NOTICE—Neither the Masters nor Agent of vessels of the "Matson Line" will be responsible for any debts contracted by the crew. R. T. GUARD, Agent.
HILO, April 16, 1901.

BY AUTHORITY.

SEALED TENDERS.

Sealed tenders will be received by the Superintendent of Public Works until 12 m. of FRIDAY, the 31st day of October, 1902, for furnishing and erecting two steel bridges in the city of Hilo, Island of Hawaii, Territory of Hawaii. One over Waiakea river, 100 foot span, pin centers. One over Wailuku river, 170 foot span, pin centers: both bridges, 20 foot roadway and two (2) four foot sidewalks.

LOADING.

Bridges to be proportioned for 12 ton steam road roller, ten foot wheel base. Balance of roadway and sidewalks, 100 pounds per square foot.

FLOOR SYSTEM.

Steel floor beams and wooden stringers and wooden flooring. Bridge to be so proportioned and detailed that steel stringers, buckle plates and concrete and bitumen floor system may be substituted for wooden stringers and floor.

Steel hand rail on sidewalks. All to be in conformity with Cooper's specifications.

Contractor will submit with proposal, strain sheets, showing strains and sizes of each member, with plan and details; shop drawings to be approved by Superintendent of Public Works.

Contractors will state in their proposals:

1st. The sum for which they will furnish each structure upon the site ready for erection.

2nd. The sum for which they will erect each bridge ready for travel.

3d. Contractors will state on proposals, the time for delivery of each bridge at site; also time required to erect bridge ready for travel.

Piers and abutments will be erected by the Department of Public Works.

Bridge sites are within one (1) mile of Government Wharf, Hilo Harbor.

The Superintendent of Public Works reserves the right to reject any or all bids.

Contract to remove old structures.

JAMES H. BOYD,
Superintendent of Public Works.

The time for receiving bids for bridges, Waiakea and Wailuku rivers, Hilo, has been extended to November 28, 1902.

JAMES H. BOYD,
Superintendent of Public Works.

The time for receiving bids for bridges, Waiakea and Wailuku rivers, Hilo, has been further extended to December 29, 1902.

JAMES H. BOYD,
Superintendent of Public Works.

LEGAL NOTICES.

In the Circuit Court, Fourth Circuit, Territory of Hawaii.

AT CHAMBERS—IN PROBATE.

In the matter of the Estate of MINA HEEB, late of Hamakua, Hawaii, deceased.

The petitions and accounts of the Administrator of the estate of said deceased have been filed wherein he asks that his accounts be examined and approved, and that a final order be made of distribution of the property remaining in his hands to the persons thereto entitled; that the heirs of said estate may be ascertained and declared, and discharging him from all further responsibility as such Administrator.

It is ordered that Thursday, the 20th day of November, 1902, at 9 o'clock a. m., at Chambers, in the Court House at South Hilo, Hawaii, be and the same hereby is appointed as the time and place for hearing said petition and accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted.
Hilo, October 13th, 1902.
By the Court,
DANIEL PORTER, Clerk.

WISE & ROSS,
Attorneys for Petitioner. 50-4

In the Circuit Court of the Fourth Circuit Territory of Hawaii.

IN PROBATE—AT CHAMBERS.

In the matter of the Guardianship of GEORGE KAHANAUANI, a minor.

The petition of Makaleka R. Nakapahi wherein she asks that she be appointed guardian of the above named minor and for the issuance of letter of guardianship to your petitioner having been filed.

Notice is hereby given that Monday, the 17th day of November, 1902, at 9 o'clock a. m., at the Court House, South Hilo, Hawaii, is hereby appointed the time and place for hearing the same petition, when and where any person interested may appear and show cause, if any they have, why the prayer of said petition should not be granted.
Hilo, Hawaii, October 16, 1902.
By the Court,
DANIEL PORTER, Clerk.

LEBLOND & SMITH,
Attorneys for petitioner. 51-31

THE ARBITRATORS.

Men Named by President Roosevelt to Settle Anthracite Strike.

Washington, Oct. 16.—The following official statement announcing the close of the strike was issued at the White House at 2:20 a. m.

"After a conference with Mr. Mitchell and some further conference with representatives of the coal operators, the President has appointed the members of the commission to inquire into, consider and pass upon all questions at issue between the operators and miners in the anthracite coal fields:

"Brigadier-General John M. Wilson, United States Army (retired), late chief of Engineers, United States Army, Washington, D. C., as an officer of the engineer corps of either the military or naval service of the United States.

"E. W. Parker, Washington, D. C., as an expert mining engineer. Mr. Parker is chief statistician of the coal division of the United States Geological Survey and editor of the Engineering and Mining Journal of New York.

"George Gray, Wilmington, Del., as a Judge of a United States Court.

"E. E. Clark, Cedar Rapids, Ia., grand chief of the Order of Railroad Conductors, as a sociologist, the President assuming that for the purposes of such a commission the term sociologist means a man who has thought and studied deeply on social questions and has practically applied his knowledge.

"Thomas H. Watkins, Scranton, Pa., as a man practically acquainted with the mining and selling of coal.

"Bishop John L. Spalding of Peoria, Ill. The President has added Bishop Spalding's name to the commission.

"Carroll D. Wright has been appointed recorder of the commission."

MUST CABLE PAY DUTY.

Curious Query Is Aroused by Cable Ship.

San Francisco, Oct. 14.—Just what disposition to make with the cable when it lands is puzzling Collector Stratton. As it is of foreign manufacture, the law demands that it be taxed. The Collector is at a loss to know whether to tax all of the cable between this city and Honolulu, that part that is within three nautical leagues of the shore, or only such part as is naturally on shore. Another question is, how, under the regulations, is the vessel carrying the cable to be allowed to land in Honolulu after leaving this city? The ship containing the cable is of British register, and consequently cannot be allowed in the coastwise trade. In other words, a vessel flying a foreign flag cannot, after clearing from here, sail to another domestic port and there unload any portion of her cargo. Collector Stratton has referred the matter to Washington.

Oahu Tax Appeals.

Honolulu, Oct. 25.—The tax court finished its labors yesterday and made a report of its findings to Collector Pratt. The greatest public interest centered in the appeals of Brewer & Co. and Castle & Co. where there was an assessment upon "good will," which the court sustained. It was further held that stock of foreign corporations owned in Hawaii is subject to taxation. An appeal to the Supreme Court will be taken by Brewer & Co., it is said.

Another finding of importance was in relation to the cattle cases where the tax court found the assessments too high, and reduced the amount to fifteen dollars per head.

VISITING CAPITALISTS.

Will Inspect Hawaiian Enterprises Including OIaa Plantation.

Honolulu, Oct. 24.—An itinerary has been partly arranged for the excursions of the visiting financial investigators to the premises of various industrial enterprises.

Tomorrow they will be carried in a special train as guests of the Oahu Railway & Land Company, to Pearl Harbor and the sugar plantations bordering on that body of water. Possibly they may take time to inspect the Hawaiian Fibre Company's sisal plantation. B. F. Dillingham will conduct the party and the train will leave Honolulu at 7 o'clock in the morning.

On Monday the visitors will be taken to the end of the railway line, making an inspection of Waialua and Kahuku plantations.

The following day the visitors will take the steamer Claudine for Hawaii. Conducted by Lorrin A. Thurston, they will visit the plantations in the Hamakua and Hilo districts, including the colossal OIaa enterprise.

It is not decided as yet whether the Maui plantations can be overtaken in the tour. A trip to Kauai is, however, contemplated.

Some time after their return from Hawaii, the financiers will make a thorough inspection of the plant, rights of way and equipment of the Honolulu Rapid Transit & Land Company.

Following are the names of the visitors: John Lloyd, president of the German Savings & Loan Society, San Francisco; George Tourney, cashier of the institution just named; Henry Crocker and wife, San Francisco; and A. Kaine, assistant manager of the San Francisco branch of the Canadian Bank of Commerce. Mr. Crocker is a cousin of W. H. Crocker, the famous capitalist, and Mrs. Crocker has a large fortune in her own right.

HILO WATER WORKS.

Capacity Will be 700,000 Gallons—Appropriation \$10,000.

Honolulu, Oct. 24.—Mr. Cooper today ordered tenders advertised for the construction of the Hilo water works reservoir and shed. The reservoir is to be built in a pahohoe bed above the town. It is to be of masonry, 80 feet by 100 feet on top, tapering to 60 feet by 80 feet at bottom, and 14 feet deep, with a capacity of about 700,000 gallons.

The shed is to be covered with a galvanized iron roof and its sides closed in with galvanized wire netting. A board fence will enclose the structure.

The reservoir will be fed through an 8-inch pipe from natural springs and have an outlet through a 10-inch pipe with regulating valve.

There is an appropriation of \$10,000 for the construction.

Humphreys for Austin.

Honolulu, Oct. 24.—Former Judge Humphreys has come into the Auditor's mandamus case as associate counsel with C. W. Ashford for the petitioner. The firm of Humphreys, Thompson & Watson was entered of record in that relation before Judge Gear this morning and the hearing was continued until next Thursday morning.

St. Louis Fugitive Caught.

