Mortgagee's Notice of Intention to Foreclose and of Sale.

In accordance with the provisions of a certain mortgage made by W. A. Mio and Kealoha Mio, his wife, of Waipio, Hamakua, Island of Hawaii, to Alexander Black of Kukuila, Hamakua, Hawaii, dated January 24th, A. D. 1898, and recorded in the office of the Registrar of Conveyances in Honolulu, H. T., in Liber 174 on pages 416 and 417—notice is hereby given that the said A. Black, mortgagee, intends to foreclose the said mortgage for condition broken, to wit:—non-payment of the principal sum and interest thereon when due.
Notice is also hereby given that the property covered by said mortgage will be sold at public auction to the highest bidder at the Court House in Honokaa, in said Hamakua, Hawaii, on Saturday, the 6th day of December, A. D. 1902, at 12 o'clock noon.
The property covered by said mortgage is described as follows: All those pieces or parcels of land situated in Waipio, and being those premises described as three Apanas of R. P. 7308, and L. C. A. 10918 to Uma, and containing 87-100 of an acre. Terms Cash.
Mortgagee.
Deeds at expense of purchaser.
For further particulars apply to CHARLES WILLIAMS, Attorney for Mortgagee, Honokaa, Hawaii, November 8, 1902. 2-3

MANY HUNDREDS KILLED.

Guatemala Towns and Plantations Buried Deep Under Ashes.

New York, Nov. 14.—A cable to the Herald from Guatemala City says: Astonishing revelations of the great loss of life and property caused by the eruption of Santa Maria volcano are being made daily.
Many hundreds of human beings perished, and the destruction of property is considered greater than that in the island of Martinique, by the eruptions of Mont Pelee. All of the estates in the neighborhood of the volcano are buried under volcanic ashes, which reach to the tops of the houses.
The richest coffee districts are completely ruined. Many trees cannot now be seen, as they are buried under ashes, and those that are not concealed by ashes have been burned. The principal losers are the large coffee planters, mostly United States citizens and Germans, whose property is ruined.
Two or three new craters have been formed on the side of the volcano. There were no eruptions from the summit.
Pumice and ashes were carried chiefly in southern and western directions. The sea has a coating of volcanic material extending for many miles. Passing vessels have become enveloped in such darkness that they have been compelled to change their course to the high seas in order to be safe.
The eruptions of Santa Maria continue. The loss of the coffee crop, which is Guatemala's principal commerce and Government finances generally. The national paper currency, which is the only circulating medium, has fallen to seven cents, gold, for one paper dollar. Prices for all necessities and such articles as are considered comforts rather than luxuries have risen to prohibitive figures for many persons. The authorities are trying to force dealers to sell goods at the usual prices, but the condition of affairs is such that business is entirely paralyzed.
Violently worded handbills and posters are being circulated. These increase the alarm and arouse the rabble.
San Diego, Nov. 14.—The cruiser Ranger, which arrived in port today from Panama, brings confirmation of the reports of volcanic disturbances in Central America. She reports miles of dust-covered waters on the Gulf of Tehuantepec.
This was encountered on November 2d, which was eight days after the reported date of the eruption of the Guatemalan volcano. The air was full of volcanic dust and the water was covered with it, as though the steamer were running through a thick cream covering the gulf waters.
From the bridge of the cruiser the shore lines and the trees could be seen to be covered with the same layer of ashes, but there was no landing made, and the officers are looking for rather than giving any news of damage done by the eruption.
The Ranger will remain here until next Wednesday, when she will sail for Mare island to be docked and cleaned. All are well on board.
New York, Nov. 14.—A cablegram to the Sun from London says: A dispatch from Kingston, Jamaica, says that the volcano on the island of Savan, of the Windward islands, is in eruption, and that five or six craters are emitting smoke and ashes. One village has been covered with ashes.
Rome, Nov. 14.—The eruption of the volcano Stromboli is increasing in violence, and is accompanied by shocks of earthquake and alarming detonations. Ashes thrown up by the volcano are falling on boats at sea.

PRESIDENT'S MESSAGE.

Will Urge Congress to Take Careful Action on the Trust Question.

New York, November 9.—A dispatch to the Tribune from Washington says: President Roosevelt has his annual message to Congress well advanced towards completion.
That there has been no change in the attitude of the Administration on the subject of Cuban reciprocity will be made apparent, but whether the message will urge legislation or will promise the transmission of a Cuban reciprocity treaty to the Senate will probably depend upon the progress that may be made in the next two weeks toward the negotiation of a reciprocity treaty.
The President will urge Congress to consider trust regulation carefully, with the view to the enactment of legislation to regulate the trusts without endangering industries in which they are engaged. He has already indicated that he will favor a constitutional amendment, if such an amendment is necessary to enable Congress to act effectively. He has been advised by Attorney General Knox that the necessary power exists, and he will recommend legislation along the lines of the Attorney General's Pittsburg speech.
There will be nothing in the message savoring of the abandonment of the principles of protection but this will not prevent him from recommending reduction, by direct enactment or by reciprocal agreements with foreign nations, at rates of duty which may no longer be necessary. It has been announced by a member of the Cabinet that the message will favor such reductions and that it will also urge the creation of a permanent commission which can at all times give expert consideration to the revenue needs of the Government and to its varying interests, thus enabling it to make recommendations to Congress.
Closely allied to the question of revenue is the subject of currency and banking reform. Secretary Shaw is in favor of the establishment of a system of asset banking which would give greater flexibility to the national bank currency of the country, and would enable the banks themselves to tide over many periods of monetary stringency in which they must now appeal to the Treasury for help. If the President does not specifically recommend such legislation in this message he will probably call the attention of Congress to the recommendations of the Secretary of the Treasury.
The message will indorse the recommendations which Secretary Moody will make in his annual report for the increase and improvement of the Navy.
The President will be able to announce that the United States can acquire the title to the French Panama Canal Company. If the Colombian negotiations are closed within the coming week he will inform Congress that the way is clear to begin construction at once.

Castro Seems to Be Triumphant.

Washington, Nov. 11.—A cablegram received from United States Minister Bowen at Caracas announces the return of President Castro to that capital. The Minister indicates that the war is over and the executive branch of the Government is re-established at Caracas.

Picks up Wreck Victims.

Wellington (N. Z.), Nov. 11.—The steamer Zealandia has picked up one boat and two rats from the British steamer Elangamite, carrying seventy persons. Three boats from the Elangamite are still missing.

ROOSEVELT HUNTING.

President Plunges Into the Midst of Mississippi Jungle.

