SOME FRESH, PERSONAL PARAGRAPHS

Senate Has Balked On The Arbitration Treaty Which Fact May Result In Failure of Treaty.

The Sunday School lessons these days are devoted to the study of a comparatively unfamiliar but very interesting period of Old Testament History viz: the breaking up of the Jewish Kingdom and the consequent captivity. This Mr. Lydgate proposes to make graphic and instructive for his Sunday School Children, and the general public, by means of a series of tableau portrayals, on the Church lawn, on Sunday afternoon at 4 p. m.

The pageant will be in two acts of 4 or 5 Scenes each, the first act being "The Finding of the Law" and the second "The Burning of Jeremiah's Prophecies." The parts will be taken by the children in appropriate costumes, specially designed for the occasion.

This will take the place of the usual morning service and a collection will be taken to meet expenses.

So novel an exhibition should be interesting as well as instructive, and we bespeak a large audience. The public generally is invited.

Assistant Post-master Is Held Responsible

Joe Kubey, assistant Postmaster of Honolulu, is held responsible for the disappearance of two registered packages containing five hundred and twenty five dollars. The packages are said to have disappeared from the safe in the post-office. It is thought by some that they may have been placed in the wrong pouch.

Among Mr. Kubey's friends on Kauai, it is hoped that he will be able to locate the missing packages to the satisfaction of all parties concerned.

Arbitration Treaty Has Struck Snag

The Senate has taken such action in the arbitration treaty as may endanger the treaty of arbitration between Great Britain France and the United States.

A christening of more than usual interest took place on Sunday afternoon at Mr. and Mrs. A. S. Wilcox's Kilohana, on which occasion the infant son of Mr. and Mrs. G. P. Wilcox was baptized by Rev. J. M. Lydgate. His perfect behavior on this trying occasion gives every assurance that he will be a source of great satisfaction and joy to his parents and will continue the fine traditions of the family.

Beautiful decorations of cut flowers and potted plants graced the occasion and lent an added interest to the dainty lunch which followed the ceremony.

Those present were Mr. and Mrs. A. S. Wilcox, Mr. G. N. Wilcox, Mr. and Mrs. S. W. Wilcox, Mr. and Mrs. R. L. Wilcox, Mr. and Mrs. G. P. Wilcox, Mr. and Mrs. W. N. Stewart, Mr. and Mrs. J. M. Lydgate, Mrs. Hans Isenberg, Miss Mable Wilcox, Miss Margaret Waterhouse, Mr. Allan Wilcox.

A Dress-Suit Case Disappears From Beach

HANALEI, August 12.—A dress-suit case, filled with clothing and other articles, the property of Mr. Kalapaki Smith, who had been the guest of Mr. and Mrs. C. B. Makee here for some time, mysteriously disappeared from the Hanalei beach the other day where it had been overlooked by the pursuer in whose charge it had been placed. Within half an hour after the departure of the boat, Mr. Makee had an occasion to pass the landing and the suit case was not to be seen, so it is supposed that it must have been stolen immediately after the boat sailed. The matter was reported to the police at once but no clew has been discovered which might lead to its recovery.

A New Arrival

Dog Days Come In August—A Happy Picnic Party Enjoys Haena Caves And Wainiha Beach

GOV. FREAR AND PARTY ON KAUAI

Well-Known Official On Enforced Vacation -Menefoglios Entertain—Big Savings Banks' Deposits

Two deaths from Tuberculosis are reported by Inspector Cook to have occurred in Haena during July, both within two hundred feet of one another.

Mr. Cook, returned from Haena last Wednesday and said he was very hopeful of stamping out the disease there and that he had succeeded in confining it to such close quarters, indicated a vast improvement over conditions on his former visit.

Inspector Cook has sent in a requisition for another supply of lime for Haena and will return there within a few days to continue the crusade he has begun.

Dog-Days Come In August, Yes?

That "every dog has its day," was demonstrated here last week, when the official dog catcher reported thirty-four dogs captured in one day. This certainly leaves little to doubt that "Dog-Days" fall in August. While a few of the dogs were redeemed, the larger number of them were shot—being probably more valuable dead than alive.

A Pretty Haena Cave Picnic Party

HAENA, Aug. 7.—A very enjoyable picnic party was held here yesterday, when a number of our prominent citizens came together for a day on the beach and at the Haena Caves. Among those who made up the party were Mrs. S. B. Deverill and children, Miss Florence Deverill, Mr. and Mrs. Truskow, Mr. and Mrs. Menefoglio and Mrs. W. F. Sanborn and children.

