt to interrupt transit on the railroad.

Boxers Again.

London, Sept. 16.—A dispatch to the Standard from Shanghai says a force of armed boxers entered Cheng Tu Fu, capital of Szechuen province, September 15th. Some of them were killed or captured in the streets of the city and the shops there are closed. The military authorities are patrolling Cheng Tu Fu and the situation here is reported to be serious.

Deficit Was in the Chinese Trust Fund.

Treasurer Wright Did Not Misuse a Cent Belonging to the Territory—Henry Hapai's Accounts and Cash Were as Straight as a Die—Money Missing From Cooper's Special Fund Which is Reduced to \$11,000 From \$161,000,

Honolulu, T. H., September 25.—William H. Wright, Territorial Treasurer, disappeared yesterday leaving a shortage in his cash of \$17,949.91. The missing official is supposed to have gone on the Alameda, though the police made a thorough search of the steamer just prior to her leaving without finding him and some of his friends insist that he has not left the city. The shortage is not in the Treasury Department proper, of which Registrar Henry Hapai is in charge, but in the Chinese fund which was specially deposited with the Treasurer.

The shortage was first made known Tuesday when Treasurer Wright of his own accord informed Secretary Cooper that he had made use of the Territory's money but that he would make restitution immediately. Governor Dole was notified, and it was agreed to allow the Treasurer until yesterday to square himself. When, however, he failed to meet Secretary Cooper at 9 o'clock yesterday morning to make a settlement as he had agreed to do, Mr. Cooper became suspicious, and after waiting for half an hour informed the High Sheriff to keep a lookout for Wright. A search was made immediately for the missing treasurer, the Alameda being watched up to the time of her departure, and if Wright is aboard of her, he must have been securely hidden away by some friend. During the morning Secretary Cooper was placed in charge of the Treasury by Gov. Dole.

Following the failure of Wright to appear Secretary Cooper began an investigation of the Treasurer's account books, which was concluded shortly after 6 o'clock last evening. This showed the total cash in the treasury excepting special funds to be \$194,029.07, which is but four cents off, the shortage being entirely in the Chinese fund which was on special deposit with Treasurer Wright. This was the fund deposited with the government prior to annexation by the planters to insure the return to China of the laborers brought here under contract. The total amount which should have been on deposit is \$161,226.25, against which were drawn treasury warrants of \$131,674.54, leaving a balance according to the books of \$29,591.71. The actual cash found in the box in the safe to which only the Treasurer had the key, was \$11,601.80, leaving a shortage of \$17,949.91.

SECRETARY COOPER'S STATEMENT.
"I was specially commissioned by Governor Dole yesterday as his representative to look into the accounts of Treasurer Wright," said Mr. Cooper last evening after the investigation of the matter had been completed. "Mr. Wright came to me yesterday and stated that he was short in his accounts, but gave every assurance of making up whatever deficiency there was. He stated the amount of shortage, but I do not remember his exact figures now. He was to have met me this morning at 9 o'clock and straighten out the matter, and when he did not appear, naturally my suspicions were aroused and after waiting for half an hour I notified the High Sheriff. I immediately asked Registrar Hapai for a statement of the funds and cash on hand which he gave very promptly. In the latter part of the afternoon I began an investigation of the state of the funds. The Treasury funds were all accounted for, showing a deficiency of but four cents.

"In the Chinese fund which was on special deposit with Treasurer Wright the books showed:

Total Receipts.....	\$161,226.25
Treasury Warrants.....	131,674.54
Leaving a balance of.....	\$29,591.71

"I found cash amounting to \$11,

601.80, leaving a deficiency in the account of \$17,949.91.

"Mr. Hapai's account was found to be absolutely correct the cash on hand corresponding with the amount the books showed.

"The treasury funds were all accounted for. Under special deposits as follows:

Land Sales.....	\$ 39,976.80
Postal Savings Bank Account.....	2,270.18
Road Tax.....	33,480.60
Outstanding warrants 1888 and 1889.....	254.75
Total.....	\$ 75,982.33
Current Account, Silver.....	\$ 47,930.15
Gold.....	101,695.00
Drafts.....	52.85
Certificates.....	179.00
Mutilated Certificates.....	25.00
Debased Coin.....	139.75
Total.....	\$150,012.75

Cash Warrants.....\$ 43,535.82

Interest Warrant.....480.00

Cash Voucher......50

Total.....\$ 44,016.32

Showing a total of.....\$194,029.07

The Bookkeeper's accounts show.....194,029.11

"We also checked over the old gold and silver certificate account. The total amount of gold certificates issued was \$255,000 which has all been redeemed but \$315, for which the cash was on hand. Silver certificates to the amount of \$312,000 were issued, all of which were redeemed excepting \$4,050, and all redeemed certificates were found to have been cancelled, the account being found correct.

"The Chinese fund in which the shortage was found was the money deposited by the planters to secure the passage of Chinese for their return to China, after the contracts with the planters had expired. When the United States Treasury Department took over the Postal Savings bank and liquidated it, this money was deposited by Wray Taylor, Commissioner of Immigration, in the First National Bank. About a year ago as Acting Governor I ordered the money turned over to the Treasury, holding that it was a fund over which the Government had supervision. This money was specially in charge of Treasurer Wright and was kept separate from the money over which Registrar Hapai had control. It was kept in the safe, but in a separate box, to which Mr. Wright had the key. Mr. Hapai's accounts were found to be absolutely correct. The Auditor will be asked to go over the books of the Treasury Department tomorrow. As far as shown there appears to be no falsification of the books, the shortage being in the cash which should have been on hand."

BOOKS ALL RIGHT.

The books of the Treasury Department are said to be correct. Deputy Auditor Meyers said last night before the shortage had become known, that the books of the Treasury Department correspond exactly with those of the audit office, and he was at a loss to say where the shortage could have occurred. The examination of the books will be begun this morning.

Secretary Cooper will be in charge of the Treasury under a special commission for the Governor, and former Superintendent J. A. McCandless may be called upon to assist in the straightening out of the affairs of the Public Works Department.

GOVERNOR DOLE'S STATEMENT.

Governor Dole, when asked concerning Mr. Wright's disappearance, said:

"When we learned at 10 o'clock this morning that Mr. Wright could not be located, men were sent down to the Alameda to keep a close watch on the passengers and others going aboard. They did not see Mr. Wright nor hear anything of him. They probably

 GEO. S. MCKENZIE, Manager

(Continued from page 2.)

missed him by a few minutes. The probabilities are that a coal passer or an employe in the lower part of the ship assisted him in concealing himself. I have no doubt but that he went away in the Alameda."

When asked if there was a shortage, the Governor replied in the affirmative, adding that he did not know the amount as the investigation of the books had not been completed.

"Was the Treasurer under bonds?"

