FOREIGN NEWS

Bubonic Plague at Cape Town.

LONDON, March 8.—The progress of the bubonic plague causes deep anxiety and apprehension in Cape Town. The Cape government has decided to remove the people from one-third of the city area, and to cleanse it. Every precaution will be taken, should the disease spread to the troops.

Situation in Africa.

LONDON, March 8.—Whatever negotiations are proceeding in Pretoria—and Mr. Kruger declares that they can only be for an armistice—the Government, evidently has no idea of slackening reinforcements. The War Office issued a detailed statement last evening, of transports that are to sail for South Africa, within the coming week, with 12,000 troops.

New British Ships

LONDON, March 8.—Arrangements had been made for the simultaneous launching today of the four new warships, the Montagu, first-class battleship of 14,000 tons; the Albemarle, first-class battleship of 14,000 tons; the Drake, armored cruiser of 9,800 tons, at the four principal ports of the United Kingdom, but owing to the unfavorable weather at Portsmouth the launching of the Kent had to be postponed. The four vessels aggregate a displacement of about 42,000 tons, which makes a total of 92,000 tons added to the navy afloat since the accession of King Edward.

Pacific Cable.

OTTAWA, March 8.—The Pacific cable resolutions were adopted in the Commons today. It transpired that no penalty clause was inserted in the contract of the construction company. Mr. Millock said a repair steamer would be maintained in British Columbia waters. He declined to discuss the question of nationalization of cables.

Fourth Steamer Launched.

SAN FRANCISCO, March 7.—The fourth steamer on the new American Hawaiian line was successfully launched from an Eastern ship yard on the 4th under the name of Oregonian. The Hawaiian is now 39 days out from New York for this port.

Settling Indemnity.

Peking, March 7.—The Ministers' Committee has completed its report, and the general principle to be adopted in the case of private indemnities, is based upon laws in harmony with the Roman and English systems. This decision was not reached without considerable discussion, some believing that the claims of men of good reputation, should be paid in full, without further consideration. On the other hand, a case was mentioned, where a man of high repute claims \$10,000 each for his own, his wife's and his daughter's nerves, and \$20,000 for property destroyed, whereas it is known that the latter estimate is more than three times the value of all.

Cuba Accepts Protection.

Washington, Feb. 28.—The Cuban Convention virtually conceded the demand made by America, recognizing America's right to intervene should occasion arise to preserve the independence of Cuba or to maintain good government.

LOCALS

Lessons given in Embroidery and Battersburg Lace, Mrs. James H. Painter, Kahului, Maui.

Mrs. J. W. L. Marshall of Wailuku has the agency for Butterick's patterns for the Island of Maui.

The wireless telegraph is becoming quite popular on Maui, and is proving quite a convenience, but is a very expensive luxury.

Some of the friends of blacksmith Painter of Kahului claim that he is the best horse shoer on Maui. He is hard to beat, that's a fact.

There will be a short crop of mangoes on Maui this year, owing to the recent heavy kona storms. The avocado pears have also suffered from the same cause.

LOST.—Between Spreckelsville and Wailuku, an alligator skin satchel containing nothing of value except to owner. Return to this office and receive reward.

Owing to rough weather, the Kinau did not touch at Manua Bay on her trip to Hilo this week. As a result the mail for Hawaii and one passenger were brought back to Wailuku. The Maui mail was landed at Kihui.

The road roller is at work this week between the Wailuku mill and the depot, with Supt. Bal of the water works at the throttle, and a magnificent bit of road is the result. Before another year, all the roads about Wailuku should receive a like treatment.

Registered mail from Honolulu by every Friday's Mauna Loa will be landed at Lahaina, and will reach central Maui by Saturday's stage. Registered matter for Honolulu by the Mauna Loa must be sent to Lahaina instead of from Wailuku to Maalaea Bay direct.

Commissions have been issued to Captain Keola and Lieutenant Cummings of Company I, both having passed a very creditable examination in Honolulu. Lieutenant Boote, was not able to go to Honolulu on account of professional engagements at Makawao.

