Bigelow Inspects New Hanalei Wharf

Lyman H. Bigelow, superintendent of public works made a flying visit to Kauai last Friday, coming in on the Claudine in the morning and returning the same evening. The principal object of Mr. Bigelow's visit was to inspect the work at the Hanalei wharf and he reported that he was satisfied with the progress made.

The work on the wharf is being done by Coney and Morris, a new concrete deck being laid on the wharf. The contractors experienced a little difficulty at the start owing to labor trouble, but as soon as they got rid of one of the men, whom it was alleged was an agitator, the trouble was soon over.

The construction of the Kapaa water works was also considered by Mr. Bigelow while here and he made a short trip of inspection to the spring that will be used to supply the water for Kapaa. Nothing can be done on this work until the plans are drawn up and approved by the board of public works. This will take considerable time and the work cannot be expected to start for at least two or three months.

Mr. Bigelow did not have an opportunity to inspect the recent survey of the Paukapae road but he did disapprove of having the work done under any sort of agreement where the person in charge worked on a commission basis.

JOYRIDERS CONVICTED OF MALICIOUS CONVERSION

John Padella and George Souza, Porto Rican youngsters employed by the Grove Farm plantation, stepped off with the wrong foot, as it were, on July Fourth. Everybody was going to Makaweli to see the games between the westenders and the soldiers from Honolulu. John and George both wanted to be counted among those present and enjoy the event, so they purloined an old truck belonging to Grove Farm and started west.

Inexperience hampered them somewhat but it was not before the pair reached Koloa that their conveyance began to balk and foam at the mouth and finally stopped for want of water and breath.

In the meantime the car was missed and a search was made and the boys were found at Koloa and brought back to Lihue and Justice.

On Thursday the pair came up in the Lihue district court before Judge Hjorth; they pleaded guilty and were sentenced to pay a fine of \$100 each besides cost of \$1. Not having a banking account or ready cash, both offenders are at Hotel Montgomery in the tender care of Kalei for the next three months. Thus ended an otherwise pleasant outing and the boys are sadder but wiser youths.

A NEW GOVERNMENT DENTIST FOR KAUI

Dr. H. P. Choy, recently appointed as government dentist of Kauai by Dr. Trotter of the territorial board of health, arrived last Wednesday to take up his new duties. He is at present stationed at the Kapaa school but will later travel to all schools of this island. He takes the place of Dr. Southwell, who recently resigned to practice in Honolulu.

All dental equipment now at Inspector Cook's office at Waimea will be removed to the Kapaa school this week and Kapaa school children needing attention to their teeth will be attended to as soon as the necessary equipment can be installed.

Dr. Choy has been practicing dentistry successfully in Honolulu since 1918. He is a Honolulu boy and obtained his D. D. degree at the University of Denver, class of 1918. He will also open an office in Kapaa and engage in private practice after giving the necessary time to his government duties.

COUNTY TO CONSTRUCT THE OLOHENA ROAD

Owing to some technicality of the law, the board of supervisors are unable to let the contract for the Olohena road to George Mahikoa, as it was necessary that the county do the work on the road.

Mahikoa was appointed foreman of the work, which will start just as soon as the crusher and other equipment can be moved to Kapaa.

PERSONALS

Rev. and Mrs. Marcus E. Carver left on the Lurline for San Francisco.

S. A. Robinson, and bride were among the passengers arriving on last Friday's Claudine.

Rev. R. Puuiki, of Anahola, returned last Tuesday morning from the church convention in Honolulu.

Henry Giles, salesman E. O. Hall & Son, arrived this morning to make his round of the island.

H. P. Faye, of Kekaha, was a returning passenger from Honolulu last Tuesday morning.

W. Seaby, of the American Factors accompanied by Mrs. Seaby, arrived from Honolulu this morning.

Rev. Chas. Keahi and J. H. K. Kaiwi were passengers returning from Honolulu last Wednesday morning.

Miss McLaughlin, of the Kauai public library, returned Wednesday morning from a short stay in Honolulu.

C. W. Scribner, of Lihue, who has been vacationing in Honolulu, returned on the Claudine last Wednesday.

Mrs. Lucy Wright, of Waimea, was among the Kauaians returning this morning from the capitol city.

Roy Johnson, of the Hanson Art Studio, was an incoming passenger on the Claudine this morning.

W. H. Rice Sr., accompanied by Mrs. Ralph Wilcox and Miss Eunice Scott, returned from Honolulu last Wednesday morning.

Leon A. Quonan, traveling salesman for the American Factors, is on the island, making his regular visit to the Kauai merchants.

Miss Martha Cooke, of Honolulu, arrived this morning to be the house guest of Mr. and Mrs. C. A. Rice, at Kalapaki.

W. Mayne, manager of the von Hamm-Young Co., branch at Kapaa, returned last Friday morning from a brief visit to Honolulu.

John Rapozo, Kapaa postmaster, returned this morning from Honolulu where he has been attending the school for postmasters.

Mr. and Mrs. Y. Y. Tseu, newlyweds, arrived on the Claudine last Friday. They will make their home in the cottage next to the Nawiliwili garage.

J. M. Kaneakua, county clerk, who went to Honolulu to join the Molokai excursion, returned last Friday morning.

W. J. Ferreria returned this morning from the Foresters convention on Maui. Willie reports that a great time was had by all.

J. F. Bettencourt Jr., Kauai prohibition enforcement officer, returned this morning from Honolulu where he has been getting pointers on how to trail the wiley bootlegger to his lair.

Mr. and Mrs. Charles A. Rice and Miss Edith Rice, accompanied by Mr. and Mrs. H. Goodale, returned from Honolulu on the Claudine last Friday morning.

Rev. P. O. Takahashi, of the Lihue Japanese Christian church, who has been attending the annual conference of the Evangelical Association, returned last Friday morning.

Mr. and Mrs. C. Bayer and child, of Makaweli, returned this morning from a week of sight-seeing in Honolulu. They will move to their Koloa beach house tomorrow for several weeks' stay.

Prof. D. L. Crawford, of the University of Hawaii, accompanied by his wife and two children, arrived last Wednesday for a two weeks' visit with his brother, Will Crawford, of Lihue.

C. L. Lane of the Bank of Hawaii, Lihue, returned from Honolulu this morning, where he went to see his wife away on the Niagara last Saturday. Mrs. Lane is on her way to visit her parents, Mr. and Mrs. Bresler of Seattle. Mr. Lane's mother, Mrs. C. Lane, and his sister, Miss Lucille Lane, returned with him for a month's visit.

Supervisors Hold Regular Meeting

The regular monthly meeting of the Board of Supervisors of the County of Kauai was held on Wednesday, July 5, 1922, at 9:30 a. m.

Present:—H. D. Wishard, chairman; T. Brandt, J. I. Silva, Fred Mendes, A. Menefoglio.

The minutes of the last meeting were read and approved.

A request from Sheriff W. M. Henry Rice for an allowance of expenses for the upkeep of his automobile of which he is using for county work was received, and by unanimous vote, was allowed to spend sixty dollars (\$60.00) per month.

Of the Board's own motion, by unanimous vote, Sheriff W. H. Rice was recommended as a committee of one to represent Kauai, to succeed himself on the Bureau of Tourists at Honolulu, Hawaii.

Upon the motion of Mr. Brandt, seconded by Mr. Menefoglio, and by unanimous vote, Miss Mabel I. Wilcox of Lihue was appointed a trustee of the Samuel Mahelona Memorial hospital to succeed herself.

Upon the motion of Mr. Menefoglio, seconded by Mr. Mendes and by unanimous vote, the county engineer was authorized to call for bids for material and for construction of the Kauai high school shop; the chairman and the county engineer were also authorized to open the said bids on the 27th inst., at 10 o'clock a. m.

The board's own motion, by unanimous vote, Mr. Middleton will hereafter be recognized officially as the county engineer, County of Kauai, and not county road supervisor, as heretofore known.

Bids for the furnishing of material, etc., and for construction of one teachers' cottage for the Lihue grammar school, (2) school desks, (3) new road machinery, and a new engine were received and are as follows:

MATERIAL—
Allen & Robinson\$3,100.00
City Mill Co.3,362.00
Kauai Railway Co.3,180.00
Lihue Store3,250.00
Lewers & Cooke\$3,300.00

CONSTRUCTION—
S. B. Goss1,250.00
John Hansen1,200.00
S. Honjyo1,249.00
Henry Wise1,550.00

School desks:
Office Supply Co.3,620.00

The report from the pound master of the Lihue district for the quarter ending June 30, 1922, was received and was referred to Mr. Menefoglio for advice after which he reported favorably on the said report.

A letter, dated June 19th, 1922, from the Kauai Chamber of Commerce, petitioning the board to secure by purchase, one share of the Haena Hui, etc., was received, up-

(Continued on Page Six)

CAR BUMPS CULVERT; COMES OFF SECOND BEST; CULVERT GETS DECISION

A Dodge car was almost totally wrecked last Tuesday when it collided with the heavy concrete culvert at the top of the hill just above the Wailua flats. The car was bound toward Kapaa and according to the story told by the occupants, tried to pass another car going in the same direction. The occupants of the wrecked car claim that the driver of the other car was a novice and was swerving all over the road, forcing them in to the ditch and against the culvert.

