WILSON IN RINGING MESSAGE TELLS CONGRESS GERMANY MUST GIVE UP BELGIUM, FREE BALKANS; NO PEACE NOW

PRESIDENT IN OUTSPOKEN WAR ADDRESS SAYS EVILS OF PRUSSIANISM MUST END

Partnership of Nations After War Will Guarantee Future Peace of World

(Associated Press by U. S. Naval Wireless) WASHINGTON, D. C., Dec. 4.—President Wilson today delivered to the assembled houses of congress a war message ringing with the determination of the United States to carry on the battle against Germany until the wrongs done by Prussianism in Europe are righted and the future peace of the world is assured.

He declared that nothing will be allowed to divert the energies of the United States until the object for which America entered the war are won. He declared also that the war will be won only when Germany agrees to full reparation and justice for her reckless and ruthless acts of military power.

The president's message also forecast a peace settlement which will end German domination over Austria and the Balkan states and Turkish rule within the borders of Asia.

The President's determined words were spoken to an audience that filled the hall of representatives, where the two houses were assembled, and hung with intense earnestness on each sentence as it was delivered. The galleries were crowded. The official and diplomatic galleries held many foreign diplomats, and the section assigned to friends of members of congress was filled.

The President said: "Gentlemen of Congress: It has been eight months since I last addressed you and grave events have intervened since that time. I shall not attempt to summarize them. The departments will report to you the details of what has been done and what is being done."

"Today I shall discuss only the outlook upon the vast affair on which we are engaged, our present duty and the means of accomplishment. I shall not discuss the causes of the war. The intolerable wrongs planned by the sinister masters of Germany have long been grossly obvious. Let us consider again gravely our objectives and measures of attainment."

"Our object is to win the war. We shall not slacken energy and we shall not be diverted until this is done."

"Americans know the causes of war and know what the realization proposes. They are of a united spirit in the intention not to heed the advice of dissent. I know that the criticism of the noisily thoughtless and the troublesome will fling itself in impotent disloyalty against the calm and indomitable power of the nation."

"We hear men debate peace who neither understand its nature nor how to attain it—debate with unbroken spirits and uplifted eyes. None of them speak for the nation. They do not touch the heart of anything."

"Another viewpoint believes it necessary to say plainly it considers that the war is for, what is the essential element of its issues. 'We are acting as spokesmen for a people, and they are entitled to know whether their purposes are ours.'"

"They desire peace by overcoming evil, and by the decisive defeat of greater forces. They are deeply and indignantly impatient of compromise. I believe I speak for them when I say that this intolerable thing in which the masters of Germany have shown their ugly faces, this thing which is a menace through intrigue, which is without conscience, without honor and without capacity for covenanted peace, must be crushed."

"If it is not utterly ended it must at least be shut out of the intercourse of nations."

"Secondly, when this is accomplished and when the German people have spoken as these words we can believe and who accept the judgment of nations as to the law and covenants for world-life, we shall be willing and glad to pay the full price of peace ungrudgingly."

"This price will be full and impartial justice for every nation, friendly or enemy."

"Humanity insists that the war shall not end vindictively. The first step is to show autocracy the futility of its claims in the modern world. Until this is done, we cannot establish right as the arbiter of nations. When this is done, as God will, it will assuredly be, we are free to base speech upon generosity, and to justify that generosity."

"Let there be no misunderstanding as to the immediate task of war, and nothing to divert our energies until it is won. To those desiring peace before the end is attained, I counsel them to carry their advice elsewhere. We shall not entertain it."

"We shall regard the war as won only when Germany shall say through her accredited representatives that they agree to settlement on a basis of justice and of reparation for the wrongs their rulers have done."

"The wrong to Belgium must be repaired. The powers over Austria-Hungary and the Balkan states, and Turkey in Asia, must be relinquished. We have not grudged the German successes by skill, industry, knowledge and enterprise—rather have we admired them. But these they threw away to establish military dominion."

"Peace must make right wrong. We do not wish to rearrange or impair the Austro-Hungarian empire. It is no affair of ours what they do industrially or politically. We do not propose to dictate."

"My desire is that their affairs should be left alone, and I should hope to secure for the Balkan states and the Turks the rights of safety and political freedom. Our attitude toward Germany is the same. We intend no wrong and no internal interference."

"The masters of Germany tell the Germans they are fighting for the very life and existence of the empire. This is grossly false. No one is threatening the existence, independence and enterprise of Germany."

"If she continues the rulers it is impossible for the world to trust, it might be impossible to admit her to that peace partnership of nations which must henceforth guarantee peace."

NEW SUGAR PEST MAKES APPEARANCE

At the meeting of the sugar planters' this afternoon, O. Sweeney, member of the experiment station staff, announced the discovery of a new pest to sugar cane fields in the Hawaiian islands. This pest is the white ant, which is known to have ravaged the Formosa cane fields. The first evidence of the destruction caused by the pest in Hawaii occurred near the Waipahu mill, on the Pearl Harbor peninsula. Mr. Sweeney asks that all evidence of the white ants' ravages discovered by planters be brought to the attention of the experiment station, which is working for the pest's extermination.

GOVERNMENT OFFICIAL AT HILO IS SUE

HILO, Dec. 4.—Walter V. Kolb, deputy collector of customs here, has been sued for \$2000 damages by A. H. Moon, who alleges trespass while Kolb was acting upon a search warrant in which names had been changed. The murderer of the two Japanese is still at large. Arthur Gilman, well known Honolulu boy, has been enlisted in the gas and flame corps of the army and will leave on the next transport for the mainland. He will go at once to Washington to join the 30th Regiment of Engineers. A Mr. Gilman of 454 Beretania street, whose first name was not known to the local engineers' office, has also joined this service and will sail on the transport.

If Wholesalers Refuse to Meet Wishes of Food Administrator Legal Action May Result; Public Will Handle Retailers

The day of excess profits in Honolulu has ended. If local wholesalers are not willing to remain satisfied with a normal pre-war profit, then J. F. Child, federal food administrator for Hawaii, will take steps to make them do so. As regards the retailers, the public, says Mr. Child, will take care of them.

As an aftermath of the general licensing of local food handlers and distributors doing a business of more than \$100,000 a year, and in line with a nation-wide movement launched by the food administration in Washington, D. C., Administrator Child has set to work to secure weekly publication of wholesale prices of foodstuffs so that the retailer, as well as the consumer, may know at a glance just what profits are being made, and to overcome any possibility of exorbitant profits. The prices are to be published in each of the Honolulu English daily newspapers.

Administrator Child is sending letters to all wholesale dealers in foodstuffs requesting their prices on certain commodities, and to all retail dealers requesting their prices. Under the licensing system these concerns are required to furnish the cost, and in this way the administrator will be able to determine whether the wholesale prices are reasonable and in line with the normal pre-war profits.

If the public is informed as to the cost to the retailer, they can readily see whether or not he is making more than a pre-war profit, Mr. Child points out.

Mr. Child believes that if the wholesaler knows that his prices are going to be scrutinized he will immediately get his profits in line with what he was making normally before the war; and if a retailer's price is not in line with all others, which should be a normal pre-war profit, he will at once set them in line in order to meet the competition of the dealers who are declining to make an excess profit, and whose prices will be made public.

"No dealer," declares Mr. Child, "can afford not to get in line, as he is likely to lose his business, and customers will cease to buy his goods if his prices are not right."

As regards wholesalers, the federal administrator has the power to take legal action if evidence of excess profits is found, and such action, asserts Mr. Child, will be taken if necessary. The public, he adds, will take care of the retailer.

\$235,000 NEEDED FOR IMPROVEMENT OF WATER DEPT.

F. G. Kirchhoff, superintendent of water and sewers, has prepared a suggestive estimate calling for \$235,000 needed for immediate improvements in his department. The estimate will be submitted to the finance committee to be used in making up its 1918 budget.

The biggest sum required is the \$150,000 which it is estimated will be needed to put in a filtration plant for Nuuanu valley. This sum could be cut down \$50,000 by carrying the artesian water to Nuuanu, but the artesian supply would be limited to 3,000,000 gallons a day, whereas the amount expended for a filtration plant would cover equipment to supply an unlimited amount of water for the Nuuanu district.

Other amounts needed for necessary and almost immediate improvements are as follows: Makiki \$7,800, Waikiki 5,000, Kaimuki 4,500, Palama and Kalihi 7,250, Central districts 50,000, which, with the above amount of \$150,000 required for Nuuanu filtration, makes a total of \$235,000.

SUGAR. SAN FRANCISCO, Cal., Nov. 30.—Sugar: 96 deg. test, 6.72 cents. Previous quotation, 6.90 cents.

Honolulu Germans Lacking Permits Are Held on Kauai

Two alien enemies, German residents of Honolulu, are unable to return to their homes from Kauai due to the recent issuing of an order requiring the securing of a Presidential permit to travel from one point to another, according to statements made at the Inter-Island offices today. Strict observance of the order is being given by the Inter-Island passenger agents, who faithfully question every applicant for a ticket as to his nationality. Unless they are well satisfied of every applicant's citizenship they refer the person to the United States district attorney. It is said that the traveling permits have to be secured from Washington direct.

T. K. K. NOT RUN UNDER U. S. FLAG

W. H. Avery Declares It is Impossible for Japanese Boats to Enter Island Business Under Present Circumstances

Under the present law regulating the suspension of the coastwise shipping laws for foreign vessels, it is impossible and impracticable for the T. K. K. Co. to operate its steamers for island service, says W. H. Avery, general superintendent for the company in San Francisco, who arrived here at noon on the steamer President. He was recently made advisor to the Asano syndicate.

Mr. Avery is accompanied by his wife and says he is here for a three weeks' stay. That he is not here to establish a Honolulu T. K. K. office, separate from Castle & Cooke, was one of his most definite statements. "My business here is private, but in a few days I may be able to tell you the nature of it," he said.

Less than two weeks ago Mr. Avery was in Washington and discussed the question of having the Japanese liners entered in the coastwise trade during the period of the war.

"We fully explained to the government that we could not successfully operate under the restrictions of the present law which permits the granting of permits only for single voyages."

"As most of the T. K. K. steamers are under the subsidy of the Japanese government it would be necessary not only to secure permits from the United States government but also from Japan to permit the vessels to enter the coastwise trade. This would all have to be done by cable and would require as much as two weeks' time, at certain periods due to cable transmission delay. It would be impracticable," Mr. Avery declared.

Later he explained that the company officials were still in communication with Washington and it was hoped a solution of the problem could be arrived at.

The Queen's Funeral Illustrated

Extra copies of the Star-Bulletin pages will be issued, carrying the illustrated account of the events connected with the death and funeral of the late QUEEN LILIUOKALANI.

This with copies of the Bonus Edition of Nov. 24 will be sold at ten cents a copy.

Place your orders at the Star-Bulletin 125 Merchant St. Phone 4911

REVISION OF BONUS SUGGESTED

A. W. T. Bottomley Charged With Duty and Will Report to Next Meeting of Trustees, is Report Following Executive Meeting

There is to be a considerable revision in the scale of bonuses paid to plantation laborers. The work of revising the scale is chiefly in the hands of A. W. T. Bottomley and will be presented to the trustees of the Hawaiian Sugar Planters' Association for discussion at their next meeting. E. D. Tenney, president of the association, refused to make any statements on the subject but it was generally rumored about the meetings that the business of settling the bonus question would be given hearing by the trustees before the end of the week.

Just what changes are proposed, whether the scale will be revised or raised could not be learned, most of those who attended the executive session yesterday refusing to discuss the matter.

The greater part of this morning's session was consumed in the reading (Continued on page Two)

TEMPORARY TRUCE IS EFFECTED ON GERMAN EAST FRONT; NEW TARTAR REPUBLIC IN CRIMEA

GREAT RUSSIAN KINGDOM CRUMBLING AS SMALLER NATIONALITIES RAISE CRY FOR INDEPENDENCE—SWEDEN DENIES OFFER TO MEDIATE BETWEEN BOLSHIEVIKS AND GERMANS

(Associated Press by U. S. Naval Wireless) LONDON, England, Dec. 4.—Representatives of the Bolshevik-Socialist cabinet in Petrograd and of Germany have signed an armistice calling for cessation of hostilities for 48 hours, according to a despatch from Amsterdam today.

Few details of the signing of the armistice are given. The agreement was reached in the headquarters of Prince Leopold, commanding the German forces on one sector of the east front.

LONDON, England, Dec. 4.—The Petrograd correspondent of the Times has cabled that the establishment of a Tartar republic in the Crimea has been announced. No details of this movement to give independent government to one of the smaller nationalities hitherto under the Russian rule can be learned.

STOCKHOLM, Sweden, Dec. 4.—The Swedish government today issued a formal statement in denial of the report that Sweden has offered to mediate between the Bolshevik government and Germany, in an attempt to hasten peace.

RODIEK DIRECTED MOVEMENTS OF MAVERICK IS U. S. CHARGE

"Mystery" Ship of Hilo Fame Figures Prominently in Hindu Revolutionary Plot—U. S. Attorney Preston Says Former German Consul Here Sent Schroeder and Captains Elbo and Dinant to Ship at Hilo

Mail advices from the coast today revealed that Georg Rodiek, former German consul at Honolulu, has been indicted in connection with the Hindu conspiracy on the ground that he had a hand in directing the movements of the "mystery" ship Maverick while she was at Hilo in 1915. U. S. District Attorney Preston, who is prosecuting the case for the government, in his opening statement to the jury declared that Rodiek acting under orders had sent Captains Elbo and Dinant of interned German vessels at Honolulu and H. A. Schroeder of Hackfeld & Co. to Hilo in connection with the Maverick which had both funds and supplies for herself and the Annie Larsen, which she was to meet at Johnson Island.

The Maverick figures prominently in the trial as a lengthy description of her wanderings is incorporated in Attorney Preston's charges.

With reference to the stay of the Maverick at Hilo and her subsequent departure, Attorney Preston stated: "Purchase of Maverick"

"The Maverick, an obsolete oil tanker, was purchased from the Standard Oil Company of San Francisco on March 16, 1915, by John F. Craig of the Craig Shipbuilding Company of Long Beach, at the instigation of Joseph J. Bley. The price paid was \$45,000."

"Arthur Page of Page Brothers, 310 California street, ship brokers, were told by Harry J. Hart in the early part of March, 1915, that the Maverick was for sale, suggesting that they secure a buyer for her. A. A. Moran of Swayne & Hoyt told Page to get an option on the Maverick and Page secured a refusal from the Standard Oil Company, the price to be \$40,000."

"On the last day of the option Fred Jebson sent for Page and asked for the option when the option to Moran had expired and gave Page \$1,000 in cash to get the extension of the option from the Standard Oil Company. This \$1,000 was given the Standard Oil Company with a memorandum. Moran

of Swayne & Hoyt wanted to make \$25,000 from the Germans, so boosted the price to \$100,000. Von Schack objected to paying this price for a boat originally worth about \$30,000, there was a squabble and Moran vamoosed. John F. Craig was selected to make the final purchase. He claims he was interested because he was to receive \$27,000 for repairing the vessel. Germans Pay Bills

"The boat was taken to Long Beach, where it was repaired, \$27,000 being sent to Craig to pay for the repairs by the German consulate in San Francisco. The next step was the organization of the Maverick Steamship Company by Ray Howard, a Los Angeles attorney, at the request of Jebson, who practically ran the German consulate. Janitors, hangers-on and other employees were incorporators of the company and the stock was finally transferred to Jebson."

"Jebson announced that the steamer had been let on a time charter to the American Asiatic Oil Company, a fictitious company which had no more existence than the mythical Juan Bernardino Bowen. At this time Joseph Bley was using the fictitious name of Dr. A. C. Ross and Captain Nelson, (Continued on page three)

LATE NEWS AT A GLANCE

DENTIST DISCHARGED IN POLICE COURT Because of insufficient evidence against him, Dr. H. C. Clemmens, local dentist, was discharged in police court this afternoon. He was charged with employing unlicensed dental operators. Clemmens' defense was that he did not employ the other defendants although they were in his office. The cases of C. W. Metacher and E. J. Leonard, charged with operating without licenses, will be tried in police court tomorrow morning. The Clemmens case was continued thirteen times since it first appeared on the calendar on October 27.

MANOAITEA TO PROTEST ROAD PAYMENT A communication protesting against the final payment for the improvement of the upper end of the Manoa road will be filed with the supervisors this evening. The protest, signed by the road committee of the Manoa Improvement Club, will allege that the specifications for the construction of the road have not been carried out by the contractor, F. R. Ritchie. The amount still due under the contract is \$20,149.63.

WATERFRONT EMPLOYEE HAS LEGS BROKEN Antone Machado, employed on the waterfront, was struck by a heavy iron chain early this afternoon, with the result that both his legs were broken. He was first taken to the emergency hospital, but was transferred to the Queen's hospital.

DR. ELLIOTT GIVEN LEAVE BY BOARD OF AGRICULTURE Dr. H. B. Elliott of Hilo, deputy territorial veterinarian, was given a leave of absence for two months on account of ill health, at a meeting of the board of agriculture and forestry held today. It was reported at the meeting that no deaths from anthrax had occurred during the last three months. The territorial marketing division was not discussed today.

PEACE TERMS TO RUSSIANS ARE FORECAST

AMSTERDAM—An outline of what are said to be Germany's peace terms to Russia reached here tonight. The leading conditions follow:

Indemnity from Russia to Austria. All Caucasian territory occupied by Russia to be restored to Turkey.

Poland to be an independent kingdom, but under close Germanic supervision.

Some of the present Baltic sea coast line, recently taken by Germany, to be retained.

The Dobruja to be given to Bulgaria, which is also to have supervision over the mouth of the Danube.

MINOR ARMISTICES ON EASTERN FRONT ALREADY BEING PUT INTO EFFECT

WASHINGTON, Dec. 4.—Armistices are already in operation in several sections of the Austrian, German and Russian fighting fronts. Announcements to this effect were yesterday officially made from both Berlin and Vienna. Instead of negotiating between capital and capital proceeding the direct course of arranging truces along the fronts section by section is being pursued. Military representatives of the Russian government, officers and men, are being passed through the German and Austrian lines and conferences similar to the one at Czernowitz last week are being held.

Bulletin Posted Through a bulletin posted before the great headquarters in Berlin yesterday the German public was informed of the progress being made in the arrangement of a truce and cessation of hostilities along the Russian fronts generally. This bulletin said that numbers of such truces were already in operation and that fighting had accordingly ceased in several sections.

