PRICE FIVE CENTS

CHILD-MURDER FACING BRUTAL PARENT

INFANTICIDE CHARGED TO FATHER

Deaths of Two Korean Children Probed and Murder Is Indicated

As a result of testimony offered by Dr. Chu Fong and the contradictory statements made by the parents at the coroner's inquest held last night over the body of the infant daughter of Chin Kim Sut, a Korean, sufficient evidence has been gathered by Attorney Fred W. Milverton to hold the father to the Grand Jury on two charges of infanticide.

Further evidence, taken from the records of the Kauaikeolani Children's hospital shows that on July 23, 1911, the six-week-old daughter of the same father, was brought to the hospital and treated for fractures of the legs and arms, alleged to have been received by the infant as the result of a fall.

On July 23, 1911, the child was discharged as well and returned to the parents, but six weeks later it died, supposedly as the result of the shock from its injuries.

Shin Fong, the Chinese doctor who was called by the parents on Tuesday to attend the baby on whose body the inquest is now being held, testified that at that time the mother had told him that the child had been bitten by a "butterfly-winged cockroach" and that the child had not fallen, although the child's skull shows a circular fracture.

At the inquest last night the mother testified that she had told the doctor that the child had fallen from the sofa; the mother's ten-year-old daughter started to testify that "her mother had told her to say that the child had fallen" then she stopped and her voice ran into an unintelligible murmur which could not be heard by the Chinese interpreter. The seven-year-old son testified that he

NO MONEY FOR SOLDIER; WIFE FORCED TO BEG

Failure of Congress to Pay the Troops Drives Family to Ask Charity

WOMAN AND CHILDREN LEFT WITHOUT FUNDS

Associated Charities Gives Aid When Government Breaks Its Contract

"Although my husband is a non-commissioned officer in the United States Army and is doing active service on the mainland, I and my children are hungry, we can neither buy food nor pay our rent and are forced to beg charity in order to live," and this because the richest government in the world has failed to pay its soldiers.

This statement was made in the office of the Associated Charities to Mrs. A. C. Jordan, by an American girl born in Honolulu, who is the wife of a non-commissioned officer of higher rank in the United States Army, and on account of the failure of Congress to pass an army appropriation bill is unable to obtain money or credit to buy food for herself and her three children and until today had evicted staying her in the face.

Ordered to Coast.
The girl, who comes from an American family that has resided in Honolulu for some years, was married four years ago to a non-commissioned officer of one of the regiments then stationed here. Some months ago, her husband was ordered to the mainland and when they parted it was with the understanding that the wife was to come on to the Coast with the three children in June. But the last week in May, the president vetoed the army appropriation bill which has left the army without funds since June 1.

As the husband's stock of money dwindled, his remittances became smaller and finally ended altogether as he explained that he was totally without money. Gradually what money the wife had was used up and she was forced to fall back on her parents, who on account of their own circum-

(Continued on Page 4)

WARRANT OUT, SO PUBLISHER FLEES TO OAHU

H. H. Tammen Wanted in Denver on Charge of Criminal Libel in City

OWNS DENVER POST AND 6-RING CIRCUS

His Partner Fined for Contempt but Visitor to Take Life Easy

Fleeing from service of a warrant calling him to appear before a Colorado tribunal upon a charge of criminal libel, H. H. Tammen, a man of millions and mines, capitalist, owner of the most widely circulated and sensational daily newspapers published in the Centennial State, the heaviest shareholder in one of America's greatest six-ringed circuses, is now a dweller in peace and quietude as a guest at the Moana Hotel.

His partner in the Denver Post, Frederick G. Bonfils, was but recently sentenced to jail and to pay a fine of \$5,000 for contempt of court growing out of the libel proceedings.

"Yes, I am the publisher as well as proprietor of the Denver Post, a newspaper that comes pretty near saying just what it means," laughed Mr. Tammen, following a query launched at a Star-Bulletin man today about the newspaper situation in the Hawaiian Islands.

"There are no strings attached, and we generally hit right on from the shoulder when it is believed necessary."

Ahead of Warrant.
"I left Denver only a few weeks ago to avoid the serving of papers upon me, which charged criminal libel. On my arrival at the coast I simply could not avoid running into the vast amount of promotion literature sent out by your organizations here, and therefore decided on very short notice to try the Hawaiian Islands as a rest cure."

"I was on the verge of a general breakdown before leaving the Colorado capital. It was at the instance of my physician that I was induced to seek a change of scene and climate."

Army Board Plans Mean Coin For Oahu

LIEUTENANT-COLONEL MORRISON (left) and MAJOR BLAKELY

Experts on Fortifications Meet to Consider Problems of Defense

The board of army officers which is to formulate plans for an "impregnable Oahu" held its third session this morning, the two newly arrived officers, accompanied by Lieutenant Andrews, aide de camp to the department commander, making a short stop of investigation asid.

All its deliberations are, of course, strictly confidential. Information whatever it may be divulged to the public is to be made only on the authority of the department commander. Some of the most experienced strategical specialists in the army are at work here, making history for Hawaii and for the entire country, for that matter, and it is only when the millions of money that will undoubtedly be expended here as

the result of the board's recommendations, commence to flow into island coffers and posts, that the general public will fully realize the importance of the conference now taking place.

Of the four officers who are deliberating on the defensive problems of Hawaii, the records of General M. M. Clegg, the department commander, and Major W. P. Wooten, district officer, are too well known to need special mention.

Lieut.-Col. John F. Morrison, and Maj. George Blakely, are the other two members of the board. Morrison is commander of the 1st Cavalry School, 18th Cavalry, and Blakely is a graduate of the Artillery School, 1906, and is regarded as a specialist on coast defense.

Hottest Day in Eight Years; Mercury Soars On August 1

Precipitation for July Lowest since 1871 with One Exception

"Yes, believe me, it was hot for Honolulu yesterday. It was the hottest day the city has experienced in at least eight years, and possibly more, the records as to that particular point not being available for the years preceding 1904," spoke William B. Stockman, section director of the weather bureau this morning. "The mercury climbed to 86 and 7-10 degrees apparently to make amends for the cool night preceding. At any rate the range between the temperature of the night before and yesterday was 17,

which was unusual, although not a record."

Mr. Stockman said that he did not think the mercury today would reach the high point of yesterday because of the cloudy sky.

CONKLING'S EXERTIONS PUT THROUGH ORDER ON BONDS

BY C. S. ALBERT.
(Special Star-Bulletin Correspondence)
WASHINGTON, July 15.—D. Lloyd Conkling, treasurer of Hawaii, has succeeded in securing the completion of an order which will appreciate the value of Territorial securities and prove of advantage to capitalists. Through his exertions President Taft finally approved the plan to permit the receipt of Territorial bonds as security for postal savings funds loaned to banking institutions.

An effort to secure this concession was pending for some time. It had been given the endorsement of Assistant Secretary of the Treasury Andrew B. MacVeagh, although coming from the hands of his disgraced assistant, at whom he was exceedingly angry.

TRUST PAPERS DISAPPEAR NOW

Havemeyer Correspondence on California-Hawaiian Deal Is "Missing", Says Hannam

SAN FRANCISCO, Cal., August 2.—William H. Hannam, secretary of the Spreckels sugar corporation, was the final witness in the sugar trust hearing in San Francisco, which will end today unless something unforeseen occurs.

Opium War Is Renewed

SAN FRANCISCO, Cal., August 2.—Inspector E. Blinn has been removed as head of the local customs campaign against smuggling, and two inspectors appointed to cooperate with special officers. A renewed campaign will be started to check the heavy importations of opium smuggled into this port from the Orient.

Senate Listens To Rumors

WASHINGTON, D. C., August 2.—By an overwhelming vote, 81 to 4, the Senate today adopted the resolution introduced by Senator Lodge of Massachusetts reaffirming the adherence of the United States to the Monroe doctrine. The resolution is the result of the revival of the story that a business syndicate is trying to get a huge tract of land at Magdalena Bay, Lower California.

Honolulu To Get Branch Army And Navy Y. M. C. A.

Tichenor, head secretary of the Army and Navy Y. M. C. A., Honolulu within a year the local situation with view of establishing a branch of the Army and Navy Y. M. C. A. according to Secretary Tichenor, will hold a conference with the Navy Secretary in New York.

S. S. GLACIER DISCLOSES SECRETS LONG HIDDEN IN PACIFIC DEEPS

Lieutenant Commander Douglas Finds New Shoal Off Necker Island, and Corrections in Conformation of Gardner's Island

Secrets of the Pacific deeps, that have been hidden from navigators for more than 150 years, were disclosed by the U. S. Supply Ship Glacier, Lieutenant Commander Richard Spencer Douglas commanding, which arrived here last night after a record voyage from Yokohama.

Doesn't Travel By Wireless; Sammis Denies Weird Tale

Chief Marconi Engineer Not in Honolulu and Frisco on Same Day

Has F. Minturn Sammis, chief engineer of the Marconi system in America a dual personality? Has he through his researches in the field of science, discovered a method whereby he can transmit himself by wireless between Honolulu and San Francisco, rocked in the cradle of Hertzian waves?

It is up to Mr. Sammis to answer. This morning he was conversing with John Balch in the latter's office in Adams Lane in regard to plans for the great wireless station which his company will erect here. He has been in Honolulu since the first week in July and has been seen daily on the streets. Yet a San Francisco afternoon paper of the date of July 27

KOREAN LOVER FLOUNDERING IN SEA OF TROUBLE

There is an old saying about a man's troubles beginning when he gets married, but Kim Paw's troubles date from the night of July 24 when he attempted to elope with See Mey Soong and was driven from the premises by As Soong, her father, and a shot gun.

JOHN H. CRAIG RESIGNS FROM COMMISSION

John H. Craig, member of the liquor license commission, has tendered his resignation to Governor Frear. The Governor announces, however, that the resignation has not yet been accepted. It has been in the Governor's hands several days.

ENGLAND WITHDRAWS FROM CONVENTION

Alexander & Baldwin, Ltd., received the following telegram from its New York office this afternoon:
"England has given notice to withdraw from the Brussels convention in 1913."
"Cables report European beet crop having favorable weather."
"Refiners supply of raw sugar is sufficient for present needs."
"Present indications lead us to believe congressional legislation on sugar will be deadlocked, or whatever may be passed will be vetoed."

A girl expects a man to think her hair is naturally curly even when she knows he knows it isn't. The man who falls out of an airship probably feels as badly hurt as the one who is thrown out of the political bandwagon.

THE MULTIGRAPH A Machine of Economy

H. E. HENDRICK, L. TD. Corner Merchant and Alakea

Shipping

PROMETHEUS MAY GIVE WAY TO PROMISE AS PHOSPHATE CARRIER

The Norwegian freighter Prometheus, having been discharged of a shipment of phosphate rock from the south seas, will be dispatched to Sydney, N. S. W., today, the vessel to enter a drydock there for a general cleaning and re-painting.

The Prometheus has been under charter for some time past to carry phosphate rock from Makatea to Honolulu. The vessel has completed several round trips but it is claimed that the time in covering the distance has of late been materially lengthened because of a foul bottom.

The Norwegian steamer Promise, not a stranger at the port of Honolulu, by any manner of means, has been chartered to bring at least one consignment of fertilizer material to the islands pending the repairs to the Prometheus.

The Prometheus is expected to arrive here on or about the first part of September. T. H. Davies & Co. represent the Prometheus as well as the Promise in the phosphate-carrying trade.

Long Freight War Starts on Pacific.
Prospects for an early settlement of the differences between the steamship companies on the Pacific regarding freight rates are remote according to the Vancouver (B. C.) Sun, and the result is expected to be a long hard freight-rate war on trans-Pacific freights and particularly upon goods from India for the west coast of America by way of the Pacific, according to a report made by U. S. Consul General Anderson, of Hongkong, from advices brought on the Montevideo from the Orient. The chief commodity affected is gunny sacks, but the trade includes many other products.

The trans-Pacific freight trade, according to Consul Anderson, especially that portion concerned in exports from Calcutta to the United States, is agitated by the severance of the connection with the Calcutta-Pacific Coast freight conference of the Nippon Yusen Kaisha, the subsidized Japanese company which maintains a trans-Pacific service from Hongkong. The severance is by formal action of the Conference lines. The action grows out of the establishment of this Japanese Calcutta-Kobe service, which sought chiefly to reach the trade in gunny bags for the United States.

Upon the Calcutta-Hongkong Conference lines refusing to admit the Japanese lines as a member, the latter announced that the company would withdraw from the gunny agreement of the Calcutta trans-Pacific service. It appears that previous to this announcement the company signed forward contracts for gunny business to the United States for the season commencing July 1, 1912. This action was taken before the Conference had agreed upon rates for the season, and because of this course by the Japanese company the Conference took the action excluding the Nippon concern from the Conference.

Seven of Yacht Crew Tell Shanghai Story.
VANCOUVER (B. C.), July 19.—Claiming that they were practically shanghaied on board John D. Spreckels' yacht, the Venetia, while at Ketchikan, Alaska, seven seamen were landed in Vancouver today. They allege that their dunnage is still aboard the floating palace, and that Spreckels refused to hear their complaints.

N. S. Hanson, quartermaster; C. McCabe, Carl Johnson, Richard Eckardt, A. Ostrom, Oscar Yansen and Julius Jorgensen shipped with the Venetia at San Diego. At San Francisco a new first mate, Harry Ranier, was taken on. The men claimed that he adopted training methods of a modern "Captain Kidd," and at Ketchikan two seamen were discharged. The remainder of the deck crew quit, but the mate refused to land them.

An appeal to Captain Thompson and Spreckels resulted, they say, in a bread-and-water diet until the ship reached Vancouver, where the men were put ashore, minus dunnage and back pay. The Venetia remained in port two hours, sailing at 5 o'clock.

Motor Liner from Chinese Shipyards.
HONGKONG, China, June 25.—The Talkoo Dock Company has received an order for the construction of a large motor steamer. The order was placed by the Asiatic Petroleum Company, which wishes the vessel for its own service, and calls for a craft 218 feet long, having 32 feet beam. The vessel will be driven by powerful motor engines.

The placing of the order has attracted general attention in shipping circles, the vessel being the largest of the kind to be constructed in the far east.

Fuel for the port in Transport.
Thomas.
Fuel for this port, in the form of a large quantity of coal loaded aboard the United States army transport Thomas at Nagasaki, Japan, is due to arrive here on or about Sunday, according to late advices received at

the local quartermaster department. The transport Thomas, sailing from Manila July 15th, called at the Japanese port where several thousand tons of coal were received. It is a portion of this that is to be discharged here, to relieve the existing quartermaster department fuel famine. For months past the United States government has been making purchases of coal from local dealers.

The Thomas is bringing the third battalion of the fighting Ninth Infantry, which has completed a tour of duty in the Philippines. According to reports there are 206 enlisted men of the Ninth as well as a number of sick, prisoners, casuals, and discharged soldiers.

The Thomas is believed to remain here for at least forty-eight hours pending the discharge of the Japanese coal.

San Francisco Customs on Half-Pay.
SAN FRANCISCO, Cal., July 20.—An air of gloom and uncertainty hung over the customhouse yesterday when the news spread that Acting Collector William B. Hamilton had received from the Treasury Department a draft for salaries and expenses of the customhouse for the month of July. The uncertainty arose from the fact that no instructions or directions were received with the draft, and that Chief Clerk Farmer estimated that if certain items had to be paid for out of the draft the remainder would be sufficient only to pay 60 per cent of the salaries for the present month. On the theory that these certain items would not have to be paid out of the draft about 90 per cent of salaries for July will be paid.

The customs employes received only one-half of their salaries for June, and will be obliged to wait until Congress shall provide a special appropriation to make up the deficiency. They were very melancholy yesterday over the prospect of going on half rations during the present month.

Wrecked on Bleak Paracels.
HONGKONG, China.—The German steamer Quinta is ashore on the Paracels and in a perilous position. The vessel was bound from Bangkok to Swatow with a large number of passengers, including 500 coolies, and 20,000 piculs of rice. It was decided to dispatch a small boat to Hoihow for relief and accordingly two officers and four seamen undertook the trip. A dispatch was sent the crew landed on 539 passengers and the crew landed them at Saigon. The Quinta's boat made the journey to Hoihow in safety and a dispatch was sent here asking and a salvage tug has started for the wreck but it is doubted that the vessel can be saved.