According to the police, the driver of the other car was an experienced chauffeur and that from the indications of the wreck the smashed car was being driven at a terrific rate of speed and the driver probably lost control while attempting to pass the other car.

All passengers in the wrecked car escaped without injury, which was a miracle, as the car was almost a complete wreck.

CONTRACTS AWARDED FOR NEW TEACHERS' COTTAGE

The contract for the new teachers' cottage to be erected at the Lihue grammar school was awarded by the board of supervisors to John Hansen for construction, and materials bid of Allen & Robinson, being the lowest, was accepted. The new cottage will be erected next to the one that was built, making three cottages in a row. This should be a popular spot for the young men, for if a man finds himself unpopular in one house it will not call for much effort to move on to the next. Parking reservations are already being made for next year.

Road machinery No. 3
Wheeling; Honolulu
Iron Works1,705.00
Station Elevator, etc.,
Honolulu Iron works465.00
One Engine, 30 H. P.,
Honolulu Iron Works1,870.00
Later on upon the advice and recommendation of the county engineer the following bids were accepted:

Teachers' Cottage, Lihue School Material: Allen & Robinson Ltd.\$3,100.00
Construction: John Hansen 1,200.00
School desks: Office Supply Co.\$3,620.00

Road machinery No. 3 wheeling
Honolulu Iron works\$1,705.00
Stationary elevator, etc465.00

The bid of \$1,870 for the engine, 30 horsepower, by the Honolulu Iron works was referred to the county engineer to investigate and report at the next meeting.

Upon the motion of Mr. Menefoglio, seconded by Mr. Mendes, and by unanimous vote, the sheriff was authorized to build a tool house for the county building, adjoining the county building garage.

The several demands submitted and hereinafter listed were approved.

Upon the motion of Mr. Menefoglio seconded by Mr. Mendes, and by unanimous vote, the clerk was instructed to ask Miss Hundley, supervising principal of Kauai schools, to furnish this board with a list of furnitures of all the schools and cottages needed for the next six months.

Financial reports for the month of June 1922, etc., being the treasurer's; treasurer, auditor; auditor's receipts, balances and outstanding warrants; auditor's; joint reports and the quarterly report of Sam'l Mahelona Memorial hospital's treasurer were referred to Mr. Brandt for advice.

The report from the pound master of the Lihue district for the quarter ending June 30, 1922, was received and was referred to Mr. Menefoglio for advice after which he reported favorably on the said report.

A letter, dated June 19th, 1922, from the Kauai Chamber of Commerce, petitioning the board to secure by purchase, one share of the Haena Hui, etc., was received, up-

(Continued on Page Six)

PRECINCT CLUB ENDORSES MASUNAGA FOR DEPUTY TAX ASSESSOR OF KAWAII

The race for the position of Kawaihau tax assessor is getting warmer and two candidates have been added to the list. Henry Pan Glesen however, wishes to announce that he is not a candidate. This leaves K. Masunaga, N. K. Hoopii and Arthur Wong in the race, with S. Kellinoo also reported to be in it.

The executive committee of the Kawaihau Republican precinct club, at a meeting held last Monday evening, unanimously endorsed Masunaga for the place and the territorial central committee, the Kauai committee and Carlos A. Long, Kauai tax assessor, were notified of this action. What effect this endorsement will have, if any, is problematical, as politicians have ways which are mysterious to the layman as oriental puzzles are to the people of the occident.

SHARK FISHERMEN LAND THREE SHARK

The shark fishing party at the breakwater last Tuesday was quite a successful affair, netting two 8-foot sharks and one 10-foot one. All three sharks put up quite a battle and the fun was fast and furious.

As is generally the case with a fishing party, the biggest one got away. The first shark to be hooked was apparently the biggest of the lot and when the fishermen tried to drag him upon the rocks he broke the hook and made his escape.

Jack Coney superintended the operations and it must be said that he handled things in a workmanlike manner.

Waimea Bank Clerk Held For Grand Jury

Shige Akahane, who was charged with embezzlement of \$520 by the Bank of Bishop, Waimea, plead guilty in Judge Hofgaard's district court last Thursday morning and was committed to the grand jury.

Akane did not waive examination and Th. Brandt, the manager of the bank, was put on the stand and testified that Akane admitted falsifying the accounts to him when confronted by the depositor from whose account the money was taken.

Evidence was brought out during the trial the money was used by Akane to help pay some debts of his father's, who is now in Japan, the boy agreeing to pay the father's share. Evidently his salary would not cover the burden and he found it necessary to get money in some other way.

His method of operating entailed considerable bookkeeping to keep the accounts straight, but even his system was not proof against the check system maintained by the bank.

Akane will be brought before the grand jury and if a true bill is found against him he will probably be tried in the October term of court.

The several demands submitted and hereinafter listed were approved.

KAPAA NOTES

Mrs. D. Hamick, who was formerly Miss Deborah Mahikoa of Kapaa, returned to Honolulu last Friday after spending a month here visiting her family.

The Amiel Brothers' Boston Store opened its doors last week and did a land office business in spite of alleged hard times. Lots of publicity in the papers as well as by other means undoubtedly enhanced their chances of success.

Prominent Foresters, including Chief Ranger Prigge, Henry Aki and Joseph Scharsch were among those returning last Friday. They all reported a great time on the Valley Isle.

Charles Huddy, veteran cowpuncher with the Makoe Sugar Co., met with a rather painful accident last Friday morning while out near the beach house at Kealia. An unexpected movement of his mount resulted in a fall. An examination by Dr. Hagood indicated that one rib was broken.

Mrs. George Ing, and Miss S. S. Kau of Honolulu are spending their summer vacation visiting Mr. and Mrs. Ahoon at Kealia. Mrs. Ing and Miss Kau are sisters, and used to teach at the Kapaa school about seven years ago.

KAUAI FORESTERS RETURN; REPORT WONDERFUL TIME ON THE VALLEY ISLAND

Delegates from Court Waialeale of the Ancient Order of Foresters, who attended the territorial convention on Maui returned last Friday morning after a wonderful week on the Valley Isle.

Every delegate from Kauai is loud in his praises of the hospitality that he experienced during his four day visit to Maui. Maui no ka oe has a new and wonderful meaning to them.

Those that represented Kauai at the convention were D. Prigge, John Fernandez, Henry Aki, Henry Van Glesen, Wm. Ferreira, J. S. Ornellas, F. Prigge and Ernest Victorino.

Mrs. S. M. Lowrey of Honolulu with her four children, arrived on the Claudine this morning. They were joined by Mrs. D. P. R. Isenberg and her children, who have been in Lihue for some time, and the whole party motored to Hanalei where they will spend several weeks at the Isenberg cottage.

Wailua and Kawailoa Lots May be Opened

Considerable discussion has been going on in the Lihue district in regard to petitioning the land commission to open up lots on the Lihue side of the Wailua river just above the Sahr house and also to open up beach lots on the beach near the Lihue dairy which is known as Kawailoa.

According to J. M. Lydgate, local land agent, it is necessary that a petition of at least twenty-five names be submitted to the land commission to have the commission consider the proposition of opening up these lands for sale.

The lots on the bluff above the Wailua river would be ideal lots for homes, as this is one of the most beautiful spots on the island. It is proposed to ask the commission to open up a strip wide enough on each side of the road that goes mauka at the Wailua bridge. With the enlargement of the Kapaa waterworks that is being planned, the pipe line could be easily extended from the end of the present line which is at the Hills residence, to these lots across the river.

The beach lots at Kawailoa would also be a boon to the salaried man on Kauai as there are very few spots where a person of ordinary means may purchase a beach lot. This beach is said to be a very good one, being used now quite a bit by swimming parties.

STUDENTS' REUNION HELD AT WAIMEA

About a hundred and twenty-five young men and women attended the students' reunion gathering last Sunday night at the Waimea social hall. Students from the following schools were represented at the gathering: University of Hawaii, McKinley high school, Mills high school, Kauai high school, normal school, Waimea Junior high school, and Iolani high school. A very interesting program was planned out by the Waimea ex-students. The program was as follows:

Self Introduction.
Song—America the Beautiful.
Prayer by Mr. Hall.
Talk—"Origin of the Students' Reunion" by Mr. Mashita.

Talks by representatives of the different communities.
Talk by Mr. Hall.
Talk by Dwight Pugh, secretary of the University of Hawaii Y. M. C. A.
Songs, school yells, and school songs.
Refreshments.
Aloha Oe.

The students' reunion was organized by the Waimea people three years ago, and they have promoted the gatherings ever since. The first two gatherings were planned just for the Japanese students of Waimea, but this year the circle has been enlarged, including students of all races between Koloa and Kekaha. Much credit was due to the Waimea people for promoting such a splendid gathering.

FORD CAR TURNS OVER ON WAILUA FLATS

A Ford car, the property of K. Kawano of Waipouli, was wrecked this morning when it went off the road just at the foot of the hill on the Wailua flats. The car was being driven by Kawano's son and for some reason got off the road into the ditch on the left hand side of the road. Instead of stopping and backing out of the ditch the driver attempted to bring the car out, in the meantime going ahead.

