4 February 1947

Kwajalein Dist.

No gratuitous issues of food or clothing were made during the month except for meals at the Kwajalein Labor Camp to a few transients and native delegates enroute home from the Majuro Christmas Missionary Conference.

No special institutions exist or are needed in the Marshalls for the care of children, the indigent, the handicapped and the aged. The care of such persons is a family or clan concern under longstanding customs and with the exception of medical attention on field trips, present no special problem.