Lurline Away for Maui Tonight.
Taking the gallant molasses tanker Bennington in tow, the Matson Navigation steamer Lurline will depart for Kahuku and Kaanapali there to receive about one thousand tons molasses. The tanker is to be brought back to Honolulu on Saturday in tow of the tug Intrepid.

The Lurline is expected to return here on Sunday morning, and on arrival here will receive the molasses brought by the Bennington. The Lurline is sailing for San Francisco on Tuesday evening in to carry a large consignment of pineapples among other cargo. It is predicted that the shipment of preserved pines will total twenty thousand cases. A full list of cabin passengers has been booked.

Bubonic Plague at Hongkong.
Bubonic plague appears to be gaining much headway at Hongkong, China, according to a report received at Honolulu with the arrival of the Pacific Mail liner China.

Since 1907, when this company was obliged to give up its contract, no mails have been carried in American ships to Australia. The present contract provides for a trip of twenty days by the most direct route.

The steamers will touch at two American points between San Francisco and Sydney. First at Honolulu, H. T., and second at Pago Pago on Tutuila, the American island of the Samoan group. Although the first vessel under this agreement sailed on July 2nd, the final formalities of the contract were not completed until today. The term of the contract is ten years.

In with Coal, Away with Lumber.
There is the usual number of steamers engaged to bring coal from the Atlantic Coast to the Mare Island and Bremerton navy yards, but practically all of these have been chartered for placing in the off-shore lumber trade. Many of them were chartered for this purpose by their owners before there was much indication of a rise in grain tonnage.

Tanker Canslor Nearing Port.
The big American oil tanker Canslor, with nearly fifty thousand barrels fuel oil consigned to the local branch of the Associated Oil Company is nearing the port of Honolulu according to a late wireless received here. The vessel should arrive in the harbor on or about eight o'clock Monday morning.

Portland to Have New Oriental Line.
PORTLAND, July 25.—Ten contributions of \$5000 each toward the establishment of a Portland-Oriental steamship line have been received by Portland business men. A movement

WEATHER TODAY

Temperature—6 a. m., 75; 8 a. m., 77; 10 a. m., 78; 12 noon, 82. Minimum last night, 74.

Wind—6 a. m., velocity 2, direction Northeast; 8 a. m., velocity 1, direction Southeast; 10 a. m., velocity 4, direction Northeast; 12 noon, velocity 10, direction North. Movement past 24 hours, 140 miles.

Barometer at 8 a. m., 30.03. Relative humidity, 8 a. m., 87. Absolute humidity, 8 a. m., 8.667. Dew-point at 8 a. m., 73. Rainfall, .01.

VESSELS TO AND FROM THE ISLANDS

(Special Cable to Merchants' Exchange.)

Friday, Aug. 2.
SAN FRANCISCO—Arrived, Aug. 2, 6 a. m., S. S. Sierra, hence July 27.

AEROGGRAMS.

U. S. CRUISERS SOUTH DAKOTA and CALIFORNIA will arrive from Yokohama Sunday morning.
U. S. A. T. THOMAS will arrive from Manila Sunday 6 a. m. and sail for San Francisco at or after 5 p. m. Monday.

Page Page to be in Wireless Touch.

A very complete wireless plant was landed at Pago Pago from the Oceanic liner Sonoma when that vessel called at Samoa some few days ago, according to advices received here.

When the Oceanic steamship Sonoma, on the first run of the company's new line to Australia, sent back a wireless message announcing her arrival at Pago-Pago will become one of the most important stations in the chain of wireless being established between San Francisco, and Pearl Harbor.

The Sonoma discharged at Pago-Pago a complete wireless outfit in the care of one of the oldest operators in the navy service, P. C. Farwell, formerly on the United States transport Thomas and subsequently in charge of the plant on Corregidor Island.

Operator Farwell has, besides the regulation apparatus, the nucleus for a receiving instrument, which he expects to perfect, that will enable the operator to tune his appliance as to receive only messages being sent from a given station, thereby eliminating one of the most confusing factors in wireless communication.

Ships That Pass Through the Suez Canal.

In the following table, extracted from the report of the company, are shown the names of the six leading firms traversing the Suez Canal, from which it will be seen that the P. and O. Company still heads the list, with the Ellerman Lines as second and the Holt Line third, the next three being foreign companies:

Owners	No. of Tonnage Voyages
Peninsular & Oriental	1,205,000 244
Ellerman Lines	1,158,200 286
Alfred Holt & Co.	1,002,800 224
Hansa Line	847,600 215
Messageries Maritimes	603,400 172
Norddeutscher Lloyd	595,200 102

It will be noticed that the Ellerman Lines again head the list for the greatest number of voyages during the year. As compared with a year ago the P. and O. Company shows a slightly reduced tonnage, while the Holt Line only records a small improvement. On the other hand, the Ellerman Lines show an advance of 100,000 tons. Both the Messageries Maritimes and the Norddeutscher Lloyd record moderate improvements, but the Hansa has fallen back a little.

American Flag in the Pacific Again.

WASHINGTON, D. C., July 25.—Postmaster General Hitchcock today took the final step in replacing the American flag on the Pacific by signing the contract for ocean mail with the Oceanic Steamship Company, which is to transport mails from San Francisco to Sydney, Australia.

Since 1907, when this company was obliged to give up its contract, no mails have been carried in American ships to Australia. The present contract provides for a trip of twenty days by the most direct route.

The steamers will touch at two American points between San Francisco and Sydney. First at Honolulu, H. T., and second at Pago Pago on Tutuila, the American island of the Samoan group. Although the first vessel under this agreement sailed on July 2nd, the final formalities of the contract were not completed until today. The term of the contract is ten years.

Cattle From Hawaii Ranges Arrived.
Cattle to the number of 70 head from the ranges on Hawaii arrived in the interisland steamer Wallele this morning. The vessel also brought a large quantity of empty barrels, drums and other containers. Sugar to the amount of 8940 was included in the cargo. The officers report fine weather and smooth seas on the homeward voyage from Honokaa, Kukuihaele, and several Maui ports.

A sugar report shows 5600 sacks at Honokaa and 7600 sacks at Paauhau.

Portland to Have New Oriental Line.
PORTLAND, July 25.—Ten contributions of \$5000 each toward the establishment of a Portland-Oriental steamship line have been received by Portland business men. A movement

is under way to get 200 contributions of \$500 each and the ten announced represent the first day's work.

The project for the establishment of a local line of steamers to the Orient has been broached as a result of the action of Frank Waterhouse in announcing that his line will discontinue service August 1st and the announcement by the Harriman line officials here that their company will not undertake to establish service owing to the difficulty of finding steamers to charter.

The commercial organizations of the city are backing the project for an independent line and a thorough canvass is to be made.

NO SLUMP IN PRICES

Although the volume of business reported in today's stock exchange list is not more than a fraction of that of some recent days, yet there is no slump in prices, much less a stampede of sellers to unload sugar stocks. Of three companies dealt in for the day, only one shows a decline and that for an inconsequential sale of five shares. This is Ewa, the price being 31.25, a drop of a quarter point.

Onomea holds its own in a sale of 15 shares between sessions at 56.25. Oahu, unchanged from yesterday in three recess sales aggregating 70 shares at 27.75, advanced on the board to 28, the price it made on Tuesday last when a boom was on. Oloa 6 per cent bonds are still coming out, \$1000 being sold unchanged today at 97.50.

The activity sometimes manifest immediately after large dividend payments is thus far lacking on the present occasion. It looks as if those having sugar money are waiting for a slump before reinvesting, but gradually holders of sugar stocks are learning to be slow about surrendering a good thing. It takes more than a mere "boo" cry to scare the mass of them now.

PASSENGERS DEPARTED
Per str. W. G. Hall, for Kaula ports, August 1.—Miss Mary E. Thompson, Lyle A. Dickey, E. Weber, Eliza Kahele.
Per P. M. S. S. Korea, for Orient, Aug. 1.—L. Cisco-Smith and wife, Master L. Cisco-Smith, Jr., Mrs. A. C. Gill, Wm. C. Paul, T. Tanaka, M. Sawada, J. Soga.

PASSENGERS BOOKED
Per str. Claudine, for Hilo, via way ports, Aug. 2.—Miss C. Betts, Howard Smith, Furman Stamper, Hamilton Stamper, J. B. Gibson, Miss Mary Rodriques, Mrs. Cooper, Mrs. J. C. Smith, Miss M. K. Ashford, Miss E. Wood, Edward N. Kahokuolima, Harvey Smith, Miss Hazel Smith, Mrs. M. White, J. Gonsalves, D. Weber, Mr. and Mrs. A. C. Warren, Dr. M. E. Grossman, Miss Lun Lung, Miss Lillis, Chas. Hoke, Miss M. Dow.
Per str. Mauna Kea, for Hilo via way ports, August 3.—Mrs. W. R. Lazendy, Miss Lazendy, G. H. Rockwell, Miss Jessie Shaw, Miss Pollock, Miss Powers, Mrs. R. D. Walbridge, Dr. A. V. Clark, William Cullen, W. S. Schindler, L. S. Rand, Mrs. C. E. C. Norris, Miss Mary Wilson, G. E. Winans, J. P. McKenney, W. N. Bellinger, S. C. Car, Mr. and Mrs. Kaleimakalii.
Per str. Kinana, for Kaula ports, August 6.—P. Bell, R. S. Hosmer.
Per str. Kilauoa, for Kona and Kau ports, August 9.—Mr. and Mrs. Geo. Kapela, Miss L. Ackerman, Mrs. Alice Haywood, Mrs. C. M. Cooke, Jr., and two children, Mrs. W. W. Goodale and servant, Solomon Honohono, Miss Bella, Mrs. Moran, Mr. and Mrs. Samuel Toomey, Miss Ina Ferguson, Wallace Cooper, Jiggs Cooper.

PERSONALITIES
REV. FRANK GOODSPEED will open the inter-church services at the Special music has been provided.
CHIEF OF DETECTIVES McDUFFIE is expected to return from the Coast next week and take the helm once more.

The city and county board of supervisors held a specially called meeting at noon today at which time only labor pay rolls were passed upon and ordered paid. A general meeting of the board has been set for next Tuesday evening.

A horse was turned on Tigers, Lions and Leopards in Central Park at intervals of 15 minutes to relieve their sufferings from the heat.

HORNER NOT FOR PUBLIC WORKS, THIRD PARTY IN HAWAII TO HAVE DELEGATE, FAIRCHILD TELLS OF SUGAR PLANS, PRES. GRIFFITHS' PUNAHOU REPORT, NO SUGAR LEGISLATION THIS SESSION, BUSINESSMEN'S COMMITTEE AND CANDIDATES CHILD'S DEATH STARTS INQUIRY, NOTED SOCIOLOGIST TO COME,

Among the 100 passengers aboard Mrs. Wm. Summers, a Denver woman with strong literary and musical talent, was a passenger on the Matson liner Wilhelmina, which arrived here today from Honolulu. Mrs. Summers comes from a family well known in the field of playwriting. She has spent the past three months in the various Hawaiian Islands, basking in an atmosphere for a comic opera, which she completed aboard ship several days ago.

The Glacier brings the news that the South Dakota is making slow time of 2 with damaged machinery, which may change the plans for the Pacific fleet's fall target practice at San Diego. The supply ship left Oloaupap with the fleet June 26, and went to Woo Sung, China. The California and South Dakota then went to Tsingtau, and the Glacier proceeded to Shanghai, where she remained until July 13, going from there to Yokohama, from which port she sailed for Honolulu July 21, the cruisers leaving three days later.

The situation in China is reported as quiet, while the wave of prosperity is said to have struck Manila, things in general in Uncle Sam's island empire being on the boom.

The Glacier will leave for Mare Island Tuesday or Wednesday.

Another interesting correction to existing information was gleaned from Gardner's Island. This is described in the sailing directions as follows: "Gardner's Island, in latitude 25 deg. 01 min. N., longitude 167 deg. 59 min. W., was discovered by Captain Allen of the whaler Mars in 1820. It is an inaccessible rock about 170 feet high and 200 yards in diameter, with a smaller rock close to the southwest extreme, from which a reef extends half a mile."

Captain Douglas found that the "smaller rock" is west, instead of southwest, of the main body, and that the shoal is more extensive.

These islands lie well out of the line of the steamers, and only sailing vessels blown off their course, or government vessels on special survey duty, have a chance to make observations. The findings of Captain Douglas are of special interest to Hawaii, and will undoubtedly result in a change of the sailing directions for that portion of the Pacific between here and Midway.

The Glacier made a record trip from Yokohama, being timed to arrive here August 3, and beating this by two days, in spite of the time taken for soundings and observations. Never did the engines of the old packet turn smoother, and Chief Engineer Olav Johnson has something to be justly proud of.

Nearly one thousand tons fertilizer are to be shipped to San Pedro in the American schooner William H. Smith, which vessel has just been discharged of a consignment of lumber.

The Oceanic steamship Ventura from San Francisco to arrive here early Monday morning, will bring the next mainland mail. The Ventura is scheduled for dispatch for Pago Pago and Sydney at five o'clock in the evening.

The sailing of the Pacific Mail liner Korea for the Orient shortly after five o'clock last evening drew quite a delegation of Asiatics at Alakea wharf. The vessel carried a small number of cabin passengers embarking from this port.

HALF THE HAIR OF WOMEN TO BE "STORE"
CHICAGO, July 25.—Half the hair worn by fashionable American women during the next year will be from someone else's head. The latest collection call for 50 per cent false hair to give a background and foundation to the complications planned, and, according to Herbert Harris, the hair expert, practically all the supplementary hair worn in the United States is grown in foreign lands.

"Americans live too fast to save their combings," declared Mr. Harris before a hundred students gathered here from all parts of the country to brush up on new modes. America imports its false hair from Europe and Asia. Seventy per cent of it, in the poorest grade, comes direct from China and the heads of saving Chinese women who are eager to swap their tresses for copper coins.

"Hair comes into this country in three grades, as follows: First grade—Fresh cut, living hair, from Europe. Second grade—Combings from Europe. Third grade—Seventy per cent of entire yield. Chinese combings and stumps."

For news and the truth about it, all people buy the Star-Bulletin.

WOMAN TOURIST WRITES COMIC OPERA; PLAYED ON WILHELMINA
Among the 100 passengers aboard Mrs. Wm. Summers, a Denver woman with strong literary and musical talent, was a passenger on the Matson liner Wilhelmina, which arrived here today from Honolulu. Mrs. Summers comes from a family well known in the field of playwriting. She has spent the past three months in the various Hawaiian Islands, basking in an atmosphere for a comic opera, which she completed aboard ship several days ago.

GLACIER FINDS NEW SHOALS
Another interesting correction to existing information was gleaned from Gardner's Island. This is described in the sailing directions as follows: "Gardner's Island, in latitude 25 deg. 01 min. N., longitude 167 deg. 59 min. W., was discovered by Captain Allen of the whaler Mars in 1820. It is an inaccessible rock about 170 feet high and 200 yards in diameter, with a smaller rock close to the southwest extreme, from which a reef extends half a mile."

Captain Douglas found that the "smaller rock" is west, instead of southwest, of the main body, and that the shoal is more extensive.

These islands lie well out of the line of the steamers, and only sailing vessels blown off their course, or government vessels on special survey duty, have a chance to make observations. The findings of Captain Douglas are of special interest to Hawaii, and will undoubtedly result in a change of the sailing directions for that portion of the Pacific between here and Midway.

The Glacier made a record trip from Yokohama, being timed to arrive here August 3, and beating this by two days, in spite of the time taken for soundings and observations. Never did the engines of the old packet turn smoother, and Chief Engineer Olav Johnson has something to be justly proud of.

ODDS AND ENDS AT THE PORT

There is a possibility that the United States naval supply ship Glacier will be given the next mail destined for the mainland.

A general cargo and a small number of passengers will be carried to Maui and Hawaii ports in the Inter-Island steamer Claudine, sailing at five o'clock this evening.

A number of volcano visitors, a general cargo and also an island mail are due to arrive early tomorrow morning in the steamer Mauna Kea, from Hilo and way ports.

Nearly one thousand tons fertilizer are to be shipped to San Pedro in the American schooner William H. Smith, which vessel has just been discharged of a consignment of lumber.

The Oceanic steamship Ventura from San Francisco to arrive here early Monday morning, will bring the next mainland mail. The Ventura is scheduled for dispatch for Pago Pago and Sydney at five o'clock in the evening.

The sailing of the Pacific Mail liner Korea for the Orient shortly after five o'clock last evening drew quite a delegation of Asiatics at Alakea wharf. The vessel carried a small number of cabin passengers embarking from this port.