A break down occurred at the Wailuku mill on Wednesday morning and it was first thought that a delay would be necessary till the next boat arrived from Honolulu, but a substitute casting was obtained from Pala, and the mill resumed grinding Wednesday afternoon.

We are to have a photograph gallery in Wailuku. Mr. Mulligan formerly of Seattle but inter of Honolulu, who by the way is a skilled operator in all departments of the profession, has been looking over the situation this week and has concluded to locate here. He cannot help doing well in Wailuku.

A hundred foot signal flag pole is being erected at Kahului by Mr. A. O. Sherven. The pole will be set eight feet deep in cement, and will be further braced by four galvanized wire cables. The pole will be used to signal vessels at sea, and eventually, a wire may be attached to the top of the pole to receive wireless messages from the coast.

District Court Notes.

On last Saturday afternoon, a very neat piece of detective work was done at Kahului, which resulted in the capture of John Wood, who burglarized the Camp 5 store at Spreckelsville. The attention of head bookkeeper Walker and Jack Kuo-nohi, the foreman of the lumber yard, were attracted to the rather peculiar actions of a negro, and Mr. Walker suggested to Jack that the latter should do a little Hawshawe work. So Jack concealed himself and watched his prey enter his lair in the lumber yard. Jack thereupon called a policeman and bagged the burglar with \$750 worth of swag in his possession.

Wood was given a hearing on Wednesday before Judge McKay, and was committed for trial before a jury at next June term.

Another neat piece of detective work at Kahului last Saturday evening resulted more disastrously. Sam Yick, the enterprising Chinese merchant was arrested for selling whiskey without a license. The case was called up on Monday before Judge McKay, and preliminary testimony developed the fact that by virtue of a search made under a search warrant, marked coin was found in Sam Yick's possession which had, a few minutes before, been in the pocket of Captain Saffery of the police, and sundry packages of liquor were produced which had been purchased with the marked coin. Then Attorney Hons, who represented defendant, called for the production of the search warrant which, by the way, contained no patent defects, but which did contain a very serious latent defect. Mr. Hons questioned Captain Saffery, who admitted that the marked coins which were claimed to be in the possession of Sam Yick, and which were needed as testimony, were at the time of swearing out the search warrant, snugly tucked in the pocket of the officer who was swearing out the search warrant.

Officer Saffery was not able to satisfactorily explain the little fiction except by pleading precedents. Holding that the issuing of a search warrant which accused a crime before the crime had actually been committed was an irregularity of which judicial notice should be taken, Judge McKay refused to allow the admission of any testimony obtained by virtue of the search warrant, and Sam Yick was dismissed without a day.

The two negro boys who stole the watches from Mori's store at Kahului were committed for trial at the June term. Dorsey, who received one of the stolen watches and sold it was also held, notwithstanding the fact that he eloquently plead in extenuation that he had at one time been cook for the governor of Alabama.

Dr. Raymond, who is interested in the Kahikinui Rancho Co., accorded the News and interview on the subject of beef for Maui.

He states that no trust is formed and that none will be. It is not the intention of the company to raise the price of beef further, but the different classes of meat will be graded so that those who wish choice portions will have to pay more than the present price. Honolulu is at present suffering a dearth of fresh island beef, and consumers have to be content with refrigerated meats at a higher price than is paid in Wailuku for prime cuts of fresh, fat beef.

The Kahikinui Rancho Co. will enter to the Maui trade in case they meet with liberal patronage, otherwise they will ship their beef cattle direct to Honolulu. Dr. Raymond quoted the price of beef at Lahaina as being 18 cents, and cold storage meat at Honolulu as from 15 cents to 22 cents per pound, and stated that Wailuku is lucky in being able to buy fresh beef at 15 cents.

Concert at Kealahou School.
On Monday evening the 18th inst., the Wahee Club gave a concert at the Kealahou School house. A large attendance was present. A lengthy program, consisting of string music, solos, duets, and quartettes, delighted the audience, and received much applause.

