PRICE FIVE CENTS

HALF-MILLION SPRECKELS DEAL IS CLOSED

SPRECKELS HOLDINGS SOLD

\$500,000 Deal Closed and the Local Property Goes Into New Hands

Through the conclusion of negotiations which have been pending ever since the return of R. W. Shingle from the mainland, the Waterhouse Trust Company, Ltd., yesterday closed out the entire Honolulu holdings of the estate of the late Claus Spreckels for a sum aggregating half a million dollars.

The sale of a single collection of real estate in Honolulu in one day for this sum, makes the transfer one of the largest, if not the largest ever recorded here under like conditions.

The properties change hands, in accordance with previously made sale agreements with the various purchasers.

Robert W. Shingle, president of the Henry Waterhouse Trust Company, Ltd., on being asked for verification of a report that the sales in question had been confirmed by cable from the owners in San Francisco, said:

"The option held by us from Rudolph and Augustus Spreckels and Mrs. Emma Watson, beneficiaries of the will of Claus Spreckels, for all of their property interests in Honolulu for the sum of five hundred thousand dollars, was exercised yesterday.

"As was reported in the Star-Bulletin on Saturday when the bargain was made, the Punahou homestead and the lot between the homestead and Oahu College, facing Punahou street, was sold to Harry F. Lewis.

"The property in rear of the Stangenwald building and Merchant street, and running through to Queen street, was sold to the S. N. Cooke Estate, Ltd.

"The Star building, Merchant street, together with the lot in the rear running through to Queen street, was sold to the J. B. Atherton Estate, Ltd.

"All that property on Merchant street running from the Star building up to Bishop street, comprising Nellie's workshop, the People's Express office, the Schumann Carriage Co. office and garage and the old Bulletin building, also, on the Waikiki side of Bishop street, the Associated Garage, Ltd., building and lot running 100 feet, was sold to the C. M. Cooke Estate, Ltd.

"The rest of the property in the last mentioned block, taking everything but the old Mutual Telephone premises, was sold to the Henry Waterhouse Trust Co., Ltd., for several clients.

Hawaiian Board Buys.
"The lot on the Walkiki-makai corner of Alakoa and Merchant streets, opposite the Hawaiian Evangelical Board building and the Hawaiian Electric Co.'s store and offices, was sold to the Hawaiian Evangelical Board."

Prices, for the present at least, are held as private, although, as intimated, that paid by the Henry Waterhouse Trust Co. to the Spreckels heirs is half a million dollars.

The purchase of the Cooke Estate includes the lot at the corner of Merchant and Bishop streets which Mr. Shingle lately offered to the commercial bodies of Honolulu for \$100,000 as a site for the talked-of commercial building. It has been common talk all along that the Cooke Estate, in the event of the proposition just mentioned—

SENATE O. K'S McCROSSON'S KAUDITCH BILL

Big Irrigation Scheme on Hawaii Calls for Expenditure of \$3,500,000

EXISTING STATUTES TO GOVERN FISCAL POLICY Measure Awaits Signature of President to Become Law

[Special Star-Bulletin Cable]
WASHINGTON, D. C., July 18.—The McCrosson ditch bill passed the senate today. Issues of stocks and bonds, under the terms of the bill, are regulated by existing laws, and there is no prohibition as to the fiscal policy of the company otherwise than present laws and the terms of the bill indorsed by the Hawaiian legislature.
—C. S. ALBERT.

Opinion of Attorneys.
John T. McCrosson, promoter of the enterprise, who returned from Washington last week, went to Hawaii yesterday.

Judge Arthur Wilder of Thompson, Wilder, Watson & Lymer, his attorneys, on being shown the Star-Bulletin cablegram said he considered it meant that the Nelson amendment had been eliminated and that the bill would therefore go from the Senate to the President for signature.

Frank E. Thompson, whose interest in the matter is more than that of attorney, was met afterward and his opinion was the same as that of Judge Wilder.

The amendment in question, introduced by Senator Nelson of Minnesota, was to prohibit the company from

RAPID TRANSIT SUGGEST BLOCK AND WOOD PAVE

Manager C. G. Ballentyne of the Honolulu Rapid Transit and Land Company has opened the way for the completion of the pavement of King street, from Nuuanu street to the river, also for the laying of a pavement along the company right of way on Queen street.

The city and county board of supervisors are informed in a letter from Mr. Ballentyne that the public service corporation stands ready to begin the immediate laying of a lavablock pavement on that portion of Queen street now occupied by the tracks of the company, the section lying between Nuuanu street and Nuuanu stream.

The Rapid Transit proposition in brief calls for the permanent concrete base on six inches in depth, upon which is to be laid an inch of mortar cushion bringing the base to within six inches of the grade set by the engineer.

Upon this base it is proposed to lay lava blocks six inches in depth, four inches width and nine inches in length. This pavement to be laid to the satisfaction of the city and county engineer.

At a meeting of the city and county board of supervisors held last night, the proposition was discussed and it was decided to refer the matter to the city and county engineer for his report.

Hawaiian Democrats Pose For Photo at Baltimore Conclave

The Hawaii Democratic delegation to the national convention at Baltimore "had its picture taken," and the result is above. John H. Wilson is the delegate absent, E. M. Watson holding the proxy of Allan Herbert, who was taken ill on the mainland. Reading from left to right, those above are as follows: John Effinger, E. M. Watson, Gilbert J. Waller, Harry Irwin (Hilo), M. C. Pacheco.

Pittsburg, Pa., July 5. Editor Star-Bulletin, Sir: The Hawaii delegation is now on its way home, Mr. Waller having left Washington for San Francisco via New York yesterday; Harry Irwin will leave in a few days for Honolulu via Canada; Mr. Wilson and Mr. Pacheco are

paying a visit to Governor Wilson at Seagirt, and the undersigned is now en route via Chicago to Honolulu. We all trust that not only Hawaiian Democracy, but other parties, will be satisfied with the delegation's vote as cast during the successful balloting at Baltimore. The delegation voted a

majority for Wilson right along, and the last few ballots unanimously cast its vote for Wilson. We were seated in front of the District of Columbia delegates and to the rear of the Alaska delegates—literally between two fires, the former being for Clark and the latter for Wilson.
(Signed) JOHN EFFINGER.

DUKE LOOKED BACK AND BEAT BEST IN WORLD

Stockholm Dispatches Tell How He Finished Swimming with Ease

Duke Kahanamoku won the world's championship at Stockholm, swimming easily over the 100-meter course and looking back at his desperate competitors, the best of which could send against him.

The story of his victory is told briefly in Associated Press and special messages from Stockholm on the night of July 10, the published dispatches arriving by mail here today.

Here's the story, and it's a wonderful story to those who know how keen the Olympic competition is:

STOCKHOLM, July 10.—The final heat of the 100-meter swimming was won by the Hawaiian, "Duke" Kahanamoku, Healy of Australia was second and Kenneth Huszgar (Chicago A. A.) third. Time, 1 minute 3 2/5 seconds. This is one second slower than the world's record established by the winner in his previous heats.

