

AMERICANS CONTINUE STOCKHOLM TRIUMPHS

MOVE MADE TO HEAD KUHIO

Republicans Getting Busy Now. Won't "Let Him Go," After All

Weeks of inaction in Republican ranks have been succeeded by an eleventh-hour movement to head off Delegate Kuhio in his announced program of seeking Republican or independent endorsement of a platform openly opposing Gov. Frear.

Up to within a few days ago Republican leaders who have opposed Kuhio's anti-Frear fight in the past, or who more recently have found themselves unable to follow the delegate in the lengths to which he is going, were inclined to sit back and allow Kuhio and his followers to go their way unchecked.

This attitude has been suddenly changed, and consequently there is a lot of interest being taken in the Republican precinct club nominations tonight. This morning Republican leaders who were active in the April convention were busily engaged in stirring up interest.

They have two objects in view. One is to get the party forces limbered up and awake to the fact that some hard work is to be done this fall.

The other object is to find a man who can lead the Republicans ahead in a progressive campaign, keep the party out of non-essential issues and unite its best men and best elements for efficient government.

Rumors of "leakage" put out in various directions for possible nominees as delegates were first today, as well as rumors that the Republican leaders are trying to unite on a leader-in-chief and a mutually satisfactory program for the fall campaign. This will develop, it is expected, within the next few days.

Just what position the "Progressives" like George R. Carter and A. L. C. Atkinson are going to take is a matter of much discussion also. Both men are admittedly valuable to Hawaii. They themselves are waiting for more definite news from the mainland as to what part Hawaii will be assigned in the Progressive convention. In case Hawaii does not secure delegates to the convention, the Territory's part in the national campaign is practically over. What application of the "Progressive" principles, as they brought back from Chicago, will be made to local issues also is a matter of much speculation here.

INTEREST WAKES LATE IN NOMINATIONS FOR PRECINCT CLUB OFFICERS

Tonight the first real action of the Republican party in this year's campaign for Territorial and county, elective officers will take place, when the precinct clubs will nominate candidates for club officers for a term of two years, to be elected a week hence excepting where there are no more nominees than officers to be filled.

Very little interest in anywise exciting appears to be taken in the event. So far as heard there is no announced fight on for control of the organization in any precinct. Many of the retiring executives have not even thought worth while to advertise where their respective clubs are to hold their elections.

However, there was more interest manifested today and more evidence of actual organization.

Following is a list of the retiring

(Continued on Page 4)

Charge Politics Behind Russian Immigrant Check

Member of Board Says Not Purely Matter of Labor Fitness

A political motive was plainly charged as being at the bottom of the notice from the Planters' Association to the Board of Immigration, received at yesterday's meeting of the latter body, that the planters did not want any more Russian labor, but desired all the Portuguese and Spanish people the Board could bring into the Territory.

"We do not want any politics mixed up with the business of the Board, as attention to the Board of Immigration, remarked F. L. Waldron this morning. He was contradicting the report in the morning paper, which stated that the Board had decided to stop Russian immigration.

As stated in the report on another page, the Board directed its secretary to address a circular letter to the managers of plantations, to ascertain directly from them just what they think about Russians as laborers. The recall of Dr. Clark from his investigations in Manchuria, which are related to a contract with the International Immigration and Colonization Association, does not necessarily involve, according to what Mr. Waldron says, the abandonment of Russian immigration.

"The Board is merely feeling its way toward a change of plans with regard to bringing in more Russians," Mr. Waldron said. "Plantation managers are the best authorities on the fitness and desirability of Russians for work on the plantations, and we hear nothing of their opinions on the matter direct." The wholesale condemnation of the Russians from the planters' bureau in Honolulu looks much like politics, as I had no hesitation in saying openly at the meeting yesterday."

BRECKONS IS SUSTAINED ON 8-HOUR LAW

Sustaining the contention of U. S. District Attorney R. W. Breckons that the new eight-hour law will apply to Territorial work as well as to Federal employment, that official today produced a copy of the measure, known as House Bill 9061, which was passed by the House of Representatives and was later passed by the Senate after a few minor amendments had been made. The amendments, it is understood, were not made with reference to its application to Territories.

The law, as finally enacted and approved by the President, has not reached Honolulu yet, but the measure presented to the Senate reads in part as follows:

"Be it enacted, That every contract hereafter made to which the United States, any Territory, or the District of Columbia is a party, and every such contract made for or on behalf of the United States, or any Territory, or said District, which may require or involve the employment of laborers or mechanics shall contain a provision that no laborer or mechanic doing any part of the work contemplated by the contract, in the employ of the contractor or any subcontractor contracting for any part of said work contemplated, shall be required or permitted to work more than eight hours in any one calendar day upon such work; and every such contract shall stipulate a penalty for each violation of such provision in such contract for \$5 for each laborer or mechanic for every calendar day in which he shall be required or permitted to labor more than eight hours upon said work."

BAND CONCERT ON THE ROOF GARDEN TONIGHT

The First Infantry band, directed by Chief Musician Feltrinelli, will give a concert this evening at half-past seven o'clock on the roof garden of the Young Hotel. The concert will be public. The program follows: March, "Battle of the Clouds," Knerr; overture, "Pöet and Peasant," Suppe; selection, "Merry Widow," Lehar; waltz, "Spirit of Love," Hall; intermezzo, "Amina," Lincke; suite, "Scenes Pittoresques," Massenet. 1. "Marche," 2. "Air de Ballet," 3. "Angelus," 4. "Fete Boheme," selection. "Ernani," Verdi; war dance, "Indian," Bellstedt.

Irving Hurd, manager of the Schwartz jewelry store, became a proud father this morning when an eight-pound girl. Mother and child are doing well.

PEARL HARBOR PACIFIC KEY SAYS COWLES

Admiral Interested in the Proposed Army Defense Plans for Oahu

MORE GUNS NEEDED FOR NAVAL RENDEZVOUS

Gen. Macomb May Postpone Furlough as Result of New Order

That Pearl Harbor is the key to the mid-Pacific, and that any plan for making Oahu "impregnable" should start with adequate fortifications for the great naval base, is the opinion of naval authorities here. The Washington dispatch stating that a board of army officers had been ordered to convene here July 31, to consider a plan of defense for Hawaii, published in the Star-Bulletin yesterday afternoon, has made Pearl Harbor defenses a very lively issue, and the action of the coming board in this particular is being widely discussed in service circles. In all probability the findings will be confidential, and will be filed away until sprung upon Congress with the request for the necessary appropriation to carry out the scheme for an impregnable Oahu, but in the mean time speculation is rife, and interest in the probable action of the board keen.

"I believe that there is urgent need of strong fortifications at Pearl Harbor," said Admiral Cowles this morning. "The mortar battery, and the 12-inch guns at Fort Kamehameha are well enough as far as they go, but the naval rendezvous must be more strongly fortified. As to the 6-inch and 8-inch batteries planned for Pearl Harbor, they are of course only for mine field defense or for use against small vessels lying close in. A chain of fortifications for the whole island is highly desirable, but I think special consideration should be given to Pearl Harbor right away."

No Naval Board.

Admiral Cowles said that he had received no intimation that the navy was to work in conjunction with the army in planning the defenses of Oahu and the Hawaiian Islands. That it, it is of course a matter of common interest between the two arms of the service.

SPEDS HIS AUTO ALONG FORT STREET; CRASHES INTO HACK

With two auto collisions within ten days in which two men were injured, one fatally, a machine bearing the number 716, assigned to David Crockett, shot up Fort street at a high rate of speed yesterday afternoon and struck hack No. 185, which the driver was turning at a point halfway in the block between King and Hotel streets. The hack contained two women.

The auto struck the rear wheel of the hack, and was damaged to the extent of a twisted mud-guard and broken lamp. The hack was not injured but the women occupants were badly frightened.

According to eye-witnesses, the driver of the auto was violating the speed ordinance on a narrow street and attempted to shoot through a narrow space between the rear wheels of the hack and another auto standing at the curb.

Quite a crowd of spectators gathered, following the accident and there were a number of interesting comments on the apparent failure of the authorities to enforce the anti-speed ordinance.

TAX RECEIPTS INCREASE OVER HALF MILLION

Tax receipts for the Territory for the fiscal year just closed will show an increase of \$500,000 to \$600,000 over the receipts of the preceding year. This is the estimated figure set by Governor Frear based on the partial annual statement of the Territorial auditor.

He says the statement will show that the amount expended by the Territory during the same period has been greater, but that it is greatly overbalanced by the increase in receipts.

The auditor's report is not completed. It will be finished in about a week, and as soon as it is submitted, the Governor will begin work on his annual report.

The figures given above include the receipts from insurance and inheritance taxes.

Progressive Leaders Planning to Organize

FORMER GOV. GEO. R. CARTER.

HON. A. L. C. ATKINSON.

Bringing back from Chicago the Rooseveltian slogans that were sounded there against bossism, ex-Governor Carter and A. L. C. Atkinson yesterday received cable permission to organize Hawaii on "Progressive lines." Today plans were on foot for an executive committee of supporters of the movement, and for a meeting next Monday to get the third party started in Hawaii. Carter and Atkinson take the attitude that there is no longer a national Republican party.

It was reported this morning that at a meeting of the stevedores' organization last night the members had endorsed Roosevelt and the third party movement in Hawaii.

Palmyra Island to be Sold But Frazer is not Interested

Palmyra Island will be offered for sale at auction at Morgan's salesroom on July 31, by order of the circuit court probate judge. This decreed sale is to settle the interests of certain minors in the property adjudicated as existing.

E. L. Schwarzberg, the auctioneer and real estate man of Morgan's, in connection with this affair recently placed C. R. Frazer, the billboard king, in a dilemma this morning. In presence of a Star-Bulletin man, whom the auctioneer roped in as a witness, Schwarzberg asked Frazer what his charge would be for posting a notice of a guardian's sale anywhere within the city and county of Honolulu.

Frazer's mental calculation evidently only reached to such remote points on the island of Oahu as Kahuku, Waianae and Waimanalo, and perhaps discounting the trouble and expense involved in going abroad as far as any of those points with a vision of a pleasant auto ride, answered that he thought he could undertake the contract for fifty dollars.

"Well," quickly responded the auctioneer, "I am going to sell Palmyra Island at guardian's sale on July 31, and want to put up a poster announcing Frazer's vision now extending across 1200 miles over a waste of water caused him forthwith to hedge on the contract. He did not want to be a welsher, but—well, Palmyra Island was too long a shot for fifty plunks."

Billboard King Willing to Post Notice of Sale for Fifty Dollars Until He Learned Where Bills Were to Go Up Then He Balked

Palmyra Island will be offered for sale at auction at Morgan's salesroom on July 31, by order of the circuit court probate judge. This decreed sale is to settle the interests of certain minors in the property adjudicated as existing.

E. L. Schwarzberg, the auctioneer and real estate man of Morgan's, in connection with this affair recently placed C. R. Frazer, the billboard king, in a dilemma this morning. In presence of a Star-Bulletin man, whom the auctioneer roped in as a witness, Schwarzberg asked Frazer what his charge would be for posting a notice of a guardian's sale anywhere within the city and county of Honolulu.

Frazer's mental calculation evidently only reached to such remote points on the island of Oahu as Kahuku, Waianae and Waimanalo, and perhaps discounting the trouble and expense involved in going abroad as far as any of those points with a vision of a pleasant auto ride, answered that he thought he could undertake the contract for fifty dollars.

"Well," quickly responded the auctioneer, "I am going to sell Palmyra Island at guardian's sale on July 31, and want to put up a poster announcing Frazer's vision now extending across 1200 miles over a waste of water caused him forthwith to hedge on the contract. He did not want to be a welsher, but—well, Palmyra Island was too long a shot for fifty plunks."

KAHANAMOKU FUND JUMPS

Watch the Duke Kahanamoku fund grow! Get in and help it grow!

The movement for a substantial gift to Duke Kahanamoku, Jr., who is winning fame for himself and Hawaii by his marvelous swimming at the Olympic games, is getting real results right from the outset.

The fund started when two admirers of Duke up in Hana, Maui, sent \$15 to the Star-Bulletin and suggested that Duke be given a house and lot on his return from Stockholm. A further suggestion has been made that a committee be named to handle the fund, secure the house and lot, place the property in trust for Duke and make the occasion of his homecoming a big "hookupu" or celebration.

Down at the fishmarket yesterday afternoon and today the contributions to the fund began to pour in. James H. Boyd, market inspector, circulating among the stalls with the following petition:

"We, the undersigned, hereby subscribe the amounts set opposite our names toward a gift for Duke Kahanamoku 2nd, expressing our aloha and appreciation for his success at the Olympic games at Stockholm, Sweden."

How the money did flow in! Dollars, fifty-cent pieces and quarters—they all counted steadily up, and this morning Mr. Boyd came to the Star-Bulletin office with \$33.75 that had been given to help encourage Kahanamoku and clean sportsmanship in Hawaii.

Dr. Hutchinson of the Kaimuki Land Company yesterday afternoon notified the Star-Bulletin that the company will donate \$50 on the purchase of a lot and another generous offer was put down.

NEW RULING ON OPIUM DOESN'T HIT HONOLULU

"It may not be a crime to manufacture opium from yeh-shee, provided the other ingredients used are not opium, but nevertheless we continue to seize yeh-shee," said U. S. District Attorney Breckons this morning, commenting on a news item, under date of June 27, says that the Circuit Court of Appeals of New York has ruled that yeh-shee may be remade into smoking opium.

"Yeh-shee," said Breckons, "is the ash or residue of the smoking opium, that remains in the bowl. I have considered it legal to mix this yeh-shee with water and other ingredients, provided they are not yeh-hi, or crude opium, and smoke it again, though it cannot make a very good smoke."

"In some cases it is even customary to drop yeh-shee in tea and drink it, producing the same effect as the smoking, except in much milder degree. Contains Morphine.

"But the stuff is often mixed with the real opium or the raw material, manufacturing a cheaper quality of smoking opium. The yeh-shee contains a certain amount of morphine that the original smoke did not take away, and its value as an adulterant is recognized so well that it has a market value of about \$20 a pound."

In strange contradiction to the decision just reported is a decision made some years ago by the Southern Circuit Court of Appeals of New York a court of equal jurisdiction, if not the same court which is said to have made the recent ruling. The earlier

U. S. MAN SETS JUMPING RECORD

STOCKHOLM, Sweden, July 12.—Americans carried off most of the honors today, repeating their triumphs of the past few days.

Today's competition was marked by the great broad-jumping of Gutterston, the University of Vermont lad, who leaped 24 feet 11 inches and a fraction, setting a new record. The former record was held by Frank Irons of the Chicago Athletic Club, who covered 24 feet 6 1/2 inches at London in the games four years ago.