The road has been made over a small fill at the foot of the hill and as the car kept on going it finally got a point where it over balanced and turned over. It did one complete turn righting itself at the foot of the hill. There were three passengers in the car, all of whom were badly shaken up, but none were seriously injured.

One of the Standard oil tank wagons was just behind the Ford and the driver helped the passengers get out of the wreck.

The top and windshield of the car was smashed as well as the fenders and body.

JUDGE ACHI GOES TO HONOLULU

Judge Achi left Friday for a short business trip to Honolulu. While in town the judge will attend the picnic given by the Bar Association at Wailua.

The Bar Association is having as its guests at the picnic all the supreme court, federal and circuit judges.

SOCIAL NOTES

VALLEY HOUSE ACTIVITIES RENEWED

James Bodrero entertained a few friends at dinner last Thursday evening at the valley house, in honor of his birthday. Those invited were Mrs. J. M. Senni, Miss Lydia Bodrero, Mrs. R. H. Hagood, Mr. and Mrs. C. J. Fern, C. A. Baggott and W. H. Balthis.

MR. AND MRS. ALLEN GIVE A BUFFETT LUNCHEON

Mr. and Mrs. R. M. Allen of Koloa were host and hostess at a delightful buffet luncheon last Sunday, having as their guests Dr. and Mrs. T. L. Morgan, Mr. and Mrs. Caleb Burns, Mr. and Mrs. Foster Horner, Mr. and Mrs. Sam Carter, Mr. and Mrs. C. J. Fern, Mr. and Mrs. A. B. Braue, Mrs. R. H. Hagood and Frank Burns.

MR. AND MRS. AASER HAD CHINESE DINNER

Mr. and Mrs. F. H. Aaser of Kekeha entertained several friends at a Chinese dinner at their home last Saturday evening. Those present were Mr. and Mrs. J. D. Davidson, Mr. and Mrs. A. G. Clutterback, Miss Ella Roll, W. P. Cannon. After dinner the evening was spent in playing bridge.

MR. AND MRS. E. LIVESY GIVE CHINESE DINNER

Mr. and Mrs. E. Livesey were the hospitable host and hostess at a Chinese dinner given at their home last Sunday.

The entire scheme of decorations and table service were Chinese and was most novel and pleasing.

Mr. and Mrs. Livesey's guests were Mrs. J. T. Livesey, Mrs. Shelhamer, Mr. and Mrs. K. C. Hopper, R. D. Israel, Josephine Israel, Ormie Hale and Edward Cheatlam, Kenneth and Glen Hopper.

THE RICES ENTERTAIN AT KALAPAKI

Mr. and Mrs. C. A. Rice entertained at their home at Kalapaki last Saturday evening in honor of their daughter, Mrs. Holbrook Goodale, who has returned from the mainland with her husband to make her home in the islands. Mr. Goodale has resigned his commission in the navy and intends to enter business in Honolulu.

Over one hundred people were the guests of Mr. and Mrs. Rice. Dancing and a moonlight swim furnished the entertainment until a late hour.

JUST A FEW LINES FROM THE STAR BULL OF FRIDAY JULY 7

MARRIED
FERN-GILLESPIE: In Waimea, Kauai, June 30th, 1922, Charles J. Fern and Mary Lucile Gillespie; Rev. M. E. Carver, pastor of Waimea Episcopal church, officiating. Witnesses: K. Fukumoto and S. Lememoto.

BORN
LUM: In Honolulu, June 27, 1922, to Mr. and Mrs. Yat Hee Lum of 1941 D. Witnesses: Mr. and Mrs. Foster Horner.

WAIMEA SOCIAL NOTES

DICK HOGGAARD ENTERTAINS

Dick Hofgaard entertained some of his friends with a buffet supper and dance at his parents' home, Po O Wini, in Waimea. His guests were Mr. and Mrs. Crutckshank, Mr. and Mrs. Cannon, Mr. and Mrs. Clutterback, Mrs. Hill, the Misses Thompson, Lind, Taylor, Weller and Messrs. Biecroff, Beams, Evans, Cadie, Wright and Cabbou.

MRS. A. G. CLUTTERBUCK GIVES SHOWER FOR MISS DOUGLAS

Mrs. A. G. Clutterback entertained at a shower in honor of Miss Douglas, who leaves for her home shortly. Those present were Mrs. F. H. Aaser, Mrs. J. P. Clapper, Mrs. Cannon, Mrs. J. D. Davidson, Mrs. Kruse, Mrs. F. Weber, Mrs. Hofgaard, and the Misses Taylor, Weller and Roll.

JUDGE AND MRS. C. B. HOGGAARD HONOR MISS LOWREY

Judge and Mrs. C. B. Hofgaard entertained informally at a dinner last Saturday evening in honor of Miss Edna Lowrey, who has been their house guest for the past week, having as their guests Miss Lowrey, Mr. and Mrs. Clutterback, Mr. Kelly, Dr. Pennison and Dick Hofgaard. Later in the evening Judge and Mrs. Hofgaard, with their guests, motored to the dance, given by the McBryde Social Club at Eleele.

Major Benjamin F. Delamator Jr., wife and three children, of Galveston, Tex., will leave San Francisco on the transport sailing July 29 for Honolulu, where he will be stationed for some time. Maj. Delamator is a cousin of Miss Carrie A. Thompson, principal of the schools at Makaweli.

Charles Hammond, nephew of Miss Carrie A. Thompson, is returning to his home in California after a year on Kauai. He and Miss Thompson sailed on the Lurline.

Enthusiastic Convert

Dr. James Melvin Lee, head of the department of journalism in New York University, said, during the course of an after-dinner speech: "The average person as well as the average nation, is blind to its own faults. An American woman, a leader of the S. P. C. A. was soliciting subscriptions for the animals' cause in Madrid. 'Will you subscribe, sir?' she asked a Spanish grandee.

"I'll do better than that, Madam," said the grandee graciously. "I'll get up a bull-fight for your society's benefit."—The Argonaut, San Francisco.

Current Humor

Once there was a conductor who was not satisfied with his wages, and left. The next day, while looking for a job, he happened to step on the third rail. Did he get killed? No. He was a non-conductor.—Science and Invention Magazine.

Girl Reserves Return From Summer Camp

Wednesday, July 5th, saw the completion of the first Girl Reserve summer camp on Kauai. It was conducted by the Y. W. C. A. along the general lines of its summer camps throughout the country.

Miss Edith Hanson, the camp executive, was assisted by the following leaders: Miss Alice Moore, Miss Cook, Miss Johnston, Mrs. Rogers, Mrs. Jensen, Miss Wong, Miss Melandish and Miss Cheek.

Miss Moore, of Honolulu, took charge of the religious exercises, conducting the daily chapel services. She was assisted in the Bible study classes by Miss Cook, Miss Melandish and Miss Wong.

There were forty-one girls of all nationalities and representing every Girl Reserve group on Kauai with the exception of Mana, which was unable to send a representative. They were divided into companies of eight, each competing with the others for greatest order and best spirit. These honor ribbons and badges were awarded daily which proved very hard for the leaders—it being most difficult to decide which company was best, they so closely rivaled each other.

Besides competing for honors, there were athletic contests, volleyball, indoor baseball, and on the Fourth of July a great track and field meet. There was also swimming for those who cared to, and one day Mr. Lydgate took the girls for a hike to the marshes.

In the evenings a large campfire was enjoyed by all and the time was spent in singing, story-telling, stunts, or the paper.

The camp name was decided upon the evening Mr. Lydgate told Hawaiian stories and the meanings of various names, Hale Kaulaia.

A camp paper was published by the girls, which they named the Hale Kaulaia Times.

The last evening a pageant was presented by the girls and awards were given out. Eleanor Peller was named honor girl, with Helen Muller and Shimobu Yuasa, receiving honorable mention. Laura Camara was awarded a ribbon for the greatest single act. The athletic honors were divided between Ellen Sisson and Harriett Sheldor, each receiving six points, the most allowed one girl, in the track and field meet.

Almost every day saw visitors at camp, among them being Judge Dicky, Mr. Lydgate, Mrs. Hogg, Miss Lindsey, Mr. and Mrs. Wm. Henry Rice and two guests, Miss Roe, Miss Wightman, Mr. and Mrs. S. W. Wilcox, Miss Mabel Wilcox, Mrs. Clarence Lyman, Mrs. Sisson, Mr. and Mrs. Sloggett and their family, Mr. and Mrs. Caleb Burns and son, Mrs. Butchard and her family and guests and Mrs. Mookler.

The success of the camp was largely due to the kindness and co-operation of the people of Kauai, Mrs. Isenberg and Josef Schwartz making it possible, by the proceeds of the latter's concert, the loan of the site by Mr. Alexander, the loan of tents and equipment by many people and organizations, the gifts of supplies by many others and the transportation furnished so generously by many.

Second Annual National Canned Food Sale

At the conference held in Chicago Thursday evening, June 8th, at which were committees representing canners, wholesale grocers, retail grocers, food brokers and canning machinery supply men, the date for date for the second annual canned goods sale was set for March 1-10, 1923. Plans were laid for organizing local committees in all sections of the country. While complete details were not worked out, it was decided to conduct the campaign along similar lines as the previous one which was a noted success.

