Stage All Set for the Primaries

Senator Rice Practically Assured of the Nomination and Election

DEMOCRATS ARE UNOPPOSED

Contest for Delegate Overshadowed by Local Contests for the Lower House

Things political have taken a decided turn and the public interest grows as the primaries draw near. Strange to relate little or no interest seems to be centered in the race for the Republican nomination for delegate and no one seems to care to make any prophecies as to the result. The public seems to be under the impression that the real battle will take place when the Republican and Democratic nominees tangle in November.

In the senatorial race Senator C. A. Rice is practically assured of the nomination as little or no Kaahu strength can be found. Manuel Aguilar is unopposed for the Democratic nomination so that the race in November will be between Rice and Aguilar. The opinion seems prevalent that Senator Rice came as close to being beaten as he ever will be when he was elected four years ago, and that he will once more represent Kauai at the legislature.

The race for nomination to the lower house is the one where the most interest is centered and a grand free-for-all can be expected on election day. The supervisor at large proposition seems to be the only issue and while it is understood that the civic club candidates are pledged to measure the other candidates the other candidates are only stating that they will or will not support the measure as the public sees fit. As one local politician has put it, as long as the candidates will not make a direct issue of it, the only way to tell if the public does or does not want it, will be by the result of the election. If the civic club candidates are elected it will be a sign in favor of the measure and if they are defeated it will be a sign against the measure.

Jack Coney seems to be the favorite, for the nomination and according to most of the politicians will lead the way for the rest of the candidates. John Hoopale, S. W. Meheula, Isaac Kahu, Howard Young, Puni Hayselden, J. C. Jerves, Mrs. Kellinoi and Eddie Gardner are figured to make a good battle for the three remaining places. Hamada is not figured to place on the ticket but his race will be of interest as to how much following he will have.

MOKIHANA CLUB MEETING

The Mokihana Club will hold its first fall meeting at the Memorial Parish house, Wednesday, October 4th at 2:30 p. m.

Due to the resignation of the former vice president, it will be necessary to elect a member to fill this office.

All members having guests for this meeting will kindly secure guest cards from the secretary.

The hostesses for the afternoon are Mrs. H. D. Sloggett, Mrs. T. L. Morgan, Mrs. C. M. V. Forster and Mrs. R. F. Middleton.

LIHUE UNION CHURCH

An excellent service was held last Sunday morning when Rev. George H. DeKay presented the cause of the Anti Saloon League to a large and very much interested audience.

Next Sunday morning the pastor will preach the first of two sermons on "The Supreme Character of History."

President Roosevelt said: "A churchless community, a community where men have abandoned and scoffed at or ignored their religious needs, is a community on the rapid down grade." Are you a member of this community helping to take it up or down the grade?

R. W. BAYLESS.

KAPAA NOTES

A large crowd was out at the Hawaiian hall last Tuesday evening to hear the various candidates running for offices of senator and representative dwell upon their individual qualifications for the offices they were seeking.

Rapid progress is being made on the paving of the Kapaa homestead road leading from the Waialua home steads. The spreading of crushed rock has already reached the Cummings homestead about half a mile beyond the reservoir.

Louis Agard, the genial chief of police of the Sons of Rest of Kealia, and proprietor of the Kealia dairy, is making deliveries himself this week. Mrs. Agard, who has been attending this part of the work is on the sick list and will undergo an operation for appendicitis at the Kealia hospital this week.

Ah Hoy, living on a banana patch near Koloa, got into the clutches of the prohibition officer, J. F. Bettencourt, last Monday. A complete still, one of the largest yet unearthed on Kauai, and without any missing parts, was found, together with one hundred gallons of mash and a gallon of real oke. Two empty barrels and a demijohn also found on the premises were destroyed. \$100 and costs was the penalty assessed on this offender at Lihue.

M. Morita, right fielder of the Makee baseball team, had another visit from the stork last Sunday. Mrs. Morita being presented with her fifth child, a boy. Both mother and child are doing well.

Work on the widening of the narrow bridge near the postoffice was started last week and is expected to be finished in about a month. Only one car at a time can now pass this bridge, but there will be room for two when the widening process is completed.

Juan Diodos, local Filipino, was arrested by the local police last week, charged with assault and battery on his wife. He pleaded guilty before Judge Ekekel Monday morning.

KAWAIIHOU POLITICIANS WORKING HARD FOR ELECTION

Kawaiihou candidates aspiring for places in the next legislature are leaving no stones unturned in their efforts to bring their campaigns to successful conclusions. House to house canvasses are being made by Isaac Kahu, Howard Young and J. T. Hamada. M. R. Aguilar Jr., champion of the Democratic cause, overflowing with oratory every day, trying to convince voters why they should vote for Democrats in general and for himself in particular. S. W. Meheula, Mrs. Kellinoi, Sam Kaahu and their supporters are not making perhaps as much noise as the others, but all claim that they will be there when the returns are all in next Saturday.

The outcome, however, is exceedingly doubtful, insofar as Republicans from Kawaiihou are concerned as four of the five candidates running, Meheula, Young, Hamada and Mrs. Kellinoi are new in the game. Forecasts are being made daily but mostly by supporters of certain candidates, unbiased opinions being as hard to find as that proverbial needle in the haystack. To one who has had the opportunity of listening to many forecasts, and who has no political ties, however, indications are that the Republican candidates for the house from Kawaiihou will finish in the following order: Isaac Kahu, S. W. Meheula, Howard Young, Mrs. Kellinoi and James Hamada. On the Democratic side, Scharsch and Lucas for representative and Aguilar for senator, having no opposition, will oppose the Republican nominees in the general election in November. Kaahu, running against Charles Rice for the Republican nomination, is not expected to beat the Lihue man, although he polled a large vote as representative four years ago. You can never tell what the voters will do, however, as most of the people still remember John Kealoha's victory over Coney in the last election.

Antone Reis, of Kapaa, was a passenger aboard the Claudine this morning from Honolulu.

DE KAY WILL SPEAK AT TIP TOP THEATRE NEXT MONDAY NIGHT

"Do the people want the Volstead Act modified?" "Shall we allow beer and light wines? and could such be altered by any legal act?" "Would it be in the interest of temperance?" Was prohibition 'put over' while the American boys were in France fighting for freedom?" "How popular is the eighteenth Amendment?"

The above are some of the questions that will probably be asked by parties not in sympathy with the Eighteenth Amendment at the lecture at the Tip Top Theater next Monday night.

George H. DeKay, superintendent of the Anti Saloon League of Hawaii, who is now on a lecture tour of Kauai, will deliver an address on temperance and will be prepared to answer any of the above questions or any other question dealing with prohibition that anyone in the audience may see fit to ask.

