## All-Kauai Dance Saturday Evening at Lihue Armory

For the benefit of the Kauai high school athletic fund, an all-island dance has been arranged for the evening of Saturday, September 23 at the Lihue armory.

The committees in charge hope to have a representative attendance from all parts of the island and are making preparations to take care of a record-breaking crowd.

This dance is designed also as a get-acquainted dance for the many new teachers on Kauai. They are especially urged to be present and every effort will be made by the floor committee to see that they are made acquainted and have a good time.

Mrs. Wm. Henry Rice is at the head of the list of patronesses of the affair. Associated with her are Mrs. H. D. Sloggett, Mrs. S. Weddfield, Mrs. W. C. Achi Jr., Mrs. E. H. W. Broadbent, Mrs. R. L. Wilcox, Mrs. K. C. Hopper, Mrs. Alfred Menefoglio, Mrs. M. C. Sissous, Mrs. J. M. Lydgate, Mrs. J. H. Coney, and Mrs. E. F. Wood.

The Lihue Brass Band under the leadership of Frank Fernandez have tendered their services free of charge. This band of 20 pieces is turning out some fine music, and within its membership, contains a first class stringed orchestra; this orchestra will alternate with the brass. In addition, the high school boys' own orchestra, composed of students, will relieve the band boys from time to time.

The students are handling the sale of the tickets, which are \$1 each; admitting one gentleman and as many ladies as he cares to bring. There's nothing in the rules that will prevent you, Mr. Mann, from buying more than one ticket, even if you cannot attend personally, you are permitted to send your dollar along by the first student you meet. He or she will see that it has a good time.

By the way, this will be the last dance at the armory for some time, as its dismantlement will be started forthwith by the contractor under plans for its alteration.

Dancing will begin at 8 o'clock and continue until the wee sma' hours.

Messrs. Sloggett, Wm. Rice, Wood, Hopper and Cheatham form a committee of interested citizens who have the general arrangements in charge; they will be assisted by a committee of the students.

### J. M. LYDGATE JR. ACTING LAND AGENT

J. M. Lydgate Jr., has been appointed acting sub land agent for the sixth land district and agent for the farm loan board for Kauai during the illness of his father, J. M. Lydgate Sr., the regular incumbent.

### CHANGE IN LIBRARY HOURS

Beginning October 1st, the library will be closed on Sunday and open on Monday. There is also a change in hours. During the winter months the library will close at 5 o'clock instead of 6 as has been the custom. The idea in keeping the library open on Sunday was to give people outside of Lihue an opportunity to get books, but branches are now established in places accessible from almost any part of the island.

There are branches at the following places: Hanalei, at the home of Mrs. Makee; Kilauea, at the community house; Kealia, in the bank; Kapaa, at Mr. Rapozo's store; Kapaa homesteads, at the home of Mrs. Israel; Koloa, in the home of Dr. Waterhouse; Eleele, at the old Y. M. C. A. house; Makaweli, at the community house; and Waimea, at the bank. Books will be mailed upon request to anyone unable to get books from any of these branches.

The Kauai baseball players who returned this morning from Honolulu after taking the measure of Maui in their second game were T. Ohama, K. King, K. Doi, J. Yoshida, M. Costa, J. Cummings, W. Tilly, M. Tsuchiro, M. Pierra, J. Spalding, P. Roke, Jim Burgess, K. Fuji, Bob Okuda, K. Soong.

## KAPAA NOTES

James Pualihau well known local Hawaiian of Kapaa, received a black eye and a deep gash on his head last Monday evening as the result of a fight involving half a dozen others. He was taken to the Kealia hospital for treatment. Several others escaped from the fray with black eyes and minor injuries. Too much oke was the cause of the trouble.

Mr. and Mrs. A. Horner Jr., and their young son departed for Honolulu last Friday to spend a couple of months vacation. Mrs. Horner and son will remain in Honolulu while Mr. Horner will take the Matsonia this week for the mainland where he intends to join Dr. Kuhns for a hunting trip.

"Cap." Thomas, proprietor of the local native club, was the host at a dinner at Yuen Kee cafe last Tuesday evening. The Makee team and several others were his guests.

Many local followers of the national game found time to take a trip to Honolulu during the week end to see for themselves how Kauai compares with the other islands. Those who went included Flat Ahana, Arthur Wong, T. Yamamoto and Kenji Masunaga, all of whom returned Tuesday morning.

Senator King of Honolulu, another aspirant for the Republican nomination for delegate to congress, spoke to a large audience here last Friday evening. His talk was mostly on the same subjects already dwelled upon by other candidates.

B. Y. Lee, proprietor of Yuen Kee cafe, is having his kitchen enlarged to have the additional space required as a result of increased business expected, based upon business done in the past few months.

Jacob Woo, chemist at Kealia, and member of the Sons of Rest, departed for his annual vacation last Wednesday. The grinding season is now over and Woo expects to be away at least three weeks.

Mme. Rente, local dressmaker, announces that she will give a talk at Lihue on Wednesday on the subject of "Costumes and Their Relations." Those who are interested are cordially invited to attend.

### RICE BEER HAUL AT HANAMAULU ON FRIDAY

J. F. Bettencourt Jr., prohibition officer for Kauai, made a haul at Hanamaulu on Friday last, landing Mrs. J. Shiramizu with the possession of forty gallons of rice beer concealed in a washhouse.

The vile stuff reeked to the heavens and Gumshoe Joe had but little difficulty in locating the brew. In the Lihue district court on Monday, Mrs. Shiramizu pleaded guilty and was fined fifty dollars and cost by Judge Hjorth.

### ALL IN READINESS FOR LEGION SHOW

Now that the department convention is over the local Legionnaires are settling down to steady work on their vaudeville show which the post will give at the Tip Top.

The committee announces that practically every act is about ready and a finished performance will be the result of the post's efforts.