Mr. and Mrs. H. C. Brown, Waimea teachers, and Mrs. Rasche, wife of Real Estate Dealer Rasche, of Honolulu, are touring the island in a surrey, into which is snugly packed a neat camping outfit including tents, pots, kettles etc. They travel as the spirit moves them and pitch camp whenever night falls, and are having a "glorious" outing. They passed through Lihue Sunday, stopping to have a bit of refreshments with ye editor, after which they resumed their trip.

A stay of several days will be made in the vicinity of Haena and Wainiha, where they are to be joined by a party of Honoluluans, among whom are Prof. Horne and Dr. Scudder.

Popular Sugar-Boiler Is Given A Farewell

PHILIP RICE MADE SENSATIONAL PLAYS

Wireless Station May Be Shifted Further From Beach—Stodart To Return To Bonnie Scotland

Honolulu August 12, 5:27 p. m.

GARDEN ISLAND:

Oahu wins with score of 6 1-2 to 3 3-4. Philip and Arthur Rice played great polo. Walter rode Carrie for three periods. Walter and Castle did wonderful work.

The teams took the field as follows:

Oahu. Kauai. Harold Dillingham 1 Arthur H. Rice Harold Castle 2 John Malina Walter Dillingham 3 Chas. A. Rice Robert Atkinson 4 Philip Rice

The information embodied in the above wireless which was received at half past five Saturday evening was a surprise to everyone as there was no doubt but the Kauai team would take the pennant. The Star, in speaking of the game says: "The game was the best and fastest played here in years. Neither side had anything to complain of in the matter of mounts, indeed it is doubtful if a classier bunch of ponies have ever been turned out in a single game on the island."

"The Kauai players showed brilliant individual work, but failed to play together as a team as well as the Oahu Quartett. Arthur and Philip Rice both put up a splendid game and the latter has seldom been seen to better advantage."

A complete report of the game will appear in our next issue.

Wireless Station May Be Changed

According to information obtained through a reliable source, the Lihue wireless station is soon to be renovated and placed in a new location. There have been several suggestions as to a suitable location, but no official action has as yet been taken. Nawiliwili is said to be a favorable place, yet the projecting mountains which fringe the bay are thought by some might interfere with the wave transmission. Near the hospital is another site spoken of, while the baseball park and THE GARDEN ISLAND office are two more locations under consideration.

Operator Vincent, in conversation with a reporter, said that a move was inevitable, and that a new and modern plant will be installed.

Wm. Stodart Leaves For Bonnie Scotland

By to-day's S. S. Marama Mr. Wm. Stodart and family are leaving Honolulu for Scotland.

Mr. Stodart has been on the islands almost continuously for over twenty years, the last half of the time, as Manager of McBryde. During this time he has established himself as one of the leading mechanical and sugar engineers of the country and as a manager of exceptional executive capacity and good judgment.

We understand that he has received several very flattering offers for the future but at present he is not making any engagements—everything being contingent on his wife's health.

The Japanese school in Kapaia opened yesterday morning with an enrollment of one hundred and fifty pupils.

County Auditor C. Maser is in the city for a few days.

County Attorney Sam Kaco, returned on the Hall this morning.

Hanamaulu Store One Of The Neatest On Kauai—J. K. Gandall A Very Conservative Business Man

HARBOR SURVEY YET IN PRELIMINARY

Pure Food Man Passes The Buck Up To Expert Chemists And Is Willing To Stand Results

Gandall's Wholesome Liquors, Kapaia.

Mr. J. K. Gandall, proprietor of this establishment, is one of Kauai's most conservative business men. He has been in business here for years, during which time everyone has come to look upon him with a feeling of profound respect and perfect confidence. Noted for his firmness, he is, nevertheless liked as well for his well-known cordiality and courtesy.

Mr. Gandall takes much interest in the welfare of the community, and his advice is frequently sought on occasions requiring careful consideration. His establishment is known the island over as one of absolute reliability and as a consequence he enjoys a large patronage which—as one of Kauai's most venerable business men—he so richly deserves.