Bretting, Germany; Longworth, Australia; and Raume, Germany, completed the Hawaiian, who has become one of the most popular characters at the Olympic, had a distinguished assembly to witness his triumph. The royal box was crowded, the party including the king, queen, the crown prince and the crown princess.

When the pistol sounded the six bodies hit the water with one splash. The Hawaiian was easily ahead and half way down the tank, turned to survey the field. His nearest rival was ten feet behind. Kahanamoku let up after that and seemed to swim leisurely. The others extending themselves to the limit gained on him, although he grasped the platform two yards in advance of Healy. The Hawaiian was given an ovation when he passed to the dressing room.

The papers are full of Duke's achievements. Meanwhile the fund to buy him a home is growing all the time. To date the figures are:

Previously acknowledged... \$115.25
Haw'n Fertilizer Co. employees... 5.00
Kalawainui... .50
Total... \$120.75

SENATE SAVES NAVY WIRELESS STATION HERE

New Jersey Senator Tries to Block \$200,000 Appropriation

By C. S. ALBERT.
[Special Star-Bulletin Correspondence]
WASHINGTON, D. C., July 5.—The provision appropriating \$200,000 for the erection of a wireless station in Hawaii was incorporated by the Senate in the naval appropriation bill. It is intended to form a link in the chain that will connect all the American possessions.

An effort was made to prevent the legislation by Senator Briggs of New Jersey. He raised the point of order that the item had never been given an official estimate. This was refuted by the letter of Secretary Myers recommending the appropriation. The point was not sustained.

The paragraph carried in the bill as passed by the Senate follows:

"Toward the purchase and preparation of necessary sites, purchase and erection of towers and buildings, and the purchase and installation of machinery and apparatus of high-power radio stations (cost not to exceed one million dollars), to be located as follows: One in the Isthmian Canal Zone, one on the California coast, one in the Hawaiian Islands, one in American Samoa, one on the island of Guam, and one in the Philippine Islands, four hundred thousand dollars, to be available until expended."

At the suggestion of Senator Jones provision was made for a station on the coast of Washington, or in Alaska.

This afternoon at 4 o'clock the committee having the fund in charge will meet at the office of W. T. Rawlins, Judd Building, to discuss arrangements for handling the fund and to organize the work of getting in the many subscriptions being taken up all over the Territory. The committee is:

W. T. Rawlins, chairman; J. Kubio Kalaniana'ole, Delegate to Congress; Mayor Joseph J. Fern, A. L. C. Atkinson, A. L. Castle, Charles F. Chillingworth, Arthur A. Wilder, Alexander May, Lew G. Henderson.

Mrs. A. L. Barber, widow of the famous and wealthy asphalt king, died suddenly on a New York-Washington train, while going alone to New York.

\$136,500 ADDED TO COST LIMIT OF BIG DRYDOCK

Senate Increases Naval Appropriation Bill as it Passes the House

By C. S. ALBERT.
[Special Star-Bulletin Correspondence]
WASHINGTON, D. C., July 5.—The limit of cost for the drydock at the Pearl Harbor naval station was increased by the Senate in passing the naval appropriation bill by \$136,500. This brings the total from \$3,350,000 to \$3,486,500.

The wording of the clause was also changed so that it does not require completion with the additional sum, but merely a continuance of the work. This new provision was added to the bill by the Senate:

"The Secretary of the Navy is authorized to purchase, from the appropriation 'Naval Station, Pearl Harbor, Hawaii, fresh-water system,' made by the act of March fourth, nineteen hundred and eleven, one acre, more or less, of land in the island of Oahu, Territory of Hawaii, for the location of wells for supplying fresh water to the Naval Station, Pearl Harbor, Hawaii, and to require a right of way for a pipe line from such wells to the naval station."

The provision in full relating to the naval station at Pearl Harbor follows: "Dry dock (limit of cost is hereby increased to three million four hundred and eighty-six thousand five hundred dollars, to continue, one million and fifty thousand dollars; waterfront development, one hundred thousand dollars; street paving, twenty-five thousand dollars; water system, seventeen thousand dollars; power distribution, mains and conduits, seventy-five thousand dollars; metal and lumber storehouse, twenty-five thousand dollars; paint and rigging loft, twenty-five thousand dollars; pattern shop, sixty thousand dollars; storehouses, one hundred thousand dollars; latrines, ten thousand dollars; railroad equipment, forty-five thousand dollars; floating crane, to complete, two hundred and ten thousand dollars; in all, one million seven hundred and forty-two thousand dollars."

"For the proper control, protection, and defense of the naval station, har-

STEFFENS TRIES TO FREE DARROW

Muckraking Reformer and Fremont Older Testify for Defense—Tell of McNamara Compromise

[Associated Press Cable]
LOS ANGELES, Cal., July 18.—A sensation was produced in the trial of Attorney Clarence Darrow today when Fremont Older of the San Francisco Bulletin, and Lincoln Steffens, the magazine writer and reform worker, testified for the defense, detailing the alleged story of the compromise by which the McNamaras took prison sentence. The defense is attempting to prove that the compromise was reached by general agreement and not forced by Darrow after he was aware of the bribery evidence secured against him. Mr. Steffens produced an agreement by which James McNamara bound himself to confess. He said Meyer Lissner, the Los Angeles progressive, had dictated it.

Nine Drowned in Cloudburst

JACOBS CREEK, Pa., July 18.—Nine people were drowned today in a cloudburst near this city. The disaster took the whole countryside by surprise and loss of property will run into the thousands.

Judge Parker Had Cool Million

WASHINGTON, D. C., July 18.—W. F. Sheehan, of New York, today testified before the senate campaign fund investigation committee that Judge Parker's Democratic campaign fund in 1904 amounted to a million dollars.

Picking Teddy's Running Mate

NEW YORK, N. Y., July 18.—Senator Dixon, Roosevelt's manager, said today that Gov. Hiram Johnson of California, ex-Senator Beveridge of Indiana and John M. Parker of New Orleans, as well as several others have been suggested for vice-presidential nomination by the Progressives in the August convention.

Last Cuban Revolver Killed

HAVANA, Cuba, July 18.—Gen. Pedro, Ivenst, last of the leaders of the recent revolution, has been killed by government troops near Sanitago.

Senate Agrees on Tariff Votes

WASHINGTON, D. C., July 18.—Leaders of the Senate have agreed to act upon the tariff revision bills, taking up the wool tariff bill next Thursday, the sugar bill Friday and the excise bill Saturday. It is believed that under these conditions the Democratic filibuster will be withdrawn.

The Associated Press and the Star-Bulletin's Washington correspondent are a day at variance in their information as to the vote on the sugar bill. The Associated Press dispatch arrived two hours later than the special cablegram, and the program may have been slightly changed in the interval.

Big River and Harbor Bill Passes

WASHINGTON, D. C., July 18.—The Senate has passed the rivers and harbors bill, appropriating \$33,000,000, including \$6,000,000 for Mississippi river work.

