FOREIGN NEWS

Methuen Defeats Boers.
London, Feb. 22.—The War Office has received the following from Lord Kitchener:
"Klerksdorp, February 21.—Methuen's force marched here, having cleared the country through the Wolmarstadt. At Haartbeestfontein, 1190 Boers under Generals De Villiers and Lienenberg opposed him. They held a strong position obstinately, but turned out after severe fighting in which the Yeomanry, the Victorian Bushmen and the Lancshires distinguished themselves. Our casualties were three officers and thirteen men killed and five officers and twenty-five men wounded. The Boers left eighteen dead on the ground and suffered severely."

Will Follow Orders.
Peking, Feb. 21.—Prince Ching and Li Hung Chang have received telegraphic instructions from the court to notify the Ministers of the Powers that an edict has been issued regarding the punishment of Chinese officials, conforming to the demands made by the Ministers, as follows: "General Tung Fuh Hsieng to be degraded and deprived of his rank; Prince Tuan and Duke Lan, to be disgraced and exiled; Prince Chuang Ying Mien and Chao Shu Chiao, to commit suicide; Hsu Chen Yu, Yu Hsien and Ki Hain, to be beheaded."

Withdrawal of Sugar Guarantees.
New York, Feb. 21.—The American Sugar Refining Company announced today that guarantees will be withdrawn at the end of the thirty days' contract limit on any or all portions of contracts not regularly taken out.

Gear Is Judge.
Washington, Feb. 19.—The President today named George D. Gear of Hawaii to be second Judge of the Circuit Court of the First Circuit of Hawaii.
George D. Gear, who was appointed today Judge of the Circuit Court of Hawaii, is the man who preferred charges in the House against Delegate Wilcox of that country. He is an attorney.

Washington, Feb. 21.—Delegate Wilcox of Hawaii visited the President today to oppose the confirmation of George D. Gear as Judge of the Circuit Court. Gear in his protest against the seating of Wilcox made charges against the latter's loyalty. Wilcox now retorts by advising the President that Gear is "without qualifications for such an office as Judge and is without standing in Honolulu."

SENATOR WHITE DEAD.
Expired on Washington's Birthday at Los Angeles.
SAN FRANCISCO, Feb. 22.—Ex-Senator Stephen M. White, the "Little Giant of California," as his admirers delighted in calling him, died at his home in Los Angeles this morning. Death was due to ulceration of the stomach. He was 48 years of age. Though naturally rugged, the incessant labor with which he pursued his profession—that of law—made great inroads upon his health during the past few years.

LOCALS

The recent Porto Rican arrivals at the Wailuku Plantation are giving good satisfaction.

Lesson given in Embroidery and Battersburg Lace. Mrs. James H. Painter, Kahului, Maui.

Maui has been favored this week with a number of April showers, some of which would have drowned a cat.

The counters and other interior fixtures are being put into the Maui Drug Co. building, and it will soon be ready for occupancy.

It is to be hoped that the legislature will make an appropriation to repair the Makawao roads, as they are sadly in need of much work.

Don't forget the grand ball at the skating rink tonight. It should be a pleasant and well attended function. Free trains to and from Paia.

The Honolulu Photo Supply Co. of Honolulu have by far the finest picture framing plant in the Hawaiian Islands, and deserve your patronage.

A large lot of fine script type has been received from the Coast, and the News is now prepared to do beautiful work on visiting and business cards.

WANTED.—Position on plantation as overseer of negroes, by man raised up among colored people and experienced in overseeing them. Reference given. Address

J. H. SMITH,
Gallatin,
Tennessee.

Heavy rains prevailed in Lahaina during the early part of the week, and the road from Olowalu to Lahaina is in bad shape. The pull road between Maalaea Bay and Olowalu is in passable condition, but needs some work.

The recent heavy rains have caused the water of Iao river, to wash out the earth under the buttments of the Iao bridge, and if not repaired before the next big freshet, the bridge will probably be rendered unsafe for travel.

