LATE CABLE NEWS.

Cullings From the Dispatches of Daily Contemporaries.

Washington, D. C., Jan. 19.—The Plague Conference has adjourned without action.

St. Petersburg, Jan. 19.—General Miles has arrived in this city. He will be received by the Czar.

Washington, D. C., Jan. 19.—A wireless message has passed between President Roosevelt and King Edward.

Gibraltar, Jan. 19.—The steamship Lahn which went ashore yesterday is immovable. Her position is not considered dangerous and she is now discharging cargo. The 800 passengers aboard are safe.

Columbia, S. C., Jan. 19.—Editor Gonzales who was shot by Lieutenant Governor Tillman last week, died today. Gonzales' death had been expected for several days as his wound was pronounced fatal.

San Francisco, Jan. 19.—During a dense fog this evening at about 8 o'clock, a cable car, in Market street below Montgomery, ran down a foot passenger. He fell under the wheels and his head was severed from his body.

Charleston, S. C., Jan. 19.—Minister Bowen arrived here today from Venezuela, on his way to Washington to participate in the settlement of the Venezuelan trouble. He proceeded to the national capital immediately.

Manila, Jan. 19.—The Sultan of Jolo is dead at his capital of cholera. He reigned under the suzerainty of the United States by the terms of the treaty negotiated by Gen. Bates. He received a salary from America of \$600 a year.

Peking, China, Jan. 19.—China has replied to the powers' demand for payment of her indemnity in gold stating that it is impossible for her to pay gold. She requests that her customs tariffs be placed on a gold basis and declares that the country is in an impoverished condition.

Berlin, Jan. 19.—The German Government has received nothing from her fleet in Caribbean waters, confirming the press reports of the incident of the German cruiser Panther having fired on Fort San Carlos, the principal fortification in the Gulf of Maracaibo, near the city of Maracaibo, Venezuela.

Washington, D. C., January 19.—The House has passed the Senate Bill appropriating \$1,000,000 in partial payment of the fire claims against the Hawaiian government. The bill also authorizes the issuance of half a million of territorial bonds for the same purpose to complete the full amount of the claims awarded by the recent court of fire claims in Honolulu last year.

Washington, D. C., Jan. 19.—Senator Mitchell has introduced six more bills to carry out the recommendations made by the Commission which visited Hawaii during the summer. One bill appropriates \$1,000,000 for public buildings in Honolulu and another \$750,000 for public buildings in Hilo. By the terms of third bill three-quarters of a million dollars (\$750,000) are appropriated for the improvement of Honolulu harbor and the fourth measure calls for \$100,000 for a Hilo breakwater. The Governor's salary is fixed at \$8,500 per annum. The Hawaiian light house bill calls for an appropriation of \$75,000.

New York, Jan. 16.—Richard Croker arrived yesterday. He expects to effect a Tammany organization throughout New York state in time for the presidential election.

London, Jan. 15.—The price of coal has been advanced twelve cents per ton, the raise being due to severe weather and an increased American demand.

KOHALA DITCH.

Mitchell Untangles the Big Kohala Improvement.

Washington, D. C., Jan. 19.—The House Committee on Territories today reported favorably the Senate bill providing for the granting of certain rights to the Hawaii Ditch Company. The bill carries with it the Mitchell amendment, which makes compulsory an agreement to the payment of compensation to the government for the rights conferred in the franchise.

The Hawaii Ditch bill as reported favorably makes many changes from the bill originally introduced, which gave Col. Samuel Parker and his associates a blanket franchise for the use of the waters of Kohala without the slightest compensation to the government. This bill went to the House Committee and Congressman Powers reported a new bill granting the right to construct two ditches in Kohala, and making the condition that the Hawaii Ditch Co., furnish all persons desiring water for irrigation purposes the same at a reasonable price, which in case of disagreement was to be determined by the United States District Court. The work must also be commenced within two years and completed within six years.

The Mitchell amendment which was introduced June 9th puts the ditch under the supervision of the Commissioner of Public Lands of Hawaii and provides specifically for compensation to the Territory. It is as follows:

"Section 4. That the compensation to be paid to the Territory of Hawaii by the Hawaii Ditch Company, Limited, for the rights and privileges herein granted, and for the use of the waters of the Territory, shall be fixed for periods of five years by the Judge of the United States District Court, or such persons as may be designated by him to act as arbitrators, and shall not be less than two thousand five hundred dollars per annum, which shall be the amount of compensation to be paid to the Territory of Hawaii by the Hawaii Ditch Company, Limited, for the period of five years following the completion of the ditch or ditches of the company, and the transmission of water through them: Provided, that water shall be furnished by the Hawaii Ditch Company, Limited, to homesteaders and settlers, for domestic purposes, at such rates as may be fixed by the Commissioner of Public Lands of the Territory of Hawaii, and that the rate to be charged for supplying water for agricultural purposes shall not exceed the rates charged for furnishing water to private persons or corporations: Provided further, that in consideration of the rights and privileges herein granted the Hawaii Ditch Company, Limited, its successors or assigns, shall comply with all reasonable requirements of the Commissioner of Public Lands of the Territory of Hawaii for the preservation of the forests, and shall plant not less than ten thousand trees each year for the first twenty years of the use of the right of way herein granted, and the Hawaii Ditch Company, Limited, further agrees not to divert any water from the streams or gulches of Waimea watershed."

New York, Jan. 16.—Richard Croker arrived yesterday. He expects to effect a Tammany organization throughout New York state in time for the presidential election.

London, Jan. 15.—The price of coal has been advanced twelve cents per ton, the raise being due to severe weather and an increased American demand.

CURSE OXNARD.

Michigan Men Call Him Trator to Beet Sugar.

Washington, Jan. 9.—There was a meeting of Michigan beet sugar men in Senator Burrow's room at the Capitol today. The name of Henry T. Oxnard was mentioned, interlarded with curses both loud and deep. He is credited with "throwing" the beet sugar interests in favor of Cuban reciprocity, through resolutions adopted last night, wherein the Beet Sugar Association withdrew its opposition to the treaty. The Michigan men renewed their pledge to fight the treaty to the bitter end, but they confessed that they did not know exactly what to do. Democratic Senators, especially Southerners, are openly opposed to the treaty.

The cane sugar states are up in arms now and the tobacco interests are following suit. That there will be active, if not successful, opposition is assured.

Oxnard was asked today what was the cause of withdrawing his opposition to the treaty. He gave his written reply: "While we thought for reasons of policy it was wise not to further oppose the wishes of the Administration in regard to Cuba, we want it distinctly understood that we do not approve of the principle of reciprocity in any sense of the term and would like to see every other reciprocity treaty which may come up in the future meet defeat. It has been rumored that the result of the passing of the Cuban reciprocity bill would mean a decrease in the price of beets to farmers growing the same. This is absolutely groundless, as no reduction whatever will be made to farmers on this account."

TAFT RETAINS GOVERNORSHIP.

Ex-Secretary of State Day Goes to Supreme Bench.

Washington, D. C., Jan. 13.—President Roosevelt has decided to retain Judge Taft as Governor of the Philippines indefinitely.

Washington, D. C., Jan. 13.—The appointment to the Supreme Court vacancy, caused by the retirement of Justice Shiras, and which it was the President's first intention to tender to Governor Taft of the Philippines, has been offered to ex-Secretary of State Day of Canton.

Judge Day is a son of Luther Day, Chief Justice of Ohio and is a graduate of the classical and law departments of the University of Michigan. He was admitted to the bar in 1872 and started practice at Canton, Ohio. He was judge of the court of Common Pleas from 1886 to 1890, elected as a nominee of both political parties. In 1889 he was appointed judge of the United States district court in the northern district of Ohio, but because of failing health resigned before taking office. In March, 1897, he became Assistant Secretary of State, and he succeeded John Sherman as Secretary of State on April 26, 1898, but in September of that year was succeeded by John Hay, becoming chairman of the United States Peace Commissioners at Paris at the close of the war with Spain.

Maracaibo (Venezuela), Jan. 18.—The German cruiser Panther this morning opened fire on Fort San Carlos, the principal fortification in the Gulf of Maracaibo, near this city. The German gunners early got the range and shells were dropped into the fort, three Venezuelan gunners being wounded by the fire.

The fort then opened upon the cruiser, using four heavy guns. The practice was very good and after a few shots being fired the cruiser drew off and abandoned the attempt to reduce the fortification.

McKINLEY VETOED IT.

Chaffee Was Ready to Seize Chinese Treasure.

New York, January 9.—If President McKinley had not forbidden it, General Chaffee admitted this evening in an address at the Hamilton Club in Brooklyn, where he was the guest of honor at a dinner in commemoration of the birthday of Alexander Hamilton, he would have seized treasure worth \$80,000,000 when he was in command of the American troops in China. He knew the location of this treasure in the Forbidden City, and had planned to take possession of it, he said, when the President vetoed the proposition. It was his intention to hold out any amount that might be settled upon as a proper indemnity.

"We and the Japanese had the honor of guarding the gate to the Forbidden City," said Chaffee, "and within the walls was the greatest treasure in the Chinese empire, including the jewels of the Empress Dowager. So great was its volume that it took a hundred Chinese soldiers twenty days to transport it from the winter palace to the house where it was secreted. I even had a map of the Forbidden City, with location of the house where the treasure was concealed plainly marked on it, and at a moment's notice I could have seized the entire amount had not my hands been tied."

Mainland Governor.