Hanamaulu Store

Leaving Kapaia, we soon arrive at another beautiful glass front store. It is the Hanamaulu Store—a branch of "Kauai's Emporium" [Lihue Store.] Here a window is enticingly filled with bicycles, sporting goods etc., there, others, with equally attractive displays. This clean and well-regulated store is under the supervision of Mr. Antone Nobrigha and T. Seike, the former having charge of everything but the Oriental Department, while the latter most ably looks out for this one line. They are both veteran sales' managers and conduct the business in a highly satisfactory manner to their employer and the trade.

This store is by far the coolest and airiest of any we have seen and it was a pleasure to feel the inviting influences at the very threshold to the entrance.

Not a speck of dirt marred the shiny floor, the counters and show cases fairly glistened, the managers, attended by their clerks, moved gracefully and noiselessly to and fro, and all in all, there was not a single suggestion of the flurry which is so evident in too many of our stores, and which gives rise to the belief that all stores are bake-ovens. The eight hundred or more families who depend on this store for their monthly supplies are certainly fortunate in having such men as Messrs Nobrigha and Seike to see to their wants. Prompt delivery and good goods is their slogan and that this is carried out to the entire satisfaction of their customers, can be readily verified.

THE business of Lihue's official dog catcher, is said to be a howling success.

To say "he's 'nuts' on polo," Does't mean a man is lolo.

You may talk about your Pines
And the prices they will bring—
Your Cotton, and Tobacco, too,
But Old Sugar Cane is King.

If its "butter fat" that the Pure Food Commissioners in Honolulu are after, why the dickens don't they have ice-cream made from butter milk.

WHAT with all the "new ideas" which have been and are still being captured by the different heads of our school department, we can look forward to something startling in our school system in the near future.

Educational Bee

Now doth the little busy bee,
Improve each shining minute,
It's stung the "Board" with a "new idea—"
Now the rest of us ain't in it.

THE letter by "citizen" in this issue is of more than passing interest to our readers, many of whom are personally acquainted with Mr. Sheldon who is given credit as the originator of what seems to be a vast improvement on the prevailing methods.

If the different plantations were to offer a premium to every lad who attained a certain knowledge of cane growing by the time he completed his school course, there would be much less alarm felt at the passage of the Dillingham Bill or any other bill which deals with the labor situation.

A MISSOURI exchange says:

"A car load of beer broke down at Corde a few days ago and one thousand persons volunteered to accompany the wrecking crew which was called out to repair the damage. It was free beer to all."

What a sad sight it must have been to see such a throng volunteering to visit their own (bier) beer.

"WORCESTER MASS. In an anti-fly crusade has captured ten barrels full. There were 232 contestants the winner receiving \$100, having turned in ninety-five quarts or 1,219,000 flies, and claims the world's championship. The entire collection will be placed on exhibition in the Clark University."—Louisiana Mo. Press-Journal.

Herein lies a suggestion to the Board of Health in their anti-mosquito crusade. Offer a prize for the largest number of mosquitoes captured and see how earnestly the matter will be taken up.

SCHOOL INSPECTOR McCLUSKY, has joined the "new idea" club, having sailed for the coast last week. Mr. Horner of the Kukaiau School, will hold down the lid until Mr. McClusky returns. With Gibson and McClusky both absent from the Territory, the Hilo school matter will probably get a rest, and the little Japanese student who failed to pass, will have an opportunity to bombard Mr. Pope, for a change.

THE Kalihiwai wharf proposition is in the same class with the Hanapepe School affair. The Honolulu officials have a way of neglecting island affairs which is not very likely to be appreciated by those who do not happen to be among the "favored few." The Hanalei wharf, too, at which a big bluff was recently made, is as far along as it was a year ago. What we want is "Action" and less "hot air," and if we do not get it, there is just enough curiosity in us, to find out why.

THE College of Hawaii when established, was considered all that was necessary to create efficient agriculturists in sufficient numbers to supply our needs. A list of such "efficient" men from this college would be interesting. The examination entrance to this college, [based on a state school standard] is one which prevents many of our

bright country lads from getting a show which they have every right to demand. How many of our parents are able, financially, to send their boys to the High School? Again, by the time a boy—who has been reared among rural surroundings—spends two years or more in High School, he is weaned away from his former environments and adopts a desire for "city life," with the result that he seeks clerical employment. Lower the standard of entrance, if necessary, and give our boys a chance to show the stuff that is in them instead of supporting a college which may be—and very likely is—doing excellent work in its line, but that line is certainly not along lines conducive to the best interests of our young ruralites.