Monday's Advertiser contained a notably good and full account of the wreck of the Rio Janeiro, accompanied by very good likenesses of several of the victims. The Tiser is still in the lead, although the MAUI NEWS extras are a close second.

Captain Keola received, by Wednesday's Claudine, the hats and leggings for Co. I, also a snare drum and bugle. Charles Brown has been appointed bugler and Alfonso Jackson will be the drummer boy. Goo Lip of Lahaina has the contract to make the uniforms for the company, and they will soon be ready for delivery.

The Lahaina Ice & Soda Co. has been incorporated, with L. Barckhausen, president, W. Henning, vice president and G. L. Scrimger, secretary. The company is capitalized for \$10,000, and all the stock is taken. They have the machinery on the ground, and are erecting works on the road between the Pioneer Mill and Lahaina.

String Band Concert.

On last Friday evening, the music lovers of Wailuku were afforded a rare treat by the Wailuku String Band, under the leadership of Joaquin Garcia, the organizer of the band.

Courteous written invitations had been sent out, and when the hour for the concert had arrived, the grassy lawn of the native church yard saw the bulk of the population of Wailuku assembled. Chairs and benches had been provided for those who did not prefer to saunter about or recline on the grass. The night was an ideal moonlight one, and the air was soft and balmy. Promptly on time, Leader Garcia waved his baton, and the concert began. But a short interval elapsed between the pieces, and the intermission itself was short. Mr. Ben Bruns, the comedian, banjoist and soloist lent his services, and added much to the success of the evening. While the selections of the band were not of the most difficult order still they were full of music delightfully rendered, and evoked much hearty applause.

Too much credit cannot be awarded to the young gentlemen who have initiated these moonlight concerts, and they promise others every month hereafter. They still need some additional instruments, which the citizens of Wailuku will doubtless help them to purchase.

Wreck of the Rio.

The details of the wreck of the Rio Janeiro are now quite well known to the community. The first definite news was received last Sunday by wireless telegraph, and issued as an extra on Monday morning, by the News office.

Attorney Henshall, Chauncy Jacob, Angelo Gussoni and Cheong Young were all well known on Maui, which makes the loss seem like a personal one to the people of Maui.

The total number on board was 210, of whom 128 were lost and 82 were saved. The list of dead from Hawaii are William A. Henshall, Miss S. Rowena Jehu, Charles E. Jacob, Cheong Young, Dr. O. Kawahara, Mrs. O. Kawahara, Angelo Gussoni, Mr. Oda, Mr. Takata, Mrs. Takata, Mr. Sakurai.

Library Books For Schools.

School Inspector Keli'noi brought with him from Honolulu a case of books which will be sent to teachers who will make use of them in their school work.

Among some of the more important books are the following: "Principles of Agriculture," "Stories from Shakespeare," "Simple Experiments in the Schoolroom," "Eggleston's American History," "Jackman's Field Work," "Webster's Handy Dictionary," etc.

Teachers are requested to make their wants known early, and to be sure that they can and will use the books ordered.

Mr. Keli'noi wishes to have as many schools as possible prepare work for the Pan American Fair at Buffalo. Paper for the Fair work may be had by applying to him by mail or telephone.

FRATERNAL GREETINGS.

By Wireless Telegraphy.

On Thursday, H. E. Waity of Honolulu, D. D. S. C., K. of P., sent the following message by wireless telegraph to Geo. Hons, C. C. of Aloha Lodge, K. of P., Wailuku:

"Please inform Geo. Hons, Chancellor Commander Aloha Lodge, No. 3, K. of P., Wailuku, that H. E. Waity sends fraternal greeting by telegraph, and asks for answer."

In reply, Mr. Hons sent the following message: "Please inform H. E. Waity, D. D. S. C., K. of P., that Geo. Hons, C. C. of Aloha Lodge No. 3, of Wailuku, on behalf of the members of said lodge, begs to extend to him sincere thanks for his kind message of fraternal greeting."