Smedes (Miss.), Nov. 13.—President Roosevelt and his party arrived here shortly before 4 o'clock this afternoon, and, in their hunting dogs, started soon afterward for the camp on the Little Sunflower river. As the distance is a good fifteen miles and the trail is rough and bad, the chances are that it was after dark before they reached the camp.
President Roosevelt was joined at Memphis by the members of the hunting party. President Fish of the Illinois Central, General Counsel Dickinson of the same road, General Parker of New Orleans, John McElhenny, formerly a Lieutenant in the Rough Riders; Major G. A. Helm, W. W. Mangum and H. L. Foote. The latter three are large Mississippi planters and well-known bear hunters. Mr. Foote is considered one of the best shots in the State. Mr. Parker has had charge of the preparation for the hunt.

AGAINST UNION.

Operators Say it is Impossible to Recognize It.

Washington, Nov. 12.—That the anthracite mine owners will resist to the utmost every effort to make the recognition of the United Mine Workers of America an issue in the arbitration which is now in progress is made evident by the replies to the statement of President John Mitchell of the miners' organization, which has been filed with the court.
Washington, Nov. 12.—That the anthracite mine owners will resist to the utmost every effort to make the recognition of the United Mine Workers of America an issue in the arbitration which is now in progress is made evident by the replies to the statement of President John Mitchell of the miners' organization, which has been filed with the court.
of these answers in addition to that of President Baer, which was given out yesterday, and all dwell with special emphasis and marked unanimity on this point. They also agree in resisting the demands of the miners for an increase of pay for piecework, a reduction of hours for time work and for the weighing rather than the measurement of coal.

BRITISH CLOSURE.

Plan to Pass Measure Before End of Month.

London, Nov. 11.—Premier Balfour's motion to apply automatic closure, by paragraphs, to the Government's educational bill was agreed to in the House of Commons today by 222 votes to 103. Following this method, the bill must be passed by November 28th.
A vigorous amendment to the motion made by Sir Henry Campbell-Bannerman, the Liberal leader, which drew fighting speeches from Colonial Secretary Chamberlain, Balfour, Asquith and many others, was defeated by 284 votes to 152.

Cuba Independent.

Washington, Nov. 12.—An important conference bearing upon the subject of the Cuban reciprocity treaty was held at the War Department today, the participants being Secretaries Hay and Root and General Bliss. The latter was called into the conference at Secretary Hay's suggestion because of his expert knowledge of the existing Cuban tariff. Before the conference at the War Department Secretary Hay had talked on this subject with Senator Cullom, chairman of the Senate Committee on Foreign Relations, and also with Quesada, the Cuban Minister here. Quesada was not able to submit to Secretary Hay the draft of the reciprocity treaty which has been under consideration so long by the authorities at Havana, as the documents have not yet left that place.

Distinguished Educator Sick.

New York, Nov. 11.—Professor Ogden Nicholas Rood, who for the last thirty-eight years has been the head of the department of physics at Columbia University and is known as the "Nestor" of American physics, is critically ill with pneumonia at his home in this city. Professor Rood is 71 years old. He has been ill for several days.

Anecdotes of Whittier.

Among many other things I remember his having told us, writes Wyatt Eaton, the painter, about Whittier, in the Century, was that he voted for Lincoln four times. At each of two elections he voted as a citizen and as a Presidential Elector. He told about a man from one of the Western States having made a pilgrimage to Amesbury to see him. Not finding him at the house, he went to the grocery store, where he was told that Whittier might be found. Sure enough, there was Whittier, seated upon a barrel, in the midst of a group of village people, telling stories. The man was so disgusted that he turned and went home without making himself known to the poet.

Whittier was much pleased that I had once attempted to make illustrations for his "Maud Muller" and that I had some acquaintance with his poetry. Of the "Maud Muller" he told me he was once driving along a country road with his sister. They came upon a very pretty young girl making hay. They stopped and he asked his sister to speak to her. While standing before them the girl raked a little hay over her bare feet.

Brightness reigned supreme at Oak Knoll. Whittier was one day making sport of his cousins' difficulties with their bonnets, to which one of them replied: "A man who has to go to Philadelphia to get his coat cut should not criticize women's bonnets."

Whittier's loyalty and generosity were shown by his concern of the fact that I was not also making a portrait of Oliver Wendell Holmes. He was strong in his praises of all of his contemporaries, but particularly of Holmes. "Why," he would say, "Holmes is in many respects the greatest of us all."

The Word "Bible."

The word Bible furnishes a striking instance of the word's rise from very low to high estate. To the bulk of English-speaking folk it now means the book of books. In Chaucer's day it meant any book whatever, or scroll. Tracing the word Bible straight home we find it as bublos, but another name for the papyrus reed of Egypt.

Rheumatism has been cured in a multitude of cases during the past sixty years by PAIN-KILLER. This potent remedy rubbed vigorously in and around the suffering parts, will relieve all stiffness, reduce the swelling, and kill all pain. The most stubborn cases yield to this treatment when persevered in. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. 25c. and 50c.

POLO TOURNAMENT.

Teams From All the Islands are Gathered at Capital.

Honolulu, Nov. 19.—The great inter-island series of polo games to be played in Honolulu this coming Thanksgiving week will not only afford the public and all those interested in this noble sport an exceedingly interesting entertainment but further than this, it marks a new era in Island sports.

Never before, either in football or baseball or any other sport, has an inter-island tournament like this one been played, in which teams from every island of importance in the group are about to compete for championship honors.

The polo people have taken a step in the right direction, which, it is to be hoped will be followed by the lovers of other sports.

The Oahu Polo Club numbers forty-eight persons among whom are many of the well known names of these Islands. This club has invited the players on Hawaii, Maui and Kauai to send teams for an invitation tournament for championship honors. Every island has accepted the invitation and the horses and teams have either already arrived or will be here in the course of a few days. Already, nineteen Maui horses have arrived and are stabled at the Park. Frank Baldwin and George Wilbur of the Maui team came with the horses by the last Claudine which are now at the Park.

When the Claudine arrives from Hawaii ports next Saturday she will bring the members of the Hawaii team and seven horses. The remainder of the Maui team will also come by this boat.

The four teams which are to participate in the great event will be composed of the following:

- MAUI.**
1. H. A. BALDWIN.
 2. GEORGE WILBUR.
 3. FRANK BALDWIN.
 4. LOUIS VON TEMPSKY, captain.
- Sub. WORTH AIKEN.
- HAWAII.**

- DR. IRWIN.
 RONALD KENNEDY.
 C. N. PROUTY, captain.
 TED GUARD.
 Sub. RALPH BALDING.
 (Position not yet known.)
- KAUAI.**

1. Chas. A. RICE, captain.
 2. A. H. RICE.
 3. P. MALINA.
 4. S. MALINA.
- OAHU.**

1. A. F. JUDD.
 2. R. W. SHINGLE.
 3. W. F. DILLINGHAM, capt.
 4. C. S. DOLE.
- Sub. GEO. POTTER.
- The officers of the game will be: Umpires—Fred Damon and Geo. Angus.