### LIHUE UNION CHURCH

A special nine months course in Religious Education is being organized especially for pupils of the eighth grade and high school ages. This course covers just the school year period. Parents and others interested in the richer development of our young people, cannot afford to be indifferent to their paramount needs. President Hall says "Early adolescence, the years before sixteen, is a new birth, for the higher and more completely human traits are now born." The best available graded material is being employed so that this course will make its positive returns in the lives of the scholars. This session convenes each Sunday morning at 9:45 in the Parish House.

Regular morning church services, conducted by the pastor with the following theme: "CAN GOD BE TRUSTED?"

## Commerce Chamber Calls Special Meeting

### DIRECTORS AND COMMITTEES ARE APPOINTED FOR YEAR 1923

President H. D. Sloggett, of the Kauai Chamber of Commerce, has called a meeting of that body for the afternoon of Friday September 22, at the County Building at 2 o'clock for the purpose of selecting delegates to attend the territorial Civic Convention to be held in Honolulu on the 28th and 29th of this month.

This meeting is the result of a letter received by the chamber from Ernest B. Clark, secretary of the Chamber of Commerce of Honolulu, which reads in part as follows:

### Territorial Civic Convention, Honolulu, Sept. 28-29, 1922

"In anticipation of a large and enthusiastic gathering at the coming convention, the call now goes forth from the Honolulu Chamber of Commerce for the naming of delegates from the various islands.

"It is the desire of the committee in charge to have twenty delegates each from Hawaii, Maui and Kauai, or as many more representatives from the various organizations as may find it possible to attend.

"Plans are under way looking toward the proper entertainment of visiting delegates and a program that shall prove both interesting and constructive.

"It is of course necessary that this chamber be advised as to an early date as possible as to the number and names of delegates, together with other members of the family or friends accompanying them, in order that the reception and entertainment committee may plan accordingly."

A big time is going to be had at the convention and it is the desire of the local chamber that as large a delegation from Kauai as possible attend.

The following is the list of officers and committees of the Kauai Chamber of Commerce for 1922-23: President—H. D. Sloggett. Vice President—A. Menefoglio. Secretary—K. C. Hopper. Treasurer—J. I. Silva. Board of directors consist of the president, secretary, treasurer and four members, to-wit: T. Brandt, Frank Crawford, E. H. W. Broadbent, H. D. Wishard.

## Politicians Active as Election Nears

### REPUBLICANS TO CAMPAIGN OVER THE ENTIRE ISLAND

Today is the last day that voters can register so as to vote at the primaries. All registrations will close tonight and it is expected that there will be the usual eleventh hour rush that is customary every year.

Politics are looking up a little since the announcement of the schedule of the meetings that will be held by the Republicans. Little interest is being taken in the Democratic candidates at present as there is no competition among them for nominations.

Political prophets are not slow to state that Sam Kaahu will give Charlie Rice little or no trouble in the primaries as Sam fell by the wayside when he ran for the house last time and they predict that he has gained little or no strength since that time.

The meetings which will open at Wainiha next Tuesday should provide not a little amusement and entertainment for the voters this year as they have never failed to do so before. The last meeting will be held at Lihue on the evening of Thursday, October 5th. The election will take place on the following Saturday.

Republican candidates for the primary election will begin the campaign on September 26 and will speak on the following dates, time and places.

Tuesday, September 26—Wainiha, at 11:30 a. m. Hanalei, at 3:00 p. m. Kilauea, at 7:00 p. m. Wednesday, September 27—Anahola, at 3 p. m. Kapaa, at 7 p. m. Friday, September 29—Kekaha, at 4 p. m. Waimea, at 7:30 p. m. Monday, October 2—Hanapepe, at 4:30 p. m. Makaweli, at 7:00 p. m. Tuesday, October 3—Kalaheo, at 5:30 p. m. Wednesday, October 4—Koloa, at 7:00 p. m. Thursday, October 5—Lihue, at 7:00 p. m. Speakers will be limited to ten minutes each.

—Republican Central Committee, for Kauai.

### KILAUEA AND MAUNA KEA TO BE PLACED ON THE KAUAI RUN

The Inter-Island Steam Navigation company's steamers, Kilauea and Mauna Kea, according to report, are to be placed on the Kauai run as soon as that company's new steamer, Haleakala, is put in commission. These steamers are to make one trip each to this island and are to take the place of the Claudine, which is now making two trips a week.

### AHUKINI HARBOR IS TO BE DREDGED

It is announced that the Lihue Plantation Co., Ltd., has let a contract to the Hawaiian Dredging company, to dredge Ahukini harbor. Work is to commence as soon as the machinery can be brought over. Sixteen thousand yards will be dredged from in front of the landing and extend to the breakwater. This will give accommodation for two steamers at a time.

### KAUAI LEGION TO MEET NEXT TUESDAY EVENING

Kauai Post No. 2 of the American Legion will hold its regular monthly meeting at the county building next Tuesday evening at 7:30.

A report of the delegates to the department convention as well as the report of the armory committee will be the main features of the evening.

### Mrs. George Duncan and Children of McBryde, were returning passengers from Honolulu on the Claudine this morning.

James P. Lynch, of the Lynch Co., Inc., machinery and engineering supplies, of Honolulu, arrived on the Claudine this morning.

C. S. Judd, superintendent of forestry, arrived this morning and has gone to Kokee to inspect the park.

## PERSONALS

L. D. Larsen and family of Kilauea spent the week end at Kokee.

Frank Crawford and R. D. Moler spent Saturday and Sunday at Kokee.

Frank S. Pugh, vocational instructor for Kauai, returned last Friday for a brief visit to Honolulu.

A. F. Robinson, of Makaweli, was a returning passenger from Honolulu last Friday morning.

H. P. Faye, of Kekaha, returned Friday morning from a visit to town.

Senator Charles Rice was a returning passenger from Honolulu on Friday morning.