"The Treasurer has never been under bonds," replied the Governor. "The only one under bonds is the Registrar of Public Accounts, as he is supposed to be the only man authorized to handle moneys. I believe now that it would be wise to provide for bonding the treasurer as well as his subordinates in office. There are times, I presume, when a subordinate officer would yield to the wishes of his superior in matters pertaining to money affairs, in which case he would naturally be responsible. All other communities, I understand, provide for the bonding of the treasurer."

"The officers of the Alameda were notified of the disappearance of Mr. Wright and assisted in the search of the ship."

High Sheriff Brown stated to an Advertiser reporter that during the forenoon after 10 o'clock his office was notified by Secretary Cooper to search for Treasurer Wright. Police were sent to the dock to keep a lookout for the official and he personally went there to watch proceedings. Shortly after 12 o'clock he boarded the vessel with Captain Harry Flint and for three quarters of an hour made a search. Both officers looked into each stateroom, explored every deck, went into the stoker's hold and Captain Flint had peered into the ship's boats hanging at the davits. Nothing was seen of Wright and at ten minutes to 1 the Sheriff left the ship.

Cooke, who drives hack No. 60, on the 113 stand on Merchant street, stated to other drivers on the stand that about 10 o'clock yesterday morning, he picked up Treasurer Wright in town and took him to the Inter-Island wharf. Later he said that Mrs. Wright was a dock passenger about noon.

Some one was reported to have said that they saw Wright in the second cabin of the Alameda between 10 and 11 a. m.

Mrs. Wright said yesterday to the High Sheriff that Mr. Wright had left home in the morning as usual, and given no sign of any intent to leave. She said further that she had not seen her husband during the day and knew nothing of the reputed shortage.

There are rumors that Wright let it be supposed he would leave on the Alameda but is in hiding to catch the China.

RUSSIA OFFENDS ENGLAND.

Lessar's Expulsion Plan May Dis-
 turb Friendly Relations.

London, September 13.—The Russo-British relations will not be improved by the latest Muscovite movement in Manchuria. If M. Paul Lessar, the Russian Minister to China, has ventured—as Pekin advices assert—to select British born members of the Chinese Imperial Customs Service for exclusion from the vast segment of the Chinese empire still occupied by Russian troops, he is guilty not only of a gross breach of international courtesy, but has made the crowning blunder of a muddled career at Pekin.

At the British Foreign Office strict silence is observed regarding the reported affront, and most of the leading organs of public opinion are almost equally reticent. There is no disposition to find imaginary grievances and any logical explanation M. Lessar's action, should reports prove it well founded, would be accepted by Lord Lansdowne, who holds with Salisbury that there is room enough in Asia for both Russia and Britain. But if the Lessar incident has been correctly stated, the British government will be compelled to take sweeping action to enforce British-Chinese rights under the long understanding as to the customs management between Peking and London.

GUAVA JELLY AT PUNA.

Plant Erected to Make This Delicacy on Wholesale Lines.

Puna District has developed another wholesale industry and now, in addition to furnishing the world with sparkling Volcano water will also supply it with guava jelly by the carload.

The Hawaiian Guava Packing Company has a lease on a tract of Puna land four by two miles in extent. This land is covered with a dense growth of guava bushes which yield in abundance.

Under the management of F. J. Chapman, a plant for the manufacture of guava jelly has been installed. Operations will be begun this week. The present capacity of the establishment is 200 dozen jars of jelly per month. The firm has adopted a one pound glass jar as its standard size.

The jelly from the guava is not to be the only product of this concern. It will manufacture guava marmalade, and from the pulp will distil a fine grade of vinegar. There will be no waste product of any description. Everything will be utilized.

Machinery of the most improved type has been ordered in the East which includes a continuous evaporator. When this arrives guava juice will be poured in at one end and at the other, jars of pure guava jelly will be taken out.

There is a good local market for the product, and on the Coast markets, the guava jelly is so well known that Mr. Chapman expects his business to be limited only by his capacity to turn out the goods.

BOSS SHEPARD DEAD.

Amassed a Great Fortune in Mexican Mines.

Chihuahua (Mexico), Sept. 13.—Alexander R. Shepard, better known as "Boss" Shepard, news of whose death at Batopilas, state of Chihuahua, has reached here, leaves a fortune conservatively estimated at \$6,000,000. This estimate is made by mining men who have knowledge of his mining operations and holdings at Batopilas. He has made all this fortune during the nineteen years that he has been in Mexico. He went to Batopilas without a dollar of his own, but he was the representative of New York capitalists who had faith in his honesty and business capacity.

Batopilas, where he located, is situated in the heart of the Sierra Madres, more than 200 miles from railroad connection. In that remote mining camp, as the manager of the Batopilas Mining Company, he developed some of the richest mines in Mexico. He converted the camp into one of the beauty spots of the republic. Streets were paved, the town provided with water, and sewer systems and a large public library established for the benefit of his workmen.

If you have Sore Throat Pain-Killer will cure it. If you have a cough or cold, Pain-Killer will end it. If you have cramps or diarrhoea, Pain-Killer will relieve it. If you cut, burn or bruise yourself, Pain-Killer will stop the pain. In short, a bottle of Pain-Killer on your shelf will save you pain, time and money. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. Price 25c. and 50c.

WHO MISAPPROPRIATED?

When Acting Governor H. E. Cooper, in the summer of 1901, ordered the Chinese fund of upwards of \$200,000, transferred from the First National Bank to the vaults of the Territorial Treasury he was guilty of appropriating money to improper uses. He was guilty of applying money that belonged to Chinese residents of this Territory, to the payment of public obligations and the running expenses of this Territory, without warrant of law or justification in equity.

It was an act affording just grounds for his impeachment and removal from office.

Had Acting Governor Cooper found a purse on the sidewalk, containing \$10,000 and the name and address of the owner, and had he turned the contents of this purse into the Territorial Treasury for the purpose of paying public expenses, his act would have had as much legal and moral justification as the one he committed.

At the time Acting Governor Cooper ordered the transfer of this fund, it was supposed to amount to \$216,000. As a result of his order something over \$161,000 went into the Treasury. Of this there now remains but a little over \$11,000. Treasurer Wright had as much right to spend the whole fund for his own use as the Territory had to use it for the public business. A Territory or a State through headstrong and unprincipled officers may commit greater wrongs and crimes than an individual. Wright's offense is a bagatelle compared to that of the Acting Governor.

The Chinese fund grew out of the Immigration laws of the Republic. Under a penalty, each plantation was required to deduct from the wages of Chinese \$1.50 per month, the same to be deposited with the Postal Savings Bank. Each laborer thus had a credit, which at the expiration of this contract was available for the purchase of a ticket back to China. Any surplus over the price of the ticket was to be repaid to the laborer from whose wages it had been deducted. This law resulted in the accumulation of a fund of many thousands of dollars.

The Organic Act specifically repealed the Immigration laws of the Republic. It also destroyed the Postal Savings Bank. The affairs of the Postal Savings Bank were settled properly with the exception of the Chinese depositors. They were as much entitled to the return of their deposits as any other patrons of the institution.