Referee—Allan Dunn.
 Timekeeper—Rev. John P. Erdman.

Linesmen—Harold Castle, Geo. Ii Brown, Walter Macfarlane and Cushman Carter.

G. P. Wilder is master of the horses with R. W. Atkinson as his assistant.

Masters of the Field—Prince Jonah Kuhio Kalaniana'ole and C. W. Dickey.

RAPID TRANSIT.

Can Go From New York to Japan in Fourteen Days.

New York, Nov. 8.—The Pacific Mail Steamship Company announced today that on account of the speed attained by its new liner the Korea, it could now transport passengers from New York to Yokohama in fourteen days. The Korea arrived at San Francisco on October 28th, ten days after leaving Yokohama. This is four days less than the previous best time and is believed to make a new era in both passenger and freight traffic on the Pacific ocean. The trip was made over the direct route, which is 4,700 miles long, making an average daily run of 470 miles.

The Korea and Siberia, a sister ship which is under construction at Newport News, are the biggest ships ever built in America. They are larger than the Atlantic liners St. Paul and St. Louis, being 550 feet between perpendiculars, with a displacement of 18,000 tons.

INDICTED OFFICIALS.

Grand Jury Returns Bills Against J. H. Boyd and Ben. Wright.

James H. Boyd, Superintendent of Public Works, stands indicted for the embezzlement of Territorial moneys, to the aggregate value of \$3,950. Of this total \$1,700 is alleged to have been taken by Boyd three years ago, when he was Chief Clerk of the Interior Department.

Benjamin H. Wright, Chief Clerk of the Department of Public Works, is under indictment for embezzling \$8,271.63 of Territorial funds.

At eleven minutes to 12 o'clock today the Grand Jury appeared in a body before Judge DeBolt, presiding at the November term of the First Circuit Court, and by their foreman, James Gordon Spencer, presented true bills of indictment against James H. Boyd and Benjamin H. Wright for embezzlement of public moneys.

There are three indictments against the Superintendent of Public Works, who is designated as "James H. Boyd, whose full name is to the Grand Jurors unknown." In one bill it is charged that, on the 12th day of May, 1901, he converted a thing of value to the amount of \$50, of the money and property of the Territory of Hawaii, feloniously and fraudulently to his own use and benefit; also that he similarly on the 25th day of June, 1901, embezzled \$500 of the money and property of the Territory.

Another bill charges Boyd, while First Assistant Clerk of the Department of the Interior, of the then Republic of Hawaii, with, on the 7th day of July, 1899, embezzling certain money of the said Republic to the amount of \$1,700.

Still another bill charges that Boyd, as Superintendent of Public Works, on March 27, 1902, embezzled money of the value of \$50; also that on June 18, 1902, he "feloniously did embezzle and fraudulently convert and dispose of to his own use and benefit, without the consent and against the will of the said Territory of Hawaii, certain moneys to the amount and of the aggregate value of \$1,650.

Benjamin Haywood Wright is charged with having, while Chief Clerk of the Department of Public Works and Clerk of Market, embezzled money belonging to the Territory of Hawaii amounting to \$3,289.53; also, on the 6th day of September, 1902, and during six months thereto preceding, with having embezzled money belonging to the Territory of the aggregate value of \$4,982.10.—Bulletin.

PRESIDENT ON ELECTION.

Says Next Contest Depends on Legislation of New Congress.

Washington, Nov. 7.—"The people have given the Republican party a chance to make good," said President Roosevelt to a Western visitor this morning.

The remark was in reply to an effusive declaration that Roosevelt's own individuality was responsible for the victory on Tuesday. Continuing, the President said he did not delude himself with the impression that the result of the election meant that he would be re-elected two years from now, or at that time there would be another vote of confidence in the Republican party. He said that the result of the next election depended entirely upon what was done at Washington between now and that time, and not what has been promised before the recent election.

The President vigorously stated that he was convinced that there would be a reaction against the Republican party if the country were disappointed in the legislation and administration of the next year. He mentioned the fact that the prices of commodities had risen more rapidly than the price of labor, and it would be the business of the Government to reduce the first without lowering the second. He said that it did not make so much political difference what kind of laws were passed or what was attempted as it did whether results were secured.

A MODEST SUGGESTION.

The HILO TRIBUNE modestly suggests the name of A. B. Lobenstein as a suitable person for Superintendent of Public Works, in case of vacancy. But really it is not necessary to roam so far afield as Hilo to find the right man.

WHEN a modern editor of the liveliest weekly on earth confesses that he signs affidavits without reading them and makes an oath over the telephone and swears about it with the same recklessness, it is time for his friends to come to the rescue.

THE Senate started off in special session with smooth running gears. There are grounds for the belief that the present legislature will grind out good legislation in quantities to meet the exigencies of the times when it meets in regular session.

WHEN the "Early Riser" conveyed to the "Cheerful Liar" the information that the TRIBUNE man is a malicious liar, the overworked hero of the bum dialogue must have felt cheap.

AUDITOR AUSTIN is making a showing in his resistance of the Governor's dismissal that would entitle him to high rank among famous Kansas officials.

WHAT one finds in "around the coffee shops," is always as convincing as though sworn to by wire.

THE paving of Waianuenu street has almost reached the summit.

A BANKER'S VIEWS.

Says One Industry is Not Sound Basis of Prosperity.

John Loyd, president of the German Savings and Loan Society of San Francisco, who left in the China last evening after his second tour of inspection of the island properties in which his institution has interests, and those related in a general way, sees a great future for Hawaii, but at the same time in friendly criticism of the methods, finds several points which appeal to him as capable of bettering. Going into the matter yesterday he said to the Advertiser:

"Of prime importance to the islands I should say is the necessity of finding some other product, which will divide with sugar the weight of investment by the people. I am not a farmer and cannot of course name such a product, but I am impressed with the need for some such different field crop. Perhaps it will prove that sisal, which is making a fine start, will be the crop which will solve the question of the use for lands which seem unprofitable for sugar. I cannot see either why there should go out of the islands such sums as must be spent for the sugar bags which are used in taking care of the crop. It certainly is possible to raise the jute needed, or to use a fibre from the sisal or other plants, and by making the bags here there would be kept in the country the money which now goes abroad. What if there is no saving effected, the money stays at home and the people are the direct gainers by it all. "Another point which appeals to me most forcibly is the amount of power, which is going to waste, in

the water flowing uninterruptedly to the sea. I can see that there is sufficient horse power going to waste to run the pumps of all the plantations. There is no necessity to have the power right at hand. In California there are companies which plan to distribute electric power to a distance of 200 miles. In this way there might be developed a system of electric plants which would supply the power for all the pumps on the various plantations on the islands.