St. Louis, Oct. 13.—Julius Lehmann, convicted of perjury and wanted under an indictment for bribery, who has been a fugitive from justice for several days, was captured by a deputy sheriff today just as he was entering his house. Lehmann was sentenced to two years in the penitentiary.

MINE IN CHINA.

Honolulu Company Will Delve for Celestial Minerals.

Honolulu, Oct. 25.—Plans are now being made for the formation, under the laws of this Territory, of a company for the development of minerals in China. Firmly believing that there awaits the vigorous searcher for gold and copper in the northern provinces of the empire a rich harvest, a corporation is being formed which, seeking investments from the mainland as well, will be primarily Hawaiian capitalists, and will be managed from this city.

The intention is to move rapidly to secure concessions to search for precious metals and coal, and mine and transport the same. Once established, it is the intention of the company to proceed on modern lines for the development of the properties they acquire, and thus secure the largest returns upon their capital. While the company will seek first for gold and copper deposits, there is in possession of its managers information of the existence of coal formations which will be of immense value, and these will form no inconsiderable portion of the mining activity which will follow its entrance into the field of Chinese development.

The officers of the corporation will be L. Ahlo, president; John M. Thurston, vice president; E. A. Mott-Smith, treasurer; W. C. Bunker, secretary. The company will be organized on a basis of \$200,000 capital, of which 10 per cent will be called in at once. The shares will have a value of \$20 each, and a large portion of these will be placed on the market immediately in New York and Washington.

SURPRISE BRITONS.

Proof of Ability of Americans to Settle Vexed Question.

New York, Oct. 15.—English moralists are staggered by the tremendous simplicity of the negotiations for bringing the coal strike to a close, cables the London correspondent of the Tribune. Neither sovereign nor Prime Minister here could have intervened in an industrial crisis as the President has done; nor is there any English financier capable of playing Mr. Morgan's part. No labor leader has arisen in England with Mr. Mitchell's influence over the workers. The strike if settled by arbitration will be a fresh proof, according to English observers, that Americans have the power of keeping their heads while walking on the edge of a precipice.

DENIES RUSSIAN DEAL.

Turkey Contradicts Report Concerning Dardanelles and Russia.

London, Oct. 13.—The Porte, through the Turkish Ambassador in London, denies the report cabled from Paris to the London Standard on Saturday that according to rumor current in the French capital private negotiations were proceeding between Russia and Turkey which if successful would result in an agreement to close the Dardanelles to all but Russian war ships. The Government of Turkey declares that no negotiations are on foot with the object of opening the Dardanelles to Russian war ships.

Wright Seen in 'Frisco.

Definite news of W. H. Wright's presence in San Francisco has been furnished the police authorities here by a man who recently arrived from the Coast. Wright was seen in a drug store and recognized by Herman Levy, formerly clerk at the Hawaiian Hotel here. Wright is described by Levy as having been clean shaven.—Bulletin.

KONA WILL SELL OUT.

Action Decided on at a Meeting at Honolulu.

Honolulu, Oct. 24.—A meeting of the stockholders of the Kona Sugar Co. was held in the offices of M. W. McChesney & Co., Queen street, yesterday afternoon, for the purpose of considering matters pertaining to the plantation. There were 2595 out of the 5000 shares present or represented at the meeting. There was but very little discussion on the matter in hand, that of winding up the affairs of the plantation and of selling everything at public auction. It was reported that it was the opinion of the directors that the course laid down in the resolution which follows later, was the only way of raising the money necessary. There was only one stockholder who objected to the winding up of the affairs of the company, but when the resolution was finally put to vote, there was not a single vote registered against it. The only thing that now remains is for the committee named in the resolution to perform the duty assigned to it. Receiver Scott will dispose of the property.

BRITISH EMBASSADOR.

Sir Michael Herbert Presents His Credentials.

Washington, Oct. 13.—According to an appointment made Saturday, Sir Michael Herbert, the new British Ambassador, was presented to the President today by Secretary Hay. The presentation took place at the temporary White House on Jackson square, and this was probably the first occasion since the White House has been occupied as the Presidential mansion that the credentials of an Ambassador or Minister have been received outside of its doors.

Eventful Trip of S. S. Helene.

Honolulu, Oct. 21.—The steamer Helene arrived from Hawaii ports this morning at 6 o'clock with 51 head of cattle and 4,500 bags of sugar for Irwin & Co. This sugar is being loaded into the schooner Helene today.

The officers of the Helene report that she had a very rough trip. She had to lie off Laupahoe for several days on account of rough weather. On the 15th, as the steamer was lying off Ookala, both the vessel's stern lines suddenly parted and only prompt action saved her from going on the rocks.

The Helene further brings the news that on the morning of the 17th, Mr. McKenzie, the keeper of the Papaaloo landing, had a narrow escape from death. He was stepping over the long wire, by which the freight is conveyed between the landing and the steamer when the wire suddenly rose and jerked him over the edge of the precipice, sending him rolling down the steep incline for seventy-five feet. Luckily, Mr. McKenzie escaped with a dislocated arm and some severe cuts.—Bulletin.

Losing Coal Market.

London, Oct. 14.—In a dispatch from Vienna, the correspondent of the Daily Chronicle says the crisis in the coal strike in America is threatening Americans with the loss of their Swiss coal trade, which they obtained after a severe struggle and great expense, as a result of the exhaustion of American stocks of coal in Europe and the consequent rise in prices. Germans are now booking in Switzerland large orders for Westphalia coals, says the correspondent, and they are likely to recapture the trade from the American dealers. The increase in the price of coal is causing great distress in Switzerland.

PRESIDENT SETTLES STRIKE.

Terms of Operators Are Modified and Arbitrators Named.

Washington, Oct. 16, 2:30 a. m.—The anthracite coal strike is practically over. President Roosevelt this morning announced the selection of an arbitration commission of six members, with a seventh, Carroll D. Wright, as recorder, all of whom are acceptable to both the coal operators and President John Mitchell.

The commission will adjust all differences between the operators and miners. President Mitchell has called a meeting of his advisers for today, and it is expected the strike will be called off within the next three or four days.

This result was reached at 2 o'clock this morning after several conferences during the day by the President with John Mitchell, president of the United Mine Workers, and George W. Perkins and Robert S. Bacon, partners of J. P. Morgan. The commission is satisfactory to the operators.

The list was submitted to Mr. Mitchell before he left the city today and he expressed pleasure with the selection. He told the President he would return to Wilkes-Barre, lay the matter before the various districts and recommend its acceptance. That the miners will vote its adoption is considered certain. And coal mining, it is expected, will begin within a few days.

A concession to the strikers is the appointment of a sixth member to the commission, Bishop John L. Spalding of Illinois, whose name, it is announced in the official statement from the White House, was added to the commission by the President.

As the commissioner sympathetic with labor organizations the President has appointed E. E. Clark of Cedar Rapids, Ia., grand chief of the Order of Railway Conductors.

General John M. Wilson's appointment as representative of the engineer corps of the Army and Navy, one of the stipulated requirements, is eminently pleasing to both sides. President Roosevelt overcame the objections of Secretary Root, who did not want an Army officer on the board, and insisted that General Wilson should serve.

E. W. Parker as the mining engineer was urged on the President by Dr. David T. Day of the geological survey.

The appointment of ex-Senator George Gray, Judge of the Eastern district of Pennsylvania, was expected. He is a man of wide legal and judicial experience.

Commissioner of Labor Carroll D. Wright, whose connection with the commission has been a certainty ever since the first, has been appointed its recorder. It was the President's desire and intention to make Wright a member of the commission because of his qualifications as an eminent sociologist, but Wright expressed a desire not to participate in the proceedings of the board as an arbitrator, and the President appointed him recorder.

Thomas H. Watkins, as the member familiar with the business of mining and selling coal, is a well-known and conservative business man of Scranton, Pa., for whom the operators and miners have the greatest respect.

It was a day and night of many changes and many rumors. The announcement of the names of the commissioners was not made until 2:20 o'clock this morning. For over an hour before that all that was definitely known was that a commission of six had been named by the President. This was simply the announcement of Secretary Cortelyou after the final conference in the President's room had been concluded.

At this conference there were present Secretary of War Root, Commissioner of Labor Wright, Commissioner of Immigration Frank P. Sargent, George W. Perkins and Robert S. Bacon. Of these men only two were present at the important conference on Monday night, when the proposition of the operators was made to the President in the same room. The conference tonight lasted from 10 o'clock until 1, and it was not until 1:15 that the President, in spite of his injured leg, retired for the night.

BALFOUR DETERMINED.

The Premier Proposes to Risk the Fate of His Ministry on the Impending Conflict in Parliament.

Manchester (England), October 14.—A notable addition to the controversy over the Government's educational bill was made tonight by Premier Balfour in an address he delivered before a mass meeting held in connection with the annual conference of the National Union of Conservative and Constitutional Associations. The Premier declared that the agitation against and the opposition to the bill were due to misunderstandings in false statements in its provisions and intentions. Mr. Balfour said that the country would no longer be hoodwinked by the travesties of truth which had been drunk in by those from whom better things were to be expected.