Chas. T. Littlejohn, of the Inter-Island was an arriving passenger on the Claudine this morning.

Mr. and Mrs. Sam Carter returned this morning after a flying trip to Honolulu.

Adrian Englehard returned this morning from the American Legion convention at Luke Field.

Mr. and Mrs. S. B. Goss arrived this morning from Honolulu. Mr. Goss' mother accompanied them.

Mr. and Mrs. Y. T. Lai were returning passengers on the Claudine this morning.

C. L. Lane was an arrival on the Claudine this morning from the Legion convention.

J. B. Corstorphine, of Kealia, returned to Kauai this morning on the Claudine after attending the Legion convention.

N. E. Weight, chemist for the Makee Sugar company, returned from Honolulu after taking in the regatta and the inter-island baseball series.

B. B. Henderson, chemist at Lihue mill, returned from the American Legion convention at Luke Field this morning.

Senator Charles A. Rice came down from Kokee last evening and reports the roads as being in excellent condition.

Philip Rice returned to Kauai via the Claudine this morning from Honolulu where he has been attending the American Legion convention.

Henry Sheldon, who was in Honolulu with the Kauai baseball team, returned well pleased at the showing of the local team.

K. Matsunaga, the Kealia postmaster, returned from Honolulu where he has been attending the baseball series.

T. E. Longstreth, the Lihue postmaster, returned to Kauai this morning, having been a delegate to the American Legion convention at Luke Field.

Mr. and Mrs. G. L. Samson of Honolulu arrived on the Claudine last Friday morning and will be the guests of Mr. and Mrs. Kenneth Hopper for the next two weeks.

Dr. A. H. Hoerman, pastor of the German Evangelical Lutheran church came over from Honolulu last Friday and conducted services at Lihue, Sunday.

Mr. and Mrs. H. D. Sloggett of Lihue, returned last Wednesday from a brief visit to the mainland, where they went to place their son, Richard, in school. They returned on the Matsonia last Tuesday.

Mrs. J. T. King, mother of Mrs. Charles A. Rice and Mrs. C. M. V. Forster, arrived from Honolulu this morning and has gone up to Kokee to spend several days with the Rices at their camp.

Dr. and Mrs. R. H. Hagood were returning passengers on the Claudine this morning. Mr. Hagood attended the American Legion convention, while Mrs. Hagood was a delegate to the Womens Auxiliary convention.

Mrs. W. H. Weaver and her daughter, Miss Doris, of Alameda, California, were passengers on the Claudine last Wednesday afternoon, for Honolulu. They will sail on the Matsonia tomorrow for San Francisco. Mrs. Weaver and her daughter spent three weeks on Kauai visiting her nephew, K. C. Hopper, and family. They were charmed with the beauties of Kauai.

## Philip Rice to Head the American Legion

### LOCAL MAN WILL LEAD THE WORLD WAR VETERANS IN 1923

Philip Rice, of Lihue, was elected department commander of the American Legion at the third annual convention of the Hawaiian department at Luke Field, last Thursday and Friday.

This is the first time that a member of the post outside of Honolulu has been elected department commander as it has always been a sort of an unwritten law of the Legion that the department commander should be a member of Honolulu post owing to the fact that the department headquarters are there and all the business of the department is carried on there.

This coming year is an important one in the history of the Legion and it was understood that strong leadership would be needed to carry forward the ideals and purposes of the body. With this purpose in mind the convention decided that it was necessary that the proper man be elected no matter where his residence was and the selection of the local man was the result.

Mr. Rice was always been active in Legion affairs, having been commander of Kauai Post No. 2 and department vice commander, as well as a member of the department executive committee.

The local delegates returned from the convention this morning and report a wonderful time at the convention held at the flying field as well as plenty of work accomplished.

### AGED CHINAMAN COMMITS SUICIDE

Lum Hop, an aged Chinese, was found dead hanging by the neck in his house in the valley below Lihue Mill last Tuesday. The discovery was made by Charles Ishii, book-keeper for Kipu plantation, who went to call on the old man and found him hanging from a rope from the rafters. The police were notified and upon investigation found a message written upon a white apron upon the body, stating that he was despondent because he was forced to leave his home which had been sold to another party.

The deceased was sixty years old and had no family. He had formerly been an employee at different times of Grove Farm and Lihue plantations.

### HAWAIIAN PINES MAKE SURPRISING ANNOUNCEMENTS

The news that the Hawaiian Pineapple company has an option on the island of Lanai was received with considerable surprise here this morning.

It had been the impression on Kauai that the Baldwin interests intended to produce something in the line of a model cattle ranch on the island, as already considerable money has been spent on this project.

Although pines are now being grown on the island in small lots, and are fairly successful, it was thought that this was merely a secondary matter, the cattle ranch being the prime consideration.

Now comes the announcement that the Hawaiian pines may put about 25,000 acres into pines, but will ship the fruit to Honolulu for canning.

Right on the heels of the announcement comes another that the Waiialua Agricultural company has secured one-third interest in the Hawaiian Pineapple company for the consideration of a lease on 12,000 acres and \$1,250,000. Both announcements have occasioned not a little surprise locally.

### JENS C. JACOBSEN DIES IN HONOLULU

Jens C. Jacobsen of Waimea, Kauai, died Sunday night at 8:30 o'clock at the Queen's hospital after an operation for an intestinal disorder of long standing. He was born in Christiania, Norway, 63 years and 3 months ago.

Mr. Jacobsen has been employed by the Kekaha plantation since 1881 and was a steam plow engineer. He went to Honolulu only a few days ago to undergo his operation.