"I believe the time has come for the combination and the savings which will result therefrom. I cannot see why contiguous estates should be run independently, each at high cost for salaries and office forces. The brains which handle one of the estates could just as well take care of all the plantations which are close together, and there would be saved the expense attached to extra managerial forces. Indeed it would seem that the time is at hand when it might be wise to contemplate the amalgamation of properties, with a central milling plant at some good harbor, where the fuel expense would be slight and the cost of transportation would mean little in comparison. Another thing which might bear investigation would be the refining of the sugar at home, which would give the islands their own markets the world over, and would render them free from the necessity of giving profits to the sugar trust. All of these are things which appeal to one who comes for the purpose of investigating the conditions, and keeps his eyes open as he goes about.

"There is a future for Honolulu, and I believe it will be a great one. There seems to be sufficient number of store and office buildings now, to one who looks upon the city and realizes that there are less than 8000 Americans and Europeans in it. There are some really fine buildings, the Young building is one which would be a credit to any city in the world. Then too there are others which are excellent structures, which would not be out of place anywhere.

LEGAL NOTICES.

NEW YEAR RACING

HOOLULU PARK, HILO

The management of the Hoolulu Park have decided to give the people of Hilo a first class program of racing on New Year's Day. The purses will be liberal and an invitation is extended to all horsemen of the Hawaiian Islands to enter their horses.

The following purses and trophies are announced:

- 1. 1/4 mile free for all. Purse \$100. \$25 of purse to second horse.
2. 1 mile trot or pace. Best 2 in 3 heats. 2:18 class, for Holmes Cup. Purse 150.
3. 1/2 mile Japanese race. 50. \$15 of purse to second horse.
4. 3/4 mile free for all. 100. \$25 to second horse.
5. 1/2 mile ladies race. 25. \$5 of purse to second horse.
6. 1 mile free for all. Purse 100. \$25 of purse to second horse. Hilo Mercantile Cup.
7. 1/2 mile Japanese race. 25. \$5 of purse to second horse.
8. 3/8 mile free for all. 100. \$25 of purse to second horse.
9. Gentlemens driving race. 100. \$25 to second horse.

\$100 is offered towards defraying expenses of Polo Teams from Honolulu and Maui to play against Hilo Team.

BALDING RECEPTION.

Flowers and Good Cheer Within Storm Without.

The storm of wind and rain that swept over the city last Saturday afternoon was not a bar to the success of the "At Home" given by Mrs. W. T. Balding of Waimaku in honor of Mrs. E. T. Balding. The reception was between the hours of 3 and 6 p. m., and few, if any, of the many invited guests allowed the untoward weather to deter them from responding.
The guests were received by Mrs. W. T. Balding and Mrs. E. T. Balding, assisted by Mrs. Severance, Mrs. Hyde and Miss Severance.
The guests were served with refreshments under the direction of Misses Ivy Richardson and Huggins.
The Balding home was profusely decorated with roses and ferns and in spite of the gloom of the day the guests of honor were given a cheerful welcome to the social circles of Hilo.

Tag's Rough Trip.

The staunch Matson tug, Chas Counselman had her seaworthiness tested in the gale last Saturday night and proved herself equal to any emergency that may be precipitated by Father Neptune. She was returning from Punaluu Bay where she had towed the Serena Thayer loaded with lumber. Coming up the Coast from Puna she faced the stiffest gale that has swept the Hawaiian Coast for a year. The night was as dark as Cerberus but under the direction of Captain Carlson and Captain Engells who shipped on the cruise as mate, the anchor was dropped in Hilo Harbor at midnight.

Peacock Passes Through.

C. A. Peacock, formerly a Honolulu business man is in the city. Mr. Peacock is on his way to Australia where he has been in business since leaving Hawaii. He has made up his mind to change again and this time will settle in San Francisco. Mr. Peacock says Hilo has relatively made a bigger growth in the past six years than Honolulu. He believes that tourist trade will prove one of the most valuable assets of the Islands and that the best way to get tourists is to treat them royally when they are here.

Outgoing Claudine List.

J. H. Hackfeld, W. R. Grinwade, J. T. McTaggart, Miss Tallgood, Mrs. Fisher, C. A. Peacock, Dr. R. H. Reid, W. G. Taylor, John Ross, Col. E. B. Savidge, H. H. Scovel and wife, Miss Conan, Miss Hawley, Wm. Thompson and wife, W. A. McQuaid, Rev. E. W. Thwing, Dennis O'Brien, J. S. McCandless.

J. F. Hackfeld who has been in the city several days looking after business interests was a passenger to Honolulu today by the Claudine.

The Honolulu Minstrels came suddenly into town and went away as quickly. A one night stand scarcely gives Hilo time enough to go to a show.

Albert Horner's string will not be represented at the New Year races. Princess Leota is in foal and Alpheus is not in racing condition this fall.

The Kinau did not arrive at Honolulu in time last Saturday to take the Hilo freight. For that reason the Claudine made the Hilo run again this week.

The third day's session of the Senate at Honolulu was made lively by the reading of Auditor Austin's denial of charges made against him by Governor Dole.

Place your order with the Hilo Market, for your Thanksgiving birds. They have turkeys live or dressed. Young Peking Ducks and Capons—all Island raised.

The heavy seas at Pearl Harbor last week wrecked and sunk a dredger belonging to Cotton Bros. and engaged in deepening the harbor on U. S. contract.

C. A. Little, ex Judge of the Court of Common Pleas at Tankhammock, Pennsylvania, and a cousin of Gilbert F. Little of this city died at his home last month.

There is every indication that the races at Hoolulu Park New Years Day will be successful. Reports from Island horsemen give gratifying assurance of well filled races.

Last Saturday, the storm that visited Hilo, struck Honolulu with greater force. The wind was so fierce in the Capital City that the streets were made impassible by fallen trees.

The Knights of Pythias' public entertainment on Saturday nights will be discontinued until further notice. All members are requested to attend special work in progress.

C. M. Cowl, came home by the Claudine having been to Honolulu where he purchased a lot of new machinery for the Elite Laundry. It came at once and is being put in place today. The laundry will be ready to handle all kinds of business next week.

The Hilo Library was the recipient recently of \$300 from B. F. Dillingham of Honolulu. The liberality of Mr. and Mrs. Dillingham in this direction has been fully appreciated by the many patrons of the public library.

E. H. Cant of Papaikou, Dr. E. S. Stow and E. H. Austin, manager of Peacock & Co's store, are the latest initiates into the mysteries of Ekikou. The lodge rooms last Monday night were lively until midnight with the rites necessary to the proper taming of this trio.

A. W. Richardson and bride arrived by the Claudine Wednesday evening and were greeted at the wharf by a number of friends. A carriage appropriately decorated was awaiting them. They were driven at once to their home on Church street, which was in readiness.