STEAMSHIP MAGNATE NOTES MANY CHANGES AT THE PORT

William H. Avery, Assistant General Manager of the T. K. K. is a through passenger in the liner Tenyo Maru that arrived at Honolulu this morning. Mr. Avery is proceeding to the Far East on a tour more for pleasure and to regain his health than for business reasons. Mr. Avery will, however, upon arrival at Japan hold a series of conferences with President Asano, the head of the big Toyo Kisen Kaisha which operates a fleet of the biggest liners in the Pacific today. Whether a change of policy will be inaugurated following the return of Assistant General Manager Avery from the Orient remains to be seen. For some months past, there has been a rumor of more or less general circulation throughout the Far East, that an increase in freight rates from the Orient to the Pacific Coast was mooted by the several steamship companies engaged in trans-pacific trade. Among the companies declared as involved in a formation to boost freight rates was mentioned the rival

Houn' Dawg Absalom Will Not Appear in Noah's Ark

Absalom the sadly pensive "houn dawg" of Honolulu has just refused another flattering offer to go upon the stage. After resisting the blandishments of Dode Canfield...

It appears that Absalom had the understanding that he was to be featured alone and when he discovered that he was only one of a multitude of barn yard super his feelings were outraged.

Curling his lips in a horrible sneer he commented sarcastically upon the assembled chickens, ducks, cats, pigs and dogs...

GET TOGETHER SAYS ANDERSON

Mr. F. J. Anderson, Pacific Coast agent for Apollinaris waters, was the guest of honor at the lunch of the Honolulu Ad. Club today...

"I have read much of Honolulu and the Hawaiian Islands, yet struck nothing that begins to give one a good idea of what you really have. Suffice it to say that I realize to the fullest degree that your beautiful country has been grossly misrepresented and pardon me for frankly saying that you are not taking advantage of what you have and are short on publicity."

"No doubt you have heard of the Seattle spirit, and let me tell you that Seattle spirit consists of a continual pulling together. Now Seattle, while progressive, and the State of Washington, have much to be proud of they have no such wonders as your volcano, your equable tropical climate, your fields of pineapples and sugar plantations, etc., etc., which are all so distinctive and so interesting."

"If you people in Honolulu had Seattle spirit you would be building new hotels and be wondering what to do with the influx of visitors from all parts of the world, many of whom would eventually join you for good. I might also say if Seattle had the things up there to exploit and boost that you have here they would have a city of New York's size because they get the travellers and keep them as does Los Angeles. That city is going ahead in a wonderful way as a result of the pulling together and boosting, and the day is not far off when acreage within twenty miles of the center of Los Angeles will be a thing of the past and the whole country divided into small holdings. Yet they have nothing the best of you expecting distance and that is not an unsurmountable barrier."

"Get together, gentlemen, band your clubs, whether social or commercial, and all hustle all the time for your city and your country."

STOCK MARKET NOT RATTLED

Stocks and bonds show continued activity, with no particular evidence of any scare on account of sugar price fluctuations. Most of the plantation stocks hold their own, and Onomea and McBryde register gains of a quarter point each. Onomea shows no change from last sale in sales, aggregating 495 shares for 55.50 but 10 are reported sold at 55.75, all the sales having been during recess. One block of 150 McBryde was reported sold at 7.50.

Twenty-five shares of Walluku, a rather close corporation, came out at 185, or 7.5 less than last previous sale a long time ago. Hutchinson is unchanged at 21 for 45 shares, also Onahu at 28.37 for 10 shares. Hawaiian Commercial fell off an eighth point in three sales totaling 21 shares at 44.875. Waihua sold down a point at 126 for sales of 10 and 5 shares on the board. Olua had seven sales aggregating 190 shares unchanged at 7.75, and Ewa remains as before at 32.25 for 5 and 10 shares.

Oahu Railway maintains 140 in sales of 52 and 15 shares, and Mutual Telephone 24 for 10 shares. Hilo Railroad common appears after long absence with a cut of one point, 37 shares selling at 7.50. Bonds came out heavily again between boards, in sales of \$10,000 Olua 6s at 97.50, and \$11,000 and \$4000 Hilo Railroad Extension 6s at 94.75.

A decree of divorce has been granted to Andrew W. Mellon, the Pittsburgh banker, from his wife, Nora McMullen Mellon.

and gave vent to a variety of insulting growls and grumbles.

This was too much for "Bildad" the goat and he charged, striking Absalom amidst and toasting him to a corner of the stage in which slept "David" the ram, awaiting his cue. David tossed him back again and while he lay breathless unable to howl, a dozen large ducks walked over his prostrate form quacking their contempt. When he staggered to his feet Bildad and Dave were waiting for him. He evaded them by running wildly between the legs of the Great Raymond who had appeared to learn the reason for the disturbance, and sighting an open door in the distance made for it and vanished into the night.

Saaly Ungrateful. While evading service in the Antiques and Horribles parade, Absalom left the city and was adopted by a man who did not know his record. He received three large meals daily and a handsome collar, and rewarded his benefactor by poisoning the Sunday cat and fleeing to the city.

Since his return he has been captivated to say critical. He spurned little Heinie, the canine walf which used to beg his meals for him and Heinie in his despair courted and met death by snapping at the heels of a dog catcher.

SPRECKELS DEAL

(Continued from Page 1)

ed falling through, might acquire the lot and erect a building thereon containing suitable accommodations for the commercial bodies at rentals they could afford to pay. To try to effect such an arrangement may be the next move of the joint committee, that is due to hold a meeting any day now for receiving the report of the subcommittee on building.

FINANCING A NEW PARTY

New York Tribune: A stupendous task is cut out for the organizers of the third party, which, according to latest developments, is about to be launched with a full complement of national, congressional and State tickets in the field. While the volume of machinery essential to vigorous and systematic country-wide campaigning may be reduced to some extent by taking over what the "progressives" in some States are already in possession of, yet what remains to be done is nothing short of colossal.

To be really efficient and thorough, party organization has its beginning in township and ward committees, and workers, but the time is too short to think of installing these fraternal groups where a nucleus is now available. With only four months to go on the canvass things to do would be to rely principally on literature and the brass band, with the latter riding the whirlwind of oratory and enthusiasm at the wind-up. It is no secret that proselytizing and recruiting for a new dispensation of any character calls for an irresistible playing upon the emotions to be successful.

So it is to be anticipated that the new party organizers will put in their best ticks on the fertile ground, pecking the machinery in the States where most headway was made in the primary campaign.

LEGAL NOTICES

IN THE CIRCUIT COURT OF THE FIRST CIRCUIT, TERRITORY OF HAWAII.

Dated, Honolulu, July 18, 1912. J. A. DOMINIS, Clerk, Circuit Court, First Circuit. 5291-3nd-Thur

PAROLED GIRL AND MAN CHARGED WITH OFFENSE

Charged with a statutory crime, E. McCarrison of this city and Jennie Waha, a Hawaiian girl said to be fifteen years of age, were brought before Police Judge Monsarrat this morning. Attorney Peters, for the defense, asked that the case be continued and Judge Monsarrat set it for next Wednesday morning.

In the police court to attend the case were Miss Sadie C. Sterritt, superintendent of the girls' industrial school; Miss Agnes Maynard, probation officer; former Governor George R. Carter, J. R. Galt, Superintendent of Public Instruction W. T. Pope, W. A. Bowen, Dr. Doremus Scudder, James A. Rath, W. S. Bowen, Commissioner of Education Mrs. M. T. Wilcox and others. The girl was stated to have been paroled from the Girls' Industrial School and the arrests were made on evidence alleging that the offense was committed in a private home where the girl was living.