Surviving are seven daughters and three sons—Mrs. C. N. Kreusch, Mrs. W. H. Udell, Mrs. H. Kruse, Mrs. P. Hindermith, the Misses Othella, Amelia and Bertha Jacobsen and J. C. Jacobsen Jr., all of this island; Louis Jacobsen a resident of Kauai, and Severin Jacobsen, absent from the territory on the mainland.

Word of the death was telegraphed to Kauai by radio yesterday morning. Funeral services were held in Borthwick's mortuary chapel at 3 p. m. Burial took place at the Nuanuu cemetery.

## The University Extension Letter

### OUR MOST VALUABLE CROP—THE CHILDREN

Here is to the school teacher, once more on the job, in whose care so much of Hawaii's future is entrusted. What will be the ideals of Hawaii's present crop of children twenty years from now? What will be their mental attitude toward our industries? The answer lies largely with the teachers today. May every community in Hawaii co-operate with our teachers in the most important of all jobs.

### CLUBS FOR BOYS AND GIRLS

With over 18 thousand boys and girls enrolled, the state of Ohio stands near the top of all the states in the Union in boys and girls club work. The object of these clubs is to train the young people in modern agricultural principles and methods and also to give them better ideals for the rural homes they may some day be making. To successfully carry on this club work for 18 thousand boys and girls about two thousand leaders, recruited from the ranks of the farmers, teachers, bankers, merchants, etc. "Training for better rural citizenship" is their slogan.

### CO-OPERATION IN POULTRY

The first effort in Hawaii in co-operative marketing of poultry products was made last January by the establishment of the Hawaiian Poultry Association, organized on January 2, 1922. According to a recent statement by the manager, W. H. Bromley, there are seventeen members in the association, fifteen on Oahu and two on Hawaii. Nine thousand hens are owned by the seventeen members.

The association is marketing about 5000 dozens of eggs each month, selling these mostly to about twenty retail dealers in Honolulu and several institutions. Members are paid monthly for their deliveries.

This form of co-operative marketing has certain real advantages both to the producer and the consumer. To the former an easier, more secure and steadier method is afforded for disposing of his product, while to the consumer there is a better guarantee of good quality and uniformity of product.

### FLY TRAPS

Catching houseflies and blow flies in traps is fully described in Farmers Bulletin 734, recently issued by the U. S. Department of Agriculture Washington, D. C. The best fly kill-

er in Hawaii is our common brown house ant, which eats up the fly maggots.

### CORRECTING A MISTAKE ON ANOMALA BEETLE

It was incorrectly reported in Letter No. 21 that J. F. Illingworth had recently collected a large number of the nearly extinct Anomala beetle of Oahu. Finding large numbers of the parasite wasp (Scolia) led Dr. Illingworth to believe there were many beetle grubs present in the soil, but subsequent examinations have not proven this to be so. Very rarely is any Anomala beetle or grub found, and no damage to sugar cane has been noted for several years back. There are large numbers of a closely related beetle (the so-called Japanese rose beetle, or Adoretus) present in the areas around which this incorrect report centers, and it is on the grubs of these related species that the parasites are propagating so abundantly. The grubs of the Japanese beetle, it should be noted, do not injure sugar cane roots.

This brings us back to the subject of insect extermination discussed in an earlier number of the Extension Letter, where it was stated that parasites practically never exterminate the insect species upon which they prey. The Anomala beetle was noted as an apparent exception, the reason for which is of considerable interest.

The Scolia wasp (parasite) which was brought from the Philippines by the H. S. P. A. experiment station found the Anomala beetle very much to its liking. The Japanese rose beetle (Adoretus) is very similar in appearance to its cousin, the Anomala beetle, and yet in the eyes of the parasite wasp there seems to be considerable difference between the two, with a distinct preference for the Anomala beetle. While an entomologist has to use a magnifying glass to distinguish between the two species of beetle grubs, the parasite seems to be able to easily distinguish between them.

The fact that the parasite has a strong preference for the Anomala grub but will take the Japanese beetle grub as second choice when no Anomala grubs are present, has caused the latter to become almost exterminated while the parasite still remains abundant by feeding on the second-choice beetles. This unusual

situation in the insect world and a matter of considerable importance to our agriculture in Hawaii.

It might be added that the Scolia parasite is now widely distributed thru the territory, and is busily attacking the Japanese rose beetle (Adoretus), but we cannot expect extermination of this pest by this means, though it will probably be greatly reduced.

### HILLING UP SUGAR CANE

Experiments comparing the yields in hilled-up cane rows and some not hilled-up, show that it is better practice to not hill-up the rows. Hilled-up rows stimulate root growth at the top nodes near the surface, and often exposes the root bed to sun and wind. The roots stimulated in the hilled-up portion are the first to be dried out in a drought, thus materially reducing the efficiency of the cane plant. Where cane is grown to the seventh ratoon or more the stool will remain closer to the ground level and be easier to cultivate if hilling-up has not been practiced.—Robert Phau, University experiment station, Waikaka, Hawaii.

### DEHYDRATING OR DRYING BANANAS

Banana figs and other forms of dehydrated bananas are known somewhat on the market, but have never been developed into a considerable industry. Both in Hilo and Honolulu a small beginning has been made in this line which may develop into something of importance for the territory. As a means of utilizing small bunches or unmerchantable bananas, dehydrating may prove to be a great saving to the local banana industry.

The U. S. experiment station, Honolulu, has made rather extensive investigations in the dehydration of Hawaiian food products. Dr. J. C. Ripperton, chemist, makes the following statements of interest right now to growers and shippers.

"The banana is a difficult fruit to dry. This is due chiefly to two factors, one is its high sugar content and the other the fact that it must be cut in comparatively large pieces to be saleable. While the actual time of drying varies with the type and size of dehydration used, we found that it took nearly three times as long to dry a split banana as such products as spinach, or shredded potatoes. This adds greatly to the cost of dehydration.