While the committee has no funds with which to advertise the sale, this early notice of the date is given in order that manufacturers and distributors who spent thousands of dollars in advertising the campaign just conducted may have this advance notice of the date set for the next campaign, so they may take their advertising contracts accordingly.

MAUI WOMAN IS MENTIONED FOR THE HALL OF FAME

Mrs. Rebecca Akana of Wailuku, Maui, president of the Hawaiian Women's Clubs, a leader in island politics since local women obtained the right of suffrage, and district tuberculosis nurse for the board of health on the valley isle has been suggested for inclusion among the twelve greatest living American women.

Announcement of the suggestion of Mrs. Akana's name is contained in an article in a recent edition of the Washington, D. C., Herald. The writer of the article, choosing at random, and guided only by the large number of votes received thru letters of suggestion to the National League of Women Voters, which instituted the movement, includes Mrs. Akana's name along with the names of such well known living American women as Maud Adams, Julia Lathrop, Fanny Bloomfield Zeisler, Mary Brooks Pickens, Mrs. Warren G. Harding, Mrs. Woodrow Wilson, Mrs. Carrie Chapman Catt, Helen Keller, Jane Addams, Miss Jeannette Rankin, Mary Gard-

Magazines Received At The Library

The library is now receiving about fifty magazines, some of which should suit every taste. For those who wish magazines of current events, there are:

Current Opinion, Independent, Digest, Illustrated London News, New Republic, Outlook, Survey, World's Work.

For those wishing story magazines—American, Century, Everybods, Scribners, Saturday Evening Post.

The magazines of special interest to women are—American Cookery, Delineator, Elite, Good Housekeeping, Harper's Bazaar, House Beautiful, Ladies Home Journal, Pictorial Review, Woman's Home Companion.

Literary: Atlantic, Bookman, Dial, Nation, North American Review.

Science and invention: Popular Mechanics, Popular Science, Scientific American.

For those interested in travel—Asia, National Geographic, Travel.

For the sportsman: Field and Stream, Outdoor Life.

For the farmer—Farm Journal.

The music lover—Etude.

The theater and movie fan—Theater Magazine.

Children's magazines—American Boy, St. Nicholas, Youth's Companion.

For everybody—Life.

VALUE OF WICHMAN ESTATE IS \$410,627.00

An inventory filed in the circuit court Monday shows the value of the estate of the late H. F. Wichman as \$410,627.95, made up as follows:

Stocks \$355,302.54; bonds \$500; notes \$37,517.35; German marks \$355; cash \$17,363.06.

The Hawaiian Trust Co., executor, filed a supplementary statement of accounts showing income receipts of \$17,850.45 and income disbursements of \$660.74. Principal receipts were shown as \$12,645.24 and principal disbursements as \$12,471.89.

en and Mrs. Mary Roberts Rhinehart.

Mrs. Akana is referred to as "a trained nurse of influence and said to be the leading woman in Hawaiian hospital work and politics."

TIP TOP-ICS

"MORAN OF THE LADY LETTY"

Fighting on the fore top of the schooner with the vessel rolling and pitching and the mast swaying, is no pleasant job, according to Rudolph Valentino, playing the leading male role and Walter Long, the villainous captain of the hell-ship in "Moran of the Lady Letty," a Paramount picture which will be shown at the Tip Top next Saturday.

The fighting scenes were filmed aboard a ship in San Francisco bay. The two men were at least 60 feet above the deck and continued on up the rigging until they reached the fore top. From there they fought on out to the end of the spar. After a final struggle, the villain drops into the ocean. For this latter shot a camera was lashed to another spar and thus a close up view of the knock out punch and the fall was obtained.

Dorothy Dalton plays the feature role of "Moran." The picture is an adaptation of the sea story by Frank Norris.

"ONE GLORIOUS DAY"

Who and what is "Ek?" Has it a meaning? Is it the name of a person, place or thing? What's it all about anyway? These are some of the questions fans will ask concerning "One Glorious Day," a new Paramount comedy directed by James Cruze with Will Rogers in the leading role, which comes to the Tip Top Theater Wednesday, July 19.

The story, which is by Walter Woods and A. B. Baringer, is one of the most unique ever written, with the role of Professor Botts is one of the greatest novelties ever screened. Lila Lee plays opposite Mr. Rogers in the leading feminine role of Molly McIntyre. John Fox plays the mysterious "Ek" which it is said will be in the nature of a complete surprise for screen patrons. "One Glorious Day" is a genuine comedy. Alan Hale plays the villain lover of the girl and other characters of importance are portrayed by Emily Rait, George Nichols and Clarence Burton.

A GEORGE FITZMAURICE PRODUCTION

Saturday, July 15

DOROTHY DALTON and Rudolph Valentino

in "Moran of the Lady Letty"

"MORAN OF THE LADY LETTY" A complete Mexican town, supposedly peopled by renegade Mexicans and murderous Chinese and located somewhere on the Mexican coast was constructed at Paradise Cove, on the shore of San Francisco bay, for scenes in Moran of Lady Letty," the George Melford production for Paramount which will be presented next Saturday at the Tip Top Theater.

The town was laid out with streets and twenty buildings of adobe, plaster and wood and thatched over the roofs with straw were erected. Thirty carpenters and scenic artists labored for two weeks to build the village.

The village is the scene of some of the most thrilling dramatic episodes of the new sea picture, which is an adaptation of the novel by Frank Norris. Dorothy Dalton plays the featured role, and Rudolph Valentino plays opposite her.

Sunday

BERT LYTELL in "A Trip to Paradise"

BERT LYTELL in "A TRIP TO PARADISE"

"ONE GLORIOUS DAY"

Aby assisted by several talented players, Will Rogers is featured in "One Glorious Day," a Paramount comedy which comes to the Tip Top, Wednesday, July 19. Lila Lee, dainty and magnetic, is the leading woman. Alan Hale, recently seen in "The Great Impersonation," John Fox, a small boy, Emily Rait, George Nichols and Clarence Burton.

Ek was a mischievous and wayward spirit among a whole universe of good little spirits and when he arrived on earth just two jumps behind the stork things began to hum. See Ek and Will Rogers in this novelty of the season — a picture that has never been equaled for originality and uniqueness.

CRIME OF MALICIOUS CONVERSION

Auto thieves are among us here on Kauai. In Honolulu the situation is intolerable, so desperate in fact, that the police are unable to cope with the criminals.

Insurance companies have jointly offered a reward of \$500 for the apprehension and conviction of the persons that wrecked and burned and burned three autos lately. Also auto insurance premiums are bound to go up so high as to be prohibitive or perhaps the insurance companies will refuse altogether to insure autos.

This condition is unbearable and drastic means must be taken at once to curb the activities of these malefactors.

Act 15 of the Session Laws of 1917, defines the crime of "Malicious Conversion" and provides for the conviction and punishment of persons guilty thereof.

Section 1. Whoever maliciously and without the consent of the person entitled to the possession thereof, shall move, take, take away, carry away or convert to his own use, any bicycle, tricycle, motorcycle, automobile or any other motor driven vehicle, or any horse, wagon, cart, buggy, surrey or other wheeled vehicle, or any vehicle of any kind whatsoever, or any boat, skiff, canoe, sampan, sailboat, motor boat, launch or vessel of any kind whatsoever shall be guilty of the crime of malicious conversion and upon conviction thereof shall be punished by a fine of not more than one thousand dollars (\$1,000.00) or by imprisonment at hard labor for not more than five years, or both, in the discretion of the court.

This law is not generally known and it should be a step in the right direction to have the law printed on heavy cardboard and scattered broadcast all over the islands, tacked up in public places, garages, etc., that those who are criminally inclined may read the law and know the consequences.

At first glance the punishment provided seems unusually severe in cases of simple joy-riding in a stolen car, however this is left to the discretion of the presiding judge. When it comes to stealing and wrecking a car, punishment seems inadequate.

We hope those interested in this matter will take up the suggestion made and in a measure try to alleviate an otherwise impossible and vexing situation.

We refer elsewhere to the recent Kauai case.

FEDERAL AID FOR OUR SCHOOLS

Although Hawaii was not mentioned in the Towner-Sterling and other educational bills, which provide federal aid for the states, it is hoped help will be secured thru the National Education Association, which is at present in session at Boston, to remedy this oversight and secure for Hawaii and Alaska the same aid as will be enjoyed by the states.

The following letter received by Miss C. A. Thompson, principal of the Makaweli school, from A. J. Matthews, president of the Tempe Normal School of Arizona, shows that at least one prominent educator on the mainland is in sympathy with our problem:

"On the eve of my departure for Boston to attend the meeting of the National Education Association, I received your good letter from Hawaii. It is a very interesting letter, and I am much pleased with the little memento from one of your little girls which it contained, the little lei. It is certainly attractive, and I know the four hundred of them you are sending to the N. E. A. from your school will do much toward advertising the beauties and wonders of your country.

"I was particularly interested in your statements relative to the Towner-Sterling bill and other vocational bills, which as you say, make no mention of the territories in the distribution of funds. This should be corrected as I have no doubt it was an oversight on the part of the various committees in the beginning.