Americans today won four out of five heats in the semifinals of the 400-meter race. Kelly, the University of Southern California hurdler, won the 110-meter hurdle race in 15 1/10 seconds, Wendell, the Eastern collegian, being second and Hawkins of the University of Oregon third.

UPSET IN DISCUS.

In the discus throw Finland's entry won first, with Byrd of Adrian College, Mich., second, and Jim Duncan, holder of the world's record, no better than third. This event was a big upset of American hopes.

Several events are on the card today in which America may not have entries. The pentathlon will probably see Americans entered, but in the fencing and riding there are events in which the U. S. has no entry.

In the cross-country race the first three men to finish were Swedish athletes, with Patton of America fourth.

In the five-man team race, running 3000 meters, America was first and Finland second.

Lorimer Vote For Tomorrow

WASHINGTON, D. C., July 12.—Senator Lorimer today concluded his speech in his own defense, and the senate took a recess until tomorrow, when it will probably vote on the Lorimer reports, upon which Lorimer's seat hangs.

E. W. Chafin Is Nominated

ATLANTIC CITY, N. J., July 12.—Eugene W. Chafin, the noted temperance worker and prohibition advocate, was today nominated for president by the national prohibition convention in session here. He was the prohibition candidate for President in 1908. His home is in Tucson, Ariz.

When's a Wharf not a Wharf?

When's a wharf not a wharf, and when's a wharf not a wharf? Judge Andrews undertakes to find out.

"Was the place where the violation is alleged to have occurred built on piers?" asked Attorney Andrews. "It is a part of the wharf."

"But was it built on piers?" reiterated Andrews.

The complaining witness evaded a direct answer again and Judge Monsarrat interposed with the question: "But how could it be part of the wharf and not be built on piers?"

"But how can it be part of the wharf when it isn't part of the wharf and who has the right to say that it is part of the wharf or whether it is part of the wharf or not?" replied Andrews.

And the question was settled by adjourning court to the waterfront, where Judge Monsarrat could see for himself whether the defendant had driven on part of the wharf or not. The case has been continued until tomorrow.

opinion, as shown by a copy now in the possession of U. S. Internal Revenue Collector Cottrill at this port, is that the manufacture of smoking opium, even when only yeh-shee and water is used, is illegal. Seizures to Continue.

But because of the cheaper quality of opium which may be made, by mixing the yeh-shee and yeh-hi, which both opinions hold to be illegal, seizures of yeh-shee will continue.

In this connection Collector Cottrill today made the interesting statement that large quantities of opium are legally shipped into the islands from the mainland, and legally sold here. He says that there are several million dollars' worth of opium in the United States that was imported before the law against its importation was put into effect; that this drug was properly taxed and stamped and may still be sold if it bears the revenue stamp. Unless it is sold directly from the stamped container, however, it may be confiscated.

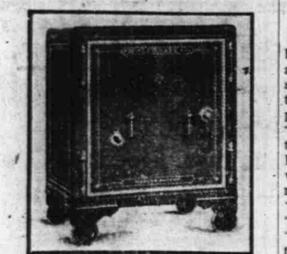

CHEERING CABLE ON SUGAR STATUS

Cancellation of a selling order and news of higher prices of both raw and beet constitute the burden of a cheerful cablegram from Ed. Politz to Heiry Waterhouse Trust Co., Ltd., received this morning. The message reads:

"Cancel order to sell McBryde. Raw sugar sold in New York at 3.86. Lowdown beats up."

On top of the foregoing comes the following dispatch from the New York office of Alexander & Baldwin, Ltd., to the home office:

"Holders of raws are asking 3.92. Refiners are bidding 3.86."

IN TRANS-PACIFIC RACE

CAPTAIN HANSEN IS WINNER

"Has the Nakomai arrived?" This was the eager inquiry put to Federal quarantine and Customs officers by Captain F. Hansen, master of the trim schooner, William H. Smith, upon that vessel being boarded this morning. Captain Hansen was much relieved and likewise delighted to learn that the lumber laden schooner Nakomai had not showed up off the port of Honolulu.

The Smith and Nakomai entered into a trans-Pacific race, both wind-jammers, received like shipments of lumber at Tacoma, Wash. The two schooners were towed to sea at the same time, and set sail for the Hawaiian Islands on June 24th.

An understanding has been entered into by the skippers of the rival vessels that the one to first reach Honolulu would be the guest to a swell dinner with the attendant trimmings. Much interest centered on the race, from coast shipping circles.

The William H. Smith is rated as a smart sailer. The vessel brings the first of a large consignment of lumber and heavy timbers consigned to the Interisland Steam Navigation Company. This material is to enter into the construction of a number of pontoons to be used in the assembling of a big floating drydock, which it to have permanent station at the port of Honolulu.

Captain Hansen reports a fine passage down from the sound. He returned a Japanese, who is said to have boarded his vessel on the occasion of his last visit to this port. The Japanese was denied admission to the United States by the Puget Sound immigration officials, and it was up to the skipper to bring back his charge, under penalty of a stiff fine.

The Smith brings 778,000 feet of lumber. The vessel was brought inside the harbor by the tug Intrepid shortly before noon today.

Sheridan in Grip of Ice. Captain J. H. Howland, quartermaster of the U. S. A. T. Sheridan, in his message informed Col. Miller, in charge of the quartermaster's department in Seattle, that the Sheridan was in no danger, but was caught in the ice June 21 in latitude 61 degrees 46 minutes, north longitude 168 degrees, 18 minutes west and had been held fast for twenty-four hours when the wireless was sent from the transport. Captain Howland reported the weather fine, clear and calm, his dispatch states that there was not the slightest danger and there is an abundance of provisions on board. The Sheridan has on board Companies B and C for St. Michael and Companies E and F for Fort Davis. Since leaving Seattle on June 7 the transport has visited Port William H. Seward and Port Disicum, landing troops at those posts. Major General Arthur Murray is making a tour of inspection on the Sheridan, accompanied by Major John C. Gilmore, the vessel is in command of Captain J. M. Healy, navigating officer.

Shinyo Bringing Big Oriental Cargo. A big cargo of Oriental merchandise destined for Honolulu is aboard the Toyo Kisen Kisha liner Shinyo Maru, due to arrive at this port on Monday morning, according to a late wireless message received today at the agency of Castle & Cooke.

The Shinyo Maru, from Hongkong by the way of the Japanese ports, is bringing one thousand tons, general cargo for discharge at Honolulu. It is understood that a large number of Filipino and Japanese steamer passengers will leave the vessel here. It is the present intention to dispatch the liner for San Francisco on Tuesday morning.

Hawaii Sugar Report. Reporting a quantity of sugar awaiting shipment on Hawaii, the Interisland steamer Helene is an arrival at the port, bringing 12,120 sacks sugar, 378 packages seed can and 8 packages sundries. The vessel returned from Kahalahele and met with fine weather on the trip. The Hawaii sugar report according to the officers includes the following consignments: Kukuihaele, 6,500; Honokaa, 6,000; Paauhau, 2,900; K. A. 10,205; Laupohoe, 10,000.

Ship Chilcott Completes Fast Passage. Making time likened to trans-Pacific cruising yachts, the American ship Marion Chilcott entered the harbor at noon today, completing a passage of fourteen days from Gaviota.

The ship brings 16,000 barrels fuel oil and in addition there are 300 drums of gasoline carried on deck. The vessel met with fine weather and favorable winds on the entire voyage.

Higher Rates Arouse Japanese Shippers. The question of freight rates is still agitating the minds of business people in Japan. In conversation with one or two prominent shipping firms it was learned that for some time there has been an upward tendency in the freight rates, both on the Suez route, and, to a perhaps lesser degree,

on the Pacific route. Among the causes tending to this advance may be mentioned the increased cost of labor and the advance in the price of coal brought about by the recent strikes in England. This has affected shipping all along the line, and even in Japan the reaction has been felt to such a degree that even on the coasting services there has during the past year been an advance of from 10 to 20 per cent on various commodities shipped. On the coast of China, too, there has been an advance, due to various causes, and on cargo shipped via Suez to Continental ports an advance of 10 per cent, all around is expected to have gone into effect on July 1st.

The same tendency to increase rates is also noticeable on the Pacific as well-posted Pacific Mail officers who pass through Honolulu, for it is patent that the conditions necessitating an advance on one route must react and influence the conditions on another, in this connection it is stated that a small section of tea growers in the Shizuoka district are said to have petitioned the Government to order the Japanese lines whose vessels call at Shimonai to lower the freight on tea, in the hope, of course, that by such action the competing lines will be compelled to follow suit. The petitioners, it is understood, are not actual exporters of tea. Before the Government gives ear to such a request, it will make itself fully acquainted with the conditions now governing shipping not only in Japan, but in other parts of the world, where conditions naturally react upon trading circles.

Terminal Change is Denied. According to information forwarded from Tacoma, the Osaka Shoshaen Kaisha Steamship Company denies they are planning to shift their terminal from the northern port to San Francisco. The Osaka has been operating between the Orient and Tacoma for years and has an agreement to handle freight with the Chicago, Milwaukee and St. Paul and Puget Sound Railroad. The statement is issued, according to the report, by Edward Orrett, local manager at Tacoma for the Osaka concern, and states that the company has no intention of abandoning the Tacoma business.

According to the information received here at the time the officials of the Osaka visited here for the purpose of investigating harbor facilities, the abandonment of the northern port has not been announced. It was expected that the ships of the company would continue to make calls here, but the main terminal would be at San Francisco.

Wheat and lumber, it was expected, would still be handled from Tacoma, but large shipments of general merchandise will, it is believed, be handled from San Francisco. As a reason for this it is explained that a good deal of the general merchandise now operated over the railroad lines to Tacoma and other ports from the Atlantic board by railroads would, after the opening of the Panama Canal, be taken to this coast by water. As it is generally accepted as a certainty by the shipping interests that San Francisco will then become the great distributing center of the Pacific for nearly every port on its shores, it is said the Osaka is only preparing to obtain a fair share of the resultant business.

Largest Vessel Constructed at Southern California. LOS ANGELES, June 24.—The Camino, the largest vessel ever constructed in a Southern California shipyard, was launched this afternoon at the Craig shipyard at Long Beach in the presence of a large crowd. The vessel was christened by the young daughter of J. G. Hoyt of the firm of Swayne & Hoyt of San Francisco, owners of the steamer Navajo. She is to be used in the coastwise lumber carrying trade. The dimensions of the Camino, which is constructed throughout of steel, are: Length, 308 feet; breadth, 44 feet; molded depth, 31 feet. She is 40 feet longer than the other two vessels built by the Craigs and cost a third more. Her capacity will be 2,000,000 feet of lumber.

Great Depth Found Near the Philippines. A great depth of water has been found near Samar Island, Philippines, through research made by officers in the German geodetic survey steamer Planet. The officers state that they have found close to the shores of Samar one of the world's greatest ocean depths. The greatest ocean depth is 19,000 meters, the next is near Guam, 9,600, and the other the Planet took sounding off the coast of Samar when the lead touched ground at 9,350 meters.

Claudine Returns from Special Trip. Completing a special trip to Kaula, where over 150 excursionists were taken to Nawiliwili, thence to attend the sessions of the Hawaiian Evangelical Association at Lihue, returned last evening. The Claudine met with fine weather on both outward and homeward trips. No cargo was shipped in the vessel.

VESSELS TO AND FROM THE ISLANDS

(Special Cable to Merchants' Exchange.)

Friday, July 12, SAN FRANCISCO — Sailed, July 12, 2 p. m., S. S. Tenyo Maru, for Honolulu.

Memoranda. S. S. Nippon Maru will sail for Yokohama at 5 p. m. today.

More About the New Australian Liner The latest acquisition to the big fleet of the Union Steamship Company, which, incidentally, will be the largest steamer in the flotilla, is now nearing completion on the Clyde, and will reach Australia in November next. The new vessel is of 13,278 tons register, 550 feet long, 68 feet beam, and has two stacks. She is triple-screwed and is fitted to burn either coal or oil. This is the Union Company's first venture with an oil burner, and it is believed that many of the other vessels of the fleet will be converted into oil-burners. Sir James Mills, president of the company, has evinced much interest in this direction, having made a close study of the respective merits of coal and oil burners. As most of the Union Company's steamers operate out of Australian ports they procure coal very cheaply, which has been one feature that has worked against the installation of oil burners heretofore. It is said, however, that the Union liners could be operated with less expense and to more advantage with the fuel all which is now rapidly encroaching on the product of the mines.

The Royal Mail liner Manika of the Union Company, left Wellington June 21st for San Francisco, according to advices received by R. S. L. Morris, local agent of the company. She has on board 150 passengers in all classes, and is due to arrive here July 11th.

The new steamer building on the Clyde is to go into the Australia-Vancouver service upon her arrival on the Pacific. With the increase of traffic which shipping men predict upon the completion of the Panama Canal, it is said that the new carrier will be shifted to the San Francisco route.

Heavy Nitrate Shipment Coming. One of the largest shipments of nitrates to be forwarded to the islands from South America in many months will be brought here in the Japanese freighter Bujo Maru, that is expected to arrive at this port along the first part of August. The Toyo Kisen Kaisha freighter is bringing 2500 tons of the fertilizer material.

Hyades Away for San Francisco. The Matson Navigation freighter Hyades, with a full cargo of sugar and 700 tons molasses gathered at the several island ports, is reported to have sailed from Hilo for San Francisco last night. The Hyades left extensive shipments of lumber and merchandise at the several ports of call.

Everything in the printing line at Star-Bulletin, Alakea street; branch, Merchant street.

NAVAJO TO TOW

BIG GUN TARGETS

The Coast Artillery will have the use of the navy tug Navajo when those buildings of modern ordnance, the mortars, bark from Diamond Head next month. Admiral Cowles has promised the tug for use in towing, should it be required, so one problem of the annual target practice is solved for Major Timberlake.

This morning the Department of Hawaii issued an order appointing Lieutenant Colonel Archibald Campbell, the adjutant general, as umpire of the Coast Artillery shooting. Col. Campbell is himself a coast artilleryman, and is well qualified to perform this somewhat exacting duty. Last year Captain C. C. Carter, then of the general staff, and attached to department headquarters, was the umpire. This year Captain Carter commands one of the companies at Fort Ruger, and will be doing the shooting that he formerly judged.

The tug Navajo, which has been on a cruise to Hawaii and Maui for the last week, is expected home tomorrow. The naval station received a wireless from Captain Babson last night, saying that the Navajo would be at Kahului today. All the members of the crew made the trip to the volcano, and managed to have a general good time on the cruise.