The actual "meat" in a bunch of bananas varies from 40 to 70 percent, depending on the size of the bunch. The dried product is about 25 per cent of the meat. Assuming that the average per cent

of meat in a bunch is 56, the yield of finished product from a bunch of bananas weighing one hundred pounds would be 14 pounds. This would make the cost of fruit a little over 14 cents a pound of finished product, with the fresh fruit selling at two cents per pound. The cost of dehydration can be only a conjecture. In California the cost of producing dehydrated prunes is about seven cents per pound. This cost is based on a large output and with very little hand labor in preparing the fruit. It is safe to assume that the slow drying banana with the handlabor cost of preparing the fruit for dehydration would be much in excess of this figure.

Another fact to be considered is the market for this product. The dehydrated banana is not a new product. Many of the tropical islands which have poor shipping facilities have dried a portion of their banana crop for many years. It has never become a commercially important article. It is used chiefly as a confection. Although it can be soaked with water and used in banana fillings, the delicate flavor of the fruit is lost in drying. Then too, it must be remembered that the fresh banana can be obtained through the entire year and is usually one of our cheapest fruits. Like the prune, the fig and other dehydrated fruits in common usage, to create a large demand for the dehydrated banana would require an extensive program of advertising.

**COUNTY Y. M. C. A. BOYS'  
CLUBS RESUME ACTIVITIES**  
After a pleasant summer vacation  
and with the opening of school  
years the boys of the Y. M. C. A.  
clubs in several communities got  
together and elected new officers  
for the present school year. Every  
boy had fresh memories of the splen-  
did time he enjoyed last year. His  
club activities will be largely pro-  
moted by a leader, an outstanding  
Christian individual or a man of  
decent character. Again as it was  
last year the basis of all the club  
activities this year will be on Bi-  
ble study, nevertheless including  
service tasks, games, hikes, over-  
night hikes and campings, socials,  
etc.  
Starting from Mana, a little com-  
munity far remote from the heart  
of Hawaiian civilization, when one  
diparily would think it impossible  
to do any uplifting activities in such  
a place, and yet in spite of the dis-  
tance, last year, one of the best  
clubs in the county was this one  
at Mana. The officers of the Mana  
Boys' Club for this year are Cru-  
ciano Dominici, president; Takeo  
Imoto, vice president; Fred Weber,  
secretary and Sadao Nita, treasurer.  
For the first time this year a Jun-  
ior Hi-Y club was organized at Wai-  
mea. The membership includes four-  
teen ambitious freshmen students.  
The officers of this club are Mune-  
katsu Morimoto, president; Frank  
Wilson, vice president; Tsukasa Mi-  
yake, secretary, and George Wright,  
treasurer. Mr. Moses is the leader  
of the Waimea Hi-Y Club.  
The following boys were elected  
officers of the Pakala Boys' Club:  
Satoru Hamasaki, president; Kiyoh-  
haru Katada, vice president; Masa-  
nori Osahara, secretary; Manual Ig-  
nacio, treasurer. The leader of this  
club is Nobori Honda.  
Also a boys' club was started at  
Lawai stable camp. This is again  
one of the out-of-the-way commu-  
nities, three or four miles from the  
public highway. And yet none of  
the benevolent organizations has done  
much uplifting work in that place.  
In spite of the many handicaps, the  
boys of that community organized  
a Y. M. C. A. Boys' Club and elected  
the following officers: Shigeru  
Nishi, president; Hatsuo Tsubaki,  
vice president; Kazuo Kato, secre-  
tary; Tsugio Nishi, treasurer.  
Before this month is over there  
will probably be organized on the  
west side of the island twelve or  
more new clubs. Most of the com-  
munities have been approached and  
the leaders lined up.

**HI-Y CLUBS RESUME WORK**  
Prospects for an interesting and  
helpful year of activities in the work  
of the Hi-Y clubs of the county are  
seen in the way with which the  
various organizations have resumed  
their program with the opening of  
school. The four clubs organized  
during the last school year held  
meetings at various times in the  
last week and drew up programs  
for the coming year which will sup-  
ply activity and challenge the inter-  
est of every member and fellow in  
the high school.  
A conference of the four club  
presidents formulated the following  
recommendations and resolutions as  
guides to the year's program and  
supplements to the regular weekly  
meeting and program.  
a. County Older Boys' conference  
(October 14).  
b. Father and Son emphasis (No-  
vember 6-12).  
c. Providing cheer for needy per-  
sons at Thanksgiving and Christ-  
mas.  
d. Hikes and camps for younger  
boys.  
e. Thrift and keep fit emphasis.  
f. Participation in world-wide  
work.  
g. Help provide means for send-  
ing delegates to territorial Older  
Boys' conference (April).  
h. Promotion of Territorial Boys'  
Sunday.  
i. Deputation work.  
j. Make plans to attend territorial  
Hi-Y camp (just before school op-  
ens 1923).  
k. Participation in the contest for  
monthly recognition pennant with  
forwarding of monthly report to the  
county Y. M. C. A. secretary.  
2. Be it further resolved that re-  
quest be made that a member of  
the Hi-Y organizations be given per-  
mission to present the purpose and  
program of the Hi-Y Club at some  
regular assembly of the high school  
student body.  
3. Be it further resolved that we  
should promote more inter-club ac-  
tivities.  
4. That members of the Hi-Y Clubs  
stand for clean speech, clean ath-  
letics and clean living and at all  
times to endeavor to show the spir-  
it of good sportsmanship.  
5. Be it also resolved that we  
shall give a larger place in our  
personal and club programs to Bible  
study.