The lecture is primarily for men, but the ladies are welcome, and it is expected that there will be a large attendance to hear this popular speaker expound the principles of prohibition.

LOCAL PINEAPPLE FIRM TRIES NEW SYSTEM TO DESTROY WEEDS

The paper mulch system used in combatting weeds is being tried out by the Kauai Fruit & Land Co. on one of their fields and according to Walter McBryde, the manager of the company, the experiment so far is very successful.

This system was first worked out at Olua plantation and was first tried for pineapples by the Hawaiian Pineapple Co. It proved to be extremely successful there, not only did it keep down the weeds, but according to officials of the company, it increased the yield of the fruit from two to three tons per acre.

The Kauai Fruit & Land Co. is using the system in one of their hundred acre fields, mauka the government road at the top of Wahiawa hill.

It was first tried in a small section of the field and the difference in growth of the plants in this section compared to a section where the paper has not been used can be plainly seen. The conservation of moisture and due to the mulch and the greater amount of plant food for the pines due to the absence of weeds are the prime factors in the difference of growth.

PROMINENT PORTUGUESE DIES AT HANAMAULU

Jose Frietas Rapozo, one of the most prominent Portuguese in the local community, died at his home at Hanamaulu last Wednesday morning. He was among the first Portuguese to come to the Hawaiian Islands, arriving here in 1882. He first went to work for the Hanamaulu plantation and after completing his term he moved to Lihue in 1886 and worked as dairyman for the Rices for short time, returning to Hanamaulu within a few months. Again in 1891 he moved to Kealia for a short time but soon returned to Hanamaulu, this time remaining until his death. He retired from field work about two years ago as luna a position that he held for 35 years.

He is survived by his mother who is aged 90 and living at Hanamaulu, three sisters, Mrs. John Amorin of Hanamaulu, Mrs. Joseph Reis and Mrs. Frank Caetano of Kapaa; two brothers, Manuel Rapozo of Hanamaulu and Marion Rapozo of Kapaa; six sons, Antone, with A. S. Wilcox estate in Lihue, Manuel, assistant postmaster at Kapaa, John, merchant at Kapaa, Joe and Frank, lunas with Lihue plantation and Daniel; two daughters, Mrs. Antone Rodrigues of Kapaa and Teresa. He is also survived by forty grand-children and one great grandchild.

His mother, who is probably the old living Portuguese woman on the island is also the head of perhaps the largest family here as she has living no less than two sons, three daughters, 70 grand children, 151 great grand children and three great-great grandchildren.

The Rapozo family wish to thank all their friends who were so kind and sympathetic during their recent bereavement.

PERSONALS

Mr. and Mrs. S. W. Wilcox returned last Friday from a brief visit to the mainland. They were accompanied by Miss Elsie H. Wilcox and Miss E. Damon, who have been touring the eastern states for several months.

W. F. Horner, of Kealia, spent a few days in Honolulu last week, returning Friday morning.

Dr. Lawrence L. Patterson, of Kilauea, returned this morning from a visit of several days to the capital city.

Miss Lydia Bodrero, of Kealia, returned from Honolulu this morning where she has been visiting for the past several weeks.

Mrs. W. F. Horner and daughter, Barbara, returned this morning from a visit of several weeks with relatives in Honolulu.

Miss Edith Hansen, secretary of the local Y. W. C. A., returned this morning from a brief visit to Honolulu.

Mrs. Glen Bedell, of Makaweli, was a returning passenger from Honolulu this morning.

Mr. and Mrs. Chas. J. Brenham of Port Allen, are visiting Mr. Brenham's mother, Mrs. Annie Kirkaldy at her home on Piikoi street, Honolulu.

John Hoopale, local member of the legislature returned to Kauai on the Mikihala last week to campaign the island for re-election. Hoopale is also looking after the interests of Norman Lyman on Kauai.

J. S. B. Pratt Jr., of Kilauea, returned on the Mikihala last Thursday from Honolulu.

Mrs. A. Klusmann, of Grove Farm was a returning passenger from Honolulu last Friday on the Kinau.

Robert B. Kay, chief engineer of McBryde Sugar Co., returned from Honolulu on the Kinau last Friday morning.

Miss Eleanor Teark, of Waimea, returned home last Friday on the Kinau.

RETURNS FROM TOUR OF EASTERN MAINLAND

Miss Elsie H. Wilcox of Lihue has just returned from three months trip to the mainland where she visited in Eastern Canada as well as in the United States. After an interesting reunion with classmates at Wellesley College, Miss Wilcox proceeded to the biennial convention of the General Federation of Women's Clubs at Chautauqua, New York, attending as delegate from the Mokihana Club of Lihue. Quite as inspiring in its way was the convention of the National Education Association which met from July 2 to 8 in Boston. At these sessions, Miss Wilcox, attending as a member of the group of delegates and other friends from Hawaii, found much of interest and inspiration. Over 20,000 were expected to arrive in Boston for this convention, but the threat of railroad strike diminished the number by half. Conventions once achieved, a pleasant ten days was spent motoring in Canada and New England, covering over a thousand miles thru the Adirondacks to Montreal and Quebec, returning to Albany by the way of Maine, New Hampshire and Vermont. After visits with relatives and friends in Connecticut, an all too short five days vanished in New York. Comparatively little excessive heat was experienced during the entire summer, and in spite of the railroad strike, there was practically no inconvenience in traveling save of delayed schedules.

STANDARD OIL TANKER IS DUE AT PORT ALLEN

The Standard Oil tanker, Col. E. Drake, will arrive at Port Allen on Thursday morning with a cargo of gasoline and kerosene for the local branch of the company.

SUNDAY AND MONDAY BAD DAYS FOR FORDS

Sunday and Monday was evidently a bad day for Ford delivery trucks wrecked during the two days, being wrecked during the two days. The first one was wrecked at Hanamaulu, both front wheels being smashed and the front of the Ford badly damaged when the wheels locked on the driver. The Ford was the property of Ben Taus.

Three Ford delivery cars were smashed within about two miles on the road from Kalaehe to Eleese. The first accident occurred at the bottom of the hill just beyond Jardine's store. The car went over the bank at the bottom of the hill and the driver although shaken up considerably was not badly hurt.

The two other wrecks were somewhat similar, one occurring on the Wahiawa hill and the other on the road along Hanapepe canyon going into Eleese. As far as could be learned no one was injured seriously in any of the accidents.

The schedule of the Kinau has been changed and the sailing date will be Wednesday evenings instead of Tuesdays as heretofore.