GOOD STORY ON POINDEXTER BEHIND KAU DITCH MEASURE

Thought He'd Get Protests from Hawaii, But Not One Came

BY C. S. ALBERT

[Special Star-Bulletin Correspondence]
WASHINGTON, D. C., July 19.—The bill granting a franchise to John T. McCrosson and associates to construct an irrigating ditch in the Kau district finally slipped through the Senate without a word of protest. The curious circumstance was that on the preceding day it had been taken from the calendar and returned to the committee on Pacific Islands and Porto Rico, at the request of Senator Clapp, now acting as head of the committee since the elimination of Mr. Lorimer. He announced that it was desired to make some changes to meet objections raised by Senator Poindexter.

committee Mr. Poindexter withdrew his opposition overnight and the bill was again reported the following day and passed without discussion. The only change made was the insertion of a stipulation that the sale of stock and bonds should not exceed the limitations provided by law.

BUILDING PERMITS

Following are the building permits issued since last report. They include an Oahu College dormitory, estimated to cost \$82,861, and three dwellings respectively \$10,000, \$5,000 and \$4,550:

- Ling Kin, dwelling, Kapahulu road; Lau Choy architect and builder; \$900.
- Macfarlane & Co., Ltd., alterations, Bethel street; M. & Co., builder; \$1,000.
- Oahu College, dormitory, O. C. grounds; Emory & Webb, architects; Pacific Engineering Co., builder; \$82,861.
- Spitzer, dwelling, Nuanuu street; R. Myato & Co., builders; \$600.
- W. A. Welbourn, dwelling, Eleventh avenue, Kaimuki; Henry L. Knaack, architect and builder; \$2660.
- T. Ah Kong, dwelling, Liliha street; T. Ah Kong, architect and builder; \$1600.
- Y. Kobayashi, dwelling, Judd street; Y. Kobayashi, architect and builder; \$1400.
- Charles Brewer, Ltd., bakery, Palm Cafe, Hotel street; Ripley & Reynolds, architects; Pacific Engineering Co., builders; \$700.
- C. M. Cooke, Ltd., repair roof on Elks' building, King street; H. L. Kerr, architect; Pacific Engineering Co., builder; \$1000.
- Young Tim, two dwellings, Rowland lane; Wong Sun, architect; Wing Tai & Co., builders; \$1200.
- Young Tim, two dwellings, Rowland lane; Wong Sun, architect; Wing Tai & Co., builders; \$1300.
- S. Takahashi, concrete floor and repairing, King street; R. Miyata, builder; \$1000.
- A. W. Carter, dwelling, Judd, cor. Liliha street; J. H. Craig, architect; A. W. Carter, builder; \$10,000.
- Lapaus Keaweopole, move buildings, Luau street; \$200.
- G. B. Schreder, dwelling, Matlock avenue; Ripley, Reynolds & Davis, architects; S. Tamuro, builder; \$575.
- Honolulu Gas Co., warehouse, Ocean View; F. Holmberg, architect; H. Mastuto, builder; \$590.
- M. Robello, dwelling, Funchal street; Fernandez & Tavash, builders; \$760.
- E. C. Winston, dwelling, Beretania street; Acetylene Light Co., builder; \$1100.
- Mrs. U. Storm, dwelling, 17th avenue, Kaimuki; A. E. Troel, architect; Y. Mujes, builder; \$650.
- Charles R. Pilare, dwelling, Fort street; F. Holmberg, architect; H. Mastuto, builder; \$1950.
- Mrs. E. M. Adams, dwelling, Diamond Head road; M. Ohita, builder; \$4650.
- Jno. Rodriguez, dwelling, Pensacola street; F. Holmberg, architect; H. Mastuto, builder; \$1400.
- F. L. Waldron, alterations in dwelling, Oahu avenue; T. Gill, architect; I. Ueuf, builder; \$1050.
- Mrs. Annie Kaea, four dwellings, Kukui street; R. Miyata & Co., builders; \$1600.
- Miss J. A. Cook, dwelling, Eleventh avenue, Kaimuki; Lew Henderson, architect; John Ouderkirck, builder; \$5000.
- C. R. Hemenway, dwelling, Jones street, Manoa; J. H. Craig, architect and builder; \$1500.

MORE TIME FOR STALL-KEEPERS

Stallkeepers in the city markets, who have persisted in ignoring the provisions of a city and county ordinance compelling them to protect meat, fish and other articles of food offered for sale, from dirt, flies or other insects, by screens, will be given until August 13 to provide the necessary screens or covers for their wares.

The Supreme Court decision, which sustains the ordinance and makes its provisions effective, has caused the city and county supervisors to sit up and take notice of the constant and flagrant violation of a law passed by unanimous vote.

"We have consulted the city and county attorney's department," stated Chairman Kruger of the health and sanitation committee this morning.

"We have been advised that we may give the tardy stallkeepers at the market until Tuesday, August 13, to provide their places of business with the screens as designated by the city ordinance."

"If the stallkeepers then persist in violating the law, the police department must take action against the offenders."

Dr. J. T. Wayson, city and county physician, served notice on a large delegation of vendors doing business at the city markets this morning.

HOOD BRANDS JAPANESE SCARE AS JINGOISM

BRIDGEPORT, Conn., July 2.—"The United States has nothing to fear from the Japanese in Hawaii in my opinion," said Edward Hood of Honolulu, a former Californian, who has large interests in Hawaii, at the Raleigh.

PEASANTS FIND RICH TREASURE

ST. PETERSBURG, July 25.—While some peasants were digging in a field in the village of Malai recently, they unearthed an old chest containing treasure to the value of \$50,000. The treasure was in gold and silver coins of the fourth century and several gold and silver vessels.

One of these was a large dish of damascened gold with a richly embossed rim incrustated with precious stones. A Latin inscription shows that this dish was at one time in the possession of a Bishop who lived in the eleventh century. A similar dish was embossed with the image of Sapor II, a Persian monarch of the fourth century. Other articles were eleven solid gold Persian cups.

The laborers kept the treasure in a cottage for a long time, thinking it was brass and lead. It was through their efforts to make a bargain with the owner of the field on their own valuation that the true worth of the metal in the chest was discovered.

ARTIFICIAL RUBBER FACTORY IN HOLLAND

A factory to produce artificial rubber has been established in Ymuiden, the port at the mouth of the North Sea canal. It is said that the company instituting this factory has succeeded in producing a substance having the qualities of rubber and also certain special advantages over genuine rubber.

The process is a secret, but the principal ingredient of the product is said to be fresh sea fish, which are brought to Ymuiden in vast quantities by the Dutch fishing fleets. According to report 15 to 16 per cent of natural rubber is added to the fish, and the result is a substance as flexible and elastic as rubber, but much cheaper—about as 1.25 to 8 in price, compared with real rubber.

The low price of this product will be caused partly by the by-products which are possible, for it is said that much albumin will be made from the fish and that half of the factory is arranged for the manufacture of guano.

It is stated that this artificial rubber can be vulcanized in a short time; that it is benzene-proof and can resist the effect of heat. At first sight the substance much resembles real rubber. A slightly fishy smell betrays the chief ingredient, but it is explained that this will be prevented by extracting the fat of the fish.

Two aeroplanes were sent to the governor of Torreon, in Mexico. It is thought they are to be used in scout work against the rebels.

BACHELOR WOMEN REBUKEPREACHER

GRAND JUNCTION, Colo., July 25.—When Rev. Elmer V. Huffer, just resigned as pastor of the First Christian Church, delivered a sermon recently advocating the exile of old maids to a barren island as waste humanity, he anticipated local resentment, possibly, but hardly expected to find himself at issue with Miss Helen Gould of New York.

In a letter he received yesterday, Miss Gould declared that many preachers would be without work and without wives and homes were it not for old maids. Miss Gould's letter follows:

"Glancing over a Denver paper I notice an item concerning your sermon on 'Love, courtship and marriage.' One part of which I especially notice, saying that all old bachelors and bachelor maids should be isolated on an island so that they could not hinder the progress of civilization. I do not know why you make this statement, but I feel that it is a great injustice to the bachelor maids of our country. There are, I admit, many men haters in the world, but a great many bachelor maids are not living alone because they so choose, but because they have been unable to find a suitable companion.

"I must admit that I am speaking from the standpoint of the bachelor maid. I feel that such people as myself are not hindering the progress of civilization, but advancing it. If I had found a suitable helpmate I might have spent my money in a different way, and a way which might not have done so much good as it has.

Another letter of protest from Miss E. L. King of Monterey, Cal., reads: "I noticed in a paper not long since that you favored sending old maids and bachelors to some isolated island, as they are a menace to civilization and do no good. What you forget to mention was what good such unmarried women as Helen Gould, Anne Morgan, myself and various others have done. Helen Gould has a summer home for the waifs of New York city.

"I have supported an invalid sister for a number of years, so have been of some little use in the world. "I think if it were not for the dear old maids some preachers would be hunting other jobs. My heart is not callous to the opposite sex, but if I ever get a husband I want a broad-minded man."

COULDN'T DO IT, BUT WE DID

When the protective tariff was really a national issue in political contests of twenty years ago the protectionists had a sentimental asset of great value in the fact that they claimed that we could manufacture certain things in America quite as well as they could be made in Europe, while the free-traders claimed that we could not. In the campaign of 1890, the McKinley bill, which had recently been enacted, was bitterly attacked by the campaign orators, and one of the chief points of attack was the tariff on tin plates. It was stated that "we could never compete successfully with Wales in the manufacture of the plates and that the tariff was simply robbery of the American consumers.

Pieces of tin were circulated as campaign literature; a piece of good English tin with the pictures of Democratic candidates on it and a piece of poor American tin with the statement that this was the stuff we must use in future instead of good English tin because of the iniquitous McKinley tariff.

After a score of years of protection to the industry in America, it is interesting to read that Swansea in Wales is greatly disturbed at the large amount of tin plates being shipped from America to Japan. There were recently two large consignments of American tin plates in Liverpool, one for Smyrna and the other for London, and these shipments are said to be the forerunners of many others.

In the matter of tin plates the "we cans" seem to have the better of the argument with the "we cant's."—Boston Commercial Bulletin.

Inquisitive female—Are the people here moving?
The Young Man—Oh, no, miss, we're only taking the furniture out for a drive.

CAN YOU ASK MORE?

Your Money Back for the Asking. You Promise Nothing.

We are so confident that we can furnish relief for indigestion and dyspepsia that we promise to supply the medicine free of all cost to every one who uses it according to directions who is not perfectly satisfied with the results. We exact no promises and put no one under any obligation whatever. Surely nothing could be fairer. We are located right here where you live, and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one who is troubled with indigestion or dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home, and give them a reasonable trial, according to directions. If they don't please you, tell us and we will quickly return your money. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity. Three sizes, 25c, 50c, and \$1.00. Remember you can obtain Rexall Remedies only at our store—The Rexall Store, Benson, Smith & Co., Ltd., Fort and Hotel Sts.

PROMOTION BOARD WILL DISCUSS FLORAL PARADE

It is expected that the meeting of the Hawaii Promotion Committee this afternoon will be largely taken up in consulting Charles F. Chillingworth, director of the 1913 Floral Parade, as to his plans.

Secretary H. P. Wood has received a postcard from Bandmaster Berger, dated at the Wilmersdorf Hotel, Berlin, July 10, in which he says: "Arrived in Berlin. Long trip. Distributed all promotion literature. All like it. Let you know later."

Word from the Chinese ball team has been received in the following postcard message:

"MONTREAL, July 21, 1912.—Arrived here last night. Had no trouble with the immigration inspector. Will play this afternoon and be back to Vermont tomorrow morning. All the boys are in good health, enjoying themselves traveling. Aloha."
"E. K. C. YAP."

CHINA NOW NEAR TO MILITARY DICTATORSHIP

PEKING, July 25.—The military commanders in Peking held a meeting today, at which they resolved to urge President Yuan Shih Kai to insist that the Assembly approve his selection of members of the Cabinet. Otherwise, the commanders declare, they will assume control of affairs personally. This action toward a personal dictatorship of Yuan Shih Kai supported by the military has been expected for some time.

IN THE CIRCUIT COURT OF THE First Circuit, Territory of Hawaii.—In the matter of the Estate of Ernest Cummings, a Minor. On reading and filing the Petition of J. Alfred Maggion, guardian of said Ernest Cummings, a minor, praying for an order of sale of certain real estate belonging to his ward, situate on the islands of Molokai, Maui and Oahu, as per list on file, and setting forth certain legal reasons why such real estate should be sold; It is hereby Ordered, that the heirs and next of kin of said minor and all persons interested in the said estate, appear before this Court on Monday, the 26th day of August, A. D. 1912, at 9 o'clock a. m., at the courtroom of this Court, in the City of Honolulu, then and there to show cause why an order should not be granted for the sale of such estate. By the Court: J. A. DOMINIS, Clerk.
Dated, Honolulu, August 2, 1912.
5304—Aug. 2, 9, 16, 23

Maintaining A Standard

There are different makes of clothes on the market, but we know that the BENJAMIN are the best, and that they maintain the standard for high-class clothing. BENJAMIN clothes rank first among them. We never had a single complaint about this make of men's clothes, and when a man once wears a BENJAMIN he becomes a permanent customer.

Three things to desire—a heart that never hardens, a temper that never fires, a touch that never hurts.—Anonymous.

MAKE THE EXHIBIT PERMANENT

Hawaii's commission to the San Francisco exposition, in casting about for the most effective method to give this territory attractive advertising during the big fair, may get a pointer or two from the Japanese commissioners, who are now in the Golden Gate city.

The Japanese commissioners plan to establish a permanent Japanese garden, and as the Nippon concession is on the Presidio reservation, permission is sought from the War department. When this is secured, it is planned to lay out an extensive garden which will be maintained by Japan during the life of the exposition.

Japan's idea is to make an exhibit that will attract attention not only for the few months of the exposition, but permanently thereafter. It is to be a replica of a famous garden in Japan, and might also say, famous gardens, for one Japanese garden is as like another in principle of construction as two peas in a pod.

The Hawaiian commission at the outset will have to meet opposition to the size of the appropriation it considers necessary. The Star-Bulletin does not believe that the territorial commission should be restricted to \$100,000, as has been suggested, but it does believe that the commission should make public as early as possible plans for an exhibit that will be permanent, that will advertise Hawaii as effectively in 1920 and 1925 as in 1915.

NOT A "POSSESSION"

"Although Senator Dixon was opposed to any representative from United States possessions, Mr. Atkinson finally won his point."

This quotation is from the morning paper. In view of the fact that Mr. Atkinson's point was to secure the representation for Hawaii, the morning paper's comment classifies Hawaii among the "possessions." The very argument that Atkinson made to Dixon is that Hawaii is not a possession, but a territory in line for statehood, and Atkinson's cablegram to the Star-Bulletin yesterday showed that Hawaii is to be apportioned a delegate, while Dixon is still opposed to representation from the "possessions."

There has been enough misunderstanding abroad of Hawaii's status. This territory is distinctly not a "possession" and resents being classed as such.

AN INSTRUMENT OF HAWAII

President Griffiths' decennial report to the trustees of Oahu College, a summary of which was published in this paper yesterday, gives some evidence of the wide influence and the quiet activities of this pioneer institution.

That the college, notwithstanding its age and the traditions of custom and method that surround it, is keenly alive to modern progress in education, may be gathered from brief statements of fact here and there in the report. For instance, the president reports that "we first attempt to analyze the pupil's difficulties."

Recently, at the convention of the great National Education Association in Chicago, it was brought out that the school history of the past ten years is largely the history of an increasing recognition of the problem of the individual pupil. A few years ago in many schools of the mainland pupils were jammed into grades with little more consideration than as to whether or not they would fit the desks, and the busy teacher had no time or perhaps no inclination to study out the way to spur on the laggard or to stimulate the passive and inert. President Griffiths' report shows that a wise educational policy is concerned with individual effort and individual shortcomings, and that the teaching force consults and prescribes with as much earnestness as physicians in consultation over an unusual or delicate case. It is on scientific lines. It is a matter of gratification that President Griffiths has found increased interest by the old pupils in the school. Punahou's problems as much as Punahou's record call for solidarity of interest alike among tutors, pupils and former pupils. And as the president says in closing, Punahou's attitude constitutes "a high sense of public service in making the school the instrument, not of the few, but of Hawaii."

Remarks made by George H. Fairchild yesterday bear out the ideas of several local sugar-men who have been watching the tariff situation, namely, that the further the investigation into the subject is going, the less likelihood there is of the country at large demanding free sugar.