"I was very glad to hear personally from Karl Lebrick and other teachers in the Islands, and I shall make a special effort to meet your friend, Miss Elsie Wilcox at the N. E. A."

It has been our observation that men with a grouchy look seldom get a pleasant one.

The reason some wives try to get along with their husbands is because they know they would have a hard time getting along without them.

When a man says "I run things at my house," he means the lawn mower, or the washing machine, or something like that.

We've often wondered what judges and lawyers would do if all men would deal absolutely square with each other.

Roosters will never replace alarm clocks. You can't reach out and turn off a rooster and go back to sleep.

FISH AND GAME LAWS

On another page of this issue of the Garden Island will be found a resume of the Hawaiian Fish and Game Laws, which has been compiled by the Fish and Game Commission, and published by Theo. H. Davies & Co. The Garden Island has a number of copies of this neat little booklet, thru the courtesy of the Kauai Fish and Game Club, which can be obtained at this office for the asking.

There are quite a few points that can be commented on in these laws, one of them being the ignorance of most of the local sportsmen in regard to the law. One point that was commented upon, by a local hunter was the fact that the dove season closes on January 1st, yet last year everyone continued hunting them until the first of February believing that the season closed on that date.

Another point that has never been stressed is the fact that only a citizen of the United States may set and operate fish-traps, pounds, weirs, and other contrivances.

Perhaps one of the most important points that is continually overlooked is the fact that no shellfish, such as lobster, crawfish or crab can be taken while with eggs or the eggs removed from the same. This law is broken continually, the writer having seen any number of lobsters for sale that were heavy with eggs and these same lobsters were probably caught in a trap operated by an alien.

It is the duty of all sportsmen to see that the law is obeyed in regard to fish and game, for there is no doubt that there will always be that despicable thing known as the "game hog" with us. If legitimate hunting and fishing is followed there will always be plenty for all, but just as soon as a few begin killing game or fish for the love of killing it will not be long before our game birds and newly stocked game fish will be following the dodo into oblivion.

It is this sort of thing that the Kauai Fish and Game Club is combating and the club deserves the support of every good citizen in its work, whether he be a hunter, or fisherman, or not.

HERE'S AN EXAMPLE

William Wrigley Jr., is soon to own the largest office building in Chicago, built with money made in selling chewing gum at five cents a package. Back in 1907, just fifteen years ago, he was unknown. Then he began to advertise Wrigley's gum. The more he advertised, the greater the demand for his brand of chewing gum, of course. Soon he was spending hundreds of thousands of dollars in advertising, and making millions in return. Today he is among the wealthiest men in America, but he is still advertising, and still selling gum. If Wrigley can do this well with a five cent article and lots of competition, think of what others can do with goods on which there is more profit and in a field that is not so crowded. There is a lesson in Wrigley's experience for the Kauai merchant, too, if he cares to learn it. And that is no matter how small the profit there is money in it if you sell enough of it. And the surest way to sell enough of it to advertise it.

The old-fashioned man who used to think he was lucky if he found a horse shoe now has a son who thinks he's lucky if he finds the price of a tire.

We Have Moved The Mountain

IF Mohammed cannot go to the mountain then someone must take the mountain to him. The stocks and bonds department of the Trent Trust Company takes the stock exchange and bond market to the people of Kauai who cannot maintain their residence at the seat of the exchange. We feel that we have moved the mountain. How well we have succeeded is evidenced by the increasing number of people who carry on their security dealings with us by mail.

LETTERS FROM THE PEOPLE

TIP TOP FAILURES

Editor Garden Island:—Twice within a week the Tip Top theater management has been obliged to announce on the screen, shamefacedly we suppose, that the pictures advertised for that night, did not arrive and that such and such miserable substitute for a decent play would be given.

The Tip Top theater was built by the Lihue Plantation Co., Ltd., to give their employees relaxation from arduous tasks and as an avowed first class place of entertainment.

This high and lofty aim seems to have been forgotten and the promises made are much as null and void, vide the past experience of more than two years, when a long suffering public has been compelled to stand for pictures, at times criminal and disgusting and in addition has been compelled to pay exorbitant prices for admission, compelling the decent element to leave the show in disgust.

We wonder why a rich and solid corporation like the Lihue Plantation Co., Ltd., will stand for such ugly proceedings, which in fact amount unwittingly to fraud?

A recognition of these uncontrovertible facts with a little pressure from those behind the throne would soon remedy these evils and give the public and the employees of the plantation good clean pictures of full educational value and more often than at present.

Poor selections have cut down the attendance until now we only have three poorly attended shows per week where we used to have five or six well-attended interesting shows.

Prompt action will provide clean and wholesome shows that will fill the house every night of the week and be a boon; half hearted measures will soon force the Tip Top to close its doors permanently, a failure, due to the lack of supervision and thus depriving the hard working people, who really are the backbone of the plantation of that spiritual stimulant that makes for better men and women, who by their hard labor make possible the happy and prosperous existence of many thousands.

This is a petition and not a criticism. Those in authority please take notice. Mahalo. —SUBSCRIBER.

NEW KAUAI AUTO ORDINANCE

Editor Garden Island:—The long expected auto ordinance for the county of Kauai has at last been whipped into shape and passed by the County Fathers on June 7th last, to go into effect on July 15th, 1922 as Ordinances Numbers 16 and 17, superseding previous ordinances.

Framed by a legal luminary the ordinance is a masterpiece as to wording and rules but is intelligible to the average duffer or oriental and should be boiled down, stripped of legal verbiage and made understandable to the common herd, who after all are the ones to suffer when infringing upon the provisions of this highly ornamental piece of law.

Beyond having been printed weekly in the Garden Island, no publicity has been given to this ordinance and it can be safely assumed the average driving public is not alone unaware of the passing of this important ordinance leave alone having mastered the provisions thereof.

In fairness to the public, this ordinance should have been issued in understandable language as a pamphlet and in several languages so as to be made common knowledge; more time should have been given the public to digest the ordinance before the minions of the law begin to pinch individuals and subject them to being haled into court and fined for disobeying rules of which they are entirely ignorant owing to lack of publicity.

Fair play, please. The common herd are the tax payers after all and some latitude should be given in this case. —CITIZEN.

FALSE ECONOMY

Not one of the thousands of employers who came to grief as a result of the dishonesty of employees during the past year suspected a dishonest streak when the men were hired. If it had been suspected they would not have been hired and there would have been no necessity for this ad.

Unless your employees are bonded, and bonded all the time, you are in constant danger of a loss which may be large enough to cripple you financially. Would it not be the better part of economy to spend a few dollars a year for bonding your employees than to run the everlasting, nerve-racking risk of losing hundreds, perhaps thousands.

Supervisors Hold Regular Meeting

(Continued on Page Six)

on the motion of Mr. Menefoglio, seconded by Fred Mendes, and by unanimous vote, agreed to endorse the said letter and of its own motion by unanimous vote, the said letter was referred to Mr. Menefoglio, who was authorized to carry out the requirements as stated in the said letter.

Upon the motion of Mr. Menefoglio, seconded by Mr. Brandt, and by unanimous vote, the demand of Dr. E. N. Young, for \$215 for services against the county for some years back, was referred to the sheriff to investigate and to make a full report of the result of his investigation to this board at the next meeting.

The following school requisitions were received by the board and action taken as follows:

Kauai High school for a shop was granted.

Lihue school, materials for garden will be offered to bidders.

Wailuauka school, for paint, floor oil and scrapers for steps were granted, but the supplies were left for bidders.

Kapaa school, for a sewing room to be added to the kitchen was granted. Painting and repairs on Mr. Prigge's cottage and other buildings were referred to the county engineer.

Kilauea school, for garden supplies and tools will be given to bidders.

Upon the motion of Mr. Menefoglio, seconded by Mr. Mendes and by unanimous vote, the chairman was authorized to enter into a contract with the Territory of Hawaii for the Oloheua road.

Application from Geo. W. Mahi-koa of Kapaa homestead for the position of foreman for the Oloheua road at a salary of \$250.00 per month was received and by unanimous vote, the position was granted, but the salary was referred to the county engineer for further consideration.

An application from T. B. Hee of Kapaa, Kauai, for the position of inspector for the Oloheua road was refused, as the county does not need any inspector for this work, and the clerk was instructed to answer the said applicant likewise.

A request from Dora R. Ahana, principal of the Huleia school for a garage and a laundry to be built on the premises where the new principal's cottage is to be erected by unanimous vote, the request was granted.

A request from Abram J. Wile, of the Kauai high school for a garage to be built adjoining the high school teachers' cottage for use next year, by unanimous vote, the request was granted.

A request from Geo. S. Raymond, principal of the Kapaa school to be allowed to hire a boy to take care of the plants and trees at school during the months of July and August at \$5.00 per month, amounting to \$10.00 for the two months was received, and by unanimous vote the request was granted.

A request from Geo. S. Raymond, principal of the Kapaa school, for the installation of an electric light plant by the county for the Kapaa school, by unanimous vote, was refused on account of no funds for the said work.

Report of the county engineer for the month of June, 1922, was received and placed on file.