TRAIN SMASHES WAGON AND DRIVER IS INJURED

While driving across the Oahu Railway tracks near Moanalua yesterday afternoon, a Japanese teamster named Okara was struck by a Honolulu-bound freight train, his wagon partly demolished, and the teamster slightly injured.

Okara had a load of garden produce and was driving to town when the accident happened. According to the story which he told the doctors at Queen's Hospital, he heard no whistle and was nearly across the tracks when the freight-train was upon him. It struck the rear end of the wagon, knocking it from the road. Okara was thrown out by the shock, receiving slight lacerations on his body as the result of his fall.

His wounds were dressed at Queen's hospital and he was allowed to go home.

CARTWRIGHT SUED; SAYS BILL WAS EXORBITANT

An Associated Press cable message to the Star-Bulletin from San Francisco says: "Dr. McNulty has brought suit against Bruce Cartwright for 1000 fees."

RAILROAD MEN MAY STRIKE OVER "ELECTRIC" ISSUE

PHILADELPHIA, Pa., June 29.—A sub-committee representing the Brotherhood of Railroad Trainmen, the Order of Railroad Conductors and the Brotherhood of Firemen and Engineers, again conferred with S. C. Long, general manager of the Pennsylvania Railroad Company, here today over the situation arising out of the refusal of the representatives of the employees to arbitrate the question regarding the employment of steam railroad men on electric lines between New York City and Newark, N. J.

The "electric" issue has caused much friction and the committee, under authority of a vote cast by the men, may declare a strike unless the matter is amicably settled.

THIS CLOCK IS A WONDER

August Caesar, who has come to Honolulu from the mainland to accept a position with Wall & Dougherty, has just completed probably the most wonderful clock ever seen in Hawaii. It is in the form of a large globe of the most finished kind, and on one side are the clock-hands of an ordinary face. The remarkable thing about this clock is that on the top is a second set of hands and for any part of the world. By following the meridian lines from the particular spot picked out up to the clock face above, the correct time for that spot is given.

The clock is both practical and scientifically interesting and ought to be valuable in teaching geography.

THAW FIGHTING FOR FREEDOM

Millionaire Matches Wits With William T. Jerome

WHITE PLAINS, N. Y., June 27.—When Mrs. Evelyn Thaw, wife on the slayer of Stanford White, sat in Judge Keogh's courtroom with her gaze intent on the face of her husband, Harry K. Thaw, as a witness for himself, continued here the fight which he is making to secure his release from the Matteawan insane asylum.

The hearings so far have been characterized by sharp verbal tilts between Thaw and the State's counsel, William T. Jerome, who is conducting the cross-examination of Thaw with a view to establishing his lack of mental balance. Thaw kept his temper throughout the proceedings, but gave some evidence of fatigue before the session was over. His answers were for the most part clear and direct, and several times he rapped the prosecutor with evident relish.

At one time, attempting to question Jerome's motives, he said, "Mr. Jerome, I have been told that when you sent Abe Humel up the river the maul of Abe Humel fell upon the shoulders of William Travers Jerome."

Jerome used every device of a skilled cross-examiner to confuse Thaw, and was met with almost continual objection on the part of Thaw's lawyer, Clarence J. Shearn, and an increasing, though well concealed, irritation on Thaw's part.

Judge Keogh declined to sustain the objections made by Shearn to some of Jerome's questions, on the ground that they were fagging the witness. Toward the close of the session it was evident that Thaw was fighting for time to avoid giving any evidence of the brain fog which proved fatal to his chances of gaining release at his previous attempts.

AMBITIOUS WIFE IN SCHOOL AS "MISS"

Wears Short Skirts, Appears Younger Than She Is and Wants to Be Lawyer

CHICAGO, June 16.—Mrs. Laura C. Hammond entered the Englewood High School three years ago as "Miss Hammond." She was in rather short skirts and appeared to be about eighteen years old. She will be graduated tomorrow near the head of the class, and it now develops that she has been married for thirteen years and is thirty-three years old.

"I wanted to be something," she said today. "Six years ago I started at the Dore Grammar School, and from there I went to the Englewood High. I did pose as a 'miss,' as I thought it would be better. My husband is Ira Hammond, superintendent of the dining-car service of the Illinois Central Railway. The girls all took me to be eighteen or twenty, and I made many friends among them. I will go to the University of Chicago. My ambition is to practise law."

ODDS AND ENDS AT THE PORT

Workmen are putting on the finishing touches to the new Richard street wharf. A new boat landing to be added to the Richard street wharf is nearing completion. Taking general cargo for Hawaii ports, the steamer Helene was dispatched last evening.

The Matson tug Intrepid has returned from Kaunapali with the reassured tanker Bennington in tow. A fair-sized list of cabin and deck passengers sailed for Kauai ports last evening in the Interisland steamer Hail.

The schooner Muriel from San Francisco with general lines of cargo, is reported to have arrived at Hana, Maui, yesterday.

A decided step towards a dustless waterfront will be achieved with the completion of the laying of a pavement along Queen street. With material for a new light house, the United States lighthouse tender Kukui is being discharged of her cargo at Kilauoa, Kauai.

The British freighter Kalibia will proceed to North Pacific lumber ports upon the completion of the discharge of a cargo of Japanese coal at Honolulu.

The Japanese liner Nippon Maru from the coast and expected to arrive at this port tomorrow morning is bringing a later mail from the mainland.

The Matson Navigation steamer Honolulu, due to arrive here from San Francisco on next Tuesday, is to bring the next mail from the mainland.

A large quantity of pineapples will be shipped to European ports in the Harrison Direct Line freighter Politician, due to reach Honolulu within a short time. It is expected that the Japanese steamer Nippon Maru will be dispatched for the coast of Asia at five o'clock tomorrow afternoon, taking a number of Chinese and Japanese steamer passengers.

Two lumber-laden schooners, William H. Smith and Nakomai, now racing towards Honolulu from Puget Sound ports, are bringing material to be used in the construction of Interisland drydock pontoons.

OILING OF STREETS IN THE BUSINESS SECTION ORDERED

Vigorous Campaign to Be Pursued — New Auto Garbage Truck Promised — Board Awaits Decision of the Rapid Transit Company Regarding Pavement.

The oiling of many lineal feet of business streets has been ordered by the city and county board of supervisors, and a notable beginning has already been made with the improvement of the Waikiki side of Fort between Hotel and Beretania streets.

At a meeting of the city fathers to be held at noon tomorrow, a special resolution calling for the appropriation of one thousand dollars will be presented. This sum is required to cover the cost of the necessary oil to cover the thoroughfares in the downtown district.

Following the completion of work on upper Fort street, the city road department has been ordered to turn its attention to the urgent need of reoilng Beretania avenue from its intersection with Nuuanu street. It is contended that by a coating of oil on these streets the minimum of dust will prevail.

The supervisors expect to receive a proposition from the Honolulu Rapid Transit & Land Co. in regard to the oiling of the right of way along the principal city thoroughfares. The street railway company is said to have in a small measure complied with the demands made upon it by the board, by the repairing and improvement of upper King street, which work has been going on for some days past.

The supervisors have also appropriated four thousand dollars to be used in the improvement of Beretania avenue. This sum will be employed in repairing the damage done the street by the laying of water and gas mains.

Transit Company is Silent.

The matter of a pavement for that portion of King street controlled by the Honolulu Rapid Transit Company is still in abeyance as far as the supervisors are concerned. This body looks to the Territorial Department of Public Works to arrange with the street railway company upon a satisfactory basis. It is pointed out that the law in the premises is plain. If a public service corporation refuses to lay a bituminous pavement in conformity with the material now in service along the thoroughfare, it is a matter that is up to the Territory.

Those board members sounded upon the subject this morning offered no decided objection to the railway company laying an oil wood block pavement within their right of way on King or any other street, but several supervisors declared most emphatically against the company endeavoring to effect a compromise by substituting an oil macadam pavement, which, it is stated, is not at all durable for a mid-ch traveled thoroughfare such as King street.

Improved Garbage Equipment Promised.

An appropriation sufficient to purchase a new motor-driven garbage truck is one of the matters to receive immediate attention at the hands of the supervisors. With the addition of an automobile truck, the garbage department will, it is believed, be able to cover a much greater area in the collection of refuse.

BOARD OF IMMIGRATION MAY BRING NO MORE RUSSIANS HERE

Action of Planters in Ruling Against This Class of Labor the Cause of Halt in Plans and Dr. Clark Will Be Recalled from Recruiting Work in Manchuria.

At a meeting of the Board of Immigration held yesterday afternoon at the office of Mr. Atkinson, there were present Richard Ivers, president; A. C. Atkinson, J. J. Carden and F. L. Waldron, members, and Ralph A. Kearns, secretary. The first business was reading and approval of the minutes of the two previous meetings.

A letter was read from Royal D. Mead, director of the bureau of labor and statistics of the Hawaiian Sugar Planters' Association, in reply to an oral request by Secretary Kearns for a statement as to whether the planters favored a continuance of Russian immigration.

Mr. Mead stated that the Board had introduced approximately 2000 Russians, and that notwithstanding efforts of the plantations to retain these people only 197 of them were reported as being in the employ of the plantations, and that under the conditions the continuance of Russian immigration, from the plantation standpoint, was not desired. He further stated that the Planters' Association favored the introduction by the board of Portuguese and Spanish people of the agricultural class, and that the planters were prepared to find employment for all such persons introduced under the auspices of the Department of Immigration.

After discussion of the communication the secretary was instructed to address a circular letter to the managers of the plantations, asking them what employment if any they could offer to the forty-five Russians in the Shinyo Maru and the twenty-eight to arrive in the Siberia, and also to ask

them for an expression of opinion as to the desirability of Russian immigrants as plantation laborers.

A motion carried directing the secretary to cable to Dr. Clark, who is now at Kobe, Japan, to complete his investigations in Manchuria, to close up any outstanding business that may exist there, arising out of the previous contract between the department and the International Immigration and Colonization Association, and then return as soon as possible to Honolulu.

Consideration was next given by the Board to a letter from Richard L. Halsey, inspector in charge of the Federal Immigrant Station, requesting the payment of bills of H. Kishi for feeding immigrants at Quarantine Island who arrived in the steamer Willesden. On motion the matter was referred to the Attorney General with a unanimous expression of opinion that the Board was still convinced that it was not responsible for the expense.

The bills amount to about \$9000, and it came out in the discussion that the claim arose from a blunder committed by Dr. Ramus, the late chief quarantine officer here, in making a requisition to Washington for \$20,000 instead of \$30,000 for subsistence of the immigrants while in charge of the Federal authorities.

Secretary Kearns brought up a matter of some misunderstanding relative to the financing of the marketing division, and it was voted that Mr. Starrett be requested to submit monthly reports to the Board and that the secretary arrange the financial affairs of the division to comply with the requirements of the Audit Act.

CHINESE ARE BEST STUDENTS DECLARES INSPECTOR GIBSON

Gives Reasons for Assertion After Passing on Examination Papers

"Chinese are our best students and have shown the most satisfactory results in our public schools" declares School Inspector Gibson who has been occupied for the past two days in going over high school entrance examination papers sent him from all parts of the Territory.

These examinations are the work of pupils of the eighth grade desirous of entering the high-school in September and include the efforts of every nationality represented in the Territorial Public School System.

It was while going over these papers that Inspector Gibson made the above comment and discussed his reasons for the believing that the Chinese make the best students.

Ke ps at Task.
"One thing that makes the Chinese pupil excel is his quality of keeping at a task until he has surmounted all the difficulties," he said. "There is a thoroughness and an earnestness in the fellow students not of his race, and get better results."

"There is no limit to the ambition of the Chinese student. When he has once acquired a taste of learning he thirsts for more and will work at anything in order to procure money to allow him to continue his studies."

"When he has finished his elementary school education, he looks toward the high school and after completing

his high school course he either goes home to study in his native land or looks toward the state universities of America. There are thousands of Chinese in our American universities today and many of them are former Honolulu boys."

Chinese nature that is not met with in the Japanese or the Hawaiian or in fact in any other race that is represented in our schools.

"It is not so much his superior intelligence as his greater seriousness of mind which is not a quality predominant in the average American child, that makes China scholars. He is all attention and concentration, does not permit anything to distract his attention or his mind to wander for an instant, but has all his faculties centered on the one thing before him."

"He does not neglect one detail for a more important one but regards them all as of equal import and takes care to slight nothing. The most infinitesimal portion of his lesson is important and a necessary part to be mastered."

"He is more stolid and is less excitable, consequently he can apply his mind longer at a time on a hard task than his

OAHU AGAIN LEADS MARKET

Stocks Strong with Several Advances, Some of Them Striking

Several advances and no declines in a very active market indicate an increasing degree of confidence in home securities on the Stock and Bond Exchange. Ten shares of Haku Sugar out for an advance of 12.50 points over last previous sale, which must be near the record of gain in any sugar stock. Inter-Island jumped five points in sales of 5 and 100 shares between boards at 200. Mutual Telephone sold up two and a quarter points, a block of 100 shares on the board selling at 24.

Oahu has again come out strong, 394 shares selling between boards—90 at yesterday's quotation of 27.375 and the rest at 27.50—and 183 shares at session, all at 27.75, or an advance of five-eighths since yesterday's board. Hawaiian, Commercial, starting unchanged at 43.25 for 58 shares between boards, brought 43.50 for 10 shares at session. Paia is unchanged at 215 for 15 shares in recess. Waiwala holds at 125, in sales of 10 and 5 shares reported. Oiaa brought yesterday's figure of 7.75 for 45 shares between boards and went to 8 on the board for an aggregate of 160 shares in five unequal lots.

McBryde holds its own at 6.875 for 20 shares between sessions, likewise Pioneer at 24 for an aggregate of 126 shares in four lots on the board. Pineapple is also unchanged at 43.50 for 20 shares reported. One sale of \$1900 Oiaa 6s unchanged at 97.50 prevents a break in the chain of bond sales extending back for about a week.

MAN WITH BROKEN NECK STANDS AND MAY WALK

"Gee, It's Great," He Says, After He Performs His "Stunt"

NEW YORK, N. Y., June 24.—For the first time since he was injured, Waldorf Miller, who broke his neck diving from the rocks at Hudson Park on the night of July 3, 1911, is able to stand on his feet. Until yesterday he was believed to be helpless, but Miller never lost hope, and his strong faith that he would recover has been one of the causes of his improvement.

He was sitting in an invalid's chair under a tree at his home, 121 Clinton avenue, New Rochelle, talking with some of his friends yesterday, telling them he could lift his legs off the chair and sit up, and did it for them. One of his friends asked him if he could stand. Although he had not attempted it before, he answered: "Sure I can. Just watch me!" He put his feet on the ground and stood up for a few seconds, then fell back on his chair.