Washington, D. C., Jan. 16.—Senator Mitchell of Oregon will introduce in the Senate a bill making many changes in the Organic Act of the Territory of Hawaii, to bring about the changes recommended in the Senate commission's report just presented.

The act will provide that all American citizens shall be eligible to hold the position of Governor of the Territory, striking out the provision that the governor must be a citizen of Hawaii. It reduces the minimum age limit of the executive from 35 to 30. The age limit of Senators of the Territorial legislature is also reduced to 21 instead of 30 as now.

Plague at Frisco.

Washington, D. C., January 19.—At a plague conference held here with Surgeon General Wyman and a number of leaders. Dr. Wyman reported that ninety-three cases of bubonic plague had occurred in San Francisco. A resolution was adopted expressing a belief in the existence of plague in that city and calling upon Governor Pardee, Mayor Schmidt to co-operate with the Federal government in measures for the suppression of the disease. A delegate here from San Francisco denies the existence of any plague there.

MORE SENATORIAL IDEAS.

Further Recommendations of Senate Committee on Hawaii.

Washington, D. C., Jan. 14.—Following are recommendations of the Senate Commission which made investigations last summer in Hawaii.

That if the Hawaiian legislature fails next February to successfully enact a county government act, Congress amend the organic act to provide such government.

That Congress at once suspend the power of the Hawaiian government to execute leases of government lands, and that the management of the lands be placed with the Interior department, a surveyor general being appointed and two land districts created, in Honolulu and Hilo, also an appropriation of \$15,000 to enable the secretary of the Interior to examine Hawaiian land laws forestry agriculture, public roads, and report thereon.

That the Punchbowl lands be immediately withdrawn from further lease and laws be passed giving the preference of right of purchase leases to the present sub-lessees.

That the Organic act be so amended as to end the present method of filling vacancies on the Supreme bench.

That the Organic act be amended to allow an appeal from the Supreme court of the Territory to the Supreme court of the United States, in all cases where \$5,000 or more is involved.

That the government take control of the harbors and channels, as well as lighthouses, and make appropriations for improvements of Honolulu, Hilo and Pearl harbors, including widening Honolulu harbor channel and a break-water at Hilo.

That Congress appropriate sufficient for a federal building in Honolulu and \$100,000 for such a building in Hilo.

That \$75,000 be appropriated for the improvement of Honolulu quarantine station and that a station be purchased at Hilo.

That the care of the lepers at the station on Molokai be undertaken by the federal government and that the site be declared a leprosaria for the care and protection of lepers from the mainland.

That the claim of ex-Queen Liliuokalani for recompense for the crown lands be favorably considered.

That a bounty of four cents a pound be paid on Hawaiian coffee, for the next ten years.

That the Organic act be so amended that the governor shall have the power to suspend territorial officials for malfeasance in office, without the consent of the senate, until the next regular session of the senate.

That a provision be made for the appointment of an expert forester to remain in Hawaii long enough to organize the work of conserving and protecting the forests.

That provision be made by an appropriation of \$12,000 for a commission of three members of the bar, one a resident of Hawaii, to revise the civil and criminal laws of the Territory and prepare codes.

The commissioners very strongly criticize the administration of public land matters in Hawaii and find that there are some too extravagant salaries in the Hawaiian government.

Leprosy is treated as a serious problem, which the government should spare no expense to solve and while Hawaii is commended for what she has done, the commission thinks that better sanitary measures and more scientific treatment should be had. The system at Molokai of allowing marriage of lepers as well as the immorality prevalent there, are severely commented on.

The Commission is divided on the labor question, Burton favoring Chinese.

The recent embezzlements by public officers are commented on as a "perfect saturnalia of defalcations," and the commission finds that the governor and secretary are properly chargeable with neglect of public duties in not requiring larger bonds from officials.

AN EDITOR SHOT.

Rebate on Foreign Coal Knocks Out Tariff.

Columbia, South Carolina, January 15.—Gonzales, the editor of a paper published here, called The State, was shot and fatally wounded this morning by Lieutenant Governor Tillman, a relative of Senator Tillman. The difficulties leading up to the shooting grew out of politics, and political differences. There is much talk of lynching Tillman. The greatest excitement prevails.

Washington (D. C.), Jan. 15.—The President has signed the act providing for a coal rebate. The act provides that there shall be a rebate on coal imported from foreign countries, equal to the amount of the tariff on coal. It puts coal on the free list, and will do much to relieve the famine.

Rome, Jan. 15.—Cardinal Parochi, who was considered by many as the probable successor of Pope Leo XIII, is dead.

Washington (D. C.), Jan. 15.—The House has passed the Army appropriation bill. It appropriates the sum of \$73,000,000 for army purposes.

Chicago (Ill.), Jan. 15.—Business in many places is at a standstill owing to the lack of coal for fuel. Thousands of unemployed in this city are suffering from cold and exposure and are unable to get any coal.

New York, Jan. 15.—The coal situation has resulted in the congestion of hundreds of loaded cars at the various railroad centers. This further delays shipments. The tendency of prices is still further upward.

London, Jan. 15.—An agreement has been made whereby South African interests will make a war contribution of hundred and fifty million pounds sterling. The payments are to be made in three installments. This is the share which the mine owners are to pay of the tremendous expenses of the recent Boer war. It is but a small part of the vast outlay by the British government during the recent struggle with the Boers.

Stockholm (Sweden), Jan. 15.—Thirty-thousand people are in a starving condition in Northern Sweden, owing to failure of crops and a migration of fish from their usual waters, depriving the people of a great source of food. Disease has been added to the famine and the most terrible conditions prevail throughout a large area of country.

San Francisco, Jan. 15.—Miss Alice Tevis, daughter of the late Hugh Tevis heiress to several millions, is dead. The cause of death was Bright's disease.

GOVERNOR ODELL.

Believes People Should Be Protected Against Labor and Capital Disputes.

Albany (N. Y.), January 7.—In his message to the Legislature, which convened here today, Governor Odell, referring to the relations between capital and labor said:

"I believe that wherever the necessities of life are involved in disputes between employes, power should be conferred upon those affected to apply to the courts for relief and that no power should be possessed by either capital or labor to deprive the people of that which is necessary for their welfare."

The Governor opposes the franchise tax and says corporations should be taxed upon their earning capacity. He advocates a more liberal mortgage tax and police reform. He considers the instances where employers have discharged employes because of their connection with the National Guard a blow at constitutional government.

Russia Still After Manchuria.

Peking, January 7.—The Russian customs negotiations are continuing. The Japanese representatives have advised the Chinese to reject the proposals and the Chinese say they will do so. The Russian representative suggested modifications of the original scheme with the object of securing control of the Manchurian customs, Chinese ability to resist Russian pressure in this connection is doubtful.

WINDWARD HAWAII.

Directory of the Prominent and Progressive business men in the richest country in the Islands. If you have anything to dispose of it doesn't cost much to advertise in this department. Write for rates.

HONOKAA.

HONOKAA is the most thriving community outside of Hilo on the windward coast of the Island of Hawaii. It is situated 50 miles from Hilo at an elevation of 1500 feet which renders the climate salubrious. Above the cane lands are numerous homesteads on which coffee, cane and vegetables are extensively cultivated. Regular stage lines connect with all outlying districts. The 4th Circuit Court meets at Honokaa annually in July. Regular steamers call to discharge and receive freight.

A. B. LINDSAY—General Merchandise, Post Office, School Agent.

CHAS. WILLIAMS—Attorney at Law, Notary Public.

DRS. GREENFIELD & R. G. CURTIS, Physicians and Surgeons.

J. M. MOANAULI—Attorney at Law.

R. H. MAKEKAU—Attorney at Law.

A. J. WILLIAMSON—C. E. and Architect

AH FOO RESTAURANT—Meals at all hours. Tobacco and Cigars.

DOLE RESIGNS.

Cathcart Seems to be in Line for Place.

Honolulu, Jan. 15.—Attorney-General E. P. Dole has resigned, according to very well founded reports. The resignation is said to be already in the hands of the Governor, or if it is not, it will be within a short time. When asked about the matter this morning both Governor Dole and Attorney-General Dole were unwilling to talk, but the fact of the resignation is known to a number of people, and the Republican Territorial central committee has been considering the matter of a successor.

E. P. Dole was appointed Attorney-General when the Territorial Government was inaugurated, on June 14, 1900, having been deputy before that. Of late there have been rumors of his intended resignation and of differences with the executive and pressure was brought to bear by some of the Republican leaders to secure his resignation. When the recent changes in Territorial offices were made and the Senate was in special session, Governor Dole was urged to make a change in the Attorney-Generalship also, and it is said that one of the reasons why nothing was done at that time was that it was regarded as unfair to the Attorney-General to ask for his resignation at a time when other officials were retiring under a cloud, thus associating his name with theirs.

During the troublesome times when the Superintendent of Public Works was turned out of office by the Governor, the Attorney-General was reported to differ with the executive as to the powers of the latter, and this is stated as one reason why the Attorney-General decided to step out. His decision to resign is said to have been reached before he took his recent vacation.

Deputy Attorney-General John W. Cathcart has been mentioned for successor to E. P. Dole and is said to be the choice of the Governor, who believes in promotions for merit. There is some question about the attitude of the Senate on his nomination, however. The same applies to W. O. Smith, who has been spoken of as well.

The choice of the central committee is A. G. M. Robertson, but he has stated that he would not take the position.