The Government has chosen to disturb the educational peace because the existing system of education was chaotic, ineffectual and behind the age, making Great Britain the laughing stock of other nations, and it was bound, the Premier said, to provide secondary education and to co-ordinate all the branches of public education under the control of the boroughs and county councils. If in doing this the Government has given a tonic to the Liberal party, Balfour did not begrudge it.

Continuing, the Premier asserted that a majority of the people believed that religion should be taught in the schools, but that it did not agree as to what religion, and that the only alternative was a system permitting denominational teaching in the schools wholly supported by rates, as well as promoting it in those schools which were not wholly supported. He said that the claim that representation did not follow taxation was erroneous, since the real control of the schools was vested, not in the church authorities, but in the municipal councils and their constituents.

The threats of the nonconformists to refuse to pay the rates, the Premier said, were unworthy the citizens of a free country. Civilized government was impossible if dissatisfied citizens refused to obey the laws. The nonconformists, the Premier declared, should hail the bill with pleasure, for it was an effort to give the people unlimited control of education, and their objections to it were in reality political, their object being to turn out the Conservative government. If the Government was defeated in this measure there would be no hope for educational reform, as the agitators did not desire it.

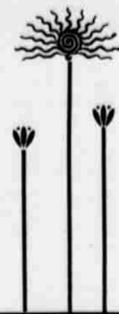

Balfour said he did not consider the consequences on political grounds, because the stake was the education of a generation of children. If this reform is not unhesitatingly carried through, concluded the Premier, the Government will earn and deserve the contempt of parents and of children yet unborn. The meeting passed a resolution pledging its support to the bill.

An Old Milestone.

Within a garden lying on the north side of West One Hundred and Fifty-second street, between Amsterdam avenue and St. Nicholas avenue, says the New York Times, there stands fixed in the ground, supported by iron rods, a time-worn milestone with the following legible imprint: "Nine Miles from New York." This seems to be one of the very few relics of the past, if not the only one of its kind, to be found at a distance of nine miles from the then city. There is another recorded by Charles Hemstreet in his recent work on "When Old New York Was Young" as being in existence at the Bowery and Rivington street.

Exposure to Wet, dampness and cold, invariably results in a sudden chill, which if not attended to immediately will cause a cold. By mixing a teaspoonful of PERRY DAVIS' PAIN-KILLER in half a glass of warm water or milk, the whole system will be heated and the danger of cold avoided. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. Price 25c. and 50c.

KING EDWARDS GUESTS.
Corbin, Young and Wood at Luncheon With British Ruler.

London, Oct. 13.—Embassador Choate and Generals Corbin, Wood and Young were the guests of King Edward at luncheon at Buckingham Palace today in honor of Lord Kitchener prior to the latter's departure for India, where he is to take command of the British forces. Lord Roberts also was the guest of the King.

General Corbin delivered to the King a message from President Roosevelt expressing the hope that the King would lend his assistance in creating interest in the St. Louis Exposition. The King replied that he would answer the message personally in the same kindly spirit in which it was sent.

At the conclusion of a rather elaborate luncheon his majesty arose and proposed the health of President Roosevelt. The King spoke in most admiring terms of the President, and expressed his delight at seeing such distinguished Americans present. Before any other toast could be proposed his majesty announced an adjournment to the smoking-room, where he had a long talk with General Corbin, General Young and General Wood, and explained to them his gladness to see them in England, "because," he said, "I feel we are not only friends, but relations."

The King asked many questions about the American Army.

AIR SHIP VICTIMS.
Two Parisian Aeronauts Fall 300 Feet to Death.

Paris, Oct. 13.—Debradski, the aeronaut, and a companion were killed by falling from a dirigible balloon today. The balloon started from the aero station at Vaugirard, a suburb of this city, at 7:55 a. m. on a trial trip. After preliminary maneuvers with a rope attachment, Debradski released the balloon and proceeded southward at a height of 300 or 400 feet. The propellers of the machine appeared to work well. The rudder, however, was not quite successful. At about 9:20 the balloon had returned to above the point of departure and then it gradually mounted higher and higher until it disappeared in the clouds.

About 9:30, when the balloon was near St. Dennis, about five and a half miles from the center of the city, the ropes attaching the car to the balloon broke from some unknown cause and the car, with its occupants, Debradski and Morin, was dashed to the ground, and the aeronauts met instantaneous death. The balloon itself disappeared in the clouds.

Crowned and Uncrowned Kings.
With the exception of King Edward, King Oscar of Sweden and Emperor Nicholas of Russia no living monarch has ever been crowned in the strict sense of the word. Emperor William of Germany ascended the throne on June 15, 1888, but there was no coronation ceremony either in his case or that of his father. The King of the Belgians was "inaugurated" in 1866. In accordance with an ancient custom King Christian of Denmark, the dean of living rulers, was simply proclaimed King in 1863 on the steps of the palace at Christiansborg. In like manner Francis Joseph of Austria was proclaimed King and Emperor in December, 1848, but was not crowned. So, too, Alfonso XIII of Spain and Victor Emmanuel of Italy were merely invested with the royal title.

Almost as unostentatious was the ceremony when Abdul Hamid, Sultan of Turkey, ascended the throne on August 31, 1876, for he simply received from an official a magnificent sash studded with precious stones, this being in Turkey the sole symbol of Sovereignty.

Kaiser to Ignore Beer Leaders.
Berlin, Oct. 15.—The North German Gazette, in an official note today, announced that as, for reasons already stated, the audience of the Boer Generals with Emperor William had been abandoned, no notice will be taken officially of the Generals' presence in Berlin.

BOERS AT FRENCH CAPITAL.
Crowds Gather to Greet Well-Known Generals From South Africa.

Paris, Oct. 13.—The Boer Generals, Botha, De Wet and DeLarey, arrived in Paris today. Senator Pauliat and the pro-Boer committee received them at the railroad station. After speeches of welcome had been delivered the party drove to a hotel. The precincts of the station and the route to the hotel were thronged with spectators, who heartily cheered the Generals, although the crowds present and the enthusiasm manifested were nothing like the assemblages and demonstrations witnessed on the occasion of Krueger's arrival here two years ago.

The Generals had to appear several times on the balcony of the Hotel de Holland, and once General Botha had in his arms a little French girl who had presented him with a bouquet tied with the Boer colors. This evoked a great outburst of cheering. Numerous delegations were received in the afternoon by the Generals, who later drove to the Elysee Palace, the Foreign Office and the Ministry of the Interior to leave their cards.

France Has Agreed to Construction of Tunnels.
Madrid, Oct. 14.—It is said here that France has communicated her desire to Spain to carry out the convention of 1882 for the construction of two railroads through the Pyrenees, one to run from Saragossa, Spain, to Oronon, France, and the other from Lerida, Spain, to St. Girons, France.

These roads have not been completed up to the present time because of the obstructions of the Spanish and French war offices. It is understood that the railroad companies on both sides of the frontier are ready to continue the lines up to the tunnels if the French and Spanish are willing. There is every prospect that the lines will now be completed. This news is regarded as of great importance from the political standpoint of the rapprochement of the two countries.

British Unions Help.
London, October 15.—At a meeting of the Parliamentary committee of the Trades Union Congress a letter from President Mitchell of the United Mine Workers, received in reply to inquiries, was read. The letter detailed the grievances and objects of the striking miners in the United States. Among other things, Mitchell said:

"Trades unions in the United States, England and Wales have responded most generously to our appeals for assistance. Any aid your committee can render will be deeply appreciated."

The committee passed a resolution in favor of advising trade unionists to render the American miners all the support they possibly could.

Yellow Jack at Guayaquil.
Guayaquil (Ecuador), Oct. 14.—The Board of Health yesterday declared this city to be infected with yellow fever. There have been cases lately, chiefly among Germans. A Jesuit priest named Guerrero, who was educated in the United States and who had been administering to the sick, died last night of yellow fever.

REPUBLICAN TICKET
FOR DELEGATE TO CONGRESS
Jonah Kalanianole.

For Senators—
STEPHEN L. DESHA,
J. D. PARIS.

For Representatives—
J. M. KAUIWILA,
J. D. LEWIS,
G. W. PATY,
J. PRITCHARD.

THE THREE TICKETS.

A glance at the three legislative tickets in the field this campaign will show the Hilo voter his duty so plainly that he cannot evade its performance next Tuesday. The Independent ticket has no Hilo man for the Senate and has four candidates for the House from the Hilo district. Geographically the ticket leaves this island in an unrepresented condition even if every man on it were elected.

The Home Rule legislative ticket leaves Hilo out altogether. For the Senate, the Home Rulers have ignored the entire windward slope of this island, and they have passed Hilo completely in naming their men for the House.

The Republicans, aside from a wise choice of able and representative men, have exhibited further practical wisdom in choosing nominees from every important political division on the island. For the Senate, Paris stands for the leeward and Desha for the windward side of the island. For the House, Kauwila stands for Puna. He knows what Puna needs most and can look out for her interests. In Honokaa, the Republicans found Pritchard, who will be able to keep local interests in mind while working for the welfare of the whole district. The new and important precinct of Oloa has its Republican candidate in Geo. W. Paty, who will work for his immediate constituents and the entire island. In Hilo, where the Home Rulers have no candidate for the House, the Republicans have James D. Lewis, who will bring into his office a fund of practical knowledge of the highest value to this growing city.