The Club is making a tour of the island to collect money for the benefit of the native church.

Mr. George Maxwell, the soloist was greatly applauded, his full, rich voice being much praised by the Hawaiians.

LATEST TELEGRAPHIC

INDIANAPOLIS, March 13.—Former President Benjamin Harrison died at 4:45 o'clock this afternoon without regaining consciousness.

BERLIN, March 13.—The Imperial Chancellor, Count von Buelow, in a speech in the Reichstag to-day admitted that differences of opinion had arisen between the powers in regard to Chinese affairs, but he hoped that they would be overcome.

LONDON, March 12.—The Times has received the following from Bloemfontein: Boers who have surrendered here say that Steyn in a recent speech at Philippopolis, admitted that there was no chance of regaining the country.

Horse Talk.

There has been quite a good market for horses on Maui for some time past, at good prices, but the demand is rapidly being supplied.

Yesterday afternoon, Mr. F. H. Hayselden of Lahaina brought over 16 head of horses and four mules from Lanai, to be sold at public auction today at the Bismark Stables. They are a fair lot of animals, and some of them will bring good prices.

Mr. Courtney, former manager of the Young Hee Rancho, is now on the coast and writes that he will soon come down and bring with him a choice lot of coast horses, of high grade for hack and saddle purposes. He will probably ship them on a sailing vessel to Kahului direct.

John Kerr's two stallions, one a Nutwood and the other an Electioneer, are both in fine fettle. Mr. Kerr is now handling his Nutwood for speed and he goes like a ghost. McKinley, his Electioneer colt, sired by Charles S. and he by Albert W., by Electioneer, is a pacer, and beyond doubt the fastest pacer on the Islands. He has not yet been scientifically handled, but if he were taken to the coast and put in the hands of an able trainer with money behind him, he would win out a barrel in one circuit.

Jack Dow, head luna at Kihui has lost his fine Creole colt, out of his choice Australian mare. This is a serious loss as competent judges pronounced the colt to be a coming wonder.

Chinese Registration.

Deputy Inspector W. E. Drake of the revenue service came over on the Kinau, accompanied by Deputy A. W. Neely and a Chinese interpreter to initiate proceedings in the matter of registering the Chinese on Maui. Work will begin as soon as the photographs of the Chinese are ready, probably on Monday and will continue till June 13, after which all Chinese who have not applied for registration will be deported. Over 1400 Chinese have already been photographed, preparatory to registration.

Work will begin at Wailuku, and the deputies will also go to the different plantations provided the managers of the plantations desire them to do so and make arrangements to facilitate their work. Additional deputies for Maui will be appointed if necessary, in order to complete the work in the prescribed time.

New Bids Required.

Antonio de Rego, who returned from Honolulu this morning states that Postal Inspector Carr informed him that all Maui bids for mail contracts have been rejected, and that new bids will be called for, on and after March 26.

Wailuku, Mon. 25.—Soldier's meeting at 7 p. m.
Hanakuaopoko, Tues. 26.—Jr. mtg. at 3 p. m.
Lahaina, Wed. 27.—Waince Church 7:30 p. m.
Wahee, Fri. 29.—at 7 p. m.
Carr. J. H. BAMBERRY.

Personal Mention.

Hon. H. P. Baldwin and A. N. Kepoikai arrived by the Mauna Loa this morning.

Captain Keola returned to Wailuku on Wednesday, and Lieutenant Cummings and Tax Collector W. T. Robinson came last night on the Mauna Loa.

Mr. Mulligan the photographer, who thinks of locating at Wailuku, left for Honolulu on last night's Kinau, and will return with a couple of weeks to remain permanently.

Mr. Walter Lowrie, head sugar boiler at Spreckelsville will leave for the Island of Java a week from today, to spend a month or more visiting the tea plantation of a friend on that Island.