He was as much astonished as his friends were, and called to his mother to come out and see him stand. And he stood up again for nearly half a minute, supported by her and his uncle, Edward J. Cordial. Then his mother tucked him in the chair again, and forbade him to try any more stunts.

"Say, fellows," exclaimed Waldorf, when his mother was out of hearing, "I told you that I would walk within a year, and I'll bet I come pretty near keeping my promise. Gee! this is great!"

MAN ELECTROCUTED, HANGS IN MIDAIR

ST. LOUIS, Mo., June 15.— Clarence W. Beach, 3747 Maffitt avenue, a Kinloch telephone lineman, was electrocuted Monday while working upon a pole at Eleventh and Salisbury streets. A crowd, which was attracted by the sight of a body hanging head downward, watched for fifteen minutes until Capt. Michael Kelly of Fire Truck No. 12 removed the dead lineman.

Beach lost his life while climbing through a network of wires. The steel climbers strapped to his legs came in contact with a live wire. The current, passing through Beach's body, stiffened it. Beach fell downward, but the spur of one of the climbers caught in the wire and held him suspended in the air. Residents in the vicinity notified the police, who summoned the firemen.

For news and the truth about it, all people buy the Star-Bulletin.

Blue Serge Suits

There is no fabric more genteel, than the popular and much-wanted blue Serge. No gentlemen's wardrobe is complete without a suit of this fabric. Business Care Brings Nervous Wear

The petty cares of business life wear away nervous strength, and this applies as much to the clerk at the desk as to the manager in his luxurious office. A thousand little details of duty requiring attention exhaust the nervous energy and cause one to fret over trifling things that would not receive a second thought under conditions of perfect health. Nervous fretful persons of either sex are usually poorly nourished and in all such cases the surest and quickest permanent relief is to be had by the use of

Stearns' Wine of Cod Liver Extract

which first quickens the appetite and aids the digestion and enriches the blood, thus providing the tired nerves with the nourishment they need. This condition banishes the wakefulness that so many nervous people suffer from and permits them to enjoy sound restful sleep. Get Stearns' Wine of Cod Liver Extract at your druggists—and be sure you get STEARNS'—the genuine.

The White Man In the Tropics

is out of place unless he has a good liver. Do you feel tired when you get up in the morning? Do you go to your work with a "grouch," lacking energy and animation?

If You do, Your Liver Needs Fixing

We recommend and guarantee

Rexall Liver Salts

An effective combination that stimulates the flow of bile, and aids in relieving Stomach, Liver and Intestinal Disorders.

Never to tire, never to grow cold, to be patient, sympathetic, tender; to look for the budding flower and the opening heart, to hope always; like God, to love always—this is duty.—Amiel.

SALOONS ENOUGH

A petition to be presented before the liquor license commissioners this afternoon for a new saloon on Hotel street between Nuuanu and Maunakea streets should be very promptly and emphatically answered in the negative.

In this vicinity, within a radius of two blocks of the proposed site, there are now twelve saloons and six wholesale liquor houses.

There is not one good reason for opening another saloon in this neighborhood. There are a dozen good reasons against it.

The neighborhood is already giving trouble enough to the police. A large percentage of the crime of the city can be traced, and has been traced, right back to drinking-places in this section.

It is a part of the city where downtown crowds naturally congregate. Honolulu needs to keep its streets at night free from brawling, violence, disorderly conduct and from becoming the haunt of street-gangs.

Within a short distance of the proposed site of this saloon are most of the city's theatrical houses. They attract hundreds each evening. Decent citizens don't want to run the gauntlet of rudeness and vulgar conduct, through the ranks of loafers rendered boisterous by gin and whisky. Already this trouble is increasing. Honolulu's streets leading to the amusement houses should be freed from drunken bums and hoodlums.

There are saloons enough in this section, and the community as a whole will back up the license commissioners in a prompt denial of the petition to establish another.

STRIKE WHILE THE IRON IS HOT

The promotion committee has a striking opportunity to "put something over" for Hawaii this summer and fall, while Duke Kahanamoku's name is getting on the front pages of every newspaper in the country and his feats at Stockholm are commented upon all over the world.

What a chance to advertise Waikiki and Hawaii generally! What an opportunity for the committee's lecturer who leaves shortly for the mainland and can be supplied with pictures and data on the very thing fresh in people's minds!

Striking while the iron is hot is the very essence of successful advertising. People will read or listen with interest to anything that has to do with Duke's achievements, and Waikiki, as the beach that has produced more than one champion and is producing others, will be given definite, practical advertising.

Here's a chance for Bonine to get a set of moving pictures of Duke surfboarding that would be in demand all over the country. The word "champion" always hits the fancy. If Hawaii is producing champions, let the world know it, and know how, when and where.

EVENING SMILES

"Who's getting scolded in your house now?" "Nobody. That's only my telling in pa a few reasons why women should vote."

The Minister (reprovingly)—Johnny, did you catch those today, Johnny?" "Ye-es, sir. That's what they gets for chasin' worms on Sunday!"

Brown—I wonder if Smith would endorse my note? Jones—How long has he known you? Brown—A month. Jones—I'm afraid that's too long.

"Run carefully here, chauffeur. Don't

run over any babies." "I won't, sir. Then nursing bottles plays the very dickens with the tires."

Quens—How do you do, Mr. Shears. What can you show me in the way of a new suit today?"

His Tailor—Your bill, sir—that is decidedly in the way of a new suit.

"Every human being," said the professor, "sends out psychic waves."

"Do I send out psychic waves?" demanded the pretty girl.

"You do."

"And are they marcelled?"

SURGEON DEFIES DOG AND DRESSES WOUND LEANING OVER FENCE

OAKLAND, July 2.—Forced by an infuriated bulldog to stand on the outside of a yard fence while he dressed the wounds of Mrs. E. Robinson of 2853 Fifth-fifth avenue, who had been bitten by the animal, Dr. Morris Harty performed an exceptional feat of outdoor surgery this evening.

Mrs. Robinson had been attacked by the dog and bitten severely upon her hand and knee. She telephoned to the doctor. On his arrival the dog refused to let him enter the yard, and he was obliged to attend the patient over the fence.

Places of meeting advertised are as follows:

Fifteenth of Fifth—Residence of Robert Holborn, Iwilei road.

Twelfth of Fourth—Concordia Hall, Luso street.

Eleventh of Fifth—Residence of S. C. Dwight, Desha lane.

Fifth of Fourth—Rear of Rapid Transit Co.

Twelfth of Fifth—Residence of L. K. C. Lane.

Thirteenth of Fifth—Residence of Eugene K. Aiu, Kuakini street.

Fourth of Fourth—Punahou Park, corner Wilder avenue and Punahou street.

Eighth of Fourth—San Antonio Hall, Vineyard street.

Tenth of Fifth—Hopkins residence, corner King street and Kalihii road.

Tenth of Fourth—Bates and Nuuanu streets.

DARROW

The law is closing inexorably on poor old Clarence Darrow in Los Angeles. He is said to have aged twenty years since the prosecution and the Burns detectives hounded him into open defense. Darrow is a splendidly picturesque type of the ruthless fighter for what he believes is ultimate right. To win one right he will wade through the mud of a thousand wrongs. This is the most charitable view that can be taken of the man who defended Moyer, Haywood and the other men charged with the Steunenberg murder and who defended the guilty McNamaras. The other view, and one widely accepted by the enemies of trades unionism, is that Darrow is unscrupulous, crooked, a demagogue in speech and a Judas Iscariot in action.

MILLIONS FOR DEFENSE

Orders in Washington yesterday announcing the appointment of an army board to meet in this city on July 31 and consider plans for making "an impregnable naval and military station" here, are justly considered of immense importance to the islands.

The early meeting of the board and the fact that two of the three army officers named are hurried half-way across the Pacific means that the war department and the administration are concerning themselves deeply with a systematic fortification of the islands, and that the plans are to be hastened with as much speed as efficiency will permit.

The orders are not to be taken as any alarmist suggestion. It is simply a natural development for Hawaii. The work of fortifying the islands has heretofore been done more or less by piecemeal. The result of the board's deliberations will probably be a scheme of fortification of Oahu, at least, as a whole. The fact that a navy board will be in session about the same time may be taken as pretty good indication of work toward an all-around defense plan.

The report of an attempted burglary early this morning says that an officer "on watch outside the saloon, thinking that he heard movements inside, blew his whistle." That's the kind of a police officer to have. He wasn't going to let any burglar "burgle" without getting some kind of public recognition. The only thing that spoiled the occasion was the instead of coming out and bowing to the applause of the crowd, the burglar faded away.

The advertiser heartily indorses the movement to give Duke Kahanamoku a substantial token of Hawaii's appreciation for his good work. There can't be any difference of opinion on this. The whole territory indorses it. Make your appreciation tangible. Help the fund. No matter how small, your aid counts.

A last word as to the Republican precinct club nominations tonight: If you are a qualified or prospective voter, go to your precinct club meeting tonight and see that good men are put up for club officers. That is the beginning of a clean, efficient Republican ticket this fall.

It is a matter of real regret to Honolulu that the First Infantry band has been ordered back to Schofield. The public concerts given by the band during its stay at Fort Shafter were very well worth hearing.

Hawaii is getting the habit of breaking records. Duke is doing it, sugar is doing it, pineapples doing it, everybody's doin' it.

Germs in a letter from Utah have started scarlet fever at Laie. Is the female of the species more deadly than the mail?

One of the burning questions of the hour is whether Roosevelt or Taft will now carry the "silent vote."

People are more interested in Roosevelt's campaign fund for 1912 than for 1904.

Jack Desha ought to be given a medal as the long-distance silence champion.

Probably Senator Lorimer will now start a new political party.

LITTLE INTERVIEWS

C. F. MERRILL—What does the "third party" stand for besides Roosevelt?

MARSTON CAMPBELL—I don't know who my successor is going to be and I don't know when he will be appointed.

GOVERNOR FREAR—You may think this is hot weather, but it's not a marker to the weather we experienced at Chicago.

F. L. WALDRON—The morning paper is entirely wrong in stating that the Board of Immigration has decided to stop Russian immigration.

COL. KNOX—No, sir, no third party in mine. I am a Republican and a Taft man. The Republican party has always been the progressive party.

J. C. DAVIS—This teachers' summer school is a good thing and helps to raise the efficiency of our teaching force. A great deal can be accomplished in four weeks especially if the student is in earnest.

SHERIFF ROSE—The number of burglaries is gradually decreasing and it won't be long before a burglary is as rare in Honolulu as a snowstorm. Last night was the boldest attempt we have met with in a long time.

E. A. MOY-SMITH—I'm going to forget politics and official duties Saturday and stay in a stock of hickory shirts and tramping boots. My boy and I leave at that time for a long vacation in the mountain fastnesses of Hawaii.

U. S. COMMISSIONER C. S. DAVIS (member of Myrtle Boat Club)—My candid opinion is that if that Alameda crew comes down here we won't need to fear their competition. They'll have to go some if they beat either the Heihei or Myrtle crews.

U. S. DISTRICT ATTORNEY BRACKENS—Three yesterday I have read the new federal eight-hour measure passed by Congress and can definitely state that it does apply to Territorial employees, as well as Federal employees. It puts them in the same class.

A. T. WISDOM—The contract for the Y. M. C. A. cafeteria extension was let this morning and work of moving the kitchen to the basement will start immediately. We shall have more room for the dining-room as soon as we need it, as we are contemplating putting the Victrola in a sound-proof room and using the space which the Victrola occupies for dining-room extension.

INTEREST WAKES LATE

IN THE WOMAN'S WORLD

OUTRIGGER CLUB INNOVATION FOR WIVES AND SISTERS PLANNED

A most worthy step and one which should prove satisfactory to all concerned, is the one which the Outrigger club is contemplating in the matter of caring for the wives and sisters of members who are not far enough up the list of applicants for membership in the Ladies' Auxiliary to have the privilege of the club.

It may be unfair for any suggestion that there is something detrimental to comfort in the management of the Ladies' Branch of the club. Young ladies who wish to take a girl friend to the beach, and who would have them bath from the club's dressing rooms, are denied the privilege of more than one such guest a month. Supposing that the same rule were applied at any of the local clubs, it seems probable that there would be a revolt instantly, or, further, a new club started where the rules would be more elastic. Also there are objections to the rule which prevents any member from entertaining friends at tea oftener than once a quarter.

The Fond idea of the new addition, with regulations attached, is to have a place where the wife or sister of any member of the club may go on invitation and have the privileges of members. Of course, there is to be the same fee that is charged the men, or the women in the ladies' branch. No one will object to paying five dollars a year for permission to use the bath house, which will be built separate and apart from that used by the club. In a word, there will be an addition to the conveniences provided for men which will be for the exclusive use of women.

It seems to me that the women of Honolulu, as well as the men, should feel themselves under obligation to Alexander Hume Ford for looking so unselfishly after their interests and pleasure here in Honolulu, where there is so little to occupy the mind of the public. It will be possible for the ladies in the addition to have their cup of tea and a biscuit after bathing with the same freedom that is given to those who are members of the "exclusively women" side of the grounds.

Hui Nalu and Outrigger.

Girls who patronize the sea which dabbles around the beach at Waikiki remember with kindest feelings all that Duke Kahanamoku has done for them in teaching them how to swim, how to surf with board and with canoe. The reason for his absence from membership to the Outrigger Club has never been made public and will not be on this occasion. That there was a reason for so many good swimmers remaining out many know, but more do not and the writer of this is with the latter. It would seem to most Honolulu residents that to have had him a member of the canoe club would have been a good thing from the point of view of the promoters of tourist travel to the islands. The Outrigger Club now has a wide reputation. It may be presumed that it is international and to have it known that this young son of Hawaii, and best of all a pure Hawaiian type, is a member of the club, would be good advertising for Outrigger without in any way detracting from the boy himself.

The movement apparently started on Maui to give Duke a memorial of some character is a good one. It is said that the Greek who won a marathon race in Greece was made independently wealthy by his government, or the people. This day before he went into the race he was working in the vineyard of his father, tilling the soil in the cultivation of wine grapes. Again the Canadian who won a race over there, was, it is said, presented with a purse of the hand of his wife and a home. That part of Canada which made the presentation possible is in no particular need of advertising but the people were proud of the achievements of their native son and showed their appreciation of his efforts to put Canada on the list of athletic aspirants. Will Hawaii make a showing for Duke? Here is an opportunity for the people to show their spirit.

The insertion of the Dance.