A letter from Mrs. Lal, principal of the Anahola school, reminding the board of the petition sent last month concerning the Anahola new school site, etc., was received and the county engineer was instructed to estimate (1) the cost of leveling the new ground, (2) the cost of a four-room school building, and (3) the cost of a two-room teachers' cottage and report at the next meeting.

Upon the motion of Mr. Menefoglio seconded by Mr. Mendes, and by unanimous vote, the bond of Coney & Morris for the Lihue administration building was cancelled.

Upon the motion of Mr. Menefoglio, seconded by Mr. Mendes, and by unanimous vote, the sum of one hundred dollars (\$100.00) to be paid out of available moneys in the General Fund and the sum of six hundred and fifty dollars (\$650.00) to be paid out of the Permanent Improvement Fund in the treasury, were appropriated as additional appropriations to be used for the following purposes:

General Fund:
Incidental Supervisors\$100.00
Permanent Improvement
Fund 50.00
Wainiha bridge 600.00
\$ 650.00

Engineer's Report for the Month of June

WAIMEA DISTRICT: The crushing outfit was moved from Kuku-olono to Makaweli landing road and a supply of crushed stone for road patching is being piled up near the crusher site.

A concrete pipe culvert was installed under main road near Kekaha. The right of way along main road at several places in the district was cleaned.

The school furniture of the Makaweli school was moved from the old building to the new one. A flight of concrete steps at the entrance to the new school lot were completed together with other work such as drinking fountains, flag-pole base and toilet buildings.

KOLOA DISTRICT: Work of patching the main road was done near Koloa. The Koloa new mill road was oiled. About a week's grading was done on dirt roads around Kalaheo.

LIHUE DISTRICT: Patching work on main road was done at several places around Lihue. Asphalt and patching work was done on the Malumalu road. A water wagon was kept on the Ahukini road during the month.

The administration building at Lihue grammar school was completed. The school desks and material from the Hanamaulu school were moved to the new building.

KAWAIIHAU DISTRICT: Patching of the main road was carried on at Moloaa and near Anahola.

HANALEI DISTRICT: Patching of the main road was carried on in the Kilauea section and a few days at Haena.

The Kilauea main school building was completed together with toilet buildings.

WAINIHA BRIDGE, P. I. W.:—All concrete work was finished for this bridge. The entire job will be completed during July.

List of appropriations and amounts affected by the approvals of demands hereinabove mentioned:

CHAMPS CINCH TITLE: TAKE FIRST ROUND BY TRIMMING SCOTS

"Murders' Row" of the Makees, consisting of King, Tsunehiro, Kum Lin and Soong, bombarded Ohama & Company, to all corners of the Kapaa diamond on Sunday and as a result, the Scots never had a chance in their defeat for the Makees, with nine more games to go.

Both teams played good ball, only two errors being recorded against the winners and three against the losers, but the terrific slugging of the heavy artillery of the Makees, which came to life for the first time this season, was too much for the Scots. Tsunehiro got a home run and missed another by a few feet. King squeezed two triples out of his system and Soong a timely double. Kum Lin got credited for two singles but actually made another double. For McBryde, Watase and Tilly starred in the hitting, the latter with two singles and the former with a double and a single.

The Makees found Ohama in the fourth and continued to solve his delivery right up to the end, ringing the gong in every inning after the third. Hee walked in the third with one down and stole. Tsunehiro went out second to first, the runner advancing to third. Soong doubled to left center, scoring Hee for the first run.

Rodrigues opened the fifth for the winners with a walk. King sacrificed but Perreira miscalculated Spalding's reaching power, throwing too high to first. Rodrigues scoring when a throw was made to second to catch King. Cummings fanned but Doi came thru with a single to center, King denting the rubber. Yoshida followed suit and scored Doi, who had pilfered. Kum Lin singled in the sixth with one down. Rodrigues popped to short but King collided with a three-ply wall to right, Kum Lin scoring. Two more came in the seventh, these two runs proving to be the deciding factor. Hee beat out a slow roller to short with two down. Tsunehiro, who had hit a ball over the left field foul flag the previous inning, the ball just falling foul by about two feet smashed another terrific drive in the same direction, the ball falling fair this time for a home run. Not satisfied with this, they added another brace in the eighth. Kum again singled. Rodrigues skyrocketed to left. King, with a triple already to his credit, again responded, outdoing his first attempt with a mighty drive clear over the right fence for a triple, Kum scoring.

On the other hand, Cummings was going as if everything depended on shutting out the Scots, although he had a five run lead to fall back upon. They solved his slants in the eighth however, and with the aid of two walks, a hit batsman, three hits, plus a bit of sulking, scored all their five runs. Ohama walked and stole second and third while Cummings was arguing with the umpire. Tank fled to center, Ohama scoring after the catch. Cummings gave Ishimura a choice cigar. Spalding fled to center, but Ishimura stole second and third. Perreira drew another pass. Ishimura scored on the double steal. Soong's throw going too high and could not be returned in time. Tilly scored Perreira with a single to center. Watase followed suit. Moura tapped a pop fly to Doi, who stumbled in going after it, the ball turning itself into a triple. To make matters worse, Doi refused to chase, let Rodrigues go after it. Cavera ended everything by going out. Hee to Rodrigues.

MAKAWELI TRIMS KOLOA; REDSKINS WIN EASILY; TAILENDERS OUTCLASSED

Makaweli took Koloa into camp last Sunday on the Koloa grounds, the westenders winning easily by the lopsided score of 14 to 3. Koloa played ragged ball, making eight errors. Makaweli contributed five errors but were so far ahead that the boots caused little or no trouble. Marion Costa started for the cellar champs and lasted four innings, being replaced by his brother, who went along fairly well until the ninth, when Makaweli found him for three hits and five runs.

Watase bloomed forth in a Makaweli uniform and cavorted around the short patch. He managed to grab three hits for himself, one of them being a double. He handled four chances in the field and booted one.

This boy, Hamada, at third base for Makaweli, continues to pound the old apple, getting three blows one of them a triple, for his afternoon's work. Hamada grabbed three chances at the difficult station with out the sign of a bobble.

Caesar broke into the Koloa team as a regular and it looks as if some one is going to have a tough time getting his job away from him. He grabbed two blows, one being good for the circuit.

Koloa threatened to become dangerous in the eighth when they filled the bases with two down, but Wramp was equal to the occasion and fanned Costa in the pinch.

Wramp heaved a good game and with better support might have scored a shut-out. He sent eight of the Koloa sluggers back to the bench via the strike-out route and only allowed one walk.

Time of game: 2 hours. Scorer, Teraoka.

FORT RUGER WINS TWO; LIHUE AND MAKAWELI FALL BEFORE SOLDIERS

Fort Ruger took revenge on Lihue and Makaweli on the Fourth of July for the beating administered by Makee and McBryde by tromping on two the former teams by heavy scores. Makaweli gave the soldiers a battle up to the last couple of innings, but Lihue was behind from the start and never had a chance to overtake the hard hitting army men.

Both games were ragged fielding affairs. The total of errors being 27 for the two games and Lihue collected nine of these. Jimmy Burgess had a particularly bad day, handing in four of Lihue's total.

Wright, the soldier catcher, swung a wicked willow for the afternoon, collecting six hits out of ten trips to the plate and one was a homer, one a triple, three were doubles and one was a single. We would not be surprised to see Wright laboring on one of the local plantations after he gets his discharge. He certainly has a lot of ability with the bat.

Hamano and Yamase were the batting stars for Makaweli, each getting two blows apiece, while Lydgate and Perreira were the Lihue stars, Lydgate getting three hits, two of which were doubles, while Perreira gathered two doubles for himself. The following are the scores:

SUMMARY
 Left on bases: Army 9, Lihue 8. Three-base hits: Wright. Two-base hits: E. Bradley, Wright 2, Perreira 2, Lydgate 2. Stolen bases: Ishimura, G. Bradley, Lydgate, Robello. Double plays: Allen to Knodel. Hit by pitcher: Robello by Bradley. Bases on balls, off Bradley 2, off Furtado 4. Struck out: by Bradley 7, by Furtado 11. Umpires, Gongal and Marcellino. Time of game 1:52. Scorer, Case.

King's two triples were both mighty wallops and would have been home runs on any other field except Makaweli. Both drives dropped in the soft sand over the fence and waited there for the fielder. Makee's star hitter of a few year's ago is certainly regaining his reputation.

Tilly monopolized the put-outs in the outfield for his team. Four flies only were hit to the pastures and all traveled to his territory. Rodrigues had a fine day at the initial station, getting some pretty hard chances. He also broke into the hit column with a single.

GAMES NEXT SUNDAY

Lihue will meet the Scots on the Eleele diamond next Sunday and although the champs have cinched the title for the first round, there is no doubt that this will be one of the hardest fought games of the season.

There is no love lost between Lihue and McBryde, and Lihue is still smarting from the defeat they suffered at the hands of the Scots in the first round and they are thirsting for revenge. Lihue outbit the Scots in their last meeting but it takes runs to win ball games and McBryde gathered the most runs.

Furtado will no doubt work against the Scots with Ohama doing the heavy work against Lihue. This may develop into a pitchers' battle with the team that gets the breaks finishing in front.