Prominent men and women are taking an interest in the case in an endeavor to find where the safeguards for girls are being broken down, if they are being broken down, and to attempt to prevent what is claimed to be a widespread abuse.

The House bill prohibiting interstate transportation of pictures and moving picture films of prize fights was passed by the senate.

BY AUTHORITY

RESOLUTION NO. 678.

BE IT RESOLVED by the Board of Supervisors of the City and County of Honolulu, Territory of Hawaii, that the sum of TWENTY-SIX THOUSAND (\$26,000) DOLLARS be, and the same is hereby appropriated out of all moneys in the PERMANENT IMPROVEMENT FUNDS in the Treasury of the City and County of Honolulu, for an account to be known as "BITUMINOUS PAVEMENT—WEST QUEEN STREET."

Introduced by Supervisor H. E. MURRAY. Honolulu, July 2, 1912. Approved this 17th day of July, A. D. 1912.

IN THE WOMAN'S WORLD

HONOLULU WOMEN INTERESTED IN BIG NATIONAL CONVENTION

Two Visitors at San Francisco Meeting Come On to Hawaii

Though somewhat removed from the scene of activity, much interest has been shown by the women in Honolulu in the biennial of the General Federation of Women's Clubs in America, as not a few of them are members of the Federation. Recently two ladies, Miss Erglestone and Miss Alice Sloan, the latter a sister of Mrs. W. C. Wheeldon, have come here. They attended several of the functions given for the delegates and some of the stories they have told are to say the least, interesting. These ladies are from Cleveland, Ohio, and although they were not delegates, they came from Cleveland to San Francisco in the special train comprised of ten coaches. The trip was most interesting for little side trips were made to all the points of interest along the line and at each stop the delegates were interviewed by reporters. At one place the reporter while speaking to some ladies, asked for photographs, which were refused them, and a photographer stationed at another point took snapshots of them, and much was their surprise when next morning their own faces smiled at them from the papers. During the two weeks of the convention, business was interspersed with pleasure. Receptions were held by the club women of California, who were hostesses and by individuals. Light musical and dancing acts would fill in a gap between two long reports and served as a bit of diversion for those who were to read reports as well as the listeners.

Rivals Friendly. Two of the candidates for the presidency occupied opposite suites in the Palace Hotel and though each of the ladies, Mrs. Carpenter and Mrs. Pennybacker, was working hard for the honor, they were both friendly and when Mrs. Pennybacker was elected Mrs. Carpenter was the first woman to embrace her. After the most important business of the convention was completed special trains carried the delegates and their friends to all the interesting places in California and at each place entertained. Disappointment was expressed by some of the members because no definite action was taken in the matter of woman's suffrage, as many of the members of the Federation are active suffragettes, but the time for so decided a step, evidently had not arrived. Splendid Work. Almost every subject that comes under the observation of the Woman's Clubs of America was taken up during the convention and Mrs. Phillips N. Moore, the retiring president in her farewell address spoke of the splendid work that has been done by the women during the past two years. Mrs. Percy Pennybacker, the new President, has for years been most active in the Federation, and, say those who know, is most capable of filling the position she now holds. She has a great many staunch friends both in Texas, her own State, and in the other places where her work is well known. The festivities of the convention were somewhat dampened by the death of Mrs. Sarah Platt Decker of Colorado, who passed away before the biennial tea came to a close.

Women's Federation

While the average man may not take the local women's club of which his wife is a member any more seriously than to protest mildly when there is a clash in domestic arrangements, a convention of the Federation of Women's Clubs is an event of deep import to every citizen who would keep abreast of the most pronounced movement of recent years. In the sociological sense this is woman's age. The woman political and social is here, means to stay and must be reckoned with.

Time was when the comic journal pictured women's meetings as terrorized by the advent of a mouse and demoralized by the appearance of a member in a garment announced as a trophy from a bargain sale. The sex has changed all that. A mouse has still its terrors and a bargain sale its magnetic attraction, but in convention assembled women are as businesslike and parliamentary as men—more so than many men in political conventions. For proof of the sex's adaptation to the demands of public deliberative assemblies we only need turn to the proceedings of the Council of the General Federation of Women's Clubs now being held in this city. However random the various discussions may become in the main convention, the officers chosen for executive and advisory duties display a keen sense of essentials and time values. The speeches were short and to the point and there was a healthy opposition to the proposal for a reorganization of the whole federation. Evidently the council would proceed by gradual amendment in preference to revolution. Brevity in speech is not usually credited to women and it is not the least significant sign of the radical changes wrought by public life in women that there was no desire for a superfluous or even the familiar last word. It was recognized that the biennial conventions have become unwieldy and the council seems to have been well advised in suggesting a reduction of delegates as against the scheme for creating a double chamber. The chief item for general discussion will be that of the suffrage and the issue whether or not the federation should commit itself for or against. Extremists on both sides are keen for a declaration, but there are many pros and antis who contend that the best interests of the federation are best served by an attitude of neutrality toward all party political questions. There are so many reforms upon which women of all shades of political opinion are united, it is perhaps wiser that they should be fought for and secured before adding a plank which must necessarily divide forces and possibly lose many members and affiliated bodies. And this without regard to the merits of the issue. However, this commendation of the work of the federation would have no point if it left the implication that delegates may not take the most prudent course.

And this without regard to the merits of the issue. However, this commendation of the work of the federation would have no point if it left the implication that delegates may not take the most prudent course.

LEAVE TO PREPARE FOR PARKER WEDDING Robert McCriston, who is to be best man at the wedding of Thelma Parker and H. Giffard Smart on the evening of July 25, accompanied by Edmund Hedeman, named as one of the ushers, and John H. Jones and H. H. Walker, will leave on the Kilauea for the big island. A number of those invited sailed on the Mauna Kea yesterday. Miss Parker leaves next Wednesday for Hawaii. She will be accompanied by Miss Harriet Bradford of San Francisco, who will be her maid-of-honor, by her mother, Mrs. Fred Knight, and other relatives and friends.

