Palau Dist.

3 (Land Titles Investigating Commission)

Yap

The copies of Japanese maps and holdings requested from S.C.A.P. have not, as yet, been received.

In conjunction with the magistrates of each municipality a code of land laws is being drawn up. This will be forwarded to DepHiComTerPacIs for approval and should be of considerable help in resolving conflicting claims which lack substantiating data.

There are no land claims or title disputes outstanding on Koror or Yap. Work on claims on Babelthuap, Peleliu and Angaur is progressing slowly. On the outlying islands there are no claims or title disputes.