**Y. W. AND Y. M. MIXER  
HELD FRIDAY AFTERNOON**  
Friday afternoon at the close of  
school session, the two above named  
organizations entertained the stud-  
ent body and teachers of Kauai high  
school by giving a most enjoyable  
"mixer". The affair was very effect-  
ively planned and executed by the  
secretaries, Miss Hanson and Nell  
Locke, assisted by Mrs. Locke and  
well chosen committees from the  
student body, and the hearty co-  
operation of the principal, Mr. Dol-  
linger.  
An entertaining program was given  
in the assembly hall, presided  
over by Mr. Locke, who introduced  
the speakers. Miss Jean Sisson,  
senior, gave in a very charming  
manner, a welcome to the freshmen  
from the upper classmen. The re-  
sponse to this was given by William  
Allen Waterhouse, freshman, and  
he very ably voiced the sentiments  
of his class. Several dialect solos  
sung by Mrs. Rogers elicited great  
applause.  
The guests then adjourned to the  
campus where games were en-  
joyed, followed by a grand march to  
the cafeteria, where the committee  
scored a great success by serving  
refreshments. All united in pronounc-  
ing the whole affair delightful.

It is a noticeable and significant fact  
that you very rarely see a Studebaker on the

in the past two or three years this car out-

in Hawaii.  
Few Studebaker owners are willing to part  
with their cars, and when they do, there's a  
waiting list of buyers eager to get this good,  
dependable car at a saving price.  
On every island of Hawaii, as well as  
throughout the mainland, the Studebaker  
has proved that it is better than most other

### DON'T GIVE UP

The children are back in school again, and again they need all the encouragement our people can give. For our part we haven't heard of a school boy getting a poor grade, or failing, but we think of Abe Lincoln. He was a young man when he ran for the legislature, and was defeated. He entered business with a worthless partner and failed. It took him seventeen years to pay off his debts. He then ran for congress, and was beaten. He then tried to get a land office appointment, and he experienced another disappointment. He became a candidate for the United States senate, and was defeated. In 1856 he became a candidate for vice president, and was snowed under. Two years later he was defeated by Douglas. And then he ran for the Presidency of the United States. Every school boy knows of the result of that race, and the rest of the story, and every school boy should recall Lincoln's failures when he is down in his studies. For what Abe Lincoln did after repeated failure any Kauai boy can do, when he, too, has failed to reach his mark.

### THE LONGER NIGHTS

We are getting right up to the season of longer nights, nights when we are going to spend more time in the house than we have during the pleasant evenings of the past few months. For that reason it is not out of place to offer a suggestion as to how to while away, and with profit to yourself and family, the longer evenings before you. We have studied the question and believe the solution lies in a bountiful and always fresh supply of reading matter, something in the reading line for every member of the family. In this connection we are in a position to fit you out with clubbing propositions that cost but little, but which will bring hours of happiness throughout the fall and winter. In connection with a year's subscription to your home paper we can, for a few additional cents, furnish you any magazine or paper printed in America. Don't put it off, each evening is getting longer. Come in and let us tell you how we can solve your reading matter problem at little cost.

We used to think that the main idea of a college was to fix it so a fellow wouldn't have to work for a living.

A man isn't necessarily bashful simply because he dislikes to meet his obligations.

And many a man with a laugh coming to him doesn't see it until after it is gone.

### TWO VITAL NEEDS

There are two very important things that go toward making a good, live town: One is persistent, thorough and attractive advertising and the other is backing up the advertising with performance. There is no use advertising if you have not the goods, and there is no use of having the goods if you do not advertise them. No town has ever benefited by the man who sits down and waits for more enterprising and public spirited persons to bring trade to him, and neither is it by the man who fails to deliver the goods when called upon. Both can help make a town a cow pasture of a town. When the business houses of a community know how to advertise and how to follow up the advertising by giving good service, the community is sure to grow, and that helps all the people, for a part of every dollar stays in town. A part of every dollar spent in a town goes to taxes, churches, charities, street and sidewalk improvement. Is not that argument enough to convince you the dollar ought to stay here?

We heard a Lihue man say a few days ago that the reason women have better teeth than men is because they're in the open more.

### We Humanize Business Relations

THE stocks and bonds department of a trust company can be a very cold department, but in the Trent Trust Company an effort is made to keep it distinctly human. In many cases our personal knowledge of the client's business affairs has saved him money whereas if he had dealt thru an intermediary it might have resulted otherwise. You will find your association with the stocks and bonds department a pleasant one.

## Kauai Ties for Second Place In the Inter-Island Series

The Kauai team sprang a surprise at the recent inter-island baseball championship when they threw a scare into the Chinese team who were the final winners in the first game when they fought them even for five innings. The Chinese finally took advantage of Kauai's errors in the field and stepped out ahead the final score being 14 to 7.

In the second game they took the measure of Maui by the score of 12 to 10. Kauai held the lead of 8 to 1 up to the seventh inning when Maui came along and scored eight runs, going into the lead. Kauai showed that they had the fighting spirit by refusing to concede the honors to the Valley Island, as they found Ball for four hits and four runs in their half. Costa, who replaced Wramp in this disastrous inning, pitched great ball for the remainder of the game.

Yoshida and Tsunehiro were the hitting stars for Kauai, the former collecting a homer, a triple and two singles out of nine times at the bat while the latter got two doubles and two singles for his efforts.

Soong, who captained the nine, certainly kept the boys up on their toes, fighting all the way. He collected a homer in the second game while his other hit, a single came in the seventh, when the score was tied and he sent two men across with his bingle. This put Kauai in the lead which position they held.

Wramp really pitched good ball and had the team given him a little better support he would have had no trouble going the whole route. He had hard luck to have the team blow up behind him just when he needed their support the most.

Jonah twirled a great game but nine errors behind him by his team mates cost him any chance of a victory. It was a hard game to lose and it certainly was a heartbreaker for the big blond Makee hurler.