It seems quite fitting at this time to republish the following article from the San Francisco Chronicle, as many of the younger folks here in this city are willing to give up the graceful waltz and the rollicking two-steps for the dances mentioned. No one seems to be able to give the exact reason except that it is fun. The "rag" is danced here in some instances where it should be "tabu" and it is approved by gay chaperones and fond Mammas. So far the hotels have barred it, but if it is to be sanctioned by the parents and society folks even the hotel managers will give up. Honolulu is far behind San Francisco in that she does not seem willing to profit by that city's experience. For some time the authorities here have endeavored to prohibit the "rags," and at the present time are making much headway. The following clipping says that the International Masters of Dancing Association have taken the matter up. It adds:

"If the members of the International Masters of Dancing Association, which held its nineteenth annual convention in Chicago, are able to enforce their dictum, there will be no more indulgence in such salacious antics as the 'Grizzly Bear,' 'Kangaroo Hop,' 'Chicken Reel,' 'Turkey Trot,' 'Salome Whirl,' 'Python Glide' and 'Bunny Hug.' The 'Shiver' does not appear among the list, but probably it is included in the general proscription."

There is nothing very new in the action of this dancing association.

McCAUGHEY IN HAWAII LECTURE

Professor Vaughan McCaughey of the College of Hawaii was announced as one of a brilliant group of speakers to deliver a special series of lectures at the University of Hawaii summer school.

Professor McCaughey took as his subject "The Islands of the Sea," and his lecture was devoted to Hawaii and the South Seas. He went to the mainland to become a member of the summer school faculty of Cornell. It was reported that his lecture was probably delivered as he passed through the Middle West. He lectured on June 27.

RAYMOND OWNS HISTORICAL CANE

Raymond the Great, styled the King of Mystery, has covered the entire world in his professional tours, and has a number of valuable souvenirs representing places he has visited in his travels and persons whom he has met. Among the most valued of these possessions is a walkingstick which represents to some extent the range of his tourneys.

The heavy ebony, cut by himself while showing in British East Africa, was turned and shaped, with the permission of the Philippine government, by Filipino prisoners in Bilibid. The ferrule is a solid band of gold, melted and wrought from nuggets, representing the exact profits of his first Alaskan tour. The head is a royal gift from the King of Siam, presented to Mr. Raymond under most interesting circumstances.

While appearing one night in the Siamese capital, Mr. Raymond had occasion to call for a stick from the audience, and there was passed to him a stick with a silver head, carved with the sacred elephant, with the two white elephants in relief. Raymond made from the stage some pleasant remarks as to the beauty of the stick, not realizing at the time that it belonged to a member of the royal family and that a prince of the blood was in the house. Great was his surprise, therefore, when a few days later he was presented by the king in audience with an exact duplicate of the silver head wrought in pure gold. The value of the head is \$295.

One evening in a Patagonian village of some pretensions, he was "commanded" to appear before an ex-cannibal king. The show was given in a hall before the "Royal Palace," which was in itself little more than a meat-shed surrounded by a bamboo fence, each pole of which was surmounted by a human skull, the remains of former feasts.

So well pleased was his cannibalistic majesty with Mr. Raymond's performance that he presented the big medicine man with a wife, chosen from the royal household. Mr. Raymond is a modest man, but he is also well aware of the deference due to royalty, and he could not refuse the royal gift. The twin were made one, or what

TO SYSTEMATIZE CHARITY WORK IN CITY

Mrs. A. C. Jordan Is Sending Out Circular Letters to Organizations

ASSOCIATED

Circular letters have been sent out to the nineteen societies doing charitable work besides the numerous benevolent associations by Mrs. A. C. Jordan of the Associated Charities in regard to the proposed plan of the Associated Charities to have a general register in which to place the names of all given aid by anyone of the many benevolent organizations in Honolulu.

"By this means," said Mrs. Jordan this morning, "there will be some system to our method of giving charity. At present there are numberless charitable organizations and small clubs doing charitable work here and there, independently of each other and without thought as to who is being helped and how many times the recipient of aid has been assisted."

"We have a record of all those ever given assistance by us but we have no way of telling what and how many other organizations have given the same person assistance, with the result that it is possible under the present system for a person to go around to every one of the many different charitable societies and receive aid."

"Will Give System."

"Our general register plan will do away with this lack of system and will put our charitable work on a solid, business-like basis. By reference to it we shall know just who has been helped, when, how many times, to what extent and by whom. There will be no helping the same person twice in a day when that person is not in need of aid; there will be no wasting money on the undeserving and slighting those who deserve our time and charity."

"It is planned by our general register system to appoint a committee made up of representatives from the various organizations whose business it shall be to take charge of this register. The register will be kept at the Associated Charities office and will contain the name of every person helped by every society."

Notice to Be Given.

"Every day each society will receive a copy of the general register showing what names have been entered and every time a society gives aid to an individual or family, it will inform the committee of this and will send in the name of the person or family helped. In this way, outsiders who wish to give private aid to any family or individual may look up that family or individual's record and find out when and how many times it has been given assistance before. We are receiving favorable answers in regard to the plan from the various societies regularly now and it will not be long before the general register will be an actuality and not an idea."

GARDEN OF EDEN IN WINDY CHICAGO

Adam and Eve There, but No Fig or Apple Trees on Lake Shore

CHICAGO, Ill., June 25.—A Garden of Eden, surrounded by modern paved streets, over which prosaic street cars and sprinkling wagons pass, has been created in the rear of 148 North Wood street. There is no fig tree on the premises, not an apple tree, but Adam and Eve are present, according to the story, told the police by Miss Lucy Foreman and her sister, Victoria.

In the absence of an avenging archangel with a flaming sword, Adam and Eve, who are known in the neighborhood as Mr. and Mrs. John Palmer, were disturbed today by policemen, who appeared at the "gate" of the "garden" and attempted to serve warrants on them and to force them to don their clothes.

Members of the family, according to the story told by Miss Foreman, take delight in lying on the grass by the hour, running the risk of sunburn and freckles, and shouting taunts at their neighbors. The Palmers say they are sun worshippers.

AN OPEN SECRET.

Many ask the reason for the continued and increasing demand for Chamberlain's Colic, Cholera and Diarrhoea Remedy. The secret is that it never fails to give relief. The middle-aged men of today remember it as the remedy given them by their mothers for cramp colic and dysentery when they were children and its reputation as a positive cure for such ailments is still maintained. No remedy has ever been produced that is its equal for the prompt relief of pain. For sale by all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.

passed for one in Patagonia. Raymond, however, began to think somewhat rapidly as there occurred to him those lines of Kipling: "There's a sweeter, fairer maiden in a greener, cleaner land," and much to his regret, therefore, he felt compelled by reasons of other engagements on the circuit to part with his blushing bride.

The Great Raymond will make his bow to his first Honolulu audience on Wednesday evening, July 17, at Ye Liberty Theater.

OLIVETTE LEADS JUVENILE PLAYS

From Helen, Thave Crawford, Ina Mitchell and Paula Henry, cast respectively for Valentine, Countess of Rossington, Verolme and Coquette, Sustained their characters better than any other persons have done in the same play. They were applauded as the occasion warranted, which may be said to have been whenever any of them sang. As captain de Merimac, the old salt in search of a bride, Florence Monroe was capital. While her voice was that of a Cape Codder, rather than a Frenchman, she carried through the somewhat difficult role with due consideration to the wishes of the writer of the opera, little Stubby Myles as "the leader of the chorus," was as usual, faithful and her dancing, with that of her sister Pia, Daisy Henry and Alice Kelley, and others in the row, was excellent. Olivette will be repeated tonight and the box sale is larger even than was that for the last night. The play is well put on, admirably acted and sung with entire credit.

INFANTRY BAND PLAYS ON ROOF GARDEN TONIGHT

The First Infantry band, directed by Chief Musician Pettrine, will give a concert this evening at half past seven o'clock in the roof garden of the Young Hotel. The concert will be public. The program follows:

March—Battle of the Clouds... Knerr

Overture—Foe and Peasant... Suppe

Selection—Merry Widow... Lehár

Waltz—Spirit of Love... Hall

Intermezzo—Amina... Lincke

Suite—Scenes pittoresques... Massenet

1. Marche; 2. Air de Ballet; 3. An- gelus; 4. Fete Boheme

Selection—Ernani... Verdi

War Dance—Indian... Bellstedt

AN IDEAL TWIST.

If people who spend the most of their time looking for ideals will visit the Liberty theatre they will meet their ideal in the moving picture art, in the extravaganza "Oliver Twist," presented by a series of five reels of films. The Liberty was well patronized last night, and the picture play is so fascinating that it was observed quite a number of people remained to see the production twice.

The people are rarely so guilty as the gossip about them would indicate. A little bad luck may cause a lot of "talk" about the best of us.

BESSIE MCCOY AND BILLY DAVIS TO MARRY

NEW YORK, July 11.—Bessie McCoy and Billy Davis, the famous "Yama Yama" team, and Richard Harding Davis, the former war correspondent and present author, are to be married. Tonight Davis said at his home in Mount Kisco that he and Miss McCoy will be married on July 18.

Asked for some details about when the marriage will take place he refused to say a word of their future plans. "We are going to keep it a secret," said he. "We want to keep from being bothered. We are going to be married a week from today, and that's all you need to know. As a matter of fact we haven't made our plans yet anyhow, because we don't want them to leak out."

TWO SOLDIERS HELD AS THIEVES

Two soldiers who attempted to rob the Pacific saloon at an early hour this morning and were apprehended by Captain Neilsen and a squad of police as they were making their escape, were arraigned before Police Judge Mousarrat this morning and their cases continued until Thursday morning, July 18.

The men, Peter Hammon, alias John Bates, and Howard Duke, were noticed early in the evening by Charles Lynch, proprietor of the place. According to Lynch, they sat at a table in a corner and talked earnestly until it was time to close the place for the night, when they left together.

Two hours later, the police department received a telephone message from a Chinese resident in the vicinity that some men were robbing the Pacific Saloon. Captain Neilsen and a squad of policemen hurried to the spot in time to catch Hammon, alias Bates, who was just making his escape through the rear of the Nuuanu street entrance.

Search of the interior of the saloon disclosed an open cash register but no one in sight, so Neilsen sent his prisoner to the station under guard and made a personal search of the neighborhood.

Investigation disclosed Duke lying in a nearby doorway and feigning intoxication, but the police, believing that he was acting as lookout while his partner robbed the saloon, placed him under arrest. Both men claimed to be from L Company, Second Infantry, Fort Shafter.

Eight dollars and a roll of Rapid Transit Company small change were found on the persons of the men when searched.

WHITE PLAGUE TAKES ITS TOLL

Of the twenty-four deaths recorded in Honolulu during the month of June, twenty-two are ascribed due to tuberculosis.

This "white plague," commonly considered a disease of modern civilization because it is best known in countries of higher civilization, claims the majority of its victims in the Territory among the Hawaiians and Orientals.

Discussing the situation this morning Governor Frear said that it seemed to be practically unknown here until about ten or twelve years ago. From that date until about three years ago, when a strong campaign was begun against the malady, it worked havoc among the natives and foreign classes, but it is not as prevalent at present.

"Overcrowding at night in the sleeping quarters, and the closing of all doors, windows and crevices that afford ventilation appear to be the principal features causing its spread among the working people," said the Governor. "As soon as these people can be taught the value of fresh, open air, the disease may be gradually stamped out."

BABY IS JUST LIKE A BIG RUBBER DOLL

Has Few Small Cuts from Being Struck by Trolley and Three-Story Fall

NEW YORK, June 29.—Two-year-old Helma Hansen crawled out upon the fire escape of her home on the third floor on Second avenue last night and fell through the aperture to the pavement. Patrolman McGuire picked her up, carried her to a drug store and called a Harlem Hospital ambulance. Dr. McGuire found the child had no worse injury than lacerations above the right eye.

When he had bathed her face he looked at McGuire and said: "Great Scott! It's the same kid." To which McGuire replied: "I'll be blown if it ain't."

It was the second time little Helma had escaped severe injury this week. On Tuesday she wandered into the middle of the street while her mother was shopping and was struck by a street car. But its fender happened to be in working order and carried her along. Patrolman McGuire was the man who got her out, and it was Dr. McKinley who dressed her small scalp wound.

When Mrs. Hansen had Helma safely tucked in bed last night the mother said it was the little stone amulet the child wore about her neck that had saved her.

Kodaks being sold at remarkably low prices. See the window display of the Honolulu Photo Supply Co., Fort near Hotel.

For an auto call up Joe Santos at Young Automobile Stand, Phone 2511. Seven-seated Pope-Hartford, No. 929. Rates reasonable.

Bring 10 Green-Stamps and one dollar and get a complete Boy Scout suit for vacation. Green Stamp Store, Beretania and Fort streets.

The promotion committee will hold its regular weekly meeting at 3:30 o'clock this afternoon in the room of the Merchants Association.

Major Fern and Stuart H. Johnson, engineers, are a committee of the Oahu loan fund commission to inspect the proposed site for the Waianae reservoir.

Doctors E. N. Tuttle and George B. Young were given licenses to practice by the board of health yesterday upon the recommendation of the board of medical examiners.

The Oahu Loan Fund Commission has decided not to try to build the Waialua reservoir for \$10,000, the amount appropriated, as the members do not consider it half enough.

Reall Liver Salts, is, perhaps just what you need to relieve you of the cause of the grouch you carry to business in the morning. Benson, Smith & Co., Ltd., will sell it to you.

Colonel McGinnette, commanding the First Infantry, and who will soon become commandant of Schofield Barracks has ordered the band of the First regiment, back to Schofield from Fort Shafter.

The management of the Moana Hotel announces a dance for tonight in honor of the first cabin passengers of the transport Logan. Army and navy people, and society folk are invited to attend.

Joe Clark with his Packard car has left the Auto Livery Garage and is now with the Oahu stand at Bishop and King streets, and hopes for a continuance of patronage from his former friends. Rates reasonable.

A committee of the board of health is now working on plans to have the Pearl City cemetery reopened or another cemetery secured for the burial of the indigent dead. At present burials are taking place in the Kalaipohaku cemetery.

Los Angeles capitalists have not given up hope of buying the Hilo Hotel and the Volcano House, although their extended option expired some weeks ago. They claim to have \$150,000 in hand to buy the properties, but want as much more for improvements.

San Diego has invited the Territory to participate in its 1915 Panama International Exposition which is to be held simultaneously with the San Francisco exposition. Governor Frear received the invitation yesterday but the acceptance will be left up to the legislature.

The German colony will give a farewell reception and dance at the Mochizuki Club, Waikiki the evening of Saturday, July 20, at 7:30 o'clock in honor of Christian Menke, the teacher of the German school who is returning to Germany via the Orient, July 27. An admission fee of fifty cents will be charged.