Eight Big Acts in Vaudeville Show

Legion to Present Complete Program From Mind Reading to Acrobatics

TO REPEAT AT MAKAWELI

Community House to be Scene of the Second Performance of the Show

Kauai post of the American Legion will stage their vaudeville show at the Tip Top theater on Saturday evening, October 14 and will also stage their show at Makaweli Community House on Saturday, October 21.

Eight big acts will make up the show and it is the promise of the Legion that their show will eclipse anything of the kind ever presented on Kauai.

The headline feature of the show will be a satire on automobiling called "Motoring." This is one of the biggest and funniest acts in vaudeville and has played in all the big American vaudeville houses and in Europe as well. The act is one big laugh from start to finish. The Legion was fortunate to secure the manuscript of this famous farce and with the leading comic role in the hands of John Midkiff the success of the farce is assured. An all-star cast will support Midkiff in this number.

All the other acts are not featured as much as the head liners, but they are on a high standard set by the feature act.

The big number of the evening will be a short one-act play "The Murderers of Rue Morgue." Suspense and thrills are crammed into this little play and the climax takes a queer little twist of that capable pen of O. Henry.

One of the other features on the program will be the psychic performance of a member of the faculty of one of the Kauai schools. Under the name of Madame X, she will display her unusual powers which have already mystified many local people.

Mrs. Alma Rogers will present a number of the latest song hits in her own inimitable style and those who saw her performance in the Mikado will remember what a distinct hit she made and the numbers that she has selected for the Legion show will give a greater opportunity to display her talents as a comedienne.

James Bodrero, in a novelty chalk talk, in which he will caricature local celebrities at the request of the audience. Jimmy's talents as an artist and his ability to catch a likeness with a few lines needs no comment here.

Of course no vaudeville show would be complete without the acrobats and the Legion is supplying them in the form of Jottman and Carter, two Legionnaires who will startle with their feats of strength and agility.

Two other numbers will round out the program and the committee states that they will uphold the high standard of the rest of the program.

Reservations can be made for the Lihue performance at the Lihue Store and for the Makaweli performance with Jock Catton at the Hawaiian Sugar Co. office.

PROMINENT HEALTH OFFICIAL PAYS KAUI AN OFFICIAL VISIT

Miss Mae R. Weir, secretary of the territorial board of health, spent last week on Kauai making a general tour of inspection. Miss Weir said that she found sanitary and health conditions on Kauai to be exceptionally good. She was enthusiastic over the modern and up to date schools she found here and the model plantation camps. She was decidedly pleased with the system of school kitchens and gardens.

MANU KAI AT PORT ALLEN

The Matson freighter, Manu Kai, will arrive tomorrow morning at Port Allen and after loading about 6000 tons of sugar will depart for other island ports on Saturday.

The Garden Island Radio Column

By MIKE O'FARAD

STRAY WAVES

Hello Everybody!
This is station B.V.D. talking. We
adopted this call so we are sure
of keeping cool, radio broadcasting
is hot work. Did you ever see a
broadcasting station at work? The
Honolulu broadcasting stations ex-
tend an invitation to you to visit
them when you are in town.
Have you heard the radiophone
yet? Drop in at the Lihue radio sta-
tion either noontime or in the eve-
ning and listen in. The evening
program begins at 6:30, noon pro-
gram at 12:30 p. m.

One of the latest types of radio
phone receiving sets is working at
the wireless station. If you like the
results we will even let you take
the set home with you providing
you leave some iron men on the
counter.

Hello, Mr. Menefoglio, thanks for
your phone call, we are glad to
hear you picked up two radiophone
stations from the mainland and heard
part of their concerts. K. U. Y. is
located at El Monte, California.

Hale Chenam holds the record
Last week he picked up the Desert
News station at Salt Lake City and
reports music and voice very loud
and clear.

Mr. Menefoglio, that other station
you heard might be K.D.Z.L. of
Ogden, Utah.

Hello, Makawell Hall.
How are you getting the concerts?
We have a three step amplifier for
your magnavox which will give you
all the noise you want. I believe
Mr. Wood is going to bring it over
and show you how it works.

DID YOU KNOW THAT
When a phonograph record is
played at the broadcasting station
you don't have jump and stop the
machine, or wind it up or put in
a new needle?

The call letters of the Detroit
police station are K.O.P.?
Next Sunday morning at 11 a. m.
you can hear the church service of
the Central Union church of Hono-
lulu at the Lihue radio station.

The radio sets you buy today will
be good for several days. The next
improvements are being centered on
the broadcasting stations with the
hopes of being able to greatly in-
crease the power of these stations
in order to cover greater distances.

If there is any question you would
like to ask or any help you need
the radio editor will be glad to help
you.

Tonights feature will be a brief
talk by Mrs. Sharp-Shears on the
"Wave Length of Bobbed Hair."

Last night, Monday, we picked up
K.Z.N. of Salt Lake City. Voice and
music were good, but K.G.U. of
Honolulu was also in, so spoiled
our chance of hearing music 3000
miles away.

Say, folks, watch out for a storm.
static was rolling in heavy last
night.

Hello, K.D.Y.X. of Honolulu, we
appreciate your thoughtfulness in
keeping as much of the canned music
out of the air as possible, espe-
cially when the records are getting
old.

Kauai would appreciate it if you
would dispose of most of your fox
trots. Can't you find some instru-
mental music such as violin solo,
cornet solo or duets or trios?

RADIO NEWS

Radio broadcasting is still on the
increase. There are over 300 stations
now in operation in the United
States. The air from morning to
night is filled with music and news
and data of various sorts.

Radio receiving sets are getting
to be as essential in the home as
the Victrola and the piano. Even
today there is on the market a
combined phonograph and radio set
built in beautifully designed cabinet
using the same horn. By means of
a switch the horn is connected to
the radio set or to the phonograph.

The magnavox people of Oakland
recently manufactured a magnavox
loud speaking horn with sufficient
strength to carry radio music and
voice over an area of 29, square
miles.

RADIO PHOTOGRAPHS

The actual reception of a photo-
graph by radio from across the At-
lantic has been accomplished.

The first step in history was the
transmission of messages by tele-
graph; the next was the transmis-
sion of human voices by telephone;
the next was that of messages with-
out wires; fourth, the wireless tele-
phone and now the wireless photo-
graph. At present the pictures are
not perfect but are adaptable for
reproduction in the daily papers.

THE VACUUM TUBE

The vacuum tube used in radio
is rapidly becoming as familiar as
the ordinary electric light bulb. The
vacuum tube is the necessary article
in most of the latest and popu-
lar radio receiving sets. It is used
as a detector of radio waves and
as an amplifier.