Dr. Raymond and Mr. and Mrs. J. W. Dowsett came over on Wednesday's Claudine, the former to attend professionally and the latter to visit Dr. McKibbin of Makawao, who has been quite ill with for some days.

Judge A. S. Humphreys came over on the Mauna Loa, accompanied by Judge Hartwell and Attorney S. E. Ballow. The party will examine the tunnel proposition which is being litigated, and will return to Honolulu on the Claudine tomorrow morning.

W. H. Field of the Maui Hotel and Drug Store Co. returned from Honolulu on Wednesday's Claudine, bringing with him the furniture of the new hotel. The furniture is being put in the hotel which will soon be ready for occupancy.

Superintendent Filler left for Honolulu on last night's Kinau to bring over the steam tug "Leslie Baldwin," and will probably reach Kahului with her on Monday. The launch Talulah is to sent back to the Mauna Lei Plantation at Lanai.

Coulson of Davies Co., Braymer of Von Hamm & Co., Coulson of McClesney Co., Devereaux of Hoffschlager & Co., Bergstrom, of the Bergstrom Music Co. and Brown of and eastern lubricating oil company constitute the "drum" corps who have been selling up Maui this week.

Mr. C. H. Snyder, who succeeded Mr. Fortin as manager of Milliken Bros., contractors, of Honolulu, was at Spreckelsville this week, looking after his company's contracts at the new mill, Mr. Fortin some time since left for China and Japan where the company have some large contracts.

Shriner Robert F. Carr, vice president of the Dearborn Chemical Works, Chicago, ran over to Maui this week to visit Mr. Lowrie, an old friend of his. Shriner Carr spent one night in Wailuku, which he unhesitatingly pronounced to be the real oasis in the sun browned Islands, and he very reluctantly "let go of the rope" on Friday to catch the Kinau.

Inter-Island Wireless Telegraph Co., Ltd.

On and after the second of March, Messages in plain language will be expected for transmission between Honolulu, Oahu, Kalaau, Molokai, Maunaloa, Lanai and Lahaina, Maui. The charge for transmission will be till further notice the sum of twenty cents per word of fifteen letters.

TO WHOM IT MAY CONCERN.

By telephone on your arrival in Honolulu you can procure the very best of livery service from the Honolulu Stock-Yards Co. Orders by mail for anything in the line of harness, riding or driving stock, carriage materials, etc., will receive careful attention and prompt dispatch. We have also a number of the finest plantation mules, ready for immediate delivery, which we will sell at a small margin above cost. Satisfaction guaranteed. Give us a trial.

SANITARY REGULATIONS OF
THE BOARD OF HEALTH
FOR ALL VILLAGES AND
POPULOUS LOCALITIES IN
THE TERRITORY OF HA-
WAII OUTSIDE OF THE
SANITARY DISTRICT OF
HONOLEULU.

The following regulations shall apply to, and be enforced in all villages and populous localities in the Territory of Hawaii outside of the Sanitary District of Honolulu.

REGARDING BUILDINGS AND YARDS.

RAIN WATER.

Sec. (1) Where the space between buildings is less than fifteen feet the water from the roofs of the buildings shall be conducted in water tight leaders and made to discharge into suitable drains leading onto street or alley gutters and if any buildings is so situated that the water from the roofs of said building will run under the building and not drain off the same rule shall apply. This regulation shall not apply to buildings where the amount of water discharged from the roofs will not be detrimental to the public health or public sanitation.

AIR SPACE BETWEEN BUILDINGS.

Sec. (2) No building, flush with a street or streets bounding the lot on which it is to stand, shall hereafter be erected within five feet of any other boundary line of said lot, unless the nature and location of such building and the purposes for which it is to be constructed and adapted, do not require said vacant space for the preservation of public health and public sanitation. There shall be a clear air space of ten feet between all buildings, except such as are flush with a street or streets bounding the lot on which they stand, unless the nature and location of such buildings and the purposes for which they are to be constructed and adapted, do not require said vacant space for the preservation of the public health and public sanitation. The word "buildings" in this paragraph shall be construed to mean and include sheds, lean-tos, privies, outhouses and all other structures of similar character.