Directors of the Japanese Y. M. C. A. are planning to purchase the corner lot at Piikoi and Young streets now leased by Okimura of the Makiki church and to use it as a site for a new dormitory and for two tennis courts. In this way the overflow from the main hall at Smith street can be taken care of and a place to play tennis will be provided.

According to friends of Miss Ruth Henry, she has practically recovered from the effects of her accident of eleven days ago and is now able to be up and around. For a few days after her removal to the residence of J. P. Cooke at Kaipapau she was in a partially dazed condition which rendered her unable to remember all the details of her rescue. She showed rapid improvement at the beginning of the week, has been taking her meals downstairs and was able to go auto-mobiling last Wednesday. She will continue her visit at the Cookes for some time in accordance with her original plans.

A. R. Keller, member of the board of health and of the college of Hawaii faculty, will return from Kauai, where he is now consulting sanitary engineer for the Kauai Planters' Association, next week. He expects to meet his mother who is arriving from the Coast but will return at once to his duties on the Garden Island.

Architects are having their attention called by the Hawaii commission on the San Francisco fair to the prizes offered for designs for the Hawaiian building. Dr. Howard Hitchcock has been engaged to make sketches of island scenery for use in dioramas in the building, and will work out one complete picture to show to the next legislature.

Photo-Engraving of highest grade can be secured from the Star-Bulletin Photo-Engraving Plant.

Katy Kaal, Hattie Kama, Joseph Ka-
lohelane, Mary Kauhane, Mrs. Ruth
Kauhane, Mrs. Lydia Kekuewa, Koa
Gora, William Malina, W. L. McCrack-
en, Flora Medeiros, Mrs. J. S. Medeiros,
Mrs. Emma Nakakea, Helen B. Oll-
ver, Nancy Roback, Mollie Thomas,
Minnie Victorino.

**ROCK BLAST IMPERILS
LIVES OF TWO WOMEN**

A three pound rock hurtling through
the air at a speed of eighty miles an
hour broke up an informal afternoon
tea, smashed a pair of front steps to
splinters, and nearly frightened two
women into hysterics, at Kapaehulu
yesterday afternoon.

The narrow escape from serious in-
jury occurred at the residence of Mrs.
Jack Gibson. Mrs. Gibson and a
friend were seated on the lanai at
the time the blast occurred which
sent the rock home with such force.
An attempt to find the origin and
who was responsible for the blasting
was unsuccessful.

In Wuerzburg, Bavaria, the use of
black tiles for the roofing purposes
is prohibited. Red tiles must be used
instead, "so as not to interfere with
the beauty of the landscape by the
erection of vari-colored roofs."

Girls in their 'teens should
not be pale, languid, constant-
ly fatigued. Nature intended
them to be bright, energetic
and active.

Every parent of a growing
girl, and every young woman
who looks after herself, should
be constantly on the watch
for symptoms of impoverished
blood. The happiness of a
lifetime depends upon giving
the blood the help it needs at
this time, when girls are too
frequently allowed to over-
study, overwork or suffer from
lack of exercise.

If your daughter is languid,
has a pale, sallow complexion,
is short of breath, especially
on going upstairs, has palpi-
tation of the heart, a tendency
to faint and a poor appetite,
she suffers from lack of blood.
The most satisfactory way to
give the blood the elements
which it lacks is by using Dr.
Williams' Pink Pills. A
thorough trial will make the
blood pure and red.

Two booklets, "Plain Talks to Women"
and "Building Up the Blood," will be sent
free upon request. Dr. Williams' Pink Pills
for Pale People are sold by all druggists, or
will be sent, postpaid, on receipt of price, 50
cents per box six boxes, \$2.50, by the Dr.
Williams Medicine Co., Schenectady, N. Y.

DEMAND FOR ALUMINUM.

Although the early expectations of
the wholesale substitution of alu-
minum for steel and iron have not
materialized, the demand for the new
alloy has grown enormously. From a
production in the United States of less
than 100,000 pounds in 1883, in 1893
the output had grown to 350,000
pounds; in 1903 to 7,500,000 pounds,
and today it is in excess of 50,000,000
pounds.

For news and the truth about it, all
people buy the Star-Bulletin.

If It Is Circulation

You Want, Among Readers Who Buy,

The HONOLULU STAR-BULLETIN
delivers the goods. It is a newspaper of
exceptional merit, hence the universal
praise it is receiving.

Duplications incident to the amalgama-
tion of the evening papers are practically
eliminated, and the circulation of the
HONOLULU STAR-BULLETIN is
getting down to the absolute basis of
a bed-rock standard.

**More than Four Thousand was our pro-
mise at the outset. We now guarantee
that it will be nearer Five Thousand each
day.**

That is a circulation never before
equaled in Honolulu. Remember that
our books are open to inspection.

NOTICE OF INTENTION TO FORECLOSE AND OF SALE.

Under power of sale contained in a mortgage dated August 1, 1906, made by Mary C. Camara of Honolulu, Oahu, T. H., to Bishop & Company of said Honolulu, recorded in the Register Office, Oahu, in Liber 295, p. 342, which mortgage was by them assigned to Ching Kong Sun of said Honolulu on March 21, 1912, and by him assigned to the undersigned on March 30, 1912; Notice is hereby given that the undersigned, Lee Chu, intends to foreclose said mortgage for conditions broken, to wit: non-payment of principal and interest when due.

The property covered by said mortgage, and to be sold as aforesaid, consists of all the lands described as follows: First—All those certain pieces of parcels of land situate on the mauka side of Young street, in Honolulu aforesaid, and known as Lots "M" and "N," and described as follows: Lot M—Beginning at a point on the mauka side of Young street, distant 54.8 feet from the North angle of Keaumoku and Young streets, thence running by true bearings: N. 21° 12' E. 146.9 feet along Lot N; N. 68° 48' W. 50 feet along Lot A; S. 21° 12' W. 146.9 feet along Lot 220; S. 68° 48' E. 50 feet along Young street to initial point.

Area, 6463.8 sq. ft. Lot N—Beginning at a point on the mauka side of Young street 504.6 feet from North angle of Young and Keaumoku streets, thence running by true bearings: N. 21° 12' E. 146.9 feet along Lot O; N. 68° 48' W. 44 feet along Lot B; S. 21° 12' W. 146.9 feet along Lot B; S. 68° 48' E. 44 feet along Young street to initial point.

Second—That piece of land, containing an area of 6946 square feet, or thereabouts, situate on the mauka side of Beretania street between Keolu street and Piikoi street, and comprising Lot "B" of the land described in Royal Patent, grant 3452 to said John M. Wives, and all the land described in deed of James Berry to Mary C. Camara, dated June 25, 1906, and recorded in Liber 111, page 49, said Register. For further particulars apply to GEO. C. BROWN, Attorney-at-Law, 528-530, July 12, 19, 26.

Whereas, a petition has been presented to said Court by FANNY MARKHAM STRAUCH to register and confirm her title in the following-described land: Being portion of Lot 24, Block 4, Puunui Tract: Being a portion of Grant 3050 to H. A. Widemann, Puunui, Nuuanu Valley, Kona, Oahu, T. H.

Beginning at a 1" galvanized iron pipe, at the South corner of this lot, on the Northwest side of Puunui Avenue, the true azimuth and distance to an iron pin marking the North corner of Land Court Petition No. 295 being 35° 46' 51.48 feet, and the co-ordinates of said point of beginning referred to Government Survey Triangulation Station "Wylie" being 927.49 feet North and 2612.88 feet East, and running by true azimuths: 1. 142° 05' 290.0 feet along fence along remainder of Lot 24 to a galvanized iron pipe;

You are hereby cited to appear at the Court of Land Registration, to be held at the City and County of Honolulu on the 6th day of August, A. D. 1912, at two o'clock in the afternoon, to show cause, if any you have, why the prayer of said petition should not be granted. And unless you appear at said Court at the time and place aforesaid your default will be recorded, and the said petition will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness the Honorable WILLIAM L. WHITNEY, Judge of said Court, this 12th day of July, in the year nineteen hundred and twelve. Attest with Seal of said Court: (Seal.) JOHN MARCALLINO, Registrar. 5286—July 12, 19, 26; Aug 2

Y. M. C. A. BOYS TO ROUGH IT ON MAUI TRIP

First Detachment Leaves on Claudine with C. F. Loomis in Charge

Eleven boys in care of C. F. Loomis, who is in charge of the boys' work at the Y. M. C. A., will leave in the steamer Claudine for Maui, where they will spend four weeks in camping and roughing it.

The boys, who are all members of the boys' department at the Y. M. C. A., are the first detachment of about forty who intend to make the trip to Maui, whence they will not return until August 6. Loomis will return next week, but will go over to Maui from time to time in the course of the camping trip in order to see that things are going all right.

THE EFFECTIVE LAXATIVE

Tastes Like and Is Eaten Like Candy. In our experience in the handling of drugs and medicines, we believe we have never had experience with any Remedy that gave such great satisfaction to our customers as do Rexall Orderlies. The Remedy is not like any other laxative or cathartic. It contains all the good features of other laxatives, but none of their faults.

L. REDINGTON

WHIFFS FROM THE OLD SPORT BIKE

BY Redington

THE MOTOR GYMKHANA PROPOSED by a hilt of auto enthusiasts as an attraction for some Saturday afternoon at Kapiolani Park carries the hall mark of good sport and spells success in advance. It will undoubtedly be a boost for organized motoring, besides providing a real test of skillful driving.

A motor gymkhana is along the same general lines as the common, or garden, variety of the East Indian sporting event, only instead of going through their stunts on the back of a pony, gasoline provides the motive power for the contestants. A "slow" race, tilting at a set of rings, stopping every furlong to pick up a potato, driving through obstacles, thread and needle race, and all the other amusing feats will be on the program.

In addition there will be a ten-mile race, with the danger element eliminated as far as possible by starting the cars at half-minute intervals and allowing only two cars on the track at the same time. The Kapiolani Park track is none too good at the present time, but it is the intention of Sydney Jordan and the others who are boosting the meeting to have it repaired and improved as far as funds will permit.

A good, live automobile club could do more to stop speeding and reckless driving than even the police, by creating a sentiment against death-dealing joy riders, and helping to keep them within the bounds of safety and decency. The auto meet, and the motor club that may result from it, are worth helping along.

'EVERYBODY'S DOIN' IT,' MEANING

In this instance, getting in line at the contribution window and chipping in for the Duke Kahanamoku fund. It's growing, and the best feature of the whole scheme is that every donation is purely voluntary. When the hat is passed or a subscription paper carried round, there is always the feeling that some of the givers are not doing so freely and gladly, but that they are more or less "stood up." With those who want to show their appreciation of what Duke has done for Honolulu, however, it is quite different. They are contributing because they want to, and for no other reason.

IT'S TOO BAD THAT THE POLO

and tennis championships will conflict on the 24th and 27th of the present month. Why not skip those dates on the courts, and give the sporting public a chance to see the polo without missing the tennis. As a matter of fact, the polo men had their dates out first, and, considering the complications of transportation for the poloists, and the fact that the Fifth Cavalry squad is now camped at Moanalua, there is no question of changing the days of polo play. But it would be a simple matter to skip two days of a tennis tournament, and there would be many to appreciate the adjustment.

LADIES SINGLES PROMISE GOOD TENNIS

The ladies' singles championship this year promises to be of more interest than for several seasons past, owing to the fact that there are a number of visiting cracks now in Honolulu, who have promised to play for the island tennis title. The men's events will not have a monopoly on outside talent, and tennis enthusiasts are looking forward to some clever exhibitions by the fair sex.

Miss Louise Phillips, champion of the Aztec Club, of Chicago, and her sister, Miss E. Phillips, also a strong player, have been practicing of late, and both will take part in the coming tournament. It is doubtful, however, whether Mrs. George Coulter, who has held the Hawaiian title for several years, will be able to pay this year.

Perhaps you can't get just what you want by arbitration but it is cheaper than fighting.

The Supervisors of San Francisco have been asked to pass a "hat pin" ordinance, limiting the length of women's hat pins to "only an inch and a half beyond the brim."

Service Is Always Good at the

Cunha's Alley, Next Union Grill, on King Street

GIANTS HAVE BOOSTER WHO DESERVES MEDAL

NEW YORK, N. Y.—The Giants have a supporter who deserves a medal for his confidence. A letter was received by Secretary O'Brien recently with a money order enclosed and requesting a reserved box for the 1912 world's series. R. P. Jacques was the signature of the missive, and in part he wrote that he was positive the Giants would win the National League pennant and wanted to be sure he could not regret.

COAST CREW UP AGAINST IT FOR BOAT

Healanis Don't Care to Leave Their New Barge in Alameda

There is another hitch in the proposed visit of a Coast crew to Honolulu, to take part in the September regatta. This time it is over the use of a six-oared barge for preliminary training, and the obstacle looks like a hard one to get round.

In a letter received a few weeks ago from the secretary of the Pacific Coast Association of Amateur Oarsmen, it was stated that the crew finally selected to make the trip to Honolulu in quest of the six-oared barge championship, would remain on the Coast as long as possible, doing all their training there, and arriving in Hawaii a few days before the race. The proposition of the Healanis to turn over the boat now being built by Alf Rogers to the invaders, was accepted with thanks.

Now on this latter point there has been an announcement that the Healanis do not feel that it is up to them to hand over a brand new barge, and take the chance of something happening to put it out of commission for their own use. Even if the Coast club of the association assumed the final responsibility for the safety of the barge, the locals feel that it is asking too much to expect them to do without a boat that is so badly needed until practically the day of the race.

Situation Altered.

When the proposition was first made it was understood that the loan of the new barge would be for a matter of only a week or ten days, as it was then thought that the coasters would be down here to train several weeks ahead of the race date. When the letter of acceptance also contained the announcement that the visitors wouldn't come visiting any sooner than they had to, the Healanis felt that they were stung, and the offer of the boat will have to be withdrawn.

"The Coast oarsmen will probably end by coming down several weeks before the race and finishing off their training and practice here," said A. R. Rowal, secretary of the Healanis club, this morning. "We will be glad to lend them a barge when they arrive, and to do all we can to help them and make their visit a pleasant one, but we need the new boat badly, and it's out of the question to think of leaving it at Alameda for six weeks after it is finished. Alf Rogers is making a rush job to accommodate us, because he knows that we are in a big hurry for the new barge. It should be ready about August 1st and will be shipped down right away."

Must Bring Oars.

All these complications are due to the fact that there is no six-oared barge racing on the Coast, four-oared barges being used there. There is consequently no boat for the visiting crew to use, and to make the trip at all they are dependent on the generosity of their hosts. Neither the Myrtle nor Punahele can spare a barge, so it's up to the Healanis to provide. But it's a cinch that any lending will be done right here in home waters. The visitors will have to bring their own oars, too.