Attorney-General Dole had charge of all the litigation in which the Territory was interested growing out of the changes wrought by the Territorial act. One of the most important of these matters was the series of habeas corpus cases brought to test whether persons imprisoned on convictions for crime during the period between August 12, 1898, and June 14, 1900, without an indictment by a grand jury or without the unanimous verdict of a petit jury, were lawfully imprisoned. In these cases, though Mr. Dole was opposed by a hostile court and was the target of very bitter criticism in certain organs of opposition, he persistently fought the cases till they were taken to the United States Supreme Court where they are now. In briefs filed by Attorney-General Dole, and by the Solicitor General of the United States based on the contentions maintained by Dole, such a strong argument is made as to call from many lawyers who did not agree with him, expressions of admiration for the ability disclosed.

CHINA WARNED.

Told Not to Fall to Pay on Gold Basis

Peking, January 7.—At a meeting today all the foreign Ministers except United States Minister Conger signed a joint note informing the Chinese Government that a failure to fulfill its obligations in refusing to pay the war indemnity on a gold basis, as provided for by the peace protocol, would result in grave consequences.

Dr. Lorenz Offered Big Salary.

New York, Jan. 13.—An effort is being made to get Dr. Adolf Lorenz to take the management of one of the large hospitals of this city at a salary of \$50,000 per year. While in this country Dr. Lorenz treated over 2,000 cases, most of them free of charge.

LIVESTOCK AT FAIR.

Plague on Increase at Mazatlan Mexico.

Mazatlan, Jan. 14.—There are eighty plague patients in the hospital. Six deaths occurred Saturday.

Kansas City, Jan. 14.—President Francis, of the St. Louis World's Fair, made the principal address at the stockmen's convention here today. He told the stockmen of the enormous building which would house their exhibit at the fair. A building covering a million square feet or more than thirty-two acres would be used for the "Palace of Agriculture" and this would contain extensive exhibits of foods, dairy products, live stock, farm machinery and agricultural products from every portion of the world. An outdoor exhibit of stock would afford the stockmen a great opportunity to show to tourists from every portion of the globe in 1904 the great development that American stockraisers have made since the States west of the Mississippi river had been settled. He declared that the Exposition would furnish the greatest agricultural exhibit ever seen at one time at any one place in the world.

Chicago, Jan. 14.—Charges have been filed with Governor Yates and Attorney-General Hamlin that the railways are holding vast quantities of coal in their yards with a view to influence prices, and the Attorney-General is expected to investigate at once and take action to force the roads to unload the cars and turn the coal over to the dealers.

While it is asserted that there are 5,000 cars of coal aggregating 150,000 tons standing in the yards of the railroad companies near Chicago, complainants who have laid the matter before the state authorities have proceeded on the assumption that the storing of coal in the yards has been part of a policy of the roads which are interested in coal-mine operating as well as coal transportation.

DOLE CHOOSES SITE.

As Agreed Between Eustis and Committee.

Honolulu, Jan. 14.—Governor Dole was asked at noon if he had reached a conclusion regarding the Federal building site. He answered:

"I think I shall telegraph Mr. Eustis my approval of the program arranged between him and the committee before his departure."

This program was an exchange of Government land with the Bernice Pauahi Bishop Estate for a Federal building site opposite the Alexander Young building, at King and Bishop streets.

In conversation, after making the foregoing statement, Governor Dole expressed the suggestion of a doubt that the Federal Government would accept the proposal, owing to its policy of requiring large open spaces around public buildings.

Cuban Sugar.

Washington, Jan. 14.—The Senate Committee on Foreign Relations has adopted the amendment to the Cuban reciprocity treaty providing that the twenty per cent tariff reduction on Cuban sugar shall not be further reduced by a preferential rate given another country.

CHAMBERLAIN'S COUGH REMEDY is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough, has shown that it robs that disease of all dangerous results. It is especially prized by mothers because it contains nothing injurious and there is not the least danger in giving it, even to babies. It always cures and cures quickly. The Hilo Drug Store sells it.

REFORM FOR HAWAII.

The recommendations of the Senate Commission, which investigated Hawaii last summer, with few exceptions should have the endorsement of all progressive minded citizens in this territory. They have asked Congress to establish county and municipal government in the event of the coming legislature failing to do so. There is no excuse for faltering in the carrying out of a program that must either be performed by a legislature familiar with local conditions, or by a Congress which would frame a bill based on theory chiefly. Our county bill should be a home made affair.

The TRIBUNE sees nothing to fear in the proposed transfer of Hawaiian public lands to Federal control. The senatorial recommendation specifies in the case of the Punchbowl leases that preference be given to the present sub-lessees. This precedent would be a substantial guarantee that the same policy would be maintained with other sub-lessees. It is certainly a sound proposition, that it would be better for the sugar industry to have the United States land laws extended, than to have our present lease system abolished and a special system devised by Congress in place of it. In all parts of the United States the general rule guiding the disposal of public lands is that of the greatest utility. This rule should not be a scarecrow in Hawaii.

Among the very best recommendations of the senators are that the Organic Act be so amended that the governor shall have the power to suspend territorial officials for malfeasance in office without the consent of the senate, until the next regular session; and that a commission be appointed to codify and revise the Hawaiian Civil and penal laws. This Code Commission should have as members experienced Island and Mainland lawyers.

THE UNFATHOMABLE.

In the recurrence of volcanic phenomena scholars and scientists have labored hard to establish the fact that regular cycles mark these visitations upon the earth. This has not been done. That is to say no regular law has been discovered through the aid of which, volcanic upheavals may be forecast with accuracy, or even approximate accuracy.

It is even so in the more fanciful region of poetry. The TRIBUNE is ever on the guard against a poetic catcylism. If it could it would forewarn the people. If it could form any theory as to the probable causes of poetic outbursts it would do so and give the people the benefit of its findings.

In other countries than this, a railroad wreck or some fancied deed of heroism, such as staying through a game of foot-ball with a smashed ankle and cracked skull or jumping from a high bridge, were sufficient to set the muses cackling for a month. But in Hilo the songstress warbles not on prosy subjects. She lifts her voice when and where and how she will. The TRIBUNE uses all know methods for keeping poetry out of its columns and thus far has succeeded.

The Delegation to the next Legislature from this Island has been solicitous to find out what their constituents desired them to do. They have sought to find out what the needs of the people are as voiced by the people themselves. It will be pretty safe, so far as public roads are concerned, for our delegation to look out for the report and recommendations to be made by the Superintendent of Public Works. His views of our needs, if the TRIBUNE understands them rightly, are about the proper thing. In the main, if carried out, there can be no reasonable kick.

PUBLIC WORKS COMING.

Although he was here and away before the people of Hilo knew it, Superintendent of Public Works, H. E. Cooper's official visit promises to be most fruitful. The people of Hilo are ready to pin a fadeless bouquet on the lapel of any body's coat, who will promise them any thing. They take everyman at his word and believe in him until forced by results to vote themselves mistaken. They believe that it will not be H. E. Cooper's fault if Hilo and other districts on this island do not enjoy an active program of labor upon needed public works.

Mr. Cooper has visited this Island, necessarily making short stops and rapid journeys. He is a man of such experience that he does not have to look at a road a week to find out if it needs fixing. He has sized up a big and broad situation on short order and has not waited for 200 people to tell him in a mass meeting, things he already knew. He has sized up our needs and is now off to prepare his report to the legislature.

The Hilo Road Board is to be commended for having the views of its members so systematically drawn up that it was merely the work of two hours for the Superintendent to gain a thorough grasp of the needs of the whole district. All was so clear that Mr. Cooper could approve or disapprove at a glance. He disapproved only in cases where the improvement proposed was not absolutely necessary.

From what Mr. Cooper said in an interview with a Tribune representative he will follow out this broad gauge liberal policy in all the districts of this Island. The people on Hawaii have had their expectations aroused before. They are aroused again and they do not believe they will be another time disappointed.

DIXIE'S BAR SINISTER.

Senator "Pitchfork" Tillman's nephew or cousin, who is Lieut. Governor of South Carolina has killed his man. The victim was one Gonzales, editor of The State, published at Columbia. Tillman, the murderer, is the same firebrand who insulted President Roosevelt about a year ago, when the President was invited to be the guest of honor in his state at a presentation ceremony commemorating an event in the Spanish-American war. The Tillman blotch on Dixie's escutcheon, however, is more than effaced by the godlike heroism of her Fitz Hugh Lees, her Wheelers, her McLaurins and Baillies

If Attorney-General E. P. Dole is to resign, Governor Dole cannot do better than make John W. Cathcart Esq., his successor. Cathcart knows the ground and he has the ability. He is long on executive ability and industry and his promotion would please his friends on every island in the group.

The committees appointed at the recent mass meeting, should not forget to perform their duties. They will be relied on to furnish our delegation in the legislature with information. Good service can be performed for Hilo by action.

CONGRESS has nullified the tariff on coal by providing for an equivalent rebate on that article. This is an effective method of tariff tinkering and might with justice be extended to more articles.

How would Hilo, Mitchell County Hawaii, strike you for an address on the corner of your business envelope?

CATTLE stealing is a crime that must be extirpated from the island of Hawaii.

To read of the bills being introduced in Congress by Mitchell, it appears that the Senator has made up his mind that Hawaii should be really annexed to the United States.

AMERICANIZING THE TROPICS.

[From Evening Bulletin.]