The vacuum tube or audion some-
what resembles the ordinary light
bulb but on examination you will
find several differences. Two ele-
ments in addition to the filament are
included in the audion. These two
elements are known as the plate
and the grid. The filament is sus-
pended in the center of the tube,
around the filament is the grid in
the shape of a spring and the plate
encloses both the grid and filament.
These elements are placed in a glass
bulb, air is exhausted, producing a
vacuum.

When using an audion in a radio
circuit two batteries are used. One
is a 6 volt storage battery; this is
used to light the filament. The ob-
ject of the lighted filament is to
fill the surrounding space with free
electrons. The other battery of 22
volts is used in the plate circuit.
When the filament is heated, the
electrons are attracted to the posi-
tively charged plate and current
flows. A certain number of these
electrons are captured by the grid,
when the grid is charged positively
electrons will be permitted to pass
thru the grid to the plate. The grid
thus controls the current flow in
the plate circuit.

An oscillating current produced by
the incoming signal is induced in
the receiving tuner coils. This os-
cillating current is rectified in the
plate circuit. Therefore, throughout
the duration of a wave train, the
telephones are traversed by pulsa-
tions, at the termination of the wave
train the plate current returns to
normal and pulsations are not pro-
duced until the next wave train.
These pulsations create the buzz
one hears in the receivers which
form the dots and dashes of the

wireless. The wave trains are pro-
duced at a frequency in the neigh-
borhood of 500 times a second. As
long as the transmitting station
holds down his key these wave
trains come in and an audible note
is produced in the receiving tele-
phones. By making and breaking
the transmitting circuit in accord-
ance with the wireless code signals
are sent which are easily read by
an operator.

KAPAA SCHOOL

George H. DeKay, superintendent
of the Anti Saloon League of Ha-
waii, gave the school a talk on the
evil effects of alcohol.

Our first game of baseball of the
1922-23 school year will be played
with Lihue at Lihue on the 20th
of this month.

The shop is very busy filling or-
ders, the demand for its products
now being in excess of the avail-
able supply.

IG POWER on the HILLS/

Make a fresh start—get a clean
tankful of "Red Crown"—and then
watch how your engine performs.

Watch it on the hills. Every
drop of "Red Crown" vaporizes
rapidly and uniformly in the car-
buretor and is consumed com-
pletely in the cylinders. You get a
continuous stream of power—
more mileage at lower cost.

"Red Crown" is uniform in qual-
ity—you won't need to bother
with carburetor adjustments if
you fill your tank with "Red
Crown" and nothing else.

Fill at the Red Crown sign—
at Service Stations, garages and
other dealers.

Studebaker

It is a noticeable and significant fact
that you very rarely see a Studebaker on the
used car market. This, despite the fact that
in the past two or three years this car out-
sold practically all others in its price class
in Hawaii.

Few Studebaker owners are willing to part
with their cars, and when they do, there's a

waiting list of buyers eager to get this good,
dependable car at a saving price.

On every island of Hawaii, as well as
throughout the mainland, the Studebaker
has proved that it is better than most other
makes of cars selling hundreds of dollars high-
er. It is difficult to beat in any class.

Have you noted the new low prices recently announced?

NEWS NOTES FROM MAKAWELI

WHAT THE BOYS SAY ABOUT CAMP BALDWIN

Here are two compositions written by boys who attended Camp Baldwin; the second annual Plantation Boys' Camp. These compositions were selected as the best from a number written by this year's campers. They were written at Makaweli school:

CAMP BALDWIN

(Mitsuo Yamada, Grade 7, Makaweli school.)

We left our Community House on Sunday, September 3rd. It was a fine day. We sang songs on the way to the camp, on one of the plantation trucks, because we were all happy and knew we were going to have a good time. As we went up the mountain road was slippery and the truck had a hard time making the hills so we all got off and walked from the gate where the pineapple field is fenced up to Camp Baldwin. We then went back to the truck and all helped carry something back to camp, for the truck could not go any further. The first thing we did after getting settled at Camp Baldwin was to have a game of playground ball.

Our cook was a Chinaman and he was a very good cook. We liked what he made us and everyone enjoyed it. We had chocolate, breakfast food, jam and bread for breakfast, and for dinners and suppers we had meats, vegetables, bread, rice, fruit and tea.

The first night at camp we had talks by Mr. Damkroger, our leader, and Mr. Fernandez, and they explained the rules of the camp. At 9 o'clock we went to bed and were supposed to get up at 6:30 in the morning but it was the first night and we all were not used to the coldness and woke up at 4:30 instead. We slept in Mr. Baldwin's house for the first three days and the rest of the time in tents which were brought up in a truck by the plantations.

Every morning after we brushed our teeth, washed our face and hands the tents were inspected. Then the flag was raised and songs sung and we had sitting up exercises and then eat breakfast. After breakfast we played games of playground ball and the rest of the time until dinner we went hiking which was lots of fun. After dinner we rested for about an hour and then played ball and other games again. After the game we went swimming and then had supper. We made a fish trap to catch some fish. I was once on kitchen police for a day and liked it very much. We had a treasure hunt on Thursday and I had a lot of fun that day even though I did not find it. Mr. Damkroger told us one direction and we hunted around until we found a note. The note gave us another direction and so on until we found a map which showed where the treasure was hid. August Cabasina found the treasure which was a five pound box of candy.

In the evenings we had shows and campfire programs. These were lots of fun. The shows were acts made up by the boys themselves, each tent giving one act.

On Sunday we cleaned up camp and got ready to go home. We left Camp Baldwin after lunch and sang songs all the way back to Makaweli.

While in camp I would sometimes feel that I wish I was at home but when we started to leave Camp Baldwin I felt at once I would like to stay there a much longer time because I had such a good and jolly time.

CAMP BALDWIN

(Isao Fugl, Grade 7, Makaweli school.)

I woke up early in the morning and made everything ready for our camping. All the boys went to the Community House as fast as they could. The boys were so happy when Mr. Damkroger, our leader, called our names and we got into the truck and left for camp. We saw lots of things on the way—birds, trees, cliffs and fruits. All the boys were so happy they sang and yelled all the time. When we got to camp we were so happy we yelled.

Our cook was Mr. Sam and he was the best we ever had. He cooked very good food and the boys were happy. We had such good meals that it made us eat more. We had our meals around a large table. After supper each day Mr. Damkroger told us stories and we had shows and campfires. We had three tents and ten boys slept in each tent.