The Lihue representatives on the team gave a good account of themselves, Jim Burgess playing a great game in the field, but at the bat

he had little chance to distinguish himself as the Chinese twirler insisted on passing him nearly every time at the bat. Jim hurt his shoulder and had to be taken from the game. Fuji replaced him and showed that he is about ready for the fast company by playing bang up ball in both games. Fuji collected one hit in the second game, and against Luck Yee, he smacked two to the outfield that backed the fielders up against the fence. Manuel Perra played great ball in the field, getting everything that came his way as well as grabbing off two hits.

Bob Okuda showed that he was a real utility man by playing first base in great style. He grabbed off a hit in the first game.

Although King had the misfortune to drop a fly ball with two out and the bases full in the first game, he made up for his miscues in the second game by a couple of timely hits as well as grabbing everything in the field.

Tilley was another gardener and he had a busy time in right and managed to stop everything that came his way without a bobble.

Although Tank Ohama did not get into the game he was right on hand for an emergency and was kept busy warming up the pitchers when the going got hot for Jonah and Wramp.

Doi, Spalding and Roke were the other bench warmers and it must be said that they had the right spirit and were working as hard as they could to help the team bring home the bacon.

### GAMES NEXT SUNDAY

The big fight for first place comes next Sunday at Elele when Makee and McBryde tangle on the Scots' home lot. The Scots are out to wipe out that 11 to 0 battle the last time the two teams met and at the same time they are out to clinch the second series.

Makawell and Koloa will meet in the other game at Koloa.

The pupils from out of Waimea come to school and return in the district athletic truck.

Kekaha freshmen are: Ah Moon Lo, Thomas Milanano, Sixto Sabala, Morio Tanaka, Yoe Matsukawa, Shinko Gotunda, Anna Brandt, Margaret Fellezo.

Makaweli freshmen: Adelaide Nakapahu, Taro Chickamato, Edward A. Calesenba, Masao Seto.

Wahalaia: Hatsuichi Hashiba. Eleele: Chickanoru Murakami, Yoshito Nakashima, John Gomez, Francis Gomez, Ah Pau Ching, Kenso Kenoshita, Yachiyo Tanaka.

Among the staff of the junior high school are Miss Gail H. Borum, Miss Anna B. Carter, and Miss Ruth Lindsay, all of whom are new to Kauai. Miss Carolyn E. Weller, kindergarten instructor of last year will meet the junior high school classes in hygiene and English.

In the grammar school the following are new Kauai: Miss Amelia Tam Yow, Miss Ethel C. Ching, Miss Hanako Morishigi and Mr. Yaigo Hoshino.

The Y. M. C. A. have already made an effort to organize the H-Y Club among the boys of the junior school. The boys are enthusiastic about the work and of the seventy boys we hope to see a hundred per cent enrollment.

### KAPAA SCHOOL NOTES

Our new teachers this year include Miss L. Johnson of Makawao, Maui; Mr. Sidney Hiu and Miss Beatrice Hiu from the normal. Mr. Hiu will have charge of a special class of over-age lower grade pupils.

Mrs. Bush is substituting for Mrs. Golding, who is on the mainland and expects to return soon.

Mrs. Freitas is also on the coast and expects to return this month. Miss Hiu is substituting for her.

We have twenty-four teachers this year, the same as last. No new buildings were put up, but we had an addition to the kitchen which will be used for a sewing room. The school buildings all received a new coat of paint during the summer.

Dr. H. P. Choy, government dentist, will make a thorough examination of all the children's teeth. He worked throughout the summer and expects to remain here for some time.

Mrs. Alice Wong, after a year's absence, is back with us again.

School opened this September with an enrollment of 706 pupils. In September, 1921, the total was 691; 1920, 634; 1919, 623. Total enrollment to yesterday, was 745.

Mrs. Freitas, who is one of our oldest teachers in point of service, has sent word that she will not be back this year. Miss Hiu will probably remain here to take her place.

Our lunches are averaging two hundred per day but it is expected to increase from day to day.

School books this year are being purchased from the Makaweli store Honolulu as in former years.

Our special study of sugar cane will be confined to the seventh grade this year.

Our complete list of teachers this

year are as follows: George S. Raymond, principal; Miss Yong, Miss Hamamoto, Miss A. L. Wong, Miss Ah Sing, Miss Beatrice Hiu, Miss M. Rodriguez, Miss Brady, Miss Kimura, Miss Johnson, Miss Mladnich, Miss A. K. L. Wong, Mrs. Amalu, Mrs. Hardy, Mrs. Rodriguez, Mrs. A. Wong, Mrs. Sheldon, Mrs. Bush, Mrs. Grote, Mr. Rodriguez, Sidney Hiu, E. Victorino, D. Prigge and Mrs. Matsurra.

### GOVERNOR FARRINGTON IS PLEASED WITH KAPAA WORK

That Governor W. R. Farrington is pleased with the work being carried out along agricultural lines at Kapaa school is shown by the following letter received by George S. Raymond, principal of the school:

My Dear Mr. Raymond: Through the kindness of Charles F. Loomis, secretary of the Citizenship Education committee, I have received folders on the "Sugar Cane Industry" prepared by the children of your school.

I want to congratulate you on the splendid work that you and your teachers have done in introducing agricultural industry as a medium for the broader education of our children. The character of the work that comes to my desk indicates that there is a real enthusiasm on the part of teachers and pupils.

I hope that there will be a steady increase in the number of children in your school devoting their time to the study of the industry on which all our prosperity is based and to which our coming men and women should look as a means of gaining a livelihood and establishing happy homes.

We are told to look up, not down, but we should take care that we do not hold our heads up so high in the air that we fail to notice the beautiful and useful things to be gained from the cultivation of the soil.

I trust that this special work is the beginning of a territory-wide movement to make the opportunities of agriculture an outstanding feature of our public education in all grades.

Yours very truly,  
W. R. FARRINGTON,  
Governor of Hawaii.