SUGAR EDUCATION

As Mr. Fairchild said, the free-sugar bill so ardently pressed by the Democratic house probably prevented a free-sugar plank from appearing in the Baltimore platform. The sugar trust, both in the trust investigations and in the hearings on the house and senate bills, has been shown to be the sinister influence back of the fight against a tariff, and the voters of the country are beginning to understand, dimly now, but with increasing clarity of vision, that "free sugar" doesn't mean any more pounds to the dollar at the grocer's.

By the time the Baltimore convention met, the situation was pretty well sized up. Lowry, the scheming tool of bigger men, had been stripped of his mask, and his fight at Baltimore, in the name of the grocers of the country, was shown to be not only hypocritical but even without any indorsement whatever from the men he claimed to represent.

The trust's fight will be renewed next winter, and probably in the next Congress, when some of the senators who are against it now may be missing and their places taken by Democrats. But education on the subject of free sugar is proceeding steadily, and hereafter there will be more call for evidence from men outside the trust ranks.

GREAT BRITAIN'S EXPERIMENT

British workmen have passed from mere protest against the national insurance act to violent opposition, and the result is that the political leaders of all faiths are alarmed lest law should develop into dangerous lawlessness.

The act went into effect on July 15 and simultaneously there was an extensive strike of dock-workers at London and at Birkenhead. This strike was but one of the active manifestations of protest, and directed at but one of the provisions of the act—the provision that employees must register through the clearing-house and receive their wages minus the deducted contributions to the insurance fund. The strikers demanded that their employers handle the formalities of registration and payment of fees. The Unionist party, backed by sympathetic papers, fought the act bitterly and persistently, with the result that an intense feeling of distrust was aroused among the workers. The feeling grew to such lengths that toward the end the Unionist leaders, frightened at the result of their own acts, sought to allay the fears of the workers and to counsel amendment to the act instead of strike and violence. It was then too late to undo all that had been done, and consequently Great Britain has entered an important industrial experiment with prejudice and intolerance instead of impartial consideration. This is unfortunate, but it should be said that most of the statesmen of England agree that in principle the act is right and that it is in detail the mistakes have been made.

Great Britain's experiment will be watched with keenest interest. If successful, it will undoubtedly be copied by other nations.

Kalakaua avenue was watered within a few hours of the time when publicity was given to the complaints of citizens along the road. How about the approaches to wharves on steamer days?

Messrs. Carter and Atkinson have put Hawaii on the Progressives' map. There should be no two opinions as to the justice of this or its desirability, no matter how the election goes.

A Washington woman plans to form a nationwide organization of women Democrats to raise Wilson's campaign expenses. Wonder if the idea would work in Hawaii?

Ex-Mayor Schmitz of San Francisco is writing an opera. They ought to keep him in jail, now.

LITTLE INTERVIEWS

JACK LUCAS—I was born here and yesterday was about the hottest day I ever felt.

RALPH KEARNS—It's so blasted hot down here these days that my bally bones are turning to mush.

JOE COHEN—No wine should be sold here less than two years old. "Young" wine is harmful in its effects.

R. A. KEARNS—Dr. Clark is on his way to Vladivostok and I rather expect he will find it advisable to go to St. Petersburg.

PAUL SUPER—I attended a bunch of conventions, etc., while I was away but I think the most fun of all was Barnum and Bailey's circus at Providence.

GEORGE R. CARTER—Hooyay for Atkinson! Hawaii is getting recognition that counts. It would be too bad if the Territory should not be represented in a national convention.

CLARENCE L. CRABBE—Those "third party" men have just so much to say, and they will have it all said before the real campaign begins. Then all will turn in and work together.

INSPECTOR GIBSON—I have seen Mrs. Arleigh's arithmetic and think it very good. The book shows careful thought and a remarkable knowledge of mathematics on the part of the author.

JOHN F. BOWLER—Things are working all right. Atkinson has been admitted to the Progressive convention. The country wants a change from both old parties, and Roosevelt is the man to bring it about.

WARRANT OUT

"Do you know that I have a mind to look into the possibility of sending my circus to these islands," vouched the biggest stockholder in the Great Sells-Floto Shows.

"Why couldn't it make a hit here? We have four hundred and fifty people under pay. There's nothing in the four-ringed constellations at present hovering over the United States that can approach this show as a spectacular production.

Going to Enjoy Life. "Just before I left the coast for Honolulu, the show played to eighteen thousand people at one performance. We could come down here and clean up the entire islands in three or four performances."

Mr. Tammen declared that he proposed to take life easy while here. He disclaimed to have any particular designs upon the local newspaper field. He appeared, however, to take more than a passing interest in the local dailies.

Likewise, Mr. Tammen has quietly felt the public pulse as it pertains to the popular clamor for circus productions put on here with elaboration, glitter, the fanfare of many bands and the mighty trumpeting of elephants and the roar of lions.

"My stay in the islands is indefinite," he concluded as he climbed into an awaiting car for a spin about the city.

GREENBAUGH BOOMS HAWAIIAN BUSINESS

LOS ANGELES, July 22.—Prosperity in the Hawaiian Islands has never been greater, according to Max Greenbaugh, one of the extensive land-holders and traders of Honolulu who is on his way to Washington on business and who registered yesterday for a brief sojourn at the Van Nuys.

"New capital is being invested in the islands right along and extensive new plantations of pineapple, sugar and coffee are being set out," he said. "This, with the completion of the magnificent fortifications of the Honolulu Harbor and the assurance of American protection, is making business hum."

Greenbaugh laughed at the idea of Japanese invasion or uprising and said that the present military forces of this country on the islands would readily take care of such an event. He spoke interestingly on the increased crops and possibilities of success of young men in Hawaii. He himself has lived there for twenty years and is a native of Austria.

THAW CASE DRIVES YOUNG WOMAN MAD

SAN FRANCISCO, July 14.—Her mind unbalanced because of her interest in the case of Harry Thaw, Mrs. A. R. Paulson, who came here recently from Pittsburg, Pa., twice attempted suicide tonight by casting herself first in front of a moving car and then before an automobile. As the car stopped with the woman touching the fender, Mrs. Paulson made for the speeding automobile, crying: "I want to go back and get Harry Thaw out of prison."

When her second attempt failed, she ran swiftly down the street, giving her pursuers a hard chase. She was overtaken and confined in the detention hospital, to be held for examination as to her sanity.

Mrs. Paulson's husband said she had been a classmate of Evelyn Nesbit in working for the release of Thaw. Thaw's failure to obtain release from the asylum lately preyed on her mind. Mrs. Paulson is about 35 years old.

NO MONEY

stances were unable to help her but little. Couldn't Pay Rent. She was able to pay the rent for June and ran up a bill at the army commissary to the extent of fifteen dollars, when further credit was refused her until she could pay the bill. This morning she came to the office of the Associated Charities and told her story to Mrs. Jordan, who has made arrangements to pay the bill at the commissary, while the Central Union Church has paid the family rent.

"It is the most disgraceful thing I have ever heard of," said Mrs. Jordan this morning. "To think that the government through politics will not pay its own men and that we should have to support the families of these men. The United States of America is supposed to be the richest government in the world and yet it cannot provide funds to pay its own soldiers but prefers to let private individuals bear the burden."

During the past month, the Associated Charities has given assistance to fifty-seven families, has paid out \$65 for rent, \$107.55 for food, \$48.55 for milk, \$3.50 for transportation, and for special and miscellaneous things \$41.50. Monthly expenditures amounted to \$270 and donations to the amount of \$250 have been received.

"There is a rumor float that Old Goldrox is dead," said the editor. "Yes," replied the reporter; "I was just down to the house."

"Is it so?" "Well, his wife said that her husband would either confirm or deny the rumor."

"My stay in the islands is indefinite," he concluded as he climbed into an awaiting car for a spin about the city.

INFANTICIDE

didn't know that the child had been hurt. Not Due to Fall. Dr. W. L. Moore testified for the city that the fracture could not have been received from a mere fall, and declared that it looked as though the baby had been taken by the heels and its head dashed against the wall. Bruises on the mouth, at the side of the nose, and on the forehead corroborated this statement.

This evening, Dr. Wood, of the Children's hospital, will take the stand and testify as to the child who died a year ago under mysterious circumstances and the hospital records will be introduced to corroborate his testimony.

"We have evidence enough now to hold the man over to the Grand Jury," said Attorney Milverton this morning, "and perhaps after tonight's testimony he may find himself confronted with another charge of a similar nature."

"The father has been here ten years but the mother has only been here two years. Last night's evidence was of a damaging nature and the conflicting statements of the family show that there is something wrong somewhere."

IN THE WOMAN'S WORLD

SKIRTS; HOW THE STYLES HAVE CHANGED IN AMERICA

A recent item in the San Francisco Chronicle calls attention to the fact that the clubwomen in Chicago have declared war upon the tube skirt. These women think that crime would be lessened if the women give up the slim garments and return to the full ones. This may be true, for no doubt these women have studied the conditions, but surely the skirt that flapped in the wind and that made balloons every time one turned the corner was

not nearly so comfortable as the one that has not enough material in it to do this. A slender girl or a woman with a girlish figure appears more graceful in the narrow dress than in the wide one, but the stout woman who, because of fashion's decree, insists upon wearing an extra slim gown sometimes calls forth a different expression of opinion. People laugh when she takes a sideways jump to reach the sidewalk and when she steps

into the street car. The athletic girl seems to be uncomfortable in the tube skirt, and no doubt she is, for the steps she has long been practicing and the almost mannish carriage that she has acquired have to be cast aside in the new gown. There is a happy medium in skirts as well as in anything else, and here in Honolulu the narrow dresses have been carried to the extreme only by the few who "go in for all the fads." The tube was probably designed for the slender girls and women who are neither athletic nor stout.

Have you ever watched a motion picture of the Civil War days when crinolines were worn? They look ridiculous to us, and the women seem awkward in the hoop skirts that sway from side to side, propelled by the swinging of the metal cage beneath them. No doubt you have smiled, too, at the pictures taken some years later when bustles were in vogue. Perhaps on some rainy day you have found stored away in an old trunk an old family album and while looking over the ancient tintypes have laughed at the odd styles prevailing in the gowns that your great-great-grandmother and those before her wore. Have you ever thought how dreadfully shocked they would be if they could only take a peep into the streets of Honolulu? Styles go in cycles, and perhaps we shall some day be wearing the same ones that those dear old people wore in England, about a year ago, the modiste tried to bring back the crinolines, and the manikens paraded about in the most elaborate costumes, but the people were not easily persuaded and the poor creator of English modes was defeated. With the majority the rationally narrow skirts are popular, and although some of the fashion plates from Paris indicate that more material is being put into the costumes, the narrow lines are preserved; indeed, they seem more narrow than they did a season ago. The jump from the full to the narrow skirt was indeed sudden, for only nine or ten years, even four years ago, the trains on the evening gowns spread out like a peacock's tail. Only two years ago when the co-eds were fashionable the bottom of the skirt measured a deal more than two yards.

The complete change in the figure is remarkable. The tiny waist has disappeared, with the result that women look much more substantial and normal and much stronger. The long, graceful lines that give a woman height (and not breadth) are appreciated both by those who are naturally slender and by her larger sister, and by the petite maiden who "would give anything in the world" if she could grow an inch or two. Physicians say that the improvement in health of many women in the leisure class is due to the fact that they give their bodies more freedom.

If those who have decided to make a raid on the tube skirt succeed in accomplishing what they want to accomplish, let us hope that they will not force us to wear very full skirts, for they are neither becoming nor easily managed.

65, SHE SWIMS NEARLY FIVE MILES

Is Mother of Ten Children and Daughter Swims with Her

NEW YORK, June 25.—Gray haired, sixty-five years old, mother of ten children, Mrs. Elizabeth Berio of Edge water, N. J., swam along and across the Hudson yesterday from Edgewater to Washington Bathing Club at the foot of One Hundred and Fifty-second street. When she and her eighteen-year-old daughter Kitty, who accompanied her, had completed their four-and-a-half-mile swim in forty five minutes, she was forcibly restrained from trying to make the return trip as she had come.

Every one of Mrs. Berio's nine boys and one girl has won cups at swimming carnivals as the result of her teaching. She herself saved three lives when a member of the Boston Volunteer Life Saving Corps.

Capt. Smith took out his trusty motor boat Lady Bettle yesterday and jammed it to the gunwales with Edgewater. A few curls of gray hair floated beneath Mrs. Berio's cap. Trim in a black bathing suit, she stood beside her daughter. Simultaneously they dived.

The tide was against them, but using the Australian crawl stroke, the two women made sure headway against it. The mother was in her element. The years rolled off her as smoothly as did the water from her firm white arm as it slowly rose and fell over her head. She was a mermaid in a shimmering green sea, and the song she sang was of an Irish heroine. Miss Kitty didn't approve. She was not old enough to feel so young, and between puffs she called: "Be quiet, mother. Don't you know you've just got to save your breath?"

As a just punishment, mother increased her stroke and neared the bathing club 100 yards in advance of her daughter. When they reached, the clubhouse, fifty young men attempted to carry them from the water. Mrs. Berio would have none of it.

"Let me alone," said she, clinging to the float. "I'm going to swim back. Why, I feel as strong as when I started. This is nothing; I can do it every day of the week. And such fun! The water is gorgeous, and I never had such a pleasant swim. Do you think I've almost lived in it since I was fourteen for nothing?"

Mrs. Berio was finally dissuaded and took a seat in the motorboat, while her daughter made the return trip in the water, in considerably better time. But once more upon land Mrs. Berio began to make preparations for a repetition in the afternoon and it was only when Miss Kitty began to cry

AMUSEMENTS

POLLARDS MAKE "GOLDENBEADLE"

Changing the program, the members of the Pollard Opera Company appeared last night at the Bijou in the "Golden Beadle," which had its origin in Australia and should never have left there. Had it not been for the excellency of the company and the fact that the scenic effects were really good, the "Golden Beadle" would have fallen flat.

True, the opera has an English setting and therefore may appeal to British ears and humor, but with the exception of three or four songs, it failed to win any appreciation from the audience of last night. There were several electric effects in which the chorus appeared to advantage, and the finale, evidently intended to "knock 'em" took the form of a police officer dragging a singer up the aisle and out of the house. This scene was very realistic and it had been feared that the audience in mistaken zeal might attempt to interfere between the counterfeit minion of the law and his victim, but the audience got tight.

Despite the plotless, witless play, the Pollards really provided a fair entertainment. The dancing as usual was clever and several of the songs were up to form, notably "Lady Like" as sung by Queenie Williams, and "Paper Bag Cookery," by Willie Bryan. The latter also portrayed the bumptious Mr. Bumpus, the Golden Beadle, very effectively. Miss Nellie McNamara as Mrs. Bumpus pleased with "Callier Herrin," and pretty Eva Pollard scored a hit with "Teach Me How to Kiss."

Next week the presentation of the tuneful "Mikado" will make amends for anything in which the "Golden Beadle" is lacking.

MISS EDITH CLARK NOW MRS. GUSTAV BORKMAN

Miss Edith Clark became Mrs. Gustav Borkman yesterday afternoon at the Colonial hotel where the ceremony was performed in the garden beneath an arbor of white asters and lilies. The service was read by the Rev. Leopold Kroll of St. Andrew's Cathedral and was witnessed by the intimate friends of the bride and groom.

Mrs. Borkman is the daughter of Mr. and Mrs. Frank Clark of Plainfield, New Jersey and came here last February to attend the Mid-Winter Carnival when she met the bridegroom. Mr. Borkman has been a resident of Honolulu for over two years. He has a bungalow in Lower Manoa Valley where he and his wife will make their home.

Mrs. J. P. Howard, who has one of the largest bee ranches in Wisconsin, at Norton, was nearly stung to death. She is in a critical condition.

that she disliked. So delighted is she with her experience she declares that both she and her daughter will go to Australia, the land of swimmers, and challenge all comers.

COLLEGE DAYS BEST EVER HERE

"College Days" at the Liberty Theater is positively the best entertainment feature that has come to Honolulu in a long time. What makes it the best entertainment feature is the fact that there is not a silly line or word spoken, while it is a laugh from end to end. It is the real stuff that one expects from behind the footlights, but seldom gets from the "companies" that hit Honolulu.