All the boys woke up at 6 o'clock in the morning and brushed their teeth and combed their hair. We then had flag raising and exercises. After exercises we all ate breakfast

and then had inspection of our tents and clothes. Then we played playground ball and other games. There were three teams, the Tigers, Giants and Outlaws. The Tigers took the playground ball championship of Camp Baldwin.

One time we hiked four miles to a swamp. We saw beautiful birds and picked fruit. It was the first time I ever saw a lake like Black Lake. There was trees growing in it.

Every afternoon we went swimming in the fresh water of a large pool near the camp. Once we had a swimming contest. August took first place in the 25-yard dash and high dive. Sheichi Akagi took first place in the 25-yard dash for the juniors and Kinichi Kawado took first place in the high dive.

We also had a treasure hunt. All the boys were very glad to hunt for the treasure we ran around and was so glad. August found the treasure. All the boys had such a good time and were so happy and gay that we didn't want to come home and would liked to have stayed there two months.

On Sunday we packed up and the truck took us home. We sang songs all the way from Camp Baldwin to Makaweli. We had the best time in our life at Camp Baldwin.

INSTRUMENTS ORDERED FOR MAKAWELI BAND

Twenty-four band instruments, of the very best obtainable, have been ordered from C. G. Conn & Co., of San Francisco, by the plantation and should be here sometime during this month. These instruments are for the Makaweli plantation band which will be organized soon.

The list of instruments are:

- One piccolo
- One Eb clarinet
- Four Bb Clarinets
- One Bb saxophone
- Five Bb cornets
- One Bb baritone
- Three Bb trombones
- Four Eb altos
- Two Eb Bass
- One snare drum
- One base drum and
- One cymbal.

These instruments will be loaned to the men who make a place on the band. Mr. Souza will be the director and is anxious to have anyone who wishes to try out to give his name either to himself or Mr. Damkroger. It is not necessary to have had previous experience in the playing of band instruments, for those who wish to learn will be taught how by the director. Quite a number have already applied but there is room for more. Just think of it! A band on Makaweli plantation and an opportunity for any employee to learn to play a band instrument free of charge.

HARVEST FESTIVAL A SUCCESS

Last night our Community House was filled to capacity, the occasion being a harvest festival to celebrate the closing of our grinding season.

The Makaweli public school and Japanese school each put on a number. Earnest Ah Nee gave a very comic vaudeville number. In addition these motion pictures were shown.

SPLASHES FROM CAMP BALDWIN

(Clipped from the "Mountain Howl")

Thirty plantation boys had the best time of their life this year at Camp Baldwin.

Johnny Rapozo was the camp jester. He was the first to sound off in the morning and the last to quiet down at night. He kept everyone laughing and in good humor. He was presented with a tissue paper loving cup for his comedy.

The swimming meet was a splashing success. A few world records were broken and August tied the Barking Sand twenty-five inch dash. He sure has speed and form and ought to some day be a rival to the Duke—that is if the Duke gets rheumatism.

The evening vaudeville shows were a howling success. Each tent tried their actor "stars" at some stage stunt from the magic act to Mr. Shakespeare. One of the rules of

"MAIN STREET," CAMP BALDWIN

THE GANG

the game was that the actors had to tell the audience what they were doing—you see some might not be able to catch on because some of the actors didn't really know themselves. Anyways, the stunts were really funny.

Snipe hunting was taboo. For one thing it was closed season on this game and for another there were many of last years campers that got such a kick out of this sport last year that they just couldn't keep quiet. So everyone was wise.

Talk about kaw-kaw. It was fit for kings. Sam, the cook, knew just how to put it up to suit the boys. He sure was popular around camp.

Willie got a headache while in camp and he said he never suffered so much in all his life. The camp director, Mr. Damkroger, had told him to stay in his tent. Someone asked him why his sickness was so awful and he calmly replied because the suffering was in-tents.

The only unenjoyable part of the camp was the leaving. Everyone wanted to stick around for a couple of more weeks, but as school was going to open and the kaw-kaw was getting low it was thought best to go back on scheduled time. Thirty boys vowed they would do their best to get to attend next years camp.

Mitsuo Yamada of Camp 5, was awarded the Boy Scout knife for being the best camper of Camp Baldwin.

Mr. J. Fernandez assisted Mr. Damkroger as a camp leader and proved a very popular one. All the boys hope that he will be a member of next year's camp.

—Let your Christmas presents be a joy throughout the year by giving each of your friends a nice magazine. Send to the K. C. Hopper News Agency, Lihue, for a catalog. Phone 22-L.—Adv.

LIHUE SODA

is clear mountain water, brought to our tanks without having been exposed to the light of day, cooled by passing thru a coil of pipe under ice, saturated with the pure food containing carbonic gas, then introduced under pressure, into a clean bottle, into which has been previously placed flavored syrup made of refined cane sugar, and capped to retain the flavor and the gas.

PABCOLIN

This is an inexpensive enamelled floor covering which has qualities peculiarly its own. The enamel is baked onto the surface till it is a part of the material, just like the enamel on a high class automobile.

If it is kept waxed to preserve the surface it will wear for years. It will wear wonderfully well anyhow.

We will send samples and estimates.

If you will send a plan of your floor with the correct dimensions of angles and jogs we will send the PABCOLIN all cut ready to put in place.

This splendid inexpensive floor covering is only one dollar a square yard.

CAMP 6 CLUB HOUSE SOON TO BE COMPLETED

It won't be long before Camp 6 will be added to the list of Camps 2, 4 and Makaweli, 5 and 8, as having a club house all of their own, for the one under construction there will soon be completed. The Camp 6 club house is being constructed adjoining the camp playground and will be similar to the other camp amusement centers. When completed it will be equipped with two pool tables, a counter where candy

tobacco, soda water and other refreshments will be on sale, a phonograph, table games and a barber shop.

This club house will be open every evening from 5:30 to 9 and all day Sundays. It will be supervised by one of the men of the camp. The charge for the use of the pool tables will be the same as at the other club houses: 18 cues for 25 cents. The other attractions will be free.

A program is being planned for the opening night of this club house.

Blending by Chesterfield's method (based on our private formula) produces a mild cigarette that is at the same time completely satisfying.

No other combination of tobaccos achieves this result. Chesterfield's Turkish-Domestic blend can't be copied.

Chesterfield

CIGARETTES

of Turkish and Domestic tobaccos—blended

WE state it as our honest belief that for the price asked, Chesterfield gives the greatest value in Turkish Blend cigarettes ever offered to smokers.

WEATHER MAN SORRY TO LEAVE ISLANDS

Lawrence H. Daingerfield, meteorologist in charge of the United States Weather Bureau in Hawaii, for the past three years, departed for the mainland last Wednesday where he will take charge of the bureau at Houston, Texas.