Makee and Koloa will meet at Kapaa and as Koloa is due to spring a surprise on some one, nothing would please everyone but the Makee fans for the cellar champs to take the measure of the leaders in the battle next Sunday. Koloa threw a scare into Makee at their last meeting and since the champs have been defeated by Makaweli, the other teams have lost the idea that they are invincible and will go out after them. Neither manager has announced which twirler he will start and there is a rumor that Koloa will spring some sort of a dark horse on the Makee club.

NOTES MAKEE—McBRYDE GAME

Tsunehiro's home run was the first to be made on the Kapaa diamond in the past three years of league baseball. It was a hard drive and fell about five feet inside the foul line, rolling past the line of automobiles beyond the foul flag.

The McBryde infield missed an exceptional opportunity for a triple play in the second. Such plays are such rare occurrences that one may watch baseball for a decade and never witness one. With Rodrigues on third and King on second and none down, Cummings hit a liner to third. Cavera grabbed it and touched third, eliminating Rodrigues. His throw to second was just a little bit slow and King just beat it.

Tilly, who was regarded as not being much of a hitter last year, is surely getting more than his share of the hits this year. Although his pitching effectiveness may be a thing of the past, he has made up for it by his present prowess with the war club.

M. Perreira, centerfielder of Lihue, and Alfred Rodrigues umpired the game, and got away with it, although some of their decisions were certainly raw. Perreira called a runner safe who admitted having missed the plate and was put out in an attempt to run and touch it. Rodrigues robbed Kum Lin of a two bagger when he called his hit foul because the ball rolled out of the right field foul line after dropping about three feet inside. Rodrigues admitted his error, but what would have been the result if the score had been close. No official umpires were present, hence the farce.

KAUAI BOY WINS TITLE; AUKAI THROWS ALL COMERS IN MAUI WRESTLING BOUTS

Aukai, the amiable lad from Kekeha, is the sporting a new title these days that perhaps is little known on Kauai. Aukai is the territorial champion Japanese wrestler, having won the title on Maui last week at the big celebration held by the Foresters. He met and threw all comers in the big elimination contest held at the Kalulul fair grounds held on Independence Day. Every island in the territory was represented by its best wrestlers and although it must be said that several of them gave Aukai quite a tussle, still he was able thru his superior strength and ability to bring home the bacon. Aukai has long held the Kauai title, but it was never known before how he would line up with outside wrestlers.

The bringing home of the championship has made little difference as far as Aukai is concerned, he having the same modesty in regard to his ability as a wrestler as Bill Balthis has as a tennis player. Incidentally another Kauai product showed the world that Kauai knows how by trimming everything in sight. Johnny Fernandez' mare Bridgeplayer showed her heels to the rest of the horses in both races that she was entered, winning handily.

A Contingent Worker
 "Ah wants a day off, Boss, ta look for job faw mah wife."
 "And—if she doesn't get it?"
 "I'll be back tomorrow."—Phoenix.

Preparedness
 A Mexican revolutionary, treated in a New York hospital, had 22 bullets extracted from his body. It is said that he had to have this done in order to make more room for more when he returned home.—London Punch.

Ford
 THE UNIVERSAL CAR

\$580

Most for Your Money

And remember—the lowest first cost, the lowest upkeep and the highest resale value of any motor car ever built.

No other car of this type is priced so low — no other will give you more real motor car value—more convenience, more comfort, more dependability than a Ford Coupe. Equipped with electric starting and lighting system, demountable rims, extra rim and non-skid tires all around, it makes the ideal enclosed car for business or for pleasure. Reasonably prompt delivery. Terms if desired.

The University Extension Letter

ONE YEAR EXTENSION SERVICE

The University of Hawaii about one year ago undertook a new kind of service for the territory. There is probably no public service more important than the education of children—the next generation—and for fourteen years this institution has been doing well its part in Hawaii's educational system. But last year it was felt that the University of Hawaii should increase its usefulness by making its educational facilities available to those people throughout the territory who are ambitious to extend their knowledge but are unable to go to college. For this function the University of Hawaii extension service was organized a year ago.

Four times have been followed in this extension service—special extension classes, correspondence instruction, lectures, and public service. Eight extension courses were given in Honolulu during the year past—September 1921 to June 1922—with a total enrollment of over 350 students who were in the main mature men and women. These were given in the evening or late afternoon or on Saturday so that working people could take advantage of them. These courses were on apple horticulture, poultry culture, pineapple production, marine zoology, popular astronomy, Japanese history and educational problems. A series of four-lesson talks on dressmaking were given to 200 women.

Correspondence instruction was offered in a course of 21 weekly lessons on elementary principles of agriculture, reviewed in Extension Letter No. 9, with about 200 persons enrolled. This phase of our extension service will be considerably enlarged.

During eight months, October to May inclusive, 104 educational lectures and informal talks were given to 10,135 persons in 34 towns throughout the territory. In addition several lectures were given by men not on the university faculty, as a part of our extension service program.

Miscellaneous public service of a varied nature was rendered in many parts of the territory in the form of expert advice or assistance on many problems, sometimes given by personal visit or by correspondence; consultation on agricultural matters; assistance in marketing difficulties; answering numerous miscellaneous questions or referring these to the best source of information.

The university extension service is enlarging and in its growing we are trying to make it fit existing needs to the best advantage. You can help us greatly by showing us what are the important needs.

WHAT IS A GOOD BULL WORTH?

The average small dairyman has not yet realized the great value of a purebred bull in improving the product of the future herd. The bull should always be better than the average cow, for he is half the herd as far as the future herd is concerned. We are assuming that the dairyman raises the best heifer calves to replace the old cows that dies or are sold off, as that is the only way a high producing herd can be built up, for the best cows are not usually for sale at a price that the average dairyman can afford to pay.

A bull from ancestors that produced 10,000 pounds of milk annually bred to a cow producing only 4000 pounds, should produce a calf which at maturity would be capable of producing 7000 pounds of milk annually. This of course is not exact, for many factors besides heredity enter into the producing abilities of a cow, but this figure will serve as an approximation. We can credit these extra 3000 pounds (or about 1400 quarts worth at 17c, \$238 annually) entirely to the influence of the bull. If the herd has ten cows we have the possibility of \$2380 more income annually. And yet many people will refuse to pay \$100 for a good prebred bull calf when they can buy another one that is also black and white and looks somewhat the same for \$10. It is a case of saving \$90 now and losing about \$2000 per year two or three years hence when the calves from the scrub bull have matured and are producing about the same or even less than their scrub dams.

There are enough high producing purebred animals in Hawaii to supply all the bulls needed, and they are for sale at reasonable prices. If you want a bull make your wants known thru the columns of the Extension letter. Similarly, if you have a good bull that you wish to sell advertise in these same columns. This service is free. A really good bull should not be sold to the slaughterhouse just because it is five or six years old or is a little cross or when you can no longer use him because of inbreeding. Perhaps some other dairyman has an equally good bull, which he can no longer use for the same reason. An exchange of bulls would be mutually helpful. A bull's real value is known only when his calves start producing, and many a good bull has been slaughtered before his owner realized how valuable he was. An exchange of bulls avoids this tremendous loss.

L. A. Henke.

AVOCADO INSECTS

Avocado or alligator pear growing in Hawaii is hindered by a few insect pests, but not as badly as in Florida, if we may judge from a recent bulletin just published by the U. S. Department of Agriculture (Farmers' Bulletin 1261, "The Avocado, its Insects, Enemies and How to Combat Them"). We have a number of copies of this interesting bulletin for free distribution. Drop us a postal card if you want a copy. While most of the Florida insects are different from ours, still there is a good deal of important information in the bulletin which applies here.

ORANGE GROWING AS A HAWAIIAN INDUSTRY

The orange and the genus citrus in general, is well represented in Hawaii. Possibly of no other tree fruit have so many been imported into Hawaii as of the orange, and practically every variety existent has been given a more or less extended, though not necessarily thorough, trial over the territory. During the past twenty years the writer has imported approximately a thousand trees, several hundred of which were set out at Kamehameha schools in 1903-5. A recent survey showed a single tree of these original plantings remaining, which is but typical of many other plantings. However, we know of many

imported orange trees that are fine specimens and bear regularly as choice fruit as we have seen in Southern California or Florida. Among the varieties we have in mind are the Washington and Thompson navel, Mediterranean Sweet, Valencia Late, Mandarin, Tangerine and Satsuma, all of which have been grown almost to perfection on Maui as well as in other favored districts when well cared for. At the Hawaii experiment station, situated between Punahou and Tantalus there has been established an extensive planting of many varieties of citrus, including practically all available varieties of oranges. Will's T. Pope, horticulturist at the station, showed us some Golden Buckeye navel trees that were heavily laden with well formed, well flavored fruits, comparing favorably with those we have seen in Southern California, although we consider the location of the station nursery anything but ideal for citrus culture.

All old residents know of the fine quality of our native seedling oranges, among which many of those grown in the Kona district on the island of Hawaii are famous. The fine quality of the fruit from this district is doubtless largely due to the ideal soil and climatic conditions which prevail there.