UNDEVELOPED BORNEO

North Borneo is a wild and uncultivated country, without even roads for wagons, says the Trade Report. A few strips of short roads for carts are found about the seaports, but none to justify the importations of a motor car. Travel about the towns is by jirikishas, by sedan chairs, or pony carts. Travel into the interior is by rivers; footpaths only connect settlements between rivers. After two or three years, when the rubber estates are developed, there may be roads built and a call for automobiles.

Dutch Borneo obtains supplies from Batavia, Java, Sarawak from Singapore, and North Borneo from Singapore, Hongkong, and Manila. Retail business in Sandakan is carried on mostly by Chinese. Of the two importing firms, one is German, the other English.

McGRAW THE BRAINS OF NEW YORK TEAM

HOW LEACH CROSS MYRTLE CLUB'S GOT DOUBLE SMOKER A WINNER

"An Eye for an Eye, and a Tooth for Fifty Cents" His Motto

They call Leach Cross, the New York lightweight, the champion of the cloakmakers, because that industrious class turn one en masse to see Cross fight. They usually see a good fight too. Cross may take a sharp advantage when he gets the chance—he declares that he will pull any trick he can, whether it is considered unscrupulous or not, if the referee will let him get away with it—but he is game, and he carries a punch in each hand. If he lands it right, pretty nearly any lightweight will wobble awhile. "They say I'm too good a business man to be a fighter," said Cross recently. "Well, I learned to be a good business man from men who were better business men than I'll ever be."

And he told the story. When he was a kid he wanted to fight before an athletic club named after a certain prominent member of the "Order of the Tightly Clincbed Fingers. He called on the manager of the club. "I'll give yuh a chance, kid," said that individual, but I gotta be yuhr manager." Of course he assented, and when he went in to fight a preliminary battle a few nights afterward he was knocked out in one round and lost a tooth. After the fight he went into the manager's office to get his money.

"Yuh got \$5 comin' to yuh for fightin' in a prelim," said the manager. Well, that was all right. That's all they ever pay a green kid for a preliminary fight. The manager counted out in silver.

"Now, said he, "I'm yuhr manager, and so my bit is two dollar 'n' a half." He put that sum in his trousers pockets. "An' yuh brought in a pair of kids for seconds. Yuh didn't have no right to do that, but I'll only charge yuh 75 cents apiece. That's a dollar 'n' a half. An' bein' this is yuhr first fight I'll only charge yuh half a buck for the use of the towels and water bottles. So here's your 50 cents."

"Oil, yoi," said Cross in consternation. "I got knocked out in the first round and lost a tooth and all for only 50 cents?"

"Look at the nice fight yuh had," said the manager cheerfully.

Professor Axson of the University of California, a lecturer on literature, told his classes that because Taft didn't appreciate existing conditions and because he had too much confidence in his advisers, was a more dangerous man to stand at the head of the nation than Roosevelt.

NEW LIFE-SAVING JACKET

A public test was recently carried out in the Thames of the Carroll life-saving jacket. During the demonstration this apparatus was used by a lady and three men. The garment consists of a loose sack, about the length of an ordinary jacket, having a fibbing fitted with a substance of greater buoyancy than cork. It is so constructed that the heads of the users are completely out of the water, thus permitting them to take food while in the water.

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

Few, if any, medical preparations have met with the uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The remarkable cures of colic and diarrhoea which it has effected in almost every neighborhood have given it a wide reputation. For sale by all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.

GIANTS MANAGER PULLS THE STRINGS AND MEN WIN GAMES

John McGraw is the man who deserves the lion's share of credit for the place New York now holds in the race for the National League pennant. The Marquards, and Mathewsons and Meyers may be doing the actual work, but "Mugsy" is the man who got them in the first place, and then trimmed them down into a smooth working baseball machine.

McGraw had faith in the 1912 Giants from the time the bunch came together for Spring training. He seemed to have a sort of sixth sense that told him he had a winning combination, and his optimism has been contagious, the players going into every game with the winning spirit, and a consequent shade of advantage over their less confident opponents.

SAWED OFF SHORT

John J. McGraw is signed with the New York club as a player as well as manager and he could take part in a game if he was so disposed.

A shrewd golf enthusiast with a mathematical turn of mind has attempted to estimate the annual cost of golf in the United States. His figures that approximately \$40,000,000 is expended each season.

It pays to be a star athlete in more than one branch of professional sport as it quite fully exemplified in the case of "Newsy" Lalonde, the lacrosse and hockey star. Playing lacrosse last summer for Vancouver, "Newsy" earned \$3640, and to this was added \$1600 in the hockey season recently closed at the coast, a mere trifle of \$5240 for the year.

There has never been any legislation against the black man in baseball, but it has always been an unwritten law that no negro shall play in the major leagues. Downside of black and yellow men who possessed all the qualifications of big league athletes passed their days in the semi-pro, and independent ranks on account of their color. Manager John McGraw of the Giants thinks Mendez, the Cuban pitcher, would be a \$10,000 player if he were a white man. Competent authorities agree with you that Pitcher Redding of the Lincoln club would help the Brooklyn club. Undoubtedly Redding is one of the greatest pitchers in the national game today. His records of fifteen strikeouts in a six-inning game are without parallel.

C. N. SNOWDEN CAPTAIN OF YALE'S 1913 CREW

NEW LONDON, Conn.—Charles Nelson Snowden, Jr., '13 of Pittsburg, Pa., was elected captain of the Yale varsity eight for next year at a meeting of the oarsmen after the Harvard race. Snowden stroked this year's eight and held the same position in the victorious Yale freshman eight of 1911.

The new captain is 21 years old, 5ft. 11 in. tall and weighs 152 pounds. He is only other candidate for the position was J. H. Philbin, '12 who rowed at No. 6 and was also a member of the 1911 varsity eight.

FLAMES DESTROY ZEPPELIN AIRSHIP

DUSSELDORF (Germany), June 28.—The Zeppelin dirigible balloon Schwanen I, stationed here, was totally destroyed by fire today following an explosion of escaping gas, which was caused when a strong gust of wind broke it from its moorings and made it collapse in the middle. A number of mechanics seized the ropes, but the balloon wrenched itself out of their hands.

The inflammable hydrogen gas exploded in the air and the balloon caught fire and was consumed.

STAMPEDE FOLLOWS ALASKA GOLD STRIKE IN NEWASKA

FAIRBANKS, Alaska, June 27.—News was received yesterday of a gold strike in Fox Gulch, in the Inokko district. Many prospectors are rushing to the new digging from Iditarod. Low water at the latter place is causing delay in the installation of the Guggenheim dredge on Flat Creek. Small relay steamers have refused to carry machinery at the rate offered by the syndicate, asking an increase of \$5 a ton, which the company has refused.

Most men are too cowardly; a few are not cowardly enough.

PLANTATION LEAGUE IS STILL SCRAPPING OVER "CORKED BATS"

Ewa Management Has Passed the Buck to National Baseball Commission With a Request That It Settle the Dispute in Far-Away Hawaii — Lots of Legal Red Tape.

The now famous "corked bat" dispute between Ewa and Waianae of the Plantation League is still simmering, and the matter has now been pulled up to the National Baseball Commission, with a request for decision.

Ewa's protest that the Waianae team used "corked" bats in the game of June 9, was sustained by the league board of arbitration, but that body said it had no authority to act. Then, at a meeting of the Plantation League, held June 30, the matter was brought up before the meeting, but was killed by a vote of three to one against the Ewa team.

Believing this an injustice, the Ewa baseball manager has communicated with the National Baseball Commissioners of Cincinnati for their decision, forwarding all data in connection with the dispute in question. Upon receipt of this decision, if favorable to the Ewas, the same will be published and the protest revived.

The Ewa team still has two legs on the cup, the Aleas one, and the Waianae one.

The Ewa players take exception to what they claim was a misleading article appearing in the Advertiser of June 29, which reads in part as follows:

"The matter of the Ewa-Waianae protest was won by the accused team. There was a hearing in town last week, and as the Ewaites failed to show sufficient proof, the judges decided the charge not proven."

"As the above facts are untrue, and in order to set the sporting public right in connection with the matter of the 'corked bat' dispute between the Ewas and Waianae, the Ewaites have come forward with the following proofs," writes an Ewa man to the Star-Bulletin.

At a hearing before a Board of Arbitration, consisting of three outside, disinterested parties, the following decision was handed down in the matter of the Protest of the Ewa Plantation Team—Decision.

This is a protest filed by the Ewa Plantation Team, under section 2 of Article 4 of the Constitution and By-Laws of the Oahu Plantation Baseball League, as amended January 20th, 1912. The protest is in due form, protesting the game played between said Ewa Plantation Team and the Waianae Plantation Team on the 9th day of June 1912. Said protest is based upon the violation of Rule 15 of Spalding's Official Baseball Rules for 1912, and alleges that the Waianae Team in the game referred to "used three bats that were tampered with." The protest does not ask that the game which was won by the Waianae Plantation Team should be declared forfeited or ordered played over, or for any relief whatsoever.

This Board of Arbitration is created pursuant to Section 10 of Article 2 of the Constitution and By-Laws above referred to and derives its powers and duties from said Section 10 of Article 2, and also from Section 4 of Article 4 of said Constitution, which latter section provides in effect that in any matter of dispute between and is not covered by the Constitution and By-Laws, then the rules and regulations set forth in Spalding's Official Guide for each season shall govern.

It is rather strange that the average patron of baseball lacks the confidence in the manager just as soon as things are not going right. Let a few games be lost and every nine out of ten so called fans will be there with a suggestion for changing the lineup of the team.

It stands to reason that the individual most vitally interested in a team's success is its manager, and when that man has had twenty-five years' experience in baseball it would be wise to display confidence in his judgment.

But it is perhaps the reason for the popularity of the sport that the spectators consider themselves capable of doing the managing.

It is a privilege which goes with every admission ticket, incidentally it is but natural that the so called fan should have no trouble convincing himself of the logic of his argument when the team is not doing what it should, but it also stands to reason that the only way success can be attained is to have one man use his judgment.

Pays to Experiment.

The advisability of changing players from one position to another has frequently been questioned, and yet some of the stars in certain positions have been switched there from others. Take, for instance, Eddie Foster of the Washingtons. He was not flattered as being capable of playing anything but short field, the position in which he started out in professional baseball, yet Foster developed into a star at third in a very few weeks. Jimmy Collins, ranked high among the very best of the third basemen, was an outfielder and was shifted to third by an accident.

At the hearing before the Board of Arbitration, several bats were produced, and admitted to be the property of the Waianae Baseball Team and part of their property on the field on said June 9th, 1912, where the game above referred to, was being played. A careful examination of the bats was made by this Board, and upon one of the bats being split open it was found not to be made "entirely" of hardwood, but that it had been bored out, and the opening stuffed with pieces of cork and wood.

This evidence to the Board was conclusive that the bat had been tampered with.

Rules Not Specific.

In carefully studying the Constitution and By-Laws of the Oahu Plantation Baseball League and the rules and regulations set forth in the Spalding's Official Guide for the season of 1912, this Board of Arbitration is unable to find any rule or authority, for them to either declare the game forfeited, or order the same to be played over. And indeed it must be stated that under the Constitution and rules and regulations above referred to, this Board is without power to give any decision, which carries with it the imposition of a penalty. Under the Spalding's Official Guide Rule 26, is set forth the grounds upon which a game may be forfeited. The matter is left entirely to the umpire. Section 5, of Rule 26, provides that if after warning by the umpire, anyone of the rules of the game be wilfully and persistently violated, a forfeited game shall be declared by the umpire in favor of the club not in fault. That being a matter entirely within the powers and duties of the umpire, it follows that this Board is without authority to declare the game forfeited.

Nowhere within the Constitution and By-Laws or in the Official Rules, is there any provision or any authority vested in the Board of Arbitration or any other body or official to declare or order that the game shall be played over.

Owing to the limited scope of the Constitution and By-Laws of the Plantation League, and the Official Baseball Rules, the hands of this Board are practically tied, and they regret that their decision in this case must be limited.

The Board of Arbitration, however, suggests that for the best interests of the "Sport of Baseball" that hereafter the Constitution and By-Laws be revised with the idea of including within their scope the required authority to give a decision in any given case, and to impose a penalty under said decision. Further, this Board feels that umpires who preside over the games and the captains of the respective teams, should make themselves familiar with all the rules applicable to a baseball game, and see to the enforcement of the same.

Respectfully submitted,
Signed by A. R. CUNHA,
W. T. RAWLINS,
Dated Honolulu, June 24th, 1912.
Umpire Testifies.

Wm. T. Lee Kwal made affidavit that he had personally examined the bats in question, and found that they had been tampered with.

SOME PLAYERS CAN BE CHANGED

It is rather strange that the average patron of baseball lacks the confidence in the manager just as soon as things are not going right. Let a few games be lost and every nine out of ten so called fans will be there with a suggestion for changing the lineup of the team.

It stands to reason that the individual most vitally interested in a team's success is its manager, and when that man has had twenty-five years' experience in baseball it would be wise to display confidence in his judgment.

But it is perhaps the reason for the popularity of the sport that the spectators consider themselves capable of doing the managing.

It is a privilege which goes with every admission ticket, incidentally it is but natural that the so called fan should have no trouble convincing himself of the logic of his argument when the team is not doing what it should, but it also stands to reason that the only way success can be attained is to have one man use his judgment.

Pays to Experiment.

The advisability of changing players from one position to another has frequently been questioned, and yet some of the stars in certain positions have been switched there from others. Take, for instance, Eddie Foster of the Washingtons. He was not flattered as being capable of playing anything but short field, the position in which he started out in professional baseball, yet Foster developed into a star at third in a very few weeks. Jimmy Collins, ranked high among the very best of the third basemen, was an outfielder and was shifted to third by an accident.

SOUTH AFRICAN OLYMPIANS FAST

Of the team to represent the Transvaal at Stockholm the Marathon runner, Kenneth McArthur, is a record holder; G. H. Patching is the triple sprint champion and record holder, and A. C. St. Norman, the walker, is held worthy of comparison with Lerner, even if he has a style which his critics cannot call ideal. Of the Orange Free State team Leonard Richardson was always runner up to the distance champion, Charles Hefferon. McArthur has an unbeaten record in the five principal Marathon races held in Transvaal, Natal and Cape Colony during the past four years, and within the same period has established two separate records for the distance. His best Marathon time is (25 miles 336 yards) 2 hours 42 minutes 58 1/2 seconds.