Propaganda Spreads In an official statement issued by the war bureau in Vienna more definite details were given. This statement said: "During the past few days an armistice has been announced on many sectors of the Russian front, negotiations proceeding and arrangements being completed section by section. In the Pripet region the Russians have concluded an official armistice with the opposite Teutonic command."

WILSON MESSAGE IS GIVEN TODAY ALL OVER WORLD

WASHINGTON, D. C., Dec. 4.—Copies of President Wilson's address to the jointly assembled houses of Congress today are being telegraphed to China, Japan, Russia and practically every other civilized country in the world for distribution today.

(Note: Up to the time the Star-Bulletin went to press, the president's message had not been released for publication.)

# REFORESTATION IS DISCUSSED BY SUGAR PLANTERS

### Uplands Neglected, Says President, Because Owned By Government

Nearly every plantation manager present at the initial session of the replanting committee on Monday morning had something to say on the subject of reforestation after a report from the forestry committee was submitted by David Forbes, manager of the Waialeale plantation.

H. A. Baldwin told of the conservation work on Maui and said that from 1890 to 1895 acres were being planted each year, but that the forests had suffered in the past from depredations of cattle. Native trees were subjected to insect attacks, he said.

President Tenney declared that he had no objection to the government's contribution to this question and that he would cooperate in reforestation. He particularly emphasized that attention should be given to the replanting of the uplands which the managers had shown were not getting much attention because they were to a large extent government lands over which plantations had no control.

Mr. Forbes had complained that only recently a large area containing timber on the slopes of Mauna Kea had been released and presumably for cattle grazing. It was then that Mr. Bishop had declared that the planters should camp on the trail of the government until conservation was assured. He said his companies would be willing to follow whatever orders were issued so far as the 10 or 15 properties represented by C. Brewer & Co. were concerned.

John E. Shuman, manager of the W. H. Shipman, manager of the Mauna Kea land, had feared that the forest part of this was after he had told of the distress caused by the water shortage on Hawaii during the drought.

R. Renton Hind wanted to know if anything was being done to secure the cooperation of the homesteaders who were usually on land lying between the plantation lands and the mauka forests.

According to Kaula, Hawaii and Maui plantation managers it seemed generally agreed that ironwood made the better firewood, although an undergrowth for water conservation purposes at the desired elevation was not secured by the planting of this and other woods.

On the motion of J. F. C. Hagens it was voted to approve of the working plan of the forestry department so far as practical.

In part Mr. Forbes' report on the subject was as follows:

"Our main industries are solely agricultural and in order to maintain these, water is essential and that in abundance, for both irrigation and transportation of our crops. Without forests we may have water periodically; for I do not claim 'no forest, no water,' although I do maintain that more forest greater chances of more rain, and an economically well distributed water supply.

There is little use our trying to sidestep the facts that in many of the upper reaches of our islands the native forests are slowly but surely being denuded, and with it a diminishing of our water supply for industrial purposes, while our requirements are yearly increasing.

"Two factors are mainly responsible in bringing about such lessening of our forest area on uplands, surrounding the sources of streams or drainage areas of tributaries leading to such streams. First, cattle and in a lesser degree insect pests, and in a second, the native forests, the undergrowth consists of shrubs, tree seedlings, vines and ferns which form a natural and complete covering to the surface, thereby lessening evaporation of water, as well as retarding the rapid flow which otherwise takes place on our steep grades from uplands. When the surface becomes denuded of its thick covering, by the incursions of cattle, its place is quickly occupied by 'Hilo grass.' When the latter gets established, there is no further hope of a tree seedling finding its way to the sun's rays, or if successful, will soon get nibbled off as a delicacy by the wandering steer.

"Within the past 30 years it becomes very noticeable on the island of Hawaii that our streams rise more suddenly after a few inches of rainfall around the sources, flow higher and fall more suddenly than formerly when dense vegetation covered all of the water sources and conserved the flow. Protection of such sources, as already stated, are of vital interest to our sugar crops.

"As an association we do not have the power of land adjustment or distribution, but as a body of business men we have the right to recommend. We realize very well that the government must have revenue to keep state affairs in order. We also know that plantation lands and crops are a source of considerable revenue to the government, as long as profitable to cultivate, but the writer believes that if by certain conditions such lands should prove to be unremunerative through lack of water brought about by continued leasing of forest lands covering our water sources and exposed to cattle depredations, and for a paltry rental, for which purpose such only would be reasonable. Recommendations to the government would quickly be forthcoming that all lands on higher elevations be set aside as forest reserves, whether government or private possessions. By such recommendations being carried out, the industry of growing sugar and cattle side by side might safely and profitably be continued. Our mountain slopes, to the line of forest growth, clothed with a new and abundant water supplying water in abundance to our successors, while we can feel more comfortable in the assurance that we have at least tried to do our duty."

Below is given the summary of the working plan drawn up by C. S. Judd, superintendent of forestry, which was

# 'CHARLEY' DOLE ENLISTS IN ARMY TO 'DO HIS BIT'

### Augments Fine War Service of Long Line of Brothers, Noted in Athletics

Charles S. Dole, attorney of Kaula, nephew of Judge Sanford B. Dole, and member of the famous Dole family of college athletes, is enlisting in the regular army in his determination to get into active service for his country. "Charley" Dole, as he is widely known throughout the islands, came from Kaula with the national guard for the recent encampment, and is enlisting here because of his resolve to enlist, he has been passed physically for enlistment in Company M, 2nd Infantry, Fort Shafter.

Dole was first of the long line of Dole boys who helped Stanford University's athletic teams to many a victory on the football and baseball field, and in the inter-collegiate tennis and rowing events. There are 19 of these boys, many of them an athlete of championship caliber. The first two went to attend the family living in Hawaii at that time. Charley was the first of the brothers to attend Stanford later the Doles moved from Hawaii to Riverside, California, and from the home days of Stanford to a couple of years ago, there was always a Dole at one of the leading colleges and making not only great athletic but fine scholarship records.

Of the 19 boys, more than half are now in active service for Uncle Sam during the war. Every week or so Charley hears of another brother who has gone into some branch of war activity.

# EDITH CAVELL FUND STARTED

At a regular meeting of the Graduate Nurses' Club of Honolulu last night, a fund was started for an "Edith Cavell" bed to be kept up by this club in the creche which Honolulu proposes to support in Belgium for Belgian babies.

Mrs. J. S. Emerson, whose work in allied war relief causes never ceases, addressed the nurses on the great need of Belgian children. Mrs. Emerson laid stress on the fact that this creche is not to be for the illegal children of German officers and soldiers who have formed motherhood on many Belgian women, but for the children of Belgian men and women in that portion of Belgium which has not been conquered. The fathers of many of these children are at the front. The nurses responded by contributing each one her share of the fund. That the entire amount necessary to buy the bed and bedding was not collected was due to the fact that it was the wish of the club to allow the members who could not attend last night's meeting to make their contributions, as the bed is to be the gift of the entire club.

After Mrs. Emerson's address, all visitors withdrew and the business of the meeting followed. Miss Elizabeth Dutoit, as the president for the ensuing year, was elected without opposition. Other officers will be elected at the next meeting.

# PASSENGERS ARRIVED

By the Pacific Coast Steamship Co. steamer President, Tuesday noon:

C. Ackerman, Mr. and Mrs. William Avery, Miss Bernice Ayers, Captain George D. Ball, G. Bell, George C. Bassett, Miss A. Budd, S. L. Burton, M. P. Chavez, Dean Conklin, Mrs. B. G. Crabb, Mrs. A. B. C. Dennison and family, Mrs. Henry Fisher, Miss Nancy Fisher, A. S. Ford, L. W. Goldsmith, Rev. Patrick Grace, Max Greenbaum, G. H. Grimm, P. Irving, Mrs. F. Irving, Mr. and Mrs. N. B. Jacobus, Charles Johnson, L. R. Jones, Mrs. L. A. Konigshofer, Mrs. Joseph Langevin, David Latimer, Mrs. George Leavitt, Captain George Leavitt, F. A. Lewis, Mr. and Mrs. J. B. Lightfoot, J. Luddecke, G. M. Lyons, Ernest Morgan, Miss M. Murray, H. I. Osborn, Rev. Albert Palmer, Mrs. Albert Palmer, F. R. Ratcliff, George Reed, Duncan Reed, H. Reinecke, Albert Ruddle, G. L. Sheeks, Mrs. G. L. Sheeks, Miss A. Showalter, W. L. Showalter, Mrs. W. L. Showalter, Sin in Sung, Ed. Stewart, B. O. Thomsen, W. D. Updegraff, Mrs. C. E. Walton, L. D. Warren, Miss Frances Wilson, Miss Madeline Wynne, Seizo Yamashita.

Included in the report of Mr. Forbes:

"1. The reasons for reforesting open areas on the mountain lands of the Territory from the standpoint of the conservation of water are sound and make a start on such work in a systematic and intelligent manner as early as practicable.

"2. The first essential step is to treat the protection forest as such by erecting suitable fences where stock is now a menace or doing damage to the forest and by getting rid of the stock (including hogs) already in the enclosed area.

"3. The next step after such protection is assured is to plant the areas by first ascertaining the total area to be reforested and then allotting a definite area to be planted each year with trees specially selected for that particular region.

"4. The native koa, kukui, ohia lehua and hau are recommended for planting where conditions are suited to their growth.

"5. A spacing of 15 by 15 feet is recommended for planting of this nature.

"6. The establishment of a nursery near the scene of planting operations is advised on economical grounds.

"7. The trees should be systematically cared for after planting until they have overtopped the surrounding growth.

"8. The Division of Forestry will be glad to render detailed assistance in help in carrying this general plan into effect on any watershed and will be glad to arrange with owners, at their expense, to start and supervise the work.

# SUGAR PLANTERS FAVOR REVISION OF BONUS SCALE

### (Continued from page 1)

and discussion of the report of the experiment station committee but a supplementary report on that submitted by the committee on forestry was contributed this morning by Dr. H. L. Lyon.

In this supplementary report Dr. Lyon pointed out that the Hawaiian sugar industry which depends a great deal on water, will suffer unless the present watersheds are not reforested.

"The native forests are doomed," said Dr. Lyon, "and in no great time their efficiency will be practically negligible."

He suggested action now along reforestation lines and pointed out that the reason the native forest is dying is because in the first place it is composed of trees which are used to new made soil and that secondly the trees now composing the watersheds are not protected as they were before the period of sugar cane cultivation when forests ran from watershed to watershed.

"Our forests are of the very ancient order. It is believed that these islands were once part of the Asiatic continent and that shortly after this land was formed the trees and plants which seek new-formed land spread here to what was then part of the Asiatic continent.

"When the land became divided from the mainland the flora and fauna which grew on old soil could not come and hence only trees that seek new made lands have been here. Now these trees are dying because the soil has changed and it means that we must reforest our watersheds with a society of trees, vines and plants that will hold water and that will find this old soil good to thrive in."

Dr. Lyon suggested that tree nurseries be established, one on a mountain and the other in lowlands, where experiments could be conducted to discover which trees would prove best for the reforestation of the plantation watersheds.

In the discussion which followed the reading of the experiment station report it was brought out that the leaf hopper pest has not been solved yet but the members of the association were undoubtedly pleased when the report informed them that the scolia wasp had proved an effective parasite on anomala. Mr. O. H. Swezey of the station said that colonies of the scolia wasp were being sent out to all plantations by the station wherever the anomala made its appearance.

On the subject of the leafhopper which has worked such ravages in certain plantations Mr. Agee admitted that the solution of the problem had not been reached chiefly because the staff of the station had not had the time to study it, but that in the near future the leafhopper would be given considerable more attention than in the past.

The cane borer situation was well in hand, the report read, except in the Kona district where attempts made to kill the pest have failed. H. P. Agee, director of the station, admitted in this connection that there was a possibility that the parasite was being killed by some larger pest.

F. M. Anderson of Hawaii reported that the cane borer was his most serious enemy, and R. S. Norris also spoke along the same line. Prof. R. Veitch of Fiji who happened to be present was called upon to give his experiences with the cane borer in Fiji.

On the subject of eyespot disease Dr. Lyon addressed the meeting and brought forth samples of cane to show that some varieties were more susceptible to the disease than others. The yellowstripe disease on striped tip cane was next discussed and it was generally agreed that the experiment station had been right in recommending the gradual substitution of other varieties.

A short discussion on infectious top rot, leaf sheath rot and nematodes ended the morning session.

# PHYSICIANS IN ENGLAND MAY BE 'NATIONALIZED'

(Associated Press by U. S. Naval Wireless.) LONDON, Eng., Dec. 4.—Dr. Christopher Addison, minister of construction in the war government, is working on a plan for the "nationalization of physicians" in Great Britain. Under this plan the services of physicians would be free to all for the duration of the war, the physicians to be compensated by the government, and all required to make their services available.

Premier Lloyd George has said that he would approve the plan. Favorable legislation by the house of commons is required to make it successful.

# STANLEY ASHFORD HAS JOINED CANADA FORCES

Stanley Healan Ashford, eldest son of Circuit Judge C. W. Ashford, who has been living in northern Saskatchewan, Canada, for the last several years, has joined an artillery battalion at Edmonton, Alberta, and expects to go to France soon. Mrs. Ashford will enter the hospital service. Mr. Ashford is a graduate of Punahou and spent three years at the U. S. naval academy, where he became proficient in gunnery.

# NIPPU JIJI WILL ENTER BIG RACE

The Nippu Jiji has started a campaign to secure a number of long distance runners for the long run from Kilauea to Hilo, which will be held on January 7. It is expected that at least one team will be secured to make the trip to the Big Island.

The Japanese newspaper has a number of athletes lined up for the big race, and more are coming in from Mills School and the Japanese high school. The Nippu Jiji editors believe that the Japanese team will have an excellent chance to win the big cup, as the Japanese have always specialized in long distance running.

Among the athletes who are expected to make the team are Teragawa of Mills and Osaka, a dark horse, who is supposed to be a real star at the distance. The Japanese merchants are beginning to take a real interest in the event, and should the team win there will be a real celebration upon their return.

# JAPAN PUTS WAR TAX ON SOME LUXURIES

(Special Cable to Hawaii Shimpes) TOKIO, Japan, Dec. 4.—War taxes are to go into effect in Japan. To meet government needs it has been found necessary to raise prices of some government controlled articles and imports on others as well as to increase postal rates.

Announcement of raises in the price of tobacco was made yesterday by the government. It was further announced that the tax upon wine, sake and other alcoholic beverages was to be increased as is the tax upon sugar. Rates of postage are also to be increased.

Lionel R. A. Hart, who was convicted in the circuit court before Judge William H. Heen on a charge of embezzlement last October, filed a motion yesterday for a new trial through his attorney, W. B. Lamer.

# SWEEPING, GARBAGE DEPARTMENTS OF CITY MAY BE MERGED

A move in the direction of centralizing the city management will be made, probably at tonight's meeting of the Board of Supervisors, when it will be proposed to unite under one head the street sweeping and garbage departments. Looking toward that end, and as an efficiency move for economy and better service, John Vasconcellos, former of the street-sweeping gang, has been asked to hand in his resignation, which he has done, to be effective in 30 days.

# DIRECTORS URGE CONSOLIDATION CARNIVAL, FAIR

That the 1917 Mid-Pacific Carnival confine its activities to a military parade and Hawaiian pageant on February 22, and turn the rest of its amusements and features over to the territorial fair commission, which is planning extensive festivities to begin June 11 is the suggestion which has been made to Carnival officers by members of the commission. The suggestion is said to have been favorably received, and it is likely that it will be adopted.

At a recent meeting of members of the commission, including James D. Dougherty, Oahu, chairman; Harold Rice, Maui; A. Hebard Case, Kaula, and James Henderson, Hawaii, it was decided to begin the fair on June 11, the big Hawaiian holiday, and continue it for six or seven days. Several local sites have been visited, and Kapiolani Park and Pier 7 seem to be the most favored.

The fair promises to be the largest ever held in the territory, and officers have promised to send stock, chickens and farm products to Honolulu for exhibit. Industrial, mercantile and educational exhibits will also be held, and there will be a large number of amusements and other features.

At the recent meeting the name of a Mr. Willet, now engaged as a government inspector on the Hilo breakwater, was mentioned as secretary and, if he accepts, an office, will be opened in Honolulu on January 1, where all the business of the fair will be transacted.

# BREAD PRICE TO BE REDUCED WHEN U. S. TAKES HAND

### Food Board and Emergency Council Recommend Dramatic War Measures

(Associated Press by U. S. Naval Wireless.) WASHINGTON, D. C., Dec. 4.—The baking industry bureau of the Emergency War Council today recommended that an immediate reduction be carried out in the prices of bread wherever it is possible. The bakers will be licensed beginning November 10, using the standardized loaf formula.

The United States food board last week announced definite rules for the baking industry of the country. In Hawaii, enforcement of these rules is presumably in the hands of the federal food administrator.

The United States Food administration announced that the following general rules and regulations governing all licensed manufacturing bakery products, will go into effect on December 10:

The licensee, in selling bakery products, shall avoid all unreasonable delay. Resales, without reasonable justification, resulting in a higher market price to the retailer or consumer, will be dealt with as an unfair practice.

The licensee shall not buy, contract for, sell, store or otherwise deal in any food commodities for the purpose of unreasonably increasing the price or restricting the supply of such commodities, or of monopolizing any such commodities.

The licensee shall not destroy any bakery products and shall not knowingly commit waste or willfully permit preventable deterioration in connection with the manufacture, distribution or sale of any bakery products.

The licensee shall not accept returns of bread or other bakery products, nor make cash payments, nor allow credit, to any retailer for any unsold bread or other bakery products, nor shall the licensee exchange any bread or bakery products for other bread or bakery products which he has sold.

Other Special Rules

The following special rules and regulations governing licensees manufacturing bread and rolls were also made public:

Rule 1. The licensee shall manufacture bread and sell it only in the following specified weights, or multiples thereof, which shall be net weights, unwrapped, 12 hours after baking:

16 ounce units (not to run over 17 ounces).

24 ounce units (not to run over 25 1/2 ounces).

Rule 2. The licensee shall manufacture rolls and offer them for sale only in units weighing from 1 to 3 ounces, but no rolls shall be manufactured or offered for sale which shall weigh, unwrapped, 12 hours after baking, less than 1 ounce or more than 3 ounces.

Rule 3. The standard weights herein prescribed shall be determined by averaging the weight of not less than 25 loaves of bread of any one unit, or five dozen rolls of any one unit, and such average shall not be less than the minimum nor more than the maximum prescribed by these rules and regulations for such units.