LIGHT AND VENTILATION OF DWELLINGS.

Sec. (3) Each and every room intended for use for human habitation shall be provided with at least eight square feet of window area having unobstructed access into the open air for each 100 square feet of floor space in said room; and at least one half of said window space shall be movable and available for ventilation.

AIR SPACE UNDER BUILDINGS.

Sec. (4) Every building shall have on an average at least twenty inches of clear space for the circulation of air between the floor timbers and the ground, and shall have sufficient openings for ventilation in the outer walls to admit a free circulation of air; but, in case this air space cannot be secured without reaching "ground water level" then there shall be no air space, but the floor shall be of concrete or masonry.

YARDS, AREAS, COURTS ETC.

Sec. (5) Yards, areas, courts, alleys and other open space within or between buildings, where water is used for washing of any kind, shall be properly graded and cemented, or paved so as to be water proof, and drained into trapped drains properly connected with sewer or cesspool where practicable or drained away 50 feet from any dwelling and no permanent wooden floor or grating shall be maintained over the same.

WATER TIGHT FLOORS.

Sec. (6) All houses structures, rooms or parts thereof, in which water is used, or intended to be used, in such quantity as to render the floor or floors thereof constantly damp, shall have such floor or floors, made absolutely water-proof, with proper drainage into trapped leaders conveying the water away into cesspool or sewer where practicable or drained away 50 feet from any dwelling; and the water proofing of all such floors shall be done in a manner satisfactory to the Board of Health.

Sec. (7) No building or structure shall be used as a residence or place of human habitation or abode which

is situated upon land where there is standing water within eighteen inches of the surface of the ground; nor shall any building or structure be so used that is placed on land that has been made by filling in with dangerous and insanitary refuse or garbage or any substance dangerous to the public health.

REGARDING PRIVY VAULTS AND CESSPOOLS.

Sec. (8) No privy vault, sink or cesspool shall hereafter be located or constructed within fifty feet of any stream, lake, pond, well or spring of water, nor within two feet of the line of any lot; nor shall it be made more than eighteen or less than six feet deep, or placed in such a position that it is not easily accessible for emptying and cleaning.

Sec. (9) When necessary for the preservation of the public health the sides and bottom of any privy-vault, sink or cesspool, shall be made either wholly or in part water tight, so as to prevent any saturation of the ground about the said vault, sink or cesspool, and shall be provided with suitable ventilating arrangement.

Sec. (10) No structure or cover shall be put upon or over any privy-vault, sink or cesspool, until it has been inspected by the proper agent of the Board of Health and approved as meeting the requirements of these regulations and of public health.

Sec. (11) Any privy-vault, sink or cesspool, already constructed which has become a nuisance, or in any way dangerous to life or detrimental to health, shall be removed, re-constructed, or altered to meet the requirements of these regulations and of public health, as directed by the Board of Health or its Agent.

Sec. (12) The Board of Health or its Agent may cause the emptying or disinfecting of any privy-vaults, sink or cesspool that is dangerous to the public health, at the expense of the owner or occupant of the premises after 48 hour notice and failure to comply therewith.

Sec. (13) No privy-vault or cesspool shall be excavated or maintained within ten feet of any dwelling house or inhabited building or cooking-house or place where cooking is done.

Sec. (14) All waste, soil, sewer or drain pipes shall be of cast iron, lead or vitrified clay. If of iron or lead the joints shall be caulked with molten lead; if of vitrified clay, they shall have tight cement joints all joints to be smooth in the inside; open drains may be of water tight masonry.

Sec. (15) All cesspools or privy-vaults when abandoned and the use thereof discontinued shall be at once disinfected and filled with earth, sand, ashes, or other clean material. In no case shall material dangerous to the public health be used in filling such privy-vault or cesspool.

SANITARY REGULATIONS FOR STABLES.