The stats of the South African records make this much better than it reads on paper, and McArthur is possibly the best Marathon runner, amateur or professional, in the empire of Great Britain. In the opinion of Mr. J. T. Wallace, of Durban, who was chiefly instrumental in sending R. E. Walker to the stadium in 1908, South Africa in that year lost the Marathon because McArthur, who by the by, is an Irishman, was not selected. R. E. Walker, the sprint wonder in 1908 at Shepherd's Bush, is back again with the team now as assistant trainer.

Herman Schaefer furnishes another instance where a change has helped a player.

Schaefer made himself a left handed batter at a time when he seemed destined to return to the minors, and he is today a better ball player than he ever was.

LEGAL NOTICES.

IN THE CIRCUIT COURT OF THE FIRST JUDICIAL CIRCUIT, TERRITORY OF HAWAII, HOLDING TERMS IN THE CITY AND COUNTY OF HONOLULU.

TERRITORY OF HAWAII, by Marston Campbell, Superintendent of Public Works, Plaintiff and Petitioner, vs. GOO WAN HOY ET AL, Defendants and Respondents—Eminent Domain.

TERM SUMMONS. THE TERRITORY OF HAWAII: To the HIGH SHERIFF OF THE TERRITORY OF HAWAII, or his Deputy, the SHERIFF OF THE CITY AND COUNTY OF HONOLULU, or his Deputy.

YOU ARE COMMANDED to summon GOO WAN HOY; ENOCH JOHNSON; KAMAKA STILLMAN; ROSE McNEIRNY, wife of E. A. McNeirny; E. A. McNEIRNY; CARL ONEAL; GEORGE D. ROBINSON; GEORGE T. ROBINSON; J. A. MAGOON; LIKALANA; THOMAS LALAKA; ROSE K. AIAU; LUM CHAN; CHEN-KWAB KHI; WONG LEONG; HARRY DOE JOE; JAPANESE BENEVOLENT SOCIETY, a corporation; W. O. SMITH; S. M. DAMON; E. FAXON BISHOP; ALBERT F. JUDD and ALFRED W. CARTER, Trustees under the Will and of the Estate of Bernice Pauahi Bishop, deceased; JOHN DOE, MARY ROE, JANE BLUE and JOHN BLACK, unknown owners and claimants, defendants and respondents, in case they shall file written answer within twenty days after service hereof, to be and appear before the said Circuit Court at the term thereof pending immediately after the expiration of twenty days after service hereof; provided, however, if no term be pending at such time, then to be and appear before the said Circuit Court at the next succeeding term thereof, to wit, the January, 1913, Term thereof, to be held at the City and County of Honolulu on Monday, the 13th day of January next, at 10 o'clock a. m. to show cause why the claim of the Territory of Hawaii, plaintiff, should not be awarded to it pursuant to the tenor of its annexed Petition. And have you then this writ, with full return of your proceedings thereon.

WITNESS the Honorable, Presiding Judge of the Circuit Court of the First Circuit, at Honolulu aforesaid, this 12th day of February, 1912.

(Seal) (Sgd.) J. A. DOMINIS, Clerk. Territory of Hawaii,) City and County of) ss. Honolulu.)

J. A. DOMINIS, Clerk of the Circuit Court of the First Judicial Circuit, Territory of Hawaii, do hereby certify that the foregoing is a full, true and correct copy of the original summons in the case of Territory of Hawaii, by Marston Campbell, Superintendent of Public Works, vs. Goo Wan Hoy et al., as the same appears of record and on file in the office of the Clerk of said Court.

I further certify that the petition prays the condemnation for use as a public highway of the following-described land, situate in the City and County of Honolulu, Territory of Hawaii, to wit: Beginning at a point in the southwest property line of Kuakini Street, which point is Azimuth 318° 46' 67.20 feet from the line between the Government Street Survey Monument on Liliha Street at the northeast corner of School Street and the monument above Kuakini Street, opposite Kuna-wai Lane, which survey line is seventeen feet (17) offset from the new southeast property line of Liliha Street, thence running by true azimuth and distances as follows:

- 1. 47° 10' 54.2 feet in a straight line to a point, thence in a curved line to the left having a radius of 20.0 feet;
2. 42° 39' 14.53 feet direct bearing and distance; thence
3. 36° 09' 120.02 feet in a straight line to a point; thence in a curved line to the right, having a radius of 375.0 feet;
4. 44° 29' 183.04 feet direct bearing and distance; thence
5. 50° 49' 131.47 feet to a point in the northeast property line of School Street, which point is azimuth 322° 29' 768.5 feet from the government street survey line on Liliha Street; thence
6. 322° 45' 50.0 feet along the northeast property line of School Street and across Frog Lane to a point; thence
7. 230° 49' 135.0 feet in a straight line to a point; thence in a curved line to the left, having a radius of 925.0 feet;
8. 224° 29' 204.07 feet direct bearing and distance; thence
9. 218° 09' 120.02 feet in a straight line to a point; thence in a curved line to the right having a radius of 670.0 feet;
10. 222° 39' 136.77 feet direct bearing and distance; thence
11. 227° 10' 542.9 feet in a straight line to a point in the southwest property line of Kuakini Street; thence
12. 128° 45' 50.0 feet along the southwest property line of Kuakini Street to the point of beginning. Containing an area of 56,787.6 square feet.

All persons having an interest in the land sought to be condemned are hereby warned that unless they appear at said Court on or before August 5, 1912, they will be forever barred from contesting said petition or any judgment entered thereon.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of said Circuit Court, this 11th day of April, 1912.

(Seal) J. A. DOMINIS, Clerk of the Circuit Court of the First Circuit.

Alexander Lindsay, Jr., Attorney General, and E. W. Sutton, Deputy Attorney General, attorneys for petitioner. 5279-July 3 to 31

LEGAL NOTICES.

No. 226. TERRITORY OF HAWAII, COURT OF LAND REGISTRATION, TERRITORY OF HAWAII vs. T. H. GIBSON; H. W. BERTOW; EDWARD P. CHABIN; HAWAIIAN TRUST COMPANY, LIMITED.

Trustees under the Will of J. A. Cebron, deceased; L. C. ABLES; TERRITORY OF HAWAII, by Alexander Lindsay, Jr., Attorney General, and Marston Campbell, Superintendent of Public Works; CITY AND COUNTY OF HONOLULU, by Joseph V. Fern as Mayor and President of the Board of Supervisors; EMILY C. JUDD; JULIA JUDD SWANZY; HELEN JUDD PARLEY; EMILY PATAHI JUDD; CHARLES H. JUDD, JR.; MADGE B. WARING; WIFE of JAMES WALDVOGEL and FREDERICK WALDVOGEL, care of Holmes, Stanley & Olsen; and to ALL whom it may concern:

WHEREAS, a petition has been presented to said Court by ALEXANDER A. HOBSON to register and confirm his title in the following-described land:

Beginning at an iron bolt at the North corner of this lot and the South corner of Makiki and Hastings streets; said point being by true azimuth and distance 43° 26' 52.2 feet from a monument (a pipe filled with concrete) at the East corner of Makiki and Hastings streets, and the co-ordinates of said point of beginning referred to Government Survey Triangulation Station known as 'Makiki' are 16274 feet South and 2.4 feet West, and running by true azimuths:

- 1. 317° 57' 112.45 feet along Southeast side of Hastings street, to a galvanized spike in fence;
2. 44° 33' 71.53 feet along lot 72 to an iron bolt;
3. 138° 16' 111.30 feet along land described in Court of Land Registration, Petition No. 45, to an iron bolt;
4. 223° 35' 71.00 feet along the South-east side of Makiki street to the point of beginning.

Area, 7652 square feet. Being part of L. C. No. 8241, section 2, aparts 2 to John L. and known as lot 73 of the Annual Subdivision. You are hereby cited to appear at the Court of Land Registration, to be held at the City and County of Honolulu on the 30th day of August, A. D. 1912, at two o'clock in the afternoon, to show cause, if any you have, why the prayer of said petition should not be granted. And unless you appear at said Court at the time and place aforesaid your default will be recorded, and the said petition will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness the Honorable W. L. WHITNEY, Judge of said Court, this 3rd day of July, in the year nineteen hundred and twelve.

Attest with Seal of said Court: (Seal) JOHN MARCALLINO, Registrar. 5281-July 6, 12, 19, 26

THE BRAIN is the force that keeps the nerves well poised and controls firm, strong muscles. Men and women who do the world's work can avoid Brain-fag and guard their health by feeding brain and body with Scott's Emulsion. ALL DRUGGISTS 11-60

BY AUTHORITY.

NOTICE TO CONTRACTORS.

Sealed proposals will be received at the office of the Hawaii Loan Fund Commission, Room 6, Bank Building, Hilo, Hawaii, until 1 o'clock in the afternoon of August 1, 1912, for the improvement of the following sections of the Belt Road in the County of Hawaii.

- Contract No. 2—Hakalau Gulch to Pohakupuka Gulch, length 5.58 miles, District of North Hilo.
Contract No. 3—Kaawili Gulch to Kealahaka Gulch, length 4.65 miles, District of North Hilo and Hamakua.
Contract No. 5—Kahuku Lava Flow, length 2.11 miles, District of Kauai.

Proposals shall be on forms furnished by the Commission. Each proposal shall specify the gross sum for which the work will be performed according to the plans and specifications, together with a unit price for each of the separate items as called for. Proposals shall be in a sealed envelope, addressed to Albert Horner, Chairman, Hawaii Loan Fund Commission, County of Hawaii, and plainly endorsed as required in the specifications under "Notice to Contractors," page 1. All proposals shall be accompanied by a certified check as provided for in the specifications for a sum equal to 5 per cent. of the amount of the proposal.

The Commission reserves the right to reject any and all bids and waive any defects. Plans may be seen and specifications and proposal forms can be obtained on application to the Engineers' Office, Room 6, Bank Building, Hilo, Hawaii, on and after July 8, 1912.

ALBERT HORNER, Chairman, Hawaii Loan Fund Commission. 5283-10t

FENCE COMMISSIONER'S NOTICE. District of Kona, Island of Oahu, Territory of Hawaii.

Upon the petition of E. S. Cunha, owner of certain land and premises at Cunha Lane, Vineyard Street, City and County of Honolulu, Territory of Hawaii, to decide upon the question of a division of fence between his land and premises, now held under tenancy by Mrs. Mary Medeiros—1469 Cunha Lane, No. 5—and the property held and owned by F. Santos, in said City and County of Honolulu, Territory of Hawaii, notice is hereby given to all persons interested or their agents to appear before us on said land on Wednesday, July 17, 1912, at 10 o'clock a. m., in order to pass and run the line of said fence and to decide on the kind of fence to be built, the share each owner shall build, and the time within which such work of building said fence shall be done.

J. A. GILMAN, Chairman; F. T. P. WATERHOUSE, Member; M. K. COOK, Member. Honolulu, July 8, 1912. 5282-July 8, 10, 12, 15, 16

Photo-Engraving of highest grade can be secured from the Star-Bulletin Photo-Engraving Plant.

Cable News AGAINST CANAL DISCRIMINATION

[Associated Press Cable] WASHINGTON, D. C., July 11.—The first muttering of what promises to be serious trouble with foreign countries over the Panama Canal was heard here today, when Great Britain, through her embassy, filed a formal protest against discrimination in favor of American ships passing through the big cut. In the protest His Majesty's government draws attention to the provisions of the Hay-Pauncefote treaty, and it is said will insist upon having them carried out, to the letter if possible. It is understood here that the administration of President Taft will take the position that the treaty has not and will not be violated in any respect, and that it does not interfere with the measure granting certain privileges to American bottoms. It is certain the matter will be taken up to The Hague Tribunal and that a great diplomatic contest has begun.

AUSTRALIA WINS 400-METER SWIM. STOCKHOLM, Sweden, July 11.—Healy, the wonderfully fast Australian swimmer and former world's champion, captured the 400-meter swimming race here today in the record-smashing time of 5 minutes 34 seconds. He was given an ovation as he left the water. Australia also took second place.

DEADLY HEAT IN CANADIAN CITY. MONTREAL, Can., July 11.—There were ninety-five funerals of heat victims in this city today. Of these eighty were funerals of children, some of them but infants. Such was the demand for hearses that many of the coffins were carried to the cemeteries in cabs.

HOUSE IMPEACHES JUDGE ARCHBALD. WASHINGTON, D. C., July 11.—By the overwhelming vote of 223 to 1, the House of Representatives today impeached Judge Archbald of Pennsylvania, charged with conduct unbecoming a judge. The proceedings occupied but a short time.

ROYALISTS LOSE. LISBON, Port., July 11.—It is reported here that the royalist insurrection which has been brewing more or less openly on the frontier, has been defeated. The royalists are reported to be in retreat, and their forces utterly demoralized. Lack of funds and the failure of Spain to officially recognize their claims are said to have been the deciding factors in the failure of the royalist plot to overthrow the republic.

EVENING SMILES. She—What do you mean by saying that Elsa is "more or less pretty"? He—Well, she's more pretty than most girls, and less pretty than you!

Husband—I won't say marriage is a failure, but some are more fortunate in what they get than others. Wife—You are quite right, dear; for instance, you got me, but I—got only you.

"By the way," said the architect, "we'll have the star's dressing room made soundproof, of course." "What for?" "To keep the prima donna from being distressed by hearing the applause that anyone else may receive."

"Has anything ever been discovered on Venus?" asked the student of astronomy. "No," replied the old professor, whose mind had slipped a cog and transported him into mythological fields; "not if the pictures of her are authentic."

Place—Good Samaritan's Hospital in Dawson City, Yukon Territory, Alaska. Patient—G. A. Hatch, a business man of Dawson. Case—Diabetes, believed to be incurable the world over. Prognosis—Hopeless, not only because physicians consider it so but the condition of the patient was so extreme that death was believed to be not far away.

A friend of Hatch's by the name of E. S. Strait, auctioneer of Dawson, heard about his plight and called upon him. Strait told Hatch that five years ago he was in the same fix and sent to California for Fulton's Diabetic Compound and recovered and to insure his health he keeps it on hand. He told Hatch that he would loan him some until more could be had from San Francisco. To the surprise of Dr. Cato, who has charge of the hospital, and the nurses, and his friends, Hatch made a recovery.

Instead of being in his grave as the Hospital authorities predicted four months later found him on a visit to his old home in Portland, Maine. Honolulu Drug Co. is local agent, ask for pamphlet or send to Jno. J. Fulton Co., San Francisco, Cal.

MERCURIAL POISON ENDED LIFE OF SUICIDE. Mercurial poison caused the death of Mrs. Mary Weisbarth, who committed suicide at her residence on Kamanualane yesterday, according to the coroner's verdict brought in last night. Mrs. Weisbarth, who was the daughter-in-law of Captain Weisbarth, had brooded for three years over the death of her baby and took the poison while temporarily insane yesterday morning.