Ingredients Limited

Rule 4.—The licensee in mixing any dough for bread or rolls shall not use the following ingredients in amounts exceeding those specified below, per unit of 16 pounds of any flour, or meal or any mixture thereof:

Sugar: Not to exceed 3 pounds of cane or beet sugar or in lieu thereof, 3 1/2 pounds of corn sugar. Where sweetened condensed milk is used, the licensee, in determining the permitted amount of sugar, shall deduct the added sugar contents of such condensed milk from the net amount of other sugar, of the kinds herein designated.

Milk: Not to exceed six pounds of fresh milk from which the butter fats have been extracted, or the equivalent thereof.

Shortening: No shortening shall be used except as follows: Not to exceed 2 pounds of "compounds" containing not more than 15 per cent of animal fats.

In lieu of such "compounds" the licensee may use not to exceed 2 pounds of vegetable fats.

The licensee in making any bread or rolls shall not add any sugars or fats to the dough during the process of baking, or to the bread or rolls when baked.

# HARBOR BOARD OVERRULES CHAIRMAN'S REQUEST IN BEHALF OF HAWAII COMPANY

Against the advice of its chairman, W. R. Hobby, the territorial harbor board, at a meeting shortly before noon today, refused to grant a request of the Hawaiian Dredging Co. to work 24 hours instead of eight hours a day, thus establishing what is considered a most important precedent.

Speaking to the board just before votes were taken, Chairman Hobby expressed his belief that the board's decision would count decidedly in the future in the cheapening or raising of contractor's prices, and he urged all licensed manufacturing bakery products, will go into effect on December 10.

Commissioner W. H. McClellan stood with Chairman Hobby, and against them were Commissioners James Wakefield and C. J. McCarthy. Mr. McClellan's motion that the request be granted was lost for want of a second, while a second motion from Commissioner McCarthy that the request be not granted met a tie vote. Thus it was that a previous decision of the board opposing the granting of the request proved the final deciding factor in the case.

Charges that the Hawaiian Dredging Company had loitered for months on the job, between Piers 15 and 16, were fired across the gallery rail at the company officials by Commissioner McCarthy.

"I am absolutely opposed to granting anything other than what is in the contract," declared McCarthy. "I don't consider that the company is entitled to such permission as it seeks here."

Mr. Dillingham stated that it was the first time in 16 years' work for army, navy and territory—that work which had amounted to more than \$10,000,000—that such a request had been refused.

There was no other place that he knew of, Mr. Dillingham said, where the 24-hour request was refused. The eight-hour clause was inserted merely to insure announcement by a dredging company of its intention to work at night.

Commissioner Wakefield said contractors are always coming in for special requests and that he, for one, was "heartily tired of it."

Mr. Dillingham asserted emphatically that no "special request" was being made, and that the work would be finished on time—December 15.

The general opposition expressed by board members to the request was that dredging had not been continued steadily in the six months allowed, but the company officials argued this point was not at issue so long as the work is finished on time. Dredging had been done at the start where needed, they said.

Following the meeting it was learned that George N. Wilcox, who holds land on the approach to the site, has offered to deed such rights of way for roads as are necessary. Under the terms of the will the Kanoa estate land could not be sold, it is said, so that condemnation would probably be the only proceeding.

# CHINESE TO HAVE SCHOOL

Chinese residents of Waipahu are to have a school for teaching the Chinese language, as Japanese is taught in so many language schools throughout the territory, permit to erect the building having been issued yesterday.

The schoolhouse, which is to be 26 by 26 feet, will be near the building now occupied by the Chung Yee Association, and will be known as the "Chinese School of Waipahu."

Loo Ben is the architect and Sam Tim the builder. The cost of construction is estimated at \$950.

# HONOLULANS SIGN FOOD PLEDGE CARDS IN U. S.

There are already a number of Honoluluans who have signed cards pledging themselves to help conserve the nation's food supply, and Federal Food Administrator J. F. Child became aware of this fact this morning when he received in the mail from Washington seven cards bearing the signatures of local people.

These cards were signed on the mainland by Honoluluans during the nation-wide food pledge campaign there. Those who signed were Mrs. George W. R. King, Mrs. Joel C. Cohen, Clinton J. Hutchins, Owen Merriek, Emil A. Berndt, Walter F. Frear and Angus Erly.

# DREDGING WORK LIMITED TO 8 HOURS, RULING

### Harbor Board Overrides Chairman's Request in Behalf of Hawaii Company

Public discussion as to the relative merits of the two aspirants for the position of park and playground superintendent is earnestly desired by Supervisor E. A. Mott-Smith, upon whose vote hinges the reappointment of A. K. Vierra, the present superintendent. A meeting to discuss this matter was held Saturday afternoon in Mr. Mott-Smith's office. Present were Mayor Fern and Supervisors Mott-Smith, Petrie, McClellan and Bellina. Supervisors Hollinger, Arnold and Ahia, not having been notified of the meeting, were absent.

In the discussion Mayor Fern made clear his reasons for not wishing to reappoint A. K. Vierra, which reasons have to do not only with the fact that he is mayor, has a right to make his own appointments, but with his belief that a change would be an economical move for the city.

"Under the present plan," said the mayor, "the park superintendent, Mr. Vierra, has to keep a man at Kapiolani park at a big salary—\$175 a month—to do the work that should be attended to by the park superintendent, takes from the building inspector duties that rightly should be long, the inspector of buildings, leaving the last official too little to do. My idea is to give back to the building inspector the right to appoint janitors and oversee all the school and other county buildings, and put a man in as park superintendent who is capable of supervising the planting of trees and the general work of keeping a public park in condition. Valentine Holt, I have been reliably informed, is capable of doing this work."

Seen this morning the mayor confirmed these remarks, and added that he wanted to be perfectly just and make no move that would not be to the city's advantage. He believed, he said, that by appointing Val Holt, the position now held by John Wise could be eliminated, and the city saved the amount of Mr. Wise's salary.

Mr. Mott-Smith, caught just as he was getting ready to leave for Hawaii, said: "The meeting Saturday was to decide, if possible, upon a park superintendent. Personally, my choice lies between Vierra and Valentines Holt. I should like very much to have publicly discussed by the people and in the papers the comparative merits of these two men. I want to see the position held by the better of the two men, but so far I have been unable to decide whether Mr. Vierra or Mr. Holt is the better fitter for the job. I should like to have the matter summed up for me while I am away, so I can make a decision as soon as I return."

# MAYOR BACKS HOLT FOR JOB OF PARK SUPT.

### Fern Thinks It is Expensive to City to Keep Vierra in Position

Public discussion as to the relative merits of the two aspirants for the position of park and playground superintendent is earnestly desired by Supervisor E. A. Mott-Smith, upon whose vote hinges the reappointment of A. K. Vierra, the present superintendent. A meeting to discuss this matter was held Saturday afternoon in Mr. Mott-Smith's office. Present were Mayor Fern and Supervisors Mott-Smith, Petrie, McClellan and Bellina. Supervisors Hollinger, Arnold and Ahia, not having been notified of the meeting, were absent.

In the discussion Mayor Fern made clear his reasons for not wishing to reappoint A. K. Vierra, which reasons have to do not only with the fact that he is mayor, has a right to make his own appointments, but with his belief that a change would be an economical move for the city.

"Under the present plan," said the mayor, "the park superintendent, Mr. Vierra, has to keep a man at Kapiolani park at a big salary—\$175 a month—to do the work that should be attended to by the park superintendent, takes from the building inspector duties that rightly should be long, the inspector of buildings, leaving the last official too little to do. My idea is to give back to the building inspector the right to appoint janitors and oversee all the school and other county buildings, and put a man in as park superintendent who is capable of supervising the planting of trees and the general work of keeping a public park in condition. ## FAIRCHILD SUGAR SCHEME FINANCED IN PHILIPPINES

A recent issue of the Manila Bulletin announces that financial arrangements have been made for the issuance of 3,000,000 pesos of bonds for the Mindoro Sugar company, a corporation owned by George H. Fairchild, formerly a well known sugar man of Hawaii. The article says: "Arrangements were completed last week whereby the Philippine Trust Company and the Union Guarantee Company, Ltd., a subsidiary corporation of the Union Insurance Society of Canton, Ltd., will underwrite the flotation of an issue of bonds to finance the operations of the newly organized Mindoro Sugar Company under the so-called Fairchild franchise in Mindoro. The Fairchild corporation will issue 3,000,000 pesos in bonds which are to be taken up in equal shares by the local trust company and the Union Guarantee Company. "This deal provides the financial means for the carrying out of the plan involved in the granting of a franchise by the last legislature to George H. Fairchild and his associates in the big sugar operations at San Jose, Mindoro. Under the terms of that franchise the new corporation organized by Mr. Fairchild was authorized to buy the 55,000 acres of land held by Messrs. Havemeyer and Welch of New York. "The Fairchild plan provides for the sale of small parcels of sugar haciendas to an approved class of agriculturalists to whom the company will extend financial assistance. Already some 30 per cent of the land has been disposed of under sale agreements and there are many applicants for other parcels. The Mindoro Sugar Co., which also operates the sugar mill, will handle all the cane of the hacienderos. The new corporation will increase the capacity of its sugar factory, erect another, extend its irrigation, drainage and railway systems as rapidly as possible, and be prepared in every way to render financial assistance to the purchasers of its land to raise cane, rice, coconuts, and other products."

## \$250,000 MORE ALLOWED FOR PUBLIC BUILDINGS

Estimates which include an additional appropriation of \$250,000 for public buildings in Honolulu were submitted by the treasury department at the opening of congress yesterday, according to advices received from Washington. As no definite reports were given in the reports that reached this city last night, it is not known whether the money is intended for a new federal building here or the proposed war department headquarters. In view of the fact that it was the treasury department that submitted the estimates, local authorities believe that the money is intended for the construction of the new federal building on the Irwin site. The original appropriation was \$1,250,000. Directly behind the federal building will be the new army department building, and the hope that at last Honolulu may house her federal officials, lighthouse, internal revenue, customs and United States courts under one roof is materializing.

## MAGNESIUM CARBONATE OF M. P. COMMENDED

Manager Anderson of the Mineral Products Co. has sent the following week-end wireless message to Honolulu concerning the activities of the organization: "The demonstration plant continues to work in a satisfactory manner. Mr. Pike, the chemical expert, will make his report on the results obtained within a fortnight. The drawings for the final plant are progressing. Several favorable replies have been received regarding the magnesium carbonate samples distributed to the trade."

## KOHALA WILL HAVE NEW SODA FACTORY

Papers of incorporation have been filed with the registrar of public accounts by the Halawa Soda Works, district of Kohala, Hawaii. Capital stock is named at \$1725, consisting of 69 shares at \$25 each. The officers and directors are W. Ah Chong, president; A. Shin, vice president; Luke Ngawk, secretary; Kong Sing, treasurer; G. Sakamoto, auditor; Lee You, T. Harada, Kim Woo Oak, Fong Mok Sing and H. Yamamoto.

## A GREAT DISCOVERY

(By J. H. Watson, M. D.) Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations. As a remedy for those easily recognized symptoms of inflammation caused by uric acid—the scalding, urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly An-uric acts; the pains and stiffness rapidly disappear, for Anuric, (double strength), is many times more potent than lithia and often eliminates uric acid as hot water melts sugar. Dr. Pierce's Pleasant Pellets for the liver and bowels have been favorably known for nearly 50 years. Anuric is a recent scientific discovery by Dr. Pierce, Chief of Staff at the Invalids' Hotel and Surgical Inst., in Buffalo, N. Y. Send 10c there for a trial pkg. of Anuric.—Adv.

## QUEEN'S HOSPITAL MAY ADD WING

That the Queen's hospital may find it necessary in the near future to erect a new hospital building, costing in the neighborhood of \$100,000, to accommodate the constantly increasing business, is the opinion expressed by a member of the board of trustees. Only recently it was brought to the attention of the trustees that some action would have to be taken to accommodate this business, and a committee of three trustees—A. J. Campbell, chairman; W. A. Love, James Jeager and George Potter—was appointed to arrange for plans for the proposed erection of a new wing which, at that time, was estimated to cost between \$10,000 and \$15,000. According to one of the trustees, the need of a new hospital building has arisen, and it has been suggested that a temporary lanai wing or ward be constructed to take care of the increasing business until the corporation decides upon the feasibility of erecting the new building. It has also been pointed out that the hospital organization is in need of new members, and one suggestion has been made, according to a trustee, that the initiation fee be reduced from \$50 to \$1. But the question has been raised whether more responsible members would not be secured if the initiation fee was allowed to remain as it now is. One trustee declares that the new hospital building would get 1000 new members, each paying the \$50 initiation fee.

## LOCAL CONCERN HOLDS UNUSUAL EXHIBIT OF ART

An unusual exhibit of works of art, consisting of paintings by world-famous artists, various kinds of statuary, and Oriental rugs of almost fabulous value, is being made this week in the show windows and sale-rooms of Lewers & Cooke for M. H. Mirhan, an Armenian collector. Of the paintings some of the most interesting because of their timeliness as much as their beauty, are those by Carleton, the English artist, who spends all his daylight hours now depicting scenes in places whose names have grown familiar to every schoolboy during the last three years. These paintings are called the "War Zone Pictures," and are displayed in the windows, where they attract the admiration and comment of every passer-by. Among the most noteworthy of these are the street scenes in Antwerp and the village of Courai, and the cathedrals in Ypres and Brussels. Among the very old paintings is one by an Italian artist of the 16th century, a Biblical scene showing Queen Esther receiving her father. The work is done on copper instead of canvas. Another very old picture was done on oak by D. Tennier, who died in 1690. This is a painting, "Harvest Festival in Holland." Bishop Libert says is unmistakably a Tennier, having all the Tennier characteristics, including a man with a big "poi-ou" drinking from a demijohn of his own shape. Van Der Broeck's "Fisher Maidens in Holland" is another painting that stands out from its fellows and demands the admiration which it would receive if it were properly hung in some gallery. There are dozens of other remarkable paintings, many of them watercolors and oils of American artists. Many of these are from the art collection of Ray Skelton, a Los Angeles millionaire who died not very long ago, after he had lost much of his money. As for the rugs, no words can describe them, certainly no words of an Occidental. There is one whose price tag is \$5000. This is not a very old rug, as ages of rugs are counted, having been finished between 50 and 60 years ago, but it is a wonderful example of the rug-maker's art, an Imperial Kashanshah, 21 by 14 feet, and flawless in design and workmanship. This rug is said to be a part of Mirza Khan's collection, and made by his favorite wife, Zulaika, and it certainly is beautiful enough to adorn any palace. Exquisite in workmanship and greatly to be desired is a little rug not more than two feet long by a foot and a half wide, and so soft and flexible that, in spite of its thickness, may be rolled up like a piece of silk. It is made of silk, and some estimate of the length of time required to make such a rug will be comprehended when it is known that this rug contains nearly a million and a quarter knots. Try counting a million by one's and you will realize that it would take some few months to tie a million knots, without estimating the cutting, selecting and combining of colors, and all the rest of the work that goes into the making of a Persian rug. And the rugmaker was paid probably 12 1/2 cents a day for his work! The Chinese rugs in the collection are all of the modern school, though some of them date back three or four dynasties for their designs. They are all very beautiful, and also one huge Turkish rug, of the famous "Turkey Red." But the rugs hardest to leave are the Kashanshahs, Kazaks, the Kashans and the Saruks.

## The Social Side of Hygiene

Society as a rule is generally careful about the state of their health, and are apt to make good use of remedies known as disease preventives. Germicides and antiseptics are included in this class, but the greatest care should be exercised in using any which contains poisons, unless prescribed by a physician. By reason of its absolute safety and its beneficial results, physicians have strongly recommended Tyree's Antiseptic Powder. This preparation appears to occupy a unique position as a toilet and hygienic antiseptic and is being most favorably commented upon by society, both in the States and abroad. The late Prof. W. M. Gray, pathologist to Providence Hospital and microscopist to the Army Medical Museum, in discussing the merits of the preparation said: "From the above and other experiments with Tyree's Antiseptic Powder, I conclude that it is a most valuable and useful compound, and that its efficiency must be due to its peculiar mode of manufacture and its well-balanced chemical adjustment as well as the exceptional purity of its ingredients." It is sold in packages at twenty-five cents and one dollar by the manufacturer, J. S. Tyree, Chemist, Inc., Washington, D. C.

## LOCAL CONCERN HOLDS UNUSUAL EXHIBIT OF ART

An unusual exhibit of works of art, consisting of paintings by world-famous artists, various kinds of statuary, and Oriental rugs of almost fabulous value, is being made this week in the show windows and sale-rooms of Lewers & Cooke for M. H. Mirhan, an Armenian collector. Of the paintings some of the most interesting because of their timeliness as much as their beauty, are those by Carleton, the English artist, who spends all his daylight hours now depicting scenes in places whose names have grown familiar to every schoolboy during the last three years. These paintings are called the "War Zone Pictures," and are displayed in the windows, where they attract the admiration and comment of every passer-by. Among the most noteworthy of these are the street scenes in Antwerp and the village of Courai, and the cathedrals in Ypres and Brussels. Among the very old paintings is one by an Italian artist of the 16th century, a Biblical scene showing Queen Esther receiving her father. The work is done on copper instead of canvas. Another very old picture was done on oak by D. Tennier, who died in 1690. This is a painting, "Harvest Festival in Holland." Bishop Libert says is unmistakably a Tennier, having all the Tennier characteristics, including a man with a big "poi-ou" drinking from a demijohn of his own shape. Van Der Broeck's "Fisher Maidens in Holland" is another painting that stands out from its fellows and demands the admiration which it would receive if it were properly hung in some gallery. There are dozens of other remarkable paintings, many of them watercolors and oils of American artists. Many of these are from the art collection of Ray Skelton, a Los Angeles millionaire who died not very long ago, after he had lost much of his money. As for the rugs, no words can describe them, certainly no words of an Occidental. There is one whose price tag is \$5000. This is not a very old rug, as ages of rugs are counted, having been finished between 50 and 60 years ago, but it is a wonderful example of the rug-maker's art, an Imperial Kashanshah, 21 by 14 feet, and flawless in design and workmanship. This rug is said to be a part of Mirza Khan's collection, and made by his favorite wife, Zulaika, and it certainly is beautiful enough to adorn any palace. Exquisite in workmanship and greatly to be desired is a little rug not more than two feet long by a foot and a half wide, and so soft and flexible that, in spite of its thickness, may be rolled up like a piece of silk. It is made of silk, and some estimate of the length of time required to make such a rug will be comprehended when it is known that this rug contains nearly a million and a quarter knots. Try counting a million by one's and you will realize that it would take some few months to tie a million knots, without estimating the cutting, selecting and combining of colors, and all the rest of the work that goes into the making of a Persian rug. And the rugmaker was paid probably 12 1/2 cents a day for his work! The Chinese rugs in the collection are all of the modern school, though some of them date back three or four dynasties for their designs. They are all very beautiful, and also one huge Turkish rug, of the famous "Turkey Red." But the rugs hardest to leave are the Kashanshahs, Kazaks, the Kashans and the Saruks.