NOTICE.

Any one wishing to renew his subscription or to join the Wailuku Book Club will please forward name, \$4.50 and the title of one or more desired books to Mrs. C. B. Wells before the 20th of March.

The Only Common Ground.

Perhaps Wailuku has seen before something like Sunday night's occurrence,—certainly not often. People are aware that every Sunday a small band of Japanese meet in their church and it wouldn't surprise many of the residents of Wailuku to hear that Chinese and Hawaiian congregations meet in their respective churches; but on what basis can they all meet and have a joint service with any profit?

The following account is the answer. Of course the drum had something to do with the number of people who came up to Kaahumanu Church, and the "Salvation Army" is always back of the drum,—in this instance reinforced by the Evangelistic quartette, distributed as to their functions in this wise: One beat the "bass", one the "snare", one jingled the tambour and the last carried the light. A rabble of boys that followed contributed their part by singing "Salva-tion is the best thing in the world", in several keys,

Then the people came,—through all the mud, too,—though the house was nigh filled when the Army contingent arrived. Haoles and Hawaiians largely filled one side, and Chinese and Japanese the other, while Kalaia's choir of children and young people occupied the choir seats.

Following is the programme. After prayer by the Rev. Leadingham the quartet sang "Brightest and Best." Then followed some very hearty singing in a song service led by Mr. Kalaia, with Mr. Richards at the "baby" organ. "All Hail the Power of Jesus' Name" was the song everybody could sing, each in his own language, and the Name was honored by a fine volume of voices.

On the platform were Rev. Leadingham, Rev. G. Tanaka, Capt. Bambrery, Rev. Mr. Thwing, Mr. Ali Lin and Mr. Poepoe, and after the singing, these gentlemen led a very impressive scripture reading in the four languages, each reading the same three verses in the fourth Chapter of Ephesians.

After a song in Hawaiian, Mr. Poepoe made a short address on the subject of "Christian Unity", after which the Quartette effectively rendered the gospel invitation, "Come Unto Me", in English and Hawaiian.

Then came Mr. Thwing, who astonished the Chinese with the fluency of his speech in "Cantonese." More than that, he was able to touch them by the power of his appeal on the brotherhood arising out of a common faith. After a song by Mr. Kalaia, Rev. G. Tanaka took the floor. It was curious to hear the word "Jesus Christ" running through his energetic talk, and the Japanese numeral "hi-tot" (one), showing the unity of thought.

A stirring address by Capt. Bambrery and a benediction by Rev. Thwing closed the exercises.

Thereupon many people surprised each other by shaking hands, who had never so done before. And why not? Surely in such a place—at such a time and in praise of such a name—people might even forget that one works in the cane field another draws dividends from the same and another washes the clothes for both. Wailuku can afford to have such services repeated.

Personal Mention.

Attorney James Coke, and Wm. Goodness of the Bismark Stables, returned from Honolulu this week.

Two travelling shows and an amateur concert have made things lively in Wailuku for the past week or two.

Mr. Rogers, one of the proprietors of the Preserving Paint Company arrived this morning on the Kinau from Hawaii, and will remain on Maui for some time.

Mr. A. Toms, formerly butcher at Spreckelsville, has been employed by the Kahikini Rancho Co. to run the City Meat Market at Wailuku. He took charge on last Thursday morning.

Leutenant Olaf Hellesath, from Koloa, Kauai, will arrive on the "Claudine", in Lahaina, Tuesday night, March 12, and will remain on Maui to assist Capt. Bambrery in the work.

Mr. W. H. Field of the Maui Drug Co. goes to Honolulu today to superintend the final purchases and shipment of the furniture and fixtures of the hotel which is to be run in connection with the Maui Drug Store.

Theo. Richards and Rev. J. Leadingham are still continuing the series of services at Kaahumanu church. Mr. Richards will deliver a very interesting lecture tomorrow evening on the dispensary question. All should hear it.