Comparing the tickets in this way, there is no one who will question the superior intrinsic strength of the one put forward by the Republicans. It was chosen with the best interests of the whole island in mind and the people of Hawaii should not overlook that fact when election day comes.

THE POWER OF THE BALLOT.

Every citizen owes it to himself and to the welfare of the country in which he lives and expects to do business, to cast a ballot on election day. It is the duty of every taxpayer to interest himself in the business of the government and to do his share in electing a legislature, which will not only be honest and above reproach but which will enact laws for the public good and in the interest of all the people.

The American citizen calls himself one of the sovereign people in a government "of the people by the people." Indifference to elections when a single vote might carry the contest or counteract the vote of an illiterate or ignorant voter, should bring the educated, the thoughtful man to a realization of the obligation under which he rests. Failure to cast a ballot on Tuesday next means a ballot for Home Ruleism and the perpetuation of conditions under which the Territory has been suffering since Wilcox and his party have been in power. By his silence, the citizen either expresses himself satisfied with present conditions or acknowledges his weakness in the use of the ballot.

There has been a change of sentiment not only among the haoles but among the better class of Hawaiians themselves, as evidenced

by their public expressions of disgust with a legislature which will be remembered chiefly for its failure to pass needful legislation and for the lavish appropriation of funds without providing the means to pay the same. The Home Rule legislature cost the tax-payers \$92,000 for which the Territory obtained the enactment of 25 laws, some of which are unconstitutional, as the net result.

The Republican party in the first Representative District have named as candidates men known for their honesty, integrity and business probity, men who if elected will use their best endeavors to secure the passage of revenue and other needful bills. They are representative men, selected with reference to their fitness and ability to subserve the interests of the people of the District. Every Republican nominee should receive the united support of the self-respecting, intelligent voter by voting a straight ballot on election day.

A scratched ticket, for purely personal or vindictive reasons, is equivalent to a vote for Wilcoxism and the continued domination over the legislature of his presiding genius and his deputy. It is currently reported that all candidates on the Home Rule ticket previous to selection were bound by a solemn pledge to submit all proposed matters of legislation to Wilcox or his lieutenant for their sanction.

A Home Rule candidate for the Senate was recently in this District asking the support of the white voters, declaring he was at heart in favor of Prince Cupid. The fact develops that this candidate, however strong his personal influence and moral integrity may be, is tied hand and foot by the Home Rule pledge, and, if elected, in all honor must submit to the dictates of the two party leaders. With a possibility amid the multiplicity of candidates, of electing our entire ticket, the Republican far-seeing voter will hesitate before scratching his ticket, when by so doing he thereby jeopardizes the chances of securing a working majority in both houses of the legislature. A scratched ticket shows lack of party fealty and an indifference to results which may prove a boomerang to the voter. **VOTE STRAIGHT!**

CUPID'S BRIGHT PROSPECTS.

Prince Cupid's prospects for carrying Hawaii next Tuesday are bright. In fact, since his speech made on his last visit, the general opinion prevails that he will have an easy victory. The Hawaiian women have come out for the Prince in large numbers and have strengthened the Republican cause accordingly.

The old Home Rule party on Hawaii is split in twain by reason of the ambition of certain local men to capture seats in the Legislature. These gentlemen on the Independent ticket carry with them the enthusiastic support of large numbers of Hawaiians for Kuhio Kalanianole. The Republican leaders have no fear that the head of their ticket will suffer at the hands of scratchers. The white vote will be solid for the Prince and the Wilcox wing of the Home Rule party will come in for the worst of it.

HILO BANANAS.

The favorable returns from the initial shipments of Hilo bananas to San Francisco augur well for this undeveloped industry. Hilo District can furnish the finest bananas by the shipload and will be doing so before many seasons. The Pacific Coast markets are constantly growing and it has yet to appear why banana raising here would not profit all who may engage in it.

PRINCE DAVID has withdrawn as a Candidate for the Senate on the Democratic ticket.

A COMPLICATED SITUATION.

[From The Evening Bulletin]

The formal application that has been made by a local citizen to the President for appointment to the position of Secretary of the Territory will doubtless bring to a focus and final determination by proper Federal authorities the much dis-

puted question of the regularity of recent official proceedings at the Capitol.

The Bulletin is satisfied that Secretary Cooper has no personal desire to make of himself the poobah of the Territory though he at the present time is a very close approach to the "whole thing" in the administration of two of the most important Territorial departments. Cooper jumped into the breach temporarily when the whole official list was as near chaos as it could possibly be. The Governor called on Secretary Cooper as a right hand man to serve in an emergency, but as this emergency period has steadily lengthened, days, weeks and almost months, the general public very naturally begins to wonder and thoughtfully discuss whether our Organic Act allows the Territorial Governor to run all the departments through his personal agent and that agent, an appointee of and paid by the Federal Government.

It has been stated on good authority that some months ago when Secretary Cooper served temporarily as Treasurer the Federal Government offered no objection, and it is also stated on equally good authority that the withdrawal of J. J. Dunn from assistant counsel before the Fire Claims Commission was due to an intimation from Washington that the Assistant United States District Attorney could not properly hold a Federal and Territorial position at the same time. We thus have precedents bearing on both sides of the question.

An added complication, however, is the Governor's action in formally suspending one official, and assuming an attitude toward Superintendent Boyd which amounts to suspension. If the Governor can suspend Boyd without the consent of the Territorial Senate, there seems to be nothing to prevent, judged from his apparent course of reasoning, his removing Boyd or any other department head from office, despite the wording of the Organic Act that removals from office shall be made by and with the advice and consent of the Territorial Senate. This interpretation of the Governor's authority places a most arbitrary power at his command, more arbitrary indeed than that possessed by any other American Territorial Governor, and little short of military rule under martial law. The Governor becomes a king immediately following the adjournment of the Legislature. If for any reason he did not approve officials sanctioned by the Legislature he could suspend an appointee "pending investigation" for any cause, make the suspension indefinite, place in office a man not sanctioned by the Senate and thus defeat the spirit and intent of the Organic Act.

The situation is complex and is particularly unpleasant on account of the use that is made of it by political opponents to stir up prejudice. Honest men differ in the construction to be placed upon the Organic Act and the majority will be satisfied with the ruling which may be made by the Federal authorities or of the local courts in the Austin case. Public sentiment, however, is framing in such a way that it will be a political error for the Governor to further delay in the appointment of a permanent successor to Treasurer Wright. There is no doubt about the office of Treasurer being vacant and every day the Governor delays making a permanent appointment furnishes so much more material which is being worked by the opponents of the Republican party.

By the last Enterprise we received a carload of the celebrated A. B. C. Beer, for which any purchaser purchasing to the amount of 2 doz., will receive an ART PICTURE free.—W. C. PEACOCK & CO.

BY AUTHORITY.

Executive Notice.

The Governor directs that notice be given that an error having occurred in the Election Proclamation designating the Honomu Courthouse as the polling place for the Sixth Precinct, First District, Island of Hawaii, it is hereby designated that the Honomu Schoolhouse be and the same is hereby designated as a polling place for said precinct.

LOCAL ITEMS.

F. B. McStocker came home by the Claudine.

Albert Horner of Kukuihaele was in the city yesterday.

J. W. Mason came home from Honolulu by the Claudine.

Geo. C. Stratemeyer goes to Honolulu today by the Claudine.

Date of Wall Nichols' great picture sale is Saturday, November 8th.

W. H. C. Campbell of Puna was in at the meeting of the planters yesterday.

Don't miss Wall Nichols Co.'s great picture sale, Saturday, November 8th.

R. Hauxhurst is a passenger for Honolulu today where he goes on business.

Mr. and Mrs. John Watt of Honoukaea have returned from a visit in Scotland.

FOR RENT—New modern cottage in Paueo; address A. S. Wall, Hilo Market.

Mrs. I. E. Ray returned by the Claudine from a few weeks' visit at Honolulu.

H. E. Hendrick, the safe and monument man returned to Honolulu today by the Claudine.

The Kinau is expected to return to her run between here and Honolulu after two more trips by the Claudine.

Tonight at the Elks there will be a social to which the brethren are expected to bring their lady friends.

The birthday of the Japanese Emperor will be celebrated by the Hilo Japanese with racing at Hoolulu Park.

I will be responsible for no debts contracted without a written order from me.

ROBERT ANDREWS.

The departure of the Claudine from Honolulu next week will be delayed one day on account of election day.

A. Lidgate of Paunaloa was in the city yesterday attending the meeting of the Planters Association of Hawaii.

If you really want a good Whiskey try our BELLE OF NELSON. It is the finest in town.—W. C. PEACOCK & CO.

The Planters' Association of this Island held a meeting yesterday at Fireman's hall at which various practical questions were discussed.

The polling place at Honoumou has been changed from the Court house to the school house; see executive proclamation in today's TRIBUNE.