### Baby Should be Fed Naturally if Possible

No substitute can give such good results as Nature's method—nothing can take its place. At times, however, it is necessary in warm climates to use Condensed Milk, and the mother should know that there is no purer, richer product than Highlander Condensed Milk (full cream). Prepared from the milk of healthy carefully tested cows on the rich pastures of Southland, New Zealand, scrupulous care and cleanliness marks every step of the process of manufacture. Highlander is the finest, rich, pure milk, with part of the water removed by evaporation. When the time comes to wean baby, however, Highlander Condensed Milk is of special value. The famous infant specialist, Dr. Eric Fritchard, points out that the caseinogen—the indigestible element for young children in fresh milk—is altered by the process of condensing and is more digestible—almost like a peptonized milk. He believes that Condensed Milk is of special value in tiding over the change from breast to ordinary milk, and thinks that the child should be given an increasing proportion of fresh cows milk with condensed milk until gradual training of its powers of digestion enables it to take fresh milk entirely.

## California Nightingale In Song Program Tonight

Ellen Beach Yaw

This evening at 8:15 another star from the theatrical firmament will descend upon Honolulu music lovers and favor them with her unrivaled talents. Ellen Beach Yaw, the greatest of coloratura sopranos, is to appear jointly with Ernest Kaal. "Hawaii's Music Master," and Frank Moss of piano fame in a musical program replete with variety of the highest class.

The evening's program will be as follows:  
"Indian Bell Song" (Lakme) Delibes  
Ellen Beach Yaw.

Piano—  
Nocturne in F major Chopin  
Valse in E minor Chopin  
Mr. Frank Moss.  
"My Mother Bids Me Bind My Hair"  
Haydn  
"Il Primo Amore"  
Widor  
"Who is Sylvia"  
Schubert  
"Laughing Song" (Manon) Auber  
Ellen Beach Yaw.

Ukulele—  
Intermezzo Mascagni  
Minuet Beethoven  
Mr. Ernest Kaal.  
"The Sky Lark"  
Ellen Beach Yaw  
Ellen Beach Yaw.  
"Keonaona" (Hawaiian Song) Kaal  
Ellen Beach Yaw, assisted by Mrs. R. N. Mossman, Mrs. E. H. Boyd, Miss Lizzie Akana, Miss Louise Copp, Miss Kuaioha Akana and Miss Helene Reis.  
Hawaiian selection Mr. Ernest Kaal  
Mad Scene from "Hamlet" Thomas  
Ellen Beach Yaw

The Territorial Messenger Service, handling the box office sales, assures that there will be a large audience present to greet the great artist in her initial performance in Hawaii. The second of Miss Yaw's concerts while in Honolulu will occur at the same hour on Friday evening of this week.

## SELINSKY RECITALS END; VIOLIN ARTIST TO MAKE RESIDENCE HERE

The last of the Selinsky series of recitals was played last night to an audience that comfortably filled the Mission Memorial Hall. The program in this instance was if anything even more interesting than those that preceded it.

The Cesar Franck Sonata, which was the first number, is a splendid work and represents the Belgian master at his best. Too little is known of his music in Honolulu. The second movement is particularly gorgeous and full of passion. All in all it is the greatest composition that has been heard in Honolulu in many a day. Of Selinsky's satisfying interpretation of it we may rest assured.

The Mendelssohn Concerto in E minor possesses more glitter. Being lighter vein, its appeal is instantaneous. Mendelssohn seems most happy in scoring for the violin, so that a composition of his in which the violin is given the part of a solo instrument is bound to be full of charm. The final movement, allegro molto vivace, is not only particularly tuneful, but is a triumph of bowing.

The program wisely descended from the heavy to the light numbers in so well arranged a manner that the interest of the audience was keenly on the alert until the final encore. In this first of these, "La Precezione," by Copertini, arranged by Kreisler, the purity of the violinist's sustained high notes was a revelation. An "Indian Lament" by Dvorak, the ever popular Moment Musical by Schubert, both arranged by Kreisler, and a composition

by Kreisler entitled "Chinese Tambourine," completed the program. During the interval that followed the Concerto Mr. Selinsky made an announcement that without doubt is a momentous one. Like every one else who comes to Hawaii and meets her people, he has become charmed with the place. Owing to unsettled conditions on the mainland in musical circles and to the attractive features which Honolulu possesses he has decided to remain here indefinitely.

Selinsky stands in the front rank of present day violinists and his addition to local musical circles cannot be overestimated. In the course of his present tour he mentioned the introduction of chamber music as one of the treats that Honolulu has in store. There is sufficient talent locally to furnish a first-rate string quartet, and Mr. Selinsky's efforts to organize such a body will be eagerly watched for. It is out of the question for Honolulu to think of supporting a symphony orchestra for many years, if ever, but she can and should lend all her enthusiasm and ability toward seeing that a possible string quartet is a financial as well as artistic success.

The range of musical literature for the quartet is almost inexhaustible. Some of the most delightful compositions ever penned were written for it, and while there have been a few half-hearted attempts to form such an organization, until now there has been no leader who could devote the necessary time and set about bringing the proper musicians together.

## REX BEACH PLAY NEXT AT BIJOU

"The Tyranny of the Romanoffs" will close its engagements at the Bijou tonight, so those that have not seen it had better avail themselves of the opportunity, for tomorrow night the entire bill will be changed and Rex Beach's popular story "The Barrier" will be shown.

"The Barrier" is a story of love and adventure in the American northwest and is said to be one of the most intensely acted film dramas ever presented to the public. Acclaimed as a Broadway triumph in New York; the gripping story, superb photography and production marked "The Barrier" as the outstanding success of 1917.

Local theater goers will have the chance to see this powerful picture within two months of the date it was shown in New York and at one-half the price of admission.

## XMAS NOVELTIES AT LANIAKEA

Christmas shoppers should make it a point to inspect the large new stock of Hawaiian Christmas cards, ladies' beautifully colored silk hand bags, and other novelties, including cocktail trays, children's hand-made toys, etc., on display at Laniakea, 1041 Alakea street.—Adv.

## Letters OF TIMELY TOPICS

RILEY H. ALLEN . . . . . EDITOR

TUESDAY . . . . . DECEMBER 4, 1917.

### Getting At the Pro-Germans

It takes no special power of observation to reach the conclusion that a stern undertone of feeling is spreading throughout America against Germanism and pro-Germanism in their thousand subtle and insidious forms.

Nor does it take any special gift of prophesy to foresee that as this undertone grows in volume and strength, the still-busy agents of Prussianism will be hunted out, exposed and punished with a degree of severity beyond anything this nation has yet experienced.

The demands in Hawaii that American citizens stand forth and declare themselves are the result of this undercurrent. Characteristically an easy-going people, Americans are getting into the war with a speed and determination just as characteristic of their ability to handle new problems. As plots and plotters are exposed; as the daily news tell of fires, explosions, obstructions of the draft and opposition to the great bond issues; as evidence piles up that the enemy aliens are still at work in the United States, good-humor is put aside and tolerance is laid on the shelf. We are beginning to realize that we are coping with a nation which stops at no corruption, at no double-dealing, at no cruelty.

The news columns of mainland papers are full of articles showing that the German propaganda and the German agents are still active in America; the editorial columns day after day show the crystallizing conviction that we have been too lenient with the disloyal citizens and the enemy residents.

One particular activity of an exceedingly widespread nature is attributed to German influences. It is the attempt to discredit the entire food conservation program.

Women spies and women agents are declared to have been busy in many parts of the United States, claiming that the Hoover idea is all nonsense, and that the patriotic effort of housewives to save in their own kitchens is the mistaken result of a scheme of food speculators and market manipulators to reap millions by profiteering.

The man or woman who attempts to discredit food conservation, relief supply activity and Red Cross work is no longer likely to be regarded merely as a waster and a slacker. On the mainland, those who make contemptuous remarks about these national movements is very apt to be put down as pro-Germans.

And all over the nation there is arising a demand that the most drastic and exemplary punishment be given those engaged in traitorous deeds or spreading traitorous falsehoods.

### CRITICISM OF A RECENT MOVIE.

No film-play recently seen here has aroused as much criticism as "The Slave Mart" which appeared at the Bijou last week. The Star-Bulletin has asked a great many people who saw this movie what they thought of it. Their replies vary greatly. Some of them thought there were spots of absolute indecency in the play. Others—the majority, so far as the inquiries have gone—found no fault with the picture itself but criticized the methods of exploiting it, which, they declare, aroused curiosity and pandered to low tastes. They objected to the advertising on the ground that it was misleading.

The whole incident once again brings up the question of adequate censorship. There is none here now, and no theater man would think of claiming that his productions are viewed from the standpoint of public morals and good taste rather than from the standpoint of the box-office. In a day when the whole nation is striving to conserve its manhood and womanhood, the theater cannot be too scrupulous in its offerings.

A good man for the Honolulu Chamber of Commerce and for Hawaii at Washington is George McK. McClellan. He knows the islands thoroughly and he knows Washington thoroughly. He has a wide acquaintance and is persona grata at the national capital. Everyone at Washington who has had to do with Mr. McClellan speaks well of him. Hawaii was always more adequately represented at Washington when McClellan was on the job than after he had removed to Seattle and severed local connections. It is obvious that we need at Washington some live-wire spokesman who can think and act quickly on behalf of the territory's commerce and trade.

Charles R. Macauley, the cartoonist who won world-wide fame before and during the Spanish-American war, has again risen to heights of genius in his war cartoons now appearing simultaneously in a number of American papers, of which the Star-Bulletin is one. Macauley has to an unusual extent the power of simplicity. His cartoons convey one smashing, central thought, and he has both the fertility of idea and the craftsmanship which mark the able pictorial commentator on current events. His daily cartoon is a Star-Bulletin feature that has proved decidedly popular.

It is a fact, as mentioned by several contributors to the Star-Bulletin's letter-column, that the enlisted men are almost invariably first to rise and give to standing women their seats on crowded street-cars. This courtesy has been remarked again and again. It seems almost a part of the soldier's code, and no finer part of any code can be imagined than that of appropriate courtesy.

Whether the Teutons on the Italian front have stopped or been stopped, it appears that Italy's determined resistance and the reinforcements of the Allies have ended for the winter any danger of the Austro-Germans breaking through and overrunning a large part of the southern country.

### PASTOR LOOFBOUROW'S SERMON.

Editor Honolulu Star-Bulletin.

Sir: What a howl about nothing? Even charges of disloyalty, German ancestry and sympathies, because an unusually timely sermon has been preached by a brave, honest minister of the Methodist church who dares tell the truth. For it is the truth, and Mr. Loofbourow is right. Provided he told the truth—which he did—it does not matter one whit whether his sources were English, Canadian, American or anything else.

Any kind of truth is usable, and at this time it is very proper indeed that Mr. Loofbourow should preach the sermon he did rather than a discourse on Job's boils or salvation by blood.

Such a sermon as he preached is needed now right here in holy Honolulu. It was a patriotic sermon, too, more so than nine-tenths of the Fourth of July orations which delight the ear only.

It was to the point. The critics can't deny its application, either. They can only cry, pro-German, traitor, discrediting the Allies, and other nonsense.

Just think of the utter folly of all this talk in view of Mr. Loofbourow's standing in this community, his family history, his sympathies, his sincerity of purpose, which, I am sure, none may question?

War is on, we're worried with things, our hearts are sore, and our poor human nerves on edge, but for God's sake let us stick together and know our friends. There are enough enemies about us, enough traitors, enough hypocrites trying to destroy our cause.

England stands today where she is because Englishmen have always bravely pointed out her national faults and criticized her policies.

The privilege of freely criticizing public men and government administration, is one of the finest things about our Anglo-Saxon civilization. It has made it what it is. It has put us to the front of everything. Mr. Loofbourow has used this privilege in a very mild way.

Let us suppose that Lord Northcliffe had never been allowed to use this privilege, and his early criticism and blame of public matters in England had been suppressed!

Things might have been going wrong yet. It is true Northcliffe aroused the wrath of those who could

not hear a word against constituted authorities, and for a time, it looked very bad for the Times and its stalwart owner, but the reaction came, and truth prevailed, as it has a way of doing.

Now refusing the offer of a portfolio, Northcliffe writes to the premier: "May I also take this opportunity of giving warning about our relations with that great people from whom I come. We have had the tragedy of Russia, due partly to lack of allied propaganda to counteract that of the Germans."

"We have had the tragedy of Italy largely due to that same enemy propaganda. We have had the tragedies of Serbia, of Rumania, and Montenegro. There is one tragedy which I am sure we will not have and that is the tragedy of the United States."

"But with countless conversations with the leading Americans I know that unless there is swift improvement in our methods, the United States will rightly take into its own hands the entire management of the great part of the war."

This criticism of Mr. Loofbourow is constructive, and we want more of the same kind right now.

E. S. GOODHUE.

### SAFETY AND SOLDIERS.

Honolulu, H. T., Dec. 1, 1917. Editor Honolulu Star-Bulletin.

Dear Sir: I wish to give the lady who is annoyed by the soldiers' misconduct an example that will prove she used poor judgment. For three years on or about, a certain young lady residing near this post has traveled to and from her work all alone and at irregular hours. Up until this date she has never been insulted by the men in uniform. In fact the gentlemanly conduct received by her induced her to write an article in your good paper. In our defense we can fight a foe in open, but a stab in the back is abhorred by every man in the uniform. I have been on street cars which were crowded on numerous occasions; I and my fellowmen willingly giving our seats to the ladies, but yet have not been even thanked by some of the un lady-like women of Honolulu. Nevertheless we do not continually harp on this subject.

Thanking you in advance, I remain yours sincerely, I am

ELMER E. CLONINGER, Co. G. 2nd Inf., Fort Shafter.

### LITTLE INTERVIEWS

—DR. H. B. ELLIOTT of Hilo: I am going to take a year's vacation and do some health-building on the mainland. I've worked pretty hard for the last few years and now am looking forward to some motoring over Pacific coast roads.

—J. F. CHILD: I am in hopes that the publicity bureau started by the food commission will prove a successful and valuable feature of the work. All publicity material sent us from Washington is being sent to the newspapers and other publications in the territory.

—ALFRED L. CASTLE: Let's hope that every patriotic woman in Honolulu signs a card this week pledging herself to help conserve the nation's food supply. It is needless to say that our campaign here will be a success. Honolulu people always respond loyally in such matters.

—CIRCUIT JUDGE S. B. KEMP: The petitions of the Koloa Sugar Co. and the Paa Agricultural Co. of Kauai, for registration of title to some 4000 acres of land on the Garden Island, is looked upon as the most important, and one of the largest land court matters in the last few years.

—JOHN EFFINGER: I believe that Hawaii can secure more passenger accommodations by going after them. A number of steamers traveling through here from various ports have empty cabins and by organizing the service so that advantage may be taken of these, tourists will be assured of adequate facilities. There's no need to feel that we are going to have a shortage of passenger space on vessels touching Honolulu.

### SUPERVISORS TO ACT ON LABOR PAYROLL

A meeting of the board of supervisors will be held this evening at 7:30, when the labor payroll will be the principal matter considered.

E. A. Mott-Smith will not be present, and in his absence Mayor Fern says he will not bring up the question of park superintendent.

For three weeks Mr. Mott-Smith has been suffering with several ulcerated teeth and he will leave on the Kilauea tomorrow for a little recuperation trip on the Big Island. He will be back for the meeting of Tuesday evening.

### PERSONALITIES

KIRK B. PORTER of the board of health has returned from a brief trip to Maui.

DR. LESTER P. SORESENSEN has returned to the city from a short trip to the Big Island.

ANTHONY LIDGATE, manager of the Hamakua Mill Co., Paauloi, Hawaii, is visiting in the city.

DR. HAROLD B. ELLIOTT of Hilo, deputy territorial veterinarian, is spending a brief visit in the city.

HERBERT A. TRUSLOW, cashier with the People's Bank, Ltd., of Hilo, was among arriving passengers from the Big Island Saturday.

REV. S. K. KAMAIOPIILI, assistant pastor of Kaunakapili church, expects to leave either Tuesday or Wednesday for Lahaina, Maui, on a short business trip.

CIRCUIT JUDGE C. W. ASHFORD, who has been ill at his home for the last week with a severe cold, returned to his office for a few hours yesterday morning. He intends to remain at home until Thursday morning, when he will hear further argument in the Richard Smart case.

JAY A. URICE, formerly associate executive secretary of the local Y. M. C. A., and now identified with the National War Council, has recently published a catechism for the Army Y. M. C. A. schools. The book will be sent to the 2,000 secretaries who are now in camps and others who are taking up Y. M. C. A. work.

### NOTHING DECIDED ON HONOLULU HALE SITE

No decision has been made by the territorial land commissioner as to what will be done with the site on Merchant street, near the postoffice, where the famous Honolulu Hale used to stand. The site contains 3712 square feet and is valued at \$50,000 or \$60,000. No proposal for purchasing it has been made to the territory.

Dec. 18, when some really important matters are apt to come up for consideration, among which will be the 1918 budget and the city management plan.

### Engraved Christmas Cards

The variety of beautiful and appropriate designs shown at Wichman's is better than ever before.

Orders will need to be placed without delay in order to insure delivery in time for mailing.

IN HAWAII SINCE 1870

### WINDOW DISPLAY IS FOOD SAVING ARGUMENT

With the admonition, "Don't Waste," and under the general slogan, "Food Will Win the War," the big show window of the retail department of Henry May & Co., Ltd., has attracted interest with its splendid display of wheat-saving foods.

A big placard urging food economy with its "Join the ranks of those who 'serve the nation's' through food conservation" hangs high in the center of the window, and beneath it are grouped, in tempting array, bowls and bags of white and yellow cornmeal, oatmeal, graham flour, rye meal, Ralston's bran and pearl barley. Also just as attractively displayed in the same window are Maui calico beans, Maui white beans, island washed sugar, island raw sugar, Gold Crumb brand, and Hawaiian rice.

In one corner of the window is a tray of Irish potatoes, against which leans the suggestion, "In place of wheat, use potatoes," and back of the samples of bulk goods are packages of oatmeal, corn flakes and other wheat-less cereals.