Commenting on Senator Burton's amendment in behalf of Hawaii labor problem, the San Francisco Call takes occasion to say "I told you so" and publishes a very able exposition of the anti-expansion sentiment. For the time being the Call would seem to have grounds for a little self praise, but it fails to give due weight to the fact that the work is not yet finished. When the American people reached out to new fields in the tropical possessions they did so with a full knowledge that the problems of the tropics were not child's play, nor have they been approached as such. The American people believe they have the power, the vigor, the ability, to develop the principles of the Republic in the tropics and at the same time promote the material prosperity in the tropical and sub-tropical sections, that prevails in the temperate regions from Maine to California or the frigid fields of Alaska.

This is not the work of a month or a year. Long established industrial conditions in this Territory for instance, cannot immediately be forced into the California or the Maine groove by an act of Congress. The American people cannot afford to force an era of depression in the new possessions or call them to account for their lack of tact or ability because it is not within the power of humanity to meet new situations and slide easily into changed surroundings as one would into a new suit of clothes. Patience and perseverance is as necessary to national life as the individual. Pessimists of the Mainland, of Hawaii and doubtless the Philippines and Porto Rico are crying "I told you so." Optimists, the hard workers, are putting their energies to the solution which shall find a way out, a way acceptable to the mother country and meeting the necessities of the latest acquisition to the national family. And all this "new" work is being done in order to gradually but none the less positively bring about the transformation which shall create in the new possession a closer approach to the principles and the ideals that have always guided the American commonwealth.

The present status may give the croakers an opportunity to dwell upon their superior foresight, but their time is short. American progress is not easily blockaded on the mainland or in the tropics.

COUNTY BILL READY

Draft of It is Submitted to the Central Committee.

A resume of the County Bill as submitted is as follows:

By the bill prepared the Territory is divided into five Counties as follows:

The County of Oahu, being the Island of Oahu, with the county seat at Honolulu.

The County of Maui, being the Islands of Maui, Lanai, Molokai and Kahoolawe, with the county seat at Wailuku.

The County of West Hawaii, being the part of the Island of Hawaii comprised within the districts of Kau, North Kohala, South Kohala, North Kona and South Kona, and all other islands within a limit of three nautical miles of the shores thereof; with the county seat at Kailua.

The County of East Hawaii, being the part of the Island of Hawaii comprised within the district of Hilo, Puna and Hamakua, and all other islands within a limit of three nautical miles of the shores thereof, with the county seat at Hilo.

The County of Kauai, being the islands of Kauai and Niihau, with the county seat at Lihue.

Provision is made for changing county seats.

This division conforms exactly to the division of the Territory by the Organic Act into judicial circuits.

These counties are divided into districts for road purposes and jurisdiction of magistrates, the districts and their boundaries being the same as at present.

The bill provides for the following county officers:

A Board of Supervisors, consisting of five members, county clerk, sheriff treasurer, tax collector, who is also license collector, recorder, auditor, assessor, surveyor, district attorney, coroner, members of the road board, road supervisor and district magistrates. All, save members of the road board, the road supervisor and district magistrates, are to be elected; the bill providing for the appointment of members of the road board by the Board of Supervisors, of the road supervisor by the road board, and of the magistrates by the governor.

All officers first elected or appointed continue in office until January second, 1905, being succeeded by officers elected at the general election in November, 1904, or by appointments made in January 1905, as the case may be. After that period all officers hold for two years, except members of the Board of Supervisors. As to this board, it is provided that the term of a part only expires each two years, thus insuring a board which always has some members with experience.

The Board of Supervisors is vested with general supervisory powers over all the affairs of the county. The exercise of their powers, particularly with relation to the issuance of bonds, expenditures of moneys, allowance of claims, and creation of debts, is carefully limited, the limitations being of such a nature that any taxpayer has a ready remedy for their abuse. The county clerk is clerk of this board, and keeps all its records; he also performs certain specified duties relative to taxes. The Sheriff performs practically the same duties and has the same powers in his county as the high sheriff now has. He has the power to appoint police, whose duties are as now provided.

The treasurer is custodian of the funds of the county, and can pay them out only on warrants issued by the county auditor by order of the board. The tax collector collects all taxes shown to be due the county, and also all licenses. The recorder performs all duties within his county now performed by the register of conveyances. The auditor audits the accounts of all officers, draws all warrants, and advises the board from time to time as to the financial condition of the county. The surveyor performs all duties usually performed by such officer, and acts also as commissioner of boundaries and commissioner of fences. The district attorney conducts or directs all prosecutions within the county, and represents the county in all civil actions to which it is a party. The coroner performs all duties relative to inquests. The road boards and road supervisor perform the same duties as under existing laws. The jurisdiction of the district magistrate remains the same.

TEL. NO. 23 CHURCH ST.

A VOICE LIFTED UP.

What One Witness Testified to Before the Senatorial Commission.

"The action of the Congress of the United States in annexing these Islands is not, and never will be, approved by the Hawaiian people in general. Our people have submitted, and will continue to submit to the authority of the United States, but only upon the ground of necessity, knowing that they are unable to change the course of affairs, or to break or cut the bond which has been fastened upon them without their consent. They deny the right or authority of the late 'Republic' to speak or act for them in the matter of annexation or otherwise. The 'Republic' was in no sense a government of the people by the people. It was a despotism pure and simple, in character, founded in fear and resting upon bayonets. But, making a pretext of the assent of that Government as a basis of its action in passing the celebrated 'Newlands Resolution' the Congress of the United States brought us within its authority. And as we cannot, if we would, escape, we hope and trust that we at least be liberally dealt with. That the United States will not insist upon continuing to take our revenues from us, in the form of customs duties, postal receipts, internal revenue, etc., without at least returning to our territory corresponding sums in the form of public improvements, or otherwise. You have made us American citizens against our will; we now propose to make the best of the situation, and pray for fair treatment by Congress."

The above is a portion of the testimony of a prominent Hawaiian, submitted to the Senatorial Commission but not hitherto published.

Elks' Social Session.

The Social Session of the Elks held at their hall last Tuesday evening was one of the most interesting entertainments held since the order was founded in Hilo. The meeting was in the hands of L. M. Whitehouse, and he cracked the whip over his antlered brethren in his most autocratic way. He was assisted in his function as chief mogul of the evening by Frank Thompson of Honolulu. His army of lieutenants on the floor played their parts without protest. Excellent music was furnished by Captain Berger, E. A. Douthitt and George Duncker. Refreshments consisting of sandwiches and salads were served.

Prosecution Rests.

The prosecution in the case of the Territory vs. Funicoshi and Watanabe, charged with murder in the first degree rested yesterday morning, after submitting evidence for two whole days and at three prolonged night sessions. The prosecution introduced expert testimony to show that it was improbable if not impossible for the wound causing the death of Motohiro, to have been self-inflicted. The defense began with its testimony yesterday morning at 9:30 a. m.

Breckon's Service.

R. W. Breckon, U. S. Attorney for Hawaii was employed as Counsel by the Commission appointed by the Republican Central Committee to draft a county bill, and to him is due in the main, the merits of the Republican County bill. Mr. Breckon was especially employed to see that all of the features of the bill conformed both to the organic act and to existing Territorial laws. The task was not a simple one but lawyers say that he has acquitted himself with exceptional credit. His past experience as a legislator for the State of Wyoming, has well fitted Mr. Breckon for the job.

Kinau Passenger List.

S Parker, G A Davis, F M Swanzy, Judge Stanley, S M Chillingworth and wife H P Danford and wife R T Henderson, Y Hamada, J Lightfoot, Miss C T Rosenwatter, Mrs Kirschberg, L W Taylor, C Clerc, Oshida, Mrs C Furuki, J W Quinn, W B Scott, S Tomikawa, Mrs E Silver, J T Frecoerreira, Frank Andrade, Dr Humphris and wife R Vidvingfeld, A C Wills, F C Handy, Cecil Brown, F M Macmahon, Mrs F L Austi, Mrs H Wells, Mrs Dower, and family E Wilder, Miss Alice Jares, Dr Wight, Mrs Raltiff.

Jas. W. Girvin, of Honolulu came up by the Kinau returning today. While in the city he was the guest at the home of N. C. Williford.

Roy H. Chamberlain, collector of Internal Revenue for Hawaii will come to Hilo by the next Kinau, accompanying Judge Estee and United States District Court officials.

The services at Haili Church last Sunday night drew a crowd entirely too large to find accommodation in the house. The front yard was filled with people who had come to hear the special music, contributed by members of the band.

The three defendants, A. de Nobrigga, Mathies Baptista and Joao Cordeiros, convicted with stealing cattle in Hamakua, were sentenced by Judge Little Wednesday to terms of two years in the penitentiary. The defendants are at liberty on \$5000 bail each, pending hearing of their case on appeal.

E. A. Douthitt, prosecuting Attorney for the Territory at the January term of Court, is in Hilo for the first time since his connection with the Attorney General's office. Both professionally and socially, Mr. Douthitt has so impressed Hilo people that they will welcome him among them at any time in any capacity.

After the band concert at Waiakaea last Monday night, the members of the band were invited by the members in charge of the Waiakaea mission, to the school house where they were served with coffee and sandwiches. The natives of Waiakaea showed their appreciation of the concert by presenting leis and flowers to the musicians.

Colonel Geo. French, the leader of the Salvation Army on the Pacific Coast and Hawaiian Islands, will be in Hilo next Wednesday and Thursday, January 28 and 29. He will be accompanied by Major Harris of Honolulu and will conduct a united service on Wednesday night at 7:30 in the Haili church and on Thursday night will speak at the Army hall. All are invited.

