

A (Rehabilitation)
4 (Claims)

1 Jan 48 (Rep. 7)

Majuro Dist.

All previous records in respect to claims having been forwarded to higher echelons of Military Government prior to 1 October 1946 and no file copies having been retained at this command, a new survey is now underway collecting information relative to amounts of Yen, Postal Accounts, and Bonds turned in for redemption or possible collection; statements and descriptions of war damage claims; land seizures by Japanese; and insurance or contractual claims against the Japanese government. Preliminary instructions were left on the December field trip in the outlying atolls, in respect to the information to be picked up on the next Civil Administration visit.