A huge papaya, as big as a Georgia watermelon, occupies the exact center of the window, and adds the touch of green—17 pounds to the touch—needed to make the color scheme complete. This papaya, of the variety known as "Mexican," was grown by Miss Win-

### NINE RED CROSS UNITS DO GOOD WORK ON MAUI

The island of Maui is now a recognized auxiliary of the national Red Cross organization, with workers all over the island, and the right to make its own inspections and send out its own supplies direct from Wailuku instead of sending them to Honolulu for inspection and re-shipment to mainland Red Cross headquarters.

Of the nine units which have been organized two are at Wailuku and the others are at Lahaina, Kahului, Paia, Uunese, Makawao, Kula, Hana and Haiku. Hamakua workers belong to the Paia unit.

One of the Wailuku units is made up wholly of Hawaiian women. Japanese and Chinese women, too, are becoming much interested in the Red Cross work on Maui.

Gauze for the dressings is cut by the paper cutter of the Maui News. About 10,000 dressings have been made by the several units since their organization.

Mrs. Harold Rice, treasurer, and Mrs. H. D. Sloggett, secretary of the Maui Red Cross auxiliary, are in Honolulu, staying at the Young-

nie Alberta of Kailhi, and as papaya can be served in nearly a hundred different ways, shows what might be done with just one of the island's food-saving industries if the proper attention and industry are applied.

### Steamer Space

A good many retail merchants here and others whose business depends largely on tourist patronage are inclined to ask why empty cabins and cargo-space on vessels of foreign registry now touching here cannot be made available between Hawaii and the coast. In view of the recent governmental provisions for allowing foreign vessels to enter coast-wise trade, and in view of the reduction of service by American steamers, Hawaii looks on the use of foreign vessels as the solution of a difficult problem.

One T. K. K. steamer soon to arrive here en route to San Francisco will drop 30 cabin passengers and about a thousand tons of freight. Others will follow. Dutch steamers have accommodations of which advantage might be taken.

Various explanations of the apparent delay in opening the foreign lines to local patronage have been offered. Meanwhile Honolulu's merchants see a tourist season coming on apace with the Promotion Committee unable to proceed with its mainland advertising campaign because of the uncertainty of steamer accommodation.

Hawaii has many reasons for reassurance, many reasons to believe that accommodations will be afforded. But the definite action is not materializing at anything approaching a rapid rate.

Congress begins its winter session on a basis as nearly non-partisan as this generation has seen. Possibly not since the republic was founded has the party idea been so nearly subordinated to the ideal of national unity in war legislation. This will not be good news for Berlin.

They used to refer to him as King Booze, but now he is only John Barleycorn and a pretty badly scared individual at that.

SINGER PROVIDES HOME FOR BOYS AT LOS ANGELES

(By GRACE TOWER WARREN.) Ellen Beach Yaw, the noted singer, who is making her first appearance on the Honolulu concert stage tonight, is deeply interested in philanthropy and all forms of altruistic work. Indeed, the simple law of "just letting kind..." seems to have been one of the laws of her life and she is never so happy as when she is doing something for somebody. Her chief interest centering in the Park Home for Boys which was named after her many years ago and is situated near Elysian Park on the outskirts of Los Angeles, California. She is president of the board of directors and personally attends to much of the detail of the management of the institution. In fact, during several weeks' absence of the matron recently, Miss Yaw was in command and actually took up her residence at the home, performing all of the duties usually assigned to the matron.

"It was some task," laughed Miss Yaw, in relating the experience, "to see that 25 baths were taken and 25 heads were washed and combed, and 25 sets of fingernails were properly attended to each morning, and especially on Sunday, when the boys had to be sent off to Sunday School on time, my hands were full. It was some job seeing that all the buttons were on, all the socks were darned, all the rents were mended, and this was my work in addition to keeping the accounts, supervising the servants, and seeing that the institution generally ran on oiled wheels. But I loved it," and the singer laughed a gay little laugh.

"Do you know," and here a merry twinkle shined in the blue eyes, "I even had to spank one boy? Well, I really did. They thought I couldn't but I did. There was such a babel of tongues in the dining room at meal time I couldn't stand it, so I told them they must be quiet and that the first boy who talked would be punished. I had to take out five that first morning, and we had quiet little talks together. But the sixth boy, a stubborn little fellow, refused to mind, so I laid him across my lap and administered the necessary spanking. He behaved after that." A slow smile of reminiscence crossed the singer's fair face, as she added: "But I love them all and the work was so interesting. They really loved me too, and before I left would do anything I asked. One of the little fellows was run over by an automobile and was taken to the emergency hospital. He kept asking for me and as soon as I arrived he put up his weak little arms and clasped them around my neck and would not let me go. I am always planning how I can help my boys and much of the money with which the home is run I provide through my concerts. It is a work that lies very close to my heart."

MANILA HAS NO RECORD OF CRIME GARCIA SAID HE HAD COMMITTED

That their records show no trace of a murder of Simeon Morales, in the Sampaloc district of Manila, is the statement made by Chief of Detectives Green of the Manila force, in answer to a cable sent by the Honolulu municipal authorities, according to advices received by the Star-Bulletin. Antonio Garcia, slayer of a Japanese at Honolulu, and self-confessed murderer of Harriet Kunane on Hawaii and Simeon Morales of Manila, was hanged at the territorial prison last Friday. When he made a confession several weeks ago concerning the murder of the Hawaiian girl at Kohala, Hawaii, he also confessed to the murder of Simeon Morales, in the Sampaloc district of Manila.

The Manila police chief declares that their records show no trace of either the supposed murdered man, Morales, or the slayer, Antonio Garcia. The chief does not believe the murder could have been committed without the police hearing of it. The name Simeon Morales is unknown to the Philippine police.

A little son, who has been named Richard Francis, was born yesterday to Mr. and Mrs. William Gertz of 1224 Tenth avenue, a Kimuki.

SCIATICA SUFFERERS SOON RELIEVED

Peculiar, Darting, Piercing Pain of Neuralgia in Sciatic Nerve Relieved By Sloan's Liniment

Don't think there's no help for your Sciatica because you've tried other remedies. Sloan's Liniment is so penetrating and effective, it gets right down and stops the pain by relieving the pressure on the irritated nerve. Probably some inflammation or congestion is causing this irritation. The counter-irritant effect of Sloan's Liniment soon quiets the nerve and stops its paroxysms of protesting pain. Simply bathe the aching part with a little Sloan's Liniment. This clear, clean liquid will not stain the skin. It gives you immediate relief without rubbing. The wear and tear of suffering from Sciatica, Neuralgia, Sprains, Bruises or other external aches not only makes you less able to endure the pain, but may have a weakening effect on your strength. You can always get Sloan's Liniment Generous size bottles at druggists everywhere. 25c, 50c, \$1.00.

KOREAN TRIES TO PASS BOGUS BILL

(Special Star-Bulletin Correspondence.) HILLO, Hawaii, Nov. 27.—Ing Chun Bunk, a Korean, is an enterprising man, but he seems to have underestimated the ability of Hill's detective force when yesterday he tried to pass off one of the \$20 bills that were issued at the time of the civil war. The bill that the heathen tried to get rid of was one of the Confederate States currency and its value is nil.

The Korean entered a tailor's shop and ordered a suit of the bogus type in payment for the garments he tendered the bill of the losers in the civil war. The storekeeper was suspicious of the paper money, although he had seen quite a lot during the past week or so, and he asked somebody else to change the note. Then came the blow-up and the Korean was arrested.

When cross-examined by Chief of Detectives George Richardson yesterday afternoon, the Korean declared that he had taken in the bill when playing in a crum game. This statement has been discounted somewhat, for it has been proved that the little gambling game was pulled off about six months ago. The fact that the Korean had packed the old-time bill around for so many months until he had and his time came around, is thought to be evidence that he knew very well what the paper was and that it was not United States money. This morning Mr. Ing Chun Bunk will either go free or else to bunc before Judge Metzger in the police court.

The Henry Waterhouse Trust Co. has been appointed executor of the estate of James Stirling by Circuit Judge C. W. Ashford. The appointment was made upon petition of Jas. H. Stirling, David E. Stirling and Robert Stirling who were named in the will as executors.

MORE KICKS ON MANOA HIGHWAY

More trouble is brewing for the Manoa valley road builders, and objections alleging failure on the part of F. H. Ritchie to comply with the specifications of the contract not only as to asphalt but as to the amount of oil used, may hold up the final payment a while longer. Upper Manoa road is particularly mentioned as being in bad condition, complaints having been made that the edges overlapping the gutters are breaking away, and that the spaces between the concrete gutters and the curbs are breaking, also that the oil surface in many places has already broken and the rock of the roadbed is exposed.

Jack Balch and Ferd Hons, two members of the Manoa Improvement Club's special committee on the asphalt report, yesterday visited City Engineer Cantin's office to find out what had been done about the reported insufficiency of asphalt. City Engineer Cantin and one or two of the road supervisors will pay a visit of inspection to these roads today and ascertain what basis, if any, there is for these complaints.

POLICEMEN NEED NOT PAY ADMISSION TAXES

Policemen who enter shows or other entertainments in the territory are not required to pay the special war tax that is assessed against most people with passes, according to Acting Collector Ralph S. Johnstone's interpretation of the law. All persons admitted to shows, whether passed or not, are subject to payment of the war tax, according to the price they pay for seats, but this does not apply to bona fide employees of the show house nor to municipal officers on official business.

CITY DIVIDED INTO DISTRICTS FOR FOOD DRIVE

Honolulu has been divided into 23 districts for the local food pledge drive, each district being in charge of a captain who will appoint her own lieutenants to assist in the work. A house-to-house canvass will be made and housewives will be asked to sign cards pledging themselves to help conserve the nation's food supply.

The food pledge campaign is under the direction of the women's committee of the territorial food committee, and women desiring to offer their services should communicate with Mrs. A. C. Alexander, the chairman. Boy Scouts, Girl Scouts and some of the older school girls will assist. The captains are meeting this afternoon to arrange the final plans for the "drive." Following are the captains and their districts:

- Mrs. G. H. Tuttle and Mrs. Hayes, No. 1, Kaimuki and Palolo. Mrs. C. C. Black, No. 2, Kapahulu. Miss Alice Macfarlane and Mrs. Jack Milton, No. 3, Walkiki. Mrs. John Erdman, No. 5, Punahou. Mrs. F. E. Steere, No. 6, Manoa. Mrs. G. Fred Bush, No. 7, Maikiki. Mrs. Rudolf Buchly, No. 8, Makiki King street. Mrs. Charles Chillingworth, No. 11, Piikoi, Lunailo, Alapai and King streets. Mrs. E. D. Kilbourne, No. 12, Piikoi, Lunailo, Alapai streets and Punchbowl. Mrs. A. Lewis, Jr., No. 13, Alapai, King, Alakea, Emma, Perry streets, and Punchbowl. Mrs. E. A. R. Ross, No. 17, Emma, Beretania, Nuuanu and School streets. Miss Tanaka, No. 18, Nuuanu, Here-

No Eggs, Milk... The following recipe shows how a wholesome cake can be made without eggs and milk. In many other recipes the number of eggs may be reduced one-half or more and often left out altogether by using an additional quantity of Royal Baking Powder, about a teaspoon, in place of each egg omitted. Try the following recipe:

EGGLESS, MILKLESS, BUTTERLESS CAKE 1 cup brown sugar, 1/4 cup water, 1 cup seeded raisins, 2 ounces citron, cut fine, 1/2 cup shortening, 11 teaspoons nutmeg, 1 teaspoon cinnamon, 1/2 teaspoon salt, 2 cups flour, 3 teaspoons Royal Baking Powder

DIRECTIONS—Boil sugar, water, fruit, shortening, salt and spices together in saucepan 3 minutes. When cool add flour and baking powder which have been sifted together, mix well. Bake in loaf pan in moderate oven about 45 minutes. The old method (fruit cake) called for 2 eggs

New book of recipes which economize in eggs and other expensive ingredients mailed free. Address Royal Baking Powder Co., 135 William Street, New York, U. S. A.

ROYAL BAKING POWDER Made from Cream of Tartar, derived from grapes, adds none but healthful qualities to the food. No Alum No Phosphate

For Her Christmas Electrical Gifts When we give we desire to please — not for the moment only, but for all time if possible. Electrical appliances make admirable gifts because they please the eye, serve a useful purpose the year 'round, and last through many seasons.

Ornamental Lamps Beautiful lamps never fail to please the housewife. We've a wonderful variety in sizes, shapes and colors, wherein you'll be certain to find one that fits in with the decorative scheme of the room you have in mind. There's one here that will fit both your desire and your pocketbook. From \$7.50 up.

Westinghouse Electric Range This is the Gift of Gifts. It cooks the family's meals by the clock, without watching. It is thoroughly clean, safe and sanitary and helps solve the servant problem. \$45 to \$140.00

New-Life Vibrator Science's latest and best contribution to beauty. Every woman wants one of these instruments, the daily use of which enables her cheeks to retain the natural health and bloom of youth. Price, \$15.00.

THOR Electric Washer One of the most practical gifts to any household. Whether the washing is done by wife or servants, the THOR makes the job easier. Will do a big week's washing in 90 minutes, at a cost of not more than 3 or 4 cents for current. Operates from any light fixture. \$87.50 to \$150.00.

Westinghouse Curling Iron For the lady who curls her hair this makes an appropriate gift. There is no soot to wipe off, and no dangerous flame is used. Can be used with or without the hair clamp. Price, \$4.50.

THOR Vacuum Cleaner A gift sure to be welcomed gladly by any housewife. It removes every speck of dirt from rugs, carpets and floors every time it is run lightly over them. Lightens house-cleaning labor and keeps the home clean for less than the cost of brooms. Price, \$32.50.

Sew-E-Z Motors Attached to any sewing machine this little motor does all the work of treading. Runs fast or slow or stops on the stitch by a gentle pressure of the foot. A gift that takes the labor out of sewing. Price, \$15.00.

Westinghouse Toaster Stove Every family enjoys hot cakes for breakfast. With the Toaster Stove they can be made at the table and served hot. Eggs, bacon, chops, steaks and the most delicious toast can also be cooked on this table stove. Price, \$7.00.

Turnover Toaster Crisp, beautifully browned toast delights every appetite, and an electric toaster is the way to make it. This one turns the toast over when you move the knob, so you do not need to touch it. A pleasing gift. Price, \$5.50.

Percolator Here's another gift useful the year 'round. It makes delicious coffee at the table, where the current can be turned off when the strength is just right. It begins to percolate in a minute; appetizing coffee is made in 15 minutes. A gift that is appreciated. From \$8.00 to \$12.00.

Electric Irons A gift that every woman desires. If she does her own ironing it saves her countless steps and worry and enables her to iron anywhere there is a light socket; if she doesn't it saves her servants' time and helps them do better work. From \$3.50 to \$6.50.

The Hawaiian Electric Co., Ltd.

## FEMININE STARS WILL BEGIN PLAY ON VALLEY ISLE

### Maui Will Welcome Miss Molla Bjurstedt and Miss Mary Browne in February

Miss Molla Bjurstedt and Miss Mary Browne will make their first tennis appearance in the islands at the Puuhonou courts sometime in February. This is the announcement which was made by A. L. Castle today.

Maui is a real hotbed of tennis, and those who journeyed to the Valley Isle last year will remember with pleasure the excellent tournament which was staged, and the most enjoyable time which was given the visiting delegation. The Maui tennis enthusiasts have done much to boost the game on the island, and there is certain to be a large crowd on hand when the two leading feminine stars of the world play.

### Boost for Tennis

The Honolulu feminine players will have an opportunity to watch the game as it is played in the best circles, and the coming of Miss Bjurstedt and Miss Browne is certain to do much to boost the game here.

Among the leading players who are expected to enter the tourney this year are: Miss Maile Vicars, Mrs. Frederick Schaefer, Mrs. Coulter, Miss Ruth Anderson, Miss Alice Hopper and others who have been practicing much of late.

### Miss Storrs Wins

Of interest to tennis enthusiasts is the news that Miss Janet Storrs of Scranton, Pa., who was one of the winners in the last doubles tournament, had captured the Western Pennsylvania championship. Miss Storrs may decide to return to Honolulu for the coming tourney.

### Now that Captain William Warren and Lieut. Atherton Richards have joined the list of army officers on Oahu, we may expect to see some excellent tennis at the posts. There are a number of officers who play a good game of tennis, and a match between the army and the civilians would be most interesting. With these stars as a nucleus the army should be able to build up a strong team.

## INTERMEDIATES WILL MEET IN BASKETBALL

Two interesting games of basketball will be played at the Y. M. C. A. this evening. The Washington team will meet the G. R. five and the M-6 aggregation will clash with the Rookies in the second game. The lineup of the M-6 has not yet been picked. The others follow:

G. R.—Clifton and McCluskey, forwards; Fritschl, center; Keppeler and the Borwick brothers, guards.  
Washingtons—F. A. Sing and Tai Loy, forwards; Lum Dunn, center; Wong Pui and T. S. Ing, guards.  
Rookies—Smith and Spencer, forwards; Scott, center; Wilkinson brothers and Decker, guards.

## WRESTLING BOUTS WILL BE STAGED ON SATURDAY

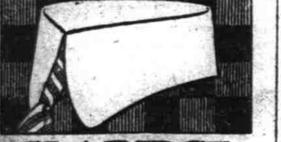

Leo Poaha, the giant police officer, and Louis Kespvedt, the heavyweight wrestler of Fort Ruger, will meet at the skating rink in a three fall match on Saturday evening, December 8. This bout will be the feature of a card which is being arranged by James Schneider, recently of Los Angeles.

Both wrestlers have been training for the big bout during the past two weeks, and according to many of the menmen the battle promises to be an interesting one. Schneider is confident that he will be able to line up a good program.

## VOLLEY BALL CHALLENGE

Fort Shafter, H. T., Dec. 4.  
Sporting Editor, Star-Bulletin.  
Sir: The Headquarters Co., 2nd Infantry, wishes to challenge the Oahu Prison to a game of volley ball on the prison court, Sunday, December 9. If this challenge is accepted call W. G. Bresch, Headquarters Co., Fort Shafter, on phone.

All other challenges will be accepted, Y. M. C. A. preferable.

### CLARIDGE The New Fall ARROW COLLAR

20¢ each 2 for 35¢ 3 for 50¢

## TENNIS FINALS WILL BRING OUT EXCELLENT PLAY

### Miss Maile Vicars and A. L. Castle Will Meet Miss Alice Hopper and Wm. Eklund

Miss Maile Vicars and A. L. Castle will meet Miss Alice Hopper and William Eklund in the finals of the patriotic mixed doubles at the Hawaii Polo and Racing club courts tomorrow afternoon at 3:45.

