

(a) Cattle Claims: A public announcement has been made that the Livestock Claims Commission will be dissolved on 15 March 1947. A total of \$2,421 was paid to former owners for their livestock claims. The total receipts from the sale of livestock were \$17,961.98. The difference between \$2,421 and \$2,371 as shown in the report of the Livestock Claims Commission (see January report), is caused by one additional claim of \$30 and an increase of \$20 in one claim.

(b) Claims against Japanese: Most of the claims against the Japanese were submitted previously. (USN MGU ltr ser 470 dated 8 November 1946). However, some additional claims, consisting mostly of unpaid leases, are in process of compilation and will be submitted later as a supplement.