The singing is good, and the chorus of girls has never been equaled here. "Songs My Mother Used to Sing" was particularly appreciated, as it is most charmingly illustrated by tableaux, assisted by electric light effects. The blackface stunts by Mr. Teal is a pleasant feature and adds a spice of variety to the whole. The Raymond Teal Comedy Company has certainly hit the right stride for Honolulu, and so long as they hand out the same class of clean, healthy, laugh-manufacturing sketches it will have no trouble keeping the Liberty Theater filled to the doors.

Besides the "College Days" feature there are a number of motion picture films shown that are most entertaining. No 50-cent reserved seats here, either, but the Liberty's regular first-come-best-seats prices of 10c, 20c and 30c.

For the first three days of next week this company of fun producers will offer a comedy entitled "The Triflers," guaranteed fully up to the standard of what has been shown so far.

PICTURE EVENINGS AT THE EMPIRE.

Honoluluans who are fond of moving pictures are missing a good deal if they neglect to take in the cozy little Empire theater, which is, rightly showing the best line of films that has been put on the screen in this city. The projection in the Empire is so short that every detail of the pictures is most clearly placed, and there is none of that disagreeable flutter and flicker that is so trying on the eyes.

For a pleasant "picture evening" take in the Empire. It is always running.

The summer sessions of Columbia and New York universities have larger enrollments than ever.

For Eczema

JOHN BROWN

By GEORGE FITCH

This is the birthday of John Brown a plain man with plentiful whiskers who was born in Connecticut in 1800, acquired twenty children, and some debts, became a crank on abolition, and was finally hanged for attempting to lick the government.

A great many men have gotten themselves hanged on one pretext or another without any profit to themselves or to posterity, but Nathan Hale and John Brown are about the only two Americans who have won immortal fame in this painful manner. Brown was an abolitionist long before abolition became stylish. He spent most of his time preaching and fighting against slavery, picking up a living for his family in his odd moments. He became a nuisance on the subject. He was unreasonable. Almost everyone told him that slavery was wrong and that if he would wait a few hundred years the country would become civilized without causing any trouble or ill-feeling. But Brown didn't want to wait. He was too impatient to wait a few hundred years. All cranks are impatient. A crank is a man who stands alone and tries to haul the rest of the world up to him instead of walking comfortably back and joining the mob.

John Brown trained his children to eat along on two meals a day and to fight for abolition and moved out to Ossawatimie, Kansas, where he had a chance to get into two battles before breakfast and one before supper regularly. In Kansas, the Federal troops preserved order among the anti-slavery men, while the pro-slavery men murdered them and burned their homes. This irritated Brown to such an extent that he decided to bust the government. Gathering twenty-two men and some women, he went to Harper's Ferry, Va., and attacked the United States of America on the left flank. He fought well and if he

had had 50,000 more men, might have accomplished something. As it was he was wounded, captured and hanged as an undesirable.

Most of us are worth more dead than alive. So it was with John Brown. He was laughed at when alive and people declared that it was a shame that he should waste time jawing about the slaves, while his family was short a full dozen pairs of shoes. But when he died, his soul climbed out of his ragged clothes and

started marching on; and in less than six years, Brown, had he lived, would scarcely have been considered a progressive.

John Brown monkeyed with a great idea until it killed him, but he was great enough himself not to mind this slight mishap and he died with such dignity that it made a lot of living cowards envious. Incidentally, he demonstrated that hanging is a better receipt for immortality than shooting; for two of his sons were shot side by side at Harper's Ferry and history has not even preserved their first names.

ENGINEER F. M. SAMMIS WRITES STORY OF WIRELESS

Marconi Official Now in Honolulu Was Inventor's Chief Assistant in the Early Improvements of the Original Invention—Sprang Into Commercial Success in Short Space of Time—Radio - Telegraphic "Tuning"

Writing in Popular Mechanics for August, F. Minton Sammis, chief engineer in America of the Marconi system, who is now in Honolulu arranging for the building of a great wireless station here, tells something of the life of Marconi and explains his wonderful invention. Mr. Sammis says:

As wireless telegraphy grips the imagination of men more and more by its ever growing wonders, so does the marvel increase that its inventor developed and achieved his epoch-making idea when he was in age but a schoolboy, expected to do no more than study his lessons and enjoy himself. Guglielmo Marconi studied at the universities of Bologna and Padua, and when only 15 years old, on his father's estate near Bologna, Italy, plunged enthusiastically into the dreamlands of electricity. In the course of the next few years he headed straight for one of its great mysteries, the so-called Hertzian waves, or electrical impulses which could travel through air without the use of a wire. In 1895, when he was only 29 years old, his advanced knowledge on this obscure subject inspired him with the theory that these waves could be sent out and received at will, and in that year he had constructed the first wireless apparatus, whose efficiency astonished even his enthusiasm.

Wireless telegraphy under the masterful hand of Guglielmo Marconi sprang into commercial success in a remarkably short space of time. Prior to 1895, electromagnetic waves had been discovered, and men of many countries had experimented with them, but it remained for Marconi to see that these waves could be harnessed and made the servant of man, that they could be made to transmit intelligence from ship to shore and from one continent to another.

The waves or vibrations that make wireless telegraphy possible are in many respects similar to those of light. They travel at the same tremendous speed of 186,330 miles a second. There are several ways of producing these waves, but the one in common use is called the spark method. Briefly, it is this: An induction coil or high-tension transformer is connected to an electric-current supply so as to produce a spark across an air space. By opening or closing an ordinary telegraph key the operator causes a spark of longer or shorter duration to jump across the air space. This spark produces the vibrations by virtue of its oscillatory character.

Acts Like Spring.
In other words, it acts similarly to a straight spring drawn back and suddenly released. It vibrates to and fro until its energy is exhausted and the rate at which it vibrates is determined by its length. By varying the rate of vibration longer or shorter waves may be produced. By means of a device, called the oscillation transformer, the vibrations are transferred from the primary circuit to the aerial or mast-head wire, always conspicuous at any wireless telegraph station, thus performing the same function relative to the spark-gap circuit that a radiator does to a steam-heating boiler.

That which is called "tuning" has to do with the adjustment of the wave length of the aerial wire to that of the closed circuit. In this manner a receiving station may be tuned to a transmitting station or, in other words, the instruments of the former so adjusted that they will be more sensi-

tive to the waves from the latter than to those from other stations.

Purpose of Detectors.
In the receiving system the same aerial wire and smaller oscillation transformer are used, but in lieu of the spark gap we have the detector. This detector may consist of a special form of glow lamp, called an oscillation valve, or of a mineral or crystal such as silicon or carborundum, or other devices. However constructed, the various detectors serve the purpose of causing an intermittent current to flow through the operator's telephone receivers, thus producing audible dots and dashes, corresponding to the shorter or longer duration of the impulses sent out by the transmitting station. This brief account describes with fair accuracy the commercial, tuned wireless system of today.

To Build World System.
At the present time there may be found stations a thousand miles up the Amazon River working 500 miles over land through the virgin forest, and huge commercial stations flashing thousands of words daily across the broad Atlantic, and yet the art is still in its infancy. Mr. Marconi, ever looking for new worlds to conquer, and confident in his ability, gained by years of hard work and painstaking experiment, is about to start the work of erecting eleven huge stations that will completely encircle the world.

There is something fascinating and inspiring about the pioneer work of any great achievement, and the writer feels that he has been honored in having a part in the early development in the United States of so important an art as that of wireless telegraphy. It has been particularly pleasant to have been engaged in this work as one of Mr. Marconi's engineers.

MUST ABATE NUISANCE OR CLOSE DOWN PLANT

The board of health yesterday ordered the Hawaii Preserving Company to employ more men, if necessary, to see that the pineapple dump is properly taken care of and not made a fly-breeding pile of refuse. In brief, the company was given to understand it must destroy the refuse it creates, or must cease operation. A crematory for the refuse is under construction, but Dr. Pratt has ordered the company to spread the cast-off peelings in a thin layer, cover it with oil and burn it in that manner until the crematory is ready for use.

TANAKA NOT A DIPLOMAT DECLARES EDITOR SHEBA

Editor Sheba of the Hawaii Shingo has taken exception to the statement of Toichi Tanaka, one of the secretaries of the Japanese foreign office, made recently through the Star-Bulletin, to the effect that all children born of Japanese in the Territory of Hawaii are held to be subjects of the Mikado and liable to three years' military service in Japan should they return there. Sheba does not deny the truth of the assertion, but declares that Tanaka acted most undiplomatically in making the statement, which caused a tremendous stir among the local Japanese.

Amory A. Lawrence, aged 64, one of the best-known businessmen of Boston, died at his home.

"STAR SHIRTS" have been "battered" every season since 1840. All-round goodness not only got them in the lead, but kept them there.

PORTUGUESE THRIFTIEST, SAYS TREASURER'S REPORT

The Territorial treasurer's annual report, just issued, shows that the total amount of money on deposit in the seventeen banks in the Territory is \$18,189,135.50, of which \$5,521,973.11 are savings deposits. An interesting fact shown in this report is that the Portuguese are the thriftiest race of people in the islands. Their total deposits in the savings banks amount to \$1,003,766.29, or about \$1,000,000 more than any other nationality.

At the close of the fiscal year there were in the Territory 813 domestic corporations, with a total capitalization, not including the 119 eleemosynary institutions, of \$168,217,578, an increase of more than six per cent over the capitalization of the year previous. One hundred and thirty-six foreign corporations and four national banks do business in the Territory.

COMMERCIAL WHO'S WHO.

Volume 2 of Mercantile Reference Agency's Book of Commercial Ratings of Corporations, Firms and Individuals of the Territory of Hawaii has been issued, of date July, 1912. It contains 399 pages of names—Oahu taking 5-243; Hawaii, 244-329; Maui, Lanai and Molokai, 330-374; Kauai, 375-402. There are forty-four names to a full page. Prefixed to each island section is a list of post-offices therein. Ratings are given of estimated net capital with twenty-one letters of the alphabet and range from "A, \$1,000,000 and over" to "W, \$0 to \$500"; and of "Reported habits of payment" with five numerals, thus: 1, discounts; 2, prompt; 3, medium; 4, slow; 5, cash recommended; 6, pays cash; 7, new business, credit not yet established." In the first hundred names for Oahu there are twenty-five rated "A," or worth more than a million, including corporations and estates.

The Canaan Australian liner Makura, is reported to have sailed from Sydney for Auckland and Honolulu on last Monday according to a cable received at the local branch of the Merchants Exchange.

GO ON BOOSTS FOR HAWAII AND ISLAND PAPAIAS

Go On, a young Chinese from Ha-
waii, who gained a position in the
general land office, Department of
the Interior, by the civil service com-
petitive route, is showing that he has
an open eye for anything that will
benefit Hawaii at the national cap-
ital. Secretary H. P. Wood of the
Promotion Committee has received
the following letter and enclosure
from Mr. On:

Washington, July 16, 1912.
Mr. H. P. Wood, Secretary Hawaii
Promotion Committee, Honolulu,
Hawaii:
Dear Sir: I am enclosing herewith
a copy (photographic) of an account
published in the Washington Evening
Star of the 4th of July, 1912, concern-
ing the papaya (papaia) as a "New
Breakfast Fruit." I hope this will
interest you.

Being from Hawaii, I am naturally
interested about this papaya matter,
but nothing in the account mentions
anything about the fruits grown in
Hawaii. I learned from a person
lately that the papaya here is no
longer than a banana, and about the
diameter of a pear (alligator pear),
and it is full of seeds. He was sur-
prised when I told him that our pa-
paya was about seven inches in di-
ameter, and about nine or ten inches
long.

Something ought to be done to en-
lighten the Agricultural Department
officials about the Hawaiian papaya. I
am afraid, however, that the Ha-
waiian fruit won't stand the distance
well, but I believe that there is a good
market for them here.
Thanking you for your kind atten-
tion, I remain,
Very respectfully yours,
R. GOO ON.

Have you ever eaten a papaya? The
chances are that unless you are a trop-
ical globe trotter you have not. They
are not on the market here, but they
are coming as a breakfast fruit just
as surely as the grapefruit came. The
Department of Agriculture has been
experimenting with them for several
years, and David Fairchild, chief of
the division of foreign plant introduc-
tion, has just received a shipment from
Jamaica that has won friends in the
department. Papayas are being grown
to some extent in Florida and South-
ern California, but the trouble is that
up to date there has been no way to
insure their being the good sort, and
some of them are very good and some
the reverse.

Fruit is Dark Green.
The fruit is a dark green and pear-
shaped, and running from the size of
a big orange to a medium-sized wa-
termelon. It cuts like a canteloupe,
and has seeds in the interior cavity
like a canteloupe. There the resem-
blance ceases. When it is just ripe
enough it is of almost a custard con-
sistency, and the flavor is distinctive,
but more like an apricot than any-
thing else. A fair-sized one will di-
vide up like a canteloupe for table
purposes.

They run the widest range of taste,
the best varieties being exceedingly
good. The trouble is that many of
the fruits are "cross-fertilized" by the
wild trees growing around them and
there has never been any telling
whether a seedling would come true
to type.

Has Rapid Growth.
The fruit is a tropic one and grows
rapidly. Some of the seedlings plant-
ed in February bear fruit in Novem-
ber. The fruiting season is long, run-
ning about six months. Experiments
in shipping the fruit from Jamaica
show that papayas keep for fifteen
days. When shipped from Florida
this would give an abundant time for
marketing.

The department now is in corre-
spondence with a grower in Jamaica
who claims he has been able to grow
the fruit from cuttings. If this is the
case it of course solves the problem
of propagating the good varieties. Ex-
periments are to be tried in the green-
houses here with cuttings, and if they
are successful the papaya will soon
be put on the market from groves in
Southern Florida and Southern Cali-
fornia.

SOUGHT VOTER IN HIS LAIR

Six hundred and thirty-five names
of voters in the city and county of Ho-
nolulu were added to the Great Regis-
ter through the whirlwind campaign
just completed by Clerk Kalaokalani,
who is back in town after a ten day's
tour of the island precincts.

There are at least four hundred
names placed on the registration lists,
that would never be there, had we not
gone out in the highways and byways
for them" declared David Kalaokala-
lani in speaking of his trip.

There is a prevailing spirit of indif-
ference among a large percentage of
the country voters, ament the placing
of their names on the great register.
The tour of the island taking up ten
days time was in every way a suc-
cess. By a personal invitation, and
the distribution of notices many who
failed to connect with the official on
his tour have signified their intention
of visiting the registration office with-
in the next few days.

Perk—Say, Maria, you didn't tell
anybody that secret I told you last
night, did you?
Maria—Why, no! You see, I didn't
know it was a secret.

Keep Cool!

It takes more than the suggestion to keep cool these days. It really can be done only with an
Electric Fan

Just attach it to the chandelier in place of a lamp. It uses less current than a 15-candlepower lamp.
We have them complete from
\$10.00 up

The Housewife's Health Is Precious

The happiness of the whole family depends greatly on the health and
strength of the housewife. If she is weak and worn out, fretful and nervous
she cannot be the wise and patient adviser of her children, the congenial
companion of her husband, the calm mistress of her many trying household
duties that she was when in perfect health.
For such women nothing equals

Stearns' Wine of Cod Liver Extract

the peerless tonic and appetizer which is so pleasant to the taste that it
agrees with the most delicate stomach, yet is certain in its strength-renewing
and body building effects. It has not even the faintest taste of cod liver
oil, and millions of people in all parts of the world unite in praising its
value as a restorer of health and vigor. Get it at your druggists and be sure
you get STEARNS'—the genuine.

ECHOES FROM OLYMPICS ARE GOOD HEARING

Results Show James Thorpe to Be Greatest All-Round Athlete World Has Known

His victory in the pentathlon at Stockholm and in the decathlon stamps Jim Thorpe, the Carlisle Indian, as the greatest all-around athlete the world has ever seen. To win two all-around championships of the world within a few days of each other against the very pick of the world is a marvelous performance. Martin Sheridan, considered by many the most wonderful and versatile athlete alive, must take a back seat to Thorpe. It is not only in track and field work that Thorpe excels, but as a footballer, baseball pitcher and swimmer he has won innumerable laurels.

The Olympic games of 1912 have passed into history, but Honolulu is many miles from the center of the recent strife, and echoes from Stockholm are still traveling across the Atlantic and Pacific, and falling on interested ears.

Here is a resume of America's great showing, from a sport writer who observed the Olympic games:

It would have rounded out things if the United States could have taken the marathon, but, with the wind up of the field and track events of the Olympic games, there is every reason for rejoicing among the lads who bear Uncle Sam's shield. America has in Jim Thorpe of the Carlisle Indian School unquestionably the great all-around athlete in the world. He won both the pentathlon and the decathlon, the two important events, in hollow style.