Sec. (16) The floor of the stalls shall be made water tight and may be made of the following materials: Tongue and grooved planks, cement, asphaltum or broken (coral) rock to the depth of six inches covered with clay well tamped.

Sec. (17) All stalls shall be constructed with a slant of at least three and one half inches from front to rear.

Sec. (18) The water tight flooring of the stalls may be covered with suitable material, provided such material shall not be allowed to become saturated with animal discharges and remain until insanitary.

Sec. (19) Liquid discharges from animals shall be conducted into a drain or ditch to a cesspool or sewer where practicable and said drain or ditch shall be flushed and kept clean.

Sec. (20) All manure from stables shall be removed at least one in each week.

Sec. (21) These regulations shall apply to livery, hack, bus, tramcar, truck, express, dairy and all other stables where five or more horses or mules are kept.

REGARDING GARBAGE.

Sec. (22) No garbage, stable manure, night soil or animal or vegetable refuse of any nature which is dangerous to the public health shall be used for grading purposes, or for filling up any house lot or other tract of land.

Sec. (23) Any person violating any of the foregoing regulations shall be punished as provided by law.

SHIPPING NEWS

The Claudine leaves Kahului for Honolulu Sunday morning at 8:30.

The Mariposa and Ventura, leaving here on March 27 and April 2, respectively, will have no passenger accommodations. The Zealandia will relieve the congestion caused by the advent of the Shriners, who had previously engaged all available space on the Ventura.

At an expense of about \$200,000 the large freight steamer Samoa, recently purchased by the government, will be converted into a passenger transport of the regular line plying between San Francisco and the Philippines.

The little steam tug Leslie Baldwin, which was brought down here from San Francisco on the deck of the schooner Metha Nelson the other day, is to be launched in a day or two. E. V. Tucker, who was at one time superintending engineer of Wilder's Steamship Company, and who came down from the Coast for the purpose, will look after the launching of the fine launch. The launch is to be used in the harbor of Kahului to tow barges.

The four masted barkentine "Hawaii", Capt. McLeod, formerly of the "Lurline", arrived outside of Kahului on Thursday afternoon with coal for Kihel. Being a foreign vessel flying the Chilean flag, the customs officer at Kahului refused to allow her to unload at Kihel, that not being a port of entry. The United States shipping law is quite positive on this point, and she will have to enter and unload either at Kahului for which port she cleared, or at some other port of entry on the Islands. The bark "Antiope" experienced the same trouble some time since, under similar conditions, and had to unload her cargo at Kahului and have it carried to Kihel by rail. A law has just been introduced in congress to correct this.

After a voyage of 33 days the Olympic, Captain Gibbs, reached Honolulu at 9 o'clock on Monday.

There was nothing to mark the voyage from the ordinary until the ninth day out when, in about latitude 30 north, longitude 130 west, in what appeared to be an approaching storm, the vessel was struck by a whirlwind. For two minutes only the bark was in the terrible whirlwind, but that short period of time so demoralized the sailing gear, that it almost doubled the sailing time of the staunch craft. Upon investigation, it was found that two seamen were washed over-board. One of them, Frank Anderson, was saved but only after repeated attempts. Twice he was dropped back into the water by his comrades. The third time he was drawn on board, more dead than alive. The second man, Frank Bemandar, who was in the rigging at the moment of disaster, was blown overboard and not seen again.

Vessels in Port--Kahului

Am. Ship Charmer, John Slater, from Ladysmith, B. C. coal.
Am. Schr. S. T. Alexander, Ipsen, from S. F. merchandise.
Am. Schr. Dora Blum, Seymour, from S. F. merchandise.
Am. Schr. Mary Dodge, Olsen, from Tacoma, lumber.
Am. Schr. Lyman D. Foster, Killman, from New Castle, coal.

Arrivals.

March 20. S. S. Claudine, Parker, from Honolulu.

Departures.

March 20. Schr. Serena Thayer, Nielsen, for Port Townsend.