The Economic Shoe Co. is distributing its illustrated catalogue of Fall Styles of Stetson Shoes. This catalogue is a handy reference for dressy men.

Alexander Young and party were the guests of C. C. Kennedy while in the city. Mr. Young's visit was hurried and of a business nature purely.

The band played at the Hi'o Hotel grounds last night and Admiral Beckley made a Republican address. He opened the meeting with a prayer in Hawaiian.

The TRIBUNE neglected to state last week that the program before the Teacher's reading circle contained excellent papers and talks by Mrs. G. H. Gere and Miss Severance.

CARTRIDGES—Black Eureka, 12 gauge, No. 5, 6 and 7, \$2.40 per 100. Also Smokeless, 12 gauge, No. 5, 6, 7 and 8—prices and particulars on application.—HAKALAU STORE.

The Economic Shoe Store has been improved greatly with the addition of modern office fixtures in the rear of the room. The Economic is now a metropolitan place in every sense of the word.

Palmer Woods' meeting at Ray's hall Thursday evening of last week was a disappointment. The speaker was in fine form but he could not do himself justice with an audience of empty benches.

It is rumored in Honolulu that the Kona Sugar Plantation will be sold, the same authority stating that there seems no longer any prospect of pulling the estate out of the hole and placing it on a paying basis.

Mrs. James and Mrs. H. A. Bigelow arrived by the Claudine for a visit with Mrs. James' daughter, Miss Harlean James, Court stenographer for the Fourth Circuit Court. They have rooms at the Peacock.

The following passengers are booked to sail on the Enterprise today for San Francisco: Mrs. J. F. Clay, Mrs. Henry Hayes, Mrs. A. B. Blanco, W. B. Blanco, Miss Fracker, W. P. Jarvis, B. H. Sharpless, wife and two children.

Henry Loo Kong of Honolulu is in the city with Mr. Slaughter representing the Phoenix Building and Loan Association. He is one of the most promising graduates of Kamehameha school and has acquitted himself well in various lines of business.

Hoffschlaeger Co., Ltd.
Pioneer Wine and Liquor House
TEL. NO. 23 CHURCH ST.

AN EIGHTY FOOT AVENUE.

Hilo People Should Aid in Its Realization.

The intention of the Superintendent of Public Works to make an eighty foot avenue of Front street is one that should receive every encouragement from the people of Hilo. One of the chief eye-sores, in fact the only one of consequence that mars the beauty and attractiveness of Hilo is Front street. Not the street alone but the character of the improvements along either side. Whatever property owners or leaseholders along this street can do to assist in its improvement will be money in their own pockets. It will be short-sighted business policy to block the enterprise.

An eighty foot avenue from the Waiakeia river to the center of the city would be a monument to the generation that puts it through.

Government lands between this thoroughfare and tide water should be disposed of with caution by the authorities. Hilo as a municipality will one day be largely interested in the character of her waterfront, and present Territorial officials should keep this consideration in mind.

DOMESTIC TROUBLE.

Enraged Chinaman Seeks Life of His Porto Rican Spouse.

Young Mau the Front Street poultry dealer who recently took unto himself a Porto Rican wife and who tried to scalp her with a long knife last Monday evening is furnishing the jail authorities with an unlimited amount of fine acting. His performance is of the continuous vaudeville sort with variations from the comatose poses of the opossum to the wildest freak of a maniac. In short the pake seems to prefer the asylum to the penitentiary and is making every effort to exhibit qualifications for the former place. The offense for which Young Mau is in custody is a fierce assault upon his better half. Monday evening in company with another Porto Rican woman his spouse was walking near the postoffice. The husband sprang from a place where he had secreted himself and began slashing his wife with the knife. Before assistance could arrive he had inflicted several wounds. The woman was taken to the hospital and her enraged husband was lodged in jail.

Beckley at Waiakeia.

Admiral Beckley as a power against the tide of Wilcoxism is a host in himself. Every time he comes to Hilo, he makes the welkin ring and gathers into the fold numerous converts to the cause of his heart. Wednesday night he spoke for an hour at Waiakeia bridge paying no heed to the torrents of rain which would have dampened the ardor of a less enthusiastic patriot. That he made telling blows with his logic is proved by the action of Kaelemakule, a prominent Hawaiian leader, who came out in unmeasured terms in behalf of Kuhl. He endorsed the speech made by Admiral Beckley and is a valuable convert to the Republican cause.

Claudine Passenger List.

October 29.—Mrs. I. E. Ray, Mrs. James, Alexander Young, J. A. Wilson, T. H. Matson, H. Johnson, Captain Grace Burgess, Lieut. Lilla Tyrholm, J. A. Graham, J. H. Mayhard, J. L. Robertson, J. W. Mason, W. Berlowitz, J. Matsumura, W. J. Dyne, F. B. McStocker, H. A. Bigelow, Rev. Silva, wife and 2 children, H. B. Landis and wife, J. Thayer and wife, W. L. Mathew and wife, M. G. Stevens, Jr., W. O. Porter and wife.

Outgoing Claudine List.

W. C. Potter, Mrs. W. C. Potter, W. T. Stevens, A. Young, Mr. and Mrs. W. L. Matthews, W. J. Dyer, Miss A. W. Duisenberg, C. A. Thayer, H. B. Blanding, Mrs. H. B. Blanding, H. E. Hendrick, H. C. Easton, Henry Hering, wife and three children, Geo. C. Stratemeyer, Rev. Geo. Meyer, E. J. Walker, wife and child, C. E. Cornell and wife, B. L. Sharpless, wife and two children, L. K. Kentwell, Mrs. Lewison, R. Hauxhurst Jr., F. S. Munsell and R. Slaughter.

Promising Hilo Vocalist.

Miss Helen Desha and Miss Helen Kaulo who sang at the Thursday noon song services of the Y. M. C. A., last week and on yesterday, have delighted the large audiences present on these occasions. They will be heard frequently in the future.—Advertiser.

First Foreign Church.

Services at 11 a. m. and 7:30 p. m. Morning subject—"Preparing the Way." Evening subject—"Bible Portrait of the Father of the Faithful." Everybody Welcome. F. L. NASH.

Miss Fracker leaves by the Enterprise for the mainland today where she hopes to regain her health. During her short residence in the Islands Miss Fracker has formed a large circle of friends who hope for her a steady return of strength as well as her early return to Hilo.

W. P. Jarvis left by the Enterprise to permanently locate at Oakland, California. Mr. Jarvis has been a resident of Hilo for the past five years and leaves many friends behind. He is a civil engineer and goes at once into the employ of the Southern Pacific Railroad Company.

Last Saturday Secretary Henry E. Cooper approved the entire line of the Hilo-Kohala Railway. Among the stipulations is one requiring the road to be completed within two and one-half years. The new plans straighten out certain clashes with the Hilo railroad on the waterfront here. The arrangement was made satisfactory to all parties.

J. S. Clark, late of Omaha, Neb., has accepted the position of pharmacist with the Hilo Drug Co. Mr. Clark engaged successfully in the drug business in Omaha for a number of years. He came to the Islands this month with Dr. Galbraith of Honolulu who just returned from a visit to his former home at Omaha.

The rummage sale for the benefit of the Hilo Library goes steadily on. Today the ladies will receive any article that the people may wish to donate to the cause. Such articles should be left at the sales room at the foot of Church street. Saturday the sale will continue all day. Patrons of the Library should attend and loosen their purse strings.

CUPIDS HILO MEETING.

He Turned the Tide in Republicans Favor.

The Republican meeting at the Japanese Opera House Thursday evening, September 23, was the best political meeting of the campaign in Hilo. It produced results. The crowd was there and the speakers were in fine trim. The futility of hoping any good to come from the election of Wilcox was exposed with marked ability by Prince Cupid. He spoke with the air of a political warhorse of decades of experience. It is safe to say in passing whether the Prince is elected this time or not, he has demonstrated his ability on the hustings and will continue to be a factor of power in Hawaiian politics as long as he so chooses. He has the personal magnetism on the rostrum possessed by every political campaigner of note. He grows with the approach of each new opportunity and discloses a reserve force upon which he knows how to draw with skill. He was listened to at his last appearance in Hilo with rapt attention. He held his hearers. At this meeting the dashing Admiral Beckley poured out his unflinching fund of enthusiasm in behalf of the cause. A. B. Loebenstein made an address which was the cap sheaf of the meeting. He talked both in English and Hawaiian. Every sentence was a home shot and the audience was prompt to respond to his thrusts. Other speakers were S. L. Deha, Judge Kepoikai and Judge Mchuel.

After the meeting it was the general expression that Cupid's coming at that time had captured Hilo for the Republicans.

HILO BANANAS FINE.

So Say the Dealers in San Francisco Market.

That Hilo bananas have made a hit in San Francisco is shown by the following extract from a letter written by Porter Brothers & Co., of that city to Peter Lee, their representative here: "These are certainly very fine bananas and if you will continue to give us this class of fruit we will be able to do a large business with you."

Referring to the first shipment of 302 bunches, the letter says: "There were some bunches which were a total loss but only a few; some of them were a little ripe but as a whole they arrived in splendid shape."