Here is a resume of America's great showing, from a sport writer who observed the Olympic games: It would have rounded out things if the United States could have taken the marathon, but, with the wind up of the field and track events of the Olympic games, there is every reason for rejoicing among the lads who bear Uncle Sam's shield. America has in Jim Thorpe of the Carlisle Indian School unquestionably the great all-around athlete in the world. He won both the pentathlon and the decathlon, the two important events, in hollow style.

Finland undoubtedly has been the surprise of the meet. She has a great lot of athletes, and the same may be said of Sweden. In the events which require stamina and strength these Northerners are hard to beat, and under such trainers as Emil Hestberg they soon will acquire the skill. It is the general opinion that in the Berlin Olympic the Scandinavians will take a lot of beating.

The wind-up of the decathlon, with Jim Thorpe winner, and the finals of the 1000-meter relay, in which our lads won with ease, were the events in the wind-up in which the United States principally was interested. We made a poor showing in the cross-country race, none of our men showing anything like the form of the Finlanders or Swedes. No reason for shame.

While our best showing was in the field and track events, we have no reason to be ashamed of the showing made in the other line of athletic activities, as the total scores show, where it is in United States 125, Sweden 94, Great Britain 15, Finland 25, Germany 21, France 21, South Africa 16, Australia 15, Canada 12, Denmark 11, Norway 10, Italy 9, Hungary 8, Greece 4, Russia 3, Belgium 3, Austria 3 and Holland 2.

Because of the eye disease, an Italian, N. Y. man is able to read a full page in an ordinary book at a glance. If a man would climb he must start from where he now stands.

MEN'S DOUBLES TITLE TO BE DECIDED AFTER MAUI SERIES

LIEUTENANT PRATT AND LIEUTENANT WILLIAMS Army tennis enthusiasts who will represent Fort Ruger in the men's doubles championships.

MISS EDNA SMITH AND MISS LOUISE PHILLIPS WILL CONTEST FOR HAWAIIAN TITLE TODAY

MISS EDNA SMITH and Miss Louise Phillips have won their way to the final round of the ladies' championship singles, and this afternoon at 4 o'clock on the Beretania courts they will play for the Hawaiian title.

Yesterday's semi-final matches brought out a surprise in the rather easy defeat of Miss Violet Wilder by Miss Smith. The latter was picked to win, but no one thought that she would take every game. Miss Wilder, however, was considerably below her regular form, while Miss Smith was at the top of her game.

NO BASEBALL SUNDAY

Out of respect to the memory of the dead Emperor of Japan, there will be no baseball games at Athletic Park Sunday. Universal mourning is being observed by the local Japanese, and as there is one all-Japanese team in the league, the Anahis, and another with strong Japanese affiliations, the Japanese Athletic Club, it was decided at a meeting of the managers and captains last night to abandon the schedule for the coming week.

YOUNG FIGHTERS SHOULD NOT BE FORCED TOO FAST

It is a mistake to force such young fellows as Palzer and McCarthy into bouts for the world's championship, says William Muldoon. "The records will show that no man under 25 years old ever held the heavyweight championship of the world. Palzer and McCarthy are splendid young fighters, but they are not matured. They are not full-grown men. If I had a say I wouldn't hurry either of them, but would let them have several years of experience before sending either of them against the negro Johnson."

EXPEDITION REACHES SUMMIT OF MT. M'KINLEY

TACOMA (Wash.), July 24.—The Parker-Browne, exploring expedition, which went to Alaska to make the ascent of Mount McKinley has reached the summit, according to a cable message received in this city by the mother of Belmore H. Browne. The cablegram, dated at Telvina, Alaska, says: "Reached 20,000 feet. Hurrying home via Fort Gibbons." The American Encyclopedia gives the estimated altitude of Mount McKinley at 20,000 feet. If the Parker-Browne expedition has reached this altitude, those attaining it are the first known to have reached the summit of the highest peak in North America. The Parker-Browne expedition is under the direction of Prof. Parker, of Columbia University, New York. Many an old settler doesn't — as any grocer will inform you. Moscow's richest merchant, a German named Hinkel, left his fortune of \$2,500,000 to his employees.

TWENTY FROM ALAMEDA COMING

Alameda Will Send Large Delegation for Regatta Day Races Here — Boat Question Settled

Twenty strong Alameda's rowing delegation will arrive here on the liner Sierra September 16, and by Regatta Day, September 21, the men who will pull against Hawaii's best, for the six-oared barge championship of the Pacific, expect to be at the top of their racing form. This short interval between arrival and the actual race, means that the Alameda crew will do its training on the Coast, and that the days here will be given over to getting the feel of the new barge they will use and shaking out the kinks of a sea voyage.

The practice barge question, which was the stickler for some time, has been definitely settled. A letter from the Alameda club, received by Bert Lightfoot, secretary of the Hawaiian Rowing Association, by yesterday's mail, brought the information that the Alameda men had remodeled a four-oared barge into a six. Just how this feat was performed the letter didn't state, but the four-oars used by the California clubs have plenty of length, and while it would bring the men to pretty close quarters to put two extra in the boat, and would probably settle the boat rather deep in the water, the arrangement is practicable. Settles Difficulties.

The Alameda crew counted first on using the new Healan barge, that is being built by Alf Rogers, for their preliminary work, but when the local club very naturally wanted its new boat as soon as practicable, and would not consent to its remaining on the Coast until the last minute, the Alamedas were stumped. It was suggested that they come down well ahead of time and do their training here, but this could not be arranged on account of the long passage from Alameda. It would mean for the crew. The remodeling of a four-oar seems to be a good way out of the difficulty, and the five days that the crew will have here before the race should be sufficient to get the men used to the barge that they will row the race in. They will not bring their makeshift craft along, but will use a barge loaned them by the Healan's. Locals Will Join.

Word also comes that the Hawaiian Rowing Association is eligible for membership in the Pacific Coast Association of Amateur Oarsmen, the governing body for the Coast clubs. At a recent meeting the matter was considered, and as soon as a formal application is sent from here the local association will be duly elected.

Oarsmen here feel that this affiliation will bring Honolulu in closer touch with the rowing interests of the Coast, and will be in the interest of sport in general.

IMPROVEMENTS IN BOXING ARE SUGGESTED BY FANS

Much discussion has arisen lately in boxing circles upon two subjects which seem of paramount importance to the sport, the one dealing with the promulgation of an international scale of weights, and the other with the more advisable position for the referee, in or outside the ring.

In regard to the first, the consensus of opinion seems to favor the adoption of some generally recognized scale, in order that battles may be on a more even basis and also to put a stop to the false claims of so many fighters for the championship of classes to which they do not belong.

In England and also in France a scale of weights has been adopted in which the margin widens as the men get bigger, while the customary scale in this country and in Australia is in the reverse gradation. For instance, in Australia it is customary to regard fourteen pounds as the margin between bantam and lightweight men, and only nine pounds as the difference between the light and welter classes.

An international scale of weights, it is claimed, would put the sport on a firmer basis and facilitate the making of international matches.

FORT SUCCESSFUL YEARS.

For almost forty years Chamberlain's Colic, Cholera and Diarrhoea Remedy has been curing cramps in the stomach and bowels, dysentery and diarrhoea and has never been known to fail to give relief even in the most severe and dangerous cases. You can make no better provision for the safety of your family than to keep a bottle of this remedy ever at hand. For sale by all dealers. Benson, Smith & Co., agents for Hawaii.

to his friends. The referee question is still unsettled, but will probably be disposed of today. It isn't so much that the men are hard to satisfy as to an official, but that there is a scarcity of available third man material. The tickets, which are on sale at Gunst & Co., are going well.

OAHUREDS AND CAVALRY BLUES CLASH TOMORROW AT LEILEHUA

CAPTAIN FORSYTH AND COLONEL WILDER

When the gallant Fifth leaves Oahu next January, after a tour of nearly four years in Hawaii, there will be a big hole in polo ranks, which it will take some time to fill. The Fourth Cavalry, which relieves the Fifth, hasn't much of a polo reputation, and while the officers will probably get into the game here, they can not be expected to cut such a fine figure in the game as their predecessors.

The Fifth's polo success is largely due to the hearty endorsement and encouragement which the game has received from the regimental commander, Colonel Wilbur C. Wilder. Colonel Wilder, himself an old player, has been a polo booster from the first, and has given the team every opportunity consistent with duty. The picture shows Colonel Wilder and Captain Forsyth, polo captain, in earnest conference before one of the last games.

HARD-WORKING SECOND TEAMS WILL GET A CHANCE TO PLAY IN SURE-ENOUGH MATCHES

THE second polo teams of Oahu and the Fifth Cavalry are scheduled to play the first of a series of three games at Schofield Barracks tomorrow, and as a polo event the meeting is only second in interest to the championship games just finished. First-class sport and a very fair brand of the game should be furnished, and no one is doing much forecasting as to the result, as both teams are an unknown quantity in tournament play. Just before the championship series the Oahu Blues were beating the Reds rather easily, while the Cavalry first were doing the same to their hard-working seconds. What these teams will do to one another it will be interesting to note.

The coming series is one of the most sporting features of the polo season, as it will give the praise-deserving "scrubs" a chance to get some real fun out of the game. Second teams work their heads off for small thanks in most sports, and polo is no exception to the rule. In fact, it might be said to head the list, for the pony element enters into the calculations, and second team men are expected to hand over their best mounts for someone else to ride, when it comes to a show-down.

Everyone Gets Chance. The Oahu team has been picked to give nearly all of the men who have played on the second team this year a chance, but so as not to break up the combination of the matches, there will be no changes during games except in case of accident, but a different team will play in each of the three games.

In the first match tomorrow afternoon, Oahu will be represented by Dr. Baldwin, No. 1; Walter Macfarlane, No. 2; H. G. Dillingham, No. 3; Henry Damon, back. The following Wednesday there will be a shift, R. W. Shingler playing 1, Macfarlane 2, Harold Dillingham 3, and Arthur Jones back. Saturday the team will be made up of Shingler, Macfarlane, Jones and Damon. This gives each man two games, with the exception of Dr. Baldwin, who is going off on a trip after the first match, and Walter Macfarlane, who is listed to play in all three.

The Cavalry will have that slashing hitter Millikin at No. 1, Heffernan 2, Baird 3 and Groninger back. This is a fast combination, Millikin and Groninger both being members of the team that played in the spring practice series against the Oahu Blues. Both Baird and Heffernan have been coming on fast in their polo, and the team is expected to give the Oahu players all they want—and then some.

Ponies Fast. The local ponies were taken out to Leilehua yesterday, and will be stabled at Schofield until after the series. The team will be well mounted, although some of the cracks that played in the championships have been, or are just about to be, turned out and will not be available for the coming games. Indigo, Jennie C. Paulos, Domingo and Sure Kela are some of the fast ones that will be out of the game. On the other hand, Dr. Baldwin will be mounted on Carry the News, his great pony which Walter Dillingham played in the championships. Comet and Helen C. Star, Akbar, Nellie Rice, Mutt and W. R. are some of the other first-string mounts that will be played.

Only six periods, instead of the full eight, will be played in each game, to ease up the pony question. Tomorrow's game will start at 3 o'clock. Probably Lieut. Naylor will referee.

Taking general cargo and a small list of cabin passengers, the Interland steamer W. G. Hall is booked to sail for Kauai ports at five o'clock this evening.

The chronic bore makes a big hole in the busy man's day. The cattle plague in England continues to spread, having now reached Surrey.

LONDON PAPERS TELL OF DUKE'S GREAT SUCCESS

Interesting Description of the Place Where the Hawaiian Champion Won His Laurel Wreath

While Honolulu followers of the swimming game, know the part that Duke Kahanamoku has been playing in the international spotlight, their ideas as to swimming conditions at Stockholm have been somewhat vague.

The following, from the London Daily Telegraph, written by a staff correspondent at the Olympic games, gives a fair idea of the open water swimming pool, and also of Duke's final performance:

"The swimming carnival is held in an improvised bath, 100 meters in length and some 20 meters wide. On either side there are stands to hold many spectators. It is a simple, well-sheltered bay of the Nybroviken. The waters of the bay are smooth and shimmer like satin. Beyond them and dotted here and there among the thick growth of trees which cover the sides of the high-sloping banks, rise minarets and towers standing out in bold relief from the skyline. They are peopled with interested onlookers, at the path below, by the water-side. In the calm of the summer evening the swimmers, at a pistol report, enter the water from the diving stage at one end, and go shooting their way through the swirling waters to the further platform, accompanied in their progress by a retinue of officials on the wooden staging that runs below the stand. The swimmers wear colored and numbered linen cap-pieces as identification marks. There is some excellent fast swimming, and as proof of the world-wide skill in the art the winners come from all parts of the world, as Australia, America, Germany, Hungary, England, and, of course, the men in the foreground of the series of athletic pictures in the making are the persevering Swedes."

World's Swimming Record. "Another world's record has been created. This time it is with the swimming detachment. The United States have introduced a native of Hawaii, named Duke Paoa Kahanamoku, with a copper-colored skin. He is wonderfully well shaped, with the slimmest of wrists and a pair of broad but loosely-swung shoulders. He has an oily method of cleaving through the waters. Covering the 100 meters in 1 min. 2 sec., he shattered all existing records, and made the other sprint swimmers, good as they are, look small in comparison. This truly remarkable swimmer learned the art of natation on the surly beach of Hawaii, where all are experts."

CHICAGO, July 22.—Jack Johnson, erstwhile pugilist, wandered into his cafe this afternoon in time to see a thirsty customer pass out a \$30 bill for a gin ricky. An instant later the waiter tendered the bibulous person change for a \$10 dollar bill. Instantly the place was in an uproar. The customer demanded his proper drag, and Johnson sided with him. "Dish out one me \$10 bill yo' Mistah Casson Hill, or stop instantly, if not soonab, a'witin' in mah cafe," ordered the heavy weight champion. Casson Hill, the waiter in question, objected. "Deed, Mistah Jack, all he done gib me was a \$10 bill," he protested. "Ah neyah robbed a man in mah—"

Mr. Johnson interrupted. He stood Casson Hill on his head until he had shaken out \$10 more. "If dey works fo' me dey mus' be on de square," he said. Later, when making the charge against the waiter at the police station, he remarked: "Dey all kain't put it ovah anybody when Ah's around. Ah don' like crooked cullud persons."

CANNON WRITES THANKS TO AGED AUTHOR FOR POEM. CAFE MAY, N. J., July 24.—Edgar Page Stites, author of the famous hymns, "Bulah Land," "Simply Trusting," and "At the Golden Landing," received today a letter from former Speaker Cannon of the House of Representatives thanking him for the poem, "Inasmuch," which the venerable fishing Jersey poet wrote for Uncle Joe.

The letter reads: "My Dear Mr. Stites—I am in receipt of your kind favor of recent date and also the verses 'Inasmuch,' which you inclose and which I have enjoyed reading. Please accept my than's for your courtesy."

LEGAL NOTICES.

No. 227. TERRITORY OF HAWAII. COURT OF LAND REGISTRATION. TERRITORY OF HAWAII TO OAHU COUNTRY CLUB, EDWARD H. W. BROADBENT; THE WESTERN AND HAWAIIAN INVESTMENT CO. LTD.; TERRITORY OF HAWAII, by Alexander Lindsay, Jr., Attorney General, and Marjorie Campbell, Superintendent of Public Works; CITY AND COUNTY OF HONOLULU, by Joseph J. Fern, as Mayor and President of the Board of Supervisors; WILLIAM C. ACHI, and to ALL whom it may concern:

Whereas, a petition has been presented to said Court by FANNY MARKHAM STRAUH to register and confirm her title in the following-described land:

Being portion of Lot 24, Block 4, Puunui Tract. Being a portion of Grant 3050 to H. A. Widemann, Puunui, Nuanuu Valley, Kona, Oahu, T. H.

Beginning at a 1" galvanized iron pipe, at the South corner of this lot, on the Northwest side of Puunui Avenue, the true azimuth and distance to an iron pin marking the North corner of Land Court Petition No. 205 being 325° 46' 51.48 feet, and the co-ordinates of said point of beginning referred to Government Survey Triangulation Station "Wyllie" being 937.49 feet North and 2612.88 feet East, and running by true azimuths:

- 1. 142° 05' 20.00 feet along fence along remainder of Lot 24 to a galvanized iron pipe;
2. 232° 00' 31.35 feet along the South-east side of Rooke Avenue;
3. 345° 59' 52.2 feet along Land Court Petition No. 188 to a + marked on stone, the true azimuth to "Wyllie" being 67° 32' and to "Rosebank" being 342° 50' 20";
4. 331° 26' 58.4 feet along Land Court Petition No. 188 to a rock marked +;
5. 318° 31' 37.77 feet along same;
6. 52° 00' 26.06 feet along the North-west side of Puunui Avenue to the point of beginning and containing an area of 9737 square feet.

