

B (Health and Sanitation)
2 (Leprosaria)

30 June 1948

Ponape Dist.

There are five lepers on Sapatik Island, Ponape Harbor, who are visited once a week. There are three additional lepers isolated on Pingelap Atoll who will be transferred to Ponape on the next field trip preparatory to their eventual transfer to the Trust Territory Leprosarium. Temporary housing will be constructed on Sapatik.

There is no insane asylum in Ponape District.