This match should be a hard fought one, as both Miss Vicars and Miss Hopper play fast tennis. Castle and Eklund are in the front ranks of tennis players, consequently the spectators may look for a real match with perhaps extra sets played.

The Punahou delegation has turned out loyally to watch the young star in action, and inasmuch as Miss Vicars is looked upon as a coming champion the Buff and Blue contingent are naturally looking for a victory for Punahou in the match tomorrow.

## PRICES OF ALL SPORTING GOODS TO REMAIN SAME

Except where for trade reasons advances in price have been made necessary, sporting goods will cost no more than the goods they sell. Golf balls which have been retailing for \$6 a dozen will continue to sell at that price and the same holds true for all other goods. However, in the case of more expensive golf balls the price has been raised from \$9 a dozen to \$10 a dozen by one dealer. This advance was made necessary, however, because of the high cost of rubber of good quality, and had been announced before the law went into effect.

Another firm, one of whose specialties is footballs, has advanced the price of its best football from \$5 to \$6, and not because the price of pigskin has increased. Pigskin, contrary to popular belief, is not used in the manufacture of footballs, the best balls being made from especially selected cowhide leather, the price of which has almost doubled.

## MAKIKI STARS DEFEAT COMPANY K ON SUNDAY

In a return game played on Makiki field Sunday morning the Makiki Stars again defeated the Company K ball tossers, this time by the score of 13 to 4. Simmons and Sweeney both pitched for the losers, and the Makiki Stars gathered in 15 hits—from the two hurlers. Nelson pitched the entire game for the winners, and O'Sullivan caught behind the plate like a big leaguer. The lineup of the winners was as follows: Kong, I. F.; You Bun, s. a.; Nelson, p.; O'Sullivan, c.; Markham, I. B.; Chun Chew, c. f.; Young, r. f.; Halle, 2 b.

Next Sunday the Makiki Stars will play the Filipino team on Makiki field at 9:30.

## NO NAME WAS SIGNED.

A contribution has been received in which the work of one of the officials at the Town Team-Y. M. C. A. game was criticized. If the writer will sign his name to the letter, we will be glad to publish it, as no anonymous letters are published.

## FIVE CHAMPIONS REMAIN IN LAND OF THE LIVING

With the passing of Robert Fitzsimmons there still remains in the land of the living five former world's champions—John L. Sullivan, James J. Corbett, James J. Jeffries, Tommy Burns and Jack Johnson. Sullivan is the oldest of the quintet, touching the age of 59, Corbett being eight years his junior. Jeff is 42, Burns 36, Johnson 39. John L. is still frisky for his age, despite the fact that he is bothered considerably with rheumatism, due probably to the effects of his many battles with old John Barleycorn in his young days. Corbett is in good health, having always taken the best of care of himself. Jeff is also enjoying the best of health, as is Burns. Johnson, from reports, is comfortably situated in Barcelona, Spain, and is said to have cut out the fast pace he set in this country.

## FILIPINOS WIN ONE.

King got back on the job for the Filipino team on Sunday and the Pacific League team downed the Company D squad of Fort Shafter by a score of 13 to 5. The lineup of the Filipino team was as follows: Andoy, c.; King, p.; Lopez, I. B.; Marcial, 2 b.; Bond, 3 b.; Planas, s. a.; Cruz, c. f.; Pierong, r. f.; Ciracco, I. f.

## "PORKY" FLYNN IS GRANTED EXEMPTION BY ARMY BOARD.

AYER, Mass.—Daniel "Porky" Flynn, heavyweight boxer of Boston, has been released from military service because of dependents. He came to the national army cantonment here with the latest quota of the draft.

Retail prices of bacon and ham were cut from 5 to 10 cents a pound in Illinois by the food administrator.

### When Your Eyes Need Care Try Murine Eye Remedy

## CHAPLAIN FEALY WILL BE MISSED BY ENLISTED MEN

### Popular Athletic Officer Did Much to Boost Athletics at Post; Boys' Real Friend

Chaplain Ignatius Fealy is going away. This statement was not well received at Schofield Barracks when the word came out that the popular chaplain of the 1st Field Artillery had been ordered to the mainland.

Chaplain Fealy was not only the chaplain of his regiment, but he was a friend of every man in his regiment and every man in the post. Perhaps he has done more for athletics at Schofield than any other one man. He was responsible for the new gymnasium at Schofield. Although he was handicapped by the lack of funds, he called upon his friends and Honolulu business men responded nobly. The gymnasium and amusement hall at Schofield will stand as a testimonial of his work.

### Boosted Athletics

Father Fealy at all times took an interest in athletics. He was the moving spirit in the big boxing carnival at Schofield. He took a keen interest in baseball, football and other branches of athletics. He has always been, and is today a real friend of the soldier.

Chaplain Fealy said a short time ago that he liked to see the boys at the post crowded around watching a baseball game, boxing bout or football game. He said that while they were doing this they were leading good clean normal lives. He always has maintained that athletics was the thing for the enlisted man.

### Make Best Soldiers

"Give the boys a chance to see a good boxing match and they are contented," said Chaplain Fealy the other day. "Give them a good baseball game and they are pleased. Let them amuse themselves rooting at a football match and they will be happy. And happy, pleased, contented men make the best soldiers."

Chaplain Fealy will be greatly missed by the athletic lovers of Hawaii. He has taken a great interest in the Volcano Run from Kilauea to Hilo, and was one of the real organizers of the army track meet. That he will leave Hawaii with the best wishes of thousands of enlisted men is certain. Chaplain Fealy is going away. It is our loss.

## Clarence Lane Stars In Real Football Game

Clarence Lane, one of the best short distance swimmers in the world is a real football star. Kamehameha did not use the young amateur this season on account of the fact that they did not want to take any chances with their star merman. But Lane had his chance after all.

The Seniors and Juniors staged a match on Saturday afternoon and the Juniors won out by a score of 7 to 9 in a fluke run. The Juniors were composed of members from the first team with the addition of Lane at quarter back. Lane bucked the line, ran the ends and proved to be a real star.

Weston Dower played quarter for the Seniors, and showed some of the work which made him a star last year. The lineup of the Seniors was as follows: Hussey, I. e.; Richmond, I. t.; Cobb, I. g.; "Sneaky Spiral" Kane, c. f.; Ah Kou, r. g.; Fuller, r. t.; McGuire, r. e.; Dower, c. f.; Groves, I. h.; Dawson, r. h.; Gohler, f. b. A strange part of the whole proceeding was the fact that some of the Seniors had never played before, but put up a good brand of football throughout.

## MIDGETS DEVELOP FAST PLAYERS.

Albert Naeole and Thomas Hugo starred in the Midget club activities at Palama Settlement Saturday morning. Both boys showed a lot of form and class in the indoor ball game and then when they went to the gridiron they both showed class again. The football game was fast and the boys took a great delight in the sport. A stranger might have thought they were veterans. Hugo's team made a touchdown in the first quarter and in the last quarter Albert Naeole made a long end run for a touchdown and tied the score.

## FILIPINOS WIN ONE.

King got back on the job for the Filipino team on Sunday and the Pacific League team downed the Company D squad of Fort Shafter by a score of 13 to 5. The lineup of the Filipino team was as follows: Andoy, c.; King, p.; Lopez, I. B.; Marcial, 2 b.; Bond, 3 b.; Planas, s. a.; Cruz, c. f.; Pierong, r. f.; Ciracco, I. f.

## "PORKY" FLYNN IS GRANTED EXEMPTION BY ARMY BOARD.

AYER, Mass.—Daniel "Porky" Flynn, heavyweight boxer of Boston, has been released from military service because of dependents. He came to the national army cantonment here with the latest quota of the draft.

Retail prices of bacon and ham were cut from 5 to 10 cents a pound in Illinois by the food administrator.

### When Your Eyes Need Care Try Murine Eye Remedy

## They Will Miss Him At the Post

Chaplain Ignatius Fealy, who has been ordered to the mainland. He will be greatly missed by the followers of athletics in Hawaii, as he has done much to increase the interest in sport at Schofield. It is the earnest wish of his many friends that he return to Hawaii in the near future and continue his labors.

Mack Wheat, second string catcher of the Brooklyn Dodgers, has gone into "business" in St. Joseph, Mo., where he has opened an automatic baseball game for the winter.

Hal Chase has interested himself in an oil venture in Kentucky and is trying to sell stock in the concern to his friends among the fans. He tells them there's millions in it.

First Baseman Dick Hoblitzel's brother, who was a dentist in Cincinnati, has joined the United States army, and Dick has taken over his practise, thus disposing of the report that Dick himself would go into the army.

Mike Mitchell, former outfielder with the Cincinnati Reds and elsewhere, is a bookmaker at the Latonia track, near Cincinnati. He always did have a weakness for horse racing and finally got in the inside of that game.

William Engle carried off the honors in the final tennis match at the Waialuku mill on Sunday afternoon, defeating Caleb Burns, 5-7, 6-4, 3-6, 6-0, 6-1.

By his run of 15 straight at the fax end of the season Bradley Hoag crowded Eric Erickson out of the pitching honors of the Pacific Coast league. Hoag finishing with a percentage of .675 in games won, while Erickson's percentage was .674.

Ivan Olson is again mentioned as the likely successor to George Stovall as manager of the Vernon Coast League team. President Darnody wanted him for this season, but Brooklyn couldn't waive him out of the big show at that time.

Baseball prophets who are trading Pitcher Slim Caldwell away from the Yankees are doing it without consulting Manager Miller Huggins, who indicates that he will make a try at managing Caldwell himself before he considers letting any one else tackle the job.

Red Russell of the White Sox will have an operation to remove a growth on his left arm performed at Indianapolis some time before the 1918 baseball season opens. Physicians have found a muscular growth on Russell's arm that hinders his pitching effectiveness.

Joe Tinker did not stop over in St. Louis on his way home from Milwaukee as he said he would do. He missed something thereby for they had a story all cooked up in St. Louis and ready to spring on him that he would succeed Fielder Jones as manager of the Browns.

Dad Center was the recipient of a beautiful watch fob on Saturday afternoon, the gift of the Beach Combers. "Dad" has done a heap of good work during the past year at the Outrigger Club and has given the swimming game a big boost in the community. He showed his appreciation

## PUNAHOU HOLDS CELEBRATION IN HONOR OF TEAM

### Fifteenth Consecutive Football Championship Goes to Oahuans

(Special Star-Bulletin Correspondence.)  
OAHU COLLEGE, December 4.—Punahou Academy spent a short time after chapel exercises yesterday morning in celebrating its fifteenth consecutive football championship. President Griffiths made a speech, in which he summed up the factors that contributed to the season's success and then he reviewed the advantages that accrue to such a school as Punahou from winning a football championship.

Mr. Griffiths spoke of the lack of undesirable features during the past season. He was glad for the high personnel of the team, and for the manly way in which the players—though always fighting hard—conducted their sport.

"Dud" Pratt's leadership was spoken of and it was brought out that all the teams hold Pratt in very wholesome respect—a fact which is emphasized when it is remembered that Punahou has not lost a game when Pratt has been with the team.

Coaches Midkiff, Bergman, Silverman and Marsh came in for a share of the credit. Especial note was made of the fact that the two midget teams, "Bluffs" and "Blues," will be able to furnish excellent material for the teams of the next few years. This material will be very much in demand, for by graduation or by operation of the notorious "four-year rule," Punahou loses fifteen men this year: These men are: W. Akana, H. Alexander, O. Emerson, J. Fassoth, R. Higgins, E. Holmes, W. Mahikoa, R. Neal, F. Peterson, E. Poindexter, D. Pratt, N. Robinson, C. Turner, D. Withington and Kee Kork Zane.

The work of making a team next year will be particularly difficult. There are left of the veterans only "Sleepy" Baldwin, Mortimer Lydgate and Henry Pogue. Four others who have had tryouts the past season and who will be available for next year are: Ernest Gray, W. Kanakani, N. Peck and J. Hughes. Most of this year's "scrubs" are seniors and will be lost, but a few of them and several "Midgets" will be left.

After the speech of President Griffiths several Punahou songs were sung and the various football factors and players were cheered "to the echo."

## GOLFERS RAISE \$72,375.78 IN RED CROSS PLAY

NEW YORK.—The United States Golf association has announced that the sum of \$72,375.78 had been collected to date from the Liberty Golf Tournament held throughout the country last July 4 for the benefit of the Red Cross.

The Liberty Tournaments were staged by five districts, and they were played in every State except Idaho, Nevada, New Mexico and Oregon. New York State led with 75 clubs holding patriotic meets.

The Albany Country club outside Pittsburg collected \$2,469 from its tournament, which was the largest amount turned in by any club.

The Liberty Tournaments were held mainly to show the readiness of golfers to do their bit. The tournaments were held under the auspices of the United States Golf association with the cooperation of the American Red Cross. All the entrance fees went to the Red Cross. Winners of the various prizes, instead of receiving expensive trophies as in former years, were presented with souvenir medals and certificates from the United States Golf Association.

## "RABBIT" MARANVILLE TO ENLIST IN NAVY

BOSTON, Nov. 9.—Walter Maranville, shortstop of the Boston National League baseball team, visited the navy yard yesterday and announced he would enlist in the service. He will take his examinations next week.

## REV. GUTHRIE IS BEST PLAYER IN COCKTAIL EVENT

Rev. W. K. Guthrie was the best in a double event at the Presidio Golf Club links, San Francisco, the other day. Turning in a card that showed a net of 65, he won the monthly medal competition and also won the Class A cocktail tourney, with one up on par.

The Allegro boys of Palama have been taking a deep interest in sport and the A team has been making a good record in baseball defeating both the B and C teams. The members of the A team are as follows: Sam Hipa, c.; Ah Bung, p.; Ah Tung, I. b.; Solomon Kenn, 2 b.; Ah Tim, 3 b.; John Chal, s. a.; John Lee, c. f.

## TWO GOOD GAMES SCHEDULED FOR LOCAL DEVOTEES

### Y. M. Will Have Hard Fight in Game With Fort Kam.; Town Team Meets 1st Infantry

Honolulu football fans will have an opportunity to watch two real games of football this week when the Y. M. C. A. meets Fort Kamehameha and the Town Team clashes with the 1st Infantry. It is a case of take your choice either way.

In the Saturday game the Y. M. C. A. is a big favorite, but they were also a big favorite in the last game, so this will not have any direct effect on the play. But the Y. M. players must not overlook the fact that the Fort Kam crowd has a real football team, and perhaps the best coached team in the islands.

### Well Coached

This team is coached by Captain Meyer, a former navy star. He has worked up a series of plays which should work to advantage against the Y. M. In Lewis, Stoddard, McVey and Irwin, the Fort Kam team has a real backfield. Lewis is the speed burner of the squad and is expected to show something against the Y. M. aggression. McVey is an excellent line plunger, while Stoddard can hit the line and run the ends. Irwin isn't as fast as Davis, the Y. M. quarter, but he is a heady player and gets a lot out of his team.

Urban is one of the best ends in the islands and Cantele and the big center are really good players. The "Y" team will perhaps have the advantage in the line, but Coach Meyer is expected to frame a strong defense against Lewis, Whitcomb and the other stars.

In the Sunday game the Town Team and 1st Infantry are expected to put up a strong fight. The teams appear to be about evenly matched, and the 1st Infantry will make an effort to make up for the defeat at the hands of the Baby Regiment.

## MARE ISLAND MARINES WIN FROM U. S. C., 3-4-0

LOS ANGELES, Nov. 24.—The Mare Island Marines defeated the University of Southern California here today. The Marines were able to hold the students scoreless, although on one occasion the local team came within a yard of scoring.

Score: Marines, 3; U. S. C., 0.

## FORMER CHAMPION MAY BECOME RICH HANDLING POWDER

James J. Jeffries is on a fair way to become immensely wealthy. The former champ is the head of a Los Angeles powder concern and handles an explosive that is said to have maximum penetration and to be lacking in recoil. Its big feature and the one which appeals mostly, it is claimed, is that it can be manufactured on the battlefield in an hour's time, thus preventing powder shortage among the troops in battle.

The powder eventually is expected to be used by the allied governments, in fact, it is said, they are negotiating now for the use of the explosive.

Those who have investigated state that the former heavyweight title holder will soon be classed with the millionaires.

Miss Ruth Herron, in charge of the Over-Seas Club Comfort Fund announced yesterday that \$350 has been subscribed for the purchase of comforts for soldiers of the Allied forces at the front.

## VOLCANO RUN TO BE SUCCESS SAYS GEORGE H. VICARS

George Vicars, president of the Hilo board of trade, is a visitor in the city. Mr. Vicars said today that the Hilo citizens are working hard to make the big Volcano Run a success, and remarked that the Honolulu teams would have to make a good showing to win from the Hilo squads. Mr. Vicars was one of the first met in Hilo to boost the Volcano Run, and as president of the Hilo board of trade, gave his time and energy toward making it possible to stage the big race. He is confident that the Volcano Run will in time be one of the biggest athletic events in the country. Mr. Vicars said that the business men of Hilo would pay the expenses of all the teams Honolulu could send over.

### Art Exhibition and Sale

This collection of Paintings, placed on exhibition by M. E. Mihran, is undoubtedly one of the best to be shown in Honolulu. It embodies works of such celebrated American artists as Wm. Keith, A. H. Wyant, Geo. Innes, R. A. Blakelock, also a few works of the old European masters such as David Tennier, Attilo Piombo and C. Van Den Broeck.

There are several beautiful water colors by English artists, notably G. Ramer, H. E. Walters, T. S. Stamm and Harry Carleton.

Harry Carleton is a celebrated painter of architectural subjects and in this collection has produced, in wonderful detail and color, the older cathedrals of Northern France and Belgium—most of these cathedrals now are in ruins. These canvasses are shown in our windows.

The public is cordially invited to visit and inspect this unusual exhibit.

**Lewers & Cooke, Ltd.**

169-177 So. King St.

### SAY PASSENGERS WILL BE GIVEN ALL FACILITIES

Hawaii's need for passenger accommodations of such character as will not interfere with the nation's shipping necessities will be brought before Washington authorities in concrete form by business interests in Hawaii, according to tentative plans discussed yesterday at a luncheon at the Young Hotel at which Manager Stinson was host. The guests included businessmen informally gathered together and representatives of promotion activities.

That Hawaii will not suffer for lack of such accommodations, and that means will be found to guarantee plenty of cabins for tourists was the gist of opinion. While the nation's prior call on vessels was recognized, it was also felt that arrangements can be made to secure space so that the winter's traffic will be taken care of. No definite scheme of action was arrived at. Other discussions will follow.