The following letter has been received by the Garden Island for publication by Mr. Daingerfield, expressing his aloha for Hawaii.

Dear Editor:—We take this occasion, on the eve of our departure to our new field of labor, in charge of the climatological work of the state of Texas, to extend our deep appreciation of the splendid co-operation of the people of Hawaii with the weather bureau.

It is a real pleasure to have been with you, to have been one of you, for a few years. You have a splendid land down here—a fascination and charm all its own. You have great opportunities here—opportunities that only the distant future may finally unfold. You have congenial and friendly people here. You seem to have everything necessary to make and keep Hawaii the real Paradise of the Pacific.

We are going to a larger field of work; but it cannot be more pleasant than our labors in your midst. In going from you, we wish you well in every way—ALOHA, you would say, until we meet again.

We sincerely hope and trust that Mr. Thomas A. Blair, my successor, will meet with the same happy consideration and splendid co-operation as have we thru the years of our residence in your midst.

Sincerely,
LAWRENCE H. DAINGERFIELD,
Meteorologist.

THE SHOW WAS WORTH 50c; CHARGED ONLY 5 CENTS

The Girls' Club and the Y. M. C. A. boys' and young men's clubs of Puhi of Puhi, Grove Farm, staged a unique community entertainment in the Puhi hall last Saturday night. The Girls' Club under the direction of Miss Roe took part in a beautiful fairy tale play. The boys entertained the audience with a minstrel show and also with a set of fancy calisthenic exercises. The young men demonstrated the ways of building human pyramids. They also furnished the orchestra music between shows.

The hall was crowded even to the four walls and in addition to that there was a mob out on the porch, the unfortunate ones who could not find a place for them in the hall.

The admission charge of 5 cents together with the selling of ice cream cones raised the total amount of \$16. The proceeds will go to buy athletic goods for the Puhi community.

The plantation has put a lighting outfit in the play ground where the people of the community can come in the evening and play wholesome recreations. The young men of Puhi are at present interested in the game of basketball. It is hoped that several teams will be organized on Grove Farm so that community athletics can be played in the evenings.

HAWAIIAN BORN YOUNG PEOPLE

Friday night, October 6th, there will be the second of a series of socials for the Hawaiian born Japanese young people which will be held at the Parish house. All of the young folks of this group from 16 to 30 years of age are cordially invited. Rev. George H. DeKay, who was in the transport service during the war will relate his experiences with the soldiers and submariners.

Campaign Hint

Why do not the candidates for high office hire wholesale florists as their campaign managers? The trouble with most political booms is that they reach their peak too soon and peter out sadly by primary or convention day. A florist in control would prevent that. Used to forcing Easter lilies so that they will bloom at Easter, or holding them back so that they will not bloom before, "raising a favorite son" under glass so that he blossomed just at the right moment in the year would be a cinch for him. Congressmen up for election this fall will do well to give this their attention.—Arthur Folwell in Judge.

IN THE CIRCUIT COURT OF THE FIFTH CIRCUIT, TERRITORY OF HAWAII
At Chambers—In Probate

In the Matter of the Estate of William Iona Kua (K), late of Waimea, Kauai, deceased testate.

ORDER OF NOTICE OF HEARING PETITION FOR PROBATE OF WILL

A Document purporting to be the Last Will and Testament of William Iona Kua (K) late of Waimea, Kauai, deceased, having on the 19th day of September, A. D. 1922, been presented to said Probate Court, and a Petition for the Probate thereof, and for issuance of Letters of Administration with Will annexed to Wm. K. Waialeale of Koloa, Kauai, having been filed by I. K. Kapunia, Executor named in said Last Will and Testament.

IT IS HEREBY ORDERED, That Friday, the 3rd day of November, A. D. 1922, at 9:30 o'clock A. M., of said day, at the Court Room of said Court, at Lihue, Kauai, be and the same hereby is appointed the time and place for proving said Will and hearing said application.

Dated at Lihue, Kauai, September 19, 1922.

BY THE COURT:
(Seal.) J. C. CULLEN,
Clerk.

J. Mahiai Kaneakua,
Attorney for Proponent,
Kapaa-Lihue, Kauai.
(Sept. 26-Oct. 3-10-17-1922).

NOTICE OF SALE OF GOVERNMENT GENERAL LEASE.

Public Notice is hereby given that at 1 o'clock P. M., Friday, October 27, 1922, at the front door of the Hanapepe Postoffice, Hanapepe, Kauai, T. H., there will be sold at public auction to the highest bidder, under the provisions of Section 73 of the Hawaiian Organic Act and Section 350 of the Revised Laws of Hawaii of 1915, a General Lease of the following Government Land:

Lot 46, Hanapepe Rice and Kula Lots, Hanapepe, Kauai, containing an area of 13.80 acres, more or less; term of lease, 10 years from October 26, 1922; upset rental \$69.00 per annum, payable semi-annually in advance.

The purchaser shall immediately after the sale, pay the first six months' rental, together with the costs of advertising and all other charges in connection with the preparation of said lease.

The sale of the above General Lease is subject to all the terms and conditions of Government General Lease issued by the office of the Commissioner of Public Lands. Map of the land to be leased and form of Government General Lease is on file and may be seen at the office of the Sub-Land Agent, County Building, Lihue, Kauai, T. H., or at the office of the Commissioner of Public Lands, Capitol Building, Honolulu, T. H.

For general information, apply at the office of the Sub-Land Agent, County Building, Lihue, Kauai, T. H., or at the office of the Commissioner of Public Lands, Capitol Building, Honolulu, T. H.

A. A. DUNN,
Acting Commissioner of Public Lands.
Dated at Honolulu, T. H.,
September 23, 1922.
(Sept. 25-Oct. 3-10-17-24)

VACCINATION NOTICE

October 2, 1922.
Notice is hereby given that Government physicians of the District of Waimea, Koloa, Lihue, Kawaihau and Hanalei will start vaccinating the pupils of the several schools in their district after October 3rd, 1922.

This notice is given in pursuance of Section 562, Revised Laws of Hawaii.

F. E. TROTTER,
President, Board of Health.

DISSOLUTION NOTICE

Notice is hereby given that the firm of Coney & Morris, contractors, was dissolved on the 21st day of September, 1922, and that neither party will be responsible for debts contracted in the firm's name after that date.

J. H. CONEY,
P. M. MORRIS.
Lihue, Kauai, Sept. 21, 1922 3t

NOTICE

Notice is hereby given that I will not be responsible for any debts incurred by my wife, Julia K. Akama, without my written consent.