Dr. Frear, the dentist, a brother of Judge Frear of Honolulu, will come over to Maui on next Wednesday's Claudine on a professional visit. He will be the guest of Mr. Beckwith at Paia, where any one desiring his professional services can find him.

Mr. James Sanderson is on Maui this week delivering copies of a work which he has published, on the Islands. The book is full of very short stories, and there is scarcely a man of any prominence on Maui who is not alluded to in the volume. The title of the book is "The Directory of Hawaii."

ADMINISTRATORS NOTICE.

The undersigned having been duly appointed Administrator of the Estate of David Center late of Spreckelsville, Island of Maui, Territory of Hawaii, deceased, hereby gives notice to all persons having claims against said Estate whether same be secured by mortgage or otherwise, to present same, DULY AUTHENTICATED, to him the Administrator at his Office with C. Brewer & Co., Ltd. on Queen street in Honolulu within six months from this date or they will be forever barred; and all persons indebted to said Estate are requested to make immediate payment of such debts to the undersigned at the aforesaid address.

E. F. BISHOP,

Administrator—Estate D. Center, deceased.
Dated at Honolulu Feb. 21st 1901.

REMOVAL.

On December 1st I will open an office for general business at the Makai—Ewa corner of King and Bethel streets, Honolulu, downstairs. All business of whatever nature entrusted to me by my Maui neighbors will be promptly attended to.

C. H. DICKEY.

IMPORTED FRUIT TREES.

I have just received from Florida a choice lot of young Peach, Apple, Pear, Plum, Apricot, Quince, Fruiting Mulberry and Japanese Persimmon Trees. These will be sold at reasonable prices, to encourage experimental planting. Write for prices.

BYRON O. CLARK.

SANITARY REGULATIONS OF THE BOARD OF HEALTH FOR ALL VILLAGES AND POPULOUS LOCALITIES IN THE TERRITORY OF HAWAII OUTSIDE OF THE SANITARY DISTRICT OF HONOLULU.

The following regulations shall apply to, and be enforced in all villages and populous localities in the Territory of Hawaii outside of the Sanitary District of Honolulu.

REGARDING BUILDINGS AND YARDS.

RAIN WATER.

Sec. (1) Where the space between buildings is less than fifteen feet the water from the roofs of the buildings shall be conducted in water tight leaders and made to discharge into suitable drains leading onto street or alley gutters and if any buildings is so situated that the water from the roofs of said building will run under the building and not drain off the same rule shall apply. This regulation shall not apply to buildings where the amount of water discharged from the roofs will not be detrimental to the public health or public sanitation.

AIR SPACE BETWEEN BUILDINGS.

Sec. (2) No building, flush with a street or streets bounding the lot on which it is to stand, shall hereafter be erected within five feet of any other boundary line of said lot, unless the nature and location of such building and the purposes for which it is to be constructed and adapted, do not require said vacant space for the preservation of public health and public sanitation. There shall be a clear air space of ten feet between all buildings, except such as are flush with a street or streets bounding the lot on which they stand, unless the nature and location of such buildings and the purposes for which they are to be constructed and adapted, do not require said vacant space for the preservation of the public health and public sanitation. The word "buildings" in this paragraph shall be construed to mean and include sheds, lean-tos, privies, outhouses and all other structures of similar character.

LIGHT AND VENTILATION OF DWELLINGS.

Sec. (3) Each and every room intended for use for human habitation shall be provided with at least eight square feet of window area having unobstructed access into the open air for each 100 square feet of floor space in said room; and at least one half of said window space shall be movable and available for ventilation.

AIR SPACE UNDER BUILDINGS.

Sec. (4) Every building shall have on an average at least twenty inches of clear space for the circulation of air between the floor timbers and the ground, and shall have sufficient openings for ventilation in the outer walls to admit a free circulation of air; but, in case this air space cannot be secured without reaching "ground water level" then there shall be no air space, but the floor shall be of concrete or masonry.

YARDS, AREAS, COURTS ETC.