"There is only one thing we wish to suggest and that is that you use the native grass instead of the leaves to place next to the bananas. The leaves get among the bananas and they present an unattractive appearance whereas grass would be much cleaner and better."

By this Enterprise Mr. Lee is shipping about five hundred bunches which will grade much higher than the previous shipments and will further build up the reputation of Hilo bananas in the market. The only thing the grower must look out for is the packing. This, if well done, will guarantee the supremacy of the Hilo banana on the Coast.

REPUBLICAN MEETINGS.

Candidates Are Out on Their Last Round Before the Election.

The last round of the Hawaii Republican speakers has begun yesterday at Waipio where a party of campaigners from this city met the Republican candidates for the Senate, J. D. Paris and S. L. Desha. Those from Hilo were James D. Lewis, Geo. W. Paty, J. M. Kauwila, and Edward Kekoa. These gentlemen will hold meetings at various places this side of Waipio, arriving in Hilo, Saturday afternoon. Saturday night there will be a grand Republican rally at Waiakeia bridge where a number of candidates will address the crowd.

On Monday night the last big Republican blowout of the campaign will be held in Hilo at the Japanese theater. Everybody should be on hand to take part in the last meeting in order to share in the glory of the victory which is sure to come the next day.

NEWS FROM OTHER SIDE.

It is Stated That Kuhl Will Have 600 Majority

Through Admiral Beckley, the Republican managers on the other side of the Island forwarded to Chairman C. L. Crabbe, last Wednesday morning, the statement that the Second District on this Island will return a majority of 600 for Prince Cupid. It is predicted that if all the votes get out, that Kuhl will have 1000 and Wilcox 400.

\$5,000,000 for Kona.

Col. J. H. Soper who returned by the Sierra yesterday says that Jacob Coeper told him in San Francisco that he had made all arrangements for the money to build the Kona-Kau railroad and to develop other interests in Kona. Coeper said that he had only been waiting for the arrival in San Francisco of a man from New York and another from Chicago whom he had interested in developments here, and who were coming down to the Islands with him. These had arrived in San Francisco he said and he would start with them October 25, by the Alameda. Coeper claimed to have interested backing to the extent of \$5,000,000 in Kona enterprises.—Star.

Purpose Accomplished.

The Superintendent of Public Works was at his office again this morning. Secretary Cooper remains in charge of the department, and is carrying on much work. One report has it that in the event of Boyd not taking hold again, Cooper will be asked to give up the secretaryship and take hold of the Department of Public Works permanently.—Honolulu Star.

That Cooper has succeeded in capturing Boyd's office which pays \$300 a year more than his own, seems to be indicated by the following brief telegram received in Hilo Wednesday evening: "Forced out by Dole: Record clean.—J. H. BOYD."

BIRTHS.

MILLER—To the wife of Charles Miller, Wednesday, October 29, a daughter.

THE BALLOT.

Some Details to be Studied With Profit by Voters.

A number of voters have expressed a desire to see a sample of the ballot to be used on next Tuesday, and the instructions as to the method of marking the ballot.

Each duly qualified voter will receive from the Chairman of the Election Inspectors at the polling place a ballot for Representatives, one for Senators, and one for Delegate, properly folded, and upon request the mode of voting will be explained to the voter. Upon receiving the ballot so folded the voter shall proceed into one of the compartments provided for the purpose, and shall then mark his ballot in the manner prescribed. He shall designate his choice for one (1) Delegate, two (2) Senators and four (4) Representatives by making a cross thus, X, on the right hand side of the ballot in the space or spaces provided for such purpose, opposite the name or names of the candidate or candidates for whom he desires to vote. If any other markings are made upon any ballot other than as indicated, such ballot will be thrown out and not counted. Specimen ballots such as will be used at the election Tuesday, and marked for Republican ticket, are as follows:

General Election—1902.
Delegate for the 8th Congress.

Kalaniana'ole, J. Kuhio	X
Wilcox, R. W.	

General Election—1902.
For Senators.
First District, Island of Hawaii.
For the term beginning November 4th, 1902.

Apiki, O. K.	
Desha, Stephen L. (Kiwini)	X
Makeau, R. H.	
Paris, John D. (Palika)	X
Pua, Samuel K.	
Woods, Palmer P. (Puuhue)	

General Election—1902.
For Representatives.
First District, Island of Hawaii.
For the term beginning November 4, 1902.

Ewaliko, D. K.	
Fernandes, Antone	
Haahio, S.	
Kanwila, J. M.	X
Kealawaa, M. Kekino	
Keliipio, L. D.	
Lewis, J. D. (Kimo Lui)	X
Mattoon, Jas. (Kimo Makuna)	
Nailima, W. B.	
Paty, Geo. W.	X
Pritchard Jos.	X
Purdy, W. N.	

Ballots for Delegate will be on red paper, for Senators on blue paper, and for Representatives on white paper.

LITTLE SUSTAINED.

Judge Hapai Reverses Himself in the Winter Lawsuit.

The much discussed case of Central Meat Market v. Frank Winter and A. E. Sutton & Co, garnishees, was again before District Magistrate Hapai Wednesday for an airing upon a motion filed by Ridgway & Ridgway to set aside the judgment rendered in the case against the garnishees. On presentation of arguments Judge Hapai issued an order setting aside his former judgment obtained by Smith & Parsons, attorneys for the plaintiff, stating that it was plain the case should be opened and heard again, and that the statement of facts contained in the decision of the Circuit Court are sufficient for setting aside the judgment. That part of the decision of Judge Little referred to, remanding the case back to the District Magistrate is as follows: "The record in the case below discloses through an affidavit of Wm. H. Beers, Clerk of said Court and Thomas C. Ridgway, counsel for defendant in the case, that the judgment was obtained by methods entirely uncomplimentary to the practice in any Court and should not be permitted by the Judge, and the affidavits themselves were entirely sufficient to have caused the Judge to set aside the judgment upon the motion made."

Ambitious Dentist.

Matsumu Yuhoki aspired to be a professional man and chose the calling of a dentist. After one or two days: close application to his new vocation on the road to Hakalau, he was caught by the police and is now in jail awaiting trial for practicing dentistry without a certificate.

His outfit was as simple as modern invention could make it. It was "all contained in one little hand basket. He evidently had called at a near by blacksmith shop where he had his tools made to order on the anvil. He had iron forceps and tongs galore with nice little rows of porcelain teeth strung on rubber. He had red wax for taking impressions of toothless palates and a score of little chisels evidently made from knitting needles. His interesting kit of tools will be on exhibition in the District Court November 5.

More Investors

A party of mainland capitalists under the chaperonage of L. A. Thurston landed at Kawahae from the Claudine Wednesday and will come overland to Hilo. They will inspect the material resources of the Island and will look into the merits of the Oloa Plantation in particular. Those in the party are: John Lloyd, president of the German Saving & Loan Society, San Francisco; George Tournay, cashier of the institution just named; Henry Crocker and wife, San Francisco; and A. Kaine, assistant manager of the San Francisco branch of the Canadian Bank of Commerce.

All Run Down

When your vitality is low, you are miserable all the time. Your nerves are weak and your appetite is poor. You have no ambition, and you are languid and depressed all the time.

What you need is a good strong tonic, as described by Mrs. H. Austin, of Wellington, New Zealand. She sends her photograph and says:

"I was so weak and tired all the time that I could not sleep at night. Or, if I did sleep, I was as tired in the morning as when I went to bed. I was all run down. I then tried Ayer's Sarsaparilla. After taking two bottles I found myself greatly improved, and soon I was completely restored to health. I think it is a great family medicine."

**AYER'S
Sarsaparilla**

There are many imitations "Sarsaparillas." Be sure you get Ayer's.

You will improve faster by using Ayer's Pills with the Sarsaparilla. Take just enough each night to have one good, free movement of the bowels the day following.

BOYD TALKS.

Tells About the \$3,000 Received From T. H. Davies & Co.

J. H. Boyd soon after his arrival in Honolulu was called upon by a reporter for the Advertiser to whom he made the following statement:

"I am just as anxious for an investigation of my office as the Governor and officials are to investigate," said Superintendent Boyd yesterday evening. "I was with the Governor and Secretary Cooper only a short time today—probably half an hour, and did not finish. The Governor requested that Mr. Cooper continue in charge until the investigation is completed. That arrangement is perfectly satisfactory to me and is the best for all parties. Mr. Cooper is acquainted with the workings of the department and able to continue in charge until everything has been thoroughly looked into while I have just returned. I do not consider that I have been suspended, the Governor has simply asked that the present arrangement continue and to this I have made no objection.

"I suppose charges, or a statement, will be made by the Governor in regard to my administration of office as Superintendent of the Department of Public Works. There has been nothing specific as yet and until there is I of course, cannot make any explanation. I understand that this statement will be in writing and I will then make my explanation. The examination of the books and accounts of my office has not been completed as yet and I do not expect to receive this statement until the early part of next week. There will probably be a statement drawn from the books with the showing of discrepancies if any, and I shall then be in a position to explain whether they are correct or incorrect.