Captain Lake arrested two Japanese Wednesday on the charge of neglecting the condition of the harness on their teams hauling licensed vehicles. The laws of Hawaii are very strict on the point of safety to travellers in licensed vehicles. No where are these laws more strictly enforced than on this Island, where the roads traverse gulches and declivities that would tax the dexterity of a rocky mountain stage driver.

NARROW ESCAPE.

Purser of Helene Has Rough Experience at Laupahoehoe.

Purser Birmingham of the steamer Helene had a narrow escape from death while at Laupahoehoe last Thursday. Birmingham went ashore from the steamer, in company with a native boat crew. The weather was rougher than usual at the landing and when the boat approached the shore, it soon became evident that a landing could be effected under only the greatest difficulty.
As the boat got within a few yards of the rocky shore preparatory to being turned and rowed into the little cove where the water is smooth, a huge wave broke broadside over the boat capsizing it and throwing the occupants into the water. The five native boatmen fell free of the boat. Birmingham was caught underneath the boat. Fortunately there was not any freight under the boat so he was not injured. A second wave lifted the boat and washed it further in shore, off of Birmingham.

The waves came sweeping in in rapid number and Birmingham was washed against the rocks. The surf was pounding heavily against the shore. Birmingham was exhausted from his struggle. He was thrown violently against the rocks and badly bruised. Young Rickard and others on shore saw the young man's danger. Rickard threw Birmingham a rope. The struggling man had sufficient strength to grasp the rope and hold on until he was dragged ashore. Birmingham was badly bruised and shaken up. He and the native boatmen were cared for by the people ashore and on the following day were taken back on the steamer by another boat. Their boat was washed onto the rocks and slightly broken.

PRaise SERVICE.

Excellent Musical Program at First Foreign Church.

The success of the Praise Service in October caused a large audience to assemble last Sunday evening in the First Foreign Church to hear the high class musical program rendered by the choir under Mrs. Lewis' excellent leadership. The opening Te Deum was well rendered, Mrs. H. L. Ross taking the solo.

Mrs. Madeira's selection brought out the full, rich quality of her voice, while Mrs. Bartels sustained the reputation she has already gained by her beautiful solo, "Lamb of God."

Lieut. Pookhammer and "Mr. Bartels contributed greatly to the pleasure of the audience by two admirable violin selections, while Mr. English sang most pleasingly the solo in the closing anthem.

The special pieces were interspersed with familiar hymns sung earnestly and heartily by the congregation.

The pastor, Rev. Mr. Nash, gave a short account of each hymn and writer, and some lessons to be learned from the hymn itself.

It is hoped that these pleasant and profitable evenings of song may be held occasionally during the ensuing months.

ARE THEY LOST!

The Dakota Farmers for Kau Have Not Arrived.

The Dakota farmers who were to colonize in the Kau district on Hawaii have apparently been lost enroute. No word has been received from the settlers, who were expected the middle of the month, though they are being anxiously looked for on every steamer.

The last advices received by Land Commissioner Boyd were nearly a month ago, and at that time the information was that they expected to reach Honolulu on the Korea or Sonoma, due to arrive there on November 16. The settlers, however, did not show up on that steamer, nor did they send a representative, though Mr. Boyd made a special trip in order to meet them. A previous letter to Mr. Boyd conveyed the information that the settlers preferred not to come until they had learned the result of the November elections in Hawaii, and the delay may possibly be accounted for in that way.

A Valuable Change.

Honolulu, Nov. 24.—W. C. Weedon has reported to Secretary Jas. Gordon Spencer of the Hawaiian committee on the St. Louis Exposition that he has secured a change of site for the proposed Hawaiian building. It is transferred from the addition laid out for Porto Rico, the Philippines and Samoa to a place among the States and Territories upon the main exposition grounds. A letter from the secretary of the Exposition to Mr. Spencer announces the confirmation of Mr. Weedon's action.

Great Hoosier Iron Mines.

Indianapolis, Nov. 8.—One of the most important discoveries that has been made in Indiana since the finding of natural gas in 1886 and one that is destined to have an equally far-reaching influence in bringing industries to this State has just come to light through investigations of iron ore experts from Birmingham, Ala., who have been making tests in southwestern Indiana, especially in Sullivan county.

Claudine Passenger List.

A. W. Richardson and wife, Mrs. Geo. Ross and 2 children Mrs. Lishman, C. C. Kennedy, John T. Moir, E. W. Fuller, J. S. Canario, R. A. Young, Dr. Y. Nagai, Dr. F. Fukai, Rev. S. L. Denha, B. Relisted, a Macnel, Bishop of Nanopolis, H. F. Hatchet, W. Jamieson and wife, Mrs. E. Werry and daughter, W. R. Grinwade, J. F. McGregor, Miss Talcott, Miss Fisher.

First Foreign Church.

Usual morning service at 11 o'clock. In the evening the congregation will unite in a Union service at the Hawaiian church. F. L. NASH.

BORN

OSORIO—To the wife of J. A. M. Osorio on Tuesday, November 25, a son.

WILDER'S FLAGSHIP.

Is Thoroughly Overhauled from Stem to Stern.

The flagship of the Wilder fleet, the Kinau, caused much surprise along the water front when she arrived off port at Honolulu at about 8 o'clock Friday night.
The steamer was inspected by a swarm of visitors as soon as she had tied up at Brewer's wharf. She looks very much changed. The most striking change is that the space between the fore and after house has been filled in by a house. This encloses the space over the engines, which formerly was covered by a great skylight. It also gives space for three staterooms and a companionway leading down to the lower deck.
In the Kinau's engine room important changes have also taken place. She has been fitted with entirely new boilers, one new cylinder and a new dynamo.

Another change which will seem the most important to the passengers is the bilge keels running 75 feet on either side. This, according to the reports of the officers and those who traveled on her this trip, has made the corkscrew roll a thing of the past.
Besides these, the Kinau has been renovated from stem to stern so that the vessel is now as good as new. Throughout the interior as well as the exterior everything shines in the glory of fresh paint, polished brass and new woodwork. The Kinau is now certainly a vessel which the Wilder Steamship Company can be proud of having as their flagship.

Among the officers who caught the Kinau back was Tom Birmingham, the well known and popular purser, who left in one of the Australian steamers on his way to England in the beginning of last July. Since that time Birmingham has crossed the Continent and the Atlantic and spent some time in the land of his forefathers.
Captain Freeman, the proud commander of the flagship, is happy to be back, but still says that he likes San Francisco, and this morning entertained a host of friends in his cabin, telling the glories of the city by the Golden Gate.—Bulletin

CAUSE CELEBRE

Dole Divorce Case Offers Knotty Points.