They were not reimbursed. The aggregate of their deposits made up a fund of nearly a quarter of a million. The Acting Governor could not keep his hands off this glittering pile. It has been wrongfully misappropriated and dissipated in the payment of government bills, with the exception of \$29,591.71. Of this, Treasurer Wright is said to have absconded with \$17,949.91, leaving \$11,601.50 in the Treasury.

Upon analysis, the crime against the Territory vanishes. The real crime consists in the deprivation of a few thousand Chinese of money justly belonging to them. The Territory as the fiduciary guardian of all who toil within its borders, should have administered this fund with credit to itself and justice to

the owners of the coin. To have dissipated the fund in building roads or paying salaries was to invite the slight kick from Retributive Justice, in the form of an absconding Treasurer.

MONUMENTAL FOLLY.

Thomas Fitch in his testimony before the Senatorial Commission was the only witness to refer to the monumental folly of Governor Dole and Secretary Cooper in connection with the Chinese trust fund. Mr. Fitch said to the Senators:

"With some reluctance I offer a word of criticism concerning the action of Secretary Cooper and Governor Dole. Both are lawyers, both have been judges and both are gentlemen of well deserved reputations for probity. Both know the sacredness of a trust fund and especially of a fund in which a portion of the scanty earnings of poor and helpless aliens have been deposited in order to enable them when their term of service should expire, to be returned to their native land. How it was that Secretary Cooper found it consistent with his legal knowledge, and his business acumen, to take a trust fund of \$160,000 from the safe custody of a National Bank and place it in the hands of an official who gave no bonds, I cannot comprehend, and it is still more incomprehensible that Governor Dole should have permitted this trust fund to be used for ordinary public expenditures, and allowed unavailable Treasury warrants to be substituted for gold coin."

DOLE FLOUNDERS.

With the Senatorial Commission on his hands and an eruption in various departments, Governor Dole has talked for publication more during the month of September than during all the rest of his term as Governor. What he has said has not added to his halo.

He has told us that he is not certain but that it would be a good thing to require the Treasurer of the Territory to give bonds. With the naivete of a schoolgirl, he states that he understands this to be the custom in other communities.

He makes it clear that he is in no way responsible for his appointments. Had it not been for the recommendations of the Hon. S. M. Damon and the recommendations of Home Rule politicians, he would have had a model cabinet about him. So says the Governor and his apologists.

All of which is taking the long road to say that Governor Dole's official record is a record of weak kneed compromise, vacillation and neglect of the business side of his duties.

Governor Dole cannot be held responsible for the dishonesty of subordinates. Neither can he shift his appointive responsibility upon friends who made recommendations.

SYSTEM IS BAD.

The avalanche of official malfeasance that has come to light in Honolulu, while deplorable, is not cause for despair. The proportion of honest men in Hawaii is as high as elsewhere. The people here are as capable of self government as they were before the speculations at the Capitol building were discovered. A businesslike system with businesslike men in control is as necessary here as it is at Washington or any other capitol where public business is hedged about by modern laws and regulations. Administrative officials in Hawaii have always had too much latitude. Here a disbursing officer requires as much "discretion" as a Supreme Judge. A Sheriff by his duties, is compelled to be part executive, part legislative and part judicial, part lawyer and expert accountant. The miracle of all is that the ramshackle system has not landed every public official on the "reef" before this.

If the Chinese depositors in the Postal Savings Bank had been paid back their money as other depositors were, the record of the present Territorial administration would have been better to look upon.

CUPID WILL WIN.

A gentleman competent to judge of public opinion on this island returned last Saturday from a trip through Hamakua. He gives it as his belief that Prince Cupid will carry this island by a safe majority. He finds on inquiry among the Hawaiians that they are more than willing to drop Wilcox for Prince Cupid. In notorious Home Rule strongholds the sentiment in favor of Wilcox is noticeably on the decline. The bets on this island are in the Prince's favor.

The passage of the Organic Act annulled the Immigration laws. Hence, since June 14, 1900, any disposition made of the Chinese fund or any portion thereof, not in accord with the plan of winding up the affairs of the Postal Savings Bank was wrong and without warrant of law.

Henderson Refuses Renomination.

Dubuque (Ia.), September 16.—Speaker Henderson, finding that his views in opposition to the treatment of trusts by reducing the tariff in whole or in part are not in accord with the views of many of his party in Iowa, today declined to accept the nomination for Congress and has withdrawn from the race.

BY AUTHORITY.

SEALED TENDERS.

Sealed tenders will be received by the Superintendent of Public Works until 12 m. of FRIDAY, the 31st day of October, 1902, for furnishing and erecting two steel bridges in the city of Hilo, Island of Hawaii, Territory of Hawaii. One over Waiakea river, 100 foot span, pin centers. One over Wailuku river, 170 foot span, pin centers: both bridges, 20 foot roadway and two (2) four foot sidewalks.

LOADING.

Bridges to be proportioned for 12 ton steam road roller, ten foot wheel base. Balance of roadway and sidewalks, 100 pounds per square foot.

FLOOR SYSTEM.

Steel floor beams and wooden stringers and wooden flooring. Bridge to be so proportioned and detailed that steel stringers, buckle plates and concrete and bitumen floor system may be substituted for wooden stringers and floor.

Steel hand rail on sidewalks. All to be in conformity with Cooper's specifications.

Contractor will submit with proposal, strain sheets, showing strains and sizes of each member, with plan and details; shop drawings to be approved by Superintendent of Public Works.

Contractors will state in their proposals:

1st. The sum for which they will furnish each structure upon the site ready for erection.

2nd. The sum for which they will erect each bridge ready for travel.

3d. Contractors will state on proposals, the time for delivery of each bridge at site; also time required to erect bridge ready for travel.

Piers and abutments will be erected by the Department of Public Works.

Bridge sites are within one (1) mile of Government Wharf, Hilo Harbor.

The Superintendent of Public Works reserves the right to reject any or all bids. Contract to remove old structures.

JAMES H. BOYD,
Superintendent of Public Works.

The time for receiving bids for bridges, Waiakea and Wailuku rivers, Hilo, has been extended to November 28, 1902.

JAMES H. BOYD,
Superintendent of Public Works.

CHOPPED OF FINGERS.

Japanese Vivisects Himself Because Wife Lies and Wants to Live in Honolulu.

Sugimura, a Japanese living at Waikeia is thoroughly in love with his wife. It is doubtful whether any other wife in Hilo is as intensely loved by her lord and master as is this selfsame Mrs. Sugimura. Mr. Sugimura is also a lover of truth. He especially admires this virtue in his spouse. At any rate he makes an abnormal sacrifice every time his better half is guilty of a lapse from the verities.

The Sugimura household has recently been rent with internal dissension, growing out of jealousies and misunderstandings. The husband seems to have had reasons to believe that his spouse had been untruthful to him.