IN MEMORY OF BURNS.

Hilo Burns Club Will Celebrate at Spreckel's Hall Saturday.

Tomorrow night at Spreckel's hall, the members of the Hilo Burns Club propose to celebrate the anniversary of the birth of Robert Burns in a manner that will not soon be forgotten by those who shall be present. The committees in charge have arranged a most excellent program in which the best talent of Hilo will participate. After a couple of hours of song and story, there will be dancing. The people of Hilo are cordially invited to be present, tickets being on sale at the Drug Stores and at J. D. Kennedy's Jewelry Store. The program entire will be as follows.

- 1. Piano Solo—"Reminiscences".....Mrs. Jarrett T. Lewis
2. Soprano Solos—
a—"There was a lad was born in Kyle"
b—"Flow gently sweet Afton"
Mrs. Paul Bartels
3. Recitation—"Address by Miss Fontenelle delivered at Dumfries Theater, Dec. 4th, 1795.".....Mrs. A. G. Curtis
4. Contralto Solo—"O' a' airts the wind can blow".....Mrs. W. I. Madeira
5. Violin Solo—"Scottish Melodies".....Miss M. G. Farquhar
6. Soprano Solo—"Comin' thro' the Rye".....Mrs. Homer Koss
7. Exhibition Dance—"Highland Fling".....Mr. Kenneth Cameron
8. Oration—"Burns, and His Poetic Genius".....Hon. Gilbert F. Little
9. Duet—"O, wert thou in the cauld blast".....Miss Iola A. Wight and W. C. Cook
10. Bass Solo—"A man's a man for a' that".....Mr. Otis English
11. Tenor Solos—
a—"Scots wha hae wi' Wallace bled"
b—"The Standard on the Braes o' Mar"
Mr. Will Carleton
12. Chorus—"Auld Lang Syne"

The following are the officers of Hilo Burns Club, 1902 and 1903: President—W. C. Cook. Secretary—David Butchart. Treasurer—James Henderson. Executive Committee—Geo. Wilson (Chairman), Wm. Forbes, Alex. Fraser, James Henderson. Reception Committee—David Butchart (chairman), Robert Duncan, W. Brien, Robert Ramsay, A. Ansie, John Frazer, John Henderson, R. White, A. Chalmers, Kenneth Cameron, W. R. Campbell, Keith Mackie. Committee on Decorations—M. S. Luther Severance, Mrs. Adam Lindsay, Mrs. Keith Mackie. Floor Committee—C. H. W. Hitchcock assisted by Geo. Wilson and Wm. Forbes. Musical Director—Mrs. Jarrett T. Lewis.

Literary exercises to commence at 8 o'clock prompt; dancing at 10.

READY TO BUILD.

Kona-Kau Railroad Will Soon be Under Way.

Honolulu, Jan. 16.—One of the passengers on the steamer Sonoma from San Francisco yesterday was H. Wilson, of the San Francisco firm of Wilson, Lyons & Co., dealers in railroad supplies. Mr. Wilson's firm has the contract for the construction of the Kona-Kau Railroad, and Mr. Wilson is visiting the Islands in the interest of that project. He will leave Honolulu in the Mauna Loa for Kona to look over the ground. Mr. Wilson was met at the dock by H. S. Diamond, who has been representing his firm here for some time past. While on Hawaii he will go over the entire railroad project thoroughly and expects to return here in about three weeks.

It is expected that a wonderful natural development will follow the construction. Notably, there is on foot now a scheme on the part of some San Francisco capitalists to engage in the raising of livestock on the Island of Hawaii on a larger scale than has ever heretofore been attempted. It is their belief that all the meat for the Island market can be raised profitably on the higher lands of Hawaii. At least a determined effort is to be made in that direction, as soon as the Kona-Kau Railroad is completed.

The Honolulu Band.

The Honolulu band has afforded the people of Hilo a great deal of entertainment during the past ten days. The band has played in our churches, at our schools and for the militia. It has played in wet weather and dry weather. The concert Sunday afternoon, at which both the Honolulu and the Hilo bands played, was the biggest drawing card of the week. The crowd numbered fully fifteen hundred and the playing of each band was liberally applauded. The first part of the program was a list of classic pieces rendered by the Honolulu band. When Prof. Carvalho and his troupe of Hilo musicians mounted the stand they were given an ovation by the crowd. After the concert Capt. Berger, complimented our local musicians highly upon the progress they had made since last he heard them. Tuesday, the Honolulu band went by special train to Olaa and Keau where concerts were given.

Death of Paul Isenberg.

The local houses of H. Hackfeld & Co. were closed Saturday, January 17, out of respect to the memory of Paul Isenberg, whose death occurred the day before in Germany. News was cabled to these Islands and the wheels of many industries with which Mr. Isenberg's active life had been connected paused. The deceased had been connected with the commercial life of Hawaii since 1858. Paul Isenberg came to these Islands in 1858, and settled on Kaula. He soon became interested in Lehua plantation which proved to be the foundation of a huge fortune. In 1881, he joined the house of H. Hackfeld & Company, in the management of which he was actively associated until a few years ago he retired to Germany to live.

Annual Meeting.

The annual meeting of the First Foreign Church will be held next Friday evening in the Church parlors. Officers will be elected for the ensuing year, and reports rendered from every part of the Church work. Refreshments will be served and a social time enjoyed at the close of the program. All friends of the Church and congregation invited to be present.

WAIKAEA SOCIAL SETTLEMENT

Items Showing Progress Made by Miss Wight.

The "worker in charge" engaged to locate in the field, is encouraged to find so much good work represented and already under way.

The Sunday school of about sixty members has for assistants Mr. and Mrs. R. A. Lyman, Mrs. Levi Lyman, Mrs. McTaggart, Mr. Beers, Miss Sarah Lyman and Miss Wight. The hour is 2 o'clock p. m. More teachers are needed, two classes needing to be divided.

The Rev. Desha preaches every Friday evening to a full audience of very bright responsive children, and attentive older people. Service hour from 6:30 to 7:30.

The girls sewing class of over forty members is under the supervision of Miss Hitchcock, Mesdames Barren, Williford, Bergran and McTaggart. It meets each Wednesday at 2 p. m.

The newly organized "Culture class" of older girls starts off with 12 members. The study is of songs, recitations and physical culture, and some practical Delsarte work. It is hoped there will be other classes as the required number 12 is found. This class meets Tuesdays at 2:30 p. m.

The mothers or woman's class is one of the best in attendance and interest. The program after devotional exercises, consists in learning bible verses both in English and native. Friendly talks at home, and life in general and learning English songs. It is surprising to see how eagerly the English is studied. Time of meeting Friday 2 p. m.

A weaving class is contemplated. There seems to be need of a way for the women and girls to earn honest money. It is believed a supply of hats, mats and fancy articles on sale at the chapel, would be well patronized.

The boys greatly desire a sewing class too. It will take several teachers to keep the little chaps busy, for they are lively. Volunteer teachers are hoped for.

In the maintenance of the work, large subscriptions have been given with excellent spirit which will probably cover the main expense, but many things needed, or at least greatly desired, scarcely seem legally to have a claim upon the treasury fund. The worker in charge does not intend nor is she expected to solicit from individuals. The glory of the cooperative work is the unasked contribution. It is necessary however, for the people to know what is of practical use in the work. By giving this information to the community in general is to answer the question to all, that is sometimes asked by individuals. The improvements being added to the building at the expense of the treasury fund are as follows: the filling up of a room for dispensary with porcelain sink-plumbing, water tank, overhead ceiling, medicine supplies, medicine cupboard and fresh coat of paint, the building of a platform across the front of the chapel, also small chairs for the primary classes. The water tank is a gift of the Hilo Railroad Company.

The Chapel was a cheerful scene last Monday night when the genial Prof. Berger and his pleasant, dignified musicians favored it with their presence and some of their sweet music. Each musician seemed appreciative of the leis presented at the door by the young girls, and of their light lunch. The Hawaiians of the settlement are willing helpers.

K. OF P. INSTALLATION.

New Members Tender a Banquet Served at Demosthenes' Cafe.

One of the most pleasant affairs in lodge circles this winter, was the installation ceremonies at the Knights of Pythias hall last Tuesday evening. The work of installing the new officers was done under the direction of I. E. Ray. The new officers of the lodge are A. M. Wilson, C. C.; D. Lycurgus, U. C.; E. Fuhr, prelate; John Bohnenberg, K. R. & R.; H. Ludloff, M. F.; I. E. Ray, M. E.; E. Biela, M. W.; J. McNichol, I. G.; M. F. McDonald, O. G.

The occasion was also the fourth anniversary of the founding of Hilo Lodge No. 7. This together with the fact that the lodge has had a season of prosperity in the way of accessions to membership, made the night one for the exchange of Pythian congratulations. The latest additions to the membership of the lodge are Messrs. Wm. Ebeling, Herman Ludloff, M. F. McDonald, P. C. Beamer, Chas. Smith, Wm. Forbes, and Charles H. Cook. These new pledged knights showed their appreciation of the principles and mysteries of the order, by tendering a banquet to their elder brethren. The banquet was served at Demosthenes' Cafe. After doing justice to the edibles an extempore list of toasts was proposed, the company first selecting I. E. Ray as toastmaster. The first toast proposed was "The Knights of Pythias." Past Commander Dale was called upon for a response. Mr. Dale is a knight of twenty-three years standing. He gave a splendid review of the growth and meaning of the order, especially in California. J. Laiblin of Wainaku was called upon to respond to the toast, "The Ladies." Mr. Laiblin acquitted himself admirably. "The Juniors," was the subject assigned to Wm. Ebeling whose response was the hit of the evening.