A Communication

Editor GARDEN ISLAND,
DEAR SIR:—

Being an old kamaina I am naturally interested in the progress of our islands.

The sugar industry has progressed wonderfully during the last thirty or forty years, both in the manufacture of sugar and the cultivation of cane. The improvement in the machinery for the boiling-house has great advantages over that of thirty or more years ago. Equally the same with agricultural implements.

I saw a mould-board plow at the Lihue Plantation, built by Mr. H. Sheldon, the plantation blacksmith, which took my eye. It is the best tool of the kind I ever saw, though it was just completed and had not yet been tried, I would go my all on it. It should make the finest kind of a furrow for cane planting. The mould-boards are curved so they will slide through the soil.

Another feature of it is, it has no wheel in the front of the beam like the old style plow. Sheldon has a rod attached to the standard, running under the beam, and about 4 in. from the end of the beam is an adjustable rod with hand nuts. It is attached to this pulling rod which pulls directly from the standard. By this adjusting rod the plow is adjusted to plow deep or shallow as the case may require. The great difficulty in plowing has been, to be able to adjust the plow properly, unless an experienced man is employed to assist in adjusting the plow. The device Sheldon has, is a simple one. I have been told the said mould-board or furrow plow, is doing just as I said it would, (splendid work) runs easy, and makes a perfect furrow.

Thanking you for the space in your up-to-date little paper, I am Very truly yours,
"Citizen."

Dock Hands Strike Tying Up Vessels

The dock hands in London have gone on a strike, which has assumed such proportions as to tie up one hundred and fifty vessels. Shipping is suffering greatly, and it is feared in many quarters that a sympathetic strike among general trades organizations will follow unless an early settlement of the prevailing conditions is made.

LAST SUNDAY'S BALL WAS BEST OF SEASON

Lihue-Homestead Game Was Longest In Innings Of The Season's Baseball Series

Makaweli Team Is Ahead

All Games Are Won By Teams On The Waimea Side—Eleele Defeats Big Stickers Badly

The Lihue fans were treated to some of the best ball of the season last Sunday, when a twelve inning game was played between the Lihue and Homestead teams. A tie resulted in the ninth inning, the score standing 8 to 8. From here on, it was a battle for blood until the twelfth inning, when the farmers plucked a run, and shut out the home team with a score of 9 to 8. The question of a "passed ball" resulted from a wild throw from second to third, the latter missing and allowing two runs, but when it was explained by the umpire that his decision was based upon an agreement of captains of both teams at the beginning of the game the matter was quickly passed over.

The Lihues should have won the game hands down but their lack of interest in the game was indicated in their desertion of the field to witness a little disturbance out side of the grounds. They showed a decided lack of practice and team work also.

In Makaweli the Koloas got theirs too, at the rate of 8 to 6, which shows an improvement in the doughy little team. The Makawelis at present look to be easy winners, being so far in the lead that it is improbable any other team will defeat them.

Eleele jumped on to the Kilaueas and made the Big Stickers look very much like second raters. For some reason or other, Kilauea of late has not been up to her standard. However, in Sunday's game, the score stood 3 to 3 to the ninth inning, when the Eleele team found every old curve that the redoubtable Wood could invent, and batted and swatted right and left, piling up six runs before the curtain dropped. It was a perfectly fascinating game, however, and was witnessed by the usual number of Kilauea's enthusiastic fans.

Passed Ball Defined

A passed ball is a legally delivered ball that the catcher should hold or control with ordinary effort, but his failure to do so enables the batsman, who becomes a base runner on such pitched ball, to reach first base or a base runner to advance.

Governor Frear reports the homesteading situation on Kauai to be in very satisfactory condition. The Governor returned to Honolulu Sunday morning after spending several days in the mountains of the Garden Isle, chiefly on a pleasure trip. He, however, had time to look into territorial business to some extent.

Applications will be opened for places in the Omao settlement association, within a few days, the Governor stated, and another association is being organized to take up a tract of land at Lawai.

The homesteading on Kauai has generally been in connection with the plantations, and the homesteaders made up of laborers on the plantations who are enabled thus to secure a permanent home and sufficient ground to make them independent.

Green vegetables may be kept fresh for several days if they are damped and then rolled up in paper with the ends screwed up to keep out the air.

When boiling tough meat put into the pot a tablespoonful or two of pure cider vinegar. It will usually render it tender and good. It acts the same way on fowl.