He therefore wrote her a sweet note inclosing his little finger which he had neatly cut off with the meat ax. He told her that she had been guilty of ten lies; that he had ten fingers and would cut one off each day until she promised not to lie any more.

Unfortunately, the husband got drunk on the second day and was run in by the steership Captain Lake. His finger cutting program was temporarily interrupted. He paid his fine Wednesday and is free to continue the amputation of his digits.

Madame Sugimura precipitated the whole campaign of vivisection by insisting that she would rather live in Honolulu than Hilo. The husband, loyal to the Crescent city proposes to stay here in pieces if he cannot remain whole.

Deputy Sheriff Overend has digit No. 1 preserved in alcohol, a greswome bit of testimony to the love of truth and loyalty to Hilo.

DEATH OF CHARLES ANDREWS.

Dies of Heart Disease After an Illness of Four Days.

Charles Andrews, one of Hilo's well known citizens, was taken ill Sunday, September 20th, and after four days died. His death was the result of heart disease combined with liver trouble. The funeral was held from his residence on Volcano street.

The deceased leaves a wife and four adopted children. He was related to several prominent families in Honolulu, Mrs. L. C. Ables and Mrs. J. H. Fisher, being sisters. At the request of his relatives in Honolulu the body may be exhumed and taken to Honolulu for final interment.

You cannot register in Hilo after October 9. Attend to the business at once.

The schooner Transport, eighteen days from Seattle, arrived yesterday afternoon with a cargo of lumber for the Hilo Mercantile Co.

The Falls of Clyde, Captain Matson, arrived Tuesday sixteen days from San Francisco, with a general cargo and the following passengers: Mrs. Sherman, Mrs. D. W. Marsh, Mrs. Charles Kluegel, H. M. Swinnerton and Mrs. Clark Smith.

Marston Campbell, Assistant Superintendent of Public Works, broke a leg in an accident at Honolulu Tuesday morning. He was driving in a buggy. A wheel was caught against a street car rail and snapped the axle causing a general mixup.

If this warm weather still continues, you will need to have quite an assortment in your Ice Chest, and among the principals, there should be some nice cool beer. We have the beer and your Ice Chest will do the cooling for you.—W. C. PEACOCK & CO.

I. E. Ray this week sold to a Chinese association, one-tenth of an acre on Front street for \$1500. The lot is situated on the mauka side between Hackfeld's coffee mill and the Hilo Mercantile warehouse. Mr. Ray also sold a lot adjoining without street frontage for \$500.

You cannot register in Hilo after October 9. Attend to the business at once.

F. J. Bryant, who is in Hilo with the object of arranging a fight for Mr. Billie Woods of Honolulu, finds he cannot find a good local man to meet Woods so has arranged a contest between Spinder Jackson of Honolulu and Joe Decker of this city to take place October 11th.

The members of the Senatorial Commission gave a small farewell dinner at the Hawaiian Hotel Monday night. Messrs. A. B. Lobenstein and Major Purdy of this city were present. Souvenirs of intertwined silk American and Hawaiian flags and miniature koa calabashes were presented to the guests.

SORE AND SWOLLEN JOINTS, sharp, shooting pains, torturing muscles, no rest, no sleep—that means rheumatism. It is a stubborn disease to fight, but Chamberlain's Pain Balm has conquered it thousands of times. One application gives relief. Try it. The Hilo Drug Store sells it.

Mr. Enos, of Wailuku, probably the oldest Portuguese resident on the Islands, was in Hilo last week with his wife and daughter on a pleasure trip. Mr. Enos came to the Islands fifty-four years ago and had not visited the Crescent City since 1852. While in the city he occupied a suite of rooms at the Peacock.

You cannot register in Hilo after October 9. Attend to the business at once.

The Knights of Pythias will throw open their halls again tomorrow night to their feminine friends. An interesting program has been arranged and the invitation to be present is extended to all. The Knights propose to make these Saturday evening parties a regular thing. They know how to make it pleasant for visitors.

C. H. Kluegel is acting superintendent of the Hilo Railroad in the interim between the going of Mr. Dennison and the coming of Mr. Lambert. Mr. Lambert is expected home on the next Enterprise. Mr. Kluegel says the order for the steel bridges to be used in the uptown extension are being filled in the East as rapidly as possible and that when they arrive it will not be long until the extension is built.

DAMON'S VIEWS.

Says Wright's Troubles Do Not Reflect on Hawaiians.

Hon. Samuel M. Damon, Minister of Finance under the monarchy and the Republic, was asked this morning by a Bulletin reporter for his views on the situation with reference to the Treasurer from his standpoint of official experience as well as large interest in all matters relative to the welfare of the Territory.

"The unpleasant situation that has arisen with reference to Mr. Wright's conduct in the Treasury," Mr. Damon proceeded to reply, "has called forth a great deal of feeling on the part of the community, and much of this feeling has been directed against Hawaiians holding important offices and positions of financial trust under the government.

"Realizing this feeling and from my previous connection with the Treasury, I am led to think that the trouble in connection with Mr. Wright dates farther back than this particular case, and that much of this difficulty might have been avoided by a closer inspection by the authorities and especially by the Auditor.

"I am quite aware that the Governor has stated that Mr. Austin is my appointee. I am quite aware and hold myself in readiness to bear my share of this responsibility, for he was appointed upon my recommendation. But it is hardly fair to go so far back as the original appointment of Mr. Austin.

"What is needed in public as well as in private business is the constant and unremitting attention to details of all financial institutions. It is neither fair to the executive nor just to the subordinate to permit unrestricted conduct of money affairs without personal inquiry.

"Had Mr. Austin thoroughly, or had the executive and the auditing department thoroughly investigated, as was their duty under the Act, the entire working of the Treasury, this lamentable condition would have never arisen.

The Banana Trade.

Peter Lee is still enthusiastic over the outlook for bananas. He believes a flourishing business can be done in the line from this port and that a demand will always exist for Hilo bananas that will build up a thriving growing business on this island.

Mr. Lee's first consignment was by the last Enterprise. From his experience in receiving bananas at the wharf, he finds it impracticable to take them by weight. Bananas come packed and there is neither time nor facilities for weighing them. He therefore will measure the bunches in the future instead of weighing them. He wants all bunches to come up to the 9-hand measurement and will pay a price equivalent to 14 cents a pound.

Paper Mill Prospects.

S. M. Mayer, who has been in the city two weeks investigating the possibilities of manufacturing paper from bagasse, left this morning by the Claudine for Honolulu. He believes there will be a paper mill at Hilo within one year. Mr. Mayer did not secure the promise of enough bagasse to warrant the erection of a mill, but he did not go away without substantial encouragement. He found over here another very important supply of fibre which he thinks will justify his company in proceeding at once to the erection of a mill. This will be finally settled when he reaches Seattle. One thing he will recommend Hilo over any other place in the Islands for the location of a mill.