"Hilo Lodge No. 7" was proposed and by acclamation, the presiding officer was called upon to respond. Mr. Ray complied delivering an excellent speech. John Kelly of Olaa, entertained the company with an excellent recitation, entitled "Ostler Joe."

The Knights in Hilo have not had a more successful installation evening in their history.

First Foreign Church.

Services next Sabbath at 11 a. m. and 7:30 p. m. Morning subject—"Dreams and Dreamers." Evening subject—"A Visionary Young Man." Everybody welcome. F. L. NASH.

Reservoir Site.

The question of a site for the Reservoir for the Hilo Water Works has been settled. Marston Campbell, concluded negotiations yesterday with John Baker, where by a release to the government is obtained for one acre on the right hand side of the Kaumana road, opposite the present water tanks. Mr. Baker gets the privilege of clearing thirty acres of timber land in exchange for this site. Messrs Whitehouse & Hawhurst will at once proceed with construction.

For Illicit Distilling

U. S. Commissioner, Carl S. Smith, examined seven defendants yesterday morning, charged with illicit distilling and bound them all over to the United States District Court which convenes in Hilo January 28. The defendants were apprehended by the Hilo police, and turned over to the Federal authorities. The defendants are Muraoka Yae, Yasukawa Toke, Yasuda Masuke, Yasukawa Saikichi, Hara Matsuo, Hatai Jutaro and Stumada Jenenion.

Can't Eat

You certainly don't want to eat if you are not hungry. But you must eat, and you must digest your food, too. If not, you will become weak, pale, thin. Good food, good appetite, good digestion,—these are essential.

Mr. Robert Venus, of Launceston, Tasmania, sends us his photograph and says: "I suffered greatly from loss of appetite, indigestion, pains in the stomach, weakness, and nervousness. Several doctors tried in vain to give me relief. A friend then induced me to try Ayer's Sarsaparilla, for it had done him much good. The first bottle worked wonders for me. Soon my appetite came back, my indigestion was cured, and I was strong and hearty."

AYER'S Sarsaparilla

There are many imitations "Sarsaparillas." Be sure you get Ayer's.

Keep your bowels in good condition by using Ayer's Pills. They cure constipation, coated tongue, biliousness, sick headache.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

MORMON SENATOR.

Republicans Name Successor to Rawlins.

Salt Lake City, Jan. 14.—Apostle Reed Smoot has received the Republican caucus nomination for United States Senator.

Reed Smoot is one of the leaders of the Mormon church. He is in his fortieth year and is a native of Utah, having been born in Salt Lake. When a small boy he removed with his parents to Provo, Utah, where he has since resided. He is a graduate of the Brigham Young Academy. Preferring a business to a professional career he entered the Provo Co-operative Institution in 1880 and in eighteen months became its superintendent. In 1884 he resigned to become manager of the Provo Woolen Mills which he controls.

Smoot is interested in several private enterprises, among which is the Smoot drug store. He owns many sheep, is largely interested in banking houses and several big mercantile concerns. He is associated with Senators Kearns and Clark, Perry S. Heath, and others in the Salt Lake, San Pedro, and Los Angeles Railroad, and the construction company formed to construct the same.

He is prominent in Mormon church work, though not a Polygamist and has lately had a great hold on politics in Utah. He will succeed Joseph L. Rawlins, Democrat, as United States Senator from Utah.

Volcanoes And Sky Effects.

"The discovery of an order of luminous night clouds at a height above the earth so greatly exceeding anything which had ever been observed, even of the highest cirrus," says E. W. Maunder in Knowledge, "was remarkable enough. More remarkable still were their variations. For they were not by any means a permanent phenomenon, and diminished in frequency of appearance from the time of their first discovery. From 1885 to 1889 they were seen before midnight; later they could only be detected in the morning hours. Their movements were more interesting still and were such as might be caused if, though traveling with the earth, they were but light subject to its attraction and experienced some retardation as they traveled with it. From any point of view the existence of these clouds must be regarded as most remarkable. That clouds should exist at all at a height greater than the highest stratum to which we owe twilight, and that so existing they should be an occasional and variable phenomenon are entirely unexpected discoveries and still remain unexplained. Can it be that they are one of the by-products of the great volcanic eruption of Krakatoa in 1883? If so they may be looked for after any great series of volcanic outbursts, such as that which commenced with the destruction of St. Pierre in Martinique in May, 1902, even though these eruptions cannot compare in violence with that of Krakatoa. Three striking sky effects followed that great eruption in 1883. The first was comparatively restricted both as to area and time, and took the form of a remarkable coloration of both sun and moon. At Batavia, in Ceylon, at various places in India, the sun was seen to be blue or green—blue when at the zenith, changing through green and yellow to total obscurity near the horizon. A much more lasting effect was that which received the name of 'Bishop's ring,' having been first reported from Honolulu by Rev. S. E. Bishop. This ring was a remarkable species of halo to be seen on every fine day surrounding the sun from its rise to its setting, and even occasionally around the moon.—Sydney Herald.

Boers Greet Chamberlain.

Pretoria (Transvaal), January 6.—All doubts as to whether the Boers would participate in the entertainments given in honor of Colonial Secretary Chamberlain and Mrs. Chamberlain were dissipated by the appearance of Generals Botha, Delarey, Cronje and Smuts at the garden party given by the Governor yesterday. The attendance of the town Boers, however, was not large.

REAL POETRY.

"The Lay of the Last Minstrel" or "An Epitome of Current History."

The minstrel's tones were weak and old, But the booze it warmed him up; He would wink, when he wanted another drink, And he drained full many a cup.

Sang he, oh come and hear this lay, Of a jaytown, down by Hilo bay, No minstrel of old, could better unfold, The wonderful tale, I would say.

For it's not of Dole so weak, or Coop's most monstrous cheek, And voracious craze for office, I would bawl; The truth is, I am vexed, for now that we're annexed, This Uncle Sam, he wants to hog it all.

Ye Gods, where will we be, when the heathen John Chinee, Whom we want to work on sugar cane plantation; Shall be made to stay away—and our crops no longer pay, Through restriction laws on Coolie immigration.

We've no use for Porto Reek—and the Gooses make us sick, And the Nigger causes constant irritation; The Pake and the Jap are best labor by far, And what is left over will do for Oiaa, For sugar it is our salvation.

No Caucasians need apply, their ambitions aim too high, We want legislation solely for the planter; This homestead talk is rot, for the public lands we've got, This Loebenstein, he should be killed instanter.

So by passing legislation, for our forest preservation, Then these public lands are tied up, don't you see; Senator Burton is a crank, and Mitchell—well—he drank, And so, no U. S. Laws or County Bill for me.

All public office we have filled, since the monarchy we killed, And the natives we have ruled with iron hand, That it really makes me sick, to lose the jobs we held, so quick, When decentralizing measures rule the land.

The minstrel merely whispered now—how weak he was with pain, And so to hear more of his lay, they set 'em up again, His throat much like a sieve it was, the way the booze slipped down, And then once more he started in to sing of Hilo town.

The shades of night were falling fast, When through the Court House grounds there passed, A jay, who said, with many a scowl, You bet, but I'll make George Duncker howl.

Oh stay! sweet uluaa said—and winked But the virtuous youth, he merely blinked, 'Twas the red haired Czar, intent on gore, As he entered Fiat Justicia's door.

There was Homer Ross and the Hackfeld force, and lawyers by the score, The hall was packed from stem to stern, there wasn't room for more; There was silence in the Courtroom; there was stillness as of death, A donkey then began to bray, and the people held their breath.

When jumped the Sheriff to his feet, cried he, ye varlets, hear! Your bellies shall no longer swill with sour larger beer; If Dunck was drunk, then drunk was Dunck, it really doesn't matter, Perhaps the former was the case, perhaps it was the latter.

Then Homer Ross, with great big words, did put up quite a talk, And he did say, that he did think Czar Andrews was a gawk; So that the judge turned Duncker loose—feared he the Sheriff's frown, Nay, nay, Pauline, and George, once more, roams free in Hilo town.

From Papaikou, they 'phoned to know, just who it was, was drunker; Some thought 't was L. A. Andrews, some dreamt 't was Geo. H. Duncker, But why this row, the case is pau, abandon all contention, Because at last we know the cause for all of this dissension.

The trouble is, that now and then, we find some silly clown, Or refugee from justice, who strikes this blooming town; He always seeks some office, makes slanderers without number, And knifes each honest man he meets, this bilk, he does, by thunder

Know ye the curs that snap at heels, that stab at reputation, Go, find them friends, within this town of motley population; The leopard, he, may change his spots, not so the guilty masker, The records always find the trail from Australia to Alaska.

VALEDICTORY.

The minstrel's song is ended, he twangs the harp no more, Forever hushed, the dulcet tones of Hilo's troubadour; But the moral in the nonsense, remember this alone, That people in glass houses, should never throw a stone.

Sloggett Resigned.

Honolulu, Jan. 14.—Dr. H. C. Sloggett has sent his resignation to Governor Dole as a member of the Board of Health, and his successor will probably be appointed within a few days. Dr. W. H. Mays is the probable appointee and he has received the endorsement of the members of the Board of Health. Dr. W. L. Moore is the likely successor of Sloggett as president of the board.