This is an inexpensive enamelled floor covering which has qualities peculiarly its own. The enamel is baked onto the surface till it is a part of the material, just like the enamel on a high class automobile.

If it is kept waxed to preserve the surface it will wear for years. It will wear wonderfully well anyhow.

We will send samples and estimates. If you will send a plan of your floor with the correct dimensions of angles and jogs we will send the PABCOLIN all cut ready to put in place.

**ROSALIE KELIHOI'S CORNER**

**PRIMARY VS. CONVENTIONS**

Before the primary law was passed candidates were selected by a convention of delegates from the various precincts. In that way your vote was given to a delegate or a number of delegates and they in turn voted for the men who should represent you in the legislature. Often times you did not take the trouble to go and vote for the delegates, thus the politicians controlled conventions and charges were made that the men chosen were not representative of the people as a whole. The primary law was passed and because of it you are given the right to make your choice of candidates directly. I do not think there is anyone who will be in favor of having that right curtailed; for instance, you would not be in favor of delegating the right to a number of your friends to hand-pick the candidates and force you to vote for them. You would certainly resent that.

Let us not deceive the object of the primary law—the free expression of our individuality as far as politics are concerned. When weighing the merits of the various candidates, frankly investigate me and if I am suitable, give me a vote. We will have another chat next week. Aloha.

ROSALIE KELIHOI.

**CHAPLIN'S "THE KID," IS FULL OF NATURAL HUMOR AND COMEDY**  
 Artistic temperament must be given a new meaning. Cases of it that have occurred from time to time, among world famous geniuses, grand opera singers particularly, have always been destructive in some way. Shows have been spoiled. Plans have been knocked away. Fortunes have been lost. All by the inexplicable urge which has been called artistic temperament.  
 Once in a life time however, artistic temperament is engendered by something that can be put into a form to be appreciated by the non-artistic, and then the world is enriched by a new classic of some sort. Take Charlie Chaplin as an instance. As to his genius there can be no question. Comedy is as great an achievement as is tragedy and the man who portrays either better than anyone else in the world is a genius.  
 To associate Charlie Chaplin with artistic temperament is a thing that is not generally known but it is a fact that he recently threw away at least \$1,000,000 in salary to play a dramatic role in a feature production!  
 It was artistic temperament in the "nth" degree. It was at a time in his career when the sort of comedy that had made him famous was the most popular form of amusement that could be presented to the American public. Yet Chaplin for the first time in his motion picture career was independent, and he gave up an income of nearly \$3000 a day to answer the urge of artistry ever since he went into moving pictures.  
 He spent a full year in gratifying his artistic temperament. The result is "The Kid," which will be the first National attraction at the Tip Top theater next Friday and Saturday nights. It is the greatest picture the comedian has ever done and absolutely different from anything he has ever done.  
 He is still Charlie Chaplin, little hat, dinky mustache, full draped trousers, enormous shoes, half size cane, and all, but it is a Charlie Chaplin injected into a production that covers both lights and shades of human life.  
 The humor is there; the comedy is present; but it is not the trick comedy that made him famous. It is the natural comedy and human arising from the situations which develop logically throughout the six reels of joyous laughter and entertainment which constitutes "The Kid."

**MADLINE SOULE MARRIED AT PALO ALTO, CALIFORNIA**

The following item of interest to Kauaians appeared in a recent San Francisco paper:  
 Palo Alto, Sept. 2.—A romance which had its beginning in the Hawaiian islands culminated Monday in the marriage of Miss Madeleine Soule and Frank J. Burke. The service was solemnized in the Stanford Memorial church by Rev. George H. Whisler, pastor of the First Presbyterian church of Palo Alto, a former school classmate of the bridegroom in Newark, N. J.  
 Mrs. Burke, who is a former Stanford girl, has been doing social service work in Lihue, Island of Kauai, T. H. While in the islands she first met Burke, who had gone there for a rest and vacation. He was graduated from Cornell University and belongs to Zeta Psi fraternity. He is now in business in Los Angeles where the couple will establish a home.

**NEWCOMERS WELCOMED LAST FRIDAY NIGHT**

Recent arrivals in the Lihue and adjacent districts were tendered a formal welcome last Friday night in the Lihue Memorial Parish house. The social committee of the Lihue Union church, chaired by Mrs. W. R. Hobby, had the beautiful interior of the assembly room tastefully decorated with potted and cut flowers and ferns. Mrs. J. D. Sloggett, as master of ceremonies, called upon Miss Dale and Mrs. Rogers for vocal selections. Their well chosen numbers were heartily endorsed by the appreciative listeners. Mrs. H. Sheldon of Kaalia, assisted by a number of Hawaiian friends, delighted their listeners with several Hawaiian selections.

**UTILIZING THE CORNER LOTS**

Some of the best merchandising in the country is now being done by the oil and gasoline companies. A few years ago the idea of utilizing the corner vacant lots of the cities as gasoline stations for motorists was conceived.  
 Today thousands of these sites are improved with glass enclosed buildings, freshly decorated in green and white and other striking colors. From the observation of the writer in many cities, these stations are newly painted at least once, and maybe twice a year. In front of many there are beds of flowers. The driveways are neatly laid out and covered with clean gravel.  
 In many instances the employees are in uniform. They are generally prompt, efficient and polite.  
 The degree of service which is given at these stations varies with the cities, but in practically every case free air is provided. Frequently these salesmen will inflate the tires themselves, and inquire if the radiator does not need water.  
 Perhaps there is a large margin of profit in the oil and gasoline business. Perhaps those flower beds, graveled driveways, attractively designed station and courteous attendants would not be possible in a smaller or less profitable business.  
 But we venture to state that an incorporation of some of these features of merchandising into the average business would soon prove to be, not an expense, but an efficient trade builder.—Toots Magazine.
