

- (1) Gratuitous food was issued as follows:
- | | |
|----------------------------|------------|
| Imported Foods | 17.3 tons. |
| Native Fruits & Vegetables | 93.7 tons. |

In addition, one can of milk per week was distributed to every child under school age, and two cups of milk per week were distributed to the school children up to and including grade 3. In as much as this is not considered "relief cases" free distribution of milk to the native infants will stop. Whether or not this milk will be purchased in sufficient quantities by the natives and regularly issued to the children is doubtful, but this in accordance with ComMar directives.

- (2) The welfare society has a cash balance of \$695.95. During the month the only expenses were for 120 lbs of fish (\$24.00) and payroll (\$45.00).