The reason given by Dr. Sloggett for his resignation is press of business. The remaining members of the Board of Health have endorsed Dr. Mays for the vacancy and favor Dr. Moore for president.

There is this peculiar thing about our Hair Vigor: it's a hair-food, not a dye. It doesn't turn your hair suddenly black and make it look dead and lifeless. But gradually the old color comes back, all the rich color it used to have. And it also stops falling of the hair. Even if your hair isn't coming out, isn't turning gray, isn't too short, yet you certainly want a fine dressing for it, and here it is.

Ayer's Hair Vigor

It keeps the scalp clean and healthy, removes all dandruff, makes the hair grow rapidly, prevents it from falling out, and does not allow a single gray hair to appear.

Do not be deceived by cheap imitations which will only disappoint you. Make sure that you get the genuine Ayer's Hair Vigor.

9:00		Hilo	4:30	
9:20		Olaa Mill	4:10	
10:05		Pahoa	3:40	
10:30		Puna	3:00	

The only desirable means of reaching the Volcano. Connections at Mountain View with stages daily—morning trains going; afternoon trains returning. Fare from Hilo for the round trip \$8. This route is through Olaa plantation, the largest in Hawaii, virgin forests of koa and wild ferns, and through many coffee farms.

The natural wonders of Puna make that district the most interesting spot in Hawaii. One can spend a most delightful day exploring the underground caves, swimming in the famous Hot Springs and resting on the cool shores of Green Lake.

Excursion tickets between all points are sold on Saturdays and Sundays, good returning, until the following Monday noon.

Commutation tickets, good for twenty-five rides between any two points, and thousand mile tickets are sold at very low rates.

W. H. LAMBERT, R. R. ELGIN, Superintendent. G. F. & T. A.

FINANCIAL ARTICLE NO. 3.

WHY

do we talk so much of the excellent securities upon which our loans are made? This is a question we are very glad to answer. There is not a man, no matter what his station, condition, nationality or position, who has not felt at some time in his life that little feeling which makes his "heart come up in his throat, or, like the proverbial soldier's, go down into the toe of his boot," when he has thought of home at different times in his career. This is called home-sickness.

The home is the safeguard of the nation, the citadel of man; childhood's happy dreams and first ideas of life are formed there. It is the woman's supreme kingdom over which she is queen. It is the harbinger of happiness and the making of better men and women, especially when it is owned by them.

In the United States only one-fourth of the entire population own their homes, but a great portion of the other three-fourths are making giant strides toward that end since the inception and particularly since the popular movement in the last ten years among the building association or co-operative people's banks.

Homes makes the man a better citizen and a better father, provides the boy and girl with good surroundings, and the wife is happier if she knows the home is or will some day be hers.

If we look back to the stubborn fights in the various wars of the past, we will find that at stake was home and family and the cause of right (of course, both parties are sure of that); but we will find from the birth of the world down today that the most stubborn battles have been fought from one standpoint, protection of home.

Don't you think, dear reader, that a man would fight just as hard to keep his home from being sold over his head? It is a different battle from the other and only needs a little care, for ninety-nine out of a hundred to have a little competency or a home by using the methods offered through the popular building and loan associations, or co-operative people's banks.

Now you can see that this is the first essence of our security. Another: the fact that as each month goes by and a man finds himself nearer the ownership of his home, it gives him sufficient interest in his property to keep up until he is through.

You, in placing your money with the Phoenix (while we will say frankly that we are not operating for philanthropy) are placing a means for some one, if not yourself, to get a home. Aside from that, do you not consider that if you would place, say, \$12 per month and knew that that \$12 paid was loaned on first mortgage improved city real estate worth \$24 (in several hundred different localities) on some man's home, and that same man was paying back an average of about 1-80 or 1-90 of your \$12 with interest upon the same (which would be immediately loaned to some one else and repaid by him under the same conditions) would you consider your money was safer than if placed upon some speculative proposition, or where it was not earning you anything, or possibly has never been placed at all from the fact that you never saved anything.

Below are matters for your reflection:

WHAT IS HOME?

1. Home—A world of strife shut out; a world of love shut in.
2. Home—The place where the great are small and the small are great.
3. Home—The father's kingdom, the child's paradise and the mother's world.
4. Home—The place where we grumble the most and are treated the best.
5. Home—The center of affection, around which our heart's best wishes twine.
6. Home—A place where our stomachs get three square meals

daily, and our hearts a thousand.

7. Home—The only place on earth where the faults and failings of humanity are hidden under the sweet mantle of charity.

We do not wish to tire you on this subject but, your money if placed with us goes on people's homes and this company is managed by the men below, they also have set aside a permanent capital and guarantee you against loss of their own money. ENGLAND'S TWO SUPPORTERS.

Italy and Austria Likely to Join in Protest to Turkey.

Constantinople, Jan. 7.—Great Britain's protest against the permission granted in September last to four unarmored Russian torpedo boat destroyers to pass through the Dardanelles into the Black Sea, under the commercial flag of Russia, will, it is believed, be followed by similar action on the part of Austria-Hungary and Italy, while Germany and France will remain aloof. Germany's position is in consonance with her traditional policy not to embarrass the Porte, while France naturally abstains from acting against the interests of her ally, Russia.

Paris, January 7.—The Temps correspondent at Constantinople telegraphs that representatives of the Mausers signed a contract today providing for the delivery to the Ottoman army of 200,000 rifles.

Strange Fact in Melting.

The statement that a solid like iron or steel always melts from the inside, the outside being the last to be converted into a liquid state, will seem, no doubt, to many ludicrous. It is clearly demonstrated in the manufacture of tool or crucible steel, says the Baltimore Sun. As to the cause, all iron or steel bars, plates, etc., have a trace of oxide upon the surface, which is formed during the period of cooling, after the rolling or hammering or from moisture of some kind. When the charge is placed in the furnace an intense heat comes in contact with the iron or steel, and more oxide forms upon the outside of each piece of steel or iron, and, being aided by the oxide originally upon it, a difficult fusible shell is formed. There being no possible manner by which the center of the iron or steel can become oxidized to the same degree, its melting point is therefore not raised and it naturally melts long before the outside.

SUPERINTENDENT COOPER HERE.

Plans for Extensive Public Improvements Meet His Approval.

Henry E. Cooper, Superintendent of Public Works is making a hasty tour of this Island gathering data for his recommendations to the legislature. Mr. Cooper came by the Mauna Loa, landing at Pahala. He came on land by way of the Volcano house, arriving at Hilo Monday, Tuesday morning in company with W. G. Walker of Ooakala, he left for an inspection of the Hamakua roads and will take the Kinaiu today at Waimea.

To a Tribune reporter, Monday evening Mr. Cooper said: "I am making this trip in a hurry. I am sorry so much haste is necessary, but it is mandatory upon me to get back to Honolulu in time to embody my discoveries in a report to the Legislature. While my trip is rather a flying one I find that matters relating to needed public improvements are so well in hand by the different Road boards that I can cover a great deal of ground in a short time. Of the road on the other side, from the Volcano down, I shall recommend that a good one be constructed. The Volcano road from Hilo to the Volcano house needs overhauling from end to end. I shall recommend an appropriation enabling this work to be done as early as possible."

In the city of Hilo, Mr. Cooper considers that the improvements requiring earliest attention are the extension and macadamizing of Bridge street and the widening and macadamizing of King street. In regard to an 80-foot boulevard on Front street, Mr. Cooper is of the opinion that so wide a street is unnecessary and impracticable. At present, arrangements are completed with the trustees of the Bishop-estate for a 60-foot right of way through their premises and Mr. Cooper thinks it would be practically out of the question to secure 20 feet more. He believes any how, that a 60-foot street will be wide enough for all purposes and so much more economical to construct and keep in repair, that it will be better in every way than a wider thoroughfare. He will probably recommend an appropriation of \$30,000 to \$35,000 for the improvement of Front street from Waianuenu street to Hoolulu Park road beyond Waiakea bridge. He will also favor an appropriation for the macadamizing of Wailoa street on East side of Waiakea River from Wharf street to Front street and the construction of a retaining wall.

Mr. Cooper will at once appoint a road jury to appraise property required by the government in making street extensions, and to assess betterments. This means that preliminaries necessary to a campaign of public improvement in Hilo will go on apace with the work to secure appropriations. Other streets in Hilo which will be favored in Mr. Cooper's report to the Legislature are Volcano street, macadam and grading to Waiakea mill; Pitman street, macadam and grading from Waianuenu street to Ponahawai. The Puueo district will come in for recommendations for macadamizing on Amauulu street, Kennedy avenue, Irwin avenue, Lehua avenue and Bridge street. Pleasant street, Reed street and Wharf street will also not be forgotten.

Out side of the city on the Hilo-Hakalau road Mr. Cooper will probably recommend appropriations amounting to \$80,000 or \$85,000. His desire is to make the Hamakua road a first class highway from end to end.

Mr. Cooper also approves the recommendation of the local road board for the expenditure of several thousand dollars on the roads to Kaumana and the Kaiwiki homesteads.

In a number of matters suggested by the Road Board Mr. Cooper suggested a scaling down, and as to a cross road from Kaumana to Olaa, he disapproved it. His position being that attention should first be given to absolute necessities. He will doubtless recommend an appropriation of \$5,000 for curbing and sidewalks along certain government lots in Hilo, and \$2,000 for proper approaches to the new bridge over Pukihae gulch.