SENATE O. K.'S BILL

(Continued from Page 1)

issuing capital in excess of \$3,500,000 stock and \$3,500,000 bonds. Amendment Meant Delay. Mr. McCrosson, as he said in a Star-Bulletin interview the day he returned, did not like the amendment—not because it would do the company any particular harm, as it needed only \$3,500,000 capital altogether, but because if adopted by the Senate it would compel sending the bill to conference and thus delay it. Mr. Thompson, being asked if work on the ditch would start immediately after the bill's approval by the President, said there would have to be a good deal of preliminary surveying done, as well as some preliminary financing before actual construction could begin. News of the passage of the bill by the Senate, Judge Wilder said, would be wireless to Mr. McCrosson. The firm had not, up to that time, received any message from E. M. Watson, whom Mr. McCrosson left in Washington to watch the bill. The Committee's Report. In the report of the committee on Pacific Islands and Porto Rico upon the bill, presented by Mr. Lorimer in the Senate on March 28, the preamble to the concurrent resolution of the Legislature of Hawaii transmitting the bill to Congress is quoted, also information contained in a report made by Governor Frear at the request of the Secretary of the Interior. Conclusion of Report. The report of the committee concludes as follows: "The bill under consideration authorizes an association of individuals in Hawaii, their assigns, or such corporation as they may organize, to construct, under proper restrictions and suitable regulations, this improvement to place under cultivation several thousand acres of land which now are of little value. The grantees are given a leasehold of 50 years at an annual rental of \$1 per acre on the land to be improved in order that they may be assured a financial return which will justify the proposed investment. The right of the grantees to issue bonds to provide funds for the construction of the contemplated improvement is limited in the amendment proposed by your committee to an amount not to exceed the actual cost of construction of the ditch and other plant and appurtenances, and in any event not to exceed \$3,500,000. 100 Miles Long. "The ditch for which provision is made by the bill is to be 100 miles long, with a minimum capacity of 100,000,000 gallons of water per day, sufficient to irrigate 15,000 acres of land, and is estimated to cost \$3,200,000. When completed it is expected to increase ten times the rental value of approximately 10,000 acres of public lands; and at the end of the leasehold period the land brought under cultivation by this improvement, and now described as 'desert,' will revert to the Government of Hawaii, without cost, in the meantime having increased in value twenty-five fold. Territory Protected. "Provision is made in section 19 that the Territory of Hawaii may at any time after 10 years from the completion of the project take over the ditch with all of its appurtenances on the payment of a sum equal to the cost of the improvement plus 20 per cent of such cost, the amount to be determined by arbitration provided for in the bill. It is also provided (sec. 18) that at the end of the 50-year leasehold period, or sooner if determined, the ditch and other plant and appurtenances shall revert to and become the property of the Territory of Hawaii without payment therefor of any all charges, expenses, liens, or obligations whatsoever. "Inasmuch as the rights of the public are carefully safeguarded in the bill, the committee recommends its passage."

STEAMSHIP MAGNATE

(Continued from Page 1)

Japanese line, the Nippon Yusen Kaisha, the Blue Funnel line, and one or more concerns maintaining a freight service between Manila, Hongkong and Puget Sound ports. Those who profess to know state that Mr. Avery has been in rather poor health of late. The death of Alfred E. Rennie, at San Francisco, a faithful lieutenant associated with Mr. Avery in the passenger department of the T. K. K. is declared to have proved a severe blow to the big steamship man. Mr. Avery professed to be much pleased at the progress made in port improvement at Honolulu. It has been some two years since the steamship magnate last visited this port. Mr. Avery was met at Alakei wharf this morning by John H. Drew, general manager of the shipping department of Castle & Cooke, which firm represents the Toyo Kisen Kaisha interests in the Hawaiian Islands. Mr. Avery will continue the voyage to the orient in the Tenyo Maru sailing from Honolulu at five o'clock this evening.

ROSE LEE McCLELLAN'S ENGAGEMENT ANNOUNCED

(Continued from Page 1)

General and Mrs. John McClellan, announce the engagement of their daughter, Rose Lee McClellan, to Captain Charles Wesley Exton, Twentieth Infantry, U. S. Army. Captain Exton will claim his bride in Europe during the month of September. General and Mrs. McClellan sailed on the Olympic on July 6 for Paris.

AMUSEMENTS

GREAT RAYMOND IS REAL WIZARD

Mystery and Comedy in Opening Program at Ye Liberty

The Great Raymond is—great. He opened his ten night's local engagement before a crowd that jammed the big Liberty Theatre and overflowed in festoons of small boys perched precariously around the walls like flies. This big house got an evening full of wonder and amusement; for the Great Raymond mixes comedy and wizardry as easy as a song and dance. Raymond is not only an exceedingly expert sleight-of-hand man, which any stage wizard has to be, but he has the ability to work on the psychology of a big audience as well as its humor and credulity. In stage illusion he is the best ever seen here, if testimony of old-timers last night is to be believed. With it all, he has a "big show." He carries many complete changes of stage settings and as much paraphernalia as a circus. The people who work with him change costumes every minute or so, while Raymond simply rolls up the sleeves of his evening coat, so that he has no cuffs to deceive, and begins to make things appear and disappear, and to puzzle or tickle the audience alternately. He works rapidly, cleanly, neatly, and there's something doing all the time. Last night the show was divided into three sections, with two ten-minute intermissions, and every one of the sections ended with an extraordinary piece of magic of some kind. The trunk mystery has been seen here before, but Raymond shows a new angle on it. He handcuffs a young lady assistant, envelopes her in a sack, ties up the sack and seals it, puts the girl in a trunk, locks the trunk, utters a few incantations and presently, from within the curtained cabinet, something happens. Nobody knows just what, but out comes the girl, and when the trunk is opened, inside is Raymond, tied up in the sack and with the handcuffs on his wrists. All this in full view of the audience and with a committee of jurists called to go right up on the stage and look the proceedings over. Of course the trick has been explained and explained, on the ground of concealed seams in the sack and lets the people slip in and out. But last night Raymond was in and out so fast that all the committee confessed themselves puzzled. His Noah's ark is a wonder in its way. He shows a big box with windows, empty as an eggshell, and then he begins to pull out chickens and ducks and pigeons and guinea-pigs and cats and dogs and turkeys and goats and pigs and sheep and other farm-yard animals, throwing them around carelessly until he has a collection as large as a circus menagerie. When they come from? Ask Raymond.

NO SURRENDER OF WAR TROPHIES

OTTAWA, June 28.—There will be no surrender of the Bunker Hill gun, Col. Sam Hughes having declined to accede to the suggestion of Massachusetts Peace Society that the trophy be handed back. What happened was that Colonel Hughes raised the question of a general exchange of trophies—a species of reciprocity in captured cannons, flags, etc.—but the American Assistant Secretary of State for War, General Oliver, showed no disposition to accede. Thereupon Mr. Hughes failed to see the point of unrequited surrender. General Oliver in his communication said that a certain number of British guns, largely trophies of the revolution, are in the custody of the War Department, that others are at various army posts, where some of them form parts of monuments and some of them have been built into structures and that others again by Act of Congress have been bestowed upon states. It thus would be impracticable to collect many of them, while additional legislation would be necessary and steps looking to the obtaining of authority would have to be originated through diplomatic channels.