Sec. (5) Yards, areas, courts, alleyways and other open space within or between buildings, where water is used for washing of any kind, shall be properly graded and cemented, or paved so as to be water proof, and drained into trapped drains properly connected with sewer or cesspool where practicable or drained away 50 feet from any dwelling and no permanent wooden floor or grating shall be maintained over the same.

WATER TIGHT FLOORS.

Sec. (6) All houses structures, rooms or parts thereof, in which water is used, or intended to be used, in such quantity as to render the floor or floors thereof constantly damp, shall have such floor or floors, made absolutely water-proof, with proper drainage into trapped leaders conveying the water away into cesspool or sewer where practicable or drained away 50 feet from any dwelling; and the water proofing of all such floors shall be done in a manner satisfactory to the Board of Health.

Sec. (7) No building or structure shall be used as a residence or place of human habitation or abode which

is situated upon land where there is standing water within eighteen inches of the surface of the ground; nor shall any building or structure be so used that is placed on land that has been made by filling in with dangerous and insanitary refuse or garbage or any substance dangerous to the public health.

REGARDING PRIVY VAULTS AND CESSPOOLS.

Sec. (8) No privy vault, sink or cesspool shall hereafter be located or constructed within fifty feet of any stream, lake, pond, well or spring of water, nor within two feet of the line of any lot; nor shall it be made more than eighteen or less than six feet deep, or placed in such a position that it is not easily accessible for emptying and cleaning.

Sec. (9) When necessary for the preservation of the public health the sides and bottom of any privy-vault, sink or cesspool, shall be made either wholly or in part water tight, so as to prevent any saturation of the ground about the said vault, sink or cesspool, and shall be provided with suitable ventilating arrangement.

Sec. (10) No structure or cover shall be put upon or over any privy-vault, sink or cesspool, until it has been inspected by the proper agent of the Board of Health and approved as meeting the requirements of these regulations and of public health.

Sec. (11) Any privy-vault, sink or cesspool, already constructed which has become a nuisance, or in any way dangerous to life or detrimental to health, shall be removed, re-constructed, or altered to meet the requirements of these regulations and of public health, as directed by the Board of Health or its Agent.

Sec. (12) The Board of Health or its Agent may cause the emptying or disinfecting of any privy-vaults, sink or cesspool that is dangerous to the public health, at the expense of the owner or occupant of the premises after 48 hour notice and failure to comply therewith.

Sec. (13) No privy-vault or cesspool shall be excavated or maintained within ten feet of any dwelling house or inhabited building or cooking-house or place where cooking is done.

Sec. (14) All waste, soil, sewer or drain pipes shall be of cast iron, lead or vitrified clay. If of iron or lead the joints shall be caulked with molten lead; if of vitrified clay, they shall have tight cement joints all joints to be smooth in the inside; open drains may be of water tight masonry.

Sec. (15) All cesspools or privy-vaults when abandoned and the use thereof discontinued shall be at once disinfected and filled with earth, sand, ashes, or other clean material. In no case shall material dangerous to the public health be used in filling such privy-vault or cesspool.

SANITARY REGULATIONS FOR STABLES.

Sec. (16) The floor of the stalls shall be made water tight and may be made of the following materials; Tongue and grooved planks, cement, asphaltum or broken (coral) rock to the depth of six inches covered with clay well tamped.

Sec. (17) All stalls shall be constructed with a slant of at least three and one half inches from front to rear.

Sec. (18) The water tight flooring of the stalls may be covered with suitable material, provided such material shall not be allowed to become saturated with animal discharges and remain until insanitary.

Sec. (19) Liquid discharges from animals shall be conducted into a drain or ditch to a cesspool or sewer where practicable and said drain or ditch shall be flushed and kept clean.

Sec. (20) All manure from stables shall be removed at least one in each week.

Sec. (21) These regulations shall apply to livery, hack, bus, tramcar, truck, express, dairy and all other stables where five or more horses or mules are kept.

REGARDING GARBAGE.