Dole vs. Dole, the latest cause celebre came before the Supreme Court on the writ of prohibition directed to Judge Gear by Chief Justice Frear. There was the amended bill of complaint of Eleanor G. Dole, claiming maintenance of her husband, Edmund P. Dole, alleged to have refused support her. Next came the demurrer to the complaint with its overruling by Judge Gear accompanied by an order to show cause why the prayer of the amended complaint should not be granted. Then came an application for temporary alimony pending the determination of the case. Judge Gear granted the application, ordering the respondent within forty-eight hours to pay the petitioner \$250 counsel fee and costs of court, also \$150 maintenance for the first month from date of suit, and there after \$150 a month until final decision of the main question. An appeal was disallowed. None of these moneys having been paid, an order was procured, in the regular course, from Judge Gear requiring the respondent to show cause why he should not be punished for contempt of court in not obeying the order for temporary alimony, etc. At the appointed time of hearing, proceedings were checked by the writ of prohibition. Thus the case came into the highest court.

Counsel stated that there were three principal points to be submitted. First, the jurisdiction of the main case. Secondly, the power of the Second Judge to make the order for temporary alimony. Thirdly, whether such an order were appealable.

The first point is a new one in Hawaiian jurisprudence. Owing to the residence condition of the Territorial divorce law, the parties who have separated can neither obtain a divorce from the other upon any ground. The issue raised by Mrs. Dole's complaint is therefore whether she can compel her husband to provide her with the suitable maintenance living apart from him. This is what is meant when the question of the court's jurisdiction is raised.

A LAME SHOULDER is usually caused by rheumatism of the muscles, and may be cured by the use of Chamberlain's Pain Balm. This liniment is unequalled as a soothing lotion. One application gives relief. Try it. The Hilo Drug Store sells it.

"I Roughed It"

Many of us have to work hard all day
long. We cannot care for ourselves as
we would. No wonder our blood gets
out of order, becomes thin and impure.
This produces boils, eruptions, nervous-
ness, indigestion, and great weakness.

We have this photograph and letter from
Mr. John Hafner, of Waga Waga, New
South Wales. Read carefully what he says:
"I have roughed it a great deal, mining,
working in stoves, exposed to the heat, and
have often had poor food. My blood fre-
quently becomes impure and I have eruptions,
boils, and become generally run down. But
Ayer's Sarsaparilla takes hold of me every
time, makes my blood pure and builds me
right up."

AYER'S Sarsaparilla

There are many imitation "Sarsaparillas."
Be sure you get Ayer's.
Take Ayer's Pills with the Sarsaparilla.
They aid in purifying the blood; and they
cure constipation and biliousness.
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

TO BE ADMITTED.

Arizona, Oklahoma and New Mexico
Will Be Made States.

Washington, Nov. 8.—Arizona,
New Mexico and Oklahoma Terri-
tories will be made into states at
the coming session of Congress. If
there is any exception it will be
New Mexico. Senator Beveridge
has just left Washington, where he
received a revised programme of
the Republican policy respecting
these Territories. Until last spring,
when Senator Beveridge, as chair-
man of the Committee on Terri-
tories, made his winning fight
against the consideration of the
statehood bills, the purpose of the
Republican leaders was to add no
new states to the flag for the pre-
sent. The reasons were purely
political. It meant the addition of
Democratic Senators, Democratic
Representatives and Democratic
votes in the Electoral College.

Now that the mountain states
have been reclaimed and silver is a
dead issue, it is thought that the
Republicans can carry these States
after Congress changes their
status. As a Cabinet Minister re-
marked, "They are Roosevelt's
kind of people." The President is
to make several steps out there on
his way to California in the spring,
and political experts here say that
after he has congratulated them
upon reaching their majorities and
whooped things up generally there
is no possible doubt but that the
President would carry all these new
States.

NEW YORK BRIDGE FIRE.

All the Temporary Wooden Work
of the Structure Burned.

New York, Nov. 10.—The new
East-river bridge, in process of con-
struction between New York and
Brooklyn, was damaged to the
amount of at least \$500,000 tonight
by a fire that for four hours raged
355 feet in the air on the summit of
the great steel tower on the New
York side. There was probably no
loss of life.

Owing to the enormous height of
the tower it was impossible to reach
the fire with any apparatus in the
Fire Department, and the flames,
after devouring all the woodwork
on the top of the tower, seized on
the timber false work of the two
footbridges suspended from the
main cables, burning away the sup-
ports. Nearly 1,000,000 feet of
blazing lumber fell with a mighty
splash and hiss into the stream.
The falling footbridge carried away
a score of lighter cables and guys,
which trailed in the water, render-
ing it necessary for the purpose of
safety to stop all traffic up and
down the river. The steamer Pur-
itan and other craft had narrow
escapes while running the gauntlet
of the fiery brands that fell in
showers from the burning bridge.
The fire was the most spectacular
conflagration that has ever been
seen in New York.

GERMAN WAR SHIPS.

The Kaiser Will Have Vessels on
the Coasts of North and South
America.

Berlin, November 10.—The Im-
perial Ministry has decided to as-
sign several cruisers to duty on
the Pacific Coast of North and
South America when vessels now
being completed become available.
The Western American squadron
will be permanently established,
not for any specific purpose, but in
accordance with general navy dis-
positions. Like the Eastern Amer-
ican squadron, it will not have a
base. Vessels will simply be sent
to various ports according to the re-
quirements of the moment. The cre-
ation of permanent stations in Amer-
ican Waters, as well as elsewhere
in the world, is the consequence
of the expanding of the navy. The
marine authorities recognize more
clearly than ever the convenience
it would be if Germany owned
land bases, but they perceive that
there is no prospect of securing any
such territorial privileges in the
western hemisphere, and will
naturally, therefore, in time of
peace rely on refitting in American
ports and docks.

PRESIDENT'S FLAG.

Official Banner Will Be Exact Copy
of the Great Seal.

Washington, November 6.—The
State Department, the War Depart-
ment and the Navy Department
and the President discussed today
the features of what is to be known
as the President's flag. It has been
decided that the flag shall be a
copy of the great seal on a blue
ground.

The President left the case to
Mr. Darling, Assistant Secretary
of the Navy. Colonel Gingham, U.
S. Army, who has charge of the
President's effects, asserted that
the makeup of the Navy Depart-
ment's flag was wrong. It pre-
sented seven red bars and six white
on the shield instead of seven white
and six red.

The great seal from the State
Department which was referred to
showed that there should be seven
white bars in the shield and six
red ones. Mr. Moody has adopted
the great seal as the final arbitra-
ment.

MITCHELL NOT SEEKING HONORS

Declines to Be Candidate for Presi-
dency of American Federation.