Hawaiian seedling oranges are at a discount in our local markets because they lack in uniformity and general outward appearance, and also because much of the fruit contains an excess of seeds. However, the Hawaiian experiment station has well under way the propagation of superior Kona seedling varieties, selected for seedlessness and fine quality. Furthermore, these uniform strains are to be set out in quantity, in favored sections in regular orchard plan. It is possible that these local varieties may in time supercede the best imported varieties and establish orange growing on a commercial basis. We would suggest to all those interested to get in touch with our federal experiment station, J. M. Westgate, Director—F. G. Krauss.

TENNIS

TRI PLANTATION TOURNEY IS ALMOST TO FINALS

The tri-plantation singles are down to the semi-finals, the results of the third round being as follows: Brenham defeated Sinclair, 6-2, 6-2. Damkroger defaulted to Burns. Nunes won from Glaisyer, 4-6, 6-3, 6-4. Baldwin won from Eby by default. In the semi-finals Baldwin won from Nunes last Sunday. Brenham and Burns will meet in another match, the winner meeting Baldwin for the championship.

DOUBLES SEMI-FINALS PLAYED NEXT SUNDAY, FINALS FOLLOWING SUNDAY

The all-Kauai doubles semi-finals will and must be played by next Sunday afternoon, and the finals on the following Sunday, according to announcement by the committee in charge. Frank Burns of the team of Burns and Burns leaves for the coast on the first of August making it necessary that the games be played before his departure.

The results in the doubles tourney to date is as follows: Brenham and Glaisyer sprung a surprise of the year by trimming Horner and Baldwin last Sunday by the score of 7-9, 6-3, 10-8. No report from the Balthis and Rice vs. Case and Morgan match. The winner of this match is to meet Allen and Knudsen in the semi-finals next Sunday. The winner of the Burn and Burns vs. Nunes and Richter will meet Brenham and Glaisyer also in the semi-finals.

Why the Prest-O-Lite Battery is Superior

1. Plates. Plates are the most important element of a storage battery. "Prest-O-Plates" for Prest-O-Lite batteries are made from a secret formula developed by years of research and experiment. "Prest-O-Plates" are famous not only for their strength, rigidity and long life in service, but they are designed to give the highest average amperage per square inch of plate surface of any battery plate made.

FIFTEEN YEARS EXPERIENCE IN SETTLING AND MANAGING ESTATES

Boys Vote Camp Rice Best One Ever Held

"Best time ever," "Well," "Some time," "Oh, Boy!" are a few of the superlatives that are being exploded by the boys who have just returned from the twelve days at Haena in attendance at the first summer camp conducted by the county Y. M. C. A. for the boys of Kauai. Forty-two boys and eight leaders enjoyed the helpful influences of the outing. As expressed by one of the business men of the island, it was not simply a time of aimless fun but many activities of highest educational and moral value were presented with an effort that could have been secured only in the surroundings that such a camp makes possible.

The following extracts from the daily camp paper, "Camp Rice Taro Patch," are suggestive of the variety and character of activity that pervaded the outing.

June 29th—A fishing expedition was indulged in by a large part of the camp this morning. Although no fish were caught all reported having some wallopers and a fine scouting along the beach.

Tent One won a decisive victory over Tent Five in baseball by a score of 15-2.

Tent Five has won the pennant for the most orderly appearance three times in succession. This entitles them to the first prize.

A splendid talk was given at camp fire last evening by Mr. Pugh of the University of Hawaii on the necessity of building a strong character on a Christian foundation early in life.

BIG SCARE. While in swimming this morning two sharks were sighted from the raft. Each one climbed on amidst intense excitement, only to find that the sharks were two spots of oil on the water.

June 30—Those who took the morning dip had a chance to see the big haul of Akula. Three nets full, weighing 5000 fish. The generous fishermen donated enough for the entire camp.

The classes in Bible study are showing much interest in the topics taken up every morning. "The Challenge of Self Mastery," was discussed this morning and was especially adaptable to boys' life.

TREASURE HUNT—One of the most exciting and interesting events so far during camp was the treasure hunt pulled off this afternoon. A mysterious wireless message was read by Secretary Watada stating that a valuable treasure had been discovered in the vicinity of Camp Rice and that a careful reading of the message would give the first clue to its whereabouts. Following the trail outlined by pieces of paper, broken limbs, written directions, etc., the chase led past the Dry Cave, over the bridge down the beach, back to camp where the warmness of the trail caused the greatest excitement and expectancy until the bloodhound faculties of Tsukasa Moneba led him to the hiding place, where a few minutes digging unearthed a three pound box of delicious candy.

Saturday, July 1.—The big event of today was the hike to the Wainiha power house. Engineer Gomes explained the process of manufacturing the juice that is used in Eleele and Makaweli. A climb to the top of the flume from where the water drops 850 feet to the engines, gave the campers a fine view of the valley and an idea of the work necessary to make the power house and its output possible. Lunch was enjoyed by a running stream and a hike back to the mouth of the river put the fellows in fine trim for a swim.

Sunday, July 2.—All enjoyed the morning service held under the big trees at the rear of the camp. Musical selections by the vocal and instrumental quartets and the cello solos by Mr. Pugh were greatly enjoyed. A very helpful talk was given by Mr. Cook on the "Sixty Per Cent Man." In the afternoon an interesting and pleasing spectacle was enacted in the amphitheater. Each tent having chosen a story from the Bible, gave a portrayal in costume of the episode chosen. David and Goliath, Daniel in the lion's den, the Good Samaritan and others were given in a most entertaining and instructive way.

July 4th.—The glorious Fourth opened with a terrific cannonading rousing the sleeping campers with visions of Huns storming the trenches, etc.

At 9 o'clock Haena witnessed the most startling, stupendous, spectacular spectacle ever presented in that city, a PEEERADE complete in all details from the drum major to the trick mule, Charlie Chaplin, the Siamese twins, Hula dancers, Happy Hooligan and all the rest were in evidence. The line of march took the direction of the athletic field where more records were smashed in a shorter time than the speediest stopwatch was able to record. The Blues vied against the Reds. The Blues coming

SEPTICEMIA ON MAUI

Twenty-three cases of hemorrhagic septicemia among the cattle have been reported on Maui, according to A. L. C. Atkinson, president of the board of agriculture and forestry. Nine of these cases were discovered on Haleakala ranch, 14 on the Rice ranch.

from the tents 1-4-6, Reds 2-3-5. The Reds rolled up 38 points and the Blues 26. In the aquatic events of the afternoon the Reds were again the victors by a score of 53-20. The stunts at the camp fire on the beach in the evening were among the best presented during the camp. Fireworks were enjoyed until a gentle mist drove the campers to their tents.

Friday night.—Camp closes tomorrow morning. Many will carry with them the memories of this camp as long as they live. It will be marking point in many of our lives. We all regret to leave. Our living here together has been most enjoyable. We have learned to love each other. Let us put into practice in our daily lives at home and school the many good things we have learned in camp.

THAT'S OUT

In Bad Company

When a vote is to be taken on some important measure, a congressman who cannot be present "pairs" himself with some representative who would vote "aye" to the congressman's "nay", or vice versa. Once a Democratic member of the House received a letter from an active politician of that party in his district, calling attention to the fact that he was reported in the Congressional Record almost every day as being "paired" with a Republican. "I don't doubt your loyalty to the party," read the letter; "but I think the boys would like it a good deal better if you paired with Democrats instead of Republicans."—Harpers Magazine.

In the Rough

"Sir, I have all the gems of English literature in my library."
"Yes, and I notice they are uncut gems."—Gaboon.

Getting Him Going

TELEPHONE 22-1 LIHUE, KAUAI

KAUAI GRAPPLERS WIN FIVE FROM SIX SUMO BOUTS

To the Sumo wrestlers of the Garden Isle go the premier honors of the "Make Happy" carnival in that branch of athletics.

Taking five out of six inter island bouts and grappling to a tie in the other, the Kauai Japanese lads excellently demonstrated their superiority over entries from Oahu and Maui.

Wrestlin began prompt to announcement at 7:30 Monday evening and it was estimated that approximately 1000 persons were on hand to witness the contest that would determine Hawaii's supremacy in the Sumo art.

Especially interesting, reports have it, was the bouts staged by Hirosegawa versus Shimoarashi of Honolulu and Hirosegawa versus Natorigawa, a Maui contender. Both matches were won by Hirosegawa, who is a Kauai lad of half Japanese and half Hawaiian nativity.

Inter-Island Matches

The inter island matches upon which the islands championship was hinged, the competitors, and the results are as follows:

Itsukushima, Kauai, vs. Kiryuzan, Oahu; won by Kauai.

Otokoyama, Kauai, vs. Fujinomori, Oahu; a draw.

Hirosegawa, Kauai, vs. Shimoarashi, Oahu; won by Kauai.

By reason of their winning from Oahu, Kauai won the right to compete against Maui in the finals. Oahu's defeat eliminated that island from the contest.

Maui and Kauai results: Itsukushima vs. Komatsuyama of Maui; won by Kauai.

Otokoyama vs. Wakayanagi of Maui won by Kauai.

Hirosegawa vs. Natorigawa of Maui, won by Kauai.—Maui News.

The Lihue plantation will furnish harvesting on the Lihue section today. The mill will continue to grind as there will be about five weeks more harvesting on the Hanamaulu section before the 1922 crop is pau.