JAPANESE MURDER TRIAL.

Funacoshi and Watanabe Are Tried Together Before Judge Little.

The case that crammed the Court house with Spectators to overflowing was that of the Territory of Hawaii vs. Funacoshi and Watanabe, charged with murder in the first degree. This case occupied several weeks in the preliminary examination before Judge Hapai and stirred up both haole and Japanese factions in Hilo to a degree such as has been the case in no criminal matter in the history of the town. A joint indictment for murder in the first degree was found against the defendants by the Grand Jury. The case came on for trial last Tuesday morning before Judge Little.

The importance of the case can be better appreciated when it is understood that the prosecution has held from the start that the death of one Motohiro, was compassed by a murderous gang of outlaws, with head quarters in the heart of Hilo. It is claimed that not only did this murder result from a campaign of outlawry, led by the defendants, but that many Japanese have felt the pressure of these organized bandits with the result that they have lost goods and moneys through extortion and blackmail. It is claimed that Motohiro, in the latter part of July, was murdered in the apartments of these banditti on Front street, because he was unable or refused to comply with defendants' demand for a heavy money ransom.

In the District Court, the case wavered along uncertain lines of circumstantial evidence so far as killing the victim was concerned, the general theory of the defense being that of suicide. For the defense at the preliminary trial as well as at the present, the firms of Wise & Ross and LeBlond & Smith were employed. The Sheriff below was assisted by Smith & Parsons, who are also aiding Attorney General Douthitt, in the present trial. The battle in the District Court was a legal tourney in which defendant's counsel left no legal steps untried in the interests of their clients, against whom the prejudices of the public and the determined arm of Courts and Police were pitted.

Tuesday morning in the Circuit Court the battle began over again. Defendant's Counsel interposed motions to quash, motions for separate trial and motion in challenge of the array of trial jurors, all of which were promptly overruled by Judge Little.

The heaviest blow to the Defense was the ruling of the Court against a separate trial in favor of which they made strenuous argument.

Tuesday afternoon was consumed in securing a jury. Many were called but few were chosen. Nearly all confessed to prejudices or opinions which made it necessary for them to step aside. The jury as finally agreed upon are as follows: A. B. Loebenstein, A. Richley, A. Lindsay, P. Heidt, L. Turner, W. Downer, T. M. Rowland, J. G. Junkin, Geo. F. Hall, W. C. Borden, A. L. Williams, E. O. Mitchell.

Tuesday night the Court held a session until 11 o'clock to expedite the work of the term. This Japanese case will probably consume more time than any other of the criminal calendar.

May Double Her Duties.

Washington, D. C., Jan. 13.—Minister Conger cables from Peking that China will be compelled to double her duties and by so doing possibly undergo great internal disorder, if the powers insist on her paying the second installment of the indemnity, now due, in gold.

China will have great trouble in meeting the Boxer indemnity. She is driven to the course of paying this in silver owing to the fact that all of her revenues are payable in silver and that lack of credit makes it impossible to obtain gold.

The first installment of the indemnity was accepted in silver by the powers under reservation that the next installment which has been due since January 1st, should be paid in gold. The prospects for another payment in silver are causing considerable concern among the powers interested in the Peking agreement and although the United States has signified her willingness to accept the silver payment, the other nations will not agree to such a course of action.

KEEP NEGROES AT HOME.

Washington Paper Gives Them Piece of Advice.

Following are from the Washington Star:

Our esteemed evening contemporary, the Star, advises the colored people wisely when it says:

"The best friends of the colored people can well afford to say to them, 'Beware of the colonization scheme.' Labor is needed in Hawaii, in the Philippines, and the Porto Rico, but labor is needed also in the United States, and in no part of the globe is labor so well remunerated as right here where the colored people are at home, and where, despite many hardships, they have stronger ties than they could ever hope to form anywhere else. Thrift and industry and good character count for more and more every year in the circles of the colored people's activity and no pictures of a 'forty-acres-and-a-mule' paradise in the tropics should confuse or disturb them for a moment."

Here are sage counsel and the gospel truth combined. Nowhere in the world will the colored laboring classes find so certain a reward for "thrift, industry and good character" as awaits them here at home. The laborers on the sugar plantations of Louisiana are better paid, better housed, and surrounded by more desirable conditions than they ever would be in Hawaii. Their place in the social scale is higher, their opportunities of personal advancement are far greater. No honest, industrious, and intelligent negro of the South ever wants a roof over his head, a comfortable home, protection for his wife and children, or genuine help and sympathy in his efforts for improvement. He is in the land of his birth, in the environment of his preference. He is no fool, although the politicians and agitators may think he is. We are quite willing to depopulate our slums and alleys at the request of any foreign land that may want their contents, but Hawaii belongs to us now, and we object to any policy that will populate her with our negro riff-raff. As we have already shown, the desirable colored element will not alienate itself on any terms.

KAHUNA AT PUNA.

Reported to Have Worked Among the Natives.

It is reported that a kahuna is at work among the natives of the Puna and that he has by the artifices and tricks of an old trade in these islands, preyed upon the believing natives of that vicinity to the sum of several hundred dollars. This kahuna, so it is reported, mixes modern quackery with the mysteries of an Ancient Hawaiian institution. He claims to be licensed by the Board of Health and performs his cures by the laying on of hands. It is reported that he treats consumption with an altogether new method. In a severe case, he said that the lungs had all disappeared except one small piece which is suspended by a string which permits it to swing like a pendulum in the chest. If this string stretches and permits this remnant of lung to touch the liver, death would instantly result. The kahuna had some powerful herbs which if taken would shorten the string, thus insuring the life of the patient. The kahuna is liberal according to reports, making no charges, but taking whatever his thankful patients are willing to give.

Wanted to See the Flag.

A prominent ranchman from Waimea stood listening to the Honolulu band playing in the Union School grounds one day this week. The band, with a flourish from Kappelmeister Berger started up the dashing air "The Star Spangled Banner." The ranchman looked upward and saw a naked flagstaff. He turned to a Hiloite near by and said, "Out in Waimea we have flags floating from our school houses. If you will start the hat around I'll chip in a little for a banner to float over Union School. I always like to see the flag flutter when I hear that tune."

CATTLE RUSTLERS STUCK.

The Trio From Hamakua Found Guilty by Jury of Twelve.

Last Monday the first jury verdict of the January term was turned into Court. The case was that of the Territory vs. Jacintho A. De Nobrigga, Mathies Baptista and Joao Cordeiros, charged with larceny in the second degree. The jury found defendants guilty. The case was the cattle stealing case from the District Court of Hamakua.

The larceny consisted in defendants taking cattle which did not belong to them and the conviction is a result of the combined efforts of the police and the ranchmen of Hamakua. Fred Carter of Parker's ranch has been constantly on the trail of cattle thieves since his return from the Coast several months ago, and W. J. Rickard of Laupahoehoe did a little sleuth work at the finish which ran the "rustlers" into the corral.

The jury was made up almost entirely of men out side of the Hamakua District, as follows: W. F. Dale, H. E. Kelsey, Jas. M. Cameron, W. C. Borden, L. Turner, J. E. Gamalielson, E. W. Barnard, H. G. Junkin, P. J. Heidt, R. McKenzie, W. H. Schoen and J. A. Akana. Their deliberation did not consume more than an hour's time. Assistant Attorney General E. A. Douthitt prosecuted; Smith & Parsons for defendants.

What Zola Earned.

It is estimated that Zola made 2,000,000 francs, that is about \$80,000, in his forty years of authorship. That does not seem a very large reward for attaining to the height of popularity among European authors, says the London correspondent of the Chicago Post. Why, more than two or three of our little island novelists get as much for the serial rights of a single story, and one at least earns twice as much every year of her lucky life. A friend of mine earns £3000 a year for managing a photograph company. Last winter a local doctor made £1000 during the vaccination scare. But, of course, money was not Zola's only reward.

Have you ever read the wooden autobiography of that verbose novelist, Anthony Trollope? It is worth reading, if only for its frank statement of Trollope's methods and ideals and earnings. He had few illusions. He was a novelist by trade. He it was, you remember, who ground out his daily portion of everlasting copy even in the stateroom of an Atlantic liner. Well, Trollope says that in thirty-two years of novel writing he made £70,000. That is a better record than Zola's, and who can say that his literary record is worse? "I have turned out more stuff," wrote Trollope, "than any other living European author—certainly more than twice as much as Carlyle." Poor Carlyle! Even some of your "stuff" is forgotten.

But do you remember what Carlyle said to William Black when he had finished reading "A Daughter of Heth?" "Eh, man," said he, in his grimmest way, "but when are ye goin' to do somethin' serious?"

Another Embezzler.

Honolulu, Jan. 20.—Charles H. Clark, Superintendent of the Kalihi Detention Camp and a Hawaiian prominent in politics, was arrested yesterday evening on a warrant sworn to by C. M. White, Chief Clerk of the Public Works Department, on a charge of embezzlement of public moneys amounting to \$551. He was released on a bond in the sum of \$1,000, James Holt, Deputy Tax Assessor, being his surety.

The funds which Mr. Clark is charged with embezzling are the aggregate of rents collected from the tenants at the Kalihi Detention Camp for four months past, no part of which, it is said, has been turned into the Public Works Department in that time.

When Your Joints are Stiff and your muscles sore from cold or rheumatism, when you slip and sprain a joint, strain your side or bruise yourself, PAIN-KILLER will take out the soreness and fix you right in a jiffy.