Is a Growing Line.

Captain Harris of the Chas. Levi Woodbury, said to a representative of the TRIBUNE Tuesday that the Julia E. Whalen would be put on the run between Honolulu and Kauai. This steamer was recently purchased by the owners of the Chas. Levi Woodbury at Honolulu for \$2000. It is considered worth \$500 by shipping men. An agent at work for the firm reports good business in sight on her proposed new run. She will be brought to Hilo by Captain Harris in place of the Woodbury on her next trip and after that will go to the Garden Isle.

The schooner Chas. Levi Woodbury arrived from Honolulu Monday with a general cargo. The schooner under the capable management of Captain Harris is getting her share of the trade between Hilo and Honolulu and intermediate points.

First Foreign Church.

Sacrament of the Lord's Supper will be celebrated at close of morning service. Praise Meeting at 7:30 p. m. Subject "Songs of the Bible." Familiar hymns will be sung by the congregation. Special music by choir with organ and violin accompaniment. Everybody welcome.
F. L. NASH.

Register

The Registration Board was at Puna yesterday. One more session will be held in Hilo. Mr. E. E. Richards of the Board says that Hilo voters have neglected the matter of registering more than any other District. The falling off in this precinct accounts for the low returns shown by the total footings.

Outgoing Claudine Passenger List.

Princess Kalanialoale and maid, Miss Jones, Mrs. Cockett, Prince Kuhio, Judge Archie Mahaula, Theo. Wolf, H. G. Greatrex, H. B. Sinclair, J. Wakefield, M. Brown, G. J. Andrews, J. M. Coulson, S. M. Mayer, Mary Atlas, Rev. A. V. Soares, Mrs. Charles, Mrs. K. Fulbrook, W. H. Campbell and wife, Mrs. F. L. Winter and son.

AUDITOR AUSTIN SUSPENDED.

Will Contest Governor's Action in the Court.

Auditor of the Territory, H. C. Austin, has been suspended from office by Governor Dole and Deputy Auditor Henry C. Meyers placed in charge. The order of suspension was issued by Governor Dole September 25 and contains seven charges of official misconduct and neglect of duty. The order says: For the foregoing reasons and in the interest of an honest administration of public affairs in this Territory, I, Sanford B. Dole, Governor of said Territory, hereby suspend you from the office of Auditor of said Territory, pending such answer and defense as you may see fit to make to the foregoing statements, charges and specifications, and such further investigations as may be made relative thereto. You are hereby ordered to turn over all books, accounts and other records of the office of Auditor of said Territory to Mr. Henry C. Meyers, Deputy Auditor of said Territory.

SANFORD B. DOLE, Governor of the Territory of Hawaii. Governor Dole, upon receiving Mr. Austin's letter of refusal, requested High Sheriff A. M. Brown to serve the notice of suspension upon the Auditor, also to deliver the following letter to Deputy Auditor Meyers:

Honolulu, Sept. 25, 1902. Mr. Henry C. Meyers, Deputy Auditor of the Territory of Hawaii. Sir:—Mr. Herbert C. Austin, Auditor of said Territory, having this day been suspended from said office by me, pending such answer and defense as he may see fit to make to certain statements, charges and specifications of official misconduct made by me against him, and such further investigation as may be had relative thereto, I, Sanford B. Dole, Governor of said Territory, hereby direct you to take charge and control of the books, papers, accounts, records, and all matters and things pertaining to said office and to conduct the said office until further notice.

SANFORD B. DOLE, Governor of the Territory of Hawaii. The above order was made after a refusal on the part of the Auditor to comply with Governor Dole's request that he resign. Before the order of suspension was issued, Auditor Austin directed a communication to the Governor, setting forth that the executive had no power to suspend without a trial. Austin's letter closed with this paragraph:

I deem it my duty to thus advise you of my views upon this matter, arrived at as the result of much consideration, and supported by the advice of counsel, in order that you may possibly be deterred from an act which, if attempted, might lead to violence, and other unhappy consequences.

The Governor's order was followed up by placing police about the Auditor's office with instructions not to allow Mr. Austin to enter. Mr. Austin has secured legal counsel and will contest the matter in the courts.

Kindergarten Work.

The time having come to solicit funds to meet the yearly expenses of the Free Kindergarten, a few words in regard to the school may be of interest.

The term opens with seventy children in attendance and applications for admittance still coming in. The principal, Miss Harriet Huggins, a trained Kindergarten teacher from Oakland, is assisted by Miss Mealoa Uili, Miss Emma Porter and Miss Helen Kalina.

The growing appreciation of this work for little children of the various nationalities in our midst will be encouraging to the people of Hilo and vicinity who have so willingly contributed to the support of the school during the past seven years.

The ladies of the committee bespeak the good will of the newer residents to whom they may appeal for the first time. Donations from those who may not be called upon will be gladly received by the treasurer, Mrs. W. S. Terry or by members of the soliciting committee, Mrs. Balding, Dr. Wetmore, Miss Lyman, and Miss Deyo.

Claudine Passenger List.

October 1.—J. Morrison, J. A. Fuller, Mr. and Miss Paine, J. C. Fitzgerald, P. Peck, H. C. Restarick, E. G. Majohalla, Mrs. J. Bohnenberg, F. J. Bryant, Geo. Andrews, Major Purdy, H. B. Gehr, A. B. Lobenstein, Miss M. A. Lo.

CHINESE PRISONER ESCAPES.
Severs Manacles With an Axe and Slopes.

Kan Kau, the Chinese who was serving time for an attempt to murder his wife, escaped from the chiangang last Monday. Kan Kau was a bad prisoner, having at one time attacked a guard with a hatchet. Since that time he has been decorated with about 25 feet of chain fastened to an ankle with a band of case hardened steel.

Kan Kau has been serving as cook for a gang of prisoners employed on Sheriff Andrews' garbage farm. He became industrious Monday and chopped wood. When no one was looking he would smite his chain with the blade of the axe. He thus effected his escape. He carries with him as a reminder of happy days, about two feet of chain rivited to his leg.

Honolulu Notes.

Prince David has been named by the Democratic Executive Committee as a candidate for the appointment as Treasurer of the Territory to succeed W. H. Wright. Hon. S. M. Damon was appointed to present Prince David's claims to Governor Dole.

Judge DeBolt was formerly inducted into office Saturday, September 27. His first case was a divorce suit.

The members of the Senatorial Commission were entertained Saturday night at a magnificent luau given by Mrs. H. K. DeFries. The party was given an insight into old fashioned Hawaiian hospitality.

Dissolution of Partnership.

The partnership heretofore existing between W. A. Fetter and H. W. Ludloff under the firm name of the Hilo Bakery, is this day dissolved, W. A. Fetter retiring. H. W. Ludloff assumes all liability and all bills due the firm are payable to him.

Top Notch Coffee.