MRS. KELIINOI'S CORNER

I wish to thank all of you... for the hearty response which you have given me wherever I have appeared and spoken. There are just a few more days to primary, and during this period, there is no doubt that other propoganda will be spread against me. My only request is that you do not believe any of these eleventh hour tales which my enemies may spring against me. Should you have the least shadow of a doubt, trace the rumor to its source before you pass any judgment detrimental to my campaign.

I wish to thank even my enemies for the compliment they are paying me by the way they are getting out and fighting hard against me. My campaign is evidently giving them cause for worry.

I wish to again call your attention to the fact that it would be a good plan to send a woman to the legislature. For while men give most of their attention to things, women as a rule give their attention to the human side, such as the children, their education, their welfare, the welfare of the homes, etc. With me to assist our men folks, Kauai ought to have a strong team in the house and that means getting the best there is to be gotten for our island without hurting the welfare of the territory as a whole.

I appeal to all the women voters of Kauai to turn out and help me on primary day. I appeal to all men on Kauai who are "sports" to give us women an equal chance, and vote for me. Out of your choice for four names, at least give me a vote.

Thanking you again, with aloha, I am
ROSALIE KELIINOI.

FOR REPRESENTATIVE

I hereby announce my candidacy for nomination on the Republican ticket for member of the Territorial House of Representatives from the Sixth Representative District, subject to the will of the voters of that District as expressed at the primary election.

D. K. HALSELDEN.

ANNOUNCEMENT

To the Voters of Kauai:
I desire to announce that I will be a candidate on the Republican ticket for the office of Representative and respectfully solicit the support of the voters of the county at the coming primary election on October 7th.

HOWARD C. YOUNG (Opio) Kapaa Homesteader.

ANNOUNCEMENT

To the Voters of Kauai:
I desire to state that I will be a candidate at the coming primaries for the office of Representative on the Republican ticket. I respectfully solicit the support of the voters of Kauai county on October 7th.

S. W. MEHEULA.

FOR REPRESENTATIVE

I hereby announce my candidacy for the nomination for member of the Territorial House of Representatives on the Republican ticket to be selected at the primary election, which will be held on October 7, next, subject to the will of the electors of this district, the county of Kauai.

J. H. CONEY.

ANNOUNCEMENT

Fellow Citizens and Voters:
I beg to announce my candidacy as a representative for the Sixth Representative district on the Republican ballot, seeking the nomination at the primary election to be held on the 7th day of October, 1922.

I have served two terms as a messenger for the House of Representatives during the regular session of 1917 and special session of 1918, and one term as a messenger for the Senate during the regular session of 1919. It gave me the experience of how to conduct the rights of the people at the legislature.

ISAAC S. KAIU.

ANNOUNCEMENT

Ladies, gentlemen and fellow voters, if you have weak eyes and you need spectacles properly fitted for voting on the 7th of October, call on S. E. LUCAS, Optician, Kapaa running for the House of Representatives on the Democratic ticket.

Many thousands of ballots are thrown away on account of poor eyesight. My experience consists of 25 years practice in this Territory.

SPORTS

Koloa Whitewashed by the Lihue Gang

BACKED BY FINE SUPPORT, OKUDA HANDS KOLOA TEAM A SHUTOUT

Lihue handed out their first white-wash of the season to Koloa last Sunday on the Lihue diamond beating them by the score of ten to nothing.

For a time it appeared as if there was not going to be any ball game for the Lihue team could only muster about six men on the field and Koloa was having the same difficulty. Koloa finally gathered together nine men, so Lihue put suits on Joe and Frank Tashero, who are eligible as far as playing is concerned but who have not taken part in a ball game for quite a while. Willie Hukano, one of the mascots was rushed to right field until Tai another Lihue veteran could be pressed into service.

Both Joe and Tai did a great comeback each playing great ball in the field and each gathering a hit for himself. Frank also connected for a two-bagger with the bases full in the fourth inning.

After Koloa had gone out one, two, three, in their half, Lihue opened fire for Costa in their half. Fuji was safe on Apiong's error the ball hitting the Koloa short stop in the chest and he decided to massage his chest before retiring. Hukano struck out, but Fuji moved on to second on a passed ball while he was doing so. Burgess walked. Roke singled down the third base line and Fuji scored. Burgess being held at second. He and Roke moved up on a passed ball. Frank Tashero flew out to left but Joe hit one to right and Burgess and Roke scored. Joe was out trying to stretch it into a double.

Masaru opened up for Lihue in the second when he singled to center. Pierra hit one on the nose to center but Neal made a great catch. Okuda singled to right and Masaru went to second. Tai singled to right and Okuda scored. Burgess walked, but Roke fouled out to Santos and Frank Tashero fanned.

The fourth inning was the big blowoff for Lihue. Okuda was safe on second when Basio booted his grounder. He stole third. Fuji walked and stole. Tai went out Costa to Raymond and nobody moved up. Burgess walked filling the bases. Roke hit a slow one to Marion and before he could field the ball, Okuda was over the plate and Roke was safe at first. Frank Tashero doubled to left center and Fuji and Burgess scored Roke pulling up at third. Santos let one of Costa's shots get away from him and the ball rolled right in front of the plate, but Santos could not find it and while he was looking around Roke scored.

Lihue's last run came in the 8th. Fuji was again safe on Apiong's boot. He went to second when Costa tried to pick him off first and threw wild. He moved on to third while Tai was safe on C. Marion's boot and scored when Jimmy Burgess drove a long fly to left.

Koloa had a good opportunity to break into the score column in the sixth. Kondo singled in field, but was out stealing. Basio fanned. Caesar hit one to Burgess that took a funny bounce and got credit for a hit. Neal hit one to Tashero that was too hot to handle. The double steal was put up which put runners on second and third. Santos hit one to right center that looked good for a hit but Masaru left with the crack of the bat and pulled it down with a pretty catch. This boy Masaru looks like the best fielder in the league and if he can pick up in his hitting he will make them all step next year to keep him off the all-star club.

Kondo made some pretty catches in left for Koloa and in the third he retired Lihue unassisted with three fly balls robbing Masaru of a hit on one of them.

The score:

KOLOA		ab	r	h	po	a	e
Kondo lf		4	0	1	4	0	0
Basio 2b		4	0	0	1	0	1
Caesar rf		4	0	1	2	2	0

Makaweli Puts Crusher on Scots Pennant Hopes

BOTH TEAMS BUNCH HITS AND MAKE THEM COUNT

Makaweli put the crusher on most of McBryde's hopes in the pennant race last Sunday when they pinned an eight to seven defeat on the Scots. This gives the Scots three losses against the champs' two defeats and unless the Redskins can pin a defeat on the champs next Sunday or Lihue get its protested game and wins from them, then it is an over out the shouting.