You are hereby cited to appear at the Court of Land Registration, to be held at the City and County of Honolulu on the 6th day of August, A. D. 1912, at two o'clock in the afternoon, to show cause, if any you have, why the prayer of said petition should not be granted. And unless you appear at said Court at the time and place aforesaid your default will be recorded, and the said petition will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness the Honorable WILLIAM L. WHITNEY, Judge of said Court, this 12th day of July, in the year nineteen hundred and twelve. Attest with Seal of said Court: (Seal) JOHN MARCELLINO, Registrar. 5284-July 12, 19, 24; Aug 2

CORPORATION NOTICES.

TERRITORY OF HAWAII, CITY AND COUNTY OF HONOLULU.

Cecil Brown, President, and M. P. Robinson, Acting Secretary and Cashier, each being duly sworn, depose and say that they are respectively the President and Acting Secretary and Cashier, the said M. P. Robinson acting in the place and during the absence of L. T. Peck, the Cashier, from the Territory, of THE FIRST AMERICAN SAVINGS AND TRUST COMPANY OF HAWAII, LIMITED, and that the following schedule is a full, true, and accurate statement of the affairs of said "The First American Savings and Trust Company of Hawaii, Limited," and including the 30th day of June, 1912, such schedule being required by Section 2584 of the Revised Laws of the Territory of Hawaii.

The authorized capital of the Company is \$200,000, divided into 2000 shares of \$100 each. The number of shares issued is 2000; sixty per cent, equal to \$120,000, has been paid in, leaving \$80,000 subject to be called in. The liabilities of the Company on the first day of July, 1912, were as follows:

Table with 2 columns: Description and Amount. Capital paid in \$120,000.00, Deposits 786,638.44, Undivided Profits 21,882.80, Total \$928,520.74.

The assets of the Company on the first day of July, 1912, were as follows:

Table with 2 columns: Description and Amount. Bills Receivable \$611,872.26, Bonds 253,996.00, Real Estate 33,011.25, Cash on hand and in Bank 30,422.97, Interest Accrued 9,219.16, Total \$938,520.74.

(Sigs.) CECIL BROWN, M. P. ROBINSON. Subscribed and sworn to before me this 29th day of July, 1912. (Sigs.) FRANK F. FERNANDES, Notary Public, First Judicial Circuit, T. H.

I hereby certify the above to be a true and correct copy of the original schedule filed in the office of the Treasurer of the Territory of Hawaii. FRANK F. FERNANDES, Notary Public, First Judicial Circuit, T. H. 5500-1W

BY AUTHORITY.

SALE OF A GENERAL LEASE OF THE GRAZING LANDS OF NANA-KULI, WAIAWAE, OAHU.

At 12 o'clock noon, Saturday, August 24, 1912, at the front door to the Capitol, Honolulu, there will be sold at public auction, under Part V. of the Land Act of 1895, Sections 278-285 inclusive, Revised Laws of Hawaii, a general lease of the grazing lands of Nana-kuli, Waiawae, Oahu, containing an area of 2350 acres, more or less. Upset rental, \$750 per annum; payable semi-annually in advance.

Term of lease, 15 years from September 1, 1912.

This lease will contain conditions regarding the termination of the lease after ten years, construction of fences, development of water, the cutting of algaroba trees on certain areas, and certain other conditions.

The purchaser shall pay the cost of advertising.

Reservation regarding land required for agricultural, homestead, reclamation, settlement or public purposes will be embodied in this lease.

Persons desiring to object because these lands should be homesteaded or otherwise, are requested to present such objection to the Board of Public Lands, in person or in writing, on or before Wednesday, August 14, 1912.

For maps and further particulars, apply at the office of the Commissioner of Public Lands.

JOSHUA D. TUCKER, Commissioner of Public Lands. Dated at Honolulu, July 18, 1912. 5292-July 19, 26; Aug 2, 9, 16, 23

NOTICE OF SALE OF PUBLIC LANDS.

The following lands situated on School street, Honolulu, and at Oiaa, Puna, Hawaii, will be offered for sale at public auction at the following upset prices, at 12 o'clock noon, Saturday, August 10, 1912, at the front door to the Capitol Building, Honolulu:

- (1) Remnant at School street, containing an area of 1,500 square feet, more or less. Upset price, \$125.
(2) Remnant on makai line of School street, containing an area of 11,000 square feet. Upset price, \$550.
(3) Lots 4B and 7B, Block "A", Oiaa, Puna, Hawaii, containing an area of 4.84 acres. Upset price, \$145.20. The same being sold as a railroad right-of-way and not for residence purposes. Terms of sale, Cash.
Purchaser to pay cost of patent and stamp.

For maps and further particulars, apply at the office of the Commissioner of Public Lands, Capitol Building, Honolulu.

JOSHUA D. TUCKER, Commissioner of Public Lands. Dated at Honolulu, June 6, 1912. 5257-June 6, 13, 20, 27; July 5, 11, 18, 25; Aug 1, 9

RESOLUTION NO. 694.

BE IT RESOLVED by the Board of Supervisors of the City and County of Honolulu, Territory of Hawaii, that the sum of Five Hundred and Three and 100/100 Dollars (\$503.20) be and is hereby appropriated out of the General Fund of the Treasury of the City and County of Honolulu for the Maintenance of Roads, Honolulu District (Maintenance of Equipment). Introduced by S. C. DWIGHT, Supervisor. Date of Introduction: July 29, 1912.

At a regular adjourned meeting of the Board of Supervisors of the City and County of Honolulu, held on Monday, July 29, 1912, the foregoing Resolution was passed on first reading and ordered to print on the following vote of the said Board:

Ayes—Amans, Arnold, Dwight, Kruger, Murray, Low, McClellan, Total, 7. Noes—None. E. BUFFANDEAU, Deputy City and County Clerk. 5303-3t

SEALED TENDERS.

Sealed Tenders will be received by the Board of Health Commissioners up until 2 p. m. of Wednesday, August 7, 1912, for the construction of a sidewalk in front of the Alakea street slip and Richards street wharf, Honolulu.

Specifications and blank forms of tender are on file in the office of the Department of Public Works, Capitol Building.

The Board of Harbor Commissioners reserves the right to reject any or all tenders. MARSTON CAMPBELL, Chairman, Board of Harbor Commissioners. Honolulu, July 22, 1912. 5294-10t

SEALED TENDERS.

Sealed Tenders will be received by the Superintendent of Public Works up to 12 m. of Tuesday, August 20, 1912, for constructing a Water Reservoir for the Honolulu Water Works on Rocky Hill, Honolulu.

Plans, specifications and blank forms of proposal are on file in the office of the Superintendent of Public Works.

The Superintendent of Public Works reserves the right to reject any and all tenders. MARSTON CAMPBELL, Superintendent of Public Works. Honolulu, July 31, 1912. 5302-10t

CAPTAIN BISHOP CALLED DESERTER

SAN FRANCISCO, July 25.—The second day's trial of Captain Augustus H. Bishop, First Infantry, was held before a general court-martial at the Presidio yesterday. The day developed some decided changes in the original charge against Captain Bishop, who had delivered himself up to the chief of staff of the Western division some weeks ago after a three months' absence without leave. The first charge made against him was absence without leave, but yesterday showed that two charges had been entered with several specifications. The first charge is for the violation of the forty-seventh article of war, desertion, and the second the violation of the sixty-second article of war covering conduct prejudicial to good discipline. Two specifications are named in the first charge and nine in the second. Captain Bishop pleaded not guilty to all.

Yesterday's court proceedings dealt mainly with the technicalities of depositions and interrogations to be sent on to Honolulu before the case can proceed with its testimony and this may take several weeks. Lieutenant Colonel Chas. G. Morton is president of the court.

Captain Bishop has for counsel Captain Nolan, Ninth Infantry and Lieutenant S. A. Campbell, First Infantry. Captain John T. Geary, Coast Artillery, is judge advocate.

Women waste a lot of powder when the enemy isn't in sight. Albert T. Leach, a Chicago publisher, and his chauffeur were killed and three persons injured when an automobile overturned near Valparaiso, Ind.

Another alleged Rosenthal slayer caught by police. NEW YORK, August 1.—"Whitey" Lewis, companion of gamblers, and said to have been one of the four men implicated in the murder of Herman Rosenthal, was arrested in the Catskill mountains by detectives from the Central Office today.

Progressives adopt "Bull Moose" emblem. INDIANAPOLIS, Indiana, August 1.—The "Progressive" convention which was held here today formally adopted the bull moose as the official emblem of the party in this State, and it will appear upon the official ballots.

Seaght, New Jersey, August 1.—The largest single campaign contribution which has been received at the Wilson headquarters to date has come from William J. Bryan, former Democratic candidate for the presidency, and one of the powers at the last Bourbon convention.

Old laws to suit new cases. England hardly needs to pass new laws when it is possible to dig up an old one to fit almost any contingency. Something of a sensation was made by the recent conviction of Tom Mann for sedition and his punishment under the century-old statute. Even more curious was the recent case of Frederick Mutton, chairman of the Northampton united temperance committee, who has been undergoing fourteen days' imprisonment for accusing the magistrate of his town of partiality toward the drink traffic.

Cable News CREW FIGHTS BURNING OIL

SAN FRANCISCO, August 1.—One of the heroic tales of the sea came here by telegraph tonight in the account of the desperate fight put up against overwhelming odds by the officers and men of the oil steamer Fakli, which caught fire from her engine room, and was saved by being rammed ashore twenty-five miles south of Point Arena.

The fire was first discovered by a stoker, who passed the alarm to the engine room. In a few minutes the whole crew was engaged in trying to smother the flames. This proved hopeless for a time as the decks of the steamer were dripping with oil, and the streams of water from the fire hose but drove the flames into new places.

In the midst of the fight with the fire the wireless of the ship broke down and her captain was unable to direct the efforts of the ships he had summoned to his assistance earlier in the struggle.

While all of the crew were more or less burned and scorched by the flames, only three were seriously hurt. The total damage done by the flames, which were finally subdued, will probably amount to but six thousand dollars.

MONEY FOR ARMY. WASHINGTON, August 1.—Congress today sent to the President an emergency bill which provides for the same appropriations passed in June to meet the shortage caused by the lack of the regulation appropriation measure. The new appropriation will carry over July and a half month in August.

At a caucus of the house held Tuesday a one-battle program was decided upon, and it is regarded as certain that that measure will be pushed through if possible.

PRESIDENT OF CHINA NAMES AN ADVISER. PEKING, China, August 1.—The President announced that he has appointed Dr. George Ernest Morrison, for years China correspondent of the London Times, as political adviser for the coming five years.

SAN CARLOS BONDS ARE UNDERWRITTEN

For some days the Star-Bulletin has been in confidential knowledge of delay in concluding a contract with the Honolulu Iron Works by the San Carlos Milling Co., lately organized here to operate in the Philippines. As it was published this morning that "complications had arisen in the affairs of the company, A. D. Cooper, promoter of the enterprise, was asked for information on the matter. In reply he dictated the following statement:

"As is quite reasonable in the case of a proposition of the size and nature of the San Carlos central, there were a good many things that could be concluded in advance of our actual readiness to commence work, and likewise many matters that could not be settled until the arrival of our manager on the ground; such, for instance, as the selection of the actual site for the mill, and the exact position of the rights of way for the railway.

"Mr. Bell, our manager, is at present in the Philippines, and is applying himself diligently to concluding these latter arrangements, and with such success that we recently received a message from him stating that all arrangements had been concluded for the rights of way for the railroad except over a strip of land in the northern part of the district, and that he had secured the site of our first choice for the mill. It is conveniently located both with reference to the plantations whose cane the company will handle and also with regard to shipping facilities. It covers some fifty acres and was formerly operated as a small plantation.

"The company has received an offer to underwrite its proposed bond issue of \$400,000, but I cannot give you the details until the matter has been submitted to the stockholders for their approval. As we shall not require bond moneys to carry on the construction work for some considerable time, no definite arrangements have been made for a stockholders' meeting, but I presume it will be within the next sixty days."

ADVENTURES ON MOUNT TACOMA Canyon Found Full of Mosquitoes Which Put Climbers in Fear of Death. TACOMA, Wash., July 18.—J. Jensen of Cedar Falls, Ia., and George Sunday of Fort Wayne, Ind., and Evangelist Billy Sunday, had an eventful experience while climbing Mount Tacoma yesterday. Sunday became very ill before reaching the top, which is 14,500 feet above sea level, but was revived and enabled to complete the climb. Jensen, who had seemed to endure the hardships well, fell unconscious on the rim of the volcano's crater and did not regain his senses for several minutes.

E. A. Fredericks, W. N. Herbert and C. A. Glidden returned to Tacoma after several desperate adventures in climbing Mount Tacoma from the northside, a difficult and but little-used route. The men found themselves at the bottom of a 1600-foot canyon, climbing out of which required twenty-four hours to make the first 1300 feet. They found the canyon filled with mosquitoes as thick as vapor and were put in fear of their lives because of the assault of the insects. The last two days of the journey the men were without food.

BOWEL COMPLAINT IN CHILDREN Children when teething are liable to attacks of diarrhoea and this trouble, especially in warm weather, should never be neglected. The best medicine in use for ailments of this kind is Chamberlain's Colic, Cholera and Diarrhoea Remedy. When reduced with water and sweetened, it is not unpleasant, which is of great importance when giving medicine to children. For sale by all dealers. Benson, Smith & Co., agents for Hawaii.

TAFT FORCES IN CALIFORNIA LACK AGGRESSIVE LEADER NOW

Gov. Johnson Laying Plans to Capture All of the Votes of Bear State

By ERNEST N. SMITH.

(Special Star-Bulletin Correspondence) SAN FRANCISCO, Cal., July 25.—There was a time when the political scribe thought only of the men when he wrote; the interest of the politician centered in women only to the extent of smacking small children to win his way to papa's heart through mamma's delight. Perhaps these things are still so in Honolulu—I know not—but I write of things as I find them here. The scribe devotes a few lines of praise to the women-winning attributes of the favorite son; he in turn must be rough and ready to win the labor vote, suave and polished and standing for "the splendid virtues of an ideal home life." And he is beginning to get away with it.

No longer does father read his half of the paper while mother reads hers. Both want the same section—the political column. Father wants to know whether the Taft man hit the Roosevelt man first, or whether the Roosevelt man threw the Taftite down the stairs and then returned gallantly explaining to an interested feminine voter that sometimes a little fracas was quite the thing to enable the people to rule. Mother wants to know whether the directors of her club decided that Woodrow Wilson or Taft was the most gentlemanly delegate; which had the most ideal home life, etc.

If anyone wants to get a well-rounded idea of what constitutes American politics, just travel from one end of California to the other. Anything you can't find out that way you won't need to learn.

Things change with a bewildering suddenness. Witness the La Follette clubs, women's and men's, up and down the State, well organized and blatant. Then came the "Moose" call, heard first by Governor Johnson, who answered rancorously and then led the clubs in a wild run to the Moose paddock. "Thou shalt not steal" became the slogan, and La Follette was bereft of all he thought he owned in California. "Let the people rule" said these gentry, while six or seven men tried to run the State.

Taft clubs were organized, but lacking "loud mouths" failed to impress the public with their side of the question. The poor Woodrow Wilson clubs went their quiet way. They were quite lost sight of, the leaders contenting themselves with a martyr-like fight of modest dimensions.

Champ Clark was omnipresent as one would be if supported by the Hearst publications. It was a "Clark walkover." Wilson was described as vividly as an editor could wax with-

out going to jail. His lot seemed a miserable one indeed. One wondered why he lived at all. He seemed to be, according to Hearst, an enemy of every creed and condition of servitude. Whereupon Wilson won. Now witness the ladies and gentlemen of Democratic distraction mounting the Wilson wagon—that's all. Hearst leaped first, as he generally does, and invited the hordes to join with "me and Wilson." The original Wilson men were almost lost in the stampede. It was a remarkable, if unusual, example of sudden Democratic fusion.

Governor Johnson, who, it is said, can arouse Roosevelt quicker than any other man in the Progressive party, seems to be laying plans to capture the Republican party. The Southern Pacific men in the most golden days never had it on Johnson when it came to doing any kind of politics to win.