The L. Turner Co., received returns last week from a shipment of one ton of coffee to San Francisco for which a price of 19 cents a pound was obtained. This shipment was from selected hand picked coffee and merely shows what the best Hawaiian product will bring. The same consignors have hitherto received from 10 cents to 15 cents for coffees with which less pains was taken.

Hilo Grangers Meet.

The Hilo Agricultural Society held its regular monthly meeting last Monday in the offices of Chas. Furneaux. B. Kuhns of Kaiwili exhibited a fine display of flowers, showing the possibilities in floriculture on this Island. The principal topics discussed were coffee, bananas and pineapples. The constitution and by-laws of the society have been drafted. The next meeting will be held the last Monday of this month.

Impure Blood

Impure blood will always make you sick. You suffer from headache, great depression, indigestion, sleeplessness, a bad skin, extreme exhaustion, and you can hardly drag yourself about.

Read what Mr. H. J. Matthews, of Wellington, New Zealand, says about this. He also sends his photograph.
"I have suffered a great deal from impure blood, especially from boils on my arms and back. I felt weak all over and was greatly depressed. I began to use Ayer's Sarsaparilla. After taking only a little of it I felt better, and soon my troubles disappeared. I believe this medicine is the best blood-purifier and the strongest tonic that any one can buy."

**AYER'S
Sarsaparilla**

There are many imitation "Sarsaparillas." Be sure you get Ayer's.
Use Ayer's Pills every time your bowels become constipated, or when you are bilious or have sick headache. They cure quickly.

TEACHERS MEET.

Hilo Teachers Union Holds Thirty-Fourth Quarterly Meeting.

The thirty-fourth quarterly meeting of the Hilo Teachers' Union took place Friday, Sept. 26. Mr. C. O. Smith being ill, the chair was filled by Vice Chairman Mrs. L. C. Lyman. The meeting was opened with prayer by Rev. Baptist. The secretary, Mrs. Kelsey, being absent, Miss Carr was chosen secretary pro tem. The roll was called and a number of the teachers responded with interesting accounts of pleasant and instructive vacations.

Next in order was the election of officers. The following were nominated and elected: Mrs. L. C. Lyman, president; Miss Coan, vice president; Miss Carr, secretary and treasurer. A communication from the Secretary of the Board of Education was read by Miss Deyo stating that the only instruction in agriculture would be given at the Normal, as other attempts had proved unsatisfactory. Miss Deyo extended a cordial invitation to all to attend the fortnightly reading circle, the principal subjects being Roman history, art and literature.

The business being concluded, the program was opened by an instructive article on Austrian salt mines read by Miss Severance.

Dr. Russel of Olaa followed with a much appreciated talk on good citizenship, pointing out the difference between direct and indirect taxation and the means by which the lower classes need not be unjustly taxed. He spoke of the great influence of the teacher and expressed the hope that teachers would use that influence to the best advantage.

The usual intermission was declared in which the teachers paid the yearly fee of 15c. Miss Higgins, accompanied by Mrs. Tracy, kindly favored the meeting with a pleasing violin selection.

In a delightful paper Miss Ward gave her experience with Porto Ricans. All felt that the Porto Ricans have a friend in this charming woman.

In a few well chosen words Mr. Baldwin spoke to the teachers about the advisability of preparing daily and term plans and giving a weekly report of work done. He mentioned the difficulty of teaching language to non English speaking children and advocated the Five Step method as a means of getting over the difficulty. The value of stories from an ethical standpoint was also brought out in his talk, and he entreated the teachers to lay stress upon the same.

The subject of volcanoes was well handled by Miss Lyman and Miss Potter. The former gave an account of Mont Pelee, the eruption, its cause, destruction of St. Pierre, loss of life, etc., and Miss Potter followed with an explanation of class room work. A number of the pupils read papers showing that they had grasped the subject. The children had put drawings of explosive and non-explosive volcanoes on the board and had modeled the same in sand showing that they had a clear conception of same.

The time being up, the remainder of the program was left to the next meeting and the President thanked all who had taken part. Mr. Lyman announced December 5 as the date of the next meeting, with Mr. McClusky, Miss Severance and Miss Dillon as the committee to prepare the program.

NELLIE CARR,
Secretary.

ROOSEVELT ENDORSED.

Republicans of New York Want Him Re-elected.

New York, September.—There was a conference of prominent New York State Republicans today, and at its close Senator Platt gave out as the chief result of the meeting this statement:

"It was decided to endorse Mr. Roosevelt and his administration and so far as it is in our power to endorse him for 1904."

Senator Platt said that no other subject was discussed at the meeting. He admitted that there had been some opposition to the resolution proposing the endorsement, but the opposition was in the minority and the final decision was practically unanimous.

CRITICISE EUROPE'S ARMIES

British and American Officers Say Solid Ranks Would be Annihilated.

Berlin, September 13.—Unsuspectingly and innocently Emperor William appealed to the United States and the British military experts, Adjutant-General Corbin, General Young, General Wood, General Sir John Hamilton and General French to pass judgment on his army after the parades on Tempelhof field and at Frankfort-on-the-Oder. Not a little dismayed was the emperor when both the British and American experts, fresh from the campaigns in the Philippines and South Africa, were unanimous in declaring that the infantry system of the German army, of which his imperial majesty is most proud and confident, is impracticable in action and a weak link of the army.

The Emperor one evening gathered the British and American officers about him and asked their opinions and at a gala dinner again took advantage of the presence of General Corbin and General Young and General French to discuss matters pertaining to his army system. The Emperor showed an eagerness to learn the impressions of these generals, whose experience has been enriched by active engagements in the Philippines and Transvaal.

The Emperor likes criticism and invites it, but he was hardly prepared for the candor and honesty with which his guests attacked his infantry system as a primitive organization which would tumble like a house of cards under the galling fire of long distance artillery and other modern weapons of warfare.

General Henry C. Corbin said: "In drill and compact organization there is nothing like the German infantry the world over. It would have been invincible in former days with a caliber and range of guns which permitted a hostile army to approach within a few hundred yards. But in modern warfare, with an artillery that reaches several miles, and long-range rifles the German infantry would be annihilated. It would be a shining target if some soldiers should lie behind embankments a great distance away. The German infantryman so far as I am able to judge from parades, is made from stern fighting timber, but with the system of solid ranks and automatol-like discipline his fighting force is reduced to a minimum. Against the long range artillery and rifles, in my estimation, he would be useless in action."

SPAIN WAKES UP.

Madrid Ready to Abandon the Policy of Ancient Isolation.

Madrid, September 13.—Spain's foreign policy, as a result of her losses in the war with the United States, tends towards the abandonment of her ancient isolation. Overtures of alliance have repeatedly been made by France and Russia within the last three years, and, to judge from the tone of the Spanish press, these are regarded with more favor than formerly.

Population of London.