Sec. (22) No garbage, stable manure, night soil or animal or vegetable refuse of any nature which is dangerous to the public health shall be used for grading purposes, or for filling up any house lot or other tract of land.

Sec. (23) Any person violating any of the foregoing regulations shall be punished as provided by law.

SHIPPING NEWS

San Francisco, Feb. 23.—One man of the many who went down with the Rio did not care to live. That man was Captain William Ward. After the ship struck he did all in his power to save his passengers, but all who saw him in those last fateful moments agree that he made no effort to save himself. Second Officer Coghlan saw him shortly before the Rio plunged beneath the waters. At that time Ward was making for his stateroom. A woman, Mrs. Kate West, believes that she was the last person who saw him. Her story is that he stepped into his stateroom and closed the door. A moment later the ship went down. This is positively denied by several other survivors, who say that Ward was amidst assisting passengers to escape.

The Chronicle says: At noon Thursday the Rio de Janeiro, then 2 days overdue, dropped anchor four miles outside the Heads and waited for the dense fog to lift and give her a fair run into harbor. Toward evening there was a slight clearing of the sky and the vessel steamed in close to Point Lobos, where she anchored again because of the thickening weather. All night she lay while her bell tolled a warning to other vessels that might be working their way toward the Golden Gate. At 4 o'clock yesterday morning the fog lifted and the stars and the bright lights on the headlands gave promise of a quick run to harbor. At 4:30 the anchor was raised and the big vessel steamed slowly against the strong tide, passing Point Lobos, Land's End and the Mile Rock on up toward Fort Point, when, as suddenly as it had lifted, the fog came down and wrapped sea, sky and land in an impenetrable veil.

At 5:25 as she was drifting almost aimlessly, the steamer struck with her starboard bow on hidden rocks, then slowly settled back and slid off into deep water, which closed over her topmost point, and now lies so well hidden that notwithstanding the search continued all day by hundreds of boats her location remains one of the mysteries of the Gate, as does the exact place where she met her destruction.

The Sonoma of the Oceanic line now holds the record between San Francisco and Sydney, New South Wales. She made the run in nineteen days and fifteen hours. This is a day and a half better than the Mariposa on her last voyage. The time includes all stops. She averages 370 knots per day.

The United States first-class battleship Kentucky, which arrived in Cavite recently, after an eventful trip from New York, which port she left on the 26th of October, encountered a very severe storm while in midocean, and showed her sea-going qualities to the best of advantage; as one officer expressed it, "She is as steady as a church."

The gasoline schooner Surprise which went on the reef recently at Koloa, Kauai, during a severe kona storm, is now a hopeless wreck.

The Kahului Railroad Co. made a record for itself last Monday, having loaded 16,000 bags (1000 tons) of sugar on board the American in one day. The vessel lay over a mile from the wharf, and the sea was choppy.

Vessels in Port--Kahului

- Am. Schr. Compeer, Larsen, from Port Townsend, lumber.
- Am. Ship Charmer, John Slater, from Ladysmith, B. C. coal.
- Am. Schr. Ottilie Fjord, Bosch, from Eureka, lumber.
- Am. Bark Edward May, Hansen, from Honolulu, ballast.
- Am. Schr. S. T. Alexander, Ipsen, from S. F. merchandise.
- Am. Schr. Serena Thayer, Nielsen, from Tacoma, lumber.
- Am. Schr. Dora Blum, Seymour, from S. F. merchandise.
- Am. Schr. Mary Dodge, Olsen, from Tacoma, lumber.
- Am. Schr. Lyman D. Foster, Killman, from New Castle, coal.

Arrivals.

- March 6. S. S. Claudine, Parker, from Honolulu.
- March 3. Am. Schr. Lyman D. Foster, Killman, from New Castle.
- March 2. S. S. American, McDonald, from Honolulu.

Departures.

- March 6. S. S. American, McDonald, for Hilo to load sugar. Will return.
- March 9. S. S. Claudine, Parker, for Honolulu.