Both teams staged rallies in their game Sunday, the Scots putting over five runs in one inning and the Redskins four. The Redskins' four runs put them in front which is what wins ball games. Both Okuma and Wramp outside of their one bad inning neared good ball.

LIHUE TENNIS CLUB TO HOLD TOURNAMENT

The Lihue Tennis Club will hold an elimination doubles tournament beginning on Thursday afternoon.

The drawings for the first round are as follows:
Spaulding and Baggott vs. Wile and Vance.
Paul Rice and Bayless vs. Middleton and Smith.
Garlinghouse and Stackhouse vs. Jamieson and Case.
Lane and Englehard bye.
Scribner and Olsen bye.
Fern and Balthis bye.
Hopper and Wood bye.
Longstreth and Crawford bye.

Rice and Bayless will meet Middleton and Smith on Thursday afternoon and Garlinghouse and Stackhouse vs. Jamieson and Case will also be played on Thursday afternoon. Spaulding and Baggott will meet Wile and Vance on Friday afternoon.

The second round will consist of the winner of Spaulding and Baggott vs. Wile and Vance and the winner of Rice and Bayless vs. Middleton and Smith. The winner of Garlinghouse and Stackhouse vs. Jamieson and Case will meet Lane and Englehard. Scribner and Olsen will meet Fern and Balthis on Friday afternoon while Hopper and Wood will meet Longstreth and Crawford.

The winners will meet in their regular order in the semi-finals and finals. Two out of three sets will decide all matches. An entrance fee of 50 cents will be charged.

AN ATHLETIC MEETING

A meeting will be held at the court house at 7:30 o'clock Tuesday evening for the purpose of organizing an island athletic club. All persons interested in sports are invited to be present.

FAIRBANKS SPENT A MILLION DOLLARS

Douglas Fairbanks spent a million dollars in producing "The Three Musketeers," Doug has made the most lavish picture of his career or the first time since he became a screen actor. Douglas Fairbanks spent a cold million dollars in order to make "The Three Musketeers," which has proven to be the fun sensation of the picture world, and which was adapted by Edward Knoblock from Alexander Dumas famous novel, and directed by Fred Niblo.

Never before in the history of the motion picture industry was a photoplay produced on so lavish a scale as this forthcoming Fairbanks offering. Nearly a hundred thousand dollars was spent on costumes alone and more than half that amount was expended in the building of the exterior sets, not counting the ship and the pier which cost a small fortune besides.

The payroll of the stars and players was more than three times as heavy for this picture as it was any previous Fairbank's film, owing to the fact that it was the aim of the star-producer to get the best talent available, regardless of cost.

More women play with Doug in important roles in "The Three Musketeers" than ever before appeared with him in any feature. Marguerite De La Motte, Mary MacLaren and Barbara La Marr, all stars in their own right, who are among the highest paid photoplayers on the screen, take the leading parts.

All told, there are one hundred and sixteen persons in the cast not counting the extras, and the weekly payroll for "The Three Musketeers" reached the staggering sum of over \$50,000 a week.

**CHARLIE BRENHAM IN
 AUTOMOBILE ACCIDENT**

Charles J. Brenham, assistant bookkeeper with the Kauai Railway Co., at Port Allen, who, with his wife is visiting his mother, Mrs. Kirkaldy, in Honolulu, was in an automobile wreck yesterday that happily proved not to be serious to the occupants of the car. The Advertiser gives the following account of the accident:

Mrs. A. K. Kirkaldy and Mrs. Walter Drake were slightly injured yesterday afternoon about 4 o'clock when the automobile in which they were riding went thru a fence on Beretania street and dropped six feet down the bank of a stream, which runs past the Maternity home. Both women were rushed to the Queen's hospital where it was found that Mrs. Kirkaldy sustained a cut over the right eye and Mrs. Drake, a lump over the left eye. The child of the latter escaped without injury as did Charles J. Brenham who was driving the automobile. The stream at this point is about 16 feet below the street level. The car was badly damaged.

The investigation of the case by Hans K. Kihachi, motorcycle officer, shows that Brenham was traveling Walkiki on Beretania street. A racer driven by Heine Nelson was following behind. Both machines were on the right side of the road. Near the Maternity home Nelson is said to have cut in front of the other auto and his rear right hub caught the front wheel hub of Brenham's car causing the latter vehicle to run off the road over the curb and thru the fence and down the bank for a six foot drop. Nelson, according to the officer's report attempted to get away but was chased by C. K. Gibson, the driver of another car. No arrests have been made.

SOCIAL SERVICE
 ASSOCIATION MEETING

The first fall meeting of the Social Service Association will be held Saturday, October 7, at 2:30 p. m., in the Mokihana hall, Lihue. All members are urged to be present at this first meeting. An invitation also extended to all others interested in the work that the association is doing.

George H. DeKay, superintendent of the Anti Saloon League of Hawaii will be the main speaker taking for his subject: "Prohibition in Relation to Welfare Work."

KAUAI LEGION HOLDS MEETING

Kauai Post of the American Legion held its regular meeting at the court house last Tuesday evening. A report of the delegates to the department convention was given by Department Commander Rice.

The committee on the Armistice Day celebration reported in regard to the Legion's annual show. No definite plans have been made as yet in regard to the show as the committee is undecided whether to put on the annual affair or to stage with the help of professional showmen a big three day celebration.

The amusement committee reported that the vaudeville show will be given at the Tip Top on Saturday, October 14th.

HI-Y'S TO MEET AT HIGH SCHOOL

Saturday, October 14, will mark the date of the first county older boys' conference to be staged in the territory under the auspices of the various Hi-Y clubs of the county. The boys of the eighth grade and high school classes will gather at the Kauai Union High School for a days conference and good time.

L. R. Killam, territorial secretary, will be one of the speakers and will relate his experiences during his recent trip to the orient.

The conference theme, "Making Good," will be presented from several angles by representatives of the different clubs. The grand finale will be a football game between two Hi-Y teams. Begins at 8:30.

*Mme. Rente to Open
 Dressmaking Parlor at
 Tip Top Building*

Mme. Rente, professional dressmaker and designer, graduate from the Women's Institute, of Scranton, Pennsylvania, will open a dressmaking parlor at Lihue, in the Tip Top Building, October 15th, 1922.

Mme. Rente will also conduct a sewing class. All those wishing to learn how to make their own clothes will do well to call and inquire about conditions.

Orders will be taken for hemstitching at the following rates: Cotton, 10c per yard; silk, 2 yards for 25c.