London, September 14.—The report of the London County Council just published, furnishes some striking figures indicating the imminence of the municipal problem with which London authorities are confronted. According to the census of 1901, the population of the administrative county of London was 4,536,541, while greater London, immediately surrounding the county, showed an additional population of 6,500,000.

BABY'S COUGH MUST NEVER LINGER.—Nothing is more distressing than to see a helpless little infant suffering with a cough, and to be fearful of using a remedy which may contain some harmful ingredient. The makers of Chamberlain's Cough Remedy positively guarantee that this preparation does not contain opium in any form, or any other harmful substance. Mothers may confidently give this remedy to their little ones. It gives prompt relief and is perfectly safe. It always cures and cures quickly. The Hilo Drug Store sells it.

If you are young, you naturally appear so. If you are old, why appear so? Ayer's Hair Vigor will surely restore color to your gray hair, and will give to it all the wealth and gloss of early life. It will stop falling of the hair also; and will keep the scalp clean and healthy, entirely free from dandruff.

And it makes the hair grow thick and long. This is because it is a hair-food, giving to the hair just what it needs to make it grow as nature intended.

Ayer's Hair Vigor

There's a pleasure in offering to you such a preparation; while you will certainly feel a sense of security in using something that others have used for half a century.

Do not be deceived by cheap imitations which will only disappoint you. Make sure that you get the genuine Ayer's Hair Vigor.

9:40	ar. Pahoa	3:45	
10:00	ar. Puna	3:25	

The only desirable means of reaching the Volcano. Connections at Mountain View with stages daily—morning trains going; afternoon trains returning. Fare from Hilo for the round trip \$8. This route is through Olaa plantation, the largest in Hawaii, virgin forests of koa and wild ferns, and through many coffee farms.

The natural wonders of Puna make that district the most interesting spot in Hawaii. One can spend a most delightful day exploring the underground caves, swimming in the famous Hot Springs and resting on the cool shores of Green Lake.

Excursion tickets between all points are sold on Saturdays and Sundays, good returning, until the following Monday noon.

Commutation tickets, good for twenty-five rides between any two points, and thousand mile tickets are sold at very low rates.

W. H. LAMBERT, R. R. ELGIN, Superintendent. G. P. & T. A.

GOVERNOR DOLE TESTIFIES.

Tells Commission His Views on Lands and Municipal Government

The chairman of the Commission next called on Governor Dole to make any statement regarding the fire claims. He stated that he had not prepared anything for presentation to the Commission, along the lines suggested. However, he would answer any questions that the Commission might ask. He knew of nothing himself that he cared to bring up.

BURTON HAS FEW QUESTIONS.

The Governor was about to retire from the witness chair when Senator Burton stated that he had a question or two which he would like to propound. In answer to the first question asked, witness gave what positions he had held under the monarchy, the Provisional Government, the Republic and the Territory.

Mitchell—How many bills were vetoed during the last session of the Legislature?

Dole—I don't remember now. Three or four, I think.

Mitchell—Do you recall any of them?

The witness referred to the "lady dog" bill, and the county bill. Taking up the latter, he said it had been handed him just a few hours before the session adjourned. It was a very large document which it was impossible to examine in the limited time. Such examination as could be made led him to the conclusion that the bill ought to be allowed to die.

COUNTY GOVERNMENT.

Asked by Senator Mitchell with reference to his ideas on county and municipal government, witness stated that he had studied the matter and was in favor of the passage of a bill which would prescribe the terms of such government, leaving it to each division to adopt the measure when they should see fit. He was not in favor of having the measure forced by the Legislature.

Mitchell—Then you would not advise that Congress compel county government here?

CONTROL OF GOVERNMENT LANDS.

Mitchell—How about the government lands. Do you think they should be under Federal control?

Dole—No. I think they should be under the control of the Territorial government.

Asked as to his reason for favoring such a plan, witness stated that the Federal government would be at a disadvantage in the matter of the control of the government lands here on account of being so far away. It would be difficult to become posted as to conditions.

Mitchell—What is the average price of the public lands?

Dole—From \$3 to \$10 an acre.

LANDS AT AUCTION.

Asked by Senator Mitchell if some of the lands were not sold at auction, witness answered in the affirmative and stated further that in some cases, lands were appraised and in other cases they were not appraised at all. The last named were occupied by settlers. With reference to cane lands, witness answered that these leased at from \$2.50 to \$3 a year. The majority of these were under lease from the monarchy, the terms of leases running all the way from fifty down to twenty and ten years. Under the Organic Act these leases could not be made for more than five years.

MUNICIPAL GOVERNMENT EVENTUALLY.

Burton—Do you favor municipal government?

Dole—For cities?

Burton—Yes.

Dole—I think so eventually. It would be rather a hard thing to bring about satisfactorily but I recognize the situation. There is a desire of the community for it and I think it must be met.

Senator Burton asked if the horrible situation of affairs as obtained at the plague time would have occurred had there been county and municipal government here and the witness answered that he did not know. Senator Burton then asked the question in several forms, the final one being: "Would such a state of affairs be allowed to exist

in a community where people had the right to vote?" Witness answered that he believed the tendency would be to improve the situation. However, there were cities on the Mainland whose condition was just as bad as Honolulu during the plague time. Senator Burton replied that he had never visited any place where the conditions were such as had been given with reference to Honolulu.

APPOINTIVE OR ELECTIVE.

The next question asked by Senator Burton was whether it would not be better for all the officials of the Territorial government to be elected rather than appointed.

Witness replied that he did not think so. He had heard expressions along that line but experience had proved this to be a false impression. For instance, at one time here, the road boards were all elected and in the case of Hilo inefficient men were chosen. A large amount of money passed through their hands and there were no appreciable results. There were scandals and the Legislature changed the law. This was in 1887 or 1888 and the law was changed a few years later. The law was both made and revoked under the monarchy.

Witness, in response to another question by Senator Burton, went on to say that he believed the system as carried on by the Federal government was the best for the Islands. Witness stated that he knew this system to be different from that of the Territories of the Mainland but still he believed the results would be better.

Senator Burton next asked if it was not because the people of the Islands were not capable of exercising the right of franchise that had led witness to the conclusion he had just stated and Governor Dole answered that some of the electorate were unequal to the task of electing all classes of officers.

MATTER OF COMPARISON.

Senator Burton again asked the question if the witness had not arrived at his conclusion because the majority of the electorate were incapable of exercising the right of franchise intelligently and the answer came that the term "intelligently" was quite general. Witness kept on comparing the local with the Federal government and Senator Burton said: "You can't compare the Territorial with the Federal government." Witness answered that that was just what he did do. If the same system were carried out here, the results would be better. Asked if he did not know the principle which he had stated to be an American, witness replied that he did not. The Federal system of government was certainly American. If it was desired to run the Territory on the plan suggested, it was certainly according to American principles.

GOVERNMENT LANDS AGAIN.