\$500,000 APPROPRIATION SOUGHT TO FIGHT PLAGUE

WASHINGTON, D. C., July 8.—Cablegrams from San Juan, Porto Rico, and Havana, Cuba, that the bubonic plague has resulted in deaths in each of those cities has resulted in an agitation among the officials of the marine health and hospital service to induce the Senate to restore the full appropriation of \$500,000 needed for continuing the precautionary work that has been carried on in San Francisco. If the Senate increases the amount to \$500,000 the house leaders probably

will interpose no objection in conference. The marine health and hospital service pointed out to the members of the house that the ports of Key West, Tampa, Pensacola, Mobile, and New Orleans, owing to the direct and speedy communication that Havana possesses with them, should be most carefully guarded. SIX HOURS A DAY FOR LABOR IN HOT WEATHER. BUTTE (Mont.), July 9.—The platform which was adopted by the Socialist party of Montana last night contains a provision that a workday for laboring men be limited to six hours, when the temperature rises above a certain mark. It is intended that each section fix the minimum temperature at which the six-hour day should go into effect with due regard to humidity and other local conditions. Mayor Lewis J. Duncan of Butte is the Socialist candidate for Governor of Montana. SUFFRAGE BEATEN IN LOUISIANA. BATON ROUGE (La.), July 9.—Advocates of woman suffrage today lost their fight in the Legislature for a constitutional amendment which would permit women to serve on school boards. The vote was 21 to 9. Two-thirds majority is required. If freed from the Matteawan insane asylum, Harry K. Thaw will immediately sue for a divorce from his wife, Evelyn Nesbit Thaw. A Skin of Beauty is a Joy Forever DR. T. FELIX GOURAUD'S ORIENTAL CREAM OR MAGICAL BEAUTIFIER

Removes Tan, Pimples, Freckles, Moth, Flycatcher Hair, and Skin Diseases and every blemish on beauty, and its best detection. The Pacific Engineering Company was the lowest bidder for erecting a four-story concrete building on the old Bulletin office site for the Brewer Estate, Ltd. The bid was \$33,300, with an alternate bid of \$36,250, time in each being 225 days. Ripley & Reynolds are the architects.

Following the objection of the Inter-Island steamship company to the proposed demolition of the old Kinau wharf, the board of harbor commissioners yesterday afternoon decided to authorize plans for a new one to take its place. The old wharf will be razed, the board deciding it has outlived its usefulness.

The public no longer will be permitted to occupy the Territory's wharves during celebrations while large cargoes of goods are lying on the docks. This decision was reached yesterday by the board of harbor commissioners following a complaint by the harbor master and the collector of customs.

Samuel Hall a former well known citizen of Kona, died last night at the home of Farm Corn, at Punahou, from a stroke of paralysis, with which he had been afflicted for several months. He was 56 years old, and leaves four children, a daughter residing in Honolulu and three sons on Hawaii. The funeral takes place this afternoon from Silva's undertaking parlors.

The Hawaiian Engineering Association will hold its regular meeting in the auditorium of the McKinley High School at 8 o'clock tonight. E. Kopke of the Honolulu Iron Works will read a paper on "Clarification" and J. N. S. Williams of the Kahuili railroad has prepared a paper on the "Handling of Waste Molasses." Both papers, it is stated, have an important bearing on the leading industry of the islands.

Tenders for the new Territorial bonds will be called for August 15, according to a communication received yesterday afternoon by Governor Peary from Treasurer Conkling. Certified copies of the documents used in connection with the issue, together with the papers containing the President's signature of approval and Secretary of the Treasury MacVeagh's acceptance of the bonds on the law standard arrived in the day's mail.

San Francisco, Cal., July 10.—Uncle Sam has joined hands with the best friends of this city and has refused to recognize "Frisco" as a substitute for "San Francisco." Incidentally the unforfeitable distortion of the city's name has cost somebody a neat sum of money and a number of transportation companies a lot of inconvenience.

Railroad cars containing goods shipped from here in bond are sealed by the customs authorities. Lead seals were used until the first of this month, when the government officially adopted a tin seal. This seal locks automatically and the regulation making its use compulsory provided that the seals should bear the name of the city stamped in the tin. These seals are provided by the transportation companies and were made in the east.

When the new seals arrived it was found that all but those shipped to the Southern Pacific had been stamped "Frisco." Collector Stratton refused to recognize this as the name of this port and his ruling has been confirmed by Washington. The blame for the mistake was placed on the manufacturer.

As the old lead seals have been legislated out of use and as the government will not recognize the tin ones marked "Frisco" as complying with the law, the Western Pacific, Santa Fe, Pacific Mail, San Francisco and Portland and Pacific Coast Steamship companies are handling bonded freight only through the courtesy of the Southern Pacific, which has loaned the others enough of the approved seals to go on with until they can replace the tin labels on the name of San Francisco with seals that conform with the law.

Frank Sangorski the noted book-binder, was drowned while bathing near London.

LAURENCE REDINGTON SPORTING EDITOR

SPORTS

THE TRUTH ABOUT SPORT IS NEVER A KNOCK

WHIFFS FROM THE OLD SPORT PIPE BY Redington

WE ALL KNEW THAT DUKE Kahanamoku was pretty speedy in what might be called his native element, but when it comes to turning around to see if the other swimmers are within halting distance during a progress of a 100-meter race, well, that's certainly the limit.

RALPH ROSE LAID HIS DEFEAT in the shotput to the fact that the event was held early in the morning, and that he wasn't up to form as he would have been later in the day.

"THE LEAST IMPESSIVE TEAM in the procession, was England's. Their men wore no costumes and generally presented a careless appearance," says a Stockholm dispatch describing the Olympic procession.

SAWED OFF SHORT

PARIS, Fr., July 6.—Michael Scott, an Englishman, today won the amateur golf championship of France on the LaBoulle links.

ATLANTA, Ga., July 6.—Carleton Y. Smith of Atlanta won the Southern singles tennis championship today by defeating C. M. Charest of Atlanta in the finals of the Southern tennis tournament.

Disgusted with his rank work against Chattanooga, when he practically donated a fray through his ineffectiveness and indifference, Manager Charley Hemphill of the Atlanta club has returned Lefty Russell to Philadelphia.

PILES CURED IN 6 TO 14 DAYS. PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded.—Made by PARIS MEDICINE CO., Saint Louis, U. S. of A.

Service is Always Good at the UNION BARBER SHOP Cunha's Alley, Next Union Grill, on King Street. There is Only One Model Sanitary Barber Shop Three First-Class Artists at your service. BETHEL AND KING, E. G. Sylvestre and E. Schroll, Props.

DUKE WORE NATTY UNIFORM ON VOYAGE

American Athletes Dressed Alike and Had a Great Time on Finland

Duke Kahanamoku was "some dolled up" when he set sail for the scene of his triumphs on the steamer Finland.

ON BOARD THE FINLAND (passing through the straits of Dover), June 22. To the cheers of thousands of enthusiastic supporters, the blare of bands and the strains of "The Star Spangled Banner," the American Olympic team left the Red Star pier in the North river on June 14 and the greatest athletic invasion in the history of sports was under way.

Before leaving New York each man on the team was presented with a magnificent dress uniform. A trim-fitting blue broadcloth coat, with patch pockets and the national shield on the sleeve, is set off by white flannel trousers, white shoes and a white cap with the shield on the visor.

Our trip has been unduly long, as the routes of all the transatlantic lines have been materially changed since the accident to the Titanic. The course was about 300 miles south of the usual track to avoid the zone of icebergs.

The sea has been calm, and light winds and sunshine have combined to make the deck a popular place. Entertainment has been furnished several evenings by amateur talent, and those who have a desire to dance are always accommodated by a first-class orchestra on the spacious decks.

There are 108 track men on board, and the swimmers, fencers, wrestlers, cyclists, pistol and rifle men bring the total up to about 150. To give them men all a chance to work out regularly without confusion has been quite a task, but the management has succeeded in solving the question to a nicety.