Indianapolis, Nov. 10.—W. B.
Wilson, secretary of the United
Mine Workers, today received the
following telegram, dated Wilkes-
barre, from John Mitchell, presi-
dent of the United Mine Workers:

"Replying to your inquiry con-
cerning the use of my name by the
press as an aspirant for the presi-
dency of the American Federation
of Labor, I desire to say that I am
in no way responsible for the cir-
culation of these rumors, and while it
is the duty of every man to serve
the cause of labor in any position
in which he can be most useful and
while I appreciate the honor of be-
ing mentioned for this office, I
firmly believe that I can be of more
real service in my present position,
and if any attempt is made to pre-
sent my name for the presidency of
the American Federation of Labor
at the New Orleans convention, you
will favor me by saying that
under no circumstances would I ac-
cept the election."

EXECUTIVE DENIAL.

Governor Dole Denies Reports Con-
cerning Laborers in Hawaii.

Washington, Nov. 10.—Secretary
Hitchcock has received from Gov-
ernor Dole of Hawaii a statement
denying reports of ill-treatment of
several Porto Ricans on Hawaiian
sugar plantations. The laborers
went to Hawaii at the solicitation
of the Sugar Planter's Association,
and the complaint was made by
Pedro J. Agostini, father of one of
the workmen. The Governor says,
after an investigation, that the de-
sire of some of the laborers to re-
turn to Porto Rico results from
homesickness, influenced by imagi-
native persons, and will subside
with time, and that the condition
of the industrious Porto Ricans is
satisfactory and their health has
improved.

HOARSENESS IN A CHILD that is
subject to croup, is a sure indica-
tion of the approach of the disease.
If Chamberlain's Cough Remedy
is given as soon as the child be-
comes hoarse, or even after the
croupy cough has appeared, it will
prevent the attack. It always
cures and cures quickly. The Hilo
Drug Store sells it.

and Pure Bone Meal.**

DEALERS IN

Fertilizer Materials of Every Description.

Have constantly on hand the following goods adapted to the Island trade:

HIGH GRADE CANE MANURE, DIAMOND A FERTILIZERS,
NITRATE OF SODA, SULPHATE OF AMMONIA,
HIGH GRADE SULPHATE OF POTASH,
FISH GUANO, WOOL DUST, ETC.

Special Manures Manufactured to Order.

The Manures manufactured by the CALIFORNIA FERTILIZER WORKS are
made entirely from clean bone treated with acid, Dry Blood and Flesh, Potash and
magnesia Salts. No adulteration of any kind is used, and every ton is sold under
a guaranteed analysis. One ton or one thousand tons are almost exactly alike, and
for excellent mechanical condition and high analysis have no superior in the market.
The superiority of Pure Bone over any other Phosphatic material for Fertilizer
use is so well known that it needs no explanation. The large and constantly increasing
demand for the Fertilizers manufactured by the California Fertilizer Works is
the best possible proof of their superior quality.

A Stock of "DIAMOND A" Fertilizer will be kept constantly on hand and
for sale on the usual terms, by **L. TURNER CO., Ltd., Hilo.**

For Terms of Sale, which are equivalent to San Francisco prices
with freight and other charges added, address:

It's an easy job for the barber to part the hair on a head like this. It's just as easy to prevent baldness if you only do the right thing. Baldness is almost always a sure sign of neglect; it is the story of neglected dandruff. Dandruff is untidy, unnecessary, and unhealthy.

Ayer's Hair Vigor

cures dandruff and prevents baldness. You save your hair and you are spared the annoyance of untidy clothing. It also stops falling of the hair, and makes the hair grow thick and long. Do not be deceived by cheap imitations which will only disappoint you. Make sure that you get the genuine Ayer's Hair Vigor.

The only desirable means of reaching the Volcano. Connections at Mountain View with stages daily—morning trains going; afternoon trains returning. Fare from Hilo for the round trip \$5. This route is through Olaa plantation, the largest in Hawaii, virgin forests of koa and wild ferns, and through many coffee farms.

The natural wonders of Puna make that district the most interesting spot in Hawaii. One can spend a most delightful day exploring the underground caves, swimming in the famous Hot Springs and resting on the cool shores of Green Lake.

Excursion tickets between all points are sold on Saturdays and Sundays, good returning, until the following Monday noon.

Commutation tickets, good for twenty-five rides between any two points, and thousand mile tickets are sold at very low rates.

BREAK IN LAURIER CABINET.

Premier Laurier Demands Resignation of Minister of Public Works.

Mr. J. Israel Tarte resigned from the Dominion government October 21, in compliance with the demand of Sir Wilfrid Laurier, prime minister. The latter's reasons for his action are disclosed in the following paragraphs from his letter to Mr. Tarte: "During my absence in Europe, without any communication from me and without any previous understanding with your colleagues, you began an active campaign in favor of an immediate revision of the tariff in the direction of high protection. I regret having been obliged to observe to you that this attitude on your part constitutes a self-evident violation of your duty toward the government of which you are a member." Mr. Tarte replied that believing the revision of the tariff to be a duty, he "could not possibly remain silent," and therefore offered his resignation.

"The announcement will be received without surprise," the Toronto Globe (Lib.) says. "Mr. Tarte has for some time been pursuing a course of which the only logical conclusion was his severance from the ministry. Mr. Tarte did not merely say that he was a protectionist, and that his views had not prevailed in the ministry. He created the impression that there were dissensions in the ministry over the tariff—that they 'fought like blazes,' as the Tory papers said, whether quoting his words or merely giving them a free interpretation. He went about encouraging a sentiment which demanded higher duties, and arousing hopes which were doomed to be disappointed unless higher duties were granted. In fact, his course tended to disturb the public mind on the subject of the tariff, and to create the impression that a great conflict was impending.

"Now, there is no matter in regard to which stability and certainty are of more importance than the tariff. If a government were known to be vacillating on the question, changing its policy from year to year, it would be justly open to censure. As a matter of fact the present government has been distinguished from its predecessors by the stability as well as moderation of its tariff policy.

"Its tariff, introduced in 1897, reduced the duties, enlarged the free list, and established a preference for British imports. That policy has never been altered. The tariff changes have been few, and have consisted mainly in an increase of the British preference, which was an extension, not a modification of the policy. The government, therefore, stood on firm ground. No evidence of dissension or vacillation could be found in the tariff, nor in the the speeches of the ministers having control of the tariff. To find ammunition for their attacks, the opponents went to the speeches of a minister who has no special duties in connection with the framing of the tariff. He now leaves and takes with him any cause of dissension that may exist. The ministry is a unit on the tariff and on all other questions, and if serious divisions should arise at any future time the usual constitutional course will be followed."

HALL CAINE ILL.

Noted Author Visiting America Has Nervous Collapse.

Baltimore (Md.), Nov. 9.—Hall Caine, novelist and dramatist, became suddenly ill last night, but this evening was reported to be much improved. Dr. Griffith says he expects to have him on his feet in about three days.