Senator Burton next asked a number of questions as to the public lands one of which was what the witness thought about the control thereof. Should they be in the hands of the local rather than the Federal government? Witness answered in the affirmative, stating as before that it would be very difficult for the Federal government to manage affairs here when it was so far away.

Burton—Would it be any more difficult for the Federal government to administer affairs here than in Alaska?

Dole—No.

Burton—Your cable would make communication complete. That being so, would it not be wiser that the public domain be under charge of the authorities at Washington?

Dole—No.

AN IRISH PARLIAMENT.
How It Boomed An Important Industry by Humane Legislation.
In 1634, the Irish Parliament abolished a barbarous and inhuman practice and won the everlasting gratitude of man's best two animal friends. It passed a law entitled "An Act Against Plowing by the Tayle and Pulling Wool Off Living Sheep." Leather trust influence may or may not have been at the bottom of it. History is silent on this point. But the measure no doubt gave a mighty momentum to the leather and harness industry which continued with occasional fluctuations until the present time. There is now more leather and harness manufactured and consumed in Ireland, Hawaii and some other parts of the world than ever before. But much of the leather and harness thrown on the market are poor in quality. One of the peculiarities of leather is, that those who have spent a lifetime working it, can give no reliable rule by which an inexperienced person may judge the quality to a certainty.

Leather may have fine, smooth grain, good color, and to the eye, be all that can be desired, and yet the quality such as to condemn it, the minute it gets into the hands of a workman.

L. K. Pearson, who was brought up in the leather business, is a tanner by trade, a judge of leather and a harness and saddlery man of twenty years experience. He is furnishing to his patrons, harness, saddles, bridles, halters, etc., of the best stock and workmanship known to the trade and at reasonable prices.

If you want a cheap imported harness for \$9.00 to \$15.00 or a good one from \$20.00 to \$45.00, Pearson will furnish you the best that can be had for the money. If you prefer a harness of the very finest materials, made by hand just like you want it leave it to

FRENCH ARE SLOW.

General Joseph Wheeler Says their Army is Very Old Fashioned.
New York, September 13.—General Joseph Wheeler came back today from Europe on the American liner Philadelphia. He went abroad to attend the French army maneuvers, and is evidently not impressed with what he saw. He says that upward of 60,000 men took part in these maneuvers, and that, as the results of his observations, he is satisfied that the French have learned nothing from the campaign in South Africa. Their army, he adds, is modern in only a few ways, and is so far behind the times that it is criminal to have it in such a condition. The army possesses no long range guns, and marches in close order instead of extended, the more approved system. Besides, the men are worked and drilled under the old manual, and are years behind the times in most of the important drill tactics.

NEBRASKA FIGHTS COMBINE.
Governor to Take Action Against the Proposed Merger.
Omaha (Neb.), Sept. 13.—The World-Herald today quotes Governor Savage as saying that any attempt to include the packing-houses of Nebraska in a merger will result in a strong fight in the Courts. On account of the large Nebraska packing interests an attempt of the State officials to prevent the combine from doing business in this State would have a serious effect on the proposed merger. Following is the Governor's view: "As soon as it comes to my knowledge that a merger of the packing interests has taken place, I shall instruct the legal department of the State to investigate fully. If I find that any law of the State of Nebraska is being violated I will direct that proceedings be immediately brought to declare the merger void, and will impose the full penalty of the law against those responsible for the combination."

CZAR MAY RETIRE.
Empress Dowager of Russia Said to Be a Party to an Intrigue.
New York, Sept. 13.—A cable to the Sun from London says: The Paris correspondent of the Observer says he learns from a personage just arrived from St. Petersburg, who is specially well informed, that there is a big party intrigue in the Imperial circle against the Czar and Czarina, which is headed by none other than the Empress Dowager herself. This party does not conceal the satisfaction it would feel if the Czar abdicated in favor of the Grand Duke Michael. This feeling has greatly increased since the hopes of an heir have apparently gone forever.

The correspondent's informant declared that the disappearance of the Czar from the throne at no distant date would not surprise him, and that the forced abdication of the Emperor Nicholas was quite within the bounds of possibility.

TRUST CAMPAIGN BEGUN.
Victims of Trade Combinations Seek Redress in Courts.

Chicago, Sept. 13.—Victims of trade combinations with headquarters in Chicago have begun a campaign against such organizations, and United States District Attorney Bethea has told them that if they will furnish the evidence he will take the cases into the courts. The complaints are made against the Electrical Supplies Company, the Master Plumbers' Association and the American Tobacco Company. Attorney Bethea promises that he will take up the charges, incorporate them in a bill for injunction under the Sherman law and forward the document to Attorney-General Knox for approval. He insists, however, that in such cases the victims so-called shall justify their complaints with something tangible.

KING EDWARD RECOVERED.
His Health Alleged to be Better Than For Many Years.
London, September 13.—With the arrival of King Edward and Queen Alexandra at Balmoral, his majesty's convalescence is officially declared complete. The fact that the King has indulged in deer stalking and is now busy with grouse driving, coupled with the departure of the Queen for Copenhagen next week, indicates the confidence of those in attendance upon him that his health is fully restored. Indeed, the King is enjoying better health than for years. The yachting tour of their majesties around the English and Scottish coasts was a lazy, drifting cruise, stopping at many isles hitherto unvisited by them. Their reception everywhere demonstrated their personal popularity.

OLD BOOKSELLER DIES.
His Place Was the Headquarters for Irving, Poe and Others.
New York, Sept. 13.—David G. Francis, who was one of the most noted booksellers of former days in this city, died today at New Canaan, Conn., at the age of 85. He retired five years ago. Francis was in his day the associate of the most famous American writers. Washington Irving, N. P. Willis, Fitz-Greene Halleck and Edgar Allan Poe were among the authors who gathered in his book shop. It was the center for all literary celebrities of that day. He was a member of the Century and New England clubs, and at one time belonged to the Union League.

NO OPIUM IN CHAMBERLAIN'S COUGH REMEDY.—Many cough cures contain opium. The effect of this drug is to diminish secretion of the mucus, and the relief afforded is only temporary. As soon as the effect of the opium passes off, the malady returns in a more severe form. The system is also weakened and rendered more susceptible to cold. Chamberlain's Cough Remedy does not contain opium in any form. It affords relief and leaves the system in a healthy condition. It always cures and cures quickly. The Hilo Drug Store sells it.

WINDWARD HAWAII.
Directory of the Prominent and Progressive business men in the richest country in the Islands. If you have anything to dispose of it doesn't cost much to advertise it in this department. Write for rates.

HONOKAA.
HONOKAA is the most thriving community outside of Hilo on the windward coast of the Island of Hawaii. It is situated 50 miles from Hilo at an elevation of 1500 feet which renders the climate salubrious. Above the cane lands are numerous homesteads on which coffee, cane and vegetables are extensively cultivated. Regular stage lines connect with all outlying districts. The 4th Circuit Court meets at Honokaa annually in July. Regular steamers call to discharge and receive freight.