The jumpers and weight men take the deck at 11:15 o'clock, and there is generally a considerable list to starboard when such men as Rose, McGrath, McDonald and Gillis get together at the shot-putting cage.

The swimmers have two tanks slung from ropes on the forward deck, where they train at regular hours. A harness holds them in place while they go through the motions of the "crawl."

THOSE PUZZLING FIGURES.

The meter having been accepted by a majority of the nations as a basis of linear measurement, it was determined upon for use in the Olympic games, and with a few exceptions track and field distances have been marked according to it.

WOLGAST'S TITLE SHAKY

AD WOLGAST Whose Lightweight Crown Doesn't Fit Very Well These Days

CHAMPION'S DIZZY FINISH OF BATTLE WITH RIVERS IS CLEARLY SHOWN IN PICTURES

Instead of dying down, the controversy over the Wolgast-Rivers fight in Los Angeles July 4 is growing warmer. Opinion, to judge by the Coast papers, seems to be about evenly divided as to whether or not Wolgast was entitled to the decision given by Jack Welsh.

Showing practically every blow struck in the Vernon arena on July 4, the moving pictures of the Wolgast-Rivers fight were given their first presentation today at a private display.

The important questions raised by the unsatisfactory conclusion of the fight in the minds of the fight enthusiasts are to a certain extent satisfied by the pictures.

If Wolgast fouled Rivers at the finish, the films fail to record it. In the thirteenth round the pictures show the men fighting head to head near the ropes.

Wolgast falls over forward on this foot as Rivers falls over the up- and the champion falls over the up- raised knee of the man below. Referee Welch stoops over them, apparently at a loss. He takes Wolgast by his right shoulder and drags him off the prostrate body of Rivers, who is stretched out completely with his face

COLLEGE PITCHER GETS \$900 A MONTH

Some idea of the extreme steps major league clubs will take to secure ballplayers was illustrated recently by the rumor created by Eppa Rixey Jr., a collegian southpaw. Here was a 21-year-old who made a name for himself pitching for the University of Virginia, and every club in the majors was on his trail.

flat on the canvas. Wolgast is apparently suffering great pain and is very weak. Welch pushes him off Rivers' body and Wolgast collapses to a sitting posture and then begins to sag forward.

Wolgast has begun to count. It has required several seconds for him to get Wolgast off the body of Rivers. His hand is moving at that time it cannot be detected in the film because the referee's body hides his hand.

As Wolgast is pushed clear of Rivers the first glimpse of the counting hand can be seen. It rises and falls eight times, according to the picture production.

Stagers About the Ring. In the meantime Rivers has gained a sitting position. Wolgast has sagged over on the hand and arm of the referee and is dragged to a standing position. Wolgast staggers about the ring with his hands pressed low on his side.

Rivers, on the floor, is turning to meet him. Suddenly Rivers gets to his feet very quickly and faces Wolgast. Welch gives the fight to Wolgast, who has been on his feet several seconds and who is met by his trainers. He collapses into their arms and is supported to his corner.

Detroit sprang a big surprise when Walters were asked on George Mullin and Summers, two Tiger veterans. Both twirlers have been going badly, and Hughie Jennings says he is going to start building up a new team.

Buddy Ryan has fallen off woefully with the stick. According to the latest averages he is batting just above the .250 mark, which accounts for Cleveland putting him on the bench.

Walter Johnson was sick abed for a couple of weeks, which greatly weakened the Washington team. The great pitcher contracted a bad cold and was threatened with tonsillitis for a spell.

Lee Magee, the youngster who has been doing spectacular work for the St. Louis Nationals, recently went on a strike for a \$600 raise in salary, but was turned down cold and returned to the team, and had to pay a fine in addition.

THANKS TO FRIENDS. Mrs. Malanie M. Coleman-McBride wishes to express her thanks to the friends who assisted her with votes and subscriptions in securing the trip prize of the Evening Bulletin contest. A great many votes were sent in by friends not known and the help of these as well as many others is very much appreciated.

Photo-Engraving of highest grade can be secured from the Star-Bulletin Photo-Engraving Plant.

MAUI POLOISTS SHOW GOOD FORM

Practice Game Gives Line on Valley Island Stick Swingers

Yesterday afternoon three of the players who will carry the Maui colors in the polo field against Oahu Saturday gave the sideline critics a chance to size up their form during the progress of a snappy practice game against the Oahu Reds.

This shift made it impossible to get a real line on Maui's ability for the injection of a new man broke up the team's combination. Shingle didn't know what to expect from his team mates and they, in turn, never knew just what their new No. 2 was going to do.

The afternoon's play was sufficient to show that in Maui both Oahu and the Cavalry have a strong rival that is to be feared at all times. The players are hard hitters and aggressive riders, and they are superbly mounted as regards both speed and weight.

Wolgast is apparently suffering great pain and is very weak. Welch pushes him off Rivers' body and Wolgast collapses to a sitting posture and then begins to sag forward.

Wolgast has begun to count. It has required several seconds for him to get Wolgast off the body of Rivers. His hand is moving at that time it cannot be detected in the film because the referee's body hides his hand.

FORMER TRACK AND FOOTBALL STAR IS MARINE ENGINEER

It's quite a jump from the cinder path to the engine room grating, even for such a speedy performer on the cinders as "Bill" Rice, the former High School and College of Hawaii track and football star.

When he left here some months ago, Rice intended to go to College on the mainland, and his friends here expected to hear great things of him along the line of athletics.

When this vessel arrives from the Sound within a short time, Rice's old friends will have an opportunity of shaking hands with him. Unfortunately the Columbian is an oil burner, and Rice is unable to secure enough cinders to keep up his sprinting practice.

GUARD FAVORITE IN "Y" TENNIS

C. Axelrod and Jack Guard put up the best tennis of the Y. M. C. A. tournament to date, in a fast two-set match played yesterday afternoon, which went to the latter, 3-6, 6-4.

The match developed some speedy tennis, Axelrod steady down from his former appearances, and giving the Beretania player all he wanted. Guard had the better of the service, dropping only two of his service games to Axelrod's four.

The odd set play-off between Baldwin and Nelson was won by the former by the long score of 17-15. Both men were playing safe, and the match wasn't productive of any brilliant tennis.

Joe Kelly, manager of the Toronto International League club, has announced the acquisition of three major leaguers, "Peaches" Graham of the Phillies, Harry McCormick of the Giants and Pitcher Bobby Keefe of Cincinnati.

Leonavaglio, the playwright has written a comic opera in which the late King Manuel of Portugal and Gabby Deslys were caricatured to the delight of a Roman audience.

The poor showing made by the English team was a keen disappointment to Britishers, and especially to the Duke of Westminster, who had intended to challenge America for the possession of the Harry Payne Whitney trophy this year.

David Fleming showed that he knows how to play the back position. He too is a hard hitter, but it was easy to see that he was not extending either himself or his ponies yesterday.

For the Reds, Dr. Baldwin, Lieutenant Andrews, Arthur Jones, Harold Dillingham, Henry Damon and Walter Macfarlane cut in and out. All were poorly mounted, and found it hard to get together.

The field is in good shape, but with the heavy play on it, a little rain would be a blessing. In fact, it is getting alarming dry, and in some places cracks have opened up, showing how badly in need of a little moisture it is.