"The \$3,000 which I received from T. H. Davies & Co., is on special deposit with me and I am ready to turn it over for the improvement of Bridge street in Hilo as soon as it is required. Of course a different view of the matter may be taken, but I consider that the money was placed on deposit with me for the improvement of that street. I had outlined my plans to carry the work to completion by the end of this year or the beginning of next year. After the money has been expended the pay rolls and vouchers will be accounted for to T. H. Davies & Co. The reason the work has not been done is that the government must first secure certain rights of way and pay damages for the removal of fences. The road damage fund is nearly exhausted and the \$3,000 is to be used in part in securing the needed right of way and to pay for the removal of fences. The work has been delayed because the right of way has not been secured and because other streets in Hilo must first be graded. The grade was just received from our engineer at Hilo a few weeks before Marston Campbell's accident.

"The \$3,000 was not turned over to the Treasurer as a government realization or a special deposit for the simple reason that if it had been it could not have been taken out for this work. It would have required a special act on the part of the legislature to remove the money once it had been paid into the Treasury. If it had been paid over there would have been nothing to prevent its use by the government in the same manner as the Chinese fund was used in the payment of warrants. I had given Davies & Co. my personal receipt as Superintendent of Public Works for the \$3,000, and I personally would have been held responsible for that amount. Had the money been in the treasury it could not have been drawn upon as it would have been required in the payment of work in Hilo. The money now is on special deposit and I am ready to account for it at any time."

"I am entirely at sea in regard to B. H. Wright—where he got the money said to have been taken by him and what became of it. The news that he was in trouble was a surprise to me, but I inferred that the matter had been settled. Treasurer Wright wrote me but one letter

in which he mentioned the B. H. Wright trouble, and he then said assurances had been given that the amount would be made up. I wrote one letter to B. H. Wright while away, but received no answer, and supposed it was because he was in jail.

"It was not the custom of the department to keep such large sums in the safe as Wright is alleged to have taken. Our receipts come from sewer rents, garbage charges, sale of town lots and government realizations. It was the practice to make a deposit with the Treasurer once a week and when large amounts were received, deposits were made oftener. When we were receiving small amounts it was the practice to wait until it had reached the sum of several thousand dollars before being deposited. B. H. Wright was in charge of the safe, and I never went there unless with him to open it.

"While I, as Superintendent of Public Works, am responsible for the acts of all the clerks in my office, I do not see how I am accountable for the alleged shortage of B. H. Wright. The money collected by him was collected as a public accountant, and he as such was responsible to the Treasurer, and the Auditor General approved his accounts. In the same way the collections made by the water department which, although under my supervision, are accounted for directly to the Treasurer. Wright was not under bonds to me and it has never been the practice to require bonds from the clerks in the interior departments.

"I saw nothing of Treasurer Wright in San Francisco and received no word from him aside from the first letter. Just before the steamer sailed there were rumors around to the effect that he had gone to Mexico."

Jack Cade's Castle.

A historical "monument" in the form of "Jack Cade's Castle" in Sussex was offered for sale at Tokenhouse Yard, London, the other day, but the eloquence of the auctioneer failed to draw a larger bid than £5,900, at which price the property was withdrawn. The fifteenth century rising instigated by Cade was at one time of sufficient dimensions to threaten the throne of Henry VI, but his followers gradually dropped away, and eventually, after being refused an asylum at Queensborough castle, the notorious rebel fled into Sussex in disguise and took refuge at "Cade's castle," or Newick, as its proper name is. In the garden of the house, tradition says, Cade was killed by the Sheriff of Kent.—New York Times.

Effect of Moving Electron.

The production of a magnetic field of force by a moving electron has been treated mathematically by J. J. Thomson, O. Heaviside, J. Larmor and other mathematicians. The fact that a statically charged body in motion does produce a magnetic field was first experimentally demonstrated by the late Professor H. A. Rowland in 1875 in the laboratory of Von Helmholtz, in Berlin. In spite of a negative result by Cremieu, the fact was again verified by Rowland shortly before his death, and has been confirmed by recent experiments by Professor Trowbridge.—Baltimore Sun.

Revolt in Santo Domingo.

Santo Domingo, Oct. 13.—A former Governor named Navarro has revolted and taken possession of Monte Christi, on the north coast of Santo Domingo, near the Haytian border. The Government is taking prompt measures to restore order.

BABY'S COUGH MUST NEVER LINGER.—Nothing is more distressing than to see a helpless little infant suffering with a cough, and to be fearful of using a remedy which may contain some harmful ingredient. The makers of Chamberlain's Cough Remedy positively guarantee that this preparation does not contain opium in any form, or any other harmful substance. Mothers may confidently give this remedy to their little ones. It gives prompt relief and is perfectly safe. It always cures and cures quickly. The Hilo Drug Store sells it.

A great many people want long, heavy hair, but how to get it, that is what puzzles them. The fact is, the hair needs a little help now and then. The roots require feeding.

When the hair is starved, it stops growing, loses its lustre, falls out, turns gray. Ayer's Hair Vigor is a hair-help. It makes the hair grow, stops it from falling, and completely cures dandruff.

Ayer's Hair Vigor

If your hair is fading or turning gray, begin at once with Ayer's Hair Vigor. It will positively restore color to your gray hair, all the full, rich color it had in early life.

As a hair-dressing you will certainly like it, for it keeps the hair soft and glossy and prevents it from splitting at the ends.

Do not be deceived by cheap imitations which will only disappoint you. Make sure that you get the genuine Ayer's Hair Vigor.

The only desirable means of reaching the Volcano. Connections at Mountain View with stages daily—morning trains going; afternoon trains returning. Fare from Hilo for the round trip \$5. This route is through Olaa plantation, the largest in Hawaii, virgin forests of koa and wild ferns, and through many coffee farms.

The natural wonders of Puna make that district the most interesting spot in Hawaii. One can spend a most delightful day exploring the underground caves, swimming in the famous Hot Springs and resting on the cool shores of Green Lake.

Excursion tickets between all points are sold on Saturdays and Sundays, good returning, until the following Monday noon.

Commutation tickets, good for twenty-five rides between any two points, and thousand mile tickets are sold at very low rates.

W. H. LAMBERT, R. R. HGIN, Superintendent, G. F. & T. A.

MEXICO MUST PAY.

The Court of Arbitration Unanimous in Decision.

The Hague, Oct. 14.—The Arbitration Court in the pious fund case has condemned Mexico to pay the United States \$1,820,000 in Mexican currency. The decision was unanimous.

The tribunal finds: "First—that the claim of the United States in behalf of the Archbishop of San Francisco is governed by the principle of *res judicata* in virtue of the arbitration decision pronounced by Sir Edward Thornton, November 11, 1875, and amended by Sir Edward Thornton, October 24, 1876.

"Second—That in conformity with this decision the Government of the United States of Mexico should pay the Government of the United States of America \$1,460,682 in money of the legal currency of Mexico, within the period fixed by article ten of the protocol of Washington. This sum will cover the total payment of annuities due from and unpaid by the Government of the Mexican Republic, namely the annual payment of \$43,050 in Mexican currency from February 2, 1869, to February 2, 1902.

"Third—The Government of the United States of Mexico will pay to the Government of the United States of America, February 2, 1903, and every following year, on the same date, forever, annual payment of \$43,050, of money of the legal currency of Mexico."

The decision of the tribunal was read by Secretary General Ruyssenaers in the presence of members of the Diplomatic Corps, their wives and the representatives of the litigants.

Dr. Matsen, president of the court, who declared that a revision of the sentence was only possible in the event of new facts coming to light, thanked the representatives of the United States and of Mexico for their assistance in enlightening the arbitrators. He added that while no single judge was infallible, the unanimity of the arbitrators, who had so closely examined the whole question at issue, was a guarantee that no mistake had been made.

President Matsen concluded with expressing the best wishes for the health of Queen Wilhelmina and the prosperity of her people, who had welcomed the members of the court so cordially.

Mr. Ralston of San Francisco, one of the lawyers in the case, and Senor Pardo, in behalf of Mexico, thanked the court for the care it had given to the case. Senor Pardo said he was sure that so soon as his Government learned of the court's award it would accept it. He must, however, reserve for his Government the right to avail itself of the provisions of the protocol.

Washington, Oct. 14.—Official news of the results of the arbitration in the Pious fund case was received here today from Mr. Ralston, the agent for the United States before The Hague tribunal. He simply stated that the United States' contention had been accepted as to *res judicata*; and the full amount of the claim allowed, to be paid in Mexican silver. The first statement is understood to mean that the tribunal took the view that the decision of the first court, which awarded the claim of the church for accrued interest, did not prevent the accumulation of interest since that award.

Growth of Our Iron Trade.

The development of the iron industry of the United States has been marked with surprises. From complete dependence upon the Old World the country has leaped to pre-eminence. In the great railroad-building period of 1870-72 England furnished the rails and other materials at prices two or three times above those which are now deemed abnormally high. Then England produced three times as much iron and steel as the United States. Since then Germany has challenged the supremacy of Great Britain and passed her in a decade of remarkable growth. And yet in the current year of 1902 the United States of America will produce more iron than England and Germany combined. Indeed, there is a margin of excess to spare about equal to the product of France.