The State Harbor Board at San Francisco has become a bulging nest for any old politician who can oil the Johnson machine. Payrolls are loaded—went up practically 100 per cent. just before the primaries. The same thing obtains through the State. "Let the people rule," say Johnson and his followers, who thereupon order Senator Works to resign because he breathed a personal private opinion as to the irregularity of the Progressives. They caught a tartar, because Works let out a blast that even silenced the bombastic Johnson. Works won't resign, and gave some good reasons why, which the Progressives did not like a little bit. "Thou shalt not steal," say the California Progressives who stole the Senatorial seat from Spaulding and gave it to Works.

The Taft Campaign. About Taft—his campaign so far resembles the Wilson campaign early in the present year. There are enough papers out for Taft, but so far there is no big Taft leader in California, no cohesion, no concentration on the slogans or the principles which, loudly reiterated, tickle the public fancy and finally make reputations. The only thing so far has been "Vote for Taft; he gave us the fair," which so far has been a pretty poor vote getter. Taft will never win out in California with a quiet campaign, not with the clever Progressives who can at present outtalk and outpoint any organization in the State.

And, as I said, the ladies are in the midst of it all. Every man's club has its double in a women's club. Around near the men's district headquarters nervous women reiterate their views, or glasses and the "Well, here's health" are almost drowned out by the suave "Won't you have another cup of tea? Yes; I thought so. Now, really, you're with us, aren't you, Mrs. D—?" And so it will be during all these early fall months.

CALIFORNIA'S COUNTIES GET READY FOR BIG EXPOSITION

(Special Star-Bulletin Correspondence) SAN FRANCISCO, July 23.—When the different county Boards of Supervisors meet in September, to fix the tax rate, they will determine the extent in which their Counties will be able to participate in the California Counties' Building, which, so far as California is concerned, will be the chief feature of the Panama-Pacific International Exposition. Those counties which levy the tax authorized by the last Legislature will be in a position to take advantage of what will be the greatest advertising opportunity that has ever come to them, or probably ever will come to them,—to exploit their products and resources to the world.

Last year thirty-seven Counties made a special levy for Exposition purposes. This year practically every county in the State is expected to make the full levy, for it seems to be well understood by them that, in order to conform to plans adopted by the counties to make the California Counties' Building and exhibits the most striking feature of the Exposition, every county will need to take advantage of Legislative authorization and levy the full six cents on the \$100 tax every year from now until the exposition opens.

The Counties' Building, which was agreed upon at the State Convention of Supervisors, in Bakersfield in May, and subsequently ratified by a meeting of Supervisors and their County Exposition Commissioners, held in the St. Francis Hotel, in San Francisco, on June 20th, provides that the California Counties shall be the real hosts at the Exposition, and that their hospitality shall take such shape as to advertise California more effectively than any State was ever before advertised.

In order to carry out this it is planned to erect a building of imposing architecture that will combine every essential for county exhibits, as well as receptions, banquets and other social functions; and to arrange so that no visitor can enter the social section of the building without passing through the exhibits of the different counties of the State.

During the Exposition period the Counties will arrange for a constant succession of County Days, on each of which some one county will play the part of host to the visitors attending the exposition, and the county that is host for the day will be given the use of the building for that purpose. By this arrangement there will not be a single-day when California is not doing the entertaining. The fame of her hospitality will be spread throughout

the world, and every visitor to the Exposition will be given an inducement to view the matchless products and familiarize himself with the opportunities existing in every county in the State.

In this most important affair the Exposition is working in entire accord with the decision of the counties, and is prepared to furnish any information required regarding County participation.

LIFE PRESERVER IS FOUND AFTER YEARS

Floated from Japanese Coast to Scotland Through the Northwest Passage

SAN FRANCISCO, July 12.—A life preserver which had drifted 12,000 miles from the coast of Japan to Scotland, was received here today by Captain Robert Dollar, of the Dollar Steamship Company. The life preserver floated from the wreck of the Stanley Dollar, which went aground in Yokohama harbor in September, 1905. It is believed to have drifted through the Northwest Passage, the first authentic record of such an occurrence, and was picked up near the Shetland Islands last September.

The life preserver was identified as having been on the Stanley Dollar by James Guthrie, then assistant inspector of hulls and boilers, who placed his stamp on the canvas. The tubes, with which the life preserver is stuffed, are broken, and the canvas is rotten.

ON BOARD THE LURLINE

(Dedicated to the good ship Lurline, the following poem, composed by Mrs. A. B. Arleigh, who arrived with A. B. Arleigh, was read at an entertainment on the ship on Tuesday night. It made such a hit that a copy was sent to the Matson Navigation Company, and the passengers requested the Star-Bulletin to publish it.)

Far o'er the sea
We wished to be—
In Honolulu,
Where they do the hula.

And so, you know,
They send this ship
Across the sea
For you and me.

Along the dock
I saw her lie.
Admired her length
And gauged her strength.

We came aboard
And gazed about,
Strange sights and sounds
All round about.

The roosters crow,
The young hens cackle,
The donkeys bray
By hales of hay.

A good gray horse
(Man's truest friend)
Leads mules aboard—
A mighty horde.

At last the cargo's ready,
And only gzy confetti!
To the shore does bind
The good ship Lurline.

At length upon the sea
We find ourselves to be,
Upon the decks we walk,
And also talk.

A farmyard greets us fore—
And also aft.
Odors of the stable,
Charming—'tis no fable.

A menagerie
And circus combination
Furnishes entertainment,
Free of entailment.

The cocks they crow
Each hour of the night,
And thereby tell
The ship's all well.

A thousand hens
Their partners be,
Who roost at last
On rigging and mast.

The bantams they perch
On a big mule's back;
And the turkeys gobble
'Cause they can't hobble.

A hundred mules
He-haw! He-haw!
And twist a long ear,
To amuse us here.

The Jacks still stand
By day and night,
For on the trip
They give no tip.

The great big bull,
At the end of the line,
Blear-eyed and gruff,
It's not a bluff.

Short horns and flat back,
He's worth eight hundred,
His cows look mild,
For they're not riled.

Pigeons, ducks and geese
Are jealous of the hens,
Who sneak through the pantry
To pick up a few scraps more.

Menagerie, circus—
Well, I guess yes;
But nary a child
To enjoy it wild.

The monkeys chatter
And eat the nuts;
But where's the joy
Without a boy?

The hogs they grunt,
Their stupid stunt,
Which, wafted on the breeze,
Makes you stop and sneeze.

At dinner we sit
By a well-laden board;
Food fit for a king
Before us they swing.

But through windows we see
Mules' ears and mules' ears;
Fried, baked, fricasseed
Odors of hay seed.

Memories of childhood!
How we forget!
A boy friend of mine
Ran away one time.

We went off to sea
In a cattle boat,
Was it like this!
Oh! Welcome bliss!

They always say,
In jest and play,
The cook's nose is longest,
But here mule is strongest.

They also say,
If you want good luck,
Don't let black cats
Cross your path—but rats.

There's a gray cat, too,
And a yaller dog,
That's bob-tailed,
Mangy and hob-nailed.

Oh! ye inhabitants
Of Honolulu,
San Francisco
And Nabisco!

If you wish to ride
On a mule bareback,
And travel the seas
With barnyard fleas,
I recommend
S. S. Lurline.
Its pets galore
May make some sore;
But if you're the sort
That likes real sport,

WORLD'S NEWS CONDENSED
SPECIAL MAIL SERVICE TO STAR-BULLETIN
Home and Foreign Dispatches Giving World's News at a Glance.

NEWS BULLETIN OF JULY 25 AND 26.

There have been thirteen deaths from rabies in the last few months in California. The epidemic seems to be spreading.

A baby weighing 14 pounds and 5 ounces has just been born in Bakersfield, California.

Thirteen miners, caught in a mine in Uniontown, Pa., by a cloudburst which flooded the mine, last their lives and rendered over thirty children homeless.

A 40 second earthquake shock destroyed the town of Piura in Peru. A number of children were killed and many people were injured.

A gunner's mate was imprisoned at hard labor because he refused to obey a government order for vaccination as he was a Christian Scientist. Senator Works of California, also a Christian Scientist, has started a fight in the man's behalf.

David W. Mulvane of Topeka, Kansas, may take charge of Taft's western campaign. His headquarters will be in Chicago. Mulvane is wealthy, and old time far seeing politician.

Over twenty thousand English strikers gathered on Tower Hill and prayed that God would strike Lord Devonport dead. The latter is blamed for the continuance of the dock strike which has reduced thousands of workers' homes to the starvation point.

Bryan is planning to get into active campaigning. He intends principally to camp on Roosevelt's trial and make him do a lot of explaining.

Charles P. Meyer has been re-elected president of the Western Federation of Miners.

Because of Secretary of Commerce and Labor Nagel's bad mistakes at and about the Chicago convention President Taft is being urged from many sources to suggest to Nagel that he resign.

Christopher Ravn, prime minister of Norway, has been traveling through southern California incognito, looking for a large tract of land upon which to locate a colony of his own countrymen.

The Democratic House, in caucus, by a vote of 70 to 62 turned down the senate amendment authorizing two battleships. They wouldn't even compromise on one battleship.

A Chicago capitalist has purchased 74,000 acres of land near Fresno California for which he paid \$3,000,000. The land will be divided into 60 to 80 acre tracts and marketed in the East.

Professor Hedschel Parker, the explorer has telegraphed that his third attempt to scale Mt. McKinley was "essentially successful." This is supposed to mean that the expedition was successful scientifically though the highest peaks were not tapped.

The General Electric Company has declared an extra dividend of 30 per cent in new stock in addition to the quarterly dividend of 2 per cent.

Progressive and Taftites almost came to blows in San Francisco at a central committee meeting. After the Taft men declared the meeting adjourned the Roosevelt men seized the chair and proceeded with business.

The government will no longer allow people to receive mail at the general delivery for more than thirty days. This is to break up clandestine correspondence.

Former Senator Beveridge of Indiana has been selected as the temporary chairman of the "Bull Moose" party.

Captain Wm. H. McLean, for many years a Pacific Mail master, has just died in San Francisco.

Lieut. Comdr. David F. Sellers, who was in Honolulu when the flag was raised over the Hawaiian Islands in 1898, has been appointed naval aide to President Moore of the Panama-Pacific Exposition.

The first Japanese Y. W. C. A. in this country has just been established in San Francisco.

Johnson has refused to meet Palmer or Jeanette for a flat offer of \$25,000 win, lose, or draw. He is holding out for \$30,000.

Two thousand men, members of the Industrial Workers of the World, have struck on the Grand Trunk Pacific Railroad in Canada, almost completely stopping construction work.

Charles W. Morse, the banker, released from a federal penitentiary by Taft because he was dying, is in New York trying to establish a chain of cargo steamers on the Atlantic.

WESTERN NEWS.

The California naval militia broke the world's record for four-inch and three-pounder gun record on the recent cruise of the U. S. S. Marblehead.

The San Francisco labor council is investigating the reasons for J. B. McNamara's solitary confinement in San Quentin. The labor men fear that this confinement is for the purpose of gaining a confession.

In a speech at Milwaukee, Eugene Debs, socialist candidate for President, called Roosevelt's "progressivism" mere "bumcombe," using his presidential record as example of the falsity of his claims.

Attorney General Webb, in connection with the California primaries, has handed down the decision that the State administration though supporting Roosevelt may be still "Republican" and that Taft will have to contest for control of the primaries.

In a war game between the Montana militia and two battalions of the Fourteenth infantry, half of the regulars were "wiped out," the militia men retreating in good order.

Hugo Brandeis, of the J. L. Brandeis & Sons, of Omaha, died after a short illness in that city. His brother was one of the victims of the Titanic disaster.

William D. Washburn, former Senator from Minnesota, is dying at his home in Minneapolis, whither he was hurried from Europe when it was discovered that his illness would undoubtedly prove fatal. He is 81 years old.

The Commercial Law League of America is convening at Colorado Springs. Five hundred delegates from all parts of the United States and Canada are in attendance.

Thirty-five thousand dollars was raised by Los Angeles Chinese for the support of the Chinese Republic. It is said meetings of the Chinese will be held all over the world to assist the republic since the latter turned down the loan of the foreign nations.

EASTERN NEWS.

The A'cazar Theater company has taken a lease on the Lyric, at present one of Shubert theaters in Chicago.

Three bills radically amending the anti-trust law have been agreed upon by the Stanley steel investigating committee.

Governor Deneen of Illinois has refused to join the third party movement and will support the republican party and its nominee.

A Chicago society woman has introduced the harem veil in Newport. It promises to be the fad of the season.

FOREIGN NEWS.

Pago Pago has been put in touch with the world through a powerful wireless station just established there. The National Assurance act, the most paternal social measure the world has ever known, has gone into effect in England.

It is said that J. Pierpont Morgan has purchased for \$360,000 some of the most famous statuary in Italy.

More than 100 Koreans have been arrested by Russian authorities at Harbin in connection with the suspected plot to assassinate Prince Katsura, former Japanese premier.

Earthquakes in the Guadalajara district of Mexico have been so severe that 10,000 persons have fled their homes.

Hundreds of refugees from Portugal are arriving in Madrid. Many declare that they will never return to Portugal until the monarchy is restored.

A German count, military officer, was arrested in Berlin for dancing the Turkey Trot and Bunny Hug in violation of the police regulations.

The Japanese government has purchased a number of hydroaeroplanes from Glen Curtis, the American aviator.

It is reported that paper manufacturers of England are experimenting on a "wearable" paper of which clothes may be made and the high cost of living reduced.

After four hours of fighting near Misrata, the Italian forces forced the Turks to retreat.

Andrew Lang, the noted author and editor, died suddenly at Banbury, Scotland.

NOTICE

Deaths from kidney disease have frightfully increased—now, approach 90,000 a year.

If this is to be changed people should know—

1. That kidney trouble is INFLAMMATION OF THE KIDNEYS and that when it becomes chronic it is declared incurable.
2. Prof. Tyson says the incurable stage is established about the sixth month. Hence no part of that six months ought to be wasted.
3. Treatment of inflamed kidneys by excipients has broken down—Prof. Tyson declaring (with reference to agents to restore the normal condition of the kidneys), "I believe there are none," which cuts out at one sweep all the kidney medicines on druggists shelves.
4. That these conditions gave rise to a search for something to palliate instead of excite inflamed kidneys.
5. That a bland infusion was worked out that reduces inflamed kidney tissues and that many cases now respond to it in the chronic stage or not.

Honolulu Drug Company is the only drug store in our city that is authorized to carry the new kidney palliative, Fulton's Renal Compound. Ask for pamphlet.

WELL-KNOWN PACIFIC VOYAGER IS DEAD

OAKLAND, July 24.—Succumbing to the effects of heart disease and kidney trouble, Captain John Gordon Hitchfield, well known on both sides of the bay, died at his home at 1421 Eleventh avenue last night, at the age of 46 years.

The deceased was born at Chatham,

DEVONSHIRE COUNTY, ENGLAND. He was the son of the late Captain John P. Hitchfield of the British navy. He came to this Coast first in 1882, going as far as Honolulu. From that time on his life was spent practically on the Pacific. He owned vessels trading between this port and the South Seas, especially the Caroline and Marshall groups, in recognition of the valuable data furnished by Captain Hitchfield to the Royal Geographical Society of London he was made a fellow of that institution in 1898. In his cruises among the South Sea Islands he discovered the reefs and islands known, and Hitchfield island.

The dead man was well known in Australia, where he spent a number of years. He instituted the mail system through the new Hebrides, Ellice and Gilbert groups of islands. He returned to America again in 1903 and served as chief officer under Captain Rinder when the latter was commissioned to bring the Mongolia to this Coast from Newport News. He made several trips to and from China on that vessel, and finally retired from the life of an active navigator as establish the United States Naval School in San Francisco, of which he remained the head until his death.

He was a member of Golden Gate Lodge of Masons and of Pyramid, No. 1 of the Ancient Egyptian Order of Sciots, under whose auspices the funeral will be held at Odd Fellows' Hall, Seventh and Market streets, San Francisco, tomorrow afternoon, at 2 o'clock incineration will take place at Cypress Lawn. The deceased is survived by his widow, Louise N. Hitchfield, and one daughter.

The large general cargo, brought to this port from the coast in the Matson Navigation steamer Lurline is being rapidly discharged and that vessel is scheduled to depart for Kahului tomorrow evening.