### OAHU-BUILT SCHOONER IS FINALLY LAUNCHED

At high tide this morning the schooner Puck, built in the Ala Moana shipyard, was pulled into the stream by the Elizabeth of the Oahu Shipping Co. The Puck was completed nearly two weeks ago, but there was delay in launching the ship after her christening, as it was desired to wait for favorable weather. Despite a southerly swell the new schooner was taken over the reef without trouble this morning. An application will now be made at the customs office for the registering of the vessel.

### DUTCH STEAMER HAS BIG IRON-STEEL CARGO

Heavily loaded with iron and steel, the Dutch steamer Ophir is in port from San Francisco with 346 bags of mail. Due to the heavy cargo, the steamer was far down in the water and several inches over the freight line.

Shipment of the big steel and iron cargo to Japan, where it is all consigned, is taken to indicate that the embargo on such exports to the Orient has virtually been suspended, although no public statement to this effect has been made since the return of the Ishii mission to Tokio.

There are only 18 cabin passengers aboard the Ophir, many of them Dutch merchants of the Far East.

### HARBOR NOTES

Princess Tatiana, second daughter of the deposed Czar of Russia, is expected to pass through Honolulu on the next T. K. K. liner.

Congestion of the territorial wharves during the past week has been materially lessened by the removal of much of the incoming freight by the consignees.

Plans for the lighting of the channel entrance to Pearl Harbor with an outlay of about \$50,000 have been approved by the Washington authorities. The present temporary buoys are to be replaced by the very latest modern equipment.

The treasury department has recommended to congress that a lighthouse depot to cost \$90,000 be built on Sand Island, adjoining the present light-house area. News to this effect was conveyed to A. E. Arledge, the inspector of the Hawaiian lighthouse department, by an Associated Press cablegram received yesterday afternoon.

### PASSENGERS ARRIVED

By Inter-island steamer Mauna Kea from Hawaii and Maui ports this morning:

From Hawaii—Mr. Higagita, Mr. Sedegawa, George Ross, H. H. Perry, R. Hutchinson, George Gibb, J. W. Russell, Mrs. W. G. Rodgers, K. Tamura, Ah Mai, Miss C. H. Kubik, Mrs. Matsumoto, Lieutenant A. B. Clark, George R. Spencer, Mrs. K. Hulikee, Mrs. Lewis, Mrs. Rose Cook, Mrs. T. Wake and child, Carlos Ina, Guan Hirono, E. Collasaro, George L. Smith, W. Bremer, S. Ambrosio, R. Adolphe, C. W. Davis, S. M. Semple, W. H. Hieserman, Mr. and Mrs. Cunningham, W. H. Crozier, James B. Parker, C. M. Hudson, Mrs. L. L. Sexton, Miss B. Hartwell, Mrs. F. F. Hedemann, Mr. and Mrs. J. T. Jacobson, Dr. J. Vandenberg, Mrs. George L. Smith and infant, Mrs. Smith, Master Smith, Mrs. L. M. Parr, John Maxie, Lieutenant Keller, F. L. Jullierat, K. Horuchi, M. Oshiro, G. Takayasu, Mrs. M. Murata, Miss M. Parreire, James Woolaway, T. A. Dranga, Fujihara, Miss Fujihara, Mr. and Mrs. George Wallace and 2 children.

From Maui—Mr. and Mrs. J. H. Roberts and 2 children, Major Frances J. Green, Miss Jones, A. Valentine, Mrs. H. Gesner, Kenney Smith, Yamaguchi, I. Iwamura, Mrs. Yamaguchi, Dr. W. Osamers, P. V. Knudsen, A. E. Parmelee, G. Ordway, S. T. Carr, Charles L. Hill, Mr. and Mrs. L. Herbert, Mr. and Mrs. A. C. Betts, S. Kozuki, W. Maxwell, F. Rodrigues, V. Rodrigues, T. J. Soper, A. S. Short, Mrs. Dolly A. Lee, Joe David, A. E. Hale.

### PASSENGERS IN PORT

Aboard the Dutch steamer Ophir, bound for the Orient:

Miss H. C. Brinkman, D. A. N. Fleher, J. A. A. Francson van de Putte, P. J. J. A. Geosink, Mr. and Mrs. H. Hymans, Mr. and Mrs. Th. Low and baby, Master E. J. Schuytman, Mr. and Mrs. J. H. A. Andriess, Dr. D. B. Boyd, L. J. B. van Haastero, Kiang Show Yee, Mrs. A. E. de Leuw, Mr. and Mrs. G. W. van Tol, E. Offenber, F. A. van Wanink, F. L. Wattendorf, Ng Chin, Yeong Kay.

### STAR-BULLETIN REPORTER WINS 2ND LIEUTENANCY

George Armitage Among Those Known Here Commissioned at Presidio Camp

George Armitage, former reporter on the Star-Bulletin, has won a commission as second lieutenant in the Presidio training camp, according to news received here. Armitage's home is in Montana. He came to Hawaii to join the Star-Bulletin staff and after a year worked his way on one of the seized German steamers to the coast to get the experience, succeeded in entering the training camp and has come out with flying colors.

The list of successful candidates at the Presidio contains the names of a number well known here: Frederick W. Wichman, son of H. F. Wichman, emerges with a fine record and a first lieutenancy in the field artillery. Roscoe Fawcett, sporting editor of the Portland Oregonian, who was here with the Portland baseball team last spring, won a first lieutenancy in the non-flying branch of the signal corps. Alex B. Luce, who spent some time here as one of the members of the theatrical stock company, has a commission as second lieutenant of infantry.

### MAJ. BOWMAN IS GIVEN PROMOTION

Promotion to rank of lieutenant-colonel has been given to Major Donald S. Bowman of Hilo, 2nd Hawaiian Infantry, to date from November 24, 1917. The promotion was announced today at national guard headquarters, together with promotions for the following:

Capt. George L. Desha, to be major, with rank from Nov. 24, 1917; assigned to 2nd Haw. Inf.

1st Lieut. Eugene N. Deyo, to be captain, with rank from Nov. 24, 1917; assigned to 2nd Haw. Inf.

2nd Lieut. Albert P. Christian, to be 1st lieutenant, with rank from Nov. 24, 1917; assigned to 2nd Haw. Inf.

Frank C. McDonald, to be 2nd lieutenant, with rank from Nov. 24, 1917; assigned to 2nd Haw. Inf.

The above named officers will report in person to the commanding officer, 2nd Haw. Inf., for assignment and for duty.

### ARMY ORDERS

Leave of absence for two months on surgeon's certificate of disability is granted Capt. Jacob M. Riggs, quartermaster reserve corps, with permission to leave this department, to take effect Dec. 1, 1917.

Sergt. Otto E. Messenger, Troop G, 4th Cavalry, now in this city, is relieved from further duty as sergeant instructor with the national guard of Hawaii and will return to his proper station at Schofield Barracks.

Second Lieuts. Edward T. Comegys and Frank H. Richey, quartermaster corps, are relieved from further duty as assistants to the department quartermaster and will proceed to Schofield Barracks.

Second Lieut. Walter J. Slayton, 1st Infantry, U. S. R., is detailed as instructor in the school of fire at Schofield Barracks.

Temporary 2nd Lieut. John H. Thompson, 32nd Infantry, is detailed for duty at the school of fire at Schofield Barracks.

Second Lieut. Joseph A. Richards, appointed with rank from Oct. 26, 1917, is attached to the 1st Infantry.

The following named enlisted men are transferred as privates to the 6th Aero Squadron, Aviation Section, 6th Kamehameha, H. T., for duty with the organization to which transferred: Sgt. Robert E. Daly, Machine Gun Troop; Sadler Ralph S. Demett, Troop D; and Sgt. Walter H. Gray, Troop H, 4th Cavalry; and Private Howard P. Loughrie, Company L, 32d Infantry.

Pvt. Alfred T. Highfill, Troop H, 4th Cavalry, is detailed as attendant to accompany the authorized mount of Captain Charles H. Jewell, Veterinary Corps, National Army.

First Lieut. Thomas R. Griffin, Medical Reserve Corps, is assigned to Schofield Barracks, H. T., and will proceed to that post reporting on arrival to the commanding officer for duty.

Pursuant to instructions from the war department, 2nd Lieut. William Moe, Signal Corps, having been assigned to active duty November 24, 1917, will proceed to Fort Kamehameha, H. T., reporting on arrival to the commanding officer, Coast Defense of Oahu, for duty with Company B (Wire), 3rd Field Battalion, Signal Corps.

2nd Lieut. Harvey Morris Breaks, Cavalry, appointed with rank from October 26, 1917, is attached to the 4th Cavalry.

### RESERVE OFFICER IS CALLED TO SERVICE

Orders received this morning from the war department call to active service Lieut. Vincent Geogham, Signal Reserve Corps. He is ordered to report for duty as signal supply officer.

Sgt. First Class John H. Strauch, Jr., medical department, has been ordered by the war department to Fort McDowell, California. He will leave on the first available transport.

The Hawaiian band will give a public concert this evening at Thomas Square at 7:30.

### 130 GUARDSMEN CANCELLED OFF COMPANY ROLLS

One hundred and thirty enlisted men of the national guard, members of the 2nd Hawaiian Infantry, are dropped from the company rolls today through orders issued from headquarters. Physical disability is given as the cause for their being dropped. There are 16 men from Company B, 17 from Company C, 20 from Company D, 41 from Company I and 36 from Company M. The names follow:

Company B—Privates George Apela, Julian Haleama, Lani Kehihoa, David Maikai, Joseph Wahinehookae, George Mao, Alfonso Guanio, Juan Taniad, Lasaro Muiato, Juan Cortes, Ricardo Delrosario, Juan Bernado, Anacleto Cordeiro, Francisco Bernandis, Julian Ynacay, Alberto Gamboa.

Company C—Privates First Class Isami Kumashige, Theodorico Nathebad, Epipiano Buensuseno, and Privates Pedro Mariano, Santos Augustin, Eugenio Cruz, Francisco Gregorio, Simeon Callana, George Pavad, Miki Piliwale, Arnolfo Rafal, Charles Rivera, Jose Carpio, Pedro Jaime, Benito Pamandanian, Roman Santos, Guillermo Ramos.

Company D—Corporals James Kauka, Nahea Pae; Cook George Popoki; Privates Guzman Vicente, David Edrozo, Villy Lukzen, Eusebio Onsa, Labringhio Pedro, Joe Rocha, Juanito Veozo, Pangalina Deago, John Akina, Antone Pato, Cristeto Gamma, Carlos Monenayor, Vicente Panilag, Manuel Perreira, Juan Sandalis, John Ayala, Africa Anastacio.

Company I—Sergeants Manuel R. Agina, Javiera Cirilo, Ynanc Indalecio; Corporals Espino Placido, Arthur Rapozo; Privates Luis Reyes, Antonio Cortez, Tom Cummings, Joe Freitas, Antone Gomes, Kinjiro Yamatoya, Pantaleon Aldo, Francisco Avilla, Bruno Delacruz, Basilio De la Cruz, Joshua Hano, Antonio Reyes, Juan Ramos, J. N. Puallihan, N. K. Keimiki, Charles Lono Kelekoma, Fortonado Retada, Thomas Santiago, Claudio Sabido, Fernando Robin, Amando Saralde, Francisco Sentias, Bacello Bahan, Gregorio Dubile, Pedro Bual, Luis Baligod, Juan Santiago, Pedro Garcia, No. 2; Nil Furtado, Romando Togenzo, Gilrino Pantilan, Honorio Eulalio, Charles Kaili, Domingo Villamor, Juan Dublio.

Company M—Sergeants David K. Kalau, Sam Smith, Capriano Albo, Kazuo Tamarabuchi, Henry Naumu; Corporals Felix Besto, Martin Luvena, Hilario Opura; Cooks Pasqual Baldas, Alfredo Comprindo, Ambrosio Samora; Privates Eulalio Fernandez, Melicio Ordoncio, Augustin Arinoala, Joseph Alponini, Alejandro Ditta, Augusto Eugenio, Placiano Antipolo, Apolinio Lerio, Vedal Badua, Benito Cullado, Ciriazo Camakalin, Martias Xodio, Porfirio Duran, Pablo Pintino, Patricia Pacana, Mamerto Padasig, Juan Senanonhon, Rustico Fernandez, John W. Kuapahi, Emilio Ronkello, Mariano Palma.

The charge of desertion against Wagoner Sam Nahalo, Supply Co. 1st Regt. Haw. Infantry, is set aside as having been erroneously made, and he is transferred to the 1st Separate Troop, Hawaiian Cavalry.

### TEN FROM EXPERIMENT STATION WITH COLORS

If the Keeaumoku street experiment station of the Sugar Planters' association were to hang out a service flag, bearing a star for each employe of that institution who is serving with the colors, it would undoubtedly hold the local record for size. There are ten men from the station serving Uncle Sam and the Allies in the army, navy and ambulance service.

The men who left the experiment station for war service are: Captain H. T. Osborne, Lieuts. R. E. Doty, L. T. Lyman, G. Hutchinson and J. S. B. Pratt, Jr., all reserve officers stationed on Oahu; W. P. Alexander, yeoman, U. S. N.; Fred O. Biven, ambulance corps, en route to France; E. M. Brown, aviation corps; F. M. Muir, who went to England to serve in any capacity; and Robert Nelson, U. S. N.

### LIEUT. MAY IS NAMED AIDE TO GEN. JOHNSON

First Lieut. Alexander May, 1st Hawaiian Infantry, National Guard, was announced today through orders issued from guard headquarters as aide-de-camp on the personal staff of Brig-Gen. Samuel I. Johnson, commanding general.

### PUT CREAM IN NOSE AND STOP CATARRH

Tells How to Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.—Adv.

## HARBOR BOARD MOVES TO SECURE NAWILIWILI LAND

Authorizing its chairman to proceed at once with securing from the survey department copies of maps and other data on the district of Nawiliwili, Kaula, the territorial harbor board at a meeting today entered upon a process intended ultimately to secure for the government the lands adjacent to the proposed breakwater site.

The motion which authorized the chairman to secure data on the breakwater district was passed with a view to steps, later to be taken, toward gaining title to areas considered as wharf and railway sites.

In the discussion of the plan which came previous to the motion general opinion was expressed by the commissioners that a proper procedure in backing the congressional bill for a breakwater was to gain title to the lands which will be affected by such construction. It was pointed out that the lands are generally held by two parties.

Deputy Attorney General Arthur G. Smitth stated that two general plans are open for gaining title to the land. One of these is under the act which allows the sale of government lands in the district for the purchase of those desired, and the other is to condemn the land and pay for it within two years.

## LOCAL CHAPTER SENDS \$30,000 TO RED CROSS

The Honolulu Chapter of the National Red Cross Association is today sending \$30,000 to the Red Cross fund. A. L. Castle, president of the local chapter, whose untiring work has gone far towards securing this splendid gift for the Red Cross, said this morning, in making the announcement:

"The news of this gift should reach Washington about in time for it to be called a Christmas gift to the American Red Cross. With the ladies turning out 40 cases of supplies a month, and generous contributions continually coming in, this should be a sufficient answer to the few people here who claim the Red Cross enthusiasm is merely temporary and the patriotism of Honolulu residents will die out, statements which are in line with the German propaganda being spread throughout the United States."

## JAPANESE VICTIM OF SHOOTING STILL LIVES

The condition of W. O. Ito, the Japanese salesman for the Schuman Carriage Company, who was shot Saturday night while carrying a passenger from this city to Aiea, is the same, according to reports issued at the Queen's hospital this afternoon. D. C. Buick, who was arrested early yesterday morning, is still held in connection with the shooting.

The only statements the police will make regarding the arrest of Buick is that he was picked up by Motorcycle Officer Sizemore at 2:30 Monday morning, somewhere between the scene of the shooting and Fort Shafter, and walking toward town. No formal charges have been booked against Buick.

## STAR-BULLETIN GIVES YOU TODAY'S NEWS TODAY

### Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Adv.

## RUPPRECHT CAN'T WIN IN VIOLENT BLOW UPON WEST

NEW YORK, N. Y., Dec. 4.—Heavily reinforced with divisions from the Russian theaters, the army of Crown Prince Rupprecht was thrown against the British lines yesterday, the Germans making a desperate effort for the second time within four days to pierce the new British front. Along a section of six miles the battle raged throughout yesterday, last night finding the British positions intact, with the Teutons thrown back at every point with tremendous losses.

This battle is described in the official despatches from Field Marshal Haig as one of the greatest and bloodiest single engagements of the war.

Proceeding his infantry attack by a tremendous hail of shells from thousands of guns, concentrated along the front from Gonnelleu, ten miles southwest of Cambrai to north of Marconing, Prince Rupprecht attacked in fury. Under cover of the intense barrage the German footmen drove forward against the British.

At midnight, London received an official despatch from General Haig, tersely announcing the defeat of the enemy. His despatch said:

"Yesterday the enemy in heavy force delivered a series of attacks of great strength along the front from Gonnelleu to Marconing. He was everywhere repulsed with great losses."

Evidence of Hun Desperation

WASHINGTON, D. C., Dec. 3.—Secretary of War Baker sees evidence of the desperation of the German military command in the offensive attempted on the western front, which commenced on Friday. In his review of the war situation, covering the week ending on Saturday, Secretary Baker suggests that the Germans are now attempting to secure a decision on the French front and are staking great things on the battle being fought in the Cambrai sector.

The secretary's summary says that it seems that such a decision is being sought by the Germans because they realize that they cannot endure much longer the strain of trench warfare, in which they have been systematically beaten by both the French and the British.

## PRESIDENT HERE ON FIRST VOYAGE

More than usual interest was shown in the arrival of the steamer President, which docked at Pier 15 today shortly after 12 o'clock. This was the first time that the big passenger-carrying steamer of the Admiral line of the Pacific Coast Steamship Co. has ever been to Honolulu, and it may also be the only time, as it is to be immediately taken over by the government.

That the President had been mentioned by the government was unknown to the officers of the steamer until they were passing Palmyra.

The President had 66 cabin passengers for Honolulu, most of them tourists. Among the island residents aboard the steamer were the following:

Albert Ruddle, "Hilo" automobile man; Max Greenbaugh, Honolulu commission merchant; H. Reinecke, Hackfeld employe, and Bert Lightfoot, Honolulu attorney, and his wife.

With a cargo capacity of 3000 tons, the Pacific coast steamer had 2329 tons of freight for Honolulu, 257 bags of mail and 60 1/2 tons of express. Besides there was a lot of coin which was sent by mail and stored in one of the cabins of the ship.