Tickets for the three-game series are now on sale at E. O. Hall & Son. A charge of \$10 will be made for parking space for motors for the three games, and a general admission of \$1.

The Cavalry players and their mounts are all in good shape. If it is permitted to use the field tomorrow they will probably have a practice game with their second team.

A Russian polo team, led by Captain Dimitry Deace, holder of the King George V. gold cup for individual riders, won the King Edward VII. gold cup for teams with military riders in the international horse show at the Olympia, London, a few days ago, in the presence of the largest crowd that has ever witnessed a polo match in England.

HILO BOAT CLUB READY FOR GAME

Big Island Will Have One of the Best-Equipped Plants in the Islands

Not only is Hilo to have a boat club that will eventually cut a large figure in Hawaiian rowing, but, from all accounts, it is to be one of the finest clubs in the Islands.

Word to this effect is brought here by V. L. Stevenson, the well-known newspaper writer and sportsman, who recently returned from the Big Island.

The Hilo clubmen have ordered a new pair of barges from Rogers on the Coast, and they intend to buy a second-hand six-oared barge for use this year.

The Hilo clubmen have ordered a new pair of barges from Rogers on the Coast, and they intend to buy a second-hand six-oared barge for use this year.

PLAGUE BREAKS OUT IN MANILA

MANILA, P. I.—June 24.—The Chinese community has made arrangements for the distribution of five thousand circulars, published by the new Chinese newspaper in this city, warning all members of the community against the outbreak of plague. The discovery of plague in the city came as a surprise to the health authorities, as the city has been clean of plague for seven years, and immediately the health authorities took the matter in hand and put out forces of men to aid in a general campaign in cleaning up out-of-the-way places and in gathering into the folds all the rats to be found in the city.

HAWAIIAN STOCKS IN SAN FRANCISCO

SAN FRANCISCO, Cal., July 11.—There was conspicuous buying of Hutchinson Sugar shares and the price was well sustained at \$21. This stock has been in demand for some time past and the quiet buying is said to be largely for account of large interests. Advances from the sugar plantation of the company, and in fact from all the Hawaiian plantations, are of the most favorable character. Following are today's quotations:

MOTHER OF LARGE FAMILY

Tells How She Keeps Her Health—Happiness For Those Who Take Her Advice.

Scottville, Mich.—"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound and Sanative Wash have done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, Lydia E. Pinkham's Vegetable Compound, and that there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it in the house.

"I will say also that I think there is no better medicine to be found for young girls. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has helped her.

"I am always ready and willing to speak a good word for Lydia E. Pinkham's Vegetable Compound. I tell every one I meet that I owe my health and happiness to your wonderful medicine."

—Mrs. J. G. JOHNSON, Scottville, Mich., R.F.D. 3.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy for woman's ills known.

BANKRUPT BEANERY HOLDS I. O. U. OF JOHN D. FOR 56 CENTS

NEW YORK, N. Y., July 13.—Multi-millionaires as debtors for petty board bills figure as one of the incidents in the bankruptcy of the Pussell Manufacturing Company, caterers of this city, the schedules of which fashionable but unfortunate investment were filed today in the federal court here. John D. Rockefeller is listed as owing 56 cents for breakfast rolls, John D. Jr. is down as a backslider for \$1.55 worth of bread, while W. K. Vanderbilt is booked as owing 84 cents for English muffins. The Pussell company failed for \$86,337, and has but \$22,870 in problematical assets to produce a dividend.

Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out, and no salves have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. I have been prescribing the D.D.D. remedy for years. It will take away the itch the instant you apply it. In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a \$1 bottle on our guarantee that it will cost you nothing unless you find that it does the work."

PALAMA BOYS HOLD RECEPTION FOR W. S. BOWEN

Associate to Head Worker Returns from Mainland with New Ideas

Three hundred and fifty boys of Palama district assembled yesterday evening in the gymnasium of the Settlement House and took part in the reception tendered to W. Spencer Bowen, associate head worker of Palama Settlement, who returned home via the Honolulu yesterday morning after an absence of three months.

Mr. Bowen spent the time visiting the various boys clubs and Settlement houses of the mainland cities and has returned home with many new methods in regard to boys work which he intends to introduce in the work at Palama.

Palama Settlement house has better boys club accommodations than any city on the mainland provides, according to the associate head worker, and nowhere he declares did he find such a good swimming tank or as large a gymnasium as at Palama.

"In Boston, they have a club of fifteen hundred news boys and they have no such accommodations as Palama provides," said Bowen. "Many of the boys clubs have interesting games which we know nothing of but I am going to introduce them here."

After Spencer Bowen had concluded his address to the boys, Scout Commissioner James Wilder put his Boy Scouts through their drills and exhibition. They showed the same excellent discipline that was manifest at the performance at Bishop Park Tuesday evening and their work was greeted with much applause from all sides.

When the Scout drill was concluded, Head Worker Rath introduced former Governor George Carter to the boys and he formally presented the championship cup to the captain of the Palama Seniors baseball team winners of the championship of the league. After Carter had concluded, Mr. Rath gave a short talk to the Palama Junior league and gave them a straight from the shoulder talk about teamwork and helping each other. After the more desultory business of the reception was concluded, the boys demonstrated their appreciation of the sandwiches and ice-cream. Plans are being made now for another social which is to be held on Wednesday July 31.

CHILDREN INJURED

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy, which we know, for constipation and associate bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember, you can obtain Rexall Remedies in Honolulu only at our store—The Rexall Store, Benson, Smith & Co. Ltd., Fort and Hotel Sts.

NEW DESIGN FOR THE NICKEL IN PREPARATION

WASHINGTON, D. C., July 6.—The design of the 5-cent piece which has been jingling in the pockets of American citizens for many years does not coincide with the Treasury Department's conception of art and it will be changed in its entirety. Secretary MacVeagh has decided to replace the Goddess of Liberty on the face of the nickel with a buffalo. The reverse side of the new coin will contain the head of an Indian.

J. W. Fraser of New York is making the design in collaboration with officials of the treasury department. All its details will be decided upon at a conference between Secretary MacVeagh and Fraser next week.

COLDS CAUSE HEADACHE

LAXATIVE BROMO-QUININE, removes the cause. Used the world over to cure a cold in one day. E. W. GROVE'S signature on each box. Made by PARIS MEDICINE CO., Saint Louis U. S. A.

CASTORIA

for Infants and Children.

The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells, which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers, are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, as the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics. Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.

The signature of Chas. H. Fletcher guarantees genuine Castoria.

Physicians Recommend Castoria.

"Your preparation known as Castoria I have used for years in children's complaints and I have found nothing better." JOHN J. LARSA, M. D., Cleveland, Ohio. "For several years I recommended your 'Castoria' and shall always continue to do so, as it has invariably produced beneficial results." EDWIN F. PARDEE, M. D., New York City. "Your Castoria is a meritorious household remedy. It is purely vegetable and acts as a mild cathartic. Above all, it does no harm, which is more than can be said of the great majority of children's remedies." VICTOR H. COPPING, M. D., Omaha, Neb.

Children Cry for Fletcher's Castoria. In Use For Over 30 Years.
