

(a) Anthelmintic campaign will be intensified during the month of January, and expanded in an effort to cover the entire population on Saipan.

(b) ChiChi Jima--Within the limitations of material, the recommendations contained in enclosure (G) of previous report are being carried out. ♣

(c) Rota Island--Two field trips ♣ have been made to Rota by a medical officer. The health and sanitation of the island is considered satisfactory.

♣ See enclosures (A), (B), and (C) for field trip reports.
under E (Visits by Civ Ad).