Caine is suffering from nervous collapse, due to overwork, and will be kept here quietly until he recovers. He had been working under great pressure for some time, making changes and improvements in his dramatization of "The Eternal City." On Thursday he was so fatigued after rehearsal that he was obliged to go to bed and was unable to keep his appointment to visit Cardinal Gibbons. He insisted upon getting up to look after some important alterations he had arranged in the play, but was unable to see them after all. They were given in last night's performance.

SHORTAGE OF CARS.

Factories and Engine Works Have Orders Six Months Ahead.

Chicago, Nov. 9.—Railroads today are face to face with the greatest car and engine shortage in their history. It is estimated by conservative expert traffic men that the demand for cars to move the traffic of the country which is now being offered for transportation is fully 50,000 in excess of the supply. As the weeks go by the shortage will undoubtedly increase rather than decrease until it reaches a point where every freight yard and every freight house in the country is blocked with traffic awaiting transportation facilities.

So bad has the situation become that a sudden period of cold weather would almost paralyze the transportation facilities of the entire country. Realizing the danger of this, traffic and operating men are using almost superhuman efforts to relieve the situation and are hoping against hope.

An idea of the enormous movement of freight may be gained from the following statistics: Miles of railroad in the United States, 198,000; total tonnage moved during 1901, 1,084,000,000; estimated total tonnage of 1902, 1,100,000,000; total amount spent for equipment during 1901, \$200,000,000; estimated amount for new equipment for 1902, \$250,000,000; total number of freight cars in service, 1,500,000; total number of engines in service, 40,000; total estimated output of freight cars for 1901, 70,000; total estimated output of freight cars for 1902, 80,000.

The manufacturing interests which supply the equipment used by railroads have been wholly unable to keep pace with the growing demands made upon them. In nearly every case these concerns have in the last two years increased their plants and forces and have kept them going night and day in a vain effort to supply the demand for cars and power.

Reports received from locomotive and car works throughout the country show that there are sufficient orders now in hand to keep them running day and night for the next six months. The railroads today stand ready to order many thousands of freight cars and many hundreds of engines, but these orders cannot be placed for delivery inside of a year. William Bixby, vice-president of the American Foundry Company, said today that the output of cars this year will be 6,500 a month, as compared with 5,500 last year, and still his company is unable to meet the demand. These conditions exist in spite of the fact that the equipment of railroads has increased four fold since 1894.

What It Costs.

Nearly a score of election statements were filed yesterday with Secretary Cooper. Most of them came from the other Islands. The heaviest expenditures were by Rev. S. L. Desha of Hawaii, \$112.15; Palmer Woods of Hawaii, \$250, and J. Monsarrat, \$213.25. The last named candidate spent \$108 for incidentals.

CHAMBERLAIN'S COUGH REMEDY is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous results. It is especially prized by mothers because it contains nothing injurious and there is not the least danger in giving it, even to babies. It always cures and cures quickly. The Hilo Drug Store sells it. *

SPECIAL SENATE SESSION.

Convenes at Honolulu Pursuant to Call of Governor.

On Tuesday, November 20, pursuant to the call of the Governor, the Senators from the various islands met in special session in the hall of the House of Representatives, Capitol building, at 10 o'clock this forenoon. There were in attendance some two hundred people who occupied the seats that were placed in the makai end of the room.

With the exception of two Home Rule Senators—Kalauokalani and Kaiue—all the members of the upper house in the city were on hand before 10 o'clock. Starting at the first desk and ranging down to Waikiki side, the Senators were seated as follows: John T. Brown, J. B. Kaohi and Luka Nakapahu. Next came two vacant seats for D. Kalauokalani and S. E. Kaiue. The former came in just as the business of the morning had been completed but the later did not show up at all. The first seat of the makai side, Waikiki end, was occupied by P. P. Woods. Next came C. L. Crabbe, J. D. Paris and C. H. Dickey. The first two seats of the Ewa side, makai end, were vacant but have been assigned to Cecil Brown and S. W. Wilcox, both of whom are absent from the city. Next came L. L. McCandless, W. C. Achi and D. P. R. Isenberg.

It was shortly after the stroke of 10 that Senator Achi arose and, stating that the time had come for the Senate to meet in special session, nominated H. P. Baldwin as temporary chairman. This nomination was quickly seconded, Senator Achi put the motion and Mr. Baldwin went into the chair without one dissenting vote.

The next business was the nomination of a temporary secretary. Wm. Savidge was nominated and seated without one dissenting vote.

CANNON'S BOOM.

Congressmen of Middle West Will Support Illinois Members.

Chicago, Nov. 10.—A majority of the Illinois delegation to Congress gathered here today and endorsed Congressman Cannon of the Eighteenth Illinois district, for Speaker of the House of Representatives, to succeed Speaker Henderson. A committee, with Congressman Mann as Chairman, was appointed to further Cannon's interests. Headquarters will be opened in Chicago.

It was announced at the meeting by Congressman Hopkins, candidate for the United States Senate to succeed Senator Mason, that assurances have been received from a majority of the Congressmen in Indiana, Iowa, Minnesota, Nebraska, Kansas and Michigan that they will support Congressman Cannon for the Speakership. Those of the Illinois delegation who were absent from today's meeting sent messages in which all stated that they were with Congressman Cannon.

AUSTIN OBTAINS WRIT.

Judge Gear Decides in Austin's Favor Appeal is Taken.

In the mandamus suit of Auditor Austin to compel the Attorney General and High Sheriff to admit him to his office, Judge Gear decided in favor of the applicant last Thursday. Respondents were commanded forthwith to admit him to office. Policemen refused to permit the ousted official admittance. The matter goes to the Supreme Court on appeal.

Paris Birth Rate Increases.

New York, Nov. 11.—A cable to the Sun from Paris says: Official statistics published today show that there was an increase in the population of France during the year 1901 of 72,398. The statistics for the year 1900 showed a decrease of 25,988. The change in 1901 was due more to the increase in the number of births than to the lower death rate.

WINDWARD HAWAII.

Directory of the Prominent and Progressive business men in the richest country in the Islands. If you have anything to dispose of it doesn't cost much to advertise it in this department. Write for rates.

HONOKAA.

HONOKAA is the most thriving community outside of Hilo on the windward coast of the Island of Hawaii. It is situated 50 miles from Hilo at an elevation of 1900 feet which renders the climate salubrious. Above the cane lands are numerous homesteads on which coffee, cane and vegetables are extensively cultivated. Regular stage lines connect with all outlying districts. The 4th Circuit Court meets at Honokaa annually in July. Regular steamers call to discharge and receive freight.

A. B. LINDSAY—General Merchandise, Post Office, School Agent.