THE LION AND THE BEAR.

English Fleet Moves to Check Russian Advances Eastward.

London, October 13.—Information has reached here that a great British fleet lately maneuvering in the Mediterranean has been suddenly ordered to take up strategic positions in the neighborhood of Salonica and Smyrna, while the squadrons at Malta and Gibraltar will be immediately strengthened. These measures are considered necessary in consequence of Russia's endeavors to coerce Turkey, particularly with reference to her warships' privileges in the Dardanelles. The situation is deemed so urgent that it completely subordinates the education bill crises in Saturday's Cabinet meeting.

Russia's determination to turn the Dardanelles into an exclusively Russian channel to the Mediterranean may be regarded as the first step in her recently announced policy of irritating British interests. While the London diplomats hesitate to credit the rumor of an actual Russo-Turkish compact with that end in view, which is now in circulation in the highest quarters in Great Britain and the Continent, the feeling is general that the Czar's Government has taken the first step toward an eventual coup.

It is to throttle such an enterprise in its early stage that the strong British fleet now in the Mediterranean is under orders to dispose itself for important emergencies. The fleet constitutes the most powerful collection of British warships ever gathered, except for review purposes. It consists of twenty-nine new first-class battle ships, twenty armored cruisers and more than thirty destroyers and torpedo boats.

Simultaneously with the orders to the fleets every artillery garrison in the Mediterranean has been given orders to augment itself to its full strength. It is said that the British foreign officials are considering the whole situation in the light of the information that Russia is finding support for its project for violating the treaty of Paris at the hands of France itself.

With characteristic cleverness, Russia took advantage recently of the doubtful clause in the international conventions regarding the passage of the Dardanelles, which stipulates that only warships conveying sovereigns and heads of independent states shall be permitted to pass the straits, and sent Grand Duke Nicholas in the Gorges Pobledonostzeff, the largest battle ship that ever entered the Bosphorus, to visit the Sultan. This was a distinct breach of the convention, but the Russians explained that the Grand Duke, being the Czar's representative, was the same as the Czar himself. Europe is undoubtedly not mistaken in considering this a breach of the treaty of Paris and also as an intimation that Russia intends no longer to be bound by that document, which was drawn up at the close of the Crimean war, in which the United forces of France, Turkey, Sardinia and Great Britain defeated the forces of the Czar.

Time Child Should Sleep.

In Sweden a committee was recently appointed by the Government, says the New York Times, for the purpose of ascertaining how many hours children of various ages ought to sleep in order that they may be able to study properly.

According to the report forwarded to the Minister of Education, children who are 4 years old should sleep twelve hours; children who are 7 years old, eleven hours; children who are 9 years old, ten hours; children who are from 12 to 14 years old, from nine to ten hours.

PAWNS HIS SCEPTER.
Portugal's King Reduced to Penny Soaks Crown Jewels.
Lisbon, Oct. 7.—It is all true. Our "most faithful" King has pawned his crown, and the Minister of Finance hocked the rest of the regalia, but who cares? When Dom Carlos and Donna Amelia rode down the Avenida this afternoon, while hundreds of ragged newsboys shouted the scandalous story to the multitude, the King and Queen saw only smiling faces. Hats and handkerchiefs were in the air; carriages stopped that their occupants might bid their Majesties a more fitting welcome, and all around the cry of "Long live Dom Carlos and Donna Amelia" was heard.
That the King is hard up surprises no one, and that the Government cannot pay its way is no secret. But while the politicians are roundly abused for perpetuating the annual deficit by hanging on to useless and expensive colonies, people praise Dom Carlos rather than blame him. Did he not allow his salary to be reduced by one-fifth to lighten the public burden? And has he not gone without pay for two long years that the arrears of salaries owing to subaltern officers might at least be discharged? Such and similar were the comments on all sides. "But the indignity of it!" cried a wealthy Duke as he sat reading the papers in his club. "Pshaw! there is not a crown jewel in the world that has not been hocked over and over again!"
In fine, Dom Carlos is the popular idol, and a pawn ticket more or less will not affect his standing one way or the other, for even in retrograde Portugal, the masses have lost their old time reverence for scepter and crown. Indeed, they begin to regard them as articles of expensive junk that ought to be put to better uses than to eat up millions of interest lying in the treasury vaults.
But to turn to the pawned regalia. Part of it belongs to the estate, i. e., the people of Portugal, while part is the King's property. The state jewels, including the famous sceptre of Don Juan I, were hocked with the Bank of Portugal for 25,000,000 francs, the full extent of their intrinsic value, provided, of course, that the value is what it is represented to be. But now comes the bank and cries "bunko." Several of the alleged historic gems and pearls are paste, say the officials, better for the children to play marbles with than for the vaults of a financial institution. |
The imputation of fraud affected the Minister of Finance no more than water does a duck, but as to the bank's demand that the pledge be redeemed at once—that is out of the question, first and foremost because the Government has no 25,000,000 francs handy, and, again, because the bank got the "real thing," and if it be no longer "real" the bank is liable to prosecution and heavy damages.
The Minister, you will perceive, has turned the accusation into a two-edged sword, and for the present no one knows who will get the bargain, while the public looks on complacently, not knowing whom to credit with the alleged crime, seeing that both parties are equally capable of high-handed proceedings.
As to the crown of Portugal, it has been in the keeping of the Rothschilds, London branch, since 1894, when the King borrowed 5,000,000 francs on it, about one-eighth of its real value. Here follows a description of this priceless bauble, furnished by an official of Dom Carlos's court:
The jewels in the crown consist of diamonds, pearls, rubies, sapphires and emeralds, set in solid gold. Its weight is three pounds five ounces troy.

JUDGE LITTLE UPHELD.
Supreme Court Decides for Plaintiff in Jones vs. Peterson.
Judge Frear is author of a unanimous opinion of the Supreme Court which affirms Judge Little's decree, in the suit of B. L. Jones vs. J. K. Peterson, ordering the defendant to specifically perform a contract involved in the following document:
"Hilo, Hawaii, H. I., March 13, 1899.
"This is a receipt to prove that I, J. K. Peterson, sell and relinquish all claims and deeds to lots 261 and 278 in the district of Olaa, Island of Hawaii, to B. L. Jones for the sum of \$500 and which I receive \$50.00 cash to bind the sale, and \$450.00 four hundred and fifty dollars the balance of purchase price when the deeds are transferred to the said B. L. Jones.
"J. K. PETERSON."
The defenses of fraud, inadequacy of consideration and indefiniteness in the form of the contract were abandoned on appeal, the only defense relied on being that the defendant never had the ability to perform and consequently that a decree of performance would be nugatory. To make this clear, it must be stated that the defendant was only a lessee of the property. Upon the point relied on, the Supreme Court says:
"Equity will not compel nugatory acts, as, for instance, the specific performance of a contract to convey when the vendor has no title, although it may compel performance in part, when possible, and give compensation for the deficiency."
It is questioned if equity should compel performance to assign a lease if the lessor refuses to consent to the assignment and the lease by its terms is not assignable without such consent, but at the same time the burden of showing such refusal is upon the defendant.
Further, the syllabus shows that a lessee's contract to sell and relinquish all claims and deeds to the land is not a contract to make a valid assignment or to obtain the lessor's consent, but is a contract to release or convey the lessee's right, title and interest, and may be enforced, the assignee taking his chances upon obtaining the lessor's consent.
The case is remitted to the Circuit Judge for such further proceedings as may be necessary, consistent with this opinion. Wise & Ross for plaintiff; Smith & Parsons for defendant.

Connect With Fanning.
Wellington, New Zealand, Oct. 15.—Acting Premier Sir J. G. Ward has confirmed the report that the plan of the New Zealand government for a submarine cable from Honolulu to Fanning island has been practically accepted.

NO OPIUM IN CHAMBERLAIN'S COUGH REMEDY.—Many cough cures contain opium. The effect of this drug is to diminish secretion of the mucus, and the relief afforded is only temporary. As soon as the effect of the opium passes off, the malady returns in a more severe form. The system is also weakened and rendered more susceptible to cold. Chamberlain's Cough Remedy does not contain opium in any form. It affords relief and leaves the system in a healthy condition. It always cures and cures quickly. The Hilo Drug Store sells it.

WINDWARD HAWAII.
Directory of the Prominent and Progressive business men in the richest country in the Islands. If you have anything to dispose of it doesn't cost much to advertise it in this department. Write for rates.

HONOKAA.
HONOKAA is the most thriving community outside of Hilo on the windward coast of the Island of Hawaii. It is situated 50 miles from Hilo at an elevation of 1500 feet which renders the climate salubrious. Above the cane lands are numerous homesteads on which coffee, cane and vegetables are extensively cultivated. Regular stage lines connect with all outlying districts. The 4th Circuit Court meets at Honokaa annually in July. Regular steamers call to discharge and receive freight.
A. B. LINDSAY—General Merchandise, Post Office, School Agent.
CHAS. WILLIAMS—Attorney at Law, Notary Public.
DRS. GREENFIELD & R. G. CURTIS, Physicians and Surgeons.
J. M. MOANAULI—Attorney at Law.