Two days from Honolulu the speed of the ship was slowed down so port would not be reached during the night. This was not due to lack of fuel, as has been surmised, but merely as a navigator's precaution.

Capt. N. E. Cousins is master of the ship; A. C. Plumb, chief engineer, and Francis Rotch, purser.

## KAMEHAMEHA ALUMNI RANKS SWELLED BY 23

Twenty-three persons last night became members of the Kamehameha Alumni Association at a meeting of the organization in its club house, Fort street. The list of candidates was presented by Rudolph Duncan, chairman of the membership committee, and all applicants were accepted and duly initiated.

Among those who joined last night were Joseph Kamakau, Isaac H. Harbottle, L. C. Kaimalua, Edwin P. Murray, Solomon Hanohano, D. Yowell, Albert K. Maukana, Abraham Halli, Alfred Patten, Julian Yates, William K. Peters, Foster Robinson and E. B. Hamakua.

## MISS YAW TO SING AT AD CLUB LUNCHEON

The passenger service problem will be the principal topic of discussion at the Ad club lunch tomorrow at the Alexander Young. Emil Berndt, Fred J. Halton and Harry Stinson will be the principal speakers. Owing to the decrease in tourist travel at the present time the program outlined promises to be of particular interest to all members.

As a special feature Miss Ellen Beach Yaw, the world renowned operatic singer, will favor the club with two selections.

## NEW PASTOR CENTRAL UNION CHURCH ARRIVES

Dr. A. W. Palmer, new pastor of Central Union church, arrived this noon on the steamer President from San Francisco. Dr. Palmer, who is a member of the Oakland Rotary Club, was extended an official welcome by the Honolulu Rotarians, represented by C. B. Gage and R. K. Thomas, appointed as the welcoming committee by the local organization. On his departure Dr. Palmer was given a send-off by the Oakland Rotarians.

## FILIPINOS TRY HOLD-UP GAME TO GET BONUS

(Special Star-Bulletin Correspondence) HILO, Hawaii, Nov. 29.—One of the most brazen affairs that has happened in these islands for many years was that which was perpetrated by two Filipinos yesterday just about noon at Pepeekeo when Head Luna William S. Mansfield of the Pepeekeo Sugar Company was held up at the point of two guns in the hands of the couple of desperadoes. The object of the holdup was to force the head overseer to pay the men a bonus they declared was coming to them.

Mansfield, as he was unarmed, strove to change the minds of the Filipinos. The overseer took out his notebook and said that he would make a record of the men's plantation number and report the matter to the office. The Filipinos declared that Mansfield must at once give them an order on the plantation office for their bonus money.

The luna, realizing that he was dealing with two half-savages, did as ordered. He wrote a note to the office staff telling them that these two men claimed that they had bonus money coming to them and that he had instructed them to proceed to the office and there see what could be done in the matter.

The Filipinos upon receiving the note from Mansfield, allowed him to ride away. The overseer made his way to a telephone and told the office and store staff of the holdup and advised them to telephone Hilo and have some police officers sent out at once.

Captain Anakalea called three police officers and jumped into an automobile.

Upon arrival at the plantation store three Filipinos were seen outside the office. Officer Aki jumped out and rushed up to the nearest man. The officer ran his hands over the person of the Filipino and discovered a loaded revolver. At that moment Captain Anakalea was also grasping one of the three men. The third, thereupon, shouted out: "Me, too. I got gun." This led to the arrest of the third man.

## KAUAI COUNTY AGENT GIVES FOOD FACTS TO WAIMEA LITERARY CLUB

### A. Hebard Case Tells Garden Islanders Something About National Conservation

Paper presented to the Waimea, Kauai, Literary Club by A. Hebard Case, County Agent for Kauai.

The slogan of the food administration which has been used since the beginning of this work and to which we will march to victory is, "Food will win the war—Don't waste it." To stop wasting food is, of course, a cardinal point in food conservation. It is conservation. But to insist on that strongly, as strongly as we are going to have to insist upon it before the necessity for it is driven home, and not offset by the counterbalancing fact that there is something which we can eat instead of that which we save, and the disagreeable impression is created in the minds of the people that they are being asked to half-ration themselves while we are carrying on this great war against Prussianism.

This impression has already been created, to some extent. To correct this misconception—to tell the story of the part food plays in war, how bread and bullets will put down autocracy and make the world safe for democracy, how we must conserve our food supply in order that a share and an ungrudging share, may be spared to our allies, is, if not the most important, at least the immediate and first task of the food administration or any other such body. From this important task is brought to light a new slogan which will answer the needs of the administration and create no such feeling of fear in the minds of the people, that "Eat and win the war."

One of the first things to be done is to remove from the minds the fear that this country is entering upon a campaign of starvation. We are going to send great quantities of food abroad, in order that our allies may keep on fighting and win the war, for us as well as themselves. The more we send, the further we will keep the first line trenches from our shores. We will send food, then, send it abundantly, but that does not mean that the American people are going hungry. It does not mean that they are going to eat less than they have been accustomed to; they may, in fact, eat more. The time may come possibly, should the war continue for years, when they will have to eat less, but for the present all they are asked to do is to use sparingly the foods that can be conveniently exported to our allies.

There are some things, perishable stuff and bulky foods, which cannot so well be shipped abroad. They are wholesome foods of which the American people for their health's sake ought to eat more. Cornbread, rye, potatoes and home products, of which all are good. So that all we ask the people is to change their habits a little, to eat all they want of any number of foods wholesome and pleasing to the taste, but to cut down their consumption of certain things of which our allies stand in crying need—we are actually counseling the people, when we ask them to save, to do something which is good for them.

Food conservation is not going to be a hardship for us if we look at it in the right way. At most it will mean the substitution of one thing for another. The man who eats less wheat bread and more corn bread may find, as thousands have found, that they like corn bread better. Be willing to try new foods.

Conservation is not even going to mean that we are to unduly limit our choice of dishes. Think of a chart. On this side are the things of which we can eat more, on the other side those we ought to eat more sparingly. You will see that the "eat-more" outbalances heavily the "eat-less." On the food administration home card there is only six articles which Hoover has asked the housewife to save, viz.: Save the

wheat, save the meat, save the milk, save the sugar, save the fuel; in addition the housewife is asked to buy home products and use perishable foods in greater quantity.

Another impression that must be removed is the wrong idea some persons have that this whole movement is to cut down the grocery bills of the American people. As one woman was heard to say, "It's a lovely plan. We eat less and save our money so that we can send it to Europe." What the soldiers who are banging at the Germans want is food, not money, and food is what we are going to send them.

Thrift will undoubtedly be a by-product of conservation—and therein will lie another benefit to us as a nation, but mischief will be worked if the impression becomes general that thrift is the ultimate object. That would leave unconsumed great quantities of food-stuffs which cannot be very well shipped abroad, and which, if we do not eat, will benefit no one. That in turn would have a bad effect upon future production. What we want to do—what we must do—and what we will do—is to induce farmers to put forth every effort to produce, produce, produce. They must not be discouraged by foolish economy that would have effect of over-production, and lead inevitably to inactivity or retrenchment on their part.

Furthermore the lesson must be driven home that the duty of conservation rests upon every one. John must save as well as James; the banker as well as the laborer in the fields; the husband as well as the wife; the community as well as the entire nation. Women have been preached at about starving the garbage can until every woman must be weary of the very name of conservation. One would suppose that the whole duty of feeding the allies rested on their slender shoulders. One woman asked what good it did for her to skip the dinner table when her husband burned up all she saved in his cigars. We will soon get after Mr. Husband. Every one in the family must cooperate with the housewife.

One more lesson the American people ought to learn—the purpose in establishing the food administration and commission was not, primarily, to reduce the high cost of living. It will, by throttling speculation and artificial shortages, undoubtedly tend in that direction, and for that, so much the better. But the great object of food conservation is to win the war. That fact ought to be drilled into our ears until we cannot possibly forget it or misunderstand it. Let me repeat that—the whole object of this movement is to win the war. Look at the matter in that light and you will see that price, important as it is, distressing as is high cost of living, especially to the poor, is of relatively little moment beside the necessity of winning this fight. We can put up with high prices for a while if necessary, but we don't want to put up with the Prussians. And that is what we shall have to do unless we subdue them. To subdue them each patriotic American must do his part, either in the trenches or at home. Regard it as a privilege to participate in such a patriotic movement in your home. The nation's task is a serious one. It touches each of us, you and I. If we do not win this war we must prepare ourselves for grave changes in our institutions and to lead a different life from that which we planned to live—from that which our forefathers died to give us the right to live. We shall indefinitely face the interference of the Prussian autocracy or bear permanently the intolerable burdens of militarism. To win this war we must have both men, money and food. Our soldiers in the field have always done their part; our farmers and housewives will do theirs.

Change "Do your bit" to "Do your best."

THE TRAIL OF THE BEAST

DRAWN BY C. R. MACAULEY.

## TOM STRATHAIRN OF HILO WRITES FROM WAR ZONE

(Special Star-Bulletin Correspondence)

HILO, Hawaii, Nov. 29.—"It never rains but it pours," is an old saw, and while it does not, of course, in this instance refer to the present weather conditions of Hilo, the saying is apropos, for letters from the front and from near that interesting region keep pouring into the hands of some lucky residents of this city. The latest is from Tom Strathairn, the well known and popular purser of the good old Mauna Kea. Tom is now on the job with the Inland Water Transportation organization and that means that he travels a lot around the rivers and canals of Great Britain, with every prospect of also taking unexpected trips up rivers and water ways in other parts of Europe and Asia.

Strathairn has kept his eyes and ears open during the short time he has been at "home," and he has a story or two to tell that should interest his friends and others who are unfortunate enough not to know him.

"There is a wonderful man, Gordon Campbell, who is the mystery man of the British navy," writes Strathairn. "He has been given the D. S. O. and the Victoria Cross and now has five silver bars to his ribbons. But not a word of explanation has ever appeared in the official gazette. His name and his new honors have been printed, and that is all.

"The explanation is that he is engaged in U-boat trapping. The stories told of his exploits are intensely interesting and amusing, but must not be repeated as yet. In a general way it may be said that he is almost absurdly without fear, and that the devices by which he catches the Huns are very clever.

"Campbell came in the other day from a cruise and one-third of his crew was on strike. They said they would never put to sea again with such an absolute madman.

"The remaining two-thirds of the crew thereupon at once declared that they would not put to sea with any one else!

"Things are going well over here and the submarine menace is a thing of the past. The American sailors who land occasionally from the United States' warships are very popular with everybody. I have met a few who have been in Honolulu and even Hilo. They spoke of the Hilo army and a dance they attended there and also gave Madam Pele a boost. They are a fine bunch and we Britishers are glad to be shoulder to shoulder with them in this fight against sore ear Bill."

## ISSUE OF BONDS ADVOCATED FOR ROADS PROGRAM

City Engineer Says at Present Rate Would Take 16 Years to Complete Task

That, at the present rate of construction under the frontage tax payment plan, it will take more than 16 years to build the 172.16 miles of streets which Honolulu now requires is the opinion of City and County Engineer A. S. Cantin, backed by an array of figures to prove his contention. Just what the condition of the streets now in existence would be at the end of the 17 years of new street building is a matter left to the imagination of the board of supervisors. Moreover, the figures make no allowance for the further growth of the city, nor any provision for additional streets that would be required by such growth.

Mr. Cantin's letter to the board says there are 172.61 miles of streets to be maintained and constructed under the Permanent Improvement act commonly known as the Frontage Tax Law. Ten and seven-tenths miles (10.7) of streets were finished and constructed during 1917 at a cost of approximately \$518,000; this includes street widening and extension, engineering, etc. At this rate of progress, he says, it will be something like 16 years before 172.61 miles of streets will be completed.

"This brings up the question of what progress can be made in 1918," he says, "also the maintenance of roads not taken in that year by the Permanent Improvement Law.

"It takes at least three months to prepare an improvement district before bids can be called for. This delay is due to the legal procedure called for under the improvement Statutes.

"The contractors with their present equipment can only absorb so much of the program at a nominal price. The price will increase for the work when new contractors bid, owing to purchase of equipment, etc.

"Transportation and the ability to sell bonds will be a controlling factor. "Still the vital question remains: What shall be done to maintain existing roads, the majority of which are beyond patching?"

Not only is the crying need for streets themselves, and for streets kept in good repair, involved in this question of frontage tax improvements, but the entire system of waterworks and sewage is involved.

Some sort of bond issue that will cover the immediate cost of this most necessary civic improvement seems inevitable. Honolulu must have an ample and safe sewage system, waterworks sufficient for the city now, and to care for normal increase in the population, and street work commensurate with her needs. The present frontage tax system will not provide funds to cover these improvements.

## SICKNESS CLAIMS SIX SAMMIES IN FRANCE

WASHINGTON, D. C., Dec. 4.—General Pershing yesterday reported six deaths in the American contingent in France as a result of natural causes.

## HILO MAN WRITES FROM TRENCHES OF HEROIC DEEDS OF COLONIALS

### Sergeant Coulter Tells of New Gas Used by Huns, Which Makes Victims Blind

(Special Star-Bulletin Correspondence) HILO, Nov. 28.—"Those Australians are great fighters and nothing can stop them except death," writes Sergeant Coulter, a Hawaii man, who is well known in Hilo. Coulter is "some-where in France."

"I have seen thousands of Australians, Canadians, New Zealanders and other 'colonials' during the past two years or so, but never before have I seen such a determined bunch of fighters as those which accomplished the capture of Messines ridge," he writes. "That feat will go down in history for all time. It was a tremendous affair.

"However, there are stirring things going on each day now, and what with air fights and shells whizzing back and forth all day long, one may be said to be in the thick of it all.

"Some men are simply splendid, and it is wonderful to see how men who had never dreamed of being a soldier four years ago have developed into natural born leaders of men and have become high officers in the British army. It is marvelous, but it all goes to show that when the time comes the man is generally found to do the job. The other day one officer and fifteen men mopped up a strong German post simply by dash and initiative. They went out in the face of machine gun fire, which came from the miniature forts the Huns now construct, and although raked by bullets, captured the place. The officer was killed and at once a private stepped into the breach, re-formed his men and went after the job on hand and finished it in style. I fancy that private will soon be wearing the Victoria cross and also an officer's insignia.

"There are many instances of the kind and, of course we in the trenches do not probably hear as much as you

people in Hilo do, for we don't get daily wireless, at least of the kind that we used to look forward to while on the plantation.

"This week the churned-up ground has dried somewhat. The churning was a good one, started by shells and finished by bombs from aeroplanes. Machines of the Boches have been coming over in great numbers in order to try and secure information of use to the German artillery, but I am glad to say that they get little of any use, as our birds—go up as soon as they appear and then occupy their attention in such a fashion that it takes the enemy all his time to either make a spurge for home and Kaiser, or else take a nose-dive to earth, ending everything in a blaze of fire.

"The program during the day is to drop high explosive shells on all possible places. At night gas shells are used and you may depend that we reciprocate with compound interest.

"Some of the Canadians report a new German gas which is worse than any of the gases which have gone before. This one can not be detected by sight or scent, according to those who have suffered from it. Four hours after the gas has been launched by the enemy—this period seems to be fixed by guess—the men who have been exposed to it suddenly go blind. No other effect is produced so far as is known.

"Apart from the absolutely hellish nature of the device, which has for its sole purpose the destruction of the sight, the great danger is that the men, not being warned of its presence, do not put on their masks until it is too late. Oh, these Huns we will make them pay dearly for their savagery later on, say about June next year."

Coulter winds up by saying that he has not seen anything of the other men from Hawaii for a long time past but that he expects they are all right, for bad news travels fast.

## ZOO NOMENCLATURE IN SCIENTIFIC ARRAY

Visitors to Kapiolani park will be able to call their animal friends by their real names next Sunday if they can pronounce the names. Prof. M. M. Scott, principal of McKinley High School, has supplied Supervisor Ben Hollinger with a list giving not only the common and scientific names of most of the animals in the zoo, but their original habitat.

Mr. Hollinger is now having the tin cut for these name tags, which, taking the yak as an example, will give the following information: Common name, Yak; scientific name, Peophogus Grunnius; place of habitation, Central Asia; name of donor Using friend Daisy as an illustration, the information given on the tag will come in the following order: ELEPHANT (Elephas Africanus) AFRICA

Donated by Merchants of the City.

## MOANA DINNER DANSANT

Tuesday evening with Duds Miller's orchestra.—Adv.

the national organization to secure, if possible, 20,000,000 Red Cross members by Christmas day. The week of December 17-24 will be utilized throughout the mainland in this effort.

Mrs. Frank Baldwin is president of the Maui Red Cross auxiliary and Mrs. Charles Rice heads the Lihue, Kauai, auxiliary.

## LEWERS & COOKE EXHIBITS PAINTINGS OF WAR TOWNS

Paintings of rare charm are being exhibited this week by Lewers & Cooke in their King street windows, showing the towns of Europe that have figured in the present war. They are from the brush of Harry Carleton, an English artist, and follow closely the style of Prout.

There is a market scene in Louvain showing the back of the now ruined library with its flying buttresses under which cluster old and picturesque houses and shops.

At Antwerp the famous cathedral, whose tower Napoleon compared to Mechlin lace, is seen from an unusual point of view. Then there is the old church of Ypres—"Wipers" of the English Tommy—in another picture.

In still another the twin towers of Angers occupy the sky, a sky of lovely blue and gray, while the roofs and gables and the quaint old street fill the lower portion of the picture.

Mallines is pictured with its tower and a wonderful old Flemish house front, seen across the canal. The "grande palace" of Brussels, with guild houses of the cloth merchants, where the Fetes de Chivalerie are held, is shown in another painting.

## SIMPLE WASH REMOVES RINGS UNDER EYES

Honolulu people are startled how quickly pure Lavoptik eye wash relieves blood shot eyes and dark rings. ## Backache of Women

How this Woman Suffered and Was Relieved.

Fort Fairfield, Maine.—"For many months I suffered from backache caused by female troubles so I was unable to do my house work. I took treatments for it but received no help whatever. Then some of my friends asked why I did not try Lydia E. Pinkham's Vegetable Compound. I did so and my backache soon disappeared and I felt like a different woman, and now have a healthy little baby girl and do all my house work. I will always praise Lydia E. Pinkham's Vegetable Compound to women who suffer as I did."—Mrs. ALTON D. OAKES, Fort Fairfield, Maine.

The Best Remedy is

## LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Thousands of women have proved this

Why don't you try it?

LYDIA E. PINKHAM MEDICINE CO. LYNN, MASS.
